## GOLDTHWAITE PUBLIC SCHOOLS TO OPEN MONDAY MORNING

Goldthwaite Public Schools will open the session Monday morning at 9:00 o'clock. A full schedule of classes will be maintained Monday.

The buses will make the usual runs Monday.

Classes will start each day at 9:00 a. m. and will dismiss at 4:15 p. m.

Advance registration in high school was maintained all day yesterday and will continue throughout the day today. All high school students are urged to register in advance of the opening day.

Pupils who are enrolling in the Goldthwaite High School for the first time should bring with them a record of all high school work previously done, and also a book card showing that all text books were returned.

Public Schools, just like all other institutions, must readjust their program to fit the present emergency. To this end the very closest co-operation between pupils, patrons, and teachers will be essential.

## 15 MILLS COUNTY BOYS LEFT TUESDAY FOR ARMY SERVICE

Fifteen Mills County boys left Goldthwaite Tuesday for the Abilene Army induction center to begin training for armed service in the United States Army. They are:

Henry Allen Benningfield.  
Raymond Guy Huffman.  
Ernest Earl Denton.  
Henry Turner Coleman.  
Oran Wayne Roberts.  
Haskell Oran Gatlin.  
Agon Weldon Stacy.  
Noah Chas. Karnes.  
Ramsey Gorden Waddell.  
James Dunlop Koen.  
Ralph Rountree.  
Ira Lynn Griffin.  
Hulon H. Montgomery.  
John Starnes.  
Cecil Floyce Huckabee.

## \$1.25 AD SELL CARS

A \$1.25 ad in the Eagle last week sold two automobiles. If you have anything for sale or trade, try the Eagle Classified Ads.

## U. S. MARINE CORPS MEN TO BE HERE NEXT FRIDAY, SATURDAY

According to word just received by the Eagle from Dallas Headquarters Station, the United States Marine Corps expects to smash all existing recruiting records for the month of September. Quotas for this month are on an unlimited basis, the set number of enlistments being 600 plus.

Representatives of the U. S. Marine Corps will be in Goldthwaite Friday and Saturday, September 11 and 12, 1942, for the purpose of examining and accepting applicants for enlistment.

Applicants accepted will be furnished transportation to Dallas for final examination and enlistment. All applicants who are accepted for enlistment must be in sound physical condition, married or single, and be between the ages of 17 and 36 years, inclusive. Men under 21 must have consent of their parents to enlist.

Base pay for privates starts at \$50 per month. Married men and men with other dependents receive an additional cash allowance from the government.

For full information apply in person at the Goldthwaite Post Office on these dates. Parents of applicants are invited to call on the recruiters for information if they so desire.

## STOP—LOOK—READ!

Parents, we are to make or mar this school term by the way we have trained our children and by the way we support our teachers. A school cannot be more than our homes.

Let each of us stay behind our teachers in every way and meet regularly with them in our P.T.A. to discuss our problems in 1942 and 1943.

Our next P.T.A. meeting will be Wednesday, Sept. 16th, instead of Sept. 9th.

Program:  
Youth and Parents Look to the Future.

1. President's Message—Mrs. Mohler Simpson.

2. The Function of P.T.A. in Relation to the School—Mrs. Bob Steen.

3. Who Has? The Youth Has the Future—Miss Love Gatlin. Reporter.

## MARRIAGE LICENSES

Following marriage license has been issued by County Clerk W. E. Summy:  
Garlan D. Ehrhidge and Dorothea Davis.

## TO GET HIS WINGS

LIEUTENANT BOWMAN

John H. Bowman, son of Mr. and Mrs. F. P. Bowman of Goldthwaite, will graduate from the Army Flying School at Lake Charles, La., on September 6 and receive his wings and commission as Second Lieutenant.

Lieut. Bowman was born in Goldthwaite 20 years ago, and has lived here all his life. He graduated from the high school here, spent two years in Howard Payne College, and was doing pre-med work in the University of Texas when he withdrew from school in January to enter the Air Corps.

John learned to fly at Brownwood under the instruction of "Spot" Saylor, whose excellent training has sent many a young American into the air for our defense. He has not missed a lesson since entering the Army, and has not had a furlough. It is not likely that he will get to visit home-folks or eat another home-cooked meal until Uncle Sam gets through with him. Before that occurs, many a league of ocean's foam will have passed beneath his view, mountains and valleys will have heard his motor's challenging hum, and clouds will have opened a vista to let his P-40 descend with avenging stroke upon the enemies of Freedom.

John's friends, who are numbered by his acquaintances, hope for him a happy landing.

## REPORT ON BILLION DOLLAR BOND DRIVE FOR SEPTEMBER

At the close of business Wednesday, Sept. 2, there had been sold in Mills County \$11,650 in War Bonds in September.

This represents only 49 sales to individuals, but there are about eight thousand more people in Mills County who had no part in this nice start on our September quota, which is \$21,200 maturity value.

There are still thousands of us in Mills County who are not helping in any way to win this war. Won't you please get started to helping?

GROVER DALTON,  
Mills County Chairman.

## NEW COUNTY AGENT FOR MILLS COUNTY

Joe M. Glover, Jr., who for the past year has been assistant county agent of Eastland County, has moved to Goldthwaite and assumed his duties as Mills County Agent, taking the position made vacant when John A. Wright resigned to accept a position with the Southwestern Peanut Growers' Association at Gorman.

## BANK CLOSED MONDAY

The Trent State Bank will be closed next Monday, Sept. 7, in observance of Labor Day.

## QUIZ ON JUNK—

Q.—Why should salvage material pass through the hands of junk dealers instead of going straight to war production factories?

A.—Scrap must be properly sorted, graded, prepared and packed, and accumulated in lots large enough to ship efficiently, before it can be used by mills. Only the junk dealer has the experience and equipment to do this. Industrial plants using materials have always depended on him for this important processing.

Q.—How can one be sure that the junk dealers won't hold the scrap to get higher prices?

A.—The junk dealer cannot get higher prices by holding, since ceilings have been placed by the government on prices at which he can sell to consuming mills. A well-run junk yard will always have a certain amount of scrap on hand which is being prepared. It is also necessary to accumulate enough of each grade so that economical shipments can be made. An empty junk yard produces no scrap. Any dealer who hoards is subject to requisition by the government.

Q.—Are there ceiling prices on all scrap materials?

A.—The government has fixed ceiling prices regulating sales to consuming mills by grades and classifications for all important waste materials. There is no limitation on selling at prices below the ceilings. Ceilings have been established for iron and steel scrap, nonferrous metals, rubber scrap, burlap bags, rags, old manila rope, waste paper, etc.

Q.—Why doesn't the government prescribe prices which junk dealers will pay for the scrap?

A.—There are too many factors involved to make this practical. The value of junk in a house or on a farm depends upon its condition and the cost of transporting it to market. Naturally, the price ceilings limit the amount which junk dealers can afford to pay.

Q.—Why doesn't the government collect junk?

A.—The government is collecting scrap iron and rubber on farms where junk dealers are not normally available. In most places the collection problem does not warrant establishing a government-operated system.

Q.—Does the government want gifts of scrap materials?

A.—The government prefers that gifts of scrap be made to local charities, service organiza-

tions or Defense Councils. If you wish to help the government with your scrap, sell it to a junk dealer and buy War Stamps or Bonds with the proceeds.

Q.—Can anyone collect scrap?

A.—The more people who collect the better. No one has an exclusive right to collect. However, in order to avoid conflict and confusion all volunteer collections should be directed by the Salvage Committee of the Local Defense Council, or, if a rural area, by the County U. S. Department of Agriculture War-Board.

Q.—Why are so-called "automobile graveyards" permitted to exist when we need the scrap metals and rubber which abound in them?

A.—Because every day cars are normally sold to graveyards for junking, it is desirable to keep the auto graveyards in business as producers of scrap. The aim of the War Production Board is to keep this process moving, but to speed it up so that every graveyard will scrap each car it buys within 60 days.

Q.—What is being done about abandoned trolley rails, bridges, etc.?

A.—The Bureau of Industrial Conservation assists where legal or financial obstacles prevent scrapping. The Bureau welcomes reports of abandoned materials, giving estimated amount, location, ownership and problems involved in scrapping.

Q.—What is being done about industrial scrap?

A.—The Bureau of Industrial Conservation has a special section whose aim is to encourage manufacturers, railroads, utilities, shipyards, mines, etc., to scrap all unused equipment and structures and to improve their salvage of scrap materials normally produced in manufacturing. Industrial Committees composed of local manufacturers have been established in almost every important industrial area. One basic objective is to appoint in every manufacturing plant some one individual in charge of Salvage and give him authority to act. Complete details will be furnished by the Industrial Salvage Section of the Bureau of Industrial Conservation.

Q.—Are there any salvage materials that are not wanted for war production?

A.—We must eliminate as much waste as possible. However, it is impractical to collect certain things and from place to place, and time to time, it is better not to burden transportation facilities with some waste

## AERIAL AXIS BUSTERS REHEARSE

Soon-to-be fighter pilots at the Air Forces Advanced Flying School at Kelly Field, Texas, fly their 200-mile-an-hour planes in spectacular echelon formation preparatory to winning their wings. Similar scenes were enacted daily at Foster Field and Moore Field, both in Texas, and the Lake Charles, La., Advanced Flying School before graduation exercises on September 6.

## LOCAL BOY LANDS SAFELY IN ENGLAND

Mr. and Mrs. O. H. Shaw received a cablegram last week from their oldest son, Louie A. Shaw, stating that he had landed safely in Great Britain, and was well and doing fine.

They also received a letter from their son, Hubert W. Shaw, stating that he had been advanced to Technical Sergeant from Staff Sergeant. He is stationed at Olympia Airport, Tumwater, Washington.

## ENLARGES OFFICE

This week Arthur Cline has enlarged his real estate office by adding a new office and new furniture. It is very attractive and is arranged so as to better serve his clients. Mr. Cline is familiar with this territory and valuations and is well acquainted with the general public and is being a great service to this locality.

## SINGING CONVENTION

The Mills County Singing Convention will meet at Duren next Sunday. We want everybody that is interested in gospel singing to come and help make this one of the best. There will be some good singers there from other counties.

WILLIAM B. HUGGINS,  
President.

products than can be better supplied by regions near consuming plants. The best criterion of whether to collect a given material is whether or not the local junk dealer can dispose of it.

Following is a classification guide, but it should be noted that relative importance may change as war requirements and supplies change:

A.—Needed everywhere—  
Scrap iron and steel  
Scrap rubber  
Nonferrous metals  
Collapsible tin tubes  
Waste cooking fats  
Old manila rope  
Burlap.

B.—Needed in certain regions as ascertained by State Executive Secretaries or Local Salvage Committees—  
Rags  
Tin cans  
Waste paper  
Glass bottles.

C.—Not wanted for war needs:  
Razor blades  
Cancelled stamps.

## BILLION DOLLAR BOND DRIVE OPENED MON.

In co-operation with every motion picture theatre in the United States, the Melba Theatre opened the September Bond Drive in Mills County with a "Salute To The Heroes" program on Monday night at 9 p. m. A total of \$11,500 in maturity value of Stamps and Bonds were sold at this time. Additional sales have been made over the county and a full report will be given weekly during September by the Mills County Bond Chairman, Grover Dalton.

The program was arranged by a group of young ladies under the direction of Miss Capple Fairman. The audience participated in giving the Pledge of Allegiance to the Flag, the singing of the National Anthem and God Bless America. A rousing cheer to America's Armed Forces ended the program. Special musical numbers were given by Catherine Fairman, Mrs. Sarah Fairman McGrath, Wanda and Wilda Bledsoe and Clara Bowman. Mrs. John G. Berry was pianist.

Enthusiasm marked the sale of these stamps and bonds as it does every war activity program that Mills County is called upon to participate in. Sales were made from 10-cent War Stamps to \$5,000 Bond. One billion dollars is the goal set for September. Every patriotic American can help to reach that goal. You should buy a stamp or a bond during September. Let's make Mills County 100 per cent in this drive. Buy your Stamp or Bond today.

The following telegram was sent to Henry W. Morgenthau, Secretary of the Treasury, Washington, D. C., and to W.A.C. Headquarters, 501 Majestic Bldg., Dallas, Texas:

MILLS COUNTY'S SEPTEMBER BOND DRIVE OPENED WITH A SALE OF \$11,533 MATURITY VALUE.—(Signed) Annie Louise Coleman, Mgr. Melba Theatre; Grover Dalton, Mills County Bond Chairman.

Mr. Dalton and Miss Coleman urge the people of Mills County to keep up this good work so that our final report on September 30 will show Mills County way over the monthly quota of \$15,900.

The Center Point School will begin Monday, Sept. 7. Monday will be used for enrolling, and class work will begin Tuesday. All patrons are invited.

ORCHARD TROUBLE

Quite a bit of trouble is being experienced over the county at this time among fruit growers with the leaves of apples, peaches and pears turning yellow slowly and finally shedding causing the tree to die.

In a number of cases especially among the peach trees this condition is being caused by a deficiency of iron. The iron in alkaline soils is not available to most plants except in the presence of decaying organic matter. This condition is what is known as iron chlorosis. There are several ways of correcting this condition—some better than others in different localities. Some means of acidifying the soil somewhat should help the condition after a little time, according to Dr. A. A. Dunlap of the Texas Agricultural Experiment Station. An application of soil sulphur at the rate of 30 to 200 pounds per acre is effective on some soils. The sulphur should be worked into the soil among the intended trees about two months before it is expected to be effective, because it is changed to acid and this acts on the soil. The planting of green manure crops turning them under on the land, will help correct this condition and is probably a more permanent control measure. If the land is infested with the cotton root rot disease non-legumes should be planted instead of the legumes to hold this disease in check. Under some conditions a rapid recovery of peach trees from iron chlorosis has been obtained by driving a few small rusty iron nails into the wood of the affected branches. This might provide a temporary treatment until something can be done to acidify the soil.

In a number of cases where the leaves of apples, pears, peaches, or apricots turn yellow then finally die turning a brownish color the tree is infested with cotton root rot disease. There is little in the way of practical treatment that one can give trees affected to such an extent that the tops are beginning to die. Some help might be obtained by removing affected trees as soon as they show signs of dying from the orchard to check the spread of fungus to neighboring trees. Summer legumes are susceptible to cotton root rot and may help to spread the disease through an orchard. Small grains and grasses are immune to the disease and legumes planted during the winter will escape the root rot because of low temperatures. Care should be made in select-

ing an orchard site that there is no cotton root rot present. Some of the native oaks are carriers of the disease, therefore they and may be infested also. A trial plot of cotton or some other susceptible crop should be planted on the land first to see if the disease is present before the trees are set out. If other information is desired along this line, see your County Agent.

SHEARINGS

Much has been said lately about shearing pelts for clothing makers. There is great need at the present for stepping up the volume of the two top grades of these sheavings. No one and two. To qualify the lamb or sheep skin must carry at least a half inch of wool and can stand wool of an inch in length. The wool must be as fine as 60's. Delaine and Rambouillet sheep will produce sufficiently fine.

It is estimated that the army will need over fifteen million of these shearing pelts within the next 18 months and this volume is not in sight through normal marketing practices. There is one way that many shepherds can add materially to the volume and at the same time greatly improve the general condition of their herds. This is by getting rid of the old ewes or broken mouth ewes. There are numbers of old ewes wearing pelts that will qualify and the producers share of the selling price should be nearly as much as old ewes are normally worth. Selling prices are \$1.15 on No. 1 pelts and \$1.90 on No. 2 pelts.

The market can handle above the normal volume of canner ewes at this time due to the increased demand for cheap meat for sausage, etc. Shepherds should keep in close contact with their commissionmen and run as many of the old ewes to town as the market will handle. Now is the time to cull the ewes to the bone. Old ewes will not produce much wool of combing length and the short wool is not needed in army goods. Also, ewes old enough that their general health and strength is affected will not do much lamb raising.

Mr. and Mrs. Clarence Heath and sons spent last week visiting his relatives at Denton and Mrs. Heath's sister, Mrs. Luther Pearce, at Sweetwater.

Mrs. Virgie Price and son from San Diego, Calif., are visiting her parents, Mr. and Mrs. V. T. Stevens.

Mrs. Julia Ballard spent the week-end with Mrs. Iva Fox and also visited Mrs. E. L. Puse.

Mr. and Mrs. O. L. Woody spent Sunday with their daughter, Miss Florent, at San Antonio.

EBONY NEWS—By CLEMENTINE WELMETH BRILES

Jimmie and Ruth Elaine Miller of Fort Arthur, grandchildren of the late Josh Phillet, are visiting their aunt, Mrs. Irene Phillet Reeves.

Frank Crowder returned Thursday from Los Angeles where he went to take his little granddaughter, Iris Jo, to see her father, Truman Crowder, who is working in a defense plant there.

Mr. and Mrs. Cecil Egger and Ethel and Mr. and Mrs. Orve Egger and Leighton went fishing on the Bayou Friday night and caught lots of fish.

Mr. and Mrs. Gene Egger had dinner with Mr. and Mrs. Alva Keitchum Sunday after church.

Mrs. Hattie Whittenburg returned home Monday after spending a few days with Mr. and Mrs. Jack Williams at Indian Creek.

Mrs. Nellie Malone and Mrs. Edna Dwyer were guests for dinner at the home of Mr. and Mrs. J. E. Briley after church Sunday.

Anticipating a separation of neighbors and friends from our beloved little community by the U. S. purchase of the maneuver area, the E. D. Club gave a supper at the home of Mr. and Mrs. F. E. Red Friday night. On account of lack of communication facilities only a few attended. Mr. Red, who is our talented entertainment sponsor, says we are going to have it over before the time for parting comes.

A wedding of interest to the people of Ebony was the marriage of Lieut. Lillard Wilmett of Fort Benning, Ga., to Miss Polly White of Childress which took place Sunday, Aug. 31, at the W. C. Haap home in Childress. John G. Reese, minister of the Childress Church of Christ, officiated.

Ralph Wilmett was best man. Marie Wilmett and two sisters of the bride, Mrs. Jewel McCullough and Miss Lois White, were bridesmaids. Friends of the bride, Mr. and Mrs. Joe Pittman, were usher and matron of honor. Shirley Joe McCulloch, niece of the bride, was flower girl.

Following a color scheme of blue and white, the bride wore a gown of white silk jersey and carried a white Bible and a shower bouquet of white gardenias and tuberose. The bridesmaids wore navy blue gowns and carried bouquets of white gladiolus ferns and ivy.

The marriage vows were spoken before an altar banked with white gladiolus and ivy and lighted with tall, white tapers. Proceeding the ceremony, Mrs. Mary Alice Mitchell sang "Because" accompanied by Grace Briley. As the candles were lighted, Miss Briley played "Love's Greeting." The couple entered to the "Wedding March" from Lohengrin. The ceremony was said to the soft strains of "Clair de Lune."

After the ceremony, the beautiful, three-tiered wedding cake, topped by a tiny bride and groom, was cut with Lieut. Wilmett's sword.

The groom, better known as "Dutch," son of Mr. and Mrs. J. R. Wilmett, was born and reared in this community. He is a graduate of Brownwood High School and A. and M. College. For the past three months he has been in officers' training school at Fort Benning, Ga. from which he received his commission August 27.

The bride is the daughter of Mrs. John T. White of Childress. She graduated from Kirkland High School in 1935 and completed a beauty course in Amarillo. After being a beauty instructor in Amarillo, she has been employed four years in the Powder Puff Beauty Salon in Childress during which time she has been one of the best-loved and most popular of the young people of Childress.

Lieut. and Mrs. Wilmett left Sunday afternoon for Dallas. After a brief honeymoon, they will be stationed at Fort Sam Houston.

Miss Lou Ella Patterson, home Demonstration Agent at Crockett, and her sister, Miss Grace Patterson, Home Demonstration Agent at Quitman, are here spending their vacation.

J. A. Ervin of Roswell, N. M., left last Sunday, after visiting his nieces, Misses Abbie and Ruth Ervin, here.

SCHOLARSHIP WON BY DALLAS STUDENT

For Griggs, 3613 1/2, Columbia, has been awarded Texas Christian University's poetry scholarship for 1942-43. It was announced in Fort Worth Saturday by Dr. Rebecca Smith, head of the school's English department and chairman of the award committee. Griggs is a graduate of Woodrow Wilson High School, where he was an honorary student and a leader in literary activities. He will enter the freshman class at TCU Sept. 18 and will major in English. The scholarship, worth \$180 annually, is provided by the Dallas TCU Women's Club.—Dallas News.

The young man referred to above is a nephew of Mrs. Earl Clements of this city, and has visited here often. He is the son of Mrs. Griggs, who was formerly Miss Susie Cunningham of Goldthwaite. The Eagle congratulates For and wishes for him further honors.

Dr. and Mrs. E. E. Jones and little daughter spent last week with his grandfather, Jim Rahl, and other relatives here. They left for their home last Saturday.

TWO GOLDTHWAITE GIRLS ADVANCE

Miss Maxine Geeslin, daughter of Mr. and Mrs. E. C. Geeslin of Goldthwaite, has enlisted as a second lieutenant in the Nurses' Corps and is stationed at Fort Sam Houston. Miss Geeslin is the first girl from Mills County to enlist as a nurse in the U. S. Army.

Her sister, Miss Cleo Geeslin, who has been attending an aircraft instrument school in New York City, has received her promotion as junior electrician, and is stationed at Duncan Field, San Antonio.

Mr. and Mrs. Clarence Cave and family of Plainview have been here visiting his parents, Mr. and Mrs. Tom Cave, and Miss Ruby. Clarence is soon to be inducted into the army and will be stationed at Fort Hill, Okla.

Miss Marguerite Ondrauf Westford spent last Saturday and Sunday with Mr. and Mrs. Fred Reynolds. Miss Ondra has been elected as one of the teachers in the Frisky school.

Billie Stephens of San Antonio spent a few hours here Wednesday evening transacting business.

The Mills County Home Demonstration Council will meet in regular session on Saturday, September 5, at 2 p. m. in the office of the Home Demonstration Agent. All members are urged to be present and on time.

### MAKE GOOD USE OF THE FATS YOU SAVE

How extensively can kitchen fats be used as foods? When should they be turned into processors to increase our glycerine supply? These are significant questions asked by many homemakers these days.

Answers lie in the fact that the important goal is to build up the country's total fat supply.

By making good use in the kitchen of the fats we save from day to day, getting the most from them as a food, we lessen the burden on commercial stocks of fats. Every bit of fat we save and use for food helps. Use all you can for food and cooking—then turn in what is left.

Properly cared for, fats you save are good for several purposes in your regular cooking routine. You can use them for seasoning, frying, cooking, and, in some cases, for baking. It goes almost without saying, of course, that the use of such fats is good home economics as well as national economics.

But fats are perishable . . . those you save so carefully may turn rancid if you do not use them within a reasonable length of time. To prevent such waste, plan carefully your use of these fats.

#### Different Fats And Their Uses

There are plenty of occasions when you can make good use of these fats. You can use them just as fats, or as fat and flavoring too.

Drippings from roasts and other cooked meats make flavorful fats for seasoning. Put them to use in ways that best suit the tastes of your own family. Use in gravies, for seasoning vegetables, in salad dressings, and on wilted lettuce. See if you don't like their good flavor in spoon-bread.

You will need to clarify the drippings you use for baking purposes. For instance, you can clarify drippings from fresh pork

and use the resultant product like lard.

Bacon drippings, one of the most abundant types of kitchen fats, are often used for shallow frying. As an example—you can use bacon fat for frying eggs, apples, chicken, cabbage, and liver and other lean meats. Bacon, sausage, and poultry fats may be used as the fat in cream sauces for vegetables as well as in gravy.

Fats trimmed from raw meat are good working material, too. You can use them "as is" in various ways—directly for frying meats having too little fat for that purpose, in suet puddings, or in pastries. For example, cut fat in little slivers and use it in meat pie crust. Then too you can render the meat trimmings and use them as you would use any other fat.

Poultry fat is good for shortenings in cakes, biscuits, and other baking. Rendered suet and rendered fresh pork also make good shortenings . . . for pastry, and biscuits and other quickbreads.

#### Making Fats Usable

To render any raw fat such as suet, and fats from poultry, pork and lamb, heat it until it is liquid in order to separate the fat from the connective tissue. Because poultry fat is naturally soft you do not need to cut it before rendering, but if the other fats are either ground or cut into small pieces the fat separates more quickly. A small amount may be heated in a double boiler. Cover, and stir the fat once in a while. As soon as the fat is melted, strain it into a container that has a tight cover, and store it after it is cold.

Drippings with their characteristic flavor should be used where the flavor is desired. If you want it just "as fat," clarify it by mixing with water, using twice as much water as fat, and boil for 10 minutes. Stir well, and then leave it to cool. In the case of soft fats, this should be cooled in the refrigerator to give a solid cake.

Fats, other than this soft type, should form a crust over the top during the cooling process. When it is cold, lift off the layer of fat and scrape any dark material from the under side. The fat is then ready for storing. You can remelt it and pour it into a satisfactory container. Clarified fats do not keep as well as other fats so use them quickly.

The fat used in deep frying needs special care. The particles

## BIG VALLEY—

By MRS. CARL WOODS

Mr. and Mrs. V. E. Reed of Victoria and Mr. and Mrs. David Strayley of Arlington spent last Thursday and Thursday night with Mr. and Mrs. Hugh Dendard and family.

Mrs. Dan Long and son, Roy, and wife of Midland are here visiting relatives and friends.

Mr. and Mrs. Homer Sykes and family and Mr. and Mrs. Albert Sykes and daughter visited Mr. and Mrs. Floyd Sykes and Laverne a part of this week.

Mrs. Hugh Dendard and Linda Kay, Mr. and Mrs. Dan Calaway and boys and Mrs. Mary Johnson visited in the Carl Woods home Sunday afternoon.

Mrs. Vance Cockrell and Bob have returned from their visit in Fort Worth.

## LANDED IN ENGLAND

Word has been received by Mr. and Mrs. B. V. Martin that their son, Corp. Jack W. Martin, had landed safely in England.

of food that tend to collect hasten its spoilage, so such fats should be strained through double cheesecloth after each use to remove any food particles. Properly handled and kept in a cold place, this may be used many times for deep frying.

#### Store Them Carefully

In order to keep well, fats must be stored properly. Put the fats that you save in clean containers with tight fitting covers and store in a cool, dark place. Store with as much care as you would store unused fats. Check up once in a while to make sure they are not rancid—and be sure not to pour new fats into containers with fats that are rancid.

## MORE SUGAR SAVERS

Although most homemakers have grown accustomed to preparing meals with less sugar, many are still interested in recipes for desserts and party refreshments which are easy on the sugar bowl.

Here are some "sugar savers":  
**Fruit Ambrosia**  
(6 servings)

1-4 lb. marshmallows, 1 c heavy cream, 1 1-2 c fresh or canned fruit, 2 T lemon juice.

Quarter marshmallows, add fruit and lemon juice. Chill. Just before serving fold in cream, whipped. Serve in sherbet glasses and sprinkle with nuts or coconut, if desired.

**Honey French Toast**  
3 eggs, 1-2 c milk, 1-2 t salt, 3 T honey, nutmeg, 4 T fat (more if necessary), dry sliced bread (enriched or whole wheat).

Beat eggs. Add honey, salt, nutmeg, milk and mix thoroughly. Dip slices of bread in egg mixture and fry in butter, margarine or bacon drippings. Turn to brown both sides. Warmed honey may be served over the toast if desired.

**Honey Toast**  
Blend 1-2 c butter and 1-4 c honey. Spread on thin toast. Return to oven to melt. Cinnamon may be added if desired.

**Grape or Berry Punch**  
1-2 c lemon juice, corn syrup to sweeten, (about 1 cup), 1 pint (2 cups) grape or berry juice, 1 pt. ginger ale or ice water.

Combine fruit juices and ice water. Add corn syrup and stir until it is mixed thoroughly. Pour over ice cubes.

**Honey Nut Sandwiches**  
1 c honey, 2 T lemon juice, 1-2 c finely chopped pecans, peanuts or dried fruit, or a combination of nuts and fruit.

Spread on finger slices of whole or wheat bread.

## SCALLORN—

By MRS. OPA BLACK

Again this week we are being blessed with good showers—some hard and some light. Anyway, prospects for fall gardens are very favorable at this writing. Our beans and peas planted two weeks ago are growing nicely with greens and other vegetables to follow later.

Mr. and Mrs. Walter Henry and son Gordon came in Saturday from Eagle Pass, where they have been for several weeks. They will go from here to San Marcos where Gordon will enroll as a student for the ensuing year and Mr. Henry will be employed in defense work.

Mrs. Earl Blake and Jane Black visited over the week-end with relatives in Brownwood.

Mr. and Mrs. Frank Hines had as their guests Wednesday Mr. and Mrs. Walter Willy of Adamsville. Miss Greta Sue Hines accompanied them home for a week's visit.

Mr. and Mrs. Marvin Laughlin have been guests of Mr. and Mrs. Webb Laughlin since their arrival from California last week.

Earl Blake came home Wednesday from Ardmore, Okla., for his examination preparatory to induction into the army.

Mrs. Dorothy Eckert left last week for Austin where she plans to enter Durham College.

Mrs. Ed Evans is in Fort Worth this week with her sister who is in a hospital there for treatment.

The writer enjoyed very much the 4-H encampment last week at Lake Merritt.

Visitors Sunday in the home of Mrs. R. D. Evans were Mr. and Mrs. Albert Hereford and daughter, Miss Doris, of Dublin and Mrs. Lila Crawford of Goldthwaite and Mr. and Mrs. Ed Evans and two sons.

## STEPHEN F. AUSTIN COLLEGE KEEPING RECORD OF FORMER STUDENTS IN ARMY

Editor Eagle:

At Stephen F. Austin State Teachers College, Nacogdoches, we are trying to keep a record of all the former students and graduates of the college who are in the armed forces of the country. This is being done so that we may keep in touch with our boys, and that we may send the college newspaper to them during the time when we are away. We are making every possible effort to secure the names and addresses of our students who are entering the Service, and now have about 300 on our list. However, we feel that the list is not nearly complete and that there are many of our former students who are in the forces whose names we do not have.

Will you please make an appeal to your readers to send us the name of any former student of Stephen F. Austin College who is already in the service or soon to enter. If the address is known we should be glad to have that, and if not, the mere fact that they have entered the Service will be of great value. If the young man is in foreign service, the address should include the full legal name, rank, organization, Army serial number, and APO number.

John Evans is quite sick at his home west of town.

## O. H. MOORE THANKS VOTERS

I take this method to express my most sincere thanks to all of you for the vote I received in Mills County and the 104th District in my race for Representative.

I will do my best to live up to the confidence expressed by you in my election, and assure you that I will make every effort to render a constructive service in the work you have entrusted to me.

I appreciate all the courtesies and kindnesses that the people of Mills County extended me in the campaign, and will be anxious to become later acquainted with you. I got through the campaign with the very kindest regards for all my opponents and their friends. My desire is to have the co-operation in all things of everyone, no matter how you may have voted. I want everyone to know that I am anxious to be of service to Mills County in any and every way when I have taken the office over.

**CEILING PRICES MUST BE FILED BY STORES RENDERING SERVICE**

Filling stations, laundries, shoe repair shops, dry cleaners, and all who render services either to consumers, wholesalers, or manufacturers were reminded this week by A. T. Pribble, chairman of Mills County War Price and Rationing Board, that they are required by OPA regulations to file their ceiling price lists with the Local County Board before midnight of Sept. 10.

"Anyone affected by this regulation," Mr. Pribble said, "is invited to come to the office of the county board and obtain a sample copy showing how these statements should be filed. Every other business, like every other business, has been mobilized on the front line of this war against inflation," Mr. Pribble said.

"The government and our friends and neighbors need to co-operate to make price control effective. It will help all of us to maintain the security of our businesses and our homes. We are counting on every supplier of service to do his part."

Mr. Pribble pointed out four things which suppliers of service must do:

1. Find out the ceiling price for every service supplied, why this was the price charged to each class of customer during March, 1942, and if the service was not actually supplied but was offered, the offering price now becomes the selling price.
2. Keep all existing records showing any of the prices charged during March, 1942. If a supplier of services used a price list in March, he must save it as proof of his March price. Also he should be sure no to destroy or lose any receipts, books, duplicate sales slips, or other printed matter showing his March prices. His records should be kept where they can be examined by a representative of OPA.
3. Prepare a statement by Sept. 1, 1942, and file a copy of this with the Local County War Price and Rationing Board by midnight of Sept. 10.
4. The fourth requirement mentioned by Mr. Pribble is that the service supplier should now make sales slips and records as required by the regulation.

## RED CROSS KNITTING

The Red Cross knitting committee reports that the following garments have been knitted this summer:

- 14 sleeveless sweaters,
- 4 sweaters with sleeves,
- 10 helmets
- 2 watch caps.

The quota for the above garments is:

- 30 sleeveless sweaters,
- 30 sweaters with sleeves,
- 39 helmets,
- 27 watch caps.

From this report it can be seen that more knitters are needed. Please obtain the thread from Mrs. Burks' office in the courthouse. Mrs. L. E. Miller, chairman for knitting, will give instructions to anyone desiring it.

Women who have Red Cross needles not in use, please return to Mrs. Burks.

The following women have knitted garments during the summer: Mrs. W. P. McCullough, Mrs. L. E. Miller, Mrs. J. F. Doggett, Mrs. R. H. Chandler, Mrs. F. D. Webb, Mrs. Bill Richards, Mrs. Dan Yates, Mrs. John Burnett, Mrs. Marvin Hodges, Mrs. W. C. ## Parent-Teachers Assn. Meeting

The Goldthwaite Parent-Teachers Association will meet September 16 instead of the second Wednesday, the regular meeting day. Due to the fact school starts the second week of September, it seemed advisable to wait until the teachers and pupils were better settled for the year.

## Goldthwaite H-D Club Has Picnic

In a short call meeting of the local H. D. Club at Mrs. Bulah Sauters, the club planned a chili picnic supper which was at the home of Mr. and Mrs. F. D. Reynolds.

Our new agent was with us, also several local and out-of-town guests. However, we regret that all old members, as well as new ones, were not present to enjoy all the chili, red beans, pickles, tomatoes, onions, crackers, tea, coffee and lemonade, cookies, Dutch apple cake, whipped cream and iced watermelon.

After supper all who were able enjoyed yard games for several minutes, then seated games of various types, and in the late hours the old favorite—42—was played.

Our next meeting will be with Mrs. Jewel Simpson Tuesday, Sept. 8, at 2:30 p. m. Our new agent will demonstrate the making of hominy. Every woman who is interested is invited to come and learn the latest method of making hominy. Very little, if any, hominy will be available for civilian menus this winter, so let's help Uncle Sam by canning hominy at our home for our own family and our neighbor.—Reporter.

## AUTO TIRE RATIONING REPORT FOR MILLS CO. FOR AUGUST 29TH

A. T. Pribble, chairman of the Mills County War Price and Rationing Board, made it plain this week that all motorists are going to have to intensify tire conservation, and that many persons on the eligible list for tires and retreads are going to be disappointed, because of the quota shortage.

“Both truck and passenger car tire allotments have been reduced sharply for September,” Mr. Pribble explained, “and we're obliged to make these reduced quotas serve only the most essential needs.”

He pointed out that these reductions come at a time when all vehicles, especially trucks, are working overtime to meet the heavy demand for the fall movement of farm crops, and for war time construction and industrial production.

“The result will be that our board will have to apply the eligibility preference yardstick with even more severity,” he said. “The shoe will pinch in many cases, but we hope everyone will take these decisions with a wartime spirit of patriotism, and know that we are trying to do our duty honestly and impartially in a national emergency.”

The State Office of Price Administration headquarters has advised the Mills County War Price and Rationing Board, Mr. Pribble added, that from now on monthly quotas will reflect a sharp downward trend, in order to stay within the year's rubber quota.

“It is no longer possible to carry over unfilled applications from month to month,” Mr. Pribble explained. “There will not be sufficient quotas in future months to relieve such carryovers. We must now eliminate all applications that are not essential to the war effort and to the public health and safety.”

School buses that carry football teams to games or transport school bands, debating teams and other such groups on excursions will lose their eligibility for tires, the local board has been advised.

“The State OPA office has pointed out that under the tire rationing rules, school buses must be used exclusively to transport teachers and children from their homes to school and back again,” Mr. Pribble explained.

## TIRE RATIONING

The following tires and tubes were issued by the Mills County Rationing Board on Saturday, August 29:

## MILLS COUNTY BOYS AND GIRLS ENCAMPMENT GREAT SUCCESS

Mills County youth, including 4-H Club Boys and Girls, F.F.A. Boys, and Home Economics Girls, with the co-operation of members of the County Home Demonstration Council, teachers, club leaders and sponsors, and county agricultural agents, gathered at the Lake Merritt camping grounds last Wednesday, Aug. 26, for a one-day and night encampment. The boys and girls pronounced it one of the most enjoyable and beneficial camps they had ever attended.

Recreational games and swimming made up a greater part of the program. A flag raising ceremony under the direction of Lee Tesson of Mullin, and a candle lighting ceremony directed by Mrs. Phillip Nickols and Mrs. Ora Black were highlights in other activities entered into and performed by the boys and girls. A gold star award for outstanding 4-H Club work in 1941 was presented to Floree Massey by Mrs. Harvey Hale as part of the evening program with all boys and girls present.

A soft-ball team under the management of Ernest Tate, vocational agriculture instructor of the Priddy school, were win-

ners in the boys' baseball contest.

Girls and boys attending the encampment were as follows: Juanita Weaver, Goldthwaite; Sybil Woods, Goldthwaite; Billie Oden, Goldthwaite; Lois Bullard, Priddy; Lee Ella Anderson, Goldthwaite; Amber Graves, Mullin; Mary Ruth Renfro, Goldthwaite; Lucretia Eckert, Lometa; Macalee Long, Goldthwaite; Alberta Downey, Mullin; Frances D. Waddell, Goldthwaite; Wilma Jean Williams, Goldthwaite; Valley Beth Oglesby, Goldthwaite; Orpha Ruth Faulkner; Estelle Duren, Mullin; Anna Bell Wasserman, Mullin; Earline Geeslin, Goldthwaite; Jane Black, Lometa; Mary Elaine Hamilton, Goldthwaite; Anna Gene Hale, Mullin; Vera Mae Bell, Mullin; Bobby Obenhouse, Goldthwaite; Patsy Shaw, Goldthwaite; Dorothy Nell Rudd, Goldthwaite; Billy Hale, Mullin; George Jackson, Goldthwaite; James McGlothlin, Priddy; Doyce Von Burkes, Mt. Olive; Thomas George Jones, Mt. Olive; Billy Shipp, Jr., Priddy; James Dearson, Priddy; Ralph Crockett, Duren; Julius Cowen, Duren; Thomas Cook, Goldthwaite; Wayne Wilcox, Mullin; Billie Hanson, Mullin; Bill Cooksey, Mullin; Coke Toliver, Mullin; Nathan Anderson, Goldthwaite; Clay McNeil, Goldthwaite; Robert Smith, Goldthwaite; Arnold Roberts, Goldthwaite; Adrian Anderson, Goldthwaite; Ollie Schrank, Priddy; Edward Jeske,

Priddy; James R. Smith, Mullin; Wayne Geeslin, Goldthwaite; Truman Ferguson, Mullin; Jim Tom House, Goldthwaite; Delton Roach, Goldthwaite; Dale Crockett, Mullin; Melvin Duren, Mullin; Belsey Bean, Mullin; Jimmy Rex McNeil, Mullin; Alton Williams, Goldthwaite; T. J. Burkes, Caradan; Billy Whitt, Goldthwaite; Dalton Laughlin, Goldthwaite; Lewis Conner, Mullin.

A K.P. committee composed of Mrs. Felton Waddell, Mrs. W. H. Wasserman, and Mrs. Homer Weaver did an outstanding job of feeding 59 boys and girls and 13 adults at 60 cents each for the four meals served. Felton Waddell barbecued the goat meat for one meal.

Group leaders responsible for a certain number of boys and girls during the encampment were Mary Beth Miller, Mrs. Alvin Oglesby, Lee Tesson, and Ernest Tate.

Other committees were as follows: Recreation — Mrs. Ora Black, Mrs. Jake Brown, Lee Tesson and Ernest Tate; subsistence — Mrs. Ora Black, Mrs. Alvin Oglesby, Louise McAlister, and Joe Glover.

Mrs. Jesse Massey, Mrs. Harvey Hale and Arthur Wilcox were other adults attending the encampment and helped a lot in making it a success.

Geneva Pearl Meyer, who has been confined to her bed for several days on account of illness, is able to be up now.

THE STATE CONVENTION

By GEORGE C. HESTER

Next week the State Democratic Convention will be held in Austin. The chief purpose of the State Convention are (1) to canvass the returns of the primary election for all state offices; (2) to select a new executive committee and its chairman who are to serve as the party's officers for the coming two years; and (3) to frame and adopt a declaration of party principles or platform.

There is much that is perfunctory and pretentious in an ordinary state convention of this nature. The third function listed above, that of framing a party platform, is a case in point. Let us see why.

First, let us remind ourselves that a platform is supposed to set forth the principles and policies of a political party. The highest function of a political party is to coordinate public opinion into a definite program and then write that program into legislation. In order to write its principles into legislation, the party, of course, must submit its candidates with the party platform to the people. In no other way can prospective legislators be instructed by popular mandate upon any unified party objective.

Measured by such a standard, what has been the situation in Texas, where we are dominated by the one-party system? First, note how the party program, or platform, is made in this state. It is framed at the state convention, the delegates to which are selected at the precinct and county conventions, as a rule attended by fewer than five per cent of the voters. The delegates then make up the state convention which meets in September. This convention is supposed to state the aims of the party. Yet the primaries have already been held, which in Texas are equivalent to election. In these primaries, the legislators have already been selected in each district on their own individual platforms without any reference to a party program whatsoever.

The upshot of the whole thing is that these newly-elected legislators feel no obligation to support any party platform which is made after they have already been elected upon their own individual platforms which constitute their election promises to the people. Why then should they feel any obligation toward such a perfunctory, "afterthought" affair? They have already made their definite campaign pledges to the people; upon these promises the people have elected them, and by all standards of political morality they are bound to abide by these, regardless of the action of the state convention.

The convention, however, can perform one important educational service. The platform declarations can do much toward crystallizing public opinion in our state as it points toward the policies of the next Legislature. In a day when the principles of legislative government throughout the world is struggling for its very survival, there was never a greater need for calm and dispassionate thinking. It is a different world we are facing. The next Legislature must comprehend that fact and face realities in the fiscal affairs and other public problems of our state. In this respect the state convention has a unique opportunity in arraying public support behind a sound legislative program for the next two years.

Why The Man Power Shortage

(Houston Chronicle)

Here and there over the country there is a huge new war plant ready to begin operations but not yet turning a wheel because materials are unavailable for one reason or another.

Almost everywhere over the country there still are men and women looking for work.

These conditions do not alter the essential fact, however, that a shortage of manpower actually exists in many lines at this time and the more vital fact that literally millions of new workers must be found during the next year.

At present about 1,000,000 workers are being added to pay rolls at war industrial plants each month. The factories are recruiting their new employees from nonessential industry, from farms from the dwindling reservoir of unemployed; and from the home, as more and more women go into the labor force.

The man power reserve is being eaten up rapidly, farming regions and whole communities are being stripped of available men, and still the production program is moving to higher stages and calling for more men and women.

And the armed forces are working on plans involving 9,000,000 soldiers, sailors and marines by the end of 1943. There were 2,100,000 in the services on the first of this year.

The War Man Power Commission computes that by the end of 1943 the armed forces and the war industries together will require 20,000,000 new fighters and workers.

The war effort, then, by the end of next year will engage the full time of more than half the country's normal labor force, counting in agricultural workers.

Where will they come from? The unemployed as of December 7, 1941, will account for only "a drop in the bucket." There were 3,800,000 listed as unemployed at that time; but 2,000,000 unemployed is widely considered the irreducible minimum for various reasons, the principal one being that most of the 2,000,000 are really unemployables.

During this year and next there will occur a "normal" growth of 2,200,000 persons in the labor force, almost all of whom will be young people just reaching working age.

The Manpower Commission estimates that the total labor force will increase by 3,300,000 this year and 3,600,000 next year, making a net increase of 4,700,000 over the "normal" growth. These 4,700,000 will be women, retired men returning to active work, and young people who in ordinary times would not seek jobs.

All these recruits, however, still leave 13,100,000 workers and soldiers to be found, as the United States News points out in a study of the man power situation.

State Department Health Notes

With an incidence of 134 cases of Typhus Fever reported in Texas last month and 83 cases reported last week alone, Dr. George W. Cox, State Health Officer, has made an urgent appeal to all citizens of the state to help control the spread of Typhus by assisting in exterminating rats.

"There is only one way in which Typhus can be controlled," Dr. Cox said, "and that is by as nearly as possible completely exterminating rats in the state, since fleas from infested rats transmit the disease to man. We can begin to visualize the extent of the needed extermination campaign when we realize that there is estimated to be 13,000,000 rats in Texas."

There has been some confusion concerning the type of Typhus Fever which is occurring in Texas, but Dr. Cox pointed out that this disease is entirely different from the old world type which has followed some of the armies in Europe. Ordinarily the kind of Typhus which makes its appearance in this section of the country is not a fatal disease, although there has been a death rate of about 2 per cent from Typhus this year.

The poisoning and trapping of rats throughout the state will help to control the spread of this disease although there are obviously temporary measures. In order to be permanently rid of rats they will have to be starved out, which means that buildings housing food supplies must be rat-proofed.

Civilians Can Get Army Commissions

Dallas, Sept. 2.—Because married men are now expected to be drafted, an unusual number are applying at the Dallas District Recruiting and Induction Office, under command of Col. Claude K. Rhinehart, looking for commissions direct from civil life, rather than going through the normal channels established for this purpose.

The proper thing for these men to do," said Colonel Rhinehart, "is to enlist in the Army of the United States and immediately find their places."

Col. Rhinehart has directed Lieut.-Col. Steffen, Public Relations Officer, to inform the applicants who are besieging the office by personal calls and telephone of the proper procedure to be followed for both those who are commissioned officer material and those who are not.

"There is no doubt," said Col. Steffen, "that these men are to be inducted very soon. It is to their best interest to put their affairs in shape and be ready for the call to the colors."

Commanding officers of all units have been directed by high authority to study all men under their command with a view of appointing those qualified for commissioned grade to a Volunteer Officers Training School to prepare them for leadership and responsibility.

The questions most frequently asked are "What are the qualifications for a commission," and "What vacancies exist in the various arms and services?" This question cannot be answered off hand. The needs of the various arms and services differ, and this question can be more satisfactorily answered after a man has enlisted, arrived at a Reception Center, and has been classified as to his qualifications.

WORKERS WANTED

Five hundred general service workers, between the ages of 17 and 30, are needed immediately for training at the Naval Air Base at Grand Prairie, Men showing marked aptitude for aviation mechanics will be accepted and given a training course.

An additional unlimited number of trained aviation mechanics, cabinet makers, and fabric experts are in demand to service ships of the Navy's rapidly expanding air fleet and to deal with intricacies of lumber work.

Insulated pads for tanks, mattresses for soldiers, and rope for the Navy will soon be made from fiber of California's yuca, growing wild on desertland and mountainside.

Improved Uniform International LESSON

Lesson for September 6

THE ALCOHOL PROBLEM: PAST AND PRESENT

LESSON TEXT—Genesis 13:13; 19:25-28; Deuteronomy 32:31-33; Amos 6:1-7. GOLDEN TEXT—The way of the ungodly shall perish.—Psalm 1:4.

The necessity for using to the limit every resource—man power and material—in this time of national crisis should make every American doubly alert to the devastation and loss which has come (and is coming in increasing measure) to us as a result of the sale of intoxicants. This is no time (nor was there ever a time) when "men should put their enemy in their mouths to steal away their brains; that we should with joy, pleasure, revel and applause transform ourselves into beasts! To be now a sensible man, by and by a fool, and presently a beast!" (Shakespeare).

Christians—and especially Sunday school teachers—should use this lesson to drive home anew the great lesson of moral accountability, of the importance of man's choice of a way of life, and the certainty of judgment.

I. Man is Morally Responsible (Gen. 13:13; 19:25-28)

Life is not just a careless drifting from day to day, from pleasure to pleasure, from sin to sin. Man was created in the likeness and image of God, which means that he is a personal being, knowing right from wrong and possessing the power of choice. Sodom and Gomorrah drew upon themselves the judgment of God because of their determination to persist in horrible wickedness. What happened to those cities, terrible as it was, is but a prophecy of even greater judgment to come (Luke 10:10-12).

If man chooses to do right, he may count on all the resources of the omnipotent God to uphold him. But if he chooses to go in the way of sin, he must look forward to the judgment of God. It is important to remember that

II. He Chooses His Own Way of Life (Deut. 32:31-33)

Moses contrasts the Rock—Jehovah—in whom his people trusted, and the corrupt standards of their heathen neighbors, of Sodom and Gomorrah; but note it well, each one made his own choice. One greater than Moses, our Lord Himself (Matt. 7:13, 14), spoke of the two ways, and noted with sadness that many go down the broad road to destruction and but few walk in the narrow way of life.

It is a vital matter that we teach our boys and girls the great and noble spiritual standards of Christianity; bring into their lives the power of God through faith in Christ that they may choose well for themselves and be able to lead a bewildered war-shocked world in the right way.

The need of humanity is great now, but it will be even greater in a post-war world of broken homes, broken lives and broken hearts. We must be ready to minister in the name of Christ.

III. Neglect and Ignorance Are No Excuse (Amos 6:1-7)

Surprise attack is always doubly effective. "Remember Pearl Harbor." Yes, and remember man's defeat in spiritual things.

Satan would like to lull us to sleep with the assurance that all is well. The heart of man is prone to cherish optimistic thoughts; to magnify that which encourages him to take his ease; to keep away the fear of reality by sweet music, good food, and flowing bowl of wine.

The people of Amos' day, to whom this message was given, had come to the point where prosperity had made them at ease, when they should have been actively alert; foolishly serene, when they should have been vigilant and ready for battle.

Who can say that the same is not in all too large a measure true of the people of our own beloved America. Many elements enter into that dangerous situation, but not the least of them is our increasing use of intoxicants. It may shock some to learn that the per capita use of alcoholic beverages has increased greatly throughout the country. The appalling fact is that the city of Washington, D. C., which should in these days set an example of sobriety and sanity, has led the nation in the increase of the use of strong drink.

That way is the way of captivity (v. 7) unless we repent—and that right soon. America needs to awaken to the dangers which threaten its precious liberty—and, we repeat, the liquor question is not the least of these problems. We must win a victory over it soon, or we may find that it has won the victory over us—which may God in His mercy forbid!

LABOR DAY THOUGHTS

BABSON SAYS WE MUST ALL WORK OR FIGHT

By ROGER W. BABSON (Copyright, 1942)

Babson Park, Mass. Sept. 4.—We approach the celebration of Labor Day. There will be a lot of well-deserved Efficiency Awards. But there is still too much dissension in labor's ranks to get optimistic. In at least one instance workers have already refused to participate in an Efficiency Award ceremony. Why? Because management happened to be cited. Certainly, I hope that this year Labor Day may mean something more to all workers and to management than a day off or more overtime. These are strenuous days. Of necessity, there can be but little rest from our labors.

Too Many Strikes

On the whole the average worker and union member wants to do his whole share in winning the war. However, in spite of pledges given by labor leaders immediately after Pearl Harbor, it is discouraging to read of more wage disputes and to see strikes continue. For the last month of record these numbered 160. They are down substantially compared with the same period a year ago; but the point is that there should not be even a single strike to record. Wages of all classes of workers are at peak levels and all should be content.

Unless the war effort is to be seriously curtailed, Washington must adopt a tougher attitude toward both the demands of labor and the activities of the farm bloc. One thing is certain, namely, some day the New Deal crowd will be thrown out. The voters will be tired and sick of rationing, price fixing, etc.—even though they are now necessary. Then we will continue to have a War Labor Board but—unless labor leaders now behave—the board will crack down on labor as it is now prosecuting employers. The law of action and reaction continues to rule.

Congress At Fault

In and out of session, Congressmen are customarily fair game for criticism. On the whole their lot is not an easy one and I sympathize with them. Their personal expenses in Washington are high. They have a certain position to maintain and probably feel the effects of rising living costs as much as, if not more than, any other group. Like everyone else, they want to hang on to their jobs. Being friendly toward labor has, in the past, been one way of keeping these jobs. How long this will continue is a question. If pensions for Congressmen were available we might as well see members develop a more independent spirit and act differently on many important matters. I trust that after the November elections that Congress will pass some real legislation dealing with wartime strikes and boycotts. The President should not stand for any group of workers or employers challenging the War Labor Board's ruling that wage increases should cover only the 15 per cent rise in the cost-of-living from January, 1941, to the inauguration of price ceilings last May. Firm adherence to this policy would do much to narrow the vicious inflation circle. Congress should insist that this W.L.B.'s stabilization formula be accepted; also that the cost-of-living figures provide for substitutes and cut out waste.

Work Or Fight

Considering the importance to the men in the army of the materials which workers are producing, it is necessary that individually, and in groups, they set a good example. It matters not whether the issues involved pertain to fellow workers or to management. Unless labor and management, in co-operation with mediation boards, can amicably settle their differences the national economy and the whole future of labor relations may be seriously affected.

The National War Service Bill which the McNutt War Manpower Commission is drafting may ultimately kill labor's golden goose. It provides that workers who strike may be drafted into the armed services. Those now in non-essential industries may be forced into armament employment. All of us able-bodied

LOOKING BACKWARD TWENTY-FIVE YEARS AGO

(From Eagle Files Sept. 1, 1917)

Mrs. J. C. Street visited in Brownwood the first of the week. W. D. Marshall and Bryan Ware returned Sunday from a business trip to Fort Worth.

Alvin Street, who was called home for examination by the board of exemption, returned to his work at Schuenburg the first of the week.

Misses Mary and Ruth Allen left Thursday for a visit to relatives and friends in Brownwood and Blanket.

Lieut. Earl T. Fairman returned to his company at San Antonio Tuesday, after spending

ten days here with homefolks and frineds.

Miss Glass, who was a teacher in the school here last session, after a visit to Mrs. J. A. Gillespie and family in this city, returned to her home in Waco.

Miss Sophia Martin of Goldthwaite, who has been the guest of the Misses Tankersley for the past week, returned home Thursday. Miss Martin is an expression teacher of ability, having specialized in the art at C.I.A. at Denton.

Phil Ford and wife of Strawn arrived yesterday for a visit with his parents, Mr. and Mrs. H. Ford, and other relatives.

MENARD'S CAPTAIN WHELESS IS GIVEN RANK OF MAJOR

Washington, Sept. 2.—Capt. Hewitt T. Wheless, who piloted the crippled Flying Fortress to base after a flight with 18 enemy fighters in the South Pacific, has been appointed to the temporary rank of major, the War Department has announced.

Wheless, a native of Menard, Texas, was stationed at Clark Field in the Philippines when the Japanese attacked. His feat was cited by President Roosevelt as one of the outstanding individual achievements of the war.

'Old-Fashioned Friendship'

THERE is no priority, no rationing of "Old-Fashioned Friendship." Those who have it can share it with others.

At this Bank, the friendly service which permeates every department, applies alike to the child who comes to buy War Savings Stamps with pennies from her piggy bank, and to the financier who comes to us with big business projects.

Friendly service is more than the headline in an advertisement. It is a living, vital, willingness to serve at The Trent Bank.

TO MRS. EVA NICKOLS, Defendant, Greeting:

You are hereby commanded to appear before the Honorable District Court of Mills County at the Court House thereof, in Goldthwaite, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 12th day of October, A. D. 1942, then and there to answer Plaintiff's Petition filed in said Court, on the 25th day of August, A. D. 1942, in this cause, numbered 2714 on the docket of said Court and styled Glenn Nickols, Plaintiff, vs. Mrs. Eva Nickols, Defendant.

A brief statement of the nature of this suit is as follows, to-wit:

Suit for divorce, Plaintiff alleging that he, Glenn Nickols, was on the 21st day of May, 1934, married to Defendant, Mrs. Eva Nickols, in Williamson County, Texas, and that they continued to live together as husband and wife until on or about the 14th day of August, A. D. 1942, when she the said Defendant, abandoned him. Plaintiff alleges that about two years prior to the time of their separation the defendant began a course of unkind, harsh and cruel treatment towards plaintiff, as is more fully set out in plaintiff's petition on file in this cause, that defendant has been given to such unbecoming conduct and has carried on such a series of vexations that it has rendered said plaintiff's and defendant's living together as husband and wife insupportable. That there is no community property and that there were no children born to this said marriage. Plaintiff prays for judgment dissolving the marriage contract now existing between plaintiff and defendant, for costs of suit and for such other and further relief, special and general in law and in equity, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs. Issued and given under my hand and the Seal of said Court, at office in Goldthwaite, Texas, this the 25th day of August, A. D. 1942.

Attest: W. E. SUMMY, Clerk, District Court, Mills County, (Seal) Texas. 9-18

TO: Mrs. Una Jones Harris and husband, Roy Harris, and the unknown heirs, legal representatives, legatees and devisees of Mrs. Una Jones Harris and Roy Harris, both deceased, DEFENDANTS, GREETING:

You are hereby commanded to appear before the Honorable District Court of Mills County, Texas, at the Court House thereof, in Goldthwaite, Texas, at or before 10 o'clock A. M., of the first Monday next after the expiration of forty-two days from the date of the issuance of this Citation, same being the 28th day of September, A. D. 1942, then and there to answer Plaintiff's petition filed in said Court, on the 11th day of Aug. A. D. 1942, in this cause, numbered 2712 on the docket of said Court and styled Mrs. Tennie Featherston, a widow, J. W. Featherston, H. M. Featherston, Elmer Featherston, Mrs. Marene Featherston Haney, and her husband, Cecil Haney, and Mrs. Mabel Featherston Austin and husband, D. V. Austin, J. W. Partridge, Mrs. Ina Mae Partridge Tullos and husband Earl Tullos, Robert Jones, Mrs. Ollie Jones Sink and husband Bert Sink, Herbert Jones, Tommie Jones, Mrs. Alice Featherston, a widow, individually, Rena Featherston Brown and husband Ernest Brown, C. L. Featherston, Boyd Featherston, Lucile Featherston, Delma Featherston, PLAINTIFFS, vs. Mrs. Una Jones Harris and husband Roy Harris and the unknown heirs, legal representatives, legatees and devisees of Mrs. Una Jones Harris and Roy Harris, both deceased, DEFENDANTS.

A brief statement of the nature of this suit is as follows, to-wit:

Suit for partition and division of the following described land and premises lying and being situated in Mills County, Texas, to-wit:—

FIRST TRACT—Approximately 540 acres of land out of Section Number Five (5), T. & N. O. Ry. Company survey, Certificate No. 29-165, Patented to said company by Letters Patent No. 39, Volume 13, dated January 12, 1871, and being all of said section No. 5 save and except 100 acres off the East side of said section described in a deed dated November 15, 1905, recorded in Volume 24, page 303, of the deed records of Mills County, Texas, from C. L. Featherston to Mrs. W. S. Jones, and

SECOND TRACT:—Approximately 153 acres of land, known as the Northwest one-fourth (1-4th) of Survey No. 2, S. A. & M. G. Ry. Company, about 6 miles South 45 degrees East from the town of Goldthwaite, Mills County, Texas, bought and fully paid for on the application of E. T. Davis, filed in the General Land Office December 24th, 1892, under the laws regulating the sale of Public Free School Land, and being the same land and premises as that described in Patent No. 306, Volume 77-A, from W. Lee O'Daniel, Governor of the State of Texas, to C. L. Featherston, dated August 3rd, 1940, and recorded in Volume 3, page 219, of the Patent Records of Mills County, Texas.

Plaintiffs allege that they and the Defendants are the joint owners in fee simple and together are the sole owners of the above described lands, and that the defendants are the joint owners of an undivided 1-80th interest in said property, and that said land is capable of a fair and equitable division and partition in kind, all as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs. Issued and given under my hand and the Seal of said Court, at office in Goldthwaite, Texas, this the 11th day of August, A. D. 1942.

Attest: W. E. SUMMY, Clerk, District Court, Mills County, (Seal) Texas. 9-4

## US NAVY BADLY IN NEED OF BINOCULARS

Far out at sea, in the mist and  
 fog that shroud American ships,  
 trained eyes must constantly  
 search the horizon for signs of  
 Axis raiders of navigation haz-  
 ards.

How quickly officers and men  
 of the fleet discover the pres-  
 ence of danger often determines  
 the safety of their ship, its crew  
 and perhaps precious cargoes of  
 food and munitions for our allies.

The United States Navy needs  
 binoculars badly in spite of a  
 heretofore excellent response to  
 its appeal. Because of the lack  
 of facilities and highly-trained  
 personnel necessary for the man-  
 ufacture of these precision in-  
 struments, the maximum pro-  
 duction remains insufficient for  
 the requirements of our rapidly-  
 expanding armed forces. For that  
 reason, said the Eighth Naval  
 District Public Relations office  
 in Dallas, the Navy must look to  
 private owners for glasses—must  
 ask them to sell binoculars to  
 the Navy Department for \$1. At  
 the war's duration these glasses,  
 if still in service, will be return-  
 ed. The Navy cannot, however,  
 promise to replace or pay for  
 binoculars lost at sea.

Since lookouts must keep ef-  
 fective vigil, especially at night,  
 binoculars that have large ob-  
 jective openings for better light  
 transmission are especially de-  
 sired. The Navy definitely does  
 not want toys, lorgnettes, opera  
 glasses, Gallean-type glasses  
 and small prismatic-type binoc-  
 ulars. They are useless for the  
 purpose.

Here are the highlights of the  
 campaign:

Because of repair conditions,  
 only 7x50, 6x30, 7x35, 8x40, 8.56  
 of the Zeiss or Bausch and Lomb  
 type and 6x30 military binoc-  
 ulars manufactured for the Navy  
 in the last war can be used.

2. It has been requested that  
 only these types in good condi-  
 tion be forwarded direct by the  
 donor to the Naval Observatory  
 in Washington, D. C., for inspec-  
 tion and acknowledgement.

3. Binoculars being sent the  
 Navy for the duration should be  
 carefully packed with necessary  
 identification firmly attached  
 (owner's name and address) and  
 shipped to the Naval Observa-  
 tory, Washington, D. C.

4. If the glasses are accept-  
 able \$1 as payment in full will  
 be mailed to the donor as soon  
 as possible. Otherwise the glasses  
 will be returned.

5. If the binoculars are avail-  
 able after the war, they will be  
 returned to the donors and the  
 \$1 previously paid the owner will  
 constitute rental and deprecia-  
 tion charges.

6. The Navy would like to  
 keep a complete record of all other  
 binoculars offered as to man-  
 ufacture, type, power and objec-  
 tive opening or aperture. It is  
 suggested that would-be donors  
 of types other than those accept-  
 able at the present time forward  
 this information by letter to the  
 Public Relations Office, Eighth  
 Naval District, Federal Building,  
 New Orleans.

### "THE PITTSBURGH KID"

Back in 1937, when Billy Conn  
 was just a neighborhood kid in  
 one of the poorest sections of  
 Pittsburgh, he stole into a stadi-  
 um to see a fight between two  
 welterweights, Vince Dundee  
 and Teddy Yaroze. He and the  
 other youngsters had to climb  
 up a stiff roof to break into the  
 stadium at great danger to life  
 and limb.

Two years later Billy met both  
 these fighters in the ring and  
 vanquished them both in bouts  
 preliminary to his fight with Joe  
 Louis.

Billy, who can act as well as  
 he can fight, has the leading  
 role in Republic's "Pittsburgh  
 Kid" which comes to the Melba  
 Theatre for a two-day run  
 starting Saturday night with
