PEOPLE ARE INVITED WATCH DEMOLITION OF RED BLUFF BRIDGE

Mayor H. G. Bodkin has received a letter this week from Roger L. Tennant, regional chief of the Bureau of Industrial Conservation of the War Production Board, asking him to invite the citizens of Mills County to help make an outstanding event the army maneuvers in the demolition of the old Red Bluff bridge across the Colorado River which was recently sold to the government to be scrapped.

He wrote: To assist the War Production Board in its "Salvage for Victory" campaign, the Army Combat Engineers of the Third Army, whose headquarters are in San Antonio, are going to include the demolition of the Wildcat Bridge, between Franklin and Cameron, also the old Red Bluff Bridge, between Lometa and San Saba, in their training program.

Tactical maneuvers will begin probably the week of October 19 on the old Red Bluff Bridge. General Walter Kruger, Commanding General of the Third Army, is expected to be present and our Governor, Hon. Coke Stevenson, along with other state, county and municipal officials, have been invited.

The Army maneuvers and demolition of these bridges is going to be given national publicity and we are negotiating with representatives of major broadcasting companies and newsreel cameramen to be with us.

The Army will have adequate troops and equipment to handle the large crowds.

Watch your daily newspapers for the date and hour of the actual demolition of the bridges.

COUNTY FARM TRANSPORTATION COMMITTEE IS TO BE CREATED

College Station, Oct. 15.—Creation of County Farm Transportation Committees in Texas' 254 counties was announced this week by B. F. Bance, chairman, Texas USDA War Board.

The first job of the new committee will be to assist farmers and truckers hauling farm products and supplies in filling out applications for Certificates of War Necessity during national farm truck registration days, October 22-24, the chairman explained.

Under a recent program announced by the Office of Defense Transportation, all farm trucks, trailers, buses, taxicabs and similar commercial vehicles will require Certificates effective November 15. Purpose of the program is to conserve equipment for war purposes.

Local Farm Transportation Committees, composed of five members, are headed by county USDA War Board chairmen. Other members include two farmers, one truck driver and one farm supply dealer.

Operators subject to the new registration order will not be able to obtain gasoline, tires or parts without Certificates of War Necessity, Vance said in explaining the importance of filling out applications.

Application blanks for the Certificates of War Necessity are being mailed by the Office of Defense Transportation direct to each truck and commercial vehicle owner, making it unnecessary to write in for the blanks. As the mailings are completed in each ODT district, full announcement will be given, after which anyone who failed to receive a blank will be advised how to retain one.

Names of members of the Mills County committee will be listed in next week's Eagle.

MOVE TO HARLINGEN

Rev. and Mrs. F. P. Smith and family left the first of this week for Harlingen, where he will serve as pastor of the Church of the Nazarene at that place. Rev. Smith has served the church here for the past year, and he and his wife have a host of friends here who wish them the best of luck in their new home.

VISIT HERE

Rev. and Mrs. E. E. Dawson of Paint Rock passed through Goldthwaite Monday and stopped for a few hours visiting friends.

BAPTIST TO BEGIN REVIVAL SUNDAY

Patriotism is one of America's foremost thoughts today. Devotion to God is another keynote not one step behind, but interwoven in our thoughts of the "American Way of Life."

When Jesus of Nazareth said: "Render unto Caesar the things which are Caesar's and unto God the things that are God's," He uttered the most dynamic, the most tyrannical destroying idea, the most revolutionary thought ever let loose upon the world.

Jesus here expresses the true ideal of life for all ages; loyalty to the State, and devotion to God. The most patriotic thing we can do today is to lift up the Christ of our freedom, liberty and life that He shall, once more, lift our nation above the clouds of war and strife, and, once more, the "righteousness of God shall cover the earth as the waters cover the sea."

Baptist, be loyal to your Church, to your nation, and above all else be faithful to Christ. Help make this revival a truly "Patriotic Revival."

Pastor D. A. Bryant will do the preaching. Rev. W. C. Bryant of Hardin-Simmons University, Abilene, will lead the singing. Miss Ethelene Adams will play the piano.

Services twice daily at 10:00 a. m. and 8:00 p. m. The Booster Band will meet at 7:30 each evening. Your are cordially invited to worship with us.

D. A. BRYANT, Pastor.

852 BALES COTTON GINNED IN MILLS COUNTY TO OCT. 1

Luther Booker, special agent in Mills County for the Department of Commerce Bureau of the Census, announces that census report shows that 852 bales of cotton were ginned in Mills County from the crop of 1942 prior to October 1, as compared with 300 bales for the crop of 1941.

ATTENDS FUNERAL

Lewis Hudson attended the funeral of J. G. McCurry at Pleasant Grove Tuesday morning.

CHURCH OF THE NAZARENE

REV. BUFORD BURGNER

The new pastor, Rev. Buford Burgner of Fort Worth, Texas, arrives this week and will preach Sunday morning at 11 o'clock and Sunday evening at 8 o'clock. A hearty welcome awaits each of you at each service.

Sunday School—9:45. N.Y.P.S.—7:15 p. m. Preaching—8 p. m. Wednesday evening prayer meeting—8.

SERVICE LEAGUE CALL MEETING SATURDAY

Every patriotic citizen is asked to be present at the Mills County National Service League call meeting Saturday, Oct. 17, at 2:30 p. m. in the City Utilities office.

Several important issues are to be dedged upon at this meeting, and we would like to have a representative from every community in the county. Remember this is your Mills County Service League, and we need your co-operation. We must gather our scrap iron and co-operate with all other national services of our all-out war effort.—General Chairman.

S. A. NEWSPAPER MAN FISHER'S SECRETARY

SAN ANGELO, Oct. 8.—Preparing to assume duties the first of the year as 21st District Congressman, succeeding Rep. Chas. L. South of Coleman, Rep-Elect O. C. Fisher today announced appointment of Grady Hill, managing editor of the San Angelo Standard, as his secretary.

"In Mr. Hill I will have a man who knows West Texas and its industries—wool and mohair, for example, and who can supplement the service of this congressional office to the 21st district," Fisher said.

Born at Christoval, Hill attended the University of Texas. He joined the Standard-Times in 1929. He has specialized in interpretive writing on agricultural, industrial, oil, governmental and public service news of Southwest Texas.

18 AND 19 YEAR OLDS MAY JOIN MANY ARMY SERVICES

Sgt. William J. Hess, Brownwood U. S. Army Recruiting officer, received word recently that applicants 18 and 19 years old may be enlisted directly for assignment in the Infantry, Cavalry, Coast Artillery, Field Artillery, Signal Corps, Air Corps, Armored Forces, Quartermaster Corps, Ordnance Department, Chemical Warfare Service, Medical Department, and Corps of Military Police, and may be assured of assignment to the branch of their choice.

To qualify an applicant is required to have one original copy of written consent signed by his parents or guardian; these signatures are not required to be notarized and will be accepted in good faith without requiring witnesses or other verification, unless definite doubt exists.

Opportunities will be given men 18 and over to attend officer candidate schools for commission.

Contact Sergeant Hess at the Memorial Hall in Brownwood to secure enlistment or to gain additional information.

RUBBER BOOTS AND FOOTWEAR UNFROZEN: RATIONING REPORT

Rubber boots and other rubber footwear no longer are frozen but now may be purchased by persons who obtain the proper rationing certificate from the local War Price and Rationing Board, A. T. Pribble, chairman of the Mills County Board, announced this week. Merchants were required to file their inventory reports on rubber footwear with the local board by Oct. 10.

In general, Mr. Pribble said, the eligibility requirement for persons who obtain purchase certificates is that they be engaged in some occupation that contributes directly to the war effort or to the public health and safety.

CLASSIFIED LABORERS ARE WANTED AT HAWAII DEPOT

The Tenth Civil Service Region sends out an S.O.S. to classified laborers for immediate employment at the Hawaiian air depot, O. F. Moore, local Civil Service secretary announced this week.

Wages begin at \$1,320 a year while training at the San Antonio air depot, and will be increased 25 per cent immediately upon embarkation to Hawaii. The government will furnish transportation and reimbursement for meals from San Antonio to Hawaii. Make application today with Mr. Moore at the Goldthwaite Post Office.

IN POST OFFICE WORK

Julian Evans has accepted a position this week as part time assistant clerk at the post office. Mr. Evans has been employed at Hudson Bros. Drug Store for the last 25 years, and will continue to be with the drug store part time.

LOCAL STUDENTS MAY NAME AND CHRISTEN A 'LIBERTY SHIP'

Earl T. Fairman, Chairman of the Mills County Salvage Committee, has received the following information from the War Production Board:

The Maritime Commission, in an effort to stimulate the collection of scrap metal, rubber and rags, are assigning a Liberty Ship to be named and christened by the Junior Texas Rangers, or in other words by the pupils of the Texas Schools.

All Junior Texas Rangers are invited to submit directly to L. A. Woods, State Superintendent of Schools, Austin, Texas, names which they would like to give the ship. In order to be considered, these names must reach Mr. Woods' office by Oct. 31. All names submitted are to be limited to the names of distinguished former (not now living) citizens of Texas.

A committee will be named for the purpose of selecting the name of the ship.

Rules For Schools Entering Contest

In accordance with page 11 of "Get in the Scrap," the official school salvage plan book, each school must send in a report on the total poundage of all scrap materials to State Superintendent of Public Instruction L. A. Woods. In addition to this record, it is necessary in order to enter this project, that each school send in a report on the number of pounds of scrap per pupil collected, by Nov. 1.

Selection of Pupils

From the salvage records of the schools the Texas Committee will choose the three schools in the state that have collected the three largest amounts by weight, respectively per pupil. The principal of each of these schools will then have the pupils select the boy or girl in the school who has been most helpful in the Scrap Campaign.

These three children (one from each school) together with the principal of the winning school will be sent to christen the Liberty Ship. Alternates may be selected if the candidates chosen cannot make the trip.

The traveling expenses of the principal and three children from each state will be paid by the American Industries Salvage Committee.

CO. COMMISSIONERS COURT IN REGULAR SESSION ON MONDAY

The Commissioners' Court met in regular session Monday, Oct. 12, with all members present.

Besides the regular routine of approving accounts, the Court checked the Treasurer's Quarterly Report and approved it. A. B. Neal was appointed presiding Election Judge of the Mount Olive Election Precinct No. 18 to fill the unexpired term of I. B. Cody, who has moved out of the precinct. One indigent person was placed on the County Indigent list for regular monthly payments.

The Court ordered a change in a neighborhood road in Precinct 3 leading through the property of W. M. Hilliard. By agreement with property owners concerned, the road was routed around the land lines instead of going through the property.

A cameraman came in and took a picture of the Court in session. Very good results were obtained without any damage to the camera. The Court made this pose as a patriotic duty, as it is thought the picture will increase garden products next year; in fact, some declare that even the insects will witness if one of these pictures is properly installed under expert suggestion.

COMPLETES BATHROOM

Mrs. Jake Brown of Lake Merritt Home Demonstration Club is very proud of her new bathroom which was recently completed. Tearing down the partition in her bedroom, Mr. and Mrs. Brown were able to build a bathroom by using the scrap lumber.

When asked how the pipe and fixtures were obtained, Mrs. Brown replied, "Fortunately we had ordered the fixtures before the war, but didn't receive them until last April. We did all the plumbing using all second hand pipe. Some of the pipe was brought up from the pasture where we had used it as pry poles."

The bathroom has been papered, a closet built for Mr. Brown, the woodwork painted. The next addition will be a chenille rug which Mrs. Brown will make.

RECIPES TO WATCH YOUR SUGAR RATION

Perhaps some of these recipes will fit your sugar ration.

Heart Cookies

1 1-2 cup light molasses, 1-2 cup fat, 3 cups flour, 1 1-2 teaspoons soda, 1 teaspoon lemon juice, 1 1-2 teaspoons cinnamon, 1-4 cup sliced candied orange peel, 1-4 cup sliced citron, 1-2

teaspoon cloves, 1-2 cup chopped nuts, grated rind of 1 lemon, grated rind of 1 orange.

Boil the molasses and the fat for 5 minutes. Remove from the fire. Sift the flour once before measuring; then add the soda and spices. Combine the flour mixture with the molasses mixture. Add the lemon juice and the nuts and fruit which have been cut fine. Mix well and let stand in a warm room for a day or two. Roll very thin on a board sprinkled with sugar and flour (omit sugar, if desired). Cut and bake on a greased cookie sheet 15 or 20 minutes in a slow oven (300 F.). Remove from tin when warm but not hot. Makes 8 dozen cookies.

Nuggets

3-4 cup shortening, 2 1-2 cups flour, 1-2 teaspoon baking powder, 1-2 teaspoon salt, 1-2 teaspoon cinnamon, 1-4 teaspoon mace, 2 eggs well-beaten, 1 tablespoon grated lemon peel, 1-2 pound chopped nut meats, 1-2 pound chopped raisins.

Rub shortening (butter preferably) into the sifted flour to which has been added baking powder, salt, and spices. Add beaten eggs, lemon peel, nuts, and raisins. Mix thoroughly. Knead a little and set in a cold place for a few hours or overnight. Pinch off "nuggets" or small pieces; arrange on greased baking sheet, and place in moderate oven. Bake until a light brown. Squares of melted cooking chocolate may be added to part of the dough.

FIREPROOF COTTON MATERIALS

Fireproofing clothing, curtains and other household fabrics is quite simple.

Mrs. Bernice Claytor, specialist in home improvement for the A. and M. College Extension Service, says the prevention-wise home-maker can fireproof any cotton fabrics which water will not damage. This is done by dipping them in a solution of borax and boric acid and water. It is necessary to re-dip the cloth whenever it is laundered, because the solution washes out.

"Make a solution of seven ounces of borax, three ounces of boric acid, and two quarts of hot water," the specialist directs. "Keep stirring it until the water looks clear. Then dip the article you want to fireproof into the solution just as if you were rinsing it in water. Wring it out, hang it up to dry, and press in the usual way with a warm iron."

Here is one caution the specialist offers. The cloth must be dry when it is dipped—for otherwise the solution will be diluted and much less effective.

It is practical to fire-proof such things as a man's work suit this way, or curtains for the kitchen, a cotton rug which lies in front of the living room fire, cloth pot lifters, an ironing board cover or cotton insulation, Mrs. Claytor says. She adds that it is also possible to fire-proof large articles of cloth such as upholstery, slip covers, or large rugs by spraying the solution on them.

CENTER POINT—

ROCK SPRINGS

By MRS. EULA NICKOLS

We extend sympathy to Jack McKenzie and wife in the passing away of little Leta Gay, who just lived a few hours. May our Savior be your comforter and guide.

There was a real good-sized crowd out Sunday and Sunday night at church.

I was told in town Saturday that my letters were not long ones when my mind is blank? I sure would appreciate any one telling me when they have company or go somewhere. If we have rationed gas, there won't be much visiting unless we do some walking or go horseback.

Bro. Leslie Sparkman and family were dinner guests in the J. F. Davis home recently.

Mrs. Pearl McClary spent Sunday in the Roberts home, and after dinner Robert Johnson and wife spent the afternoon in the home.

Phillip Nickols and wife from town visited with us Sunday night.

L. D. Tyson and family from Williams Ranch and Omas Shelton from Center Point and J. T. Stark visited in the Nickols home Friday night. They men played 42.

Did you hear our President's speech Monday night? He told us lots.

My grandson, James Roberts, who is in the Navy, hasn't written any of the folks since he went back from his furlough. We hope he made it back all right. We are very anxious to hear from him.

Pvt. Horace Cook, who has been in Camp Berkeley since he went to the Army, was moved from there last week.

Mrs. Sam Self visited Saturday and Sunday in the Campbell home.

Arnold Sloan and family from town and Ducey Bohannon and wife spent the day in the Circle home. After dinner I joined the crowd and we all enjoyed the afternoon.

Mrs. Harvey Dunkle from town made a few calls out here Sunday afternoon in the Traylor, Campbell and Nickols homes.

Rudolph Cooke and family visited in the Tippen home Friday night.

M. R. Circle and James Nickols went to the Patterson Park Monday night to the Brotherhood chili supper. They reported a fine time.

Miss Billie Ruth Daniel came home from Stephenville Saturday evening with Alvin Oglesby's family. They all went to Big Valley to a chili supper at Mrs. Sena Ezzell's.

Otis Hutchings from Center Point went with James Nickols and Wesley to Mr. Cornelius' to get a horse Sunday afternoon.

Barney Tippen and family went to Ebony Sunday afternoon to visit his parents.

Joe Davis and family visited one afternoon last week with Mrs. Stark and J. T.

Woodie Traylor and wife visited Monday in town in the Robertson and Dunkle homes.

I took Mmes. Pass, McClary and Stark to South Bennett last Friday to the workers' meeting. It was a good meeting. There were seven or eight preachers present. There are 17 members in that church and 12 of them were present. The sixth of next month the meeting will be at Long Cove.

LIVE OAK—

By MRS. J. H. BROWN

These cool fall days remind us that winter is just around the corner.

Mr. and Mrs. Floyd Manuel returned from Houston last Friday, where he settled up his business preparatory to answering the call to Uncle Sam's forces.

Mrs. Ed Randle and daughter Pattie Ann visited in Fort Worth last week.

Mr. and Mrs. David Roy and son spent the week-end with his sister, Mrs. Roy Simpson, and family.

Miss Mae Featherston has accepted a position in the high school at Goldthwaite.

Mrs. Henry Harkey and little daughter Carolyn of Fort Worth spent last week with her parents Mr. and Mrs. J. H. Brown.

The H. D. Club met with Mrs. Deward Reynolds last time. There were five members and two visitors present. The next meeting will be with Mrs. Homer

Denman.

Announcements have been received announcing the arrival on Sept. 22 of little Frederick Anthony, son of Mr. and Mrs. Pete Schurba of Fort Worth. Mrs. Schurba was formerly Miss Virginia Simpson.

Mr. and Mrs. Wilson Fox and son of Lampasas visited during the week-end with his father, Will Fox.

Mrs. Homer Denman and children and Mrs. W. E. Rose visited in the J. H. Brown home Sunday a week ago.

Word has been received from Glenn Featherston that he is in Officers' Training School at Aberdeen Proving Grounds, in Maryland. He says he is kept plenty busy.

Mrs. John Potter, who had been visiting for a week with her granddaughter, Mrs. Jess Sweden at Athens, came home last Friday. Mrs. Sweden accompanied Mrs. Potter to Goldthwaite, and on last Saturday they went to Brownwood.

Mrs. Ida Banks of Houston is visiting her aunt, Mrs. G. H. Frizzelle.

Mr. and Mrs. Ed Knight and Mrs. T. C. Emdy of Star were guests in the Henry Ezzell home one day last week.

BIG VALLEY—

By MRS. CARL WOODS

Mrs. Charles Law has been visiting relatives and friends here last week. She will make her home with Mrs. Henry Ezzell in Goldthwaite.

Miss Flora Weaver of Gonzales is visiting her mother, Mrs. Liva Weaver, and other relatives.

Mrs. T. P. Reed of Ballinger was in the Valley visiting friends a few days ago.

Mr. and Mrs. Vance Cockrell had as guests Sunday her grandmother, uncle, and two aunts from the Bend community.

Our sympathy goes to Mrs. W. E. Wells in the death of her mother.

Mrs. Dock Greenhaw of Killen has been visiting her parents, Mr. and Mrs. W. B. Reagan. We are glad to report Mrs. Gordon Miller being at home and doing nicely after a serious operation.

Mr. and Mrs. Jack Dennard and family have moved on the old Oglesby place on the river.

Mrs. Hugh Smith visited a while last Tuesday morning with Mrs. Carl Woods.

Leman Reagan accompanied by his parents, Mr. and Mrs. W. B. Reagan, returned to San Diego last week. Mrs. Leman Reagan

and children remained here until they return. Then they plan on moving to Fort Worth. Johnny Marvin Woods and Ruedean Farrar of Evant were married in Hamilton Saturday night. After a short honeymoon they will make their home in Evant.

Robert Weaver of Waco was in our community Saturday.

Mr. and Mrs. Harvey Hale and family visited Mrs. Pearle Long and children Sunday.

Mrs. Dan Callaway and Aaron visited Mrs. Carl Woods Monday night while their husbands and elder sons went to the Brotherhood meeting at the park.

Rev. Hancock visited with Mr. and Mrs. Robert Long Sunday night.

SENIOR REPORT

The Seniors have had an all-out hunt for scrap this week and we got a two dollar prize for having the biggest pile. We feel that we are really doing something worthwhile when we do this for our soldiers have the equipment they need that gives them a better chance. We want to thank our sponsor and our room mothers and all who furnished cars and pick-ups to haul the junk in and to all those who gave us their junk and who helped us load it and bring it in. We would appreciate any scrap you have and would like to have hauled off. We would be glad to come and get it if you'll let us know.

PEP SQUAD REPORT

The Pep Squad went to Richland Springs Friday night and we tried to do our best. The boys didn't win the game but that was through no fault of theirs, and we are still betting on them. We still don't have our uniforms, but we hope that everyone can have them by the next home game and can have a formation. We all want to express our thanks and appreciation to Mr. Holland for making it possible for us to go to Richland Springs.

We want the football boys to know we are behind them 100 per cent. KEEP TRYING, BOYS!

FACULTY GOSSIP

We were very sorry to lose one of our very popular teachers week before last. Mrs. Thompson left to go to San Antonio.

We have a new teacher this week. We are glad to welcome Miss Featherston to our school. She teaches English I and II.

GRAMMAR SCHOOL NEWS

We are having very good time at school and we are looking forward to the time that we shall receive our report cards. We give Mr. and Mrs. Allison, Miss Nell Snodgrass, Mrs. Bowman, Mrs. Parry, and Mrs. Yarborough a very hearty welcome to our school.

Ray Ann Ford has returned to the Fourth Grade and Willard Gannaway has left the Third Grade and moved back to Austin.

Friday, October 2, Mrs. Parry and Miss Padgett brought their radios and we listened to Governor Coke Stevenson talk about the scrap iron drive. We pledged ourselves as Junior Texas Rangers. We received our pens Tuesday. We have done our best to collect scrap metal the last two weeks to help our armed forces.

The Eighth Grade has organized a club called The Douglas MacArthur Club. Its officers are as follows: President—Billie Mae Collier; first vice-president—Elizabeth Stockton; second vice-president—Robbie Jean Simpson; secretary—Reba Ford; color bearer—Jim Bob Steen; chairman of the Courtesy Committee—Carol Ward; chairman of the Health Committee—Dorothy Geeslin; chairman of the Historical Committee—Dorothy Ruth Patterson.

It seems that Kathleen Clements and Billie Joe Heath had a wonderful time collecting scrap metal together Wednesday afternoon.

A few days before the scrap metal drive we had a clean-up week. We cleaned up the grounds where the high school boys now play. Observers that passed by the grounds noticed a great difference.

IN THE LIMELIGHT:

WANDA BURKETT

Wanda is one of the most popular Senior girls. She is the daughter of Mr. and Mrs. F. E. Burkett. Wanda is about five feet four, has black hair, blue eyes, an olive complexion, a pleasing personality and many friends.

During her Sophomore and Junior years Wanda was Band Sweetheart. Her Sophomore year, incidentally, was her first year to attend Goldthwaite Public Schools. She attended school at Mullin until her Sophomore year.

Wanda played in the G.H.S. Band last year, and she has been a member of the Pep Squad. She has also belonged to the H. E. Club.

Wanda is planning to attend John Tarleton College next fall. She is going to major in Elementary Education and minor in English.

CLAUDE COLLIER

Claude is the son of Mr. and Mrs. C. C. Collier. He is fairly short in height and has dark hair and brown eyes.

Claude attended Brownwood Public Schools up until the fifth grade, when he enrolled in Goldthwaite Public Schools.

Claude is a swell kid and is quite popular with the girls.

He is planning to attend Texas University after he graduates. As yet, he doesn't know what he wants to major in.

Claude was a very active member of the G.H.S. Band during the last two years. He was also a member of the football team.

PLEASANT GROVE

By EDITH COVINGTON

Not very many attended Sunday School last Sunday.

School started Monday with 14 pupils present. Miss Virginia Stockton is the teacher.

Mr. and Mrs. Chas. Hall and daughters spent the week-end with his parents at Comanche.

Miss Janie Mae Miles visited her brother Saturday night and Sunday.

Mrs. L. B. Covington returned Monday from Grand Prairie where she visited her sons, L. C. and Chester and wife.

Mrs. George Shady is visiting for a few days with relatives and friends at San Angelo.

Miss Jewel Wilkey left Sunday for Grand Prairie to get work and visit her sister.

Miss DeAlva Virden spent Sunday with Miss Jonell Wigley.

Friends of the McMurray family of Payne Gap were grieved to hear that Mr. McMurray had passed away in his sleep early Monday morning. Funeral services were held at the church at Pleasant Grove Tuesday morning. We extend sympathy to all the family.

Hubert Berry of Tarleton College spent the week-end at home.

Mr. and Mrs. Sam Miller and Mr. Duncan and Jack visited relatives near Lometa Sunday.

Mr. and Mrs. Brit Berry and son spent Sunday at Moline.

W. F. Virden and wife visited Mrs. Collier Sunday afternoon.

Mr. and Mrs. Jude Miles and baby spent Sunday afternoon with his brother and family.

you and Alvis do pertaining to your studies?

So Billy Jack is wondering who put his name in the snoop column last week. Are you sure it was Kate?

Mary Louise Straley, I'm ashamed of you! Say, who was that good-looking soldier you were with Saturday night?

It seems Jack Hightower just can't make up his mind who it's to be. (Of all the good-looking girls around here, looks like you could decide on one, kid.)

Oh, oh! So Jimmy Caraway is going to write his own character sketch next week? He may turn out to be a he-man yet!

Don Martin and Charlene Stark didn't mind the air-conditioned ride back from Richland Springs. They were doing all right.

After about a year, Annabel and Doyle finally patched it up. Good luck, kids!

Mary Ann and Tip were seen at the game Friday night. Cute couple!

Adelaide is doing all the good. TWO dates Sunday evening and THREE Friday night.

Incidentally, there is a certain "Freshman" boy who is getting to get his eyes scratched out if he's not careful. Take a friendly hint, Darrold.

Wanda, it seems that you could find a better place to park than right in the middle of town or were you only tying your shoe?

NO WHOOPEE JUST FIGHT, DALLAS CHAMBER TOLD

(From Dallas News)

Forget Pearl Harbor and start thinking about Tokyo, Lieut. Col. Julien C. Hyer of the Judge Advocate General's Department of the Eighth Service Command advised Tuesday night at the Oak Cliff Chamber of Commerce annual banquet in the Baker Hotel.

Every individual, household, business and community must go on a war-time basis, chambers of commerce must be organized to conform to war need and the whoopee eliminated, Colonel Hyer said.

"These fellows—the Japs and the Germans—are in earnest about this thing," he said. "It's time we got a fighting spirit back of our leadership," time to talk about a stiff uppercut instead of a stiff upperlip, about buzzrads over Berlin instead of bluebirds over Dover."

Mrs. F. J. Rahl is visiting her mother, Mrs. Jesse Lowe, and expects to stay several weeks. Mrs. Rahl arrived from Lomita, Calif., Tuesday afternoon.

CENTER CITY

By Mrs. J. M. OGLESBY

Bro. Ellis preached his last sermons Sunday for us before going to conference. He has pleased the church well and we sincerely hope he will return for another year's work. He visited in the Hubert Geeslin home after morning service.

John Knight attended services Sunday after being absent several times.

J. G. McMurray died suddenly Monday morning at his home in the Payne Gap community. He was the father of Mrs. Marvin Collier and to her and all his loved ones we extend our sincere sympathy. May our Heavenly Father comfort each in their hours of sorrow.

Mrs. Archie Collier spent last week in Goldthwaite caring for the little daughter and infant son of her sister Mrs. Ray Blackburn, while Mrs. Blackburn is in a Temple hospital. We are glad to hear reports that she is improving.

Miss Wilda Geeslin, who took a business course at Brenham, visited several days with her parents, Mr. and Mrs. Clarence Geeslin.

Mrs. Woodie Head and little son, Woodie, Jr., Mrs. Head's mother and a cousin, Cecil Sexton of Arlington, visited Mr. and Mrs. C. M. Head recently.

Bro. English of San Saba will preach at the Baptist Church next Sunday night. Everybody is invited to hear him. This church is without a pastor and all are anxious to have regular services again.

Mr. and Mrs. C. M. Head are happy that their son, Arnold, is having their house improved. Work is going on nicely and it will be much more comfortable.

Mr. and Mrs. Hardy Collier

and daughter visited her brother George Mason and family Sunday.

Linden Head and Herman Collier of Tarleton College visited their parents last week-end. They like their work fine.

Spencer Adams and family of San Saba spent Sunday with his brother, Lester, and family.

Mr. and Mrs. William Huggins have purchased a nice home in Brownwood. They still own their home here but better work keeps them in Brownwood.

Mr. and Mrs. John Walton received a notice from the government that their son, Myron, had been made a sergeant somewhere in England recently. Congratulations to him and his parents.

Mr. and Mrs. Glen Walton of San Antonio visited his parents, Mr. and Mrs. John Walton, last week-end.

William Biddle left Tuesday morning for Army training. Our best wishes go with him that he will make a real soldier for Uncle Sam.

Chester Head of Fort Worth visited his family last week-end. Mr. and Mrs. Wilbur Waggoner of Killeen were pleasant visitors a short while Sunday.

CORRECTION

In last week's Eagle appeared a local—Captain Marvin Wright visited his parents, Mr. and Mrs. Bert Wright. This should have been Corporal Wright.

Miss Loraine Ducey, who is head superintendent at Baylor Hospital, spent last week-end here visiting her parents, Mr. and Mrs. N. A. Ducey.

LITTLE'S

SOCIETY

P-T.A. MEETING

The local P-T.A. met in its regular monthly session Wednesday, Oct. 14, in the Grammar School Auditorium.

The president called the house to order and immediately turned it over to Mrs. Tom Collier, the program leader. Rev. Bryant, the pastor of the First Baptist Church, gave the invocation.

Mrs. Collier introduced Miss Summers, our new Home Demonstration agent, who made a most interesting talk on "Nutrition." Of the 130 million persons in the U.S.A., 45 million are below the safety line, she said, mostly because they are not properly fed.

Why? First because there are those who do not have the means to secure the foodstuffs they actually need. These need help.

Second, there are those who do not know what to eat for a balanced diet. Third, some do not care. Fourth, because we do not produce our food at home.

This point she stressed, that we MUST grow victory food at HOME. She classed our foods in three groups and explained each group:

- 1.—Energy group.
- 2.—Growth and repair.
- 3.—Regulator group.

She explained vitamins A, B, C, D and added Z for zest we must have to go ahead in these perilous days. She also distributed pamphlets: "Help Make America Strong," and "Texas Food Standards."

After Miss Summers' splendid talk a business session was held. Minutes were read and approved. The treasurer reported a balance of \$92.98. A word of thanks was given to the children and sponsors for cleaning the school grounds.

Mr. Smith introduced three new teachers. The Freshman Class won the dollar for having the most parents present.—Reporter.

RESOLUTION

Officers and Members of Art and Civic Club:

Whereas, Mrs. W. P. McCullough was a true and faithful member of the Art and Civic Club for many years, and

Whereas, during all these years of Club Fellowship she was always an inspiration to all of us, as well as one of our most active members, serving in many capacities, always doing her part cheerfully, diligently, and efficiently, and

Whereas, she exemplified the beautiful qualities of Christian womanhood in her daily life, being a devoted wife and mother in her home and a loyal citizen in her community, and

Whereas, since her departure from this life on the 12th day of August, 1942, we shall miss her inspiration and thought in our proceedings, and shall miss her presence in our meetings; therefore be it

Resolved by this Club that the community has lost a valued citizen, the home a priceless wife and mother and this Club a highly esteemed member, and be it further

Resolved that a copy of these resolutions be presented to the bereaved family, a copy published in the local newspaper as a public testimony, and a copy be placed on our minutes in expression of the honor and esteem in which we held our departed sister.

Respectfully submitted,
MRS. A. H. SMITH,
MRS. L. J. GARTMAN.

Midway H-D Club

The Midway H-D Club met September 25 with Mrs. Ima Wicker. The lesson was the care of rays and a wool wash for Mrs. Drue Cline.

All old officers were elected for another year, except Lula Mae Horton was elected vice-president.

The club was glad to have Mrs. Effie Roberts, and invite her to come back and join us soon.

Our next meeting will be Oct. 16, with Lula Mae Horton with the Demonstrator present.—Reporter.

Mr. and Mrs. F. M. Stephens were visitors of his father, W. M. Stephens, who lives near Lampasas.

GERALD-SAYLOR

Last Friday evening at six o'clock at the First Methodist Church in Houston, a quiet, though impressive, ceremony consummated the marriage of Miss Laura Helen Saylor, daughter of Mr. and Mrs. Claude Saylor of Goldthwaite, and Lt. Robert S. Gerald, son of Judge and Mrs. R. J. Gerald, also of Goldthwaite.

The double-ring ceremony was performed by the pastor, the Rev. Clyde J. Dubrydeer. The bride was given in marriage by her brother, Billy Saylor, student at San Marcos. The other attendants were Miss Bevesa Sellers, schoolmate of the bride, and Stoddard B. Gerald, brother of the groom.

The wedding party consisted only of members of the two families, and Misses Ruth Norman of Thorndale, Texas, and Muriel Rayson of Port Arthur, Texas.

The bride was attired in a violet blue traveling suit with accessories to match.

Lieutenant and Mrs. Gerald left the following day for Florida where Lt. Gerald will enter training for four-motor bomber. Mrs. Gerald will remain with her husband during his training period.

Self Culture Club

The Self Culture Club met in the hospitable home of R. E. Clements with Mesdames R. E. Clements and Floyd Blair as hostesses. The program dealt with some of the outstanding places today in the United States.

Interesting papers were read by Mesdames John Hester, Jim Weatherby and J. J. Stephen. After the program the club enjoyed a social hour during which delicious refreshments were served. The club had as its guests for the afternoon Mesdames Marvin Hodges, Walter Fairman and Mathews of Kingsville.—Reporter.

Goldthwaite H-D

The Goldthwaite Home Demonstration Council met Saturday afternoon, Oct. 10, in Miss Sumner's office, with a good attendance. This was our first meeting with the new agent, who made an interesting talk.

House was called to order by the president, Mrs. White. Had ten minutes recreation led by Mrs. George Shady, who read a patriotic poem followed by songs—Columbia, Gem of the Ocean, Star Spangled Banner—had roll call of council delegates, when each club president gave report on their clubs; had reading of minutes and report of committees.

A nominating committee was appointed for election of council officers. The committee was composed of council delegates from Mullin, Goldthwaite and Star. As there was no further business, we adjourned.—Reporter.

Daughter Born To Goldthwaite Woman

Marian Marjorie Moore, formerly Virginia Bowman of Goldthwaite, Texas, arrived at Trinidad, British West Indies, just 450 years after that world-renowned navigator, Christopher Columbus. Needless to say, her arrival caused more commotion in the Bowman family than did Christopher's discoveries.

Though born in a foreign country, this young lady is every inch a citizen of the United States, and expects to come here at the earliest opportunity.

Her father, Jason P. Moore, is an architect and engineer in the construction of the American Naval Air Base at Trinidad.

Visiting In Dallas

The Eagle Editor is enjoying another visit in Dallas and writes that she has attended several very interesting social affairs, a contest meeting of the Poetry League, also an all-day meeting and luncheon of the Texas Garden Club Executive Board, and a luncheon of the Dallas Pen Women at their assembly meeting. She writes that she expects to be at home next week.

WE, THE WOMEN

By ANNA BELLE LANDRUM
(Dallas News)

GARDENS.

It was all my fault but really I didn't get to finish what I had in mind to say. I got this far: "I understand that unskilled labor wants 50c to 90c an hour and that it is almost impossible to get a yardman—" And the gentleman said, "Woof, woof," and ate me up from hairpins to heel taps. "Here was America caught in this catastrophic vortex and the women of the country talking about yardmen." "Woof, woof!" again. All that I wanted to announce was that I was such a versatile genius that if necessary I could make a living spading flower beds and trimming hedges.

But this gentleman put me on the defensive and I contended that America must not let her flower gardens disappear. As the author of So Your Husband's Gone to War urges women to keep up an attractive appearance and not let themselves go, I urge that you keep up the attractive appearance of your home and don't let your garden go.

After all, home is where the wife and mother is, with not too little emphasis on the "where." To discover that, suggest selling the home and hear the "Why Mothers." Home is a place to go to as well as a person. And it is not all a home until it has a flower. As long as there are sons or husbands to drift in on surprise leaves, we must keep the home flowers blooming. A flower is as essential to a home as a flag to a regiment and for the same reason. It is a symbol of the spirit, the thermostat of morale. Because people can no longer travel about to see beauty, it becomes necessary to have beauty everywhere.

Now every woman knows that fall is the vital season in the garden and determines what next year's harvest shall be. This fall there are two things of unusual concern. One is the matter of seed. A great many seed are going to be scarce next year. It grieves me to think of all the seeds of annuals and roots of perennials that are wasted every year. We must distribute our surplus this year, not only in garden blubs but in all organizations, in P-T.A.'s in Sunday school classes, anywhere there is an opportunity to divide beauty, because beauty is what the man in uniform requires. Else why are so many lads writing home about the beauty of the myriad isles of the oceans? When a presumably tough Marine writes his mother than a Carabbean island is the most beautiful spot in the world and a Coast Guard writes his wife that he is operating from the nearest place to heaven that one can imagine, the woman is challenged to see that the home front does not become drab.

But it isn't altogether for the soldier's sake that we must have flower. They are our essential, too. When a mother rushes out the first thing in the morning to discover that the paper neglected to mention that the war was over, her spirit needs a reminder that beauty is timeless. The woman who has worked all day needs a glimpse of color from the bus window to relieve the tension. The neighbors need this proof that someone is carrying on. Little children deserve this assurance that under the strain of today there is the norm of loveliness that is forever. So, save the seed of the gayest and hardest flower for a parable to the soul.

Fertilizer.

Then there is the matter of food for the garden, whether vegetable or flower. Now that we are becoming salvage conscious is the time to save the best fertilizer there is, the one God always uses in His garden, last year's vegetation. The alchemy of nature is to change every leaf and branch into more vigorous leaves and branches. Man is the only gardener who wastes such things. Save every blade of grass that's cut, every dried leaf your neighbor sweeps off the walk. Bury it in a hole in the corner of the yard and dig out later. Put it in a pen of fine mesh wire behind the hedge, or build a special home for it and keep it turning. Our artificial build-up has let us down. Inorganic fertilizers are out for the duration. We must go back to nature's way.

LABORERS NEEDED AT CAMP BOWIE NOW

Camp Bowie, Oct. 14.—The shortage of common laborers for construction work at Camp Bowie is still critical, according to Major H. E. Belsher, Camp Bowie Area Engineer.

Construction now under way will probably not be completed on schedule because of the labor shortage and the lack of results from previous appeals to laborers.

Of 500 laborers needed, only 25 are believed to have been obtained, through the operation of the Texas offices of the United States Employment Service. Transportation was sent to Dallas and Fort Worth to pick up the 25 promised workers on last Thursday, but they had not put in an appearance.

Authorized wage rate is 50 cents an hour. Applications

should be made to the Texas State Employment Service Office, 104 Main, Brownwood, or to the nearest branch office.

ADOPT THIS AMENDMENT

By GEORGE C. HESTER

IN THE GENERAL ELECTION next month, the people of Texas are to vote on several amendments to the State Constitution. One of these, which was submitted as H.J.R. Number I, is of considerable importance in changing the present policies of the Legislature in authorizing public expenditures. Each voter, therefore, should study this amendment carefully and be sure that he understands just what it would mean to our state.

PURPOSE OF THE AMENDMENT

The sole purpose of this amendment is to change the state's policy of authorizing appropriations from the General Fund that are in excess of the Fund's prospective income for the given period.

During the past several sessions, the Legislature has frequently authorized appropriations from the State's General Fund that were far in excess of the available revenue. The result, as in any system where spending outruns income, has been to create a deficit in this fund that now has grown to nearly \$30,000,000. The provision of the amendment which would hinder this practice reads as follows:

"From and after January 1, 1945, save in the case of emergency and imperative public necessity, and with four-fifths vote of the total membership of each House, no appropriation in excess of the cash and anticipated revenue of the funds from which such appropriation is to be made shall be valid."

The Amendment if adopted would work this way: It would become the duty of the State Comptroller to supply the Legislature with a statement showing the financial condition of the Treasury together with prospective revenue receipts for the biennium ahead. The Legislature then must keep appropriations within these estimates. To see that this is done, every appropriation bill passed would first go to the Comptroller. If he thinks the appropriation is within the estimated income, he will certify the fact to the Governor, who can then sign the measure. If it is apparent that the appropriation exceeds the estimated income, it becomes his duty to return the bill to the Legislature with information to that effect.

This in brief is the nature of the Amendment. The fact that a four-fifths vote of each House is required to override the Comptroller's statement would make it very difficult to appropriate money in excess of prospective revenues.

What would happen to the present deficit is another important question. Under the Amendment, the Legislature would be empowered to refund the present obligations by issuing bonds to bear not more than two per cent interest and to mature within twenty years. An interest rate of two per cent would cost the state about \$600,000 annually, which would decrease as the principal is reduced by annual installments. The principal could be liquidated by twenty annual payments of \$1,500,000 each or thereabouts. The funding of the existing deficit in this manner, however, is left optional with the Legislature.

GOOD AS FAR AS IT GOES

The above Amendment undoubtedly would serve as a real check on spending money in excess of prospective income. The old political game of "voting for all appropriations and against all taxes" frequently practiced by some legislators in the past, would be seriously handicapped.

There are other problems, however, in state finance which the Amendment does not reach. The Amendment would place no deterrent on the desire to vote more taxes, nor would it in any way lessen the demands of the spending agencies dependent on this fund. It is a step in the right direction, but other steps should follow.

Any system designed to give constructive economy in government must reach beyond the mere act of appropriating public money. It must follow through the entire spending machine and reach the real defects and weaknesses in the spending system. There are several essential features for any good plan of State Administration. The sound principles of good business our state must adopt sooner or later if its spending system is to be put on a business-like basis of economy and efficiency.

Such a plan must provide for a thorough-going system of budgetary control and fiscal management. This is the crux of the whole problem in Texas. The execution and direction of a budget is far more important than the making of it. The present policy of making up a few budgetary estimates, and then appropriate them shotgun fashion among more than half a hundred disjointed spending agencies, and to be paid out and through over one hundred different funds, is one of the farces of our state government. The present state budget system, for example, includes estimates for less than one-fourth of the state's actual expenditures and has virtually no power for effective management of the state's business affairs.

A more effective system of centralized purchasing whereby the state's vast purchases of articles, equipment, and commodities is made, and to insure deliveries according to specified standards of quality, is another vital need.

Some day we must also put an end to the ceaseless scramble for state jobs that come as political awards after every election. When the war ends, this scramble will return in all its intensity. Our state needs a merit system in its civil service—one that will curb the spoils system and patronage rackets.

Furthermore our state needs a real post-auditing system responsible to the Legislature and one that will actually audit every spending agency.

These are but elementary principles of good business. They are likewise necessary in any honest, efficient governmental system. Several states such as Minnesota, Virginia, Maryland, and others adopting such principles are proven examples of better government at less cost.

H.J.R. Number I on the November ballot is one step in the right direction. If adopted, it may serve as a strong influence in bringing about the other necessary reforms.

LOOKING BACKWARD

TWENTY-FIVE YEARS AGO

(From Eagle Files Oct. 20, 1917)

Only one case was tried in District Court this week.

Barnes and McCullough have torn away the lumber sheds which they recently purchased from J. D. Bryan at the corner of Fisher and Fifth Street. They have moved the stock of lumber to their yard on the northwest corner of the square, and will use the lumber of the sheds in other buildings.

Those who have not yet enrolled in the Red Cross society are urged to do so at once. The chapter at Goldthwaite or any of the Auxiliaries will put forth every effort to secure members and all will be glad to explain the importance and helpfulness of this organization.

G. W. Cunningham of San Angelo is visiting his daughter, Mrs. R. E. Clements, and family this city and meeting with his many friends and former neighbors.

Charley Wilson, who has been employed in newspaper work at Bryan, returned the first of the week having finished the position.

Jake Sexton, one of the employees of the depot, has been in Fort Worth this week looking after business matters.

We have not moved. We are in same old stand near depot, at the elevator, with a full line of grain and feed of all kinds.—Frizzell and Taff.

Carl Kelly is here from Waco, visiting his parents and friends. He has been engaged in carpenter work for the government for some time and will likely go from here to Houston to do carpenter work at the training camp.

Cecil Denson, who is with the government force in San Antonio, came home Wednesday for a short visit with his mother Mrs. Will Burks, and family.

E. Reynolds, one of the good men of the Mullin country, renewed his own subscription and that of his son-in-law and also ordered the paper sent to his son at Camp Travis.

State Department Health Notes

A steady increase of deaths in Texas from all forms of cancer is disclosed by the fact that over 45,000 persons have died from this dreaded disease within the last ten years, according to Dr. George W. Cox, State Health Officer.

"The public should be warned against cancer 'quacks' and so-called cancer cures," Dr. Cox said. "Advertising of medicines and so-called cancer doctors puts dangerous, misleading information before the public. Undoubtedly," Dr. Cox declared, "there are many persons who being thus delayed in seeking proper medical advice unnecessarily lose their lives to this disease."

According to the State Health Officer, there are two ways of treating cancer; namely, surgery and the use of radium and X-ray. Treatment must be started early and be carried out by a competent surgeon. In almost two-thirds of the cases surgery is relied upon to remove cancerous growths, while X-ray or radium is used to good advantage in approximately one-third of the cases successfully treated. Frequently the two methods are combined.

"The greatest defense against death by cancer is early diagnosis," Dr. Cox stated. "Every case is an emergency and it is unfortunate that the majority of those persons suffering from cancer do not seek medical advice until beyond permanent cure."

Dr. Cox pointed out that any unusual bleeding from any part of the body, any lump in the breast, or any surface sores, especially on the face and mouth, and even chronic indigestion may be symptoms denoting the presence of cancer.

"Where cancer is suspected, do not delay but consult your physician at once," Dr. Cox advised. "Self-medication, serums, colored lights, pastes, salves and diets are absolutely valueless."

GROWTH IN CHRIST

LESSON TEXT—Luke 2:40-52; II Peter 1:1-8.
GOLDEN TEXT—But grow in grace, and in the knowledge of our Lord and Saviour Jesus Christ.—II Peter 3:18.

Growth is a normal thing. We expect it of the child, and when it fails we know that something is wrong. Just so there is something very decidedly wrong in the life of the Christian who fails to grow in grace. If a child fails to grow we are alarmed, but if a Christian does not grow we hardly notice it, or at most only express our regret. We need a revival.

I. Normal Children Will Grow (Luke 2:40-52).

While Christ was God manifest in the flesh, He was at the same time true man, and as a boy He developed and grew in a normal way.

Unless we meet the tragedy of arrested development we need have no concern about the fact that a child will grow physically, mentally and spiritually. The Lord has placed in the babe in a mother's arms the potential qualities of the man or woman to come. Our chief responsibility is to provide the opportunity for the development of those abilities and qualities which the child has, and of guiding that growth in the right direction.

That is all a parent has to do, but it is enough to call for all the wisdom, judgment, patience and skill of the best of us. Yes, and even that is not enough, we need the wisdom of God and His grace upon our lives to do this vital work as we ought.

The qualities in a boy or girl which will count gloriously for God may be dreadfully effective for Satan if we permit him to get control of our children. May God help us to be alert and skillful in rearing our boys and girls.

While it is true that we can do more for the guidance of physical and mental growth than spiritual (because that is a matter of the grace of God), we can lead the steps of the little child to the house of God; we can teach him to pray and to trust God, and we can set an example of godly living before him. That is all we can do; but again we say, it is enough to demand our best effort and more.

II. Normal Christians Will Grow (II Pet. 1:1-8).

In Christ there are "all things that pertain unto life and godliness." There is no need of some added experience, or some new and striking inducement, for all the unbelievably great possibilities of Christian grace and growth are in Him. We need only to recognize that fact and yield to Him, and there will be the full development of Christian life and experience.

We have, in practice, so far departed from the normal in Christian life that we can hardly believe that the above is true. In place of the normal Christian life according to God's standard, we have established a standard based on the average Christian life. If we equal it we are satisfied, and if perchance we surpass it we count ourselves among the "more spiritual" ones. And all the time the average standard is far below the normal Christian life which God not only expects, but is ready to enable and empower us to live.

Peter tells us in this passage that the great and precious promises of God in Christ are not only to enable us to escape the corruption of this sinful world, but to go on to a place where we will neither "be barren nor unfruitful" Christians. How will this come about? Verses 5-7 tell us.

Faith supplies in itself (rather than "add to," v. 5), if there is "diligence" (that is, true Christian devotion), a number of other splendid qualities. First comes "virtue"—really moral courage, or nobility of character. What a fine step forward! Then comes "knowledge," that is, a discernment which will give practical skill in effective daily living for Christ. Such spiritual discernment will naturally lead to "self-control"—something much needed by most Christians.

The self-controlled one will always have "patience," that is, the endurance to stand every hardship and trial. We need to be more patient not only with others, but also with ourselves, even in this matter of Christian growth of which we are speaking.

A life like that is a life of "godliness," which will blossom out into real "brotherly kindness." There isn't too much of that in the world today, even among Christians. Let's revive it! Then what? The one who loves his brother will love the whole world (charity, in v. 8, should read "love"). Why not? Are we not all brethren, who know Christ, regardless of race, position or creed?

Let such virtues "abound" (v. 9), and no Christian life will lack in rich fruitfulness for God in Christ. If Christian people would let the new life within them grow, it would surprise us and them what God would do through them for His own glory.

BABSON SAYS THERE WILL BE TIRES FOR ALL IN NEAR FUTURE

By ROGER W. BABSON (Copyright, 1942)

Gloucester, Mass., Oct. 16.—I am just returning from a trip. Reports gathered from high sources confirm what I have always believed, namely, as the Baruch Committee intends, that there will be "tires for all." My readers know that last winter while in Florida that I made numerous tire experiments and wrote optimistically on the situation. I was severely criticized for emphasizing the necessity for automobile transportation and in forecasting that there would be plenty of recapping for everyone. Recent events confirm exactly what I have said from the very first.

Tire Companies Waking Up

Encouraged by the Baruch-Conant-Compton report, by progress in the development of synthetic rubber, and by the possibilities in reclaimed rubber, tire companies now await only the "go ahead" signal from Rubber Director Jeffers. They will do much to supply all legitimate civilian re-treading requirements. This re-treading material will be made from reclaimed rubber although 3 per cent may be synthetic. Synthetic rubber will mostly be used for military purposes as it will hold up longer.

The tire industry in general has anticipated the coming new developments. The big three companies have already made re-caps from both synthetic and re-claimed rubber. None of these have yet appeared on the market as their sale has been prohibited. These companies are, however, now all set to go although their productive facilities are jammed in getting out first-class off-sized tires for the military. Hence, in all probability the smaller tire companies, equipped to manufacture the size tires in common civilian use will profit most from the new set-up. This is particularly true in cases of companies whose equipment has not been removed to make way for armament machinery.

Balancing Supply and Demand

While inventories of new castings were abnormally low when tire restrictions were put into effect, stocks on hand have held up pretty well. This is due to an increase in re-treading and the fact that most cars and trucks were carrying pretty good rubber when imports of crude were shut off. When the tire ban was imposed last December only about 7,000,000 of the 27,000,000 then in use were eligible for new tires. Existing supplies, due to the efficiency and honesty of ration boards who deserve much credit, have been quite sufficient to take care of vehicles which qualify for new tires.

When Director Jeffers releases under the Baruch Plan, sufficient re-claimed rubber to re-tread 1,000,000 to 1,500,000 tires a month for 18 months it will take only three or four months to balance our tire supply with its legitimate demand.

Synthetic Coming

People speak glibly of synthetic rubber but very few know what it is. Actually, it is a substance known in the trade as Buna S. This is made by combining two other materials, namely, butadiene and styrene. Both of these are derived through chemical processes complicated to the layman. Butadiene can be made from either alcohol or petroleum; hence, the interest of the oil companies and the farmers in synthetic rubber. Behind the alcohol lies grain, molasses, or other products. The plant investment to produce esynthetic rubber from alcohol or oil is about the same namely, \$300 per ton-year capacity. However, as one of the most important items in the process is obtained as a by-product in the manufacture of aviation gasoline, the petroleum method is considered cheaper.

It is taking time to provide new plants and the necessary raw materials with which to produce the finished product. In all probability, no synthetic rubber in quantity will be available for the public until early in 1944. However, for the next 15 months we shall be able to get

along comfortably with re-treading from our reclaimed rubber. But readers can look forward with confidence to the coming of synthetic.

What About Rubber Securities?
The above means that I am bullish on securities of the tire manufacturing companies although they have already risen considerably above their lows. This should encourage local tire

dealers, garages, and real estate owners who are now suffering from tire restrictions. As for the supplies of gasoline, I do not worry at all. The need to conserve tires and to release transportation facilities for more important purposes, rather than any actual scarcity of gasoline, are the real reasons for its rationing except in districts depending upon ocean delivery.

Small Towns And The War

Richard Johnson, writing in the magazine "Domestic Commerce," says that the small towns of the Southwest are doing as well as the large cities under war conditions, if not better.

As Mr. Johnson points out, it was said a few months ago that the process of gearing the nation to war would be ruinous to the small towns. I seem that the pessimism was not justified.

No doubt, there are many towns whose residents will disagree with this optimistic report. Towns differ as much as cities in the conditions which determine their prosperity.

But the fact that the towns, most of them, are doing their own, shows how easy it is for prophets of doom to be wrong. It takes more courage to be a pessimist than an optimist. For this reason, no matter how fair prospects may be, there is always some one ready to point out that disaster is coming.

Undoubtedly, as the war requires more and more sacrifices, residents of the small towns will experience their full share of hardship but it is safe to say, that when victory comes, the small centers of culture and trade will flourish as usual. As a matter of fact, the process of urban decentralization, which was evident before the war, is likely to be more helpful to the towns in the future than it has been in the past.

TREASURER'S REPORT

COMMISSIONERS' COURT, Mills County, Texas, in regular session, October Term, 1942.

IN THE MATTER of County Finances in the hands of Mrs. W. L. BURKS, Treasurer of Mills County, Texas:

WE, THE UNDERSIGNED, as County Commissioners within and for said Mills County, and the Hon. R. J. Gerald, County Judge of said Mills County, constituting the entire Commissioners' Court of said County, and each of us, do hereby certify that on this, the 12th day of October, A. D. 1942, at a regular term of our said Court, we have compared and examined the report of Mrs. W. L. Burks, Treasurer of said County, for the period beginning on the 31st day of June, A. D. 1942, and ending on the 30th day of September, A. D. 1942, and finding the same correct have caused an order to be entered upon the minutes of the Commissioners' Court of said County, stating the approval of said Treasurer's Report by our said Court, which said order recites separately the amount received and paid out of each fund by said County Treasurer since her last report to this Court, and for and during the time covered by her present report, and the balance of each fund remaining in said Treasurer's hands on the said 30th day of September, A. D. 1942, and have ordered the proper credits to be made in the accounts of the said County Treasurer, in accordance with said order as required by Articles 1636-1637, Chapter 1, Title 34 of the Revised Statutes of Texas, 1925.

And we, each of us, further certify that we have actually and fully inspected and counted all the actual cash and assets in hands of the said Treasurer belonging to Mills County at the close of the examination of said Treasurer's Report, on this the 30th day of September, A. D. 1942, and find the same to be as follows, to-wit:

Lampasas
Mrs. W. B. Abney died at the home of her daughter, Mrs. H. L. Faulk, in Brownsville Saturday, Oct. 3, at 3:30 a. m. She had been in poor health for many years and had been seriously ill for a year or longer.

In response to a letter written several days ago by Mayor R. J. Paine in which he outlines the reasons why Lampasas would oppose the moving of the Santa Fe station out to the main line and out of town proper, A. C. Ater, general passenger agent, said: "The matter is of such importance to the proper operation of our trains that it seems advisable that we submit application to the Texas Railroad Commission, asking that they set the question down for hearing, where each side may present its evidence, and perhaps the Railroad Commission could work out a solution for us."

B. L. O'Neal, 76, and citizen of this section for more than a quarter of a century, died at the family home in the Nix community Saturday, Oct. 3, at 7:15 p. m. He had been seriously ill since March of last year.

Edwin Alexander, son of Mr. and Mrs. P. H. Alexander of near Lometa, and Miss Georgia Ivy, daughter of Mr. and Mrs. Harvey Ivey of Lometa, were married Tuesday, Oct. 6, at 11 a. m. The Rev. Victor J. Janek, pastor of the Presbyterian Church of Lampasas, officiating, the wedding taking place at his home.

Miss Winna Willy, daughter of Mr. and Mrs. Walter A. Willy of Adamsville and Sgt. Joe H. Earle of Palestine were married Thursday, Oct. 1, at 5 o'clock p. m. at the Travis Park Methodist Church, San Antonio. The Rev. Reginald Hardy officiated, the single ring ceremony being used.

San Saba
In the past 30 days, Sullivan Lumber Co., San Saba buyers of scrap metals, have shipped out four carloads of scrap metal to the steel mills and foundries of the northeastern states, totaling 320 tons, with another carload of 80 tons of steel already processed and ready to go as soon as a car is available, which brings gross total of 800,000 pounds collected in the past 30 or 40 days.

Wayne Bohannon, 62, son of Mrs. Jesse Bohannon of North-east community and a brother-in-law of Mrs. W. F. Sullivan, died at his home at 204 Taft Boulevard Sunday, following a long illness. Funeral services were held in the Rede Funeral Home in San Antonio Tuesday afternoon at 1 o'clock, and burial was in the Mission Burial Park.

Over at San Saba's cotton yard, which has been a very busy spot the past two weeks, about 1,780 bales had been weighed in there this season up to 5 p. m. yesterday. Mr. Behrens stated. A number of farmers did not stop to weigh their cotton but took it home with them for later disposal.

The 1942 cotton crop, which is unusually good, all but the acreage, is being gathered and the gin often runs into the night. Up to Wednesday night there had been 451 bales ginned and most probably by the time you read this they will have passed the 500 mark, which is more than was ginned last year.

Ginners and cotton buyers who are buying remnant cotton in the form of bolls are finding that they are unable to sell it, C. L. Walker, Jr., chairman of the Chamber of Commerce Agriculture Committee, says. Unless there is some change, they will be unable to continue buying, he said.—Reporter.

Comanche
Charlie Williams, Fort Worth contractor and District Governor of the Lions Club, visited the Comanche club at its bi-weekly luncheon at the Ridgeway Tuesday evening and made an excellent talk on Lionism and the club's part in the war.

An honorable discharge from the Army may serve now as a legal substitute for a birth certificate, says a notice from the American Legion.

Attention all people in the residential section of Comanche, De Leon and the rural section of Comanche County: We are going to poison for rats all over Comanche County the night of Wednesday, October 21. People wanting to receive this poison to kill rats, can get applications from the superintendents of the schools in the county.

Funeral rites were held Thursday at Taylor's Chapel for "Uncle Joe" Burns, who lived in the Cotton Grove community

and had been a citizen of Comanche County for over a half century. He is survived by his widow.

"The peanut farmer in Comanche County stands to make his best money crop in several years," says Walter Durham, manager of the Durham Pecan and Peanut Company at Comanche, who cites the case of a renter of one peanut farm in the Proctor community, to whom the Durham firm gave a check for over \$4,300 last week for his quota peanuts on a 100-acre sandy land strip. "Besides this," explains Mr. Durham, "he wasn't through threshing all his peanuts, and had consigned all his excess peanuts for oil stock to a government warehouse."—Chief.

ginnin greport as follows: Census report shows that 251 bales of cotton were ginned in Hamilton County from the crop of 1942 prior to October 1, as compared with 236 bales for the crop of 1941. Report was submitted on October 6.

Relatives and friends in Hamilton were deeply saddened to learn of the death at Fort Worth on Wednesday night of Mrs. Hettie Bacon Shannon.

Funeral services were conducted at the Pilgrim's Rest Primitive Baptist Church Saturday afternoon at 3 o'clock for Jesse Leon Conley, 46, who died suddenly from a heart attack at his home near Purlmea shortly after 5 o'clock last Friday morning. Mr. Conley had been in failing health for some time, but his condition was not believed to be serious, and his death came as a sorrowful shock to his family and friends.—News.

SOMEONE'S LIFE IS IN YOUR HANDS!

ROUND up your scrap metal—it's needed to make steel. Steel for armor plate to protect him from bombs and bullets. Steel for weapons to help him do the job that must be done before he can come home again.

What happens after that depends on all of us. If production falls and you've not done your part, will you rest easy?

Next week we're starting a collection drive — to build the biggest stockpile of scrap metal you've ever seen. Then when the mills need it, we'll have it—because you came through... for his sake!

You don't want production figures. It's enough to know that 50% of all new steel is made of scrap—that our steel mills now have only enough scrap in sight to last another 30 days

J. G. McMURRY
 J. G. McMurry of the Payne Gap Community passed away at his home Monday morning. Death was caused by a heart attack. The body was laid to rest in the Pleasant Grove Cemetery Tuesday morning at 10:30, services being conducted by the Rev. W. J. McMillan, minister of the Church of Christ at Lometa. Mr. McMurry is survived by the wife, two daughters, Mrs. Marion Collier of Star and Mrs. E. J. Jordan of Austin; and four sons. Johnnie of Brownwood, Ralph of Hobbs, N. M., Fred of Lometa, and Bill of Payne Gap. All the children attended the last rites.

Out-of-town friends and relatives who attended were: Mr. and Mrs. Roy Kirby, Mrs. Steve Smith, John Fisher, Mr. and Mrs. John Sawyer and Mrs. Ray Thompson, Lometa; Ernest Wise-man, Mrs. Kate Wilson, Mrs. W. B. Walker, Belton; Mrs. Jordan, Austin; Lewis Hudson, Mr. and Mrs. Tom Collier, Mrs. Mallie Benningfield, Mr. and Mrs. Apton Higgins, and Mrs. Carl Higgins of Goldthwaite.

Mrs. Will Burks and Miss Grace Denson visited in the Tom Williams home at Center City last Sunday.

MARINE CORPS RECRUITERS TO BE IN BROWNWOOD

There will be a United States Marine Corps recruiting party in Brownwood today and Saturday for the purpose of interviewing and accepting applicants for enlistment in the Marine Corps.

All men who are accepted will be furnished transportation to Dallas by Marine Corps station wagon. The requirements for enlistment are: Be between the ages of 17 and 36 years, 63 to 75 inches in height, weight not less than 110 pounds, either married or single, no police record and have at least a grammar school education.

BABY TYSON
 Baby Charles Ray Tyson, son of Mr. and Mrs. Charles A. Tyson, passed away last Sunday and was buried Monday at the Odd Fellows Cemetery here. Rev. D. A. Bryant, pastor of the First Baptist Church, conducted the services in the parlor of Fairman Funeral Home.

The baby was born on August 4, this year.

CARD OF THANKS
 We wish to express our sincere thanks for the many kind deeds and words of sympathy extended to us during the loss of our dear husband and father.—Mrs. J. G. McMurry and Children.

Americans, don't miss seeing "Joe Smith, American" Saturday night and Sunday matinee—Melba Theatre.

Sgt. Ben Patterson of Camp Bliss is spending a 10-day furlough with relatives here.

Miss Gloria Armstrong and Dwane Barron of San Antonio were week-end guests of her mother, Mrs. Annie Armstrong. Mrs. Lila Crawford and Mrs. H. L. Claunch and Mrs. Bulah Sauters spent last Sunday in the home of Mrs. R. D. Evans at Scallorn.

Chaplain Father Joseph Moos of Camp Bowie on Monday was a guest of the Rahl and Woody families here.

Mrs. Harry Record and her aunt, Mrs. Lela Horton of Floydada, were on their way to Temple and stopped off for a visit with Mrs. Record's aunt, Mrs. W. O. Holland, last Saturday night.

MELBA THEATRE NEWS

"JOE SMITH, AMERICAN"
 Action, suspense and excitement are adroitly mixed in "Joe Smith, American," with Robert Young giving a powerful performance as a man who outwits a gang of thugs in as unexpected a climax as has been seen on the screen in some time.

The story is as timely as this morning's front page. Young has the title role of a steady, unassuming worker in an aircraft factory. Marsha Hunt is his wife and ten-year-old Darryl Hickman portrays their son.

They are symbolic of the average young American family. Young is detailed to work on a secret bomb sight which draws the attention of four enemy agents. He is kidnaped and tormented, but refuses to divulge the secret mechanism. His escape by a dramatic ruse is logical and his swift memory serves to capture the gang in a brilliant climax. Blindfolded while their prisoner, he remembers what little he can see below the bandage. An ink spot on a shoe, a ringer ring, a scratch on a door, and a broken hub cap on an automobile, all serve to lead the federal sleuths to the haunt of their quarry.

"MAISIE GETS HER MAN"
 Comedy, is the keynote of "Maisie Gets Her Man," new M-G-M film which shows Monday, Tuesday and Wednesday at the Melba Theatre. The film, which co-stars Ann Sothern and Red Skelton, is the most successful of the series about Brooklyn-born Maisie.

Although cast as a corny vaudeville comic who doesn't quite make the grade, Skelton has never been funnier. An army-camp sequence which concludes the film is one of the most hilarious scenes of the season, thanks to the expert comedy talent. As Maisie, Miss Sothern has never been more brilliantly entertaining.

In this new "Maisie" picture Miss Sothern emerges as a knife thrower's assistant who is out of a job. She wanders into the "Larceny Building." There she meets Skelton. They form a vaudeville team which fails and they get into trouble when they become involved with a shady health-water racket.

EBONY—
 By CLEMENTINE WILMETH BRILEY
 The Ebony post office and store is to be retained, but will be moved to the corner of the Bob Egger pasture across the road from the dipping vat. P. R. Reid plans to move his house right near this location, but on the Charm Whittenburg tract. Here Mr. and Mrs. Reid expect to live until they find a place where they want to locate permanently. Then Charm will take the house off their hands and will improve this site for his home.

Mrs. Hattie Whittenburg does not know definitely yet what she will do, but thinks she will move her house probably near to the home of her son, W. C. Whittenburg.

Loyt Roberts has sold his house and it has been moved to Brownwood. He and Mrs. Roberts and the boys are for the present living in the Charlie Roberts house. This house has been retained by the army.

Mr. and Mrs. Charles Roberts are at Marlin where he is being treated. Hubert Reeves, who has been working at San Marcos, is at home again, and is back at work in Camp Bowie.

Earl Day, who owns the house built by Ebony's beloved physician, the late Dr. G. W. Hutchison, is contemplating moving the structure to Brownwood.

Mrs. Nellie Malone, who has already passed her 79th birthday walked about a mile recently to spend the night with her neighbor, Mrs. Irene Reeves, who was alone that night.

Hard Jones, who has stood his first examination for army service, has been deferred for 60 days.

Mrs. Edna Dwyer had dinner with Mr. and Mrs. J. R. Briley Sunday after church.

Mr. and Mrs. Edward Egger visited relatives and attended the revival at the Austin Avenue Church of Christ in Brownwood

SPECIAL DOUBLE FEATURE—
'SECRET of the WASTELANDS'

A Special William Boyd (Hopalong Cassidy) Western with Beautiful Scenery.

Also "FATHER TAKES A WIFE"
 Featuring Adolph Menjou and Gloria Swanson, R.K.O. has produced an hilarious comedy that will keep you laughing from start to finish.

And Chapter V of 'THE JUNGLE GIRL'
 This Jungle Chapter play is really interesting. Plenty of action and wild animal life is shown.

Saturday Night, Sunday Matinee
'JOE SMITH, AMERICAN'

Robert Young and Marsha Hunt are starred in one of the best family pictures that Metro-Goldwyn-Mayer has ever made. The management personally recommends that every member of every American family should see "JOE SMITH, AMERICAN."

Monday Matinee and Night, Tuesday, Wednesday

'MAISIE GETS HER MAN'

Ann Sothern and Red Skelton present the best Maisie ever shown. People of Mills County have always liked Maisie and now Maisie and Red Skelton together surely will doubly please us.

 Peanut harvesting got under way last week with Albert Hardin and the Reeves tractor plowing up, Gene Egger and his tractor shaking, and J. R. Reeves, Charlie Griffin, Ira Egger, J. Wilkins, and W. T. and Charles Singleton shocking. They got the Albert Hardin and J. R. Reeves crops last week, and intended to start the first of this week on the Griffin farm. Jim Welmeth and John Briley, who by rights of years should be on the retired list, helped one another harvest hay last week. Mr. and Mrs. Platt Hollis stored their furniture with friends and relatives and left last week for California. Since they had to move from the maneuver area, they thought they would follow their son Elvis who is working in a defense plant in Los Angeles. The scrap iron truck began collecting scrap here Monday, and we really are glad to have a chance to send it off.
