NUMBER TWENTY-FIVE

THIS IS 4-H CLUB MOBILIZATION WEEK IN MILLS COUNTY, NATION

By GERALDENE SUMMERS
Mills County Home Demonstration Agent.

Calling members and leaders to the 4-H colors! The occasion is Mills County 4-H Mobilization Week. The purpose—to enlist every available rural boy and girl in the 4-H Victory program, to establish record-breaking wartime objectives, and to intensify efforts which will help to win the war.

In a three-fold Production-Conservation-Service job, Production stands out as most important in 1943. Secretary of Agriculture Wickard has said, "Every farm boy and girl in America has a man's part and a woman's part to play in helping win the battle of production—want you to know that you are in the fight when you help produce food, fibre and oil."

1943 is THE year. It's to be the most momentous year in modern if not in world history. Certainly it is the year when 4-H members will join with their parents and neighbors in an all-out effort to produce the mightiest crop of food of which the nation is capable.

It should be the year for every eligible Mills County rural youth to be enrolled and active in a 4-H Club, supervised by adequate leadership. There is much—very much—to be done.

Present needs are obvious. Of course, our first great need is to produce more food. Next, there is the need for preserving and marketing it. So, 4-H stresses food conservation. Canning millions of quarts of vegetables, fruits and meats, 4-H girls are no small factor in maintaining rural health and thrift.

And there are figures to show that farm folk outlive city folks. By adopting health habits, learning first aid, and by eliminating accident and fire hazards, 4-H members help to lighten the load of the remaining doctors.

Then there is something in 4-H which raises its members to the status of young men and women, ready to help their families, and to take on civic responsibility and render service to others. Some folks call it morale building or teaching democracy. Four-H leaders say members LIVE democracy.

This thing called democracy was certainly shown throughout the schools in Mills County this week, when each of the 4-H Clubs met and discussed their 1943 production goals.

Last Friday night out at the Prairie Community, the 4-H Club boys and girls took charge of the meeting. After the theme song, "God Bless America," the club pledge, the Pledge of Allegiance, and the Club Prayer were given. Each of these was led by a club boy or girl. Virginia Aldredge, candidate for the Gold Star Girl in 1942, gave a summary of her achievements since belonging to the 4-H Club. Doyle Cranford, president of the Boys 4-H Club, gave an interesting talk on 4-H Club work.

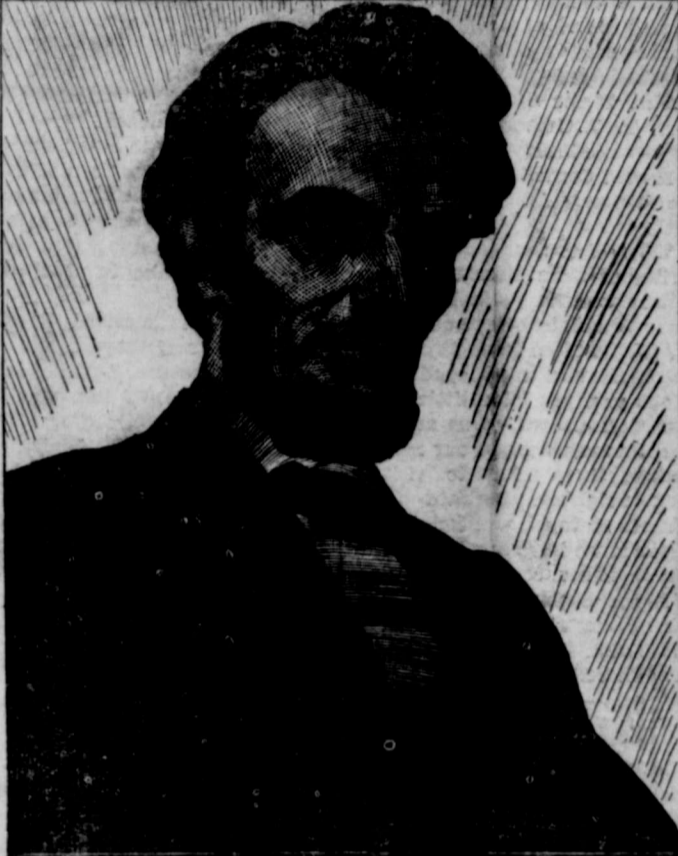

"Four-H Clubs are needed more than ever in 1943," said Mrs. Cleo Hodges, leader of the 4-H Club work, in a short talk. This was followed by talks by Home Demonstration Agent Geraldene Summers, County Agent Glover, and Maurine Hearn, District Agent.

Meetings throughout the county were held in connection with the Mills County 4-H Club Mobilization Week.

FISHER INTRODUCES BILL TO TAX LAND ACQUIRED BY ARMY

Congressman O. C. Fisher of the 21st Texas District, in a letter this week to the Eagle, says he has introduced in the House a bill—H. R. No. 1578—which would provide for taxation by the states and their political subdivisions of real property acquired for military purposes.

Mr. Fisher says: "As public officials and others of Mills County had advised me of the need for a compensation for the land taken from the tax rolls, I felt your readers would be interested. A similar measure has been introduced in the Senate, and I am hopeful of seeing the proper action being taken by the Congress in the near future."

The bill provides that all real property in the United States which, since January, 1940, has been or shall be acquired by purchase, condemnation or otherwise by the U. S. for military purposes together with improvements, shall remain subject to taxation by the state and political subdivisions in which such property is located.

13 CARS OF FEED WHEAT ORDERED BY MILLS CO. FARMERS

As an indication that Mills County Farmers are doing their part in the increased production of meat and eggs, orders have been placed for 13 capacity carloads of feed wheat from the Commodity Credit Corporation. This is a total of 1,170,000 pounds.

Five carloads have been received and delivered to the farmers, and three additional carloads are expected immediately. Present delivery prices are \$1.62 per hundred pounds.

Any person needing feed wheat for poultry or other livestock, should order at once, since the 125,000,000 bushels allotted by the Commodity Credit Corporation for feeding purposes will likely be taken up very soon.

NOTICE
The Goldthwaite FSA Office will be open Tuesday, Feb. 16, instead of Wednesday. Please come to the office Tuesday if you have any business to attend to.

CONTINUATION OF MEAT CURING IN MILLS COUNTY

Wrapping Of The Meat
After curing, meat should be wrapped only after it has been allowed to thoroughly dry. When meat is not wrapped after it is dry, a slow oxidation of fat takes place, which causes rancidness, dark color and strong flavor. Wrapping meat tends to prevent this, besides furnishing the best possible protection against flies and other insects.

Before wrapping meat, sage or black and red pepper or other spices may be rubbed lightly on each piece of meat for added flavor. Wrap the meat first in cheese cloth or flour sacks. Mrs. Mary Welch of the Center City Club uses old sheets. Next wrap the meat tightly in paper. Parchment paper is excellent but any heavy plain paper will do. After wrapping put the meat in bags or wrap again in heavy brown paper. It is difficult to prevent some mold from forming. With cloth next to the meat, however, much of the mold that forms will be removed with the cloth, whereas if paper is next to the meat it will stick to the meat and be hard to remove.

Turn the strings in before wrapping. Do not hang the meat in storage by strings that are tied directly to the meat. The wrapped meat should be tied tightly and looped from the outside and hung by this outside string. If a paper bag is used, fold the top of the bag over several times and tie it tightly. If the meat is simply wrapped in paper, it is a good idea to seal the edges with glue. Further protection can be added by painting the entire outside of the entire piece of wrapped meat with yellow wash or with ordinary lime wash to which glue has been added.

low wash or with ordinary lime wash to which glue has been added.

Yellow Wash
The following is a standard formula for yellow wash and is sufficient for about 100 pounds of meat:
3 pounds Barium Sulphate
1 1-4 ounce Yellow Ocher
1 ounce Dry Glue.
6 ounces Flour.
Mix the flour in a half gallon of water, stirring until smooth. Dissolve the yellow ocher in one quart of water and add this solution, together with the glue, to the flour mixture in the pail. Bring to a boil and add the Barium Sulphate slowly, stirring constantly. Make the wash the day before it is to be used so that it will have time to cool. Stir frequently while using and apply with a brush.

Protect Meat Against Skippers and Mold

When meat is properly washed, dried, and wrapped, it will keep in good condition. This is the best protection against skippers, insects, and mold. It is very important, however, to see that the meat is thoroughly dry before it is wrapped, because if the meat is still damp when wrapped mold will likely form. A reasonable amount of mold does not hurt the meat. Very often high quality meat is allowed to mold and before the meat is cooked the mold is removed.

Therefore, if mold should develop on your meat, it need cause no serious worry because it can usually be rubbed or cut off without loss. Mold may easily be removed by scrubbing the surface of the meat with a brush dipped in hot water. Another good way is to wash the meat with a cloth dipped in vinegar and then rub the meat with a little warm lard.

SOLDIER LETTERS

FROM EAMMON PERRY

The following letter was received by Mr. and Mrs. G. T. Perry from their son, Pfc. Eammon Perry, U.S.M.C. Unit 260 C, of P. M., San Francisco, Calif.:
January 6, 1943.

Dearest Mom and Dad:

Again I will drop you a few lines to let you know that I am o.k. and I pray God that you are the same. I received your package yesterday, the 5th. The contents were very good and it went to the boys as long as there was a piece. Thanks a million, Mom, with a million kisses. Tell Mrs. Moreland hello, and how nice it was of her to send what we Marines call all cookies and candies (pokie bait.) Tell her thanks a million for them, too.

I am still doing the same things that you imagine I am doing. Nothing bad about it, of course, and everything goes in our favor, I am still very glad to say.

Tell all the kids hello for me and see that they go to school every day that they can possibly make it, most especially Willie. What does that little wane do besides fight, can you tell me, Mom? Well, be good with lots of love to all, your son and brother,
EAMMON.

FROM JOSEPH HAWKINS

The following letter is from Pvt. Joseph O. Hawkins of the 25th TSS (SP), Lowery Field, at Denver, Colo., by W. F. Sutherland, Moline, Route:
Feb. 1, 1943.

Dear Folks: How are you getting along by now? Fine, I hope. I m o. k. and sure would like to see you. I got a letter from you just now. Sure was glad to hear from you. You wanted me to tell you who wrote that letter. You did. Goody. I had my thinking cap on that time, ha, ha.

Today was Noche's day off and we stayed together all day. Noche had some pictures made. I am going to send you a picture. It has been warm up here for the last few days. Sure hope it stays that way. Sure will be glad when I get to come home. Noche and I are going to town Sunday if we can. Well, tonight is another work night for me. I doubt if they ever learn me to cook, ha, ha. I sure will be glad when I finish school. Imagine me and Noche being school boys again, as bad as we hate to, and we can't play hookie, that's the bad part about it. Oh, well, this war is going to be over soon, I hope. I sure hope Granny gets along all right. Well, Aunt Lizzie I guess you are getting tired of reading such junk, so I will sign off. Answer real soon. With lots of love,
OREN.

FROM BUDDIE SUTHERLAND

The following letter was received by Mr. and Mrs. W. F. Sutherland from their son, Pvt. Buddie L. Sutherland, at Lowery Field, Denver, Colo.:
February 2, 1943.

Dearest Mother and Dad:
Well, folks, I will answer your letter I just received. Sure was glad to hear from you all, and that you all were getting along all right.

Well, I am o. k. and doing fine, I guess, or at least I hope I am. Today was my day off, so Oren and I spent it together. It sure is nice for us to be here together.

Well, Mom, I had some pictures taken today, and just as soon as I get them I will send them to you. I sent you some pictures of the state of Colorado today. You can show them to all my friends down there.

It is some warmer up here now and I sure hope it stays warm for a while anyway. I can't tell you anything about the town of Denver, because I have not been to town. What is the use of going to town when we have everything right here in camp that you could want? They have big dances out here in the camp, shows and everything. This is more like a town than an army camp, because everywhere you look there are women and children. We have women postmasters, teachers and the P. T. is full of women, as a man will bring his whole family out and take supper in the camp. This seems more like living in some town.

Well, Mama, I will tell you a little about our school. We take the pictures, develop them and print them. We learn to take

CEDAR KNOB—

By Mrs. ELMER SCOBY

The winter weather seems to be relenting somewhat, but according to ground hog tradition we may be in for some more, as the old boy had a chance to view his shadow.

Walter Schorn spent last week end in Copperas Cove on business.

Mr. and Mrs. Boss Cornelius visited Mr. and Mrs. Elmer Scoby and mother Saturday night.

Mrs. Elmer Scoby called on Mrs. T. C. Graves and children in town Saturday afternoon.

Harold Cornelius will leave for Uncle Sam's Army on February 14th.

We notice that our Scallorn writer says we should get our letters in each week, but as we have to obtain our news mostly on foot it often takes two weeks to obtain any worth sending in. We should not let a little thing like that discourage us any. We can remember when our mother walked three miles to visit a sick neighbor. Perhaps these strenuous times will help us to prove if we have any of the fortitude our ancestors had.

Elmer Scoby had word from his brother at Camp McCoy, Wis. He stated that he would be transferred soon.

Mrs. Mary Wilcox

Mrs. Mary Ann Parker Wilcox died at her farm home near Goldthwaite January 27 and was buried at Center City Jan. 29. She was the wife of J. J. Wilcox, who preceded her in death several years. To this union ten children were born. She is survived by six children. They are L. F. Wilcox of Hamilton, Mrs. Henry Culp of New Mexico, Ben Wilcox of Odessa, Corbie Wilcox of Goldthwaite, R. J. Wilcox of Goldthwaite, and H. R. Wilcox of California.

Mrs. Wilcox was born in Angelina County, Texas, 36 years ago the 15th of January. She had been a member of the Primitive Baptist Church for 60 years.

Pallbearers were her grandsons, Clarence Wilcox, W. W. Young, Jeff Culp, Olan Culp, C. Culp and Joe Petree.

Miss Bonnie Fern Doggett left last Sunday night for Brennan, where she entered NYA school.

Mrs. L. J. Gartman left Wednesday for Houston to be with her mother, Mrs. Paxton, who had the misfortune to fall and split her hip bone.

pictures with all kinds of cameras, the camera I like best is the C13. It really is a swell camera, and costs about \$300 with all equipment. This is my fourth week of school, then I just have eight more weeks of this school and I will be ready to ship out from here. I sure hope I come back to good old Texas.

There were 50 girls started to school in the same building I go to school in. Tell all the Shipman family hello for me. Well, I will sign off for this time because I can't think of anything to write. Write real soon. Lots of love.
BUDDIE.

P. S.—Tell everybody in Goldthwaite hello.

He was united in marriage to Miss Mattie Jane Dawson of this community when a young man, and to this union were born six sons and one daughter. His wife preceded him in death in 1924.

SENIOR REPORT

The Seniors have finally chosen their play, which, if everything goes according to schedule, will be put on some time next April. The title is "Everybody's Crazy," which, as Mrs. Barnett puts it, fits the Senior Class perfectly. At any rate, they hope to make it the best play ever put on by a Senior Class. Additional copies of the play have been ordered, and the students are busy deciding which part they will come out for.

The Senior rings, it has been reported, won't be here until some time in March. We expect to order our invitations some time soon.

Quite a few seniors are having trouble finding enough classes to complete their schedule, since the bookkeeping and business arithmetic classes have been discontinued. We hope to get set soon, however.

REPORT ON PUBLIC SPEAKING CLASS

(Beryl Oglesby)
 Mid-term being over, the Public Speaking Class has returned to former business. We are glad to welcome the new members and sorry to lose the old ones.

The long anticipated "Dramatics" has finally approached. We have four new plays we intend to produce. One is "Sadie and the Saboteurs," in which the characters are hill-billies. The others are "Sparkin'" and "Antic Springs." The fourth play has not yet been decided on. They are all full of fun and promise a laugh.

How can we act our parts well enough, we plan to perform in some night for those who would like to see them.

DUTY GOSSIP

The typing classes are very busy to have Mr. Johnson to teach them typing. A new subject has been opened in high school to take the place of bookkeeping and business arithmetic. Those two subjects have been discontinued for the rest of the year due to the change of teachers. Mrs. Welch will teach the new subject.

THE LIMELIGHT

MARY LOUISE STRALEY
 Mary Louise is the daughter of Mr. and Mrs. K. V. Straley. She attended school during the fifth grade of Grammar school. Since that time Mary Louise has remained with the class and has been loyal to friends and class. Mary Louise is one of the quiet girls, but is well known to everyone as being a very adorable, and friendly girl.

Mary Louise has been a member of the squad every year and a very

loyal one. She was also a very active member of the Home Economics Club.

She plans to attend Draughtman's Business College at Dallas when she receives her diploma from Goldthwaite High School.

Likes—Scott Ball.
 Dislikes—"Naughty" boys.
 Ambition—To play hooky.
 Weakness—"Sweets."

LORENA SMITH

Lorena, the friendly and always smiling girl of the Senior Class, is the daughter of Mr. and Mrs. Fessler.

She has been a member of the Goldthwaite Grammar School and High School all of her eleven years.

Lorena is one of the most popular Senior girls and has been very popular throughout her school years. She was drum majorette during her junior year and one of the yell leaders of the pep squad this year.

She hasn't decided as to what she will do in the future, although we are sure whatever she chooses will be a success.

Likes—Eli.
 Dislikes—Competition.
 Hobby—Chewing "gum."

Seems like Mary Nell did pretty good at San Saba last week. Billy Hartley came to see her this week-end.
 Poor John! He sits out at Burkett's all alone now. Maybe Kathleen will come back some day, John.
 That Billy Jack does all the good. He went with Lucy R. Wednesday night, Macalee Friday and Saturday night, and Mary Nell Sunday night. Say he don't get around!
 Dorothy Nell can see Miles and Miles, and—oh—we forgot to tell you Miles McDowell was the good-looking boy she was with this week-end.
 Say, Patsy, who was that boy you came back from San Saba with last night? I don't think it was Coke or Jolly either one.
 Say, a new couple has arrived on the scene. Mary E. seems to have hooked J. G. Harrel. Were you just getting in from Saturday night, or did you come home long enough to change clothes?
 Hawley, can't you get up enough courage to ask Merlene for a date? I don't think she'd mind much.
 Say, Mary Nell, you really rate with the army men, don't you? At least you receive letters from about four or five of them. Maybe one of them will come back.
 If you'll listen to Velma I believe you'll hear her singing the "Woodchoppers' Ball."
 Lewis, were you sick Saturday night or was that your excuse to get Kate and "friends" to come to see you?
 Mary Ann, your San Saba boy friend has been in Goldthwaite a lot lately, hasn't he?
 Lucy, what's the matter—is it the teacher, English, or school that gave you the reason to want to be abandoned from English class?

lor, Melba Denson, Virginia Howard, Carol Ward, Jean Casbeer, Cleoneta Dempsey, Robbie Gene Simpson, Helen Hodges, Elizabeth Stockton, Lucy May Whitely, Christine Ince, Hazel Byrd, Doyle, Laird, Jim Bob Steen, Charles Bird, Allen Moreland, Herbert Horton, George W. Jackson, and Lawrence Weathers.

The Fifth Grade had charge of the chapel program last week. They presented a play entitled "The Sewing Society." It was very entertaining and was enjoyed by everybody.

The first grade has put up their Valentine Post Office.

Norma Featherston had a party last Friday night. Those present were Louise Collier, Nancy Collier, Alene Bird, Christine Tray

Did Melba Denson get her mother to let her walk home with Jim Bob S? We wonder.

Since the girls always have bright colored ribbons among their curls, Snoozie wonders why some of the boys don't accept this fashion too.

There was an unusual gathering of some patriotic (?) citizens last Sunday night when the walking news came over the air. Only it was not a walk, but a run on a local store where shoes were knocked off like our boys in the Solomon.

Mr. and Mrs. Charlie Hunter have returned to their work at Corpus Christi after a ten-day visit with homefolks. They both are looking fine.

Miss Golden Witty of Brownwood spent Monday with her parents, Mr. and Mrs. J. J. Witty.

It's nice to be lucky, nice not to feel the effect of rationing. Here's how it's striking some of our people. Mrs. Milford Lee says: "Coffee doesn't bother us. We don't drink it, anyway." Mrs. Dave Thompson has a word: "I don't eat meat; so I'm not worrying." Christian Goode adds: "Well, I don't use sugar—so what?" And I like cloth fabric shoes. We'll get the things to get by with; so why waste gas and rubber making runs. If we can't do our patriotic duty, we deserve to have our heads blown off. And that's like being a Christian—if we are not as loyal as we should be, God's going to put us in a concentration camp with an over-lord that Hitler can only imitate.

The quilting club met at Mrs. Stone's last Thursday afternoon, with 19 members present. Two quilts were finished, except the binding.

COMMISSIONERS IN REGULAR MEETING

Mills County Commissioners' Court met in regular session on Monday, Feb. 8. Routine matters and payment of bills were handled.
The Court voted to donate \$50 to the 4-H Club and FFA Live-stock Show, which takes place at Goldthwaite on next Tuesday, Feb. 16.
The Commissioners' Court was unanimous in its disapproval of the "Fiscal Control Bill" and "County Highway Bill." According to information received, these bills would cause even small counties to employ an auditor and an engineer who would be in absolute control of county road building and financial matters. County Judge John L. Patterson was instructed to attend a statewide meeting of County Judge and Commissioners, which will be held in Austin on Monday, Feb. 15, and to protest against the bills at that time.
The Trent State Bank was selected as a depository for county funds and school funds for the next two years. Appropriate bonds were presented and approved.

SHOES RATIONED TO THREE PAIRS PER PERSON A YEAR LIMIT

Shoes were rationed by a sudden government order last Sunday afternoon which prohibited retail sales Monday and set Tuesday as the date for the rationing to begin.
Three pairs of shoes a year will be the limit for every man, woman and child in the nation. Members of a family may pool their coupons in order for some to buy more if others buy less.
The first ration period will end June 15, with purchases during that period to be made with Stamp No. 17 in War Ration Book 1, the sugar and coffee rationing book.
War price and rationing boards will have authority to issue special certificates to meet shoe needs of expectant mothers, victims of fire and theft, policemen and other persons whose work require unusual walking.
In ordering shoes by mail, the buyer will enclose his ration stamp. When new shoes are returned to the merchant, the customer will have his ration stamp refunded.
Not rationed: Soft and hard-soled house slippers and infant's soft-soled shoes; ballet slippers ordinary water-proof footwear, including artics, gaiters, work dress, clog and tow rubber, and lumbermen's overs.

We congratulate Mr. and Mrs. Loyt Roberts on the birth of a daughter born Saturday, Feb. 6, at Goldthwaite. This is the first daughter born in this branch of the Roberts family for a considerable number of years. Ernest Malone has just finished a flue for Mrs. Effie Egger built in the house which she had moved from the maneuver area. She and her mother, Mrs. Lydia Tippen, are now occupying the house. Mrs. Bob Egger was able to make a trip to Brownwood Saturday. Mrs. Mary Ivy, who fell on the ice during a cold spell in January, is reported to be doing fine. She says she was not hurt bad. Mrs. Ivy will be 84 in April. Mrs. Nellie Malone spent Tuesday afternoon with Mrs. Ira Egger. While there she got a setting of eggs to start her war-time program of poultry raising. Returning from Goldthwaite Thursday, we took time to call on our old-time friend, Mrs. Henry Egger, and her mother, Mrs. Martha White. Though Mrs. White was able to be up and talk to us in her oldtime way, she has been quite sick and has been in a Brownwood hospital. She is some better, but is not able to be up much of the time yet. Cecil Egger is helping work on the Butch Rowlett house. Mr. and Mrs. J. R. Wilmeth visited Clifford Crowder at Brownwood Monday, and were able to take him a nice catfish. Mr. and Mrs. Johnnie Egger spent the weekend at Brownwood. We saw Mrs. Geo. Jones and her Hard in Goldthwaite Thursday. They are now moved into their new home about three miles out on the Waco road. Her son, Louie, and wife have moved with them and will occupy the upstairs. News came Sunday evening that Mrs. Jernigan, mother of Luther Jernigan, had died and was to be buried Tuesday afternoon at Cox Cemetery. We will give further details next week. Mr. and Mrs. Jap Chrisman and their nephew, Bill Armstrong, from Sydney have moved in with Homer Reeves and will cultivate the orchard and raise peanuts this year. Mr. and Mrs. Ralph Wilmeth spent Sunday night at the Wilmeth home. Ralph came to help his father, J.R. Wilmeth, and his uncle, J.R. Briley, brand and dehorn cattle Monday. Hubert Reeves and Jay Reeves also helped. DIPS and Disinfectants.—HUDSON BROS. Join the Seed for Victory Campaign and strike another blow for the United Nations war effort. Send or bring \$1.00 to Claude Dickerson, treasurer, or Mrs. Jim Weatherby, county chairman.

Each county in this district has been assigned a quota of enrollments in the Women's Army Auxiliary Corps which must be secured between January 1 to March 31. The quota for Mills County is five enrollments. This district, which includes Mills, Brown, Hamilton, Comanche and Coleman Counties, is responsible for a total of 53 WAAC enrollments. These quotas will be a part of the 1,504 enrollments for which North Texas is responsible, and the 1,504 auxiliaries will help to make up the 150,000 WAAC enrollments which is authorized by an executive order of the President. Thirteen thousand of these enrollees must be selected from the ranks for Officers Training School. All American citizens between the ages of 21 and 44, inclusive, who are physically fit and free of dependents are eligible for enlistment and may secure their application blanks from their local recruiting officer at the Memorial Hall in Brownwood, by writing or calling in person for it. Galveston. (Spl.) — Appointment of O. G. Pierson as mechanical superintendent of the Santa Fe Gulf Lines, with headquarters at Galveston, was announced here this week by R. B. Ball, vice-president and general manager. Mr. Pierson, who has been mechanical superintendent of the Eastern District at Shoptown, Iowa, since 1939, succeeds James E. McQuillen, who retired February 1 after more than 40 years of service with the company. The new Gulf Lines superintendent entered Santa Fe service as a machinist apprentice at Tokpeka in 1907. He was promoted to foreman of the Tokpeka shops air brake room in 1912 and was transferred to Argentine as erecting shop foreman in 1914. He was made night roundhouse foreman at Arkansas City, Kan., on Feb. 20, 1916, and in 1917 returned to Argentine in a similar capacity. Mr. Pierson was born at Tokpeka in 1889 and was educated in the public schools of that city.

WHO'LL GET MY BOOKS?

Who will get the books you drop into the collection box or take to the nearest public library during the 1943 Victory Book Campaign, which ends on March 5? You will probably never know, but there are a thousand interesting possibilities, for books are to be sent to soldiers, sailors, marines, coast guardsmen and merchant seamen everywhere.

Your pet Whodunit may be read by a former moving picture producer, scenario writer or camera man. Perhaps it may even wind up in the hands of Clark Gable, Tyrone Power or one of your favorite actors now in the Army or Navy.

You liked "Gone With the Wind" and so will a soft-spoken soda jerk who hails from South Carolina, an ex-taxi driver from New York City, a lonesome Kansas farmer-boy.

The pocket-sized editions of favorite books read on trains and bus trips might bring pleasure to a former newspaper reporter or magazine writer who shares your enthusiasm for Ernest Hemingway, Dorothy Parker or Agatha Christie.

In a word, this man's army is a big cross-section of America. It has men of every type from every walk of life, highbrows and lowbrows and thousands in between. It includes men who read the classics and men who read the comics. But they all have many traits in common, including a desire for books to read.

That's why the sponsors of the 1943 Victory Book Campaign ask contributors to give every type of book that is readable and in good condition. The test of whether a book will be welcome is "Did you enjoy it yourself?" If you did, you can be sure that it will bring pleasure to men with similar tastes in the armed forces. SO BRING YOUR BOOKS TO THE CITY UTILITIES OFFICE AT ONCE.

DUKE'S MIXTURE

By J. S. BOWLES

My old friend and former neighbor, Mrs. Nickols, suggests that her son and mine may be a great asset in mopping Hitler and Company off the map. I don't know what effect my son may have upon the situation, but I hope he may be a good soldier. I do know, however, that if Glen Nickols gets a chance at Hiney, a son of Italy, or a Jap, they will know they have had a fight when the scrap is over.

My Presiding Elder, with Irish blood, pink hair, and with a penchant for the use of very pictureque English, said to me some time ago that "We simply had to whip the devil out of that gang of outlaws." With this idea before me I should like to see a hundred divisions made up of men like Glen turned loose upon them for a season.

By the way, I am making a greater investment in this man's war than I ever supposed I would be called upon to make. Sunday morning last while we were saying our prayers and getting ready for Sunday School, our daughter Mary broke in on our deliberations. She had resigned her place in the schools at Amarillo to fight for her country. From her attitude (she always had her war paint on) it looks as if the duration of the war might be shortened by several laps.

She, however, is not joining the "WAAC's," but going into the more dignified process of exterminating the varied and various enemies of Uncle Sam by taking the place of a man as an instructor at the Air Field in Amarillo.

A few days since, in one of my streaks of imagination, not to say exaggeration, with which I am gifted, I told a friend that if I could count all my cousins, aunts, nephews, in-laws and out-laws who are in the armed service there would in all probability be a pretty good army at work for our country. One nephew, so I learned a few days since, was at Pearl Harbor but was called away a day before the unpleasantness there. That seemed to me to be a lucky get-away. This is mere conjecture, as he probably went to the South Pacific, probably to Guadalcanal, where they have been having anything but a dull time since.

This war business is getting to be fierce, if you believe me. I had planned this day, Monday, to go down and try for a pair of shoes that I very much need. But imagine my disturbed spirits when I opened by morning paper to find that shoes had been "frozen." Well, the sad news chilled my spirits. But probably it does not matter much as they may not want to sell them on the installment plan anyway. Besides Joseph left a pair or two here when he began spunging on Uncle Sam for his footwear. I might be able to get by with these. "And that is all for this time."

State Department Health Notes

VENEREAL DISEASES

According to an announcement issued this week by Dr. George W. Cox, State Health Officer, some type of treatment for venereal diseases is now available to every citizen of Texas.

In view of the startling number of selective service draftees who were found unfit for military services because of venereal diseases, increased effort is being exerted by health authorities all over the nation to control the spread of these diseases.

"War time favors the increase of prostitution, which leads immediately to an alarming increase in the incidence of syphilis and gonorrhea," Dr. Cox stated.

According to figures compiled by the State Health Department in a six months' comparative report, public clinics in Texas between July 1 and December 31, 1942, treated a total of 15,870 new cases of syphilis in addition to a patient load of 156,924. New cases of gonorrhea treated numbered 6,996. At the present rate of new cases admitted, plus the regular patient load, approximately 465,621 treatments are being administered in a six months' period. During the last year, over one-half million tests for syphilis were made by the State Department of Health.

JESUS HEALS A MAN BORN BLIND

LESSON TEXT—John 9:1-38. GOLDEN TEXT—"One thing I know, that, whereas I was blind, now I see."—John 9:25.

The love of Christ is seen in its full beauty against the background of man's hatred and unbelief. Last week we saw Him coming away from the stones with which his enemies sought to kill him. As He passed by He had the time and the compassion to stop and help a man who had been born blind. His disciples, afflicted in some degree with the speculative tendencies of their time, saw in this blighted life only an illustration of a theological theory about sin.

But Jesus, by a loving and gracious act, stirred in the heart of the man that faith which caused him to obey—to go, to wash, and to see (v. 7). The enemies of Christ were not willing to believe even what they now saw to be true. Their stubborn unbelief shut the door to blessing for them, but the blind man received three things by faith:

I. Healing (vv. 18-23). The argument with the man's parents hinged on one point—he had been healed of his blindness. The parents were unwilling to risk excommunication by discussing the matter, but they did know that he had been blind and now could see. That was clear.

An experience like that is impossible to deny. The healing of the soul of man in regeneration is also a stubborn fact which deniers of God's Word and God's grace are unable to meet and overcome. The one who was blind and now could see had no questions about the deity of Christ and His saving power. What is more, he was not afraid to testify. He could "speak for himself" (v. 21).

Note the difference between the three classes here: Blind and stubborn unbelief (v. 18), faith too fearful to speak (v. 22), and the assured faith of the one healed. That is our next point.

II. Assurance (vv. 24-34). The appeal of the Jews in verse 24 based on their statement: "We know that this man is a sinner," reminds us that there is no knowledge so absolute (and so absolutely wrong) as that of ignorance backed by self-conceit.

They said they knew, but did not. The man had complete assurance by faith and by experience. He did not argue (v. 24), he simply restated his healing. "I was blind—now I see." When they evaded that reply (for they dared not meet it), he thrust deep with the convicting fact that God does not perform His miracles in response to the prayers of a wicked man. That was too much for them, and they cast him out.

Even as the stupidity and stubborn willful unbelief of our Lord's enemies grew step by step, so also did the healed man's assurance grow as he testified. First he called the Lord "a man called Jesus" (v. 11); then "a prophet" (v. 17), and then at last, "the Son of God" (vv. 35-38).

Standing true to Christ and speaking for Him means growth in faith, in knowledge and in grace. It may mean persecution and even exclusion, but remember that when the man was cast out by the haters of Christ, he met Christ. "His excommunication was a promotion. He went from the synagogue to the Saviour" (Scroggie). And that is our third point.

III. Fellowship (vv. 35-38). He did not know Jesus. He had heard His voice, but he was blind then and had not seen Him. He probably did not know where to find Him. Then, too, he was now an outcast under the disfavor of the authorities, and even his friends would fear to be seen with him.

But Jesus sought him. Ah, that's the glorious difference between our Lord and those who look at the outward appearance of things. He went to find the man who now needed fellowship, instruction and encouragement.

He had sought the man out to heal him, now He sought him again to help him spiritually. We need to learn of our Lord that we are not to wait until the sin and suffering of men force themselves upon our attention and force us to do something. We are to go out into the highways and the hedges and urge sinners to come to Christ. We have failed in this. We have built churches and expected the people to come, instead of going where the people are, and bringing them the gospel. The war is teaching us some lessons in that connection, but we are none too quick to learn and to act.

There is a beautiful touch in verse 37. Dr. Machren points out that when speaking to the woman of Samaria, Jesus said: "I that speak unto thee am he," but to the man who had just begun to see He said: "Thou hast but seen him, and it is he that speaketh to thee." The Christ who gave sight, now gives Himself to be seen.

Your Income Tax Explained

(No. 6 of a Series) WHO MUST FILE A RETURN

Every single person must file a Federal income tax return whose gross income for the year from all sources was \$500 or more; that is as much as \$9.62 a week. Widows, widowers, divorcees, and married persons separated by mutual consent, are classed as single persons.

Every married person, living with husband or wife throughout the year, must file a return if his or her gross income, together with any income of the spouse, was as much as \$1200 for the year; that is, as much as \$23.08 a week. If husband and wife both have income, they must both make a return. Such return may be made separately, or, if they are both citizens or residents, they may make a joint return.

A joint return may be made by husband and wife even though one has no income; a joint return is advisable in the case of persons, one of whom has no income, who marry during the year, since the personal exemption attributable to each spouse during the period of pre-marital status is allowable in a joint return.

A joint return must be signed by both husband and wife and verified by a written declaration that it is made under the penalties of perjury.

Where separate returns are filed by husband and wife on Form 1040, the joint personal exemption allowable (\$1200 where the married status has existed throughout the year) may be taken by either, or divided between them in any proportion agreed upon. If separate returns are filed one may not report income which belongs to the other, but must report only the income which belongs to him (or her).

No person is exempt from filing a return if his gross income is equal to or greater than the amount specified above for his classification. Neither the President of the United States, nor the Vice President, nor Federal Judges, nor Members of Congress, are exempt from filing returns.

Moreover, all income from whatever source, unless specifically excluded by statute, must be reported in the return. The types of income specifically exempt are listed in instructions accompanying the return form.

A person whose gross income does not exceed \$3000, and consists wholly of salary, wages, dividends, interests, or annuities, may make a Simplified Return on Form 1040A, in which the tax due may be readily ascertained by reference to a table contained in the form.

Husband and wife living together on July 1 of the taxable year may file separate Simplified Returns if the gross income of each is from the prescribed sources and does not exceed \$3000 or they may file a single joint return on that form if their combined income is from the prescribed sources and does not exceed \$3000. A taxpayer may not, however, file a Simplified Return if the other spouse files a return on Form 1040.

SEED LOANS ARE NOW AVAILABLE IN THIS CO.

Emergency Crop Loans, known generally as "the seed loans," offered for many years in Mills County by Emergency Crop and Feed Loan Section of the Farm Credit Administration, are now available to farmers in need of financial assistance for the production of vitally important food crops and normal crops for 1943, according to announcement of W. E. Farwell, manager of the Dallas office.

Applicants for the loans are being taken in this county at the AAA Office in Goldthwaite, under direction of Field Supervisor Harry F. Chestnut.

Funds obtained under these loans may be used to cover the cost of preparing the land and to purchase seed, fertilizer and supplies incident to the production of the crop. A first mortgage on the crops to be grown is the security required on the crop

The next meeting will be with Mrs. Tom House on February 25. Refreshments were served to the following members: Mmes. Stacy McCasland, Carey Owens, Nelson Waggoner, Joe Langford, John Blackwell, Tom House, Miss Geraldine Summers, and the hostess.—Reporter.

In the absence of the president and the illness of the vice-president, Mrs. Jim Weatherby presided at the business session.

Our program was on native plants and shrubs. Miss Summers gave a very interesting review of these chapters in the book, "Gardening in the South and West."

Fourteen members and two guests were present.

Methodist Church Women's Banquet

On Monday, Feb. 1, the W.S.C.S. sponsored a banquet for the women of the church, honoring Mrs. Godfrey of Florida, who is a field worker for the W.S.C.S.

The damask-covered tables were placed to form a cross. In the extreme center of the table, a crystal bowl filled with red carnations and fluffy fern, nestled upon a graceful red ruffling, from which bands of red ribbons extended the length of each wing of the table. Red and white tapers burned in tall white candelabra, on each side of the center piece.

A plate of baked ham, green beans, potato salad and rolls was served to 46 guests. Cookies and coffee were the dessert.

Mary Nell Epperson and Mary Ann Miller served the tables.

At the close of the dinner the ladies of the choir sang two special numbers. After the introduction of the officers of the W.S.C.S., Mrs. Godfrey was introduced by Mrs. Jim Weatherby. Mrs. Godfrey is a very forceful speaker and every one present enjoyed her talk to the fullest.

Nabors Creek H-D Club

Mrs. A. R. Kauhs was hostess to the Nabors Creek Home Demonstration Club February 3.

There were ten old members and one new member, which the club is very proud of, and two visitors present.

Our president, Mrs. J. M. Wrinkle, presided over the business meeting. The club enjoyed ten minutes of recreation led by Mrs. A. R. Kauhs. The secretary, Mrs. J. H. Plummer, called the roll and read minutes of last meeting.

The club discussed the exhibit of February 16 and decided to enter. Miss Summers outlined the different departments and told the club what the exhibit would be on each department; also gave several good pointers on arranging things.

Miss Summers rendered an interesting program on planning the home food supply. She told the club the foods that were plentiful and the foods that were scarce, and stressed why we should plan our meals so they might be a balanced diet; how we should substitute for the food that is scarce; why each one of us should try to have an all-year round garden. She also explained the club's garden, poultry and dairy goals for 1943, and gave us interesting literature on our new ration books and explained how we should use them. Miss Summers demonstrated the new steps and methods of canning sausage.

Those present were Mesdames J. M. Wrinkle, C. T. Wrinkle, Sam Carroll, J. H. Plummer, J. A. Stark, H. A. Stark, J. R. Parker, H. S. Danvenport, A. R. Kauhs, J. B. Burnett, Rena Smith, P. K. Caraway, and Miss Summers.

Our next meeting will be with Mrs. C. T. Wrinkle Feb. 24. This will be an all-day meeting, so everyone bring a covered dish and spend the day.

Midway 4-H Club

The Midway 4-H Club met January 15, 1943. The house was called to order by the president. The minutes were read and approved. Miss Summers also met with us.

Miss Summers showed us some toys, recipe files, luncheon cloths and napkins.

We are all busy getting ready for the Livestock Show Tuesday. For recreation we said the 4-H Club Prayer and Pledge.

We drew names for Valentine Day, and elected Reta Bell Horton as Garden Demonstrator.

The Bedroom and Poultry Demonstrators both gave interesting reports. We are glad to welcome Wilma Jean Williams as a new member.

Those present were: Dorene Kerby, Patricia Lockridge, Virgeline Wicker, Joy Anderson, Wilma Jean Williams, Reta Bell Horton, Miss Summers and Margaret Jane Lockridge. There were two visitors, Miss Virginia Rudd and Mrs. Coley Sevier. We hope to have more visitors next time.—Reporter.

Lake Merritt H-D Club Meeting

The Lake Merritt Home Demonstration Club met at the home of Mrs. P. M. Hutchins Monday, Feb. 1. Miss Summers stated that it is important that everyone raise a garden this year. As food is going to be scarce this year, everyone should preserve all the food they can.

Ways of storing meat were discussed also. One lady said after she had her meat cured she washed it in borax water, then wrapped it in cloth and packed it in ashes. She put ashes in the bottom of the box, then put a layer of meat until she had all the meat in, then covered the top with ashes.

Since there is a gas rationing and tires are scarce, it was decided to divide Lake Merritt and Trigger Mountain into two clubs. The Trigger Mountain group will meet at the home of Mrs. Graves Wednesday, Feb. 10. The members of Lake Merritt will meet at the home of Mrs. Massey at some future date. There were 12 present.

**MT- OLIVE MOUNTAIN-EAR
SCHOOL NEWS**

Editor-in-Chief Loys Bullard
Assistant Editor Freddie Poer

We were very sorry to lose Miss Manning, though we hope she gets along fine in her new position in the Mullin Schools. She had taught here almost four months and all the pupils had learned to love her dearly. Mrs. John H. Brown was hired in her place and we know that we shall like her fine too. May they both have much success in their new positions!

A week ago last Wednesday night we had quite a bit of excitement in the community. One of the school rooms caught on fire, although it was found before it had done too much damage. Mr. and Mrs. Tulley Lee and family happened to pass by and notice it and with the aid of Mr. and Mrs. Olen Kemp, Mr. and Mrs. Truman Crawford, and a few others, they managed to put it out just in time.

We were sorry to lose three of our pupils last week. They were Myrtle, Mimma, and Thomas Jones who are going to school at Mullin now. They have gone to school here a long time, and we miss them.

Miss Smith was ill last Thursday and Friday and was not able to teach school. Mrs. T. J. Burkes took her place those two days.

We are proud to have a new pupil in the first grade. He is J. Frank Weathers from Goldthwaite.

Everyone who possibly can be sure to attend the P-T.A. program Friday night. The main feature is a surprise and will be a scream!

BEHIND THE TEACHERS' BACKS

One of our new pupils, Willis

Thomson, seems to have fallen for Loys. Whether it's mutual or not, we don't know, because she still talks about Bobby at Mullin all the time. In fact, from what we can gather, she sees him every week-end at least and sometimes more often than that.

Who is it that still writes letters to Doyce? We don't know who but whoever she is, keeps saying that she doesn't write to him. But that's not what we heard!

Miss Smith seemed to enjoy herself week-end before last. Every time we saw her she was riding around in a very nice car with a handsome young man. He must have been the one from Lubbock who was supposed to come to see her.

Glendon certainly looks cute going around with that dish-pan contraption on his head. That with his wooden gun makes him look like a real soldier. Or does it??

Who makes it his duty to go around checking up on what Miss Smith is doing? Namely, Willie Thomson. If nothing else, he just follows her around from room to room. When she asks what he wants, he says, "Aw, I just wanted to know what you were doing!"

Why do Miss Smith's pupils hate so to recite poetry—especially Donald Poer? Monday, while reciting "The School Bell," he gave his own version of it. The last line went thus—quote: "You must go to school today — aintcha?". Inquote.

Dale and Doyce certainly would make pretty girls. Sometimes they get their faces planted so that you can hardly tell the difference.

COMMUNITY NEWS

Editor-in-Chief Daisy Poer

Mrs. Cordie Jones and family moved to Mullin last week. Her children started to school there last Friday.

Mrs. J. H. Brown is boarding at Mrs. Ola Harris' now. We are very glad to have her in our community.

Mollie Smith spent Tuesday night with Mr. and Mrs. Sterling Benningfield. Then she spent Wednesday night with the Bullard family.

Arnold Scott was with the group that left for the army last Thursday morning. He has been a resident of this community for a long time, and we hope he enjoys his new surroundings.

Bert Lenenberger of Lubbock was the guest of Miss Mollie Smith week-end before last.

Bill Rosenbrack was going to work at Gatesville last Saturday morning when he stopped to help unchain two trucks. One of the trucks backed up and injured his chest. He was taken to the hospital that morning but is doing fine at home now. He and his wife, the former Evelyn Hodges, are residing with her parents, Mr. and Mrs. Melrose Hodges, at present. Mr. Rosenbrack is to leave for the armed forces February 18.

Cecil Scott, Mr. and Mrs. Marvin Scott, Mrs. Tulley Lee and daughter, Nita Yvonne, left Tuesday morning to visit Pvt. Arnold Scott, who is stationed temporarily at Mineral Wells. Miss Viola Cody visited Dr. and Mrs. T. C. Graves at Goldthwaite

last week-end. Mr. and Mrs. Clifton Weathers and family have moved into this community from Goldthwaite. We are glad to have them and hope they will like it here.
