USED COMMERCIAL VEHICLES BROUGHT UNDER OPA CONTROL

COFFEE STAMP NO. 23
We have been notified by the Washington office that Stamp 23 from War Ration Book One will be good for one pound of coffee from April 26 through May 30.

J. B. BURNETT, Chairman, Mills Co. W. P. and R. Board.

Used commercial motor vehicles were brought under price control for the first time on Monday, April 26, the Mills County War Price and Rationing Board has been advised by the Office of Price Administration.

The OPA described this move as sharply reducing abnormal prices being charged by some dealers. Covered by the new regulation are complete trucks, tractors, full-trailers, semi-trailers, ambulances, hearses, omnibuses, carryall suburbans, delivery sedans, utility sedans, coupes fitted with pickup boxes, cab pickups, as well as chassis and bodies for all of the foregoing.

The regulation applies to all sales whether made by a dealer a private owner or an auction, thus preventing "schemes" such as the sale of trucks by an "individual" in reality "fronting" for a speculator. By establishing ceilings at a percentage of the value of the vehicle when new, the new regulation is expected to halt the activities of speculators which have resulted in some instances in prices that are 200 per cent or more above the normal value of the used truck.

The action is also expected to result in the release of many used vehicles which have been withheld from sale by speculators in anticipation of a shortage of transportation vehicles causing further price advances.

THE EAGLE, — THOMPSONS AND WILSONS

These names are inseparably connected. When the Wilsons first published the Eagle, we always remembered the Thompsons. When the Thompsons again took over we never forgot the Wilsons. Now that the Wilsons are at the helm again, we cherish the memory of the Thompsons.
Hats off to the Thompsons, the Wilsons, the Eagle.
W. P. WEAVER.
There will be an all-day cemetery working Thursday, May 6, at the North Brown Cemetery. All who are interested, please bring suitable tools for working and a basket lunch. Let's make the last resting place of our loved ones a place to be proud of.

MISS THOMPSON NEW NURSING CONSULTANT

Miss Irene Thompson, the Red Cross Home Nursing itinerant instructor who has just completed six Home Nursing classes in Mills County, was called to San Antonio this week for a conference with Miss Myrtle Colthrop, director of nursing service Midwestern Area at St. Louis. At this conference Miss Thompson was appointed Nursing Consultant and will leave Mills County in a few days for St. Louis for her new assignment. It is hoped by Mills County friends that Miss Thompson will be assigned in Texas.

DISTRICT COURT TO OPEN HERE MONDAY

The regular spring term of District Court will be convened in Goldthwaite Monday morning at 10 o'clock, at which time District Judge Dice of Belton will organize the grand jury.

DESTROYER NAMED FOR LOCAL TEACHER LAUNCHED AT HOUSTON

Tribute was paid to the memory of the first Texas naval officer to be killed in World War II at Houston Monday in the launching of the U.S.S. Crow, destroyer and escort vessel, at the Brown Shipbuilding Company yards, when Miss Viola Elaine Warner of Port Arthur, fiancée of the officer, and workers at the yard participated in the ceremony.
Ens. Howard Daniel Crow of the United States Naval Reserve was killed at Pearl Harbor Dec. 7, when the U. S. S. Maryland, where he was stationed at a deck officer, was hit.
Ensign Crow taught in the Goldthwaite Schools immediately before going into active duty with the Navy.
Mr. and Mrs. Howard Daniel Crow of Alvarado, parents of the young officer, were honor guests at the launching.
The late Ensign Crow, who was working on his master's degree at North Texas State Teachers College at the time of his enlistment as an apprentice seaman in August, 1940, was born in Alvarado February 2, 1918. At the termination of his enlistment period, Dec. 5, 1940, he was appointed a midshipman and assigned to special duties at Northwestern University. He was commissioned an ensign the following March and assigned as deck officer aboard the U.S.S. Maryland and went into active duty just nine months before Pearl Harbor, where his ship was in port at the date of the fateful attack.

CERTIFICATES OF WAR NECESSITY ARE NOT TO BE TRANSFERRED

Certificates of War Necessity and "T" ration gasoline coupons are not to be transferred along with titles to trucks, the Texas USDA War Board has been advised by ODT.
ODT pointed out that violation of this regulation may result in suspension or revocation of Certificates.
When transfers are completed, the new operators should file applications for Certificates of War Necessity. Failure to file the application also may result in suspension of Certificates, the ODT said.
Single unit operators who make transfers must return Certificates to their district ODT office and surrender unused "T" coupons to their local War Price and Rationing Boards. Fleet operators are required to advise the nearest ODT district office of their action and return the appropriate sub-certificate.
According to the ODT, operators changing their area of operation or substantially changing the nature of their business must inform their local ODT district office of the changes. Changes of address also should be reported. Failure to comply with the rules may result in reduction of gasoline allotments or possible suspensions of Certificates.

LARGE NUMBER MILLS COUNTY MEN TO LEAVE FOR ARMED SERVICES

The largest number of men in the history of the Mills County Selective Service Board was sent to Abilene last Monday afternoon, leaving Goldthwaite on a special bus at 3:30. They received their final examination for Army Service Tuesday morning, and came back to Goldthwaite. The ones accepted have seven days at home after examination and notification to wind up their affairs before reporting back for Army service.

A majority of the men examined were married men, and included some of Goldthwaite's most influential young business men. A new ruling by the national Selective Service Board prohibits the publication of the names and number of men examined until after they have been accepted by the armed services.

Around forty per cent of those examined from this county Tuesday failed to pass the physical examination.

The following men were accepted for the armed forces and will leave early next week for induction:
Floyd C. Blair.
Herbert Tyson.
Herbert S. Faulkner.
Caino. K. Newton.
Willoughby H. Smith.
Lyman H. Saylor.
Dewey E. Kinsey.
Freddie Carter.
Albert W. Sharp.
Eugene B. Dickerson.
Jiles D. Nix, Jr.
Robert H. Frazier.
Morris C. Ratliff.
Dee A. Hammond.
Darr V. Henderson.
Jack R. Cooksey.
Milton B. Schorn.
L. D. Hollingshead.
Walter A. Bryant.
Alva K. Masters.
June H. Clifton.
Lester L. Dellis.
Gordon W. Casbeer.
Ernest E. Leonard.
James T. Soules.
A. J. Cline was accepted by the Marine Corps.

Some of these men were accepted by the Navy, but Clerk Omer Shaw has not yet received the papers on them.

MILLS COUNTY AND NATION EXCEED LARGE QUOTAS IN WAR LOAN

Following a two-man blitz by E. T. Fairman, President of the Trent State Bank, and Grover Dalton, Cashier, announcement was made late yesterday that Mills County's quota—\$192,000.00—of Bonds in the Second War Loan Drive has been exceeded. Final totals have not been ascertained, but the amount is well over.

Mr. Fairman and Mr. Dalton, with the able assistance of Mrs. Jacob Saylor, chairman of the Woman's Division, and volunteers from different sections of the county, have worked unceasingly for the past three weeks to reach this goal.

Mr. Dalton, chairman of the Mills County War Bond Committee, extends his thanks to the hundreds of people who have bought during this drive. The nation as a whole has oversubscribed its quota of \$13,000,000. There is not another nation in the world where such a stupendous amount of money could be raised—even by forceful means—and America raised it in three weeks voluntarily.

AMICABLE LIFE INSURANCE CO. BUYS 20,000 IN WAR BONDS HERE

The following letter is self-explanatory:
Waco, Texas, April 23, 1943.
Mr. Duke Clements, Goldthwaite, Texas.
Dear Mr. Clements:
The Amicable Life Insurance Company is in a position to subscribe to a substantial block of Second War Loan Security Bonds. We have decided to purchase the larger portion of our subscription "in the field" and have allotted to your territory \$20,000. You will find enclosed our General Voucher No. 27381 payable to the order of the Trent State Bank, Goldthwaite, Texas, for \$20,000 in payment of the bonds.
We hope that this will help your local committee top its goal.
Sincerely,
HOLT MASSEY, Secretary.

CABLEGRAM SENT TO PRISONER OF JAPS

The Brown County Red Cross has notified Mrs. Norman J. Chesser, 1008 Vincent Street, Brownwood, that a cablegram to her husband, Norman J. Chesser, was dispatched to him on March 29 this year. Pfc. Chesser is a prisoner of war of the Japanese government, and was taken prisoner when the Philippines fell. This telegram will be the only direct word that has reached Mr. Chesser since the Pearl Harbor attack. He is the son of J. M. Chesser and grandson of the late John S. Chesser.

Wasted money is wasted lives. Don't waste precious lives. Every dollar you can spare should be used to buy War Bonds. Buy your ten percent every pay day.

ARMY NAVY URGE MEN TO VOLUNTEER

By agreement between the Army and Navy, men between the ages of 18 and 26, inclusive, may now volunteer for induction into the armed forces for training as Aviation Cadets — pilots, navigators and bombardiers — through local aviation cadet training boards and Selective Service boards.

Applicants for training in the Army Air Forces, according to Sgt. Harland C. Hackbarth, Memorial Hall, Brownwood, will first be examined by an aviation cadet examining board to determine their suitability for aviation cadet training. They then may volunteer for induction through Selective Service boards.

The aviation cadet preliminary examination is both mental and physical, though no definite amount of formal schooling is required.

NAVY WANTS 17's

An urgent need for 17-year-old volunteers to fill classes for training in the Navy's 50 different technical trades was voiced this week by Chief Recruiter Tom Gaston of the Abilene Navy Recruiting Station.

Noting the impending closing of the current school year, Chief Gaston declared that the Navy wants each volunteer to remain in school for as much education as possible, but he pointed out that once a boy becomes 18 he must register for the draft and no longer is assured of getting the branch of service he desires.

All 17-year-old youths are eligible to volunteer for either the regular Navy or the Naval Reserve, but in either case must have the consent of their parents, Chief Gaston said.

Further information will be given either 17-year-olds or their parents at the Abilene Navy Recruiting Station in the basement of the Abilene post office building any day of the week or on Mondays in Brownwood. Postmasters can furnish the time and place of these visits.

SOLDIER LETTERS

The following letter was received by Mrs. Elmer Scoby from her nephew, who was born in Mills County and spent the early part of his boyhood here. His name is John L. Sullivan.

U. S. Army Air Force
Douglas, Georgia

Dear Aunt Lois:

Since I last wrote you I have been moved here for primary flying training. I left Maxwell Ala. last week.

This is a lot better place here. There's not so many cadets and it's more like home. In fact it's the nicest place I've been since I've been in the army.

There's six of us to a room. In the dining room they have girls to wait on the tables. I can't eat for looking at the girls. Then we have women mechanics. The reason of so many women is that this is a civilian school.

I started to flying last Tuesday. It's a lot of fun, but is also a lot of hard work.

So far my instructors said I was getting along alright. I just hope I can keep it up.

I don't know how long I'll be here. If I get along ok I should be here about a month and a half. Then I'll be sent to some other place for basic training.

I just hope I can go through, you see about fifty per cent "wash out," (that's what they call it when you can't make a flyer) here at primary training. If I can just get through here I think I can make it the rest of the way.

Tell Grandma that I will send her a picture of myself so she can see how big I am. I sent some to have developed today, so if they turn out all right, I'll send one.

Well it's almost time to go eat so I had better stop.

With love,
John L.

NEWS from FOOD FOR VICTORY

YOUR COUNTY HOME DEMONSTRATION AGENT TEXAS EXTENSION SERVICE

By BERDELLE HARRIS
Mills County Home Demonstration Agent.

WARNING TO INEXPERIENCED CANNERS

The United States Department of Agriculture has stated that the use of the steam pressure canner is the only method it can recommend for the canning of certain types of vegetables and meats, says Mrs. Harris, County Home Demonstration Agent.

Certain spoiled organisms, as well as the spores of bacillus botulinum, are not readily killed by boiling temperatures in non-acid products, but are destroyed by the high temperature developed in a pressure cooker correctly used.

If botulinum spores are present in a nonacid food and are not destroyed they may grow and generate a fatal poison or toxin.

The nonacid foods include such vegetables as beans, peas, corn, spinach, other greens and asparagus and meats. For these the Department of Agriculture recommends the use of steam pressure canners. In acid products, such as fruits and tomatoes, rhubarb and pickled beets, botulinum spores are made harmless and these foods can be canned by the boiling water-bath method.

If the toxin has developed, merely tasting the food may bring death.

To be safe the cook should boil all home-canned nonacid vegetables for at least ten minutes. This will kill the toxin but not the spores and they may again produce the poison if the food is permitted to stand for a while.

The presence of the poison is not always made evident by spoilage, and what appears to be good food may contain the fatal dose.

If you have questions about home canning or other modern methods of food preservation, consult Mrs. Harris.

enjoyed my trip, and this is a very pretty place. Of course I can't tell you about it now, but I'll try to remember everything that I can so I can tell you all about it when I get home.

Well I can't think of a thing to tell you. So don't worry about me, because I am ok and I hope you are all well.

Lots of love,
Your son,

J. M. WRINKLE, JR., GOES TO ADVANCED SCHOOL

Aviation Cadet J. M. Wrinkle, Jr., class of 43-F, has completed his basic flying training in April, 1943, at the Army Air Forces Flying School at Gardner Field, Calif., according to a news release from the Public Relations Office of the school. He has been sent to an advanced flying school to finish his pilot training.

Upon the successful completion of this course, he will receive a commission as Flight Officer or a Second Lieutenant in the Air Corps Reserve.

His parents are Mr. and Mrs. J. M. Wrinkle who reside on Route 2, Goldthwaite. He attended Goldthwaite High School, and was accepted as a cadet at Dallas.

GOLDTHWAITE BOYS GETS WINGS AT HONDO FIELD

AAF Navigation School, Hondo April 24.—Hondo Army Air Field has awarded silver navigator's Wings to a record-breaking number of "boomerang boys" who have mastered the science of aerial navigation.

After 18 weeks of intensive training at the Army Air Forces' largest navigation school, these young officers have proved their ability to direct American bombers to enemy targets and to find the way back home again. They now stand ready for active duty with the world's largest air fleet.

Goldthwaite was represented at the military graduation by Lieutenant Lester L. Moreland, 23, son of Mr. and Mrs. Hugh E. Moreland.

48TH LEGISLATURE A MASCOTITIS SESSION

By SAPP HEAD

The present House of Representatives has done some commendable work but will go down in history as the Mascotitis Session. For example, the following appears on Page 1850 of the House Journal, date April 15:

Caption: "To Name—Mascot of the House."

"Mr. _____ offered the following resolution. H.S.R. 255, To name—Mascot of the House.

"Whereas, the House of Representatives of the 48th Legislature has found a proper young man to be mascot of the House of Representatives in _____, grandson of _____, who has served with us in this house for twenty years; and whereas, _____ is a young man of six months of age with a pleasing smile and an engaging personality and certainly a fellow of exceptional ability in all things; now, therefore, be it resolved, that the House of Representatives declare _____ to be mascot of the House of Representatives of the 48th Legislature, and that his picture be placed on the pictures panel with members of this session as a mascot of the 48th Legislature; and be it further resolved, that a copy of this resolution be sent to him, and that this House now go on record as extending to him its best wishes for his happiness during his entire life.

"The resolution was read a second time and was referred to the committee on rules."

Just think of such folly, nonsense and infantile capers by a legislative body at this time. All intelligent members and wives of members who have any sense are surely ashamed of such farces. About fifty of such mascot resolutions have appeared on the pages of the House Journal this session.

All this took the time of 150 members for two readings of this bundle and one-fourth page in the House Journal at the expense of printing and paper, stenographic work while other important legislation waited.

We extend our sympathy to the loyal members of the House who are discredited by this baby stuff.

My utter disgust and lack of vocabulary prevent further comment at this time.

...and you'll always have tobacco in your old tobacco box!

WHEN I was a kid my father used to sing a song that ended up with this refrain:

"Oh, save up your money and put it in your box, And you'll always have tobacco in your old tobacco box."

Well, the words stuck with me, but I guess the moral didn't.

No matter how hard I tried ... I never seemed to be able to save up a red cent.

But it's all different now!

About 10 months ago, I started buying War Bonds on the Payroll Savings Plan. Figured it was the least I could do for Uncle Sam.

And that's the only way I thought about it ... until just recently.

Now, all of a sudden, I've discovered that—for the first time in the history of Yours Truly—I'm saving dough. Every month, rain- or- shine, hell-or-high-water I'm sticking away a War Bond, a Bond

that'll bring me back \$4.00 every \$3.00 I put in.

Those Bonds are beginning to mount up now. And I'm going to keep them mounting up. For I've discovered a swell feeling it is to be saving on a plan that's regular as clockwork and twice as smart.

So I'm singing father's song ... a little different.

"Oh, save up your War Bonds and them in your box, And you'll always have tobacco in your old tobacco box."

BUCKHANAN DAM, TEXAS

Mr. and Mrs. RED TEMPLETON

Mrs. TOM TOLAND

By HER PASTOR

One after another of the citizens of Mills County during the days of abiding construction are being called to the heavenly home. Last week a noble and devoted woman was called to the crowning of her well-spent life.

The Little family moved to Goldthwaite in December, 1901, and three years later Miss Mattie became the bride of Mr. Tom Toland. They united their hearts and lives in the effort of building and maintaining a better society, and this has been a source of happiness to them and a lasting joy to us all. She was a faithful, devoted wife 39 years.

She is survived by her husband, Tom Toland; her mother, Mrs. L. H. Little; one brother, Will Little, of San Saba; and four sisters, Mrs. Aurie Walton, Lubbock; Mrs. Beatrice Swalm, Sweetwater; Miss Adeline Little, Goldthwaite; and Mrs. Jewell Trent, Beverly Hills, Calif.

Her pastor spoke the message at her funeral and her body was laid away to await the resurrection day while her soul abides with her infant child who had gone before her and with her Master in heaven.

The Rose that Bethlehem saw bloom
Out of a heart all full of grace
Gave never forth its full perfume
Until the Cross became its vase.

The summer rose the sun hath flushed
With Crimson glory may be sweet
Tis sweeter when its leaves are crushed
Beneath the wind's and tempest's feet.

Mrs. Otto Brockman, Miss Hulda Wemeyer and Charlie Wemeyer of Blanco made a short visit here with Mrs. Henry Martin last Friday. Mrs. Emil Zuhlke who spent last week here accompanied them to Blanco and from there she returned to her home at San Antonio.

Mrs. Dora Morris was called to Lometa last week to be at the bedside of her brother, John Kerby, who was ill.

Mr. and Mrs. Charles Smith of Austin were here over last weekend with her parents, Mr. and Mrs. L. J. Gartman.

Mr. and Mrs. O. J. Skipper of Paint Rock spent last Friday in the home of his brother, John Skipper, and family.

What You Buy With WAR BONDS

The sixteen-inch coast gun is the most powerful of all American guns and costs about \$2,000,000 each. It will throw a shell weighing up to a ton many miles. The Coast Guard also has an eight-inch mobile railway gun which will hurl a heavy projectile about 18 miles.

For defense of our homes, the Coast Guard needs many of these powerful weapons. You can do your part to help pay for them by investing at least ten percent of your income in War Bonds and Stamps every day. U. S. Treasury Department

What You Buy With WAR BONDS

Uncle Sam's lighter 37-millimeter anti-tank guns are dubbed "tank killers." They are attached to the infantry, not the field artillery, and cost approximately \$6,500 each. They have proved particularly effective in anti-tank warfare.

They are mobile, mounted on automobile tires and can be rapidly whisked from place to place. Your purchase of War Bonds will help pay the cost of these field pieces so necessary for our Army in this War. Join the Payroll Savings Plan at your office or factory and let's "Top that ten percent" by investing at least ten percent of your income in War Bonds. U. S. Treasury Department

Gas masks which came into use in warfare for the first time when the Germans used poison and mustard gas in World War I, are much improved today over those used then. The Chemical Warfare Branch of the War Department issues these gas masks to every man in the service. We are taking no chances.

The type pictured here is the "man" and "elephant nose" mask and costs about \$9.25 each. The filter is transparent, made of material resembling cellophane and does not cloud with the breath. You buy two of these gas masks with purchase of an \$18.75 War Bond. Need thousands of them. Don't give at least ten percent of your income every pay day for War Bonds. Buy them at your bank or office, regularly. U. S. Treasury Department

Rural Electrification has made great strides during the past ten years, bringing to thousands of farm homes the conveniences of their city neighbors. Today, however, copper wiring, fixtures—all the materials which are required for rural electrification—are "out" for the duration.

The farmers of the nation, however, can start now buying rural electrification and all the equipment which goes with it through purchase of War Bonds. Your War Bonds will buy rural electrification tomorrow and give you back \$4 for every \$3 you invest. U. S. Treasury Department

How to Use Steel-Saving Cover

1. First step: Fit wet, sterilized rubber ring around projection on underside of sterilized glass lid. 2. Second step: Place lid, with rubber ring fitted on it, directly on top of jar mouth.

3. Third step: Screw lid and ring down with screw band. Have band tents, release vacuum inside jar by lifting loosely during processing, inserting dull table knife under jar. Tighten immediately after processing. 4. To open jar before serving, when jar is thoroughly cool, screw band may be removed permanently.

NABORS CREEK
By MRS. J. H. PLUMMER

Mr. and Mrs. J. M. Wrinkle entertained a group of friends and relatives Friday night, honoring Mrs. Wrinkle's brother and wife, Mr. and Mrs. Carl Lettetter of Houston. Games of forty-two and dominoes were played and delicious refreshments were served the guests.

We were glad Mr. and Mrs. J. W. Burdette were able to be out at Sunday School again.

Billy Whitt spent Sunday with C. W. Wrinkle. They went to the Easter egg hunt Sunday afternoon.

A happy group of friends met Sunday at the noon hour and spread their lunch beneath the old oak trees on the J. M. Wrinkle place. The children enjoyed an Easter egg hunt after lunch and the grown-ups played forty two and croquet.

Mr. and Mrs. John Plummer gave a forty-two party Saturday night. There was a large crowd present to enjoy the evening together.

Mohler Carroll writes his parents from New York that he is able to be out of the hospital and back on duty.

Mrs. Erle McKee and sons, Jimmie and Bill, of San Angelo, visited her sister, Mrs. John Plummer, recently.

U.S. FARM FAMILIES TO INCREASE PRODUCTION

The Farm Security Office in Goldthwaite will not be open on Friday, April 30. The next regular office day will be Monday, May 3, 1943.

RAY F. CHRISTIAN, Rural Supervisor.

The Farm Security Administration announced this week that its 463,941 family-size farmers in the United States are planning to surpass their outstanding 1942 production record by increases ranging from 20 to 72 percent.

A survey of their 1943 production shows that they expect to turn out 20 percent more milk this year than last; 41 percent more eggs; 60 percent more chickens, 62 percent more pork; 36 percent more flax; and 72 percent more peanuts.

"The 78 FSA farmers in Mills County intend to do their part in this big war crop production effort," says Ray F. Christian, FSA supervisor in this county. "Checking totals we find that Mills County FSA families plan to produce 55 percent more milk; 60 percent more eggs; 50 percent more poultry for meat; 25 percent more mutton, wool, and mohair and peanuts.

To Hasten Victory

No American wants this war to go one minute beyond the time we can bring it to a victorious end. To hasten that victory—to save possibly the lives of millions of our boys on our far flung fronts—it is imperative that every American do his part in the Second War Loan. There is an investment to fit every purse. The most you can do is little enough compared with the sacrifice offered by our boys in service. They give their lives—you lend your money.

CREED

Above all, I'm an American. My Country's interest comes first. I'll work with all my strength for Victory. Each pay day I'll put 10% into War Bonds. I'll spend carefully—buy only necessities. I'll build a reserve fund for taxes. Every remaining cent will go into my Bank account where it will be used to help win the war now, and be ready when I need it.

EBONY NEWS

By CLEMENTINE WILMETH BRILEY

Sunday was a good day here with services in the morning as usual, dinner on the ground, and an Easter egg hunt for the children and preaching in the afternoon. Bro. Arley E. Moore of the Melwood Ave. Church of Christ, Brownwood was here to preach for us. We were glad to have a full house. Most everyone of the community, together with several out of the community were present.

Beginning with the first Sunday in June, Bro. Moore expects to preach for us on the afternoon of each first Sunday.

Mr. and Mrs. Charlie Roberts and their son, Junior Jackson, of Brownwood visited with his sister, Mrs. P. R. Reid, and attended church here Sunday.

Mr. and Mrs. Cloud Mashburn and Wanda Mae from near Goldthwaite were here for the day Sunday. They met with Mr. and Mrs. Dale Reid and children at the home of Mr. and Mrs. Alvin Ketchum for a family dinner. Mrs. Mashburn and Wanda Mae also attended church services and mixed and mingled with their many friends here.

We were honored to have with us Sunday three of our beloved grandmothers, Mrs. Sarah Ann Reeves, Mrs. Mary Ivy, and Mrs. Lula Kelly. Many a time in the days that are gone did we youngsters throng the homes of these dear ladies to eat a sumptuous Sunday dinner or enjoy an afternoon or night singing around the parlor organ that was the heart of our social life.

Mr. and Mrs. Orvel Egger and Leighton from Indian Creek visited with their relatives, Mr. and Mrs. Ira Egger and Mr. and Mrs. Cecil Egger, and all attend-

ed church here Sunday. John Holder from near Brownwood piloted Bro. Moore out here and attended church Sunday afternoon.

We were glad to have with us for the day Sunday our old time friends, Mr. and Mrs. Henry Egger of Regency.

Mr. and Mrs. Herman Glen Egger and children, Cieta Faye and Wanda LaRee, of Ridge visited Mr. and Mrs. Dewey Smith Sunday. Mrs. Egger and the children were also present at church.

Misses Grace Briley and Permelia Scruggs of Brownwood schools spent the week-end at the Briley home and attended church here Sunday.

We were glad to have Mrs. Bob Egger with us Sunday morning.

Mrs. Irene Reeves spent Saturday afternoon with Mrs. Nellie Malone. Mrs. Malone, though improved some, did not feel able to be out at church Sunday.

Mr. and Mrs. J. R. Briley together with Grace Briley and Permelia Scruggs attended the Passion Play at Camp Bowie Friday night.

Wayne Roberts, who is taking advanced training as an airplane mechanic at Independence, Kan. is at home on a 14 days furlough. He expected to return to training school this week.

John Mashburn is still military police at Camp Logan, Col.

Mr. and Mrs. J. R. Wilmeth, who received a message stating that their son, Lt. Eugene D. Wilmeth, of North Africa had been slightly wounded in action March 31, have received another message saying that he was released from the hospital April 8.

Lt. and Mrs. Lillard G. Wilmeth write that they have arrived at Macon, Ga., where they will be stationed for a while at

Camp Wheeler. Before leaving Camp Walters, Mineral Wells, Lt. Wilmeth was promoted to 1st Lt.

Stanley Reeves was expecting Mr. Irvin from Brownwood to begin on his house Monday morning. Mr. Singleton will also help with the house.

Mr. and Mrs. Willie Beakley of Placid and Lucy Gale Wilmeth from Brooksmith spent Wednesday night and Thursday at the Wilmeth home. Mr. and Mrs. Ralph Wilmeth of Brooksmith came early Thursday morning

to help drench the sheep. Hubert Reeves, using his ches, was out at church Sunday. He hopes to be all right again a few weeks. He has been mending his tractor and going on with his farming.

Mrs. A. Boano of Las Vegas, Nevada, spent a few days early part of this week at her uncle, Rev. I. A. Boano's home. Mrs. Boano was reared in County. She was formerly Vernell Burt.

This War Is Doing Something For Us

By J. S. BOWLES

ONE OF THE noticeable things that this war is doing for us, whether we would or not, is to bring people of the various churches into a closer and more vital relationship.

Whatever may be the misgivings of others at this point, it has been an opinion of mine that this has been for long over due. We are to learn that the Kingdom of God, in its capacity to save men, is not limited to the narrow confines of any one of the many churches, or sects, that are now to be found on the earth.

This thought was brought home to me in a statement in our papers of recent date. In this account of a service held in a foreign land, a Catholic priest was reported to have gone from the Catholic service, held especially for the Catholic soldiers, to a tent where he preached a splendid sermon to the non-Catholics of the armed service. This may not have been new. It is new to me, however. I have never heard of just such a thing before. But it strikes me that men may be Christians first, and Catholics, Baptists, or Methodists afterward, and be nonetheless acceptable in the sight of God for being such.

We have a fine example of this same spirit in an occurrence during the other World War. Doctor Gordon, the great Canadian preacher, a Congregationalist, I believe, was a Chaplain in the Canadian Army. He approached a wounded soldier on the battlefield to find him in a dying condition. The dying boy asked for a crucifix, thinking of a Catholic priest. Doctor Gordon told him that he had no crucifix, but went to others upon the field in search of a priest and a crucifix. Falling to find either, he returned to the dying boy, cut from a neighboring tree a limb, and constructed a cross. The boy held this emblem before his eyes now with the death dew upon his brow and holding the rude cross before him he went into eternity. I know what most people who are non-Catholics would say about such a procedure. But as for myself I prefer to think that any material thing that directs the eyes of a dying man to the Cross, and the Crucified Christ, the world's redeemer, is very far from being a worshiper of idols.

We are going to come out of this war with a conception of redeeming grace that extends far beyond the limited bounds of our own contracted ecclesiasticism.

IDEAS FOR VICTORY

STATE PRESS in the Dallas News recently copied the following article from the Eagle and commented thereon:

GOLDTHWAITE EAGLE: President Roosevelt has issued a call for ideas. He has asked us to enlist our minds to help win the war. As a result 80,000 suggestions have been received so far. Of these 100 have already been put to work, and several hundred have been tried out. It is not necessary to have a glass-top desk or an elaborately equipped laboratory to begin thinking. Madam Curie, and her husband, worked in a poorly equipped laboratory in a barn in making their world-shaking experiments with radium. Newton watched an apple fall and got the gravitation idea. Galileo thought of the pendulum idea while observing a swinging lamp in a cathedral. The universe is a storehouse of undiscovered ideas! While we are enlisting our bodies to fight, our dollars to buy bonds, our scrap metal and rubber for making weapons of war, let us also enlist our ideas. Let's have more ideas, even if some of them are wild... there are always people to tame them.

Alas, there are always people to tame the wildest of ideas. That probably explains why 80,000 suggestions have already been sent to President Roosevelt but only several hundred have been tried out and only 100 put to work. This low percentage is appalling—so appalling that State Press hesitates to use his fresher course in mathematics and compute the percentage. What has come over us as a people if we can't get action on more of the 80,000 ideas already advanced? Perhaps we had better start watching apples fall, as did Newton, or go to church, as did Galileo. (State Press hesitates to advocate every man set up his own laboratory in the barn.)

AGRICULTURAL BULLETINS

AVAILABLE — With food and fiber vitally important in our war effort, never before has the public been so interested in farming, ranching and food production, according to the Department of Agriculture. A result is a rather brisk demand for free agricultural bulletins available through congressmen. There is a steady stream of orders.

HELP OFFERED SERVICE MEN'S DEPENDENTS. Any dependent of a service man not receiving the allotment he had designated, is invited to write me so I can intervene and request the Office of Benefit Allotment of the War or Navy Department to remedy any errors or delays.

WHO SAID WOOL ISN'T A VITAL WAR MATERIAL? If we outfit an armed force of 12,000,000 men, the billion-pound foreign wool stockpile doesn't look so big. Uncle Sam explains that it takes 200 pounds of wool to equip one fighting man. That's nearly 2 1/2 billion pounds needed for 12,000,000 men. Incidentally, Southwest Texas produced enough wool last year to outfit a 300,000-man army—one about the size of the U. S. Army in North Africa!

MAKING THE MOST OF IT. Kerrville asked the WPB for a rating to obtain materials to build the hanger and shop which would complete that city's \$360,000 airport. WPB said 'NO, the Army and Navy need it.' So Mayor W. A. Fawcett and Kerrville bought the municipal hanger at San Angelo, abandoned when two Army air fields set up there. The cost will be a fraction, and Kerrville's excellent field will be put into use.

MORE FENCING, PEANUT PICKERS.—The WPB has dropped fencing from the rationing program. It also has freed peanut pickers, leaving distribution up to the peanut growers association.

MORE LIVESTOCK FEED. The OPA ordered raising corn price maximums five cents is expected by the Department of Agriculture to step up the movement of feed held back by farmers in the Middle West and thus ease the livestock finishing feed program. The protein feed shortage in Texas has been eased by shipping of hundreds of cars of soybeans to Texas crushers—and mostly by rains and spring weather. Southwest Texas received more soybean feed during winter than any other section, the Department tells me.

Shoe Leather Released
 Certain types of leather, which had been frozen, have been released by WPB for the manufacture of shoes. As a result of the action, more than one million pairs of women's and girls' shoes are expected to be made from genuine and imitation reptile leather. Natural colored retan leather was also released, and manufacture of leather bows for shoes prohibited.

Revised Tire Regulations
 Tire rationing regulations have been tightened to prevent bootlegging and violations of tire inspection requirements. Changes ordered by OPA are: (1) Tire inspection record must be kept in the vehicle while it is in operation; (2) Tire inspectors will report serial irregularities to the local rationing board; (3) If an applicant does not have a tire inspection record showing all inspection requirements completed, the local board may grant his application if an inspection was made 60 days before the application was filed; (4) dealers need not hold tires turned in for 30 days as now required if, before that time elapses, the tires are examined by an OPA representative and their disposal authorized.

Improved Uniform International SUNDAY SCHOOL LESSON

By HAROLD L. LUNDQUIST, D. D., Of The Moody Bible Institute of Chicago. (Released by Western Newspaper Union.)

Lesson for May 2

CHRIST'S CHARGE TO PETER

LESSON TEXT—John 21:15-17.
GOLDEN TEXT—Greater love hath no man than this, that a man lay down his life for his friends.—John 15:13.

Breakfast for a hungry fisherman—that is what our loving and thoughtful Lord had provided on the shore of Galilee. He wanted to talk to Peter, but He knew this was needed first. There are some folk who think that following Christ is a doleful matter, devoid of every pleasure. Jesus never taught any such thing. He attended weddings and dinners even in the homes of those despised by men. But remember that He always did it for His spiritual good, not merely for His own enjoyment; and that He always brought the gathering up to His own spiritual level, rather than stooping to any worldly or wicked standards.

Here we find Him with a glowing fire upon which fish is broiling, and with bread ready for these hungry men. It was just like Him thus to meet in most delightful and satisfying fellowship those who serve Him. Draw up to the fire, Christian friends who are standing afar off. You may be so timid that, like the disciples, you will not dare to call Him by name (v. 12), but if you will come, you will find that the precious fellowship will soon warm your heart.

With the meal over, Christ turned to Peter and in their conversation we find the latter required to

I. Face Responsibility (vv. 15-17).
 With kindly persistence our Lord brought Peter face to face with his responsibility of full-hearted devotion to Him. Before service can be rendered there must be a right relationship to the Lord.

Three times Peter was asked to declare his love for Christ. Such a public confession was quite in place, before the man who had thrice denied his Lord was restored to a place of leadership. The words "more than these" (v. 15) indicate that Jesus was asking of him a high measure of devotion. It is no more than He has a right to expect of us.

The conversation after breakfast that morning was a very profitable one. One is reminded, by contrast, that few of our mealtime discussions are very useful. Many (perhaps most) after-dinner speeches and conversations yield little profit. Here is an occasion when such was not the case. One wonders whether we would not be wise to take the suggestion and turn our thoughts and those of our dinner guests to spiritual things. Surely it should be so among Christian friends and in a Christian home.

II. Feed Christ's Flock (vv. 15-17).
 We review the same verses to point out that an expression of love to Christ means nothing except as it manifests itself in service. Like Peter, we are to be diligent about feeding His flock, whether they be the young and inexperienced lambs, or the mature sheep of the fold.

We tend to specialize. Even in soul-winning some give themselves to child evangelism while others reach only adults, and would hardly think of dealing with a child. True it is that we have varying gifts, and one does one type of work better than another. But let us avoid overspecialization. Every needy soul is a challenge to us as we present the gospel.

The word "feed" should be stressed. Here again the church has frequently failed. Men and women are won to a decision for Christ, and then forgotten. Sheep must be fed if they are to grow. A teaching ministry must accompany the evangelistic effort. They belong together, and to neglect either is to fail, at least, in that measure.

III. Follow Him to the End (vv. 18-24).
 Endlessly ingenious are the devices of Satan. He who had sifted Peter like wheat (Luke 22:31) and had rejoiced in the weakness of his denial of Christ, now saw him stepping out into victorious living. He heard the prophecy of the martyr's death of Peter. So he put into his heart a question. Why should he suffer? What about John? What was the Lord going to do for him?

When our enemy cannot trip us up with temptation to personal sin, he resorts to the device of jealousy. Many promising Christian workers have become useless because they have taken their eyes off Jesus and put them on the persons and work of other Christians. Doing a work which was difficult and unnoticed but very important to God, they have felt the urge to quit because someone else seemed to have the easier task and receive more recognition.

The answer of Jesus in verse 22 plainly states that it is not the place of one disciple to judge the course of life of another, nor to gauge his own devotion to Christ by another's place or service. The word of Christ to us is the same as to Peter: "Follow me." We have all we can do to live our own lives in a manner well-pleasing to our Lord.

Town And Farm In Wartime

RATION REMINDER

GASOLINE—"A" book coupons No. 5 good for four gallons each until May 21 outside the Eastern gasoline shortage area. Good for three gallons each and must last through July 21 in the East Coast shortage area.

SUGAR—Coupon No. 12 good for 5 pounds; must last through May 21.

COFFEE—Stamp No. 23 (one pound) good from April 26 through May 30.

SHOES—No. 17 Stamp in War Ration Book One good for one pair through June 15.
RED STAMPS—Red Stamps lettered "E" became valid April 25, "F" valid May 2, "G" valid May 9, "H" valid May 16, "J" valid May 23; all good until May 31. Unused A, B, C, or D stamps good through April 30.

BLUE STAMPS—D, E, and F expire on April 30. G, H, J become valid April 24, and are good until May 31.

War Ration Book No. 3

War Ration Book No. 3 will be distributed through the mails to more than 120,000,000 individuals beginning late in June and ending July 21, the OPA has announced. Mailmen will leave postcard application forms at every home between May 20 and June 5. The postcard, properly filled out by the head of the household and mailed to OPA, will bring Ration Book No. 3. Prentiss M. Brown, price administrator, emphasized that book No. 3 is a replacement book only, containing a new supply of stamps to take the place of those now being used up. He said if any more rationing programs were necessary there would be official notice by the government.

Country Girls Good Nurses

Directors of schools of nursing rank country girls higher than their city cousins. Some of the qualities the directors like about their non-urban students are: They adapt themselves quickly to life in the school; they have learned to use their hands; they have a good supply of common sense; they are friendly and cooperative; they are conscientious and, one director said, "They get up in the morning."

The need for nurses is urgent. War Manpower Commissioner McNutt has said: "One of the outstanding shortages of manpower in the war is in the field of professional nursing." Write for information to the National Nursing Council for War Service, 11790 Broadway, New York, N. Y.

May Exchange Poor Meat

A consumer may ask his butcher to exchange a cut of meat that was bruised or otherwise unfit for use when it was bought, the OPA has announced. The customer then may receive other meat of the same point value. Ration stamps cannot be refunded, although any difference in price may be adjusted if necessary.

Live Hog Ceiling Threatened

Livestock producers and packers were told last week by Chester C. Davis, food administrator, that a ceiling would have to be established on live hogs if prices did not adjust themselves in line with wholesale ceilings. He remarked, however, that the recent course of the hog market has been most satisfactory.

Sugar For Canning

Sugar for home-canning of 1943 fruit crops will be available to housewives on approximately the same basis as last season. No deduction of blue point stamps will be made from War Ration Book Two for canning sugar. Details of the program will be announced soon.

Farm Values Up

Farm real estate values on March 1, 1943, showed an increase of nine per cent over last year. This is the most substantial gain that has occurred since 1920. Land value increases during the past year were widespread, with some advance reported in each of the 48 states.

Safe Canning Methods

The steam pressure canner is the only method recommended by the U. S. Department of Agriculture for preserving certain types of vegetables. Such vegetables as beans, peas, corn, spinach, and asparagus, as well as meats, should be cooked in a steam pressure canner to kill organisms which cause food to spoil. Fruits and tomatoes, rhubarb, and pickled beets may be safely canned by the boiling water-bath method. To be safe, these products should be boiled for at least ten minutes before they are eaten or tasted, even though there is no sign of spoilage when the jar is opened. Applications Being Taken

Cotton Loans Soar
 Through April 10, the Commodity Credit Corporation had made 1,564,972 loans on 2,979,003 bales of the 1942 cotton crop. It was announced by the Department of Agriculture.

Musical Program By Chaminade Club

On Tuesday night the Chaminade Club of San Saba gave a musical program in the home of Mr. and Mrs. Sam Sullivan. The following program was ably given:

Duet: "On the Trail" from "Grand Canyon Suite" by G. F. Root—Mrs. Malloy and Mrs. Miller.

Whistling Solo: "The Swallow" Serradell—Mrs. Wilson.
Solo: "Plantation Melodious," Powell, and "Polish Dance," Severn—Mrs. Sullivan.
Local Trio: (a) "Alone in the Evening," Chopin, and (b) "The Breeze," Dvorak—James Wilson and Sullivan Miss Bondy.

Orchestral Solo: "Lento," by Cyril Scott—Mrs. Miller.

Local Solo: (a) "Andante Cantabile," Tchaikovsky; (b) "Soudra," Drdla—Mrs. Sullivan.

Accompanied by Mrs. Sullivan, assisted by the members of the Schubert Club, Mesdames Littlepage, and Bowman, served a luncheon to the guests and the following guests:

Mrs. Walter Fairman, Mrs. Cowan, Mr. and Mrs. Dugham, Mr. and Mrs. Walter D. Lillie, Mrs. Martin, Bessie Crews; and W. M. Johnson, F. P. and R. V. Littlepage.

Norma Hoggard and son and Lieut. Hoggard's party from Antonio.

Mrs. E. L. Pass visited from Phelan, and recently.

SERVICE CENTER

The Service Center was open Monday afternoon. Punch and cookies were served to 48 Mills County men who were leaving for Abilene for their final examination. The wives, parents and sweethearts of these men came in and stayed until the bus left.

The Goldthwaite Garden Club

The Garden Club met Wednesday evening, April 21, in the beautiful home of our president, Mrs. John G. Berry, with Mesdames Berry, Walker and Randolph as hostesses.

The house was decorated throughout in red lilies, blue bonnets, and irises.

In the business meeting, one thing of interest was that the club voted to take the cemetery as our project for the coming year.

Mrs. Neal Dickerson led a most interesting program. Mrs. R. E. Clements gave a talk and demonstrated to us the budding of pecan trees. A horticulture quiz was led by Mrs. Walker, after which, last but not most exciting, a game of "fruit basket turned over" was led by Mrs. Dickerson.

Then pushing a fruit basket on which sat a large Easter bunny, Mrs. Dickerson appeared before our honor guest and former club member, Mrs. D. Albert Trent. This Easter basket was filled with gifts from the club members to Mrs. Trent, that she might remember us when she reached her home in Beverly Hills, Calif.

Refreshments were served by our hostesses to a large number of club members and the one guest, Mrs. Trent.—Reporter.

Sheep Drench.—Hudson Bros.

Dedicatory Program

Mesdames Jim Weatherby and Malcome Jernigan were hostesses to the Self Culture Club on April 22.

The program was dedicated to the memory of one of our most beloved and loyal members, Mrs. W. E. Miller. Mrs. Miller joined the Self Culture Club about 1910 and had worked faithfully with the club for over 30 years. In studying our past history one finds that Mrs. Miller was always a leader in all cultural and civic improvements undertaken by the club. She was a great lover of music, and added much to the musical phase of the club's work. Mrs. Miller's friendly smile and devoted loyalty will be greatly missed in the years to come.

Mrs. J. R. Stough was a guest for the afternoon.—Reporter.

WALTER J. JONES

Walter J. Jones was born Feb. 5, 1862, in the state of Mississippi, and died at his home in Goldthwaite last Friday.

Mr. and Mrs. Jones moved to Mills County in 1869, and lived in the Center City Community until 1916, at which time they moved to Goldthwaite.

At the early age of 16, Mr. Jones united with the Missionary Baptist Church.

He is survived by his wife, six sons, Marshall, Edison, Floyd, Arthur, Cargenie, and Farris; two daughters, Ethel and Flora; and two brothers, Austin and Paul; fifteen grandchildren and one great-grandson, besides a number of other relatives and a great host of friends.

What You Want -- When You Want It

NOW YOU CAN PAINT OVER WALLPAPER

WITH NEW **DU PONT** Speed-Easy WALL FINISH

FAST! EASY! INEXPENSIVE!

Thin with water . . .
You don't need special thinners that would increase cost. 1 gallon of Speed-Easy paste makes up to 1½ gallons of ready-to-apply paint!

One Coat Enough . . .
Only 1 coat is usually needed . . . for wallpaper, wallboard, plaster, concrete, unpainted or old painted surfaces. It cuts time, cost and work in half!

Dries in 1 Hour . . .
In an hour you have a smooth, oil-type flat wall finish of enduring beauty. Then you can move the furniture back and use the room. No delay.

It's Washable . . .
After about two weeks you can wash Speed-Easy with soap and water. Think what this means—a beautiful, flat finish that can actually be washed if it becomes soiled.

Use over WALLPAPER, WALLBOARD, PLASTER, CONCRETE, BRICK, ETC.

DU PONT SPEED-EASY is the slickest, quickest interior paint you ever dipped brush into! It's new. It's fast. It's easy to use. The results are amazing! It comes in pre-mixed paste form and all you have to do is mix it with water. A gallon of Speed-Easy makes up to one-and-a-half gallons of ready-to-use paint. Generally, one coat is enough to cover most surfaces, even wallpaper. It dries so quickly that in less than 15 minutes after painting, you can use the room. And there's no objectionable odor.

Du Pont Speed-Easy is ideal for living rooms, dining rooms, bedrooms, halls, game rooms, garages, etc. It brushes on so easily and smoothly, dries so quickly, and is so inexpensive to use that it means new savings in time and money for every home owner. There are eight beautiful pastel colors, and white—and they may be easily intermixed to form countless tints. Used by reliable painters, preferred by particular home owners.

CENTER CITY— By MRS. J. M. OGLESBY

From a number of sources I have received these words: "Please write more Center City News." I must admit with five days each week in the school-room there isn't much time for collecting news. However, we know the boys in other lands who are fighting our war gets hungry for news from home and of them we are thinking, and trusting the Eagle will help take the strain of war from their minds for a while as they read of home.

We enjoyed the new writers of last week and hope they write again soon.

One by one our dear old people are saying farewell to friends here to join the Heavenly Hosts. Saturday afternoon the remains of Mr. Walter Jones of Goldthwaite was laid to rest in the cemetery here. He and his family once lived here and are remembered by many friends who join in extending sympathy to all his loved ones.

Easter Sunday the frail body of Grandmother Head was brought from Lometa and rests in the cemetery here. She was 83 years, 5 months and 11 days old at her death. Grandmother Head had lived here for many years and all who knew her loved her. All her children attended the services.

Mrs. Mathis, Mr. Pickens, Rev. and Mrs. Washington, Misses Ola Fay Trammell and Mrs. Gist of Lometa attended the funeral services of Grandmother Head

Sunday.

Mmes Mae Wilson, Jim Giles and Mrs. Ola B. Landers of San Antonio attended the funeral service of Grandmother Head and stayed for a longer visit with relatives.

Tom Booker, who is in Legion for treatment is slowly improving and hopes to be able to return home soon.

Mrs. Chester Head spent a part of last week in Temple for treatment.

Thos Atchison and family, Pvt. and Mrs. Duard Atchison and family, and Mr. and Mrs. Lawton McBeth of Pidcoke visited Mr. and Mrs. W. E. Reid in Goldth-

waite, also other relatives and friends here Easter. They have not heard from their son R. L. in some time. He is with the armed forces somewhere.

Mrs. Glen Geeslin of Fort Worth and Miss Cleda Geeslin of San Antonio visited in the Hubert Geeslin home several days last week.

Mrs. Emma Casbeer is staying with her daughter, Mrs. Chester Head. She returned recently from Austin, where she visited another daughter, Miss Pearl.

Elroy McCasland of Brownwood visited his parents, Mr. and Mrs. Stacy McCasland last weekend.

Onion, Potato Maximums Raised

Maximum prices on dry onions and white potatoes of the late 1942 crop for sales during May and June, 1943, will be 10 cents higher than in April, the OPA has announced. The change in price is designed to spread available supplies over the next three months.

Tires For Veterinarians

Farm veterinarians can now get new tires as replacements even when the casings on their cars are recappable, according to OPA. They are also eligible for two mud and snow tires, in addition to their ordinary tires, to make travel easier and safer in

bad weather.

Exempt Small Sales by Farmers
A farmer who sells not more than \$75 worth of foods per month to country shippers or to consumers is exempt from price control recently established for seven fresh vegetables. If the farmer is a country shipper, he is subject to the price regulations.

The primary grades had an Easter egg hunt Friday, which was one of the biggest events of the year.

The eggs for the first grade were hidden on the football field. Huntis Black and Hopson Miller won the prizes. The room mothers served pop-cycles.

In the 2nd grade Bobby Jo Woods won the prize. The refreshments were punch and cookies.

Bill Evans won the prize for the most Easter eggs in the third grade.

The fourth grade had a good time also. Dorwin White, Charles Newton, and Peggy Sue Greathouse won prizes of defense stamps.

MR. ALLISON

(Nancy Collier)
Mr. Allison is a teacher every boy and girl should know. He is an outstanding person and he has played a very important role not only in the history of the eighth grade, but in all the other classes. He is outstanding because he always deals with the problems which confront himself and others to the best of his ability. He has taught us one year and in that year he has won the respect and admiration of every one in the school. His advice to us has been extremely valuable. You can be sure that he has done his bit toward making a brighter and happier future for the generations to come.

A TEACHER

(Reba Ford)
A teacher who is always ready to help those who need help is none other than Miss Blackwell. She is one of the three teachers who has been with us the entire year. This is the third year her smile has won the respect and admiration of all the boys and girls in grammar school. Her

work is teaching English. One of her many extra activities is helping make The Eaglet possible. Although she has had many difficulties, such as her brushed elbow, she continues striving on to help others. Even if she is small of stature, that is no sign that she isn't a 'big' teacher. The example she sets and the ideals for which she stands can be followed by anyone without fear of mistake.

SNOOZIE SNOOFERS

Everything is just perfect with Herbert since Christine Ince sits across the aisle from him.

Could it have been Bobby Burks who asked Annette to go to the show with him? (How about it, Bobby?)

George Wayne, we still want to know that girl's name in High School.

Billy Joe Townsen, you were doing all right Saturday night, weren't you?

Billy Mace, was it Bobbie Gene or Nancy Snoozy seems to think there is quite a bit of rivalry. (By the way, where does Norma Sue come in?)

Freddie W. is breathing easier since Jim Bob has shown no interest in Lavern. Evidently it is Melba present, past and future for Jim Bob!!

Allen was certainly disgusted when he had to borrow Norma Sue's pencil Friday.

Why does Melba get so mad when Lavern's name is mentioned around her?

Mr. and Mrs. Irk Black and daughter, Neta Faye, went to Fort Worth last Saturday and spent Sunday with their son, Sgt. Norman O. Black, who met them there from Barksdale, La. Sgt. Black, who is in the Army Flying Corps, returned Monday by plane to Barksdale.

ROCK SPRINGS

By MRS. EULA NICKOLS

We extend our deepest sympathy to Tom Toland and Mrs. Little in the going away of Miss Mattie, as we all called her. Also do we sympathize with her brother and sisters. She will be missed.

Rev. Morgan from Brownwood preached an Easter sermon Sunday morning, which was fine. He also preached again Sunday afternoon.

Several from here attended Mrs. Tom Toland's funeral Sunday afternoon.

Some from here went to town Monday to see the boys leave for Abilene for their last examination. There were 48 that left. This war is terrible. But we are not the cause of it, but it looks like we are going to have to help bring it to an end. For my part I would be glad if the papers would quit publishing so much we mothers don't need to know about. If my boy Phillip passes that will be two of my boys ready to do their part in winning the war.

I enjoyed the nice letter my daughter, Mrs. Earline Roberts, wrote to the Eagle last week. I just found one mistake and it was Loretta Duren who passed away instead of Loretta Green. I had several to say to me they enjoyed the letter too and that they would write Earline. I know she will enjoy getting your letters. Earline is quite a bit like her Grandfather Clements, especially when it comes to remembering things. As I write this letter I hope her brother Phillip is spending the night with her. So many asked me about Dwight's going. He thinks his turn will come later. It is so hard for us to see our boys leave home. I feel like if my boys' father were at home with us I could stand my boys going better. But God knew best.

I was told Bro. R. A. Watson will attend the workers' meeting next month at Center City. He was the pastor here years past. We extend sympathy to the

Head children in the passing away of their dear mother.

Mrs. Maggie Traylor and children and Mrs. A. D. Kirk and children spent Sunday with Marion Robertson and family.

Duey Bohannon and wife enjoyed Sunday down on the river with relatives and friends who came from Fort Worth for the day.

Sam Fisher and wife from Mullin called in John Roberts' home one afternoon last week. They came by my home but I wasn't at home.

W. A. Cook and son went to Brownwood Monday on business.

I went to Big Valley Sunday night with Mrs. W. A. Daniel and her father, Mr. Dennard. We heard a good sermon preached by Rev. O. F. Smith from Denton. We also enjoyed hearing the three girls sing several numbers.

Mrs. Ben Zieschang spent Saturday afternoon in Mrs. Sivell's home in town with her aunt, Mrs. Sivells from Lampasas.

James Nickols and family and mother visited in the Hutchings home at Center Point Monday night.

Mrs. Gus Roush from town visited with Mrs. Woodie Traylor one afternoon last week.

Mary Beth Renfro spent the week-end with Jack Dennard's girls.

Otis Hutchings helped James Nickols to finish covering Sam Self's house in town Tuesday.

Mrs. J. M. Ballard visited W. W. Fox and wife at Live Oak last week.

Most of the children met in the Newton home Sunday afternoon and had an Easter egg hunt. Joe Davis and family visited in the home.

Mrs. Dan Calloway's sister, Mrs. Lieman Pegan, spent the week-end in Goldthwaite and at Big Valley. Mrs. Calloway and son, Aaron Franklin, returned to Fort Worth with Mrs. Regan for a week's visit.

Mrs. Billy Scheman of San Angelo is here visiting her parents, Mr. and Mrs. Bess Conway.

Dip and Disinfectants.—Hudson Bros.

Billie Long, son of Mr. and Mrs. Lee Long, turned his car over near San Saba last Saturday night. Fortunately no one was hurt. A tire blew out the cause of the accident.

State Department Health Notes

CHILD HEALTH DAY

Asking the cooperation of all Texas parents in a campaign to stamp out preventable diseases and insure the highest possible health levels among the children of this state, Governor Coke R. Stevenson has followed President Roosevelt's example in naming May 1 Child Health Day.

Urging the State-wide cooperation in this campaign for child health promotion, Dr. Geo. W. Cox, State Health Officer, said today, "There is no more important phase of national health than that of child health and the tragic annual death rate from diphtheria and smallpox is indeed hard to understand when we remember that science has long since produced a successful and safe immunization against both diseases."

Dr. Cox pointed out the vital importance of child health to the total strength of our nation, and urged all Texans to exert every effort to conserve and protect child health not only through the application of positive health measures but also by reducing the incidence of the more devastating childhood diseases.

Young children who are taught personal hygiene, who live in clean homes, whose diets are carefully supervised and whose young bodies have been made immune to the ravages of such diseases as diphtheria, smallpox, and typhoid fever stand an excellent chance of growing into strong, healthy, useful citizens," Dr. Cox said. "It is these boys and girls whose strength and health we are safeguarding by Child Health Day, who will be the leaders of that victorious and peaceful era which we are fighting to bring about today."

Leonora

Leonora straightened the objects on her desk with great care. She had put her desk at the end of her room facing the door so that when her mother came in she would have to cross the whole room under Leonora's stern executive eye to get to her. From movies and pictures in the newspapers Leonora had gotten a good idea of how the desk of a busy woman of affairs should look.

With an important scowl, Leonora picked up a sheet of paper. Now she was two people — herself, the busy woman, and her own stenographer. "Miss Simpkins, take a letter to the Secretary of the Treasury, will you?" she murmured under her breath. "Yes, immediately," she murmured back at herself.

Leonora cleared her throat and looked at the ceiling for inspiration. Miss Simpkins bent over the sheet of paper hanging on the words about to fall.

"Dear Mr. Morgenthau," — "Got that?" — "Yes, madam."

"I am — ahem — thirteen years old and anxious to be of all possible service to the country at this time, ahem!"

"I earn a weekly income of from \$1.37 to \$2.12 by helping with the housework and by shovelling snow. I am at present in possession of one War Savings Bond and am buying stamps weekly. I want to become a member of the 10 percent Club. I feel it to be — ahem — not only my duty, but my privilege" ("How do you spell privilege?" asked Miss Simpkins. "Don't bother me with these details," said Leonora) — my privilege as an American to invest at least ten percent of my income in War Bonds.

Yours truly,"

"Get that off at once, Miss Simpkins," said Leonora. "Yes, Ma'am! You certainly are an important woman, ma'am," said Miss Simpkins.

NEIGHBORING NEWS

San Saba

Highlight of the Lion Club program Tuesday was an interesting talk by Petty Officer Op-lis Brown, home on leave from his cruiser back from the Southwest Pacific.

The "Jeep Campaign" at the San Saba public schools closed April 21, when it was revealed that children and teachers had purchased enough bonds and stamps during the drive to buy five "jeeps" with some to spare.

Several San Saba ladies of the two Federated Women's Clubs here attended the Sixth District convention of T.F.W.C. at Coleman last Thursday evening and Friday, when women's club work in war was stressed, inspiring the women to work onward with more fervor and zest toward victory. On behalf of the San Saba Study and Pierian Study Clubs of this city, Mrs. W. R. Payne, president of the former, extended an invitation to the convention to come to San Saba next spring. The invitation was gratefully accepted. — News.

BERTHA F. ERMIS OF THIS CITY GETS EMPLOYMENT

Young welders, machinists, radio technicians and sheet metal workers! They are the Inks Dam NYA War Work Center's contribution to vital Texas war production industries.

Bertha F. Ermis of Goldthwaite who has been employed at the Inks Dam Center, near Burnet, recently went to work as a welder at 97 cents an hour for the Houston Shipbuilding Corporation in Houston. She is only one of the many who constantly are obtaining their war training at Inks Dam to qualify them for high-paid jobs in shipbuilding corporations, aircraft industries, and at Army and Navy posts.

Young men between the ages of 16 years and 3 months and 25, and young women, including married women, between the ages of 16 years and 9 months and 25 are eligible for war training at the Inks Dam NYA Center in radio, welding, sheet metal and machine shop work. While at Inks Dam these young people obtain their room, board, medical attention, and \$15 a month each for his or her own personal use.

Inquiries concerning employment at the Inks Dam Center may be made by writing to the Youth Personnel Officer, Inks DaDm, Burnet, Texas.

Mrs. Eliza Job, who has been very ill at the home of Walter Henry, is slowly improving. Mrs. W. K. Holeyfield of Lubbock arrived Saturday for a week's visit with her sister, Mrs. Fred Reynolds, and family.

NORTH BENNETT
By **MRS. EDKER MIKEAL**

I will try and send in a few lines after being away for several months. I'm sure everyone enjoyed the pieces each week that Mrs. Lawrence wrote.

We are enjoying some real spring weather which we are very glad to see. The farmers are all very busy.

Miss Clea Geeslin of San Antonio visited her parents, Mr. and Mrs. H. C. Geeslin, last week.

Mr. and Mrs. R. L. Kendall visited in the Edker Mikeal home one night last week.

Mr. Kendall and Andrew Anderson went fishing Friday night and proved to be real fishermen. They came in with about 80 pounds of fish.

Edker Mikeal and family and Mrs. Ed Dennis and Miss Ruth visited in the W. L. Lawrence home one night last week.

We are very glad to see Elmer Geeslin up and about. He is going into the chicken business.

Mr. and Mrs. Ercher McCasland visited in the R. L. Kendall home a while Saturday night.

We had a good crowd out for Sunday School last Sunday. We invite everyone in the community who do not go to Sunday School somewhere to come be with us each Sunday morning at 10:30 o'clock.

Mr. and Mrs. Bill Horton and little son attended Sunday school Sunday.

We offer sympathy to the Head children in the passing of their mother, Mrs. C. A. Head, and to Mr. Toland in the passing of his wife. May God bless you all.

Mr. and Mrs. Otto Kendall of Goldthwaite visited in the R. L. Kendall home Sunday night.

Mr. Ingram returned home Monday after spending the winter with his daughter in Dallas.

S-S NUMBERS SHOULD BE FROM SOCIAL SECURITY BD.

"Applications for original or duplicate Social Security account numbers should be mailed or taken to the nearest Social Security Board field office, and should not be mailed to the Bureau of Internal Revenue of the Treasury Department," David S. Pruitt, manager of the Austin office of the Social Security Board, said today.

Although instructions at the bottom of the application specifically direct that it be mailed to the nearest Social Security Board office, a large number of them are being sent to the Bureau of Internal Revenue, resulting in delay in the issuance of the cards and extra handling of the applications.

Pruitt also warned employers not to hold applications completed by their employees until time for filing the quarterly informational return, but to mail them to the Social Security Board at once so the cards may be issued and returned to the employees.

Mrs. W. J. Kelsoe received a message Saturday. She left immediately for Pecos to be with her daughter, Mrs. Chas. Ryan, who is seriously ill.

Hamilton

Although he could not tell his parents, Mr. and Mrs. O. P. Lovelace, of Indian Gap, where they might find his location on the map of the world, Pvt. Owen P. Lovelace, Jr., orderly in the Coast Guard Artillery of the U. S. Army, wrote home, "Terribly hot here."

Local promoters informed a Herald-News reporter on Thursday morning of this week that Ice and McCamey of Dallas, have completed all legal transactions for drilling block on the John A. Blom 80-acre tract of land west of Hamilton twelve miles and a location staked for a new deep oil test.

Information which will be given wide and cordial reception comes to the Hamilton Herald-

SPECIAL NOTICE

Seldom does a theatre manager have the opportunity to present such a Picture as

'MOONTIDE'

"MOONTIDE" brings Jean Gabin to the American Screen, and he's a worthwhile acquisition. Come see his movie for an introduction to a strong and original personality, a future matinee idol, and yet, in spite of it, a fellow whom husbands won't mind taking their wives to see. Gabin's first American picture will probably start a vogue.

MRS. C. A. HEAD

Saturday, April 24, the spirit of Grandmother Head passed away at the home of her son, J. W. Head, in Lometa.

Missouri Ellen Welch was born on November 13, 1859, in Bell County and was last of her generation to join the Heavenly family.

On November 17, 1881, she was united in marriage to Clinton Alexander Head and they lived together nearly 60 years. He preceded her in death two years. To this union nine children were born, of whom three died in infancy. The children who survive are J. W. Head of Lometa, Mrs. Viola Chappell of Fort Worth, W. W. Head of Center City, R. E. Head of Eastland, Mrs. T. M. Mitchell, and J. B. Head of Brownwood. All the children were at her bedside when the end came. Besides these 21 grandchildren and eight great-grandchildren survive. She had five grandsons with the armed forces.

Grandmother Head spent most of her life at Center City, where her memory is revered as a faithful wife, a loving mother and a friend to all.

Funeral services were held at the Methodist Church at Center City on Easter Sunday with appropriate messages honoring her memory. Bro. Washington, pastor of the Methodist Church in Lometa, assisted by Bro. Johnston, pastor of the church, had charge of the services. The body was laid to rest in the Center City Cemetery beside the grave of her husband.

Pallbearers were Messrs. Hardy Collier, Stacy McCasland, Thomas Atchison, Bill Lucas, Z. Karnes, and Sherwood Owens.

East Lake Merritt—

By NELLIE BEA BARRINGTON

Sunday evening of last week Mrs. Johnnie Stevens and Vada Dean came home with her sister Mrs. Grover Price and spent until Thursday in our community. Vada Dean visited school Tuesday at Lake Merritt. Every one was glad to see her as she has been one of Lake Merritt's best pupils since she entered school until she moved to Nabors Creek at Christmas and has been in Goldthwaite school since.

Mr. and Mrs. Otto Nauret and Hilda, called by Mrs. G. W. Barrington's Thursday afternoon while on their way home from Goldthwaite.

Mrs. R. A. Stevens is spending a few days with her daughter, Mrs. Albert Crawford, at present. Mr. and Mrs. Cecil Sportman and children of Brownwood visited her parents, Mr. and Mrs. Otto Nauret and his parents, Mr. and Mrs. Will Sportman, this week end.

Mrs. G. W. Barrington and girls, Nellie Bea and Lola Mae, stopped a while with Mr. and Mrs. Will Sportman Saturday afternoon.

Early Saturday morning someone knocked at the door of Mrs. C. A. Karnes' home. When she opened the door—what a glad surprise to see her son, Pvt. N. C. Karnes standing at the door. He came home to spend from Saturday until Sunday afternoon.

Mrs. Albert Crawford and her mother, Mrs. R. A. Stevens spent the day Monday with Tom Stevens and family.

Our Sunday School at Lake Merritt was organized, teachers were elected, but we have decided to change the time from ten o'clock a. m. to three o'clock p. m.

Mr. and Mrs. Albert Crawford and Mr. and Mrs. R. A. Stevens visited Mrs. I. J. Crawford on Friday afternoon of last week.

There was an Easter egg hunt at Lake Merritt school for the children. Two short programs were given before the hunt.

Those present were Mrs. Felton Waddell and children, Mrs. Jake Brown, her niece and ne-
