

THE GOLDTHWAITE EAGLE

GOLDTHWAITE, MILLS COUNTY, TEXAS,—FRIDAY, AUGUST 6, 1943

NUMBER FIFTY

FIELD TOUR CARRIED BY BROWN-MILLS CONSERVATION DIST.

A field tour, sponsored by the Brown-Mills Soil Conservation District, was carried out Tuesday afternoon with 59 interested farmers, ranchers and business men present.

The tour was made over the Williams and Williams conservation areas in North Brown County. The Hickman area comprising 4,500 acres in a solid block, was the first conservation area in the district approved by the supervisors. Work begun in the area is now showing fine results and was an eye-opener to many who had not seen the progress being made. Increasing plantations of peanuts and other essential war crops as well as pasture grasses through the application of conservation practices were seen in operation.

The group from Brownwood, led by Star, Goldthwaite, May and other points met at the H. Lawson farm shortly after the hour where a short program was held before inspection began, during which time a quantity of seed watermelons, raised by G. G. Goss, North Brown County Supervisor, were presented by the crowd. Short talks on soil conservation were given by Representative Bill Chambers, who was instrumental in getting the State Soil Law through the Legislature, providing for this work; C. W. Lehman, Brown County Agent; W. H. Goss, District Conservationist; Field Gibbs, Brown County Commissioner; L. K. Gregory, head of the Rising Star Soil Conservation office and W. H. Goss, chairman of the district board of supervisors. Representative Chambers emphasized the necessity of winning the war against soil erosion to maintain and increase agricultural production essential for national existence.

Inspecting crop rotations, plowing, and other conservation work on the Lawson place, the group returned to the farm to disband. The school furnished a bus for transporting the group. Those viewing the work were in praise of it and a continuer growth in conservation work.

For the purpose of getting this in 1943, being More) hundred will go to et 1.8, ore 1935-3, ption.

WORTH BAPTIST CHURCH SERVICES

In the absence of the pastor, D. A. Bryant, who is away on a revival meeting, Dr. Frank W. Parris, Professor in the Department of Missions at the Southern Theological Seminary at Macon, Ga., will occupy the pulpit at both services next Sunday. Evening services will be held on the lawn of the church. All are cordially invited to attend.

ROADS SURFACED

Highway crews are busy this week hard-surfacing the Goldthwaite road. The coat of oil was expected to be completed by today or tomorrow, and the coat of asphalt will be placed on it immediately thereafter. This surfacing is on the Comanche County line about three miles north of Goldthwaite.

RESKE GOLDTHWAITE DROVE LAST MONDAY

Mr. and Mrs. Johnny Neal and family of Oklahoma are here visiting her parents, Mr. and Mrs. Frank Dennis.

CONGRESSMAN O. C. FISHER TO VISIT HERE SATURDAY AUGUST 14

In a letter this week to the Eagle, Congressman O. C. Fisher of San Angelo says he plans to be in Goldthwaite on Saturday, August 14, and is anxious to talk with any of the citizens of Mills County who have any problems or other matters they might like to discuss with him.

PROCLAMATION BY GOVERNOR OF TEXAS

To All To Whom These Presents Shall Come:

WHEREAS, the conservation of deposit bottles, like the conservation of all other materials these days, is of vital importance to everyone; and

WHEREAS, millions of these empty deposit bottles are known to be in homes, garages, business places and industrial plants; and

WHEREAS, the return of these idle bottles which can be sterilized for civilian re-use would permit the glass industry to use even more of its facilities for the manufacture of glass containers for food and other items required by the Armed Forces at home and abroad;

NOW, THEREFORE, I, Coke Stevenson, Governor of the State of Texas, do hereby request that every person cooperate in this

DEPOSIT BOTTLE CONSERVATION PROGRAM which opens August first, and ask that they search their homes, garages, business places and industrial plants and promptly return these containers to the places from which they were obtained.

IN WITNESS WHEREOF I have hereunto signed my name officially and caused the Seal of State to be affixed hereto at Austin, this the 19th day of July, A. D. 1943.

COKE R. STEVENSON,
(Seal) Governor of Texas.

OTT HOPES TO HAVE OIL LEASES IN BANK WITHIN SHORT TIME

Emil Ott says that leasing is continuing in Mills County and he hopes to be able to have the required 10,000 acre block escrowed in the bank in a short time. Of course, there are always a few in a community who are reluctant to cooperate with their neighbors. If one or the other landowner is imbued with an overdose of skepticism in this case they have ample opportunity to satisfy themselves, that the proposition presented by Ott, which is that a thorough test is going to be drilled, if the required leases can be had within the time specified in his contract with J. Garfield Buell, will be handled in a businesslike and speedy manner.

No one is going to lose anything except Mr. Buell for the money he is gambling on a producer, if the well is dry, and Ott, who is gambling his time and work and personal expense. The landowner is getting a thorough test and if it proves to be a commercial producer, will reap accordingly through producing royalties.

If any of the landowners would actually know how hard it is to induce any oil man financially capable of bearing and gambling the expense necessary to put down a 3,000-foot test in Mills County, the block would have been in the bank within one week.

Mr. and Mrs. Johnny Neal and family of Oklahoma are here visiting her parents, Mr. and Mrs. Frank Dennis.

GOVERNOR STEVENSON'S PROCLAMATION URGES RETURN OF DEPOSIT BOTTLES. In the proclamation, just issued by Governor Stevenson, Texas are urged, during the month of August, to conserve the existing supply of returnable deposit bottles by returning them promptly to the dealers. Governor Stevenson's proclamation points out that the general public, by returning idle milk, carbonated beverage, and beer bottles, which can be sterilized for civilian re-use, will permit the glass industry to re-use even more of its facilities for the manufacture of glass containers for food, and other items, required by the armed forces at home and abroad. Mrs. Margaret McDuffie, the Governor's personal secretary, was photographed with him at the time the proclamation was signed.

Nationwide Molly Pitcher Tag Day

Washington, D. C.—On August 4th, Molly Pitcher is stepping out of the pages of American history to sell War Bonds and Stamps. The gal who carried water to thirsty soldiers during the blistering Revolutionary Battle of Monmouth and took over her husband's cannon when he was wounded, has long been a symbol of the heroism of American women.

In her honor, brigades of modern Molly Pitchers will take their stands on nation-wide Molly Pitcher Day at street corners, building entrances, and in public places to sell the bonds and stamps that back up our modern fighting men.

A red-white-and-blue Molly Pitcher Tag will be given to everyone who purchases a bond or stamp on that day. Members of the American Legion Auxiliary, and of the Independent Food Distributors Council unit of Molly Pitchers, will aid and augment local Women's War Savings Staffs to make up the volunteer sales force. They will use water pitchers to hold their supplies of tags and War Stamps. The slogan on the tags will read "Fill the Pitcher with Bonds and Stamps on Molly Pitcher Day," and the goal of the sales force will be to "tag" the total population.

RATIONING OFFICE TO CLOSE

The Mills County Rationing Office will close at noon Saturday, August 14th and will be closed all day Monday, August 16th.

W. L. Mahan, Chairman

MOLLY PITCHER TAG SALE SATURDAY

American Legion Ladies will have charge of "Molly Pitcher" Tag Sale Saturday, August 7. Everyone buy a Stamp or a Bond and get a "Molly Pitcher" tag. The committee is composed of Mrs. Jack Reid, Mrs. George Rector, Mrs. Joe Huffman, and Mrs. Terrell Casbeer.

ENCAMPMENT FOR BOYS AND GIRLS CANCELLED

The Encampment for 4-H, FFA and H. E. girls and boys, scheduled to be held August 20 and 21 at Lake Merritt, has been cancelled.

This action was taken by committee chairman, upon the advice of County Health Authorities to keep children out of crowds and swimming holes the remainder of the summer months because of the danger of infantile paralysis.

ASSOCIATE PRICE SPECIALIST WANTED BY CIVIL SER.

The position of associate price specialist of textiles in the Fort Worth district office of the OPA will be filled by civil service procedures, Paul H. Figg, director, Tenth Civil Service Region, has announced.

PREACHING IN BAPTIST REVIVAL AT PRIDDY

Rev. J. C. Massee is doing the preaching in a Revival at the Priddy Baptist Church which started July 30 and will continue through August 8.

PLEASANT GROVE STARTS MEETING

The Methodist Church at Pleasant Grove will start a meeting on Monday night, August 9, and go through Sunday, the 14th. W. P. Anderson, the pastor of the Cherokee Circuit, will do the preaching. We cordially invite all who would like to attend. Wm. JOHNSTON, Pastor.

METHODIST NOTICE

All regular services will be held at the Methodist Church next Sunday. We would appreciate your presence. So many people seem to feel that they have no responsibility whatever for the ongoing of the kingdom of our Lord Jesus Christ. But Jesus said: "He that gathereth not with me scattereth abroad." He also said, "He that is not with me is against me." Each and every disciple of Jesus Christ is under moral obligation to stand by the Lord and His church. Sunday School meets at 9:45 a. m. Preaching at 10:45 a. m. and 3:45 p. m. Youth Fellowship meeting at 8:15 p. m. "O come let us worship together and bow down before the Lord." B. A. MYERS, Pastor.

MILLS COUNTY LADIES TOP QUOTA IN SHANGRI-LA DRIVE

TWENTY-FIVE HARD WORKERS SELL OVER \$9,000 FOR MONTH

Headed by Mrs. Jacob Saylor, chairman woman's division, and Mrs. W. E. Fairman and Miss Ann Coleman, with precinct chairmen in every precinct in Mills County, the ladies far exceeded the Mills County quota of the sale of War Stamps for the purpose of building the Shangri-La, a secret aircraft carrier dedicated to the primary purpose of bombing Tokyo and the

remainder of the Japanese island.

The Federal Government asked every man, woman and child in the United States—about 135,000,000 of them—to invest \$1 each in War Stamps for the purpose of building the Shangri-La. Mills County's quota was set at the latest population figure—7,251. The ladies of the county were asked to sell the stamps—and they did it.

As nearly complete report as possible follows. A few of the precincts were not heard from at the time the Eagle was put to press; however, whatever sales were made there will be added to the grand total.

MRS. SAYLOR THANKS MILLS COUNTY PEOPLE

Mrs. Jacob Saylor, Chairman Woman's Division of the Mills County War Savings Bonds and Stamps Drives, released the following statement: "I want to take this opportunity of thanking the people of Mills County for making the Shangri-La drive a success."

COURT HOUSE REST ROOMS OPENED SOON

A contract has been let by County Judge John Patterson and Commissioner Precinct No. 1 Jess Tullos to Claude Saylor to remodel portions of the courthouse in order that the ladies' and men's rest rooms may be left open at night.

The courthouse had been left open until recently at night for the benefit of the public, but hoodlums had got in the habit of roaming over the building and destroying property. It became necessary to lock the building to protect the county's property.

However, not wishing to work a hardship on the public, the Judge and Commissioner Tullos hit on the idea of putting an outside door in the north side in place of a window and closing off the basement floor with the exception of the men's rest room; and of placing double doors in the west hall on the first floor. This arrangement will allow ladies access to the ladies' parlor through the west hall, and also allow the remainder of the building to be locked.

CARADAN REVIVAL TO BEGIN THERE TONIGHT

Caradan Revival Meeting will begin Aug. 6, 1943, Friday night. Reverend Glynn Parris of Miles will bring the message at 10 a. m. and 8:30 p. m. each day. We are expecting great things and hearing an old-time spiritual revival. Everyone is invited. REV. G. A. NALLEY, Pastor.

NABORS CREEK STAMP DRIVE TOTALS \$227.20

Mrs. J. R. Parker, chairman of the Nabors Creek Committee, has reported that to date the total sales in her community had reached \$227.20.

A PRAYER FOR PEACE

Oh Lord! We pray Thee in our humble way,
Bring peace on earth by Armistice Day.
Let bells of Freedom ring 'round the world,
Let Freedom's Banner be thereon unfurled.
Let brotherly love supplant the creed
Of dastard tyrants' ignoble deed.
Send home our boys from foreign lands,
From oceans wide, from distant sands,
So they may know their home again.
Let this war be final! Amen.

Arley E. Moore of the Melwood Ave. Church of Christ, Brownwood, preached for us here Sunday afternoon.

F. L. Crowder left Thursday for Los Angeles to visit his brother, Truman Crowder, and perhaps work awhile in defense work.

Mr. and Mrs. Dewey Smith visited Mr. and Mrs. Herman Glen Egger at Ridge Sunday.

Mr. and Mrs. Willie Sykes and children of Indian Creek attended church here Sunday afternoon.

Mr. and Mrs. Cloud Mashburn and Wanda Mae from the other side of Goldthwaite, visited here Sunday. They and Mr. and Mrs. Dale Reid and children were guests of Mr. and Mrs. Alvin Ketchum.

Hard Jones from near Goldthwaite, and Mr. and Mrs. Roscoe Jones and children visited Mr. and Mrs. Bob Egger Sunday.

Mr. and Mrs. J. R. Wilmeth and Mrs. Wayne Taylor spent the week-end with Mr. and Mrs. Willie Beakley at Placid.

Mrs. Hubert Reeves and children, Joe and Nancy, spent Wednesday at the Briley home. Mrs. Reeves says her brother, Rufus Kent Guthrie, who joined the Navy and was sent to Macon, Ga., to go to school, has been sent back to the Texas University.

Mrs. B. Singleton of San Angelo, arrived here Tuesday and is visiting her mother and brother, Mrs. Irene Reeves and Jay.

Mr. and Mrs. Edmond Egger visited with Mr. and Mrs. Charn Whittenburg Sunday.

James Martin of Brownwood is making a hand at the Alvin Hanna farm.

S. L. Singleton of San Angelo is at the home of his daughter, Mrs. Charles Griffin.

Hubert and Stanley Reeves went to San Antonio with a load of peaches the first of the week. Mr. and Mrs. John Holder and children, Ray and Nelda Jay, from near Brownwood spent the week-end with Mr. and Mrs. Frank Crowder and attended church here Sunday.

Mrs. P. R. Reid has heard from her father, Wood Roberts, who is enjoying his visit with his sister, Mrs. Ollie Murphy, at Lamesa.

Mr. and Mrs. Stanley Reeves and Grandmother Reeves moved into their new house Tuesday of last week.

We hear that Miss Mildred Thompson of Kopperl has accepted the Ebony school for next year. The Thompsons contemplate returning to their place this fall.

Johnnie Egger took Mr. and Mrs. Ira Egger to Goldthwaite Monday.

Mrs. Alvin Hanna, Mrs. Frank Crowder, Mrs. John Holder, Mrs. John Briley, June Hanna, and Grace Briley visited with Mrs. Stanley Reeves and inspected the new house for a little while Sunday afternoon. The house was a delight to everyone. It is a white cottage with a green roof, with polished oak floors through out, plenty of nice closets, and beautiful cabinet work in the large roomy kitchen. We congratulate Mr. and Mrs. Reeves on their accomplishment during these trying times, and we hope they live to enjoy it for many years. We are proud of the addition it makes to our community.

(Intended for last week) Sunday is preaching day. Bro. Arley Moore of Brownwood will preach at three o'clock in the afternoon. Morning services will be as usual. Come in the morning and stay on the grounds for preaching.

Mrs. Alice Wade and her son,

Cecil Wade of Hermleigh, arrived at the home of her sister, Mrs. J. R. Wilmeth, Sunday for a short visit. They returned home Tuesday afternoon.

Mrs. Roscoe Jones and children, Francis and Barbara, who went to San Angelo Monday of last week, to visit her sisters, Mrs. Oak Hudson and Mrs. G. W. Fuston, returned home with her nephew, E. C. Curtis, of Indian Creek, Wednesday. She said too many cases of infantile paralysis made her anxious to get home.

Mrs. Ernest Martin of Odessa, and Mrs. Norman Chesser of Brownwood attended church here Sunday. Mr. and Mrs. Martin are visiting her parents, Mr. and Mrs. Jess Egger.

Mrs. Irene Reeves and Jay spent Sunday afternoon with Mr. and Mrs. Cecil Egger.

Wood Roberts left Monday to visit his sister, Mrs. Ollie Murphy, of Lamesa. Before returning home, he expects also to visit his sister, Mrs. Lula Murphy, at Colorado City.

Sgt. Neuma Crowder writes his parents that he is now stationed at Biggs Field, El Paso.

Mr. and Mrs. Charles Griffin and sons, Henry and Johnnie, visited at the Wilmeth home Sunday afternoon.

Mr. and Mrs. J. R. Briley, Mrs. Wayne Taylor, and Grace Briley accompanied Mrs. O. R. Mitchell and children, Marilyn and Carol Jean, to Goldthwaite Tuesday night where they took the train for their home in Beaumont. Coming three weeks ahead of their mother, the children had a stay of five weeks during which they had many experiences. They got to attend the meeting, visit at the Hubert Reeves home, the Ralph Wilmeth home, and many times at the Jim Wilmeth home. They rode horseback, went in swimming, gathered the eggs, helped milk, and drove the team while Johnnie Egger and Granddad gathered maize heads.

Mr. and Mrs. Jess Egger had all their children for family dinner Sunday. Present were Mr. and Mrs. Ernest Martin of Odessa, Mr. and Mrs. Arle Egger and Bobbie Zane of Star, Mr. and Mrs. Earl Egger and children of Owen, and Mr. and Mrs. Lem Egger and their daughter of Brownwood.

In response to a letter of inquiry concerning the death of Lt. Eugene D. Wilmeth sent to North Africa by his sister, Miss Marie Wilmeth, a letter has been received from his personal friend, Lt. William W. Galt, stating that Lt. Wilmeth met his death by an artillery fire which hit near where they were sitting about four o'clock on the afternoon of May 7. Expressing his deep sympathy to the family, Lt. Galt further states that Lt. Wilmeth was the outstanding officer of his battalion and everyone had the greatest respect for his sound judgement and leadership. He says that to Co. A he was the symbol of courage, leadership, and loyalty. For the present he is buried in a divisional cemetery in Tunisia not far from the battlefield. He says it is a beautiful place, and his funeral was very military.

James Clifford Crowder, 66, who died at his home, 1300 Melwood Ave., Brownwood, Monday, July 19, spent most of his life at Ebony. He was born Feb. 5, 1877 near Papatote in Bee County. He spent his early boyhood at Utopia in Uvalde County. He came with his parents to Ebony in the fall of 1889. As the wedding party of Mr. and Mrs. Jim Lindsey were leaving the Wilmeth home where the ceremony was performed, the Crowders arrived. In a short while they bought a good tract of land, built a house, and put in a field. There was a large oak tree at the front of the house and his father put a wild honeysuckle at the back. Both of which still remain. Only a few years ago Clifford said he hated to get far away from that old oak tree, for he had told it most of his joys and sorrows. He went to school at the old Buffalo schoolhouse. And while quick with his lessons, he also knew how to be popular with the girls. Optimistic by nature, he could always see the sunny side of life, and he played the French harp like a master. In the fall of 1891 he drove the wagon which carried the body of his father to the cemetery. As the son of a widow, he learned early how to do hard work, and he was a good

Lampasas

Mrs. Sarah O'Neal, 89, died Sunday morning, July 25, at the home of her grandson, E. J. Polard, in Lometa, where she had been sent by her physician after being fatally burned Saturday morning about 6:30 o'clock when her house burned.

After waiting a long time for final approval of application by the Creamer Stage Lines to carry mail from Temple to Lampasas and back, Postmaster Adams was informed Tuesday morning that the matter is approved. Creamer Bros. asked for this after being asked by local citizens to render such service for the town, since mail from the east and west could be had here only at night and out-going mail had only the once-a-day service.

A deal was closed this week by which Fulton Brown and Otto Lang purchased the interest of Albert Bullion in the Bullion-Brown-Lang Co. The change was effective as of July and the name of the firm changed to Brown-Lang Company.—Record

Mrs. Rena Smith has received a letter from her son, Billie, who is in the armed forces near Delhi, India. He is o.k. and enjoying life. He also sent her a paper printed in Delhi, India, on July 15, which stated that the thermometer registered five degrees above zero—quite a contrast to the hot weather we are now having here.

Mrs. Fred Soules and her sister, Miss Bonnie Skinner, of Bartlett spent the week-end here with Mr. and Mrs. Luther Soules.

Comanche

Mack Phifer, 83, native of Tennessee, and a resident of Comanche County for six years, died at his home here July 23, following an illness of eight weeks. Funeral services were held at the Comanche Funeral Home Saturday with Rev. E. G. Gregory, Jr. and Dr. C. C. Klingman officiating. Burial was in Oakwood Cemetery.

The revival meeting closed here Sunday night. Very little interest was manifested throughout the entire meeting. The pastor, Rev. Stohler, handed in his resignation at the close of the meeting. So the church will be without a pastor for the present time.

The church house was painted last week by men of the community.

On Thursday of last week almost the entire community met on the river at Double Ford for a picnic and fish fry. The honoree for the occasion was S. Hunt of Amarillo, brother of Mrs. W. E. Stevenson, and Jim Hunt of this place. On Wednesday night Homer Eckert, Dutch Smith and sons, Johnnie and Junior, C. H. Black, Jim Hunt, J. D. Ford, Ralph Ball and Lamont Wright put out lines and caught a catch of fish (without the big one getting away, as the fish yarns usually go) which was cooked mostly by Mrs. Dutch Smith. The good eats were brought fourth by the ladies and a fine lunch was spread where all enjoyed the occasion to the fullest extent. After noon all went to

Stephenville, and their grandsons, Charley and John Souder, spent Saturday night and Sunday on the river. After dinner Sunday, Phillip Nickols and wife from town, Mrs. Homer Doggett and Janece, from Pampa, John Earl and Janette Roberts from Abilene, enjoyed being with them. Some enjoyed a swim.

Homer Doggett from Pampa, came down Sunday to take his wife and daughter home. They will drive back as they are taking Glenn's car back with them. They will visit Homer's parents in Coleman Tuesday, then drive home Tuesday night.

Rudolph Cooke and Bill Stanley took several bushels of peaches to Brownwood Friday. Mrs. Cooke and boys spent the day with the Brown family while Rudolph sold the peaches.

There was several visitors who attended the meeting, some from town, Big Valley and Center Point.

BOLL WEEVIL CONTROL

On nearly all Mills County farms this year, peas and beans, as well as grain will be stored for food, feeding, or planting purposes. Precaution should be taken to prevent these foods and feed materials from becoming infested with weevils. Carbon Disulphide, otherwise known as highlife, is a good fumigant to use. The amount of highlife that should be used will vary from 4 to 20 pounds of liquid per 1000 cubic feet of bin space depending upon the tightness of the container and temperature. CAUTION: All lights and fires should be kept away from the liquid and its fumes as the chemical is inflammable and explosive.

Factors to consider in using the highlife are tightness of the bin temperature, and using a sufficient quantity to get the job done. A temperature of around 75 degrees is ideal, but if it is lower, then more fumigant should be used. Gunny sacks may be placed on top of the

grain and the carbon disulphide poured over them after which the whole top should be covered with a wagon sheet or some other type of covering. The liquid may also be placed in shallow pans and placed on top of the seed. The gas is heavier than the air and settles downward, therefore apply the material at the top of the seed mass.

For smaller containers the following table can be used: Half-gallon jar, 1-4 teaspoonful; gallon syrup bucket, 1-2 teaspoonful; 25 pound lard can, 5 teaspoonfuls; 50 gallon barrel, 1 ounce.

If seed are to be used for planting purposes keep container tightly closed for 24 hours. If to be used for food continue fumigation for 48 hours. At the end of the fumigation period, as stated, ventilate thoroughly.

The grain should be examined occasionally for reinfestation and treated again if necessary. Small amounts of grain stored in tight containers or tightly woven sacks are not likely to become infested after the first treatment.

Recipe Service

Many homemakers have been inquiring: What's the difference between a meat alternate, sometimes referred to as substitute, and a meat extender, Hazel Phipps, specialist in food preparation for the A. and M. College Extension Service clarifies this point by explaining that eggs, cheese, peanuts, dried beans, and soy-beans are meat alternates because they provide about the same type of nutrients found in meat.

Meat extenders include such foods as dressings, gravies, cereals and vegetables which stretch meat bulk and flavor which do not actually take the place of meat in the diet.

A good example of a meat extender is this one-dish meal prepared in demonstrations by Leonard O'Neal, former Angelina County home demonstration agent.

Meal-in-One Dish
1-2 lb. hamburger meat; 1-2 medium sized onion; 3 tbsp. bacon drippings or other fats; 1 cup tomato pulp 2 medium sized potatoes or 1 1-2 cups cooked rice 4-5 carrots; Seasoning to taste: Salt, pepper, celery salt Worcestershire sauce.

Note: Left over meat or left-over vegetables can be used in preparing this dish. Left-over meat stock of gravy can be added to good advantage.

Cook hamburgered meat in bacon drippings until red color is gone. Add salt and pepper, meat sauce or other seasonings to taste. Place left over vegetables in casserole, cover with seasoned meat, top with tomatoes and bake in moderateoven 30-40 minutes. Serve while hot.

Two other extenders come from Edna Prentice, Polk County demonstration agent.

Stuffed Meat Loaf
Meat: (1 lb. ground meat, 1 egg, 1-2 t. salt, 2 Tb. flour. Mix thoroughly and spread out into thin layer.)

Dressing: (1 c. cornbread, 1 egg, 1-4 c. stock, 1-4 t. salt, 2 Tb. chopped pickles, 1 Tb. chopped onions. Break cornbread into small pieces, add egg and other ingredients and mix well)

Spread dressing across the center and roll the meat into a compact roll around it. Place in greased pan and bake in moderate oven. May be served with

gravy or tomato sauce. Slice across the loaf to serve.
Liver Loaf
1 1-2 lbs. liver; 1 onion; 2 1-2

LETTERS FROM MILLS COUNTY SOLDIERS

From North Africa Pfc. Adolph O. Kunkel sends the following letter to his sister:

Dear Sister:
Received several letters and cards from you a few days ago. Sure was glad to hear from you, and that all of you are well.

I am still o.k. so far. I also had several letters from Alfred Tieman and many other letters from there, and how glad I am to get letters from home.

So Alfred has been home again? How lucky he is. How are things back home? Plenty of work I guess.

How is Mother and Dad? Working like always, probably more to do than they can do. I hope to come back to help them again some day.

Well, I have seen somebody I always wanted to see, Edwin Ruckaw, and was I glad to see him! We have seen each other quite often, he is close to me at the present time. I also saw several boys from Star that I used to play basket ball with. Really was glad to meet up with them.

I will write you where we landed and have been all during this time. We can write more now since the battle is over with here in North Africa.

I landed first at Casablanca, and stayed there about six weeks, then we moved to Constantine, we stayed there two weeks and from there we moved to the front lines at Maknassy and stayed at the front two weeks or more.

And from there we moved to Beja and stayed behind the lines about a week, then we moved up to the front again, and helped make the last big push for the coast. We started the push from Mateur and stayed with it until it was all over with, the 9th. day of May.

I stayed at Mateur for some time. The country is hilly, I am now close to Oran at the present. How long I'll be here I do not know.

I will try to send you some pictures if I can, and other pictures and things I will bring with me when I get to come back home.

I received a letter from Walter Jacob, and if he is still here in Africa, I hope to meet up with him out here some time.

Boatright is still with me and he is o.k.
Tell Mother and Dad 'hello' and all the rest that I will write them some day. And hope to see all real soon. Well I must close wishing all of you good luck. So answer soon and tell me all the news that has happened back there.

Love to all
Your brother, Adolph.

The Eagle has received the following letter from Pvt Gordon W. Casbeer who is at the Amarillo Army Air Field:

Dear Friends of the "Goldthwaite Eagle":
I'm not a prof. on writing letters, but as it is lonely out here in the Panhandle of Texas, I'll try to write to all the friends at home.

One never knows what home is until he gets in the service. Although I love the Air Corps, I'm going to be an armorer mechanic. I'll go to school 13 weeks somewhere here in this dear world, I hope, at least the Boss told us so, General Burwell.

In one way the army life is bad, that is when you get k.p. for 18 hours and I know for I have had it for 3 days in 2 months of service.

Well, we also have fun along with the work. We have nice chaplains here and we also have a Service Club for the soldiers, and girls from the grand city of Amarillo come out to entertain the soldiers, and we also have a W.A.C. camp here. There are about 300 W. A. Cs here.

I came in the army about the 27th day of May. Stayed at the army reception center at Camp Walters, Texas, 13 days, and then got on a Greyhound bus one morning, June the 8th. No one knew where we were going except the driver and he couldn't tell, it was a military secret.

We were all guessing where we were going to land. There were 5 buses—193 soldiers. We thought at first it would be Sheppard Field at Wichita Falls. But when we got there we just kept rolling, and about 4:45 that

evening we arrived here at Amarillo Field. It is a nice place; they have a mechanic school here, 5 hangers, lots of planes for training.

It is a swell place for Basic Training. We have nice exercise grounds here if the dust didn't blow so bad, it is mean.

The soldiers here have lots of work such as going through the gas chamber, "Tear Gas," going on rifle range, going on a 16 mile hike with full pack and rifle, amount to about 50 pounds net.

You are supposed to take all this in 25 days of training. So you see I have finished it. I have 11 day over that they call advanced training. We have had cross country running. We run 1 mile and then walk about 300 yards, and then start out for another mile for six miles you do that.

It sure is bad that we have to have these old wars, but this is the only cure for it—fight it out. There sure have been lots of sons, Bros. and husbands put in service from Dear old Mills County but that is what it takes, men with nerve to fight for their country, and Mills County boys are doing their part, I think.

I have two brothers in service. One is in Louisiana and the other is in Brazil, South America.

So may God bless them, and all the rest, and pray that we will all be back home again some day safe and sound.

We Texans here sure have a time here. There are 3 Yanks to one Texan and we sure have some long arguments, but we generally win.

I'll never have the feeling again that I had the day I left home to come to the service, and the look on my father's face.

I'm sending this so I hope all my friends will write me. I'll be more than glad to hear from you some day.

I received a letter from Rev. Bryant. He told me of the Summer Homecoming the 4th of July at the old reunion ground and the crowd they had. It would be grand if all the soldiers from Mills County were to get to be there at once, it would be a sight.

Well, it is time to hit the hay. Reville comes the same time every morning

So goodbye, Friends and Neighbors.
Pvt. Gordon W. Casbeer

JUST A PUSH—

By SAM SAY

I have been thinking about church critics. I am a grown up one myself. I think the church critic has a useful place as applied to the religious forces of our world. I criticize out of a spirit of interest and sympathy and there are some others doing it out of a sense of self moral failure. That is to say, they try to ease a guilty conscience by a sweet morsel selected from some dirty corner of the church.

I want to say seriously and sadly that the church has lost much power with God and much influence over the people by tolerating evil within its own ranks. For example, take the one matter of Sabbath keeping. What can the church do for the world nearby, when it tolerates its own members in Sunday revelry, in Sunday business of various forms and thus ignores teachings of the church and divine precepts?

Of course any one desecrating the Lord's Day is guilty of breaking down the foundation morals of his country, church or no church.

Certainly, there has always been evil in the church; it's composed of humans, just folks, but we are accumulating a spurious amount of it.

After all that may be said the church stands for the highest and best on the earth. There is no other institution even claiming to dispense the blessing for which it was instituted.

The late Dr. J. B. Gambrell one occasion looking out on a church assembly said to us: "You are a sorry bunch, but I know of no better bunch."

Mrs. Julia Taylor returned home Wednesday from Dallas where she has been visiting her new granddaughter who arrived in the home of Mr. and Mrs. Alvin Gandy on July 5. The little lady has been named Judy. Mrs. Gandy was formerly Miss Arlie Taylor.

SOCIETY

HAPPY EVENT

The celebrating of the Golden Wedding Anniversary Sunday, August 1, 1943, of Mr. and Mrs. J. D. Priddy of Goldthwaite took place at their home on South Parker Street.

Mrs. Carrol Lowrie, their daughter, whom we love and adore for her charming and sweet characteristics, had opened their home to their friends and relatives from five to eight p. m. and some hundred and ten guests enjoyed the colorful occasion.

The guests were met and welcomed into the hall by Mrs. Lowrie where native blue bells attractively arranged in vases added beauty to the entrance.

Passing into the living room adorned with gladiolias and marigolds in tall baskets and vases and golden bells swing to and fro and chiming out their love songs of yore.

Oh, how cruelly sweet are the echoes that start, When memory plays an old tune on the heart!

And amid all this profusion we found the bride and the groom. She wore a sheer maroon dress with corsage of gardenias, and he wore a suit of dark blue. Here happy greetings were extended this lovely couple—

None know them but to love them, None name they but to praise.

A large golden bell hung in the archway to the dining room. Other golden bells suspended above the dining table, which was graced with a beautiful dainty lace cover (hand made by the bride), the center piece was a miniature bride and groom at the marriage altar.

Mrs. Earl Clements, Mrs. Boyd Browning of Corpus Christi and Mrs. Reiger graciously served the pound cake, while Mrs. David Clements and Miss Francis Ann Tate of Coleman graciously poured the orange sherbet-ale and Miss Lula Davis presided at the register.

The beautiful expressions of love from the Pridys as were the same as Stanton when he said:

The sky blends blue above us
And sing the sweetest birds
Here's home and ones to love us,
And gentle deeds and words;
But stormy be the sky or clear,
The heart keeps singing all the year.

Our pathway blooms with roses
That woo us on the way,
And every evening closes
A peaceful perfect day;
But thorns or roses while love is near,
The heart keeps singing all the year.

And to the Pridys we will say:
"God bless you." That expresses it
In tender words and true,
Is what the heart of us would say
If it could speak to you.
May every day be a happy day
Until your journey's end,
Is just the wish of one
Who's glad to call you friend.

One Step Closer to VICTORY

Tom and I figure that every War Bond we buy is another step toward Victory—and that all-electric kitchen we've wanted for so long. Of course, our main purpose in buying bonds is to lick the Axis. That comes ahead of everything else. But just the same it's nice to know that when the war's over we'll have a nest egg built up with which to carry out our plans for post-war better living. We're buying bonds to guarantee freedom from oppression today—and freedom from household drudgery tomorrow!

There's a great incentive for making every sacrifice you can today. For after the war, new materials and new production methods now being

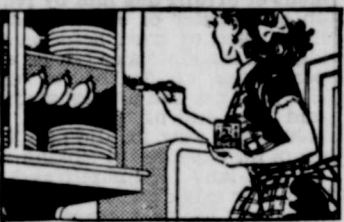

perfect, will bring finer electrical appliances and better electrical living for everyone.

THE STATE OF TEXAS

TO: Waddy Allen Thompson, Mary Alice Thompson Hunt and her husband, James T. Hunt, Defendants, Greeting:
You are hereby commanded to appear before the Honorable District Court for 27th Judicial District of Mills County, at the Court House thereof, in Goldthwaite, Texas, at or before 10 o'clock a. m., of the first Monday next after the expiration of forty-two days from the date of the issuance of this Citation, same being the 6th day of September, A. D. 1943, then and there to answer Plaintiff's Petition filed in said Court, on the 24th day of July, A. D. 1943, in this cause, numbered 2737 on the docket of said Court and styled E. P. Thompson, Plaintiff, vs. Jack D. Thompson, Mrs. Annie Thompson, a feme sole, Mary Alice Thompson Hunt and husband, James T. Hunt, Waddy Allen Thompson and Waples Platter Grocery Company, a private corporation, Defendants.

A brief statement of the nature of this suit is as follows, to-wit: Plaintiff alleges that he and the defendants aforesaid, other than Waples Platter Grocery Company, are the sole owners of 192 acres of land out of Coleman Rummell's Survey No. 97, Patent No. 151, Vol. 11, situated in Mills County, Texas, being the same land conveyed by Mrs. L. S. Hayes and husband, G. W. Hayes, to E. P. Thompson and Waddy Thompson by deed dated April 5, 1916, recorded in Vol. 40, Page 264, Deed Records, Mills County, Texas; that plaintiff owns an undivided one-half interest in said land; that defendant Mrs. Annie Thompson owns an undivided one-fourth interest, and that said Jack D. Thompson, Mary Alice Thompson Hunt and Waddy Allen Thompson each own an undivided one-twelfth interest therein; that the defendant, Waples Platter Grocery Company is claiming a judgment lien and deed of trust lien against said land, which liens plaintiff says are invalid but cast a cloud upon the title to said land. Plaintiff prays for appointment of Receiver to sell said land and divide the proceeds, or in the alternative for the appointment of Commissioners and partition of said land. Plaintiff also sues for foreclosure of deed of trust lien for payment of \$178.04 due him by reason of transfer of Federal Land Bank deed of trust liens securing said amount; also alleges expenditures of \$291.93 to discharge taxes and interest against said land and of the sum of \$100.00 per year for the past ten years for expenses in looking after said land for himself and as agent for said defendants. Plaintiff prays for foreclosure of said liens and for the adjustment of equities between himself and the defendants, and for cancellation and annulment of the liens claimed by Waples Platter Grocery Company and removal of cloud by reason thereof, for costs of suit, etc., as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and Seal of said Court, at office in Goldthwaite, Texas, this the 24th day of July, A. D. 1943.

Attest:
MRS. EARL SUMMY,
Clerk of District Court,
(SEAL) Mills County, Texas.

NOTICE OF COUNTY BOARD MEETING

The Mills County Board of School Trustees will meet in the office of the County Superintendent at 2 p. m. on Friday, August 6, 1943.

JOHN L. PATTERSON,
E-Office County Supt.
Mills County.

Need Turkeys For Soldiers

Because turkey will be the main course of Thanksgiving, Christmas, and New Year's Day dinners on every battlefield, American turkey raisers have been asked by the WFA to supply about 10 million pounds of turkey meat during August and September for shipping to armed forces overseas. The public is asked to refrain from eating turkey for a few weeks until this urgent demand for the armed forces has been met. Later in the fall civilians will have a supply of turkey approaching an all-time record production.

RECEIVES PROMOTION

Cpl. C. R. Massey, Jr., of Fort Reno, Okla., has received a promotion to Sergeant. He entered training on March 11, 1943. He is the son of Mr. and Mrs. C. R. Massey of Goldthwaite.

WASHINGTON WANTS MORE INFORMATION FROM TEXAS SS BOARD

Austin, July 31.—The State Department of Public Welfare today received a telegram from the Social Security Board of Washington calling the department to account for what it termed inadequate personnel for keeping up with the eligibility status of all persons on the rolls. The board notified the department that before it could give consideration to granting federal funds for the quarter beginning October 1, 1943, it would have to be furnished with a report on the situation and the steps being taken to remedy it. The threat of losing federal funds because of inadequate personnel has grown out of efforts of the department to cut administrative costs to the bone.

According to figures of the federal government, Texas spent during the last fiscal year only 2.6 percent of assistance money for administration. The national average was 5.6 percent and Texas stood as the lowest of the 48 states in ratio of administrative costs to assistance payments. When it appeared that there would not be enough money to pay old age assistance grants in full, this department felt it doubly necessary to use all administrative money possible to pay old age assistance

grants. Although 5 1-2 percent of federal and state money was appropriated for administration, the welfare department held actual administrative expenditures down to 2.6 percent and put up the difference for matching dollar for dollar as assistance money by the federal government. The importance of this action is seen in the fact that over \$2,000,000 additional money was paid out to the aged during the first six months of this fiscal year by reason of administrative economies. In this way cuts in grants were prevented for some time and even after the cuts began these savings were used to supplement the monthly installment from the appropriation. The reason why the increase of \$150,000 in the state appropriation did not make a great deal of difference in the money available is due to the fact that the Legislature failed to take into account that the department was using administrative savings to supplement the current monthly installments from the appropriation. Thus instead of increasing the appropriation by \$300,000, as some have claimed, the legislature only increased the state money available over the monthly installment, plus the savings being used, by only about \$52,000 state money per month.

Goldthwaite Home Demonstration Club

Goldthwaite Home Demonstration Club met Thursday, July 29, in the home of Mrs. Paul McCullough, with eight members present. The house was called to order by Chairman, Mrs. Sauters. Minutes were read by Secretary, Mrs. Scholer; roll was called; report was given by the council delegate. New business; our annual club picnic was discussed and it was decided to have it out at Lake Merritt August 18th. Committees were appointed. Mrs. Winsor, chairman of committee, Mrs. Stough, and Mrs. McCullough.

The meeting was turned over to the program leader, Mrs. Schooler. First aid in the home was the subject of the lesson. 1. What to do in case of scalds and burns, 2. How to treat cuts and nail thrusts, 3. Making and supplying a first-aid medicine chest for home, was a very interesting lesson which everyone needs to know.

The hostess served deliciousiced punch and cake, assisted by Mrs. Stough. Mrs. Willie Lang of San Benita and Mrs. Graham from Menard were visitors. Reporter.

Trigger Mt. H-D Club

The Trigger Mountain Home Demonstration Club met with Mrs. Jim Harmon Monday, July

26. There are three conditions to consider in the successful drying of food, said Mrs. Harris. They are the dryness of the air, the temperature of the air, and the circulation of the air. Warm circulating air absorbs moisture more readily than does cool still air. It can assure uniform rapid drying by placing food so that the air circulates freely.

If the temperature is too high in first part of the drying outside of the product becomes over-dried and it takes a long time longer to dry. Sun takes almost twice as long as does drying by controlled heat.

The products should be dried frequently and the trays several times during the drying. When drying halves of vegetables, the cut side should be turned up first to retain moisture. When drying food in the should be covered with cloth to keep out dust and insects.

Mrs. Harmon served coffee the following: Mmes. Scott, P. M. Hutchins, Reynolds, O. B. Edson, Bachus, Jennie Harmon, Utzman, McNurlen, and Marie Reynolds, Alice Maumon, Melba Jean Bachus, Reynolds, and Margaret Reynolds. There will be no regular picnics. No definite plans made, however. The next meeting will be the 27th of September with Mrs. Gus Meyer

MULLIN NEWS

(From the Mullin Enterprise)
S. F. Roberts and Otto Singleton have accepted positions on the Artillery Range west of Mullin. They will occupy the homes vacated by A. G. Wesserman and the Cooksey Brothers respectively. S. F. Roberts will move to his location this week.

It is reported that Tom Perry has contracted to buy the Rasco home in Mullin.

Ollie Pafford went to a Brownwood sanitarium Monday for an examination and treatment. He has been suffering for several days with an enlarged gland on his neck.

Mrs. W. P. Duren and Miss Alaine Fisher returned home Thursday from a trip that included Temple, Dallas and Fort Worth. At the latter city they were guests of Mr. and Mrs. Burgess Fisher, who are doing fine and are well located.

Staff Sgt. Francis Duren is now an Aviation Cadet in training at Miami Beach, Fla.

Mrs. J. N. Crockett, Mrs. Bob Crockett and Billy, visited Mr. and Mrs. Jot Tucker and baby, Lynda Jo, Tuesday evening.

Mr. and Mrs. W. W. Perkins, Mr. and Mrs. D. A. Hamilton were guests in the home of G. R. Willis, Sunday in Comanche. Fay Hamilton and Joyce Willis came home with them.

Mrs. A. W. Savoy has been suffering with an infected finger, but glad to hear she is better.

S. V. Roberts has accepted a good job down in the maneuver area as guard and moved to the A. G. Wasserman residence. His brother, Charlie Roberts, has accepted a similar job and moved back to his former home, so life has been one of many changes for him and his wife since they left that pretty home six or eight months ago.

Mrs. J. A. Holland is visiting her son, Joe Holland, in San Angelo.

CHURCH OF CHRIST

The Gospel meeting at the Church of Christ in Mullin is drawing large crowds from the beginning. The meeting is now several days old and is to continue through the 8th. You are cordially invited to be among the many who are enjoying the good gospel singing and messages of divine truth that are being presented each evening at 9:15. Also day services at 11:00. "Come let us reason together" and ye shall know the truth, and the truth will make you free.

Little Judy Scrivner, daughter of Mr. and Mrs. R. D. Scrivner, of Brownwood, formerly of Mullin, had a lovely picture of herself in the Brownwood Bulletin recently. She celebrated her third birthday with a party at Coggan Park and had the most fun, more than any grown-up could have.

Mrs. T. J. Coleman moved to an apartment at Mrs. J. A. Hollands Friday, and W. S. Lowe and family will move to their home on North Third St.

W. J. Sanders and family had a reunion at their home Sunday honoring their son, Petty Officer 2-c. Prentiss Sanders. Those present were Mr. and Mrs. Glenn Sanders, Mr. and Mrs. Jack Sanders, O. J. Canady and family of Stephenville, Floyd Morgan and family of Brady, Ely Sanders and sister, Miss Exa Sanders, Mrs. J. J. Canady, Mr. and Mrs. R. B. Boyles.

M. R. Wylie shipped two trucks of sheep to the market at Fort Worth recently. He says his sheep are doing well but a good rain is badly needed for grass.

Mr. and Mrs. John Burkett of San Saba visited his sister, Mrs. W. H. G. Chambers and her husband, W. H. G. Chambers, Sunday.

As usual, Mullin went "over the top" and then some, in the July drive that closed Saturday evening. Isn't it a grand and glorious feeling, that when our boys come home, we won't feel we didn't do our best for them. I sold over \$1500.00 worth Saturday in such a short time. To those who helped me, Thanks.

Mrs. W. S. Kemp.

Mrs. Homer Arrendell and son, Joe Arrendell of Stephenville visited her parents, Mr. and Mrs. E. A. Duren, the past week; and Sunday Homer Arrendell and his father came over and spent the day. Mrs. Arrendell and son returned home with them.

Mr. and Mrs. E. L. Burkett visited her mother, Mrs. Blanche Barton, Sunday near Caradon.

Mrs. W. H. Wasserman, Norma Lee and Anna Belle Wasserman and Mrs. J. N. Crockett visited in Brownwood Monday.

Mr. and Mrs. Ford Linneweber of Zephyr, were visiting friends here Saturday and met many warm friends down town.

Mrs. J. H. Randolph and Mrs. Al Dickerson of Goldthwaite, were week-end guests in the homes of R. H. Patterson and G. M. Fletcher.

Miss Nell Kirkpatrick is here on her summer vacation, and her sister, Miss Carrie Kirkpatrick of Brownwood, came down for the week-end with her.

Mrs. Nancy Smith, a good citizen from out on Route one, was in town Friday and added her name to the list of Home paper readers. She said her brother, Charlie Smith, well known stockman, was not so well this summer.

Carl Tillman is enjoying his vacation here with his family and will probably be sent to Weslaco.

Mr. and Mrs. W. P. Chancellor left the first of August for Odesa, where he has a good job with Phillips Oil Company. Mr. and Mrs. Chancellor are the salt of the Earth and deserve the best, and the best will be apt to follow their pathway.

Mr. and Mrs. A. W. Savoy visited Mr. and Mrs. Aaron Little in Comanche Sunday. They found Mr. Little entertaining a carbuncle on his neck and vice versa.

Cpl. and Mrs. C. L. Patterson and daughters, Dorothy and Cornelia, of Harlingen, are on a vacation, visiting relatives and friends in this county.

Will Handley and family of Brady attended Church of Christ services Sunday. He and his family lived here a few years ago and have many friends in this area.

There was dinner on the ground Sunday and all day services at the Church of Christ, where a meeting is in progress, and large crowds attending at each service.

At the Baptist Church a new minister, Rev. Shanaham of Brownwood, preached the morning and evening sermon Sunday. The pastor, Rev. Hancock, is in a revival at Big Valley. He recently closed a successful revival at Duren with keen interest manifested.

Billy Cooksey is leaving the 9th. of August for life with the colors. He is joining the Merchant Marines, his two older brothers, Jack and Tom, are in the Air Corps.

Petty Officer 2-c. Prentess Sanders, was here over the week end with his family, Mr. and Mrs. W. J. Sanders.

Sailor Rufus Guthrie had a good fairy to smile on him and he was sent back to Austin from Fla. Its like home to Rufus to be back in Austin.

Mickey Rooney's best picture—"Andy Hardy's Double Life"—Monday, Tuesday, Wed.—Melba.

Handy Hank.

HE MIGHT BE in the way now, but Hank Johnson pitches in to help his mother with her spring house cleaning. Hank, his application and bottle of wax handy, is going "all out" in Mom's conservation plans. His dirty knees prove he's been working.

MILLS COUNTY RAMS TOP JUNCTION SALE

According to information furnished us by R. L. Steen: At the Junction, Texas, Ram Auction Sale Friday of last week the rams belonging to Fred Whittenburg and O. R. Gunn, of the Scallorn community, topped the sale. Mr. Whittenburg showed 9 head, 7 of them were classed stud rams and brought him \$1569.25. The best one brought \$450.00. Mr. Gunn sold four rams for \$480, the top one brought \$200.

The Junction Ram Sale is recognized over the southwest as the one that attracts the cream of the crop, so Mills County should be proud of its fine sheep.

Mrs. Bill Harlow of San Angelo is visiting her parents, Mr. and Mrs. J. T. Morris, for a few days. Mrs. Odell Burns and little daughter, Barbara Dell, returned to Webster, after spending two weeks here with relatives. Annette Armstrong accompanied them home for a visit.

ABILENE COAST GUARD OFFICE WANTS RECRUITS

The Abilene office of the Coast Guard has received its quota for the month of August and will be able to take care of all applicants between the ages of 17 to 18 years who may be interested, according to Chief Pharmacist's Mate Robert R. Seaton.

One of the many features that has been the determining factor in so many boys enlisting in the Coast Guard is the complete educational setup which has helped these boys carry on with their educational work while serving their country. It is well worth investigating the opportunities offered by the Coast Guard in this respect. OCS may be attended after finishing "boot" camp, as well as aviation air flight training.

Chief Seaton states that a recruiting party will be through the entire district at regular intervals, and a letter or post card to the recruiting office, second floor Post Office Building, Abilene, Texas, will receive prompt attention.

REV. BEDFORD RENFRO BREAKS LEG MONDAY

Last Monday while clearing brush and rocks from in front of the maintainer of a grader which was leveling up the lot just west of the Conro Building, Rev. Bedford Renfro stepped back into the maintainer and his leg was broken before the operator could stop. It was thought at first that Mr. Renfro was hurt more seriously and he was rushed to a Brownwood hospital. Word from there Thursday stated that Mr. Renfro's leg had been placed in a cast and that he was resting well. It is thought that he can be brought home in a few days.

Mrs. Maadal Herndon returned to her home in Odem, after spending several days visiting relatives here. Mrs. G. L. Bates, her sister, returned to her home in San Angelo Monday, after spending a week here with Mrs. Annie Armstrong and other relatives.

IN MEMORY OF ARVIL FARRIS JOHNSON

Blessed sleep, from which none ever wake to weep;
O how sweet to be for such a slumber to meet,
With holy confidence to sing,
That death hath lost his venom-ed sting.
Peaceful rest, whose awakening is supremely blest,
No fear, no woe, shall dim that hour
That manifests the Savior's power.
Oh for me may such a blissful refuge be,
Securely shall my ashes lie waiting
The summons from on high.

Oven Canning Not Recommended

Some canners have been against the oven method of food by the U. S. Department of Agriculture. Not only is it slow and un-healthy, but it may lead to accidents as a result of understanding of canning techniques. Disadvantages of canning mentioned by USDA: "Juice bubbles out or away; peaches and pears to darken. For the vegetable that need high heat to sterilize, oven canning is not even though the oven goes degrees F., or higher, food the glass jars stays at the boiling point." And boiling point of water, 212 F., is not sufficient heat to sterilize bacteria in a reasonable time in beans, peas, and other non-acid vegetable meat. For canning the Department recommends only a steam pressure and for fruits and tomato the boiling water bath.

THOUGHT PROVOKING

By J. S. BOWLES

WITH THE MERCURY hovering around 106 in the shade, anything that provokes thought is dangerous. This thought came to me like a clap of thunder in one of my most placid moments after reading the Eagle last week.

That Tribute to the Country Editor caused this troubling of the mind—not easily provoked to anything nearly related to serious thinking.

No, I never heard of an editor of a country paper committing suicide. In fact I never knew one who ever did any overt act that got him or any one else in trouble. He is always too busy attending to his own affairs to meddle with that of other people.

This line of thought led me to another phase of the subject, however, and there was where my thinking in such torrid temperature got me into trouble.

I began asking myself: "Well, what about his high regard for publishing to the world the truth, the whole truth, and nothing but the truth?"

Can the country editor, or any kind of an editor, be ready to face the realities of the great unseen beyond, unless he at all times tells all the truth about all things and all people?

What about the things he tells about the town bride, her beauty, her culture, her countless friends, when deep in his heart he knows that she is as ugly as a Mexican mud hut, rough as a piece of pig iron, and friendless as a last year's defeated candidate.

What about the obituary he writes about old Colonel Smith as a great and good citizen, whose homegoing is regretted by his friends, counted by the entire population of the community, when as a matter of fact he had scarce friends enough to bury him except for the public regard for health and decency?

But this tended to cause some more thinking. I asked myself if the country editor was a sinner in this regard above all the other sinners. What about the parson who is called upon to preach the funeral of the town character, who, as a matter of fact, was altogether sadly lacking in all sorts of character that was really worth talking about? His good qualities, mere figments of a distorted imagination, were paraded before a public that knew just how void he was of these commended characteristics.

I thought long and loud about the possibilities of both the editor's painted character that never existed, and the preacher—well, ditto. Then I raised the question as to the prospects of future glory of both these faithful servants, who were driven by force of circumstances to publish fiction as facts if he were to hold his job and avoid the scowls of a rather ungenerous and nonforgiving public.

Many years ago a man by the name of Dr. Paley wrote a book on Moral Philosophy that was a great comfort to me. I commend it to the distressed editor who is seeking surcease from the nagging of a rather guilty conscience because of enforced favors in dealing with unquestionable subjects. Some of us preachers also might find comfort from the same source. He said something like this: "When we keep from others information that they should not have, we are not telling a falsehood."

Now, ye editors and preachers, take consolation and comfort from the moral teaching of Doctor Paley.

Some one has said something like this:

"There is so much good in some of us,
And so much bad in all of us,
That it scarce behooves the most of us
To talk about the rest of us."

Illustrated advertisement for 'The Pocketbook of Knowledge' featuring various scientific and practical tips such as 'The oil saved by insulating an average house will conserve enough tanker space to provide gasoline for an American bomber flight from England to Cologne and back', 'A newly developed helmet for sand blasters looks very much like a deep-sea diver's headgear', and 'The tuna fish streamlines itself to put on speed by retracting its fins'.

LOOKING BACKWARD
TWENTY-FIVE YEARS AGO

(From Eagle Files Aug. 19, 1918)
Mrs. Lillian Grady of Coleman, is visiting her sister, Mrs. Al Dickerson, and family in this city.

Mrs. W. S. McCall and little daughter are here from Waco, visiting her parents Mr. and Mrs. M. C. Humphries.

J. M. Bateman arrived Sunday from Drumwright, Okla. for a visit, having come by way of the Ranger oil field, to inspect conditions at that place.

E. J. Shane, one of Star's leading citizens, was looking after business matters and meeting with his friends in this city.

Walter Fairman and wife, J. T. Prater and wife, and daughter, Miss Zella, J. W. Allen and wife and Miss Pluma, made an automobile trip to Lampasas last Sunday where they met Judge and Mrs. Allen of Temple.

T. F. Toland and wife expect to leave for St. Louis tonight to buy goods for their firm.

Prof. J. I. Neighbors, superintendent of the Star school, was meeting with his friends in this city yesterday.

J. C. Street, L. B. Ashley, J. V. Cockrum and Earl Parker returned the first of the week from a visit to the Ranger oil field.

J. M. Simms and family returned to their home at Sweetwater Sunday, after a visit to relatives here.

Chester Fraizer has been here this week from his home at Rogers. His many friends are glad to meet with him again.

H. C. Cobb of Mullin, was one of the prominent visitors to the city yesterday.

J. D. D. Berry and family returned Wednesday from an auto trip to Leon County, where they visited relatives.

J. H. Randolph and wife and J. A. Hester went to Marlin the first of the week, to spend a few days for the benefit of the hot baths.

Wm. Weltecke and his daughter, Ida, were visitors to this city from Indian Gap the first of the week.

C. S. Welch and family left for Sterling City Thursday to visit relatives.

Mrs. Sallie Smith and son, Jack, returned to their home in Temple on Thursday evening's train, after a visit to Mr. and Mrs. Will H. Trent.

Health Notes

"Few conquests of science have been as spectacular and complete as those relating to diptheria." Dr. Geo. W. Cox, State Health Officer, said. "Science has firmly established the value of serum treatment in both its preventive and curative phases. However, toxin-antitoxin, or its successor toxoid for immunization and anti-toxin for cure, are serums of which the general public is even yet not fully aware."

As indicated, toxoid is the immunizing or preventive agent now usually employed. However, three or four months are required for the body to develop immunity. At that time the Schick test can be applied to determine the results of the preventive treatment.

Dr. Cox urged that children receive diptheria immunization as early as possible, preferably as soon as they are six months old. The necessity for this immunization is recognized when it is known that two-thirds of all deaths from diptheria occur in the age group under six years.

"It cannot be too strongly emphasized that to deprive children of this protection which science has made possible is to subject them to unwarranted and unnecessary hazards that can easily turn into a tragedy," Dr. Cox said. "Parental interest in immunization must be more widespread if the Texas death rate from this disease is to be eliminated as a cause of death."

"When a child has been stricken with diptheria, antitoxin is the only treatment that will save his life. Also, to be effective, it must be given early in the illness and in large doses. Delay is usually caused by parents' failing to realize that any sore throat may actually be diptheria."

Improved Uniform International SUNDAY SCHOOL LESSON

By HAROLD L. LUNDQUIST, D. D. Of The Moody Bible Institute of Chicago. (Released by Western Newspaper Union.)

Lesson for August 8

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

GOD SHOWS HIS PEOPLE THE WAY

LESSON TEXT—Exodus 13:17-22; 15:1-22.
GOLDEN TEXT—The Lord is my strength and song, and he is become my salvation.—Exodus 15:2.

The destinies of the nations are in the hands of God. Warriors are mighty in battle, counselors are quick to declare their wisdom, and diplomats are clever in the manipulation of wealth and people. But when they have all exercised to the limit their ingenuity and power they have only succeeded in bringing us "blood, sweat and tears" as the portion of all mankind.

Israel was about to be delivered from the bondage of Egypt, and God through His leader Moses was ready to be their guide. Even so He guides every believer in Christ. We may learn three things from this lesson.

I. God Has a Plan (Exod. 13:17-19).

There was a direct, easy road along the coast of the Mediterranean up to Canaan, but God with His pillar of cloud and fire did not lead out in that way.

How strange that He should take them by a longer, more difficult way! Not at all. He knew the danger of the easy way. It was there that the warlike Philistines would be lying in ambush. Such immediate conflict would discourage Israel and tempt them to return to the fleshpots of Egypt. So He took them the other way.

Note that God's guidance for them was one of intelligent planning, not just impulse or chance. He knew what to do, and He did it, for their good.

God has a plan, not only for the nations, but also for individuals, for your life and mine. Let us find His will for us, for it is good, acceptable and perfect (Rom. 12:1, 2).

Note the honoring of the faith of Joseph in God's promise (v. 19). The memory of his assurance was a blessing to his descendants, and they honored it and him. What will our descendants have to say about our faith in God?

II. God Provides Guidance (Exod. 13:20-22).

God's plan is made known to His people as they follow Him step by step. This means that there must be guidance, moment by moment, if His plan is to be worked out. He gives such guidance and it is only when His children fail to follow it that the pattern of life becomes confused.

The field of divine guidance is one in which Christians have widely divergent experiences. Some know the sweet, unconfused daily experience of God's hand upon them, caring for even the minor details (or are they minor?) of life. Others have known the directive power of God in some life crisis, but not in the ordinary affairs of life. Many, and perhaps most, think of divine guidance as a spiritual theory of which the preacher talks, but know nothing of it in their own lives.

What makes this great difference? Faith—or the lack of it. Those who trust God accept and receive His blessed leadership moment by moment. It is as simple as that. Others reach out and take it when the pressure of life makes them cast themselves on God. Others simply muddle along "doing their best," which is not their best, for God is not in it.

The pillar of cloud, which became luminous at night, was ideal for the guidance of Israel. It provided shade by day from the hot sun, and a sure guide in the darkness of the night.

III. God Gives Joyous Victory (Exod. 15:17-22a).

Israel soon came against the insurmountable barrier (humanly speaking) of the Red sea. Then Pharaoh, regretting that he had released them, came up after them—an impossible situation, and the people began to berate Moses. This time he stood fast in his faith and said: "Stand still and see the salvation of Jehovah!"—and it came!

Then followed the song of victorious joy, which Moses wrote and the people sang. Deliverance brings joy, and forget it not, God is able to deliver those who put their trust in Him.

The application to our spiritual lives is a blessed one. Setting out on God's way does not mean that one will not have trials. They come, and quickly. We do not get farther than our Red sea when the world sees an opportunity to draw us back and comes charging at us from the rear, like Pharaoh. What to do? Trust God, and He will drown the Pharaoh who pursues you in the very Red sea which is now your difficulty. He will bring you through dryshod if you count on Him.

Ration Reminder

GASOLINE—"A" book coupons No. 7, good for four gallons outside the East Coast shortage area, must last through September 21. Within the shortage area "A" book coupons No. 6, good for three gallons each "B" and "C" coupons cut to two and one-half gallons in the twelve of the Northeastern states of the shortage area. "B" and "C" coupons good for three gallons in the remaining five states of the Eastern shortage area. All gasoline coupons in the possession of car owners must be endorsed with the owner's license number and state of registration.

SUGAR—Stamp No. 13 good for 5 lbs., through August 15. Stamps Nos. 15 and 16 are good through October 31 for 5 lbs., each for home canning purposes. Housewives may apply to their local ration boards for more if necessary.

Coffee—Stamp No. 22 (1 lb.) good through August 11.

FUEL OIL—Period 5 coupons valid in all zones through September 30. Period 1 coupons in new oil rations are good for ten gallons each. Occupants of oil heated homes are urged to re-return their applications for next years fuel oil ration to their War Price and Ratio Boards promptly.

SHOES—Stamp No. 18 (1 pair) is valid through October 31.

MEAT, etc.—Red stamps P, Q, R, and S, expire July 31. Red stamp T is valid July 25, expires August 31; U is valid August 1, expires August 31; V is valid August 8, expires August 31; W is valid August 15, expires August 31.

To Equalize Gasoline Rations

Equalizing of gasoline rationing throughout the United States east of the Rocky Mountains will be recommended by the Petroleum Administration for War within sixty days. This action, aimed to spread the burden of war equally among all people, will probably result in some increase in gasoline rations in the East and some decrease in the Middle West and Southwest, according to Petroleum Administrator Ickes. It is not anticipated that there will be enough gasoline for driving which is not necessary.

Corn Needed For War Industries

Farmers who sell their corn to a country elevator buying for the Commodity Credit Corporation before August 10 are guaranteed extra payments to cover any increase in corn prices between the date they sell and October 31. Marvin Jones, War Food Administrator, has commended farmers who sell corn to relieve shortages in war industries and for feed, and has announced that more than 6 million bushels have been purchased since July 1.

Home Canning Jars

More home canning jars and covers were made in the first five months of this year than in the entire year of 1942, in anticipation of an unprecedented volume of home canning. Housewives will profit from a study of directions that come with each box of jars and covers, for the new three-piece canning top—glass lid, metal screw band, and rubber ring—must be used differently from other types of covers. Quality of jars and covers produced this year, says WPB, is high.

Soldiers Get Jobs

Men discharged from the armed services because of disabilities have a direct contact with the Veterans Employment representative in their own home town through a division of the United States Employment Service. Every attempt is made to inform the veteran of his re-employment rights under the Selective Service Act, help him get special training through the Veterans Administration, and to help him get a job in actual war production work.

Return Empty Bottles

Empty beverage bottles should be returned as soon as possible, says WPB's Conservation Division, to relieve the unnecessary drain on essential war production that results when new bottles must be made. All old beverage bottles can be put back into use, because they are completely cleaned and sterilized at the bottling plants.

New tires will not be rationed as spares in the next few months except to such persons as firemen and doctors, OPA announced recently. Drivers that do not have a fifth tire usable for a spare occasionally, may get a certificate for a used or recapped tire for that purpose.

Farmers who grow potatoes, and potato packers, can now buy as many burlap bags as they did

In 1942, according to ruling by the War Price Board. Previously they only half that amount.

SHEEP AND GOAT RAISERS ASSOCIATION ORGANIZED AT RANGER

At a meeting of the directors of the West Cross Timbers Sheep and Goat Raisers Association at Ranger, Texas, of July 23, constitution and by-laws were drawn up and approved and program plans worked out for the coming year. The date was set for the Annual Show, Sale, and Barbecue, to be held the last Wednesday in July, 1944 at Mineral Wells, Texas.

The membership committee is composed of the directors from each county whose duties are confined to their counties. The membership of the association shall consist of all interested persons. There are active and unactive members. An active member is one who owns or manages sheep or goats. Voting privileges will be limited to active members only. The membership fee is \$1.00 each. Directors from Mills County are F. C. Fox and C. O. Norton, with Doc Laughlin as alternate.

Committees appointed to serve during the coming year were as follows: Marketing—J. H. Burton, Comanche, C. O. Norton, Goldthwaite, L. C. Foster, Bellevue; Shearing—L. L. Langford, Blanket, Doc Laughlin, Goldthwaite, B. T. Bradford, Ranger; Feeds—Luther Jernigan, Goldthwaite, Garland Coady, Breckenridge, C. M. McCain, Eastland; Shows & Sales—Sam Chapman, Palo Pinto, J. F. Donley, Ranger, Bob Steen, Goldthwaite; Parasite and Disease Control—F. C. Fox, Goldthwaite, Fred W. THE WAR COMES FIRST — Buy Bonds and Stamps

Listen to Morgenthau-Marshall Tell Power of Payroll Savings!

Washington, D. C.—How important is the average worker's war bond purchases out of his pay every payday in the grand strategy of the Allied High Command? Does the extent of his or her War Bond allotment have a part in determining when, where and the strength of our military blows?

Any worker listening in on a recent conversation between General George C. Marshall, President Roosevelt's Chief of Staff, and Secretary of the Treasury Henry Morgenthau, Jr., learned the answers to these questions.

Said General Marshall: "Mr. Secretary, I want you to answer George C. Marshall a question for me and to answer it with complete frankness. Can we military leaders plan to fight this war in an orderly way—in the surest and most effective manner—or must we take extraordinary risks for fear the money will not hold out?"

Replied Secretary Morgenthau: "General, the American public will take care of that. What they have done in the Second War Loan drive—the money they have produced and the spirit they have shown—is proof enough for me that they will not let our fighters suffer from lack of support until we achieve complete victory, no matter how long that may be nor how much it may cost."

Up your War Bond allotment out of your wages today. Figure it out for yourself how much above 10 per cent it should be.

Henry Morgenthau, Jr.

U. S. Treasury Department

Payroll Savings Buys Comfort For Your Fighting Relatives

Not all of your payroll savings and other War Bond purchases are used for tanks, planes and gunpowder. A part of your investment goes for the comfort of your father, brother, son or friend.

Put your war bond buying through your payroll savings plan on a family basis to do the most effective job in providing for the care and safety of your men in the armed forces. Figure it out for yourself how much beyond 10 per cent of the aggregate income of your family you can put into war bonds above the cost of the necessities of life.

Remember a single \$18.75 war bond will buy for a fighting soldier on the front: Two cotton undershirts at 44 cents; two pairs of cotton shorts at 76 cents; two pairs of cotton socks at 24 cents; one pair of shoes at \$4.81; a cotton khaki shirt at \$4.64; pair twill trousers at \$4.16; one web waist belt at 23 cents; two cotton neckties at 44 cents; 2 khaki caps at \$1.26 and one twill jacket at \$2.16. Total \$18.74.

An \$18.75 war bond should make a marine comfortable for the night with a 23-pound mattress at \$4.20; two blankets at \$1.54; a pillow at 56 cents and two pillow cases at 30 cents. Total \$12.00.

Or he could be provided with a rubber poncha at \$4.77; a helmet with its lining and other items of its assembly at \$3.62; a rifle cartridge belt at \$2.15; a marine corps pack consisting of haversack, knapsack and suspenders at \$5.10; a canteen and its cover at \$1.05. Total \$18.69.

Those of you who worry about the comfort of your boy in service can help insure his comfort by buying war bonds. And 10 years from now you'll take back \$25 for every \$18.75 you put in.

TIRE AND AUTOMOBILE CONSERVATION

Conservation of rubber and gasoline are but two reasons for the mileage rationing program. What may prove to be even a more important reason is the conservation of trucks and automobiles. Many board chairmen have asked us for the facts on this situation so that they may use them in their local papers in further educating the public as to the need for mileage rationing. The facts are:

1. Passenger cars provide 80 per cent of all our war workers with their transportation.
2. No new passenger cars have been built since February of 1942, and it is expected that none will be built for the duration. Consequently, we must depend for essential transportation on the cars now in consumers' and dealers' hands.
3. Only 132,000 new passenger cars remain for rationing. In contrast, from 1937 to 1942, approximately 3,245,000 cars were produced each year.

4. Cars are being worn out at a rapid rate. In the last quarter of 1942 we had about 28½ million useable cars. By the end of this year, we will have no more than 25.4 million, and by the end of 1944, not much over 23 million.

5. As cars get older, we may expect a greater number to wear out each year. In normal times, the average car is junked after seven years; yet, 25 per cent of the cars now on the road are already over ten years old. Only through mileage control do we have any chance of keeping enough cars on the road to provide for essential transportation.

6. Production of trucks for essential civilian use, although not completely stopped, is very low. Only 60,000 trucks remain in our stock pile for rationing by the War Production Board.
