

# THE GOLDTHWAITE EAGLE

GOLDTHWAITE, MILLS COUNTY, TEXAS, — FRIDAY AUGUST 13, 1943

NUMBER FIFTY-ONE

## COAST GUARD RECRUITING PARTY IN BROWNWOOD

Enlistments are now open to 17 year old boys in the United States Coast Guard, according to Robert R. Seaton, Chief Pharmacist's Mate, Officer in charge of the Recruiting Office in Abilene.

Chief Seaton states that the opportunities in the Coast Guard are greater than ever for promotion and the educational advantages offered boys to complete their unfinished school work through the Coast Guard Institute is well worth investigating.

Arrangements have been made with Mr. Brian Smith, the local Red Cross representative, to act as a local information station for the Coast Guard and boys can see Mr. Smith at his office and receive literature and consent papers.

A Coast Guard Recruiting party will be in Brownwood, Texas, at Memorial Hall, every Monday and boys with their papers completed and ready to enlist can meet the party there and will be taken to Abilene for enlistment. A recruiting party will be in Goldthwaite at intervals.

The Coast Guard recruiting office for this area is located on the second floor of the Post Office at Abilene.

## POLICEWOMEN FOR WASHINGTON, D. C.

A nation-wide examination to select policewomen for the Washington, D. C. Police Department was announced today by the United States Civil Service Commission, according to information received here today by C. F. Moore, local civil service secretary.

Young women between the ages of 25 and 35 who are in good health are sought. They do not need to have had previous experience or specific education, but a knowledge of social case work and an aptitude for police duties is necessary to do well on the test.

Applications must be filed with the United States Civil Service Commission, Washington 25, D. C., by August 31.

Playing an important part in wartime Washington's effort to curb delinquency, policewomen supervise capital amusement places with special regard to protection of young people, investigate causes of delinquency, take steps to combat them, and perform general police work in detection and prevention of crime.

Entrance salary is \$2,200 a year; opportunities for promotion are good.

Information and application forms may be obtained at any first or second class post office, or from the United States Civil Service Commission, Washington 25, D. C.

Applications from war workers are not desired unless they may use higher skills in these positions. Appointments will be made in accordance with War Manpower Commission policies, regulations and employment stabilization plans.

## NOTICE OF BUDGET HEARING

Notice is hereby given that a public hearing will be held by the Commissioners Court of Mills County at 2 p. m. on Thursday, August 26, 1943, in the Commissioners Court Room in Goldthwaite, Texas at which time the budget will be considered. Any taxpayer may be present and be heard in discussion of such budget.

JOHN L. PATTERSON, County Judge

## REV. BRYANT STARTS REVIVAL AT CENTER CITY

(REV. D. A. BRYANT)

A revival meeting will begin at Center City August 15, 1943. Rev. D. A. Bryant will do the preaching. Everyone is invited to come, and enjoy spiritual preaching. Let's have an old time revival and drive sin from our community.

REV. G. A. NALLEY.

## GOLDTHWAITE SCHOOLS START SEPTEMBER 6

September 6th has been set as the opening date for the Goldthwaite Public Schools.

Superintendent Smith states that although the faculty is not complete at the present time, he hopes in a short time to be able to announce a full faculty with their teaching assignments. Even though the teacher shortage is acute, Mr. Smith is working diligently to assemble a competent faculty and says he feels sure that the high standard of the schools may be continued.

At the present time the buildings and equipment are being repaired and renovated—preparatory to the opening date. Text books are also arriving.

## LOY LONG GETS CONGRATULATIONS FROM LAMKINS

Shortly after the first of this month, Loy Long, popular manager of Lamkin's Grocery Store, received a nice letter of congratulations from his bosses. During this year Mr. Long had increased the business thousands of dollars monthly with his modern business methods.

## WESTERN AUTO STORE PAINTING FRONT

V. C. Bradford, genial owner of the Western Auto Store here, had a crew busy Wednesday re-painting the entire outside front of his store a bright red. Mr. Bradford has recently made extensive improvements to the interior of his store. In addition he has added several new lines and now has a store of which Goldthwaite can be proud.

## CONGRESSMAN O. C. FISHER TO VISIT HERE SATURDAY AUGUST 14

In a letter this week to the Eagle, Congressman O. C. Fisher of San Angelo says he plans to be in Goldthwaite on Saturday, August 14, and is anxious to talk with any of the citizens of Mills County who have any problems or other matters they might like to discuss with him.

## MRS. BURDELL HARRIS TELLS HOW TO NO PRESSURE COOK

NO PRESSURE CANNER?

Then save vegetables with salt.

A bag of salt, a 5 or 10 gallon crock, a cellar 70 to 80 degrees F and you have the set-up for saving those garden snap beans and a dozen or so other vegetables by salting or brining. Brining is a safe and successful way of preserving many vegetables that will not can safely without a pressure cooker. No war-scare equipment is required.

Improved methods of brining save much of the food value, flavor and color lost in old-time brining.

Many vegetables may be put down in light salt or weak brine and vinegar and then allowed to ferment for about two weeks by the same natural process that produces buttermilk. After fermenting the vegetables can be packed in glass jars and processed in boiling water as in canning. They will keep safely for winter use. Little or no soaking is necessary before using. The vegetables are simply removed from the jars, rinsed, and boiled at least 10 minutes. They have a pickled taste, like cooked vegetables seasoned with salt and vinegar.

Vegetables suitable for preserving in weak brine are: snap beans, greens, tomatoes, carrots, cauliflower, mustard and turnip and beet tops. Cabbage, turnips and head lettuce can be shredded and preserved in light salt. Snap beans, one of the best vegetables for brining, are prepared by 5 minutes in steam or boiling water to soften them for easy fermenting and help hold their color. Other vegetables are washed and prepared as for cooking.

To preserve in a weak brine put the prepared vegetables in a clean crock or wooden tub and cover with a brine made of 3 1/2 cups salt to 1 gallon of water. To preserve by light salting, sprinkle dry salt between layers of vegetables using one-fourth pound of salt for each 10 pounds of vegetables. Cover the vegetables with several layers of white cheesecloth tucked down inside the crock, then with a plate that just fits inside the crock, and weigh down with a stone. The brine should come up over the plate. Remove the white scum as it forms on the surface of the brine by lifting off the stone, plate and cloth, washing thoroughly, and replacing. Fermenting takes about two weeks. When the brine stops bubbling fermenting is finished and the vegetables ready to pack in jars and process in boiling water. Pint jars need 25 minutes processing, quart jars 30 minutes.

Salt may also be used to preserve corn, peas, lima beans, green peppers and onions, but these vegetables need heavy salt or strong brine. After fermenting they can be put in glass jars for convenience but do not need processing. Before using they require soaking overnight in fresh water.

## COMING WEDDING

Forty-five guests were registered at a coffee given last week at Bangs by Mrs. Charles B. Palmer to announce the engagement and approaching marriage of her daughter, Eugenia, to Rev. Lawrence Stokes, which will be solemnized August 22.

The guests were directed to the dining room where a buffet style plate lunch was served consisting of chicken salad, angel food squares, rolls, cherries and coffee. Plate favors announced the date of the wedding. Mrs. E. J. Burns presided at the coffee service.

Rev. Stokes is the son of L. C. M. Y. Stokes, former owner of Goldthwaite Eagle.

## CHURCH OF THE NAZARENE REVIVAL

(REV. BUFORD BURGNER)

The pastor, Rev. Buford Burgner, of the Church of the Nazarene of Goldthwaite will be the evangelist for a week-end meeting beginning Thursday night, August 12 at 8:30. The meeting closes Sunday night and will terminate his pastorate here.

We hope, as the pastor and people of this church, you will be able to attend these few services. These are days when people should be turning to God and seeking Him. He is the only solution to our problems. We urge all our friends and those that we have not met to attend this short revival.

The Burgner family has enjoyed the fine hospitality of this nice little town, and appreciate the cooperation they have received since coming here last October. We shall not forget the loyal support of our church as we go on to San Antonio to take the new church that has been organized there.

Come and worship with us Sunday if you cannot be at another service.

## AMERICAN LEGION MEETING FOR 19TH

A meeting of the newly organized Harry F. Edmondson Post of the American Legion has been called for Thursday, August 19 at the Cline Real Estate office.

The purpose of the meeting is to formulate plans of the District meeting to be held here some time in October. All members are urged to be present. There will be eats and drinks and a good time.

## WAC RECRUITING OFFICER

Lt. Jeneva Young, WAC Recruiting Officer for this District, announced that it is no longer necessary for women interested in joining the WAC to go to Dallas for their mental examination because she can give them that examination in Brownwood before leaving. After they have passed the mental examination they will be sent at government expense to Dallas, Texas, for their physical examination and will be sworn into the WAC upon completion of same.

The WAC has been counted in planning the total strength of the Army. For every woman who joins the WAC it may be possible for Selective Service to defer the induction of a father or some man engaged in essential industry. Therefore each one of the thousands of WACS now in the service may have permitted a father to remain at home or an essential war industry worker to remain at his job.

Army commanders in the field have requested more than 600,000 WACs. That fact, perhaps more than any other, shows just

## OIL BLOCK SHAPING UP OTT SAYS

Emil Ott is still leasing, trying to whip the block in shape required to justify the drilling of another thorough test in Mills County. He says it is funny how a number of landowners want to be the last ones to sign the lease. Ott is just about at the point where he would have to call a meeting of those who want to sign their leases last, give each of them a pen and let them sign all at the same time, then they might be happy to all have been the last ones.

The time limit in which Ott obligated himself to have the block in the bank is rapidly approaching and it would be a crime to have all the work done for nothing, because some of the landowners just could not muster enough cooperating spirit to do what the greater part of their neighbors have done.

## PRIDDY F F A PROGRAM FRIDAY NIGHT

The Priddy Future Farmers of America is sponsoring a community program to be given Friday night, August 13, 1943. Every one is invited and there will be no admission. Come and enjoy yourself.

## HOT LUNCH PROGRAM

Committee to accept funds—D. A. Hamilton, Rex Mahan. Those interested contribute for the equipment of the Hot Lunch Room please see the above committee at Mullin Saturday.

At Regency see Mrs. A. A. Reid; Prairie, see Mrs. Dudley Aldridge; at Lake Merritt—Mrs. Will Garner; at Center Point—see Jodie Williams. \$65 was collected at the P. T. A. Tuesday night.

## MOLLY PITCHER SALES TOTAL \$400

Last Saturday was Molly Pitcher day in Goldthwaite. Mrs. Jacob Saylor, chairman of the woman's division of the War Bond and Stamp drives, turned this drive over to the Ladies Auxiliary of the American Legion. Four of the legion ladies took their pitchers and sold the stamps—over \$400.00 worth.

## PIONEER CITIZEN PASSES AWAY

Wednesday afternoon at about two o'clock, Mrs. L. H. Little, Pioneer citizen of Goldthwaite, passed away. Interment was in the Odd Fellows cemetery yesterday afternoon. An extended account appears on the back page of this paper.

## EAGLE PUBLISHER VACATIONING

C. T. Wilson, publisher of the Eagle, and Mrs. Wilson "took-off" last Friday for a ten days vacation. Mr. and Mrs. Wilson are doing the patriotic thing this year and spending their vacation at home—resting, such as cleaning the yard, etc.

how much WACs are needed and how well the members of the Corps are doing their jobs.

For basic qualifications, applications, or information concerning the WAC call, write, or call in person, the U. S. Army Recruiting Office, Memorial Hall Brownwood, Texas.

## PRIDDY GOLDTHWAITE ROAD NEARING COMPLETION

Hard-surfacing of the road from the Comanche county line north of Priddy to the Goldthwaite city limits is nearing completion and it is thought that it will be finished by the end of this week, according to Walter Summy, State Highway Engineer for Mills County.

One coat of oil to act as binder and one coat of asphalt will have this strip of road in excellent condition until the war is over. At that time it is the intention of the State Highway Department to straighten and hard-surface the road from Goldthwaite to Comanche. At the present time there is a strip between the Mills county line and Comanche which is not to be hard-surfaced.

## HAROLD YARBOROUGH PROMOTED

Camp Campbell, Ky.—The promotions of 25 officers were announced this week by Maj. Gen. Carlos Brewer, Commanding General of the 12th Armored Division.

Among the officers promoted was Owen H. YARBOROUGH, 56th Armored Inf. Reg., of Goldthwaite, Texas to first Lieutenant. Lieutenant YARBOROUGH is the younger son of Mr. and Mrs. O. H. YARBOROUGH of this city.

## A. L. GATLIN BUYING COTTON IN SCHMIDT BLDG.

Offices were opened this week in the vacant filling station located next door to the Good Luck Store by A. L. Gatlin, cotton buyer, from Alice.

For several years Mr. Gatlin has been buying cotton in Orange Grove and his new location on main street is more convenient for cotton farmers.

Last year Mr. Gatlin was located across from the Engelking Hardware Company, but the building proved too uncomfortable in the afternoons.

A display advertisement inviting Orange Grove farmers to sell their cotton to A. L. Gatlin is to be found elsewhere in this issue.

The above article was taken from the Orange Grove Observer of July 23.

Mr. Gatlin is the son of Mrs. A. J. Gatlin, and spends part of his off seasons here in her home.—Orange Grove Observer.

## LOCAL MAN BUYS REGISTERED JERSEY

New York N. Y.—Duke Clements of Goldthwaite, has purchased the registered Jersey cow, Miss Oxford Bright Sultana 1385828, form C. O. Norton of Goldthwaite.

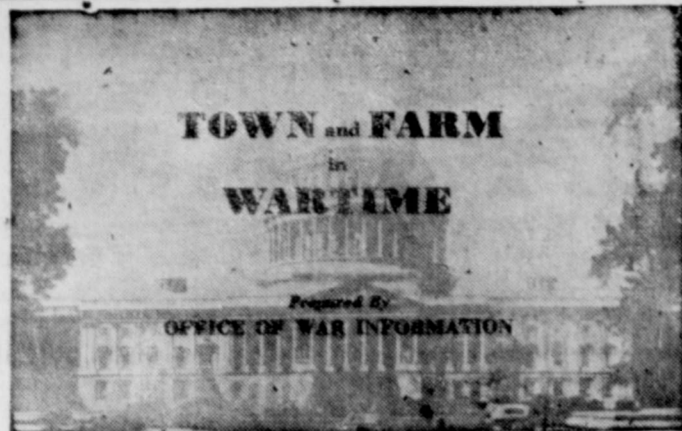

The whereabouts of all registered Jerseys is known and carefully watched over by The American Jersey Cattle Club, offices in New York City. This important job is made possible through registrations and transfers made by Jersey Breeders everywhere. Tattoo identification, somewhat similar to finger printing—keeps individuals of this dairy breed always known.

Jerseys make up 42 percent of all dairy cows in the United States. Because they produce the world's richest milk, and because there are more Jerseys than any other breed in America, their role in National Defense is an important one. In emergency production of Jersey milk is needed for the protective forces of here and abroad.

**Ration Reminder**

**GASOLINE**—"A" book coupons No. 7, good for four gallons outside the East Coast shortage area, must last through September 21. Within the shortage area "A" book coupons No. 6 are good for three gallons each. "B" and "C" coupons cut to two and one-half gallons in twelve of the Northeastern states of the shortage area. "B" and "C" good for three gallons in the remaining five states of the Eastern shortage area. All gasoline coupons in the possession of car owners must be endorsed with the owner's license number and state of registration.

**SUGAR**—Stamp No. 13 good for 5 lbs. through August 15. Stamp No. 14, good for 5 lbs., becomes valid August 16 and remains good through October. Stamps Nos. 15 and 16 are good through October 31 for 5 lbs., each for home canning purposes. Housewives may apply to their local ration boards for more if necessary.

**COFFEE**—Ration stamps no longer required.

**FUEL OIL**—Period 5 coupons in old rations valid in all zones through September 30; Period 1 coupons in new rations are now valid. Occupants of oil heated homes are urged to return their applications for next year's fuel oil rations to their War Price and Ration Boards promptly.

**SHOES**—Stamp No. 18 (1 pair) is valid through October 31. **STOVES**—Purchase certificates now issued and normally valid for 30 days from date of issuance, will be invalid after August 23, by which time it is expected the new nation-wide stove rationing plan will be in effect.

**Meats, etc.**—Red Stamps T and U, now valid, expire August 31; V is valid August 8, expires August 31; W is valid August 15, expires August 31.

**PROCESSED FOOD**—BLUE stamps N, P, Q remain valid through August 7. Blue stamps R, S, T, become valid August 1 and will be good through September 20.

**Third War Loan Drive**  
Fifteen billion dollars is the

goal for the Third War Loan which President Roosevelt has proclaimed will be launched September 9. In his proclamation the President said, "Our need for money now is greater than ever, and will continue to grow until the very day that Victory is won; so we must ask far more sacrifice, far more cooperation than ever before."

**Army Photo Service Grows.**  
The Army's radio photo service, which made it possible for the public to see newspaper pictures of the assault on Sicily on the same day that the invasion was launched, will be augmented in the immediate future by the same type of transmission from the South Pacific theater, the War Department has announced. Personnel of the U. S. Army Signal Corps, with their equipment, are now in Australia, finishing preparations for the new service.

**Supply Of Fats, Oils**  
Despite heavy wartime demands on the supply of edible fats and oils (principally lard, butter, shortening, and margarine), 44 pounds per capita—about 5 pounds less than in 1942—will be made available to American civilians during the 12 months ending June 30, 1944, the War Food Administration has announced. Of the total civilian allocation, approximately 9 ounces per week per capita will be available for direct purchases, and an additional 4 1-2 ounces for indirect consumption in such items as restaurant meals, bakery products, mayonnaise, etc.

**Cost Of Living Drops**  
With other living costs relatively stable, a drop in fresh vegetables and butter prices cut the cost of living for city workers by 0.2 percent in the month ending June 15—the first month to show a reduction since a year before Pearl Harbor, the U. S. Department of Labor reported recently. Food prices as a whole, making up over 40 percent of the cost of living index, declined 0.8 percent. The cost of living index now stands at 124.8 percent of the 1935-39 average. Food prices are 54 percent above January 1942 and more than 16 percent above May 1942.

**Home Canners Warned**  
Home canners have been warned by the Department of Agriculture against the use of "canning powders" and other chemical preservatives. W. G. Campbell, Commissioner of the Federal Food and Drug Administration, said that use of some of the "canning powders" constitutes a definite health hazard. The term "canning powders," includes boric acid and its compounds and substances like metabisulfite which yield sulfur dioxide when brought in contact with an acid-reacting food product. The safe way for the home canner is to process foods adequately with heat and not to

use chemical preservatives. For safety's sake, rely on thorough heat sterilization.

**Army Exchanges Sell Exotic Wares**  
Army Exchanges, which follow American troops wherever they go, are now dealing in such items as kangaroo rugs, grass skirts, and native-made jewelry, in addition to their staple line of cigarettes, candy, soft drinks, and other home commodities, the War Department has been informed. Since many of the soldiers want to send such things home, the Exchange Service buys them from the natives at a reasonable price and resells them to the soldiers. The natives were inclined to "jack up the price" on direct sales. Grass skirts sell for approximately \$1.50, while a good kangaroo rug may cost \$20.

**Flood Restoration Loans**  
Flood restoration loans to enable farmers to get their flood-damaged farms back into production have been authorized in 314 counties in Arkansas, Indiana, Illinois, Kansas, Michigan, Minnesota, Mississippi, Missouri, Ohio, Oklahoma, Wisconsin, and Texas, Secretary of Agriculture Claude R. Wickard announced recently. Two types of loans will be available to eligible farmers; real estate restoration loans which may be made for a period of up to 20 years and will bear interest at 3 1-2 percent; and production restoration loans which may run as long as 10 years and will bear interest at 5 percent. These loans will be made only to farmers who do not have other credit available and security must be provided. Farmers needing flood restoration loans should apply to their nearest Farm Security Administration county office.

**Gas Coupons Changed For Trips**  
Motorists can use their "A" ration books for trips into, or out of, the Eastern gasoline shortage area, according to rules recently announced by OPA. Since July 21, Eastern motorists have been using "A-6" coupons, while those outside the East have been using "A-7's". To overcome these difficulties in travel "across the border" a new amendment to the Gasoline Rationing Regulations permit "A" ration holders to exchange any of their valid "A" coupons for other coupons that may be used in the area in which they expect to travel. Exchanges may be made and further information secured at the War Price and Rationing Board.

**Point Reduction Continued**  
The provision permitting retailers to make emergency reductions in the point values of rationed meats, fats and dairy products in imminent danger of spoiling, which was to expire July 31, has been extended indefinitely, OPA has announced.

**Mass Mailing Finished**  
Approximately 122,000,000 copies of War Ration Book Three had been mailed by the first of last week. OPA announced that: (1) anyone who does not receive his War Ration Book Three should apply at his local board between August 1 and 10; (2) a plan is now being set up to distribute War Ration Book Three to members of the armed services who are eligible for ration books; (3) persons receiving War Ration Book Three should sign their names and addresses in the spaces reserved for that purpose on the cover.

**Storage For Potatoes**  
Arrangements have been completed to provide additional storage facilities for handling the late crop of 1943 Irish potatoes, the War Food Administration has announced. WPB has approved the allocation of materials for the construction of storage facilities sufficient to take care of 15 million bushels of potatoes. Farmers should apply to their County War Boards for approval to begin construction.

**Binder Twine Supply**  
An adequate supply of binder twine is available for this year's harvest of grain crops, the WPB Binder Twine Sub-Committee has reported. This ample supply has been made possible through the blending of cotton with henequen to produce a new twine which has proved satisfactory.

**Increase Shoe Supply**  
To increase the supply of children's and infant's shoes, and men's work shoes, WPB recently amended order M-217 (Footwear) to permit a 25 percent increase in the output of shoes for boys, misses, children, and infants. Production of men's work

shoes may be increased by 15 percent and mens safety shoes by 25 percent. The order also will permit increased production of shoes at price levels where there is greater consumer demand.

**Fewer New Tires**  
Smaller quotas of new passenger car tires for August and larger quotas of used and recapped tires have been announced by OPA, based on rationing allotments assigned for the month by the Office of Rubber Director. The August quota of Grade I tires is the lowest since last April. OPA officials warned that

drivers who are eligible for new tires may have to accept used or recapped types as long as the quota of new tires is low.

## METRO-GOLDWYN-MAYERS

### LION'S ROAR

Published in this space every month. The greatest star of the screen!

To those thousands who have written in appreciation of "The Human Comedy" we send a lion-hearted thank you.

To-day the movies are playing to longer runs than ever. As a result, M-G-M has had a chance to plan its production sufficiently far ahead to make some positive assertions.

In the picture to come from M-G-M, you will find every type of entertainment conveyed by the word. Patriotic pictures, exciting adventure narratives, romantic stories, youthful musicals.

The latter category is enriched by the number of big name bands under exclusive contract to the most important and progressive studio in motion pictures. Need we mention the name?

In "Cabin in the Sky" you have already heard and seen "Duke" Ellington and his Orchestra. In "Presenting Lily Mars" you have had two bands—Bob Crosby's and Tommy Dorsey's.

Tommy Dorsey and his Band will also be featured in the forthcoming "Du Barry Was a Lady" and in "Girl Crazy."

His brother, Jimmy Dorsey, will lead his melodic cohorts in "I Dood It." Looks like a Dorsey season.

Harry James and Orchestra will hold forth in both "Tale of Two Sisters" and "Best Foot Forward."

Incidentally "Best Foot Forward" (which is in the home stretch stage) is considered the honey of honies. It will be bees.

Kay Kyser and Band is finishing "Right About Face" Vaughn Monroe—the handsome divvil—and his Band are doing "Meet The People."

We forgot to mention—and how could we?—that the Good Neighbor artist, Xavier Cugat, also does his stuff for Uncle Samba in "Tale of Two Sisters."

Last, but not least, come the ladies headed by a gentleman with a stick, to make them behave. Our cryptic way of announcing Phil Spitalny and his All-Carl-Band in "Mr. Co-ed."

## RANDOM HARVEST

(Metro-Goldwyn-Mayer)

Garson, Colman and Hilson  
 The deeply moving story which last year made James Hilton's novel a favorite has been translated to the screen with its emotional content heightened by the artistry of Greer Garson. MGM has mounted it superbly without overburdening the absorbing love story at the core.

Greer Garson brings to the role of "Paula," the woman who waits for chance to unlock her husband's memory and recall his love for her, all the charm, beauty and restraint which meant much of the appeal of "Mrs. Miniver." Ronald Colman is completely believable and sincere in both roles he is called upon to play: that of the man who has lost his identity and eagerly builds another on the strength of love, and that of the man who has regained himself only to find that he has lost something irreplaceable.

For "Charles Rainier" loses all recollection of his former life after a shellburst in the last war, and is helped back to normal living, marriage, a home and a budding career by the tenderness of a woman. Another sudden shock blots these three years from his life. He is again the son of a wealthy family, an heir to a profitable business, but haunted always by fleeting memories of another self.

His recapture of the past is the inevitable climax and conclusion, a moment of poignancy rarely equaled on the screen. There are other moments, too,

created in part by some fine supporting performances. Susan Peters gives fresh warmth and disarming youth to the part of the young girl who loves the great industrialist, Rainier, but senses with touching clarity the fact of an insurmountable barrier between them, part of the past he cannot recall. Philip Dorn makes his few scenes impressive, as the man who loves Paula and yet encourages her to hope the husband who married her in friendship will sometime recognize her and their earlier life together.

The novel has received careful and sympathetic treatment at the hands of Claudine West, George Froeschel and Arthur Wimperis, who wrote the screen play. Direction by Mervyn LeRoy is marked by a welcome delicacy and warmth. Producer Sidney Franklin has done another splendid job in integrating the artistic and technical achievements of many.

Women should find the picture especially appealing, but all of Hilton's, Garson's and Colman's legion of admirers will be delighted.

## PAUL MUNI IS STAR OF COMMANDOS

First great motion picture drama of the world's toughest fighting men, a mighty story of adventure written in the blood of heroes and the tears of the women they leave behind, Columbia's new Lester Cowan production, "Commandos Strike at Dawn" opens Saturday night at the Melba Theatre. With Paul Muni starred, and a superb supporting cast which includes hundreds of war-trained Commandos in their real-life roles, "Commandos Strike at Dawn" is considered by an enthralled Hollywood as the most magnificently thrilling story of the War.

Nor is Hollywood alone in searching for new adjectives to describe the heroic size, sweep and scope of "Commandos Strike at Dawn." Wherever the new film has been screened, critics and audiences have greeted it with all the acclaim, all the enthusiastic appreciation its fabulously war-torn heroes so richly merit.

"Commandos Strike at Dawn" was directed by John Farrow, the man who made "Wake Island." Richly aware of the manner in which Commandos strike by sea, land and air, as a result of his two years' service in the British navy, Farrow's work on the new film is said to capture all the white-hot fury of the world's toughest fighting men. Irwin Shaw wrote the screen play and Lester Cowan produced "Commandos Strike at Dawn," whose players also include Anna Lee, Lillian Gish, Sir Cedric Hardwicke and Robert Coote.

The importance of the new film can be attested to by the fact that it is Muni's first in two years and Miss Gish's first in nine years. In addition, the governments of the United States, Great Britain and Canada provided Columbia with official co-operation.

## CENTER POINT

We are sorry to report that Center Point will not have a school another year. Its probably the first year in the history of Center Point, there has not been a school. Due to the lack of teachers, the students will continue their education at Mullin this next school year. We hope this will be only for this year and won't have to be a continued thing. There will be a Mullin school bus around to pick up the children. The county is building

## LEGAL NOTICES

THE STATE OF TEXAS

TO: Waddy Allen Thompson, Mary Alice Thompson Hunt and her husband, James T. Hunt, Defendants, Greeting: You are hereby commanded to appear before the Honorable District Court for 27th Judicial District of Mills County, at the Court House thereof, in Goldthwaite, Texas, at or before 10 o'clock a. m. of the first Monday next after the expiration of forty-two days from the date of the issuance of this Citation, said being the 6th day of September, A. D. 1943, then and there to answer Plaintiff's Petition filed in said Court, on the 24th day of July, A. D. 1943, in this cause, numbered 2737 on the docket of said Court and styled E. P. Thompson, Plaintiff, vs. Jack D. Thompson, Mrs. Annie Thompson, a feme sole, Mary Alice Thompson Hunt and husband, James T. Hunt, Waddy Allen Thompson and Waples Platter Grocery Company, a private corporation, Defendants.

A brief statement of the nature of this suit is as follows, to-wit: Plaintiff alleges that he and the defendants aforesaid, other than Waples Platter Grocery Company, are the sole owners of 192 acres of land out of Coleman Runnell's Survey No.

97, Patent No. 151, Vol. 11, situated in Mills County, Texas, being the same land conveyed by Mrs. L. S. Hayes and husband, G. W. Hayes, to E. P. Thompson and Waddy Thompson by deed dated April 5, 1916, recorded in Vol. 40, Page 264, Deed Records, Mills County, Texas; that plaintiff owns an undivided one-half interest in said land; that defendant Mrs. Annie Thompson owns an undivided one-fourth interest, and that Jack D. Thompson, Mary Alice Thompson Hunt and Waddy Allen Thompson each own an undivided one-twelfth interest therein; that the defendant, Waples Platter Grocery Company is claiming a judgment lien and deed of trust lien against said land, which liens plaintiff says are invalid but cast a cloud upon the title to said land. Plaintiff prays for appointment of Receiver to sell said land and divide the proceeds, or in the alternative for the appointment of Commissioners and partition of said land. Plaintiff also sues for foreclosure of deed of trust lien for payment of \$178.04 due him by reason of transfer of Federal Land

Bank deed of trust liens including said amount; also alleging penditures of \$291.93 to charge taxes and interest on said land and of the sum \$100.00 per year for the past years for expenses in looking after said land for himself as agent for said defendants. Plaintiff prays for foreclosure of liens and for the adjusting equities between himself as defendants, and for cancel and annulment of the claim by Waples Platter Grocery Company and removal of cloud by reason thereof, costs of suit, etc., as is more shown by Plaintiff's Petition file in this suit.

The officer executing this process shall promptly execute same according to law, make due return as the facts.

Issued and given under hand and Seal of said Court at office in Goldthwaite, this the 24th day of July, 1943.

Attest:  
MRS. EARL SUMMERS  
Clerk of District Court

There still is a critical rubber shortage. Most synthetic rubber is needed for vital war requirements. Every American must continue to conserve rubber! Follow the five basic rules of tire conservation from the Office of the Rubber Director:

1. Drive only when absolutely necessary.
2. Keep under 35 miles an hour.
3. Keep your tires properly inflated.
4. Have them inspected regularly.
5. Share your car with others.

BUREAU RATS  
Feed and Red Tape

Thomas Jefferson once said with rare wisdom, "When Washington tells its people when to sow and when to reap then our nation will want for food." Bureaucrats have taken over the distribution of high protein feeds, and this is all you have to do to buy feed:

1. File your order with the County USDA War Board in January.
2. The County USDA War Board, after examining the papers, sends them to the State USDA War Board at A and M College.
3. Then by the fourth of March (if you are lucky) the State USDA War Board will transmit the papers to the National USDA War Board at Washington, D. C.
4. Then all you need to do is phone, wire, and write all Senators, Congressmen and Secretaries of Agriculture.
5. Then (if you are lucky) the National USDA War Board will transmit your order to Food Production Administration in Washington. Then wire ten Senators and Congressmen.
6. The Food Production Administration will examine your order and finally pass it on to the Commodity Credit Corp. in Washington. Then wire Marvin Jones in the office of Economic Stabilization in care of the White House.
7. The Commodity Credit Corp. in Washington will transmit the papers to Bill Logan, who is Soya Bean Meal Co-Ordinator for the Commodity Credit Corp. in Dallas. Then wire Grover Hill, Assistant Secretary of Agriculture in Washington and at least one Senator.
8. Bill Logan with the CCC in Dallas will transmit your order to some Oil Mill you have been buying from for years but which now tells you they are a month behind on account of the red tape they have in getting repairs, etc. They promise shipment by May 1st, maybe. Wire Henry Wallace, the Vice President, and ten Congressmen.
9. Then go home and render the last full measure of devotion to the cause of human liberty and skin your starved dead cattle. The hides will make your shoes for our soldiers unless the Bureaucrats red tape keeps the shoe factories from getting the hides.
10. Then wire your banker you are broke.

**A HOT SUBJECT**

By J. S. BOWLES

The Rev. J. D. Ray, Professor of Theology in Southwestern Baptist Theological Seminary, recently had a very timely letter in the Star-Telegram that had in it about as much common sense as I have seen in any paper.

The subject referred to a certain party who has a decided penchant for writing and sometimes says the right word. Like all the rest, however, sometimes says the wrong thing.

Doctor Ray seems to think that the so called Jim Crow Laws of some of our states is intended as a protection of both the whites and the blacks, and should not be meddled with by some people who should know better than to be discussing such matters.

If I may be permitted to have a say about this matter, I would say that it seems to me that this is a very fine subject to let rest just now.

We are entering upon what is to be one of the warmest campaigns ever to engage the attention of the people of our nation. Already the stage is being set that will eventually resemble one of the old time shows pulled off, say between Blaine and Cleveland. This, too, at a time when the very life of the nation is at stake.

It seems needless to remind some people that this race spirit is not now confined to the "deep South", as in other years. Of this we are reminded by some very recent history. For example we all have some knowledge of the fact that the little stir in Texas some weeks ago was a mere breeze compared with that of Detroit, and more recently in Harlem, N. Y. And I believe both of these latter cities are located up north, some place.

The thought in my mind, however, when I began writing, was to call attention to the fact that sometimes a very little thing said by overzealous reformers had been very decided turning points in the political fortunes of some very worthy politicians. For example the Alliteration of Mr. Burchard, we; meaning though it was hamstrung Mr. Blaine who he was attempting to aid. The Roman Catholics, liquor people and the sympathisers of the south in the war between the states could not appreciate Mr. Burchard's thrust with: "I am glad to support a man who is against Rum Romanism and Rebellion!" Blaine was defeated by little more than a thousand votes, and every one knows that there were more than a thousand Irish policemen in New York who could, and would have voted for Mr. Blaine but for his friend Burchard.

I saw in a northern paper just a few days since that Texas was on the very brink of falling into the Republican camp. Well, I don't think there is much danger of that. It did it once under some sort of a provocation, but next year is not to be a repetition of that other time. But it might be well for some to whisper into the ear of some of the leaders at Washington that it will be well not to tempt a sorely tried people in the Deep South to do any thing rash in this coming campaign by too much spilled ink on the Jim Crow laws of the South. Furthermore there is a lot of dynamite in a constant harping on the Polltax laws.

**GOD PROVIDES FOR HIS PEOPLE**

LESSON TEXT—Exodus 16:11-18; 17:3-6.  
GOLDEN TEXT—Give us this day our daily bread.—Matthew 6:11.

Only God can provide the necessities of life. Reasoning has taught us that lesson anew if we have been at all thoughtful about it. The plan is one of sharing. Sharing what? The food and other provisions which come to us from God's hand. Unless our crops are good there will be less to share. Only God can help us.

This was the lesson Israel learned in the wilderness. To reach the goal to which God was leading them they must pass through the wilderness. Not only were there many weary miles to travel, but there were privations to be borne. Life is like that.

Now they cried for food. Note how elemental are man's needs in the final analysis—bread and water. The very things we take almost for granted as we concern ourselves with life's weighty interests and profound problems become, if lacking, the only things that have any real meaning. And who is it that can provide them? No one but God Himself.

**I. Bread from Heaven (Exod. 16:11-18).**

Israel's longing for meat was met by the miraculous coming of quantities of quail (v. 13). But that was not the food to sustain them day after day. For this they needed bread, and it came from heaven, every day until they entered the promised land (Josh. 5:12). Observe four things about the manna.

First, it was a divine provision. There are responsibilities in life which we may bear—and must bear—but in the ultimate meeting of our real needs we must look to God.

Secondly, it was a daily provision. What beforehand folk many of us are, and no doubt rightly so, for God puts no premium on improvidence. But once again we must recognize, as did Israel in receiving the daily manna in the wilderness, that ours is indeed a moment by moment existence.

We plan bravely for the next decade or the next generation, but as a matter of fact it can only come to pass "if the Lord will" (read James 5:13-17).

Next, it was a limited provision—enough for the day and no more, except for a double portion on the sixth day, and none at all on the Sabbath. These provisions were made clear to Israel, and yet there were those who attempted to lay up for the morrow, and some even went out to seek manna on the Sabbath day.

We marvel at their stubborn obtuseness, but are we not often just like them. Some there are who are always expecting that the laws of both God and man should be set aside for them, but they come to grief.

Finally, it called for diligence and action on their part. They had to be out early each day (except the Sabbath) to gather it. God's mercies are for those who are willing to obey Him. He gives to those who receive by active faith.

**II. Water from the Rock (Exod. 17:3-6).**  
"And the people thirsted"—for the daily manna was not enough, they must have water. Needy, yes, constantly needy are God's children. "Every life knows the bite of necessity . . . every soul cries out in pain because there is wanting some completing favor, some culminating and all-containing benediction. Here it is bread; there it is water; but everywhere a famine . . . in many a case a famine of soul, a spiritual destitution, a consciousness of a void which time cannot satisfy or space content."

God always provides. There is a rock in the wilderness. But what pleasure does a murmuring people find in a rock when they famish for water? It is God's delightful custom to meet our needs in unexpected ways and by means which we do not understand. Even our physical necessities come from unthought of sources.

**III. Christ, the Bread and Water of Life.**

Our lesson does not give the New Testament application of Israel's experiences, but let us not miss that blessed spiritual truth. In John 6:31-33, Christ is declared to be the true bread from heaven, of which the manna was but a type. Paul speaks in I Corinthians 10:1-4 of this incident in the history of Israel, saying that they "did all eat the same spiritual meat, and did all drink the same spiritual drink; for they drank of that spiritual Rock that followed them: and that Rock was Christ" (see also John 4:14).

Hungry and thirsty soul, you who are still unsatisfied after tasting all that life apart from Christ has to offer, will you not, just now, take Him?

**SOLDIERS LETTERS**

James P. Fallon is stationed in the Island of Attu in the North Pacific and he writes the following letter to his parents, Mr. and Mrs. J. D. Fallon of this place:

Dear Folks:  
I hope and trust all are well at home. Your son and brother is just fine.

I wish you all could see this place in the summer time. It is beautiful. But if you do come up to this part of the North in the summer time, bring along some good warm clothing.

It seems queer, but there a lot of places similar to this back in the states. It is unbelievable, but that is the truth, it is just like God left it when he made it.

Say, don't let any one tell you that we fellows can't put out the work. I wish it were possible for all the citizens back in the good old U. S. A. to see us at work. I am sure they would be only too glad to do all they could for the war efforts. I am sure if they could see what we are doing, they would buy bonds and war stamps to help us out and quit their blamed strikes and get down to business. We can soon win this awful war and be at home with our loved ones and enjoy peace and happiness with the world.

God bless you all.  
Your son,  
James P. Fallon.

Mr. and Mrs. I. N. McGirk, Bill, and Grandmother, received these two letters from their son, brother, and grandson, Pfc. Charles (Buddy) Botts of the Marines. We were very thankful to hear from him again, and had looked forward to his coming home this month. It is a disappointment, but we are all thankful he is happy and well, and we will have December to look to and one of the happiest Christmases ever.

July 23, '43  
Dear Mother, Dad and Bill:  
How are you all? Fine I hope. You'll have to excuse the pencil, I was in a hurry and didn't have time to get my pen.

We took out \$10,000 life insurance made to Mother as the principal, with Dad as the contingent, it costs me \$6.50 a month, but its a good deal in any man's language. In event of my death, you will receive it in allotments until it is paid up. I have sent you a copy of the application, keep it.

Oh yes, I nearly forgot, I have another allotment for war bonds, \$18.75 a month for the duration, and I can't stop it if I wanted to, which I don't.

I won't say for sure, but I might be home in December, I hope.

How much does Bill have saved now? He's a Marine in the making, if you ask me.

I have one more favor to ask before I close, and I would not ask it except that I have no alternative. I'm the one who subscribed for your's and my Leatherneck, but I'm unable to pay for it where I am, so please take five dollars from my account

and send it to the following address:

Thanks a lot to the best mother and dad a Marine could have.  
Love,  
Buddy, Pfc. Charles H. Botts

July 24, '43  
Hello there Sweetheart:  
How's my best girl now? Fine I'll bet. I'm feeling fine myself and hope to see you around Christmas.

Tell mother to read those Leathernecks to you and see for yourself what a swell service I'm in. Mother sent me some pictures taken on Father's Day.

I'll never forget how you always had cookies for me when I brought the milk at night. A lot of the nights I lie awake thinking of the good times and things I had and took for granted.

I got into a bad habit out here, but I'm breaking myself. I'd better not tell you, I'm ashamed of it myself, but I had the habit before I knew it, being as how I'm still in my youth, a mere eighteen, with a prayer for the dearest Grandmother a fellow could have.

I'll close for now.  
Love,  
Buddy,  
Pfc. Charles H. Botts

Raymond J. Weathers S 1-c, who is stationed on Treasure Island, Calif., writes his mother:

Dear Mother:  
This is probably the last letter you will get from me for a while. Do not worry! I will be all right. I have been signed to a ship, I cannot tell you the name of the ship, or when we are leaving, or where we are going. It is all military information. I have been promoted to first class seaman, which means a lot to me.

I am terribly sorry I won't get to send you a good picture of me.

All of our mail is supposed to be censored before it reaches you. If you get a letter that has part of it cut out, just forget it. I wish you would save all my letters I write home. I am well and get the best. Sure wish I could see you but it is impossible. As you probably notice, I am writing this letter in a hurry. Write soon.

Your son,  
Raymond.  
P. S. If you don't hear from me for a while, don't worry.

**LOST BATTALION MAN PRISONER**

Wingate, June 26—Pfc. W. F. Mathews, member of the "Lost Battalion," is a prisoner of war, his father, J. F. Mathews, has been advised in a letter.

"Dear Mother and Dad," Pvt. Mathews wrote his parents, "I am now a prisoner of war in West Djawa. I am in Djakarta. Camp life is not too bad. We have a lot of time off from work. I have written two letters before this, that I hope you all get soon. Hope all the folks are okay. Tell everybody hello. With lots of love, W. F. Mathews.

The letter was the first word received from the missing man since the fall of Java.

Pvt Mathews is the nephew of Mrs. Sam Self of this city.

**MRS. L. H. LITTLE**

"One by one we pass down the hill of life"

In the dispensation of God's Divine Providence, a place has been made vacant, a home has been made sad, and we feel sorely the loss of our mother, friend, and neighbor, when the sad intelligence was borne us that Mother Little was no more.

On August 11, 1943, at her home in Goldthwaite, marks the place of the close of a noble life.

Mary Angelina Lindsey was born December 25, 1858, in Panola County, Texas. She was a daughter of a pioneer doctor and wife, but her parents died in her infancy and she was reared by her Davis grandparents at the Davis plantation in Panola County.

Married to Lewis H. Little of Rusk County, Texas, on December 25, 1878—nine children were born to this union. Five survive: Will Little, San Saba; Mrs. W. H. Walton, Lubbock; Mrs. Grover Swain, Sweetwater; Miss Adlyne Little, Goldthwaite; Mrs. D. A. Trent, Beverly Hills, Calif.

Nine grandchildren: Raymond Little, Goldthwaite; Newton Walton, Lubbock; Garth and Dorothy Little, San Saba; Mrs. Clyde Weatherby, Hamilton; George Walton, Marysville, Calif. Charles and John Little in Southern Pacific; Lewis Little Jr., El Dorado.

Two great-grand-children: Billy Walton, Lubbock; and Ann Weatherby, Hamilton.

Mr. and Mrs. Lewis H. Little and family came to Goldthwaite in 1901 at that time Mr. Little engaged in the mercantile business, which has been continued by his family since his death, 23 years ago.

Mrs. Little joined the Baptist Church at an early age and has been a faithful member of this Baptist Church some forty years.

She had a full, eventful life and lived a happy one. Her afflictions kept her from doing many things she would love to have done. She enjoyed her family, friends and was supremely happy when she could work among her flowers. But she has gone to greater work and higher influence in the great beyond.

We pause to drop a tear, not for her she needs none, but for ourselves, because her genial presence and tender affection will be with us no more. To her family we extend our warmest sympathy in this hour of their heavy bereavement.

Funeral service was conducted at 10 o'clock Thursday morning by Rev. D. A. Rryant, and was attended by all her children and grandchildren except Chas. and John Little and Geo. Walton, who are in the service of our country, and Lewis Little Jr., who is ill with pneumonia. After the service at home,

which was very impressive amid beautiful flowers, soft musical voices, her remains were laid to rest in the cemetery by her husband and other loved ones.

The book of her perfect life is sealed;

Vacant the paths her fair feet trod;

As a snowflake sinks on a white snowfield, She fell asleep on the breast of God.

Pall bearers were: Sam Sullivan, John Berry, Claude Eacott, Bill Woody, Hammond Bodkin, Walter Fairman and Walter Weatherby.

Do You Know That...

- MILK left standing in sunlight for one hour loses 90% of its Vitamin C
- SNAP BEANS left standing at room temperature for one day lose 44% of their Vitamin C
- SPINACH left on a pantry shelf 24 hours loses 50 to 50% of its Vitamin C
- EGGS stored at room temperature for three days lose as much freshness as in two months under refrigeration!

The quicker you put foods into your refrigerator the longer they'll last and the more vitamins they'll retain.

**By Storing Foods Promptly In Your Electric Refrigerator**

Exposure to warmth, air and sunlight quickly destroys many of the vitamins so important to health. Vitamin C, which you need every day because it is not stored in the body, and Vitamins A, B, and G all suffer losses under improper conditions of temperature and humidity. But if foods are stored properly in your electric refrigerator, these fragile vitamins stay put very well. So make a habit of popping perishables quickly into your electric refrigerator. Let its safe, cold interior keep those vital vitamins from vanishing!

**A Vital Message To All Shoe Buyers FROM THE International Shoe Company**

Because there has been considerable misunderstanding respecting the quality of shoes now available to civilians, it is important that you become acquainted with the facts. Perhaps this message from America's largest manufacturer of shoes will be helpful to you.

At present, our Government has first call on shoe materials. Millions of pairs of shoes are being manufactured annually for our armed forces. These shoes are built according to rigid government standards. Only the best materials and skilled workmanship are suitable. Neither you nor we would have it otherwise. Victory demands it.

But—does that mean good shoes—dependable shoes—are not to be had by civilians?

Not at all—you can still buy good shoes. The honor and integrity of the International Shoe Company stand behind that statement.

We, as well as other shoe manufacturers, could make more

shoes were we willing to disregard quality—but quality is the essence of this message—and this company is determined not to use present conditions as an excuse for lowering the moral standards of its product—standards maintained for more than forty years.

Despite heavy demand from our armed forces, there is still a sufficient quantity of good serviceable shoe material available to meet essential civilian requirements. We assure you that we will continue to manufacture shoes that will return full value for your dollar—and satisfactory shoe mileage.

You may continue to have confidence in the shoes made for men, women, and children by this company. We shall keep faith with the wearers of our shoes.

This was our regular club day so we had a swim party for the young folks before sunset, then served a bountiful meal with punch as a drink. There were several visitors which we welcome. Then the 4-H Clubs were present. We need these boys and girls in our picnics.
