Swing Of Southwest Farm Markets

(By U. S. D. A.)
Southwest farm markets paid mostly steady to strong prices last week, reports the Production and Marketing Administration, U. S. Department of Agriculture. However, grain, eggs, strawberries, and most feeds went down, and some livestock were weaker.

Grains dropped mostly seven to nine cents the first part of last week and only partly recovered later on. Light offerings of wheat and sorghums and plentiful supplies of corn and oats encountered rather slow demand. Prices on Friday for bulk car-lots at Fort Worth and Galveston stood at \$2.80 to \$2.81 per bushel for No. 1 hard wheat; \$1.78 to \$1.80 for No. 2 corn; and \$.02 to \$.04 for No. 3 white oats.

Cotton closed Friday from 25 cents to \$1.50 higher than a week earlier after rather wide fluctuations up and down.

Fryers went up a little and other poultry held fairly steady. Eggs eased off a cent or two at most southwest markets but gained sharply in Louisiana. Prices for the week averaged 40 cents a dozen at El Paso and San Antonio.

Cattle held generally steady last week, but some calves weakened at Houston, and cows at San Antonio. Beef cows brought up to \$17.50 at Oklahoma City. Common to good cows turned at

\$13.50 to \$17 at Denver, and medium to good classes sold at \$14 to \$16.50 at Fort Worth.

Hogs sold at mostly even to higher prices, but feeder pigs weakened some at San Antonio. Bulk of sales of good and choice medium weight butcher hogs at the week's close went at \$23 at San Antonio and Oklahoma City.

Lambs gained \$1.00 to \$2.00 at Fort Worth, Oklahoma City and Wichita, but other sheep and lamb markets remained mostly steady.

BY MRS. SALLIE KIGHT
(Intended for last week)
Everybody is enjoying the good rain we have had the last few days. Gardens and crops sure will grow now.

M. L. Jernigan and Sam Edgington were in our community last week.

Mr. and Mrs. Jess Massey and sons were our dinner guests last week and worked my garden.

Mrs. Wayne Holland and sons and Miss Louise Perkins called here last week.

John Wood left Saturday to take the Mullin high school seniors on a trip to Oklahoma.

Mr. and Mrs. E. K. Wood and Mrs. Sallie Kight went to Brady Saturday. We left Bobby Wood to take care of Granny Hollis—when we got back Bob had fell and hurt his arm pretty bad—Granny was as spry as a kitten.

Mrs. W. H. Freeman, Jr., is refinishing her house inside, painting and papering.
Mr. and Mrs. Oscar Cooksey have gone to see about their sheep.

Today will be a hard day on the mail carrier and school bus driver. The roads will be so bad.

There will be a cemetery working at the Regency Cemetery May 15; everybody come who are interested. Bring your dinner and stay all day. Bring tools to work with.

I enjoy all the community letters, especially the Rock Spring and Big Valley. The writers are my kinfolks. They may not like for me to be telling it.

OAKLAND—

BY MRS. E. T. CROWDER
(Intended for last week.)

We were pleased to have visiting with us at Sunday morning worship, Mr. and Mrs. Rallegg Egger and daughter Pat, Mrs. Carrie McMullen, and Robert Roberts of Brownwood, and Miss Verna Mae Hinesly of Brady.

Mrs. Carrie McMullen visited this week-end with her daughter and family, Mr. and Mrs. A. W. Hanna and daughter, June, and with her son and wife, Mr. and Mrs. Hubert McMullen.

Miss Verna Mae Hinesly got a two-day leave from the Brady Hospital where she is taking nurses training and was visiting her parents and family here.

After services Sunday morning Bro. Clark and family and most of the young people went home with Hannas for dinner, then in the afternoon several families dropped in and we enjoyed a good sing. Those present were: Bro. Clark and family, Thomas

**IMPROVEMENTS IN
RURAL AREAS ASKED**

Austin, May 9.—Karl Hoblitzelle of Dallas, Chairman of the Texas Centennial of Statehood Commission and its Board of Directors, this week issued his third statement to the 50th Texas Legislature appealing in a letter to the members to take appropriate action on the Board's plan for setting up a Commission to revitalize agriculture and improve living conditions in the rural areas.

The chairman placed the subject squarely before the legislature and appealed to them "not to go home without carefully studying this program and taking appropriate action regarding it."

The program recommended involves three phases: Rural Community Planning, Short Courses in Agriculture and Processing, and Agricultural Scholarships.

Chairman Hoblitzelle declared that the need for such a program is critical and "the next move is up to the Legislature." He said that the Commission had called together the best available technical, scientific and academic minds in our State and for more than two years had labored to develop a program which would help make Texas a better place in which to live for the next 100 years.

Earlier in the session reports had been made for the historical and agricultural units of the Commission's program. In making this last report the Chairman expressed appreciation for the cooperation extended by the Board of Directors, Commission members and many who had served "without title," and declared "that your Chairman and our Board of Directors of the Texas Centennial of Statehood Commission have discharged their responsibility fully."

The Commission was created by the Legislature in 1941 and Karl Hoblitzelle was immediately appointed its Chairman by Governor Coke R. Stevenson. The expense of the Commission amounting to more than \$20,000 has been borne by Interstate Theatres. Texas communities and private citizens have made possible the historical observations, and many expressions of approval have been given to the Board of Director's plan for rural development, Mr. Hoblitzelle said.

A variation of apple butter can be made by substituting 1 1-2 pints of pure grape juice for the pint of water ordinarily used in making butter from a gallon of apples.

Hinesly, Misses Verna Mae, Ruby Ruth, and Cieta Hinesly, Mr. and Mrs. Rallegg Egger and daughter Pat, Miss Olga Olson, Mrs. Carrie McMullen, Mr. and Mrs. Hubert McMullen, Mr. and Mrs. Frank Crowder and Mr. and Mrs. Truman Crowder and family.

Miss June Hanna is a member of the cast of the Junior Play "People are Funny," to be presented at Brooksmith May 2 at 8:00 P. M. All are invited to attend.

Turkeys are hatching now, so I guess us womenfolk will have to stick close to home for a while.

Mr. and Mrs. Clement Cole of San Angelo visited Mr. and Mrs. F. L. Crowder last Thursday, then together, they went to Bowser to visit Mr. and Mrs. Ross White and Mr. and Mrs. Morris White.

Miss Lorraine McMullen spent several days in Brownwood last week with her sister and her husband, Mr. and Mrs. Grover Hinesly.

Miss Nelda Fay Holder of Brownwood spent the week with her grandparents, Mr. and Mrs. F. L. Crowder.

NOTORIOUS STARS GRANT AND BERGMAN

Famous for his suspenseful dramas, Alfred Hitchcock has produced a new thriller "Notorious," with the star roles played by Cary Grant and Ingrid Bergman as the hero and heroine respectively, and Claude Rains featured as the chief menace.

Brazil's beautiful city of Rio de Janeiro is the setting for the picture's action, after an opening sequence in Miami.

Giving both Grant and Miss Bergman roles which call out all their acting ability, the picture also affords Rains a notable part as the scheming Alex, and presents the distinguished Austrian star, Mme. Leopoldine Konstantin, as his implacable Nazi mother. Louis Calhern, Moroni Olsen and other well-known players have featured roles in the thrilling "Notorious," which Hitchcock directed as well as produced. Ben Hecht wrote the screen-play.

"YOUNG WIDOW" POIGNANT YET COLORFUL ROMANCE

The delicate problem of a woman's grief, when the life of the man she adores is cruelly cut off by war, is handled with great restraint and understanding by Hunt Stromberg in his current hit, "Young Widow," showing at the Melba Theatre Thursday, Friday night and Saturday matinee.

Adapted by Richard Macaulay and Margaret Buell Wilder from the novel of the same name by Clarissa Fairchild Cushman, Producer Stromberg has turned out one of the finest romantic films of the year. It is a dexterous combination of colorful romance, sophisticated comedy and stirring drama, ably directed by Edwin L. Marin.

Co-starring with Miss Russell is Louis Hayward, who plays the role of the gay young air lieutenant, Jim Cameron, who falls deeply in love with her before learning anything of the tragedy that haunts her life. The other man in her life, Peter Waring, a sophisticated newspaper publisher, is played by Kent Taylor and supporting roles fall to gay Marie Wilson, the always amusing Penny Singleton, a charming newcomer, Faith Domergue (also under contract to Mr. Hughes), and two fine character players Cora Witherspoon and Connie Gilchrist.

"THE SECRET HEART"

The age-old problem of the misunderstood stepmother is given a fresh twist on the Melba Theatre screen in "The Secret Heart," which enlists the stellar talents of Claudette Colbert, Walter Pidgeon and June Allyson in a story packing a terrific emotional wallop.

As Lee Addams, successful New York realtor, Miss Colbert has turned down the love of Chris Matthews (Pidgeon) in order to devote her life to her two stepchildren whose father has killed himself because of dishonorable business dealings. The daughter, Penny (Miss Allyson), a sensitive, introverted musi-

cian, kept free of the true motive of her father's suicide, blames her stepmother for his death and withdraws from the affection of her family in a neurotic attachment for her father's memory.

As the woman involved in the heartbreaking struggle to win her stepdaughter's confidence and love, Claudette Colbert again proves herself one of Hollywood's top actresses. June Allyson, as the neurotic daughter, is superb in the most difficult portrayal she has yet attempted, and Pidgeon handles the part of the man they both love with force and understanding. The stars are given splendid support in the work of Lionel Barrymore as the psychiatrist who insists that Miss Allyson be told the truth about her father; Robert Sterling, Marshall Thompson, Elizabeth Patterson, Richard Derr and Patricia Medina.

JUNIOR-SENIOR BANQUET

The Juniors entertained the Seniors with the annual Junior-Senior Banquet Friday, May 2, at the lunch room. It was the cleverest banquet ever given in Goldthwaite. It was carried out with an entirely nautical theme. The ceiling of the room was done in blue crepe paper with silver stars on it. Over the windows was draped rainbow covered crepe paper. Attractive anchors hung from the walls, and there was a gorgeous anchor of red roses in the end of the room opposite the head table. The center pieces were sail boats in theme and also sailboats with little life savors. Also on the table were some beautiful candles on miniature pilot's wheels. None the less lovely were the many costumes and sailor hats worn by the sophomore girls, who did a splendid job of serving.

The food was the most delicious fried chicken with potatoes, tomatoes, string beans, pickles, jello, butter and rolls, iced tea, and cake with ice cream.

The program also had a nautical theme. The speeches given by Mr. Patton, Billy Miller, Carlene Featherston, Norman Upham, Lee Roy Stacy and Norma Sue Ross were also to this effect. The Senior trio, Nancy Collier, Christine Ince and Elizabeth Stockton gave an excellent presentation of "Bell Bottom Trousers". Wilbur Geeslin sang for us the lovely "Red Sails in the Sunset" and then for an encore "Oh, But I Do". Vera Mae Bell, Madeleine Johnson, Anna Gene Hale and LeRoy Bleeker played a fine arrangement of "Anchors Aweigh" on their coronets. Mr. and Mrs.

Ted Kirby presented the awards for the Hall of Fame. They were engraved on miniature seaman's scrolls and given to the ones whom got them. Indeed, they were justly given and are something to be very proud of. After we had all joined together and sung "Sailing", the seniors were presented at the Melba theatre. We walked across the stage while Mrs. Bigham told the audience who we were and some of the outstanding things about each of us.

After this we all went to the American Legion Hall for the most wonderful reception ever given by anyone. The Juniors had decorated it so beautifully. It was a thrill just to see it. We had a "Grand March" led by Shirley Kline and Lee Roy Stacy. It was a sight to behold since everyone was dressed formally and the girls were wearing colorful corsages. Punch was served, games were played and time just simply disappeared! This was truly a night that will never be forgotten by anyone who attended. We will always remember its breathtaking cleverness. Juniors we thank you from the bottom of our hearts!

PEP FEAST

April 30 on the vacant lot across the road from the Eagle Football stadium, the student body of Goldthwaite had a very inspiring "pep feast." We played several exciting games then enjoyed some wonderful barbecue with all the trimmings. After this we had a regular pep rally with speeches from Mr. Patton, Mr. Kirby, Miss Fouse and Bill Lane, which really gave us the old football spirit and made us more determined than ever to get behind our boys and support them with all that is in us. It turned out to be a lovely, worthwhile night and we certainly want to thank Mr. Charlie McLean for the help he gave us. He furnished the delicious barbecue that we so eagerly demolished and if there were more people like him in Goldthwaite we'd have the best outfitted team that could be found anywhere and the zeal and enthusiasm supporting it would never waver. It is men like him that are going to be responsible for keeping our football alive. Thanks again, Mr. McLean.

We also wish to thank Mr. Oscar Holland for barbecuing the meat for us. As I have said, it was delicious.

SENIOR PARTY

Saturday night George Jackson and Virginia Howard played host and hostess to the Senior class. The group gathered at "The Hanger" at about 8:00.

We were served delicious punch and then seated. The room was beautifully decorated with pink and red roses.

After the group had played several games such as "Nosy," "Getting the Apple" and "Framing Transcriptions," we were given napkins to match. When we found our partners we went down stairs to get our refreshments, cake and ice cream.

All seniors reported a nice time and we really wish to thank Mrs. Jackson and Mrs. Howard for such a nice evening.

LLOYD WHITE

Lloyd is the son of Mr. and Mrs. J. L. White. He is nineteen years old, is five feet six-inches tall and weighs one-hundred and fifty-four pounds. He has brown hair and brown eyes. A member of the F.F.A., he is also active in sports, especially baseball, basketball and football. Af-

ter finishing school, Lloyd plans to go to work.

Likes best—anything not connected with studying.
 Dislikes—studying.

DOROTHY PATTERSON

Dorothy is the seventeen year old daughter of Mr. and Mrs. Carlos Patterson. She has blond wavy hair and blue eyes, is five-feet one-inch tall and weighs one-hundred and three pounds. Dorothy has gone to school here all her life with the exception of two years when she attended school at Harlingen. She is claimed as a member by the Pep Squad, Junior Schubert Club, Girl Scouts and the Girl Reserve. After finishing school she plans to attend John Tarleton College.

Likes best—Ed and to try to play the ponies.

Dislikes—nosey people.
 Ambition—To go to John Tarleton College.

NORMAN UPHAM

Norman is the eighteen year old son of Mr. and Mrs. W. T. Upham. (Also the husband of Annette). He can easily be recognized by his blonde hair and blue eyes and his good physique. (He is six-feet tall and weighs 170 pounds.) He possesses a wonderful personality and for that reason he has helped to make school life brighter since he first came to Goldthwaite from Hamilton during his sophomore year.

Norman is a great athlete. In fact he was voted the most athletic boy in the senior class this year. Also last year he was a member of the second all district football team. He has an excellent record in all sports, not only football, being on the football, basketball, baseball, and track teams for several years. His honors are not limited to sports, however, for he is vice president of the Senior class; he was elected most representative boy of the Senior class and also the best all around boy in the Senior Hall of Fame this year. All of these are honors he duly deserves.

The future will, as the present find Norman a married man. Aside from this the future will find him either at college or away from Goldthwaite at work. Whichever it may be, we are certain that success will be his, for his swell personality and will power will undoubtedly bring him the final goal of achievement he has determined to reach.

Likes best—Twilla Annette.
 Dislikes—Complaining teachers.

Ambition—to have a successful life.

MIRANDY'S PARTY LINE

Mirandy has had quite a hard time lately—what with so many things happening at the last of school, and what with trying to keep you people "informed". But the rush is kinda over now, so here goes!

The Pep Feast, the Football Game and the Junior-senior Banquet all put together, kept quite a few G.H.S. romances glowing this week. Especially that of Billy W. Kirby and Carol Ward and Virginia Howard and George Featherston. These four made all three occasions. (To say nothing of the party Saturday night!)

Margaret L. and Wilbur H. are still going steady I see. In fact, I saw Wednesday night, Thursday night and Friday night made it even steadier!

Tuesday night found Nancy Collier and Billy Chadwick together. Let's make up our minds people, so Mirandy can get off the fence.

Joey Simpson's face has been beaming this week. Mirandy wonders if maybe Herman could have made this so? Joke, son!

Mirandy can hear nothing but talk about Friday night! And no wonder; that was a swell Banquet, Juniors! From the looks of several of the couples' faces, I'm not the only one who thinks so! Maybe Sue Ross and Ed Gilliam, Laverne Sykes and Leroy Bleeker could confirm this statement!

Orchids were flying Friday night! If you don't believe me just ask Elizabeth S. and Joyce H. Or maybe Beryl R. and Jimmie L. could tell you more about it, they sent them, you know.

Shirley Kline and Lee Roy Stacy, Helen Hodges and Jack Hightower made a very attractive foursome Friday night. And

Reinstate YOUR GI Insurance NOW—at your nearest Veterans Administration office.

See John H. Quick At Courthouse Tues. Morning 8:30-11:30

from news going around, Friday night isn't the only time these people's names have been linked together.

A new romance! Yes, none other than Jackie Gerald and Joyce Denman! Let's keep this regular. Mirandy had another pleasant surprise Friday night. Madeleine J. and Louvell Sides made an attractive twosome.

Mirandy saw that being married didn't keep people from Melba and Harold Roberson and having good times at banquets. Annette and Norman Upham had a gay time!

Aline Bird and John Oglesby were together at the banquet. They seemed to be enjoying themselves also. Christine Ince has been kept quite busy this week. Thursday night her date was Wilbur Geeslin, Friday night it was Billy Miller and Saturday night it was Wilbur again.

There's something has been worrying Mirandy greatly since Friday night. One of our steadiest couples didn't attend the banquet together. Mr. Patton, you've got everybody wondering. Where was Mrs. Patton Friday night?

SIX-TWO REPORT

We will be very happy when school is out, but will hate to leave all our teachers for the summer. We hope all of them will teach next year.

We are all enjoying our moving machine and see-saw.

We hope to all pass into the seventh grade and will hate not to have Juanita Wilson and Mildred Bryant in our class next year, since both are moving.

Don't Wait 21

One of the first things lots of young folks do when they reach 21 is to buy an insurance policy. Which is good, of course. But some of these young folk at 21 find they are not insurable... cannot get life insurance. That's not so good. Occidental has a policy for children under 12 which makes sure they'll have enough insurance later. Best of all, at age 21 its face value jumps to 5 times as much... without any increase in premium... a \$1,000 policy becomes \$5,000! Have you a boy or girl under 12?

Veterans News

(A series of questions and answers in regards to veterans benefits from the Revised GI Bill of Rights is being furnished the Eagle by Veterans Administration Contact unit, 200 East Baker Street, Brownwood, and will appear weekly for several weeks. John H. Quick, Contact Representative in charge of the Brownwood office, will be in the County Judge's Office in Goldthwaite every Tuesday morning of each week to assist veterans.)

Q. I am an honorably discharged World War II veteran, and would like to know what benefit is a guaranteed loan if I purchase a home under the G. I. Bill?

A. The guaranty provides or increases the security you have to offer for a loan by the amount of the guaranty; it tends to induce the lender to lend more nearly the full purchase price of the property and

to give you a better rate of interest, and finally 4 per cent of the amount guaranteed is paid to the lender by VA and is an outright gift to you.

Q. My wife and I plan to purchase a \$9,000 home. We are both World War II veterans. Can we acquire the property jointly and so increase the amount which may be guaranteed?

A. Yes, you may acquire the property jointly, but the maximum guaranty may not exceed 50 per cent of the loan.

Q. I have a G. I. loan on my home and would like to know if I can have the loan extended?

A. Yes, you can have the loan extended if the lender is willing to give you more time, but the extension must provide for complete payment of the loan within the 25-year maximum period provided by law.

Q. What is the largest amount I can borrow under the G. I. Bill and still have the loan guaranteed?

A. There is no limit on the amount which can be borrowed under the G. I. Bill. The limitation by law is on the size of the government guaranty and not upon the size of the loan.

Notice To Creditors and Debtors

To those indebted to, or holding claims against the estate of Amos Brown, Deceased.

The undersigned having been duly appointed administrator, of the estate of Amos Brown deceased, late of Mills County, Texas, by the County Judge of Mills County, on the 21st day of April 1947, during a regular term of the county court of said county, hereby notifies all persons indebted to said estate to come forward and make settlement, and those having claims against the said estate to present the same to him within the time prescribed by law at Goldthwaite, Texas, where he received his mail. This the 25 day of April 1947.

GROVER DALTON,
Admr. of the Estate of Amos Brown, deceased. 5-9-47.

870 children were killed and 21,660 injured last year while they were playing in the street.

History was made in Washington last week when President Aleman of Mexico became the first Mexican chief executive to cross the Rio Grande for an official visit to Washington.

Anything that was missing in the way of good will between the two nations was patched up before the visitor left the capitol city. Flown here from Mexico City in the Truman plane, the Sacred Cow, Aleman was received by President Truman at the airport, then rode in a parade witnessed by 60,000 people. The size of this turn-out, was second only to that which received General Eisenhower upon his triumphal return from Europe after the war.

The visiting President addressed the Congress in Spanish. Translations were distributed and he was easy to follow as he bore down on the friendly relations between the two countries separated by the Rio Grande. Incidentally, there was the matter of a \$60 million loan discussed while the visiting President was here. But one thing about Mexico is that she is always a good credit risk and has paid her obligations to this country in the past in a satisfactory manner.

Elsewhere on Capitol Hill, the Senate wrangled over the Labor bill and rumors began to fly that President Truman will veto any labor bill that is passed if it has any teeth in it. The House sliced the State Department's foreign relief bill to \$200 million, and amended it so very little, if any, relief will go to the Communist-dominated countries. The wool bill continued to be tied up in the House Rules committee where the questions of the import fees on foreign wool is causing some disturbance among the members. The Boston wool trade, which opposes any wool trade, has been fairly effective in arousing opposition to pending legislation, their new strategy being to appeal to those who are opposed to tariffs on imports.

The wool-bill opposition has succeeded in recruiting the aid of Representative McCormack, a democratic leader from Boston, and Helen Gahagan Douglas, a left-wing Congresswoman from California. Speaker Martin, from Massachusetts, is also unfriendly to legislation favoring the domestic wool grower. Mrs. Douglas called a meeting the other day of two or three other congresswomen and invited representatives of all the women's organizations with headquarters in Washington. There she had a field day by telling them how vicious the wool bill is, how unimportant the wool growing industry is, and how desirable it is to reduce the tariff on wool. It was rumored that her actions were promoted by the Boston wool trade.

Representative Ewing Thomason of El Paso is the latest Texan to retire from Congress, his resignation being expected this summer. He has been appointed Federal Judge at El Paso. . . . Out in California the state legislature finally got around to elevating the importance of the goat. The goat out there can now lift its head in pride. No longer is it just a misdemeanor to steal a goat in that state; a new law has made it a felony. . . . Referring again to President Aleman's visit, the hasty preparations for his reception caused some red faces in the State Department. The 650 Mexican flags strung along the parade route to welcome him were not the official flag of Mexico at all, but merely the merchant marine flag of Mexico, which happens to be identical with the official flag of Italy. Mexico and Italy are technically still at war. . . . A few of the official Mexican flags were on display, however.

More than a million American adults were injured in 1946 automobile accidents. Drive carefully!

200 THOUSAND 4-H MEMBERS GET SPECIAL TRAINING

More than 200,000 4-H Club members have received special training in soil conservation during the last three years, according to the National Committee on Boys and Girls Club Work. Last year, 43 states and Puerto Rico made that activity a part of their 4-H program.

The club members' training includes, among many other soil conservation practices, contour farming, strip cropping, terracing, soil testing, establishing permanent pastures, sodding waterways and planting shelter belts and windbreaks. The activity is conducted under the direction of the Federal and State Extension Services.

Merit awards for top ranking 4-H soil conservation records on county, state, sectional and national levels are again offered in 1947 by Firestone. Awards include gold medals for county winners and \$50.00 U. S. Savings Bonds for the six highest rating entrants in each state. In addition, 16 selected state winners receive a sectional award, which is a trip to the 4-H Club Congress in Chicago. Eight of the Sectional winners are chosen for national honors, each receiving a \$200.00 college scholarship.

Last year's state winner in Texas was Carroll Fowler of Lakeview. County winners were named in Austin, Bandera, Brown, Camp, Castro, Comal, Cooke, Dallas, Eastland, Ellis, Fayette, Ford Bend, Frio, Grayson, Grimes, Hale, Harris, Howard, Hunt, Jones, Lamb, Llano, Lamar, Lavaca, McMullen, Mills, Moore, Montgomery, Nolan, Parker, Red River, Somervell, Taylor, Atascosa and Johnson counties.

Complete information concerning this activity will be furnished by county extension agents.

CHRISTIAN SCIENCE SERVICES FOR MAY 11

"Adam the Fallen Man" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday May 11.

The Golden Text is: "As by one man's disobedience, many were made sinners, so by the obedience of one shall many be made righteous" (Romans 5:19)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And the Lord God called unto Adam, and said unto him, Where art thou?" (Genesis 3:9)

The Lesson-Sermon also includes the following passage

Mr. and Mrs. E. Obenhaus and Mrs. Pat Obenhaus visited in Brownwood Tuesday.

Mr. and Mrs. Curb and daughter, Sue, of Comanche visited friends here Sunday and also attended services at the Baptist church.

from the Christian Science text book, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Above error's awful din, blackness, and chaos, the voice of Truth still calls: 'Adam where art thou? Consciousness, where art thou? Art thou dwelling in the belief that mind is in matter, and that evil is mind, or art thou in the living faith that there is and can be but one God, and keeping His commandment?'" (page 307)

WELCH'S TURKEY FARM SECOND IN EGG-LAYING CONTEST

Welch's Turkey Farm, located on Route Three just south of Star, has won high honors in the John Tarleton College Turkey Egg-Laying Contest, the first to be held in this country. The contest started January 1 and will end May 31. Welch's has entered in the contest 10 young hens and one young Tom of the Broad Breasted Bronze Variety, and got second place in high pen for the month of April, with 186 eggs from 10 hens; also second in high pen for the season to date, Welch's placed second in individual high hen to date—Hen No. E43 laying 91 eggs. James Bar Nothing Ranch of near Austin had No. 1 hen, No. B17 laying 105 eggs for the season to date.

Mrs. Lela I. Harrell

Mrs. Lela Inez Harrell was born Oct. 4, 1906 and died in her home town of Goldthwaite May 4, 1947. Funeral services were held at the local cemetery at 10:00 o'clock Tuesday morning, with Rev. Weiss and Rev. Dyches officiating.

Mrs. Harrell is survived by her husband, Koen Harrell, Goldthwaite; two children, Don Martin of Goldthwaite and Mrs. B. Smith, Fort Worth; parents, Mr. and Mrs. J. S. Kuykendall; brothers and sisters, Mrs. Cecil Deison, Goldthwaite; Mrs. Grady Duncan, Moline; Bedford Kuykendall, Goldthwaite; Mrs. R. Adams, Moline; Mrs. Leroy Mason, Hobbs, New Mex.; Mrs. Casey Smith, Fort Worth; Mrs. Boyd Featherston, Goldthwaite; and Lt. Bailey Kuykendall, Fayetteville, N. C.

All of the above mentioned relatives attended the funeral Tuesday morning.

OAKLAND—

By Mrs. L. T. Crowder
Bro. Kendrick preached for us Sunday morning in the absence of Bro. Clark, who was preaching at South Baker in Brownwood. We enjoyed his message very much and hope he and his wife and daughter can be with us often.

Bro. Clark suffered an attack of appendicitis Sunday afternoon and was unable to be here for the evening services.

Mr. and Mrs. F. L. Crowder, Mr. and Mrs. Willie Sikes and family, Mr. and Mrs. Hubert McMullen and Mr. and Mrs. Truman Crowder and family spent a very pleasant evening visiting in the home of Mr. and Mrs. Gilbert McMullen.

Mr. and Mrs. Willie Sikes have moved back to their home here after living six months in Brownwood.

Mr. and Mrs. Hubert McMullen and Mr. and Mrs. Alvin Hanna and daughter June visited Bro. Clark and family in Bangs Thursday night. They enjoyed a delicious supper after which they froze ice cream.

Harold Sikes spent Sunday afternoon with Clayton and Lester Whalley, while his parents visited Mr. and Mrs. F. L. Crowder.

Mrs. Janie Roberts, who recently moved to Edom, is spending a week here with her son A. W. Hanna and family.

By EMOGENE HAENISCH LEADERSHIP TRAINING PROGRAM

What is the Leadership Training Program? Each club will select leaders from their club to attend training meetings. These people will take the demonstration back to their clubs. These meetings are to be given at least four times a year. Through this program it is hoped that instead of teaching one group of 10 to 20 that 10 leaders will be trained to go back to their communities and teach 10 others, thereby reaching 100 people with the same practice. The goal of the Extension Service is to develop leaders and this is one way that they feel it will better be developed. Then too, it will give more time to the agent to make home visits, demonstrators' visits, work with unorganized communities, train 4-H club leaders and help make the work become better in each of the counties. In a recent survey it was found Home Demonstration Agents worked an average of 52 hours a week, yet only 1 hour was spent in helping the individual. The Leadership Training Program will help this program.

Two clubs in the county are to be commended for their leadership by starting their program during April. Their Presidents, Mrs. Connie Knowles of the Big Valley H. D. Club and Mrs. Morgan Winkle of the Nabors Creek Club met in the Agent's Office on April 1, to receive the demonstration and material to help

them present the demonstration. The demonstration was the one given to all clubs during last month, "Table Service" and "Choosing and Buying Tableware."

Both Clubs reported good attendance at their meeting and members were proud of their leaders who could give their demonstration to them in a gracious manner which was easy for all members to understand.

These two clubs who were so successful in their demonstrations should be a challenge to the other clubs. All clubs will carry on these programs for the month of June. The training meeting for the leaders will be held at two o'clock at the agent's office on May 20, 1947.

W. HILL ATTENDS REA CONVENTION

Willis Hill of Goldthwaite stopped over in Los Angeles while enroute home from the Rural Electrification Association Convention in Spokane, Wash. He attended a dinner at the famous Earl Carroll Theatre Restaurant in Hollywood Sunday evening with a large party of R.E.A. representatives from Texas.

Bill Evans of Snyder spent the week-end here with his father, J. E. Evans and wife.

Miss Bobbie Wash, Girl Scout Area Executive of Heart of Texas Council, met with the Art and Civic Club Monday night.

At that meeting the club voted to release their sponsorship of the local Girl Scout organization. We feel that the club having sponsored the Girl Scouts up to this stage that it should become a community project.

Miss Wash suggested we appoint a Development Committee to contact the interested people of the town and organize a GOLDTHWAITE GIRL SCOUT COUNCIL.

Frankly, Girl Scouting in Goldthwaite has out grown the Art and Civic Club. We brought Girl Scouting to Goldthwaite in 1943—now we are happy to announce that we need the cooperation of the entire community to promote such a worthwhile organization.

New troops are waiting to be formed for lack of more leaders.

The following Development Committee was named: Mrs. Jim Weatherby, Mrs. H. E. Patton, Mrs. Steve Wood and Mrs. Philip Nickols.

Watch this column for further developments.

STATE DEPARTMENT OF PUBLIC WELFARE

Warrants to recipients of Old-age Assistance, Aid to the blind and Aid to Dependent Children were being mailed from the State Department of Public Welfare offices in Austin, Texas Monday, May 5 and will continue as rapidly as possible, according to Mrs. Deoma E. Triplitt of the local office of the State Department of Public Welfare. Mrs. Triplitt states this means recipients will receive their warrants for May a few days later than normally. This delay was occasioned by a delay in the Federal Congress on a deficiency appropriation making Federal money available to the state.

Mrs. Triplitt stated that state money was available and that warrants were written in accordance with the usual procedure but that the mailing of such warrants could not be begun until Federal matching funds were received by the state.

John H. Winters, Executive Director of the Texas State Department of Public Welfare, announced that warrants were being mailed to 194,042 persons on the Old-age Assistance rolls who are to receive \$5,612,586 this month. This is an average Old-age Assistance payment of \$28.92.

5,276 blind persons were to receive \$166,241 with an average payment of \$31.51. 13,935 families representing 35,169 children are being paid \$584,433 this month. This is an average of \$41.94 per family.

TEXAS BUTANE DEALERS ANNOUNCE SAFETY SCHOOLS

The University of Texas in Austin has accepted a \$2,000 grant from the Association with which to operate safety training schools. Two training directors have been hired to conduct the night schools over the State. The courses will cover approximately ten hours, and employees completing the training school satisfactorily will be awarded a certificate of proficiency.
The two directors are at present completing a six weeks course in the art of teaching at the University. Their traveling itinerary will soon be announced through the Association office in Austin, and all dealers will be invited to have their employees attend these schools.
The directors are Voyle Tipton of Burnet and Carl Bewick of Big Lake. They will be assigned to their training programs under the auspices of a Butane Industry Committee, the University of Texas, and the State Board for Vocational Education.
The Texas Butane Dealers Association is the first in the nation to promote such a pro-

gram for safety and safe practices in their industry.
M. A. Campbell, Goldthwaite Butane dealer, is now attending the school at Brownwood, which started May 6, and will take the entire course. Two other schools are in progress near Austin, and the entire state will be covered with schools of instruction on safety in the installation and use of Butane.

Those present were Mr. and Mrs. Fred Soules and daughter Freda, Sue O'Neal, Mildred Riddle, Uvaughn Cox, Geraldine Poe, Allen Poe, David Beard, Garland Allridge, and Johnnie Boykin. The honoree received many nice gifts and they all had a wonderful time and they all wished Zane many more happy birthdays.

Speeding was the direct cause of 9,460 deaths and 230,760 injuries in 1946 traffic in the United States. Heed speed limits! Last year, 3,410 persons were killed and 120,000 injured in U. S. traffic accidents as a result of driving on the wrong side of the road. Drive right!

HEALTH NOTES

If you have not been vaccinated against typhoid fever within the last two or three years, Dr. Geo. W. Cox, State Health Officer, advises you to go to your doctor or to the nearest health officer and have him give you the three "shots" that will protect you against the disease.

"The three shots that will protect against typhoid are given at intervals of one week apart," Dr. Cox stated. "As it takes some time for the protective treatment to be established throughout the system it is wise not to delay in having it done. My advice is, have it done now so that immunization may be complete before summer arrives and vacation trips are taken."

This advice was addressed particularly to Boy Scouts, Girl Scouts and other youngsters who are looking forward to spring and summer hikes and trips. It is, however, meant for others, young and old whose business or pleasure during the summer will take them to places where there may be doubt as to the purity or safety of the water supply, or as to the care with which food is handled.

The old adage that an ounce of prevention is worth a pound of cure is particularly applicable to this disease, which is so dangerous and debilitating when it is prevented, so easily through immunization.

With the advent of summer and the ensuing exodus from city to country resorts and picnic spots the annual problem of ivy poisoning is once more making its appearance.

In order that city dwellers may guard against this poisonous plant by instant recognition of it, Dr. Geo. W. Cox, State Health Officer, has issued the following statement: "Poison ivy may be recognized by its leaves and its fruit. Each leaf is divided into three leaflets, the margins of which vary from smooth to more or less notched outlines. The small greenish flowers appear in May or June and the fruits which are the size of a small pea are pale green and poisonous when immature."

The symptoms of ivy poisoning range from slight redness and itching to exaggerated swelling and blisters, accompanied by severe burning sensations. There are all gradations between these extremes. In mild cases the skin is covered by numerous small blisters containing a colorless serum which is not poisonous. The poison cannot spread from broken blisters but pustules may result as secondary consequence. Recovery usually occurs in from 10 days to 3 weeks. Occasionally a persistent skin inflammation follows.

Dr. Cox advised persons planning picnics and out door excursions to learn to recognize poison ivy and thus be able to avoid it. Prevention is much easier to accomplish, than relief from ivy poisoning.

Two out of every three automobile accidents in the United States last year involved mistakes by drivers. Exceeding the speed limit took the heaviest toll -- 9,460 killed and 230,760 injured.

The vast majority of accidents last year -- and any year -- were caused by more or less experienced motorists who have had at least one year of driving experience.

from 20 counties entered in the state Chicken-of-Tomorrow contest this year, chairman F. Z. Bearblossom, poultry extension specialist at Texas A. and M. College, announced today.

They will compete for one of 15 prizes totalling \$315 in cash to be awarded at the judging in Fort Worth on May 8. Top five winners become eligible to enter the southwestern regional meeting to be held in the same city on June 19, for which A & P Food Stores have donated \$600 prizes, with a \$250 first prize.

Regional and state winners will participate in the national finals to be held in 1948. Grand champion will receive \$5,000 from the food chain, and the runner-up, \$1,000. Other substantial awards made by the same donor will bring the total to \$10,000.

Overall objective of the three-year breeding program, which got under way in 1946, is to achieve quick-growing, meatier birds which will consume less feed, resulting in increased returns to poultrymen and greater consumer satisfaction. Active committees are now promoting the program in 39 states.

Last year's Texas Chicken-of-Tomorrow champion was Frank W. Allenson of Brenham, whose White Giant-White Cornish crosses, weighing 3.4 pounds at 14 weeks captured top honors. Entries this year will be judged at 12 weeks.

er line construction. In addition, it will provide a market for some \$1,800,000 in electrical appliances and equipment.

Pointing out that two and a half times as many farms are electrified today as in 1938, the magazine said that the tremendous expansion in rural electrification had been made possible by the development of compound steel conductors. These conductors, combining steel for greater tensile strength and other metals for good electrical conductivity, have made possible lighter but stronger construction of power transmission line, cutting construction costs from about \$1,500 to around \$750 per mile of line.

BECOME MEMBERS OF SINE CERAS CLUB

Stephenville, Texas, May 7—Miss Janie Ruth Simpson of Goldthwaite who is attending John Tarleton Agricultural College, recently became a member of the Sine Ceras, a social club at Tarleton.

Janie is a freshman, majoring in Home Economics. She is also a member of the Home Economics Club.

To be a member of a social club, one must have a high scholastic standing and be pledged by the club.

FAT COLLECTIONS TOTAL 47 MILLION LBS

American housewives have collected 47,204,000 pounds of used cooking fat in the first five months since the removal of price ceilings, it was announced today by The American Fat Salvage Committee.

As evidence that the high prices now paid for used cooking fat are making most women more conservation-conscious, it is pointed out that average monthly collections in the five month period have more than doubled the October, 1946, collection figure, when retail prices were pegged by OPA at 4 cents per pound.

From 4,545,000 pounds of used cooking fat in October, 1946, collections rose in November, when meat started to become more plentiful to 5,223,000 pounds. The amount paid women for their kitchen salvage began to soar in December, and fat salvage collections rose to 7,445,000 pounds.

January, 1947, saw collections increase still further to 10,630,-

000 pounds for the month. In February and March, when women quite generally were receiving around 15 cents a pound for used cooking fat, turn-ins nearly tripled the October, 1946, figure. In February, 1947, collections stood at 11,966,000 pounds and in March, 1947, at 11,940,000 pounds.

Used cooking fat is still urgently needed to help make

electrical appliances, soap, automobiles, tires, fabrics, paints and other necessities.

10,070 pedestrians were killed and 171,910 injured in 1946. Crossing between intersections was the most frequent cause of death and injury, accounting for more than 25 per cent of the casualties.

USED COOKING FATS NEEDED

Meat dealers are finding the higher price now being paid for used cooking fat is profitable to them as well as to their customers. By advertising the increased price kitchen grease brings, and suggesting the money be applied to other purchases, meat dealers increase their sales by helping customers to offset high food prices.

Recently in Laconia, N. H., John's IGA Store told women, "Don't kick about high prices. Help yourself by getting out your used cooking fat and letting it buy some food for you." This advertisement pointed out that women brought in one pound of kitchen grease, they could buy black pepper for 3 cents a can; chicken soup for 6 cents a can;

coffee for 27 cents a pound; frankfurters for 17 cents a pound; plus 32 other products at considerable savings.

"This trend on the part of grocers to stress used fat retail prices, checks with a recent survey showing that women are not only turning in more fat, but are insisting upon being paid for it," the American Fat Salvage Committee states.

Since the end of OPA, when retail price paid for used cooking fat was pegged at 4 cents a pound, fat salvage collections have nearly tripled, while prices paid for used cooking fat are three to five times higher than their previous figure.

MILLION AND HALF MORE FARMS TO GET RURAL ELECTRICITY

New York, May 4—Electrification, a revolutionary force in American agriculture, will be extended to a million and a half additional farms in the near future, Arthur Bartlett stated in an article appearing today in STEELWAYS magazine, published by the American Iron & Steel Institute.

All but the most isolated or most hopelessly sub-marginal farms would be reached by power lines within the next ten years, perhaps considerably sooner, the article predicted.

The electrification of a million and one half farms is expected to require \$300,000,000 in wiring and \$600,000,000 in pow-

FOOTBALL TALK

In Goldthwaite's only spring training football game, the Seniors played a stronger Junior team due to the Juniors ability of substitution . . . the spirit of the football season was in full swing. Even the Junior pep squad was well organized . . . the only trouble being they forgot to disorganize at the recent showing of "The Red House" at the local theatre.

HANGAR HANGOUTS

On the eve of Goldthwaite's first Rodeo day, "The Hanger," roadside night spot opened with capacity attendance . . . Some were doubtful of good local support, but many Goldthwaite people helped to more than fill the club's small seating space. It seems that even Goldthwaite dance fans like to enjoy America's second most favorite pastime.

TODAY. . . With the Big Rodeo starting today, local residents will have little time to celebrate the Anniversary of Victory in Europe, and the observance of President Truman's birthday. . .

The flag decorated town is ready for visitors and opinions are that Goldthwaite will be the most visited town in Central Texas. A busy week-end is in store. . . Mother's Day will be observed Sunday and mothers all over the nation will be honored and father will pay the bills. . .

Kyle Smith and Bride Take Trip

Kyle Smith and his recent bride the former Evelyn Bode, left for south Texas and Old Mexico April 26, and returned May 6. They visited in Quemado Valley, attended a rodeo in Del Rio and later visited in Old Mexico. While on the honeymoon trip, the couple visited his sister, Mrs. J. J. Weeks.

Birthday Dinner

On April 27 at the home of Mr. and Mrs. Carl Featherston, a surprise birthday dinner was given Mrs. Carl Featherston by her daughter, Miss Norma Featherston of Brownwood and Miss Carlene Featherston of Goldthwaite. When Mr. and Mrs. Carl Featherston returned from church, all the neices and nephews, brothers and sisters met Mrs. Featherston at the door singing "Happy Birthday." Each one brought a well filled basket and a table loaded with all kind of lovely food was ready with a beautiful birthday cake in the center baked by Mrs. Joe Featherston.

The gifts were opened by Mrs. Featherston. This caused much laughter.

At dark everyone departed wishing for another birthday dinner soon. Twenty-five guests registered for dinner seven more called in the afternoon.

W.S.C.S.

The W.S.C. met in the church Monday evening, May 5. We had 16 present. After a song, we were led in prayer by Mrs. Tom Collier and a devotional and short talk on "Family Week" by Mrs. Fred Reynolds.

After a discussion of sending as many women as possible to the Zone Rally at Lometa Tuesday, May 6th, we were dismissed in prayer by Rev. Paul Weiss.

The following met at the church, May 6, at 9:15 and went to Lometa for the day: Mrs. Fred Reynolds, Mrs. John Keese, Mrs. John Hester, Mrs. Ray Blackburn, Mrs. Chess Frazier, Mrs. Bob Steen, Mrs. Carl Featherston, Mrs. Paul Weiss, Mrs. Henry Morris and Mrs. Marsh Johnson.

The devotional was followed by talks from the district officers. A lovely plate lunch was served at the noon hour.

A very spiritual program was rendered in the afternoon. Mrs. Marsh Johnson sang "God's Tomorrow."

Following a report by Mrs. J. C. Cox, District Superintendent, we were dismissed. Mrs. Mitch Johnson of San Saba was program leader of the day.

This was one of the best zone rallies we have ever attended.

FIVE MAJORS IN HOME ECONOMICS FROM GOLDTHWAITE

It seems as if five "lassies" from Goldthwaite, now attending Tarleton, have the same idea as to profession. Who can tell, however, where the future assignments of their home economics majors will lead them?

Marialyce Smith, sophomore, is a home economics major. She is president of the Sine Cera Club, and she belongs to the H. E. Club, and the Aggettes.

Janie Simpson, a freshman home economics major, belongs to the H. E. Club.

Vivian Reid, a second semester student, majoring in home economics, is a member of the H. E. Club.

Tommy Ann Booker, a member of the H. E. Club, is a home economics major, attending Tarleton for the second semester.

Brockie McCasland, member of the H. E. Club, is a home economics major, attending Tarleton for her second semester.

Beneficial and interesting work has been and is being done by these home economics majors.

OLD MAN 100—

(Continued from page 1.)
week to Old Man 100 says Bill is doing mighty fine after a recent operation in Veterans Hospital 3A in Dallas. He says: It seems almost impossible that a person could have the operation I had last Monday and feel so well in six days. I had two light meals today, and have been walking around in the sunshine. Bill's friends here and over the county are expecting him home soon.

MORE MUSH—

The Old Man heard this'un over the rodeo: 'Twas in a restaurant they met. And down to a table they sat—Romeo and Juliet. Romeo couldn't pay the check. So Romeo for what Juliet.

The Old Man is allus looking for a better and easier job. He's figuring on putting in his application for the job of assistant to the assistant to the town petticoat peeper—should the City Council hire one—although he knows he can't go too high up in this job. It's ag'in the law in some towns for ladies to walk down the street without a petticoat on—but maybe it's vice versa here.

And when the Goldthwaite father asked the mother of the co-ed: "Did you give Rita a copy of 'What Every Girl Should Know'?" the mother said: "Yes, and she's writing a letter to the author suggesting the addition of three new chapters."

The Old Man likes to live in a small town because he don't have to keep an eye on his wife—neighbors do it for him. And when the Old Man was crossing the Atlantic in WWI he told the Sarge: "Sarge, I'm getting seasick. What can I do?" And Sarge said: "Don't worry, son. You'll do it."

Sometimes the 7th gets as restless as a teen-age girl with boy fever.

Once when the Old Man was courting the 4th she returned his engagement ring and had the nerve to paste a label on the outside of the package: "Glass, handle with care."

The spirit of unrest in this country is caused by sunspots, says an astronomer. But we'd rather blame it on the government—it's no fun to cuss sun-

spots. And this here was when he was courtin' the 6th: "I'm telling you for the last time that you can't kiss me." Old Man— "Fine! I knew you'd weaken sooner or latter."
