

The Goldthwaite Eagle

VOLUME FIFTY-THREE GOLDTHWAITE, MILLS COUNTY, TEXAS—FRIDAY, MAY 16, 1947 NUMBER THIRTY-SIX

BY OLD MAN 100

THE BOSS IS NOT RESPONSIBLE
WHAT OLD MAN 100 SAYS IN
COLUMNS - NEITHER IS THE OLD
IF YOU GET MAD, COUNT AT
A THOUSAND BEFORE YOU
NOT OR BEAT HIM UP - THE BOSS!

OTHER GRIPE—

The Old Man got a Coca-Cola hangover this morning and a big gripe to get off his chest. It seems like while we've been here are waiting for our new cars to be made and delivered, trading firms of foreign nations are placing ads in New York newspapers offering as much as \$500 per car over regular prices to get our new cars quick—and all the time the boss is giving them more billions as fast as they can vote to keep them from "starving". The Old Man says let 'em "starve" and walk, too—or else work. It seems like war-torn, impoverished Europe is willing to pay twice as much for new cars as our dealers are charging—but our car dealers are regularly delivering cars to us as fast as they can be made.

YOU BET YER LIFE—

Although the Old Man uster be a expert in drivin' oxen through heavy traffic at a 2-mile-an-hour speed and later become a expert burro driver, he ain't trying to give advice on how to drive these new-fangled autos—which he ain't got none of—but you bet yer life when you get out in the traffic, either a-foot or astride. There are 40 million auto drivers, some good, some bad, and 3 and a half times that many of us pedestrians, some very young, some very old, some lame, some halt and some blind; more than 34 million autos—some new, some old, some ready to fall apart; 3 million miles of highways, with hazards galore in every mile. Add all these together and you have America's traffic lottery, a complex game of life and death in which each of us must gamble—and you bet yer life!

PRIDDY FFA BOYS—

Now, Old Man Hunnert never misses a free barbecue at all, and has at every kind of barbecue right here in Mills County from bull, buffalo beef, tough Texas steer, and old wore-out mule—but he never et any that tasted better than the one served at the Priddy FFA Boys barbecue on the Cowhouse near Priddy Tuesday noon. Norman Duren's boys also put on a mighty good program, with the boys later playing their dads in softball games. The Old Man slipped around and heard some of the fathers talking and saying they were sure going to have to learn something about farming and livestock raising pretty quick or their sons would beat them all to pieces. The old-uns said that they had to learn by losing, which was mighty expensive—but the Old Man remembers that when other places in the county was making 30 cents to the acre the old-uns at Priddy was nearly always making 45. Now the question is, how much will the FFA boys make when they get started?

It was a long, long time ago when the grocer onct give the Old Man a doughnut and told him to give his little sister some of it, too. The Old Man said: Thanks, Mister; I'm jest going to eat this edge off, and then I'm going to give her the hole of it.

Prosperous Goldthwaite Business Man—Well, young man, you wish to speak to me? Out with it quickly. Do you wish to marry my daughter or borrow money? Young Man—I don't mind, sir. Which would you prefer?

Lady—"Have you ever been offered work?" Tramp—"Only once, madam. Aside from that I've met with nothing but kindness."

Debt—the only thing that doesn't become smaller when it's contracted.

Cussing—plain and fancy, came from a parked auto. A policeman hurried up and wanted to know what all of this fuss was about. "Shome-sho-an-sho sthole my steering wheel," complained the woozy motorist. "Take it easy," said the cop, "just get up here in the front seat where you belong."

And the Old Man has jest heard of the woman who wears the sort of evening gown that keeps everybody in the place warm but her.

And onct when the long distance operator told the Old Man it would cost him 75 cents to talk to Brownwood, he asked the operator: "Can't you make a special rate for just listening? I want to call my wife."

GOLDTHWAITE'S SECOND ANNUAL RODEO GREAT SUCCESS

P. T. A. THANKS RODEO VISITORS

The Goldthwaite Parent-Teacher Association wishes to express its appreciation to every one who helped with the Rodeo. Three nights of off-weather ruined our chances of making any money, but we shall never forget how so many tried to stay with us in spite of the bad weather. It was a sight to see and we feel grateful. The Rodeo was good—a truly entertaining one—good stock, good horses, with good contestants and, but for the weather we would have "gone to town." One point to rejoice over is:—Mills County has everything in fine shape for a wonderful Rodeo another year. Malcolm Jernigan did all anyone could to make this show a success, but the elements cut our crowds about half each night. We appreciate the support the Lions Club gave us. I'll say again—we had a wonderful crowd every night considering the weather. We thank Malcolm and all who helped him. The spirit of this Rodeo showed us the welfare and progress of our Goldthwaite Public Schools lies close in the interest of our entire county.

COUNTY ATTORNEY RESIGNS OFFICE

At the regular monthly meeting of the Mills County Commissioners Court Monday, County Attorney William G. Yarborough submitted his resignation, due to other business, and the Court appointed A. T. Pribble to fill his unexpired term. Thursday morning the Court met in special session to pass on Mr. Pribble's bond and to give him the oath of office. Mr. Yarborough found his law practice taking up so much of his time that he had to give up the County Attorney job. He announces he will practice all forms of law here, both criminal and civil, at an office to be announced later.

MILLS COUNTY EXCEEDS CANCER QUOTA

Dr. T. C. Graves, Mills County chairman for the Cancer Control fund drive, Tuesday received the following telegram from Frank C. Smith of Houston, president of the Texas Division of the American Cancer Society, who is chairman for the Texas fund drive: "Heartly congratulations on surpassing suggested minimum goal for cancer campaign in Mills County. Please continue effort, for the need is great." The drive has been continued all over the United States through the month of May. Dr. Graves wishes to thank the public for their support of this drive.

HOMETOWN EDITOR AT 12:30 SATURDAY

The "Hometown Editor," a weekly broadcast dedicated to news from Goldthwaite Eagle and other Texas and Oklahoma newspapers, is now heard at 12:30 PM each Saturday over Radio Station WFAA-570 (formerly KOKO), in Dallas. WFAA recently has become a full-time station, operating one-half time on 570 kilocycles and one-half time on 820 kilocycles.

Mayor Proclaims Next Week Clean-Up Week For City of Goldthwaite

Next week—May 19 to 24—has been officially designated as "Clean-Up-Week" in Goldthwaite by the Mayor, cooperating with the Texas State Health Department, in order to get the city clean and kept clean during the summer months to prevent polio and other diseases common during this season. Extra trucks will visit every premise in the city to haul off trash and refusal, and the cooperation of the citizenship is earnestly solicited. All refusal should be concentrated at points accessible to trucks and in full view of streets and alleys. This Clean-Up movement is of utmost importance to the health of the people of Goldthwaite—and 100 per cent cooperation is desired and earnestly requested by the officials.

PRIDDY F.F.A. CHAPTER HONORS 'DADS' AT ANNUAL BARBECUE

Tuesday, May 13, the Future Farmers Chapter honored their Fathers with a noon time barbecue on Cow-House Creek. After enjoying the appetizing barbecue with all the trimmings, the Chapter held an official meeting and gave a short program. Junior Kapp gave the F. F. A. Creed, then Melvin Tienmann outlined the past year's work in V. A. and F. F. A. Leroy Bufe was awarded a 22 calibre rifle and winner of the pest control contest. The main event of the afternoon was soft ball. The "Dads" played the junior boys first, then a mixed team played the senior boys while the juniors went swimming. There were 25 boys and 37 guests for the occasion.

We were honored to have Judge Patterson and Charlie Wilson as our guests for the event.

MILLS COUNTY MEN HONORED FOR CONSERVATION WORK

At the FORT WORTH PRESS "Save the Soil and Save Texas" award banquet at Hotel Texas in Fort Worth Saturday night, May 10, Earl T. Fairman was awarded a plaque by the Fort Worth Chapter, Soil Conservation Society of America, as the business man who has made the greatest unselfish contribution to soil conservation in State Region No. 5. This region comprises 52 counties in central and north Texas. Only five of these plaques were awarded for the whole state.

LIONS CLUB LADIES' NIGHTS TO BE AT THE HANGAR NEXT TUES.

Lions and their Ladies will assemble at The Hangar, three miles out on the San Saba Highway, next Tuesday night at 8 o'clock to partake of a catfish banquet which is being donated to them by The Hangar owners, Dan and Burl Holland. This is regular Lions Club third Tuesday night meeting, and election of officers will be among the important business to be transacted. Those planning to attend with their wives are asked to notify Mr. Holland at the Coffee Shop, in order that he may know how many places to prepare.

GRADING ON THE ROCK SPRINGS HIGHWAY COMPLETED

Grading work on the Rock Springs farm-to-market highway has about been completed by the contractors and they are getting ready to haul six inches of gravel to cover the road. Gravel trucks are here and the rock crusher is on the road; and gravel hauling is expected to start soon.

FIRST ME. CHURCH TO HOLD FOURTH QUARTERLY MEETING

The Rev. J. Roy Hilliard, District Superintendent of the Kerville District of the Methodist Church will be in Goldthwaite Saturday evening at 8:15 to hold the 4th Quarterly Conference. At this session all reports for the year will be made, annual officers of the church elected for the new year and delegates to the annual conference elected. This is the first year in this conference's history that the annual conference be held in the spring of the year. Dr. Hilliard will remain here for the Worship Service and deliver the message at the 10:50 Worship Service. No Worship Service will be held at the Methodist Church Sunday evening, but all will gather at the First Baptist Church for the Baccalaureate Service.

VACATION BIBLE SCHOOL

The annual Vacation Bible School sponsored by the Methodist Church will be held this year on June 9-20 under the direction of Mrs. T. C. Graves. A very able group of directors and teachers are being selected. A detailed report will be published soon. All children are urged to keep this date open.

Swing Of Southwest Farm Markets

(By USDA)

Cotton, strawberries, and some grains and livestock strengthened last week, but other southwest farm products sold about the same or lower, according to the Production and Marketing Administration, U. S. Department of Agriculture.

Corn climbed 13 to 16 cents per bushel last week, completely offsetting almost continuous losses during the past fortnight. No. 2 white corn reached \$1.96 per bushel Friday at Fort Worth and Galveston. Oats went up four cents, to sell at \$1.06 to \$1.08. Dull trading in other grains left prices little changed.

Texas wool growers held their 1947 clip awaiting clarification of the market. Despite seasonally dull trading in spot cotton, prices gained around \$4.50 per bale. Middling 15-16 closed Friday at 36.60 at Dallas and New Orleans.

Poultry saw little change, with heavy hens at 26 to 28 cents per pound, and fryers 33 to 36. Eggs dropped one or two cents per dozen at most places. Weeks price at Fort Smith averaged 36 cents.

Most cattle sold lower at Texas

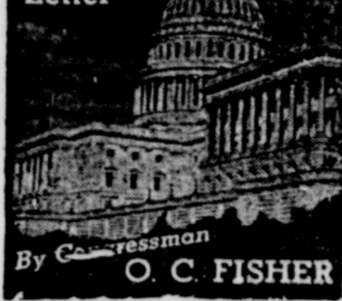

markets last week, but other southwest terminals paid generally higher prices. The bulk of common to medium steers and yearlings brought \$13.50 to \$17.50 at Houston; while medium to average good kinds turned at \$18 to \$22.25 at San Antonio. Medium to good steers and yearlings cashed at \$18 to \$22.50 at Fort Worth; and \$20 to \$23.50 at Oklahoma City.

Hogs gained generally 25 cents to \$1.00 for the week, but sows lost 25 to 50 cents at Wichita. Closing top price at San Antonio was \$23.50; Fort Worth \$24.25; Oklahoma City \$24.00. Wichita \$24.75; and Denver \$25.00.

Some lambs weakened at Texas markets, and stockers and feeders lost at Denver. Other sheep and lambs moved steady to higher. Good and choice spring lambs realized mostly \$21 to \$23 at Fort Worth.

In 1946, 1,960 persons were killed and 7,740 injured walking on rural highways. In the country, walk on the left shoulder of the road—and wear white or carry a light at night!

Our WASHINGTON Letter

By Congressman **O. C. FISHER**

Last week the House debated and acted on the Greece-Turkish aid bill. It was given the longest period of debate of any subject considered this year. It was thought by many to be the making of a new foreign policy—the Truman Doctrine. By this new departure, America frankly offers a hand to countries struggling to combat the pressure of Communism and attempting to preserve democracy.

Many who have been abroad in recent months believe that except for American commitment of aid to Greece, that country would be occupied—probably by Tito's Soviet-dominated armies today. The surrounding pressure of Communism against Greece has been a constant, relentless thing, and the influence of American prestige in offering economic aid has been likened to a wet blanket thrown over the foes of democracy in Eastern Europe.

Washington now goes on daylight saving time, which means that the time will be two hours later here than in Texas. In other words, when it is 12 o'clock noon in Texas, it will be 2:00 P. M. in the Nation's Capital.

Of much interest and concern to the people in this country, and particularly in the South, is the report from London that 5,000 babies fathered by Negro American troops stationed in England during the war will be shipped to the United States.

The London report says the babies will be sent to America "to save them from growing up as social misfits and from possible stigma."

There has been organized in London and Liverpool a Negro Welfare Society to help solve their problem. An official for the Welfare Society was quoted as saying he had received a letter from Mrs. Eleanor Roosevelt "telling me she is interested in the scheme and is organizing funds in America."

The State Department disclaims any knowledge of plans for bringing the Negro children to this country. I have expressed my opposition to the scheme, but in order to prevent it, legislation

may be necessary. And legislation is not easy to enact. It is believed, however, that the force of public opinion will make itself felt on our immigration authorities and discourage the move. Congressman Ed Gosset of Wichita Falls, a member of a committee dealing with immigration, has protested to the State Department and has expressed his concern over the English reports.

The Congress is now driving toward an early summer adjournment, probably by mid-July. Under the Reorganization Act passed last year, the session would conclude anyhow at the end of July unless continued by joint resolution. The cloak room gossip is that the Republican leaders want to pass certain "must" legislation and then adjourn and go home.

FARM AND RANCH CHATTER

WITH **LAYNE BEATY** WBAP
and **PORT WORTH** WFAA
and AM Week Days—10:15 AM Sundays

Most of the advancement of agriculture in the past century can be traced to scientific research in one way or another, yet Texas spends almost as little per farm as any other state. Dr. R. D. Lewis, director of the agricultural experiment station, told farmers at the Iowa Park experiment station field day last week that Texas spends an average of \$1.25 per farm each year for research. Oklahoma, he said, spends \$2.58, and New Jersey, the top in this listing, \$18.60.

He also said that when we spend money to turn the wheels of research, we should be sure the wheels are not just spinning.

We needn't look to the horizon for new worlds to conquer in agriculture, Dr. Lewis declared. We still have plenty to learn about such common Texas crops as wheat, oats, alfalfa, and cotton.

Paul Dunkle, superintendent of the Denton experiment station said, as he has said for years, that buffalo grass is still the best pasture for this part of Tex-

as that he knows anything about. And he knows plenty about.

Grasshoppers are present in parts of Texas Boll weevils aren't likely to show up in early cotton, but there's always a chance. There seems to be plenty of DDT now, but only enough arsenicals in storage to take care of the early cotton insect poison needs this summer. An emergency in the form of a leafworm outbreak could result in quick disappearance of available arsenic poison supplies.

Even in mid-May, forest fires continue to burn daily in east Texas. J. O. Burnside, Lufkin, chief of the division of forest protection, says fires in spring and summer do more damage than in winter. Fire fighters are still handicapped by lack of communications which were disrupted during a January ice storm.

Russian scientists are reportedly using radioactive elements to increase the yield of rubber plants and sugar beets.

The USDA has published a helpful booklet of maps of harvest areas from Texas to Canada, with principle roads marked, grain areas and approximate dates of harvest, for the benefit of itinerant combine operators and truckers following the harvest. Get them from the county agricultural agent.

NEWSPAPER ADVERTISING LINAGE INCREASES

Austin, Texas, May 13—News paper advertising linage in Texas soared 24 per cent above February's total and rose 20 per cent above the March 1946 level reported 29 Texas newspapers to The University of Texas Bureau of Business Research.

March-to-March increases recorded by individual newspapers ranged as high as the 49 per cent hike reported in Amarillo. Not one newspaper showed a loss in advertising during the year. The February-to-March jump was not entirely seasonal, as borne out by the fact that

'TWO SMART PEOPLE' HAS TOP NOTCH CAST IN FAST ACTION HIT

No two more polished or amiable crooks have been seen on the screen in some time than those represented by Lucille Ball and John Hodiak in the new M-G-M romantic drama, "Two Smart People," shown at the Melba Theatre Saturday night.

Here is a story with an unusual twist, namely that of a swindler who admits stealing half a million dollars in gilt-edged certificates and is willing to give himself up to the law on condition that he be permitted a last four-day holiday with the girl he loves. In order to make sure that the smooth racketeer won't get away, the detective who is to take him into custody is invited to chaperon the holiday party!

Hodiak plays the crook; Miss Ball the girl he loves; and Lloyd Nolan the detective, and the curious "last fling" which takes the three of them from Beverly Hills to New Orleans at the height of its Mardi Gras festivities, with a romantic stopover at a Mexican desert paradise, is replete with excitement and suspense.

SENSATIONAL FILM ADAPTED FROM FAMOUS BEST SELLER

Mark this day down on your calendar, for it is a red letter day—the day that gorgeous Hedy Lamarr appears on the screen as Jenny Hager, the most devastating and, at the same time, the most enchanting character in modern fiction. The film is Hunt Stromberg's "The Strange Woman," which opens at the Melba Theatre next Tuesday through United Artists release. As Jenny, Miss Lamarr gives an unforgettable performance. The story is an exciting, dramatic adaptation of the Ben Ames Williams' best seller of the same name.

Hedy not only stars in the film, but also had a hand, with Jack Chertok, in the production. In fact, Hedy achieves three firsts with this picture—her first venture into the business end of the film business, her first encounter with a pioneer role and the first time that she has played an out-and-out meanie on the screen. For Jenny Hager, the heroine, is certainly not up to no good.

"THE MIGHTY MCGURK," NEW WALLACE BEERY HIT, PACKS LAUGHS AND ACTION

Of all Hollywood's stars none has been more successful in his appearances with child actors than the veteran Wallace Beery. From the memorable Jackie Cooper and juvenile Mickey Rooney periods to his recent work with talented Margaret O'Brien, Beery has been able to arouse both meriment and tenderness in his performances with youngsters. He is again at his best in the new M-G-M action drama, "The Mighty McGurk," showing at the Melba Theatre Saturday night pre-views, Sunday and Monday, in which he shares honors with ten-year old Dean Stockwell, who won acclaim for his stirring portrayal in "The Green Years."

The writers of "The Mighty McGurk" have fashioned a beguiling vehicle for this combination of veteran and neophyte in a colorful story of an ex-prize ring champ who, against his will, finds himself the foster-father of a young English orphan and who, as a result, is changed from a blustering, brawling saloon character to the ardent supporter of so respectable and commendable an institution as the Salvation Army.

RIDGE—

BY MRS. SALLIE KIGHT

We had a good rain Saturday night. It sure will be fine on gardens and grain and all kinds of crops.

We have had the most beautiful spring I have ever seen. The Texas Blue Bonnets covered the road sides and by ways. They were certainly lovely. The Blue Bonnets have about quit blooming now, and turned the road sides over to the Old Maids. I suppose they will make their bow and turn it over to the Old Bachelors.

Mr. and Mrs. Glenn Nickols made me a pop call yesterday. Mrs. Ashton and Mrs. Glenn Nickols visited us one afternoon last week.

Mr. and Mrs. C. F. Cornelius have gone to the sale today. E. K. Wood has gone to town today. He is getting ready for a round-up and sell some of his cows and calves.

Mr. and Mrs. Hugh Yarborough of Lampasas visited in the Freeman home. Mrs. Ruby Moor is visiting there also. Both ladies are Warren Freeman's sisters.

Mrs. W. H. Freeman, Jr., and her sons visited here last week. Robbie Cummings and wife and sons visited in the Ridge community.

I. A. Hollis visited his mother, Granny Hollis and sister, Mrs. Sallie Knight Sunday.

Mrs. Jimmy Wilkins and sister called here last week.

Former Resident Passes Away

James N. Newman, former resident of Mills County, passed away at his home in Fort Worth on April 29th, after many years of failing health. He was laid to rest in the family plot in the Garden of Memories of that city.

Mr. Newman, 79, was born in Corinth, Mississippi, but moved to Texas at an early age. He resided in Center Point community as a farmer for many years, moving to Fort Worth in 1936. Many friends and acquaintances will remember him through his affiliation with the Primitivite Baptist Church at Mullin where he worshiped for many years.

He is mourned by his widow and six children and twelve grandchildren. The daughters are Mrs. Miriam Jennings, Dallas; Mrs. Leona Curb, Mrs. Doris Massie, Fort Worth; The sons J. Dallas Newman, Fort Worth, Rev. Hays Newman, Augusta, Maine and Shirley Newman of San Francisco, Calif. Two sisters, Mrs. Emily Shaw, Arlington, and Mrs. Minty Maggard, Paris, Texas, as well as many other relatives survive.

THE SENIOR TRIP

—BY NANCY COLLIER
 It all started last Friday morning at six o'clock when a sleepy-eyed, but nevertheless enthusiastic, group grabbed their bags and started to Austin. Two busses were taken to carry about forty-four seniors and four sponsors, Mrs. Bigham, Mrs. Annie Armstrong and Mrs. J. E. Ince and Mr. Faith.

We arrived in Austin about nine-thirty, and once there we proceeded into the capitol where everyone climbed the countless steps to the dome. We also visited the governor's reception room, the senate chamber, the house of representatives, and the treasury department while we were there. After leaving the capitol, we went to the University where everyone enjoyed a view of the capitol from the tower. This completed, we went to the park and ate the picnic lunch each senior had prepared before leaving home. With renewed vigor and enthusiasm we then started down the trail to Houston and arrived there about six o'clock. Friday night was spent in various ways, but almost everyone saw a movie.

Saturday morning at six o'clock found everyone wide-awake and eager to proceed with our plans, so we hurriedly ate breakfast and boarded the busses and went to Texas City. We spent about an hour viewing the wreckage which was caused by the terrible catastrophe of only a few weeks past.

After our departure from Texas City we were headed for the Galveston beach. Once there we enjoyed bathing in the Gulf, sunning, and bicycling. After lunch we were treated to a boat ride which was no end of fun to everyone, although a few did acquire a slight sun burn. Saturday night we were back in Houston at Playland Park. There were many who rode the Roller Coaster, but only a few who enjoyed it. We remained there about two hours and enjoyed many different features there including the ferris wheel, the tilt-a-wheel, the bumper cars, the hobby horses, etc.

Sunday morning we checked out of the San Jacinto Hotel where we had been staying, and from there went to the San Jacinto Monument which was quite an interesting tour. After eating lunch in Pasadena we began our homeward journey and arrived about eleven-thirty—the completion of a very exciting and unforgettable trip.

We wish to express our deep gratitude to everyone who has helped in anyway to make our trip the success it was. We want to thank Mr. Patton and the school board for making this trip possible by allowing us to use the busses on our trip. Mrs. Bigham was the most wonderful sponsor we ever dreamed of. We want to express our appreciation

not only to Mrs. Bigham, but also to Mr. Faith, Mrs. Armstrong and Mrs. Ince, who accompanied us, and Elton Horton and Evelyn Roberts who drove the busses. The trip could not have been complete without them all. We have only one more wish—that the seniors next year will enjoy their senior trip as much as we did this one.

JUNIOR CLASS REPORT

The Junior Class wishes to thank everyone for their splendid help and cooperation in making the Junior-Senior Banquet a success. We wish to thank the faculty for being so nice and letting us out of study hall and even some classes. To our room mothers we want to say "thanks again". You were wonderful in helping fix up the lunch room and it was a grand party you gave us after the banquet. Your hard work and splendid entertainment will never be forgotten by the Juniors. We also wish to thank the women of the lunch room for their work and for preparing such a delicious menu. We certainly do thank you. The class also wishes to thank Mrs. Campbell Thompson for being such a swell sponsor and for helping to make the banquet a success. Thanks to everyone.

CAROL WARD

Carol is the seventeen year old daughter of Mr. and Mrs. Luther Ward. Her brunette hair and blue eyes together with her short stature (five feet one and one-half inches tall) and witty nature have made her one of the cutest girls in the senior class. Her entire school days have been spent at Goldthwaite where she has made a host of life-long friends.

Carol has many extra-curricular activities. A member of the Pep Squad, of which she was flag bearer the past season, the Twentieth Century Quintillians, the Junior Schubert Club, and the Homemaking Club, she is also senior reporter on the Eagle's Tale Staff and art editor on the annual staff. Truly, her services to these various organizations have been indispensable. In the senior play this year, she played the part of Sue Prentiss, and it may be said that her performance was exceptionally good. Carol has always made grades way above the average. In fact she made the valedictory speech in the eighth grade commencement exercises. This year, she achieved the honor of winning first place in the district essay writing contest at Fredericksburg.

The future will see Carol at college, where she plans to "succeed or bust." We are certain that she will achieve such success for her intelligent mind, her charming personality and sweet disposition, as well as her determination to succeed will make it so.

Likes best—tall people.
 Dislikes—being short.
 Ambition—to be five feet four inches tall.

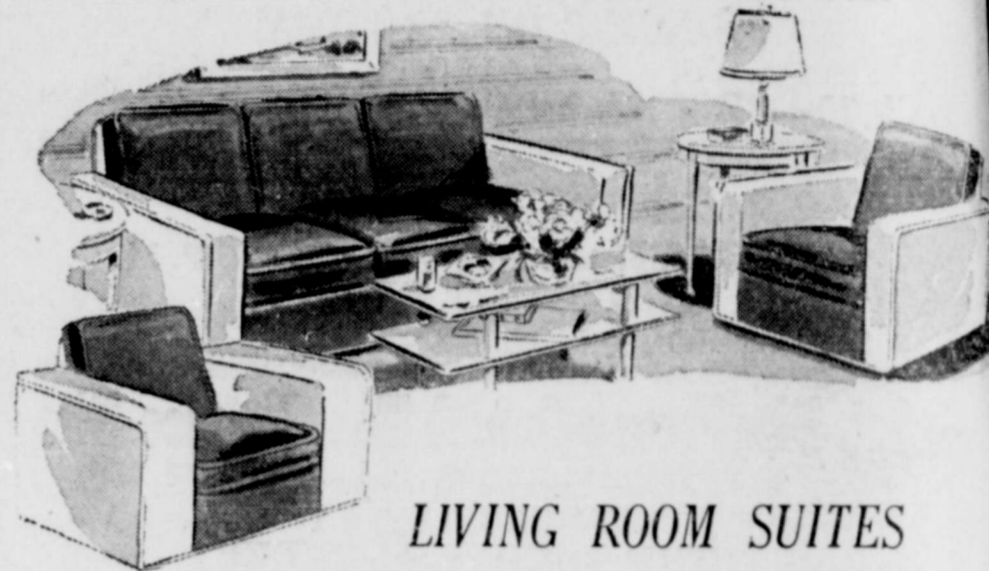

BARBARA PORTER

Barbara is the youngest daughter of Mr. and Mrs. L. B. Porter. She is sixteen years old, has light brown hair, and mischievous blue eyes. All her school days have been spent at Goldthwaite, where she has succeeded in finishing high school in three years. She is known everywhere by her cute smile and pleasant disposition.

Barbara was in the pep squad for two years. Then she took an active part in the band, being drummer and majorette. She was vice-president of the H. M. Club and treasurer of the Jr. Schubert Club.

THE JUNIOR SCHUBERT CLUB

The Junior Schubert Club of 1946-'47 voted to disband for this school year. Although the club has disbanded, the senior girls in the club are working up a number which they will sing at Commencement on May 23. The song is entitled "A Tiny Seed Became a Shrine," and it is a beautiful number.

We have concluded a very successful year. We sang in the annual Christmas Cantata, went to the contest at Abilene, sang over the radio at Brownwood and sang in the Mass Chorus along with several other events when we sang. We feel that we have profited by these experiences and hope that this club will be carried on throughout the years. Mrs. Sullivan has been wonderful to us, and we feel that she has helped us immensely and deserving of every praise for the hard work she has willingly done for us.

TYPING REPORT

We have finished typing letters and are now working on telegrams, manuscripts, and wills. All our exercises must be in before school is out to get our credit in typing. Mrs. Armstrong has been stressing the importance of both speed and accuracy to us; we have to type at least twenty-four words a minute to make an "A" in typing.

We should be able to type thirty words a minute by the end of school. As a whole we do pretty well, but we will have to improve quite a bit if all of us reach that thirty word goal. Let's all try to show Mrs. Armstrong that we can and that we appreciate and have made good

use of all the time she has spent working with us.

SIX-ONE NEWS

The sixth grade is all excited about our final tests which are coming up Wednesday and Thursday of next week. Some of our teachers told us that they were going to be very hard.

We all hope we will be the seventh grade next year. Ann D. has really been helping Callie S. with his lesson. Could it be that she wants him to be in the seventh next year?

THE BAND NEWS

We had a very good time on the band tour through which we advertised the "Rodeo." We went to Lometa, Lampasas, Burnet, Llano, Mason, Brady, Rich-

land Springs, San Saba and back home. The Band wishes to thank all the people who provided ways for the band. We played a tune or two in each town.

We played at the Rodeo Thursday night. We enjoyed doing this for the public. The rain would have ruined many instruments so they did not play Friday and Saturday nights.

The band caps have not come in yet but we hope they will in the near future.

Carl Spinks of Killeen came Friday night of last week to spend several days with his parents, Mr. and Mrs. Joe Spinks at Center Point.

On Mother's day Mr. and Mrs. Floyd Frazier and Barbara of Brownwood visited their parents, Mr. and Mrs. W. C. Frazier and Mrs. Bob Huffman.

Mr. and Mrs. Jim C. Faulkner returned home Tuesday morning from Houston where they spent several days with their son, C. S. Faulkner and family.

FOOD AND FEED

Our Nation is great because it enjoys the highest standard of living—and the highest nutritional level—of any Nation in the World. One of the principal reasons for the energy, drive, and imagination of the American people is the relatively high quality of their protein diets. And the proteins on which we rely most are supplied largely through meat, milk and eggs—the products of livestock and poultry feeding.

A great deal of credit for maintaining and improving the Nation's high level of nutrition rightly belongs to the feed manufacturing industry which has done so much to bring the age of scientific feeding to American farms.

About 30 years ago the hens in this country laid an average of 110 eggs a year. Today they are averaging 150. Cows now give an average of 265 quarts more milk a piece each year than they did in 1925!

During the past quarter century the production of livestock has increased 44 per cent per acre of land, and 27 per cent per unit of feed available.

These remarkable increases have been due to improved breeds of livestock and poultry and to improved feeding and management methods. It is vitally important that we have had these production increases and that we continue to improve livestock-raising efficiency, for the population of this country has been increasing at an alarming rate.

Scientific feeding, as we know it today, is based largely on fundamental knowledge developed during the past 50 years at our knowledge developed during experiment stations, agricultural colleges and try has utilized the feed manufacturing industry has utilized this basic information, supplementing experimental findings of its own laboratories and experimental farms.

Through applied research, the feed industry has converted this knowledge into a practical, workable form for the benefit of the greatest number of farmers in the shortest possible time. Thus farmers, large and small, have had the full advantage of latest research, experiments, and accurate data of feed ingredients, as scientific feeding programs during recent years.

THINKING DEPRESSION

Present heavy emphasis on the need for price stabilization is worrying some economists who fear it may "think ourselves into a depression." They are not popular with the great majority of farmers, but they are the usual accompaniment of a high employment level and heavy demand for the production. Contrarywise, a falling price level is invariably accompanied by a reduction in employment and a curtailment of production. In its extreme form this leads to further price shading, additional unemployment, and we have then arrived at what is rather loosely described as a "depression." In every depression there is a psychology of fear. Manufacturers are afraid to buy ahead; consumers hold off in the expectation of getting lower prices or in fear of a quickly terminated income. Ordinarily, business recessions and depressions begin abruptly and deepen rapidly. If we have one in the next few months it will be different in at least one respect. This time we not only asked for it, we demanded it.

DON'T SHOOT THE PIANO PLAYER!

There was once a sign in a famous frontier saloon which said: "Don't shoot the piano player—he's doing the best he can." That would be a good slogan to apply to your retail store operator in these days of whirling dervish prices and variable qualities.

All of us gripe about the fact that a basket of groceries that used to cost ten dollars now runs to twenty or more, and that the old dollar-ninety-five shirt carries a three-fifty price tag. But that isn't the retailer's doing—and he doesn't like it any better than you do, because it limits sales and irks the consumer. His unit profits are no larger than they used to be—and in many cases are smaller. And it also costs him more if he can't supply just what you want when you want it. Stocks are by no means complete and they are being built up fast in most lines. Retailer's fine work during the war should not be forgotten. Long before government price control industry was held down prices were being gouged. Profiteering was rampant. Voluntary price controls were being used as equity among the people.

LOOKING BACKWARD THROUGH EAGLE FILES

10 Years Ago

Improved SUNDAY SCHOOL LESSON

By HAROLD L. LUNDQUIST, D. Of The Moody Bible Institute of Chicago. Released by Western Newspaper Union.

Lesson for May 18

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education, under permission.

GOD IN NATIONAL AFFAIR

LESSON TEXT—Amos 5:6-15, 21-24. MEMORY SELECTION—Seek ye the Lord, that ye may live.—Isaiah 5:14.

Social justice, though much spoken about in recent times, has been the concern of right thinking men ever since sin entered the world. It started man's inhumanity toward man. In the prophet Amos we read the eloquent and plain-spoken voice of one crying out against such conditions almost 800 years before Christ.

This lesson is one which is of utmost importance, because in our present-day struggle with social injustice we have come to assume that it is primarily a political or economic question.

The book of Amos and all other scripture rightly gets at "the focus of infection," which is sin. Sin in the heart leads to sinful actions, and these inevitably involve others, and thus bring about social problems.

I. God Is Great and Just (vv. 6-9).

From the little village of Tekoa and out of the wilderness in which he had been a herdsman came Amos, the man of God, to hurl his prophecy of disaster upon the heads of the complacent people of Israel and to take up a lamentation over those in Israel living in luxury and prosperity.

It was true that the common people were being ground under the heel of cruel oppression, but who cared about the poor as long as they could be squeezed for taxes to support the luxurious comforts and pleasures of the rich? A prosperity which does not reach the homes of the poor is not a real prosperity at all. When in addition it encourages the "haves" to oppress the "have-nots" it becomes a grave danger, a real cause for lamentation.

Over against the social sin and sorrow of his day Amos placed the almighty and righteous God. The people were urged to seek him and his righteousness. Would they do it? The answer came quickly.

II. Men Are Small and Wicked (vv. 10-13).

Thank God that it is not true of all men, but those of Amos' day (and many are like them in our day) turned away in hatred of the one who dared to rebuke their wickedness.

Sin is always a horrible thing, but when men who have fallen into sin are responsive to correction and ready to repent and forsake their sin, there is hope. The thing which made Israel's state so serious in the sight of God and of his prophet was that they had only hatred for those who were bold enough to reprove them or to live among them according to God's standards (vv. 10, 13).

"They who will endure no criticism have slammed the door in the face of truth. When we get to the place where we cannot endure having our faults pointed out, we are on the way to moral collapse" (Douglass).

III. Men Should Hate Evil (vv. 14, 15).

God loves the sinner, even when he is in his sin. God wants to help him, and so pleads with him to hate the evil enough to forsake it, and love the good enough to turn to God in repentance.

God's Word condemns sin, but it also presents a remedy. In Christ we have the perfect, final, and complete answer to the sin question. Amos, speaking centuries before Christ, admonished Israel to repent and to turn away from the evil which they had cultivated with such assiduity, and to be equally zealous about doing good, in the hope that "it may be that the Lord God of hosts will be gracious" (v. 15).

How favored we are to be permitted not only to urge people to turn from evil to good, but to offer them the One who is the way, the truth, and the life.

Israel did not repent, but in folly depended on their religious ceremonies to satisfy an offended God. The prophet therefore declares that

IV. God Hates Hypocrisy (vv. 21-24).

God had no pleasure in their religious observances and rites, because they were presented with unrepentant hearts and by hands which were soiled by the oppression of their fellow man.

Mark it well, God has no delight in the attendance upon church services, beautiful though they may be; he does not listen to the sweet strains of sacred music, nor does he accept the rich "offerings" of those who live in unrepentant sin and who pay for magnificent church buildings and beautiful church services with money gotten by crooked dealings and social injustice.

God is righteous, and God's Word always cuts right through the hypocrisy of men. Let us heed the plea of Amos, that righteousness should run through our personal and national life "as a mighty stream," and then we shall be ready both as individuals and as a people to worship him aright.

G. G. GOSS, Chairman, Rt. 1, Rising Star.
LUTHER JERNIGAN, Goldthwaite.

CHARLIE BYNUM, Rt. 1, Zephyr.
NO. 523—TEXAS
Comprising all Farms and Ranches in Brown and Mills Counties—Approximately 1,057,280 Acres.

The North Mullin Soil Conservation group held a range conservation meeting Thursday, May 8, and studied grasses and range conditions on Paul White's pasture. Members of the group present were E. L. Burkett, group leader, T. J. Clendenen, W. E. Bursleson, Paul White, J. N. Crockett, Mr. Eaton, and Jack Clendenen.

H. P. Harris, cooperater with the Brown-Mills Soil Conservation District, has just recently completed 2,045 feet of diversion terraces on his farm in the Caradan Conservation group. Construction was done with a bulldozer by Lee Parker.

Fred Wall, County Commissioner, recently constructed 2,200 feet of diversion terraces on the Owens Brother's farm in the

Center City Conservation group. Ernest Kohler of the Priddy No. 2 Conservation Group has completed 2,825 feet of diversion terraces. Construction was done by Lee Parker with his bulldozer.

A range meeting was held in the East Mullin Conservation Group Friday morning, May 9. After studying grasses and range conditions, several members of the group plan to do range conservation work this year to include summer and fall deferment of pasture.

August Wasserman, cooperating with the Brown-Mills Soil Conservation District, recently built 3,600 feet of field terraces on his farm in the Mullin Conservation group.

In carrying out part of their coordinated soil and water conservation plan, several farmers in the Prairie Conservation Group have recently constructed diversion terraces on their farms. Those completed include J. E. Smith, 1,040 feet; E. E. Ehrig, 950 feet; and G. Y. Tomlinson, 960 feet.

CARD OF THANKS
I wish to thank my friends and neighbors for their acts of kindness at the death and burial of my wife, Mrs. Leila Harrell. Their kind ministrations will always be remembered by me.

More than 80 per cent of 1946 automobile accidents in the United States occurred in clear weather. Drive carefully—always! In 1946, 1,220 Americans were killed and 85,000 injured in accidents involving automobiles which were turning left at the time of the accident. Know your hand signals -- and use them! One-third of the nation's 1946 automobile fatalities occurred on the open highway. Heed speed limits!

Non-operating railroad unions are demanding still another raise of

\$568,000,000.00 a year

You would foot the bill!

Look out! Here's another big railroad wage demand headed your way!

The non-operating unions alone—whose members do not actually operate trains—are demanding a flat increase of 20 cents an hour. These demands would cost the railroads of the country five hundred sixty-eight million dollars a year!

Last year these employes had an increase of 18½ cents an hour. This was their third major wage increase since 1939. Their average weekly pay has gone up 75%, as against a cost-of-living rise of 54%.

Since 1939, railroad wage and material costs have gone up more than three times as much as freight rates, and five times as much as passenger fares. That is why in 1946, with the largest peacetime traffic in history, the net income of railroads went down to the equivalent of only 2¼% of the net property investment.

What About 1947?

Even with the recent freight rate increase, preliminary figures indicate that the railroads will make only about the same low return in 1947 as in 1946. This will be because:

- the wage increase made in 1946 will be in effect for all of 1947;
- special payroll taxes on railroads have recently been increased;
- and passenger traffic has declined.

Where Would the Money Come From?

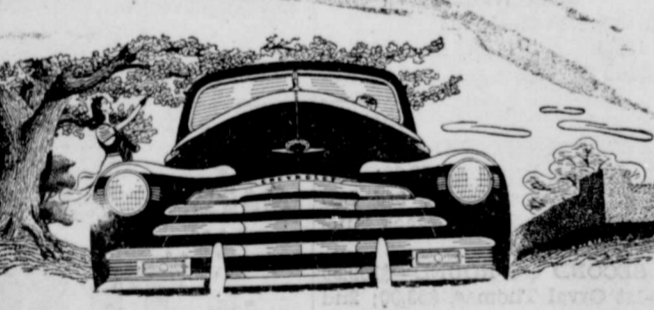

We can't pay out what we don't take in. And we are not taking in enough now to meet present costs and to complete the improvements in service that you need and that we want to give you.

You Would Foot the Bill!

BIG BRIEFS—Some interesting news missed the head lines this week but found a place here and there . . . The WAC Corps celebrated their 5th anniversary . . . Earl K. Long, brother of Huey Long announced his candidacy to the governorship of Louisiana—it will probably be short for Long . . . The movie industry is definitely ataking a long awaited slump at the box office . . . Howard Hughes plans to use some of his 125 million dollars for a medical research foundation in Houston, Texas . . . May has been a bad month for Rep. Andrew J. May . . . Its a custom in Austin for the Governor to publicly greet "men of distinction"—Henry A. Wallace will get no greeting from Mr. Jester when he arrives in Austin Saturday for a speech . . . A proposal to abolish the death penalty in Texas was killed . . . At Goldthwaite's first Appreciation Day, John Roberts got what everyone else didn't . . . National Cotton Week is from May 19 to 24, to coincide with Goldthwaite's Clean-up Week . . . Some telephone strikers have gone back to work, but the ma-

majority are still out following a raise rejected by the phone company . . . The Southwestern Bell Telephone Union asked for a flat \$4.00 a week wage increase . . . Graduation week caused gift business to jump and advertising firms to capitalize—Brownwood High School has the largest graduation class in its history.

TEXAS TALK—Texans are noted for big talk and backing it up in most cases . . . Two ex-Army Air Forces pilots; one of Big Springs, have announced plans to set a new world record for a round-the-world flight. Sometime this summer they hope to beat Milton Reynolds recent record of 78 hours and 55 minutes and if it can be done a Texan can probably do it . . . Which brings up the story of one Mills County pilot who checked in and went to pilots Heaven. At the Gate he handed St. Peter his credentials and asked for admittance. Upon due time and consideration, St. Peter remarked, "Sorry pal, if you've lived in Mills County all these years, I'm afraid you wouldn't be satisfied here."

ROCK SPRINGS—

By MRS. JOE A. DAVIS
We were blessed with a good rain Saturday night. Some stayed at home from the Rodeo, but some went right on and enjoyed the Rodeo and rain.
Rev. L. C. Sparkman filled his regular appointment Sunday morning and Sunday night. There was a real good crowd out Sunday night. We reorganized the Sunday School. We really wish everyone interested will come out and keep it going. We will meet Sunday morning at 10:30 o'clock.
Mr. and Mrs. Burle Turner and Mr. and Mrs. Shirley Nickols visited Sunday with Mrs. J. M. Traylor.
Mrs. Jimmie Griffin had her children with her on Mothers' Day.
Mr. and Mrs. Calvin Spark-

man spent Sunday with her parents, Mr. and Mrs. Woodie Traylor.
Mrs. J. M. Traylor, Murna, and Oliver attended a wedding shower at Pottsville last Saturday, honoring Mr. and Mrs. Roth Miller Robertson.
Mr. and Mrs. Arlie Davis and son, Mr. and Mrs. Herman Perkins of Brownwood, and Mr. and Mrs. Joe A. Davis and family visited Sunday in the J. Frank Davis home.

VFW WANTS TO KNOW WHERE CHAIRS ARE

The Mills County Post Veterans of Foreign Wars wants to know the whereabouts of two of their three wheel chairs which have been loaned to people of the county needing them. They do not want them to be brought in if they are still needed, but want to start a card system to keep up with the chairs.
Jesse Moreland, VFW Post Commander, said the Post has one wheel chair to loan if any one needs it.
