## Summer Homemaking Program

Thirty-two girls began work on the summer homemaking program of Goldthwaite High School as soon as school closed. Girls who have taken homemaking during the school year may take summer work if they desire. Each girl selects a project to be carried on in her home during the summer which will give her practical experience in some phase of the work she has studied. In order to receive one-half credit for her work, she must make a written plan of work, complete the project satisfactorily, keep a record of work done, spend at least 90 hours working on it, do some reference reading on the subject, and attend at least one group meeting. These group meetings are held at the homemaking building every Tuesday and Wednesday in June. Here the student may secure advice and reference materials on her problems, and do some work on the group project. This year the group plans to dye the window curtains and rearrange the filing system for reference bulletins. On June 3, at 3:00, a movie on gardening and canning will be shown. The girls' mothers are invited to attend these meetings.

The Goldthwaite group will also sponsor the annual summer camping trip for all the homemaking girls in Mills County. The camp this year will be held June 6 and 7 at State Park on Brownwood Lake. All girls who plan to go should notify their homemaking teacher by June 4.

The projects this year include Care, Caring for a New Baby and Mother, Helping in the Home, Care of the Yard, Care of the House, Flower Arrangements, Marketing, Bedroom Improvement, Keeping my Clothes Ready for Work, Buying my Fall Wardrobe, Completing my Hope Chest, Care of Clothing, Sewing, Learning to Do My Ironing, Food Preservation, Gardening, Planning and Preparing Meals, Preparing and Serving Birthday Dinners, and Poultry.

Girls taking summer projects are as follows: Delpha Reese Blackburn, Pearl Cook, Joyce Denman, Leila Davenport, Lola Jean Flatt, Elisa Flores, Betty Featherston, Ruth Groth, Jessie Lou Geeslin, Nelda Hiller, Ellen Henkes, Rose, Mary Humphries, Patsy Ruth Johnson, Nelda Jones, Beatrice Knight, Nelda Koen, Anita Lappe, Modene Letbetter, Thelma Long, Melva Nowell, Dorothy Patterson, Barbara Porter, Mary Palmer, Sybil Ann Reid, Jimmie Rita Simpson, Dorris Smith, Addie Jane Smith, Jane Ann Steen, Scottie Vaughan, Louise White, Nell Carman Wilkins and Mildred Weiss.

## VACATION BIBLE SCHOOL A SUCCESS AT STAR M.E. CHURCH

The Vacation Bible School at the Star Methodist Church proved to be a high success with a total enrollment of 72 children and young people. Of this enrollment 44 pupils attended every session. The average attendance for the five days amounted to 65. Besides this group there was a Bible class for adults which had an average attendance of 6, and there was a group of fifteen workers present every day.

Pupils and adults participating in the school represented five denominations. Everyone is rejoicing over the success of the cooperation and are looking forward to the opportunity for working together in the school held by the Baptist church later this summer in other schools in the coming years.

## CANNING PROGRAM STARTS JUNE 9

The Mills County canning project at the Goldthwaite Lunch room will be open to the public, beginning June 9. There will be a lady to operate the cookers and supervise the preparation of the food. All persons who do canning will have to prepare the food for canning. In case anyone has a surplus of fruits and vegetables the committee will appreciate it if you will donate it to the lunch room. This food will be used next school term in preparing well-balanced meals at the lunch room.

## MILLS CO. SINGING CONVENTION TO MEET AT NORTH BENNETT

The Mills County Singing Convention will meet at North Bennett Sunday, June 1, in an all-day meeting.

Singing will start at ten o'clock Sunday morning. Barbeque and basket lunches will be served during the noon hour, with real country fellowship.

William (Bill) Huggins quartet, and many other notable singers and quartets from surrounding counties will be present to assure everyone the best in gospel song entertainment.

This singing convention will be the first service in the new North Bennett rock veneer Church. Calvin Weathers, President of the Mills County Singing Convention states that every service is being rendered to make this one of the best conventions to be held in Mills County.

Rev. J. C. Weathers, pastor of the North Bennett Church, has dismissed regular church services and he and the people of the community are doing everything possible to make visitors feel welcome and enjoy themselves for the day. The Church Community is furnishing barbeque, iced tea and coffee to all visitors, but everyone is invited to bring your lunch basket.

Therefore, it seems essential that each of us has a share in seeing that the boys and girls of our community get the right kind of citizenship training that will make a better world for all youth.

## HOMEMAKING CLASS SPONSORS RECEPTION

Thursday night the girls of the third year homemaking class sponsored a reception in the homemaking building. The cottage was attractively decorated with the Future Homemakers' flower and colors—red roses and white crepe paper.

The honored guests were the eighth grade girls. Also present were the teachers of Grammar School and High School, and Misses Edith Thompson and Merlene Lubke of the Priddy Future Homemakers.

The guests were entertained with several selections by the Senior Trio (Elizabeth Stockton, Christine Ince, and Nancy Collier) and popular music on a record player.

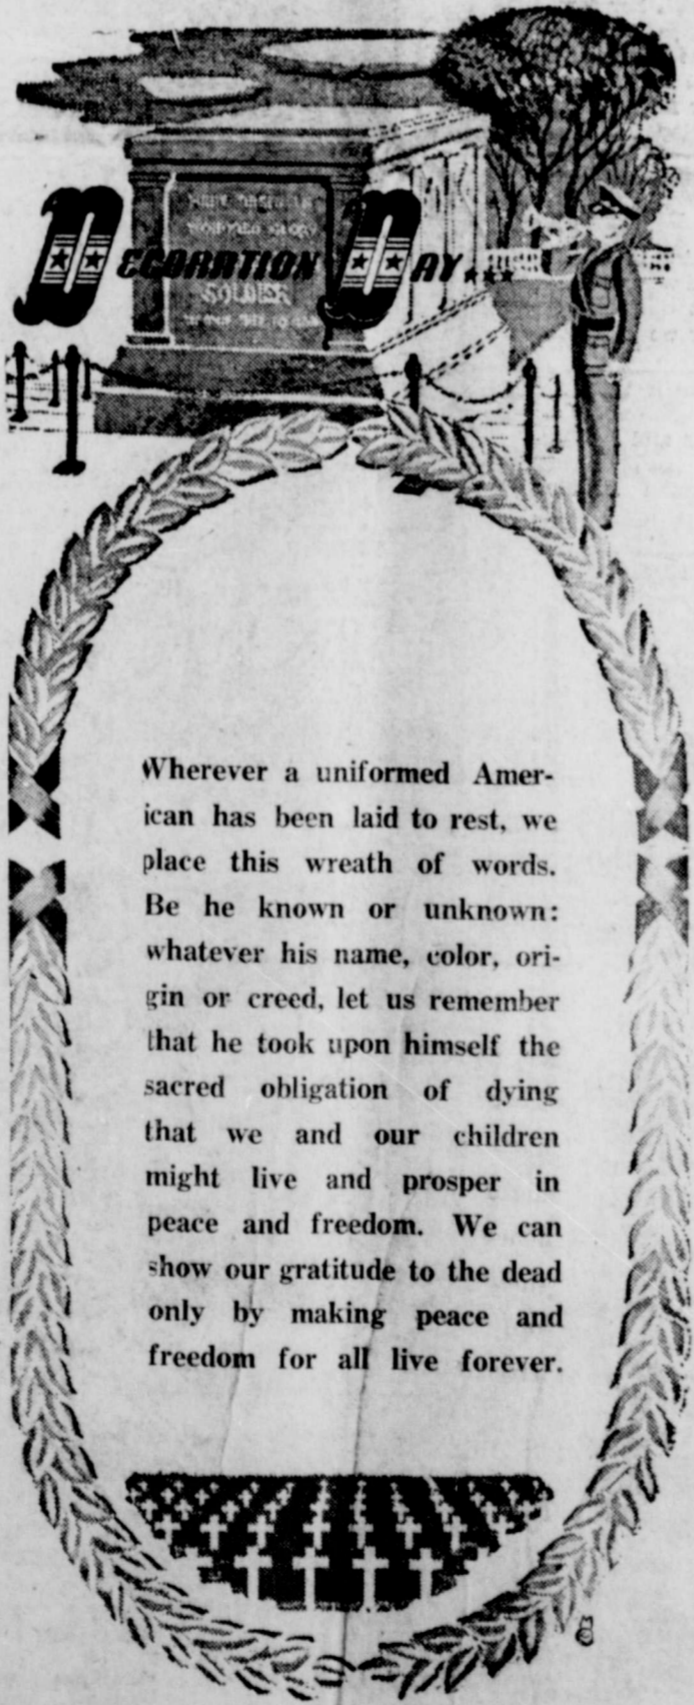

Ellen Henkes and Nelda Hiller poured punch. The table, laid with a white cloth, had red tapers and red roses to accent the crystal punch service. Cherry sandwiches, cookies, and punch were served to more than 50 guests.

Members of the third year homemaking class are Joyce Denman, Betty Featherston, Elisa Flores, Okey Flores, Ellen Henkes, Nelda Hiller, Geraldene Laughlin, Melva Nowell, Ruby Nugent, Dorothy Patterson, Jessie Petsick, Barbara Porter, Gene Smith and Ida Mae Smith.

## LEGION TO SPONSOR DONKEY BASEBALL

Officials here of the Harry F. Edmondson Post American Legion are making arrangements to sponsor a donkey baseball game at Eagle Field here on the night of Monday, June 9.

The above poem was written by Velma R. Dutton. Mrs. Harold Dutton of Menard, Chairman of "Youth Cooperation", Sixth District Texas Federation of Women's Clubs.

Wherever a uniformed American has been laid to rest, we place this wreath of words. Be he known or unknown: whatever his name, color, origin or creed, let us remember that he took upon himself the sacred obligation of dying that we and our children might live and prosper in peace and freedom. We can show our gratitude to the dead only by making peace and freedom for all live forever.

**Swing Of Southwest Farm Markets**

—By USDA

Late-week easiness in spot cotton markets partly offset earlier advances, and Friday closed only \$1.50 to \$2.30 higher. Spot offerings decreased, but numerous inquiries came in for the medium and higher grades. Crop prospects varied widely by areas.

Light offerings of most grains encountered rather slack demand last week, but the market held firmly to early-week advances of around seven cents per bushel on wheat and corn. Some poultry eased off a little last week, but fryers held firm. Fully steady early-week egg markets developed an easier undertone later on. At mid-week, Fort Worth and Denver paid 37 cents per dozen.

Most cattle markets paid steady to higher prices last week, but Fort Worth held up only on beef steers and yearlings, while cows showed some weakness at Wichita. Good cows brought \$15 to \$16 at Houston. Denver brought common to good cows at \$14.50 to \$17.50.

Spring lambs strengthened at Oklahoma City and Wichita, but sheep and lambs sagged mostly 25 cents to \$1.00 or more at other southwest terminals. Good and choice spring lambs moved mostly at \$20 to \$22.50 at Fort Worth.

Hog markets showed spots of weakness at all southwest markets, but some classes held steady or netted slight gains for the week. Closing bulk of Good and choice butchers sold at \$23.75 at Fort Worth.

**BUDGET EXAMINER EXAMINATION**

Civil service examinations were announced today for Budget Examiner and Organization and Methods Examiner according to a statement made today by Paul H. Figg, Director, Fourteenth U. S. Civil Service Region.

Salaries for these positions range from \$3397.20 to \$4902.00 per annum. Employment will be in various Federal agencies in the State of Texas.

No written test is required for these examinations. Applicants

**In Memory of  
Grace Forehand**

To the many friends and relatives at Goldthwaite and near there, I write these words of my dearly beloved sister.

Grace Weaver Forehand passed away April 2, 1947 at the Morenci Arizona Hospital, after an illness of 21 days, her death came as a shock to her family and friends as she had apparently been in quite good health.

Grace Weaver was the daughter of B. K. and Mary Jane Weaver and was born December 18, 1880. With her parents she moved to Goldthwaite early in life and spent most of her life there. She taught school for many years in Mills County, also in Fisher County.

On February 18, 1910, she was united in marriage to Ben Forehand of Goldthwaite. To this union two children were born. Mrs. Bell Chapman of Duncan, Ariz. and James L. Forehand of Clifton, Ariz. Another daughter of a former marriage, Mrs. Carl Duncan of Kingman, Ariz. Her husband and children were at her bedside all during her illness and all that loving hands could do were done for her.

Funeral services were held from the Clifton Presbyterian Church, April 3 at 3:30 p. m., being in charge of the Rev. Coyne L. Gifford. He read the 23 Psalm to a large group of friends and relatives present. She was laid to rest in Sheldon Cemetery.

Relatives who were at her bedside and attended her funeral were a brother, Robert Weaver and wife, Waco, Tex.; a sister, Mrs. Arthur Bledsoe and husband with their son, Hollis Bledsoe and wife of Westbrook, Tex.; and Mrs. Annie Long with her son, Roy Long and wife of Midland, Tex.

She is survived by two other sisters, Mrs. Jimmie Griffin, Goldthwaite, Tex., and Mrs. Jim Burdette, San Saba, Tex.

Mrs. Forehand with her family moved to Arizona in 1930 and since that time has resided in both Duncan and Clifton. For sometime, until her fatal illness, she had been employed at the Martin Theatre where she received tickets. Her pleasant disposition and ready smile will be missed by many.

She professed faith in Christ at an early age and was a member of the Baptist Church.

In this sad hour we pause to pay homage to a wonderful woman, to a great Christian character, to one who loved to do little deeds of kindness, who spoke a word of courage to the discouraged, who helped the poor and needy, who visited the sick, was interested in the progress of mankind, one who carried the message of Jesus to all she came in contact, one who loved deeply and was a friend to all.

As she approached the portals of death, there was no solace so sweet as the presence of those whom she loved best—a devoted husband, loving children and in-law children and grand children.

As we face this sorrow Our faith looks up to thee, Thou lamb of Calvary. Saviour divine, bid darkness turn to day: Wipe sorrows tears away. Pure warm and changeless, be a living fire. A sister who loved her dearly, ANNIE LONG, Midland, Texas.

**Gethsemane**

(Sent in by Mrs. Fred Laughlin.) They call me strong because I smile

To hide an aching heart; Because I keep the bright side out And hide the bitter part.

They call me strong because I live

Thru all the lonely years Well knowing that no length of time Can ever dry my tears.

They call me strong because I shed

Those tears where non can see. Because I laugh, tell merry tales And win the crowd to me.

But oh, could they who call me strong Live just one hour with me— When I am crushed with bitter

grief In my Gethsemane. —Marie Kalchabad.

### 'HOME SWEET HOMICIDE' LAUGH-PACKED THRILLER ON SCREEN

When the three precocious and imaginative children of a writer of best-selling murder mystery thrillers begin to take their author-mama's novels to heart and try to mold her life accordingly, anything can happen.

What does happen, as based on Craig Rice's famed best-seller, "Home Sweet Homicide," which 20th Century-Fox has brought to the screen, is said to make for this year's most hilarious motion picture hit. The film, featuring Peggy Ann Garner, Randolph Scott, Lynn Bari, Dean Stockwell and Connie Marshall, shows Saturday night only at the Melba Theatre.

### "GALLANT BESS" GRIPPING TALE OF SEABEE HERO AND MAGNIFICENT EQUINE STAR

Anyone who loves horses will get a great kick out of the new M-G-M picture, "Gallant Bess", showing Saturday night pre-vee, Sunday and Monday.

Here is a vibrant and moving tale of a sixteen-year-old boy whose loss of parents is made up for by his love for an intelligent and devoted mare named "Bess". Although the boy, Tex, wants to make a beginning at owning a horse ranch, he is moved by the call of patriotism and joins the Seabees. Then "Bess" dies while in foal, and not even the excitement of being shipped to a Pacific atoll can take the lonely Tex's mind from the horse he loved.

### GLOWING TRIBUTE TO MEMORY OF JEROME KERN

A glowing tribute to the memory of the late Jerome Kern is offered on the Melba screen, Tuesday and Wednesday, in "Till the Clouds Roll By", M-G-M's star-studded Technicolor musical drama based on incidents in the famed composer's life and career.

Built around Kern's touching friendship with his musical arranger, James Hessler, and the latter's stagestruck daughter, Sally, the story traces the composer's arrival in New York full of hope and ambition, follows his rise to fame both here and abroad, accents the romantic meeting in England with the girl he eventually married, and ends on a dramatic note when Solly, embittered by a quarrel over her career, proves her talent as a singer and is reconciled to Kern whom she has always regarded as a foster-parent.

### Duren - Oden

On Saturday evening, May 17 at 8 p. m., Miss Margaret Carroll Oden became the bride of Mr. Otis Ray Duren. Rev. Paul Weiss read the impressive double ring ceremony.

The bride was dressed in aqua blue and wore a corsage of white gardenias. She carried a bride's bouquet of white carnations. Her bridesmaid, Mrs. Lynn Adams, was dressed in pink.

The groom was accompanied by Mr. Lynn Adams. Miss Jo Ann Duren carried the rings.

Immediately after the ceremony a reception was held in the bride's home. Afterwards they left for New Mexico and Colorado. On their return they will make their home in Goldthwaite.

Those present at the wedding were parents, relatives and friends in Goldthwaite. Out of town guests were: Mr. and Mrs. Melvin Nelson, Mrs. Cleburne Masters and son, Mrs. Joe Ivy and boys, all of Dallas; Mr. and Mrs. Lynn Adams of DeLeon; Mrs. Russie Henderdraf and friend of Brownwood; Mr. and Mrs. Earl Oden and son of Comanche; Mr. and Mrs. Leroy Johnson and Mrs. Jewell Ivy of Mullin; Mr. and Mrs. Norman Duren of Priddy.

We wish them all the success in the world on their return.

Mrs. Homer Doggett and Janice from Pampa, Texas, spent this week with her mother, Mrs. Eula Nickols and other relatives.

### Roberts-Jones

Mr. and Mrs. C. S. Miller announce the marriage of their daughter, Estelle Miller Roberts, to Dr. C. K. Jones of Laredo, Texas.

The young couple took their vows in a double ring ceremony in the Baptist parsonage at Laredo at 6:00 p. m. Friday, May 23, 1947, with Rev. Joe Amerine officiating. The bride wore a street length dress of blue with black accessories, with a pink orchid corsage. The groom wore a blue suit.

The bride was attended by her sister, Mary Beth Miller, of Rotan. She wore a gray dress and a pink carnation corsage.

The groom was attended by Sgt. Marvin Lee of Fort Worth. After the ceremony the couple with their attendants and Mrs. Marvin Lee drove over to Nuevo Laredo and had dinner.

Mrs. Jones attended Howard Payne College. For the past year she has been employed as secretary in the superintendent's office in Rotan high school.

Dr. Jones, a native of Sweetwater, graduated from the Midland schools, later receiving his B. S. degree in Agriculture, and Dr. of Veterinary Medicine degree from A. and M. During the war, he served 18 months in the China-Burma-India theater on duty as liaison veterinarian with a Chinese Regiment. After his discharge from the Army in October 1946, he purchased the small vet hospital in Rotan and recently moved to Laredo.

The young couple are planning to make their home in Laredo.

W. E. Miller, while out of town three days last week, attended the Commencement exercises and trustees meeting of Howard Payne College in Brownwood. The Baccalaureate sermon and Commencement address were extra good and the graduating class extra large. Mr. Miller first attended the Baptist Brotherhood meeting and heard some fine speeches from the state and precinct officers of the Brotherhood.

### ASSOCIATE DEAN CONGRATULATES MILLS CO. GIRL

24 April 1947  
Brookie McCasland  
Campus  
Dear Brookie,

May I congratulate you on behalf of the faculty for your achievement in making the Eighty Honor Roll for the first half of this spring semester. This is an honor to your parents, your friends, and to Tarleton as well as to yourself.

We of the faculty appreciate our good students, who go about their business quietly a great deal more than we usually tell you. After it appears we spend an undue amount of time with the students who are in trouble and get to know them personally for better than you. That is another reason we want to take this opportunity to let you know we appreciate the fine record and your personality as a Tarleton Student.

Congratulations and many happy returns.

played than refreshments of sandwiches, potato chips, pickles, cookies, and punch were served. All reported a nice time.

At the last meeting of the chapter officers were elected for the coming year.

On May 23, the Junior Homemaking degrees were conferred to the girls receiving the degree. The ceremony was very pretty.

### Big Valley H. D. Club

The Big Valley Home Demonstration Club met at 3 p. m. at the home of Mrs. Hugh Smith, the president in the chair.

The House was called to order. Mrs. Ulric Martin resigned as Secretary and Mrs. Miles Calder was elected.

After a short business discussion the meeting was turned over to Mrs. Haensch. She gave a demonstration on clothing construction.

Several interesting games were played. Ice cream and cake was served to ten members, three visitors, and Mrs. Haensch.

Our next meeting will be with Mrs. Ulric Martin June 5

Several complaints having come to my office about livestock running at large in the county, I am printing a copy of the State livestock law:

Art. 6965. Duty of Officers—It shall be the duty of any sheriff or constable of any county, or subdivision thereof, within this State, where the provisions of this chapter are or may hereafter become operative, to seize any stock which may become known to him to be running at large on any outside premises where the provisions of the stock law are in force, and impound the same in some place provided for that purpose and immediately notify the owner thereof, if such owner is known to such officer, who may redeem the same on the payment of an impounding fee of one dollar per head, and an additional fee of twenty-five cents per day per head for each day such stock is so kept. (Acts 1915, p. 146.)

Art. 6966 (7249) May Impound—If any stock forbidden to run at large shall enter the inclosed lands, or shall, without being herded, roam about the residence, lots or cultivated land of any person other than the owner of such stock without his consent, in any county or subdivision in which the provisions of this chapter have become

operative in the manner provided in this chapter, the owner, lessee, or person in lawful possession of such lands may impound such stock and detain the same until his fees and all damages occasioned by said stock are paid to him; provided that no animals shall be impounded except as provided in the preceding article, unless they have entered upon the inclosed lands or be found roaming about the residence, lots or cultivated land of another, and, whenever any stock is impounded, notice thereof shall be given to the owner, if known and any such owner shall be entitled to their possession upon payment of fees and damages. **Senate Joint Resolution No. 4**

PROPOSING AN AMENDMENT to Article VII of the Constitution of the State of Texas by the addition of two new sections to be known as Sections 17 and 18 providing a special fund for the payment of Confederate pensions and providing a method of payment for the construction and equipment of buildings and other permanent improvements at state institutions of higher learning; providing for a five-cent reduction in the maximum allowable state tax on property; providing for an election and the issuance of a proclamation therefor.  
BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:  
SECTION 1. That Article 7 of the Constitution of the State of Texas be amended by adding thereto Sections 17 and 18 which shall read as follows:  
"SECTION 17. In lieu of the State ad valorem tax on property of Seven (7c) Cents on the One Hundred (\$100.00) Dollars valuation heretofore permitted to be levied by Section 51 of Article 3, as amended, there is hereby levied, in addition to all other taxes permitted by the Constitution of Texas, a state ad valorem tax on property of Two (2c) Cents on the One Hundred (\$100.00) Dollars valuation for the purpose of creating a special fund for the payment of pensions for services in the Confederate army and navy, frontier organizations, and the militia of the State of Texas, and for the widows of such soldiers serving in said armies, navies, organizations or militia; provided that the Legislature may reduce the tax rate hereinabove levied.  
"ALSO, THERE IS HEREBY levied, in addition to all other taxes permitted by the Constitution of Texas, a state ad valorem tax on property of Five (5c) Cents on the One Hundred (\$100.00) Dollars valuation for the purpose of creating a special fund for the purpose of acquiring, constructing and initially equipping buildings, or other permanent improvements at the

designated institutions of higher learning; and the governing board of each such institution of higher learning is fully authorized to pledge all or any part of said funds allotted to such institution as hereinafter provided, to secure bonds or notes issued for the purpose of acquiring, constructing and initially equipping such buildings or other permanent improvements at said respective institutions. Such bonds or notes shall be issued in such amounts as may be determined by the governing boards of said respective institutions, shall bear interest not to exceed three (3%) per cent per annum and shall mature serially or otherwise not to exceed ten (10) years from the first (1st) day of January of each year in which such funds are allocated to such institutions; provided, the power to issue bonds or notes hereunder is expressly limited to a period of thirty (30) years from the date of the adoption of this amendment; and provided further, that the Five (5c) Cent tax hereby levied shall expire finally upon payment of all bonds hereby authorized, notwithstanding that the state tax on property as heretofore permitted to be levied by Section 9 of Article VIII as amended, exclusive of the tax necessary to pay the public debt and of the taxes provided for the benefit of the public free schools, shall never exceed Thirty (30c) Cents on the One Hundred (\$100.00) Dollars valuation. All bonds shall be examined and approved by the Attorney General of the State of Texas, and when so approved shall be incontestable; and all approved bonds shall be registered in the office of the Comptroller of Public Accounts of the State of Texas. Said bonds shall be sold only through competitive bids and shall never be sold for less than their par value and accrued interest.  
"FUNDS RAISED FROM SAID Five (5c) Cents tax levy for the ten (10) year period beginning January 1, 1948, are hereby allocated to the following institutions of higher learning, and in the following proportions, to wit:

Institution	Per Cent Of Total
John Tarleton Agricultural College	5.72107
North Texas Agricultural College	6.17028
Texas State College for Women	11.52992
Texas College of Arts and Industries	4.75551
College of Mines and Metallurgy	4.71936
Texas Technological College	16.54877
East Texas State Teachers College	8.10657
North Texas State Teachers College	12.64522
Sam Houston State Teachers College	5.55068
Southwest State Teachers College	6.78474
Stephen F. Austin State Teachers College	4.59414
Sul Ross State Teachers College	2.15315
West Texas State Teachers College	5.41643
Prairie View Agricultural and Mechanical College of Texas	5.34416

"NOT LATER THAN JUNE 1st of the beginning year of each succeeding ten (10) year period, the Comptroller of Public Accounts of the State of Texas, based on the average long session full-time student enrollment for the preceding five (5) year period of time, shall re-allocate to the above designated institutions of higher learning than in existence, all funds to be derived from said Five (5c) Cent ad valorem tax for said ten (10) year period; and all such designated institutions of higher learning which participate in the allocation or re-allocation of such funds shall not thereafter receive any other state funds for the acquiring or constructing of buildings or other permanent improvements for which said Five (5c) Cents ad valorem tax is herein provided, except in case of fire, flood, storm, or earthquake occurring at any such institution, in which case an appropriation in an amount sufficient to replace the loss so incurred may be made by the Legislature out of other state funds. This amendment shall be self-enacting. The State Comptroller of Public Accounts shall draw all necessary and proper warrants upon the State Treasury in order to carry out the purpose of this amendment; and the State Treasurer shall pay warrants so issued out of the special fund hereby created for said purpose.

"SECTION 18. For the purpose of constructing, equipping or acquiring buildings, or other permanent improvements, the Board of Directors of the Agricultural and Mechanical College of Texas is hereby authorized to issue negotiable bonds or notes not to exceed a total amount of Five Million (\$5,000,000.00) Dollars, and the Board of Regents of the University of Texas is hereby authorized to issue negotiable bonds or notes not to exceed a total amount of Ten Million (\$10,000,000.00) Dollars. Any bonds or notes issued hereunder shall be payable solely out of the income from the Permanent University Fund. Bonds or notes so issued shall mature serially or otherwise not more than twenty (20) years from their respective dates, and in no event later than twenty-five (25) years after the date of the adoption of this amendment. This amend-

ment shall be self-enacting.  
"SAID BOARDS ARE severally authorized to pledge the whole or any part of the respective interests of the Agricultural and Mechanical College of Texas and of the University of Texas in the income from the Permanent University Fund, as such interests are now apportioned by Chapter 42 of the Acts of the Regular Session of the 42nd Legislature of the State of Texas, for the purpose of securing the payment of the principal and interest of such bonds or notes. The Permanent University Fund may be invested in such bonds or notes.  
"ALL BONDS OR NOTES issued pursuant hereto shall be approved by the Attorney General of Texas and when so approved shall be incontestable."  
SEC 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at a special election to be held throughout the state on the fourth Saturday in August, A. D. 1947, at which election all ballots shall have printed thereon:

"FOR THE AMENDMENT to Article VII of the Constitution of the State of Texas, adding Section 17 and 18 providing for the levying of a state ad valorem tax on property in lieu of the present state ad valorem tax of Seven (7c) Cents for Confederate pensions in order to create special funds necessary for the payment of Confederate pensions and for the financing of the construction and equipment of buildings and other permanent improvements at state institutions of higher learning, in the amounts of Two (2c) Cents and Five (5c) Cents respectively; providing for a Five Cent reduction of the maximum allowable state tax on property, making such tax not to exceed Thirty (30c) Cents on the One Hundred (100.00) Dollars valuation; providing a method of payment for the construction and equipment of buildings and improvements at the Agricultural and Mechanical College of Texas and The University of Texas."  
"Against the amendment to Article VII of the Constitution of the State of Texas, adding Sections 17 and 18 providing for the levying of a state ad valorem tax on property in lieu of the present state ad valorem tax of Seven (7c) Cents for Confederate pensions in order to create special funds necessary for the payment of Confederate pensions and for the financing of the construction and equipment of buildings and other permanent improvements at state institutions of higher learning in the amount of Two (2c) Cents and Five (5c) Cents respectively; providing for a Five (5c) Cent reduction of the maximum allowable state tax on property, making such tax not to exceed Thirty (30c) Cents on the One Hundred (\$100.00) Dollars valuation; providing a method of payment for the construction and equipment of improvements and buildings at the Agricultural and Mechanical College of Texas and The University of Texas."

"The Governor shall issue the necessary proclamation for said election and have the same published as required by the constitution and laws of this state.  
SEC 4. The sum of Ten Thousand (\$10,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the treasury of the state, not otherwise appropriated, to pay the expenses of such publication and election.

Texas' newest soil conservation district, Collin county, got its kick-off this week in a meeting at Plano. Several elections were held over the past few years before farmers finally balanced a majority for the district.  
Towns in Oklahoma which were sprayed with DDT last year are asking the State Department of Agriculture to bring its big spray units back and do it again. Files were virtually curiosities natives reported in some of the towns after the complete sprayings last summer.  
Thirteen Texas counties are among the leading 50 rice-growing counties in the nation, says the census bureau. These 13 reported 342,128 acres in rice in 1944. This was 99 percent of the Texas output, 25 percent of the nation's. Top in Texas, sixth in the nation, is Jefferson county, with 52,282 acres. All 13 are

near the Gulf Coast.  
Cotton is doing all right in all parts of Texas now, and acreage is up. Plant lice are getting bad in the Rio Grande Valley and around Corpus Christi. Boll weevils have been found in about half the lower valley cotton fields, but with less than 10 percent infestations.  
Two Texans in Washington are reportedly on opposite sides of the wool tariff question. Undersecretary of State Will Clayton says America would stand convicted of insincerity in trade negotiations if the legislative measure stands as now drafted. Congressman O. C. Fisher describes it as an emergency measure to remedy a wretched situation, and that wool output dropped as sheep raisers here can't compete with the lower-cost British empires.  
Some apprehension is felt the progress of soil conservation in federal aid for soil conserving measure is cut. Curtailment of AAA funds for helping farmers run terraces, dig ponds, mow pastures and plant legumes undoubtedly will slow down some of that work, but it is hoped that the values of such practices have been proved sufficiently that most farmers will continue soil conservation work under their own power, without government financial help.

Memories' of Henry Ford

The warmth of 50 years' friendship attaches to this hitherto unpublished snapshot of Henry Ford and Eugene W. Lewis (right) Detroit banker-author, taken at Richmond Hill, the Ford Georgia plantation. It appears in print in "Motor Memories" (Alved, of Detroit, Inc.) Mr. Lewis' new book about automotive pioneers he knew so well. The sweater and skirt are of Mrs. Ford, "The Believer," who was constantly at his side, "even unto the death" of Henry Ford April 7 at the age of 83 years.

Cub Scout Circus

Troops II and III entertained their parents and friends with a circus on Saturday, May 17th at the American Legion Hall.

On arriving the visitors were ushered into the side shows. They were treated to a "trip the world", a look at "d Baboon", and the "mess, hairless, legless dog." The guests were seated and the big parade opened the circus performance.

John Gilliam, as master of ceremonies, introduced the ferocious lion (alias Tommy Clint Daniels) and his trainer John Eubank.

Next, the strong man Larry Piper amazed the audience by lifting an 8000 pound weight.

The tumbling act now took the stage with Billy Jack McKee, James Chadwick and Roger Booker entertaining the audience with astounding tumbling feats.

This was followed by Skipper the seal (alias Joe Charles

Hodges) with his trainer Ray Campbell Hudson.

A cowboy from the West Robert Dudley Jordan, then did a roping act.

James Gilliam, Bobby Glenn Tullos, David Cole, Bobby Ellet and H. T. Jaughn brought laughs from the crowd with their Clown Act.

The remaining portion of the program turned to the serious side of the Cub work with a poem by Penn Barnett, Flag signals, Larry Simmons; Cub songs by all the Cubs. The Cubs formed their circle and gave the pledge as their final number.

Wallace Ferris was the able stage manager.

J. D. Cook and Billy Joe Benningfield were unable to attend.

Miss Mae Featherstone, English teacher in Vanderbilt High School, returned to Goldthwaite Sunday to spend part of the summer with her parents, Mr. and Mrs. C. G. Featherstone.

WOOL BILL

At last the House has passed a wool program bill. The vote was 161 to 55. The 1946 program will, if signed by the President, continue through 1948. Perhaps by then the big government-owned stockpile will have been disposed of.

The bill encountered unexpected opposition from the State Department when it was contended one section of the measure would interfere with international trade negotiations.

The section objected to provides that if the President should at any time decide that the support program is being materially interfered with by excessive dumping of imported wool on our markets, he may have the Tariff Commission conduct a hearing. If the hearing should so find, then the President would be authorized to impose fees in order to slow down the volume of imported wool until the condition should be relieved.

That same procedure already applies to imports of wheat, cotton, tobacco, and many other farm crops. It has been invoked by the President a number of times where the support program on cotton, wheat, etc., has been threatened by excessive imports.

There fore, it was hard to understand why the State Department would object to having the same law that applies generally to farm products apply in a similar manner to wool. Some claim President Truman will veto the bill with that provision in it. That is hard to believe, though, because after all, it is discretionary with the President whether import fees are levied by him.

The fact is that even though it is not likely the President will impose import fees on wool, the fact he has specific authority to do so to prevent excess dumping will go a long way toward preventing a reduction in the present wool tariff.

The wool bill will allow the CCC to sell wool below parity and at prices competitive with the world market prices. That should cause the present 500 million pound stockpile to be disposed of within a reasonable time.

In the meantime, if a bill is agreed to by the House and Senate and signed by the President, the CCC will resume the purchase of wool. The Senate has already passed a bill but there are a few differences to be ironed out. The prices paid producers will be the same as during the past four years.

President Truman signed the Greco-Turkish aid bill, inaugurating the so-called Truman Doctrine. In doing so, he referred to it as "an important step in the building of peace" and evidence "not only that we pledge our support to the United Nations but that we act to support it."

A number of observers in Washington look on the Greco-Turkish legislation as the strongest act toward world peace yet taken by this Government since the United Nations was created. It means firmness toward the Russians instead of appeasement. Appeasement brought on the last war and if applied toward the Russians may well bring on another war. Therefore, the anti appeasement policy symbolized by the Truman Doctrine is widely heralded as improving the prospects for permanent peace as well as a bolstering influence against the spread of communism.

GIRL SCOUT NEWS—

CARNATION TROOP II

On May 26, 1947, Carnation Troop II met at the "Little House". We gathered at 4:00 and had our meeting. That night we were to have our slumber party.

Mr. Saylor brought the furnace up to the "Little House." It is going to be very useful for our outdoor cooking activities.

We would like to thank Mr. Leonard Archer for giving our troop the weiners for our supper, and also thank Mr. Saylor for helping us fix our furnace. We enjoyed it very much when we roasted our weiners.

After our meeting we divided into groups and went on a "Scavenger Hunt." After returning from this, we rested awhile and then ate supper. After playing a few games, which lasted way into the night, we went to bed, but very little sleeping was done.

At midnight we had a midnight snack. Everyone was getting pretty sleepy then so we tried to get some sleep.

After we ate our breakfast the next morning, we cleaned up the "Little House" and did one of our activities on our Dramatics Badge. We divided into groups and acted out "Cinderella" and "Rumpelstilzkin".

Everyone said they enjoyed every minute of the party and we hope to have another one in the near future.

We are sorry Mrs. Saylor couldn't be with us, but we were glad Mrs. McLean could be with us and thank her very much for staying with us.

Girl Guides and Girl Scouts from 40 nations have been invited to visit the United States as guests of American Girl Scouts at a World Encampment in Barre, Pennsylvania, in 1947.

Girl Scouts during 1946 sent more than 60,000 "friendship bags" filled with such dainty necessities as combs, sewing kits and tooth brushes to girls in foreign countries.

More than 5,000 Girl Scouts receive preflight training and flight experience as members of 315 Wing Scout troops in 42 states and Hawaii.

During 1946 there was an approximate 40 per cent increase in the number of special Girl Scout troops for physically limited and socially and mentally handicapped girls.

Mr. and Mrs. Fred Laughlin, Ima Faye and Jimmie, and her father, R. Varnell, spent Sunday in Austin, where they met Mrs. Laughlin's sister, Mrs. O. L. Smith of Alto. They all met at the home of Mrs. Laughlin's sister, Mrs. Raymond Gilbert.

CAMP BILLY GIBBONS TO HAVE INDIANLORE PROGRAM

From June 24th to July 22nd, Running Elk will conduct a program of Indian Lore and Indian Dances in the newly constructed Camp Billy Gibbons in the wilderness country of the Gibbons Ranch. He considers the beautifully located camp ideal for all types of Indian Lore work. The Scouts will have an opportunity of camping and hiking over territory favored by many Indian tribes for well over a hundred years.

Running Elk has had wide experience with both Indians and Scouts, having spent more than three years on the Navajo reservation as an Indian trader and having traveled widely over the Indian country of the Southwest gathering dances and ceremonies for camp use. For six summers he was director of Indian Lore work in A. A. Jameson's Dixie Camps in the Blue Ridge Mountains. He has

also spent many years doing this work in Scout Camps over Texas. Running Elk has been actively associated with Camp Billy Gibbons, but this will be his first season there since his return from overseas duty.

HOW HOMEMAKING HAS HELPED ME IN THE HOME

—By KAY CLEMENTS First Year Class

The most important thing homemaking as a course has done for me is to teach me to organize and plan any task I am going to do. While doing this, I am able to see many short cuts I would have otherwise missed and to put into use many convenient steps I have learned in class. This saves time, makes me more efficient, and helps my disposition since I am through with my work faster. It would naturally help to have an efficient, cheerful worker in the home.

The most important thing my homemaking contributed to my family was our study of family relations. This study has helped me to better understand my daily tasks, responsibilities, money restrictions, etc. Naturally better understanding would make for family unity.

Also under the topic of better understanding would come my choice of picture shows. Before we studied radio programs and shows for children, I did not understand why there were many shows my parents did not want me to see. Now I am able to understand how improper entertainment might have harmful effects or possibly bring about unhappiness.

Most enjoyable to me was our study of child care. Since I have always loved children, this meant something to me.

The most important thing to me personally was our study of hygiene. The pointers we have received in our pam-

phlets or otherwise have put me many useful steps which I can put more as ease in my life. This may have removed some responsibility from my mother's shoulders. Personally I liked best a study of sewing. Now I know that if some day I might need to, I can do my own sewing. Besides all this, I have learned many useful recipes, how to properly plan and give a party and furniture refinishing. Each one of these has already helped me in various situations. In conclusion, I think homemaking is a necessary course every girl should have the opportunity to take.

Mrs. Lem Scarborough and daughter Margaret of Austin visited over the week-end with the E. B. Gilliam family.

Mr. and Mrs. Jesse Saeger and Gene went to Seguin where they attended the High School Commencement exercises. They also visited their parents, Mr. and Mrs. J. F. Saeger and Mr. and Mrs. E. E. Behrendt. They returned home the first of the week.

## ALL-PURPOSE POISON FOR BEAN PESTS

By CALVIN HOLCOMB  
 This year, for the first time, Texas vegetable growers can have an all-purpose poison that promises to control all the major insects and diseases that hit snap beans.

The remedy, says County Agent Calvin Holcomb, is merely a new mixture of three already well-known materials—DDT, rotenone and sulphur. Proportions of the mixture are one part 3 per cent DDT, one part of one half of one per cent rotenone and two parts sulphur. The DDT kills leafhoppers and beetles, including the black-spotted mahogany-colored bean beetle that feeds on the plant leaves; the rotenone gets plant lice; and the sulphur controls the disease, powdery mildew.

Recommended time for dusting the mixture is two weeks before the beans bloom, says Holcomb, followed with a second application when the crop is in full bloom. If the dust is applied before the bean pods are formed, it cuts down danger of trouble caused by poisonous residue left on the crop.

Holcomb emphasizes that the mixture is an all-purpose insecticide only for one crop, beans. But in field trials conducted by the U. S. Department of Agriculture last year, the DDT-rotenone-sulphur combination upped bean yields as much as 57 to 99 bushels per acre.

### WOAI AIRS BROADCAST ON VITAL RH BLOOD FACTOR

Citizens throughout the country will have the opportunity of learning in laymen's language about one of the most recent discoveries of medical science, the RH blood factor, in a special re-broadcast on the Cavalcade of America, Monday evening, heard over WOAI at 6:00 p. m.

Called "The Stirring Blood", the dramatization will deal with the discovery, importance and real meaning of medical discoveries about the RH blood factor which is still so mysterious to many people. Briefly, there are two types of RH blood, called positive and negative, which make a sometimes fatal combination in children's bloodstream. In other words, if

positive type, and the mother's blood should be the RH negative type, there would be a great danger that their children would not live.

## DANGER—GRASSHOPPERS!

By CALVIN HOLCOMB  
 During the last few days . . . young grasshoppers have hatched and are beginning to feel their way around in fence rows and pastures. Pretty soon they'll be hitting the row crops if we don't get that grass hopper bait and start killing them off.

Calvin Holcomb, County Agent, reports that he has word from the Bureau of Entomology

and Plant Quarantine office in Waco that the hoppers are beginning to stir around in the following counties: Erath, Jack, Archer, Wichita, Clay, Wise, Denton, Dallas, Collin, Hunt, Kaufman, and Ellis.

Mr. Holcomb says that there are three good reasons why we ought to get the insects now. For one . . . they are very easy to kill with poison bait. Two . . . they're concentrated in small areas and it will take very little bait to get them. And three . . . they're still on the edges of fields . . . no damage to crops has been done, yet.

The Agent says that nearly all counties have grasshopper bait on hand. He urges farmers to contact their County Agricultural Agents for help in getting the bait and putting it out.

Mr. and Mrs. Carl Bledsoe and daughter Beatrice of Stephenville and Herbert Cien Holderness of A. and M. College were guests during the weekend of Mr. and Mrs. J. D. Urquhart and other relatives. Herbert Cien also visited his mother, Mrs. C. C. Holderness, while here.

Mrs. Elza Smith of Lampasas and Mrs. Bailey Rodgers of Austin spent Wednesday night in Goldthwaite. Mrs. Rodgers visited her sister, Mrs. Dow Hudson while Mrs. Smith was with her son, O. O. Smith and family.

Mrs. Jack Dennard and two little daughters of Brownwood and her mother Mrs. Reinhardt from Oklahoma City, were in Goldthwaite this week visiting friends and relatives.

Mr. and Mrs. George . . . enroute home from Austin, ped Wednesday afternoon for short visit with his aunt, Mrs. Henry Martin.

## LOCAL CONTRACTOR EMPLOYED TO BUILD WOOD BAPT. CHURCH

Mr. F. Horton has been employed by the Coggin Avenue Baptist Church as supervisor, to supervise construction of the new unit of the new church building in the 1800 block on Main Ave.  
 The building, containing auditorium, offices, heating and cooling system, will be of red brick and tile construction. The auditorium will seat 1,000. The building will have a basement at the rear, divided into two parts, one for Boy Scout equipment storage and the other containing the dual air-conditioning and heating system which will use a single direct system summer and winter to heat and cool the building. Behind the auditorium there will be church offices, library, pastor's study, choir room and other rooms.  
 The building will contain 12 rooms and the auditorium.

Mr. Horton began preliminary work Monday in preparation for construction. Dr. H. H. Horgrove, pastor of the church, ground breaking ceremonies are being planned for Sunday afternoon at 5 o'clock.  
 The permit or this unit of the building calls for \$100,000.00. Building time from eight to ten months.—Brownwood Bulletin.

GIRL SCOUT CAMPAIGN WEEK

Many of us who have passed the "Over 21" mark too often lose touch with the enthusiasm and imagination of childhood. Whether we are aware of it or not, we often miss the spirit of adventure and discovery that we left behind at some early guidepost.

One of the easiest ways of recapturing is also one of the simplest. It is just a matter of getting out in the summer time with the children.

One of the most active children's groups, not only in summer time, but all year round, is the Girl Scout group in your neighborhood. From one end of the year to the other these youngsters, seven through eighteen, offer their services in behalf of many community projects.

Throughout these next few months, you will probably see groups of them in their green uniforms—brown for the younger ones—marching off to day camps or full-time camps or on camping trips.

Modern education will tell you that fun does not exist in a vacuum. Fun is the end result of doing—doing new things, and old ones too, in an amusing way.

WHAT FREE ENTERPRISE MEANS  
President Truman recently gave one of the best descriptions ever made of what the free competitive enterprise system means when he said: "Under that system each man is free to go where he likes, to follow the calling of his choice, and to be rewarded in proportion to the productivity of the effort or the property he contributes."

That is an extremely accurate description, and it covers a great deal of ground in a very few words. Under free enterprise, the man who invests capital as well as the man who invests his labor in an enterprise is entitled to whatever reward he is able to earn.

Carrying the definition farther, it obviously means that government shall not unnecessarily interfere in the affairs of its citizens. Its function is to establish and enforce a set of rules to fit the conduct of our economic life—and then to permit the players in the game to do whatever they may please within these rules.

Finally, under this or any workable definition of free enterprise, government must keep out of business. Socialized enterprise and free enterprise cannot long exist side by side. The first will swallow the other, and then all basic freedoms will be lost. That fact is implicit in President Truman's fine statement.

Improved Uniform International LESSON

By HAROLD E. LUNDQUIST, D. D. Of The Moody Bible Institute of Chicago. Released by Western Newspaper Union.

Lesson for June 1

FACING NATIONAL PERILS

LESSON TEXT—II Kings 19:5-7, 22-27; 20:12-17.

MEMORY SELECTION—For thus said the Lord God, the Holy One of Israel; in returning and rest shall ye be saved; in quietness and in confidence shall be your strength.—Isaiah 30:15.

Perilous times had come upon the southern part of the divided kingdom known as Judah. There had been a period of outward prosperity under King Uzziah, but the inward decay of the people made it an empty thing.

Judah, like Israel, was on the downward path which was to lead to ultimate captivity and judgment. The occasional reign of good kings seemed to stem the tide a bit; in fact, the great king of whom we study today, Hezekiah, gave Judah a "fresh lease on life and enabled her to outlive her sister kingdom by nearly a century and a half."

Judah experienced a real revival of faith in God under Hezekiah (II Kings 18:4-6; II Chron. 29:31). The temple was cleansed, the priesthood renewed and reconsecrated, and the great feast of the Passover kept once more. This undoubtedly explains the new life which came to Judah in an hour when the nation seemed about to disintegrate.

I. The Enemy's Threat (19:5, 6).

For the background here one must read the previous chapter. Hezekiah, having tried to throw off the yoke of Assyria, had seen Sennacherib and his armies sweep over the land. Thinking to stop him and to save Jerusalem, he sent a great gift amounting in value to millions of dollars. The gift was accepted, and then Sennacherib treacherously seized Jerusalem.

Rabshakeh, Sennacherib's messenger to Hezekiah, not only threatened the nation, but blasphemously denied the power of God. Such was the awful situation Hezekiah faced as he went to the temple, and sent trusted servants to inquire of Isaiah what he ought to do.

The response was prompt and definite. We may learn from this incident that in an hour of confusion and danger it is well to take time to find out what the Lord has to say about things. He knows what to do!

II. The Lord's Answer (19:7, 22-27).

God has only to blow on the mighty, blustering monarchs of this world and they come to their end, definitely and conclusively. The "blast" of the Lord (v. 7) is enough to care for that! And remember, he is still ready to act on behalf of his people!

On the plains of Philistia the mighty host of Assyria met the angel of the Lord, and they never awoke from their sleep. The loss of 185,000 men sent Sennacherib home to Nineveh broken and fearful, and there he met his own violent death.

How much we need the encouragement of such an event as this in our own day when the mighty of this earth seem to speak so boldly and confidently against the name of the Lord. His children must often hear the blasphemous threats of unbelievers and bear the burden of their scorn.

Let us remember that we do serve a God who can with a glance of his eyes throw into confusion all the enemies of his mighty name. Let us be strong to fight the victorious battle in his name!

Hezekiah knew the sweetness of victory as he trusted in the Lord. If we could only rest the matter there. But the weakness of the flesh comes to the fore as we see

III. The King's Folly (20:12-17).

Babylon, one of the great Gentile enemies of Assyria, wanted to cultivate the friendship of Hezekiah, so an embassy was sent to express joy at his recovery from a serious illness.

It was the Lord who had healed him (see 20:1-11) in a miraculous way, but now Hezekiah did the foolish thing of trying to cultivate the help of men.

To impress these possible allies from Babylon, he showed them all his wealth. He evidently wanted them to return to their ruler with a story of the might and glory of Judah.

Poor Hezekiah! He only made a fool of himself, prepared the way for the ultimate taking of his possessions and his people by the Babylonians.

The lesson to be learned here is not only that boasting is folly (although that is always true), but also that it is the height of folly to put one's trust in the arm of flesh.

No matter how mighty the forces of this world may be, or how wonderful it might seem to have their favor toward the cause of the church, let us be clear that it is in God that we have our strength—and in him alone.

The church (and individual Christians too) has lost its testimony and its power in the community whenever and wherever it has turned to the world for help or support. Remember the folly of Hezekiah.

Prepare Now for MEMORIAL DAY MAY 30

Memorial Day is the American Holiday for Remembrance. On that day, in the cemeteries throughout the land, the living pay special honor to the departed and give special attention to their last resting places.

Each spring many new monuments are erected so that they are in place for the ceremonies of Memorial Day. If you or your family are contemplating purchase of a memorial, may we urge you to act now so that we can complete it before Memorial Day arrives.

Visit our office and display rooms; a consultation will place you under no obligation.

**4-H'ERS TO GET MERIT AWARDS FOR IMPROVING JOBS ON FARMS**

4-H Club members in Texas

again have an opportunity this year to win special recognition for developing methods that will simplify their farm and home jobs. Recognition in the form of merit awards will be given on county, state and national levels in the 4-H Better Methods Electric Activity, the National Committee on Boys and Girls Club Work has announced.

Members need not have electricity on their farms to take part in this activity, which may be applied to all types of 4-H Club work.

Last year county winners were named in Bowie, Camp, Cass, Clay, Eastland, Fort Bend, Frio, Grayson, Hale, Hardeman, Harris, Jones, Lavaca, Llano, Montgomery, Moore, Sabine, Somervell, Taylor, Wood, Potter and Waller counties. Each county winner receives a gold-filled medal of honor.

State and national winner in 1946 was Harold Rampy, 16, of Lakeview, who received a trip to the National 4-H Club Congress in Chicago, and a \$200.00 college scholarship, provided by Westinghouse Educational Foundation. Among his work simplification accomplishments on the farm was that of studying the job of unloading threshed sorghum into a granary. He proposed using a grain elevator powered with an electric motor. He recommends providing electricity on the farm and installing an electrically powered feed-grinder, electric

brooder and other labor-saving farm and home appliances and machines.

Six state winners are selected for national honors, each receiving a \$200.00 college scholarship.

The activity is conducted under the direction of the Extension Service of the State Agricultural College and USDA co-operating.

**CHRISTIAN SCIENCE SERVICE**

"Ancient and Modern Necromancy, Alias Mesmerism and Hypnotism, Denounced" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday June 1.

The Golden Text is: "Get thee hence, Satan; for it is written, Thou shalt worship the Lord thy God, and him only shalt thou serve" (Matthew 4:10).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "For the Lord of hosts hath purposed, and who shall disannul it? and his hand is stretched out, and who shall turn it back? (Isaiah 14:27).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The truths of

immortal Mind sustain man, and they annihilate the fables of mortal mind, whose flimsy and gaudy pretensions, like silly moth, singe their own wings and fall into dust" (page 103).

**NAVARRO GRIDDER WINS RODEO HONORS**

Corsicana, May 19 —A tall, black-haired football player from Navarro Junior College holds the honors as all-around cowboy in the state championship junior college rodeo.

Jack Mathews, amassed 270 points to win the title here Saturday night. He nosed out Frank Calame of Westminster College who had 234 points.

Winners of the four events were Homer Kettler, Clifton Junior College, bareback bronc riding; James Coquet, Southwest Junior College, saddle bronc riding; Bud Harrell, North Texas Agricultural College, calf roping; and Bo Balthrop, Decatur Baptist College, bull riding.

(Fort Worth Star Telegram) Bud is the son of Mr. and Mrs. J. H. Harrell of Goldthwaite and was a letter man on the Eagle football team. He graduated from high school at midterm.

His prize for the winner in calf roping was a \$50.00 pair of hand made boots.

**Is That MILK Really Skimmed?**

The tiny globules of butterfat in milk and cream are literally liquid gold. The dairy industry in 1945 produced \$3,632,146,000—or about 15% of the national farm income. Butterfat plays a big part in creating that wealth. That's why the milk you feed your hogs should be separated carefully. The butterfat is much too valuable to you to pour it into hog troughs along with the skim milk.

In more than three centuries, the American dairy industry has come a long way. But there's still a lot of hand-skimming—just the same way the Pilgrim Fathers skimmed their milk. That hand-skimming costs producers plenty, averaging 22% lost butterfat. Surveys show water-diluter separators lose an average of 18% of the butterfat, produce lower grading cream.

But mechanical separators, correctly adjusted and operated, will save all but a very small percentage of the butterfat. Moreover, tests have shown that producers who use mechanical separators market up to 71% of first-grade cream, while only about 40% of the hand- or water-separated cream marketed is first grade.

Thus, with even only three cows, a mechanical separator can pay for itself in as little as six months and begin earning a profit. The five minutes a day it takes to wash and sterilize a separator pays out well in dollars and cents.

Of course, there's a lot more to milk and cream quality than the method of separation used. It begins with healthy cows. Cleanliness every step of the way, quick cooling and frequent marketing—all count heavily. Nearly all state agricultural colleges offer detailed bulletins of improvement of the market value of milk and cream. They are profitable reading.

Improved quality\* in the cream that we process

at Swift & Company means improved nutrition for the nation... and nutrition is our business, and yours!

\*Swift & Company cooperates with U. S. Department of Agriculture-Dairy Industry long term program; works with state departments of agriculture, college extension services, boards of health, 4-H Clubs, Future Farmers, American But-ter Institute and other organizations interested in improving the quality of milk and cream. In 1946 we staged hundreds of producers' meetings for this purpose. This effort is being expanded this year.

**The Not-So-"Good Old Days"**

In the "good old days" maybe your grandfather butchered three or four steers. The beef that he didn't need for his own use he could peddle without much trouble.

Today his grandson—perhaps it's you—may produce 30 or 300, or possibly 3,000 steers a year. It would be out of the question for you to butcher them yourself, and an utter impossibility to peddle from door to door all the beef you'd have. So you send your steers to market. There they are purchased by meat packers with facilities to handle thousands of head a day. There they are converted into meat. There's a minimum of waste. By-products are turned into useful products. And the meat is distributed to markets near and far, each weight and grade going wherever it will sell best.

Without the services of nationwide meat packers, such as Swift & Company, there would be no efficient, economical way to bridge the more than 1,000-mile average gap between producers and consumers. Without these services, livestock would have to be shipped long distances, cost of dressed meat would be higher, and consumers could not afford to buy as much meat, nor would they be as well fed.

Agricultural Research Department

**Things are NOT always as they seem**

That square seems to be a solid block of gray. But look at it closely and you find it's made up of many individual dots.

Similarly, when some people "look at" Swift & Company, they see a big corporation. But if they look closely, they will see that Swift & Company is PEOPLE. Sixty-three thousand individual people (shareholders) who have pooled their savings to create and operate this business. Sixty-six thousand individual people (employees) who work for the company—livestock buyers, workers in plants, salesmen, office workers and managers. Their combined efforts create a market for your livestock, dairy and poultry and other agricultural products, and provide nourishing foods for the tables of America.

**Retire That Rooster**

You'll get eggs that grade higher if you get rid of the roosters in your flock at the end of the breeding season. Infertile eggs keep better in hot weather. If non-producing hens are culled out at the same time, you'll save considerably on feed costs.

With more and more eggs being purchased on a graded basis, quality and cleanliness mean increased income to producers. The way to get uniform high-quality eggs is to keep your flock confined to the hen-house and yard, use dry litter, feed a balanced ration, gather eggs several times a day, keep them clean and cool, market them frequently.

Write Swift & Company, Dept. M, Chicago 9, Illinois, for your copy of the booklet "Increasing Your Income from Quality Eggs."

**Early Cut Hay is Better Feed**

As Reported by Mark A. Shipley University of Nevada

Steers wintered on meadow hay cut early in the season gained 151 pounds per head while a similar lot of steers fed late-cut hay lost 2 pounds per head. This interesting information is revealed in a report of an experiment conducted by the University of Nevada.

The two lots of steers averaged 535 pounds at the start of the feeding experiment in November. They were weighed again at the end of 100 days with the above result.

The hay classed as early cut was put up on July 10, and that classed as late cut was harvested on September 10. After the 100-day period, all the steers were shipped back to the summer range which they had been on the previous summer. They were marketed in September. By that time, the lot fed the early-cut hay weighed 69 pounds more than those fed late-cut hay, according to the Nevada report. At 15 cents a pound, the extra gain was worth \$10.35 more per steer.

### GARDEN CLUB HOSTESS TO THE CLUBS OF THE TOWN

The Garden Club was hostess to the clubs of the town at a tea in Mrs. R. P. Broyles' beautiful home on North Fisher Street, May 28, 1947, from 4 to 5:30 o'clock, honoring the past presidents of the club.

The receiving line consisted of the hostess, Mrs. Broyles, and the past presidents of the club: Mrs. Jim Weatherby, Miss Abbie Ervin, Miss Ruth Ervin, Mrs. M. F. Horton, and Mrs. Mary Winsor.

The guests were ushered by Mrs. E. T. Fairman and Mrs. S. R. Wood into the dining room where refreshments consisting of delicious frosted punch and other tea dainties were served by the co-hostesses Mmes. H. E. Patton, J. D. Brim, Hollis Blackwell, S. R. Wood, V. A. Hudson, M. Y. Stokes, Jr., T. M. Glass, E. T. Fairman, and Sterling Kirby.

In a short business session preceding the tea, the following officers for the coming year were installed by Mrs. John A. Hester: Mrs. Jim Weatherby, President; Mrs. Hollis Blackwell, first Vice-President; Miss Ruth Ervin, second Vice-President; Mrs. O. H. Yarborough, third Vice-President; Mrs. S. R. Wood, recording secretary; Mrs. E. T. Fairman, corresponding secretary; Mrs. Marsh Johnson, treasurer; Mrs. Malcolm Jernigan, reporter; Miss Abbie Ervin, assistant reporter; and Mrs. Mary Winsor, Parliamentarian.

### RED CROSS MEETING SATURDAY, JUNE 14

The Annual Meeting of the Mills County Chapter of American Red Cross will be held at 10 a. m. Saturday, June 14, in Commissioners Court Room in Goldthwaite, for the consideration of reports, the election of officers, and for the transaction of such other business as may properly come before the meeting. All members of Mills County Chapter are expected to attend.

### A REVIVAL THAT REVIVED

The revival meeting that was held at the Star Methodist Church during the ten day period of May 16-25 proved to be a real revival to that community. Large crowds attended every service of the meeting and on the last day 16 souls dedicated their lives to Christ and joined the church by baptism. Two joined the church by transfer and one from another denomination, making a total of 19 new members for the meeting. Everyone rejoices for these new members and especially for those who gave their lives to Christ for the first time.

Rev. G. W. French, full time evangelist from the Central Texas Conference of the Methodist Church, did the preaching. Rev. Albert E. Loudon is the pastor of the church.

### CARADAN CEMETERY WORKING JUNE 13

On June 13, there will be an all day cemetery working at the Caradan Cemetery. Everyone plan to bring your lunch and spend the day for there will be plenty of work to do.

### NOTICE, VETERANS

Veterans Administration Contact Representative John H. Quick will not be at the court house on Tuesday, June 3, but will again be on regular trip Tuesday, June 10—8:30 to 11:30 a. m.—to assist veterans with any benefits they may be entitled to.

### BUCCANEER DAYS AT CORPUS CHRISTI JUNE 12, 13, 14

Spirit of swashbuckling Pirate Jean Lafitte, often termed the most romantic and colorful figure in modern history, will again cross the American scene with the revival of Buccaneer Days at Corpus Christi, June 12, 13 and 14.

Discontinued during the War, this year's Buccaneer Days gives promise of out-doing all previous efforts. A large number of nationally famous entertainers, leading dance bands, colorful pageants, star-studded stage shows, and many more events have been added to emphasize the "fun and entertainment" theme of the celebration.

Although Jean Lafitte's crew was the scourge of the Gulf during the early 1800's, their contribution to General Andrew Jackson's defense of New Orleans in the War of 1812, won them a full pardon from President James Madison. Later Lafitte moved his Pirate band to Texas, and historians agree that in 1821 he established his headquarters on the present site of Corpus Christi. From time to time old Spanish coins have been found along the beaches surrounding the city, lending credence to the numerous stories of his buried treasure here.

Pirate Jean Lafitte and his crew, portrayed by leading citizens of South Texas, will be the central characters in this year's celebration. The festivities start as the Pirate brig sails into Corpus Christi's Harbor at 10:00 A. M., June 12, to "lay siege" to the city. As they storm the harbor the "Pirate Chief" will publicly proclaim that the city has been taken over in the name of all good pirates.

Mr. and Mrs. J. E. Evans returned home Thursday from Houston where Mr. Evans had been for treatment.

Tom Perkins of Brownwood visited his sister, Mrs. Maud Newbury, last Friday.

Mrs. Homer Doggett and daughter of Pampa are here visiting her mother, Mrs. Eula Nickols, and other relatives.

### 5TH LEGION CONVENTION AT SWEETWATER

BERT E. GIESECKE

Sweetwater, May 29. Bertram E. Giesecke, Austin, Commander of The American Legion, Department of Texas, will be the principal speaker at the annual Spring Conventions of the 5th Legion Division, composed of the 16th, 17th, 18th, 19th and 21 Districts, and the 17th District to be concurrently Saturday and Sunday, May 31—June 1, at Sweetwater.

George S. Berry, Lubbock, 5th Division Commander, will preside at the Division sessions and J. R. Gleaton, Stamford, 17th District Commander, at the District meetings. Oscar McDonald Post No. 109 of Sweetwater will host both meetings. Sweetwater Post is commanded by William S. Chennault.

Registration of delegates will begin at 11 a. m. Saturday in the lobby of the Bluebonnet Hotel and will continue till midnight. Delegates may also register at the Macle Hotel between 4 p. m. and midnight.

Mr. and Mrs. Homer Rowlett and Peggy spent a few days this week with her sister, Mr. and Mrs. J. D. Shannon, of Junction.

### O.E.S. WILL HAVE INSTALLATION OF OFFICERS SAT. NIGHT

The Order of the Eastern Star at Goldthwaite will have installation of officers Saturday night, May 31. The public is cordially invited to attend.

### BANK WILL BE CLOSED

The Trent State Bank will be closed Friday, May 30, in observance of Memorial Day; also Tuesday, June 3, in observance of Jefferson Davis' Birthday.

### SANTA FE CARLOADINGS

Santa Fe system carloadings for week ending May 24, 1947, were 24,556, compared with 23,100 for the same week in 1946. Cars received from connections totaled 10,320 compared with 8,533 for the same week in 1946. Total cars moved were 34,886, compared with 31,633 for the same week in 1946. Santa Fe handled a total of 33,995 cars in the preceding week of this year.

### REMEMBER FLETCHER REUNION, JUNE 7-8

The annual Fletcher Reunion will be held at the old Elm Mott Picnic Ground on George M. Fletcher's Ranch 6 miles north of Mullin June 7 and 8.

All the old friends of the Fletcher's are invited to attend Open House on Sunday afternoon, June 8th. Try and come, for there will be people there that you haven't seen in a great while.

### Local H. D. Club

The local H. D. Club met in the home of Mr. and Mrs. Rube Hammond Tuesday, May 27, with Mrs. Shirley Nickols, president, presiding. After an interesting business session, Mrs. Haensch gave a very complete demonstration on seams, explaining the different kinds of seams most suited to all fabrics, how to put in zippers, sew on button snaps and showed how and when to use bound button holes and when to use hand-worked or machine button holes.

Each lady did a short blind hem thus really understanding that process of hemming that is so often not understood. Other hem stitches were discussed also. The uses of commercial patterns were explained and simplified.

The agent had with her a complete sewing box made from a cigar box which is one of the first essentials of a real sewing center. She had a basting block too that is very useful to every good seamstress. It is made from a small block the size of a brick, a real brick, some excellent and a strong piece of material. It is heavy enough to stand anywhere you place it, either on table, lap or elsewhere and will hold your material while basting much better than pinning a garment to your knee or through your hose.

The agent stated that the H. D. Club Marketing Committee would not purchase pineapple for the county this year.

And when the 7th told the Old Man that Mrs. Smith had had three new hats since she bought this one, he told her: "Well, dear, if she was as pretty as you she wouldn't be so dependent on milliners."

"Talkative Lady—"A big man like you could find a better occupation than catching poor little fish." Old Man—"Maybe so, ma'am. But if this poor little fish had kept his mouth shut, he wouldn't be on this hook."

Shipwrecked Pilot—"Say, buddy, why does that big cannibal look at us so intently?" Companion (optimistically)—"I expect he's the food inspector."

Freshman—"My new girl is a sorority girl. Sophomore—Phelita Thi? Freshman—Certainly not. One time the Editor asked the Old Man, "Did you write this poem yourself?" And the Old Man said: "Yes, every line of it." Editor—"Then I'm glad to meet you, Edgar Allen Poe. I thought you were dead long ago."
