V. F. W. TO RAISE FUNDS TO GET BATTLESHIP TEXAS HOME

Determined to bring the proud and famous old Battleship Texas back to Texas and place it in a permanent berth at Houston as a historical monument, the Department of Texas, Veterans of Foreign Wars of the United States, has launched a statewide campaign to raise funds to bring the revered old battleship home.

Department of Texas Commander J. Henry Perry, in announcing the campaign, said he knows that every proud Texan should be happy to participate in this program to prevent the Texas from being scrapped. Commander Perry, as well as all Texans, is anxious that the memory and history of this great battleship which so gallantly fought

County Judge John Patterson has announced that consolidation petitions have been filed with him for the following elections on propositions given below:

An election at the Big Valley Community House (Lower Big Valley Church), on Saturday, June 21, 1947, to determine whether or not a majority of the qualified voters of the Big Valley School District No. 27 favor consolidation with the Goldthwaite Independent School District. C. S. Miller has been appointed Presiding Judge of this election.

An election at the Midway Schoolhouse on Saturday, June 21, 1947, to determine whether or not a majority of the qualified voters of the Midway School District No. 51 favor consolidation with the Goldthwaite Independent School District. Coley O. Sevier has been named as Presiding Judge of this election.

On the same date voters of the Goldthwaite Independent School District will vote in the District Courtroom in the Court-house on two propositions: whether or not a majority of the qualified voters of the Goldthwaite District favor consolidation with the Big Valley School District and whether or not a majority of the qualified voters of said district favor consolidation with the Midway School District.

The club on motion voted to have both meetings each month in the evening, instead of one at noon as heretofore. Regular meetings are first and third Tuesday nights in each month at 8 o'clock during the summer.

On motion, Lion Brian Smith, was invited to give a report at the next meeting of the work done at Texas City by the American Red Cross.

A motion was also carried that the Lions Club have Ladies' Night meeting once each quarter.

President Saegart told of the film on Soil Conservation that was shown at the Malba Monday night, and said arrangements had been made to have it shown before the Lions Club meeting on Tuesday night, July 1. One film is on Mills County and one on Comanche County. Hobart Priddy of Priddy, county chairman of soil conservation for Brown and Mills Counties, will be invited to be a special guest of the club for that night.

It was announced that the loving cup the club and Star citizens are presenting at Allen Poe of Star had been received and would be presented later.

Motion carried that dues for the coming year be placed at one dollar per month for each member, plus cost of plates.

Lion Past President T. C. Graves spoke on the Rodeo project for next year, and wanted the Lions Club and all other organizations of the city to sponsor it as an annual event. Lion Lester Bain introduced

NEW MINISTER FOR CHURCH OF CHRIST

MINISTER M. E. BLAKE

Minister and Mrs. M. E. Blake and two sons have moved here from Greggton, Texas, near Longview, and are occupying the Parsonage at the Church of Christ. Minister Blake has accepted the call of the Church of Christ, and preached his first sermons here last Sunday. Their two sons, Jack and Terry, will enter High School here next fall. All the people of Goldthwaite and Mills County will welcome them.

Services at the Church of Christ next Sunday will be as follows:

Sunday School—10:00 a. m.
Morning Worship—10:50 a. m.
Subject: "The Wisdom of Preparation."
Young People's Meeting—7 p. m.
Evening Worship—7:45 p. m.
Prayer Meeting—Wednesdays at 7:45 p. m.

M.E. CHURCH TO HOLD OPEN HOUSE FOR NEW MINISTER SAT.

The Methodist Church of Goldthwaite will hold open house from 8 to 10 at the church Saturday evening June 7, to welcome a new minister, Rev. M. D. Lowry. Rev. Lowry and family were due in Goldthwaite late Thursday afternoon and will begin his official duties at the church Sunday morning. The minister comes to Goldthwaite highly recommended, having served in the Navy as a Chaplain. His former residence was in Center Point located in south-central Texas.

Rev. Paul A. Weiss, recently resigned pastor after almost two years here, has moved to San Antonio and will be the minister at the Trinity Heights church in that city.

Mr. and Mrs. Odie Daniels of Brownwood, and Mr. and Mrs. Wayne Massey of Garland spent the week-end with their parents, Mr. and Mrs. E. A. Obenhaus, and other relatives.

as his guest Darius B. McCombs, who will start Monday morning as Mills County Agricultural Agent.

OVER 12 BLOCKS IN CITY TO BE PAVED AND SEAL-COATED

Six city blocks around and leading to the Goldthwaite School buildings are to be paved, to tie in with the paving of the Rock Springs Highway; five and one-half blocks of existing paving will receive seal coating at the expense of the City of Goldthwaite; and one additional block is to be paved at land-owners expense. City Utilities Manager W. C. Barnett said this week.

At a special meeting of the Goldthwaite City Council on May 20, contract was let to Ross & Martin, who are now paving two arm-to-market roads in the county on state contract, to pave six blocks around the school buildings. Contract called for grading, drainage and paving, and work has already begun. Paving is to start at the Rock Springs Highway and run south two blocks in front of the High School Building, and then come east four blocks to Reynolds Street at the Goldthwaite Inn to tie in to existing paving.

At a special meeting of the Council on May 29, Ross & Martin also contracted with the City to Seal-coat about five and

a half blocks of existing pavement in the city. To be seal-coated are one block on Third Street between Parker and Fisher; two blocks on Fourth Street running from the Post Office to the Santa Fe tracks; one block on Fisher Street from Fisher to Parker, in front of First Baptist Church; one block on Hutchings Street, between Fourth and Fifth, in front of the Methodist Church.

A contract previously let to Ross and Martin by property owners and to be paid for by them is one block on Parker Street from First to the Rock Springs Highway, which will tie on to existing pavement at First Street.

This work, when completed, will bring road relief to the schools and four churches of the city, and shows careful planning on the part of city officials.

A movement is under foot by property owners to have walks built on one or more streets to the school building in order that students walking to and from school will not have to walk in the center of the streets.

CALVIN HOLCOMB RESIGNS AS MILLS COUNTY AGENT

Calvin Holcomb, Mills County Agent since September 1, 1944, has resigned his position here and goes to a better job as County Agent at Tulla, Swisher County. His resignation is effective June 8.

Mills County Commissioners Court in special meeting last Thursday hired Darius B. McCombs of Taylor County to become Mills County Agent, beginning next week. Mr. McCombs is an ex-service man and graduated from A. & M. College last week. He comes here highly recommended. Mr. McCombs visited Goldthwaite Monday and will move here next week.

Mr. Holcomb during his nearly three years' work here has done a wonderful job and will be missed by people from all over the county. He especially distinguished himself by his work among club boys of the county, and brought fame to Mills County and fortune to several club boys in the fat calf division at various Texas livestock shows.

DONKEY BASEBALL GAME HERE MONDAY NIGHT AT EAGLE FIELD

Harry F. Edmondson Post American Legion is sponsoring a Donkey Baseball game to be played here at Eagle Field Monday night, beginning at 8 o'clock. Riding donkeys around the bases will be Howard Hoover's Hotshots against James Nickols' Cowboys. On donkeys, nearly anybody can win a baseball game.

Admission price is 50 cents for adults and 25 cents for children, tax included.

MILLS COUNTY LEGUME AND VETCH GROWERS ASS'N

All vetch growers are requested to attend a meeting at 2:30, Monday, June 9, 1947, in the District Court Room, for the purpose of discussing the price and marketing your vetch seed; what we hope to get for vetch seed; the operation and testing, germination and purity test. Also pooling of seed.

If you are interested in getting a better price for your seed, please be present and show your interest.

ELDER I. A. DYCHES IN HOSPITAL

Elder I. A. Dyches suffered a heart attack Monday night and was rushed to the Memorial Hospital in Brownwood in Fairman and Wilkins Funeral Home ambulance. At last report he was not much improved.

THREE YOUTHS IN AUTO ACCIDENT WED.; SIMPSON KILLED

Elmo Simpson, a youth of Mullin died in the Memorial Hospital in Brownwood yesterday morning following an automobile accident near San Saba in which two others were injured. Johnnie Ray Price, the probable driver of the 1936 Ford Sedan, suffered head injuries. Following a head operation for the removal of glass and sand from the brain, Price was given a chance to recover. The third victim of the accident, Marvin Lawson, was taken

to a San Saba hospital and his condition was reported as good. All three were Mullin youths. Simpson brings the total Mills County automobile fatalities to four for the year. In February two colored servicemen were killed south of Goldthwaite and Mrs. Cecil Starnes of Mullip was instantly killed near Brown's Creek north of Goldthwaite.

Funeral services for young Simpson will be held today at Mullin.

that is, if any tadpoles are left.
Anyway, that don't worry the

anyhow. Let them tad-
poles start worrying.
NOT A BUSINESS
Old Man, finkert is imagin-
ing he has worked 20 years and
saved \$20,000. What is he going
to do with it? He certainly is not
going to be crazy enough to
start a new business with it.
He'd have to hire six lawyer
and six tax experts and six ac-
countants to keep him straight
on government regulations, re-
ports and taxes—and the gov-
t would take most of his earnings
in taxes. Also, the 50 people he
would hire could gang up on
him and make wild demands

ENEMIES
Maybe us USes has smarted
some since—but right after
WW I in 1922, and again in 1930,
a result of some disarmament
inferences, the USes destroyed
5 of our own combat ships;
and all during WW2 the Ger-
mans and Japs together only
took 160 similar ships.
The patter of little feet was
heard at the head of the stairs.
The party hostess motioned for
silence. "Listen," she cooed.
"The children are going to de-
liver their good night message."
There was a moment of hushed
expectancy. Then, "Mom, Willie
found another bed bug."
And the Old Man notices in
the dailies where cocktail lounges
in states where they have
them can be bought at half
price. This is because customers
that used to order 6-bit Martinis
now only order a bottle of beer
—which shows we're finally
coming down to earth in our
spending habits. Looks like the
easy money has got away from
most of us. A cocktail lounge is
just the old-time saloon plus
upholstered stools and dark
booths added for what we used
to call the weaker sex.
And also, the Old Man notices
that them statistics fellers say
there are more men than women
in insane asylums. But,
brother, who do you think put
them there?
After the doctor had exam-
ined the 7th, he came out and
told the Old Man: "I must tell
you frankly that I don't like the
looks of your wife." The Old
Man snorted and told him: "Oh,
yeah. Well, if you ask me, I
would say she's a darn sight
better looking than your wife."
Weather Man—"Put down
rain for a certainty this after-
noon." Assistant—"Are you pos-
itive, sir?" W. M.—"Yes, indeed.
I've lost my umbrella, I'm plan-
ning to play golf, and my wife's
giving a lawn party."
And when the guard asked
the man that was about to be
electrocuted if he had any last
words, he said: "Yeah, I'd like
to offer my seat to a lady."
Once the Old Man was riding
on a bus and heard two men
talking in the seat ahead: "Yes,
he has two sons. One is a politi-
cian and the other isn't much
good either."
And when a Goldthwaite dad
told his young son he never told
lies when he was a boy, the son
asked: "When did you start,
Father?"
It's pretty hard to tell about

FARM AND RANCH CHATTER
WITH LAYNE BEATY WBAP
6:30 AM Week Days—10:15 AM Sundays

The first U. S. Department of Agriculture yearbook since 1942 is out. Titled "Science in Farming" it is a good source of authentic information on many of the technical aspects of modern farming. It summarizes some of the more important developments in agricultural research, especially of the war years. The Superintendent of Documents, Government Printing Office, Washington, has them for sale for \$2.00. Congressmen have a limited number for distribution.

DDT came too late to help, but someone has discovered now that this popular modern insecticide deals a death blow to fever ticks, which caused so much trouble back in the twenties before they were eradicated in Texas. The even newer spray, hexachlorocyclohexane, which will be known as HCH, also is effective.

Mrs. Ben F. Bragg, Hillsboro, Route 4, says with all this talk about turkey steaks, why not consider turkey sausage. She did, when her Thanksgiving

turkey killed itself prematurely by getting its neck caught in some chicken wire while stealing grain from the chicken yard. Lacking refrigeration, she made sausage out of the bird and reports it is delicious.

Grain farmers have been warned to insist that itinerant harvest crews clean their combines, trucks and other harvest equipment to be sure there is no bindweed seed in them before coming into the non-infested field or community. Bindweed is spread in this manner every year.

Comanche county was second highest producer of peanuts harvested for nuts in 1944 with 68,623 bushels, according to the Census Bureau. . . Texas lost a great agricultural leader in the sudden death May 26 of Paul B. Dunkle, superintendent of the Denton Experiment Station for the past 24 years. The station's annual field day on the preceding Friday had attracted 1600 persons by actual count. . . Val Verde county, Texas, leads the nation in number of sheep, according to the 1945 agricultural census. Pecos county is second; Crockett, third.

BATHING BEAUTY EVENT AT CORPUS

Throughout the state Junior Chambers of Commerce are completing final plans for Bathing Beauty contests to select their representatives in the annual "Miss Texas" Bathing Beauty event, to be held this year as part of Buccaneer Days celebration, June 12, 13, and 14, in Corpus Christi.

The title "Miss Texas," automatic entry in the Miss America contest at Atlantic City in September, and a prize of \$500 goes to the winner. Over 40 of the most beautiful and talented girls in the state are expected to compete in the contest.

Governor Beauford H. Jester will crown "Miss Texas" of 1947, newsreel camera will spotlight the event for theatre audiences, writers and press photographers will cover the event for nationwide newspaper services, and talent scouts for motion pictures will be on hand to look over likely prospects for a film career.

DAIRY CHECK-UP

COLLEGE STATION, June 4—Five check points that are important to Texas dairy farmers right now are listed by the Extension dairy husbandmen of Texas A. and M. College.

The dairy husbandmen believe a check-up on the following items will help boost production:

1. Water supply—Cows need more water this time of year. They will drink more if the water is clean, cool and conveniently located.
2. Sour milk—Always a problem in the late spring and summer months. Souring can be stopped by producing clean milk and cooling it to 55 degrees Fahrenheit within two hours after milking.
3. Horn flies—pests that occupy a cow's time when she should be producing milk. Horn flies can be controlled by spraying back, sides, legs and bellies with one pound of 50 per cent wettable DDT powder in 25 gallons of water.
4. Good, green grass—a cheap feed that always brings a rise in milk production and cuts out many herd health problems. Dairy men can make green feed last longer by mowing weeds and alternating grazing.
5. Kind treatment—a necessity in the management of dairy cows, now and throughout the year. Rough treatment and high production are seldom found together on a dairy farm.

Jones Valley H. D. Club

The Jones Valley H. D. Club met with Mrs. Albert Tulley May 27. Nine members, three new members and three children were present. The hostess acted as chairman and also gave the programs on "Selection of Material," and "Fire-proofing Material." We designed each other a dress, selecting the material, color, lines and type for each person. A bathmat was fire-proofed, using 2 quarts of hot water, 7 ounces of Borax and 3 ounces of boric acid.

During the recreation period we played "Bargain Counter." To make our afternoon complete the hostess served a delicious plate to all.

Our next meeting will be June 10, at 2:15 with Mrs. Hawley Jernigan.

COMMENDS WOMEN FOR SAVING FATS

The American Fat Salvage Committee, Inc., this week announced a statement from Clinton P. Anderson, Secretary of Agriculture, commending the women of America for their efforts in conserving and turning in used household fats and underscoring the need for the continuation of kitchen fat salvage.

Secretary Anderson's statement reads:

"America's homemakers have saved and turned in over 600 million pounds of used cooking fats since 1942. This is an average of nearly 20 pounds for each family in the United States. It is a record of which every woman can be proud.

"However, it is still necessary to conserve every pound of fat, since the over-all fat supply situation is little better now than it was last year when we were desperately short, particularly of industrial fats.

"Manufacture of many of the things we all use and wear in our daily lives require industrial fats or the products of industri-

HILLSIDE MISSION

—By LIDA BYRNE

"A nation's greatness resides not in her material resources, but in her will, faith, intelligence and moral forces." Our nation today is great because of our forefathers' determination to serve God, with the faith that they would succeed, and many of our boys went into the service of our country knowing that they had a deed to perform, knowing that they would suffer noble sorrows and perhaps give up their lives. "Greater love hath no man than this, that a man lay down his life for his friends. St. John 15:13.

Words of Sir William Jones are: "If I am asked, who is the greatest man? I answer, the best; and if I am required to say who is the best? I reply, he that has served most of his fellow creatures."

"Greatness lies not in being strong, but in the right using of strength." We can get intelligence in our homes, schools and colleges, but wisdom comes from God.

"Wisdom is the principal thing; therefore get wisdom; and with all thy getting get understanding" Proverbs 4:7.

"Blessed is the nation whose God is the LORD; and the people whom he hath chosen for his own inheritance. Psalm 33:12.

"Behold, the eye of the Lord is upon them that fear him, and upon them that hope in His mercy." Psalms 14:3.

The Lord is high above all nations, and his glory above the heavens. Psalm 113:4.

All nations before him are as nothing; and they are counted to him less than nothing, and vanity. Isaiah 40:17.

al fats. Used cooking fats turned in by American women have been and continue to represent an important part of our total industrial fats supply. Every pound of salvaged fat helps meet the need."

During World War I a total of 13,948 women served on active duty in the Navy and Marine Corps: 1,763 Nurses, 11,880 "Yeomanettes" and 305 "Marinettes". In World War II, by V-J Day, there were approximately 100,000 women in the Navy and 100,000 women in the Marine Corps Stationed at some 600 activities in the United States and Hawaii, they served tactically all ratings.

Although such members as Ma and Pop Fisher, daughter Clara and her husband Frank, are made the unhappy victims of Aubrey Piper's egotism when he is brought home to the family as Amy's husband, it is Amy's brother, Joe, who suffers the greatest persecution. Joe, an inventor, is about to sell a rust preventative when the interfering Aubrey not only blunders into Joe's chemical paraphernalia and sets the house on fire, but later visits the prospective buyers of the invention and turns down their offer because he considers it too small.

FAMOUS BING CROSBY FILM HIT DUE FOR A GALA RETURN

Bing Crosby, in one of his most popular pictures, "If I Had My Way," returns Saturday night to the Melba Theatre. The film will be recalled as the forerunner to "Going My Way," "Bells of St. Mary's" and "Road to Utopia." Some of Bing's best songs are featured in the Universal picture which co-stars Gloria Jean and features a grand cast of Hollywood favorites.

The top tune, of course, is "If I Had My Way," which continues to be frequently heard on the radio. Other numbers in the gay film include "Meet The Sun Halfway," "I Haven't Time To Be A Millionaire," and "Pessimistic Character," and are performed as duets by Bing and Gloria, who does a solo of "Little Gray Home In The West."

Eddie Hilton Morris had an appendectomy operation last week. As his appendix had ruptured, he was in a serious condition for several days, but he is son of Mr. and Mrs. George Hill.

Wilbur D. Galloway of Franklin, who is attending A. and M. College, came in Wednesday and visited until Friday with his sister, Mrs. Ellen R. Galloway, and children.

"What you want—When you want it"

W.S.C.S.

Mrs. Mamie Winsor entertained the W. S. C. S. on Monday, May 26. A splendid program was rendered by a number of members of the society—after which Mrs. Winsor served delicious ice cream and angel food cake.

On Monday, June 2, the W. S. C. S. met at the church in a short business session. It was decided to meet only twice a month through the summer, and to change the hour from three o'clock to four. All members take notice.

An open house was planned for Saturday night to greet the new minister. All the Church is invited from eight o'clock to ten.

The members went over to the Parsonage to visit Bro. Weiss and wife and presented them with a handsome gift.

No. 2 Conservation Group, May 16, and studied range conditions on Brit Berry's and W. T. Moreland's pastures. Members of the group present were David Watters, Brit Berry, R. C. Berry, W. T. Moreland and R. C. Miller.

A meeting was conducted in the Lake Merritt Addition Soil Conservation Group, May 21. R. C. McCollum was elected group leader. Range conditions on some of the pastures in the group were studied by the following members: R. C. McCollum, W. D. Crowder, C. V. Whatley, Bowie Long, and Mr. Petty.

In carrying out part of their coordinated soil and water conservation plan, several farmers in the newly organized Duren Conservation Group have recently constructed diversion terraces on their farms. Those completed include Warren Duren, 1,050 feet; Ralph Duren, 950 feet; W. H. Wasserman, 2,793 feet. The construction of these terraces was done by Earl Henry.

C. W. Holden, cooperater in the Pompey Conservation group who has just recently signed an agreement with the Brown-Mills Conservation District, recently completed 1,200 feet of diversion terraces and two stock tanks on his farm. Construction was done by Earl Henry.

The Madrid clover on Mr. Tulley P. Lee's farm, group leader of the newly organized Mt. Olive Conservation group, shows promise of a good seed crop. This clover was planted April 1, 1946, in two-foot rows and cultivated last year. It furnished considerable amount of grazing in the summer and fall. It is believed that this variety of clover will fit in well on any stock farm in this section and furnish supplemental grazing in the spring, summer, and fall.

VETERANS NEWS

Almost 230,000 disabled veterans of World War II now are in training under the provisions of the Vocational Rehabilitation Act (Public Law 16), the Veterans Administration has announced.

As of May 1, approximately 56 per cent of those in training—or 128,877—were enrolled in recognized colleges, universities, and other educational institutions.

The remaining 44 per cent—or 100,769—were taking on-the-job training in business and industrial establishments. To date, approximately 169,000 such establishments have been approved for this type of training.

Since the inception of the vocational rehabilitation program in March, 1943, upwards of 8,500 disabled veterans have been declared rehabilitated, VA said.

Senate Joint Resolution No. 4

PROPOSING AN AMENDMENT TO Article VII of the Constitution of the State of Texas by the addition of two new sections to be known as Sections 17 and 18 providing a special fund for the payment of Confederate pensions and providing a method of payment for the construction and equipment of buildings and other permanent improvements at state institutions of higher learning; providing for a five-cent reduction in the maximum allowable state tax on property; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

SECTION 1. That Article 7 of the Constitution of the State of Texas be amended by adding thereto Sections 17 and 18 which shall read as follows:

"SECTION 17. In lieu of the State ad valorem tax on property of Seven (7c) Cents on the One Hundred (\$100.00) Dollars valuation heretofore permitted to be levied by Section 51 of Article 3, as amended, there is hereby levied, in addition to all other taxes permitted by the Constitution of Texas, a state ad valorem tax on property of Two (2c) Cents on the One Hundred (\$100.00) Dollars valuation for the purpose of creating a special fund for the payment of pensions for services in the Confederate army and navy, frontier organizations, and the militia of the State of Texas, and for the widows of such soldiers serving in said armies, navies, organizations or militia; provided that the Legislature may reduce the tax rate hereinabove levied.

"ALSO, THERE IS HEREBY levied, in addition to all other taxes permitted by the constitution of Texas, a state ad valorem tax on property of Five (5c) Cents on the One Hundred (\$100.00) Dollars valuation for the purpose of creating a special fund for the purpose of acquiring, constructing and initially equipping buildings, or other permanent improvements at the designated institutions of higher learning; and the governing board of each of such institutions of higher learning is fully authorized to pledge all or any part of said fund, allotted to such institution as hereinafter provided, to secure bonds or notes issued for the purpose of acquiring, constructing and initially equipping such buildings, or other permanent improvements at said respective institutions. Such bonds or notes shall be issued in such amounts as may be determined by the governing boards of said respective institutions, shall bear interest not to exceed three (3%) per cent per annum and shall mature serially or otherwise not to exceed ten (10) years from the first (1st) day of January of each year in which such funds are allocated or re-allocated to said respective institutions, provided, the power to issue bonds or notes hereunder is expressly limited to a period of thirty (30) years from the date of the adoption of this amendment; and provided further, that the Five (5c) Cent tax hereby levied shall expire finally upon payment of all bonds hereby authorized; provided further, that the state tax on property as heretofore permitted to be levied by Section 9 of Article VIII as amended, exclusive of the tax necessary to pay the public debt and of the taxes provided for the benefit of the public free schools, shall never exceed Thirty (30c) Cents on the One Hundred (\$100.00) Dollars valuation. All bonds shall be examined and approved by the Attorney General of the State of Texas, and when so approved shall be incontestable; and all approved bonds shall be registered in the office of the Comptroller of Public Accounts of the State of Texas. Said bonds shall be sold only through competitive bids and shall never be sold for less than their par value and accrued interest.

"FUNDS RAISED FROM SAID Five (5c) Cents tax levy for the ten (10) year period beginning January 1, 1948, are hereby allocated to the following institutions of higher learning, and in the following proportions, to wit:

Institution	Per Cent Of Total
John Tarleton Agricultural College	5.72107
North Texas Agricultural College	6.17028

Swing Of Southwest Farm Markets

(By U. S. D. A.)

Southwest farm markets regained mostly steady to strong last week, except for occasional easiness on some types of livestock, poultry, feeds, fruits and vegetables according to Production and Marketing Administration, U. S. Department of Agriculture.

Wheat and corn prices continued to climb last week, and closed Thursday 6 to 9 cents higher on corn and four cents on wheat.

Light offerings of spot cotton and demand for only certain qualities held trading to a small volume.

Eggs and poultry held fairly steady at most southwest points last week. Fryers remained firm, but hens and roosters weakened

based on the average long session full-time student enrollment for the preceding five (5) year period of time, shall re-allocate, to the above designated institutions of higher learning that in existence, all funds to be derived from said Five (5c) Cent ad valorem tax for said ten (10) year period; and all such designated institutions of higher learning which participate in the allocation or re-allocation of such funds shall not thereafter receive any other state funds for the acquiring or constructing of buildings or other permanent improvements for which said Five (5c) Cent ad valorem tax is herein provided, except in case of fire, flood, storm, or earthquake occurring at any such institution, in which case an appropriation in an amount sufficient to replace the loss so incurred may be made by the Legislature out of other state funds. This amendment shall be self-enacting. The State Comptroller of Public Accounts shall draw all necessary and proper warrants upon the State Treasury in order to carry out the purpose of this amendment; and the State Treasurer shall pay warrants so issued out of the special fund hereby created for said purpose.

"SECTION 18. For the purpose of constructing, equipping or acquiring buildings, or other permanent improvements, the Board of Directors of the Agricultural and Mechanical College of Texas is hereby authorized to issue negotiable bonds or notes not to exceed a total amount of Five Million (\$5,000,000) Dollars, and the Board of Regents of The University of Texas is hereby authorized to issue negotiable bonds or notes not to exceed a total amount of Ten Million (\$10,000,000) Dollars. Any bonds or notes issued hereunder shall be payable solely out of the income from the Permanent University Fund. Bonds or notes so issued shall mature serially or otherwise not more than twenty (20) years from their respective dates, and in no event later than twenty-five (25) years after the date of the adoption of this amendment. Said boards are severally authorized to pledge the whole or any part of the respective interests of the Agricultural and Mechanical College of Texas and of The University of Texas in the income from the Permanent University Fund, as such interests are now apportioned by Chapter 42 of the Acts of the Regular Session of the 42nd Legislature of the State of Texas, for the purpose of securing the payment of the principal and interest of such bonds or notes. This Permanent University Fund may be invested in such bonds or notes.

"ALL BONDS OR NOTES issued pursuant hereto shall be approved by the Attorney General of Texas and when so approved shall be incontestable.

SEC. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at a special election to be held throughout the state on the fourth Saturday in August, A. D. 1947, at which election all ballots shall have printed thereon:

"FOR THE AMENDMENT TO Article VII of the Constitution of the State of Texas, adding Section 17 and 18 providing for the levying of a state ad valorem tax on property in lieu of the present state ad valorem tax of Seven (7c) Cents for Confederate pensions in order to create special funds necessary for the payment of Confederate pensions and for the financing of the construction and equipment of buildings and other permanent improvements at state institutions of higher learning, in the amounts of Two (2c) Cents and Five (5c) Cents respectively; providing for a Five Cent reduction of the maximum allowable state tax on property, making such tax not to exceed Thirty (30c) Cents on the One Hundred (100.00) Dollars valuation; providing a method of payment for the construction and equipment of improvements and buildings at Agricultural and Mechanical College of Texas and The University of Texas."

"Against the amendment to Article VII of the Constitution of the State of Texas, adding

OFFICIAL STATE HIGHWAY MAP

AUSTIN, May 14—A new edition of the official State Highway Map is just off the press to aid Texas travelers in finding their way over the state's rapidly expanding road system.

Color photographs of things to see and do in the Lone Star State are featured on the map to help lure tourists from other States and inspire Texans to "See Texas First."

State Highway Engineer D. C. Greer announced free copies of the new map are available to the traveling public upon request. They will be distributed through the Highway Department's main office at Austin, the twenty-five district offices, and at the Department's information bureaus located at ports of entry into Texas.

Progress on the postwar building program is graphically indicated on the new map which carries more than 1,100 miles of new paved road which were not shown on the former edition.

He knows not how to speak who cannot be silent; still less how to act with vigor and decision. Who hastens to the end is silent; loudness is impotence.—Lavater.

Health Notes

"It is an unfortunate fact that some people are willing to risk their health—possibly even their lives—by prescribing for themselves and taking a drug that they have read about somewhere and which has been termed a 'miracle drug,'" states Dr. Geo. W. Cox, State Health Officer.

"Although such drugs as penicillin, streptomycin, thioracil and sulfa drugs have been of great value in combating diseases that have heretofore been very difficult to control, nevertheless, they can be very dangerous products in untrained hands. They were never intended to be used promiscuously for self-medication," the State Health Officer asserted.

If a pharmacist refuses to sell a particular drug and explains that it cannot be supplied without a physician's prescription the would-be purchaser should not become provoked. That pharmacist is giving sound public health advice and is also complying with the law. The State Health Officer declared that self-medication is never advisable, and even "miracle drugs" should be taken only when a doctor prescribes them.

Malcolm Horton

Receives B. S. Degree

Malcolm Horton, 20 year old son of Mr. and Mrs. M. F. Horton of Goldthwaite, received his B. S. degree in Mechanical Engineering from the Agricultural and Mechanical College of Texas on May 30.

Horton was awarded a bronze plaque signifying the Engineering Faculty Senior Award for outstanding Achievement in Recognition of "scholastic attainment, demonstrated leadership organizational ability and for proficiency in the performance of extra-curricula activities." This is the first year this award has been presented at A. and M. College. Having finished second highest in his class of 692, Allan graduated with an over-all grade point ratio of 2.9172 out of a possible 3.00 after maintaining a straight A average during six semesters of his school work and the distinguished student rating during each semester. He was chairman of the college chapter of the American Society of Mechanical Engineers, a member of the American Society of Heating and Ventilating Engineers, Society of Automotive Engineers, and other campus activities. Horton entered A. and M. in February, 1944, but left school in February 1945 to enter the Merchant Marine Cadet Corps. He returned to school soon after VJ Day and completed the work for his degree. Allan has accepted a promising position with the Central Texas Iron Works of Waco. Mr. and Mrs. Floyd Blair and baby spent last week-end with her parents, Mr. and Mrs. Hudson, who live near Gatesville.

STAR NEWS

By MRS. A. B. SOULES

The weather is pretty and rather warm. Everybody is harvesting their grain that is ripe. John Shelton and daughter Lounette brought her mother home and spent the week-end with her sister and brother-in-law, Mr. and Mrs. John Soules and daughter Billy Gale. Mr. and Mrs. Weldon Edwards and little son Weldon Lynn of Abilene spent the week-end in the home of Mr. and Mrs. John Soules and daughter Billy Gale. Miss Billy Gale returned home with them to visit for a while. Mrs. June Clifton and baby Rosamond of Evant spent Monday in the home of her mother-in-law, Mrs. Rex Clifton, and other relatives. Mr. and Mrs. A. B. Soules spent the week-end in the home of her father and sister, Mr. George Dearson and Miss Lannie Dearson of Indian Gap. Mrs. Burt Ball spent Sunday in the home of her daughter and son-in-law, Mr. and Mrs. Jim Green, and children. Mrs. Clair Shelton is very much improved and I hope she will soon be home. We all wish her a speedy recovery.

Silence is the element in which great things fashion themselves together; that at length they may emerge, full-formed and majestic, into the delights of life, which they are thenceforth to rule—Carlyle.

New Maytag Home Freezer

A new home freezer described as a "complete kitchen unit" has been announced by The Maytag Company of Newton, Iowa. With six cubic feet of locker storage space and a capacity of 300 lbs. of meat at 240 lbs. of mixed packages, it maintains an operating temperature of zero Fahrenheit in all climates. When closed it provides a porcelain enamel utility table top with attached drop leaf for dinette purposes large enough for two people. Inset shows counter-balanced lid open and defrosting tray in use.

Miss Gilbert's Engagement Told at Buffet Supper

Mrs. Ruth Patterson and Mrs. Mary Higgs Webb entertained at the home of Miss Mary Hope Westbrook with a buffet supper May 14, announcing the engagement and approaching marriage of Miss Iva Katherine Gilbert, to Hoyt Cockrell of Goldthwaite.

Miss Gilbert, who is a daughter of Mrs. E. W. Gilbert, is a graduate of John Tarleton and the University of Texas. She taught at Sweetwater before teaching in the English department of Tarleton.

Mr. Cockrell attended John Tarleton and North Texas Agricultural College. He was formerly associated with Wolfe's Nursery.

—Stephenville Empire Tribune.

Miss Gilbert Honored

The Department of English and Languages at John Tarleton College honored Miss Iva Katherine Gilbert, bride-elect of Hoyt Cockrell, with a tea shpw Thursday evening at the home of Mrs. G. W. Woodward, 1251 West Jones Street, Stephenville.

A profusion of spring flowers both cut and in their natural setting, decorated the home and lawn for the occasion.

Hostesses were Misses Dollie Glover, Mary Hope Westbrook, Jonnie Shirley, Ruth Hilliard, Mozelle Hillswick, Mesdames Don

Webb, Tolbert Patterson, LaRue McAlester and G. W. Woodward. About fifty guests called during the evening and were served punch and cake on Mrs. Woodward's lovely lawn.

Miss Barbara Walden's Approaching Marriage Announced

Friends here of Mrs. Martin Henry Walden have received announcements of the approaching marriage of her daughter, Miss Barbara Ann, of Stephenville to Dr. Ben Bolivar McCollum, Jr.

The Waldens were former residents of Goldthwaite and managers of the Saylor Hotel for many years.

Miss Walden is a graduate of Goldthwaite high school and her many friends here wish for her much happiness in the future.

Engagement of Miss Hallie Early Is Announced

The engagements and approaching marriage of Miss Hallie Early, daughter of Mr. and Mrs. Otis Early, 1407 Ave. E., to Billy W. Johnson, son of Mr. and Mrs. J. W. Johnson, 1601 Avenue B, was announced at a tea Friday afternoon. Hostesses were Mrs. J. L. Brice and Mrs. Early and the party was held at the home of Mrs. Brice 2620 Durham, Brownwood.

The wedding will take place June 20 in the First Baptist Church.

Wins Honors At Tarleton

Nellie Ruth Conway, the daughter of E. D. Conway of Vernon and a former graduate of Midway grammar school, was given the "Uta Davis Scholarship" from John Tarleton.

Nellie Ruth graduated from the Midway grammar school then she attended the Goldthwaite high school for half a year. Her final high school years were spent in the South Lockett school. She entered Tarleton last fall.

I know that her many friends and former classmates wish her success in her future schooling and life.

In Memory of Joseph F. Straley Jr.

Joseph French Straley, Jr., a former resident of Mills County, was killed by a horse on a ranch near Rankin, Texas, on a ranch near Rankin, Tex., Wednesday, May 28, 1947. Mr. Straley was sixty three years of age and born in this county. He was married to Betty Burdett in 1903. To this union were born nine children, seven of which are living, five sons and two daughters.

Sons: Herbert, Forest, Dave and John of Goldthwaite and Arthur of Grapevine, Texas. His

daughters are Mrs. Elam Kelly of Goldthwaite and Mrs. Doris Linely of Lampasas. He is also survived by a brother, Van, of this city and a half brother, Will Jackson of San Saba.

Funeral services were held in the First Baptist Church of Goldthwaite, May 30 at 3:00 p. m. with Rev. D. A. Bryant and Rev. M. E. Blake officiating. He was laid to rest in the Goldthwaite cemetery.

"A precious one from us has gone,

A voice we love is stilled;

A place is vacant in our hearts That never can be filled.

God in His wisdom has recalled The boom His love has given— Though the body slumbers here, The soul is safe in Heaven."

By His Children.

KICKED BY HORSE

Lathan, the small son of Mr. and Mrs. Malcolm Jernigan was kicked in the chest by a horse Monday afternoon at their home.

Lathan received quite a shock but was not seriously injured. His many friends will be glad to know he is getting along alright now.

Mr. and Mrs. D. D. Tate and Mr. and Mrs. H. E. Patton spent last week-end at San Angelo fishing on the ranch of former Senator Penrose B. Metcalfe.

Land is usually in best shape for terracing after the crops have been gathered and before breaking is started.

"UNLESS WE WORK"

Bernard M. Baruch, one of the great Elder Statesmen of America, recently gave his countrymen some wise advice.

The world, he said, "can get going only if men work," and "if we accept the challenge to preserve civilization, it means greater effort than that exerted during the war." He pointed to the pressing need for maximum production, with no strikes and no lay-offs, in the future. And then he said: "Unless we work, we shall see vast inflation. That would be the greatest blow we could receive, for it would strip us of our strength to preserve our way of life."

We have sought for an easy way to do things—and we have found that no such way exists. We have wanted luxury, but we have not wanted to labor to earn it. Our whole philosophy of late has been the suicidal one of asking more and giving less. Capital, labor, agriculture, the consumer—this indictment fits large segments of them all.

No country has ever undergone a great inflation and kept its institutions free. No country has ever turned to government to solve every real or imagined domestic difficulty and escaped from degrading itself into some kind of totalitarian state. Freedom is not imperishable. It must be earned, and it must be constantly defended.

Mr. Baruch pointed to a choice that cannot long be postponed. We will work and we will assume the clear duties of a free people or we will lose our freedoms in a terrible economic and political upheaval.

JUST A PUSH
By Sam Say

At this writing my pen wants to ramble, but that disposition is in keeping with our day and times.

In a former article I didn't quite finish on the "reading habit." I didn't say that the time spent reading the Book and other good books was more than the time given to all those seven or eight periodicals. A good book, if read candidly, is worth more than its weight in gold. Just to open a book and let some great man or woman talk to you is a thrilling experience.

At this point I am anxious to say words about the editorial "Reverse Gear" in the Goldthwaite Eagle a short time ago—hope you read it. That is what I call helpfulness. Surely our kind Editor is not too timid to let me say what I should say. I said to my wife that it had more real merit than any editorial from a secular paper that I had read for years.

The value of such articles consists in the appalling need of our national and local condition.

A majority of our race just won't learn the lesson that righteousness is more powerful than wealth. A minority, and I think a small minority, know that superior force and security issues in righteousness but the minority is not turning us into dominant safety.

Any of us like to admit that spiritual forces established our once proud civilization and those forces have sought to maintain a spiritual energy and beautify a path sufficient to induce a faithful patronage and a growing increase in permanent joyful realities.

I suppose if the great satatesman W. T. Gladstone was back in the world again he would likely repeat his blistering criticism. He knew spiritual fruitfulness but he saw much empty profession and useless ceremony in the name of religion. Too much world cloak-ed under a name and said "Man should be careful lest his religion injure his morals."

FIRE PREVENTION AND THE COMMUNITY

American communities must bear much of the blame for our soaring toll of deaths and property destruction by fire.

According to A Bruce Bielaski, executive director of the President's Conference on Fire Prevention, less than 2,000 of the more than 16,000 municipalities in the United States have building codes. Most of the existing laws are more than 15 years old. On top of that a great many fire departments are badly equipped and under manned, and are not organized to give firemen adequate training.

Here are some of the reasons why the toll of fire has reached record proportions, and is still increasing. Last March, for example, losses reached a new monthly high of almost \$72,500,000—36 per cent above the same month in 1946. And fire's death toll is running in excess of 10,000 lives annually.

We can reduce fire losses by at least 75 per cent—if we have the will to do it.

MAKING REFORMS SUCCEED

LESSON TEXT—II Kings 22:10, 11; 23:1-5, 21.
MEMORY SELECTION—Give me understanding, and I shall keep thy law.—Psalm 119:34.

God can bring blessing out of the most unpromising of circumstances. Yes, and men can make chaos out of God's greatest gifts.

The good Josiah became king at eight years of age, and was surrounded by godly counselors who helped him become an outstanding ruler for God. When he was sixteen he had a real religious experience (II Chron. 34:3), and at twenty he began to purge Judah and Jerusalem of idols and wickedness.

I. A Book Found and Read (22:10, 11; 23:1, 2).

The Word of God had been neglected for about sixty years. How sad! Yes and how sad that in our homes the Bible is so often neglected—on a book shelf, or in a trunk, or gathering dust on a living room table. A lost Bible, and a people living in sin! How much we need to push aside the rubbish in our lives and bring out our "lost" Bibles.

Observe that they not only found the book, but they read it. That was true of the ones who found it as well as of those to whom they passed it on. What a good thought we have there: read the Bible, yes, but be sure to get someone else reading it too.

In Josiah's day it was thus first received.

1. By the King.
The ruler or rulers of the people need to return to God's Word in our day. It is all too often neglected in the council chambers of the nations.

Josiah was moved by what he read to real repentance. He realized that the judgment of God must come. Inquiry at Jerusalem brought word from Huldah the prophetess that it would come, but not in Josiah's day.

The king was not content to keep this word to himself, and insisted that it be read.

2. By the religious leaders.
The priests and the prophets who were doubly guilty in neglecting it were now brought face to face with God's revelation.

Who will say that the great need in America is not just this, that its preachers and denominational leaders get back to the reading and teaching of God's Word. Book reviews, lectures in economics and politics, discussions of one world—almost anything but the Bible. Such is the fare of many of our preachers. No wonder that they and their people are spiritually starved.

Josiah knew what was needed and the Word was now read.

3. By the people.
Applying that to our day, it is true that the Bible is our best seller, that it is available to every home, and that most decent households have not one but many Bibles. But are they being read? The answer is obviously no. Let's correct that dreadful situation. Read your Bible!

II. A Book Believed and Practiced (23:3-5, 21).

Josiah saw that it was not enough to read and rejoice over the Word of God. Something must be done about it, and he did it.

1. The king made a covenant with God.

Standing in a prominent place before his people, he humbly and solemnly renewed his commitment to the Lord, and promised to abide by his Word with all his heart and soul (v. 3). Such a leader could not but inspire his people to do the same.

What a blessing it is to us when we hear of some man prominent in the affairs of the nation or state who loves the Lord, and keeps his commandments. He is not only an inspiring example, but a real witness for God.

2. The priests cast out the idols (vv. 4, 5).

The king required this of them, and they proceeded thus to cleanse the places of worship and prepare the way for a true devotion to God.

Here again we say that when religious leaders get back to their first devotion to God and put away the empty philosophies of this world, we shall see a revival.

What did the people do? Josiah saw that they needed some positive expression of their faith. It was not enough to tear down the idols; they must re-establish the true worship of God. So we find that

3. The people kept the Passover.
This was the great feast of the Jews which spoke of redemption from bondage. It pointed forward to Christ the Redeemer from sin. He is our Passover (I Cor. 5:7).

In these dark and bewildering days people are looking to Christian leaders to prepare a feast of remembrance of the death of Christ and of his glorious redemption. Let the people gather round him and, cleansed by his precious blood, keep the feast with joy and purity of heart (I Cor. 5:8).

RANGE CONSERVATION PAYS

—By J. H. BEENE
U. S. Soil Conservation Service
 Stock farmers and ranchers in the Brown-Mills Soil Conservation District are finding that good grass management by proper stocking and deferred grazing pays off in more pounds of beef or wool per acre.

"I sheared more total pounds of wool off my sheep this year than I used to get off of three times that many", says Russell Cobb, of near Mullin. Mr. Cobb further states that he had overgrazed his pastures for so long that they were extremely low in production, but has now cut his number of head down to what he believes to be the most profitable number. He has found that by totally deferring grazing on a pasture from about the first of June until frost, he

allows the higher producing native perennial grasses to develop a deep root system, large top growth, and make a seed crop. Such grasses are little bluestem, Indian grass, sideoats grama, tall dropseed, hairy grama, and buffalo grass. When these grasses are allowed to increase, they do so to the detriment of the principal invaders such as needlegrasses (threeawns), Texas grama, hairy triodia, and annual grasses and weeds. By following this practice a litter of mulch accumulates that will hold more water where it falls, prevent erosion, and improve the cover and composition of the higher producing grasses. This makes for a permanent agriculture and increased income from the range.

JOE GERARD

Joe Gerard, who will be remembered by old-timers here and who entered the Santa Fe service in 1885, died at a Temple hospital May 26, and was buried at Gainesville May 28. He retired in 1942, after 57 years of railroad service. Mr. Gerard, 78, was fireman on the first train that ran into Gainesville in 1886.

CARD OF THANKS

We wish to thank all our friends and neighbors and his many friends in Rankin, for the comforting words and assistance rendered at the time of the tragic death of our dear father, French Straley.

We also wish to express our thanks for the beautiful floral offering.

May God bless each of you.

ATTENDS FUNERAL

A message was received by relatives late Monday telling of the death of S. T. Hill in Brownsfield. He was the youngest son of the late Mr. and Mrs. A. H. Hill. His brothers, Will, Charlie and George, left for Brownsfield Tuesday morning to attend the funeral.

Mr. and Mrs. Bill Hightower and daughter, Barbara Gale, of Austin arrived Sunday to spend the summer. Mr. Hightower was a student at the Texas University.

Mr. and Mrs. John Elliott and children visited in the Tom Elliott home Sunday.

Roy Hillin of Lubbock visited his uncle, L. N. Hillin, the past week.

VISITS TEXAS CITY

Walter Henry visited his daughter at Texas City over the week-end and looked over that wrecked city. Mr. Henry's little granddaughter had a very narrow escape when the blast from the ship exploded. The child was sitting in a chair facing a window toward the blast at the home about a mile away. Concussion from the blast hurled glass from the window clear across the room and scarred the chair in several places. The two-inch thick front door was torn from its hinges and flung across the hall, while the screen door was not damaged.

Two out of every three automobile accidents in the United States last year involved mistakes by drivers.

Surprise Party

Mr. and Mrs. S. H. Ward was given a big surprise last Monday when their children knocked on the door from Fort Worth and Cleburne with well filled baskets of dinner. Mrs. S. H. Ward answered from the kitchen where she was preparing dinner for she and Mr. Ward.

The children, grandchildren, grandpa and grandma enjoyed the day until time came to say goodby until next time.

The preliminary estimate of fire losses in 1946, made by the National Board of Fire Underwriters, was \$561,000,000.00 or 23% more than the comparable preliminary estimate for 1945, the National Safety Council reports.

Safety features of household equipment and furnishings rank high in consumer interest, according to the most recent information from the Consumer Speaks, project of the American Home Economics Association.

accounting of expenses. The other day the first quarterly reports were made public.

According to the first filing, by far the biggest lobby on Capitol Hill today is the labor lobby. The 75 labor lobbyists are the full-time "legislative representatives", and do not include John L. Lewis, Phil Murray, Bill Green or heads of the other big unions. Nor does the list include the so-called "flying squads" which the CIO has been sending to Washington in recent weeks to demand that no labor legislation be passed.

A number of Texans are in the lobbying business in Washington. These include former Congressman Fritz Lanham of Fort Worth, Dale Miller of Dallas,

Walter Woodul of Houston, and others. Miller, son of the late Roy Miller, for the first three months of this year received \$1500 plus \$750 expenses from Dallas Chamber of Commerce; \$1500 plus \$102.50 expenses from Intra-coastal Canal Association of Louisiana and Texas; \$1500 plus \$434 expenses, from Texas Gulf Sulphur Company.

For the three month period, former Congressman Lanham is shown to have received a total of \$1916 plus some expenses, for representing the National Patent Council, American Fair Trade Council, and Trinity Improvement Association.

A rater high-paid lobbyist is one John C. Cuneo of Modesto, California. He represents the Townsend plan, and reported income of \$13,442 during the first three months of the year. The Citizens Committee for Displaced Persons registered 21. They work for legislation to let more displaced people into this country from Europe. In my opinion, this is no time to be relaxing our immigration bars. I favor reducing instead of increasing immigration quotas during these times.

When the newspapers recently carried pictures of a vast amount of potatoes being dumped and destroyed in Alabama, a storm of protest was heard. A resolution was introduced in the House to have an investigation made. It simply didn't make sense to needlessly destroy food in these times. But there is sometimes good reason for things that do not appear in pictures. Congressman Bob Poage, of Waco, a prominent member of the House Committee on Agriculture got busy and called for an explanation. Poage found that all the potatoes that were destroyed were off-grade potatoes, and were destroyed only after the Department of Agriculture had tried in vain to sell or even give them away. Similar potatoes can be bought today at a token price of \$5 per carload, F. O. B. if th

17TH COWBOY REUNION AT STAMFORD
Cowboys and girls attending the seventeenth annual Texas Cowboy Reunion at Stamford on July 2, 3 and 4 will be gunning for slightly more than \$5,000 in prizes. The American Quarter Horse Association will hold an official show in connection with the Texas Cowboy Reunion rodeo. It will be the seventh consecutive showing here.

CHRISTIAN SCIENCE SERVICE

"God the Only Cause and Creator" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, June 8.

The Golden Text is: "Through faith we understand that the worlds were framed by the word of God, so that things which are seen were not made of things which appear" (Hebrews 11:3).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "By the word of the Lord were the heavens made; and all the host of them by the breath of his mouth" (Psalms 33:6).

Chickens and turkeys selected for processing must be high quality birds if a good carcass is to be turned out.

buyer will give assurance that they will be used for the production of alcohol or starch. If the buyer wants to export them he can have them for 4 cents per hundred pounds. Or, if some one wants them for relief or for charity, he can have them absolutely free. The potatoes in Alabama were in such condition that they were not worth the cost of shipping them.

B. F. Goodrich announces a big reduction in the price of the famous Silvertown tire!

Yes, you can now buy all popular sizes of the tire that outwears prewar tires at actually less than prewar prices! And despite higher manufacturing costs too! One of the things that makes possible this huge price reduction is the tremendous demand for the new Silvertown—greater than for any tire B. F. Goodrich ever produced. In fact, more miles have been driven on this new tire than any other tire introduced since the war.

BROWN - MILLS SOIL CONSERVATION NEWS

VERNON CARR, Brooksmith CHARLIE BYNUM, Rt. 1, Zephyr.

NO. 523—TEXAS
Comprising all Farms and Ranches in Brown and Mills Counties—Approximately 1,057,280 Acres.

The Pleasant Grove No. 1 Soil Conservation Group held a range application meeting Thursday, May 29, with L. O. Kelly, Oran Carothers, and R. D. Robbins present. The members of the group studied the values of sound range conservation. Paul T. Koshi and Charles Haensch, technicians from the Soil Conservation Service, assisted in this meeting.

The Caradan-Bethel Soil Conservation Group has borrowed a combine from the Little River-San Gabriel District with which to combine the vetch in this group. Approximately 200 acres of vetch is to be combined in their group.

R. C. Miller, cooperater in the Pleasant Grove No. 2 Conservation group, has just completed 2,335 feet of diversion terraces. Fred Wall, County Commissioner, constructed these terraces with county road machinery.

J. H. Priddy, cooperater in the Priddy No. 1 Conservation Group and Supervisor of the Brown-Mills District, recently constructed 2,000 feet of diversion terraces. The construction was done by Earl Henry with a bulldozer.

Soil Conservation Service technicians from the Goldthwaite Work Unit assisted agricultural teachers from the Vocational School in a range meeting for classes from Priddy, Tuesday, May 27, and from Mullin, Wednesday, May 23. They studied grasses and range conditions in this section of the District.

Miss Wanda Evans of Corpus Christi came in the first of this week for a visit with her grandmother, Mrs. J. Everett Evans, and other relatives. Wanda graduated from the Corpus Christi High School May 23, 1947.

Big Valley News

By Mrs. M. W. Calder
Most of the farmers have their peanuts planted and are waiting for a rain to make the grass come up with the peanuts, but it will have to rain soon or they will come up clean.

Ellis Smith spent part of last week with Hugh Smith and family.

Several from here attended the funeral of Dock Brown at San Saba.

Mr. and Mrs. Andy Brown of Fort Worth visited a few days in the Valley last week.

Quite a few enjoyed a ball game at Hugh Smith's Sunday, including the Mexican boys.

Mr. and Mrs. Wright from San Saba County were visiting in the Valley Sunday.

Mr. and Mrs. Uldric Martin and two sons, Mr. and Mrs. Wright called in the M. W. Calder home Sunday afternoon.

Sgt.-Major Boyd Knowles and wife are spending part of their furlough with his father, G. A. Knowles, Sr. Eugene Cannon also visited Mr. Knowles.

Alford Adair from Garlon visited in the W. H. Nelson home Sunday.

Mrs. W. H. Nelson accompanied Ellis Smith to Fort Worth Sunday, where she will visit with her daughter and family. Mrs. Oral Bohannon, and to take treatment from a doctor there. We hope she will be feeling better when she returns.

Mrs. Kate S. Baird of Brownwood visited Wednesday in the home of Otis and Bess Hutchins and also visited her cousin, Mrs. Corine Hillen.

Mr. and Mrs. C. D. Griffin and son, Billy Roy, visited with his mother, Mrs. Ada Griffin, at Moline for awhile Sunday evening.
