SEES ALL — KNOWS ALL — TELLS NEXT TO NOTHING

By OLD MAN 100

(THE BOSS IS NOT RESPONSIBLE FOR WHAT OLD MAN 100 SAYS IN THIS COLUMN. NEITHER IS THE OLD MAN. IF YOU GET MAD, COUNT AT LEAST A THOUSAND BEFORE YOU SHOOT OR BEAT HIM UP.—THE BOSS)

BUY AT HOME (3)—

The Boss says he can't see much results as yet on the Old Man's BAH campaign he started three weeks ago. And the Boss looked at the Old Man in a funny way and said again, "or else." That scared the Old Man and gave him an idea. All good clubs like the BAH Club the Old Man started here last week has to have a Secret Sign and secret pass word. In order to keep them absolute secret, the Boss tells the Old Man to print them in his column, which he did last week about the Secret Sign. Now, here's the secret pass word—to be used only when one member wants to pass out of Goldthwaite and go to another town, like Llano, to buy things, and wants to ask if he could bring him back something, maybe. The secret pass word is "or else"—and is to be whispered only as follows: Place left lip to other man's right ear, with both men holding their OWN pocketbooks with both hands. As most everybody will sign any petition or join any club if it don't cost them nothing, some few have been asking the Old Man about how to join. Now, the Old Man don't want joiners—what he wants is disjoiners for this club—but all you have to do to join this secret club and get your name printed in this secret column is to let one of the Old Man's spies catch you buying something out of Mills County that could be bought here cheaper and would be a lot better, too. If the Old Man's spies report to him in time, he hopes to print the names next week of the Big Shots—the BAHs and the BAWs—in this new BAH Club and part of the BAHs—the rest of us little shots that don't BAH here. But this column wouldn't near hold the names of all little BAHs. If you're one of the ones that don't always BAH, watch this secret column next week for further secret instructions.

THEM BENCHES—

Some mighty good Samaritan done his good deed this week when he put them benches in front of the bank building for us oldsters to swap yarns on and set and watch the passing parade. Only thing, the Stinky Boss watches the Old Man so much he don't have time to enjoy em any. Let the Old Man kick, and the Boss tells him if he didn't want to work he oughtn't to have hired out. Old Hunner intends to spend Sunday on them benches, 7th permit.

AIN'T RETIRING—

Somebody's allus asking the Old Man why he don't retire. Well, the Old Man is one of them bureaucrats (donkeys, to you)—and whoever heard of a bureaucrat retiring as long as they'll let his bureau run whether it's needed or not. There's hundreds of old men that should have expired when the war durated—but didn't—with tens of thousand of employes that cost US taxpayers billions of dollars a year cluttering up Washington right now—and the Old Man figures he has a right to do a little cluttering up right here hisself.

PUNCTUATION—

John W. Roberts copied the following paragraph from an old composition book over 50 years ago, and he don't know how old the book was then. It is intended to show the need of capital letters and punctuation marks. It can be read two ways—each way just the opposite of the other: "He is an old and wickness he is never found in doing good he is most zealous in sowing discord he takes no delight in the cause of justice he is a faithful servant to the devil he will never go to heaven he must go where he will receive a just compensation as his reward." The Old Man was sorter afraid to print this because when you read it you maybe might think of Old Man 100—so please read it again.

KNOWS IT'LL RAIN—

Now when Old Man 100 first started his column about two years ago, he went around and appointed half the people in Mills County as spies to report to him what the other half was doing, if anything. He got good results from them, too, until they found out it was a free job. Now they're beginnin' to report some again. One of the Old Man's good spies just re-

Rev. Charlie Jackson Leads In First Baptist Revival To Begin Sun.

Rev. Charlie Jackson, Evangelist, will be on hand for the opening services of the Baptist Revival next Sunday, August 3. Rev. Jackson has conducted other meetings here and his friends will be ready to welcome his leadership in this venture. He is to preach in the Goldthwaite Church and lead in the county-wide revival being held by almost all the Baptist Churches of the county. First Baptist welcomes the return of Rev. Jackson, her preacher son. Many remember that "Charlie" was converted, baptised and preached his first sermon here. The services will begin with the Sunday School at 9:45 a. m. Sunday, August 3 with the preaching services at 11:00 a. m. and 8:00 p. m. The week day services will be at 10:00 a. m. and 8:00 p. m. except on Saturday when the morning services will be omitted.

REV. CHARLEY JACKSON

near here for some time. It is felt that the leadership of the helpers will challenge the best from the membership.

The services of Mr. and Mrs. Claude Lawson have been secured to direct the music program. Mr. Lawson will direct the singing while Mrs. Lawson will be at the piano. This team will add much to the revival services. They, too, are well known to the people of this section having made their home

First Baptist extends a cordial welcome to all to attend the services. The Auditorium will be cool, the singing will inspire and the gospel messages will challenge. The leaders observe that, "Strangers are invited; visitors are welcomed; members are expected."

GOLDTHWAITE 4-H CLUB BOYS WIN DISTRICT RIFLE SHOOT

Thirteen Mills County 4-H Club boys, accompanied by Delton Barnett and County Agent, Darlus B. McCombs, have just returned from a three-day stay at the District 4-H Club Encampment at 36th Division Park, Lake Brownwood, Texas. We should certainly be proud of the record that our boys made while there. Our boys certainly brought back more than sun-burned backs and skinned toes, and we have the ribbons to prove it. The boys won First Place as a team in the District Rifle Shooting contest. Jim Bob Steen won first in individual honors as high score man in the District Rifle Shooting Contest, with Curtis Crowder winning second as high score man in the same contest. Both of these boys re-

ceived first and second place ribbons and 500 and 400 rounds of 22 calibre ammunition respectively. Jim Bob Steen was elected Vice-President of the District Club meet. The boys held their own in Soft Ball, getting to play only one game against a team picked from several counties and tied the score of this game 7-7. This is a record we should be proud of considering that there were 152 boys in the camp and competition was very strong. Those attending were: Jim Bob Steen; Allan Poe; Robert Henry Johnson; Curtis Crowder; John Davis and Sammie Owens; Dave Nugent; Del Barnett; Merion Reynolds; Huntis Black; Bobby Zeen Egger; Alvie Doyle Roberts.

Many Changes In Mills County Schools; Consolidate With Others

On Saturday, July 26, 1947 four districts voted unanimously to consolidate with the Goldthwaite Independent School District. These districts were: Rock Springs, Nabors Creek, Jones Valley and Head (North Bennett). Voters of the Goldthwaite Independent School District also voted unanimously to consolidate with each of these four districts.

On June 28, 1947 the Lake Merritt School District was abolished by the Mills County Board upon petitions from a majority of the qualified voters living in that district. Parts of the former Lake Merritt District were annexed to Goldthwaite, Priddy and Mullin.

Pleasant Grove also was abolished by the Mills County School Board on last Saturday, July 26 upon petition from a majority of the voters of that district. Part of this district was annexed to Star and part to Goldthwaite.

Pottsville Independent School District of Hamilton.

MEETING HERE MONDAY NIGHT

To all members and those interested in becoming members of the Appreciation Day Association:

We are holding a meeting Monday night, August 4, 1947, at the court house, to elect a new steering committee and master of ceremonies.

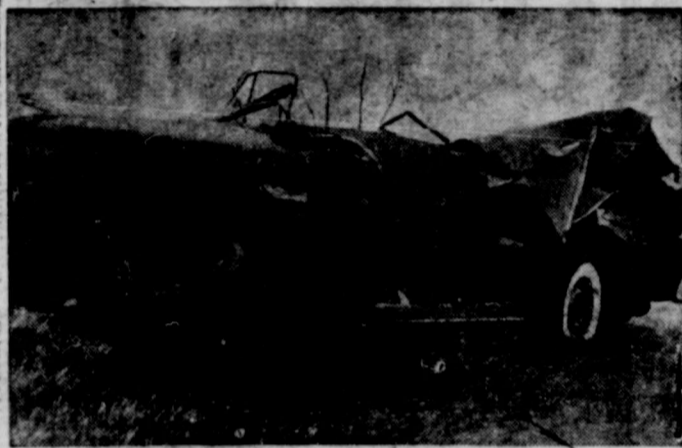

ALVA DALTON, Chairman.

TRANSFER NOTICE

Please be reminded that all applications for transfer of scholastics from one district to another must be filed with the County Superintendent by August 1, 1947. No applications for transfer can be accepted or considered after that date.

Individual Responsibility The Deciding Factor In Reduction Of Street And Highway Accidents

The driver of this car was killed because he was driving "too fast for conditions." Rounding a curve on damp, slippery pavement, his machine skidded off the road and rolled over and over down the side of a steep embankment finally came to rest right-side-up with the driver crushed in the wreckage. Stated speed limits apply only to average conditions, and a safe speed at ordinary times can be a very dangerous speed in bad weather. The law has a right to expect motorists to drive below stated speed limits when special conditions demand it.

By THOMAS H. MACDONALD

Commissioner, Public Roads Administration

For the first time in its history, this country is mobilized to put an end to the national tragedy of inexcusably excessive traffic accidents.

It is too much to expect that we shall ever completely eliminate accidents from our busy streets and highways. But the record of last year—approximately 33,500 killed, 1,150,000 injured, and an economic loss of some \$2,000,000,000—leaves no room for argument against the cold fact that we must accomplish a very substantial reduction.

With this in mind, President Truman invited to Washington in June, men and women from every part of the nation—public officials having fixed responsibilities, representatives of non-official organizations and public spirited citizens alike—to attend the second President's Highway Safety Conference.

The President gave them a common goal and a common responsibility. Their goal was to save at least 10,000 lives on the nation's streets and highways through the reduction of traffic accidents this year, with a comparable reduction in injuries and economic losses. Their responsibility was to pool their experience and perfect a program of action—at the community, state and national levels—which would assure the accomplishment of their goal.

The men and women who attended that conference did their job well. They reiterated the action program of the first President's Highway Safety Conference, in 1946; implemented it where necessary, and made a complete inventory of highway safety activities in the United States. Out of their inventory came irrefutable evidence that in the field of highway safety, local, state and national governments are working together in an efficient and co-ordinated arrangement. The inventory further proved that wherever the recommendations

of the original program had been put into effect, even partially, there had been a reduction in highway accidents.

But there is one other fact that the inventory brought into inescapable focus, which perhaps is the most important development of all. It is that highway safety is everybody's job. No matter how sincerely and efficiently they may try, public officials and safety specialists alone cannot prevent traffic accidents. They must have the intelligent and willing co-operation of the people, whether they walk or whether they drive. That is the message I would like to bring home to every man, woman and child in our country.

The goal we seek will be won or lost by the way you—the individual citizen—walk or drive. Every day last year an average of 91 persons were killed and 3,150 injured on our streets and highways—four deaths, 131 injuries, every hour. Of the dead at the year's end, 12,200 were pedestrians, an increase of 1,340 over the previous year. Speed caused a fourth of all fatal accidents, while another sixth was chargeable to mixing alcohol with driving. Jaywalking alone brought death to more than 4,000 persons.

These are unpleasant statistics, but if we are to have the kind of co-operation we need from all our citizens, they must be told the plain truth. As a great public service, in co-operation with the President's Highway Safety Conference, the press of the nation is now engaged in that most important task. Through news articles, editorials, pictures and advertising, your newspaper—and other newspapers throughout the country—are offering you a liberal education in the costs, causes and cures of most traffic accidents. Read every word of it. It may help you not only to save some other person's life, but perhaps to save your own.

20-CRACKER PECAN SHELLING PLANT BEING INSTALLED IN CITY

Mr. and Mrs. G. R. Gilbert and baby from Carbon, Texas, have moved to Goldthwaite, where Mr. Gilbert is now installing a 20-cracker pecan shelling plant on the west side of the square next to Gartman Furniture Store.

The plant—one of the largest in the state—will employ about 18 women and four to six men during the pecan season, and

will be all ready to go by then. Besides handling Mills and surrounding county pecans, Mr. Gilbert said the company would buy pecans from all over the state and ship them here to be shelled.

Little Addie Jo Conradt, daughter of Mr. and Mrs. Charles Conradt underwent a tonsillectomy at Dr. Felt's clinic in San Saba Friday of last week.

SALES AT WEST CROSS TIMBERS SHEEP & GOAT SHOW LISTED

At the meeting of the West Cross Timbers Sheep and Goat Raisers' Association Show and Sale held at Legion Park here July 23 and 24, the association voted to hold its annual Show and Sale at Ranger next year.

The Resolution Committee read the following resolutions over the loud speaker at the barbecue hour last Thursday: "We wish to thank the citizens of Goldthwaite for their efforts in sponsoring the show for the past two years, which has been very successful. We wish to thank the exhibitors for their efforts in making the show a success and for the quality of the stock exhibited. We wish to thank Murray Cox and Station WFFA for the broadcast from the grounds Wednesday at noon. We wish to thank the Officers and Directors for their work the last year for the Association. We wish also to thank the Goldthwaite American Legion for the use of grounds and buildings."

The Eagle was in error last week in reporting the statewide broadcast of Murray Cox RFD over WFAA-820. Mr. Cox interviewed Doc Hodges, President of the Association, a sheep

raiser from Ranger; Luther Jernigan of Goldthwaite, Vice-President, a goat raiser of Mills County, who told of the different types of goats and mohair; and Hollis Blackwell of Goldthwaite, Secretary, who said the show was bigger and better this year, than last, stated arrangements for such a show and sale was a big task. He thanked the following for their help in making it a success: Lester Bain, Dr. T. C. Graves, Howard Campbell, Jesse Moreland, Robert Henry Johnson, Charles Conradt, Darlus B. McCombs, Y. B. Johnson, L. D. Fletcher, Everitt Holland, R. L. Steen, George Fletcher, M. L. Jernigan, Miss Joyce Harrell, Miss Jodie Falkcloth; and others whose names could not be mentioned on account of radio time being up.

Sales at the Show Thursday afternoon follow: E. B. Mullis to Wiley Mahan, Goldthwaite, 1 sheep, \$25; to L. V. Cleghorn, Blanket, 1 sheep, \$30; to A. L. Reese, Goldthwaite, 1 sheep, \$25; to A. L. Reese, Goldthwaite, 1 sheep, \$25. Sam H. Rahl, Goldthwaite to H. G. Giffmore, Lampasas, 1 sheep, \$37.50. (Continued on last page.)

NEW BAPTIST CHURCH BUILT AT CENTER CITY

In spite of the obstacle that have come up the past two years just as we were ready to start our Church building, we are going to have a larger and better Church than most of us thought we could build. We will have seven class rooms and a baptistry added to the auditorium. We are paying for the building as it is being built. So many has said they wanted to give, that has not given yet. Your gifts will help to prevent a delay, you will miss a blessing if you don't give to this worthy cause. The first Sunday in each month has been set to take a building fund offering.

Our revival starts Sunday, August 3rd. Visit us and bring your offering for the building fund, or if it would be impossible for you to come, you might send your gift to Jimmie Wright, Kenneth Coffman, Joe Wild or C. F. Cloud.

STOLEN COW CLAIMED AT AUCTION RING

A cow, stolen several months ago from a Mr. Gray of Llano, was recovered here Monday by Sheriff W. L. Mahan as it was being run through the auction ring at the regular Monday auction.

Sheriff Mahan called Mr. Gray at Llano, who came here and identified the cow as one stolen from him several months ago. At that time, it was sold through the auction ring at Harkeyville. Ring records there were checked and the owner has the name of the man who first sold the cow at the Harkeyville auction.

TURTLES WANTED

The Activities Committees of the Goldthwaite Lions Club is in need of some hard-backed dry-land turtles to run in the Turtle Marathon Race here next Wednesday after Appreciation Day. To date, they have no turtles. Boys wanting to make cash money should bring their turtles to the Mills County Cold Storage & Produce Co. by noon Wednesday, or as soon as caught.

BAPTIST MEET HEAT CHALLENGE WITH AIR CONDITIONING

First Baptist Church is solving the heat problem with a newly installed air conditioning system. Two units of ten thousand cubic foot capacity each have been installed and are in operation. Plans were made and space provided for these units when the building was constructed. That these units are a success was demonstrated by the smiles of satisfaction on the faces of the worshippers who attended the services last Sunday. The Church leaders are unanimous in their belief that this new improvement will be worth much in the revival services to be held next Sunday.

The Church extends a cordial invitation to all to attend the services and worship in the delightfully cool atmosphere inside the auditorium.

SAFETY TIP OF THE WEEK

BEWARE OF THE BAT! He's not only "batty," he's literally blind as a bat after he's looked into the glare of powerful oncoming headlights. It takes seven whole seconds for his eyes to adapt themselves again to the darkness of the highway, and if he's going 45 miles an hour, his car will travel 462 feet in seven seconds. That's plenty of space to meet up with any of the following: other approaching cars, a sudden curve, a hole in the road, or a careless pedestrian.

Rainy or dirty windshields can blind motorists, too. Glaring headlights and obscured windshields caused 1,400 highway deaths last year. The wise night-driver keeps his windshield clean, makes sure his windshield wipers are in good repair. He never looks directly at approaching headlights, but keeps his eyes focused on the side of the road. To make safety doubly sure, he always drives at moderate speeds at night.

Mr. and Mrs. Jack Burns and children, Barbara and Jackie Wilson, have moved to Jal, New Mexico.

JAMES STEWART IN 'IT'S A WONDERFUL LIFE' AT MELBA

No one can ask for more heartwarming entertainment than that afforded by Liberty Films' comedy-drama, "It's a Wonderful Life," which opens Saturday night preview at the Melba Theatre. James Stewart and Donna Reed are starred in this RKO Radio release, and Lionel Barrymore, Thomas Mitchell and Henry Travers are top featured in the large supporting cast.

The story embraces the life of George Bailey from adolescence to manhood in a small town in upstate New York—and his frustrated efforts to get away from it. Chief obstacle to his desire is the building and loan company founded by his father and later carried on by his bumbling kind-hearted Uncle Billy. This concern is the only thing in town not controlled by bitter old Henry Potter, the town banker and slum-owner. Four times does the building and loan company come between George and his departure, one occasion being the day he marries Mary Hatch and has to prop the company with his honeymoon money.

Stewart gives what is perhaps the finest performance of his career, and Donna Reed, in her first starring role, makes Mary a gallant and devoted figure. Barrymore is old Potter; Mitchell is Uncle Billy and Travers the "heavenly messenger." Others prominent in the fine cast include Beulah Bondi, Ward Bond, Frank Faylen, Gloria Grahame, H. B. Warner, Samuel S. Hinds, Frank Albertson, Virginia Patton and Todd Karns.

TARZAN AND THE HUNTRESS

Johnny Weissmuller, Brenda Joyce and Johnny Sheffield co-starring in a thrilling exploit of Edgar Rice Burroughs' famous ape-man, "Tarzan and the Huntress," present an adventure melodrama that deals with their jungle domain.

The expedition, headed by a pretty girl, seeks to capture specimens needed by war-depleted zoos all over the world. When stately King Harrod of Touranga refuses to let them take more than two animals of each species the party plots with Harrod's murderous nephew, Ozira. Harrod is killed, and Ozira, as his successor, arranges to sell the group all the animals they want.

In addition to the three stars the cast of the Sol Lesser production released by RKO Radio features Patricia Morison as the huntress and Barton MacLane as the expedition leader. Other players are John Warburton, Charles Trowbridge and Ted Hecht.

VETERANS URGED TO CASH OLD CHECKS

Time is growing short for Goldthwaite veterans to cash six-months outstanding readjustment allowance checks, R. E. McCrary, Manager of the Texas Employment Commission office in Brownwood, warned today.

On August 1 all veterans' readjustment allowance checks which are six-months old or older will be cancelled by order of the Veterans Administration. The Employment Commission, as Texas agent for the VA, administers the unemployment and self-employment allowances provisions of the G. I. Bill of Rights.

WHITTLERS' PARADISE

The professional and non-professional Goldthwaite whittlers, long a menace to the street shoe shine boys, have found a whittler's paradise. For now, on the Trent State Bank corner, new silver colored benches have been erected for the convenience of all. On the southside about twenty feet of whittling space has been installed and about ten feet on the east side. Now if the knife fans bring along their own timber, the seats will last longer; and too, they'll come in mighty handy for that tired shopper.

Mrs. Mae McGinn Dies In Goldthwaite

Funeral and burial services were held Sunday afternoon for Mrs. Mae McGinn, 38, whose death occurred last Friday.

Mrs. McGinn was born May 3, 1908 in McLennon county, Texas, and died in Goldthwaite at the age of 38. She moved to Goldthwaite in 1945 and has lived here since that time. In 1934, Mrs. McGinn was converted and united with the Assem-

blity of God Church at Waco.

She is survived by her husband, D. E. McGinn; a daughter, Mrs. Carrie Lee Robertson; a son, Samuel; three grandchildren, three brothers, one sister and her parents, Mr. and Mrs. S. M. Gilmore of Waco.

Funeral services were at the Nazarine Church of Goldthwaite and interment in the Goldthwaite Memorial Cemetery. Rev. Summers was the officiating minister and Fairman Wilkins funeral home was in charge of arrangements.

Mary Ann Thomas, 82, Services Monday

Mrs. Mary Ann Thomas, age 82, ancestress of 28 grandchildren and 7 great-grandchildren, died July 27, 1947, at the home of Mrs. A. D. Hill in Brownwood.

Mrs. Thomas was born September 4, 1864, in Comanche county, Texas and moved to Brownwood in January of this year. In early life, she joined the Baptist church. Preceding her in death were her parents, Mr. and Mrs. William Minchy, her husband, J. C. Thomas and two brothers. The deceased is survived by three sons, S. J. Thomas of Goldthwaite; Monroe and Deward of Galveston; four daughters, Mrs. A. D. Hill, Brownwood; Mrs. R. Tyson, Goldthwaite; Mrs. Nele Bell Hodges and another of Palo Alto, California.

Services were held Monday at the Nazarine church with Rev. Ashcraft in charge. Interment was in Memorial Cemetery at Goldthwaite.

CARD OF THANKS

We would like to take this opportunity to express our appreciation to our neighbors and friends of Goldthwaite. Our vocabulary is limited and in fact language will not express our heart. We are so thankful to the good people of Goldthwaite and elsewhere, while we were in our testing hours.

VISIT FORMER PASTOR

Mr. and Mrs. J. H. DuBose spent Monday and Tuesday in Mexia with Rev. and Mrs. D. A. Bryant and family. They attended a Sunday school picnic of one of the Young People's classes. The occasion was enjoyed very much.

Rev. and Mrs. Bryant are enjoying their work in Mexia and want to extend their regards to their many friends here.

Mrs. Freda Girsch of Temple left last week after a few days visit with Mr. and Mrs. Jerry Walker.

METEROR PASSES OVER THIS CITY

Several persons who were up as late as 11:45 last Saturday night reported seeing a falling meteoror passing around the eastern part of the city at that time. The meteoror was first seen in the southeast and was traveling northeast when it suddenly disappeared. The light from it was so bright it lit up bedrooms, awakening the occupants. It is believed the falling meteoror is buried in the ground somewhere in this vicinity.

This beats any flying saucer story around here to date.

J. M. Mays, cooperater with the Brown-Mills soil Conservation District, whose farm is located in the South Bennett group, recently constructed 400 feet of terraces in one hour and forty minutes with a Ford tractor and double disc plow.

T. J. Watson, whose farm is located in the Center City Conservation group, last fall planted seven acres of Alfalfa. He fertilized six acres with 150 pounds of 20% super phosphate per acre and used no fertilizer on one acre. The first cutting he baled 55 bales from the six

acres and in 21 days baled 133 bales from the same plot. The unfertilized acre has produced one bale to date.

Floyd Partin, another cooperater, has cut approximately 4 acres of Hubam clover with a binder. The clover will remain in shocks for several days before being thresher. This method of harvesting allows the clover to dry evenly making threshing easier. It will also allow time for some green seed to mature before threshing.

The Soil Scientist with the Soil Conservation Service made Conservation Surveys of the Scallorn group last week. This group is composed of Ward Carlisle, Victor Williams, F. E. Eckert, C. S. Smith, M. F. Hines and T. A. Casbeer. They are having their second planning meeting this week.

Laundering dark cottons and linens, such as navy or black, has long been a problem for housewives because quite often a soapy film is left on the surface of the material when it is dry.

It shouldn't worry housewives any longer. . . not if they do it this way:

First, the housewife should use detergents, the soapless kind, but to be sure and read the directions on the package, as some detergents are used for cotton while others are commended for rayons. Next, she says to use gelatin instead of starch. Dissolve one tablespoon of gelatin in a little cold water and then add two quarts of boiling water. The amount of water used depends on the desired stiffness of the garment.

After the garment has been washed and rinsed, and while still damp, dip it into the gelatin solution, squeeze out, roll in a towel, and iron while damp.

BUY SURPLUS WA PROPERTY

Central Texas buyers took \$250,000 worth of government owned surplus property at North Camp Hood, Gatesville, Friday when the Grand Prairie regional office of War Assets Administration awarded over 75 lots of material to high bidders.

Bidders from Goldthwaite who participated in the sale were Vernon O. Halford, S. P. McCasland, Elroy McCasland and Vernon D. McCasland.

Several hundred bidders vied for the surplus.

Our WASHINGTON Letter

By Congressman O. C. FISHER

One of the hardest-working Congresses in modern history ended its first session last week. The special-interest pressure groups will find much fault with what was done. The same will be true of the isolationists who think America should ignore the rest of the world in planning the peace. The same is true of the pro-Russians like Henry Wallace who think the Soviets should be encouraged to gobble up and communize most of Europe.

In this column next week will appear a brief summary of this session's accomplishments and some of its failures. I plan to return to the district early in August and will have an office in the Post Office Building in San Angelo, where I will be each Monday. It happens, however, that about the middle of August it will be necessary for me to go to the west coast for three weeks. There I will join a sub-committee which has been assigned the task of investigating racketeering in connection with the marketing and distribution of food. Many complaints from that area have come in, and the investigation may expose some very bad practices that call for legislation where interstate commerce is involved.

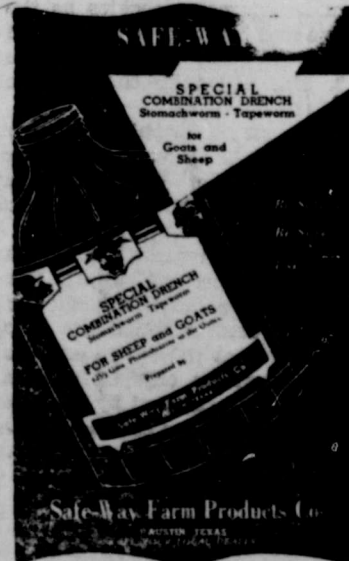

Among recent visitors in our office from Texas have been Dick Alexander of Brownwood; Mable McIver, Russell and Joe Trimble, Charles Windell, Mr. and Mrs. Joe Randel, Mr. and Mrs. D. L. McDermitt, of San Angelo; Mr. and Mrs. W. M. Tinsley, formerly of Junction but now of San Antonio; Mrs. C. Gardner Franks and her daughter, Betty Ruth, of Rock-springs; Gordon Moore of Kerrville; Dwain Wells of Blanket, Brown County; Mary J. Spence of Menard; Mrs. Carl O. Fleming, Mary Glen Fleming, Carl Fleming, Jr., C. O. Fleming, and W. T. Jones, Jr., all of Coleman; Martha Allen of Lometa; Tuffy McCormick of Eldorado.

McCormick, who will get his degree in law from Baylor next year, will join the Washington Redskins for a try-out in professional football this fall. The team will leave this week for a month of training in California.

Dwain Wells of Blanket, will work in the House Office Building until September 1, when he will return home for school.

Of particular interest to me was the visit of Mrs. Gardner Franks of Rockspring. She taught me in Junction High School and I always thought she was one of the finest characters and best teachers I ever knew. She and Mrs. Tinsley are sisters of former Governor Coke Stevenson.

On the last day of session the House passed the wool bill, and

Health Notes

A pamphlet entitled "Minimum Swimming Pool Standards" is being distributed by the State Health Department throughout the State to operators of swimming pools or other interested parties according to Dr. Geo. W. Cox, State Health Officer.

The standards set up were prepared for the protection of public health and include recommendations of the Joint Committee on Bathing Places of the Conference of State Sanitary Engineers and the American Public Health Association. These standards provide for proper sanitation practices at all types of pools from the "fill and draw type" to the modern "recirculating type."

Some of the specifications for standard sanitation are that the bacterial quality of the water should be equal to that of safe drinking water; frequency of changing or recirculating water should be such that maximum safety will be provided as well as proper economy; the water should be sufficiently disinfected to kill all disease bacteria and standards for cleanliness and algae control should be enforced.

Dr. Cox advises that the State Department of Health offers many services to the pool manager or operator. These services include free bacteriological analysis of the water, free kits for making chlorine residual tests on the water, and information and advisory service on problem that may be encountered in sanitation, engineering, or operation. All operators or managers are invited to write the State Health Department if they wish to obtain the bulletin on pool operation or a free chlorine residual testing kit.

Mrs. Lida Byrne went to Waco Wednesday of last week and attended to some business in the Missionary field.

sent it on to the White House. It continues the purchase program through 1948 at the same prices that were paid for 1946.

Our fear is that the State Department will reduce the wool tariff later this year. President Truman, when recently asked about a possible reduction in the tariff, discounted that likelihood. But it remains a threat.

The agriculture appropriation was finally agreed upon last week. It provides for \$265 million for soil conservation practices this year, and contains a provision this amount will be cut to \$150 million next year, and also provides that next year that no individual can receive more than \$500.

HIGHWAY CRASH FATAL TO RALPH LOUDERMILK

Ralph Loudermilk, 28, who fought all the way from Normandy through Europe into Czechoslovakia with the 90th Division, was killed Saturday in an automobile accident near Zephyr.

Raymond Harlow, also of Brownwood was injured.

Young Loudermilk, son of Mr. and Mrs. J. R. Loudermilk and brother of Justice of the Peace F. A. Loudermilk, died before an ambulance reached the scene.

The two involved in Saturday's wreck were employed by the Earl Clements and Son Tobacco Company of Brownwood and were returning home from a trip in a company vehicle, a 1946 Dodge panel delivery, when the accident occurred.

TERMINAL LEAVE DEADLINE AUGUST 31

Only six weeks remain for former servicemen to file claims for settlement of unused terminal leave under the Armed Forces Leave Act of 1946. Finance officers of the four armed services have announced. The two million former servicemen who are estimated to be eligible for payment will have until midnight August 31, 1947 to obtain forms, fill them out, have them notarized and mail them to the proper paying offices listed on Page 2 of the form entitled "Claim for Settlement—Unused Leave." Forms are available at post offices.

While connected with the wreck, tracks indicated that the panel turned over 1 3/4 times. (Brownwood Bulletin)

MARRIAGE VOWS SAID FOR MISS WIGLEY AND MR. SCRUGGS IN HOME CEREMONY

In the home of the bride's parent's, Mr. and Mrs. John Fisher Wigley, Star, Texas, before a candlelit altar decorated in fern, Miss Miriam June Wigley was united in marriage Saturday evening, July 5, 1947, to C. G. Scruggs of McGregor, by Reverend Henry J. Askew, Jr.

The bride entered on the arm of her father, John Fisher Wigley. She wore a dress of white pebble crepe fashioned with shirred shoulders and shirred V-neckline. The veil of illusion fell from a coronet of white baby orchids and her bouquet was of twin orchids.

The bride's only attendant, Miss Marilyn Wardlaw of Waco, wore a dress of pink pebble crepe, with a corsage of white carnations. He accessories were of white linen. Best man was John Scruggs, Jr., brother of the groom.

The reception was held in the home of the bride's parents.

From the table, which was decorated with white candles and a large arrangement of white gladioli, Mrs. Henry J. Askew of Dallas presided at the three-tiered wedding cake and Miss Wardlaw presided at the punch bowl. Sister of the bride, Miss Joyce Marie Wigley of Fort Worth was in charge of the guest register.

For her wedding trip Mrs. Scruggs chose to wear a dress of white pebble crepe, black patent accessories and a corsage of double orchids. Upon their return the couple will be at home at 1309 James.

The bride is a graduate of Priddy High School.

Mr. Scruggs, son of Mr. and Mrs. John Scruggs of McGregor, is a graduate of McGregor High School and is now attending A & M College of Texas. During the war, he held the rank of Captain while in the Armed Forces in Europe.

Swing Of Southwest Farm Markets

Cattle, sheep, and cotton netted sharp losses last week, and some southwest farm products found rather dull demand, according to the Production and Marketing Administration, U. S. Department of Agriculture.

Large world requirements strengthened wheat last week, while cool weather unfavorable for corn tended to offset July estimates of increased production. Wheat netted a slight advance, and white corn gained a cent or two. Oats held firm, influenced by scarcity of good grain from the new crop. Offerings from the current harvest of barley and grain sorghums held prices relatively unchanged.

Late-week cotton losses liquidated early gains, and spot prices closed mostly \$1 to \$7.00 lower. Current ginnings in South Texas sold freely in good demand.

Good quality candied eggs held fairly firm last week, but lower

grades and current receipts met dull demand, and some markets quoted lower prices. Fryers and broilers continue in good demand. Liberal supplies of hens moved slowly, and some went into storage. Prices dropped at Denver early and at Dallas later in the week.

After showing strength on some classes early last week, cattle eased later to lose mostly steady to 50 cents or more on most classes. Common to medium steers and yearlings sold from \$14 to \$20 at Houston.

Hogs scored general advances of 50 cents to \$2.00 per hundred pounds at most southwest markets. Good and choice medium weight butcher hogs reached \$27 at Fort Worth.

Southwest sheep and lambs closed last week barely steady to \$1.00 or more lower. Medium and gold spring lambs sold from \$17.50 to \$21.25 at San Antonio.

Jones Valley H. D. Club

The Jones Valley Home Demonstration Club met Thursday, July 24 with Mrs. J. H. Hale. Eleven members and ten visitors attended. Regular order of business was begun by everyone singing "Daisy". The Mills County H. D. Council Recommendations were adopted by our club.

Our plans for the club party were completed. This is to be August 2nd at Mrs. J. D. Berry's home. Everyone is to bring sandwiches and cookies. Also everyone is invited to attend.

A cake walk and style show is to be August 8 at the school house.

For our visiting club, we have invited Big Valley H. D. Club to meet with us September 9. This meeting is to be with Mrs. Arthur Wilcox.

The club is going to make cookies for the Red Cross, which will go to Waco Veterans' Hospital. Each club member is to

bring in readiness for the revival. Leon Johnson volunteered to furnish lights by taking his tractor and equipment necessary for lighting the tabernacle and grounds.

Mr. and Mrs. Wayne Jones and family were week-end guests of his father, Dee Jones, and brother, David and family.

Mr. and Mrs. Leon Johnson and children visited several days last week in Gustine with Mr. and Mrs. Guy Gunter and family.

Last Wednesday night while H. C. Carothers was enjoying the show in Goldthwaite, a party or parties made a get-away of his new car. So far there are no clues as to who or where the car is. H. C. is a half-brother of Mrs. Ran Gunn and is making his home with the Gunns.

Mr. and Mrs. Elmer Geeslin were guests Thursday of their grandmother, Mrs. Emma Huffstutler.

Mr. and Mrs. Pinkney Ball of Goldthwaite were guests last Sunday evening of Mr. and Mrs. Dutch Smith.

Several families from our way went to Goldthwaite Thursday for the Sheep and Goat Sale and enjoyed the fine barbecue dinner.

Mr. and Mrs. Leon Johnson and family went to Brownwood Sunday for a visit with his sister, Miss Ruby Johnson.

Mrs. John Harris called Saturday afternoon in the home of Mrs. R. D. Evans.

Huntis Black attended the 4-H Club encampment at Lake Brownwood Thursday and Friday of last week.

Scallorn H-D Club

Eight members of the Scallorn H. D. Club met Wednesday afternoon in the home of Mrs. Frank Hines. Greta Su as co-hostess of her mother led in the recreation of ten minutes gayete.

After disposing of the business, the president, Mrs. Fields Hines asked for suggestions as to the annual get-together.

Establishment of world peace is the most important problem facing the United States in the opinion of Democratic Senator Tom Connally of Texas, above, who is quoted in the July issue of Cosmopolitan magazine as saying:

"The most urgent problem facing the American people today, in my judgment, is the establishment of world peace. Until this is accomplished, the world will remain in a state of uncertainty and insecurity. The governments and peoples of the devastated areas will be unable to readjust their economy and become once more self-sustaining until treaties are signed and hatreds are buried. There can be no lasting prosperity for America with a great portion of the world unable to produce, unable to purchase and depending upon us for the necessities of life."

After a discussion pro and con as to where and what, Mrs. Dutch Smith invited the club members, their families and all friends who wished to enjoy an old-time cream supper to meet at her house Friday night August 1. Bring your freezers filled ready to freeze also containers for eating along with cookies enough for your family. Mr. and Mrs. Gordon Miller will be on hand with ice and salt and Dutch Smith will be there to sample each freezer and tell the guests "there's no difference. They're all good, help yourself."

A demonstration was given by Mrs. Haensch showing how to place a pattern on material, thus giving the garment when completed the look acquired by all good designers and at the same time a well fitted garment.

After receiving the gifts presented to Mrs. Hines by club members, she in turn served delicious refreshments to the eight members present and two visitors. The next meeting will be in the home of Mrs. Fields Hines, which will be in September.

LEGION STATE CONVENTION HELD AT FORT WORTH

The annual convention Department of Texas American Legion was held in Fort Worth the first of the week.

Tuesday the Legion convention demanded a sweeping investigation of veterans' training schools, asserting that abuses had made a mockery of the educational program for ex-servicemen. A resolution calling for rigid inspection of the veterans training schools was unanimously passed.

"Many schools have reduced their training program to a racket for almost the sole purpose of obtaining cash money from the United States government," a report of the rehabilitation committee declared.

Corpus Christi was voted the 1948 convention meeting place.

The Legion went on record in favor of more liberal veterans benefits, including increases in subsistence allowances for men and women attending school under the GI Bill of Rights, and raising the ceiling on veterans earnings for on-the-job training.

The convention ended Wednesday with the election of officers for next year. George Berry of Lubbock was elected department commander. George Sullivan of Kerrville was ratified as District Commander for the 21st district, which includes Mills County.

JONES BROTHERS VISIT GOLDTHWAITE

Rev. W. T. Jones, who some forty years ago was a minister in Lometa and Mullin came in for a brief visit at the Eagle office Wednesday afternoon. Rev. Jones is now the Methodist minister at Temple.

J. T. Jones, brother of Rev. Jones, formerly of the North Brown community, called at the office Tuesday on his way to Comanche to visit his daughter, Mrs. Dora Ryan. He had the misfortune recently to be in an automobile wreck near Wichita Falls, from which he has not fully recovered. His home is now at Eddy, Texas.

A third brother, Dr. R. H. Jones of Mullin for many years, now lives at Alice, Texas.

OAKLAND NEWS

—By MRS. E. T. CROWDER
The tabernacle was filled to overflowing Sunday or the services which terminated our summer revival meeting. Nearly every family in this community was represented as well as many from Ebony, Brownwood and Brooksmith.
Friends of Ebony and Oakland surprised Mr. and Mrs. Willie Sikes with a hen shower, while they were at church Thursday night. Mr. Sikes comments that he has had chicken taken out of his life many times, but this is the first time chickens had been put in.
Mrs. E. T. Crowder, Sharon and Jimmie, visited Friday afternoon with Mrs. Alvin Hanna and her aunt, Mrs. Will Hanna of Fort Worth.
Bro. Clark and wife and daughter, Jeanie, returned Tuesday from Cottenwood, where he assisted in a revival meeting and spent the remainder of the week in the home of Mr. and Mrs. Hubert McMullen.
Mrs. F. L. Crowder and son, F. L. Jr. attended the annual Kelly reunion at Christoval Saturday and Sunday where it will be held again next year. There were sixty present this year.
Willie Sikes went to Odessa Sunday afternoon where he will work for Doyle Keeler, contractor and builder.
Trumon Crowder, Clayton and Lester are baling for Jack Williams. Many farmers are baling the feed that isn't making because of the lack of rain.
A. L. Cole and George Denman made a business trip to Brownwood Thursday morning.

COUNTY AGENT NEWS --

PUT THE "B" ON BANG'S DISEASE

All Texas cattle that are tested for Bang's disease and found infected must be branded on the left jaw with the letter "B" and reported to the Texas Livestock Sanitary Commission, to conform with House Bill 525, recently made law by the State Legislature.
Dr. E. A. Grist, veterinarian of the Texas A. and M. College Extension Service, explains that it is now the duty of the veterinarians who do Bang's testing to place the brand on cows that react positively to the disease. A penalty will be fixed upon any person who refuses to allow the branding, or who sells or disposes of cattle for milk purpose when he knows them to be infected.
The branding of Bang's-infected cows will enable better control of the disease, says Doctor Grist, since control measure must be planned on the basis of individual herd problems.
In the fiscal year, September, 1944 to August 1945, 133,891 head of cattle were tested for Bang's disease in Texas, with 9,435 showing up infected. Many of these reacting cattle probably found their way into other herds, says Doctor Grist. The requirements of the branding

law will help hold down the spread of the disease.

TREE TIPS

Here's a tip or two from Extension horticulturists at Texas A and M College that may come in handy if you're struggling with young fruit trees. The season when these trees get in their most vigorous growth will soon be over, and you have a good chance to lose some trees if you don't give them extra care.
Here are a few of the things you can do to hold tree losses down: water them every seven to ten days during late summer. Wrap the exposed trunks of one-year-old trees with burlap or thick paper... to keep down sun blister. You can also help cut down sun blister by encouraging low branched on the south and southwest sides of the trees. Might also remember that young trees don't like hot soil, and a ground cover helps keep them healthy. You can pile lawn trimmings or straw cover of four or five inches deep around the body of the trees and under the limbs... holds that water in the ground and keeps the soil cooler.
On your older, bearing trees, extra waterings will help fill out the late ripening fruit varieties and stimulate new growth. And by the way, a little warning here: normally, late season applications of fertilizers are not recommended for fruit trees... because fertilizer may stimulate new and tender twig growth, and that growth has a good chance of being damaged during the winter months by low temperatures.

IF HARD TIMES COME

John Gallagher, Sinton, San Patricio County, believes the day is going to come when dairy farming is not going to bring in as much ready cash as it is now. He is putting his farm in shape to weather the storm if it comes.
County Agricultural Agent R. R. Gibb reports that Sinton each year is gradually making the improvements that smart dairymen are trying to make now.
He began with improving pastures, applying phosphate fertilizer and seeding grasses. He bull-dozed his brushland last year, and this summer expects to clear out the dead brush and trees to give his grasses a chance. He has run revolving stalk cutters over underbrush to help knock it out.
Other improvements include a new tank that makes water handy and keeps the cows from "walking off pounds of milk."
Two new silos have been built, which he keeps filled with both spring and fall silage crops. He has just installed a pasteurizing

WIPE OUT THE PLAGUE

Killed: 33,500. Injured: 1,150,000. Cold facts that represent the annual toll of traffic accidents on our streets and highways.

Those who consider the implications of these figures are impressed by them and at the same time are appalled by the proof that a dreadful plague has settled over the nation. For our annual traffic accident rate is indeed a plague. It sweeps over the country every day and leaves in its wake twisted, lifeless bodies or painfully mangled limbs.

Translated into terms of grief, physical and mental suffering, frustrated hopes and economical loss, this ravaging plague overwhelms the mind. Just as cancer and infantile paralysis can snatch children from their families, so can the unsafe driver behind the wheel of a powerful automobile. Just as disease can and does take fathers and mothers away, leaving children without protection and wards of the state, so can the traffic accident.

Yet, people who shudder at the mention of cancer, heart disease or any other sickness continue to take needless risks while driving. People who cannot bear the sight of an injured kitten at the same time carelessly walk in front of vehicles at risk of their own limbs.

It is time we waked up to ourselves. It is time all the people unite in responsible effort to save the lives and homes of themselves and their neighbors.

Wipe out the plague. Make America safe.

LUXURY OR NECESSITY?

Representatives of nations where there is no freedom of the press and where the people enjoy no privileges of personal liberty have often remarked that the American system of individual freedom is a luxury only a rich nation may afford. This is a flimsy excuse for the brutalities of dictatorship. But would we be so different from these other nations which are tobogganing back into the dark ages, if we were hard pressed by economic chaos? Not if we are to listen to some of our most notable, self-styled liberals who claim with fearful urgency that should another depression descend upon America, she too would abandon the "luxury" of freedom. Some of them would even jump the gun by setting up a planned state now—and in effect, establishing government as a spurious God.

When this country was founded, the going was tough. Freedom was the first goal of life. It was not achieved easily. The privilege of going to the church of one's choice was not considered a luxury, nor were ownership of property and the right of assembly and free speech. These things were as vital as air. To infer, no matter how indirectly, that they have become luxuries at a time when millions of people over the whole world are looking to the United States to keep aloft the torch of civilization, is inexcusable.

Very likely there will be depressions in this country in the future, as in the past. They can either be short pauses in the march forward of a great nation—or any one of them can be the jumping-off point for state socialism and the subjugation of the people. It will depend upon our point of view—whether our freedom is a luxury or a necessity.

AN EFFECTIVE FORCE

If anyone believes that retailers are principally concerned with how to dredge more dollars out of price-conscious consumers, he should read the reports of recent conventions and meetings attended by leaders in the merchandising field.

The most intense attention has been given to ways and means of preventing further price increases, and to reducing prices wherever possible. Equal attention has been given to the possibility of improving the quality of goods—which, if achieved, is in itself a form of price control.

In the day by day course of business, retailers have been working closely with manufacturers on these related problems of price and quality. The objective is to reduce costs in every possible direction—and to pass the saving on to the buyer.

It is difficult for the individual consumer to measure the results of these undertakings. All he knows is that the cost of many articles has continued to go up, and the cost of relatively few articles has come down. But is unquestionably true that, had it not been for the work of the retailers, prices would have been substantially higher than they actually are. And this is a very positive achievement in the interest of the book.

The interest in the race for postmaster at Goldthwaite is now at fever heat, for it is known that a very few days more will "tell the tale." Either of the candidates would be acceptable to the people, but of course each one has his friends who are anxious for his success.

Clerk Yarborough has been suffering severely this week from the effects of a spider bite on his leg.

Our Responsibility in Influencing Family Life

LESSON TEXT FOR AUGUST 3—Proverbs 1:8, 9; 6:20-23; 17:6; 19:18; 22:6; 23:22-26.

MEMORY SELECTION—Train up a child in the way he should go; and when he is old, he will not depart from it.—Proverbs 22:6.

EDITOR'S NOTE: Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

By HAROLD L. LINDQUIST, D. D. Of The Moody Bible Institute, Chicago.

TRUTH must be translated into living, and there is no place where it can be more effective than in the home. We will want to make much of this lesson, for it is the only one during the entire year which deals directly with the home.

The book of Proverbs, to which we were introduced last Sunday, abounds in practical advice with a definitely spiritual emphasis, a combination at once wholesome and effective. This is the first of eight lessons making application of Proverbs to the problems of modern life.

Everyone in the home has a measure of responsibility for making the family life what it ought to be. No one from the small child to the great-grandmother is without influence, and each must contribute to the welfare of the home. Our lesson reaches from the young person to the grandfather rejoicing in his children's children. It begins quite properly with

I. Youth Looking to Parents (1:8, 9; 6:20-23; 23:22-26).

YOUNG people want to be well-dressed and properly groomed. They are interested in that which adorns and improves their appearance. It is right that they should have such concern. Let us remind them, however, that a young man or woman should not only be physically well-groomed, but spiritually attractive as well. If we should give as much thought to that side of our beings as we do to our bodies, there would be wonderful improvement in the life of the individual and in the home.

The child who is properly instructed, and who is responsive to that instruction, is prepared for life no matter where it may lead him (6:22). Wherever and whenever he needs guidance, night or day, it is with him. Even when he sleeps, he is in the hand of God for blessing.

Let no young man or woman be betrayed into that awful folly of our day which neglects the teaching of parents and of the church. Disaster is ahead on that road—sure disaster, and swift!

But now look at the other side of the matter, where we see

II. Parents Looking After Youth (19:18; 22:6).

THERE is a foolish idea current in our day which says that the way to rear children is to let them develop according to their own interests and instincts, without discipline or definite guidance.

The fruits of that kind of child training are now being harvested in the present crop of juvenile delinquents. We have the sad and awful proof before us that children cannot be reared that way.

We are not pleading for a return to the unduly restrictive measures of some of our forefathers; children are not helped by harshness or cruelty. But there is a proper place for definite instruction, for discipline, yes, even for chastening when that becomes necessary.

The larger part, and the most effective part, of this matter is the training of the child (22:6) and when properly done it brings forth the finest of results in later life. The boy who has been taught and directed right may get on a sidetrack for a time, but there is always the promise of a return to the right way.

This business of rearing children calls for the best any of us can put into it, and over and above that, all the grace and wisdom that God can and will give us.

We have reserved one verse for our final point, for here we find

III. Age and Youth Working Together (17:6).

OLD men need encouragement, and they receive it in no richer or more satisfying measure than in the delight they take in their children's children. Young people should remember that, and not fail to give to their grandparents, as well as their parents, the full measure of their interest and devotion.

But now note that "the glory of children are their fathers," yes, and grandfathers. How sad it is when a boy has to be ashamed of his father or one of his grandparents.

That puts on each one of us who has children a truly weighty responsibility. We must walk worthily before God, and before our children, even down to old age, when our grandchildren look to us for an example of godliness and gracious living. May God help us!

This writer is pleased to see more rangelands protected by fire guards plowed along the highways, than not thus protected. Three years ago, such guards were rare. Large areas of our range lands are powder dry now. Cotton looks good in most places, but grain sorghums could use some moisture. That 25,000,000 bushels of wheat which was piled on the ground in the panhandle two weeks ago is rapidly being picked up and shipped to terminal storage.

The traveler through west Texas observes large acreages of mesquite being cleared now with kerosene, bulldozers or both. Fire is clearing timberland in south-east Texas again, but that's not progress.

This column will send a free copy of a humorous picture depicting accident hazards on the farm entitled "What's Wrong With This Picture". If you want one, write us, mentioning the name of this newspaper. It will give many a good laugh if tacked up in the kitchen or barn, on the back porch or at the store.

The annual conference of vocational agriculture teachers is being revived (since 1941) at Texas A. and M. College. It will take place August 5 to 11. Around 600 of the vo. ag. teachers will be there.

Tears of gratitude and reward for faith have been shed by many Mexican farmers on receiving mules to replace their work oxen slaughtered in the foot and mouth disease battle. Many of the mules have gone from the United States. Mules and horses are not susceptible to the disease. Neither are tractors, and several shipments of them are reportedly being used to replace the oxen.

Two of our Scotsmen friends, who have lived on farms in the old country, tell of homeland customs which might well be copied here. One is the ringing of all bells, for safety's sake, and another is the rigid practice of making a last minute inside the barn check up every night before retiring. Many fires are prevented in this way, and

1947 TEXAS FACTS

By A. Garland Adair, State Historian, Texas Memorial Museum, Austin, Texas

Texas has five State Forests; 76 State Parks; 500 Roadside Parks maintained by the State Highway Department for the traveling public. Recently, Texas deeded to the U.S. Government 1,000,000 acres in the Big Bend Country of Southwest Texas for a National Park. Mexico on the other side of the Rio Grande River will co-operate by making that part a Mexican Park.

Texas has the largest producing oil field in the world—in East Texas, (Rusk, Gregg, Smith and Upshur Counties).

Texas has the only Hellum plant in the nation, located near Amarillo in Potter County.

Texas has the largest Sulphur deposit in the world in Wharton County, and Texas produces most of the Sulphur supply of the U. S. and a large percentage of the world's supply.

Texas has over 17,000 miles of much livestock sickness headed off.

main railroad lines and 30,000 miles of bus and truck lines; 180,000 miles of roads, and 30 steamship lines which enter and leave six important ports. There are 350 airports in Texas (not including army and navy training fields.)

Texas has the biggest military garrison in the U. S. at San Antonio — Randolph Field — "The West Point of the Air". Texas has the second largest Observatory in the U.S., in the Davis Mountains of West Texas, operated by the Universities of Texas and Chicago.

Texas A. & M. College near Bryan is the largest military school in the world; has the largest mess hall; operated the ONLY State-owned hotel in the U.S.—"Aggie-land Hotel" at College Station. Texas A & M has given more officers and men than any other school to World War II — including West Point.

Texas has the third largest cave in the world—"Longhorn Cavern" in Burnet County.

Texas has the tallest monument and museum, at San Jacinto Monument and Museum, at an Jacinto Battlegrounds 13 miles from Houston, where Texas' independence from Mexico

was won. It is 564 feet above finished grade line. Cost \$1,000,000.

Texas has an Indian Reservation in Polk County, near Livingston—the Alabama and Couchatt Indian Reservation.

Texas produces about 80% of the Mohair in the U.S.

Texas has a monument erected to "Pop Eye", at Crystal City, the Spinach Capital in the Winter Garden section of Texas.

Texas has many huge dams, the largest being Buchanan Dam near Burnet. These furnish power production and flood control.

IN OCCUPIED GERMANY

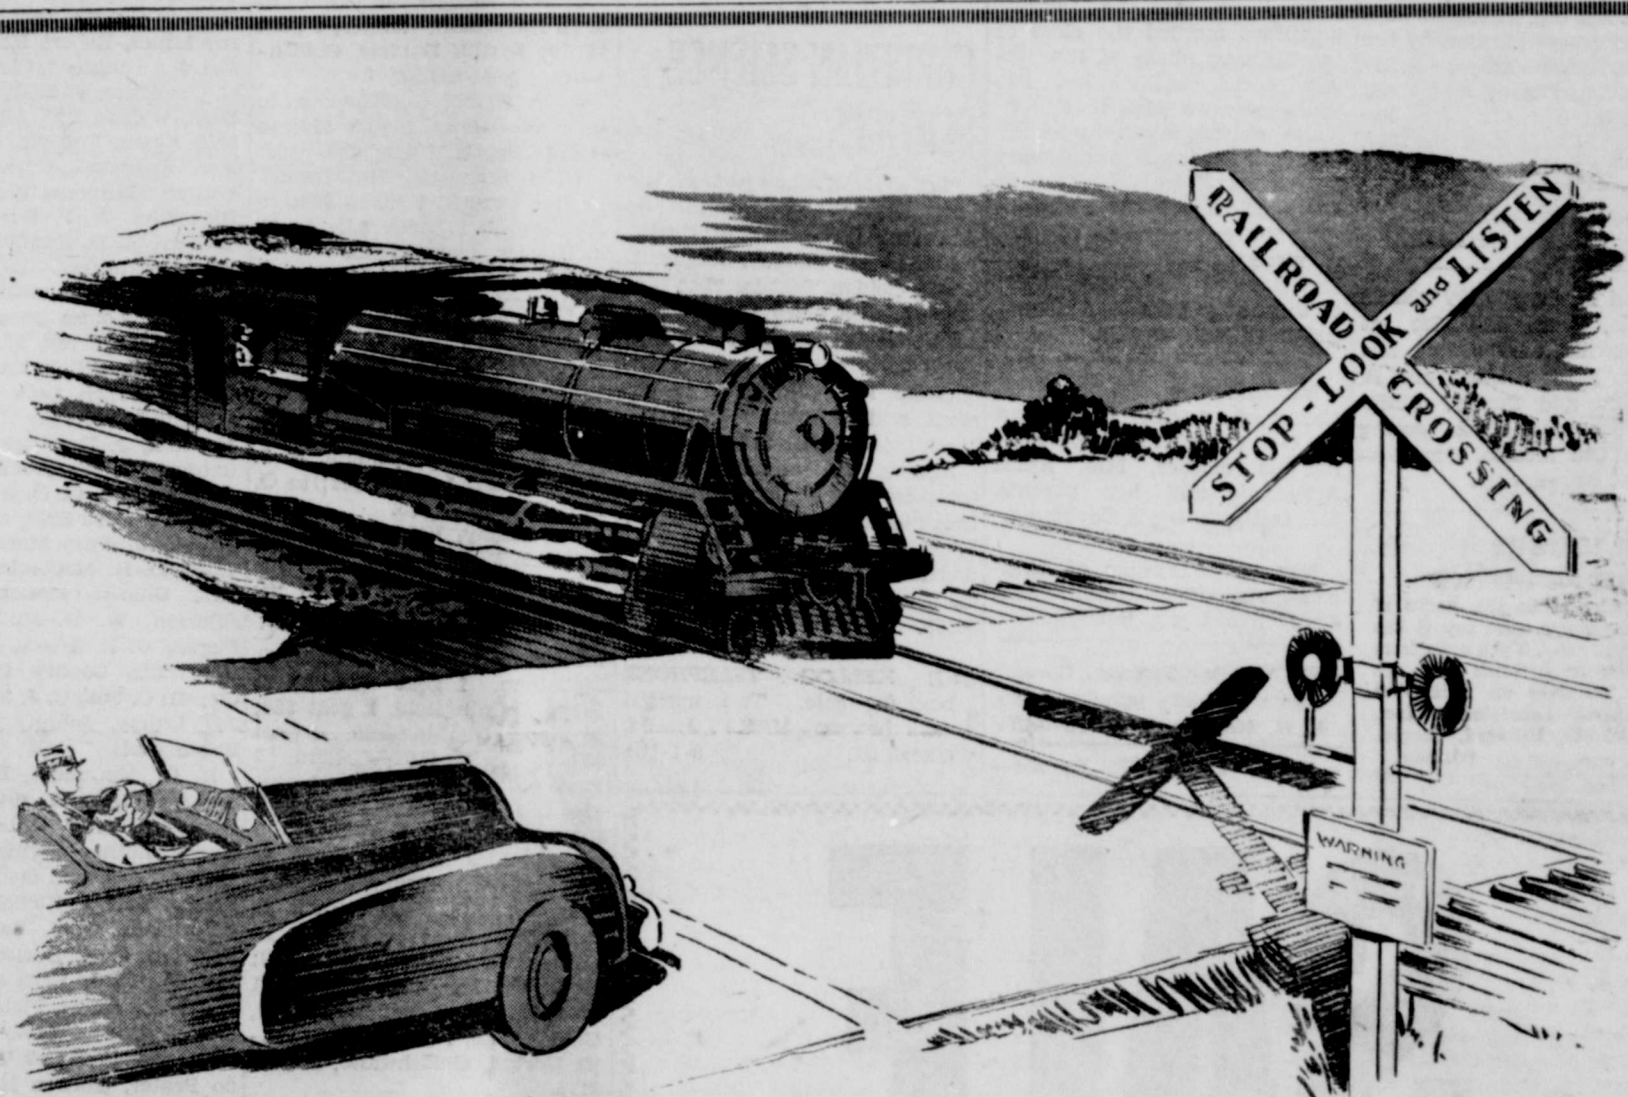

Pfc. Jack T. Currie, son of Mr. and Mrs. J. I. Currie of Route 1, San Saba, will have much to tell about Germany when he returns to the States. He is with the US Air Forces in Europe, the organization that is policing Germany from the air, and is headquartered at Wiesbaden.

Strawberry plants can be carried through the summer by irrigating every five to seven days, and providing shade, which can be made with old sacks tacked onto a frame.

X MARKS THE SPOT!

Yes—X marks the spot where more than 2,000 people died and over 70,000 were injured last year when automobile drivers challenged the iron horses of the rails—and lost.

When you approach a railroad crossing you are entering the railroad's right-of-way. To save you from harm, gates are lowered or automatic signalling devices, bells and blinking lights warn of approaching trains. The engineer blows a warning blast, rings his bell. That's the most the railroad can do. The rest is up to you.

The Stop—Look—and Listen sign means what it says. Stop—look both ways—and always listen. If a train is just clearing the crossing, wait—don't hurry across, there may be a hidden train coming from the opposite direction. And when you do cross, keep going. Don't shift gears on the tracks, you may stall.

Take the few extra seconds needed to assure a safe crossing. Don't let X mark the spot where you failed to be careful.

AIR POWER
AF
IS PEACE POWER

HELP BUILD AMERICA'S AIR POWER

on AIR FORCE DAY, AUGUST 1ST

No one today questions the fact that the whole future of the United States may rest in the very clouds over your head. And the new, reorganized Air Forces give thousands of eligible young men an opportunity to take an active part in building America's air power . . . on the ground as well as in the sky.

You may, for example, enlist in the Air Forces for three years. If you have a specialty which will qualify you, you may also be able to enlist in a grade at higher pay.

If you have had Air Forces experience, you may join the Air Reserve and continue your military aviation training outside of business hours.

Or, you may join the Air National Guard and perhaps become eligible for advanced technical training at special Air National Guard schools.

On Air Force Day, make a point of finding out everything about your Air Forces — especially the new Aviation Career Plan described below. Full details can be obtained at your U. S. Army Recruiting Station.

NOW—THE WORLD'S GREATEST OPPORTUNITY FOR A CAREER IN AVIATION

Today the Army Air Forces offer high school graduates an unprecedented opportunity to get the finest aviation schooling on earth—and select your school or course before you enlist.

The AAF Career Plan is unlike anything ever offered before. It permits selected high school graduates to apply and qualify for AAF specialized courses of their own choice. Simply go to your U. S. Army Recruiting Station, advise the Recruiting Officer the kind of aviation training you want and he will provide you with an application blank and a complete list of available courses.

When you are selected to attend the course of your choice, you enlist in the Army Air Forces for 3, 4 or 5 years. After your basic training period you are guaranteed the education you have selected to make you a specialist in the type of work you want.

Get a list of all the schools and courses open to you under the AAF Aviation Career Plan at your U. S. Army Recruiting Station.

STRAWN AT GOLDTHWAITE SUN. LOSER OUT OF LEAGUE RACE

The Goldthwaite Giants will be working Sunday to retain their perfect home record, also to stay in the race for the Brazos League Championship. The Giants will be host to the strong Strawn Flyers, who beat the Strawn on the League's Second half opening day at Strawn. Strawn won the first half of a split season, before Goldthwaite entered, and at the end of the second half the winner will play Strawn for the championship.

Goldthwaite nosed out De Leon 3 to 5 last Sunday, behind the two hit pitching of the Giant's brilliant curve-ball artist, Y. B. Johnson. The score was tied going into the ninth inning 2 to 2, when timely hits by McLean and Bolton brought in three runs that put the game on ice.

The Giants returned to the State Tournament Tuesday to play the 7-up Bottlers of San Antonio. The Giants have won one and lost one in tournament play, having been beaten by the favorites, Waco American Legion, who sent Leroy Jarl, voted the number one pitcher of the Southwest Conference in 1947, against the Goldthwaite Boys.

The Giants certainly appreciate the recent enthusiasm of so many of their local fans.

Mr. and Mrs. Jesse Ivy visited their son, C. B. and wife at Raymondville, also visited Mr. and Mrs. Polly Bratton and R. V. Geeslin and family. While there they went sight seeing down in Old Mexico, Port Isabelle and Brownsville.

LEGION POSTS TO SPARK V-J DAY OBSERVANCES AUG. 14

Washington, D. C.—National Commander Paul H. Griffith has called on the 16,443 posts of The American Legion to take the lead everywhere in patriotic celebrations of August 14, as the second anniversary of V-J Day which brought World War II to a victorious close.

"Let there be a celebration of our great victory by every post of The American Legion everywhere," Commander Griffith urged in an anniversary V-J Day statement. "Let August 14th become established as a holiday marking the cessation of hostilities of the greatest war in the history of mankind."

The national commander pointed out that the "end of hostilities marked the close of the fighting phase of the second world conflict, but two years later we still find ourselves striving to win the peace."

"On this second anniversary of V-J Day," he said, "Let us all rededicate ourselves to winning the peace and to building a strong, peaceful America and world so that the sacrifices of those who gave their all will not have been in vain."

Mr. and Mrs. Glenn Armstrong of Austin spent last week-end in Goldthwaite visiting his mother, Mrs. Annie Armstrong, and her parents, Mr. and Mrs. Lewis Covington.

Mrs. Katie Franks of Lampasas visited her cousin, Mrs. Annie Armstrong, Sunday.

DRESS REVIEW FOR AUGUST 4TH

The Mills County 4-H Girl's Dress Revue will be held at the District Courtroom on August 4th at 3:00 p. m. There are 28 girls entering the contest this year. The dresses will be divided into three classes:

1. Wash dress or suit for school or sport and accessories.
2. Best dress, or ensemble, including dress of rayon, silk, cotton or other suitable fabrics, and accessories.
3. Wool or part wool dress, suit, or ensemble for school, sport or street wear, and accessories.

They will be judged for individuality and style, suitability of design, and color of fabric to purpose, construction, posture and poise.

Girls making a grade of 90 or above are eligible for gold filled Dress Revue Awards. The high ranking girl who is 14 and has had three years of club work will enter her dress at the 4-H Round-Up in College Station on September 3, 4, 5th, of this year. Public is invited to attend.

CHRISTIAN SCIENCE SERVICES

"Love" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, August 5. The Golden Text is: "Let him that glorieth glory in this, that he understandeth and knoweth me, that I am the Lord which exercise lovingkindness, judgment, and righteousness, in the earth" (Jeremiah 9:24).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "God is love; and he that dwelleth in love dwelleth in God, and God in him" (I John 4:16).

FIRST METHODIST CHURCH

M. DICK LOWRY, Pastor Church School Superintendent—Jessie C. Moreland. Sunday School—9:45 a. m. Morning Worship—10:50 a. m. The Communion of the Lord's

That boy of yours is trying to walk in his father's footsteps. You want him honest, truthful and fair. Where can he learn these virtues better than in the home and in Sunday school?

OLD MAN 100—

(Continued from front page) ported this to him: Jest before it rained, on one of the hottest and driest days in 25 years here, the spy spied Julian Evans going down the street with a package under his arm and asked him what it was. Bet you couldn't guess in a 100 guesses what it was. It was a brand new raincoat—bought in the middle of a dry July.

TURTLE TRAINING—

When Old Man Hunnert is not busy waiting on the Boss or thinking up wise and otherwise sayings to go in this column, he is now spending all his idle time at a new job—Tame Turtle Training. Now, when the Old Man moved to his shack at the far end of town with all their modern conveniences about 15 years ago, he found an old, very aged tame turtle living under the house, and all the Old Man had to do was to throw out some bread crumbs and Old 100, that's the turtle, would just jump 15 feet at a jump until he got to them. Now the Old Man bought him a stale loaf of bread and is giving Old 100 a work-out twice a day and expects to win first prize with him in the Lions Club's Turtle Race next Wednesday jest after Appreciation Day. If you're figurin' some on betting on the race, better pick the one with the "100" on his back—jest because he is a 100 don't mean he can't run—he can even outrun Old Man 100, as you're looking and spy as the Old Man is. Also you guys which aim to train some wild turtles better watch out—the Old Man has allus heard when a turtle snaps hold your finger he don't turn loose un-

Supper will be celebrated at morning worship. Evening Worship—8:00 p. m. The Sermon subject is "Length of Our Measure." The Methodist Youth Fellowship—7:15 p. m. W. S. C. S. Monday 4:00 p. m. at the church. Choir Practice—Wed. 8:15 m.

"Why should I go to church or Sunday school while Dad plays golf or takes the auto out?" Many a youth has asked himself this. Take Him to Church Lessons learned in youth will never leave him. Give him the best possible moral foundation. He will go to church most willingly if you go also. If you are not tied to another congregation, come Sunday and worship with us.

COUNTY BOARD NOTICE

Notice is hereby given that the Mills County School Board will meet in the office of the County Superintendent at 1:30 p. m. on Tuesday, August 5, 1947. JOHN L. PATTERSON, County Superintendent.

til it thunders, and you may be walking around a long time with a turtle hanging from a finger.

HERE'S A POME—"It's very wicked to be shy," He whispered in her ear. He was the owner of the bank. And she was the cashier. And when the Old Man told the stingy Boss that two could not live on the salary he was paying him, the Boss offered to help the Old Man get a divorce. One man tells the Old Man he knocks so much he should get one big boost—you know where, he says. The main hot weather ambition of lots of folks is not to have any ambition.
