Austin Silents Defeat Eagles 33 To 6 In Final Game Of Season

By ED GILLIAM

In the final game of the season played at Eagle Field here Friday night, the State School of the Deaf of Austin marched to a decisive victory over the Goldthwaite School Eleven. The game was played on a wet field and a heavy mist fell throughout the playing period.

Fielding the best football team that has played in these parts in many years, the Silents made it understood in no uncertain terms why they were undefeated and untied. All-American Lee Montez, the 145 pound great of the Silents back field, paced the victory for the visitors, with two touchdowns and several sparking runs. James Fair, Bobby Hallmark and Howard Randall each scored one for the Silents.

The Eagles were the second team this season to score on the powerful aggregation from Austin, and according to information obtained from the Visitor's bench, Coach Kirby's Lads offered them the stiffest competition they had had in any game this season. Goldthwaite came close to scoring two additional touchdowns when fumbles, as a result of a wet ball and a slick field robbed them of the ball within a few feet of pay dirt.

Throughout the game the

GOOD "GOOD NEIGHBORS" LETTERS CONTEST WINNERS

(Editor's Note—Letters printed below were entered in the "Breakfast in Hollywood" Good Neighbor letter contest given by the ladies of the Goldthwaite Methodist Church in the church basement on Saturday, November 22. More "Good Neighbor" letters will appear each week.)

MRS. EULA NICKOLS
I would like to nominate Mrs. Eula Nickols for the good "good neighbor."

I think this person deserves this honor because her husband died, leaving her eight children to raise alone. She has raised all the eight children to be outstanding citizens, also helped to raise neighbor children who were left motherless. She operated a large farm, delivering eggs, butter and cream to town twice a week, but still found time to go at all hours of the day and night to help care for her neighbors all over the country. She has helped to bring 50 children into the world. She and Miss Gertrude Kauhs brought one into the world when there wasn't a doctor in town.

She has gone far and near with several of our doctors, either to see a sick person or mother who needed help. She has gone to hospitals with her own children, relatives and friends, and sent get-well, sympathy and congratulation cards too numerous to mention. She has helped doctors when there were people in car wrecks; has helped by standing at the undertaker's parlor—it didn't matter how hot or cold, wet or dry. She has helped with three Fiftieth Wedding Anniversaries.

She is a member of the Baptist Church and takes a very active part. She wrote a weekly letter to our town paper for many years. Her many letters helped cheer soldiers who were far away from home. She also opened her home to soldiers on maneuvers near her home with food, hot baths and hospitality. Her home has always been open for entertaining the young people.

These are just a few of the many things she has done. She is still doing the same things she has done for 46 years. Her plans are to help as long as God gives her strength.

My good "good neighbor" is Mrs. Eula Nickols.
(NOTE: Writer's name will be omitted on all letters published.)

MRS. J. N. KEESE

Allow me to present the name of a good neighbor in your contest.

She is a motherly blackeyed woman now in her seventies. There is nothing pretentious about her. She is cheerful and always ready for fun. She lives a simple, busy life so filled with thoughts and deeds for others she all but forgets herself.

GET-TOGETHER

On November 16 the Veterans of World War I of the Center City Community had their annual get-together in the lovely home of Mr. and Mrs. Lee Walton.

The World War I Veterans now living in this community are; Ira Allredge, Stacy McCasland, Joe Wilder, Hollis Hendry, Sherwood Owens, Ercher McCasland, and Lee Walton. A bountiful and delicious dinner was served to these and their wives. Other guests were; Mr. and Mrs. Dale McCasland and son, John Knight, Elory McCasland, Mary Leigh Allredge, Ethylene McCasland, Virginia Owens, Sammy, Daves and John

Her daily life is guided by her strict Christian character. When she was a young mother she carried her religion and children into her church, where she has ever been a very faithful and active member.

Although her tasks were many and the devotion to her home and family unwavering, she never lost sight of her neighbors and their children's needs.

Many of these children were orphans who needed mothering; they found it in her home. She was kind, generous, patient, and helpful with their tasks and problems. In sickness she was the first to come or send help. During our loss and sorrows, when there was nothing she could do, she just stood by.

She has always been a wonderful neighbor, for when you least expect her she has a way of letting you know all is well and that the world is filled with good people by bringing you something that she has created by her own labors. Flowers, fruit, butter milk, butter, eggs, or vegetables—something to make life sweeter.

Her home was often the home of some struggling boy or girl trying to make his or her way through school. She gave the same wise counsel and encouragement to the neighboring boys and girls as she did to hers. Her faith and pride, then, was the kind that could not be denied; her joy and prayers for them were just as sincere. Therein her charm lies.

Today she is very dear to a score of them who call her Mother Keese or Aunt Mat. To her fourteen grand-children her home is their haven of good things in childhood, where they find her still very busy creating pretty things for others.

She still lives on the hillside in a neat little home surrounded by flowers, where she has reigned as "Queen of Hearts" for around fifty years, where her family of four girls and two boys grew to manhood and womanhood, and where young mothers have come for ages for advice and assurance.

One would think her a person of material means—not so. Her personal needs have been many and her cross heavy and the trials long, but she bears them with fortitude and makes no compromise with wrong or ease to gain her goals.

Gray-haired men as old as she call her Mother Keese along with all who know her, as well as a score of others who have known no other mother for years.

She arises early, gets her breakfast, reads her scripture, and asks her Lord to guide her through another day. Then once again she is busy doing for others again.

As you have probably guessed, the woman of whom I speak is Mrs. J. N. Keese, who has all but been a mother to me.

HOLLYWOOD BREAKFAST WAS GAY AFFAIR

Despite the cold rain of last Saturday morning, the Recreation Room at the Methodist Church was overflowing with women and hats.

The Good Neighbor letter orchid was presented to Mrs. Eula Nickols. Corsages were presented to the following, about whom letters were written: Mrs. Hugh Moreland, Mr. and Mrs. E. T. Fairman, Dr. T. C. Graves, Mrs. John Hester, Mrs. J. N. Keese, Mrs. Nora Berry, Mrs. Robert Steen, Mr. and Mrs. Bill Hill, Miss Abbie Ervin, Mrs. C. Graves, Mrs. Fred Reynolds, Mrs. Henry Martin and Miss Lilly, and Mrs. Dutch Smith.

An orchid was given to the oldest lady present, Mrs. Callie Shaw, 90, with second prize going to Mrs. McCarty, 89. Lady from the farthest distance was Mrs. Henry Skardall, with second to Mrs. Mohall, both from North Dakota.

Beautiful door prizes were given by merchants, and the hat contest was won by Mrs. Tom Collier.

Mrs. Graves, general chairman, and her group of children workers were highly gratified with the results. Let us thank everyone again for contributing to such an enjoyable and worthwhile affair.

BOY EVANGELIST AT CHURCH OF CHRIST SUNDAY, NOV. 30

Terry Blake, boy Evangelist, Sophomore in Goldthwaite High, and member of the Eagle football team will again fill his father's pulpit, Sunday. The public is cordially invited to hear him. Terry especially extends an invitation to the young people of the city, including the football team, their dates, Coach and Mrs. Kirby. The center section of pews will be reserved for the young people and they will sing several songs.

On August 31st, Terry preached his first sermons here, and since that time, he has celebrater his 15th birthday, and preached a morning service at Star, and three services at Lometa.

Come hear him.

SPECIAL NOTICE
Beginning Sunday, November 30th, the evening services at the Church of Christ will begin at 7 o'clock. Young People's Sunday Evening Class at 6:15.

GOLDTHWAITE MEN BUY AT CAMP BOWIE

Three Goldthwaite residents were among winning bid purchasers of surplus camp buildings at War Assets Administration's largest Texas real property sale held this week at Camp Bowie, near Brownwood.

Truett Aldridge was awarded one hutment on a bid of \$82.50; W. P. Duren received a large hutment on a bid of \$878.60; and Levi Aldridge acquired three small buildings for \$247.50.

More than 2,000 people, predominantly from the southwest Texas area but including residents of Oklahoma, Kansas and other distant points, participated in the three day informal bidding. A total of 4,100 Camp Bowie buildings, covering more than 3,000 acres, were disposed of for removal from the grounds.

The War Assets Administration is clearing a portion of Camp Bowie for return of the land to agricultural usage and grazing. Other sections of the reservation are currently being disposed of for industrial and commercial usage.

FOUR INJURED IN AUTO CRASH NEAR GOLDTHWAITE

Four persons were injured and two automobiles badly damaged as a result of a two-car collision between Goldthwaite and Durneville Saturday at 3 p. m.

Leslie Yates, employee of the First National Bank of Brownwood, suffered deep cuts on his face and neck and received one broken arm when his automobile left the highway and went through a barbed wire fence. His wife, an employee of the same bank, escaped with minor injuries.

According to reports, the Yates car collided with a Waco automobile occupied by Jesse Faulkner and his wife as a result skidding on wet pavement. Yates was carried to Brownwood Memorial Hospital and both Faulkner and Mrs. Faulkner were taken to a Waco hospital.

**FARMERS-RANCHERS
 URGED TO INVEST IN
 U. S. SAVINGS BONDS**

"Nobody was ever sorry he saved," stated Duke Clements, County Chairman of the Mills County Savings Bonds Committee. With this statement, Mr. Clements announced that a current effort is being made by the U. S. Treasury to emphasize the importance of investing in U. S. Savings Bonds while agricultur-

al products are at the highest peak in history and while farm and ranch incomes are beyond all previous levels.

"History repeats itself," according to Mr. Clements, "and after every previous war in United States history there has been a similar period to that which we are now enjoying with farm and ranch products bringing high prices and extra cash to the producer. In the past, such prosperous periods as this have never failed to end in disastrous market fluctuations which have seen farm products

and prices the first to suffer."

Every farm and ranch in Mills County is being sent a Savings Bond promotion circular by mail. Titled "Plant Now For The Crop That Never Fails," the circular brings home the message that "a seed unsown brings no reward. Planted, it grows to profit. Dollars 'planted' wisely grow, too! For the world's surest harvest buy U. S. Savings Bonds."

"A farmer or rancher who operates his land well enough to make a decent living during normal times can well afford to invest 10, 15 or even 20 per cent of his income this year in Savings Bonds," Mr. Clements said. "Remember, that each dollar invested now will be worth more in purchasing power during hard times when prices are nearer normal. Too, by investing surplus money today, you are helping to combat even higher prices on tools and equipment by removing excess money from the market until production equals demand. And, in the meantime, if you run into an emergency at any time before your Savings Bonds mature in ten years, you can convert them into cash immediately to take care of your needs. You can't make a better investment. You can't make a safer investment. You can't make a better move to protect your future security than to invest in U. S. Savings Bonds today. Nobody was ever sorry he saved."

Mr. Clements stated that the sale of U. S. Savings Bonds in Mills County for the first ten months of 1947 were: \$53,737.50 E Bonds, \$115,337.50 total all Savings Bonds. The total sale for Texas is \$173 millions.

150 ATTEND FFA AREA MEETING

(John Tarleton College J-TAC)

One hundred and fifty girls and their sponsors attended the FFA Area meeting held on the Tarleton Campus November 8. Miss Hannah Hoff, Area Supervisor of Homemaking Education, presided at the meeting which was held in the auditorium of the Home Economics Building.

Dean Howell welcomed the group to the Tarleton Campus. In the meeting of the House of Delegates, Area officers for 1947-48 were elected. After lunch in the College Cafeteria, these officers were installed in a very impressive ceremony. New officers installed included: President, Geraldine Laughlin of Goldthwaite; Vice-

President, Billy June Saundin of Meridian; Treasurer, Evelyn Cathey of Midlothian; Recording Secretary, Beth Garret of Stephenville; Reporter, Betty Russell of Lipan.

CHRISTIAN SCIENCE SERVICE

"Ancient and Modern Necromancy, Alias Mesmerism and Hypnotism, Denounced," is the subject of the Lesson-Sermon which will be read in all Churches, Scientist, on Sunday, November 30.

The Golden Text is: "Let not that be in the midst of you; deceive you, neither hearken to your dreams which ye cause to be dreamed. For they prophesy falsely unto you in my name: I have not sent them, saith the Lord" (Jeremiah 29: 8, 9).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Beloved, follow not that which is evil, but that which is good" (III John 1:11).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with key to the Scripture" by Mary Baker Eddy: "Obedience to Truth gives man power and strength. Submission to error superinduces loss of power" (Page 183).

BAND PERFORMS AT GOLDTHWAITE

(From the J. T. A. C. John Tarleton College Publication)

Representing John Tarleton College Sunday, November 8, in Goldthwaite, county seat of Mills County, the newly formed Tarleton Symphonic Band performed admirably before a large crowd.

An unusual feature is that girls are members of this band.

Twelve girls are in this year's band, and according to Mr. Randolph Foster of the music department, the number will be increased annually.

The occasion for the concert was the dedication of a monument to the dead of World War II. The invitation to the Tarleton Band was extended by the Goldthwaite American Legion Post which acted as host to the musicians Sunday.

The Tarleton Symphonic Band plans numerous concert trips this year; one of these will take them on a four-day tour of south Texas towns and cities.

Playing their first concert of the season at the annual Goldthwaite Memorial Service, all sections of the band performed with exceptional skill and proficiency.

Among the selections rendered were "National Emblem," "King Cotton," "Hall of Fame," "Stars and Stripes," "French National Deffle," "Crusaders," and "God Bless America." Boyd Hunt, director of the Goldthwaite Band, directed the Tarleton Band in one number which was well received by the audience.

Members of the band were treated royally by the city of Goldthwaite throughout the day. They were guests at an informal buffet luncheon, and light refreshments were served the group after the concert.

'CYNTHIA' OFFERS LAUGHS AND TEARS WITH YOUNG LOVE

Attractive Elizabeth Taylor takes a step toward growing up in her newest M-G-M picture, "Cynthia," arresting drama of an adolescent girl's first love affair, showing at the Melba Theatre, Saturday night pre-views, Sunday and Monday.

As a girl whose over-zealous parents and domineering uncle deprive her of normal relationship of small town life. Cynthia doesn't stand much chance at snaring her high school Lothario until she takes matters into her own hands. When she does, a bombshell explodes, involving her frustrated father, her unhappy mother and other members of an extremely difficult family. But before she's finished with her one-girl rebellion, Cynthia manages to get her first kiss, wins her father a better job, simplifies life for her mother and kicks her blundering uncle out of the house.

"IMPERFECT LADY" GRIPPING MELODRAMA

A melodrama of gripping interest and sustained suspense comes Saturday night only at the Melba Theatre. It is "The Imperfect Lady," the Paramount film co-starring Ray Milland and Teresa Wright and featuring an exceptionally fine supporting cast that includes Sir Cedric Hardwicke, Virginia Field, Anthony Quinn, Reginald Owen, Melville Cooper and Rhys Williams.

"The Imperfect Lady" is set in Victorian England, but its story could just as easily happen today. Today, as then, a woman's reputation is a fragile thing and when, as in "The Imperfect Lady," it is caught in an embarrassing net of circum-

stantial evidence against her, the chances are she should stand just as much condemned.

ROOTIN' SHOOTIN' 'CHEYENNE'

Add "Cheyenne", Warner Bros. new super-Western to the list of outstanding films which record the thrilling saga of the setting of America's great Northwest. It blends successfully all the elements that make up an exciting outdoor drama—vicious gun-play, stirring hand-to-hand fights, romance, comedy and breath-taking outdoor sequences. Starring such film favorites as Dennis Morgan, Jane Wyman, Janis Paige and Bruce Bennett, "Cheyenne" meets the demands of the most exacting Western film fan. It is, pure and simple, a rootin' tootin', shootin' Western of the old school.—At the Melba Theatre next Tuesday and Wednesday.

DEAR FOLKS...

Once in a while a theatre manager just has to tell his customers about something special in entertainment he's soon going to show on his screen. M-G-M's "Cynthia", a sweetheart of a picture starring Elizabeth Taylor in her first role. It's full of the excitement, the laughter, the hearttugs, the triumphs of youth. Like "The Green Years," it's warm and down-to-earth.

In "Cynthia" you're going to meet a grand American family, get in on its hopes and struggles and dreams. You'll feel the wonder of first love... the excitement of a first date... the ecstasy of a first kiss.

Everybody's saying: "I fell in love with Cynthia!" Walter Winchell said it! Louella Parsons said it! Jimmy Fidler said it! Louis Sobol said it! Dorothy Kilgally said it! You'll say it, too!

Sincerely,
THE MANAGER

LAST ISSUE OF PAPER

This is the last issue of the "Eagle Screams" that will appear in the Goldthwaite "Eagle". From now on, starting December 2, the school paper will come out as a separate publication each week. The paper staff, speaking for the entire student body, wishes to take this method of expressing their thanks to Mr. and Mrs. Wilson for giving so much space to the school. They have been very generous and co-operative with the pupils. The staff is now going to work hard to put out a paper that Godthwaite High School and the townspeople will be proud of.

AMERICAN HISTORY REPORT

The American History classes I and II have been studying the early development of America. The students have watched the population grow as well as the social, economic, and political development.

The classes have met many of the early outstanding leaders, seen the events leading up to America's first wars, and studied the actual combat and results of these wars.

The students are now becoming acquainted with the efforts of the people to form a unified central government and the framework of the present Constitution.

ANNUAL STAFF ELECTION

At a recent assembly the students of Goldthwaite High School elected the annual staff which is follows:

Editor-in-Chief—Norma Sue Ross; **Assistant Editor**—Robert Henry Johnson; **Business Manager**—Dale Henry; **Assistant Business Manager**—Mary Collier; **Art Editor**—Jerol Vaughan; **Sports Editor**—Ed Gilliam; **Typist**—Scottie Vaughan and Geraldine Laughlin.

The staff has already collected some ads for the 1948 "Eagle". The co-operation of those who have bought ads is appreciated very much. From November 19 to 26 the date set for the seniors to have their pictures made for the annual. Beginning December 1, the Juniors, Sophomores, and Freshmen will have their pictures made, and faculty pictures will be taken after the Christmas holidays.

Those who did not order a 1948 "Eagle" will have a chance to order one later, if they want to.

INTRODUCING

The vice-president of the Senior class! Her nice personality and good sportsmanship have won her many friends and made her a very good student. She has attended school here

since the first grade. She has gained herself much popularity by being elected to several outstanding offices. She was elected Area President of the F. H. A. Chapter this year also. Last year she was president of the Goldthwaite F. H. A. Chapter. She is president of the Twentieth Century Quintillians and the Girl's Athletic Club. She was elected a pep leader this season and vice-president and reporter of the Pep Squad. She was also elected F. F. A. Sweetheart in this year's contest.

Her favorite sports are football and basketball. She helped to boost the Eagles this season.

She was one of the three seniors elected to take the Pepsi-Cola Scholarship test this past week.

Geraldine is the sixteen year old daughter of Mr. and Mrs. G. M. Laughlin of the South Bennett Community. She has blond hair, blue eyes, and is five feet four inches tall.

Likes best—People.
 Dislikes—Bad manners.
 Ambition—To succeed.

SLUMBER PARTY GIVEN

At 6:30 Friday afternoon the Porters' home was opened to six girls. A delicious supper was enjoyed by everyone. Afterwards the girls attended the football game.

By 2 o'clock the gang was together again and eating, (as usual).

A gossip session was held until 4:30 a. m. when the house became quiet.

The girls who attended were; Vera Mae Bell, La Verne Sykes, Earlene Nix, Rita Henry, Carlene Featherston, Norma Sue Ross and the hostess, Barbara Porter.

GARDEN CLUB ENTERTAINED

One of the most enjoyable occasions ever experienced by the club took place on the afternoon of Nov. 19, when Mrs. E. T. Fairman in her own gracious manner served a one o'clock luncheon to 35 club members and five guests.

The center piece for the dining table was very attractive, depicting the Thanksgiving theme. The tables were laden with delicious food. Immediately following the luncheon, the guests were ushered into the spacious living room and entertained for an hour by Mrs. Jerry Walker who in her pleasing manner, reviewed "The Embattled Male", by Farnham.

A short business meeting followed. The club adjourned, each one holding in high estimation each occasion made possible for The Garden Club by Mrs. Fairman.

Guests other than club members included Mmes. Lowry, Emery, Burch, Hodges and Miss Derá Humphries.

'Cheyenne'—Wild, wicked, wide open thrills. Showing Tuesday and Wednesday. Melba Theatre.

Miss Greta Sue Hines returned last week from a ten day visit in West Texas with relatives.

Mrs. J. C. Darroch of Brownwood spent the week-end in the home of Mr. and Mrs. Joe Palmer and other relatives.

Mr. and Mrs. Walter Weatherly spent Sunday afternoon with their children, Mr. and Mrs. Clyde Weatherby, and family at Hamilton.

COUNTY AGENT NEWS

CATTLE GRUB WAR

Attention farmers and ranchers! Now and the next three months is the time to really give those cattle grubs fits! There is nothing more disturbing than to see an old cow in March with her tail over her back and heading for the first water hole or bursh patch. Yes, we can prevent a lot of that, and if every farmer and rancher in the county would practice the following treatment for just about 4 times a year, for 3 years, then the cows could rest easy for grub control would be over.

If we use a spray, we should spray every 30 days beginning October 1st and continuing until February 1st. With following solution: 7 1-2 pounds of 5 percent rotenone using 250 pounds pressure. If we use a dust; Mix 1 part 5 percent rotenone powder with two parts pyrophyllite or trippol earth. Use 3 1-2 oz. of the mixture per animal rubbing in thoroughly. If we could all do the above for 3 years, we could lay the heel-fly low. Why not begin now and wipe the pest out?

YEAR-ROUND MERCHANDISING

College Station, Nov. 24—Turkey usually means a Thanksgiving or Christmas dinner to most people. Or a banquet for some special occasion.

That idea has always made turkey production a risky business. An unsteady demand plus an uncertain price made poul-

trymen think twice before going into the turkey business.

The consumer thinks twice before buying a turkey too. A small family can't use the large bird except for special occasions and it isn't always an economical buy, nor easy to prepare and serve.

F. Z. Beanblossom, extension poultry marketing specialist for Texas A. & M. College, says that some work has been done during the past few years on sel-

REINSTATEMENT OF NATIONAL SERVICE LIFE INSURANCE

Veterans will have until December 31, to reinstate their N. S. L. I. by making a comparative health statement, and making a premium payment for month of lapse and for current month.

Reinstatement: The premium cost for reinstating a Five Year Level Premium Term policy is two premiums on the amount to be reinstated. The rate per one thousand dollars of insurance for reinstating is the same rate that the insured was paying before he allowed his policy to lapse. One of the two premiums is for the thirty-one days grace period after date of lapse during which the policy afforded coverage. The other premium is the premium for the current month. Both premiums are figured on the basis of the amount of insurance to be reinstated. In other words, the insured, to reinstate his term policy, pays only for the coverage he has had and is now getting and does not have to pay for the period during which he was not insured. The term, "one premium for the current month," means the current insurance month. For example, if an insured's premium due date is the fifth of the month and he is applying on the fifteenth day of the month for reinstatement, the current insurance month would be from the previous

fifth day of the month and the following fifth day of the month.

For assistance on insurance and all other benefits administered by Veterans Administration, see Veterans Administration Representative John H. Quink on Tuesday a. m. each week at the Court House in Goldthwaite.

THANKS TO THE GARDEN CLUB

TO GOLDTHWAITE GARDEN CLUB:

Dearest Friends! We take this method to try to express to you our sincere appreciation for the noble way you have worked to build a lasting Memorial to our beloved son who so willingly gave his life for the people he loved so well, as well as all the boys of our county. It will not be only a memorial to them but to you as well, as long as one of us lives to remember you of the Goldthwaite Garden Club, and everyone who had any part in building the beautiful gate way, erecting the monument with the plaque bearing the names of the heroes of Mills County and the impressive and fitting services of the entire day of dedication.

It is our sincere prayer that God will bless you and may the Goldthwaite Garden Club live on and on.

Thank you again,
Very Sincerely,
Mr. and Mrs. Walter Doggett

ling turkey in forms that would be attracted to consumers the year round. He says there are six fundamental requirements of merchandising which turkey products must meet before greater year round consumption will occur—uniformity, economy, nutrition, eye appeal, ease of preparation and service. One turkey product which meets these requirements is the boneless turked steak, and it also offers an opportunity to use the large toms to an advantage.

FISHER PROTESTS WOOL TARIFF CUT; PEANUT ACREAGE CUT

News dispatches from Washington late last week reported 21st District Congressman O. C. Fisher as protesting the recent cut in U. S. tariff on imported wool shipped to this country from abroad from 34 cents to 25 1/2 cents a pound, effective next January 1. Cong. Fisher stated: "Our wools are traditionally in competition with Australia and New Zealand. Last year with the present duty of

34 cents, 80 per cent of the wool used in this country was imported, and the reason for this was foreign competition and not domestic shortage." Mr. Fisher believes no immediate hardship to wool growers in this country will result, due to government support prices for wool, which has another year to run.

Cong. Fisher two weeks ago wrote Secretary of Agriculture Anderson asking him to cancel plans for a quota referendum among peanut growers and permit unrestricted production next year. The referendum is scheduled for December 9, and would determine whether producers approve an acreage allotment program under which

government price guarantees and loans would continue. Fisher, who represents a large peanut growing section, wrote Anderson that "in view of the current world food shortages and pending foreign relief program, there should be no curtailment of production. Because of low crop estimates and poor planting season for wheat, full production of peanuts seems necessary."

For the past five years, an average of three million acres have been planted in peanuts, and the Agriculture Department estimates that the Dec. 9 referendum would cut this by about 25 per cent, if approved by two-thirds of the producers who vote.

Spanning Canyon Diablo

Another new bridge on the Santa Fe

A new double-track steel bridge now spans Canyon Diablo (a giant gash 225 feet deep in the tableland of northern Arizona) on the main line of the Santa Fe between Chicago and California. This new bridge, which replaces the old single-track viaduct, is 544 feet long, 32 feet wide at track level, and contains over 2,000 tons of structural steel. The heaviest trains can cross it in both directions at once, and it's

built to handle anything in rail traffic the future may bring. Canyon Diablo Bridge is just a part of Santa Fe's continuing program of improvements—typical of the Santa Fe spirit of progress and initiative—to provide Santa Fe passengers with smoother riding, and Santa Fe shippers with more efficient freight handling. It is another good reason for traveling or shipping "Santa Fe—all the way."

Renfro, Jr. of Austin, Mrs. Lenan Wilkerson of McCamey, Mr. and Mrs. Frank Mass, Mrs. Madene Holland, Lerry Dean and Janette Holland of Fort Worth.

ADOLF NIEMANN

Adolf Niemann, a very successful farmer of the Priddy section since 1881, died in a Brownwood hospital Monday, Nov. 24, at the age of 85 years.

Funeral services were conducted by Rev. A. H. Muehlbrad at Zion's Lutheran Church at Priddy Tuesday afternoon at 3 o'clock. Interment followed in St. John's Cemetery at Priddy.

Mr. Niemann was born April 19, 1862, in Crooze, Hanover, Germany, and moved to America when he was a young man. After staying in New York for a year, the Niemann family moved to Travis County, Texas. In 1881 he moved to Mills County, where he has resided since, except for about ten years' residence in Tom Green County. He received religious instruction at Pflugerville, Texas, and was an active member of the Lutheran Church there and later at Priddy.

Mr. Niemann was preceded in death by his wife, Mrs. Caroline Niemann, who died in December, 1907, and by four sisters and one

brother. He is survived by one daughter, Mrs. Minnie Walther of Priddy; six sons, Adolph Niemann, Jr., and George Niemann of Priddy, Ludwig Niemann of Veribest, August Niemann of Indian Gap, and Henry and Carl Niemann of Priddy; one sister, Mrs. Dora Shallas of San Antonio; and 23 grandchildren and five great-grandchildren.

Mr. Niemann had made many friends all over this section during his long life here, and they will grieve to learn of his death.

Mrs. Hedwig Tischler

Mrs. Hedwig Tischler, 34, wife of Bennett Tischler, died at Galveston last Sunday, Nov. 23.

Funeral services were conducted at Priddy Tuesday afternoon at 1:30 by Rev. A. H. Muehlbrad, and interment was in St. John's Cemetery at Priddy.

Mrs. Tischler was born at Priddy on Jan. 22, 1913, and lived there until she and her husband moved to Tahoka, Texas, in 1943. She was preceded in death by her mother, Mrs. Carl Janner, in August, 1917, and by a brother, Willie Janner, in October, 1942.

Mrs. Tischler is survived by her husband, Bennett Tischler; two sons, Gilbert, 10, and Milton, 9, of Tahoka, Texas; her father, Carl Janner of Priddy, and step-mother; one brother, Ed Janner of Priddy; one half-brother, Henry Janner of Houston; four sisters, Mrs. Martha Schitzkns of Damon, Texas, Mrs. Ella Frohm of Rosenberg, Texas, Mrs.

By PEARL CRAWFORD
We had a week of dark misty weather. It rained most all day Saturday.
Mr. and Mrs. Weldon Karnes and children of Brownwood spent last Saturday night and Sunday with Mr. and Mrs. N. C. Karnes and son.
Mr. and Mrs. Bill Yeaggar and children of Mullin visited Mr. and Mrs. C. M. Bramblett Sunday.
Mr. and Mrs. Tom Hall of Dallas visited Mr. and Mrs. O. A. Evans and Mr. and Mrs. Jim Evans Saturday and Sunday.
Mr. and Mrs. A. L. Crawford and William G. visited in the B. Crawford home Friday night.
Mrs. C. M. Bramblett was a dinner guest of Mrs. C. H. Bramblett and daughter Monday.
Mr. O. A. Evans visited Mr.

B. J. Crawford Monday.
We wish to extend our sympathy to the Greathouse family.

Self Culture Club

The Self Culture Club was entertained in the home of Mrs. J. A. Hester November 14, 1947.
After a shore business session, Mrs. W. J. Weatherby, leader for the afternoon, called on Mrs. L. E. Miller to give us something on "Silver, Its History and Uses". Next Mrs. Walter Summy gave us a talk on "Old Glass". Then Mrs. Harold Yarborough gave us "The Story of the Bowl". All of these were both educational and interesting as we never grow tired hearing or collecting beautiful things to be in our homes.
Each member had brought an old piece of silver or China and told its use and how old it was. This was a very interesting

display.
Mrs. Hester served her many guests and members a delicious salad plate.

OPERATING WACO THEATRE

In a letter to the Eagle this week, Miss Anna Louise Coleman, former owner of the Melba Theatre here, asks that her paper be changed to Waco, Texas, where she and her brother are now operating the Melrose Theatre. Miss Coleman has many friends here who will be pleased to learn of her success.

A NEW SON

Mr. and Mrs. Jack Elms of the Payne Gap Community announce the arrival of a son, November 21, at Brownwood Memorial Hospital.

BIRTHDAY CELEBRATIONS

At the home of Mr. and Mrs. Hugh Moreland Sunday a triple birthday celebration was given in honor of Mr. Moreland, his sons, Jesse and Lester. A beautiful dinner was enjoyed by Mr. and Mrs. Lester Moreland of Austin, Mr. and Mrs. Jesse Moreland and little daughter, Jan, and Mr. and Mrs. Hugh Moreland.

THANKS

We take this means of expressing our thanks to each one that came and helped in any way at the quilting.

We do appreciate it very much—

left Monday for Austin to take his examination before the State board.

Mrs. Sumpter Gerald of Fort Worth is in Goldthwaite visiting her parents, Mr. and Mrs. Claude Saylor.

Mr. and Mrs. Worth Johnson of Tyler spent several days last week with his mother, Mrs. H. B. Johnson, and other relatives.

Mr. and Mrs. James W. Frizell and little son, Jimmie Reid, of San Antonio are spending this week with her parents, Mr. and Mrs. Jack Reid, and other relatives.

Mrs. Jesse Saegert and Gene left Wednesday for Seguin to spend Thanksgiving with her parents, Mr. and Mrs. E. E. Behrendt and other relatives.

Joe Huffman, Omar Shaw and V. C. Bradford returned home

the first of the week from a hunting trip near Llano. Each was proud to report he had tagged a deer.

Report comes that Mrs. Bob Huffman, who under went a major operation at the Memorial Hospital at Brownwood several weeks ago, is doing nicely.

Mr. and Mrs. Tas Renfro left Tuesday morning for Miami, Arizona where they will make their home. He will enter the cafe business at that place.

RUSSIA IN THE LIGHT OF AMERICAN EXPERIENCE

BY ROBERT W. GOODLOE

At the close of the United Nations Organization Conference at Paris in 1946, Mr. Andrei Vishinsky reported to have said: "We know that we are divided in our political understanding; we do not react in the same way to events that are happening in the world."

What kind of people are these Russians, who "do not react in the same way" as we "to events that are happening in the world?" Since the close of the war in Europe Russian armies have controlled large sections of Germany, as by right of possession; her statesmen have carved out of numerous territories almost a continent of her own; and she has used the veto power upon such slight provocation as to bring down upon her head the anger of the world. Why do the Russians act that way?

Russia has a population 192 million, spread out over eight million square miles. Instead of one race, they are 189 different people, speaking forty-one languages and dialects. Thirty years ago they overthrew the Czarist regime, under which they had lived for centuries almost as slaves; and since that time have been endeavoring to establish a more democratic form of government. Like most revolutions, this one was marked by strife and bloodshed, and on every hand suspicion and distrust and fear. For much of that time, says Mr. Eddy Gilmore, chief of the Associated Press Bureau in Moscow, "The nation was virtually shunned by many other nations of the world, including the United States and Great Britain." When Hitler attacked Russia, "American, British, and other foreign observers almost unanimously predicted that the Germans would be in Moscow soon." But Russia did not succumb!

Remembering that the people of Russia have never known real self-government; remembering that through the years of their struggle for greater freedom, instead of encouragement they received the frown of the great powers! What attitude toward other nations could be expected to be engendered in the Russian people? To achieve their goals Russia is using means we do not approve. We think Russia is wrong! But "Why do they behave like Russians?"

As Russia today is the result of the experiences through which her people have passed, so also are we in America the children of our fathers! We believe in democracy; we have confidence in other racial and national groups; we sanction a rule of constitutional majorities. But have we been that way throughout our history? Have we ever held to our political breast the absolute veto power?

The earliest permanent English colony upon this continent was settled about 1610. One after another followed until writers speak of the Thirteen Colonies. They had common rotagage, it is true, in the Mother Country; but "separated as they were from one another," writes one of our historians, "they must have felt their differences far more than their similarities." Though cooperating in the cause of independence, when the war was over in 1783, it was possible that they would become just thirteen little republics, ripe for endless dissension and squabbling.

Strange as it may seem to us, upon the question as to whether or not the constitution would be adopted raged the fiercest debates ever held upon this continent. As in relation to the UNO today we have the "big five," in that day were the "big three." A number of the smaller states gave their sanction without delay, but the big three—Massachusetts, Virginia, and New York; without which colonies the union could never have come to success—hesitated distressingly long.

When Mr. Andrei Vishinsky declared in 1946: "We are divided in our political understanding," he was but bringing down to date the fears, the distrust, the group sensitiveness of American colonial experience. But what we in America have achieved in the intervening 160 years we believe, through patience and forbearance, can be done in Russia. As the constitution adopted in 1789 did not make internal peace absolutely secure, but was threatened by the bloody Civil War of the 1860's, so the United Nations Organization is not an infallible agency, and will depend for its success upon broad sympathy and continued effort. Let America give that quality of statesmanship in the tempting, trying days ahead.

LOOKING BACKWARD THROUGH EAGLE FILES

Don't let the milk wait on the doorstep or on the kitchen table after delivery; delay in refrigeration robs milk of food values and hastens spoilage.

THE BIBLE TODAY
International Uniform Sunday School Lesson
By LOUIS D. NEWTON, D.D.
SCRIPTURE: I John 4-5; II John; Acts 4:1-13
DEVOTIONAL READING: Romans 8:1-11

Proof of a Christian

Lesson for November 30, 1947

OPEN your Bible to I John 4-5; Second John; and Acts 4:1-13, and you will have the Scripture background for Sunday's lesson. Add to the above passages Romans 8:1-11, as devotional reading, and you will be thinking of the unimpeachable proofs of a Christian.

Two men are brought before us as examples of Christian discipleship.

Peter and John had been preaching Christ to the people in Jerusalem, and they were arrested and brought before the Sanhedrin. The rulers and priests scolded them, asking by what power or name they had done this. Peter, filled with the Holy Ghost, answered them:

"Be it known unto you all, and to all the people of Israel, that by the name of Jesus Christ of Nazareth, whom ye crucified, whom God raised from the dead, even by him doth this man stand here before you whole. . . . Neither is there salvation in any other; for there is none other name under heaven given among men, whereby we must be saved."

And then follows the verse that reveals the proof that these humble fishermen were really Christians: "Now when they saw the boldness of Peter and John, and perceived that they were unlearned and ignorant men, they marvelled; and they took knowledge of them, that they had been with Jesus."

The Lord is My Helper

IN HEBREWS 13:6, we find this revealing statement: "The Lord is my helper; I will not fear."

The more we study the words of John in Sunday's lesson—words that remind us again and again that God is love, that we love him because he first loved us, that when we love him we are made strong in serving him, the clearer we come to understand the incident in Acts 4:1-13, when Peter and John stood boldly before the Sanhedrin, impressing the court with the fact that they had been with Jesus.

They were not afraid because they were conscious of the presence and power of God. The Psalmist put it subtly when he said, "The Lord is my Shepherd, I shall not want."

When We Walk With God

THE incontestable proof of a Christian is the manner of life he reveals when he walks with God.

"And this is love, that we walk after his commandments. This is the commandment, that, as ye have heard from the beginning, ye should walk in it." II John 6. When we walk with God, in the light of his word, what a glory he sheds on our way!

A group of men sat in the University Club, in Boston, discussing religion. Someone asked Professor William James to define Christianity.

"I will not attempt a definition of Christianity, but I can give you an illustration."

And he pointed to Phillips Brooks. There was no argument. Phillips Brooks was proof positive that Christianity is something vital and practical and real and effective in everyday life.

Who is a Christian?

WE COME now to the question which always emerges when we think along this line, Who is a Christian? Look now at I John 4:15-21. I quote some of these revealing words:

"Whoever shall confess that Jesus is the Son of God, God dwelleth in him, and he in God. And we have known and believed the love that God hath to us. God is love; and he that dwelleth in love, dwelleth in God, and God in him."

We are not certified as Christians by any man-made creed, nor by any ritual or ceremony. We are certified as Christians by the direct access which every soul may have with God, through Jesus Christ our Great High Priest forever.

Church membership does not make us Christians. Baptism does not make us Christians.

Anyone may become a Christian, provided he or she is willing to confess their utter lost estate and, repenting of sin, believe on the Lord Jesus Christ as Saviour and Redeemer. Christ is the Author and the Finisher of our salvation. There is none other name under heaven given among men whereby we must be saved.

"Whoever will may come."

It's easy to tell yourself it's okay to fudge on the safety rule this one time because you're in a hurry and the odds are you won't have an accident. You can talk yourself into this decision in just about the time it takes a moving car to hit you—just time enough for a tragic accident. The Texas Safety Association says if your thinking runs like this, you're living on borrowed time. Accident is no respecter of persons, time, nor places! The birth rate on farms in 1946 was apparently the highest since 1929. There was an increase of 2,360,000 in farm population in 1946 over 1945, and of this number 773,000 were babies born during the year.

Well, the special session got under way last week, with Presidents Truman's message. Mr. Truman is the 8th of the Presidents in our history to deliver such a message in person. Up to the time of Wilson, and more recently, Roosevelt, the formal messages of the President to the Congress were usually read by the House and Senate Clerks. The President recommended an immediate stop-gap European aid program that will cost in excess of \$500 million. That will be in the form of food and machinery. He pointed to the worst-drought in a hundred years in parts of Europe as reason for the immediate emergency. Committees began hearing on the problem, and the subject will probably be acted upon next week after all facts have been developed.

Speaking of the food situation, I have urged Secretary of Agriculture Anderson to withdraw his order issued last July imposing marketing quotas on peanuts. That would mean, if carried out, a reduction in acreage for peanuts for 1948 of about 30 percent under the acreage this year. Referendum elections have been set for December when the farmers will vote on whether they want to continue under the government purchase program or operate outside the support and purchase program. I have urged the Secretary to call off these elections and let the producers continue to plant as much as they wish. With the corn crop estimate reduced by 25 percent and with planting of wheat at this time only 70 percent normal due to the drought, it seems to me unwise to reduce production of any kind of food. Especially is this true of peanuts which have strong protein and food value.

For the past month I have been attending hearings in Washington on proposed amendments to the Fair Labor Standards Act, which was originally passed in 1938. This act went into effect during the depression when 8 million people were unemployed. It was originally designed to eliminate sweat shops by setting up a minimum wage in industries engaged in interstate commerce. Another purpose was to spread work by providing for the 40-hour week with a penalty for working employees beyond that time. The penalty was a requirement that all who working over 40 hours must be paid the regular rate plus one-half of the regular rate for each additional hour worked. The minimum wage was set at 25 cents per hour in 1938 and in 1945, in accordance with the original law, the rate was set at 40 cents. Now some propose that the minimum be set at 75 cents, others suggest \$1.00. Many other provisions of the law are being considered for amendments. Good wages are a good thing but it has been shown very strongly that to set a minimum rate too high might cause many to become unemployed, especially if we had a recession. The Wage and Hour Act applies to 550,000 establishments and cover 21 million workers. Thousands of businesses do not know if they are covered or not. This is because the law was very loosely written and difficult to interpret. Hence, the need for amendments and a general overhauling of the act. Our Committee may report a bill on the subject next spring.

Mrs. Lester Moreland of Austin was among a group of out of town visitors who attended the Hollywood Breakfast at the Methodist Recreation room Saturday Morning. Elder and Mrs. C. W. Hoover of San Saba spent Sunday with Mr. and Mrs. J. W. Weathers.

J. E. GREATHOUSE

James Edwin Greathouse was born in Ellis County on April 4, 1871. He was married to Viola Couch, who preceded him in death in 1931. There were six children born to this union: Roy, who preceded him in death; O. C. Greathouse, Lampasas; E. E. Greathouse, Burnet; E. C. Greathouse, Goldthwaite; Mrs. C. M. McPherson, Sapulpa, Okla.; Mrs. J. C. Venable, Lamesa, Texas; and he is survived also by eleven grandchildren and eight great-grandchildren. In 1933 he was married to Mrs. Tillie Todd, who with her three children, Mrs. G. Kirby, Lometa; Mrs. J. E. Smith and Bill Todd of San Antonio and her seven grand children also survive. There are four brothers surviving: M. E. Greathouse, Dallas; Frank Greathouse, Caldwell; J. A. Greathouse and Fred Greathouse, Mabank, Texas. Mr. Greathouse had lived here since about 1903. He died at his home here at 5:15 last Friday afternoon, Nov. 21. Services were conducted Sunday afternoon at

the Church of Christ, and interment followed in Goldthwaite Memorial Cemetery.

For many years Mr. Greathouse had been a leader in the Church of Christ and was influential in school and lodge work. A good citizen has passed away.

Active pallbearers were: Walter Boone, Mack Horton, Brock McCasland, Arch Hodges, Omer Shaw, and Elam Kelly.

Honorary pallbearers were all of his friends.

Among those from out of town who attended his funeral were: Fred and Sidney Greathouse of Mabank; Mr. and Mrs. M. E. Greathouse, Mr. and Mrs. White, Mr. and Mrs. Fowler Roberts, all of Dallas; Mr. and Mrs. Bill Todd and family of San Antonio; Mrs. H. E. Tannahall of Fort Worth; Mr. and Mrs. I. M. Ross and Mrs. B. Leah Dabney of Brownwood; Mr. and Mrs. Marvin Dodd of Temple; Tom Hunter, R. B. Jones, Mr. and Mrs. Forest Dale Palmer and George Gartman of Lampasas; Mr. and Mrs. A. G. Kirby and family, Mr. and Mrs. John Shelton, Mr. and Mrs. Wooster

Everette, Mr. and Mrs. Pete Kirby, Mr. and Mrs. Lawson Paemer, C. A. Bauchanan and Mrs. Buchanan, and J. R. Kirby, all of Lometa; Mr. and Mrs. Claude McPherson of Sapulpa, Okla.; Mr. Gallanamp, Mrs. Pullen of Lometa, and Mr. and Mrs. Lane Black and Mr. Black's father of Lampasas.

BOWIE MANEUVER ROADS GO ON SALE DEC. 1

Camp Bowie maneuver area roads will go on sale to priority holders December 1.

The roads up for sale are those in Brown and Mills counties formerly owned by the counties. New roads built by the Army are not included in the disposal.

The War Assets Administration describes the roads as those described in a judgment entered April 26, 1945, in Civil Cause No. 51, in the District Court for the Northern District of Texas, San

Angelo Division.

The usual priorities will be in effect—first agencies of the federal government, then state and local governments and non-profit institutions.

Mills county sold its roads to the federal government for one dollar. Brown county sued for its roads and was awarded around \$15,000.

CARD OF THANKS

We wish to express our thanks to our many friends and neighbors for all the kindnesses and sympathy extended to us through the long illness and at the time of death of our dear husband and father.

We sincerely thank everyone for the beautiful floral offering. May God's richest blessings abide with each of you.

Mrs. J. E. Greathouse and Family.

F. A. Weathers, a cousin of J. W. Weathers spent several days in the Weathers home. He left Monday for Dason.

AVE. E. AND 3rd ST. SAN ANTONIO, TEXAS

San Antonio, telling her that her daughter, Gladys, was having an operation, and they wanted her to come. She left for San Antonio at once. Her son, Charles Henry, has been driving the bus in her absence. Mr. and Mrs. Cecil Egger got all their peanuts threshed last week before the rain came. They were very much pleased with the turn out of their peanuts.

The Gene Egger thrasher began with the Hosea field early last week. They moved up to the Charlie Griffin place and threshed all his peanuts. Then they went to the Dewey Smith place. They got part of his peanuts threshed, and there the rain caught them. They have not been able to work since. All of Gene Egger's big field has not been touched.

Mr. and Mrs. Taylor Duncan say the pecans on the Wilmett place are turning out better than they expected. Taylor Duncan also says the new road which Mr. Davis and his helper has just made from the Charm Whittenburg place via the Dwyer place to the Wilmett place, is the best road down there, and he is anxious for the landowners to get in the cattle guards.

Mrs. Edna Dwyer honored her sister, Mrs. J. R. Briley, with a birthday dinner Sunday, November 9. Guests were Mr. and Mrs. Briley, Mrs. Wm. A. Belch and Billy, and Mr. and Mrs. Edward Egger and Jerry.

Herman Glen Egger has returned from Roscoe, where he has been picking cotton.

Miss Dolly Reynolds boarded the school bus Wednesday morning and went over to Mullin to visit her old friends, the Joe Ratliffs. As we passed her old home site, which was taken over by the manuver area, she was fondly reminiscent of the many years spent there. She said her father settled the place 71 years ago. As we passed the Hollis place, she told how she once stayed with the Hollis's to attend a little school at Cold Springs (Ridge). She said she was so homesick she could hardly live, but Mr. Hollis would take her on his knee and one of his own children on the other and sing to her. She said he was a fine singer.

There will be preaching at the schoolhouse Sunday, November 30. Bro. Bill Carroll of Abilene Christian College will preach for us. Everyone remember the date and be sure to be present.

**INJURED WHEN
CAR OVERTURNS**

Mr. and Mrs. George Brooks of near Regency were taken to a Brownwood hospital for treatment after they had narrowly escaped death when their pickup turned over as they were returning from Brownwood late Thursday afternoon of last week. The accident happened near Pompey Creek, and a low casing on slick paving was thought to be the cause. Both were thrown from the car when it turned over and landed standing up.

A few minutes after this accident, a Hudson turned over two miles up the road, without serious damage.

**GOVERNOR DESIGNATE
XMAS SEAL MONTH**

Austin, Texas (Special)—In a proclamation officially designating the period from November 24 to December 25 as Christmas Seal Month, Governor Beauford Jester pointed out yesterday that tuberculosis takes an average of 3,000 lives in Texas each year and kills more people between the ages of 15 and 45 than any other disease.

The Governor called attention to the fact that the Texas Tuberculosis Association and its affiliated county associations are waging an effective and continuous campaign to control this communicable disease, stating that the funds to carry on their work are derived from the annual sale of Christmas Seals. He urged Texans to be generous in their support of the campaign against tuberculosis by buying and using Christmas Seals.

**ARE YOU
AN AMATEUR?**

College Station, Nov. 24—It's easy to spot an amateur landscape gardener.

He does two things that give

him away. First, he plants too close to the house, especially when the shrubs are small. They look better there, he thinks, and he forgets that when several feet tall, the plant will be crowded and its shape spoiled. Long limbs will scrape paint from the house, too.

Two, the amateur landscaper will often plant too many shrubs. In his enthusiasm, he wants every kind of shrub he sees. The well-planned landscape will look rather barren for the first few years. After that, the shrub growth will fill out the bare spots.

Sadie Hatfield, extension landscape gardening specialist for Texas A. and M. College, says that large growing plants, such as Arizona cypress, wax ligustrum, cherry laurel and evergreen privet, need ten feet or more of space. Other plants and shrubs need space in proportion to their full growth.

An over-planted yard, like an over-crowded home, lacks neatness and symmetry. A well-developed landscaping plan, prepared before planting, will pay dividends in the end.

Good calf hay should contain one half to one third legumes.

Oranges, tomatoes or tomato juice, grapefruit, raw cabbage and salad greens are excellent sources of vitamin C and should be included in menus for winter days.

The population of Mills County is 19.3 per square mile.

**He's Looking
into Your Future**

The scientist in the agricultural laboratory is as truly a pioneer as our grandfathers who fought their way westward to the rich farmlands and the broad ranges of the west. He's looking into your future... seeing greater things! His findings, put to use by practical livestock men and farmers, are resulting in thrifter, faster-gaining cattle and lambs, grazing the Great Plains... higher yielding crops enriching the Corn Belt... new immunity from disease for your livestock. He is pioneering a better and more abundant life for you through new markets for your output, improved products for you to sell.

Miracles like hybrid corn seldom happen by chance. Into its development went more than 30 years of patient research. It cost federal and state governments about ten million dollars. Experiments on individual farms cost unknown amounts. But last year alone hybrid corn added more than \$750,000,000 to farm income. Thanks to research, we now have such chemicals as DDT. Chemists searching for an insecticide to protect our armed forces from malarial mosquitoes found this potent bug killer. Already, DDT has made livestock producers many extra millions through increased production of meat and milk from fly-free herds. One ranch reports an extra ton of beef for every pound of DDT used. What a return on a half-dollar investment!

There are similar thrilling stories being written in every phase of agriculture. Many of the new developments come from colleges and experiment stations (largely financed by taxes paid by individuals and business) or from laboratories supported by private industry. From them you get improved varieties of crops, better control of

pests, parasites and diseases, and many another aid to production. The man who keeps abreast of scientific progress and applies it on his farm or ranch usually profits most. Your county agent, vocational agricultural teachers and farm and ranch publications are your helpers to keep you abreast of latest research information.

Swift & Company, for many years, has engaged in extensive research on agricultural products. It enables us to develop new products; to improve existing ones; to produce better nourishment for your family, your livestock and your crops.

Soda Bill Sez: ... little grains of sense can produce a big harvest of dollars.
... take a good look at America—and be thankful!

**From the
Editor's Notebook**

Since the days of the Pilgrim fathers, Thanksgiving has been a heart-warming day for American families. This year we, more than any other nation, have cause to be thankful for an abundant harvest. In helping to feed America, we are thankful that we can add our efforts to those of the hard working farm and ranch families who produce our food.

If you plan to visit the International Livestock Show in Chicago, November 29 to December 6, plan also to visit us at Swift & Company. Competent guides will gladly show you along the Visitor's Route through our plant. All of us in the Agricultural Research Department cordially invite you to drop in for a chat. We'll be looking for you!

Producers who attend the International Livestock Show, particularly those who come in from distant points, will quickly realize why the livestock-meat industry needs nationwide meat packers, like Swift & Company. Two-thirds of the nation's livestock is produced west of the Mississippi River, but two-thirds of the meat is eaten east of the Mississippi. This means that, on the average, there is a gap of more than 1,000 miles between major producing areas and major consuming centers. There has to be somebody to bring the producer and the consumer together. Helping to bridge that gap between the western range and the kitchen range efficiently and economically is one of the chief services performed by Swift.

Size of Business

by J. L. Tennant
Rhode Island State College

A farm business should be large enough to pay operating costs, interest on the investment, and family living expenses. A southern New England dairy farm, for example, should have at least 18 cows per man; a poultry farm, 1,500 layers; a market-garden farm, 10 acres; a potato farm, 40 acres; and an apple farm, 20 acres. Doing more business with the same capital investment is one way to lower costs and higher profits. With the larger business, the operator can spend more of his time at productive work. For example, workers on a dairy farm with 9 to 10 cows per man will be just as busy as on a farm with 15 to 18 cows per man. The gross sales and net income on the larger operation will be much higher because more of the time is used in producing milk. Reducing costs per unit puts the farm operator in a stronger competitive position.

If more crop land cannot be bought, perhaps it can be rented. Another plan is to check means by which crop production on present acreage can be increased. Ways to do this include: the use of lime and fertilizer; winter cover crops; higher yielding varieties; double cropping; drainage and terracing.

Another step toward efficiency is to install modern equipment which enables one person to produce more per hour. Overhead costs per unit of product can be lowered when each machine is used profitably for as many hours as possible.

Track Down the Facts

Old Ringtail, the racoon, holes up in hollow trees. He's hard to track down without trained coon dogs... similarly, there are some hard-to-locate facts about any business. But no one needs any special "fact hunting" ability to get all the facts about what determines livestock prices.

A recent top price for beef steers on a midwest market was \$35, with an average of near \$30; best lambs, \$23.50, average \$23, and hogs were selling up to \$30, with a \$27 average. These prices for livestock are unusual but, in general, they are due to the demand for meats being greater than the supply. They reflect what the consumer is willing and able to pay for meats. All farmers and ranchers should remember these basic facts, whether prices are high or low. The price producers receive for their livestock is governed by what the packer can get for the meat and the by-products.

**Martha Logan's Recipe for
TURKEY A LA KING** (Yield: 6 Servings)

- 2 cups diced cooked turkey
- 1/4 cup butter
- 4 tablespoons flour
- 2 cups top milk
- 1 teaspoon salt
- 1/2 cup chopped green pepper
- 1 cup sliced mushrooms
- 2 tablespoons butter
- 3 tablespoons chopped pimento
- 2 egg yolks
- buttered toast

Make a white sauce of the butter, flour, milk, and salt. Sauté green pepper and mushrooms in the two tablespoons of butter. Add green pepper, mushrooms, pimento, and turkey to sauce. Heat slowly five minutes. Stir to prevent burning. Stir in beaten egg yolks. Serve on buttered toast.
