SOUTH ANNOUNCES FORMALLY SPRING REVIVAL AT FIRST BAPTIST CHURCH BEGINS SUNDAY

Judge Charles L. South of Coleman passed through Goldthwaite late Monday afternoon and authorized The Eagle to announce his candidacy for the office of Congressman from the 21st District of Texas.

South, who was elected to Congress in 1934, served in that capacity for eight consecutive years. During the last several years of his service, he was a member of the powerful Interstate and Foreign Commerce Committee of the House, formerly presided over by Hon. Sam Rayburn of Texas, which gave him an opportunity to effectively sponsor legislation of particular value to the 21st district, including the Wool Labeling Act, passed in 1940; making more money available for wool research; the equalization of freight rates; the cedar eradication program; and the farm purchase program, which has enabled thousands of deserving farmers to purchase farms at a low rate of interest.

South supported and now advocates a well balanced farm and ranch program, providing for soil conservation, storing of flood waters, and suitable crop rotation; the guaranteeing of a fair price for farm and ranch products, in keeping with prices which the producer has to pay for articles which he buys; the continuation and expansion of our Rural Electrification Program, which makes light and power available to the farm and ranch; making labor as well as capital fully responsible for its contracts, and the outlawing of jurisdictional and sitdown strikes. He insists that in order for labor to be entitled to a fair and adequate wage, which it should and must have, labor must give in return an honest and efficient day's work.

"Our federal government has gone on a spending binge which will soon end in national bankruptcy, if not stopped," he states. "Despite the fact that our national debt now amounts to \$2,000,000 for every man, woman and child in the nation, Congress is appropriating money at an annual rate equal to \$1,000,000 for every American family of four persons. Equal, also to the total value of all crops, livestock, poultry and eggs, raised and produced in the entire United States for the four years, 1936 to 1939, inclusive. It should be remembered that it is not the amount of our resources which makes us strong, but the manner in which such resources are used and conserved. It is idle to talk about any substantial reduction of our tax burden, until government expenditures are brought under some control."

ORDER AND NOTICE OF CITY ELECTION

THE STATE OF TEXAS COUNTY OF MILLS CITY OF GOLDTHWAITE
ELECTION ORDER
I, LOY LONG, Mayor of the City of Goldthwaite, Texas, by virtue of the power invested in me by law, do hereby order that an election be held in the City of Goldthwaite, on April 6th, 1948, being the first Tuesday thereof, for the purpose of electing the following officers of said city:

Mayor; Secretary; Three Aldermen. Two-year terms. And that said election shall be held at the District Court Room in said city, and the following named persons are hereby appointed Managers thereof.

CHARLES L. SOUTH

"I strongly favor that provision of the tax reduction bill advocated by the Democratic leaders in Congress, which would levy an excess profits tax on corporations, after they have earned a fair return on their investments, thereby preventing the further skyrocketing of prices on many articles which we all have to buy.

"We must continue to keep a strong Army, Navy and Air Force, with special emphasis on scientific research and airpower, so long as doubt, fear and distrust exist. I do not favor the giving away of any military secrets, the atomic bomb, for instance. At the same time we must not lose sight of the fact that the only thing which can ever bring true happiness and lasting progress to the human race is world peace, toward which we must constantly strive.

"The manner in which our Federal government has mis-handled the veterans' housing problem is both disgraceful and inexcusable. Long after the war ended, and while hundreds of thousands of returned veterans were being forced to live apart from their wives and children, and others forced to crowd in with relatives who were not prepared to properly take care of them, thousands of prefabricated (ready-built) houses, and vast quantities of other building materials, were being shipped abroad without cost to the countries receiving them. I am opposed to sending material out of this country until every returned veteran has been given an opportunity to acquire a comfortable home for himself and for his family."

to-wit: Brian Smith, Judge. Mrs. Eula Nickols, Clerk. Mrs. A. L. Whitaker, Clerk.

ELECTION NOTICE The City Marshal is hereby directed and instructed to post a properly executed copy of this order and notice of election at the place where this election will be held. Said notice shall be posted thirty days before the date of said election. Signed and executed this the 17th day of February, 1948. (SEAL) LOY LONG Mayor, City of Goldthwaite. ATTEST: B. C. SUMMY City Secretary

CARD OF THANKS We thank the fire department for the quick service, and all who helped in any way to save our home from being lost by fire. May God bless each of you. Ray Blackburn.

DR. CHARLES R. SHIRAR, Evangelist

The Spring revival at the First Baptist Church begins Sunday, February 22. Dr. Charles R. Shirar, pastor of the Calvary Baptist Church, Alexandria, Louisiana will arrive in Goldthwaite on Monday to conduct the services throughout the week. Walter R. Langston, Director of Music and Education, of the church will be in charge of the music for the meeting. There will be two services daily: 10:00 a. m. and 7:15 p. m.

Some of the subjects to be delivered by the visiting evangelist include these: "A Scriptural Recipe for a Revival"; "God's Blood Bank"; "Compulsory Cross Bearing"; "Seeking Jesus"; "The Soul Winner's Morale"; "The Most Magnificent Obsession"; "What About Hell?"; and "The Poverty of Jesus".

"Dr. Shirar is one of the outstanding pastors and evangelists in the entire Southwest and we are indeed fortunate to secure him in Goldthwaite," states the local pastor, Rev. Joseph L. Emery. "All who live in and around Goldthwaite are urged and invited to attend these series of services with us. A real Christian welcome awaits you", the pastor concluded.

WALTER R. LANGSTON, Jr., Song Leader

The annual Boy Scout Campaign for the purpose of raising Goldthwaite and Mullin portion of the budget for the Comanche Trail Council, Boy Scouts of America, of which our local Scouts are members, will start with an Early Bird Breakfast at the "Hangar" at 7:00 a. m. next Tuesday, February 24. Dr. T. C. Graves is chairman for the South District which composes Mills, San Saba and Lampasas Counties. The following men have been appointed on the Committee to help raise the necessary funds to continue the Scout program during 1948: Ed. Gilliam; Jesse Moreland; John Patterson; H. E. Patton; Leonard Archer; J. B. Karnes; O. O. Smith; Loy Long; Rev. Joe Emory; Jesse Saeger; Rev. Jim Ashcraft; D. B. McCombs; Howard Campbell; Luther Piper; C. T. Wilson; W. P. Duren; Harold Yarborough; W. C. Barnett; J. A. Hester; Robert Johnson; R. L. Steen; V. C. Bradford; E. T. Fairman; L. B. Porter; J. H. Saylor; Rev. M. D. Lowry; J. R. Little; Hollis Blackwell; Chas. McLean; A. Hudson; R. E. Worley; Rev. M. E. Blake and Dr. Graves.

In explaining "what Scouting does" Dr. Graves said, "Scouting trains a boy for useful citizenship. Scouting encourages a boy's interests and directs his attention to a wide range of vocations, professions and hobbies. Scouting is a long term program, providing constructive and progressive training for boys, making them self-reliant, physically strong, mentally awake, and morally straight. Boy Scouting is the soundest plan ever devised for building boys into men of good character-training for good citizenship."

J. B. Karnes local chairman urges all to be as liberal as possible in this drive when contacted. In this manner we bring Scouting service to our town and boys. This consists of field visits to our local troops; Court of Honor, training sessions for our leaders, badges and insignia to the boys, literature and program helps, spring Camp-O-Rals, a summer camp, organization of new troops and cub packs, reorganization of old ones, and numerous other services the Comanche Trail Council provides throughout the eight-county territory.

THE METHODIST CHURCH M. D. LOWRY, Pastor SUNDAY, FEBRUARY 22 Sunday School 9:45 a. m. Morning Worship 10:50 a. m. Layman's Day Speaker, Mr. Frank P. Pickle. Subject—"Learning to Live the Christian Life."

TUESDAY 6:30 p. m. Youth Fellowship at the church. 7:00 p. m. Sermon Subject, "A Voice in The Wilderness."

GOLDTHWAITE MAN IN MELBA PICTURE Jake Harrison, son of the late J. A. Harrison, will appear in the picture "Spring Time in the Sierras" that will be shown at the Melba Theatre Saturday matinee and night. Jake was reared here and attended Goldthwaite school. He was on the police force in Hollywood for some time after leaving Goldthwaite. Baton Rouge is the capitol of Louisiana.

CITY ELECTION TO BE HELD HERE TUESDAY, APRIL 6

A City Election will be held in the district court room in Goldthwaite on Tuesday, April 6, for the purpose of electing a mayor, city secretary, and three aldermen to take the places of Mayor Loy Long, City Secretary R. C. Summy and Aldermen Howard Hoover, Bob Steen and R. E. Worley, all to be elected for two-year terms. Brian Smith has been appointed Judge of the election. Holdover aldermen, elected last April 1, for two-year terms, are Hollis Blackwell and Jesse Moreland. Change in the election laws make it imperative that names of candidates for city offices be filed with the City Secretary for at least 30 days prior to an election—which will give two weeks, or until March 6, from this date to file. At a recent meeting of the City Council it was noted that the election laws in the State of Texas have been revised by the last session of the State Legislature to the effect that candidates for City Offices must file their names with the City Secretary at least thirty (30) days prior to date of election, that all candidates will be required to sign an oath as to their eligibility to hold such office before their names can be entered on the Official Ballot. Ballots must be printed at least twenty (20) days prior to election date, so as to allow time for absentee voting. The practice of filing petitions with candidates names listed, may be continued, but it is no longer necessary for a candidate to have such petition if he is otherwise qualified to be placed on Official Ballot. The election in Goldthwaite will be held on April 6th, thus all candidates' names must be filed prior to March 6th of this year. The City Council has ordered that Ordinances previously in effect in Goldthwaite governing such elections be revised to meet these requirements. Fruits and vegetables freeze more successfully after their moisture is reduced, scientists find, because there is less breakage of the cell tissues from large crystals which form when more water is present.

BROTHERHOOD SPEAKER

Former Secretary of War Robert F. Patterson will visit Texas as February 22-23 to speak in behalf of the fifteenth annual observance of "American Brotherhood Week" February 22-29 sponsored by the National Conference of Christians and Jews. His Dallas visit will be his only stop in the Southwest.

NOTICE

In view of the fact that George Washington's birthday will come on Sunday this year, the Trent State Bank will be closed Monday, February 23, in observance of his birth.

POST OFFICE CLOSED ON MONDAY FEB. 23

As Washington's Birthday comes on Sunday this year, the Goldthwaite Post Office will be closed the following day, Monday, Feb. 23. Neither the rural routes or star routes will be served that day. Mail will be placed in the post office boxes and will be dispatched the same as on Sundays. Postmaster M. Y. Stokes stated.

HAS OPERATION Lester F. Bain, head of the local Triple A Office, left last Saturday for Scott and White Hospital at Temple and was operated on for hernia Monday morning. He is reported to be doing nicely and expects to come home in about ten days.

Swing Of Southwest Farm Markets

(U. S. D. A.)
Major farm products continued sharply lower trends last week, the U. S. Department of Agriculture's Production and Marketing Administration reports.

Wheat, corn and barley fell 27 to 33 cents a bushel in the week's trading as oats lost a cent, and sorghums 35 cents a hundredweight, for a two-week decline of around 50 to 70 cents on most grains. Lower values brought decreased marketings, and slack demand reflected traders' lack of confidence in recent high prices.

Feed prices nosedived along with grains for losses of \$10 to \$20 a ton, but hay and rice held firm. Farmers' stock peanuts sold at CCC support prices, and most shelled peanuts went to the government under contract for export.

Cotton prices dropped \$9 to

\$10 per bale for the week in sympathy with other commodity markets. Sales decreased in less active trading.

Prices eased a little on fryers and broilers during the week, but other poultry changed little, and eggs held firm. Fryers sold from 34 to 37 cents a pound in north Texas, around 37 at New Orleans, and 33 to 34 on Arkansas commercial farms. Current receipt eggs remained around 40 to 45 cents at Dallas and Fort Worth.

More sheep and hogs and fewer cattle went to market in the Southwest the past week. Cattle prices dropped \$1 to \$3 or more per hundred pounds in slow, weak markets. Denver moved good steers at \$24 to \$27.50, as medium and good steers and yearlings ranged from \$19 to \$25 at other southwest terminals. Common and medium cows brought generally from \$15 to \$18, and canners

and cutters from \$10 to \$15. Butcher hogs fell \$1 to \$3 or more for the week at southwest markets, and sows and pigs lost up to \$4 or \$5. Late-week top stood at \$21 at San Antonio, \$22 at Fort Worth, \$22.50 at Oklahoma City, \$22.75 at Wichita, and \$23.25 at Denver. Sows moved generally at \$16 to \$18, and feeder pigs \$10 to \$15.

Lamb prices closed for the week \$1 to \$2 lower, as ewes declined 50 cents to \$1.50, and goats 50 cents to \$1. Most southwest markets took medium to choice slaughter lambs from \$19 to \$22.50, and medium to choice ewes from \$10.50 to \$12.50. San Antonio bought medium goats at \$9.25 to \$9.75, and kids \$3.25 to \$4.50 each.

APPRECIATION
We would like to express our sincere appreciation to our many friends and neighbors for your kindness, words of encouragement and the many gifts at the time fire destroyed our home. Sincerely,
D. B. And Kathryn McCombs.

RINSING IS MOST IMPORTANT PART OF HOME LAUNDERING

Strange as it may seem, the most important part of doing the home laundry is rinsing! Authority for that statement is Miss Margaret B. Doughty, director of Bendix Home Laundry Institute.

Why is rinsing important? "The soapy water which has removed soils from the clothes has penetrated the fabrics through and must be removed as completely and quickly as possible if the wash is to be clean and white," Miss Doughty says.

Clothes should be rinsed two and preferably three times, this authority declares. In each case, the water should be quickly drained. A thorough rinsing leaves clothes white, sweet and clean.

Merely placing washed clothes into rinse water is not sufficient to remove soap and suspended soil," says the Bendix Home Laundry Institute head. "The clothes should be thoroughly agitated during the rinse. In the old-fashioned way of laundering, this laborious job never was done thoroughly, simply because it was a physical impossibility. The automatic washing machine has finally solved the rinsing problem. Thoroughly rinsed clothes are far cleaner than hand rinsing ever permitted, and the hands never touch water when the home laundry is done the Bendix way!"

The Bendix automatic home laundry, she adds, employs three rinses.

"The first is a flush rinse which removes the heaviest suds. The second and third are deep water rinses. Each rinse is equal to dousing clothes 225 times in the rinse water by hand the old-fashioned way." Modern rinsing does the job more thoroughly and with less water, the Bendix expert adds.

ZANE GREY'S 'WESTERN UNION' RETURNS

Zane Grey's "Western Union", celebrated as the mightiest drama of the frontier West the screen has ever known, makes a return engagement at the Melba Theatre starting Thursday to thrill local audiences with its stirring adventure, pulse-pounding excitement and colorful drama. Filmed by Twentieth Century-Fox, the picture features an outstanding cast headed by Robert Young and Randolph Scott, and includes Dean Jagger, Virginia Gilmore, John Carradine and Slim Summerville.

A thrilling-thundering epic of Indians, romance and blazing guns, "Western Union" unfolds the gripping adventure story of the fierce battle to build the first transcontinental telegraph over a West infested with renegades and hostile Indian tribes. The signal for the huge wagon train to start rolling across the prairie marked the beginning of the most colorful and thrilling episodes in the history of the West. Battling the heat of the desert and the snow of dangerous mountain passes, their cattle stolen and their wires cut down, and stalked every foot of the way by Indians who were incited to massacre by an outlaw band, Creighton and his men fought their way to an unforgettable triumph.

'FABULOUS DORSEYS' TELLS CAREER STORY OF TWO FAMOUS BANDLEADERS

A striking novelty in biographical films will take place Tuesday and Wednesday at the Melba Theatre when Charles R. Rogers presents his newest production, "The Fabulous Dorseys," which tells the true-to-life story of the famous bandleaders, Tommy and Jimmy Dorsey. The novelty is that for the first time in films, the principle characters are actually played by themselves.

Director Alfred E. Green naturally had to recruit two talented youngsters, Bobby Warden and Buz Buckley, to play the brothers when they were still in knee pants, but after the initial scenes Tommy and Jimmy take over and give a rousing rendition of the blow-by-blow battles, personal and professional, which were such an integral part of their unusual rise to fame and fortune.

Birthday Dinner

Sunday, February 15th, Mrs. John Witty gave a dinner honoring her husband's 68th birthday. Mrs. Venora Eodenhammer from Lampasas baked the lovely birthday cake. All of Mr. Witty's children were present. Mr. and Mrs. A. V. Clary and daughter Venora of Lampasas; Mr. and Mrs. K. W. Witty and Wanda Wilda and Wyman of Winchell; Mr. and Mrs. J. D. Mason, May-die Lee, James and Wayne of Grand Prairie; Mrs. Annie Schulze of Ronoke; Mr. and Mrs. Jim Witty; Mrs. Lee Clary, La Joy, LaRoy and Lester; Mr. and Mrs. Norris Witty, Cathy and Gary Lee; Mr. and Mrs. Jim Mason.

Mrs. K. W. Witty also celebrated her 43rd birthday. Both Mrs. K. W. Witty and Mr. John Witty received many useful and practical gifts. Many games were played and everyone seemed to have had a wonderful time.

Everyone left late Sunday evening wishing Bertha and Mr. John many more happy birthdays.

Mrs. Haenisch called on the officers of the club to outline the duties of each and suggested each give more time and thought to these subjects. Each member agreed to try and make the club work more interesting for the year ahead.

At this meeting we were glad to welcome Mrs. Tate Eckert as a new member and her daughter Altha Mae as a visitor. Mrs. Smith served a delicious plate to seven members, one child, and one visitor. The next meeting will be with Mrs. Hawley Jernigan, which will be Feb. 25.

CHANCES FOR GOLDTHWAITE AND STAR SCHOOL BOYS

COLLEGE STATION, Feb. 14 (Spl) -- Any boy graduating from Goldthwaite or Star high schools this year with a good scholastic record and need of financial assistance will have a chance to win his own college education in a competition being conducted by Texas A and M College. Notice of the 1948 competition, with entry blanks for Goldthwaite and Star boys who want to compete, were mailed to the principals of those high schools today by R. G. Perryman, secretary of the Texas A and M College scholarships committee.

Filling the need of giving every outstanding Texas boy a chance to earn his own college education, in spite of possible financial handicaps, the "Texas A and M Opportunity Awards" program is now in its third year. It offers boys graduating from Texas high schools each year a chance to compete for four year college scholarships

CULTURE CLUB

Thursday, February 12th, was regular meeting day for the club and although the weather was very cold and streets coated with ice, a large number of members and guests assembled at the Sam Sullivan home, where great wood fires burned in the big fireplaces, giving out warmth and cheer.

The Valentine motif was used in the decorations throughout the house, making a lovely setting.

The business meeting was presided over by the president, Mrs. Wm. G. Yarborough, and a motion carried to purchase recordings to the amount of ten dollars, for use in the primary grades, to promote music appreciation.

The following officers were elected for the coming year:

President, Mrs. H. E. Patton; Vice-President, Mrs. Walter Summy; Secretary, Mrs. J. H. Saylor; Treasurer, Mrs. O. H. Yarborough; Reporter, Mrs. R. M. Thompson; Parliamentarian, Mrs. Wm. G. Yarborough.

Mrs. E. B. Anderson was leader for the "Travelogue" program. Members and guests responded to a most interesting roll call on "Vacation Spots."

A beautiful piano solo by Miss Ada Margaret Geeslin was much enjoyed. Mrs. Wm. Yarborough showed pictures made on vacation trips through Colorado, Nevada, Utah and Arizona, then down to Mexico City and other points of interest in Mexico. She also showed pictures of Guatemala, where Mrs. Yarborough's mother, Mrs. Williams of Gilmer, a world traveller, made the pictures while on tour of Central American countries.

A vocal trio by Misses Peggy Sue Greathouse, Monette Simpson and Ada Margaret Geeslin, accompanied by Mrs. Sullivan, concluded this delightful affair.

Mmes. Sparks Bigham, T. C. Graves and Talbert Letbetter assisted the hostess in serving dainty refreshments.

EBONY

By Mrs. Clementine Wilmoth Briley

School was dismissed Thursday of last week on account of ice-covered roads.

A letter from Mrs. Frank Crowder of Indian Creek to her friend, Mrs. Edna Dwyer, said that Grandmother Ivy was out in the yard in her wheel chair Monday enjoying the sunshine, when a dog jumped on her chair and turned her over, hurting her arm. It was very badly swollen and they were afraid it was either out of place or broken. Now she is not able to dress herself, and can hardly feed herself.

Grandmother Reeves, who has been at Brownwood for some time where she could be near the doctor, returned home Saturday evening to the Stanley Reeves home.

Mrs. Blue Thompson called on Mrs. W. A. Burn at the Malone home Sunday afternoon.

Mrs. Charles Griffin, who drives the school bus, built her a brooder house over the weekend, and now has it filled with chickens.

Mr. and Mrs. W. C. Whittenburg and sons, Clint and Jack, went to Goldthwaite Saturday and spent Saturday night with Mr. and Mrs. P. R. Reid.

Mrs. Irene Reeves spent Sunday with Mrs. Charles Griffin. A week ago Saturday Mrs. Reeves planted peas for Mrs. Griffin, but she says the weather has been so cold they haven't stuck their heads up yet.

Mr. and Mrs. Jack Williams of Indian Creek visited the J. E. Eggers Saturday afternoon.

Mrs. Edna Dwyer declares that she has been a ty-ty almost in bloom and agarita buds are swelling.

FORECAST OF THE POPULATION OF THE UNITED STATES, 1945-1975

"Forecasts of the Population of the United States, 1945-1975," soon to be published by the Bureau of the Census, can now be ordered from the Superintendent of Documents, Washington 25, D. C., for delivery as soon as published. This basic study, of essential interest to everyone who has to work with future trends, can be obtained for 45 cents a copy.

A fire Saturday morning at Ray Blackburn's home at the end of 4th Street, did quite a bit of damage.

Mr. and Mrs. Joe Palmer took Mrs. Edward Eugene Palmer and little son Tommie Joe to their home at Ballinger Sunday after a two week's visit in Goldthwaite.

Learn And Obey Traffic Laws

(ONE OF A SERIES OF ARTICLES ON TRAFFIC LAWS)
Austin, Feb. 4.—What is your L. Q.?

Your traffic law quotient, that is, do you know the laws that help protect you from an automobile accident?

To familiarize the public with traffic laws and the necessity for obeying them, the Texas Safety Association is co-operating in a nationwide "Learn and Obey Traffic Laws" program during February.

In almost every accident, one or more drivers were violating some traffic law," says George Clarke, managing director. "Better voluntary observance of traffic laws would save a lot of lives."

One of the most causes of accidents is driving in the wrong lane, according to Clarke. He pointed out that National Safety Council statistics show driving on the wrong side of the road to be the second most frequent violation reported in traffic mishaps.

Keep right and you'll be left

to drive another day, he said, and listed these rules:

1. Drive to the right of the centerline. On three-lane roads, never drive in the far left lane, and on four-lane roads, never drive to the left of the center.
2. Drive to the left on a two-lane road, in the center lane on a three-lane road, or in the lane next to the center on a four-lane road only to overtake and pass a slower moving vehicle, and then only when you are sure that everything is clear.
3. On multiple lane roads, drive in one lane. Don't change from one lane to another without looking back and on both sides. Be sure a car is not overtaking you at the side and to the rear—a blind spot in many automobiles.
4. It is legal to overtake and pass on the right when the vehicle overtaken is making or about to make a left-hand turn, on a four-lane street or road, or on a one-way street of two or more lanes of moving traffic. Even where it is legal, how-

HUMBLE PRODUCING MORE HEATING OIL

Although the oil industry has been preparing for months to meet the winter's demand for heating oils, the abnormally cold winter has caused such a large demand that refineries have altered their operations still further to produce more heating oils, even at the price of producing less gasoline.

In an effort to help keep people warm in the East and Midwest during the present winter, Humble refineries are actually making MORE heating oils than gasoline. Baytown Refinery is currently running ten million gallons of crude oil daily and is making about four million gallons of heating oils, or much more than normal. Such unusual production of oil for heating has been obtained only by (1) reducing manufacture of higher-priced gasoline, and (2) careful use of all available facilities at higher costs of manufacturing than economically warranted.

Baytown's present production is about twenty-five per cent greater than the actual design capacity of the plant, and exceeds by about 38,000 barrels a day the record throughout achieved during the busiest months of World War II. It is significant, however—with all this emphasis on volume—that quality is not being sacrificed.

A great share of the credit for Baytown Refinery's production records must go to more than 6,000 men and women who work in shifts around the clock at the plant. Their combined efforts to put the last possible barrel of oil through each unit, to keep operations flowing smoothly, and to minimize the time spent on repairs are the basis of Baytown's production achievements.

Not only is Baytown operating above design capacity now to meet consumer demands, but plans are under way for further expansion. New facilities estimated to cost nineteen million dollars will be started in 1948. That is more than was spent in any one of the war years, when Baytown was building large new units for the manufacture of aviation gasoline.

The major item this year is a large new pipe still which will enable the Refinery to run an additional 54,000 barrels a day of crude oil, or nearly 20 per cent more than its current volume. A new plant for the manufacture of a greater quantity of high quality lubricating oils is almost completed and will be placed in operation soon. Construction will also get under way in 1948 on modernization of the mechanical shops which maintain the Refinery in the efficient state of repair necessary for high production.

"THE MIRACLE OF OIL-PLATING"

A visual story of a unique accomplishment in the field of modern automotive lubrication was unfolded in Continental Oil Company's motion picture, "The Miracle of Oil-Plating," when Service Station Operators, Car and Tractor Dealers, Garage Mechanics and special guests viewed the film, at the Melba Theatre, Wednesday afternoon, February 18th.

This motion picture, with a cast of Hollywood professional players, was filmed in Hollywood and in Continental Oil Company's big 1,280-acre refinery at Ponca City, Oklahoma, and presents the dramatic story of OIL-PLATING.

The audience, while being entertained with a human interest narration that contains both comedy and education, was introduced to such technical terms as methyl dichlorostearate, thialkene, furfural, methyl ethyl ketone, hexane, and selective solvents, each with a basic function in the dramatic story of OIL-PLATING.

The story moved around the huge refinery and took occasional circuitous routes through Continental Oil Company's many recreational facilities for employees, including the beautiful indoor swimming pool, tennis courts, athletic field, large gymnasium, and the colorfully designed cafeteria.

R. H. Frazier, local Conoco Agent, was in charge of the program, and arrangements for presentation of the film were Sales Representative, Continental Oil Company.

Jones Valley—H. D. CLUB

(Intended for last week)
The Jones Valley Home Demonstration Club met February 10th at 2 o'clock with Mrs. M. L. Jernigan.

The house was called to order by the president. Two songs were sung. Roll-call was answered by a parliamentary procedure rule and how I care for my clothing. The minutes of the last meeting were read and approved. A report of the February Council Meeting was given.

Dues of \$1.00 per year were paid by four members. The club voted to give \$2.00 to the March of Dimes. The Exhibit Committee recommendations were adopted.

Our last meeting in January was postponed due to bad weather so we had our program combined with this meeting. The following program was given:

1. "What is the THDA and 4-H Committee of THAD", by Mrs. Harvey Hale.
2. "Kitchen Linens and their Care", Open discussion.
3. "History and aims of Extension Service", by Mrs. J. D. Berry and Mrs. Albert Tully.
4. Clubcourtesies and 5. Lets take inventory, by Mrs. Emogene Haensch.

Meeting adjourned to meet with Mrs. Raymond Wilcox, February 24. Everyone come.

Games pertaining to Valentine were played. They were "I Love My Love" and "A Love Story in Flowers."

A delicious plate with Valentine favors was served to 6 members, 3 children and Mrs. Emogene Haensch. (Reporter)

BABY CHICKS MAY BE HARD TO GET

College Station, Feb 4—"You can get baby chicks this year, but it may be hard to get them when you want them" is the warning issued by extension poultry husbandmen of Texas A. and M. College.

They base their prediction on the December hatchery production report of USDA's Bureau of Agricultural Economics office in Austin. The report shows that commercial hatcheries in Texas produced 1,100,000 chicks during the month,

which is just about half of the production of a year ago, and 28 percent below the 10-year average.

Hatcheries are generally starting their main hatching season later than last year, the report says. The egg-feed price ratio is not as favorable for egg production as last year, and most hatcheries are setting eggs according to orders placed with them. The exception is broiler chicks, as the demand for them has been fairly stable.

With such a situation, orders for baby chicks should be placed well ahead of the delivery date desired, the poultry husbandmen say. Otherwise, there may be an unexpected delay in delivery.

4-H'ERS TELL REAL VALUES IN GARDENING

"My gardening work really started when I had to find some way to earn my college tuition."

"We need a pretty good income, for there are 11 members in our family. My garden has supplied the family with vegetables, not only to eat and to can for winter use, but to sell."

"Through 4-H Club work I have learned how to choose a good garden spot, select the right varieties to plant, cultivate to conserve moisture, and control diseases and insects."

These are statements made by 4-H Club members, telling the real values and reasons that prompted them to become interested in the National 4-H Garden awards program. Their statements are typical of those made by the 46 state winners and the 3,950 4-H'ers who won county awards in the program last year.

Again in 1948 Allis-Chalmers offers rewards to 4-H boys and girls who excel in their garden projects. These rewards include medals for county winners, and an educational trip to the National 4-H Club Congress in Chicago for the state champion. Eight national winners selected from the state champions each receive a \$200.00 college scholarship. County extension agents

as long as it is kept in shape. Good printing cannot be secured from the best type on a press that is not accurately adjusted.

The life force generated in the powerhouse, (brain) cannot find proper expression throughout the body when the transmission lines are not free and adjusted properly. When the adjustment is correct, the result is physical and mental health.

CASE NO. 301—Baby girl, 28 months old. Had fever and been vomiting for four days. Child could retain nothing on the stomach. There was nothing in the stomach but the child still retched. Intravenous feeding had been recommended but the father objected and called Dr. T. A. Williams, Chiropractor, at 10:00, on Dec. 11, 1946. Neurocalometer Analysis showed nerve interference causing the disturbance and a hurried trip to the X-ray laboratory was made to obtain an accurate knowledge of the cause of the interference. An adjustment was given at 11:00 p. m. Child went immediately to sleep and slept until after 4:00 a. m., when she awoke and was fed a bowl of oat meal. She went back to sleep and slept until after 7:30, woke up and ate again. Child regained her strength in just a few days and continued to be healthy.

JUNIOR NEWS

We have finished our grammar and have started literature. Although we don't enjoy literature as well as we did grammar, we are all hoping to pass.

Eight dollars has been raised toward the junior-senior banquet. By the time we have the banquet, we shall have enough money to cover expenses.

After so many of our classmates have married or moved, we have only 13 in our class.

Next week is six-weeks' test and here's hoping we get over the mark.

SOPHOMORE NEWS

By Floy Woodard
Some of the Sophomores have been enjoying the stock show. Congratulations to those who came out winners.

Our grades are between the half-way mark. With six-weeks' test just around the corner, we have begun to study more.

The Sophomores were a hundred percent in the 'March of Dimes'.

FRESHMAN REPORT

Next week is six-weeks' test and we are all looking forward to making good grades. We are enjoying our literature books. We are getting into substitution in factoring in algebra, which is different and difficult to understand.

We did not have a valentine box but a few of us exchanged Valentines.

Most of us enjoyed school Saturday and then the ball game Saturday night. The trophy the girls won was very beautiful. Keep it up girls.

DOWN ANNA MAE'S ALLEY

Seems as though someone wanted to take Carolyn home, from the ball game Tuesday night. Cute wasn't he?

Roland, won't James' pickup run fast enough to catch Christine?

Velda, was it too bad to have to put up with "little brother" Saturday night?

Doyle Duncan seemed to be having a good time Sunday

evening. If you don't believe me ask Mary L.

Mattie Jo, who were you with Saturday night? Could it have been "Big Bill"?

Floy, who was your caller Sunday night? Come on and be honest!

Billie Gail, Billy is cute, but oh! that 'Buick'.

Kenneth, were you expecting Sue Sunday night?

The bus wasn't very crowded Saturday night was it, Freda?

Velda B., how about dividing the candy? David wouldn't mind or would he?

Flash; Floy, what's this we hear about you and "Dave N." of Mullin?

J. O., a certain girl from P. Grove thinks you're cute. Can't you take a hint?

If it wasn't for "Zula" I wonder what two girls from McGirk would do!

Charles H., how does it feel to be a pony express?

SONG DEDICATIONS

Mary Leigh to Doyle—"The Stars Will Remember."

Floy to "Dizzy"—"Signed, Sealed, and Delivered."

Zane to Corene—"It's Been a Long, Long Time."

Marjorie to "Toby"—"Beg Your Pardon."

Velda to Charles—"How Lucky You Are."

Ruth Ell to Cecil—"While Your Away."

Billy G. to Charles Ed—"I Believe."

Freda to Garland—"Near You."

Alice to "Red"—"You Do."

Bobby Lee to Carolyn—"I Can't get Started With You."

Sue to Voyd H.—"Your Gone But not Forgotten."

Roland to Christine—"You Belong to My Heart."

BAPTIST RADIO HOUR

DR. T. F. ADAMS

"Marriages Are Made" is the subject of "The Baptist Hour" for February 22nd, with Dr. T. F. Adams of Richmond, Virginia, as Speaker, it was announced by the Radio Commission of the Southern Baptist Convention, Atlanta, S. F. Lowe, Director. Heard over Station WFFA at 7:30 a. m. "The Baptist Hour" series, "Divine Light For Daily Living," considers one of the most vital problems of our day, the home, in the last two Sundays of February.

Featured on the February 22nd program, will be the sixth favorite hymn, determined by a poll among interested listeners, including six and a half million Southern Baptists.

GIRL SCOUTS

March 12th is the 36th Anniversary of Girl Scouting in America.

February is also International Month, with February 22 "Thinking Day" for Scouts.

February 17th, Mrs. Jacob Saylor, Advisory chairman on the Council, and Mrs. M. F. Horton, Publicity chairman of the Council, met with Troop III at The Little House.

This troop was in attendance 100 per cent this day.

Mrs. Ector Greathouse and Mrs. Elmer Keely are leaders.

The Scouts in Troop III are as follows:

Barbara Blackburn, Kathryn Ann Horton, Tony Hammond, Carolyn Graves, Marsha Wilkins, Patricia Greathouse, Virginia Hill, Marjorie Piper, Pauline Roe.

The girls are working on their Sewing Badge, also they made a visit to add mileage to their Hiking Badge, and to observe the plants.

TROOP II

Carnation Troop II met at the Little House February 16, 1948. We are planning a presentation of awards at our next meeting, and committees were appointed by our chairman to plan the presentation ceremony and entertainment. Troop II has earned the following badges: Troop Dramatics, Foot Travelers, Explorers, and Group Music. We were pleased to have Mrs. J. H. Saylor visit our troop. She reminded us that February is International Scout Month and that February 22 is Girl Scout "thinking" day.

Roland was 'tumbling' instead of 'rollin'.

Mattie Jo was 'yellow' instead of Green.

Corene was 'barnes' instead of Karnes.

SPORTS

This week was a thrilling one for the girls basketball team. Tuesday, the 10th, our girls defeated Priddy girls 24-25. It got very close toward the end of the game but we finally won. Our boys also beat Priddy 19-29.

Thursday night Evant came to Star to win but went home as losers. The boys beat Evant 36-24 and the Star girls beat Evant girls 29-18.

Saturday night we went to Evant. Star girls won by 6 points, 16-25. Our boys, we are sorry to say, were defeated 22-25. They played a very hard game.

The girls came back with the district trophy.

Health Notes

GROWING OLD

Some folks are old at sixty; others are mentally and physically alert at eighty. The number of years one has lived may not be a true index to one's physical condition. Actually, the length of a person's life span is influenced by the condition of his arteries. Premature hardening of the arteries, often due to avoidable infections, improper diet, and possibly worry and strain is to a certain extent, preventable, said Dr. Geo. W. Cox, State Health Officer.

Many of the problems connected with the hygiene of old age are due to lowered mental power. Therefore, a cheerful

and optimistic attitude toward the aged, especially during sickness, is essential to their well-being. Old people regard their condition as far less serious when they can be fully dressed and out of bed. When they can be up, the excretory organs function more satisfactorily, too. However, when an elderly person complains of being over-tired, or otherwise not physically fit, a day of rest in bed is advisable. By providing light and easily digested food and applying warmth to the body of an aged patient, he is often tided over a mild or threatened illness.

Special attention should be paid also to proper clothing, diet, and exercise of the elderly. With

reasonable attention to certain well-defined and easily followed principles of personal hygiene, it is possible to grow old gracefully. Furthermore it is also possible, in many instances, to retain one's faculties to such an extent as to make old age a pleasure rather than a burden.

Circle No. 2-

Circle No. 2 met at the home of Mrs. Earl Fairman, Wednesday morning, Feb. 18. She continued her discussion of "Great Prayers of the Bible".

Delicious refreshments were served to the members and many guests. There were 24 present.

from the people of the people of Russian American Bible Society presented to "Metropolis," of the Russian Church, 10,000 Russian, 5,000 New Testament Psalms, 100,000 Rus-

sian Gospel portions, and 1,000 Greek New Testaments. These scriptures are all in the new Russian orthography, and in the Holy Synod version first set up in St. Petersburg in 1880. These new books were all published from new type in the United States by the American Bible Society.

D. Frank C. Laubach, former missionary to the Moros in the Philippines, and now the "Apos-

tle of literacy" to most of the world, is now overseas in the interest of the Committee on World Literacy and Christian Literature of the Foreign Missions Conference of North America. Following extensive conferences for the promotion of literacy work with English, Irish, and Scotch missionary societies, and a great public meeting in Central Hall, Westminster, London, Dr. Laubach will leave for Africa. Here he will visit nine different sections and dialects where he will assist in developing reading charts, basic literature, and campaigns on the "each one teach one" plan.

Dr. Ralph E. Diffendorfer, of the Board of Missions and Church Extension of the Methodist Church says, "One of the astounding things in Christian Missions today is that, as partners, both the leaders of the younger churches and the missionaries find the gospel of Christ sufficient for post-war needs. The Christian witness was kept alive during the war. Regardless of the confusion, the disorganized state of the church, the destruction of church buildings, parsonages, schools, and hospitals, the fact remains that in no war-devastated area has the church been exterminated. In many countries it has not only kept the faith, but has been strengthened in its faith and brought amazing witness to the power of faith."

W. A. SOWDERS

William Alvah Sowders was born Oct. 29, 1869 and departed this life Feb. 7, 1948. His age was 78 years, 3 months, and 9 days.

He was united in marriage to Miss Josie A. Martin in 1899 who passed from life in 1947. There were 9 children born to this union. One daughter, Mrs. C. H. Roberts, preceded her father in death in 1933.

Surviving are 4 daughters; Mrs. George Winterowd of St. Louis, Mo., Mrs. P. C. Hardin of Raymondville, Mrs. Dowell Kelley of St. Louis, Mo., and Mrs. J. L. Owen of Austin; and four sons, Eddie Sowders of Corpus Christi, Jessie and Joe Sowders both of St. Louis, Mo., and Richard Sowders of Goldthwaite. Also surviving is a half-sister, Mrs. Charlie Perry of Thornton, and a half-brother, Walter Sow-

Over one hundred people in Goldthwaite saw the show "Raindrops And Soil Erosion" last Thursday and Friday. The bad weather prevented the scheduled showing of the film at Star and the Goldthwaite High School.

After the film Paul Koshi showed some slides of what some local farmers were doing to protect their land from the damaging effects of the falling raindrops. Cover crop of vetch, Austrian winter peas and clovers were shown as making a very effective canopy for the soil. A good grass cover is Nature's way of protecting the soil. Crop residues that are left on top of the ground are very effective in

preventing splash erosion. It was shown that a good cover of straw on the land was just as effective in preventing erosion as a green cover crop.

For an effective erosion control program the farmer and rancher should endeavor to maintain as near as possible a cover of green cover or crop residues on all crop land and leave a cover of grass on all pasture land. Raindrops falling on bare soil or overgrazed pastures puddles the soil, causing it to seal over and most of the rainfall runs off. A blanket of vegetation on the land also protects it from the hot sunshine, which would increase the evaporation.

BRING YOUR CHILDREN TO CHURCH SCHOOL. I will instruct thee and teach thee in the way which thou shalt go... Seek ye first the kingdom of God, and his righteousness... -Matt 6:33

GIVE THEM A CHANCE FOR LIVING

The boys and girls of America today are the men and women of tomorrow. They will have in their hands the destiny of this nation and of the world, short years from now.

Two thousand years ago the youth of a dying nation cried to their God and to their elders, "Give us a hope of greatness, give us a sign to follow." That vital and impassioned plea of questing, seeking youth has echoed down through the years, and today it is the challenge of every boy and girl of a great and growing land.

A police sergeant, a kindly, thoughtful man in charge of a detention station for juvenile delinquents in a large city, said: "I have never had a boy or girl here who could tell me honestly that they had been in REGULAR attendance of Sunday school."

In the church schools of this nation our youth can find direction for their search. Give them Jesus Christ as a living personality. Give them His Message as vital force for today's living.

A youth of seventeen prayed haltingly, clumsily in his first attempt on a church school program: "Father, God, help us to put to work EVERY day the things we find out about here. Make us smart enough to use it on weekdays and not just for Sunday. Help us to know Jesus Christ. Amen."

It is up to church schools of every demonation to give them the truth that makes men free.

THE GILMER-AIKIN COMMITTEE ON EDUCATION

Every county and small community in the State of Texas will be engaged in determining the kind of educational system the State should have under a program announced today by the Gilmer-Aikin Committee on Education.

Senator James E. Taylor, Chairman of the Committee, speaking before five hundred representatives of city and county school systems in their annual meeting in Austin, revealed far-reaching plans for carrying a study of education to the people of the State.

Under the plan announced committees will be formed in each county of the State to advise and inform the Gilmer-Aikin Committee. "Thus," said Senator Taylor, "the eventual recommendations of the Gilmer-Aikin Committee will become the recommendations of the people of the State."

The new program is to be implemented by the appointments of Dr. H. A. Moore of Austin as Executive Agent of the Committee and by the retention of Dr. L. D. Haskew, Dean of the College of Education of The University of Texas as Technical Consultant to the Committee.

THE BIBLE SPEAKS. International Bible Sunday School Lesson. By LOUIE O. NEWTON, D. D.

SCRIPTURE: Acts 2:37-47; Ephesians 4:1-6. DEVOTIONAL READING: Ephesians 4:1-6, 11-13.

Christian Fellowship Lesson for February 22, 1948

GEORGE WASHINGTON was a splendid example of Christian fellowship. If you will travel through the older portion of the United States, particularly in Virginia, you will come upon numerous instances of church pews marked as follows: "George Washington worshipped in this pew on blank date." Evidently, it was his custom to attend public worship in whatever community he spent the Lord's day.

Thus he entered into Christian fellowship, gaining a blessing and rendering a blessing.

The lesson passage for Sunday is found in Acts 2:37-47 and Ephesians 4:1-6, with several other passages which will be quoted before we finish the column for this week.

A HAPPY TIME IN CHURCH

READ Acts 2:41-47, and you will find a picture of a group of very happy people. Think of it, three thousand people professing faith in Jesus and receiving baptism in one day! But read on—they were not only happy at church, but they were happy because they were in the church. They continued steadfastly in the apostles' teachings and fellowship and breaking of bread and prayer.

They praised God and had favor with all the people. By their daily living they were convincing the world that fellowship in Christ is not only good on Sunday while we are at the meeting house, but good every day.

The happy homes are the homes where Christian fellowship abounds, and it is equally true in every area of life.

AT CHURCH WITH FRIENDS

"I was glad when they said unto me, Let us go unto the house of the Lord," Psalm 122:1.

THAT is poetry, you will agree, but it is also actual testimony not only of the Psalmist, but of countless junior boys and girls throughout our land who eagerly await the sound of the church bells. Boys and girls delight to go to Sunday school and worship when the life of the church is pervaded with Christian fellowship. There they meet the finest boys and girls in the community.

BELONGING TO THE CHURCH

THE passage in Acts 2:37-47 tells us how certain people, after hearing the great sermon by Peter, asked how they might be saved. He told them:

"Repent, and be baptized every one of you in the name of Jesus Christ for the remission of sins, and ye shall receive the gift of the Holy Spirit."

When we invite intermediate friends to attend Sunday school and worship services with us, and they come to know of the love of God, they, too, will want to be saved. It is then the high privilege of Christian boys and girls to lead their friends to accept Jesus Christ as Saviour, and come into the church.

ALL ONE IN CHRIST

THE above passage from Ephesians teaches clearly that there is a brotherhood of man, real and abiding, when we accept the Fatherhood of God, through Jesus Christ. This is the meaning of the church. No amount of man-made creeds can save us. No amount of ritual and ceremony can save us. We are saved by grace through faith, and that is the gift of God. When we repent of our sins and believe on the Lord Jesus Christ, we are saved, and not until then.

The one adequate solvent for the crying needs of this frightened world is the grace of the Lord Jesus Christ. Just as thousands were saved on Pentecost and again on the Lord's Day when Peter preached in Solomon's porch, so today many may be saved where the Gospel is proclaimed in its simplicity and power.

We are one in Christ, of every race and every tongue. The fellowship of Christian faith transcends every barrier—racial, economic, geographic, political, religious. We have but to proclaim the universality of this good news—proclaim it in our words and proclaim it in our daily lives.

Mil's County Veterans' Vocational School

Since our last report on school work, we have a new coordinator, Mr. Erie D. Robertson, of the Big Valley community who was elected by the County Board of Education to succeed Mr. Charles Conrad, who resigned to accept a position with the San Saba Production Credit Association in the Goldthwaite office. We hated to lose Mr. Conrad but feel that we are very fortunate in securing a man of ability and experience to replace him.

Work of the Distributive Education classes is probably not understood by the general public. So for the benefit of those who do not know just how it is planned and operates we will explain a few major points. The class functions in a cooperative manner between the school and the employer of the veteran. The veteran attends class for specific instruction in his line of work and receives a subsistence allowance from the Veterans' Administration. But he also must have definite training by his employer while on the job. Training in class is 12 and 1-2 hours per week and on the job 12 and 1-2 or a total of 25 hours per week. This makes him eligible for full subsistence. Subjects taught in school are outlined and approved by the State Dept. of Education and by the Veterans Administration but are revised to suit the needs of the individual pupil in the school. Each veteran must have an individual training program outlined to fit his particular case, showing the exact work he is to take, and also containing a progressive wage scale for the entire course. Five copies of this agreement must be made and signed by the veteran, the employer, the instructor and by the state supervisor. One copy for the State Board, one for veteran, one for his employer, one for V. A. training officer and one for Veterans Administration at Waco. The employer's copy should be kept on file in his place of business and kept available for his own reference and for the state supervisor if he should happen to come by and wish to examine it.

The Veterans' Administration assumes that a veteran taking this training becomes more efficient in his work and, therefore, earns more money for his employer. This being true, he is eligible to receive a graduated increase in salary until a desired maximum is reached that will give him an adequate salary after the schooling is finished and the subsistence check stopped.

Mr. Locklear reports that one of his former students, Ira A. Ward, has returned from Houston where he has been working and reentered school here. The work of his class is going nicely since the weather is more favorable.

Mr. Duren reports that one of his students at Priddy, Paul Schwartz, has made a labor-saving device which agitates the feed in a self-feeder for hogs. Paul planned and constructed the device in the shop at Priddy. It is operated by the hogs as they feed. Also, Mr. Duren says the buzzard trap is still doing fine out in that community. The trap on the Othel Lucas farm near Star has caught 50 buzzards during the past week, according to Mr. Carothers who teaches in that region.

Star agriculture class has been doing some overseeding with seeder the clover is spread over the field of grain and then is dragged by a brush to cover the seed. Mr. Carothers plans to conduct a seeding demonstration during this week on the W. L. Alexander farm where 15 acres will be seeded to sweet clover. Mr. Alexander exhibited a bale of legume hay which he says make excellent feed for stock. It is composed of vetch and oats and was cut one day then baled the next day to preserve the protein content. He plants 2 bushel of oats and 10 pounds of vetch per acre and applies phosphate fertilizer. Mr. Ford, agriculture teacher

for Mullin district, tells of a new device or fertilizer attachment for farm drill which is being used by Bill Gibbard. It seems to work nicely. Mr. Gibbard has his own farm shop, welding equipment and other tools to do his farm work, which he does in a very efficient manner. The Mullin and Star classes held a stock judging contest at the Charles Hill farm near Star last Wednesday, Feb. 11. Standard score cards were used and the contest was interesting to all who attended. Mr. Hill, who is a veteran and in school here, is to be congratulated for the class of work he is doing with his hereford cattle. He exhibited three winners at the Brownwood Stock Show which sold for a good price.

P. B. Cox, a former veteran student fenced a hog pasture which has been in use for some time and says that it saves 50 percent on feed, even though it is a small pasture.

Mr. Carothers, Mr. Duren and Mr. Ford are in attendance each Tuesday in a training school for instructors in agriculture. This training course will be conducted for the next eight weeks. A training course is also being conducted for distributive education instructors. This group meets every second Friday at various places over the district. Mr. Williams and Mr. Swindle make these meetings. This week they go to Hamilton. The agriculture teachers meet in Brownwood.

Pleasant Grove—
By EDITH COVINGTON
Rev. Weston filled his regular appointment here Sunday after-

noon.
Will Berry is in a Brownwood hospital in a serious condition; brought on by a fall on the ice. L. B. Covington underwent an operation in the Methodist Hospital in Dallas and is now recuperating at the home of a son in Grand Prairie. He expects to be home in another week.

Chas. Hall has about recovered from a spell of the 'flu'. Mr. and Mrs. Sandy Hairston of Moline spent Sunday with his parents Mr. and Mrs. Milton Hairston.

Cecil Virden left Tuesday for McKinney, Texas where he has employment in the Veterans Hospital.

Little Judy Covington, daughter of Mr. and Mrs. Carl Covington of near Lometa, was honored with a birthday dinner by her grand parents, Mr. and Mrs. W. B. Wilkey.

Mr. and Mrs. Clark Miller and daughter spent Sunday with relatives at Comanche. Bud Hall, who had been visiting here, returned with them to Comanche.

Willie Leston Berry and wife visited at Star Sunday.

Davis Owens of Center City batched with Lynn and L. C. Covington one night this week.

Mr. and Mrs. Troy Berry of Brownwood spent the week-end with his parents.

Mr. and Mrs. Burton Leverett and daughter Barbara of San Antonio went to see her grandfather, Will Berry, who is in a hospital at Brownwood. The Leveretts came through Goldthwaite Saturday and stopped for a short visit with friends.

TAX RELIEF PATTERN

Of particular interest to Texas is the provision in the House-approved tax bill to revise the estate and gift tax law. In 1942 a provision was slipped through congress which doubled the estate and gift tax in community property states, of which there are now 13, including Texas. By that law when a person dies in Texas the inheritance tax is collected on all the deceased's property and at the same time a similar tax is collected on the surviving spouse's half interest in the property. Then when the latter dies, a similar inheritance tax is again imposed on the survivor's property—thus imposing an iniquitous double-tax on the same identical property of the surviving spouse.

The new tax bill, which passed the House by a vote of 397 to 120, would remove that unjust discrimination against our state. The amendment provides that when one spouse dies only one-half of the property jointly owned by the husband and wife would be taxable.

Speaking of the tax bill, Sen-

ate leaders have announced their intention to let the House-approved version simmer in committee until more can be known of what the budget of government expenditures will be during the next fiscal year, which begins in July. Such watchdogs of the Treasury as Senators George and Byrd, both of whom supported the attempted \$4 billion tax reduction last year indicate the cut this year shouldn't be more than about that amount and possibly less if the present drop in prices continues.

It all boils down to the question of what can be safely cut and still balance the budget and make a reasonable payment on the public debt. Included among those who want no tax cut at all are those who see no hope of further reducing unnecessary and non-essential government costs. As one man, a former Texas legislator, wrote the other day: "My experience is that the boys always spend all there is and if there isn't so much piled up we'll get cheaper government."

While there have already been substantial payments on the debt, there are many who think a definite policy of debt-payment each year should be set up. With that in mind, last week I introduced a bill to require a minimum of 10 percent of the annual tax income to be earmarked for payment on the debt. That figure may be a little high or it may be a little low. But it can serve as a suggestion for a definite debt-retirement policy. There is too much talk of "if anything is left it will be applied on the

debt". It should be, "a definite amount will be set aside to pay on the debt and the budget will have to be balanced on what is left".

After the first war a sinking fund was set up and it worked very well in an orderly debt retirement program. The peak of our present debt amounted to \$279.8 billion, and the total gross debt now stands at \$256 billion. As of next July 1st, the Treasury says we will have a surplus of about \$7 billion, most of which should be applied on the debt. At present rates the annual revenue intake is estimated at from \$45 billion to \$47.3 billion. So it would seem that at least 10 percent of that income to apply on debt retirement would be within reason. Above all, we should maintain as high a level of revenues as economic progress permits, having in mind the creation of year-end surpluses sufficient to support a definite program for debt retirement.

Most economists say a tax rate can be at a point where it is bearable and yet not repressive of the use of risk and venture capital. Expansion and employment comes from more business ventures and the creation of more jobs in an ever expanding economy. Risks are taken because of the profit incentive. The extent of the burden upon individuals in different income classes is apparent from the amounts paid under existing law. A married person without dependents and who files a joint return for husband and wife pays these taxes on net income before deduction of

personal exemptions: \$285 on \$2500; \$798 on \$5,000; \$2,185 on \$10,000; \$4,047 on \$15,000; \$9,082 on \$25,000; \$24,795 on \$50,000; \$63,127 on \$100,000; \$105,383 on \$150,000; \$191,339 on \$250,000; \$321,014 on \$400,000; \$407,464 on \$500,000; \$839,714 on \$1,000,000; and \$4,275,000 on \$5,000,000.

All taxes paid—federal, state and local—amount to about 30 percent of our national income. In other words, about one-third of the average person's working time and effort goes to the government. Government cost can be reduced. The budget can be kept balanced, and above all, an orderly debt-retirement program can and should be set up.

PROPOSALS ASKED ON P. O. QUARTERS

C. E. Curtis, Post Office Inspector, San Antonio, has invited proposals to furnish quarters suitable for post office purposes at Goldthwaite for a term of five or ten years, according to a notice received by the EAGLE.

The lease will include heat, light, power, water, toilet facilities, plumbing, heating, and lighting fixtures and about 1600 square feet of floor space. A reasonably central location, good daylight, and accessibility to rear or side entrance for mails are desired.

Full information and proposal forms may be secured from Postmaster M. Y. Stokes, Jr., at the Post Office. Proposals will be received at the office of the inspector in San Antonio up to and including March 5, 1948.

The ten-year lease on the present quarters will expire on September 30, 1948.

CHRISTIAN SCIENCE SERVICES

"Mind" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, February 22.

The Golden Text is: "Who hath known the mind of the Lord, that he may instruct him?" (I Corinthians 2:16).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "O the depth of the riches both of the wisdom and knowledge of God! How unsearchable are his judgments, and his ways past finding out!" (Romans 11:33).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Allness is the measure of the infinite, and nothing less can express God" (page 336).

WAREHOUSEMEN WANTED

The Civil Service Commission announces examinations for the position of Warehouseman at salaries ranging from \$0.71 to \$1.16 per hour. Employment will be with the Department of the Army establishments in the vicinity of Camp Hood, Texas.

In Texas, in 1947, approximately 17,447,800 pounds of sweet clover seed were harvested.

FARM BUREAU MEETING AT TEMPLE NEXT MONDAY

A district Farm Bureau meeting will be held in the American Legion Hall at Temple next Monday, February 23, it has been announced by J. Walter Hammond, president of the Texas Farm Bureau Federation. The meeting will begin at 10:00 a. m. Frank Taylor of Waco, district director, will preside. The above district meeting was originally scheduled for Temple on February 12, but because of inclement weather on that date it was necessary to cancel it. President J. Walter Hammond will be in attendance at the meeting next Monday to report on agricultural trends in Washington, following his recent visit

to the Nation's capitol, and such important issues as a long range farm program, parity, support price levels, a program to control the spread of Foot and Mouth disease, and many other matters important to agriculture, will come up for discussion. All farmers of the district are invited to attend, and delegations are expected from the following counties: Anderson, Bosque, Bell, Burnet, Coryell, Madison, Hays, Milam, Falls, Robertson, Williamson, Houston, Lampasas, Limestone, and McLennan. Scalding and airing at night is the way to prevent that 'stale' odor in the lunch pale which may give an unpleasant taste to food carried in it. The moisture removed from foods in dehydrofreezing is restored by the water used in cooking.

Double Wedding

Saturday, February 7, 1948 at 1:30 p. m. at the home of Rev. Lester Summers in Brownwood a double wedding was solemnized for Miss Faye Hawkins and Mr. Joe Orange and Miss Virginia Hawkins and Mr. Estes Orange of Brownwood.

The brides are daughters of Mr. and Mrs. Albert Hawkins, formerly of Goldthwaite and now living in Brownwood. The grooms are sons of Mr. and Mrs. Orange of Brownwood. The brides wore grey suits with black accessories. Since moving to Brownwood they are nursing at the Memorial Hospital. The grooms are veterans of World War II and at present they are going to school under the G. I. Bill or Rights. Those present were: Mrs. Albert Hawkins and Joe Ann; Mrs. Ida Orange; Mr. and Mrs. John Orange; Mr. and Mrs. Bill Gray; Mrs. Pauline Calley; Mrs. Ruth Potter; Mrs. Alta Dobbs and children, all of Brownwood; and Mr. and Mrs. Frank Griffin and children of Coleman.

GRADUATES

Rachel Ford Spiller, daughter of Mrs. Marvin Laughlin, received her Medical Degree on February 13, 1948 from the University of Texas, Medical Branch, at Galveston. Graduation exercises were held for the eighty candidates at the Municipal Pier. Governor Beauford Jester delivered the Commencement address, and Dr. T. S. Painter, President of the University of Texas, presented the diplomas.

Mrs. Spiller is the youngest daughter of the late Walter J. Ford, long resident of Mills County. She attended High School at Eldorado, Texas, where she lived with her sister, Mrs. Marvel Ford Williamson. She was an honor student, and an outstanding tennis player of the Eldorado High School.

Mrs. Spiller took her pre-medical work at the University of Texas in Austin. She will join her husband, Dr. William F. Spiller, at Jackson, Miss., after taking the State Medical Board Examinations in Austin.

The Spillers will continue their Medical training in Cleveland, Ohio on July first. Dr. William F. Spiller will be a resident at Cleveland City Hospital, and Dr. Rachel F. Spiller will serve a year's internship at St. Luke's Hospital.

COKE STEVENSON HITS COMMUNISM IN CHURCH TALK

Dublin, Texas, Feb. 15 -- Ex-Gov. Coke Stevenson, speaking before a Dublin church meeting which he pointed out could not be held in any country dominated by communists Sunday night declared that the basic purpose of Communism is to destroy freedom.

Stevenson appeared before a union meeting of Dublin church congregations at the invitation of Rev. Mr. Oby Nelson, pastor of the Erath County town's First Baptist Church. The former governor, an announced candidate for the United States Senate, did not touch on politics in his address.

"The Communists realize they cannot survive if the people are taught the principles that Jesus brought to man on earth nearly two thousand years ago," Stevenson said. "They know that in any competition with God they are certain to lose. So they are against God. They are against religion."

"The Communists stand for the use, by the means of power over people. That is why they destroyed the churches in Russia, why they eliminated the lodges and fraternal organizations, suppressed newspapers and turned youth organizations into military groups. They allow no human consideration to stand in the way of their unbridled lust for power."

"That is why you and I, and every God-fearing, freedom loving man and woman, have no choice but to oppose vigorously and unrelentingly the efforts of Communists to gain a foothold in our country."

LIONS CLUB HAS REGULAR TUESDAY NIGHT MEETING

PIGGY WIGGLY GROCERY STORE IS REMODELED

Floyd Blair, popular owner and manager of Piggy Wiggly store here, has just completed the job of completely remodeling and redecorating his grocery store, and it is now one of the nicest of its kind anywhere in this section of the state.

Included is fluorescent lighting installed throughout, and rearrangement of the entire stock to give more aisle room for the convenience of customers. New fixtures installed include:

Fish and poultry case. Refrigerated vegetable rack. Latest model meat display counter, 12 feet long, which gives the store double meat display room over the old counter.

New mirror back display rack for fruits and dry vegetables. The store is modernly arranged throughout, and Mr. Blair asks his customers and friends who have not already done so to drop by and look it over.

INSURANCE RATE TO REMAIN SAME

T. M. Glass, Goldthwaite insurance agent, has received notice from the State Insurance Commissioner that the rate for the city of Goldthwaite would remain unchanged for the next year, beginning March 1.

Goldthwaite has been receiving a 25 per cent discount for good fire losses, and it was feared that the rate would be raised on account of recent fires here. This is good news to buyers of insurance in this city.
