Homer Weaver Entered In "Save The Soil And Save Texas" Contest

The supervisors of the Brown-Mills Soil Conservation District met in Brownwood for a special meeting Tuesday afternoon to nominate candidates for the Fort Worth Press "Save the Soil and Save Texas" contest which is offering \$13,000.00 in prizes. The Brown-Mills District will compete for a \$1,000 prize being offered for the best Soil Conservation District in Texas. A \$500 cash prize is being offered for the first time this year to the landowner who has done the best job of reclaiming an eroded farm. Homer Weaver of the Big Valley Conservation Group 10 miles southwest of Goldthwaite will be submitted by Supervisors J. H. Priddy and W. A. Hill as the man they think could compete in this contest.

Mr. Weaver has been working on building this 50 acre farm up since 1944 when he signed up as a cooper with the Brown-Mills District. To get the real picture of what Mr. Weaver started with you should have seen the farm before he started building it back. In brief, it is suffice to say that the deeds were held by an absentee owner in New York. It was a good piece of land and the local farmers, including Mr. Weaver, took turns renting or leasing the place from year to year. It is the same story of each farmer taking what he could and not doing anything to build it back. "It wasn't long," Mr. Weaver said, "until we had to quit farming it because of the gullies and it was just messed up." "It grew up in Johnson grass, cockleburrs and briars. When the place came up for sale I bought it and started bringing it back into production."

Homer Weaver requested assistance from the Brown-Mills Soil Conservation District at the same time he knew he was going to buy the place. Soil Conservation Service Technicians worked out a plan with Mr. Weaver and he started building terraces across the gul-

lies in the field with his own single disc plow, a small terracer, A V-drag and a shop made rotary fresso to build 7200 feet of terraces which is all that is required on 30 acres of cropland. The first year Mr. Weaver owned the place, he planted it in peanuts and paid for the place. That fall he sowed it in oats and vetch to improve the fertility of the soil for grazing and for a cash crop. "While I build up my soil with vetch, my cow grazes the field and I harvest the seed to feed my cow, hens and turkeys, and sell the vetch seed for cash. This little place has paid for all the improvements and will make us a satisfactory living," Mr. Weaver stated.

He moved a house on the place last year and has made some nice improvements in the way of fences and land clearing. Since his land has had two years of soil building crops, Mr. Weaver feels like he can plant some of his place in sorghum and peanuts.

To provide an outlet for his terraces and to take care of some outside water, Mr. Weaver has constructed two waterways and planted it to weeping love grass for protection. A heavy rain right off washed the young seedlings out so he sodded the channels to weeping love grass stools. He notices that the cow grazes the grass very well.

Mr. Weaver is a staunch believer in Soil Conservation and the Soil Conservation District. He preaches soil conservation to his neighbors, but his greatest contribution is the fine example he is setting in his community. His efforts in spite of bad health, on an old worn out place has been an inspiration to all who have known what has happened. We heartily nominate Homer Weaver as the man in the Brown-Mills Soil Conservation District who has done the best job of reclaiming the productivity of an eroded farm.

Month Of March Is Census Time; Be Sure Your Child Is Listed

Your attention is respectfully called to the fact that the Scholastic census will be taken in the month of March as in the past.

Supplies for this purpose have been received by Superintendents of the three independent school districts of the County: Goldthwaite, Mullin, and Star. Supplies for Common School Districts were sent to ex-officio County Superintendent John L. Patterson, who has in turn sent these supplies to the census trustee or school superintendent in each district.

Since the state apportionment for the next year will be \$55 per capita, it can easily be seen that just a few overlooked scholastics would seriously cripple a school.

The age requirements are the same as for the last several years; any child resident in Mills County on April 1, 1948 who will be at least six years old and under eighteen on September 1, 1948, blank on the Family Census should be enumerated. It should be emphasized that the ages of children should be given as of September 1, 1948. Children born on or before September 1, 1930, or after September 1, 1942 must NOT be enumerated.

The law specifically requires that all children must be enumerated in the district of their residence, regardless of where said children intend to go to school.

This year, for the first time, the State Department of Education has a machine operated system of keeping census records. There is an individual card in the files at Austin for each scholastic. This being the case, it is important that each slip be filled in completely and accurately. The blank calling for the name of County or State where family lived on April 1, 1947 is one that should be given special attention. If family lived in Texas last year, give the name of County; if family lived in a state other than Texas, give the name of the state. Family census blanks which do not give this information will have to be returned for correction. Parents should see that this is attended to when the census trustee calls in the home, and census trustees should see that this matter has been attended to before turning roll over to their Independent School Superintendent or County Superintendent.

If, by April 1, 1948, any eligible children have been overlooked, please notify your local board of trustees, your Independent School Superintendent or the County Superintendent.

Lions Club Hear Talks On Youth Center, Red Cross And Bond Issue

Goldthwaite Lions Club Tuesday night at The Hangar heard M. E. Blake, minister of the Church of Christ here, give an excellent talk on juvenile delinquency; Brian Smith tell of the local fund drive for the American Red Cross; and School Supt. H. E. Patton, who announced for the Board of Trustees of the Goldthwaite Ind. School District that the voters of the district would be asked in the near future to vote bonds in the amount of \$75,000 to be used in building and equipping a gymnasium and to remodel the present high school building.

There were 23 present. Lion President J. J. Saegert announced that Goldthwaite club had reported 100 percent on time again, and that there was a gain in membership. Lion Secretary W. P. Duren was applauded.

President Saegert read a letter from County Agent D. B. McCombs, who is with 4-H Club boys at the San Angelo Livestock Show, expressing appreciation for a gift from the club growing out of a recent fire loss. He also read a letter from Lions District Governor stating the annual district convention would be held in Corpus Christi early in May. Election of officers for the local club will be held early this year in order that new officers may attend the convention. Appointed as a nomination committee were Lions T. C. Graves, John A. Hester, and Jesse Moreland. They are to report to the club the first meeting in April.

Lion T. C. Graves thanked for his committee the citizens who recently donated to a fund to buy loving cups for 4-H Club boys who won in this year's livestock shows. He said around \$100 had been raised, cups had been ordered and were now in Dallas being engraved. It planned to take some 4-H Club winners and their ribbons to the next entertainment meeting with the veterans in the Waco

hospital. The veterans hospital entertainment committee is composed of Lions T. C. Graves, M. E. Blake, H. E. Patton, and Harold Yarborough.

The next meeting night, March 16, at 7:30 is to be Ladies' Night, and a band from Lampasas is to furnish entertainment. It is also planned to have another Ladies' Night when Boyce House, famed Texas folk lore humorist, is to be guest speaker, probably some time in April.

Minister Blake, main speaker on the program, spoke on "Youth on the Jericho Road." He cited newspaper articles to show that juvenile delinquency was on the increase during the last few years, with over 20,000 arrests for crimes perpetrated by boys and girls under 20 years of age. Stressing that boys and girls are not bad but are led into evil doings by others, he said parents are to blame for not properly influencing and teaching youth at home so they would not be in the places where crimes are committed. The speaker told the story of the Good Samaritan who traveled from Jerusalem down the Jericho Road and fell among thieves, who robbed and beat him and left him for dead by the roadside. Youth today, he said, are figuratively traveling down the dangerous Jericho Road from the cradle to maturity—a road most dangerous and perilous known to man, with robbers lurking along the road to steal youth's most precious heritage. Our job and duty is to smooth out the pitfalls for youth traveling the Jericho Road.

The speaker placed the responsibility on parents, saying there are no recreation parks or places here where youth can spend its time profitably and usefully. Bro. Blake proposed a preventative; that the Lions Club co-sponsor and work for a lighted softball field and playground and a building to serve as a youth center, properly situated.

RED CROSS FUND DRIVE OVER MILLS COUNTY STARTS MONDAY

COMMISSIONERS, DISTRICT AND COUNTY COURTS NEXT WEEK

Mills County Commissioners Court will meet in regular monthly session Monday and will probably appoint a County Attorney to fill out the unexpired term of A. T. Pribble, who died last Monday.

Next Thursday District Judge Wesley Dice and District Attorney Jim Avetts will open District Court here. The case of "Pete" King, charged by indictment with cow theft, is set for that day. In a trial for the same offense last November, the case resulted in a hung jury.

Friday, March 12, is regular time for County Court to meet. Two cases are scheduled to be heard by Judge John L. Patterson, one for possession and one for sale of liquor.

MARCH 31 DEADLINE FOR PAYMENT OF 1948 AUTOMOBILE LICENSE

Automobile owners in Mills County are reminded that new 1948 license tags have to be on all automobiles that are driven on the streets or highways of Texas by April 1.

Sheriff W. L. Mahan says registrations are coming in slow, and requests that the people do not all wait until the last minute to get new tags. You should bring your last year's registration papers and your Certificate of Ownership when you go to get your new 1948 tags.

The Mills County Chapter of the Red Cross gave the following services during 1947:

232 veterans and their dependents were assisted in Claim Services and were awarded \$683.08 as Financial Assistance.

21 Servicemen and their dependents received Red Cross Service with \$14.75 as financial cost.

Six civilians received Red Cross Service with \$10.52 financial assistance.

Mills County Chapter furnished 10 Christmas gifts for Servicemen on the high seas.

Mills County Chapter gave Service to the Veterans Hospital at Waco consisting of 851 gifts, 4 boxes cigars, 5 boxes gum, 50 pounds of candy, 1030 packages cigarettes, 11 home made cakes, 9 one-year subscriptions to magazines at a cost to the Chapter of \$427.37.

We also furnished Mills County's portion of National Fund for 1947.

As the National Goal this year is \$75,000,000, which is 25% higher than last year, we urge you to make a liberal donation to the Red Cross so we may be able to meet the needs in 1948.

SATURDAY LAST DAY TO FILE IN CITY ELECTION APRIL 6

Tomorrow, March 6, at midnight is the deadline for candidates for city office to file their applications with City Secretary Raymond Summy in order to get their names on the official ballot. The last Legislature changed the number of days from 10 to 30 before an election, and an oath is required to be filed at the same time.

The city election this year will be held the first Tuesday in April, April 6. To be elected are Mayor, City Secretary and three City Aldermen, all for a two-year term.

AMUSEMENTS

Swing Of Southwest Farm Markets

(U. S. D. A.)
Most farm products sold steady to stronger during the past week, the U. S. Department of Agriculture's Production and Marketing Administration reports.

Sheep and lambs maintained a fairly steady tone, with some markets showing slight gains and others small losses. Good and choice lambs brought \$21 at Kansas City and \$20 to \$20.50 at Oklahoma City. Medium and good woolled lambs sold from \$18.50 to \$19.50 at Denver and from \$19 to \$20.50 at Fort Worth. Mohair sold at Kerrville and Del Rio, Texas, at around 45 cents per pound for adult hair and 65 cents for kid. Scarce fall Texas wools were offered at around \$1.20 clean basis.

Hog prices fluctuated sharply from day to day last week and opened higher Monday for net gains of \$1 to \$2 at most markets, with San Antonio ending up near the starting point. Top hogs ranged from \$23 to \$24.75 in Monday's trade.

Extreme unevenness on steers featured the week's cattle trading, with most steers and yearlings following the generally strong trend and heavy steers

barely steady to week. Common and medium steers and yearlings brought \$17 to \$24 at Houston Monday. Medium and good steers, yearlings and heifers turned at \$22 to \$25.50 at Fort Worth.

Egg prices went up a little last week, but weakened Monday, when Dallas and Denver bought current receipts mostly at 40 cents a dozen, and Fort Worth 41 to 42 and 1-2. Poultry moved in rather dull trade at slightly lower prices. Dallas and Fort Worth paid from 22 to 25 cents a pound for heavy hens and 33 to 35 for fryers and broilers.

Cotton strengthened during the past week in fairly active trade. Prices rose about \$5 a bale. Dallas quoted middling 15-16 inches Monday at 33.85 cents.

Grain sorghums advanced 22 cents per hundred pounds and corn 12 to 20 cents a bushel, as barley rose 12 cents and wheat eight cents. Gains reflected small offerings rather than increased demand. No. 1 hard ordinary wheat closed Monday around \$2.61 at Texas common points, and white corn \$2.87 to \$2.89.

Nevada and Mrs. J. A. Youngblood of Dallas attended the funeral of Mrs. J. T. Montgomery at Center City Sunday afternoon.

Mrs. J. A. Curtis left Monday for Fort Worth to visit her son, Olan Curtis, and family.

Mrs. Ed Allard and mother, Mrs. Harrold, of Lampasas visited Mrs. M. Y. Stokes, Monday afternoon.

During the week-end guests in the home of Mr. and Mrs. J. W. Weather's were their children; Mr. and Mrs. Joe Johnson of Fort Worth, Mr. and Mrs. Jim Martin of Dallas, and Mr. and Mrs. L. W. Weathers of Brownwood.

Mr. and Mrs. Les Imlay of Brownwood and Mr. and Mrs. Will Dalberg of Brady visited Mr. and Mrs. Bob Miller over the week-end.

Mr. and Mrs. Chas. Galloway of Athens were week-end guests

of Mr. and Mrs. John Shields. Mrs. Nora Leverett and Claude Ann of Brownwood spent last week-end with Mr. and Mrs. Claude A. Encott.

Mr. and Mrs. Tom Mote of Moody are visiting her niece, Mrs. Tom Booker, and family.

Sunday guests in the home of Mr. and Mrs. W. H. Linkenhoger were their son, W. W. Linkenhoger and family of Eastland.

W. F. Simms of Amarillo spent a few days last week with his sister, Mrs. E. B. Anderson, and other relatives.

J. M. Cody of Chicago, Ill. came by plane to Brownwood where he was met by his father J. B. Cody and his sister, Mrs. T. C. Graves and children. Mr. Cody visited in the Graves home Saturday and Sunday.

Mr. and Mrs. Howard Campbell and children spent the week-end in Dublin with his parents.

RED SKELTON IN 'MERTON OF THE MOVIES'

Those who think of Red Skelton purely in terms of slapstick comedy have a surprise in store on the Melba screen where M-G-M's latest Skelton starrer, "Merton of the Movies," will play Saturday matinee and night.

For his new role as the country bumpkin who storms the portals of Hollywood of the silent-film days reveals a Skelton of far greater versatility than he has ever shown before. The slapstick is there to be sure—and it's a delight—but combined with the fun is a heartwarming appeal and a touch of pathos that brings to mind the best work of Charlie Chaplin.

As Merton Gill, hero of the story, Skelton comes to Hollywood full of lofty ideas and an unswerving aspiration to give his all in the pursuit of high-class drama. Unfortunately, his talents fall far short of his ambitions, but when he is advised by his only friend, Phyllis, a down-to-earth trooper, to work his way up via comedy parts, he disdains her suggestion. Phyllis, seeing him down to his last nickel, maneuvers him into the top role of a slapstick farce and manages to see him through the film without letting him catch on to the fact that it's not serious drama. It is only at the picture's preview that Merton discovers the fraud and, embittered, is about to return to Tinkerton, Kansas. He is eventually persuaded that laughter and art can go hand in hand and retains both Phyllis and comedy stardom.

Virginia O'Brien is excellent in one of her rare straight roles as the well-intentioned Phyllis. Gloria Grahame does an effective part as a designing movie actress of the glitter era, and other roles are expertly played by Leon Ames, Alan Mowbray, Charles D. Brown, Douglas Fowley and Hugo Haas. Also deserving a hand is Robert Alton, whose direction gives shape and contrast to the hilarious and pathetic aspects of the principal characterization and who has made a field day of the amusing situations of old-time picture making.

Natalie Wood catches your heart in a Picture that has Everything—Sunday and Monday, at the Melba Theatre.

Col. and Mrs. M. Y. Stokes, Jr. and little Margaret Ann and her mother, Mrs. Chas. Saylor, motored to Lampasas where they visited his mother, Mrs. M. Y. Stokes, Sr., Sunday afternoon.

For excitement and adventure see "Driftwood"—Sunday and Monday at the Melba.

Mr. and Mrs. Glenn Armstrong of Austin spent the week-end here with his mother, Mrs. Annie Armstrong, and her parents, Mr. and Mrs. Covington.

Mrs. M. E. Blake left Saturday morning for Oklahoma City, Oklahoma in response to a message that her mother was seriously ill.

Mrs. M. E. Blake was called to the bedside of her mother, Mrs. Alice Stobb who lives in Ardmore, Okla. On arrival in Ardmore Mrs. Blake learned that her mother had been taken to Oklahoma City for treatment. She continued on to Oklahoma City and found her mother in a very serious condition. The cause of Mrs. Stobb's illness has not been determined.

Mr. M. E. Blake, Minister of the Church of Christ in Goldthwaite, spent last week in Abilene attending the "Lectureship" at Abilene Christian College.

Mr. and Mrs. J. O. Rudd and little Dianna Evans of San Angelo spent last Sunday here with his parents, Mr. and Mrs. J. J. Rudd.

Mr. and Mrs. Roy Langston of Temple spent Sunday in Goldthwaite with their son, Warter Langston, Educational Director of the young people of the Baptist Church.

Mrs. Austin Roberts, was brought home the first of last week from a Brownwood Hospital where she underwent an operation.

EMPLOYEES SHOULD ASK FOR SOCIAL SECURITY ACCOUNTS

Take a 9-digit number and punctuate the figures like this --000-00-0000. Chances are that you will come up with the number which identifies the account of one of the 89,000,000 holders of social security cards. Those nine numbers on your social security card positively identify the Federal insurance account set up in your name under the Social Security Act. The particular combination of numbers on your social security card is yours for as long as you live.

You may get bills from stores for other persons with exactly your same name, but if you show your social security card to each of your employers, you, and only you, will get credit for what you pay for social security.

The Social Security Administration does not like a bank, send regular statements to its holders. However, any holder of a social security card can get a statement of his account once a year if he asks for it. And, if the statement is not right, the local office of the Social Security Administration will investigate the amounts for the last four years and make corrections if necessary.

"To be sure that your social security account is correct," said David S. Pruitt, Manager of the local office at Austin, "do two things. First, be sure that each new employer gets to see your social security card and second, ask for a statement of your account once every 4 years.

"Don't forget," Pruitt warned, "that after 4 years have gone by, we are powerless to correct our records even though we know they are wrong, unless the employer, of his own free will, sends in a corrected tax report and pays the taxes due."

KEEP LEFT TO BE RIGHT

AUSTIN, -- You have to keep left to be right, according to George Clarke, managing director of the Texas Safety Association.

"But let me tell you what I mean, before you think I sound mixed up," he said. "A left turn in heavy traffic is one of the most difficult maneuvers in an automobile, and it causes traffic tie-ups and accidents when bungled."

Clarke said that the Texas Safety Association is cooperating in a nationwide "Know and Obey Traffic Laws" program during February, and he cited National Safety Council statistics to show the need for such a program.

At least 31-2 percent of all fatal pedestrian and non-pedestrian accidents involve a turning vehicle, and improper turning was reported in from 4 to 5 per cent of all accidents. Pointing out that about twice as many turning accidents involve left turns as right turns, Clarke listed five rules to remember in making a left turn.

1. Keep next to the centerline or center of the roadway, so that no car will approach from behind on your left as you turn.
2. Turn around two points, one where the center of the street or road you are on meets the crosswalk or property line, and the other where the center of the street or road you are turning into leaves the crosswalk or property line.
3. Start to get in the proper lane for turning far enough back, at least a block before the turn.
4. Use hand signals before making the turn and be sure to make a full turn. Don't cut corners!
5. Always respect the right of way of other drivers who are at the intersection or approaching so close as to be a hazard.

IN CENTRAL TEXAS ON THE WAY UP

COLLEGE STATION, Jan. 26 -- In central Texas, there are a couple of crops that will bear watching in the future. One is rye, the other vetch.

Rye is a minor crop in Texas, but there are records of plantings in the state as far back as 1900. In 1940, 18,000 acres were planted and there has been a steady increase in the acreage since then.

The USDA's office of Bureau of Agricultural Economics in Austin estimates that 98,000 acres of rye were sown for all purposes this past fall. This is an increase of 40 percent over the acreage planted in 1946 and three times the average seeded acres for the ten year period 1936-45. Much of the expansion has been made in the sandy land areas of the state, centering around Eastland and Erath counties, where the rye is used as a companion crop for vetch.

For years, the supply of vetch seed for the state was imported from the Pacific northwest. A few years ago, the West Cross Timbers region was found to be an ideal producer of hairy vetch seed, and in 1946 an estimated 2,500,000 pounds of the seed were harvested in Brown, Callahan, Comanche, Eastland, Erath, Mills, Montague, Palo Pinto and Wise counties.

E. A. Miller, extension agronomist for Texas A. and M. College, says that according to estimates received from county agents, 171,718 acres were planted to vetch last year, with a total harvest of over 8,200,000 pounds of seed. While the acreage planted this past fall may have dropped due to the dry weather, the production of vetch seed is definitely becoming an important crop in the West Cross Timbers area.

COLOR ALL YEAR

College Station, Jan. 20--It's easy to have color in the landscape the year 'round. It all depends on selection.

Sadie Hatfield, extension landscape gardening specialist for Texas A. and M. College, says that color may be had in the garden during the winter by the use of shrubbery which produce bright berries during the winter. Shrubs require much less water and much less work to grow than annual flowers. Proper care, including

spraying, dusting and fertilizing, is important, but there are fewer destructive insects and diseases to combat than for tender plants.

In selecting the shrubbery, it is better to concentrate on six or seven favorite varieties, Miss Hatfield says. There are many plants which grow in all parts of Texas for early spring blooms, such as bridal wreath, forsythia or golden bells, philadelphus or mock orange, and red bud. Flowering fruit trees are excellent additions to the landscape for spring blossoms, and there are varieties adapted for the various sections of the state.

Hardy shrubs for summer and early fall bloom include althea, bush honeysuckle, crape myrtle, lantana, salt cedar and vitex. For late fall and winter, berries furnish most of the color and coral berry, pyracantha and photinia are good selections.

75 NEW HIGHWAY PATROLMEN ASSIGNED TO TEXAS DUTY

According to Colonel Homer Garrison, Jr., Director, Department of Public Safety, Austin, Texas, the first recruit training school of the Texas Highway Patrol, as authorized by the last Legislature has now been successfully completed, and effective March 1, 1948, 75 new recruit patrolmen have been assigned to duty.

Assigned to San Saba district, which includes Mills County, is Malcolm Eugene Hamilton.

Examinations have already been given for the second recruit training school and men are now being called for this school which begins April 1, 1948, at Camp Mabry, with approximately 50 recruit patrolmen in attendance.

Two more recruit schools will be held for 50 or more men in each, beginning August 1, 1948 and December 1, 1948, and examinations for these positions will be given at an early date at the following District Offices of the Texas Highway Patrol:

Austin, Dallas, Abilene, Wichita Falls, Amarillo, Lubbock, Pecos, San Angelo, Uvalde, Corpus Christi, Houston, Tyler, Harlingen, Fort Worth.

The patrolmen for these two final schools will be chosen at the above places and later brought to Austin for training.

Chief W. J. Elliott, Texas Highway Patrol, Austin, states that the qualifications for these recruit patrolmen positions are: must be between 21 and 35 years of age; must be at least 5 feet and 8 inches tall, without shoes, and must not weigh less than two pounds per inch of height nor more than three and one-half; must be of excellent moral character; must be physically able to pass the rigid examination; must have a high school education or the equivalent; and must have been a resident of the State of Texas for one year or more. He also states that he has a large number of applications now on file and that he will be glad to hear from those having the above qualifications who are interested in this type of work.

Veterans News

(A series of questions and answers in regards to veterans benefits from the Revised GI Bill of Rights is being furnished the Eagle by Veterans Administration Contact unit, 200 East Baker Street, Brownwood, and will appear weekly for several weeks. John H. Quick, Contact Representative in charge of the Brownwood office, will be in the County Judge's Office morning of each week to assist veterans.)

Q. What is vocational advice and what is it required under Public Law 16?

A. The main purpose of vocational advice is to determine whether a disabled veteran should train for a profession, or for a particular trade or occupation based on his previous education, experience, personal desires and present ability. The veteran is interviewed by highly trained specialists who will consider his desires, but are required to advise him against starting a course for which his aptitudes or physical limitations do not insure reasonable likelihoods of success. In short, this advice program is mandatory under the program to insure the disabled veteran's proper rehabilitation.

Q. Under Public Law 16, must I go to a vocational school or may I go to a liberal arts college, a high school, or similar institution?

A. You may enroll in any VA-Approved educational institution or training establishment offering the course of training which VA has found you need to insure your proper rehabilitation in line with your own desires.

Q. Will my disability compensation be reduced if I go into training under Public Law 16 or under the G-I Bill?

A. No. Q. I am receiving compensation from injuries received during World War II and would like to know if my compensation check is subject to seizure by creditors or from taxes?

A. No. Q. My daughter of 19 is attending school and I would like to know if she is entitled to participate in my estranged husband's compensation?

A. She is entitled to participate in your estranged husband's compensation until she is 21 if she continues in an approved school until that time.

Q. I was wounded in World War II and would like to know if my compensation check is subject to seizure by creditors?

A. No.

—Eagle Want Ads Get Results

Q. How are places of job-training approved under the G-I Bill and how does a veteran find out what establishments are approved?

A. Training establishments are approved by State approving agencies for job-training under the Servicemen's Readjustment Act (G-I BILL). All VA offices maintain a list of approved establishments in the area in which they are located.

Q. My employer has dismissed me from my job-training position and I would like to know what I can do so that I can continue to receive subsistence?

A. Your training status was terminated and your subsistence allowance ceased when your employer dismissed you. It is now up to you to seek another place of employment with an approved on-the-job training program.

Q. Have I any recourse to civil courts if I do not like the decision of Veterans Administration on my claim for compensation?

A. No.

SAVE YOUR NECK

AUSTIN, February 13 -- A safety check may save your neck! That was the terse advice offered today by George Clarke, managing director of the Texas Safety Association, in urging motorists to keep safety equipment of their cars in tip-top shape.

"We are cooperating with safety authorities throughout the nation in a 'Learn and Obey Traffic Laws' program during February," Clarke said. "The law requires that your car have certain equipment for safety, and it's there when the manufacturer delivers the car. But it is up to the driver to keep it working properly."

He said National Safety Council figures show that 18 per cent of all vehicles involved in fatal accidents are defective, and one out of seven with bad brakes.

The major safety equipment listed as brakes, lights, mirror, windshield wiper, horn and safety glass. Many of these items will wear out or become damaged with use, and the motorist must see that they are maintained in good condition.

"Periodic inspection by trained mechanics or inspectors is the answer," Clarke said. "Professional drivers, such as truck drivers, inspect their vehicles before every trip. That's a good idea for every driver, and it would save a lot of lives."

THE BIG BEND PARK INCUBATOR

The following is an editorial that appeared in the February issue of the Sheep and Goat Raisers' Magazine, published at San Angelo, and was written by Editor H. M. Phillips:

THE Big Bend Park, consisting of some of the most worthless land in this country, but highly publicized to high Heaven for its beauty of scenery, is fast becoming a terrific pain in the neck to West Texas ranchmen.

This seven hundred thousand acres of rugged terrain is now a national park devoted entirely to the pleasure of tourists, beguiled into traveling the tortuous roads to see what they can see. One of the attractions the National Park Board intends for the tourist to see is the little antelope, according to a recent newspaper report. If the visitor's eye is keen he may catch a glimpse of a deer or two but it is not likely that he will see on casual inspection the animals which are beginning to cause the ranchmen to howl--and with just cause.

The panther is a prolific beast which grows to better than two hundred pounds in weight and has the ability to travel far and cause amazing destruction. He lives on deer, sheep, colts, goats, antelope and almost any domestic or wild life within the reach of his sharp claws. The death of fifty sheep or goats in one raid is not unusual.

It was last year that the park board closed down the area to ranching, trapping, hunting and even to all traveling except that done by the harmless tourist. It is rumored, and so far we have heard no denial, that lobo wolves have been imported, perhaps to fill the vacancy caused by the removal of the cattle and sheep. Gene Binson, who lives

'SWORDS INTO PLOWSHARES'

"This is about as near as we can come to turning swords into plowshares," said Colonel Karl E. Wallace, who was Assets Administrator (left), as he presented the 16,189 acres of the Bluebonnet Ordnance Works to Kreuger, a director of Texas A & M College, which will convert the property into the nation's largest experimental farm. The presentation took place during recent ceremonies at McGeorg.

quite frothy when he thinks of the number of panther now being raised in the park. "I have more deer now than ever before because the panther are pushing the deer over onto my ranch." The ranchmen point out that regardless of whether or not panther, bear, lobo wolves or any other varmint has been or will be imported into the park area, the panther, bear and wolf are already there and nothing is being done to prevent them from multiplying. Impressive evidence is available to indicate that the Big Bend Park is indeed the most perfect incubator of predatory animals in the United States today.

Here in Texas we find a rather ridiculous and inconsistent policy of government trappers being paid on one hand to control varmints over the state, while on the other hand a large portion of the state is being set aside for the production of such predatory wild life.

One ranchman recently declared: "To give the public some idea of how many panther there are, A. M. Potter who lives on the Y. E. Mesa near the park, recently caught fifteen panther. Gilmer Morris, whose ranch joins the park, keeps a Mexican trapping all the time and he has caught over eighty panther in the past few months. Homer Wilson, who not long ago ranched in the park itself, caught in a period of a few years over two hundred panther on his ranch alone. Now all ranchmen are out of the park and panther, lobo wolves, coyotes, wild cats, lynx cats, bear and other varmints are being allowed to

breed without any whatsoever. So far as the Big Bend Park officials made no attempt to do anything to prevent this.

Possibly the program of grand and noble ideas which ideas have originated in the wealthy "sportsmen" years. These "sportsmen" are influenced by influential sportsmen, newspapers, magazines, even some congressmen, senators, have been very loudly poisoning the general public against ranch people, who verily are bitterly opposed to these fantastic ideas because they are uneconomic and imperil the very livelihood of their Undeniably, ranchmen have been catching the varmints everywhere a national lists in this country and the ranchmen of the Big Bend area are added to that list.

The Big Bend Park, the "Texas" and the "Texas" may be a scenic wonder for the tourist but it is a pain in the neck to the men.

WANT TO KNOW BACK HISTORY

Lion President Jesse Saegert has received a letter addressed to the Chamber of Commerce wherein the writer wants to know some back history. It is from Ralph B. Eubanks, University of Arkansas, Fayetteville, Ark., who wants to know the whereabouts of his grandfather, William "Bill" Meeks, who he says in the year 1900 owned and operated a drug store in Goldthwaite. It is thought he sold his store and moved to Memphis, Tenn., around 1900. He had two sisters, Elen and Amanda, who also lived in Goldthwaite. The family lost trace of Mr. Meeks in 1900, and any one having information is requested to write the address above.

WATER FACILITIES LOANS AVAILABLE TO COUNTY FARMERS

Water Facilities loans of the Farmers Home Administration are available to farmers of Mills County for the purpose of constructing, installing or repairing water systems, according to George M. Dorman, County Supervisor of the Farmers Home Administration, who visited the Eagle office last week.

Several families of this county have obtained Farmers Home Administration Water Facilities loans and have benefited thereby. In addition to improving the supply and promoting water conservation, these farmers have been able to irrigate small gardens and, what is most important, have provided a safe drinking water supply for the home and been able to increase livestock and food production—important steps in our peacetime economy.

The Water Facilities program of the Farmers Home Administration is an attempt to cure one of the ills of American agriculture. Adequate water supplies, convenient to the points where water is needed, are essential to the success of any well-balanced farm enterprise. Spelled out, "Water is the difference between success and failure on many a farm," says Mr. Dorman.

The farmstead type of Water Facilities is the most popular and because of the nominal expense of installation, has enabled many family-type farmers to have a modern water system available to meet the average needs of the farm. Both tenant and landowner may qualify for the loans, provided funds cannot be obtained otherwise. Interested farmers may consult with County Supervisor George M. Dorman, of Mills County at his office on the third floor of the Mills County Court House on Monday of each week.

On Monday afternoon at 4:30 o'clock, both Circles No. 1 and No. 2 of the Methodist Church met in the home of Mrs. Jim Weatherby for a joint business and social session.

Mrs. Fred Reynolds, president of Circle No. 1, presided at the business session and Mrs. Weatherby conducted the social part, which was an enjoyable discussion of religious matters and current affairs, after which a plate of delicious dainties was served, with hot spiced tea.

SOCIAL SECURITY

By DAVID S. PRUITT
Are you losing payments every month that you might get under the old-age and survivors insurance program of the Social Security Act? David S. Pruitt, Manager of the Austin social security office, stated today that the Social Security Administration is anxious to protect the interest of all workers and their families, but that his office cannot do this unless workers who reach 65 and the families of deceased workers make sure to contact promptly the social security office. "We want to handle your claims for you, and this is done without any charge," Pruitt said, "but we must have a signed application before we can make any payments."

"We had a caller recently," said Pruitt, "who lost 27 months' benefits because she delayed filing her claim for herself and her minor child. When we asked her why she delayed, she said simply, 'I didn't know you paid benefits to survivors. I thought only people aged 65 could be paid.' A friend, as is often the case, had prompted this widow to call at our office. We were able to pay her 3 months' back payments, as the law allows, but no more. Not only widows but many retired workers aged 65 lose benefit payments every month. Earned insurance rights should be exercised."

"Our office is located at Room 105 in the Brown Building, and our telephone number is 2-5446. See us without delay and let us help you," Pruitt concluded.

COURT OF HONOR FOR BOY SCOUTS

All parents of local Boy Scouts are invited to attend the first Court of Honor of the year at the Baptist Church Annex Tuesday night at 7:30.

Stunts in the forms of Contests will be conducted after Court of Honor. This will give you parents a chance to see what your boy does in Scout work. Also a moving picture of Goldthwaite Troop at Camp Billy Gibbons last summer will be shown.

R. L. Steen, Chairman of Advancement, will be in charge.

Celebrates Birthday

G. A. Knowles of Big Valley was among those celebrating their birthday on February 29. Mr. Knowles celebrated his 21st real birthday at the home of a daughter, Mrs. Alvin Dewbre of 601 Idlewild Drive in Brownwood, among a large host of friends and relatives.

Mr. Knowles is one of Mills County's pioneer residents, having spent fifty years here. He is a great philosopher and has spent his 88 years making friends on whom his whole life centers. He moved to East Texas as a lad from Mississippi, where he was born on Feb. 29, 1860.

His health is remarkable for his age and only recently has it failed him. He is now under a doctors care in Brownwood. He can still recall many incidents which happened as a boy and still recites poetry he learned as a child.

His wife passed away Feb. 14, 1945 at Brownwood. Since that time he has spent part of his time there with members of his family. The huge birthday cake centered the dining table from which lunch was served, buffet style, to many friends and the following members of his family:

Mr. and Mrs. G. A. Knowles, Jr. and family of Monahans; Mr. and Mrs. Leon Baker, and Mr. and Mrs. Bill Lipstien of Denton; Mr. and Mrs. Connie Knowles of Goldthwaite; Sgt. Major and Mrs. Boyd Knowles of San Angelo; Miss Allene Knowles of Austin; Joe Neal Kelly of Coleman; Mr. and Mrs. A. K. Knowles, Mr. and Mrs. L. C. Knowles, Vernon Knowles, Mr. and Mrs. Joe Kelly and family, and the hosts, Mr. and Mrs. Alvin Dewbre and family all of Brownwood.

Mr. Knowles wishes to say he appreciates the many cards, letters and gifts sent by his many friends. He will be unable to answer all of them but it was through these that he has enjoyed one of the best birthdays he has ever had.

STAR NEWS

By MRS. A. B. SOULES

Everyone is rejoicing over the
nice rain, but the wind did
quite a bit of damage around.

Mr. and Mrs. Jim Hamilton
and daughter, Shirley Ann of
Beeville are visiting in the home
of Granny Hamilton and Mr.
and Mrs. John Hamilton and
other relatives and friends.

Granny Hamilton is still im-
proving but not able to walk
yet.

Mr. and Mrs. Fritz Swartz of
Priddy spent Sunday in the
home of Mr. and Mrs. D. A.
Jeske.

The Goode brothers spent the
week-end in the home of their
parents, Mr. and Mrs. Bascom
Goode.

Mr. and Mrs. Arthur A. Soules
of Grand Prairie and Mr. and
Mrs. Alton D. Soules of Waco
visited in the home of their
parents, Mr. and Mrs. A. B.
Soules, and attended the fune-
ral of Mrs. Austin Jones.

Mrs. B. Slaughter of Dallas
visited in the home of Mr. and
Mrs. T. L. Adams and attended
the funeral of Mrs. Austin Jones.

Mr. and Mrs. Elroy McCasland
have moved in their apartment.
We all wish them a long and
happy married life and we all
welcome them into our com-
munity.

CARD OF THANKS

We wish to thank our friends
and neighbors for their acts of
kindness, messages of consol-
ation and the beautiful floral
tributes received during our
recent sad bereavement in the
loss of our father and husband.

HAVE TRYOUT CAMP**

The Cincinnati Reds will con-
duct a free-tuition baseball
school and tryout camp at Bal-
linder, Texas, from March 22nd
to March 28th inclusive. Start-
ing time will be 9:30 daily. Jack
Knott and Bill Atwood, two
former major league stars will
be in charge of giving any
youngster between the ages of
17 and 22 a tryout to learn if
the player can become a profes-
sional player. Boys still in high
school may not attend this
camp.

No tuition will be charged.
Players must pay their own meal
expense and transportation cost
to the camp. Deserving players
will be lodged free of charge.

All players must bring their
own shoes, gloves and uniform.
Special instruction will be given
to all players.

This is the third of a series of
camps being held in Texas. The
Red scouts will conduct their
first camp at Hallettsville, Texas,
on March 8th to March 14th, and
their second at McKinney from
March 15th to 21st.

**GOOD ROADS ASS'N
HAS NEW BOOKLETS**

Austin Tex., Feb 22—The ma-
jor causes of accidents are
pointed out in an illustrated
booklet which is being distri-
buted to motorists by the Texas
Good Roads Association.

On the authority of the Texas
Department of Public Safety
the following violations were
listed as causing most of the
traffic crashes in the state:

Disregard of traffic signs and
signals exceeding safe speed,
drinking while driving, impro-
per parking on highway, driv-
ing on the wrong side of the
road, right of way violations,
improper turning movements,
improper passing.

"It is not difficult to drive

safely," the Good Roads Ass-
ociation points out in its booklet,
continuing:

"It simple means using com-
mon sense and courtesy. Real-
izing where danger lurks and
driving defensively, which
means keeping out of the other
fellows way."

EBONY

By Mrs. Clementine Wilmet
Briley

(Written for last week)

After living here about all
their lives, Mr. and Mrs. Bob
Egger have left their home
here and moved to Brownwood.
They hated to leave their home,
but they wanted to get nearer
their doctor.

Mr. and Mrs. Bule Thompson
visited the Griffins Sunday af-
ternoon.

Mr. and Mrs. Bill Armstrong
and baby of Early High visited
Mr. and Mr. J. R. Reeves Sun-
day.

Grandmother Reeves has
moved down to her old home,
and will board there awhile
with the Shafers who live there.
Mr. and Mrs. Otis Clark of
Frederick, Okla., arrived at the
Stanley Reeves home Saturday.
Mr. Clark returned home Sun-
day, but Mrs. Clark, who is a
niece of Mrs. Reeves, remained
to visit her aunt and to try to
regain her health. She has been
on the verge of a general break-
down, and she feels that the
quiteude of the place and the
genial companionship of her
aunt will go a long way toward
restoring her to her normal
health.

Things were numming around
the Effie Egger place Monday
evening as we returned from
school. Clayton had spent the
week-end with her. He also had
Monday for a holiday. He and
Monroe Brady and Monroe's
kin, Levi White, from Richland
Springs were working like Tro-
jans. The plot of land around
the house had been plowed and
terraced, and they were setting
it with fruit trees and pecans.

Mrs. Ira Reeves has moved
into the Bob Egger house and
is all set up for housekeeping
again. And we are very glad to
have her living in our commu-
nity again.

Mr. and Mrs. Daz Oliver and
Ira Von of Brownwood called
a little while at the J. E. Egger
home Sunday, but were afraid
to get out on account of whoop-
ing cough. However, little Jerry
Egger is just about well of the
whooping cough now.

Clint Whittenburg was sick
Sunday with earache and cold,
and was unable to attend school
Monday.

Mrs. Herbert McMullin and
Mrs. Jake McMullin and Cindy
Kate of Indian Creek visited
Mrs. Charles Griffin Sunday af-
ternoon.

Mrs. W. A. Burn left Wednes-
day to visit her nieces, Miss
Jane Malone and Mrs. Beth
Ewing, at Austin. She also ex-
pected to visit friends at San
Antonio. She will return to Eb-
ony before returning to her
home in Manila.

Mr. and Mrs. J. R. Briley and
Mrs. Edna Dwyer visited with
Mr. and Mrs. Stanley Reeves
and Grandmother Reeves at
the Stanley Reeves home Sun-
day afternoon. They also found
there Mr. and Mrs. Homer
Reeves of Brownwood.

It was our good pleasure to
visit the Hubert Reeves building
site Sunday afternoon. Mr. and
Mrs. Reeves had the misfortune
to have their home destroyed by
fire last Thanksgiving a year
ago. They are rebuilding just
a short distance from the site
of the other house. Five of the
Chesser men from Mullin are
helping Hubert with the build-
ing. He and Mrs. Reeves are
really building a home to be
proud of. It will have plenty of
room and is planned according
to the latest and best models
for farm homes. It will have all
the conveniences possible to have
out here. It gives us a good feel-
ing to see such a house going
up in our community. It seems
to mean permanence. Herbert
is getting most of the material
for the house from buildings
which he purchased at Camp
Bowie.

Just across the road from
the house is a 30 by 60 barn
nearing completion. It has an
immense storage place for hay.
And underneath the hayloft is
all sorts of space for bins and
sheds. And just beyond the barn
is the large Reeves commercial
orchard. Besides the old orch-
ard, there is a nice young orch-
ard just about ready to come

boys, Arthur, Gene, and Lee,
from their home on the Elkins
road, attended church at Ebony
quite often. We extend to the
family our deepest sympathy.

Owens Brothers Carry Out A Sound Range Program Here

When a rancher can hold over 90 percent of the rainfall that falls on his place and maintain his livestock through out the year without any supplement feed, then that rancher has a sound range program. From an observation study being made by the Soil Conservation Service technicians on the Owens Brothers ranch near Star, it was found that on the night of February 24, a heavy rain of 4.65 fell causing heavy flood damage in the community. On Mr. Owens ranch a plot was set up to determine the amount of runoff from a good pasture and it was found that only 8.6 percent of the heavy rainfall was lost. Looking at it from Mr. Owens standpoint he has 4.25 inches of rainwater on every acre of pasture land to produce grass this coming year. The water penetrated to a depth of several feet.

CHURCH SCHOOL RALLY AT METHODIST CHURCH SUNDAY

Church School Rally Day is always a big day in the calendar of our Sunday school. The different departments of the school present a program to the rest of the church on Sunday morning at the Sunday school hour revealing to all what has been going on in the different departments. This year the program shows the different aspects of the lessons which have been studied in the classes. "Search Ye The Scriptures" is the title of the program. It will bring out the various phases of the Scripture used in the class sessions. You will benefit from this program and will enjoy seeing the children and girls and boys perform.

OLD MAN 100

(Continued from page one)
every question, and there are two sides to a sheet of fly paper - it makes a difference to the fly which side he chooses.

During the war a medical officer on a remote Pacific island called his headquarters to report a tropical disease one of the men had contracted. Officer: "We have a case of Beri-Beri here. What shall we do?" Doctor: "Give it to the Sea-Bees. They'll drink anything."

And when the teacher asked Johnnie, "How old would a person be who was born in 1889?" Johnnie asked her: "Man or woman?"

When the Goldthwaite man went to his doctor for a checkup and the Doc told him he was as sound as a dollar, the man rushed straight to his lawyer and made out his will.

HUNNERT'S JOKES-
Mr. and Mrs. H. B. White of Eagle Pass (Mrs. White used to live here) were in to see the Boss Monday and told him that the Lions Club of Eagle Pass, where Mr. White belongs, was using Old Man Hunnert's jokes at their meetings. This tickled the Boss some, especially while he was C-registering their subscription money they paid him. Old Hunnert jest happened to hear this and used it to hit the Boss up for another duller raise - but no soap.

THEM LAW BOOKS-
Old Hunnert had trouble passing the bar, so has been studying up some more on his law:
One town in Oklahoma has an ordinance declaring it to be a nuisance when three dogs or more congregate on a man's property, without the consent of the owner, and annoy such owner.

And in a town in Tennessee it is illegal for a woman to wear a bracelet watch on her ankle - too many men want to see what time it is.

And here's one that would be good here, only we don't hardly ever have anybody in: White Cloud, Kans., has a city ordinance making it unlawful for anybody to break out of jail.

This don't apply to Texas, but if you live in Florida you can't vote if you are: an idiot, a bettor on elections, or a dualist.

And a burg in West Virginia has an ordinance reading: "No lions shall be allowed to run wild on the streets of this city."

Here's one that Goldthwaite should have sure, Old Hunnert believes: A town in Florida passed a "No-Knockers" ordinance, and it is against the law to knock that town.

And Los Angeles, Calif., gives you a legal right to grow as tall as you like.
And according to a law in the District of Columbia a man cannot marry his grandmother, his mother-in-law or his grandmother-in-law.

In Taylorville, Ill., it is illegal to feed razor blades to hogs.

FEATHERSTON

(Continued from page one)
Mrs. I. Z. Woodard left Austin by plane at 3:00 o'clock Thursday afternoon for Chicago. They arrived at 9:45 Thursday night, approximately four hours after Glenn's death. They immediately notified I. Z. Woodard, and he left Dallas by plane for Chicago early Friday morning.

Two Chicago men reported Featherston's case to the police early Thursday morning, and they were arrested that same morning. At an inquest held Friday morning, Feb. 27, all evidence brought out was favorable to them.

Their story has been circulated in Texas newspapers through an Associated Press news dispatch from Chicago.
According to their testimony at the inquest, they reported the incident as soon as it occurred; but in the opinion of attending physicians, Glenn had been hurt a number of hours before he reached the hospital. Their opinion was partly based on excessive swelling, which indicated length of time since hurt, and much loss of blood, very little evidence of which appeared on the corridor floor.

In the opinion of International Harvester Company, his family and friends, all evidence indicates that Glenn was a victim of an organized crime ring - that he was either attacked or abducted between the Steak House and the Croyden Hotel, that he was beaten, robbed, and left in the hallway where he was found.

This is the third incident of its kind to happen to International Harvester men in Chicago since the establishment of the Chicago Central School in 1946. In each case the inquest verdict, based on testimony of others involved, has been justifiable homicide.

William Glenn Featherston was born Feb. 9, 1917, at the family home near Goldthwaite, Texas. He died in Henrotin Hospital in Chicago, Ill. Feb. 26, 1948 at 5:30 p. m. of compound skull fractures.

He attended grade school in Live Oak community and graduated from Goldthwaite High School in 1934.

He entered the University of Texas the fall of 1934 and completed two year's work toward a mechanical Engineering degree there.

For the next four (4) years he was employed by the Daniel Radiator Company of Houston, Texas.

At an early age he joined the Bethel Methodist Church where his membership remained until he moved it to the First Methodist Church of Brady, Texas, in 1947.

On February 9th, 1941 he volunteered for a year's service in the United States Army under the Selective Service Act. Then after Pearl Harbor, he continued in the service until April 8, 1946. He spent five years in the army. The first year and a half in the 36th Division. Then he was transferred to the Air Corps where he served as an Ordnance officer, attaining the rank of Captain. His list two and a half years of service were spent overseas in England.

After his discharge he was employed by Fairman Company of Goldthwaite and Woodard Truck and Tractor Company of Brady.

On July 23, 1946, he was married to Mrs. Maudine Davis Rubic of Douglas, Arizona. He is survived by his wife, a six-weeks old daughter, Rebecca Ann, and a six year old stepdaughter, Mary Katherine Rubic.

He is also survived by his parents: Mr. and Mrs. C. G. Featherston of Goldthwaite; six sisters: Mrs. Nolan Horton, Ponca City, Okla.; Mrs. Tolbert Patterson, Stephenville, Texas; Mrs. Floyd Manuel, and Miss Mae Featherston, Goldthwaite; Mrs. Jim Holman, Hutto; Mrs. I. Z. Woodard, Brady; and one brother, Charles E. Featherston, Goldthwaite.

At the time of his death he was attending an International Harvester Diesel School in Chicago.

Besides his immediate family, he is survived by a host of relatives and friends in widely scattered places who mourn his passing.

Funeral services were held at the First Methodist Church in Goldthwaite a 3:00 o'clock Mon-

BIG WEDDING AT STAR; MALE BRIDE

Anything can happen during leap year and this time it's a woman's wedding to take place at Star Saturday night, March 6. Don't be too alarmed because the bride will not have to wash dishes the rest of his life. After the P. T. A. sponsored show he will be allowed to go free and only wash dishes once or twice a day. About 24 local men will take part in the play to be presented at the Star school with benefits going to the school. A like show was presented at Evans and from all reports it carries plenty of laughs.

day afternoon, March 1, with the pastor, Rev. Mack Lowry, in charge. He was assisted by Rev. John Wesson, pastor of the Methodist Church in Star, Rev. Paul Weiss pastor of the Trinity Heights Methodist Church in San Antonio, and Rev. E. P. Neal pastor of the First Methodist Church in Brady.

Paul bearers were other employees of Woodard Truck and Tractor Company: Ellis Held, Murrey Towns, Harold Phillips, Jake Wells, Russell Horton, Elmer Flemming and Frank Corder.

Interment was in the Goldthwaite Memorial Cemetery. Fairman and Wilkins Funeral Directors had charge of arrangements.

THEIR HOPE Is The Red Cross

When flood, fire or tornado ravages the land the Red Cross stands ready to stem the tide, soothe the scars and succor the pangs of suffering. Now Ready your Dollars—to help the Red Cross help humanity wherever and whenever it is needed.

You remember the Wartime Blood program of the Red Cross. Many still live today only because of it. Now Ready your Dollars to help expand a new Red Cross National Blood program so that ultimately ALL who need blood may have it and its derivatives freely.

Veterans successfully face many critical problems thanks to Red Cross Aid; the misery of the ailing soothed, and accident emergencies are met because the Red Cross prepared the way. So now Ready your Dollars to help the Red Cross, comfort, sustain, and restore.

FIRST BAPTIST RECREATIONAL PROGRAM
The First Baptist Church has begun a planned recreational program for the young people of our community. The plans will eventually call for a complete development of the lot west of the church to provide a tennis court, volley ball courts, basketball, soccer and other sporting equipment.

The church has already purchased equipment for a volley ball court which has been set up this week, as well as a punching bag having been installed. "We must develop our young people physically as well as spiritually if we are to produce well rounded men and women," the pastor, Rev. Joseph L. Emery, stated. "We are planning this recreational program to appeal to all ages, giving everyone an equal opportunity to participate. All of our plans cannot be realized at once but in time we hope to have all the essentials of an attractive and beneficial athletic department. The directors and leaders of the various phases of this program will be announced later, concluded the pastor.

CARD OF THANKS
We wish to thank our many friends and neighbors for their many deeds of kindness shown us during the illness and at the time of death of our dear mother, Mrs. T. J. Montgomery. We appreciate the beautiful floral offering. Such acts of thoughtfulness will always be remembered.
May God bless each of you.

A Safety Check — May Save Your Neck — Have It Done!

A safety check may save your neck!

That was the terse advice offered today by W. J. Elliott, Chief of the Texas Highway Patrol, in urging motorists to keep the safety equipment of their cars in tip top shape.

"We are cooperating with safety authorities throughout the nation in a 'Learn and Obey Traffic Laws' program during February," Chief Elliott said. "The law requires that your car have certain equipment for safety, and it's there when the manufacturer delivers the car. But it is up to the driver to keep it working properly."

He said NATIONAL SAFETY COUNCIL figures show that 18 per cent of all vehicles involved in fatal accidents are defective. A recent nationwide police check-up showed one out of three cars defective, and one out of seven with bad brakes.

The major safety equipment was listed as brakes, lights, mirror, windshield wiper, horn and safety glass. Many of these items will wear out or become damaged with use, and the motorist must see that they are

maintained in good condition.

"Periodic inspection by trained mechanics is the answer," Patrolman L. O. Wilson of San Saba said. "Professional drivers, such as truck drivers, inspect their vehicles before every trip. That's a good idea for every driver, and it would save a lot of lives."

Cornelius-Elders

Miss Emma Jean Cornelius of Odessa, Texas, daughter of Mr. and Mrs. P. L. Cornelius of Brownwood and Raymond E. Elder also of Odessa, nephew of Mrs. Bob Hiffman of Goldthwaite, were united in Holy Matrimony February 14, 1948, at the home of Rev. Wesley Mickey, minister of the Church of Christ, Odessa, Texas.

The bride wore an aqua long sleeved dress with a corsage of white gardenias and brown accessories. The groom wore a brown suit with a white carnation and brown accessories.

Attendants were Mr. and Mrs. H. W. Henry of Penwell, sister and brother-in-law of the bride. After the ceremony Mr. and

Mrs. C. O. Elder and Vernon Meyers presented the couple with a beautiful wedding cake.

Mr. and Mrs. R. E. Elder spent the week-end in Big Spring, and returned home Monday to their apartment. They will be at home at 820 South Crane Ave., Odessa.

CALVIN WEATHERS

PIGS IN THE CLOVER

College Station.—Most people think of hogs as livestock that just lie around in mudholes and get rations of grain; that's a hog's life to some people. But not to the hogs—if they can help it. Hogs must go out on pasture like sheep and cattle.

E. M. Regenbrecht, extension swine husbandman of the Texas A. and M. College, says green grazing is the best source of vitamins and minerals. Farmers are encouraged in every possible way to plant more grazing crops for their hogs, and to utilize these grazing crops in the best possible manner.

Good green grazing is an excellent source of protein for swine, and it reduces the amount of protein supplement required in the ration by 50 per cent. Many hogs in Texas suffer from a deficiency of mineral supplements and vitamins. To remedy this, farmers are encouraged to use supplements that will supply the necessary minerals that are quite often absent in the hog ration. This is also true of vitamins.

Putting hogs on green pasture automatically improves the vitamin and mineral content of the ration, and cuts down on the amount of the protein that would otherwise have to be fed to the hogs.

THE CZECHS CHECK OUT

The collapse of the government of Czechoslovakia and the control over that country assumed by the Communist was the subject of chief interest on Capitol Hill the past week. Czechoslovakia, which was already under economic domination from Moscow, is now expected to follow the Communist Party line and toe the mark as the signals are called by the Kremlin. It was typical of the Communist technique-infiltrating into vital spots in the labor unions, government and police, and then at the appoint-

ed hour, to take over. It is generally believed that not more than 25 percent of the Czech people are Communist. But the majority was helpless. The Communies were in control where it counted.

It has been to prevent that very thing from happening in Western Europe that our government has been trying to assist and bolster the resistance of the governments and the people against the Communist pressure. Communism is strong in France and in Italy and in other countries not yet under control of Stalin. It is generally believed that Stalin had counted on his stooges taking over in France even before they did so in Czechoslovakia.

But French resistance surprised the Russians. The general strikes by the Soviet-dominated labor unions failed of their objectives, and France, with outside aid, withstood the storm.

Some are heard to ask: What difference does it make to us whether France and other nations become Communist, so long as we look after our own affairs? General Marshall insists that if Western Europe

surrenders to Communism, and Russia controls for the first time the Atlantic coast line, American security will be greatly imperiled. If that should happen, all agree the United States would be forced to spend at least \$20 billion a year on national security instead of the present \$11 billion.

TIDELANDS BATTLE

Last week might have been called Texas Week on Capitol Hill. The high tide of indignation against federal ownership and control of submerged lands and tidelands, always considered owned by the respective states, was raging at a high tempo.

In June of last year the Supreme Court handed down a decision in a California case of submerged coastal lands. In an attempt to head off the Supreme Court action, the Congress two years ago passed a bill to confirm to submerged lands in the states, but the President vetoed it.

Another attempt is now being made to settle the issue and quitclaim all title to such lands and the minerals to the states.

A joint House-Senate Committee has been holding hearings on the new proposal. From Texas to urge speedy enactment of the proposal came Governor Beauford Jester, Attorney General Price Daniel and State Land Commissioner Bascom Giles. Other Texans here on the same mission included Frank Jackson, former President of the State Teachers Association, Robert Lee Bobbitt, Curtis Morris, and others.

In a radio interview between himself and Governor Jester, Attorney General Daniel and Mr. Giles, these gentlemen agreed the outcome of this legislation is of tremendous importance to the State of Texas. Governor Jester said the value of the lands and minerals involved may amount to a billion dollars to Texas and our Texas school fund.

Mr. Daniel, who has taken a leading part in protecting our state's rights, said 46 Attorney Generals in the United States have organized themselves into a unit supporting the measure.

Land Commissioner Giles pointed to our long coast line and the valuable mineral deposits already discovered, and said the tidelands issue is interlinked with the further economy of Texas.

Frank Jackson spoke for the Texas educators and talked of the value of the lands involved to the support of our schools, in his testimony before the

committee. Prospects for early passage of the pending bill are bright. Our big concern at the moment is to avoid another Presidential veto, and if it comes, to garner enough votes to override.

CHRISTIAN SCIENCE SERVICES

"Man" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientists, on Sunday, March 7.

The Golden Text is: "Mark the perfect man, and behold the upright; for the end of that man is peace" (Psalms 37:37).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "The Spirit itself beareth witness with our spirit, that we are the children of God" (Romans 8:16).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The Science of being reveals man as perfect, even as the Father is perfect, because the Soul, or Mind, of the spiritual man is God, the divine Principle of all being, and because this real man is governed by Soul instead of sense, by the law of Spirit, not by the so-called laws of matter" (page 302).

OUR MOTHER

A Verse Dedicated
To The Memory Of
MRS. CHARLES BOWMAN
Who Passed Away
July 2, 1947

With quiet feet she tread
Life's way
Her footsteps firm and strong
A lasting imprint on the
path of clay
As she traveled there along.

Busy doing homey little things
Sewing on buttons, kneading
bread

Planting garden in the spring
While planting she planted
seeds of truth
Into the hearts of sturdy,
growing youth.

By precept and example
She paved a goodly way
For those who follow after
Life's strange bewildering way.
To the needy she held a
generous hand
Helping neighbors round about
Hunger and poverty throughout
the land
And sin and evil she strove
to rout.

On any subject, she seemed to
know just what to say
In a courageous, firm and
kindly way.

Life was not always easy
Oft in sorrow and in pain
Sickness and loss of loved ones
She worked and lived and
smiled again.

Time pressed down with
weight of years
But she kept abreast of the ways
She loved and laughed and
hid her tears
Through lingering aching days.

Small of stature and
frail of form
Yet like a giant oak
She stood and faced the storm
Of life, that heaped upon her
pain and distress
Lonely hours of sleepless
weariness.

MARGARET'S BEAUTY SHOP

'Twas then she listened intently
For the calling of her name
Trusting that God would gently
Lift her soul, still with
love aflame.

Soon came a message from afar
Calling out from Time and Space
"Come with me across the bar"
Gladly she met her Pilot
face to face.

Mills County Veterans' Vocational School

The district meeting for agriculture teachers which met at Comanche last week was attended by the instructors of our school. It was an interesting and instructive session. Three general topics pertaining to farm management were studied. First, a demonstration for blood test in chickens; second, a discussion of diseases of livestock; and third, the organization of the Texas Farm Bureau. This last topic was a very interesting address by Mr. J. Walter Hammond, president of Texas Farm Bureau.

Also, on Tuesday of this week, our agriculture teachers, Mr. Ford, Mr. Duren and Mr. Carothers attended a meeting at Brownwood. They report a very interesting program on that occasion. Mr. Ford gave a demonstration of "Purdue" Soil and content of plants. The test is to determine the nitrate, phosphate and potassium content of plants. By this test one can learn the deficiency of these minerals in the soil and suggest correction to be made. There are three common methods practiced in this section for supplying these minerals. One method is to plant legumes for cover crop or pasture. A second method is to add barnyard manure. And a third is to apply commercial fertilizers. Soils in this section are usually deficient in nitrogen and phosphate. Other tests and demonstrations will be conducted throughout the county as soon as crops have made sufficient growth to permit proper analysis. Some tests have already been made in different sections of the county.

Distributive Education Teachers will meet in Goldthwaite this week, Friday, March 5th. This is our regular bi-weekly Teacher-Training Conference and will be attended by all instructors of this division throughout the district which is composed of several adjoining counties. We expect about 35 to 40 teachers to be in attendance and we are looking forward to a good meeting.

Mr. Locklear, the T. & I. instructor, took his class on an educational trip to observe the work of a saw mill which is located between Goldthwaite and San Saba. We imagine there are a good number of people about this county who did not know of such a mill. They discussed the possibility of local timber for milling projects in this section. It proved to be interesting to those who made the trip.

We are glad to report that new students are being enrolled in all departments and they are always welcome. At present the Vocational School is in great need of one more instructor for agriculture.

Pleasant Grove—

By EDITH COVINGTON
The high wind and heavy rain last week did considerable damage in this community to property and roads.

Mr. Berry, who has been ill in a Brownwood hospital several weeks, was reported as showing a slight improvement.

Mr. and Mrs. Chas. Miller are entertaining a grandson this week. Charles Thomas is the infant son of Mr. and Mrs. Thurman Head of Lometa. Those who visited the families Sunday afternoon were; Mr. and Mrs. Bill Virden, Jude Miles and family and Mrs. L. B. Covington.

Mr. and Mrs. Roy Kenser and children of Gorman visited the Chas. Hall family recently.

Mr. and Mrs. Will Jeffery of Odessa spent a few days with their children.

Miss Lola Bell Wilkey returned to school this week after being out a week with a badly sprained ankle.

Mr. and Mrs. Hubert Berry spent the week-end with his parents and other relatives.

Mrs. Carl Darden and family of Felton called on Mrs. Covington Sunday afternoon. Herman Griffin also called on her.

Several from here attended funeral services at town for William G. Featherston.

Mr. and Mrs. Glen Armstrong spent Sunday with her mother and brothers.

GOLDTHWAITE P. T. A.

The Goldthwaite P. T. A. met in a celled meeting Wednesday, February 25.

The regular program for February the 11th was used. The Goldthwaite Band played a few numbers and Judge Patterson was the speaker.

In our business meeting there was a rising vote of thanks given to Mr. Tullos and the Commissioners Court for the dirt that was given, hauled and scattered on the grounds.

Other business was to elect a nominating committee: Mrs. E. T. Fairman, Chairman; Miss Love Gatlin and Mrs. Ed Gilliam.

We also discussed a tea for the Home Makers Class. We were then adjourned.

Regular P. T. A. meets the 10th of March.

Mrs. Joseph C. Montgomery

Mrs. Joseph Caldonia Montgomery was born January 24, 1876 in Johnson County, Texas, and died February 28, 1948 in Brownwood. She was 72 years of age.

Mrs. Montgomery moved to Mills County sixty years ago and resided here until her death. In 1930 she was converted and united with the Baptist Church at Liberty.

Preceding her in death is her husband, John Thomas Montgomery, who passed away September 23, 1921.

The deceased is survived by her sons, G. T., O. D., E. L., J. B., and H. H. all of Cleburne, and J. T. and J. C. of Big Spring; daughters, Ira of Slaton, Mrs. T. C. Perry of Brownwood, Mrs. W. L. Stephens of Dallas, Mrs. Vida Perry of Goldthwaite and Mrs. Ora Bell Jones of Llano. She is also survived by one sister, Mrs. S. R. Walton of Goldthwaite and one brother, John Denning of Sanger. Her dependents include 29 grandchildren and 15 great grandchildren.

The funeral services were conducted from the Center City Methodist Church at 2:30 p. m. on February 29, with Rev. Joseph L. Emery, minister of the local Baptist church, in charge.

Fairman - Wilkins Funeral Home of Goldthwaite had charge of arrangements.

George Sweeney and son Geo. Jr. of Abilene came through Goldthwaite Sunday. George, Jr. returned to Austin where he is a student in the University. The Sweeneys stopped for a short visit with Mr. Sweeney's aunt, Mrs. Henry Martin.

"Driftwood" has laughter and tears. Thrills and Thrills—Sunday and Monday at the Melba.

Lucille Fairman left last Friday for a 10 days visit with her sisters in Florida.

E. D. Drueckhammer of the Dudley Conservation Group recently planted 3 acres of Canada Wild Rye grass and 20 acres of Western Wheat grass. He was assisted with the seeding by Paul T. Koshi, technician of the Soil Conservation Service. Mr. Drueckhammer reports that the Canada Wild Rye is up and doing fine.

E. H. Hapgood of the Big Valley No. 2 Conservation Group last week seeded 11 acres of Madrid Clover. The clover was seeded with a drill owned by the supervisors of the Brown-Mills Soil Conservation District. The seeding rate was approximately 3 pounds of seed per acre.

Two cooperators of the Pompey Creek Conservation Group, Herman Jones and C. W. Holden, planted 30 acres and 18 acres respectively of Madrid Clover. The clover is coming up on both farms but Mr. Jones' clover, being planted earlier, was up and suffered during the cold weather. Much of the clover was heaved from the ground but a stand

Last Rites For Mrs. Stoddard

(Brownwood Bulletin)
 Mrs. Stella Blanche Stoddard, 70, died in a local hospital at 4:30 p. m. Thursday following three weeks of illness.

Mrs. Stoddard, who lived at 1612 Avenue C, was a native of Leon county and was born Feb. 27, 1877. She had lived here for 11 years.

The widow of the late Robert William Stoddard, Mrs. Stoddard was a member of the Coggin Avenue Baptist Church and teacher of the Dorcas Sunday School Class.

Funeral services were held from the First Baptist Church at 2 p. m. Saturday with Dr. H. H. Hargrove officiating. Burial was in Greenleaf Cemetery.

Surviving are three brothers, R. M. Fletcher of Lake Worth, Florida; M. H. Fletcher of Goldthwaite and B. A. Fletcher of Ft. Smith, Arkansas; a sister, Mrs. Mattie Chunn of Austin, and these nieces and nephews, Mrs. Alma Walker, Mrs. Merna Koontz and Arch Carson of Dallas; Mrs. Velma Grover of San Angelo; J. Waldo Carson of Odessa; R. K. Carson of Corpus Christi; Bill Carson of Sweetwater and Mrs. Marvel Ming of Beaumont.

Pallbearers were Waldo Carson, B. R. Carson, Bill Carson, Arch Carson, Herman Koontz and James Ming.

Mrs. J. H. Wilson

Mrs. J. H. Wilson of Mullin, Texas, died in the Medical Arts Hospital in Brownwood, February 19, 1948.

Funeral services were held at the Methodist Church of Mullin February 21. Her pastor, Rev. O'Hea, assisted by Rev. M. D. Logry, officiating. Pall bearers were Jim Weatherby, John Plummer, Ross Wheeler, Carl Cox, Doyle Wilson and Willard Cowan, grandsons and grandsons-in-law.

Mrs. Wilson had been an active member of the Mullin Methodist Church for some 40 years. She had made her home in the same house the past 46 years.

Margaret Leahy Wilson was born in Tarrant County, January 30, 1855. Her parents were Mr. and Mrs. William Leahy, who were pioneers of this part of Texas. She was married to J. H. Wilson near Stephenville, Texas, April 17, 1873. Twelve children were born to this union, five of whom are living. She raised a family of ten children to be grown.

Her husband, the late J. H. (Jason) Wilson, and seven children preceded her in death. The five living children are: F. D. Wilson, Lubbock, Texas; L. L. Wilson, Mullin, Texas; C. W. Wilson, Austin, Texas; Lucy Wilson and Howard Wilson of Washington, D. C. She also leaves two sisters, Mrs. McD. Reil and Mrs. Jennie Jones of Stephenville, 13 grand children,

can still be observed.

T. J. Watson, Center City Conservation Group, recently built 1600 feet of Diversion terrace above a cultivated field to protect the field from excess runoff water from pasture. County Commissioner Fred Wall did the construction work.

Roy J. Freeman, Becker Mt. Conservation Group, recently made application and last month signed an agreement with the Brown-Mills Soil Conservation District. Since that time Mr. Freeman has built one-half mile of small ridge type terrace with his tractor and plow on a field that was in bad need of terraces.

Jim Soules, Star Conservation Group, reports that on land that was plowed in such a way as to leave all the crop residue on top of the ground very little to no runoff was observed from a 5.1 inch rain, but on land that was plowed clean, a large percent of the water ran off the field and caused considerable damage.

26 great grand children and 3 great, great grand children, and a number of nieces and nephews and a host of friends to mourn her passing.

"Mother" Wilson was never too tired or too busy to help a neighbor or a friend. She was truly a "Lady of the Old South." Our Heavenly Father needed Someone kind and sweet,

An Angel with a heart of gold To make His Heaven complete; So in His wisdom choosing From those that He loved best He called our Mother to that land Of perfect peace and rest.

NO SUBSTITUTE FOR WORK

J. J. Newberry, head of the national retailing chain system that bears his name, recently sent a message to store managers throughout the country which contains, in simple, forceful language, fundamental truths that apply to all of us.

He wrote: "The person who makes his job the most important thing in his life, other than taking care of his family, and who has common sense and intelligence to apply to his job, should be entitled to greater success and rewards than the one who only wants to work eight hours a day, five days a week..."

"Everything in the way of farming, mining, manufacturing and distribution must keep on expanding to give work to the increased population and to produce and distribute the larger requirements of more people. This will call for more and more leaders of industry."

"Those leaders will be the people who have such enthusiasm for their work they would rather stay on the job and see that which they are interested in progress and grow than to spend their leisure time at less important pursuits..."

"When you hear bright young people talking about working only forty hours a week who expect equal compensation with the man who loves his work enough to put the necessary time in to make his company grow, then you owe it to such a person to tell him how wrong his ideas are."

This is an old-fashioned doctrine. It is in opposition to the new and engaging theories of the more advanced social and economic planners. But, whether we like it or not, it is a theory which is solidly supported by centuries of human experience—and human experiment. There is no substitute for production—which simply means there is no substitute for work. A genius may find an easy short cut to success, but the number of geniuses at large at any time can almost be counted on one man's fingers. Mr. Newberry has restated truths which if abandoned and forgotten, will lead to individual tragedy and failure—and to the deterioration of the strength and pride of the country.

CLENCHED FISTS AND OPEN HANDS

Clench your fists. Now you have in your hands a two-fisted symbol of force. You are ready to fight! Your mind has become tense. Thoughts of anger and fear surge into your consciousness. Approach another man with your fists clenched and watch him clench his own. He, too, is ready to do battle. Of course, you may not come to actual physical blows, but you are meeting in an atmosphere charged with antagonism and mistrust. Your minds are closed as tightly as your fists.

Now, open your hands. As you open them you will find your tension leaving. Your body will begin to relax. Your mind will open up. The open hand can hold no weapon; it can conceal no knife of treachery. It is a symbol of peace, understanding, good will. It takes an open hand to pat man on the back, to help pull a man up to higher ground, to join hands with others in a common cause, to type a letter, to paint a picture, to perform an operation, to design a skyscraper, to plant a garden, to turn the pages of a book.

Closed fists make clubs of hands. They are only good for fighting or pounding tables. Open hands can go to work in thousands of constructive ways.

Take a look at those two open hands of yours. They are tools with which to serve, make friends, and reach out for the best in life. Open hands open the way to achievement. Put them to work today.

When Eddie, the noticeably slow-moving and inefficient clerk in a small-town general store, wasn't in evidence one morning, a customer asked: "Where's Eddie? Ain't sick, is he?" "Nope, he ain't sick," replied the proprietor. "He's just not working here any more." "Got anybody in mind to fill the vacancy?" responded the curious villager. "Nope," said the proprietor. "Eddie didn't leave no vacancy."

LOOKING BACKWARD

THROUGH EAGLE FILES

TEN YEARS AGO

(Taken from Eagle File March 4, 1938)
Rev. J. T. Kluge, of Priddy, was pleasantly surprised on his birthday, February 18, by his congregation all gathering at his home and spending a most pleasant evening in merry conversation, music and singing.

Gerald Davis, assisted by a number of his class mates, celebrated his 14th birthday on Tuesday afternoon, March 1, at 4 o'clock at his home.

Howard Trent spent a few days here this week with relatives. He was returning to his home in Hollywood, California, after a trip to New York.

Miss Dolly Reynolds has been in bed several days with flu, but is better now. Her comrades, Mrs. Alice Rossom and Mrs. Lula Kelly, are also down with the flu.

Mr. and Mrs. Jim McCaughan of Santa Anna visited over the week-end with Mrs. McCaughan's brother and sisters, Neal Soules, Mrs. Ellen Clifton, Mrs. Gerite Jones, and Mrs. Mary Soules.

Mrs. Marvin Laughlin returned Saturday evening, after spending a week in Eldorado with her daughters, Mrs. Dave Williamson and Rachel Ford.

Mr. and Mrs. Homer Starnes and girls of Brooksmith visited her sister, Mrs. Grover Dalton, and family and other relatives Saturday.

SCRIPTURE: Acts 8:26-39. DEVOTIONAL READING: Psalms 67.

The Personal Witness

Lesson for March 7, 1948

D. R. ALBERT SCHWEITZER, described by Hermann Hagedorn as "Prophet in the Wilderness," is a living example of what Sunday's lesson is undertaking to portray, namely, living for Jesus where you are.

Dr. Albert Schweitzer

But to the people of Equatorial Africa, he looks and acts like our saviour Jesus did. The lesson passage is found in Acts 8:26-39, and is the story of Philip, leaving his very successful evangelistic campaign in Samaria to follow the lead of the Holy Spirit into the way that goeth down from Jerusalem unto Gaza, which is deserted. There he found a man in search of God, and through his witness the man was saved.

THE STORY OF JESUS

THIS man was not of Philip's race. He was an Ethiopian. But he was a man, and God loves every man of every race and of every condition of life. Jesus never did meet an unimportant person, nor will any true follower of his. Jesus said, "As the Father has sent Me, even so send I you," John 20:21.

This man was reading in the Book of Isaiah, where the prophet was foretelling how Jesus would suffer for the sins of the whole world. He could not understand the wonderful words. And the Spirit directed Philip to go and join himself to the eunuch. Philip ran to the chariot in which the rich man rode, asking, "Understandest thou what thou readest?" He was quick to give his witness. That is the first lesson of the lesson.

AND THE MAN LISTENED

WHEN we faithfully obey the Holy Spirit, he enables us to effectively witness for Jesus. We cannot be effective witnesses if we rely upon our own wisdom and our own judgment. The boy in your street who does not know Jesus will listen to your story if you go in the same glad obedience to the command of the Spirit of God as did Philip.

A lad told me this story. He had a neighbor who had never been to Sunday school, and he wanted to enlist this friend. He thought about it seriously. But he was not quite sure of himself. And then he prayed, asking God to direct him. The next day the boy asked him, "What are you doing Sunday morning?" With this opening the lad invited his neighbor to come along with him, and the result was that the little neighbor, of another race, accepted Christ as his Saviour and is today a regular attendant at church and Sunday school.

TO WHOM SHALL WE WITNESS?

THE question now emerges, To whom shall we bear this witness? We cannot all go as missionaries, as did Dr. Schweitzer. Most of us must remain at home and carry on the work of our everyday pursuits of life. But every Christian can witness. First, to those immediately about us. In every community in our beloved country are people who do not know Jesus Christ as Saviour and Lord. We can witness to them, not to all of them, but to some of them, perhaps to one of them. And I would remind you that if you miss that particular person to whom you may be directed by the Holy Spirit, he or she may never know about the Saviour's love.

Second, we can share in the sending of the missionaries to earth's remotest bounds, through our gifts. I delight to think that I am in partnership with many great men and women on foreign fields, through my gifts and through my prayers.

Third, we can witness through personal correspondence with people in other lands. The present far-reaching media of relief for stricken peoples of the world affords a wonderful opportunity for this very witness. Ask your pastor for the name of some person you are in one of the lands to which your church is sending relief, and write that person a letter, telling of your joy in serving God.

The eunuch went on his way rejoicing. Why? Because Philip had taught him the way of salvation. He had been used as an effective witness in leading a man of another race to experience the peace that passeth all understanding.

And Jesus is saying to us today, "So send I you."

JONES VALLEY H. D. CLUB

The Jones Valley H. D. Club met February 24 with Mrs. Raymond Wilcox. The president, Mrs. Albert Tulley, called the house to order. Two songs were sung. Roll calls were answered to (1) "What is wrong or right in women's clubs." and (2) "Good grooming hints." The minutes were read and approved.

Two members paid their dues of \$1.00.

The special committee for filling out the yearbook programs reported. We each filled out the programs in our yearbook.

Mrs. Raymond Wilcox and Mrs. Arthur Wilcox were elected

to go to the leadership training meeting, which will be the 27 of February.

Mrs. Albert Tully was elected to go to the T. H. D. A. District Meeting.

We elected Mrs. Raymond Wilcox as our new Council delegate, since Mrs. B. L. Kuykendall is moving away.

Our program consists of 'Good Grooming' given by Mrs. Arthur Wilcox. We each learned many hints as to how we can make our appearance more attractive.

Recipes for cold cream and hand lotion were given by Mrs. J. D. Berry.

The hostess gave a discussion on 'Holiday Dainties'. Different recipes were passed around the group and we enjoyed seeing the attractive dishes we can make if we only take the time.

Mrs. Ethel Davis was a visitor. We always welcome visitors. Also, a new member, Mrs. Willard Davis, was welcomed into our club.

The hostess served an attractive as well as delicious plate, carrying out Washington's Birthday ideas to five members, one new member, one visitor and four children.

Games also pertaining to Washington's Birthday were played for recreation.—Reporter

SALES AND SERVICE GOLDTHWAITE, TEXAS

JEFFERSON STANDARD serves Policyholders from the Carolinas to California..the Great Lakes to the Gulf of Mexico.

IN 1947 Jefferson Standard served a greater number of policyholders than ever before and made substantial gains in volume of new business and financial strength. This achievement is high tribute to the loyal group of field representatives whose skilled services made this record possible. Through their efforts the comforting protection of life insurance was brought to additional thousands of families during the year.

Today's high income taxes and low returns on investments have intensified the problem of estate creation and conservation, thus causing the American people to value more than ever the security and personal satisfaction which life insurance affords. In 1947 FOUR OUT OF FIVE families enjoyed the protection of life insurance. Jefferson Standard provides more than \$745 million of this protection.

HIGHEST RATE OF INTEREST EARNED
1947 marks the eleventh consecutive year that Jefferson Standard has led all major life insurance companies in rate of interest earned on invested assets.

HIGHEST RATE OF INTEREST PAID
On funds left in trust—extra income to policyholders and beneficiaries.

INSURANCE IN FORCE
Now \$747,501,522 which represents an increase of over \$75,000,000 for the year.

STRONG FINANCIAL POSITION
Assets increased more than \$20,000,000 in 1947 and now total \$199,857,286. Surplus, Capital and Contingency Reserves total \$23,500,000, a new high mark in additional funds for policyholders' protection.

BENEFITS PAID
Payments to policyholders and beneficiaries aggregated \$8,664,444 in 1947, bringing total payments since organization in 1907 to more than \$167,700,000.

NEW POLICY PLANS
At the close of 1947 Jefferson Standard made several new policy plans available to the public, including a wide range of policies for children.

SALES HIGHEST IN HISTORY
Sales of new life insurance in 1947 reached a total of \$118,272,288, a new company record.
