GOLDTHWAITE, MILLS COUNTY, TEXAS — FRIDAY, APRIL 2, 1948

NUMBER THIRTY-THREE

## Eleven Miles Farm-To-Market Highways To Be Built In County

### METHODIST DISTRICT WOMEN MEET AT FREDERICKSBURG

The Kerrville District Annual Meeting of the Women's Society of Christian Service will meet at Edson Street Church in Fredericksburg Wednesday, April 7, from 10:00 a. m. until three p. m. Reports from all societies in the district will be heard, plans and pledges for the new year will be made, and new officers for the district will be elected.

The local W. S. C. S. will have a splendid report to make as our membership has almost doubled and our pledges to missions has more than doubled since last year's meeting.

A number of women from this church will attend.

### RECREATION NIGHT FOR METHODISTS

Improvement and work on the park back of the church has been started, and a barbecue pit will be built soon.

All age groups are urged to participate in friendly competitive games at the Family Recreation Night each Thursday evening at 7:30 o'clock.

## Democrat Party Heads Meet

**PARTY HARMONY** — Texas Democratic leaders are shown with Gov. Beauford Jester as they made plans for party unity at a conference in Austin. Front row, left to right: Mrs. R. A. Thompson of Goliad, vice president of the Texas Association of County Chairmen; Jester, and Arthur Stevenson of Dallas, president of the county chairmen. Back row, left to right: Robert W. Calvert of Hillsboro, chairman of the Texas Democratic Executive Committee, and Jimmy Brinkley of Houston, state president of the Young Democrats.

Austin, March 29 — Texas Democratic leaders shoved forward the cause of party unity at a conference today.

Present and agreeing that "a united front at our state convention will mean more to us later than anything else" were: Governor Beauford Jester, Arthur Stevenson of Dallas, President of the Texas Association of County Chairmen; Mrs. R. A. Thompson of Goliad, Vice President of that Association; Robert W. Calvert of Hillsboro, Chairman of the State Democratic Executive Committee; and Jimmie Brinkley, of Houston, State President of the Young Democrats.

"The people of Texas should forget past animosities and think of Texas first," said a statement issued jointly by the group. The statement continued:

"If the people of Texas will only forget personalities and think of principles and Texas first, then for once in our lives we can go the national convention with unified strength.

"At present, an unstructured delegation, with very few resolutions, seems to be the only

## Goldthwaite FFA Boys Win Second In Brady Stock Judging Contest

On March 24, Bobby Burks, Robert H. Johnson, James Hillman, Billy Hanson, and Billy Rahl represented the Goldthwaite F. F. A. Chapter at the annual Livestock Judging Contest, sponsored by the Brady Junior Chamber of Commerce. Out of approximately one hundred boys, Bobby Burks was second high man of the contest, closely followed by Robert H. Johnson. The other boys made an excellent showing to win the team fifth place of the contest.

The judging classes consisted of ten classes of sheep and eight classes of cattle. The sheep classes were made up of two classes of Suffolks, four classes of Ramboulliet, and four classes of Delaines. The cattle classes were made up of five classes of Herefords and three classes of Angus. The Angus cattle were judged at the Tommy Brook Ranch at Camp San Saba and the Hereford cattle were judged at the Barnett Ranch at Melvin.

The Delaine and Suffolk sheep were furnished by George Johnson, a registered Delaine Breeder, and judged at the John Deere Implement House at Brady. The Ramboulliet judging was held at the C. H. Britton place, who is a Registered Ramboulliet Breeder.

Prizes, which consisted of belt buckles, were given to the first five high individuals and Bobby Burks received a nice belt buckle for being second high individual in the contest. A nice barbecue lunch was served to all the contestants and the officials of the contest. Each boy greatly benefited from his experience in judging so many classes.

April 10 the Goldthwaite F. F. A. Chapter will send two teams to the Areas IV and VIII judging contest held at Stephenville. The teams will consist of three boys to a team and one team will be judging livestock, sheep, cattle, and hogs; the other team will judge dairy cattle.

## JUNIOR PLAY TO BE PRESENTED APRIL 9

The Junior Class play, "Papa Says No", will be presented Friday, April 9, 1948, at 7:30 p. m. in the Goldthwaite School Auditorium. Make your plans now to see it! It is a play that will have you rolling in the aisles with laughter.

Carlin Wicker plays Mr. Alonzo K. Page, a businessman from Milwaukee, Wis. Kathleen Clements plays his daughter, Janet, who is deeply in love with Jack Prescott, played by Wilbur Heath. In order to be close to her, he dresses as a coffee shop waitress. His friend, Pete Carter, dresses as a girl and tries to get Mr. Page to propose to him. Pete is played by Robert Henry Johnson, and Mary Palmer plays his mother, Mrs. Carter. Janet Soules plays a meddlesome, gossiping, flirtatious old maid. Betty Williford plays Toots, the elevator girl who makes Joe, the bell-hap, step a chalkline. Joe is played by Johnny Head. Mrs. Hawkins and Genevieve are always coming in to get a room. This always Bill Sykes very much. Scottie Vaughan plays Mrs. Hawkins; Jimmie Rita Simpson, Genevieve; Bonnie Long, Bill Sykes; Greta Barnett plays Sallie, a waitress, and Nella Hodges plays Liz, the other waitress. Taylor Owen plays a cigar-smoking detective.

Tickets are on sale now. Admission: Adults, 35 cents; school children, 25 cents; reserve seats, 50 cents.

In the English language, the letter "e" occurs most frequently.

## REA Progress Discussed In Fisher - Wickard Broadcast

**MOHAIR PROBLEMS TALKED.** Congressman O. C. Fisher is shown talking with two colleagues—Harless of Arizona and Lusk (center) of New Mexico, after the three emerged from a conference with Secretary of Agriculture Anderson last week. They urged that efforts be continued to have surplus mohair included in the European Recovery Program.

The story of how REA—a non-subsidized, self-supporting agency—is, despite shortages and difficulties, rapidly bringing electric service to the rural homes of southwest Texas, was brought out in a radio program which originated in Washington last week. The broadcast was in the form of a discussion between Congressman O. C. Fisher and REA Administrator Claude Wickard, and was carried over a number of Texas stations.

"The total of the loans for the REA-financed co-ops in the 21st Congressional district," Mr. Wickard said, "is a little more than \$100 million. It is a million of that already has been advanced to the co-ops to pay for completed construction. This has provided around 3600 miles of line now in service, taking power to more than 8,000 consumers. When the balance of this construction has been completed," Mr. Wickard continued, "there will be more than 12,500 families in your (Fisher's) dis-

trict receiving co-op power."

Answering Congressman Fisher's questions to why pending applications are not being reached more readily, the REA Chief said the difficulty is mainly due to shortage of wire. "Orders placed now for wire will be delivered in three years," he explained. "Everything's ready except the materials."

But, despite the shortages the program is being advanced rapidly, Wickard pointed out. "As a matter of fact, rural power lines are going up faster right now than ever before in history. The co-ops in your own district added more than 4,000 consumers to their lines in 1948," he told the Congressman.

Financially, the REA co-ops are doing well, it was developed. A summary of transactions up to January 1st showed that Texas borrowers have repaid almost \$11 million in principal and interest on their loans, over a million dollars being credited as advance payments.

## BOY SCOUTS TO DISTRIBUTE SECURITY LOAN POSTERS

Boy Scouts of Goldthwaite will participate in the distribution of six hundred and fifty thousand American Security Loan Posters, which is the total number to be distributed in the United States, during the week of April 17 to April 25.

Scout Officials asked the cooperation of business houses in aiding the Scouts in placing the posters.

This request comes directly from the Treasury Department of the United States.

## PRIDDY YOUTH ACCIDENTLY SHOOTS SELF SUNDAY

A 22-year-old Priddy youth, Vernon J. Schlee, was killed Sunday as the result of an accident, with a gun. The direct cause of the accident was not known, but he was found Sunday afternoon by a brother on their place near Priddy.

The youth was a veteran of war service in the Pacific area, and had lived near Priddy all his life.

He is survived by his parents, Mr. and Mrs. Carl Schlee, five brothers and one sister. Funeral services were at the Lutheran Church in Priddy Tuesday morning and interment was in Becker Mountain Cemetery. Fairman Wilkins Funeral Home of Goldthwaite had charge of arrangements.

**Midway Community Club**

The Midway Community Club met with Mrs. Lester Kirby and mother March 19 at 2 p. m. for an Easter hunt for the school children, with nine women and eight children present. Mrs. Kirby had a large Easter Bunny in a tray of grass with several colored eggs decorating the center of the dining table.

After visiting with each other and piecing on a quilt for quite a while, we quit work and several ladies took the candy eggs, also colored hen's eggs, to the oat field across the creek. Here they hid the eggs, then called

the youngsters to come find them. There was lots of fun for both children and grown-ups. Several pictures were made of the children. We then returned to the house, where we were served hot chocolate and Bunny cookies, using the nicest Easter napkins. We then visited again while the children hid the eggs several times before time to say goodbye.

Our next meeting will be with Mrs. Lee Parker April 2. Mrs. Parker is one of our new 1948 members.

Mrs. Kirby had several nice pieces of handwork to show us; they were Mrs. Harvey Morris' work. Every one admired them.

**HILLSIDE MISSION**

By LIDA BYRNE

This writer knew a man who had seriously and reverently been seeking the Truth, but was on the wrong track. The man became ill and passed into the beyond. We met his wife some time later and she said: "I am so glad he found the door." She continued, "he would lie there on his death bed in such distress and continually worried about not being able to find the door, but just before he passed from this life he raised up his arms and looked upward. He said: 'There is the door—there it is.' He was ready to

yield up his spirit through the open door."

Then shall the dust return to the earth as it was; and the spirit shall return unto God who gave it.—Ecclesiastes, 12:7.

Verily, verily, I say unto you, He that entereth not by the door into the sheepfold, but climbeth up some other way, the same is a thief and a robber.—St. John, 10:1.

Then said Jesus unto them again, Verily, verily, I say unto you, I am the door of the sheep.—St. John, 10:7.

I am the door: by me if any man enter in, he shall go in and out, and find pasture.—St. John 10:9.

date of discharge from service. David S. Pruitt, Manager of the Austin office of the Social Security Administration, cites the case of a war bride, whose husband died recently. He had earned only two quarters of coverage from jobs covered by the Social Security Act, and so was neither fully nor currently insured on the basis of his civilian wage record. But he had served in the armed forces for 31 months; and had been honorably discharged. Under the veterans amendment to the Social Security Act, his war service had provided him with a fully insured status for the 3-year period following his discharge. The families of all veterans of World War II who have served in the armed forces at least 90 days and are honorably discharged, are afforded this protection under the amendment.

The widow applied for and received a lump-sum death payment of about \$200. Three months later she gave birth to a son. She and her child immediately became eligible for monthly benefits. Prospective benefits in the total amount of this case amount to well over \$8,500. The child's benefits stop when he attains age 18.

Pruitt urges survivors of veterans of World War II, as well as those of wage earners who at one time or another have worked in social security jobs, to ask the nearest social security office for information concerning their rights to old-age and survivors insurance benefits. The Austin office is at 105 Brown Building—Telephone 2-5446.

**CARD OF THANKS**

Words but feebly express our deep feeling of appreciation for the kindness and sympathy of our friends at Evant, Star and Goldthwaite during the death of our dear mother, Mrs. Mary Stephan. Especially we want to express our sincere thanks to Mr. and Mrs. J. Y. Hamilton.

We are very grateful for the beautiful flowers that covered our grave.

Days ahead. There is more to be done than just working the graves; and if organized, much more may be done. With the help of some 25 grown people, there were many graves worked last Wednesday, March 24th.

Next Monday night is also the date to elect officers for the next term. If you don't come, it may be how sure you may get an office. According to the Laws and By-Laws in the Constitution written for the Association to follow, there must be as many as 15 grown people present to transact business. ### "THE EGG AND I" SCORES AS HILARIOUS RURAL FILM

Packed with chuckles, guffaws and downright howls of delight, "The Egg and I," Universal-International's picturization of Betty MacDonald's beloved best-seller opens at the Melba Theatre Saturday night prevue, Sunday and Monday with Claudette Colbert and Fred McMurray in the starring roles of Betty and Bob.

Some 25 million persons are reputed to have read this hilarious account of a honeymooning couple's struggle to make a living on a mountain-wilderness chicken ranch. Only the most captious could quarrel with the way it has been transferred to the screen. The earthy flavor, the high humor, the weird characters of the book have all been skillfully retained and there has been added ingeniously a story line to give plot and suspense.

Miss Colbert, as the farmer's wife who literally works her fingers to the bone attempting to "hew a living out of solid rock," was never more happily cast. The same may be said of Fred McMurray as the obtuse husband who is blandly unaware that his wife is working herself to death.

The Kettle Family, one of the highlights of the book, is headed in the picture by Marjorie Main, a salty matriarch, and Percy Kilbride, a garrulous sponger. They are priceless, and in scene after scene garner riotous laughter without saying a word.

### GIRL SCOUT COUNCIL

On March 25 and 26 Miss Bobby Wash, area executive, visited Goldthwaite for a series of Council Meetings.

Thursday morning, March 25, she spoke on camp counselling. Friday the session was on arts and craft.

The Council is to conduct a Day Camp at Lake Merritt on June 7, and continue five days. Mrs. Charlie McLean is to be camp director.

The objective of a Day Camp is listed as thus:

VA loan officials in the Dallas Branch office, elaborating on Gray's policy, said the responsibility for guarding against unsatisfactory construction rests with the builder and the lender.

Gray pointed out that the Servicemen's Readjustment Act requires VA to guarantee or insure loans which meet prescribed conditions and that VA will "met that responsibility fully."

VA, he added, "does not have the responsibility for guaranteeing that the purchaser of a property will be satisfied with the property he gets."

"Because of my determination to use funds only to meet the responsibilities which are imposed by law," Gray wrote, "activities in respect to veterans complaints relating to unsatisfactory properties will be restricted as indicated."

Another Brownie troop was organized with Mrs. Dale Reid as leader and Mrs. Caulder as assistant leader. The troop had their first meeting Tuesday afternoon.

### TROOP II

Carnation Troop II, whose leader is Mrs. Charley McLean, met at The Little House March 15, 1948. After discussing fire-building, types of camp fires, and fire safety, we divided into patrols to build our fires. Each patrol made toasted cheese bread and roasted marshmallows.

This was the first activity we have done on our out-door cooking badge. Later each patrol carefully and correctly put out their fires and tidied The Little House.—SCRIBE.

### TROOP II

A "Sing-Song" opened our March 29, 1948 meeting. We sang "Kookaburro," "The Swan Song" and some negro spirituals.

We talked a bout and planned our "Out-door Cooking Badge," and each scout present handed in the food budget they had planned.

This scribe didn't know we had so many clever artists in our troop. Everyone had so many laughs because we made "paper-bag" puppets. One group presented 'The Three Bears,' complete with Jr. Hep Cat Bear, and the other group gave a "Blondie and Dagwood" show. Both were very funny.

We tidied The Little House before leaving.

### RIDGE—

By Mrs. Sallie Kight McCarty  
Easter Sunday has come and gone. It was a beautiful day. All us farmers are planting our gardens, corn and maize.

The freeze damaged the grain a lot. We hope that it isn't a complete loss to anybody.

Granny Hollis fell down in the floor, hurt her back, could not get up and down by herself for several days. She is improving and can get around a little in the house now.

Grandma McCarty of Goldthwaite is spending a while with her son, R. D. McCarty and wife, while her daughter,

Mrs. B. F. Renfro of Goldthwaite visits her children in zona.

Tas Renfro and wife of Goldthwaite visited in the Community Easter Sunday.

Mr. and Mrs. I. A. Holly Bangs visited us one night week.

Miss Lawanna Woodworth and Sam Wood Saba visited in our home yesterday.

Bro. Price from Brownwood had services at Ridge last Saturday afternoon. Will have church every second and fourth Saturday afternoon at 3 o'clock the Ridge school house.

Miss Trula Rasco visited the Freeman and McCarty homes one day last week.

Mrs. C. F. Cornelious spent the afternoon with Mrs. R. McCarty. We spent the afternoon cleaning my kerosene refrigerator. We have it working fine now.

Mr. and Mrs. W. H. Freeman Sr. ate dinner with their and wife yesterday. Mrs. Freeman, Jr. is a good cook. I sure they had a good dinner and a good time.

**Which is Most Important?**

How do you buy chick starter? Do you look at the ingredient tag and try to figure out what it contains? Or do you look only at price tag and buy the cheapest?

Or do you ask "which feed will help me keep my chicks living and growing the best?" When you're buying feed for delicate little baby chicks, the "results" are the most important. And when you buy Purina Startena, you know you're buying results.

## Our WASHINGTON Letter

By Congressman O. C. FISHER

### MORE ABOUT MOHAIR

The way to give relief to mohair is to give mohair to Relief. That was the theme of some meetings last week in Washington. On Monday, I, together with Congressmen from New Mexico and Arizona, met with Secretary of Agriculture Anderson and Jesse Gilmer, Chief of Agriculture's Production and Marketing Administration, for a discussion of the mohair dilemma. Another meeting was held later in the week.

I pointed out that we now have a surplus of at least 6 million pounds in our warehouses and a new clip being shorn, and are seeing a dull market getting mohair at 45 cents or less.

The Secretary promised to explore further possibilities of including mohair in the foreign aid program but expressed pessimism in the attempt. Cables are being sent, at the request of Jesse Gilmer, to our representatives in Europe, seeking a better inside picture of the textile situation over there, the mill capacity and possible future demands.

Before the war Europe was not a very big mohair consumer. The United Kingdom led, with an annual consumption of from 6 to 14 million pounds. Last year the United Kingdom imported 9 million pounds, mostly from South Africa, with smaller quantities from Turkey. Then, before the war Germany was a sizeable consumer of mohair, ranging from 4 to 11 million pounds per year, imported mostly from Turkey. Their textile mills are now being rebuilt.

France is the only other country that manufactures a significant amount of mohair products, but imports into France during the prewar period totaled less than 2 million pounds per year; so that country does not offer much as a potential market for our surplus. French imports have come largely from Turkey in the East.

### RESEARCH AND PROMOTION NEEDED

The way it looks right now, the mills simply are not demanding mohair as they did in the past. During the past few months the consumption has dropped considerably. Mill consumption in the United States usually runs in the neighborhood of 20 million pounds per year, but has ranged as high as 30 million in 1943 and as low as 16 million in 1945. Last year the consumption was about 18 million pounds as compared with 24 million in 1946. Indications now are that the 1948 figure will be well under the 1945 level, though conditions may later take a turn for the better.

The base of the trouble seems to be competition coming from South American coarse wools, from synthetics and other substitutes. The synthetic glass fiber is taking its toll from the normal mohair consumption. Right now manufacturers can sell anything, it seems, and don't need to give much thought to durability and quality.

The big need is more research, more promotion. Jesse Gilmer has asked the Department of Agriculture specialists to push their research facilities to the limit in further attempts to find a solution for a situation which seriously threatens an industry that has taken decades to build and develop.

Eugene Ackerman of the American Wool Council, who is also connected with Botany Mills, wrote me the other day as follows:

"Expert opinion is that the present lull in the market for mohair is not permanent and is not serious over the long pull. Naturally the people holding mohair won't find this very consoling.

"The market for mohair has really been established by manufacturers who use it here and there for a wide variety of purposes. It has never been directly

and continuously promoted into specific markets and there is an almost complete absence of competent or authoritative information regarding the particular reasons why mohair is used, what it does, and the fabrics in which it is used and what its consumer as well as its manufacturing values are."

He urged that an intensive and expert survey of all the existing and potential markets for mohair be made. He thinks such a survey wouldn't cost much and would provide a good background for future studies.

So, as the picture now stands, every effort is being made to promote the inclusion of mohair in the foreign aid program, with favorable results doubtful. The Army and Navy are being contacted for their views on an increase in their orders, and possibly the inclusion of some mohair in their strategic stockpile. And the research program is being stepped up. It is believed the growers would do well to implement the research with a survey and promotion program.

600 AM Week Days—10-12 AM Sundays

**CHATTER**  
The Jack County rural fire truck made its initial run one night last week, and confined a bad grass fire to 150 acres just below Perrin. Local folks say it's well worth the money and trouble.

A recent survey says 21 percent of farmers have secret ambitions to be big league baseball players—and earn \$50,000 a year. We imagine a lot of players would like to be farmers—and earn \$50,000 a year. At least, a lot of them are supporting farms.

Daylight saving time won't affect listening on WBAP (either frequency, 820 or 570) this summer. Heretofore some pro-

grams on the networks have been broadcast an hour earlier when eastern cities went on daylight saving time. President Truman says the way daylight saving has been practiced is a lot of "hoey", but he will support a national daylight saving time plan.

We hear from Britian that big sales of Shorthorn cattle are being held in Scotland with foreign buyers encouraged to participate, because of the need for currency on the isles. Pedigreed bulls are being shipped to the United States, Canada and Argentina.

British farmers are being urged to step up their grass drying and silage making so that imports of feed can be cut down. One fellow claims that the introduction of a dryer on his farm has given him the equivalent of an extra 100 acres of grain land. Silage is going into trenches and pits for the most part, what with the shortage of building materials.

The new British practice is well known here in the southwest with more and more trench-type silos being built every year. They cost little and preserve feed for years. The Bible reports that Moses and his people stored food in the ground for use in lean times.

Two registered Jersey cows owned by C. C. Norton of Weatherford have completed production records of merit, we hear from the American Jersey Cattle Club, Columbus, Ohio. One produced 13,052 pounds of milk and 626 pounds of butterfat at the age of ten years, based on a 305 day test. The other produced 11,956 pounds of milk, 642 pounds of butterfat on an equal test at the age of three years. Each tripled the average butterfat production of dairy cows in the United States.

From 1941 to 1945, during the life of the OPA, Southern Pine production dropped from 10.3 billion feet a year to 7.2 billion feet a year.

## STEEL MILLS NEED SCRAP METAL FROM YOUR FARM

Supplies of scrap for the steel furnaces are critically low. The furnaces thrive on a diet of about equal portions of pig iron and scrap. More scrap is urgently needed, if there is to be enough steel for making farm implements and countless other products. More than three million tons of steel scrap lie idle

on America's farms, according to the latest estimates—scrap that only litters up the place, scrap that is wasted where it is. How much is there on your farm? How about the old car body, that rusted cultivator, those old plow bottoms, discarded tools? Every bit helps—and it is needed now.

### IT'S HARVEST TIME FOR SCRAP

There's a bumper scrap crop to be harvested this spring—and there's money in it for you. Your

scrap dealer will pay for everything usable. You can do three good turns in one scrap harvest:

1. You make some money on what you can't use.
2. You get your outdoor spring housecleaning done.
3. You help the steel mills turn out more steel for the implements and equipment you'd like to have on your farm.

Scrap means savings to you—if you'll collect it and sell it. On the first rainy day, when you can't

plow or sow or cultivate, put on your oldest clothes and get that scrap together.

## HERE'S WHAT TO DO

1. Pile up every bit of iron and steel scrap on your place.
2. Take a payload into town the next time you go. You'll make more money out of it that way.
3. If you can't drive it in, call your scrap dealer and ask him to pick it up.
4. If there is no scrap dealer near you, call your implement dealer. Ask him how to get your scrap started toward the steel furnaces.

**Two Ships Return 5,342 War Dead From Europe; Next Of Kin In Texas Await The Home Coming Of 273**

Two United States Army Transports, the "Robert F. Burns" and the "John L. McCarley," were due at New York at the end of this month with the bodies of 5,342 Americans who died in the struggle for the liberation of Europe, the Army announced today. Aboard the two vessels were the remains of 273 being brought to the United States under the provisions of a 1946 congressional act in instructions of next-of-kin residing in Texas.

The "Burns," carrying 2,723 remains (including 123 for Texas) from Antwerp, Belgium, is due at New York about April 1. The "McCarley" is scheduled to arrive from Cherbourg about April 1 with 2,619 bodies (including 145 for kin residing in Texas).

War dead arriving on the two ships and to be returned for burial in this section include:

On board USAT Robert F. Burns, from U. S. Military Cemetery at Epinal, France: Pfc. J.

Herrington, Army; next-of-kin, Tom A. Herrington, Gen. Del., Zephyr.

On board USAT John L. McCarley, from U. S. Military Cemetery at Bloisville, France: Capt. Woodrow R. Allen, Army; next-of-kin, Mrs. Geraldine G. Allen, Comanche Pfc. Winifred D. Glover, Army; next-of-kin, Artis D. Glover, Rt. 2, Hamilton, Staff Sgt. Charles L. O'Bryant, Army; next of kin, Arthur O'Bryant, Rt. 1, Hico, T. Sgt. Steve M. Peacock, Army; next-of-kin, Mrs. Annie Peacock, San Saba.

Arriving on the U. S. Army Transport "Honda Knot," due in San Francisco the first part of April bringing the bodies of 1,150 Americans who died in World War II, 59 of which are coming to Texas for reburial, is the body of 2nd Lieut. Andrew O. Duncan, Jr., Air Force; next of kin, Andrew O. Duncan, Sr., 1009 Booker Street, Brownwood.

**In All It Does The Red Cross Depends Upon Your Support**

The Red Cross story is simple, easy to understand.

It is the story of tremendous team-work; of sharing and giving. It is the graphic demonstration of neighbor helping neighbor. It is the story of men, women and children who know that a strong America emerges as the cares of the needy and distressed are relieved.

When you support the Red Cross, you help in all the things the Red Cross does, you are one of the many neighbors united in a common cause to meet the needs of all those who will need help during 1948.

**ONLY .87 INCH RAIN FALLS HERE IN MARCH**

Although it rained on ten of the 31 days in March, only .87 of an inch total was recorded here by Harry Allen, government weather recorder. This brings the total for the first three months this year to 4.89 inches.

Heaviest rain of the year was recorded on February 24, when 2.54 inches fell here the night of Feb. 23, with some parts of the county reporting up to a six-inch gully-washer.

The heavy west winds of the past week have drawn the moisture from the ground, and more rain is needed.

About a quarter inch shower falling here early Thursday morning will be counted on April quota.

Rainfall was recorded here as follows:

January—.55 of an inch.  
February—3.47 inches.  
March—.87 of an inch.  
Total—4.89 inches.

SPECIAL MOHAIR MEETING AT ROCKSPRINGS APRIL 7

In order to find out what is on the producers' minds in regard to the failure to move in quantities and at prices comparable with that of wool and to see if they want to ask for government help with support prices, Clayton Puckett, President of the Texas Sheep and Goat Raisers' Association, has called the Board of Directors of the Association to meet in special session in the Court House at Rocksprings, Texas, on April 7. The meeting is called for 10:00 a. m. This special session was voted by the directors at their regular quarterly meeting in Ozona, March 29.

"It is very important that all mohair producers attend this meeting," Mr. Puckett stated. "The Association is anxious to take whatever steps the majority of the voters desire. There will be a full discussion

of this problem, and we want the producers to express their opinions."

Mr. S. W. Dismukes of Rocksprings stated that a barbecue dinner will be served at noon to all visitors.

SCRIPTURE: Ezekiel 1-4: 39-1-9. DEVOTIONAL READING: Psalms 137:1-6.

Prophet Among Exiles

Lesson for April 4, 1948

THIS quarter we study the Captivity and Return of the Jews, using the Books of Ezekiel, Daniel, Ezra, Nehemiah, Esther, Haggai, Zechariah and Malachi. Sunday's lesson is found in Ezekiel 1-4 and 33:1-9.

It would be well for us to read again the history of this most interesting man Ezekiel—how he came to be among the captives by the river Chebar. He is one of the most attractive personalities in the Old Testament—a man of surpassing culture and charm—and yet enabled to "sit where they sat."

A MESSENGER OF GOD EZEKIEL could never have adapted himself to the role of ministering to the captive slaves apart from the knowledge that he was the messenger of God—the messenger of God's hope to broken, beaten souls.

God spoke to his people through Ezekiel. He speaks to his people today through chosen messengers—parents, teachers, the Bible, the Holy Spirit. God may be speaking to you today.

HEAR YE THE WORD EZEKIEL'S approach to the Jews in captivity was by the authority of God's direct message to them through him. Ezekiel was faithful to God's appointment and mission. He knew that what he had to say to the Jews meant their hope of release and return.

He studied their plight. He studied their mood. And then he spoke to them. But not only did he speak to them, telling them what God wanted them to know, but he moved among them. He loved them.

He had God's message, and he went in God's mood of compassion. We cannot help people until we understand them and love them.

GOD'S WATCHMAN EZEKIEL reminded the people that he had been sent from God as a watchman, and he told them what terrible responsibility was upon him in warning them to repent and return unto God. Read Ezekiel 33:1-9.

If the watchman faithfully warns the people, and they refuse to heed the warning, their blood will not be on his hands; but if he fail to warn the people, their blood will be on his hands. Here is a lesson for every teacher and preacher and parent today.

And in this same 33rd chapter, Ezekiel goes on to declare God's attitude toward all sinners. "Say unto them, As I live, saith the Lord God, I have no pleasure in the death of the wicked; but that the wicked turn from his way and live—turn ye, turn ye from your evil ways; for why will ye die?"

A WATCHMAN UNTO EXILES "SON of man, I have made thee a watchman unto the house of Israel," Ezekiel 3:17.

This was the explicit commission of God to Ezekiel. And grandly did Ezekiel accept and execute to the limit of his ability that commission.

The Jews were far from their beloved home. They were driven by hard masters. They could not sing the song of the Lord in a strange land. They had hanged their harps on the willow trees.

With a sensitive soul, Ezekiel comes to them with the word of hope. He reminds them of the goodness and mercy of Jehovah to their fathers, Abraham, Isaac and Jacob. He lifts their drooping spirits with clear and ringing words of promise. He pleads with them to confess their sins and claim the pardoning mercy of a loving God.

He used numerous means of gaining their attention—symbols of their former communion with God. Patiently he traced the dealings of God with them and their fathers before them.

They listened, and all who heeded the pleas of the faithful watchman were saved and restored to faith in the goodness and mercy of God.

We, too, are watchmen among exiles. Let us learn the high art of Ezekiel in our ministry as watchman.

The churches will fail if the lessons of Sunday are forgotten on Monday and are laid aside for special observance on only one day of the week.—Wayne Morse, U. S. senator from Oregon.

## Southwest Farm Markets

D. A. Cotton furnished points at markets during most livestock trading to the Marketing Ad-S. Department

Cattle sold strong to 50 cents higher for the week at Texas markets in contrast to losses of mainly 25 cents to \$1 at other southwest terminals. Monday's trading showed little change from last week's closing trends. Medium and good steers and yearlings ranged from \$23 to \$28 a hundred pounds in Texas sales, \$23 to \$26 at Oklahoma City, and around \$24 to \$27 for steers and heifers at Wichita Denver and Kansas City. Good beef cows reached \$21 to \$22.50 throughout the Southwest.

Hog prices drifted downward almost continuously since Monday last week for losses of \$1 to \$2 at principal southwest markets. This week opened with Texas markets showing a little strength, but other terminals continued weak to lower. Top butcher hogs ranged from \$21.25 at San Antonio to a high of \$22.75 at Denver.

Lamb prices eased downward 25 cents to \$1 for the week at most southwest terminals, although woolled lambs sold strong at Fort Worth and all classes held steady at San Antonio.

Aged sheep held their own fairly well at all markets. Fort Worth and Oklahoma City paid \$19 to \$22.50 for medium to choice lambs and \$20.50 for medium and good woolled lambs in this week's early trade. Dust storms and unsettled markets almost halted southwest wool contracting.

### STAR NEWS —

By MRS. A. B. SOULES

**CHRISTIAN**  
**SCIENCE SERVICES**

"Unreality" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, April 4.  
 The Golden Text is: "Let not him that is deceived trust in vanity: for vanity shall be his recompense" (Job 15:31).  
 Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Hath a nation changed their Gods which are yet no gods? but my people have changed their glory for that which doth not profit" (Jeremiah 2:13).  
 The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "To material sense, the unreal is the real until this sense is corrected by Christian Science" (page 298).

**Mrs. Mary A. Stephan**

Funeral for Mrs. Mary A. Stephan, who died 12:08 p. m. Wednesday, March 17, 1948 in St. Ann Hospital, was held 10 a. m. Thursday in the Laughter and North Funeral Chapel in Abilene. Dr. J. H. Hamble, pastor of the Evangelical Methodist Church, assisted by Rev. Joe Mayes, pastor of the Ash Street Baptist Church officiating. Her body was taken to the Hamilton Funeral Home in Evant. Another funeral service was held at the graveside 3:00 p. m. Friday, March 19 at Hurst Ranch Cemetery officiated by Rev. Hightower of Evant and Rev. Weston, pastor of the Star Methodist Church.  
 Mrs. Stephan would have been 81 years old March 22, 1948. She was born Mary Light, March 22, 1867, at Barton, Washington County, Texas. She joined the Methodist Church at Burton, Texas when 11 years old. She was married to William F. Stephan December 22, 1886. He

preceded her in death July 17, 1921. To this union 11 children were born, six survive: William F. Parker, Arizona; Ollie Blythe, Calif.; Dyer, Big Spring, Charlie, Star; Mrs. Sadie Burns, Goldthwaite and Mrs. Mamie Price, Abilene. 15 grand children and 6 great-grand children.  
 Her sweet life kind and true was filled with the thoughts of her children. She was the noblest of mothers, she soothed our fevered brow through many illness of children. Her great faith made her beautiful and strong. Even in shadow of death peace was hers, relying on the great love of her Redeemer. From her own words she said, "All things work together for good to them that love the Lord." She was a typical old fashioned Christian mother. Beneath a lovely array of beautiful flowers we laid her tired body to await the Resurrection Morn.

Sweet remembrance long will linger,  
 As we live from day to day,  
 Of a darling, precious mother  
 Who has gone with Christ to stay.  
 Her toils on earth are ended,  
 And she is on that Golden Shore  
 Where the angles sing so sweetly.

And sad partings come no more.  
 She is happy up in Heaven,  
 Where God and the angles dwell.  
 Yet our hearts are sad and breaking,  
 As we think of one we loved so well.  
 And when our toils on earth are ended,  
 And we're laid beneath the sod,  
 May our names, like her's, be written  
 In the autograph of God.

**SANTA FE NET OPERATING INCOME**

Santa Fe's net railway operating income for February, 1948 was \$3,423,157, according to a statement released by President Fred G. Gurley today. This is a decrease of \$198,114 compared with February, 1947. Net income for the first two months of 1948 was \$6,860,681 compared with \$6,907,397 in the first two months of 1947.

A little effort to get rid of rats will pay big dividends by preventing damage to stored food, grain, baby chicks and other property. Keeping feed in rat-proof containers and using poison are two things that will aid in the war against rats.

**BUILDING A FUTURE**

*Chello's* IN THE SOUTHWEST

Never in the history of the telephone industry has there been such a demand for telephone service as there is today and your telephone company is engaged in the most extensive program of expansion ever before undertaken. It takes more than just the telephone instrument to provide telephone service. It requires central office switchboards, outside cable, wire, poles, etc.

have been opened, over a million and one-quarter feet of cable have been placed in exchange plants, and new and additional long distance toll circuits have been provided.

Your telephone company is providing telephone service to new applicants at the rate of 1,000 new telephones installed each month, which is meeting the increased demand for service.

These improvements have helped to meet the increased demand for local and long distance service, which is today more than 140,000,000 local calls and 4,500,000 long distance calls per year.

Since V-J Day, additions to central offices have been made in hundreds of communities, new dial central offices

These improvements have been made in the face of serious labor, material and equipment shortages. Your telephone company is now in the process of even greater expansions which will permit more efficient telephone service for the great southwest.

**TATES VISIT IN SAN ANGELO, WATER VALLEY**

Mr. and Mrs. D. D. Tate of Goldthwaite and his brother, Earl Tate and wife of Brownwood, visited their mother at Water Valley, northwest of San Angelo, on Easter Sunday. On this day, Mrs. Tate celebrated her 79th birthday.

They also visited their sister, Mrs. J. E. McMahan, who is in Shannon Hospital in San Angelo and very seriously ill. She was operated on Wednesday, and word was received here Thursday indicated that she was resting and her condition was reported as being as well as

could be expected under the circumstances of the operation.

**THE HANGAR CAFE HOST TO FLYERS**

The Hangar cafe served breakfast Sunday morning to 10 flyers from an air field at Waco. An instructor and 9 students landed at the local airport at 8:30 and remained about one hour. They were flying a BT-13, 3 Cubs and several light planes.

On Tuesday evening the cafe was host to Mr. McCarty and the Trinity University players who presented their play "Junior Miss" at the Goldthwaite School Auditorium.

**APRIL 6 ARMY DAY SALUTE**

Kelly AFB—The Airways and Air Communications Service, (AACCS) of the newborn United States Air Force "salutes" the Signal Corps of the older United States Army on this ARMY DAY for the spirit of friendliness, understanding and cooperation in helping to make the AACCS of the Air Force what the Signal Corps is to the Army. To the United States Army as a whole, AACCS "salutes" you for your splendid contribution and support of the USAF in the interest of flying safety and advancement of aviation.

A member of AACCS is Cpl. Henry H. Burks, son of Mr. and Mrs. W. M. Burks, who is presently assigned to the 53rd AACCS Group, Kelly Air Force Base, San Antonio, Texas.

**SOME STEAL—**  
They got a man in the Brownwood jail charged with stealing a bulldozer valued at \$5,000. Anyway, if you are going to steal something—then steal something. That man's got guts.

**WEST TEXAS RAIN—**  
"This an ill wind that blows nobody good. Old Hunnert has heard but don't see much good in that wind Tuesday. A gust of it filled Old Hunnert's eyes with N. M. soil and at the same time blew a duller bill clean out of his hip pocket and away. When he got his eyes cleared, Old Hunnert saw a red-hed half a block down the street stuff something under her garter. Fust time in six months Old Hunnert has spent money on red-heds without the 7th finding out.

**WEATHER FORECAST—**  
Now when the Boss looked for the W. F. which wasn't there, he stopped the press while Old Hunnert made his weekly guess.
