DEMOS NOMINATE PRESIDENT TRUMAN ON FIRST BALLOT

The national Democratic convention which opened in Philadelphia Monday morning finished its business and adjourned at 2:31 a. m. Thursday morning.

Wednesday night President Harry S. Truman of Missouri was nominated by the convention on the first ballot, receiving 947 and 1-2 votes against Senator Robert Russell, of Georgia, who was put up by the Southern delegates in protest against a strong civil rights platform adopted by the convention. Senator Russell got 263 delegate votes, and McNutt got a half vote.

Alabama and Mississippi delegates walked out of the convention. The bolters are expected to hold a convention for southern states at Birmingham, Ala., tomorrow and possibly organize a new political party.

Goldthwaite Red Sox Playing Brownwood Novice Thursday

The Goldthwaite Red Sox were scheduled to play a Brownwood Browns game (Thursday) night at 8:15 on the new Municipal Baseball Park grounds here. On Thursday night of next week they will play the Novice Oilers here.

The Red Sox team has beaten everything it went up against in this section of the country this season. The game last night was expected to be hard fought, as the Browns are coming here with blood in their eyes to get revenge for three beatings they have taken from the Sox this season. Although Brownwood has won

nearly every game it has played since last Friday night the Sox went to Brownwood and beat the Browns 4 to 0 to make it three straight wins.

M. D. LOWRY, Pastor
PASTOR'S PARAGRAPH:

"Good citizens develop; so do criminals. Each is the product of training, opportunity and surroundings. Both have one thing in common—their early years foretell their future. Youth is the time to prepare for the full life of the future. Study, work, and recreation, with the aid of a good home which earnestly seeks spiritual as well as mental and physical development of its citizens, leads to good citizenship. These are the forces which lead to a feeling of personal responsibility and equip you to face the future with confidence and courage. . . . America needs youthful viewpoints with youthful hopes. It needs boys who will bring vitality to the homes, the schools, the churches and to every arena of human endeavor. It needs future citizens who believe in God and who recognize the need for moral stability."

PARAMOUNT'S 'ROAD TO RIO' STARS CROSBY HOPE AND LAMOUR

Those two irrepressible, irresistible kingpins of laughter—Bing Crosby and Bob Hope—are headed this way in their newest Paramount comedy "Road to Rio," which co-stars them with Dorothy Lamour and which arrives Tuesday and Wednesday at the Melba Theatre.

"Road to Rio," as the title clearly indicates, has the boys invading South America with strictly North American gags and antics. According to advance reports it is the funniest of all the "Road" pictures, which ought to make it positively uproarious. Lending assistance to that end are Gale Sondergaard, Frank Faylen, the Wier Brothers and the Andrews Sisters.

The story presents Bing and Bob as a couple of irresponsible musicians who find it expedient to stow away on board a luxury ship bound for Rio. Their adventures on shipboard and in Rio revolve about their endeavors to free Miss Lamour from the nefarious plotting of her guardian, portrayed by Miss Sondergaard, who has designs on Dotty's fortune. Before the boys are able to accomplish their purpose they are involved in all kinds of halfbreath escapes, a zany duel and a wedding fiesta at which they are the targets for some wild shenanigans. All of it is said to be in the gayest of sprits and played with no regard for sense, but every regard for the risibilities.

'THE WISTFUL WIDOW OF WAGON GAP'

"The Wistful Widow of Wagon Gap" is the funniest of all the 20 comedies made so far by those stellar laugh artists, Bud Abbott and Lou Costello. It opens Sunday and Monday at the Melba Theatre.

The team has a solid story into which their characters and routines fit naturally, and they also have the support of Margorie Main, who is no mean bell ringer herself in any laugh matter test. These assets, plus a good supporting cast and a novel western background, put this new laugh offering on any theatregoer's must list.

The story has Lou and Bud as housewares salesmen, who find their way into the wild western town of Wagon Gap in Montana. Pudgy little Costello is charged with shooting a no-good resident, and under the law must support the victim's family and pay all the debts. Miss Main is the victim's widow, and she and her seven children—some pretty and some homely, but all brats—become Costello's charges.

Riotous scenes take place on the widow's farm as she forces Costello to do the chores. One hilarious routine evolves when a frog is placed in Costello's soup by the widow's overgrown son. Another is when Miss Main wins back Lou's services in a poker game with Abbott and Gordon Jones, saloon owner and leader of the town's gunmen.

Miss Earlene Nix entertained several couples with a fried chicken supper at Lake Merritt last Tuesday night. The supper was given in honor of Miss Rita Henry, who is home for a few days from Austin, where she is spending the summer.

Mr. and Mrs. Wilbur Shipp and children of Dallas, Alvis Stewart, Mr. and Mrs. M. C. Waldon and Paula of Brownwood visited their mother, Mrs. Myrtle Stewart, last week end.

Mr. and Mrs. John Finley from Missouri spent the week end visiting with her sister, Mrs. Jame Nickols, and family.

Mrs. Orby Woody spent Monday afternoon with Mrs. Eula Nickols.

Supt. H. E. Patton and wife have a paper hanger this week finishing the remodeling of their home.

Mr. and Mrs. A. M. Pribble and Terry and Mr. and Mrs. R. V. Littlepage visited in the home of Mr. and Mrs. Elmo Littlepage Sunday afternoon at Llano.

Mr. and Mrs. Philip Nickols and their new son, Phillip Guy, came home from Stephenville Sunday.

Mrs. Otis Carothers' brother, Alvin Beck, who has been seriously ill in the Santa Fe Hospital in Temple, has recovered sufficiently to return to his home in Brownwood.

Accentuating Importance of Southwest

Attention of business and financial leaders throughout the country has been focused on the Southwest as a result of establishment by the Wall Street Journal of a Southwest edition, printed in Dallas. It contains regional business news, but most of its content is identical with the issues published in New York. This is achieved by constant leased paper, which features full reporting and analysis of all economic news and trends, provides day-of-publication service to nearly all 12,000 subscribers in 10 states.

Visitors to the first Chicago Railroad Fair in July will observe the Santa Fe Railway's Indian Village where members of six different Indian tribes will be carrying on their normal daily programs—working, dancing and playing.

The Hopis, one of the tribes at the exhibit, have their homes in the high mesas of Arizona. Known as the "peaceful ones" they are skilled farmers and Hopi women excel in pottery-making and basketweaving.

Visitors will see the Hopis at work making moccasins and pottery, weaving baskets and belts, and making their famed Katchina dolls.

The Katchinas are ancestor-gods, culture heroes, human and animal demigods and are represented by masked dancers, properly costumed. The Hopi men carve small wood figures and paint them to resemble the dancers. The Katchina dolls are given to the little girls, especially at the Pawamu ceremony in February which celebrates the return of the Katchinas to earth, and small boys are given bows and arrows. The children believe the dolls are made by the Katchinas.

In addition to the crafts mentioned, the Hopis will perform their beautiful and well-known butterfly and basket dances.

OUR DEMOCRACY

Isn't Our Democracy really a Republic?

—A QUESTION OCCASIONALLY ASKED BY OUR READERS—

We the People of the United States do hereby certify that we are a People, all united and that we do hereby give our consent to the formation of a more perfect Union, to establish Justice, to insure domestic Tranquility, to provide for the common defense, to promote the general Welfare, and to secure the Blessings of Liberty to ourselves and our Posterity, do hereby ordain and establish this Constitution for the United States of America.

IN FORM, THE UNITED STATES, UNDER OUR CONSTITUTION IS A REPUBLIC, BECAUSE THE PEOPLE GOVERN THROUGH THEIR ELECTED REPRESENTATIVES

DEMOCRACY AT WORK IN THE TOWN MEETING, DATING FROM COLONIAL DAYS.

IN PRINCIPLE, THE UNITED STATES IS A DEMOCRACY, BECAUSE ALL OUR PEOPLE HAVE A VOICE IN GOVERNMENT

THIS BROAD BASE OF UNIVERSAL SUFFRAGE ON WHICH OUR REPRESENTATIVE GOVERNMENT RESTS—OUR FREEDOM TO CHOOSE WHOM WE WANT TO REPRESENT US, SELECTING FROM A NUMBER OF CANDIDATES RATHER THAN RATIFYING A HAND-PICKED LIST—THE SAFEGUARDING OF OUR RIGHT TO VOTE AS INDIVIDUALS, BY SECRET BALLOT—DISTINGUISH US BEFORE ALL THE WORLD AS

**STORM HERE
SOME DAMAGE**

A cyclone and flash flood just before dawn on Friday of last week did considerable damage to buildings, porches, and lawns. The rain which fell hard for a few minutes, registered an inch at the Goldthwaite kept by Harry Goldthwaite. Wind velocity was at from 60 to 70 m.p.h. for a few minutes. The damage in Goldthwaite included broken plate glass in the front of Piggly Wiggly store when a two-by-four was blown through it; damage to roof of Randolph lumber yard; awning blown down in front of Littlepage Produce; and front porch torn off a residence owned by Wyatt Berry. The gushes of wind also blew the front door off the Reid & Walker Garage and deposited it in the middle of the street.

**Mills County
H. D. Council**

The Mills County H. D. Council met July 10th in our new agent, Miss Hintz's, office.

The chairman presided. Five clubs were represented. Bedroom improvement was selected for our new project, and each club is asked to send in two suggestive programs on how to improve bedrooms for our year book, as soon as possible, to Mrs. Fields Hines, Route B, Lometa, Texas.

We voted to have our annual county-wide picnic August 10th at Lake Brownwood. Each lady is to bring a covered dish, plate, glass, spoon and fork. The council will furnish the drinks, ice and bread. This is for every club member in the county, so be sure and come; if you have company, bring them along too.

All clubs except Mullin and Pompey will meet at the Court House at 8 o'clock Tuesday morning. Pompey will meet Mullin club at Mullin.

The T.H.D.A. Chairman takes this opportunity to ask each club to be sure and fill out their "Measure Your Club" sheets and send them to her not later than August 15th. Be sure and score your club on things planned or included in the year book. Her address is Mrs. Harvey Hale, Route 3, Mullin, Texas.

There will be no council meeting in August as it is vacation time for all clubs, so lets all be at council the first Saturday in September with a good report of our picnic or other recreation.

Let's cooperate with our new agent in every way that she may enjoy her work in Mills County.—Reporter.

 constructed by the Brown-
 Conservation District
 Goldthwaite Veterans
 School has been com-
 and has made several
 trial runs. The
 harvester was con-
 by the students of the
 Agricultural School
 the supervision of Mr.
 and Mr. Harrison with
 the assistance of Ben
 and Carl Casper of
 Conservation Service.
 The harvester was
 used from parts of a
 the rear axle and two
 wheels of an automobile,
 power motor, and other
 parts of scrap metal.
 The harvester is self propelled
 and the matured seed
 is seed head leaving the
 and green seed in the
 machine was so de-
 and constructed that it
 seed in tight places,
 as, road ditches and
 areas where most of the
 grasses are found as
 source. On the initial
 the machine gather-
 ingly Weeping Love
 seed from D. T. Jenkins
 Side Oats Grama seed
 and W. P. McCullough
 and Madrid clover from

T. F. Sansom place. The har-
 vester has been used to gather
 seed on the co-operating farms
 at Brownwood and San Saba.
 Students of the Veterans Agri-
 cultural class and co-operators
 with the Brown-Mills Soil Con-
 servation District are preparing
 grass seed plots for harvest
 this fall. Many of them are
 moving brush and trees from
 areas that have little Bluestem
 and Indian Grass seed sources.
 Others are excluding the live-
 stock from areas that will be
 harvested, while other farmers
 are planting desirable grasses
 on cultivated fields for grass
 seed production. With the grass
 seed harvester collecting all
 available sources of seed, a local
 supply of native grass seed
 should be made available in
 the near future. Anyone having
 a source of seed of the follow-
 ing grasses please leave word
 with the Goldthwaite Soil Con-
 servation Work Unit Office:
 Little Bluestem, Indian Grass,
 Side Oats Grama, Big Bluestem,
 Canada Wild Rye, Weeping
 Love Grass, and King Ranch
 Bluestem.
 With recent rains a fair crop
 of seed can be expected this
 fall if every effort is made to
 protect the seed source and
 harvest the seed at the proper
 time.

CENTRAL TEXAS SOFTBALL TOURNAMENT JULY 26-31

Special to the Goldthwaite Eagle.
 Brownwood, July 15--Dates for
 the third annual Central Texas
 ASA Softball Tournament have
 been re-set for July 26-31, ac-
 cording to announcement this
 week by District Softball Com-
 missioner H. Don Rodgers. The
 district champion must be cer-
 tified by August 1 in order to

compete in the state tourna-
 ment at Wichita Falls.
 Softball teams desiring to en-
 ter the tournament should con-
 tact Commissioner Rodgers at
 Daniel Baker College in Brown-
 wood. All teams entering the
 tourney must be members of the
 Texas Amateur Softball Associa-
 tion. Additional information on
 how membership is obtained
 may be secured from Commis-
 sioner Rodgers.
 There are eleven counties in
 the Central Texas District and
 teams from each of these coun-
 ties will go to Brownwood later
 this month to compete for the
 right to represent District 11 in
 the state tournament. Teams are

expected from Runnels, Cole-
 man, Brown, Comanche, McCul-
 loch, San Saba, Lampasas, Ma-
 son, Llano, Mills and Burne
 counties.
 The championship team will
 be given an expense-paid trip to
 the state tournament at Wichita
 Falls. The H. L. Cravens Insur-
 ance Co. of Brownwood was the
 1947 champion. However, the
 Insurancemen disbanded this
 year, thus a new champion will
 be crowned at the close of this
 year's district tourney. The Ris-
 ing Star Night Hawks won the
 championship in 1946.

JULY 31 LAST DAY TO REINSTATE GI INSURANCE

The Veterans Administration reminds veterans that July 31 is the last day for reinstatement of lapsed National Service Life Insurance on a "comparative health" basis.

Before August, any eligible veteran may reinstate any amount of term insurance— from \$1,000 to \$10,000 in multiples of \$500—regardless of the length of time it has been lapsed, and usually without a physical examination. He need only fill out a simple application form, in which he certifies that his health is as good as when the policy lapsed, and pay premiums for two months.

The privilege of reinstating on this basis will be available after July 31 only to veterans whose policies have been lapsed for less than three months. Where the period of lapse is three months or longer, the veteran will be required to take a physical examination and qualify as an insurable risk, VA said.

OLD MAN 100

(Continued from front page)

Independence, Missouri, is really proud of Harry, but Missouri's two most famous citizens still seem to be Mark Twain and Jesse James.

Also, marriage is the only union that can keep a man from talking.

Whatever happens, scientists assure us that the sun will continue to shine for another three million years—and that is something to look forward to.

And when the real estate agent here asked O. H.: "Would you like to see a model home?" he replied: "Sure. What time does she quit work?"

This here's not funny—it's just scary and true: Hiroshima, Japan, in 1946 had a population of 430,000; a few months later, after that A-Bum hit it, the living population was 40,000. Moved out before bomb fell, 102,000; killed by bomb, 100,000; injured and died within two months, 100,000.

Who said them Communists didn't have democracy? They do, too—they'll allow let the people vote yes . . . or yes!

And a lot of people nowadays don't have anything—and if they did they don't have a widow to throw it out of.

And when the barber told O. H. he could cut his hair any way he liked, O. H. says: "Fine. Let's cut it on shares. You can have three-fourths of the hair for your services."

Everybody knows the Boss is so stingy that he takes his wife's false teeth with him every time he leaves the house so's she can't eat in-between meals; but yesterday when he left the house he called to his wife: "Good-bye all, and don't forget to take little Donald's glasses off when he isn't looking at anything."

The only way he could think of to break the 7th's habit of using his razor to sharpen pencils was by Old Hunnert using her powder puff to shine his shoes.

And if you ain't satisfied with your lot—just build a house on it.

And Old Hunnert can re-

member the time when if two girls discovered a man following them they called a cop. Now they match for him.

And when in doubt whether to use the fork or spoon—just use the knife and remove all doubt.

Old Hunnert hopes it won't be as hard for a rich man to enter heaven as it is for a poor man to live on earth. Also, if the meek inherit the earth very soon, they'll inherit enough debt to keep them meek for a long time.

Them statistics show that only a small per cent of the girls in this country are working girls—the others are working men.

And onct when Old Hunnert had too much money it didn't go to his head—but it did go to the 7th's back.

The trouble with advice is, if we're dumb enough to need it we haven't enough sense to use it.

There's two things O. H. don't know yet—how fast his automobile will run and how far he can lean out of a tenth-story window. But, O. H. has learned that his income is something that he can't live without or within.

Alligators and gossips are harmless so long as you can keep their mouths closed.

After 7 tries, O. H. has found it's not bad luck to postpone a wedding—so long as you keep on postponing it.

And Old Hunnert had an idea of making the 7th a "silent partner"—good trick if it could be did.

Lady—"You always seem to have something for the man in the top apartment." Postman (wearily)—"Yes. Five years ago I had a row with him, and ever since he has sent himself a post-card every day, knowing I have to climb five flights of stairs to deliver it."

An old Chinese proverb could have said: "Man, flattering woman, can not always prevail; woman, flattering man, can never fail."

Lots of mail is opened by mistake—but nothing is opened more by mistake than the mouth.

THE GOLDTHWAITE EAGLE

SECTION TWO

FIFTY-FOUR

GOLDTHWAITE, MILLS COUNTY, TEXAS— FRIDAY, JULY 16, 1948

NUMBER FORTY-EIGHT

ELWAIN DOGGETT'S BODY ARRIVED IN UNITED STATES SUN

In an Army release received by The Eagle the first of the week, the name of S-Sgt. Elwain E. Doggett, Army, next of kin Walter Doggett, Goldthwaite, Texas, is listed as being among 3,383 World War II dead being returned to the United States for reburial on the U. S. Army Transport Oglethorpe Victory, which was due to arrive at an East Coast harbor last Sunday.

Also among the list is the name of 1st Lt. Murry L. Summers, Army, next of kin, Edith Summers, Indian Gap, Texas.

The Oglethorpe brought back 161 bodies to Texas points for reburial. Armed forces dead originally interred in temporary Military cemeteries in France and Belgium are among those brought back to this country. Also due to arrive last week end was the U. S. Army Transport Carroll Victory, bringing bodies from military cemeteries at Nettuno and other parts in Italy home for reburial. This ship carried 4,842 bodies, 234 of which will come to Texas. No names from this immediate vicinity are listed.

The army stated that each next of kin was notified in advance of the arrival of the vessels, and would be notified again after arrival of the remains at the regional Distribution Centers of the American Graves Registration Service.

Under the program for final burial of World War II dead, next of kin may elect to have remains returned to the United States for burial in a private or national cemetery, or may request interment in a permanent American military overseas or a private cemetery in a foreign country which is the homeland of the deceased or of the next kin.

GOLDTHWAITE ART AND CIVIC CLUB WINS STATE AWARD

The Art and Civic Club of Goldthwaite won the highest number of points in the state on the History of Mills County compiled by Mrs. Philip Nickols.

The number and quality of both County and Club histories entered by the clubs of sixth District won both the awards in those two groups, a gold trophy cup for County histories and the award plaque for club histories.

The incoming president of the Art and Civic Club is Mrs. Jim Weatherby.

EAGLE PUBLICIZED IN SOUTHWEST MAGAZINE

In a recent issue of The Southwest Magazine, a newspaper supplement that goes to subscribers to many Southwest newspapers, W. N. Beard, president and general manager of the Southwest Magazine Company of Fort Worth, had the following to say about The Goldthwaite Eagle in his "Grass Root Reveries," one of the regular features of the magazine:

At the Press convention was an editor and his wife who have the biggest newspaper in one of the smallest counties in Texas. This couple are Mr. and Mrs. C. T. Wilson who own the diamond, where they are engaged then marriage with its struggles, and hits and men going out and finally the difficulty getting home."

I'll have to have a raise, sir. There are three companies after me. What three? Light, telephone and water. O, MLE, what XTC, I always feel when UIC. I use to rave of LN's I's. 4 LC I gave countless sighs 4 KT, 2, and LNR I was a keen competitor But each nows a non-NTT, 4 UXL them all UC.

BAD ACCIDENT

Last Friday evening little Donald Mack Padgett, son of Mr. and Mrs. R. T. Padgett, received a very painful injury in an accident which occurred in front of his home.

A group of older boys was pulling an old model car with a tractor and Mack was riding on the car when he slipped, catching his leg in the machinery. His leg was badly cut but no bones were broken. He has suffered a great deal but was resting better at last report. He is in the Medical Arts Hospital in Brownwood.

A Carload of Funny Men

If you've ever watched clowns tumbling from a Chevrolet at a circus, you've probably suspected a trick or trap doors or something. There's no trick involved other than the trick of cramming human bodies into an automobile when the seats have been removed. Above are 14—count 'em—who pop out of a standard sedan at Cole Bros. circus.

IT'S A BOY!

NEWS FROM YOUR COUNTY HOME DEMONSTRATION AGENT

QUALITY COUNTS MORE

College Station, July 16—A recent NSDA survey shows that with housewives who know potatoes best, it's quality 12 to 1, says Myrtle Murray, extension home marketing specialist of Texas A. and M. College.

The survey, conducted by the Bureau of Agricultural Economics under the research and Marketing Act, took a cross-section sample of housewives in towns of 2,500 population and over. Texas was one of the 26 states covered in the survey and Texas women from Shamrock, San Antonio, Lubbock, and Galveston made up part

of the 3,500 women in the nation that were interviewed. These homemakers were asked about their preference in potatoes. Their answers showed that, 12 to 1, they considered quality more important than either size or price, they placed size above price three to one. Southern housewives were just a little more interested in price than those in the north.

No matter what the income level, the women thought the quality and size were more important than the price. As the income level went up, however, interest in quality and size increased, while that in price decreased, says Miss Murray.

Anderson—Curtis

Miss Billie Jean Anderson, daughter of Mrs. Lois Follett, became the bride of Cash Curtis, son of Mr. and Mrs. H. B. Curtis of Goldthwaite, at 8 p. m. Friday, June 4 at the Lutheran church, 6904 Ave. A., in Houston.

Rev. DeFreeze, pastor of the church read the double ring ceremony against a candlelit background. The altar was adorned by tall floral baskets of white gladiol.

Miss Lorraine Kites at the pipe organ presented the traditional wedding marches.

The bride, who was given in marriage by her foster father, J. B. Follett, wore an aqua blue travel suit, contrasted by brown accessories. Her shoulder corsage was of white carnations, and she carried a white Bible.

Mrs. O. A. Reeves, aunt of the bride, acted as matron of honor. For her costume she chose a black crepe dress with side drape. White carnations formed her shoulder corsage.

A. O. Reeves, uncle of the bride, served as best man.

Following the ceremony a reception was held at the bride's home at 508 North Eastwood. The three-tiered wedding cake, satin leed and frilled with silver ornaments, was topped by a miniature bride and groom.

The punch bowl was arranged at one end of the lace covered refreshment board, and at the other were burning tall, white tapers in crystal candle holders. Bud vases of red roses adorned the buffet.

The bride is a graduate of

Freeport High School and Elliot Business College of Houston. Prior to her marriage she was employed as an underwriter for the Travelers Insurance Company of Houston.

The groom is a graduate of Goldthwaite High School, Goldthwaite, Texas, and attended Baylor University for three years. He has a record of three years service in the United States Navy. Twenty five months of that time was spent in the South Pacific, with a ranking as B. M. 2-C. He is a member of the official personnel at the Humble Oil Refinery at Baytown, Texas.

Upon their return from Galveston the young couple will be at home at 508 North Eastwood, Houston.

EBONY—

By Mrs. Clementine Wilmet Briley

(Written for last week)
Rain came our way this week. When we got home from town Friday evening we found we had had about an inch and a half. Several good showers have fallen since then. The creek has run through and the tanks are full. Everything is fine down on the farm now.

Mr. and Mrs. J. R. Briley and Mrs. Edna Dwyer attended church at Oakland Sunday. After church they were the guests of Mr. and Mrs. Frank Crowder. F. L. Crowder, assistant county agent of Johnson County, was spending the week-end at home. A grandson, Ray Holder, of Brownwood was also spending the week-end with them. Mr. and Mrs. Crowder have living with them his mother, Mrs. Mary Ivy, and her mother, Mrs. Lula Kelly.

In spite of the drought Truman Crowder, who runs the Crowder place, has raised good corn. Frank Crowder has a fine grove of budded pecan trees in his field, which have set a very full crop.

Mr. and Mrs. Everett Philen and children of Galveston are visiting Mrs. Effie Egger and Clayton.

Misses Edith and Dorothy Thompson went to San Angelo for the week-end.

Miss Lila Jo Thompson spent the week-end with a friend at Dublin.

Mr. and Mrs. Blue Thompson, Ezelle, Billy Shafer, and Johnnie Griffin attended the Jubilee at Brady Sunday.

Mr. and Mrs. Cecil Egger and Ynell visited relatives at Brownwood Sunday.

Mrs. Irene Reeves visited Mr. and Mrs. J. R. Reeves Monday.

Gene Egger added a pickup to his transportation facilities last week. He now has a truck, a car and a pickup.

Frank Crowder and Ray Holder helped gather peaches at the Reeve orchard Monday.

Ernest Malone helped gather peaches at the Griffin orchard Monday. Charlie Griffin sold his peaches to a chain store which sent to the orchard for them.

Mr. and Mrs. Eugene Egger attended the Brady Jubilee Sunday.

A good crop of sudan is showing up on the Mrs. Hattie Whittenburg place.

Quite a number visited the oil well being drilled on the Cecil Olson place Sunday afternoon. They have had some showing of oil and they have struck lots of water. They are having some difficulty in keeping it cased off.

Santa Fe Indian Village

CHICAGO RAILROAD FAIR

You'll think you are really on an Indian reservation in the Southwest—when you visit the Santa Fe Indian Village at the Chicago Railroad Fair this summer (opening July 20).

You'll see Navajos, Apaches, Hopis, Zunis, San Juans and Jemez—125 colorful Indians living in pueblos, hogans and wigwags.

You'll watch ceremonial dances seldom seen away from the reservations, and see Medicine Men make their famous sand paintings and destroy them every day at sundown.

Indian craftsmen weave rugs, make moccasins, baskets and jewelry. In fact, in the Village you actually see a faithful portrayal of costumes, ceremonies and living quarters of Southwestern tribes. Their way of life today is noticeably unchanged from that of their ancestors who inhabited the Southwest years before Columbus discovered America.

HUGE OUTLAYS PLANNED IN COUNTY FOR REPAIRS

An estimated \$85,000 will be spent in repairing and modernizing non-farm homes in Mills County during 1948, according to a report just released by the Tile Council of America.

That sum will be expended largely on painting, carpentry work, roofing repairs and plumbing, the report disclosed. "Greater availability of building materials will make possible a record amount of home improvement throughout the nation this year," declared Malcolm Schweiker, chairman of the Council's residential construction committee.

About 30 of every 100 homes in Texas will be painted, either inside or out, during 1948 and 17 will have roofs repaired or replaced, according to the report. Seven will have plumbing overhauled, bathrooms tiled or showers installed and six will have carpentry work done, the report revealed.

To meet demands for materials for both new homes and home repairs, production has been stepped up in practically every type of material," said Mr. Schweiker. The output of ceramic tile for bathrooms and kitchens, for instance, is now at the highest rate in history, government reports show.

Throughout the nation between \$2,600,000,000 and \$3,300,000,000 will be spent this year on home repair, according to the Tile Council report. This is believed the largest amount ever expended for such work.

MRS. COLEMAN TAKEN BY DEATH

(Comanche Chief)
Mrs. Annie Lou Coleman, wife of former Mayor Monroe Coleman, passed away at the family home here early Wednesday morning following an illness of several weeks. Funeral services for Mrs. Coleman were held at the residence Thursday afternoon at 4 o'clock, with Dr. W. B. Gray, pastor of the local Presbyterian Church, officiating. Interment was in the Oakwood Cemetery beside the grave of her daughter, Catherine, who passed away in infancy.

Pallbearers were Sutton Dudley, Vasco Lee, W. C. House, E. W. Sullivan, J. H. Tupin and Frank Reese.

Mrs. Coleman had lived in Comanche 44 years, moving here with her husband from Terrell in 1904 when Mr. Coleman became manager of the Cotton Seed Oil Mill. Most of the time for the past 35 years, Mr. Coleman has been engaged in the grocery business.

Mrs. Coleman, who was Annie Lou Stewart before her marriage, was born July 12, 1873 in Marlin. When she was about two months old, her mother passed away and she was reared in the home of an aunt, Mrs. Mattie Norwood Bowles. Mrs. Coleman was educated in the Marlin public schools and at The Woman's Academy in Winston-Salem, N. C.

In addition to her husband, Mrs. Coleman is survived by eight children: C. S. Coleman of Brownwood, Millard Coleman, Tommie Coleman, Miss Annie Coleman, and Mrs. H. M. Cautley all of Comanche, Miss Thelma Coleman of Lometa, Miss Mary Coleman of Oklahoma City and Mrs. L. R. Sutton of San Angelo. Also surviving are two grandchildren, and a sister, Mrs. C. N. Slater of Oklahoma City.

When a child, Mrs. Coleman united with the Methodist Church and as is well known she was a Christian mother and wife, devoting her life to her home, husband, and children and her goal in living was that each of her children should be good, honorable, and useful men and women.

Miss Annie Coleman is well known in Goldthwaite, having owned and operated The Melba Theatre here about ten years, before selling it to Mr. and Mrs. Philip Nickols about three years ago. Miss Coleman was a civic leader during her residence here and her many friends grieve with her.

JOHNSON CONTINUES WHIRLWIND CAMPAIGN FOR SENATE

Austin, July 15—Congressman Lyndon Johnson whirled into the home stretch of the U. S. Senatorial campaign this week after personally seeing 200,000 Texans and shaking hands with about half of them.

After completing a swing through South Texas Johnson headed north from Beaumont to Tyler, and planned to close the week at Greenville, Wichita Falls and Mineral Wells. Growing with confidence, Johnson was speaking to increasingly bigger crowds wherever he landed in his helicopter, nicknamed the Johnson City Windmill. He made frequent landings in fields and pastures to talk to farm and ranch hands.

The Belden Poll, published in many Texas newspapers, this week showed Johnson to be the only candidate who is continuing to gain strength. Although he was shown to be eight percentage points behind former Governor Coke Stevenson, Johnson proclaimed that voters are switching to him, and he predicted he will continue gaining until he is "out in front" when the votes are counted July 24.

Johnson emphasized his support of soil and water conservation measures, saying that "we must plan for the future; we must think of our children as well as ourselves." He insisted that building dams to produce power for rural electrification, flood control and irrigation is a sound investment because the dams pay for themselves.

Johnson continued to stress his youth (he is only 39), his experience (12 years in Congress) and his ability to get things done. Johnson's congressional district has more rural homes with electricity, and more soil and water conservation, than any district in the country. Johnson pointed out that Morris Sheppard and Tom Connally were promoted to the Senate after each had served 12 years in the House, and he asked for the same kind of promotion.

CONG. LYNDON JOHNSON

(EDITORIAL IN SAN ANGELO STANDARD-TIMES
May 16, 1948)

Let's talk about hiring a man to do a job—one of the most important jobs in the world today.

If you own a bank, or a store, or a barbershop; a farm, or a ranch, or an oil field; if you own any kind of an enterprise in which you have to hire help, you select your employes with care.

What do you consider when you hire a man?

Experience—a green hand is a dead loss, until he's trained. Ability—a clown with five years of experience is still a clown. Energy—an ancient horse can pull no plows. The more responsible the job, the greater is the need for demonstrated judgment.

Certainly a prudent employer doesn't discharge a seasoned employe who has been getting the job done in order to go 1,500 miles away from the scene of the enterprise to hire a man whose best years are behind him.

The voters of Texas are going to employ a man to represent them in the greatest deliberative body in the world: The United States Senate. There have been several applicants for the job. Let's examine the qualifications of the latest to apply: Lyndon Johnson of Johnson City.

Experience: He has been a congressman for eleven years. He knows the labyrinths of Washington.

Ability: For his own district, Johnson has electrified 18,000 farm homes; helped launch a great water control program; seen to the construction of hundreds of miles of farm-to-market roads; helped clear out slum areas. During the years of a Democratic majority in the Congress, he was an acknowledged leader. And during the Republican regime, he has performed the feat of getting unanimous committee reports out of committees on which he served as a member of the minority party. He was largely responsible for winning approval of the 70-group air force bill; he was wholly responsible for halting the senseless disposal of our usable national defense plants. He has functioned for his district, his state, and his nation.

Energy: At 39, Johnson is young enough to do the job and old enough to do it with diplomacy and judgment.

In political philology, Johnson is not an extremist. Rather, his voting record demonstrates that he is independent and level-headed. Perhaps his opening statement summed up that philosophy.

"I'm like most Texans; we'll do anything within reason to get along with our fellowhuman beings. But we won't stand to be pushed around. That goes for nations; and that goes for pressure groups—big money, big labor, big bureaucrats, big anybody else who tries to steamroller us."

His qualifications and his philosophy add up to the kind of a man we'd like to hire for the United States Senate in these most dangerous days. Texas is entitled to two functioning senators; too long we've tried to fly with a crippled wing.

Schweining Family Reunion

On Saturday the Schweining families began gathering at Park Allison on the North Llano River in Sutton County. Soon the aroma of pit barbecue was in the air. On a long table bountiful meals were served. By Sunday, July 4, the crowd of relatives had grown to 80 in number. A flow of music came from a nickelodeon. The diversion was dancing, swimming, kodaking, and pleasant conversations.

In the evening the elder folks were entertained for several hours with movie camera pictures.

All the sisters and brothers were present, Mrs. T. A. Lange, San Antonio; Mrs. W. T. Hiller, Hamilton; Mrs. Henry Martin, Goldthwaite; Mrs. Otto Brockman, Fredericksburg; Fred Schweining, Fredericksburg, and Alfred Schweining, Sonora.

The occasion was such a happy one that it was voted to have the reunion annually at Park Allison some time in June.

The old Fred Schweining ranch only a few miles from the park could not be visited on account of weather conditions.

On Saturday evening, July 3, at 3 o'clock Miss Mattie Jo Green and A. C. Kinchelo were united in marriage at the Baptist Church in Goldthwaite. The double ring ceremony was performed by Rev. J. L. Emery, pastor of the Church, before the candle lighted altar.

The couple was attended by Zane Z. Henry and Miss Mary Leigh Alldridge. Mrs. C. Lawson of Big Valley played the traditional wedding march and W. R. Langston sang "Because."

The bride was dressed in a white satin gown and she carried a white Bible, topped with a gardenia.

Many relatives and friends of the young couple attended the ceremony and the many expressions of congratulations showed the esteem in which the people hold Mattie Jo and A. C.

PROPAGANDA, POLITICS AND YOU

By O. L. CRAWFORD

Propaganda may be defined as an attempt to put something over, a form of mass education, or an attempt to influence public opinion to predetermined ends. It can be either good or bad. Common usage has given the word a bad connotation, since it is commonly thought of as what Goebbels told the German people. Every American is exposed to propaganda daily via the radio and newspaper. Propaganda usually reaches its peak during a political campaign. The voter is subjected to claims, counter-claims and glittering abstract words that tickle the eardrums. His patriotism, family instinct, curiosity, (novel ways of campaigning) etc., are appealed to for the all important vote.

Propaganda usually comes in seven forms:

(1) Name Calling—Certain words mean bad, corrupt or some similar association; for example, demagogue, financial oligarchy, and muchraker. These are used to get us to automatically reject a something without considering the true facts. It closes the mind. Henry Wallace is labeled as a communist which is automatically bad, so on one wants any part of him.

(2) Glittering generalities—Appeals to the emotions of love, generosity, and brotherhood to get us to automatically accept. Did you ever see a politician who wasn't for truth, freedom, public service, right to work, the American way of life and who personally didn't carry the hopes and desires of the common people (just like you and me) beneath his bosom?

(3) Transfer—Carries us from something we respect to something the propagandiser wishes us to accept. We all respect Uncle Sam, the church and Democracy. "Well old Bill Blow for Governor stands for all three so you can't go wrong by voting for him."

(4) Testimonial—More familiar in advertising. Prominent civil leaders, bankers, and other outstanding men in the community are bribed by promise of political plums, publicity, office, or protection for their special interest into saying that I support John Doe because I believe he is honest, capable, and a hard worker. The voter should make up his own mind.

(5) Plain Folks—Appears to be one of us, just like the neighbor next door. The candidate likes home, baseball, children, fishing and other homely attributes. Did an aristocratic, rich man ever seek public office?

(6) Card Stacking—Only telling that portion of the story that suits the tellers purposes. Half-truths appear as truths, facts are omitted, details are emphasized, issues are dodged, and counter-claims are spread to create confusion. By card stacking a mediocre world's champion.

(7) Band Wagon—To make us follow the crowd, appeals to our herd instincts, "everyone is doing it." Appeals to special groups as teachers, farmers, and professional men. "Don't throw your vote away, vote for Joe, he's sure to win." At a football game most Americans root for the underdog, but during a political campaign they want to vote for the winner. Convention delegates are especially bad about this.

All propoganda appeals to our emotions and not our power of reason. Politicians know human nature and psychology like the back of their hand. During a campaign Plain Folks and Bandwagon are especially common. Card-stacking is hard to detect since it exists many places and in many forms.

Did you ever notice how much politicians avoid the issues, especially the most controversial ones? Yet if all their promises were enacted into laws, legislatures would be in session twenty four hours per day.

Voters should keep propoganda techniques in mind, not swallow all the "hot air" that's shot at them and

SCRIPTURE BOOK DEVOTIONAL READING: Psalms 23:1-6

Naomi, Woman Of Faith

Lesson for July 18, 1948

If we are to understand Ruth, the cherished heroine of the book bearing her name, we must know Naomi, her mother-in-law — woman of faith in God and surpassing patience and sacrifice in service to her day and generation.

It is the Book of Ruth which we have for Sunday's lessons, with Psalms 28:6-9 as the devotional reading. The golden text, "Thy people shall be my people, and thy God my God," Ruth 1:16.

Dr. Newton

IN SEARCH OF BREAD

FAMINE in Judah, where Elimelech and his wife, Naomi, and their sons Mahlon and Chilion, dwelt, drove them to Moab, in search of bread. Elimelech died, and the sons married young women of Moab, Ruth and Orpah. And then the sons died, Naomi, feeling that she must no longer remain in Moab, announced her intention to return to her native land, and bade Ruth and Orpah farewell. In one brief decade Naomi had lost husband and sons, and now she longed for home.

"TREAT ME NOT TO LEAVE THEE"

ORPHAH accepted Naomi's suggestion, and turned away to her own people; but not so with Ruth. She loved Naomi. She could not give her up. Naomi had done something for Ruth in those years of sorrow and loss.

"Treat me not to leave thee, or to return from following after thee; for whither thou goest, I will go; and where thou lodgest, I will lodge. Thy people shall be my people, and thy God my God. Where thou diest, I will die, and there will I be buried. The Lord do so to me, and more also, if I ought but death part thee and me."

With these sublime words, Ruth lashed herself to Naomi, and together they started on the long trek to Bethlehem.

WHEN FAITH CONQUERS

HERE we witness conquering faith—conquering faith in the hearts of Naomi and Ruth. And they came to Bethlehem. It was the harvest season, and Naomi directed Ruth to glean in the field of Boaz, a wealthy and generous-hearted citizen of Bethlehem. Faith in action! And the world loves the story of Ruth becoming the wife of Boaz, and thus the mother of Obed, the grandfather of David the king in the ancestral line of Jesus Christ, the King of kings.

And Naomi, through her conquering faith, held in her arms the little baby, Obed, and dreamed of God's unfolding purposes to bless the world.

In this unsurpassed romance we witness faith in adversity, faith in association, faith in conduct, faith in claim, faith in confidence, and faith in a glorious climax.

WHEN FAITH CONQUERS

LIFE is always ennobled when faith conquers. It is easy to imagine how history might have missed this beautiful love story, had not Naomi been a woman of conquering faith. She might have given up and over to her great sorrow, and pined away in grief and defeat.

But Naomi followed the gleam. And her trust in God shed its gentle glow into the lonely heart of the Moabite widow, Ruth. Ruth clung unto Naomi. She could not do otherwise. "Truth is stranger than fiction."

And all history was enriched. It is ever so when faith conquers. Thus the poet states the case: "God moves in mysterious ways, His wonders to perform, He plants his footsteps on the sea, And rides upon the storm."

Faith

I cannot conceive that God could make such a species as the human merely to live and die on this earth. If I did not believe in a future state, I should believe in no God.

**COST-OF-LIVING TAX PROPOSED
BY CANDIDATE HOWELL COBB**

(Brady Standard)
A cost-of-living income tax
exemption was proposed here
Saturday by Howell E. Cobb,
candidate for Congress from the
21st district.

"I do not believe the govern-
ment should collect income
taxes on the earnings of the
people before they have paid the
grocery bill, the doctor bill, the
house rent, and other necessary
living expenses," the Brady at-
torney said.

"I believe every person should
have a personal income tax ex-
emption equal to the actual cost
of living of himself and his
family."

Mr. Cobb proposed the tax re-
adjustment during the July Ju-
bilee's stump speaking program.
Brady voters had an ideal op-
portunity to size up the three
candidates from this district, as
both O. C. Fisher of San Angelo
and Charles L. South of Cole-
man preceded the local candi-
date to the stand.

Mr. Fisher, who is seeking his
fourth term as Congressman,
and Mr. South, who previously
served four terms, dwelt primar-
ily upon their past records in
Washington.

Without mentioning names,
Mr. Cobb also discussed Wash-
ington records—those of his op-
ponents—and denounced the
"two congressmen" running
against him.

"I have been criticized for offer-
ing this cost of living tax ex-
emption," Cobb said, "On the
grounds it will reduce our fed-
eral revenue too much. Yet I
heard no protest from the pres-
ent Congressman two years ago
when Congress voted to pay
themselves an additional \$2,500
per year and then passed a spe-
cial statute exempting that \$2,-
500 from income taxes."

This, in effect, gives Congress-
men a personal income tax ex-
emption of \$3,100, Cobb noted,
"while the rest of us have only
a \$600 exemption."

Incumbent Rep. Fisher, first

of the three candidates to speak
reviewed the work of the Con-
gressional session just closed.
He told how Congress expanded
rural electrification and stepped
up the preparedness program as
a first step toward peace.

Mr. Fisher commented on his
efforts in behalf of the 70-
group air force, soil and water
conservation projects in this
district, and steps to revive the
wool and mohair market.

Mr. South, who was defeated
for re-election by Mr. Fisher six
years ago, defended his record
in Congress. He told of his sup-
port of parity prices for farm
products and the wool labeling
bill.

The Coleman candidate called
for expansion of REA and farm-
to-market road projects in this
district, and also asked for a
strong preparedness program.

Mr. South closed by comment-
ing that his birthday comes
just after the July 24 primary
and asked voters to send him to
Congress as a "greatly appreci-
ated birthday present."

Mr. Cobb pointed out that
"one of my opponents" (South)
was serving in Congress while
America was "allowed to stay
weak before Pearl Harbor."

"We must keep the power to
love war in the country that
wages peace—the United States,"
he said. "Unless we develop a
strong preparedness program
immediately we will soon have
Russia on our back, just like we
had the Japs in 1941," Cobb
added.

Referring again to Rep. Fish-
er, the Brady attorney noted
that "a lot of campaigning from
Washington has been done in
this race." Cobb promised never
to use taxpayers money to cam-
paign for re-election.

He also called for additional
funds for REA, F-M roads, and
soil and water conservation, and
noted that "both of my oppo-
nents have been in Washington
before. . . it's time to try a
new man."

**REA PRAISED IN
ADDRESS BY
CONG FISHER**

The rural electrification program is doing more to raise the standards of the American farmer than any other government program. Representative O. C. Fisher declared in an address to more than 2,000 members of the Medina REA cooperative in their annual meeting at Hondo last Saturday.

The Medina cooperative serves Uvalde and other counties in Fisher's congressional district.

Turning to the REA progress being made in the 21st district, the speaker quoted from a report of REA Administrator Claude Wickard saying that since 1942 REA consumer consumer connections in this district have increased by 90 per cent.

"And it does not cost the taxpayers a cent. The money that is loaned to individual REA cooperatives is paid back with interest.

Expressing satisfaction with the funds provided for REA expansion by the Congress for the next year, Fisher said: "I look for the best REA year in our history."

We haven't counted up the exact figures, but the rains Texas has been getting lately must have a taxable value of a hundred million dollars or so. Maybe the folks in flooded areas around San Angelo and the Rio Grande valley don't think of it quite that way.

The man in charge of cotton insect poisoning for the whole nation writes from his U. S. Department of Agriculture office in Washington that nowhere else in the cotton belt is anyone getting the jump on weevils, fleahoppers, aphids, etc., by making counts and figuring infestation percentages every week in cotton fields, like farmers in some Texas counties are doing. "Espionage in the cotton-patch" may not be as exciting reading as the international spring kind, but it should be just as interesting to a cotton farmer when shoes for the young uns are at stake.

This palaver about poisoning cotton insects hits a sour note with some folks, though. We have a letter from a beekeeper who says he is proud of our work in fighting the "non-social insects" but is a bit enraged by all this talk of poison-

ing bugs with little or no mention made of protection for the fascinating insect, the honey bee, a "social insect" who works for us and then for himself. Our man points out that bees have been known to double and treble clover production, and he might have mentioned that fruit trees are dependent upon bees for pollination, too.

With delegations of farmers being consulted in advance of the national political conventions this year, supposedly to help draft platforms, it seems to us that both major parties are kowtowing more to the agricultural interests now than they have in many elections. We believe this shows some progress on the part of the farmers in the long fight for their rightful place in the sun.

Our household has just been enriched by the acquisition of an antiquated reed organ, which the Redhead inherited recently from her grandmother. We now have quite a collection of musical instruments—organ, piano, some violins, and a harmonica (mouth organ). Guess which one I play. Sandy, age 14 months plays on the floor.

There must be thousands of those fine old organs in living rooms, attics, and basements around over Texas, but they are fast becoming museum pieces. Each one is capable of reviving plentiful memories.

Farm Facts

1. How much head room is needed for broilers raised in batteries?

2. What qualities should the boar selected for the breeding herd have?

3. Why should cows be dried off 60 days before calving?

1. Head room depends, of course, upon the age of the chick. We recommend 11 inches of head room for starting chicks and 14 inches for chicks from six to 12 weeks of age. Broilers should not be left in batteries after they reach 12 weeks.

2. The major factors to consider in selection of the herd boar are:

- Individuality, or outward appearance.
- Ancestry, or the inherited ability to produce strong, healthy and desirable offspring.
- Performance record, or the test of production.

3. It is during this period that the unborn calf gains 2/3 of its birth weight. Proper conditioning of the cow during this dry period will increase milk production. Tests at the Research Farm of the Ralston Purina Company show that 100 lbs. of extra condition (over the weight of the calf) during this 60-day dry period will mean approximately 2,000 lbs. of extra milk after freshening.

Experts in agricultural economics say they expect farmers and ranchmen in this country to have a good market for their products for the next 25 years at least. Increasing population, sustained foreign market, steady shift of farm dwellers to town are among the reasons.

Hats off to the city or Weatherford for streamlining the route which through highway traffic takes around Parker County courthouse. No longer forced to detour the square through local traffic, highway drivers now skim through the courthouse lawn on newly paved one-way drives.

4-H POULTRY RAISERS OVERCOME COSTS WITH QUALITY BIRDS

Higher feed costs is another challenge to successful poultry raising, but 4-H Club members taking part in the project are meeting this problem by good care of flocks and the keeping of quality producing birds.

One major objective of the 4-Hers taking part in the 1948 National 4-H Poultry Achievement program is to find the place of poultry in the economy of the general farm. To do this, they study scientific developments in poultry production and demonstrate the application of new findings to their own poultry flocks.

This year, Dearborn Motors Corp. furnishes awards for outstanding records in the program which includes medals of honor

for county, National 4-H Club Congress trips for state and \$2000.00 college scholarships to each of 10 national winners. Last year's state winner in Texas was Lola Pearl Williams of Crowley. There were 242 county medal winners in Texas last year. County Extension Agent, Darius B. McCombs, will furnish complete information on this program.
