## Large Crowd Attends Farm And Ranch Group Meeting Here Nov. 4

The Farm and Ranch Group heard one of the most interesting lectures of the season last Thursday night, November 4, by Henry Turney, Range Conservationist of the Soil Conservation Service, Dublin, Mr. Turney told the story of "Grasses" in relation to the present range conditions and production and its relation to water conservation. Forty farmers and ranchers attended the meeting that was held in the Mills County Agricultural Building.

"Man has not been able to duplicate what the leaves of grasses can do," Mr. Turney said, "For with the help of the soil, water, air and sunlight, the leaves become the food factories of the world." By the use of charts, Mr. Turney discussed the four steps in which the ranges have deteriorated from excellent condition to poor condition because the leaves of the desirable grasses were taken and the plant died. In answer to the question, "What can we do about it?" Mr. Turney said, "Leave one half of the current year's growth of grass on the land." Mr. Turney showed by the use of authoritative charts that a rancher can afford to leave one-half of his grass because more pounds of beef are produced on good grass than on inferior grasses.

Carl Casbeer of the Soil Conservation Service, Goldthwaite, explained the observation plot that has been made on Cary Owens' ranch that showed that good grass soaked up over 90 percent of this year's rain. In conclusion Mr. Turney stated, "You cannot starve a profit into an animal."

George G. Reese, County Agent of Mills County introduced the speaker and afterwards led the discussion. Mr. W. R. Heizer, District Conservationist of the Soil Conservation Service, Dublin, and Mr. T. F. White, teacher from the Mills County Vocational School were introduced and welcomed.

Dr. T. C. Graves, leader of the Farm and Ranch Group accepted suggestions for a topic to be discussed for the next meeting to be held, Thursday, December 9, 7:30 p. m. at the Agricultural Building.

Mr. Turney was invited back to discuss further range conservation and how to restore the productivity of pasture grasses.

## JAYCEES AND THEIR WIVES ENJOY CHART. DAY BANQUET

Goldthwaite Junior Chamber of Commerce members, their wives and guests attended a gala dinner last Tuesday at the Hangar in observance of their Charter Day, and the affiliation of the local chapter with the Texas and U. S. Junior Chambers of Commerce. C. E. May, Jr., vice president of the Texas Jaycees, presented the charter to Dr. C. M. Smith, president of the Goldthwaite group, who accepted on behalf of his co-members.

Minister M. E. Blake gave the invocation, and after the dinner, Toastmaster Jesse Saegert introduced H. E. Patton, and M. Y. Stokes, Jr., who spoke for the town in welcoming the new organization to Goldthwaite. Mr. Patton stressed the need for such an organization and the work they can do here in bringing additional improvements to the town. Mr. Stokes remarked that he was delighted to see that it was no longer heresy for men under 40 to show an active interest in community affairs and welcomed this group of young men whose stated purpose is organized service to their community.

Mr. May, who is also president of the Ranger chapter, reminded his listeners that although the members of the Jaycees will do all the actual work connected with their projects, that it is necessary for all citizens of the community to wholeheartedly back them in their undertakings, since they will directly or indirectly benefit themselves, from the completed work. He also called to the attention of those present the fact that they were members of a world-wide group and detailed some of the work done in other parts of the world by Jaycees.

Out of town guests included Mr. May, R. B. Thomas, and Dr. Carl Straley, all of Ranger, and Mr. and Mrs. Lindsey Dublin, President of the Brownwood Jaycees. Honor guests from Goldthwaite included Mr. and Mrs. Patton, Mr. Stokes, Mr. and Mrs. Howard Campbell, Mr. and Mrs. Garth Carter, and Minister Blake.

Officers of the new group are President, Dr. Smith; 1st Vice President, H. G. Geeslin; 2nd Vice President, Y. B. Johnson; Secretary-Treasurer, J. D. Harper. The Board of Directors includes: Dr. Smith, Bert Brewer, Rex Collier, Gerald Head, Mr. Harper, Mr. Johnson, R. C. Summy, and Mr. Geeslin.

Later in the evening, two students from Baylor in Waco, Sam Carnada and Jerry Ratliff, who were brought to the dinner by Mr. Harper, managed to thoroughly convulse their audience by their demonstration of magic and pantomimes of daisy lovers, an announcer at a horse race, and Jimmy Durante.

## EAGLES TO PLAY LAST HOME GAME HERE AGAINST LLANO YELLOW JACKETS FRI. NIGHT

### Capt. L. Crume Killed In Crash

(Brady Standard)

Mrs. L. L. Crume, who has been making her home in Brady with her parents, Mr. and Mrs. Victor J. Williams, for the past two months, was notified Wednesday evening of the death of her husband, Capt. L. L. Crume, pilot of a B-29 based in England with the Third Air Division.

Capt. Crume, two other officers and 10 enlisted men were killed when their plane crashed into a granite peak in a heavy mist Wednesday. A Royal Air Force rescue squad found seven bodies before dense mist temporarily halted the search.

Capt. Crume was the son of Mr. and Mrs. W. K. Crume of Los Angeles, California. He was formerly stationed at Fort Worth Army Air Base.

Capt. Lyle Crume, who was killed Wednesday of last week in Germany when a U. S. Air Force transport plane crashed on the Berlin airlift, was well known in Goldthwaite. He made many friends here during the time he was discharged from the Air Force until he re-entered the Air Corps early this year and was a subscriber to The Eagle, having the paper follow him to his overseas address for the past six weeks. He was active in V. F. W. affairs here and lived on a ranch in the southern edge of Mills County. Mr. Crume first entered the Army Air Force on July 7, 1942, and sailed for E. T. O. on April 21, 1944. He took part during the war in battles over Germany, the Balkans, France and Italy, serving with the 61st Bomb Group. He was awarded the Distinguished Flying Cross, Air Medal with three clusters, and Purple Heart. He was discharged with the rank of Captain.

The Goldthwaite Eagles play their last conference game of the season at Eagle Field here Friday night, beginning at 8:00 o'clock.

They will take on the Llano Yellow Jackets, coached by Dub Behrens and Phillip Barnhart. Yellow Jackets' colors are black and orange, and Eagle colors are black and gold. Eagles are coached by Bert Brewer.

Both teams will be in there to win tonight. The Eagles have lost their last three conference games played, while Llano has yet to win a conference game.

District championship honors for 22-A went to San Saba last Friday night when they beat the Lampasas team 16 to 14 at San Saba. At the same time, Fredericksburg Hillbillies nosed out one touchdown more than the Goldthwaite Eagles at Fredericksburg, the game ending 20 to 12 in favor of the Billies.

The Eagles to date have won two conference games and lost four.

## EXES TO HAVE GAME HERE NEXT THURSDAY

Next Thursday night, Nov. 18, at Eagle Field, the Goldthwaite High School Eagles take on the Eagles Exes in their annual game, the proceeds going to purchase awards for this year's Eagles.

This annual game is always one of the hardest fought and best of the season, and large crowds attend. The Eagle Exes team will be composed of the best former Eagle players who are still in Goldthwaite or Mills County.  
Starting time is 8 o'clock next Thursday night, Nov. 18.

## GHS PEP SQUAD TO SPONSOR CAKE WALK

The High School Pep Squad will sponsor a cake walk on the Square, Saturday, November 13, at 7:00 o'clock p. m.

There will be about forty-five cakes given away. They will be delicious home-baked cakes. Only ten cents a walk is to be charged. The proceeds go to the High School Pep Squad to help pay for the Football Banquet.

Everyone be sure to come to the cake walk Saturday, November 13, at 7:00 p. m., on the Square. Only ten cents a walk and there are about forty-five home-baked cakes.

This year's Texas crop of alfalfa seed is estimated at 35 thousand bushels thresher-run.

## Armistice Day

Thirty years ago today the "Cease Fire" command ended World War I. And on that day we honored those who had fallen in the service of our country. Today, added to that honor roll are those who gave their lives in the second great world conflict. It is not enough this Armistice Day to honor the brave dead of two wars by bowing our heads in prayer. Only by each of us working assiduously to prevent another war—working to build an everlasting Peace—can we pay them deserving tribute.

### Mills County Livestock Being Readied Now For Houston Show

Houston, the International livestock gateway between North and South America, will be host to thousands of visitors and exhibitors from both the Americas when it presents its 1948 Fat Stock Show and Livestock Exposition, February 2 through 13.

Expected to outrank even its record-breaking 1948 Stock Show, the seventeenth annual event will be produced at a cost of over \$375,000. More than \$75,000 has been appropriated in prize money for the gigantic livestock show and rodeo, and the 1948 attendance is expected to approach the half-million mark to exceed the 1948 attendance of more than 350,000 persons.

proportions never before undertaken.

The livestock show again will be divided into two parts; the market or fat stock show will be held from February 2 through 6, and the breeding show from February 7 through 13. Officials pointed out that the Houston show's new dates will enable all breeding livestock appearing at the Fort Worth show also to appear at the Houston show.

Steers, quarter horses, fat poultry, turkeys, swine and sheep will start moving into Sam Houston Coliseum January 31 and February 1. Because of the importance of the poultry industry, show officials have designated opening day, Wednesday, February 2, as Poultry Day.

On February 7, the breeding show begins for all breeding cattle, including Angus, Herefords, Shorthorns, Brahmans, Jerseys and Guernseys, and for swine, sheep and poultry.

For the first time this year, the rabbit show will be held as one complete show on February 8-12. This will include both the junior and adult shows.

In order to carry out its overall purpose, that of encouraging improved and increased livestock production, the 1948 event will feature several auction sales. The source of greatest interest in arena auctioning

will be the boys' fat steer sale. Last year, the 730-pound Aberdeen-Angus steer "Kilroy", owned and raised by 16-year-old Robert H. Johnson of Goldthwaite, sold on auction as grand champion for \$12,500. This sale is expected to be surpassed in 1949.

One hundred fine beef calves will be awarded to the boys who catch them during the 1949 Calf Scramble. The Scrambles are held for boys, 14 to 16, of the 4-H Clubs and Future Farmers of America Chapters in Texas. The lucky winners manage and feed their calves scientifically and then return them to the next Fat Stock Show to compete in the Fat Steer contest and for other prizes.

The milking contest, which was introduced last year, will be open to 160 boys and girls at the seventeenth annual show. Between the ages of 12 and 15, they will be selected to compete for 80 dairy calves by officials of 4-H clubs, F. F. A. and F. H. A. chapters. The 80 winners of the contest, who obtain the most milk by weight in a two-minute period, receive a calf and engage in a two-year program of scientific breeding and care.

Houston show last year, ten registered dairy heifers will be awarded to the ten individuals judged highest in the contest.

The World Championship Rodeo again will be present at the 1949 show. Members of the rodeo will participate in the opening day parade February 2 and will present 18 performances.

The Quarter Horse show and Cutting Horse contest will be held February 2 through 6. The Gaited Horse show will be presented February 7 through the 13th.

Junior livestock enthusiasts will receive special attention with Saturday, February 5, celebrated as F. F. A. and F. H. A. Day; and Saturday, February 12, as 4-H Club Day. Premium lists this year, which are available for distribution, include four separate lists; livestock, poultry, horse show and rabbit show. The deadline for livestock entries, including cattle, swine and sheep, is December 15, with the closing date for all other entries, including horses, poultry and rabbits, set at January 15.

### Let's Weigh the Evidence

Your scales can be a valuable ally to your judging eye. For years livestock breeders have kept weight and performance records, as well as pedigrees. Now many commercial producers are taking a tip from them. Recording birth weights and weaning weights of calves, pigs and lambs. Using their records to help cull, to select their likeliest breeding stock.

There is lots of evidence of the value of your scales in helping you. Here are just a few examples:

- 1) At Purdue University they weighed 7,534 pigs from 784 litters. Here's what they found. Pigs that weighed THREE pounds at birth averaged 28 pounds at weaning. But pigs that weighed TWO pounds at birth weighed only 21 pounds at weaning. Of the heavy pigs, 77% lived to weaning age, against only 49% of the light pigs. And right up to market weight, the heavier pigs had a higher rate of gain.
- 2) The U. S. D. A. has kept a 14-year record on beef calves. Birth weights vary from 40 to 109 pounds. Their finding: heavier-than-average calves reach a 500-pound weaning weight and 900-pound marketing weight faster than lighter-than-average calves. You know what that means! Less feed. More and quicker profit.
- 3) Sheep Experiment Station men at Dubois, Idaho, find they can use the scales to select breeding stock for greater production in the future. Their ewe lambs, which are heavier than average at weaning time, prove to be the best producers in total lamb weight and fleece weights.
- 4) At the University of Wyoming they divided dairy heifers into light and heavy weight groups. The "heavies" weighed 24 pounds more at birth. But at six months they averaged 43 pounds more per animal.

You need a good "judging eye" to tell you whether an animal has good conformation, is true to type, etc. But the evidence of recorded weights does point strongly to a general rule which can help your eye:

*Keep or buy animals heaviest at birth or weaning!*

**Soda Bill Sez:**  
It pays to say good of folks. A feller will nigh "bust" himself trying to be as good as he thinks you think he is.

From grass range to the store, in our big nation most of the livestock is raised far from where it is eaten—an average of more than 1,000 miles. Swift & Company helps bridge this gap and balance the supply in one area with the demand in another. Efficient processing and distribution keep the meat moving to markets all over the country. For these services Swift earns a profit of a fraction of a cent a pound. This has no noticeable effect on either meat or livestock prices. It's the demand for the available supply in the nation-wide markets which governs the price of meat and thus the price of livestock. For the price we pay for animals must be based on what the meat and by-products will bring.

### Early Fall Roundup

Rams equipped with a web harness for holding colored chalk help "write" their own breeding records. This device is being used in the breeding flocks of many large Wyoming ranchers. It helps owners keep their records. They know when ewes will lamb... which lambs are from which sire.

Many feeder cattle are prone to contract shipping fever. This disease is a type of pneumonia. It may be brought on by fatigue, irregular feeding and exposure. Vaccination, two weeks before shipping, helps reduce the danger, reports the University of Illinois. Cattle arriving in the feed lot should be protected from cold winds and rain. Light, bulky feeds like whole oats and roughage should be fed. Sick animals should be isolated promptly and a veterinary called.

Control swine parasites—make more profit, suggests the University of Minnesota. Even fall pigs may be infested with internal parasites. Strict sanitation is the key to control. Clean and scrub farrowing pens with boiling lye water. Wash the sides and udders of sows with soapy water before farrowing. After farrowing keep the pigs on clean pasture until bad fall weather sets in.

### Prices of Hogs May Rise or Fall But Competition Sets Them All

I have been with Swift & Company for 46 years. Most of my work has had to do with the buying of hogs and selling of pork and pork products. I would like to make a point that I believe should be of interest to you, as producers.

Do you remember when the top price for hogs in Chicago was 6 1/2 cents a pound? Some sold for as low as 3¢ per pound. That was in December, 1932. This year hogs hit an all-time high of more than 30 cents a pound. No meat packing company can

control either livestock or meat prices. More than 3,500 competing meat packers and 22,500 other commercial slaughterers see to that. So do 35,000 other meat-eating families. No packer's buyer can hold down the price of livestock. No packing company could boost up the price of meat.

Now, here's the point I want to get across to you. These prices, both lowest and highest, were set by (1) the supply of hogs, and (2) the demand for pork.

### Conserving Grass Is Profitable

The safest way to maintain a thriving livestock industry is to keep the ranges well stocked with vigorous, productive grasses—and covered with a protective shield of left-over grass. In animal production, sound grazing management is as important as breeding.

Grassland vigor and durability depend upon correct cropping. Lent use and alternate rests help the plants to reproduce from seed, tillers, rootstalks and surface runners. When grasses flourish, greater animal gains are made.

Observations of bluestem show that when about half the top growth is grazed (on the average), livestock gains may be 25% higher than when top is eaten. One bluestem meadow mowed repeatedly 4 to 6 inches high yielded nearly 30% more hay than a similar area cut 2 inches high.

### Martha Logan's Recipe for INDIVIDUAL PORK ROASTS

- 4 1-inch-thick shoulder pork chops
- 1 teaspoon prepared mustard
- 2 cups bread crumbs
- Spread chops with mustard. Moisten dressing of bread, onion and seasonings with just enough water to moisten. Brown chops in a heavy skillet. When well browned, top chops with dressing pressed firm. Bake covered in a moderate oven (350° F.) for 20 minutes. Uncover and bake 15 to 20 minutes until dressing is crisp and brown. (Yield 4 servings.)

### The Red Wagon

No doubt you've seen the food trucks, the grocery trucks, the milk trucks, the country, helping keep our people fed? The story of these trucks is a story you should know—it started in New England, some 100 years ago. There a boy, Gustavus Swift, who later won renown, bought a heifer, but later it was a pig. He made a little profit—two dollars, it is said. It wasn't much profit, but it helped him get ahead. His wagon—yes, you've guessed it—was which he sold his meat was a vivid red in color, for, he noticed on the street. It was moved on to Boston, where his trade began to grow, then headed for Chicago, where he started Swift & Co. Now the Swift trucks deliver meat and butter by the ton, and they're counted by the thousands instead of only one. To this day Swift trucks are red, that all the world may know this trademark of the business Swift started years ago. And on each load delivered, Swift earns a service fee—a fraction of a cent a pound, saved by efficiency.

### ABBOTT & COSTELLO PICTURE FUNNIEST THEY HAVE MADE

The latest Abbott and Costello opus, "Abbott and Costello Meet Frankenstein," opens Sunday at The Melba Theatre. The new Universal-International comedy is probably the most outrageously comical film in which the incomparables, Bud and Lou, have yet appeared.

Including not only the two comedians but also the Wolf Man, Dracula and Frankenstein's Monster, the picture is a "natural," as far as plot is concerned, to bring gales of laughter as the funnymen try to escape from a maze of horror.

Besides Bud and Lou, the cast includes Lon Chaney as the Wolf Man, Bela Lugosi as Dracula and Glenn Strange as the Monster, plus brunette Lenore Aubert as Dracula's medical aide and blonde Jane Randolph as the insurance agent who helps the lads save their skins.

The story concerns Dracula's trip from Europe to this country with the remains of Frankenstein's Monster. Here he tries to exchange Costello's harmless little brain for the dangerous gray matter in the Monster's head. Lon Chaney, who becomes the Wolf Man only when the full moon rises, gangs up with Bud and Lou to prevent the evil bit of lend-lease. The story reaches its climax when Abbott and the Wolf Man manage to rescue Costello just as Dracula and his helper, Miss Aubert, are preparing for the cranial transfer in an ancient castle off the Florida coast.

### HOWARD PAYNE HOMECOMING NOVEMBER 13-24

Brownwood, October 24—Home coming for ex-students of Howard Payne College will be held Saturday November 13, date of the Howard Payne-McMurry football clash.

Speaker for the occasion will be Mark McGee of Fort Worth, prominent Texas lawyer, a native of May, and graduate of Howard Payne and The University of Texas.

Mr. McGee has served as attorney of Brown County, as adjutant general of Texas and head of the Texas National Guard. He was a member of the 142nd Infantry during the first world war and served as state administrator of the OPA during World War II.

Homecoming will begin with a pep rally and musical review Friday night, November 12. On Saturday, November 13, there will be an alumni meeting, a barbecue lunch, and the ball game.

### 'HELL ON WHEELS' TO HOLD PARADE

Camp Hood, Nov. 8—As a special attraction, the crack drill team of the 6th Training Battalion from the "Hell On Wheels" 2d Armored Division, Camp Hood, Texas, will participate in the Armistice Day Parade in Waco on November 11th, said Major General James G. Christiansen, Commanding General of the 2d Armored Division and Camp Hood, Texas.

Mr. and Mrs. D. V. Westerman and their little nephew, Alton Dean Brown, of Comanche spent the week end in San Antonio, with their daughter and her husband, Mr. and Mrs. L. H. Linn.

Mr. and Mrs. Worth Johnson of Tyler spent the week end here visiting his mother, Mrs. H. B. Johnson, and other relatives.

Mr. and Mrs. Bill Smith of Corpus Christi spent last week end here visiting relatives.

Mrs. Annie Armstrong spent last week end in Austin, visiting in the home of her son, Mr. and Mrs. Glenn Armstrong.

Mr. and Mrs. Raymond Little were in Dallas the first of this week, where they attended market.

### NEW SENATOR EXPRESSES THANKS

Austin, Nov. 10—Texas' new junior United States Senator, Lyndon Johnson of Johnson City, took time out this week to express his "humble gratitude for the faith and loyalty of the hundreds of thousands of Texans" who cast their votes for him in the general election.

The tall, hefty son of a pioneer Texas legislator said: "I just can't find it in my heart to bear any grudge against those who used their money and their voices in an effort to defeat me. I want to serve all the people of Texas—those who are for me and those who were against me—as ably as I can as Senator."

Johnson and his wife, Lady Bird, left Austin shortly after election returns made it clear he had won a sweeping two-to-one victory at the polls throughout the State. The young Senator and his wife vacationed in El Paso for their first "time off" since 1947, but limited the vacation to only three days so they could continue answering the thousands of letters and telegrams of congratulations received after the election victory.

"Lady Bird and I are very grateful for all the letters our friends have taken time to write," Johnson said. "We want everybody to continue writing us in Washington passing along suggestions and criticisms that will help us serve the people better."

Johnson also urged all Texans to "pray that the men who will lead the nation during the next few years will act with wisdom and courage to keep this country at peace."

### Caradan Community Club

The Community Club met Nov. 5, with Mrs. Ima Wicker. She had up a quilt for the ladies to quilt. As the club adjourned early, the quilt was not finished.

Refreshments were served to three members and five children.

The next meeting will be with Mrs. Lennie Horton instead of Mrs. Floy Burns, who plans to move to her new home soon. Everyone is invited to come to the next meeting, Nov. 19.—Reporter

### HERE WE GO!

People of Mills County have the opportunity of hearing The Dallas Symphony Orchestra, Earle Spicer, baritone, and Dorothy Kendrick, pianist, this season, brought to Gatesville by the Coryell Municipal Concert Association, at most reasonable prices.

The Symphony, the outstanding feature of the season, is directed by Antal Dorati, and will be in Gatesville at the City Auditorium, March 1, 1949.

Mr. Earle Spicer, baritone, singer of American and English ballads, is scheduled for Nov. 15.

Miss Kendrick, pianist, appears at a date to be announced. Memberships for the season are \$5 plus tax for adults and \$2 plus tax for juveniles.

### GIRL SCOUTS

TROOP III REPORT  
Girl Scout Troop III met at "The Little House" on Nov. 4, 1948.

Two older scouts acted as president and secretary. They were Bobby Blackburn and Angeline Smith.

We divided into two patrols. The Brownies, who have just flown up, and new members selected Panstes for the name of their patrol. The older scouts, who have been Girl Scouts a year or longer, called themselves the Gold Finch patrol.

The troop then played some games brought to the troop by Barbara Blackburn and Kathryn Horton.

The troop was adjourned.

### Mrs. J. W. Ballard Celebrates 90th Birthday

Last Thursday afternoon in Mrs. Walton Daniel's home in Big Valley Mrs. Ballard's friends surprised her with a nice birthday party. Mrs. E. D. Robertson had the pleasure of bringing her to the party. They were greeted at the door by her friends who had gathered for the party singing "Happy Birthday." Mrs. Ballard seemed surprised but happy to meet her friends again. She received many nice gifts and cards. Some who were invited were not there on account of not being well. Those who helped to make a good party were Mmes. Walter Nelson, Lela Robertson, Charley Miller, Cotton Johnson and Jaunita Flores from Big Valley; Mmes. Phillip Nickols and Phillip Guy, Eula Nickols from Goldthwaite.

The hostess served delicious cake and ice cream and a nice drink. Jimmie Daniel, Mrs. Walton Daniel's son, helped to entertain all the ladies and his little friend, Phillip Guy Nickols.

We all enjoyed the party, especially seeing and talking with Mrs. Ballard once more. We wish for Mrs. Ballard many more happy birthdays.

If the world is ever conquered for Christ, it will be by every one doing their own work, filling their own sphere, holding their own post, and saying to Jesus, "LORD, what wilt thou have me to do?"—GUTHRIE.

### CHRISTIAN SCIENCE SERVICES

"Mortals and Immortals" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, November 14.

The Golden Text is: "If ye live after the flesh, ye shall die; but if ye through the Spirit do mortify the deeds of the body, ye shall live" (Romans 8:13).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "He that committeth sin is of the devil; for the devil sinneth from the beginning. For this purpose the Son of God was manifested, that he might destroy the works of the devil" (1 John 3:8).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Mortals will disappear, and immortals, or the children of God, will appear as the only and eternal verities of man. Mortality is finally swallowed up in immortality" (page 476).

**STATE BREEDERS SEEK NEW CHICK WITH MORE MEAT**

Poultrymen in Texas will have an opportunity to win cash awards while working toward improvement of their own flocks by competing in a new three-year, nationwide program launched at a meeting of leaders of the nation's three-billion-dollar poultry industry at Lexington, Ky., last week (Oct. 28).

The new Chicken-of-Tomorrow contest, announced by H. L. Shrader, senior extension poultryman of the U. S. Dept. of Agriculture, is designated to bring superior meat-type chickens to American dinner tables by encouraging the breeding and development of plumper, meatier birds which can be more economically produced.

"The initial three-year Chicken-of-Tomorrow program which concluded last June in Delaware proved conclusively that definite improvements in meat-type characteristics can be achieved," said Shrader, who is chairman of the contest committee. "Much valuable breeding information has been distributed to the growers, while scientific data compiled by committee officials has proven of the utmost importance to the entire poultry industry."

"Inspired by the success of the initial contest, the nationwide interest created in the development of superior meat-type chickens, the educational value of dressed birds shows, and the opportunity to further improve the product, the national committee agreed unanimously that a new three year program is imperative," Shrader added. "At the request of this committee, A. & P. Food Stores have agreed to continue sponsorship of the contest."

Current plans call for a series of state and regional contests in 1949, additional state and regional trials in 1950, and a national championship final in 1951, with a new set of awards offered by the food chain.

Texas activities in the Chicken-of-Tomorrow program have been under the supervision of a hard-working committee headed by F. Z. Beanblossom, poultry marketing specialist at the Texas A. & M. College, College Station. The excellent calibre of the state competition is indicated by the fact that two state contestants, Frank W. Allenson of Brenham and Western Hatcheries of Dallas, were among the 40 entrants throughout the country selected to compete in the national finals last June in Delaware.

**Swing Of Southwest Farm Markets**

Southwest farm products mostly firm to higher prices during the past week, the U. S. Department of Agriculture's Production and Marketing Administration reports.

Corn climbed from seven to ten cents a bushel for the week, as wheat gained five, oats 3 and barley 2. No. 1 hard wheat closed Monday at \$2.45 1-2 at Texas common points. Based on No. 2 grades white corn sold around \$1.78 to \$1.90, yellow corn \$1.63, barley \$1.45 to \$1.49, and oats \$1.01 to \$1.02 at Galveston. Sorghums gained 12 cents a hundred pounds to sell at \$2.67 to \$2.72 for No. 2 grade.

Movement of turkeys to the Thanksgiving market remained light last week. Prices ranged from around 40 to 45 cents for young toms and 45 to 50 for young turkey hens. Eggs strengthened slightly, while poultry held mostly steady to firm. Best

in North Texas, and fryers 32 to 34 cents.

Cattle sold generally unchanged to \$1 or more higher for the week. Stockers and feeders showed greatest strength in Texas and Oklahoma. Medium and good whiteface stocker calves changed hands at \$19 to \$22 at Houston, where Brahmans moved at \$17 to \$20. Medium and good stocker calves went back to the country at \$22 to \$24.50 at San Antonio and \$21 to \$28 at Oklahoma City. Fort Worth took stocker steer calves at \$25 and down. Denver bought a few loads of choice at \$29.

Sheep and lamb prices advanced mainly at 50 cents to \$1 or more, although some classes remained unchanged at Texas markets. Ewes showed less strength than lambs. Cull woolled ewes brought \$7 to \$7.50

**SAN SABA PEAK**

By MRS. DUTCH SMITH  
We have a cool norther this morning and no rain. The Bible tells us it rains on the just and the unjust alike. We are beginning to wonder what class we are in. I think it has rained everywhere except here.

Dutch Smith, Bub Conradt and Lee Long left last Wednesday on a deer hunt.

Mr. and Mrs. Fate Eckert and Althea Mae visited over the week-end in Round Rock with Mr. and Mrs. Frances DeSpain. Mrs. Eckert's mother, Mrs. Etta Blackman, came home with them for a visit.

Mr. and Mrs. Sig. Jernigan moved from the Lazy B. Ranch as it sold to the King Brothers of San Angelo.

Mrs. LaDelle Geeslin from Fort Worth visited with her parents, Mr. and Mrs. T. A. Casbeer, from Wednesday until Sunday.

Mr. and Mrs. John Kuykendall visited in the Dutch Smith home last Monday.

Mrs. Fred Laughlin visited in the Dutch Smith home Tuesday.

Our hearts were made sad when we learned that Cap. Lyle Crume had been killed in an airplane crash in Europe. He was our neighbor for several years and when I say neighbor I don't mean some one who just lives near you. He was always ready to help you if you needed help. We extend our love and sympathy to his family and also to Mr. and Mrs. Victor Williams. We know how they loved Lyle. Losing their only son made Lyle dearer to them. We pray that our Lord will keep and comfort them in their hours of sorrow.

Althea Mae Eckert had a party for class in honor of Billy McNutt, who is moving away.

The writer is batching while Dutch is deer hunting and if anyone asks if I like to milk these Jersey cows you can tell them surely I don't, but we won't remember a thing about it one hundred years from now.

at San Antonio. Cull, common and medium lots sold from \$8.50 to \$9 at Fort Worth. Denver took common and medium at \$7 to \$8.25.

Revalued government-owned wools sold in Boston as fast as they were priced.

Monday's low hog markets brought the week's losses to largely around 50 cents a hundred pounds for a week earlier. Good and choice butchers ranged from 180 to 280 pounds closed around \$24.50 to \$24.75 at Fort Worth, and \$25 at Denver. Sows ranged from \$21 to \$23.

Jake Sexton came over from Dallas the first of this week and spent a few days visiting relatives and meeting his many old friends.

**SHOPPERS' GUIDE**

WHAT ON EARTH SHALL I HAVE FOR SUNDAY DINNER?

DON'T FRET, LADY. LET US SUGGEST A TEMPTING THRIFTY DISH.

**ROAST SHOULDER OF PORK WITH STUFFING\***  
PAN-FRIED POTATOES  
GREEN BEANS-CELERY SALAD  
FRENCH ROLLS 'n SPREAD  
HOT GINGERBREAD  
WITH WHIPPED CREAM

\*ROAST SHOULDER OF PORK with STUFFING

5 pound fresh pork shoulder  
1/4 cup diced celery and leaves  
1 tablespoon chopped parsley  
2 tablespoons fat  
2 cups soft bread crumbs  
1/4 teaspoon savory seasoning  
salt and pepper

To make stuffing, cook celery, onion, and parsley in fat for a few minutes. Add crumbs and seasonings and stir until well mixed.

Skin the pork shoulder, and cut one side to remove bones. Sprinkle meat on inside with salt and pepper, and pile in some stuffing. Sew edges together to form a pocket, and work in more stuffing. Sprinkle outside of shoulder with salt and pepper. Place roast, fat side up, on rack in shallow uncovered pan, and roast in moderate oven (325 F) about 4 hours, or until tender.

WITH **WBAP**  
Layne Beatty Fort Worth

Some phychologist said recently that things we don't understand we explain to each other. Maybe the outcome of the recent general election falls into that general class.

Anyway, it looks like support prices are going to be continued for a while longer. What congress will do, if anything, about the federal agricultural agencies is something nobody knows now.

When sponsors of the Southwest Livestock Clinic were planning a program for November 4 and 5 in Oklahoma City, they figured Republican Congressman Clifford Hope of Kansas would be the next Secretary of Agriculture, so they invited him to be the principal banquet speaker. He is chairman of the House Committee on Agriculture.

By the time he got there, the Democrats had won the election, and many folks thought perhaps he would change his speech. Actually, he made a fine talk with more information in it than the average speech by either an after-dinner orator or a congressman.

He thinks our long-range agricultural economy would benefit by having more livestock produced, and more livestock products consumed for a better diet. It might be a way to solve the problem of surpluses of grain products in some years, by letting some of the grain land produce feed for stock.

Also, he predicts more money for soil conservation in the U. S. but declines to guess just how it will be administered, or by whom.

We have known for some time about the railroads getting more interested in the agriculture of the areas they serve with their soil conservation tours and promotion of better pastures, but it was only last week that we rode on a Pullman coach named "Blue-stem."

As far as we know there has been no poll taken on the question but it seems to us there is a lot better feeling over the southwest now about the foot and mouth disease situation in Mexico. Cattlemen seem to have confidence in the way General Harry H. Johnson is performing as head of the U. S. participation in the two-nation control program.

Even so, there is no occasion for over-confidence or a let-up in this campaign.

## Frances White Is Wed To H. L. Wideman In Ausin

(Austin Statesman)

Miss Frances Emma White became the bride of Henry L. Wideman Jr. in an informal, double-ring ceremony Oct. 24 at the Presbyterian Theological Seminary Chapel.

The bride is the daughter of Mr. and Mrs. George W. White of Goldthwaite. A graduate of the Goldthwaite High School, she attended the University of Texas two years and is now employed with the Southwestern Bell Telephone Company in Austin.

Mr. Wideman, son of Mr. and Mrs. Henry L. Wideman Sr. of Austin, was graduated from Austin High School. He attended the University of Texas one year and served in the Marine Corps two years. At present he is attending business college in Austin.

The Rev. G. R. Hopson read the rites before an altar banked with chrysanthemums and ferns. Mrs. James E. Clark, organist, accompanied Paul Hickfang who sang "O Promise Me" and "Because."

The bride was given in marriage by her father. She wore an ice blue satin dress with fitted bodice and lace yoke. Her open crowned ice blue satin bonnet was tied in back with a large bow of blue net. She carried a crescent-shaped bouquet of white carnations centered with an orchid. Her only jewelry was a string of pearls.

Mrs. Russell Love, sister of the bride, was matron-of-honor. She wore a silver grey satin dress with yellow roses in her hair and carried a crescent-shaped bouquet of yellow roses.

Russell Love attended the bridegroom as best man. Ushers were D. A. Hammons, Ben F. McDonald Jr. and Bruce Love, all of Austin.

The bride's mother wore a grey

crepe dress with wine accessories and a corsage of baby chrysanthemums. The bridegroom's mother wore a black crepe suit with black accessories and a corsage of white baby chrysanthemums.

Following the ceremony, a reception was held in the home of the bride's sister, Mrs. Love, at 710 East 19 1-2. In the receiving line were the bride and bridegroom, their parents, the matron-of-honor and the best man.

The house was decorated throughout with chrysanthemums. The table, laid with an imported linen cloth, was centered with the bridal bouquet. The three-tiered wedding cake was topped with a miniature bride and bridegroom.

For traveling, Mrs. Wideman chose an orchid wool suit with brown accessories and a corsage of orchids.

After a short wedding trip the couple will be at home at 1605 1-2 San Antonio Street in Austin.

Cut-of-town guests were Mr. and Mrs. George W. White, Miss Elna Fouse, Goldthwaite; Mrs. Ewell Priddy and son, Priddy, Texas, and the Rev. and Mrs. G. R. Hopson, San Angelo.

## BETA SIGMA PHI MAY ORGANIZE HERE

A field representative of Beta Sigma Phi, international cultural and social sorority for business, professional and young married women, is in Goldthwaite to interview prospective members in anticipation of organizing a chapter here.

Mrs. Alyce Fishbaugh of Kansas City, Mo., is making her headquarters at the Saylor Hotel to interview women interested in joining. Membership is by invitation only.

There are nearly 3,000 chapters at present, and 70,000 active members.

Through a cycle of study programs, the sorority outlines topics which are discussed at two monthly meetings, covering subjects ranging from streamlined parliamentary procedure, etiquette, origin of speech and expression to literature, music, art, interior decoration, psychology and drama, according to Mrs. Fishbaugh.

Members may transfer to any chapter wherever they may go. Dues and other information regarding membership will be explained to prospective members who contact Mrs. Fishbaugh at the hotel.

Oporto, Portugal, is famous for its port wine.

**100 MILLION MOTOR VEHICLES**

This year the American automotive industry has reached a significant milestone—production of one hundred million motor vehicles.

The 100 millionth vehicle, like millions ahead of it, rolled off the final assembly line in one of 112 car and truck plants scattered over 77 cities in 74 states.

Historians generally credit Charles E. and J. Frank Durvea with building, in 1893 at Springfield, Massachusetts, the first U. S. automobile powered by a gasoline engine.

Since the first Durvea car 55 years ago, the industry has turned out motor vehicles at an average annual rate of nearly 2,000,000.

While American Manufacturers, under the U. S. system of free enterprise, were producing 100,000,000 motor vehicles, the other countries of the world, some of which began automotive production before the U. S., were turning out 24, 000,000 motor vehicles. Of the 100,000,000 vehicles produced in America, a total of 21,500,000 units went into export markets.

Today, in 1948, the automotive and related industries employ nearly 9 million persons, or more than one out of every seven individuals earning a living in the United States.

A total of 56 U. S. firms now produce 21 makes of passenger cars, 39 makes of trucks and 20 makes of motor buses.

With the automotive industry at present turning out about 30 new cars and 10 new trucks and buses every minute of every working day, it is entirely possible that the second 100,000,000 motor vehicles will be produced in the U. S. in less than half the time required for the first 100 million.

Last year some 4,798,000 cars, trucks and buses were produced. This output was exceeded only by 1929, 1937 and 1941 production. If the present rate of production is maintained for the balance of the year, 1948 output will be second only to 1929.

Since World War II, the U. S. automotive industry has added 34 new plants and thousands of new machines and tools to its facilities.

**Voices of God**  
Lesson for November 14, 1948

"WHAT became of our lost mules?" That is the kind of question which prophets once upon a time were expected to answer (1 Samuel 9:1-10). Some people still have this notion about prophets in the Bible, as if they had been gypsy fortune-tellers, tea-leaf readers or astrologers. They were nothing of the sort. It is not possible to open the Bible to the books of the prophets and read history-in-advance, finding out when the next war is coming and when the end of the world is scheduled.

If we could really use the prophets of the Bible in this way, then any reader of these books could write history accurately in advance; but no one has done this yet.

**Hired Man and Aristocrat**

THE genuine prophets, whose writings make up so much of the Bible, are something far loftier than mere fortune-tellers. They are authentic voices of God. Because of the way they spoke, the timeless truth of what they said, they are God's spokesmen to our own times as well as to their own, and to all times.

The Bible prophets were not "professionals." They had no churches to support them. No regular meetings were arranged for them. You never would have read in the Jerusalem Journal, if there had been such a newspaper, that the Rev. Dr. Isaiah would preach at the temple at 11 a. m. and there would be special music. Few ever knew when or where a prophet might speak.

No one knew beforehand where a prophet might come from. Amos, for example, was a hired man from a sheep-ranch. Micah was a small-town preacher. Isaiah was a highly cultured citizen of the capital, intimate with all the important people. Ezekiel was a trained priest, loving ritual and pageantry. Jeremiah was a lonely, hunted man, living often in jails. Daniel was a member of a king's council, wealthy and famous.

They were all kinds of men, these prophets, but one and all, they were God's voices, pleading, warning, teaching all who would hear.

**Their Times and Ours**

HUMAN nature is always much the same. One man alone, or one man with another man, or a man with a woman, or a man in a crowd—in the Eighth century before Christ when Amos preached, or now in the 20th century after Christ, the same sort of situation brings out the same temptations, the same sins. The prophets often sound quite modern, but that is only because the human race is so old-fashioned.

The prophets looked about them and saw a world much like our own. They saw people spending more than they could afford; they saw wealthy women dressing in competition with one another while poorer women starved; they saw crowds of business men attending religious services on Sabbath mornings and spending the rest of the Sabbath figuring out how to cheat their customers on Monday.

The prophets lived in evil times and they brought the judgment of God to such times—then, now and always.

**Sins of Society**

IN AN American town there was a lynching one Saturday night. The next morning there were four sermons in the four little churches of the town; but not one of the preachers had a word to say about that lynching or any lynching or about the causes that produce such crimes.

The prophets never would have missed an opportunity like that. They were not afraid to speak out, even when they had the whole community against them.

**What Does God Require?**

IT IS easier to say "Don't" than "Do." It is easier to criticize than to construct. But the prophets did not stop with warnings. They have given us a pattern for living, which Micah summed up in those matchless, inspired words: "What doth the Lord require of thee, but to do justly, and to love mercy, and to walk humbly with thy God?"

Everything that is good, in public life or in private, is included in those 22 words.

## SCALLORN—

—By MRS. ORA BLACK  
There were thirty-one present at Sunday School. Plans were made to wire our church for electricity and to have our Christmas tree and a program. James Teague is wiring some of the houses in this community.

Mrs. C. H. Black took Mrs. Turbville and daughters to Richland Springs Sunday afternoon.

Gene Turbville attended the Parks funeral at Burnet Sunday.

Wayne Henry and family were in the C. H. Black home Sunday.

It looks as though this community is fast becoming a turkey growing center. Leon Johnson has set the example and the following are planning on selling eggs to hatcheries; Wayne Henry, Luther Brown and Leon Johnson. A good breeding hen at \$8.00 will lay 55 or 60 eggs at 32 cents. So it looks like there is money to be made.

Mr. and Mrs. Arlie O'Bannon were guests Sunday of their son, Vernon, and family.

Mr. and Mrs. T. A. Casbeer and daughter visited in San Saba last Friday with Mr. and Mrs. Coleman Burnham.

Guests Sunday of Mr. and Mrs. John Kuykendall from Brownwood were their daughter, Mrs. Frances Kyle, Mrs. Bob Simms and their families. Mr. and Mrs. Sherwood Ford and two children from Washington were guests last week of his sister, Mrs. Webb Laughlin, and Mr. Laughlin.

Mr. and Mrs. Wesley Garrett of Hamilton were Sunday visitors of the Silas Burk family.

## THANKSGIVING DINNER

The Methodist young people are sponsoring a Thanksgiving dinner at the Methodist Church Thursday night, November 18th at 7 p. m. Mrs. Trapp of Daniel Baker College will be the guest speaker. There will also be special music.

If you have not bought your ticket, do so now and make plans to attend.

## SINGING AT NORTH BENNETT

The second Sunday afternoon is the time and North Bennett is the place if you like to sing or like to hear good singing. Usually there are visiting singers who render special songs. The interest is always grand because there are people there for their first time.

Singing will start at 2:00 p. m.

Why don't you come and sing with us? Come and listen. Although you may not be able to sing you can enjoy the fellowship and have a song in your heart.

Miss Jerol Vaughan, a student at S. W. T. C. in San Marcos spent the week-end with her parents, Mr. and Mrs. H. T. Vaughan, and family.

Mrs. Chas. Frizzelle brought Mr. Frizzelle home Thursday of last week from the Scott and White Hospital at Temple, where he underwent an operation several weeks ago. He is doing nicely and recuperating at his home.

Dr. and Mrs. M. D. Queen and daughter, Rebecca Jan of Longview, Mrs. Sue Leverett and Claudia Ann of Brownwood visited their uncle and aunt, Mr.

and Mrs. C. A. Eacott last week. Mrs. George Fletcher and daughter and granddaughter, Marjorie and Barbara Isham, and Mrs. Claude Eacott and Mrs. Al Dickerson spent Sunday in Austin. Roach Fox of Houston spent one night last week with his sister, Mrs. Claude Eacott. He was on his way to Midland where he will make his home. Mrs. Blanche Barton of Bryan is visiting Mrs. Fred Barton and family.

J. C. Haralson of Fort Sumner, New Mexico spent a week with his sister, Mrs. D. K. Wheeler, and other relatives. This was the first time the sister and the brother had seen each other in twenty years.

Mr. and Mrs. Alfred Eoff and family of Tuscola were week-end guests of his sister, Mrs. Leora Barton, and family.

BY MARY LEE TAYLOR

Roast Chicken or Turkey with Sage Dressing  
Giblet Gravy  
Fluffy Mashed Potatoes  
Green Peas  
Orange and Grapefruit Salad with French Dressing  
Pumpkin Pie (Recipe below)

NOTE: Starred items (meal of the week specials) in ad will make the meal.

**Pumpkin Pie**

Broadcast: November 13, 1948

1/2 cup brown sugar 1 1/2 cups pumpkin, cooked or canned  
1 tablespoon flour 1 1/2 cups Pet Milk  
1/2 teaspoon salt 1/2 cup Pet Milk  
2 1/2 teaspoons 1 slightly beaten egg  
pumpkin pie spice\* 2 tablespoons dark molasses

Turn on oven; set at very hot (450° F.). Mix brown sugar, flour, salt and spice. Stir in pumpkin, milk, egg and molasses. Pour into deep 9-inch pie pan lined with unbaked pastry. Bake 15 minutes, then reduce heat to slow (325° F.) and bake about 40 minutes, or until firm.

\*A mixture of 1 teasp. cinnamon, 1/4 teasp. cloves and 1/2 teasp. each of nutmeg and ginger can replace pumpkin pie spice.

The Library Board met Thursday of last week and decided to offer the services of the Goldthwaite Public Library located in the basement of the court house for another year with subscription rates and club donations the same as heretofore.

The Board greatly appreciated the books donated to the library, especially the generous gifts of Mrs. Homer De Wolfe and sons of Austin.

The Lions Club was represented by W. E. Miller; Art and Civic by Mrs. Philip Nichols; and Self Culture by Miss Dera Humphries. Judge Patterson also was present, as was Mrs. John Schooler, secretary-treasurer of the board. —Mrs. John Schooler, librarian.

### G-H-S

The Goldthwaite Eagles went to Fredericksburg Friday, Nov. 5, to play the sixth conference game of this season.

The game started by the Hillbillies scoring on a short run. Then later on in this quarter Fredericksburg scored again also making the extra point.

The second quarter started in a good way, for John Alex Miller ran for a touchdown. This made the score 13 to 6, and the Eagles were fighting hard to score again, but neither team scored, no matter how hard they tried.

The third quarter started as the second ended. Neither team was able to score. In the last minutes of this quarter Fredericksburg made another touchdown and also made the extra point.

In the last quarter the Hillbillies were stopped. They made no progress during this quarter. About the middle of this quarter Hamil Lynch, an Eagle halfback, made a run of about 50 yards for another touchdown. The Eagles failed to make the extra point. After a very hard struggle the Hillbillies were victors by a score of 20 to 12.

During the half the Fredericksburg band and pep squad made a blackout formation; the twirlers used sparklers, thus making a beautiful scene. They also awarded their sponsors and leaders presents as tokens of thanks.

The Goldthwaite band made a spectacular formation which was even better than the one Fredericksburg made, taking into consideration the size of the Eagle band.

The Eagles will meet the Llano Yellow Jackets Friday night at 8:00 p. m. on Eagle Field for the last conference game of the season. If you want to see the Eagles, led by Captain Jesse Hammond and John Alex Miller, wind up the season with a victory, do not fail to witness this game Friday, November 12, on Eagle Field!

### LIVESTOCK ASSN. MET WEDNESDAY NITE

The Mills County Livestock Raisers' Association held a business meeting at the new Mills County Agricultural Building Wednesday night of this week. Setting the date for the 1949 Annual Show here was scheduled, as well as other business. A complete report will be given next issue.

### MARRIAGE LICENSES

Marriage licenses issued by County Clerk Earl Summy since last report are:

Charles F. Blackburn and Velda Williams; Guy S. Bumgarner and Addie Johnson; Garland E. Parker and Jessie Marie Bear.

### NOVEMBER PLENTIFULS

College Station November grocery shelves will be filled with a large assortment of foods from which the housewife can choose. Homemakers can save on the family food bill by filling their grocery baskets with selections from the November Plentiful foods list, says USDA's Production and Marketing Administration.

All the foods on the plentiful list are reasonably priced in comparison to the less plentiful foods.

At the head of the list of plentiful fresh fruits and vegetables are red and white potatoes, white and yellow onions, cabbage, grapes, carrots, citrus fruits, cranberries and pears. And the cranberry is a big item on the Thanksgiving Day menu. Grocery shelves are also well-stocked with apple juice, applesauce, grapefruit segments, fruit spreads and honey.

Other reasonably priced and plentiful foods include dried figs, prunes, raisins, oat products, peanut butter and pecans. The fish list has on it frozen red snapper, Gulf trout, frozen roe, halibut and haddock.

Along about the middle of the month corn meal, grits and syrup will also be on the plentiful foods list, according to the PMA.

### GOING INTO THE WINTER

College Station—Texas cattle, both beef and dairy, face a hard winter.

In average years cattle enter the winter months in good shape after feeding on green grass. This year, however, many cattle are already suffering from a lack of the green feed. There just isn't any to be had.

Many cows that are now carrying calves may not be quite up to the task of giving birth and taking care of their young, says Dr. W. C. Banks, extension veterinarian of Texas A. and M. College.

Banks suggests that stockmen plan a good feeding program for the cattle. In addition to protein feeding, plenty of good quality hay should be kept on hand. And, if possible, hay with a good green color is recommended. If you can't get green hay, Banks suggests getting some other source of vitamin A to add to the ration. Your local veterinarian can give you the names of several commercial sources of vitamin A or you can give the cattle a dose of some kind of cod liver oil.

Only in a well planned feeding program, can we expect to keep down the death losses of both cows and their calves, says Banks.

### LEWIS HOME VISITORS

### OLD MAN 100

(Continued from page 1)

When the 7th said: "Yeah, who?" O. H. answered, "Mr. Woolworth."

Friend—"Is the new portrait of the 7th lifelike?" O. H.—"Lifelike! I jump every time I see it."

And a girl can paint and chisel without necessarily being an artist.

Old Hunnert found out long ago that a woman's "no" often means "yes"—but can't figure out exactly what she means when she says "Phooey!"

When O. H.'s rheumatism got to hurting too bad recent he called in a doctor, who said: "I can cure you in two weeks." O. H.—"You've had lots of experience with the disease, then?" Doc—"Well, I've had it myself for the last 15 years."

Also, the sting of a bee is only 1-32nd of an inch long—that other six inches is only your imagination.

If it's true that civilization is on its way backward to the ape type—then we should plant more trees now!

The 7th has bought so much stuff on a string of "easy" payments that it sure makes them months gallop by fast for Old Man O. H.—in fact, it's the fastest life he's led so far up to the first Hunnert years.

Well, O. H. can say he told you so. That there New Look has just went out of style right before winter when their ladies needed it most—also out of style went them padded hips, O. H. reads. But what about the corn-fed gal that has them natural?

We want what we want when we want it, and when we get it we allus want more.

Old Hunnert has allus wondered what a convalescent is—and now finds out it's a patient that's still alive.

A sailor, stuttering badly, rushed up to the captain with a message. Knowing that the man only stuttered when speaking, the captain directed him to write into poetry and sing what he was trying to say. Two hours later the sailor came back and sang: "Should auld acquaintance be forgot and never brought to mind; The blooming cook's washed overboard and he's 20 miles behind."

And here's one consolation for the youngster in GHS who failed to pass last term—he won't have to break in a new teacher this term.

It's a shame that Eve was not created first—she could have bossed the job of making Adam and then man would have been perfect.

And when a boy gets to a certain age—well, he runs up like the public debt.

Old Hunnert went to old GHS onct. And when the teacher asked: "If I subtract 10 from 25, what's the difference?" O. H. told her: "Yeah, that's what I say. Who cares?"

The 7th should be up on her parliamentary law—she's been speaker of our house for 15 years now, without opposition.

Old Hunnert jest accidentally found this sign on a Mills County chicken house the other night: "Anyone found here at night will be found here the next morning. The Owner."

And the difference in dancing and wrestling is that in wrestling some holds are barred.

Doc—"Ever have any trouble with dyspepsia?" Hunnert—"Only onct, when I tried to spell it."

When O. H. was sparking the 6th, he asked her at the movie: "Have you ever tried listening to a movie with your eyes shut?" Voice (from row behind)—"Have you ever tried listening to one with your mouth shut?"

Now, Old Hunnert has a mighty sharp ear and has been keeping it cocked-up lately to try to hear the sound of falling prices. As they ain't no ceiling for them to hit—he's heard nothing as yet.

For Governor—Jester 1261; Lane 120; Wright (Prog.) 2; Oberholt (Pro.) 2.

Amendments Totals—No. 1—for 498, against 297; No. 2—for 419, against 289; No. 3—for 408, against 298; No. 4—for 447, against 279; No. 5—for 555, against 231; No. 6—for 489, against 278; No. 7—for 363.

Goldthwaite business listings, the bank office and the county were scheduled to be day Thursday, November 11, which is celebrated as a national holiday.

It has long been the custom of Goldthwaite merchants to close on four holidays a Fourth of July, Armistice Thanksgiving Day, and Christmas Day.

The Eagle was put on one day early this Wednesday afternoon last Thursday, in order that the Goldthwaite Eagle team will meet Lometa Eagle Field here Thursday night (Nov. 11). The game is being watched to begin at 7:30 o'clock.

**NEW ARRIVAL**  
Mr. and Mrs. W. D. S. are the proud parents of a girl, born Nov. 5, at the Hospital at Brownwood. The young lady was named Allan. She is the granddaughter of Mr. and Mrs. Pearl S. and Archie Kelly of Goldthwaite.
