THE FIRST METHODIST CHURCH

M. D. LOWRY, Pastor

PASTOR'S PARAGRAPH:

By means of this paragraph let us be reminded that the Church with its Risen Christ, extends to all an opportunity to make their lives count for God and righteousness. The entire Church has been challenged through the Easter message of newness of life, to continue to grow in effectiveness. Many have joined this Church and dedicated themselves to God and the program of His Church. May we all accept the challenge to rededicate our lives in brotherly love and unselfish service in these days when so many around us are unconcerned.

Large numbers of Church members and friends have shown true loyalty and service to the church. There is no reason whatever why the days of blessing that were ours during the Easter season should not continue throughout the weeks to come. The Easter afterglow is upon us. My prayer is that the afterglow may shed its radiance upon us throughout the remainder of the year, so that every Sunday may be for each of us Easter Sunday—the day on which our Lord rose from the dead in triumph.

Mills County True Sportsmen's Ass'n. In All-Day Meet Thursday

The Mills County True Sportsmen's Association will meet next Thursday, May 12, at Elm Mott on George Fletcher's Ranch, four miles Northeast of Mullin.

A program has been planned for the entertainment of all who will attend.

Barbecue will be served at the noon and evening meals. Also the ladies may bring cakes, pies, and salads.

A large crowd of Lions met at The Hangar in regular first Tuesday night meeting this week.

Lion President Joe B. Karnes announced that Lions International had sent the Goldthwaite Lions Club a Lions Club road sign, which is to be placed on the highway. This was sent to the local club without charge in appreciation of their having sponsored the new Mullin Lions Club recently.

President Karnes said the Loving Cups were ordered by the club to be given to three Mills County FFA and 4-H Club boys and one girl had arrived and would be presented to the state winners in livestock shows last winter at the next regular Lions Club meeting, Tuesday night, May 17, 7:30 o'clock, at which time the winners and others will be invited to be guests of the Lions Club. The club's Loving Cup Committee is composed of County Agent George Reese, Vocational Agriculture Teacher Y. B. Johnson, and Dr. T. C. Graves, farm and ranch leader here. The citizens of Star are sponsoring part of the cost of the cups, one boy and one girl of that community being among the four Mills County winners.

The members of the Loving Cup Committee are also to be the program committee for the next meeting.

Also to be presented at the next meeting are three 10-year and one 20-year Lions Club Membership pins to four Goldthwaite Lions.

The president announced that the Lions Club play, "Crazy House," hilarious comedy that lives up to its name, would be presented at the Grammar School Auditorium on Friday night, June 10. Lion Karnes expressed appreciation for the hard work being done by the cast, both Lions and others. They have been practicing at Legion Hall three nights a week under direction of Mrs. Dr. Childress, Miss Elna Fouse, and D. D. Tate. All proceeds from the play will go into the Lions Club Welfare Fund.

Lion Harold Yarborough reported on the progress being made by the Rodeo Committee on arrangements for Goldthwaite's Fourth Annual Rodeo to be staged at Jernigan Arena two miles east on Friday night, May 27, and Saturday afternoon and night, May 28.

JAYCEES HERE SPONSORING SHOWS

Under the sponsorship of the Goldthwaite Junior Chamber of Commerce, Burdick's Greater Shows will show at American Legion Grounds here all next week, starting Monday and ending Saturday.

The management says this show has the recommendation of being the cleanest show on the road.

The Dog Show is to begin at 2:30 p. m., so all hunters who have dogs, bring them and help make it a success. Ribbons will be awarded to winners.

Then at night, for those who care to go, there will be a hunt. Bring your family, friends and dogs and let's make this

one of the most enjoyable days ever spent in Mills County.
Mrs. Tom McArthur,
Secretary-Treasurer.

Goldthwaite To Have Natural Gas From Pottsville Field By Lone Star

At a called session of the Goldthwaite City Council on Tuesday morning at 11 o'clock, the Council was host to Lone Star Gas Company Vice-President May of Dallas. Mr. May presented a proposal to the City Council whereby his organization would start immediately on the project of laying a 12-inch gas line from the Pottsville gas field to Goldthwaite, with ultimate destination of the line to be Kerrville. Lines will be laid to serve all towns in the vicinity of the route.

The City Council granted the franchise to the Lone Star Gas Company for a period of 35 years, with established rates to be charged. City Utilities Manager W. C. Barnett said. The Lone Star Gas Company agrees to pay the City a two per cent gross receipts tax yearly for use of its streets and alleys. Mayor Loy Long said work in

the city of laying gas mains was expected to start within 30 days, and Mr. May said if pipe delivery came in on schedule natural gas would be in Goldthwaite before Christmas.

A copy of the franchise from the City to Lone Star will be published in The Eagle in detail next week.

This is the culmination of a project undertaken here by the Junior Chamber of Commerce soon after it was organized. It is a follow-up of a project by Lone Star that was all set to go just before the war but had to be postponed on account of unavailability of necessary pipe up to the present.

As soon as the line is completed to Kerrville, Lone Star will lay another pipe line from Lometa to Killen, which place they have a line from the East Texas gas fields, thus assuring an ample supply here in any eventuality.

Spring Term Of 27th Judicial Court Opened Here Monday; 7 Indictments

District Judge Wesley Dice, District Attorney Jim Avelts and District Clerk Earl Summy opened spring term of 27th Judicial District Court at the court house here Monday morning.

The Grand Jury was impaneled, organized and returned seven indictments, and recessed Monday afternoon subject to recall during the continuous spring term.

Indictments follow: J. T. Morris, driving while intoxicated; R. B. Rumbo, two cases, one for burglary and one for chicken theft; Otis Taylor, two cases, theft and burglary; Boris Petroff, forgery; Robert O. Green, cattle theft.

The Grand Jury is composed of E. B. Tuberville, foreman; D. D. Tate, C. C. Wright, W. B. Black, H. R. Collier, J. H. Priddy, W. W. Lucas, J. M. Oglesby, Willie Groth, David Watters, A. G. Wasserman, J. K. Smith.

R. B. Rumbo Tuesday morning pleaded guilty before Judge Dice to the charges of burglary and chicken theft, and was sentenced to two years in the penitentiary to run concurrently with two years he recently received on chicken theft charges in Brownwood and two years in San Saba. He has been indicted and is yet to be tried on chicken theft charge in Burnet County.

National Home Demonstration Week Being Celebrated Over County

Homemakers who have benefited from home demonstration work of the Extension Service—there are more than 3 million of them in this country—are celebrating this week (May 1-7) as National Home Demonstration Week.

They seek, by acquainting other women with its advantages, to express their gratitude for the great national educational project which brings to women the latest homemaking information without a charge.

Those who are organized in home demonstration clubs will hold special meeting to obtain wider recognition of problems affecting the rural family and to encourage participation of a greater number of families in the extension program.

Originally designed for rural women only, the service now has been expanded in some areas to include city women as well. Problems of food, clothing, shelter, and family life are shared by all homemakers.

Homemakers in the city and country alike will agree that the home demonstration service accomplishes its purpose of helping women have "a more abundant home and community life."

SUMMARY OF T. H. D. A. MEETING IN EASTLAND

The summary of the T.H.D.A. meeting in Eastland was given by Miss Bess Edwards, district agent for district 8, April 28. She used a very clever idea which she called piecing a quilt.

Some of the blocks of the quilt were large and some were

Some Of Toughest Rodeo Stock In World To Be Here For Fourth Rodeo

At the second meeting of the Rodeo Committee held Monday night of this week, additional committees were appointed and details worked out to make Goldthwaite's Fourth Annual RCA approved World Championship Rodeo one of the best in the nation this year. Three performances will be staged—Friday night at 8, May 27, and Saturday afternoon at 2:30 and Saturday night at 8, May 28, at Jernigan Arena two miles east of Goldthwaite on the Waco Highway.

Parade Committee composed of Hollis Blackwell and Leston Bain are making arrangements for a big colorful Rodeo Parade on Friday afternoon preceding the first performance that night.

The Rodeo Committee voted to give away during the last performance Saturday night a \$200 saddle and outfit to holder of the lucky number. Donations to the Fourth Annual Rodeo of \$1 each will be received by Clarence Bauman, head of the saddle ticket committee. The saddle is to be ordered by R. L. Steen and will be on display in various show windows before the Rodeo date.

Rodeo tickets this year have been reduced to \$1.25 for adults and 75 cents for children under 12, tax included. It is not now planned to have reserved seats. From 2,000 to 2,500 bleacher seats will be installed on both sides of the Rodeo arena.

LOCAL BULL RIDERS

Besides a fast-moving two-hour rodeo show, Mills County men who think they can ride the bill as well as sling it are being entered in an added attraction—bull riding open to non-professional Mills County men only. This will be a lightning fast event, with bulls and riders coming out of the schutes before the one ahead has been unseated, maybe. Howard Campbell is chairman of the committee for this event, and entries should be made with him. Entry fee will be \$1 per rider, with winner of the event taking all. Already entered are Dr. T. C. Graves, Delton Barnett, Everitt Holland, John L. Gwin, and Leston Bain.

Buck Steiner and son, Tommie Steiner, of Austin have some of the toughest Rodeo stock in the business, and have been making a regular Rodeo circuit each season. This is their first show here. They will have at least 54 bucking horses and 24 mean bulls at the Rodeo here, and promise a fast-moving, thrilling event at each performance. Besides the six events of Bareback Bronc Riding, Saddle Bronc

Riding, Bull Riding, Steer Wrestling, Calf Roping, and Girls' Flag Race, specialty acts of the highest type are promised, together with good clowns. In one of the specialty acts, "Skippy" a small dog, jumps in, out and through a fast-spinning rope—the only dog ever trained to do this act. In another specialty, Weaver and Juanita Gray spin 80 feet of rope around two running horses.

The temporary Mills County Rodeo Committee to stage the Fourth Annual Rodeo is composed of 17 business and professional men, who are underwriting losses, if any.

Committees for special activities are:

Advertising Committee—Raymond Little, chairman.
Parade Committee—Hollis Blackwell and Leston Bain.
Consessions Committee—Harold Yarborough, Sig Jernigan, and Dan Chastain.
Committee in Charge of Admission—R. L. Steen.
Parking and Policing Committee—Everitt Holland.
Saddle Committee—Clarence Bauman.

Local Bull Riders Committee—Howard Campbell.
An added purse of \$1,000 to the entrance fee money will assure some of the best rodeo performers in the business of being present to participate in Goldthwaite's Fourth Annual Rodeo, May 27 and 28.

A number of relatives and friends accompanied Mrs. Delpha Conway, daughter of Ray Blackburn, to Brownwood Wednesday morning where she entrained for California from there taking a boat for Okinawa where she will join her husband, Sgt. M. L. Conway who is with the army.

"Skippy Jumps The Loop"

WEAVER GRAY and his dog, "Skippy" are pictured here jumping in a spinning loop together. Skippy is the only dog ever trained to jump in, out and through spinning loops, and, believe it or not, Skippy even jumps the Texas Ship with her trainer. This is considered the top act in the Rodeo business today, and will be put on at Goldthwaite's Fourth Annual Rodeo on May 27 and 28.

Ford Hydraulic Touch Control

Maybe I'm lazy or maybe I'm smart. Anyhow, when I'm on a tractor, I don't want any tugging at stiff levers to raise heavy plows, cultivators and whatnot. I'll take Ford Hydraulic Touch Control every time. I can sit on this new Ford Tractor and lift or lower and set an implement by moving the Touch Control lever.

Say! Maybe you are like me . . . lazy or smart, take your choice. Anyhow, if you want easier, faster farming tell me to bring out a new Ford Tractor for a free demonstration that you'll enjoy . . . without obligation.

By the way . . . my good service on all Ford Tractors and equipment for them has a lot of folks talking.

Forest is now teaching in Columbia University in New York City while writing his thesis for his Ph. D.

He is writing his thesis under Prof. Carter Goodrich, head of the economics department at Columbia. His subject is "The Role of the Army Engineers in the Planning and Encouragement of Internal Improvements."

Forest received his B. A. and M. A. degrees at the University of Texas, before entering the service in September 1942. He is a Phi Beta Kappa student, also a member of Alpha Kappa Delta, honorary sociology fraternity.

CHRISTIAN SCIENCE SERVICES

"Adam and Fallen Man" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, May 8.

The Golden Text is: "As in Adam all die, even so in Christ shall all be made alive" (I Corinthians 15:22).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Stand fast therefore in the liberty wherewith Christ hath made us free, and be not entangled again with the yoke of bondage" (Galatians 5:1).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "It is only by acknowledging the supremacy of Spirit, which annuls the claims of matter, that mortals can lay off mortality and find the indissoluble spiritual link which establishes man forever in the divine likeness, inseparable from his creator" (page 491).

After one full week of debate on labor legislation, the lines were drawn last week for a show-down on labor legislation this week.

The bill before the House was known as the Lesinski bill. It would repeal the Taft-Hartley law and completely re-enact the old Wagner Act. It goes further to prohibit the States from passing laws dealing with the closed shop or compulsory check-off of union dues.

There are 21 States, including Texas, which now have laws prohibiting or limiting the closed shop. The Supreme Court recently held that the States have the constitutional right to legislate on that subject, and the Lesinski bill is designed to repeal all such laws passed by Texas and other States and to nullify the Supreme Court decision.

In an attempt to preserve the portions of the Taft-Hartley law which experience has shown to be good and to discard certain objectionable features, Rep. Wood of Georgia introduced a bill to that effect. It was offered on the floor as a substitute for the Lesinski measure.

That set the stage for the show-down. A vote against the Wood bill would, of course, be a vote to keep the Lesinski bill alive. All members who oppose the Taft-Hartley law and want to return to the Wagner Act and want to prohibit the states from regulating the closed shop, would, of course, vote against the Wood substitute.

In an attempt to force the Lesinski bill through, without amendments, the labor business agents over-flowed the capitol with lobbyists from every State in the Union. Old-timers say they have never seen anything like it—a tremendous pressure drive.

John Lesinski, Chairman of the Labor Committee, and author of the pending bill described the picture very well in these words:

"We've got all the strategy worked out. The leadership has agreed to fight every amendment to the Wood bill, and if it doesn't get amended, then it doesn't stand a chance. The galleries are going to be packed with Labor representatives from every district to watch the members go up the aisle on teller votes and they'll know what to look for."

The pressure was on—they say never before equalled in legislative history. As this is written, the outcome looks like a toss-up, with the Wood bill appearing to have the edge.

HILLSIDE MISSION

By LIDA BYRNE

A preacher said an American took all of his money and bought a large, beautiful diamond. The man was on deck of a ship coming back to this continent from across the ocean. The wind was high, he pitched the diamond up to show some of his friends its sparkling beauty. The wind blew it overboard.

Some of us miss the spiritual goal for ourselves, getting ahead financially in the world instead of seeking for the deeper things which we cannot lose. In St. Matthew 6:20 we read: "But lay up for yourselves treasures in heaven, where, neither moth nor rust doth corrupt, and where thieves do not break through nor steal: For where your treasure is, there will your heart be also."

We trifle around with spiritual opportunities for our children, and it is not long until we have missed the opportunity for instructions to them: Proverbs tell us "Train up a child in the way he should go: and when he is old, he will not depart from it."

E. P. THOMPSON

(Brownwood Bulletin) Funeral services for Edward P. Thompson, 78, widely known merchant and salesman, will be held at the Davis-Morris Chapel at 10:30 a. m. Monday, with Dr. Harry Lee Spencer officiating, assisted by the Rev. Edwin Norton.

Mr. Thompson, who lived at 1505 Durham, died in a local hospital Saturday, April 30, at 11:30 a. m.

He was a native of Hempstead and was born March 7, 1871.

After operation of a general merchandise store at Zephyr for several years he joined the Waples Platter company as a salesman. Later he was a business machines salesman and in the insurance business.

He was married to Miss Minnie McBurney February 27th, 1898. They celebrated their 50th wedding anniversary February 27, 1948.

Surviving are his wife; three sons, W. H. Thompson of Brownwood, S. M. Thompson of Austin and Edward P. Thompson of Dallas; a daughter, Miss Doris Thompson of Brownwood; four grandchildren, William Lay Thompson and S. M. Thompson, Jr., of Austin, E. P. Thompson III and Ethelyn Thompson of Dallas; two sisters, Mrs. J. W. Kelley and Mrs. J. M. Hicks of Goldthwaite and a brother, C. M. Thompson of Gatesville.

pall bearers were C. M. Hicks, T. H. Hart, Joe A. Palmer, Edward E. Palmer, Walter Emison and Joe Day.

Burial will be in Greenleaf Cemetery.

Mr. Thompson, a brother of the late R. M. Thompson, former owner of the Eagle, was well known in Goldthwaite, having lived here for several years. Two of his sisters, Mrs. J. W. Kelley and Mrs. J. M. Hicks, still live in Goldthwaite.

Mrs. Alberta Burns and Johnny, Mr. and Mrs. Doyle Vaughn of Ranger visited Mr. and Mrs. J. R. Mitchell and Mr. and Mrs. Walton Daniel over the week end.

"To Appear on Melba Stage All Of Next Week"

Starting Sunday Matinee, Kirma, internationally famous psychologist and mental telepathist, will appear on the stage of the Melba Theatre all of next week.

According to the management of the Melba, Kirma will present one of the most amazing demonstrations in mental telepathy and psychology ever presented on the American stage.

His audience will be invited to concentrate their minds upon any important question pertaining to affairs of the heart, business, position, health, vocation, etc., and Kirma will answer them. He will be seen to stroll down the aisle of the theatre, point out various spectators and actually tell them what they are thinking about at the time. During Kirma's demonstrations he will not refer to persons by their full names and personal questions will be answered in a manner so that only the person thinking of the question will understand his answer.

There will be no charge whatever connected with Kirma's advise upon your various problems. All that is necessary to have your questions answered is a strong desire to have him answer it and a willingness to concentrate upon what you want to know.

Kirma is considered as the world's greatest exponent in his field of mental science and his demonstrations promise to be both constructive and entertaining.

SCALLORN

H. D. CLUB

The Scallorn Home Demonstration Club met in the home of Mrs. Otis Carothers on the afternoon of April 27th, with our president, Mrs. Dutch Smith presiding. We extend a cordial welcome to our two new members, Mrs. W. B. Wooster and Mrs. H. B. Curtis—we hope that they enjoy the club as much as we do. It was pleasant to all to see so many of our members present—thirteen in all and three guests, Mrs. Mac Humphries, Mrs. C. Denson and little Rocky King. Members not present missed a wonderful time—try to make it next time.

After the usual business was transacted the meeting adjourned and Mrs. Johnnie Crawford gave a very interesting and educational demonstration on "Metal Craft". She started with an aluminum disk and emphasized each step in making an etched tray. The finished product was beautiful and many of the members were anxious to get started on a tray for themselves. We sincerely thank Mrs. Crawford for her time and effort in preparing and presenting the demonstration.

A delectable luncheon was served by the hostess assisted by Mrs. Mac Humphries and Mrs. C. Denson. Our next meeting will be held at the home of Mrs. Eckert on May 25th. We are looking forward to having Miss Ella Hintz, our home demonstration agent with us. Due to the District Meeting she was unable to be present at this meeting. All members try to be present and bring a guest.

BIG VALLEY H. D. CLUB

On April 28, eight club members and a neighbor, Mrs. Bert Murphy, honored Mrs. Liva Weaver with a "Sunshine Visit."

Upon arrival they were pleasantly surprised to find Mrs. Floyd Weaver, from Bishop, Texas, but formerly of Big Valley, was visiting Mrs. Weaver, hence we enjoyed visiting with her also.

After visiting for sometime, Mrs. Mary Weaver served cake, coffee and hot chocolate to those present.

Mrs. Weaver then opened the little remembrance gifts brought by her neighbors and sent by those who could not come. She found among them several useful household items and flowers.

Mrs. Weaver seemed very pleased to be remembered by her friends in this way, and made the club proud that it has been able to carry out the resolution of the "Sunshine Visits."—Reporter.

Self Culture Club

The Self Culture Club closed its 43rd year last Thursday when it met in the home of Mrs. Walter Weatherby for the concluding program of the year. Mrs. Weatherby and Mrs. Hope Schultz were co-hostesses.

We were very happy to have Mrs. O. O. Smith as the guest speaker for the occasion. Mrs. Smith, in her very gracious and charming manner, reviewed "Cheaper by the Dozen" by Frank B. Gilbreth and Ernestine Gilbreth Carey.

The business meeting was presided over by our new president for 1949-50, Mrs. S. P. Sullivan.

Guests for the afternoon were Mrs. O. O. Smith, Mrs. Omer Weatherby, Mrs. Marvin Hodges, and Mrs. Childress and the club members.

Visiting In Wisconsin

Mrs. Ola Howell left last Friday for Wisconsin, where she will visit her daughter, Mrs. Juanita Raasch, and family until the last part of June.

LOCAL P.-T. A. TO MEET WED. NIGHT

The last meeting of our local P.-T. A. which meets at the auditorium at 8:00 p. m., May 11th, sounds like it will be the most interesting of all our monthly meetings. Don't miss it. "Finding Permanent Values Through Home and School" is our subject. Should we not all strive for those things that bring us permanent value? There will be an excellent film shown also, "Pop Rings the Bell."

The beautiful song "Trees," will be sung by Mrs. Hope Schulze, and the officers for the coming year will be installed with the Oak Leaf Installation Service.

Please, parents and teachers, be there. May we count on you.

Those of you who missed our last meeting of P.-T. A. missed an excellent meeting. Mrs. R. L. Steen brought to our attention recreational needs of our community for Summer months. Some of them needed most are a community center meeting regularly for teen agers under supervision of alert adults, a swimming pool, a skating rink, play parks and above all interested parents and adults who are willing to spend some time with our youth every week.

Mr. Hines, leader of the program discussed conditions existing between teachers and parents and Mrs. Orvil Hale, Mrs. Geraldine Head, Mrs. Oran Carothers discussed lesson problems, home problems and other problems of the Life of a school child and his parents. All the talks were excellent and very informative and instructive.

In a business meeting, Mrs. Sparks Bigham led the group in prayer. The association voted to send its new president to the district meeting of Parents and Teachers in Weatherford April 27 and 28, and any other delegate who could go.

The sixth grade won the attendance reward, Adjournment.

Men Are Now For Women Jurors, The Texas Poll Survey Indicates

By **JOE BELDEN**
 Director, The Texas Poll
 Austin, April 30.—Ladies, the men have changed their minds. Before the war, the weight of opinion among Texas men was that women should not serve on juries. Now two out of every three think it is all right. The Texas Poll measured public opinion on this question once before the war, in March 1941, and twice after the war. Here is how comparable cross sections of adults—men and women combined—voted each time:

	1941	1947	Now
Should	50%	65%	65%
Should Not	42	27	28
No opinion	8	8	8

100% 100% 100%

In each survey, about two-thirds of the women voted in favor of jury service for them-

selves. Only in recent years, however, the men come around. In 1941, less than half of the men approved of the idea. In 1947, men voted 64 per cent in favor. In the latest survey, they have given their greatest approval to date—66 per cent. Texas is now one of seventeen states that do not permit women on juries. A change in the State Constitution to remove the disqualification has been proposed by the Texas Senate. If adopted by the House, the proposal will be voted on by the people. There is evidence that public opinion on jury service for women has been shifting in other states besides Texas. In 1941, a total of twenty-three states disqualified women from juries. Analysis of The Texas Poll results indicates that the highest approval comes from the younger age brackets, the upper educational levels, and the upper socio-economic groups.

HEALTH NOTES

Emphasizing the importance of proper sanitation standards in public eating establishments, Dr. Geo. W. Cox, State Health Officer urges the patrons of such establishments to insist upon cleanliness in the preparation and dispensing of foods. The health authorities cannot maintain daily inspection of cafes and other food handling places, and if the public is careless in accepting insanitary conditions, dozens of infectious diseases can be transmitted to the public from insanitary food and utensils. "Food handlers schools are being taught constantly throughout the State," Dr. Cox said, "and every cafe owner should take advantage of these schools to see that his personnel is trained in the sanitary methods of preparing, storing and dispensing food to the public. If that is their profession, they should qualify themselves to do the work safely. This is the restaurant owner's responsibility to his patrons." The public should insist upon a cafe being free from roaches, flies, and other insects; cracked dishes should never be used; tables and linens, as well as dishes and silverware should be scrupulously clean, and milk should be served in the original container, with the cap intact. They should note whether or not a cafe displays a placard stating that its standards of sanitation have been approved by local or State health officers. "Obviously the best in sanitation can be had only through close cooperation between the public, and health officials. As long as the public approves and accepts insanitary conditions in eating establishments, they will continue to exist", Dr. Cox warned.

228 ACRES SCHOOL LAND IN MILLS COUNTY YET UNSOLD

Austin, May 3—State Land Commissioner, Bascom Giles, states there is still public land for sale in Texas. However, not much of it, as Texans measure land. Less than one per cent of the once colossal public domain is available to high bidders as the unsold acreage has dwindled to a total of 1,025,875.70 acres. (The total acreage of the state is 172,687,000.) The unsold land includes 228-80 acres in Mills County. Not all of the million acres can be purchased, Giles explains. The domain is administered by the School Land Board, of which Giles is chairman. "No school lands within five miles of oil or gas production can be sold," Giles points out. When there is sufficient demand, the School Land Board authorizes the sale of specified tracts. A public sale is advertised and information about the tracts supplied by the General Land Office upon request. Sale is by sealed bids. The high bidder, if conforming with all regulations, is the new owner. The terms are 20 per cent down with 40 years to retire the balance at five per cent interest. The Permanent School Fund retains one-sixteenth free royalty in all oil production and one-eighth free royalty in sulphur production. The self-sealing caps that do not require rubber rings for glass jars save time and energy in the sealing process. A suddenly falling barometer indicates a short storm.

JIM CIRCLE OPENS NEW-USED CAR MARKET ON S. FISHER

Tom Miller of Goldthwaite will be salesman for the used car market just established here by Jim Circle of San Saba. The lot is located just below the hill on South Fisher Street.

Several good used cars are already on display.

Jim Circle is a former resident of Goldthwaite, but for the last ten years has been owner and operator of the Circle Motor Company at San Saba, with agency for the new Chrysler and Plymouth cars there. He also operates big used car lots at San Saba and Junction. Mr. Circle has recently had constructed a large building in San Saba for the Circle Motor Co. He handles all makes of new and used cars.

Scottie Vaughan, Mildred Hale, Pat Lockridge, Dennis Aldridge, and Walter Langston, young people of the Baptist Church, attended the Elijah musical production by the Howard Payne Oratorio Chorus at Brownwood, Sunday afternoon. Mrs. Sam Sullivan of Goldthwaite also attended the program.

Supervisors J. H. Priddy and Willis A. Hill of the Brown-Mills Soil Conservation District attended the Fort Worth Press Awards Banquet in Fort Worth Saturday evening, April 30. They saw the best conservation group in the State—the Salt Branch Group of the Brown-Mills District—receive a \$1000 check for doing the best job of conservation as a community.

"Buck" Means of the Salt Branch Group won an award for being the outstanding conservation farmer in the District. Patsy Hale, Goldthwaite Grammar School student, won a cash award for her essay on "How Soil Conservation Pays".

Louis Bromfield, author, farmer, conservationist of Malabar Farm, Ohio was the principal speaker. He pointed out that the days of bad farming are over and only the conservation farmer can stay in business.

"Soil erosion is not a necessary part of good farming," Bromfield said.

Others who attended the Awards Banquet were Ben R. Day, Work Unit Conservationist, Goldthwaite, C. L. Evans, of the Dudley Conservation Group, and Charley Swindle of the Washboard Conservation Group. Ben R. Day presented the check for the winning essay from Goldthwaite to Miss Patsy Hale on Monday morning before her classmates in the 7th grade. Mrs. Sparks Bigham is her teacher who sponsored the contest. Eighth grade pupils under the supervision of Mrs. Joe Palmer also entered the contest.

Following is from the Brownwood Bulletin:

AWARD IN CONSERVATION CONTEST

The Salt Branch Conservation Group of western Brown county, northwest of Brookesmith, has been adjudged "Best in the State in '48."

Saturday night the seven farmers comprising the group, together with Vernon Carr, Brookesmith, Brown-Mills Soil Conservation District supervisor; John R. Stough, Soil Conservation Service technician, and others were in Fort Worth attending the big function sponsored by the Fort Worth Press at which awards were made for soil conservation work in Texas.

And the Salt Branch Group received a \$1,000 cash award, which will help the group speed up its conservation program.

The group is composed of the following Salt Branch farmers: Guy McMurry, group leader; Joe Atkinson, J. Roger Windham, J. K. McMurry, W. R. Means, W. W. (Buck) Means and Albert Cole.

Buck Means was also adjudged the "outstanding farmer" of the Brown-Mills Soil Conservation District for 1948 and will be awarded a plaque. He is the youngest of the seven, and was born on the farm of his father, W. R. Means, 30 years ago, attended school at Salt Branch and high school at Bangs. He has lived at Salt Branch all of his life.

His father, W. R. Means, is 70, and J. K. McMurry, father of Guy McMurry, is 75. It was regarded as most unusual that two farmers 70 or over should be in a group winning top state honors. Both Means and McMurry are active and aggressive farmers.

The Salt Branch Group is the first in the Brown-Mills District to apply 100 per cent all practices as planned. The group maintained through 1948 all practices on all seven farms.

Together the seven farmers operate 1,302 acres, according to Mr. Stough of the SCS office in Brownwood and W. R. Heizer, Dublin, SCS district conservationist.

Each member of the group has a complete conservation plan of sound land-use for each acre of cultivated and pasture lands.

Mrs. Earl Harkey left Thursday morning for Austin, where she will attend to business matters and visit friends.

Mrs. C. W. Law returned home Monday afternoon after a week's visit with her son, Mr. and Mrs. Morris Law at Waco.

SUNDAY MOTHER'S DAY AT THE CHURCH OF THE NAZARENE

MOTHER'S DAY SERVICE AT THE METHODIST CHURCH

This Sunday, Mother's Day, honors all our mothers at The Methodist Church. The Pastor announces that a beautiful corsage will be presented to the oldest mother present. Corsages will also be presented to the mother with the largest number of children, and to every mother who has had a baby since last Mother's Day. An appropriate sermon, "The Essential of True Motherhood" will be delivered by the Pastor. It will be a good day as we honor our mothers.

MRS. JOE TAFF

Mrs. Ella Nora Taff passed away at her home in Cleburne, Sunday (May 1, 1949). Funeral services were conducted at 3:00 o'clock Wednesday afternoon, May 4, at the First Methodist Church, Goldthwaite. Rev. M. Dick Lowry, pastor of the Methodist Church was in charge of services. Interment was in Goldthwaite Memorial Cemetery.

Mrs. Taff was born November 21, 1881, at Mason, Texas. She was a resident of Goldthwaite for 20 years, and moved to Cleburne from Temple. She had resided in Cleburne for the past 20 years.

Mrs. Taff was a member of the Methodist Church at the time of her passing, having united with the church when a small girl.

Survivors are: her husband, Joe Taff; two sons, Henry Taff and Jack Taff, of Dallas; one daughter, Mrs. Minnie Penn, of Cleburne; four brothers, Edd Leifeste, of Junction City, Henry Leifeste, of Kilean, Adolph Leifeste, of Wisconsin, and Felix Leifeste, of Austin; and four sisters, Mrs. W. F. Fox, Mrs. Emma Oltrogge, Mrs. Paul Boehl, all of Goldthwaite, and Mrs. Tom Wilson, of Sonora.

Planets have been discovered by mathematical calculation.

G. A. CORONATION SERVICE HELD SUNDAY NIGHT

The Girl's Auxiliary organization of the Baptist Church was featured in the evening service last Sunday night. Many of the girls were ready to take forward steps in their work and were presented to the congregation for the first time. Mrs. Harry C. Wigger of Brownwood, District Young People's Leader, was present to direct the program.

Those who have reached the rank of Maidens and were recognized as such are: Barbara Vaughan, Joy Lea Faith, and Dorothy Helen Featherston. Those reaching a higher step,

Lady-in-Waiting: Bobbie Blackburn, Betty Williford, Patricia Lockridge, Mildred Hale, Angeline Smith, Scottie Vaughan, Janet Soules, Betty John Jackson, and Sybil Ann Reid.

The candle-light ceremony was observed at the regular church hour.

The girls recognized as Ladies-in-Waiting were recognized as Maidens at Brady, March 24.

CANCER CONTROL CAMPAIGN

Can you afford seven cents a year to fight cancer in Texas?

That's what it would cost each Texan, if all Texans contributed to the 1949 membership and fund-raising drive of the American Cancer Society, Texas Division, according to Karl Hoblitzelle of Dallas, state campaign chairman.

The American Cancer Society's Texas goal is \$450,000—money to be used for education, service, and research in cancer control.

"In addition to the seven cents per Texan, the number seven has other significance in Texas Cancer Control work," Mr. Hoblitzelle pointed out: "There are about seven needless deaths from cancer every day of the year in this state."

"In 1947 a total of 6770 Texans died of cancer. Last year's figures will prove to be higher. This year the total will be close to 7000. This in spite of the fact that between one-third and one-half of these deaths could be prevented with what we now know about the disease."

Mr. Hoblitzelle urged every Texan to contribute to the lagging April drive of the American Cancer Society.

"Curtailed of cancer control activities in this state is in sight unless more is contributed," he said.

TAKE YOUR FAMILY TO SUNDAY SCHOOL

Too many people send their children to Sunday school. Don't send your children—take them—then you will be there yourself. You need the Sunday school and the Sunday school needs you. Nobody stays too young for Sunday school very long and nobody ever gets too old. More than thirteen centuries ago a great Christian leader said that the Bible is "a stream where alike the elephant may swim and the lamb may wade." And just last year J. Edgar Hoover, Director of the F. B. I., writing on "Crime and the Sunday School," stated:

"It is quite impossible to believe that progress along the road to righteous living may be accomplished without the guidance of the Bible. It is the source of spiritual food, the solution of life's problems, and the inspiration for Christian living."

The modern Sunday school, with its teacher training courses and graded lessons, has much to offer to students of all ages from the Cradle Roll to the adult classes. Perhaps there is no other activity in which we can engage where the rewards are so great for so small an investment, and so altogether desirable. Bible study educates both the intellect and the heart. Allusions to biblical characters, incidents, parables, and proverbs are so common in literature that often one cannot read a magazine article or newspaper editorial intelligently without biblical knowledge. Most men and women who have not attended Sunday school lack such knowledge. They are to be pitied.

In the Scriptures we learn both by precept and by historical confirmation that "Righteousness exalteth a nation; but sin is a reproach to any people." Moreover, the life of the community is enriched with its social activities under religious auspices, and its opportunities for developing leadership. And the Sunday school is more than a place to receive benefits; for those who are qualified, it is a rich opportunity for service. So, for what you can get from it and for what you can give to it—take your family to Sunday school.

WALTER F. GEORGE,
 U. S. Senator from Georgia.

Texas dairymen are again reminded to substitute methoxychlor or pyrethrum insecticides for DDT in spraying dairy cattle and the barns for the control of insects.

Trace elements—zinc, copper, manganese and boron—may be applied to the soil or sprayed on the plants when they are needed to correct nutritional disturbances. Because only a small quantity of these elements are needed, many folks overlook their importance when it comes to plant growth.

The average American gets nearly all of his calories from fats, sugars and alcohol. His appetite for soft drinks, alcoholic beverages, and pastries made of sugar or starch and fat adds up too many calories for the best of health. Such calories may also be eaten at the expense of other nutrients which the average American needs.

Prices for home furnishing probably won't drop in the near future, as long as there is a shortage of such basic materials as lumber and steel.

SCRIPTURE: Mark 11:27-32
 DEVOTIONAL READING: Mark 12:1-12

Jesus And Critics

Lesson for May 8, 1949

DURING JESUS' last week, his enemies were firing at point-blank range. They were dead set to kill him; but they did not want to do that if they could ruin him some other way. What they tried to do was to make him out either a rascal or a fool, or both. Mark's story shows how Jesus took it.

The first question they asked Dr. Foreman sounded perfectly fair. "Where did you get your authority?" As we saw last week, Jesus had assumed simply tremendous authority. Wasn't it fair to ask him where he got it? The trouble was that the men who asked the questions didn't want to know. They only wanted to heckle Jesus.

The world is full of just such license-hunting snoopers as these. They do not like it when a man succeeds. They particularly do not like it when a man succeeds without their help.

"Who is this fellow anyway? Where did he get his start? What family does he have, where is his diploma?" Jesus never answered this question, because he knew why they asked it. (Mark 11:27-33.)

Taxes

IN JESUS' TIME you could not vote either for more taxes, or less. You paid what the Roman soldier at your door said to pay, and you were thankful not to be poked in the ribs with his sword while you were fishing up the money. But no one dared to complain. The Romans had some deep dank dungeons for people who complained about high taxes. So the next question Jesus' enemies asked him was about taxes, or tribute, which means the same thing. They thought they had Jesus on a spot where whatever he said would put him in the wrong. Suppose he said: "Yes, pay taxes by all means." Then they would snarl: "Boot-licker of the Romans! Traitor to your country!" But if Jesus said, "No, don't pay taxes," then they would howl: "Treason! Police! Arrest this man who defies the Emperor!" Jesus' answer was a masterpiece, because he not only did not dodge the hot question, he did not leave the questioners a leg to stand on. (Mark 12:17.)

Which is the most important brick in a wall? What position on a volley-ball team is the most important? What is the most important link in a chain? An answer to these questions would seem about as easy as answering that one about the greatest commandment, Jesus knew they were trying to show him up as a bungler, as a very poor and amateurish hairsplitter indeed. But instead, he did what no one expected him to do: he answered their question, and answered it so well that it is one of the cornerstones of our religion today.

THE CRITICS of Jesus were hairsplitters by trade. Yet none of them had ever been able to answer another tricky question with which they now expected to floor Jesus.

Which is the most important brick in a wall? What position on a volley-ball team is the most important? What is the most important link in a chain? An answer to these questions would seem about as easy as answering that one about the greatest commandment, Jesus knew they were trying to show him up as a bungler, as a very poor and amateurish hairsplitter indeed. But instead, he did what no one expected him to do: he answered their question, and answered it so well that it is one of the cornerstones of our religion today.

How to Take Criticism

THE READER should consult Mark for the whole story. It bristles with practical thoughts, one of the most practical being how to take criticism. All of us can take it from our friends and families; we know they mean it for our own good. But criticism that is unfair, from people who want only to show us up for fools or to get us into hot water—that is hard to take. Jesus should be our example.

He did not let other people's criticisms interfere with his work. He never avoided criticism. He did not "twist the lion's tail, he did not deliberately provoke criticism. But he would not claim exemption from what every one has to stand, being looked over and rated by the people who know him.

He never broke his heart over what people said of him. He did not go around crying to himself.

He never broke his heart over what people said of him. He did not go around crying to himself.

High Blood Pressure
Hardening of Arteries, Pains In Left Arm And Side—

Elmer G. Johnson, President of Harlingen State Bank, Harlingen, Texas, writes on Feb. 20, 1948:

"Please send another bottle of Liquid Garlic, also send a bottle to my sister-in-law, Mrs. Hulda C. Dutton, 45 Atwater Terrace, Springfield, Mo.
"I have some good reports to make on the effectiveness of garlic used. Mr. Turner, Texaco dealer here has taken two bottles and is much better, his blood pressure down about 60 points. Mrs. W. F. Nelson, San Benito, who was in bad shape, is also very much better and her blood pressure down considerable. This garlic works, and you are doing a fine job of producing it for the benefit of those suffering from high blood pressure or heart trouble."

INITIATED INTO TAU BETA PI

Malcolm Allen Horton, son of Mr. and Mrs. M. F. Horton, a former Goldthwaite high school graduate and a 1947 graduate of A. & M. College, was initiated into the Texas Delta Chapter of Tau Beta Pi, Monday, April 25th, 5:00 o'clock P. M. at A. & M. College.

This Chapter is the outstanding National Scholastic honor society for engineers. It was founded in 1885 to mark in a fitting manner those who conferred honor up on their Alma Mater by distinguished scholastic, exemplary character and attainment and fostered a spirit of liberal culture in the Engineering Colleges of America.

Allan Horton is a mechanical Engineer, an employee of Central Texas Iron and steel works in Waco.

Babson Discusses Washington

Washington, D. C., April 15.—A friend in Cleveland, Mr. E. J. Kulas, calls my attention to the following, written by Thomas Jefferson, the founder of the Democratic Party, about 150 years ago! Read it carefully—then cut it out and send it to your Congressman. It should be printed on the fly-leaf of every school book:—"I place economy among the first and most important virtues, and public debt as the greatest of dangers. To preserve our independence, we must not let our rulers load us with perpetual debt. We must make our choice between economy and liberty, or profusion and servitude. If we can prevent the government from wasting the labors of the people under the pretense of caring for them, they will be happy. The same prudence which in private life would forbid our paying our money for unexplained projects, forbids it in the disposition of public money."

IS OUR CONGRESS TO BLAME?

The above statement by Jefferson is just as true today as when he made it, yet President Truman won his election by preaching the very opposite and Governor Dewey did not have the courage to defy Mr. Truman. Both candidates and their fellow travelers ignored the truth and gave the people what, in their ignorance, they wanted. This same thing has happened at various times in history and was the primary cause for the fall of the Grecian, Roman, Teutonic, and other Republics.

Can the few honest Congressmen accomplish much now? Yes, without opposing further New Deal measures, they can force legislation to encourage producers. They can work for legislation which will so help manufacturers that they can pay increased taxes. Unfortunately, the New Dealers started a dangerous prairie fire; whether it can be controlled or must burn itself out, only the future can tell.

IS TRUMAN WHOLLY TO BLAME?

Very few, except those who are close to the White House, realize the tremendous amount of mail which the President gets. Naturally, he can read only one letter out of every thousand; but all are read by someone and tabulated as to whether they condemn or approve the President's policy. They are a kind of daily "Gall-up Poll" for the White House. The simple truth is that when President Truman makes an

address appealing for more social security, more sick benefits, more unemployment insurance, more farm supports, and even for more taxes, which must go with these increased Government benefits, 90% of these millions of letters approve.

The Republicans think that Mr. Truman was elected because the country was prosperous; but that when unemployment comes in 1950 or 1952, the Democrats will be thrown out. It is true that such a rule has usually worked in the past. But, will it work next time? In the past, the existing Administration had no way of helping the employed lacking bread, and the farmers threatened by foreclosures. Now, this has all changed. The present Administration, even in an election during a depression, could promise so much more help than the Republicans would promise the old rule might not apply again.

WHAT SHOULD READERS DO?

The first thing to realize is that the money which is given away in price supports or pensions, must be collected from all the readers of this column. The second thing to realize is that these funds can be taken away from the rich only for a few years. Soon there will be no profits to tax. What then? The answer is very simple. If the unfortunate non-producers are to be supported by the fortunate producers, which is the basis of the New Deal philosophy and has some justification, then production and economy should be encouraged in every possible way by Congress, by Labor Unions, and especially by our Schools in order to have funds to tax.

The same basic truths which Jefferson preached apply today and we should teach these to our children. Some of us parents may hang on to enough money to keep us going through our few remaining years, whatever happens to the country. With our children this will be very different. Only character, hard work and economy, on their part, will save them. All cannot ride in the Government's car or it will stop. Some must pull the cart. My appeal is that accompanying all New Deal legislation should be special benefits to all corporations and individuals engaged in useful production. Otherwise, we all "go bust".

Supervisors Meet With Farm And Ranch Group In Special Meeting

In a special called meeting the Supervisors of the Brown-Mills Soil Conservation District gathered in Goldthwaite, Thursday afternoon to carry on their regular business. Those present were, J. H. Priddy, chairman, Fernon Carr, vice-chairman, C. C. Goss, secretary, W. A. Hill, member and Charlie Bynum, member. The Board approved fifteen applications for assistance and eleven conservation plans.

James Aldridge and Leroy Johnson, representing the Aldridge Conservation Group near Democrat presented the following names and requested assistance from the District:

James L. Aldridge	172 acres
Leroy Johnson	396 acres
Dudley Bros.	1720 acres
C. W. Hodges	297 acres
Fred Johnson	868 acres
Mrs. J. B. Aldridge	430 acres

The group was annexed from Comanche County to the Brown-Mills District by petition of the landowners to the State Soil Conservation Board.

The conservation plan on Miss Martha J. Dudley's 1600 acre ranch was approved by the Board.

The Supervisors stayed in session to meet with the Farm and Ranch Group Thursday night. This Group is made up of 50 landowners in and around Goldthwaite. Dr. T. C. Graves, leader of the Group turned the program over to Ben R. Day, Work Unit Conservationist at Goldthwaite who introduced the members of the Brown-Mills Board.

Day outlined the need and value to landowners working together in groups to get the conservation job done. The conservation practices included in the District program were reviewed and G. G. Goss from Rising Star gave the Group his experiences with cover crops of vetch and with trashy tillage.

Board approved them. They are: C. L. Kemp, H. J. Leonhard and C. L. Patterson. Landowners who would like to develop a conservation plan on their farms or ranches should see Dr. T. C. Graves, Supervisors Priddy or Hill or inquire at the local Soil Conservation Service headquarters office in the Mills County Agricultural Building.

Miss Schlee Is Bride Of Mr. Specht In Afternoon Service At Four O'Clock

The marriage of Ethaline Schlee, daughter of Mr. and Mrs. J. A. Schlee of Priddy to Mr. Robert E. Specht, son of Mr. and Mrs. F. P. Specht, Bellevue, Texas was read on April 23rd at 4:00 P. M. at the Zions Lutheran Church at Priddy.

Rev. A. H. Muehlbrad read the double ring ceremony before an altar decorated with an arch of greenery and white carnations. White satin bows marked the aisle pews of the church.

Emory Muehlbrad, organist, played a program of pre-nuptial music accompanied by Mr. Gilbert Schlee, cousin of the bride who sang "Because".

The bride was given in marriage by her father. She chose a wedding dress of white crepe-

back satin, with a fitted bodice, and long fitted sleeves, also a full skirt which fell into a Chapel train. The yoke was made of French imported Chantilly type lace. Her finger-tip veil of bridal net fell from a coronet of silver beads. She carried a white Bible topped with an orchid, long white satin streamers fell from the top of the Bible.

Mrs. Joe Specht, sister-in-law of the groom was maid of honor. She wore a dress of blue satin. Misses Rubelline and Charline Schlee, sisters of the bride, served as bridesmaids. They wore dresses made of pink satin. The dresses were made identically alike, with fitted bodice, short sleeves, and a full

skirt. They also wore elbow-length gloves and looped caps with matching net.

Mr. Joe Specht, served as his brothers' best man, and Mr. Robert Lee Lubke and Mr. Homer H. Smith served as ushers.

Miss Marilyn Schlee sister of the bride, was flower girl, escorted by Melvin Pax, a cousin. Little Don Schuman, also a cousin, was the ring bearer.

Mr. Eugene Schlee and Mr. Melvin Niemann served as church ushers.

A reception followed immediately after the ceremony.

Mrs. Specht is a graduate of Priddy High School and attended Draughons Business College in Abilene. Mr. Specht is a graduate of Bellevue High School and attended North Texas State Teachers College. He also served 26 months in the Navy.

They will make their home in Gainesville where Mr. Specht is

employed by Gasoline.

Out of town guests included Mrs. W. J. Slingers and Mrs. W. J. Slingers and Mrs. W. J. Slingers and Mrs. W. J. Slingers.

Mr. and Mrs. Specht were joined in matrimony by Rev. A. H. Muehlbrad at the Zions Lutheran Church at Priddy, Texas, April 23rd.

The bride was given in marriage by her father.

The wedding was held at 4:00 P. M.

The bride wore a white crepe-back satin dress.

The groom wore a dark suit.

The ceremony was officiated by Rev. A. H. Muehlbrad.

The reception was held at the home of the bride.

The bride and groom were accompanied by their parents.
