PUBLIC NOTICES NOW MANDATORY—Governor Beauford Jester is shown here as he affixes his signature to Senate Bill No. 375. The Bill, known as the Mandatory Publication Law, requires that all public notices called for by Texas Statutes be published, or the official responsible for such publication suffer loss of salary, or removal from office for neglect of duty. Senator James E. Taylor of Kerens, pictured on Jester's left, sponsored the legislation through the Senate. House sponsor was Phillip L. Willis of Kaufman. Covered by the law are all public officers of the state, counties, cities, and school districts. Governor Jester signed the bill into law June 8, and it became immediately effective.

JERRY JACKSON IN MARYLAND HOSPITAL

Jerry Jackson arrived in Bethesda, Maryland, Wednesday of last week. He is a patient in the National Naval Medical Center there.
X-rays show he is in need of more fusing or bone graft. Jerry, who received a broken back in an automobile accident last July 4th, was in the Naval Hospital 10 months in Corpus Christi, Texas. He was sent to school and duty the 4th of May to Memphis, Tenn. He entered the hospital there only a few days after arriving, then was transferred to a hospital in Maryland. His address is: Jerry H. Jackson National Naval Medical Center Ward 5—C Bethesda, Maryland.

Harry F. Edmondson Post American Legion Elects Officers Thursday

The Harry F. Edmondson Post No. 289, American Legion elected new officers to serve the Post for the next 12 months at the meeting held at Legion Hall on Thursday night of last week.
The new officers will be installed at the regular first Thursday night meeting in July, July 7. Post Commander Howard Campbell has asked Louie D. Lane of Brownwood, past 21st District Commander, to be present then to install the new officers.
Harry F. Edmondson Post was organized here in 1920, soon after the first World War, and membership now includes veterans of both World Wars.
New officers elected last Thursday night include:
T. M. Glass—Post Commander,
Van Straley—Vice Command-
er,
Roy Hill—Vice Commander,
Larry Dalton—Post Adjutant,
L. V. Benningfield—Sergeant-at-arms,
Lewis B. Porter—Chaplain and Service Officer.
Charlie Wilson—Historian and Public Relations Officer.
Executive Committee—Howard Campbell, T. M. Glass, Eugene Dickerson, Van Straley, Harold Yarborough, Jack Locklear, and Otto Kendall.

LEGION WILL BACK NEW PENSION MEASURE

Washington, D. C.—Express-
ing "solid satisfaction" over the passage by the House of Representatives of a veterans' pension bill shorn of an "unemployability" clause, The American Legion today was mustering its strength for a fight on behalf of the measure in the Senate.
National Commander Perry Brown described the House-approved bill as a "forthright and reasonable approach to the plight of World War veterans beset by old age."
The 365 to 27 vote by which the measure carried in the House, Commander Brown said, "indicates that this nation will stand by its traditional determination that no veteran who has served in the armed forces in time of war shall end his days as a pauper or ward of society. It will be received with a sense of solid satisfaction by the American people."
The legislation, introduced by Representative John Rankin, Democrat of Mississippi, would provide monthly payments of \$72 to veterans 65 years of age and older. To be eligible for pensioning, the veteran's income must not exceed \$1,200 if single and \$2,500 if he has dependents. Flat monthly payments of \$100 would be provided for disabled veterans requiring full-time attendants.
The American Legion voted in favor of pensions for World War veterans at its 1949 national convention in Miami, Fla., last October.

DIVIDEND PAID TO MILLS COUNTY NFL ASSOCIATION

The Directors of the Mills County National Farm Loan Association announce the payment of a dividend of 10% on all stock outstanding on Dec. 1, 1948. Stock issued since that date will have earned and will participate in the next dividend.
In the last five years this Association has paid in dividends to its stock-holders, the aggregate sum of \$13,494.75. This amount, turned back to the stock-holders, has served to reduce the cost of loans, from 4% to an average of 3.3%, which is the lowest interest rate available on long time land loans.
Notices of the stock-holders meeting on July 2nd, at 11:00 o'clock A. M. are being mailed out. Business of the association will be attended to by directors elected, and a short program will follow. Stock-holders and their wives will be served dinner. The meeting will be held in the Commissioners Court room in the Court house, in Goldthwaite.
F. P. Bowman, Sec.-Treas.

FIRST BAPTIST VACATION BIBLE SCHOOL CLOSSES

The annual Vacation Bible School at the First Baptist Church officially closes tonight (Friday) with Commencement exercises beginning at 8:00 o'clock.
More than 100 youngsters went to Lake Merritt Thursday afternoon for the picnic.
Through Wednesday of this week there were 167 registered in the two week school with an average daily attendance of 131.
Many faculty members believe this year's school has been one of the most profitable schools ever held here.
The public is cordially invited to attend Commencement exercises tonight at 8:00 to see just what the children have done in the school. The meeting will be at the Educational Building.
Ray Oxley and family have been visiting Mr. and Mrs. Ebb Oxley and other relatives.

Terracing to Be Discussed at Farm and Ranch Group Meeting

N. M. Faulk, engineer of the Soil Conservation Service will be the principal speaker at the Goldthwaite Farm and Ranch Group Meeting and at the Priddy Community Club meeting Wednesday and Thursday nights of next week. "Terracing and Waterways" will be the subject for discussion. Mr. Faulk will speak to the Priddy Community Club on Wednesday night, June 22 at 8:00 P. M. in the gymnasium. The Farm and Ranch Group meeting will be held in the Grammar School Auditorium in Goldthwaite on Thursday night, June 23 at 8:00 P. M.
Mr. Faulk comes to Goldthwaite and Priddy from the Regional Office of the Soil Conservation Service at Fort Worth. He has had wide experiences on all phases of soil conservation in the various soil conservation districts in this territory. During the week, Mr. Faulk will assist the Upper Leon and Brown-Mills Soil Conservation Districts on special engineering problems.
Dr. T. C. Graves, leader of the Farm and Ranch group, points out that this talk is timely because most farmers will want to terrace as soon as the grain is harvested. He urges all farmers and ranchers to attend this discussion because it will be the best information available on the subject.
Priddy Community Club—June 22, 8:00 P. M. at the gymnasium.
Goldthwaite Farm and Ranch Group—June 23, 8:00 P. M. Grammar School Auditorium.

**Harder Times Are Coming, People

**248 MILES LINE
EXTENSION TO SERVE
500 NEW MEMBERS**

(Comanche Chief)
The Comanche County REA, with headquarters in Comanche and which serves Comanche, Eastland, Mills, Brown, Stephens, and Callahan Counties with rural electric power, awarded contract of NPR section for 248 miles of line extension in the four southern counties of the district, to the B Line Construction Company of Oklahoma City.

The contract was bid in at \$247,880. Thirteen bids were opened by the directors of the Comanche County REA here Tuesday morning, with the bids varying from the successful \$247,880 figure to the high bid of \$312,000.

"Contract calls for work to start within the next 30 days, and the contractor has 120 working days in which to complete the project," says Ory J. Grigsby, manager of the local cooperative.

The new line extension, which will include some fifty miles in Comanche County, will offer electricity to some 500 new farms and ranches. This will bring the total number of farms and ranches served by the local co-operative, to approximately 4,400.

"Another contract for some 250 miles of new construction is due to be let to a contractor within the next thirty or forty days," continues Mr. Grigsby, who says that the Comanche County Electric Cooperative Association will serve some 5,000 members by January, 1950.

By JOE BELDEN
Director, The Texas Poll
Austin—Whether the cost of living is rising or dropping, apparently about four out of every ten Texas adults live in fear of harder times.

Two years ago, when economists were warning that high prices might be driving business to ruin, The Texas Poll put this question to a statewide cross section of adults:

"Six months from now, do you think it is going to be harder to make both ends meet, easier, or about the same as now?"

The same question has now been put to a comparable cross section of adults at a time when experts are worrying that declining prices may bring a recession.

In spite of changed conditions, both surveys produced very similar results. Here are the public's answers:

	May 1947	May 1949
Harder	41%	38%
Same	40	42
Easier	13	15
No Opinion	6	5
	100%	100%

The latest poll shows that adults in the lower economic levels are more likely to feel that they face harder times. But the difference in opinion between the lower and the upper classes is relatively small, as seen from the following table:

"Six months from now, do you think it is going to be harder to make both ends meet, easier, or about the same as now?"

	Upper Class	Lower Class
Harder	35%	40%
Same	46	39
Easier	16	14
No Opinion	3	7
	100%	100%

In this poll, the "upper class" is represented by persons of average or above average standards of living; the "lower class", by adults of below average means.

A survey by The Texas Poll last March disclosed that while the public sensed a leveling off in living costs, a large majority felt their incomes would remain stable and saw no immediate danger of a depression. This would seem to indicate that the results of the latest poll measure mere fear of harder times rather than rational opinion.

**4-H MEAT ANIMAL
PROGRAM UNDER-
WAY IN TEXAS**

Today meat provides one-third of the food energy in the American diet, and latest U. S. Department of Agriculture figures show that almost one-third of the farmer's total cash income in 1948 came from the sale of meat animals. Aware of the vital contribution livestock makes to the nation's health and economy, Texas boys and girls enrolled in the 1949 National 4-H Meat Animal program learn to select, feed and show their beef cattle, sheep or pigs. More than 300,000 4-H Club members throughout the country are taking part in the project, according to the National Committee on Boys and Girls Club Work.

Some of the highlights of the program are keeping records of feeding and weight gains and learning the value of balanced rations. Many of the young stockmen grow their own feed. Members practice livestock judging at club meetings, and then try out for county and state judging teams. They take great pride, too, in showing their animals. The Cooperative Extension Service directs the activity.

In addition to being educational and profitable, the program offers awards for outstanding accomplishments. Thos. E. Wilson, chairman of the National Committee, and a veteran Chicago meat packer, has provided awards for the last 20 years. There are medals for county winners; a 17-jewel gold watch for state champion; trips to the National 4-H Club Congress for eight sectional winners, and four \$300 national scholarships. Harry Schneider of Seguin won Guadalupe county and state honors in 1948. County medals were also presented to 173 other winners. Harry Schneider, Seguin, was one of the national scholarship winners.

WOOD-ECKERT VOWS SOLEMNIZED AT GOLDTHWAITE

The marriage of Miss Lawana Wood of Mullin, to Frank Eckert of Fort Worth, was solemnized Sunday at 3:00 o'clock p. m. in the First Methodist Church. Rev. Ed. H. Lovelace read the double ring ceremony before an altar decorated with white gladioli, satin ribbon and banked with palms, lighted by white candles in candelabra. A white satin kneeling pillow was used. Mrs. John G. Berry, organist, played traditional wedding music and accompanied Mrs. Rhode, cousin of the bride, who sang "Because," and "Always," also the choir of the Methodist Church sang "The Lord's Prayer," by Mallotte.

Mrs. R. D. Egger of Mullin was Matron of honor and Mrs. Hulon Egger and Miss Jean Wood, sisters of the bride were brides matron and brides maid. They wore identically styled gowns of yellow, lavender and green taffeta and carried contrasting bouquets of gladioli. Little Miss Marianna Egger, niece of the bride, was flower girl. She was dressed in blue and carried a white satin basket of rose petals.

John Wood, brother of the bride, was best man; D. C. Littlepage of Dallas, and Tommy Roy Wood were ushers. Bobby Joe Wood, candle lighter.

Mrs. Wood, mother of the bride, wore lavender crepe, with a pink corsage, and Mrs. Lydia Tonn, god-mother of the groom, wore a figured crepe with contrasting corsage.

The bride, given in marriage by her father, was beautiful in a white satin gown, with a long train, fitted bodice with high neck line. Her bouquet was orchids and camellias.

After the ceremony a reception was held in the Recreation Room of the Methodist Church. The bride's table was laid with a floor length lace cloth, with an arrangement of white gladioli, candles, and a wedding cake, topped with a miniature bride and groom. Mrs. John Wood presided at the bride's book, and Mmes Gertrude Fuller and Sallie McCarty served the bride's cake and punch.

Immediately after the reception the happy couple left for a wedding trip. On their return they will be at home to their friends in Ft. Worth.

Out of town guests for the wedding were Mmes. Lydia Tonn Gertrude Fuller, Fort Worth, Mr. and Mrs. D. C. Littlepage, Mrs. Rhode, Dallas, Mrs. Anna McKinley, Hamilton and Mr. and Mrs. John Wood, Commanche.

Former Local Girl Honored

Miss Reba Ford, daughter of Mr. and Mrs. J. D. Ford, former Mills County residents, who now reside in Odessa, a student in Hardin-Simmons College, was honored recently by being one of the hundred chosen out of 5,000 students and one of the 30 to go to Ridge Crest, N. C., to represent the college at the Baptist Church Encampment. Her many friends here join in wishing her a grand trip. Implement dealers sold 10,000 rotary hoe attachments for cultivation purposes in Texas last year.

Miss Norma Sue Ross spent the week end in the home of Miss Joan Lane of Austin. The girls also visited friends in San Marcos.

4-H CLUB GIRLS WINNERS IN COUNTY GARDEN TRY-OUT

The county judging of 4-H girls gardens was done on May 20. The girls had very nice gardens of which we are all proud. The four high ranking girls that won from the various clubs are:

Gladys Bufe, first, from Priddy Club.

Joyce Hart, second, from Goldthwaite Sr. Club.

Helen Hasley, third, from Mullin Sr. Club.

Thelma Jean Reynolds, fourth, from Mullin Jr. Club.

H. D. COUNCIL SPONSORING 42 PARTY

The Mills County Home Demonstration Council is sponsoring a "42" party at the American Legion Hall, located south of town on the San Saba highway. Friday night, June 24th at 7:30 o'clock P. M. Every one is invited to attend, and it promises to be a most enjoyable evening for all.

Refreshments will be served and prizes awarded. A small fee will be charged for playing "42." This is for the benefit of the Home Demonstration Council fund.

Miss Ross Chosen As Local Delegate

(Rock Springs Weekly)
Miss Nancy Jean Ross of the Junior Class of the Rocksprings High School has been chosen to be a member of Bluebonnet Girl State and Miss Helen Pope, alternate.

Nancy Jean is president of her class, treasurer of the H. E. Club, first vice president of the district H. E. Club, and captain of her basketball team. Girl's State will be held at the Texas School for the Blind at Austin, Texas, June 5th to 11th. The girls will be housed in six brick fire-proof cottage dormitories. There will be two councilors for each cottage. Bluebonnet Girls State is limited to one hundred and eighty-five girls.

Every hour of the day will be carefully planned so that each girl will have a definite and integral part in the function of Girls State and the opportunity of learning for herself that her government is just what she makes it.

A visit to the State Capitol will be included in the program which will feature conferences with outstanding state officials. There will be a reception at the Governor's Mansion in their honor.

In addition to the scheduled program, there will be ample opportunity for girls to participate in miscellaneous activities, among them are the Girls State newspaper, musical programs, stunt night, athletic contests, etc.

This program is sponsored by the American Legion Auxiliary with Mrs. Thomas Glasscock as chairman.

Nancy Jean is the granddaughter of Mr. and Mrs. Steve Weathers and visits them during each vacation.

Mullin W. S. C. S.

The W. S. C. S. had an interesting program Monday the 13th at the church. Dr. Rall answers to Superstition by Mrs. McCormick.

Finding purpose and power through prayer by Mrs. Lowe. Sixth Chapter of Corinthians by Mrs. Toliver.

Mrs. Plummer gave an interesting part on Jesus Alone. Mrs. Brown gave the dismissal prayer.

MILLS COUNTY 4-H GIRLS ATTEND DISTRICT CAMP

The District 8 4-H Camp was held at Valley Mills June 1, 2, 3. The girls and leaders were trained so that they might carry the program out in their county. They were trained in Crafts to make aluminum coasters and coin purses; Recreation, to play folk games, swimming, and an impressive Candle lighting service; Good Camping, gave information on camping; Nature study—to identify some of the wild flowers; and first aid.

The attendance at the camp was ninety. 51 4-H girls, 16 leaders, 19 agents, 2 visiting speakers, 2 staff members—Mr. Matthews and district agent, Miss Bess Edwards.

The 4-H girls attending from Mills County are Joyce Hart, Bonez Wasserman, and Thelma Jean Reynolds. Leader Mrs. C. S. Smith.

Center City H. D. Club

The Center City H. D. Club had its member meeting with Mrs. Jack Elms on June 8. Fifteen members answered roll call with "A Simple Stain Remover." We all enjoyed the informal discussion of the subject which followed.

Mrs. Jack Elms gave a very interesting talk on "Family Relationship," likening the seven basic needs of an ideal family to the seven basic foods in an ideal pantry.

Several members brought gifts to be sent on to Goldthwaite for the exhibit there. Some of these were most unusual and attractive.

We had several minutes of very amusing recreation then were served with delicious lemonade and cookies.

Our next meeting will be with Mrs. Don Geeslin on June 23.

Rev. and Mrs. A. F. Wallentine and Mrs. John P. Mason of Odessa stopped for a short visit with Mrs. Wallentine's grandmother, C. F. Williams and other relatives. They left Monday afternoon for Waco where they will attend the Nazarene Camp Meeting.

"What You Want—When You Want It"

Big Valley H. D. Club

The Big Valley H. D. Club entertained the Jones Valley Club members and their families on Friday night, June 10 with a picnic supper at Prescott Creek, Highway Park.

Shortly after sundown every one gathered around the tables for their share of beans, wieners, sauce, pickles, buns, and a variety of cookies, pies and cakes. Bottled drinks were on hand for those who choose them.

After supper was finished, the men played dominoes, while the women and children played other games.

Besides the visiting club, we were glad to have several from the community who do not attend the club.

We enjoyed the association of these people from our neighboring community.

day Matinee you can see as engaging a picture as Hollywood has turned out in a long time with a couple of filmdom's most attractive personalities lending their talents to the charming tale.

"Texas, Brooklyn and Heaven" will appeal to residents near and far from all three locales. Based on Barry Benefield's best-seller of a few years back, it tells the story of two Texas youngsters to whom New York and its environs are Mecca for diverse reasons, the scrapes they get into with greater rapidity than even Leo Durocher envisioned and the ideal solution which they ultimately evolve.

Laid on a western Indian reservation shortly after the Civil War, RKO Radio's dramatic adventure "Blood on the Moon" co-stars Robert Mitchum, Barbara Bel Geddes and Robert Preston in an action-laden romantic drama.

Mitchum has the role of a wandering cow-puncher and Miss Bel Geddes that of a wealthy cattleman's daughter, with Preston as a ruthless adventurer who plots with a crooked Indian agent to get the cattleman's herds away from him. The puncher hires out as a gunman on Preston's payroll, but the more he sees of his employer's methods the less he likes them, and he decides to quit his job and leave the country.

But Preston won't permit this, and after a bitter quarrel Mitchum joins forces with the cattleman and the cattleman's militant daughter. How he does it makes for the exciting climax of the offering, with Mitchum, trapped with Miss Bel Geddes in a deadly duel with three of his enemies.

Ticks cause the same damage to the calf as the hornflies and lice. A mixture of two pounds of 50 per cent wettable DDT and one pound of 6 percent gamma BHC in 25 gallons of water will effect control of livestock pests.

of Hollywood's all-time pictures is brought back to the Melba screen with the story of M-G-M's masterpiece "San Francisco." Clark Gable, Jeanette MacDonald and Spencer Tracy as its leading stellar trio. Thursday and Friday nights.

Combined with spectacle and action, together with romance, this unfortunate picture has its setting on the Barbary Coast when it is a byword around the world.

It takes us into aristocratic Nob Hill, the historic Palace Hotel and other landmarks of old San Francisco—and it takes us through the disaster that leveled the city to the ground forty years ago, in a series of the most realistic disaster pictures ever filmed.

More than 2,000 flights, aggregating 75,000,000 passenger miles and 10,000,000 cargo-ton miles were flown by the Navy's Fleet Logistic Support Wings in the last half of 1948.

At this season of the year thousands of people, including many Texans, route their vacation travels through the Nation's capitol. A million people visit the National Art Gallery annually, and Dr. Luther Evans, himself a native Texan and Librarian of the Library of Congress, says more than a million Americans viewed the interior of the Library of Congress last year. Exhibits there include such immortal documents as the Constitution and the Declaration of Independence. An even greater number tramp through the corridors of the Capitol building.

Speaking of the Capitol, the building will be practically closed to sight-seers after July first when construction begins on the re-roofing of the house and Senate wings. The old roofs were condemned some years ago and have been supported temporarily by rather unsightly steel superstructures. While this work is going on the House will meet in a spacious caucus room in the Office Building and the Senate will carry on in the small room which years ago was the Senate chamber. That was before the Senate wing of the Capitol was built. The space was then used by the Supreme Court until 1935 when the new Supreme Court building was constructed. Since then the old chamber has been preserved as a historic memento of by-gone days. It was in there that Lincoln delivered his Emancipation Proclamation and Daniel Webster proclaimed the Constitution.

Col. and Mrs. John White, of Uvalde, with their two children, Jack and Sally, came in from Germany the other day, after a three-year assignment in the occupation zone, and said, "It's wonderful to be home". From here they went to Uvalde for a three-week visit with Col. White's mother and brothers, including Dr. James N. White of San Angelo.

In Washington the Whites met many relatives and friends. To greet them here were Mrs. White's parents, Col. (Retired) and Mrs. Perry Wainer, who live in California, and Mrs. White's sister, Mrs. Joe Smith, along with the latter's husband,

General Joe Smith. The General is presently in charge of the Air Force Plans Division at the Pentagon. The Smiths returned from Germany about a year ago. Over there General Smith had charge of the initial Air-lift program, and for several months lived next door to Col. and Mrs. White. Following their brief vacation, Col. White will be assigned to the Air College at Maxwell Field in Montgomery.

Also joining in welcoming the Col. Whites back home were Col. and Mrs. E. M. Hampton, also of Uvalde, along with Col. and Mrs. Beverly Tucker and their daughter, Betty. The Tuckers will soon move to San Angelo, Mrs. Tucker's old hometown, where they will engage in the ranching business.

William F. Mickelson, an architect, of Kerrville, spent most of last week in Washington working with me in behalf of a crippled children's project at Kerrville. We are attempting to acquire some land which the Veterans Administration has declared to be surplus to their needs at the Legion VA Hospital. This would be used as the site for a facility for crippled children and is sponsored by all the Lions Clubs of Texas.

Another visitor was my old friend, Mr. P. O. Leatherwood, of San Angelo, formerly of Lampasas, who made his first visit to Washington. While here he visited his son, Reginald, who is an accountant with the Department of the Army.

Other recent visitors were Mrs. Lilly Gresham, of San Angelo, who spent a month on the Potomac visiting her daughter who is in Government work here; Hal Cunningham, now living in Washington but formerly of Boerne; and Joe Swanner of Brownwood, a recent graduate of Howard-Payne College.

FARM AND RANCH CHATTER
WITH LAYNE BEATY
WBAP
6:30 AM Week Days—10:15 AM Sundays

A profit of over eleven thousand percent on an investment is pretty good—or was, before the giveaway radio programs—but that's what Mrs. W. F. Parnell did with her tomato patch at Pleasant Mound, east of Dallas, last year. A 25-cent package of tomato seed—Porter variety—which she put first in a cold frame, then 55 plants in a backyard plot 12 by 36 feet, produced over \$150 worth of tomatoes, which she sold. The soil is black, and she applied heavy dosages of poultry fertilizer—but not after the tomatoes started growing.

It has been a bad year for Irish potatoes down this way. Too much rain in many places. Same thing has been bad for cotton—aside from the actual destruction of cotton and grain crops by hard rains, hail, wind and dust.

There are lots of changes going on in agriculture and the growing self-sufficiency of farmers—by necessity—is one of the most noteworthy. There are folks who will tell you that farmers depend upon the government for everything, but lots of us know that they don't depend on Uncle Sam for help as much as do some other groups even though the work of the U. S. Department of Agriculture and its divisions is tremendous and mostly beneficial.

But take the current wheat shortage, for instance. Because a good crop comes along and finds the storage space nearly half full already with last year's crop, farmers stand to lose their shirt (a common thing) unless by private initiative, foresight, good connections or some hitherto unannounced action of the grain trade or the government some more storage is provided.

The U. S. D. A. and Congress have come up with some plans for help, but too late to aid a lot of grain farmers here on the south end of the wheat belt.

Another indication that farmers are more self-sufficient is a fading of the old habit of loading up the cars of visitors from town with frying chickens, green beans, peaches, water-melons, etc., in season. Farmers

have found out they can sell those items of produce for money, which is increasingly important, and so they do.

Personally, we take a dim view of this phase of rural self-sufficiency.

When a flood like the one at Fort Worth last month can do over eight million dollars damage to farm lands and crops—not counting losses in town—it makes construction of dams, terraces, waterways, cover cropping, etc., seem mighty economical.

Folks at our television station didn't have to look far to find a couple of buggies for studio use. P. R. Bond, north of Fort Worth, had 'em in his barn. We understand, however, that Mr. Bond was not keeping them as a hedge against the decline of the motor age.

HAPPY HENS

College Station—The five "S's" of poultry laying house sanitation introduce the new poultry circular recently released by extension poultry husbandmen of Texas A. & M. College.

Cleaning and disinfecting the poultry house and equipment makes for healthier disease-free birds. And it's one of the first important steps in getting maximum egg production. The five "S's" of laying house sanitation are scrape, sweep, scald, scrub and spray, say the extension poultry specialists.

The new circular, officially known as C-260, Keep Hens Happy, also has information on disease and parasite control including coccidiosis, fowl pox vaccination, and the reduction of internal parasites by frequently moving the range shelters to clean areas.

Two other points brought out in the new circular are the separation of old hens from the younger pullets and the space needed per bird in the henhouse. Older birds are sometimes disease carriers of roup and range paralysis, and for this reason the old hens should be kept

apart from the young pullets. Each hen needs three to four feet of floor space, eight to ten inches of roosting space, three to four inches of feeder space and one nest for every five hens. And keep them supplied with plenty of clean water and feed, the specialists say. Texas poultrymen who are interested in this circular may find one available at the county agent's office. Just ask for C-260.

Case March of Waco has resigned his position as professor of law at Baylor University to make his third consecutive race for Governor of Texas. The Waco lawyer has announced that he will open his campaign headquarters in Waco and hit the campaign trail in early June and stay on the road until the election. 1950. March's platform calls for the redistribution of the tax burden in Texas from the small home owner and farmer to certain natural resources; \$50 a month old age pensions, rural roads, aid to institutions for the mentally sick, veterans bonus, assumption by the State of the local bond indebtedness of school districts and the preservation of local self government in Texas.

TEXAS HIGHWAY MAPS PRINTED

Austin, June 3.— The 1949 Texas Highway Map comes off the presses today ready for free distribution by the Texas Highway Department. Showing 31,000 miles of completed Texas highways, over 30,000 miles paved, the map is illustrated with drawings and 30 full color pictures.

A panel is devoted this year to travel attractions in Mexico on the Pan-American Highway, with particular attention given to pre-historic ruins. This highway, which dissects Texas, north to south, now runs to Tuxtla, almost in Central America. Texas will be the gateway state in future travel on this international road.

Complete mileage tables of comparative distances between Texas cities and between state capitals outside of Texas to border points in Texas are given. Mileages from Laredo south to points on the Pan American Highway are included. A United States road map, showing major national highways, is on the back of the Texas map.

Governor Beauford Jester's message to Texas travelers prefaces the edition.

EBONY

By Mrs. Clementine Wilmeth
We had a good shower early last week. There has been considerable dampness and cloudy weather which has been fine on growing things.

Cecil Egger has been quite sick with the flu, but is about to get straight again now.

Glen Egger has also been sick, but is much better.

Lila Jo Thompson has returned from John Tarlton College at Stephenville. Miss Edith Thompson was home for a week end recently but has returned to Big Spring to finish out her ten months. Edith is Homemaking teacher at Big Spring.

The Cecil Eggers family have had recently the following visitors: Mr. and Mrs. Mose Smith and children from California; Mr. and Mrs. Noah Egger from the Sweetwater country; Mrs. Louie Jones of Goldthwaite and her daughter, Mrs. Billy Louise Cummings, of Lampasas.

Sunday School was well attended Sunday. Mrs. Cecil Crowder brought her car full. Mrs. Daz Oliver and little daughter, Ira Von, of Brownwood were there. They with Mr. Oliver were visiting the Edward Eggers. Cleta Faye and Wanda Egger were back again this Sunday.

The Shafers, who have been living on the Homer Reeves place, have moved to the White place.

Mrs. Jim Harmon and children, Bonnie and Harold, from near Goldthwaite visited her daughter, Mrs. Ernest Malone, two days last week. She brought her pressure cooker and helped Alice can beans.

Clayton Egger and his mother, Mrs. Effie Egger, who have bought back the George Tippen place from the Maneuver Area, have some of the finest feed we have ever seen on that place this year. Clayton and Mrs. Eg-

er have also bought the Riede Haynes farm across the road from the Tippen place.

Mr. and Mrs. Beauford Anderson of Brownwood visited Mr. and Mrs. Ernest Malone Friday afternoon. They came to fish, but found the river up. Ernest and Alice went home with the Andersons that night and spent the night. Saturday they all went to San Angelo. The Malones did not return home until Monday. While in San Angelo, Ernest visited his cousin, Mrs. Nell Norman.

Mrs. Edna Dwyer was the guest of Mr. and Mrs. John Briley after church Sunday.

We could hear the tractor going almost all day Monday. It was Ezelle Thompson plowing maize at the Malone place which they have leased this year.

Mrs. J. R. Wilmeth, Mrs. Ralph Wilmeth and children, Lucy Gale, Nancy, and Joe, and Mrs. Paul McClung and children, Martha Nell and Larry, came out from Brownwood Tuesday afternoon and visited at the Dwyer place, the Briley place, and the old Wilmeth place. The chief attraction for the children was the riding of Dixie, the Ralph Wilmeth cow pony, who is paying for her board at the Briley place by carrying John Briley over the pasture to look after his cattle. But the children have no heart for their Uncle John at all. If they could only get a place to keep Dixie, they would take her right away from him.

The maize is heading, the corn is silking, and the little young orchard is growing. What I can't understand is how little peach trees set in poor-looking rocky soil where it is high and dry, can survive our unusual long summer drouth and go on growing.

John Briley brought out 200 baby chicks as he came from town Friday. He says they are the eatingest chickens he ever saw. He believes they are going to eat up that \$2.25 sack of feed in one week.

It is luxurious not to have to clean lamp chimneys nor fill lamps nor stop at the ice house to get that hundred pounds of ice which was so hard to get in the ice box, and always gave out before we went to town again.

Plumbers came out from town Monday, and are installing bath fixtures and a hot water heater at the Briley home.

Now, when can we have mail delivery, farm-to-market roads, and telephone connection?

PLEASANT GROVE

By MRS. PETE MILES
The farmers in these parts would love to see it clear up for awhile, so they could do some

farming. We had another big rain last night.

Mr. and Mrs. Francis Soules and son, Doris, of Spur visited her parents, Mr. and Mrs. I. T. Howell over the week end.

Mrs. Virgil Howard and sons, Jerry and Joe, accompanied her father, Orville Greathouse, of Lampasas, to Crystal City, to see her brother, Joe Greathouse and family. She was also going to visit with her mother in Eagle Pass. They plan to be gone several days.

Those who visited in the writer's home Saturday were Mr. and Mrs. Francis Soules and Doris, Mr. and Mrs. I. T. Howell, Mr. and Mrs. Mitch Miles, Robert and Debbie, Virgil Howard and sons, James and Jack, and Mrs. H. C. Miles and Janie.

Miss Melba Miller went with Mrs. Winnie Baird and Dorothy Clapp, along with Bro. Kilburn and a number of others to Briggs to a Workers Conference, Monday evening.

Miss Patsy Timme, who has been visiting with Miss Edith Covington and Grandma, returned to her home in Abilene last week.

Mr. and Mrs. Ray Berry's new home is rapidly being finished. Also the Jude Miles' new residence is shaping up fast.

CHAPPEL HILL

By PEARL CRAWFORD
This community received another big rain and it looks like more rain.

Mr. C. J. Crawford, Mr. and Mrs. S. W. Samford, Ronald and David, of Burnet, were Wednesday guests in B. J. Crawford's home.

Mr. Dock McNeal of Mullin visited Mr. and Mrs. Jim Evans and Mr. and Mrs. O. A. Evans Sunday.

Mrs. A. L. Crawford spent Friday night with her mother, Mrs. R. A. Stevens. Mrs. Stevens isn't doing so well after her fall.

Mrs. M. L. Heath and family were in this community Monday. Mr. and Mrs. Tom Stevens, Mildred and Edwin, Mrs. Roy Aldridge and boy and Miss Pearl Crawford visited Mr. and Mrs. A. L. Crawford and William G. Sunday afternoon.

Col. M. Y. Stokes Jr. of San Antonio and two nephews from Iowa were in Goldthwaite. They were out at the lake for a short while Sunday afternoon.

These eight preventable causes account for most of the farm fire losses: sparks on combustible roofs, defective chimneys, spontaneous combustion, improper use of kerosene and gasoline, unsafe furnace and stove installations, misuse of electricity and appliances, carelessness with matches and inadequate lightning protection.

Texas Veterans Free To Select Privately Owned Land Tract For Farm or Ranch Home

By BASCOM GILES, Commissioner of the General Land Office
(Editor's Note: Second of a series of articles on the Veterans' Land Program.)
The recently enacted legislation implementing the Texas Veterans' Land Board will be the means of making the dream of thousands of Texas Veterans for a farm or ranch home of their very own, come true.
One of the most attractive features of this bill is that section which permits a veteran to personally select a tract of land suitable for agriculture or grazing held under private ownership in any part of the State. It might be owned by kinsmen or by a corporation—it matters not to the Board.
What will matter to the Board will be that the veteran feels reasonably sure that it will serve his purpose and needs; that it must have at least half of the mineral rights unencumbered and that the land is worth the asking price.
After the veteran has made his selection his next step will be to furnish the Board with a complete abstract and description of the property so that it may be appraised. At the same time he files his application with the Board, he will pay to the Board his initial down payment of NOT less than five per cent of the total purchase price. In the event the application is rejected the veteran's money will be refunded and he will be free to make another selection.
After the Board has appraised the land and approved the application for the loan for the balance, the applicant will be required to execute an on or before note for forty years at three per cent interest for the balance. After receiving his contract of sale he will be entitled to take possession.
EDITOR'S NOTE: (In the next issue Commissioner Giles will tell of the eligibility requirements for qualification for a farm or ranch home loan and the protection provided the veteran under the legislation.)

SAN ANTONIO'S NEW COLISEUM

Intricate pattern of fabricated structural steel employed in San Antonio's new \$1,750,000 Coliseum and Livestock Exposition Building above, stretching over the arena like a gigantic spider web. The steel ball forced into a steel socket atop the balcony rim. The steel ball and eighty-five tons of structural steel fabricated and by the Orange, Texas division of Consolidated Western Steel Co., U. S. Steel subsidiary, will support the dome of the oval main building which is expected to be completed about July 1. The contractor is Walsh and Burney, San Antonio.

Construction feature of the steel framework is the connection of the ends to the base of the dome by "socket seat" instead of the conventional welding or riveting. Each truss end is supported on a steel ball forced into a steel socket atop the balcony rim. The steel ball connection allows free movement under wind pressure in any direction. Expansion joints in the steel and in the roof covering help absorb usual wind stresses.

The spacious building, which will house San Antonio's Annual Live-Stock Exposition beginning with the next event in February, 1950, is 377 x 251 feet at extreme points. Center of the dome is 94 feet above the arena floor. It will seat 7,500 persons, 6,000 in the balcony and 1,500 in boxes.

CLUB
 met in Mrs. Hugh McCarothers' home with Mrs. Fannie McCarothers, hostess. Mrs. Loyd Reynolds, Mrs. E. D. Roberson, Mrs. Weaver Woods, Mrs. Cockrell, Doak and also entertained the club. Present were Mes. Ranson, daughter, Ranson Wagner, Mrs. Floyd Sanderson, Mrs. Grady Carothers show

us on the screen pictures Mr. Carothers took while in Alaska last year getting his reindeers. Some of us have seen the reindeers but we hope to see them again around Christmas.

I understand Mr. Carothers gets letters often from people who are wanting the reindeers for the holidays. We wish Mr. Carothers the very best of luck with his reindeers as he takes them to other towns.

Some of us ladies at the club decided Mr. Carothers would be a wonderful radio announcer because he really spealed it off; he didn't hesitate for a word. His wife ran the machine while he explained the pictures.

The refreshments were fine:

A HOLE IN THE GROUND

The Wyoming Eagle, of Cheyenne tells an interesting little story of how industrial progress is made in this country—and of the risks that attend it.

In July, 1947, an oil well was started in that state. At present, the hole is down nearly four miles, and it has cost more than \$1,000,000. No oil has been located. Furthermore, even if the drillers do strike oil, they don't know if it will rise far enough in the casing to be captured, or if a pump can be manufactured to raise it.

Consequently, one of two things will eventually happen. Recoverable oil will be reached and in time those who took the risk will get their money back and earn a profit. Or, instead, the project will be abandoned, and its backers will have the deepest manmade hole on earth, at a cost of a large fortune which can never be retrieved.

As the Eagle says, "All in all it seems pretty much of a gamble—but men are like that. There's nothing so intriguing as the unknown, and the endless quest for knowledge and adventure causes hardy souls to risk their lives and fortunes." That statement pretty much sums up the whole history of the oil industry. Untold sums of money have gone into the ground and have produced nothing.

But, regardless of failures, more wells are drilled because people want oil, and men are willing to take risks to try to fill that need and make a profit.

This is what the economists speak of as incentive. It exists in its true state solely under free enterprise. Only the hope of reward for success can make men take the chance of failure.

TAKE YOUR FAMILY TO SUNDAY SCHOOL

With every passing year my conviction deepens that Christian truth is the only hope for this world. The greatest imperative of life is to get men and women to experience this truth and then under the guidance of the Holy Spirit to go out into the world to live and to teach it in all areas of life. Some day we will understand that our Sunday schools rank among the most important institutions on earth. They are organized to teach Christian truth to human beings.

The destiny of our nation depends more largely upon their success than our finite minds can grasp since they are our adopted means for implementing indispensable truth and for getting it into the hearts of men and women. They should have the full support and co-operation of all the people. It is literally true that there can be no freedom of the highest order until it comes as a result of truth.

The future of our great nation would be immersed in brilliant hope if the boys and girls of this nation could be enrolled in our Sunday schools and there taught the truth for successful living and service.

Conquest of Death

Lesson for June 19, 1949

DOCTORS TALK about conquering death, but they never do. All they can manage is to put it off a little. In all the long sad story of mankind there is only one absolute conquest of death. It happened on the first Easter morning, and it was a turning point in the history of the world. The few lines about the Resurrection, in our New Testament, would not cover the front page of this newspaper. We do not know all we want to know. But those few lines Dr. Foreman tell us enough to set us singing, they are a solid foundation for a soaring faith.

The Mighty Act of God

WE shall be disappointed if we expect the Gospels to "explain" the Resurrection. If there is anything the stories show clearly, it is that the first persons who knew of the Resurrection were confused and shaken by it. The disciples had not expected anything like this, and they may not fully have understood what was going on.

What they were sure of, what they could not deny, was first of all that Christ rose from the dead, and also that it was God who raised him from the dead. God had beaten the one unbeatable power—death. Death, the universal conqueror, turned out for once to be the conquered.

It is only those who can believe in an all-powerful God who can fully believe in the Resurrection.

It Is The Lord

WHAT MANNER of person was Jesus, after that first Easter morning? There were some differences hard to describe, and in fact not described, only hinted at. You notice that at times it was not easy to recognize him at first. Paul refers to Christ's "glorious body" and surely there must be a glory in a person who has actually proved too strong for death to hold—a glory such as even Christ, before Calvary, had not shown. And yet—and yet, it was the same Jesus they had always known.

No Ghost

BY NIGHT, in many a "seance," mediums profess to get in touch with the spirits of the dead. If you could believe the spiritists, Shakespeare and Queen Victoria and innumerable other famous people, have come back and talked from beyond the grave. But the thing that makes the Christian church more than doubtful about such performances, is that somehow the dead-and-come-back genius is never a genius any more. Neither Shakespeare nor any other famous person has said anything worth saying through a "medium." And even these feeble ghosts cannot endure the daylight. They have to come at night.

How different were the comings of Jesus! There was nothing weird or uncanny about him. Around the supper table, or on an afternoon walk, or out on the lake shore under the morning sun... never the poor mumbling ghost of a seance, never any stupid trifles from his lips, but words of truth and comfort which the church cherishes as among the best from our Lord's mind. Jesus' resurrection is not the story of the survival of a ghost, still less the mere return of a revived and walking corpse.

It is the story of a Divine Person who conquered death, and who came back from that conquest in power and majesty, yet with all the tenderness, love and brilliance he had ever shown.

Our Hope in Him

PAUL (in I Cor. 15) makes it clear that our hope of life-after-death grows right out of Christ's resurrection. The enemies of Christ would have given their right eyes to stop the mouths of the men who told that story, and to prove it a lie.

But they could never do it. You cannot well stop people from believing what they have seen with their own eyes. So our hope of eternal life is not just a hope.

As Paul says, if that were all, we should be miserable men.

BAPTIST MEN NOW CELEBRATING 40TH ANNIVERSARY

The Baptist men of Texas are celebrating the 40th anniversary of the organization in Texas of a men's meeting to work with the pastor and the church for the good of the church, community, stewardship, and missions. This first organization was in Gatesville, Texas some forty years ago, and on June 23rd, men from all over the state will gather in Gatesville to celebrate this occasion.

Starting off at 6:30 P. M. with a big free barbecue accompanied by a Band Concert, the meeting will adjourn to the air conditioned church auditorium—the coolest in the state. Special music will be led by the Men's Chorus of the Gatesville Church and will be led by Mr. Tump Martin of McGregor and Mr. Bradford Corrigan of Hamilton. Address of welcome and introduction of visitors will be by Mr. H. K. Jackson, Sr. with the response by Dr. R. E. Dudley of Dallas, Executive Editor of the Baptist Standard. Dr. R. E. Bell of Decatur who was the pastor when the organization came into being will give a tribute to the Founding Fathers: Bro. A. D. Honeycut now deceased, Hon. H. E. Bell of Houston, and Mr. Dan E. Graves of Gatesville. Addresses will be given by Judge Thomas J. Pitts of Odessa, State Brotherhood President, and Dr. L. H. Tappcott of Dallas, State Secretary.

Many prominent laymen have announced their intention of being present and these include college presidents, former presidents of the State Brotherhood, and many other noted laymen from all over the state. The invitation is to all who will to come—the only requirement is that the church at Gatesville be notified by mail or phone by June 19th as to the number coming. Free entertainment will be provided for those who wish to spend the night.

The event is to be recorded and still and motion pictures will be taken and shown at the State Brotherhood Convention in El Paso this fall. It is to be covered by the secular and religious press.

Come for the free barbecue at 6:30 June 23rd at Gatesville, Texas.

SCHOOL CONSOLIDATION ELECTION IS CALLED FOR JUNE 18

HILLSIDE MISSION

By LINDA BYRNE

A preacher told a story some-
what like the following: A wom-
an had been converted, but had
lived a careless life and had
made conditions rugged for her-
self. She said to the preacher:
"I am living the very best I
know how but people still talk
about me." The preacher said:
"Take a basket of seeds and
scatter them all around over
town, then go and get those
seeds and put them back into
the basket." She said: "I could
not get all of the seeds; it would
be impossible; I would have
scattered some where I could
not find them."

The above parable illustrates
the fact that some seeds done
are not erased by mortal man.
The woman realized that God
had redeemed her, and forgiven
her for her past sins but some
people continued to talk.

Guests in the H. R. Jackson
home last week consisted of the
following: their daughter and
husband, Mr. and Mrs. R. S.
Sapley of Mancos, Colo., Mr. and
Mrs. C. H. Jackson and daugh-
ters, Claudine and June, of Mor-
ene, Ariz., and Bill Jackson of

A. & M. Specialist Urges Grain Growers To Build On-Farm Storage

**Weekly Swings
SOUTHWEST FARM MARKETS**

(USDA)—Cotton and some grains showed the most strength at generally unsettled southwest farm markets this week, the U. S. Department of Agriculture's Production and Marketing Administration reports.

Cotton advanced from 75 cents to \$2.75 a bale. Spot middling 15/16 inch ranged from 32.30 cents a pound at Dallas to 32.80 at Little Rock.

Wheat made a spectacular comeback last week with gains of 16 to 17 cents a bushel. Corn advanced 2 to 3 cents and oats 1. Barley and sorghums showed slight losses. No. 1 hard wheat closed Monday around \$2.06 to \$2.14, at Texas common points. No. 2 white corn sold around \$1.69, yellow corn \$1.60, and oats 76 to 80 cents.

Southwest egg markets held fairly firm during the week, and poultry remained about steady. Current egg receipts sold around 38 cents a dozen in North Texas and Denver, and 40 cents at New Orleans. Fryers brought 28 to 30 cents a pound at Dallas and Fort Worth.

Cattle and calves lost around \$1 to \$2 for the week at Fort Worth. Monday's receipts ran close to a week earlier in Texas and Oklahoma but dropped a third below in the twelve leading markets. Dressed steed beef sold \$1.56 to \$3 lower for the week at New York, and veal \$3 to \$4 lower. Beef cows ranged generally from \$16 to \$19 in the southwest.

Hogs sold unchanged from a week ago at San Antonio, and gained mostly 25 cents at Fort Worth. Prices varied from steady to 50 cents lower at Oklahoma City and 50 cents to \$1 lower at Denver. Top butchers closed Monday \$21.25 at San Antonio and Fort Worth. Most sows brought \$16 to \$17.50. Leading markets received fewer hogs, but pork sold mostly \$8 to \$10 lower.

Sheep and lamb prices dropped \$1 to \$2 for the week. Mutton declined \$2 to \$4, at New York, best grade dressed lamb \$4 to \$5, and lower grades as much as \$10. Monday's receipts fell to less than half those of a week earlier in the southwest.

Good and choice spring lambs sold up to \$29 at Denver, and good to \$25 at Fort Worth.

Average 12-months wool sold at 65 cents per grease pound in Texas, where mohair brought 38 cents for adult and 58 for kid.

SANTA FE CARLOADINGS

Santa Fe System carloadings for week ending June 11, 1949, were 24,889 compared with 31,793 for same week in 1948. Cars received from connections totaled 16,216 compared with 10,108 for same week in 1948. Total cars moved were 35,096 compared with 41,901 for same week in 1948. Santa Fe handled a total of 32,428 cars in preceding week of this year.

**MAKE SURE YOUR
CAR IS READY FOR
THAT VACATION TRIP**

DETROIT— "Assure yourself of a safe, trouble-free vacation by making absolutely certain in advance that your car is ready for the trip," advises E. L. Harrig, director of service for the Chevrolet Motor Division.

"The best way to avoid accidents and mechanical delays on the way is to have the car thoroughly checked for safety factors and to have a motor tune-up and lubrication before you start," Harrig continued. "Chevrolet dealers have special equipment for doing this job on all Chevrolet cars now in operation. The cost of such a pre-servicing plan will be repaid many times."

Depending on the age of the car and the number of miles it

has been driven, the owner may want to have the dealer give it a complete clinical diagnosis with a checkup of everything from front to rear.

But at all events, a vacation-bound car should have a safety check on steering, lights, brakes, tires and glass area. Oil should be changed and the chassis lubricated. Unless it has been done recently, there should also be a lubrication of the front wheel bearings, drainage and refilling of transmission and rear axle, and a motor tune-up.

Mr. and Mrs. Scott Thompson of this city, Mr. R. S. Crain of San Saba and Mrs. Oran Hale of Ft. Worth attended a 55th wedding anniversary celebration of Mrs. Thompson's brother and wife, J. E. Campbell, in Winters, Texas, Sunday.

The State 4-H Round-Up is scheduled for June 13, 14 and 15 at Texas A. & M. College.

the storage structure with some to spare and it is now available for future use.

Richard O. Smith, who lives and farms in the Progress community in Bailey county, had a similar experience. He constructed, on a contract basis for \$1,475, a building 60' x 16' x 8' at the back and 10' in front. He stored 268,500 pounds of No. 1 milo and secured a government loan on this grain at \$2.28 per hundred pounds. The difference in the loan value and the market price at the time of storage lacked less than \$60 paying for his building.

Any farmer who is selling grain under the present conditions, has even a wider margin to work on. Smith, Graham and Schmoker can tell you that it is just good common horse sense to provide your own farm grain storage facilities. It can mean dollars in your pocket now, Vance says.

**TEXAS SCHOOL
LEADER RETIRES**

(Editor's Note—The following article written by B. B. Cobb, secretary, was published in the June issue of The Texas Outlook, monthly state publication for school teachers. It is to honor Joe F. Saegert of Seguin, father of Jesse J. Saegert of Goldthwaite.)

AFTER 45 YEARS of constructive and efficient service as a teacher and a school administrator, Joe F. Saegert has resigned the superintendency of the Seguin public schools effective July 1. During his long tenure as a school man, Mr. Saegert has worked in the rural schools of Texas; he has been a county superintendent, a high school principal, a college teacher, and he has been the capable superintendent of the Seguin public schools for the last 25 years.

Four and a half decades is a long time to devote to any cause. It is a much longer time than most teachers remain in the profession. During his long period of service, this kindly leader has touched the lives of thousands of children and hundreds of teachers. All of them have been helped through contact with his genial, forceful personality. Joe Saegert is a friend of teachers, a lover of boys and girls. He is familiarly and

affectionately known to both pupils and teachers of Seguin as "Papa Joe," a term expressive of the respect and esteem in which he is held by those who know him most intimately.

We join a host of other friends of Joe Saegert in wishing for him many years of the rich satisfactions which come only to those who have met nobly and unselfishly their every obligation.

Reeves, Goldthwaite, Texas, received his diploma with 13 other students at a graduation ceremony in the auditorium of Naval School of Aviation Medicine at Naval Air Station, Pensacola, Fla. The ceremony marked the completion of a course in aviation medical studies and flight indoctrination. Reeves graduated from Naval Hospital Corps School, San Diego, Calif., class of February, 1944 and will be assigned to U. S. Naval Air Station, Jacksonville, Fla.

Commander H. E. Hinman, MC, USNR was the principal speaker at the ceremony. Diplomas were awarded by Commander C. F. Gell (MC) USN,

**OLD-TIME RESIDENT
VISITS GOLDTHWAITE**

Mr. and Mrs. Charles Leslie Price of San Francisco, Calif., spent Sunday night in Goldthwaite. They made Mrs. Henry Martin and Miss Lillie a short visit Monday, then out to find old time friends. The city had grown so Mr. Price recognized only a few places. His father, Joe A. Price, owned a flour mill and Round Bale Cotton Gin in the eastern part of town. Sam H. Woody and Mr. Price were partners in the Gin. He was also a Mills County land owner, a 555 acre ranch five miles east of town on the Middle Bennett Creek. Cattle owners for miles around would drive their cattle to the big spring on this ranch, which supplied water during the dry seasons. This land is now owned by Mr. Woody's son, W. P. Woody.

After living here for about 15 years, the Price family moved back to San Francisco in 1904.

Leslie was very complimentary to Goldthwaite, saying he was surprised to find it had grown to quite a little city.

Mr. and Mrs. Price are on an extended trip. They spent several days at the Grand Canyon. Then to visit their daughter and family at New Orleans, La.; from there to New York City, N. Y. and plan to visit other places of interest before returning home by the northern route.

Mr. and Mrs. J. M. Taylor and daughters of Seagraves spent Saturday and Sunday with Mrs. Ellen Galloway and family.

Mr. and Mrs. Frank Galloway and family of Natalia spent awhile Thursday with Mrs. Ellen Galloway and family.

Mrs. Effie Roberts returned to her home after a three weeks visit in Lamesa. She was accompanied home by her sister, Miss Myrtle Henderson, who visited here a few days.

The Executive Officer of the school. The exercises were closed with a benediction by Chaplain W. H. Hoffman, CHC, USN.

Leroy Alfred Limmer

Pfc. Leroy Alfred Limmer, the son of Mr. and Mrs. Alfred A. Limmer, of the Priddy community, was born October 26th, 1923, near Priddy, Texas.

On May 22nd, 1938, he became a communicant member of Zion's Lutheran Church of Priddy, Texas, of which church he was a member until his demise.

Following the call for service of his country he left for training April 26th, 1944, to Mineral Wells, Texas. From here he later went to Camp Fannin. During the latter part of October of the same year he sailed for Europe. He landed some where in France, and thence to the battle front near Germany. On December 4th the parents were notified that he was missing in action. A year later he was still missing, thus the War Department declared him presumably dead. Two years later the message

came that they located his grave in Belgium.

His body will arrive Sunday morning, June 19th in Goldthwaite and will remain at the Fairman-Wilkins Funeral home until 2:00 o'clock Sunday afternoon. After a brief service there, he will be taken to the Lutheran Church at Priddy for the Church service. Burial will be in Zion's Cemetery at Priddy.

The local American Legion Post will honor the World War II soldier with full military honors.

Shirley Nickols and family from Pampa, Texas and Miss Beryleen Turner from Doole, Texas left Monday afternoon for Graham, Texas to visit Mr. and Mrs. Claud Holley. They left there Tuesday for their home in Pampa, Texas. They like Pampa better all the time.

OLD MAN 100

(Continued from Front Page)

liked to of forgot: Away back yonder they used to have shooting matches around here. O. H. being a fine shot allus entered. Onct he missed every shot with his rifle at 100 to 200 yards, but when they moved the target to 500, he scored a bulls-eye every time. An eastern traveling salesman asked o. h. how come. O. H.—"We live out in the kintry where I live we never bother to shoot at anything less than 500 yards—we jest throw rocks."

Old Hunnert admits his famous slogan, "Save your money and let nature take its course" ain't been observed too much by the citizens around here, nor by O. H. and the 7th, either. Old Hunnert jest figured out that famous slogan to let the 7th know how he felt—but no soap, nor too many groceries, either. Enyway, O. H. started out to say that BUSINESS has to be spelled with a U and a I in it. Us sellers and buyers of merchandise both must remember this, if we want to succeed—which we probably both won't.

SHOT ON RIVER—

Don't git too excited—this shooting happened on the Colorado River south of Goldthwaite 40, 45 year ago. Now, long about then, a man named A. Horse went fishing at the old man Grant place on the river about watermelon time. Mr. Grant told him to git all the melons he could eat free, but during the day, as he had rigged up a shotgun trap he set every night at 6 to keep people from stealing melons at night. He showed A. Horse the gun, too. Now, that night, A. Horse wanted another melon, went to the patch, and was stooping over to pick a big one when he tripped the wire. He got a load of buckshot in the interior of his exterior, and Mrs. Dr. Every from Goldthwaite was called down there to pick them out. She was accompanied by the elderly Mrs. Every, who advised the Doctor to leave the one that had penetrated the deepest where it was
