## Rev. W. LeRay Fowler To Begin Revival At First Baptist Church Aug. 12

Rev. W. LeRay Fowler, Pastor of the First Baptist Church of Moody, Texas, is to be the visiting evangelist at the First Baptist revival here beginning August 12 and continuing through the 21st.

## MARCH OF DIMES MONEY TO MILLS COUNTY FOR POLIO

The Mills County Chapter of the National Foundation for Infantile Paralysis received from national headquarters of the March of Dimes organization yesterday a check for \$1,750.00 to assist in payment of local polio patients' medical care, it was announced this week by Mr. E. T. Fairman, Chapter Chairman.

The money was requested from the emergency epidemic aid fund because the local Chapter, which retains 50% of March of Dimes proceeds each year for financial assistance to polio patients, whose families can not pay full costs unaided, has run out of funds.

So far this year national headquarters has advanced \$3,284,490.95 to Chapters as a result of increased incidence of infantile paralysis plus a heavy carryover of cases from 1948, year of highest incidence since 1916, said Mr. Fairman.

The Mills County Chapter is presently providing funds for the care, in whole or in part, of two patients stricken this year and also is continuing to pay costs of care for one patient stricken in former years.

## SINGING AT CENTER CITY SUNDAY AUG. 7

Starting at 2:30 there will be a big singing in the Baptist Church at Center City: The Eastland Quartet, The Gatesville Quartet, The Liberty Hill Quartet, The Dennis Trio of Lometa, William B. Huggins and wife of Brownwood will all be there for this singing; so be sure and come out and hear some of the best singing you have heard in a long time.

REV. C. M. HEAD,

## SOCIAL SECURITY REPRESENTATIVE TO BE HERE WEDNESDAY

A representative of the Austin Social Security Administration field office will be in Goldthwaite on Wednesday, August 10, at the Post Office at 11:00 o'clock A. M.

Many people employed for wages do not realize their social security account number is really an insurance account. As they earn wages over the years their insurance with the Federal Government is built up and becomes a substantial insurance reserve for the purpose of retirement at age 65 or later or much needed income to the survivors of the bread-winner should death occur.

The Administration's field representative will be only too glad to discuss with you the matter of filing a claim for retirement or death insurance benefits, assisting you in getting a social security account number card or a duplicate of a lost card. He can assist you in checking on your record of wage payments. Checking your record from time to time is to your advantage.

Windmills first became common in Germany and the Netherlands.

Pleasure is very seldom found where it is sought. Our brightest blazes of gladness are commonly kindled by unexpected sparks.

## GOLDTHWAITE PARENT TEACHER ASSOCIATION NEW HIGH SCHOOL MATH. TEACHER

Committees are at work and plans are being made for a more successful year for the local Parent-Teachers Association. With the Gilmer-Aikin law taking Texas out of the lower rank among the forty-eight states and placing it among the top few in the fields of education, the Texas Congress of Parent Teachers feels that the level of the Parent-Teachers organization must also be raised.

Local parents and teachers are being called on to study the general purpose of the Parent-Teachers organization and to make every effort possible to carry them out, namely:

- (1) To promote the welfare of children and youth in home, school, church and community.
- (2) To raise the standards of home life.
- (3) To secure adequate laws for the care and protection of children and youth.
- (4) To bring closer relationship between the home and school.
- (5) To develop between educators and the general public efforts to secure the highest advantages in mental, social and spiritual education.

The program committee for the coming school year has made preparations already for a year of good programs all centered around the theme: Teamwork—teamwork between school, home, church and all other civic organizations.

The officers this year will be as follows:

- President—Euna V. Barnett.  
1st Vice Pres.—Mrs. Ed Gilliam  
2nd Vice Pres.—Mrs. Mack Horton.  
3rd Vice Pres.—Mrs. Ferris Jones.  
Secretary—Mrs. Robert Steen  
Treas.—Mrs. Aubrey Hudson  
Parliamentarian—Mrs. W. C. Barnett.  
Historians—Mrs. E. B. Anderson, Miss Erma Harrison.

The following committee chairmen will serve with the above officers to make up the executive committee:

- Committee Chairmen**  
Publications—Dorothy Clements.

Chairman of Grade School Room Mothers—Mrs. Carl Letbetter.

## NIGHT WATCHMAN, FIRE DEPARTMENT, SAVE EAGLE LOSS

Jack Davis, Goldthwaite night watchman, on his regular round of the town early Wednesday morning, smelled smoke and located a burning motor in the Eagle Office and turned in a fire alarm in time for the Goldthwaite Volunteer Fire Department to save the Eagle Office from further damage than the 3-horse-power motor that caught on fire and filled the building with smoke.

Damage was about \$100 to the motor. Joe B. Karnes, assistant fire chief, and the boys deserve much praise for their quick action in getting on the job in time to put out the fire before it caught a barrel of news ink about four feet away, which probably would have set fire to the roof.

## GOLDTHWAITE CUBS AT POTTSVILLE

The Goldthwaite Cubs play Pottsville there next Sunday, in a Cowhouse Basin League game. The Cubs went to Aleman last Sunday for a double-header, the results being: First game—Cubs 6, Aleman 2; second game—Cubs 2, Aleman 3.

W. E. CANTRELL

Superintendent H. E. Patton and the School Board have announced they have secured the service of W. E. Cantrell who has previously been associated with the Goldthwaite Schools as teacher of mathematics in the high school for the 1949-50 mathematics in high school for term. Mr. Cantrell has taught a number of years and has a Bachelor of Science degree from North Texas State College, Denton, Texas; a Master of Arts degree from Southern Methodist University, Dallas, and has done work in Baylor University and the University of Texas.

## Twenty-Six Farmer-Rancher Guests At Lions Club Meeting

Some 26 foremost Mills County farmers and ranchers were special invited guests of the Goldthwaite Lions Club at its regular first Tuesday night meeting at The Hangar. Included were the "smartest" and the "dumbest" two in the county.

After welcoming the guests, Lion President Warren P. Duren turned the program over to the program committee—Lions Ben A. Day, Leston Bain and George G. Reese. Lion Day made a short talk and illustrated with a chart how a new man coming into Mills County to buy a stockfarm of 640 acres would within a few years help practically every business in the county. Lion T. C. Graves led in asking Hobart Priddy and Willis Hill, members of the Board of Supervisors of the Brown-Mills Soil Conservation Service, for soil conservation practices on the imaginary 640 acres. Lion Bain of the Triple A told of the amount of money available to run six miles of terraces on the farm and place 200 pounds of phosphate to the acre. Carl Casbeer and Paul Koshi of the Brown Mills staff showed pictures of Mills County farms where soil conservation practices had been taken advantage of during the past three years.

Lion Day said the main purpose of soil conservation was to hold moisture that fell on the land. He pointed out that within the last three years, following phosphate and vetch, lands in Mills County had increased in production: Corn from 16 to 40 bushels per acre; oats, 25 to 40; wheat 12 to 18 or 20; grain sorghum 1,000 to 1,600 pounds per acre; and pasture land from 580 to 1,760 pounds of roughage to the acre.

At the request of President Duren, the following guests introduced themselves:

- W. B. Black, Ercher McCasland, Dale McCasland, W. E. Womack, V. C. Segelquist, A. L. Reese, H. A. Dobbs, L. B. Burnham, Kyle Smith, Willie Wasserman, David Watters, Allen Hardgrave, H. L. Pyburn.  
Melvin Bessent, P. R. Jordan, W. B. Wooster, Floyd Sikes, J. H. Priddy, Arthur Gromatzky, Delton Barnett, W. A. Hill, Chas. Hill, Ray Priddy, Ernest Kohler, Carl Casbeer, Willis Horton.

Description of Slides Shown at Lions Club Meeting

The following Kodachrome slides, taken by Soil Conservation Service personnel illustrating certain conservation practices applied by farmers and ranchers cooperating with the Brown-Mills Soil Conservation District, were presented at the Lions Club Meeting, August 2, 1948.

May, 1947—Vetch and wheat on Jim Soules ranch, Star, Texas. Mr. Soules is still reaping benefit from this cover crop.

March, 1948—Second year Madrid Clover, Jim Soules ranch. Mr. Soules stated that his cattle made considerable gain when this stand was grazed.

June 1948—Second year Madrid Clover. Harold Beard Farm, Caradan, Texas. Nearly ready for seed harvest. Mr. Beard got 10 bu. more wheat per acre on this land this year than he got on land that had not been improved by a clover crop.

March, 1948—J. A. Schlee farm, Priddy, Texas. This slide shows a wide waterway constructed with a plow and seeded to King Ranch Bluestem. When it is properly sodded over, field terraces will be eliminated into it.

October, 1948—Melvin Bessent farm. Channel type terrace constructed with a two disc plow.  
Nov. 1948—Two slides on

Owens Bros. ranch, Center City, Texas—Show grass production plots. One shows poor pasture and the other good pasture. Difference in production:

Poor pasture—653 lbs. forage per acre  
Good pasture—1928 lbs. forage per acre.

July, 1947—Near San Saba Peak. Fence line contrast between poor and good pasture.

April, 1948—Owens Bros. ranch. Shows choice native grass pasture. Gives almost a true picture of how the pastures looked to early pioneers. (Before they were overgrazed).

October, 1947—J. A. Schlee farm, Priddy, Texas. Close-up picture showing the seeding of little bluestem after one season's rest.

October, 1947—Dr. T. C. Graves ranch, Mr. Olive community. King Ranch bluestem seeded in shinary pasture. The grass has done well checking the growth of shinary.

September, 1947—Owens Bros. Ranch—Shows progress made in 5 yrs. by Indian grass and little bluestem in taking over shinary pasture. Ground is nearly covered with these grasses and shinary is kept in check.

## Our WASHINGTON Letter

By Congressman O. C. FISHER

By an impressive majority of 273-to-116 the House last week passed the perennial anti-poll tax exactly nothing except to kill exactly nothing except to kill two days in debate and to doctor up political platforms in districts where the civil rights agitators hold forth.

It was the fifth time in the past ten years the same thing has happened. Usually authored by the left-wing Congressman from New York, Vito Marcantonio, the anti-poll tax bill had about as much enthusiasm among its supporters as a termite during a cyclone. But the Members who vote for it know the Senate won't let it pass anyhow, and they want to curry the favor of the minority groups who advocate it and whose votes might come in handy during a close election. After all, the Southerners don't vote in their districts.

There are only seven states that now impose a poll tax. The Constitution itself provides that the individual States shall be the judges of the qualifications of the voters in the election of federal officials in such States. But those who favor the anti-poll tax ban by the Congress aren't concerned about the Constitution and the rights of the States to determine such questions.

Texas and the other poll-tax States are quite capable of deciding whether they do or do not want to continue to impose a

poll tax, and they need no help or interference from the Federal government in carrying out that responsibility which is delegated to them by the Constitution of the United States.

The Bureau of Mines has just given me a report on investigations that have been made of soapstone deposits in Gillespie County and vermicolite deposits in Llano County.

The mineral known as vermicolite is found extensively within a radius of twelve miles of the town of Llano. Most of this is now under lease. Commercial production has been limited, and the extent of its future will depend somewhat upon a possible increase in demand.

The vermicolite is a highly desirable material for insulation against heat, cold and sound. It is also used as an aggregate in plaster and as an aggregate in concrete.

The Bureau reports on a survey of soapstone formations on the Alfred Davis Ranch near Willow City in Gillespie County. Considerable deposits were found to exist. Right now about 20 tons per day are being mined. This mineral is used principally in the manufacture of roofing paper, foundry facings, insecticides and as a filler in asphaltic paints. Copies of these reports may be obtained by writing to my office.

A hundred years ago the first settlers came to Kendall County and named their settlement on the banks of the Cibola, Boerne. So this year on August 26, 27 and 28, the citizens there will celebrate this Centennial year "in a manner that is benefitting a town and its people that are proud of their heritage".

Tom Roberts, the Centennial Chairman, has sent me an invitation to attend and I shall certainly do so if at all possible.

Among recent visitors have been Mr. and Mrs. C. A. Davis

and their daughter, Janette, of Brownwood; Carroll Land, REA Manager of San Angelo; Mr. and Mrs. Jimmie West, enroute back to Eldorado from the Lions convention in New York; Tommy Kirkpatrick of Robert Lee and his sister, Mrs. Betty Hillman of Washington, D. C.; W. C. Fawcett, Jr. of Kerrville, and Arthur Stehling of Fredericksburg.

Joe Bailey Swanner of Brownwood, a recent graduate of Howard Payne, is now working in the Disbursing Office of the House of Representatives. He plans to enter George Washington University Law School this Fall.

6:30 AM Week Days—10:15 AM Sundays

We know a fellow who has plenty of watermelons at home but who drove 50 miles to Mineola to get a free slice at the festival there last week.

Could this be the old "something for nothing" drive that motivates us to do so many things? And, much of the time, we come out just about as well as that fellow, who spent several times the price of the watermelon just driving to get it.

Of course, he met a lot of good folks, and so it was a profitable trip after all.

Like we predicted, Secretary of Agriculture Brannan had little to say about the so-called "Brannan plan" when he visited the Cotton Research Congress in Dallas last week. At the press conference, though, he was asked a good many questions about it, and kept assuring that the plan he and his associates have submitted was just the best thinking he could present on the subject of a farm program for this country at this time, and that when someone else has a better idea he will be glad to put his weight behind that one. He said farmers and other people should write to him, and tell of their original thinking.

This sounds like a good thing, provided people will try not to let the "something for nothing" rule dominate their thinking. It would be helpful if more farmers and ranchmen, as individuals, would determine to take a more active part in running the affairs of the country by participating in local group doings, studying governmental affairs, and voicing opinion.

Some cotton farmers around here hit upon an original scheme to help their yields. They went together and hired a bug expert for three months. He spends his time looking at their cotton fields and advising the farmers on control methods. The season is young, but better looking cotton than average is reported.

Roger Davis of Mount Vernon, is a native east Texan and for many years has been a representative of the Farmers Home Administration over a large area. Always enthusiastic about his part of the country, Roger nevertheless is down-to-earth in his concept. So when he says that East Texas is doing better agriculturally now than it has in many years, we are inclined to believe it.

By knowing how, farmers

have raised corn yields to and 45 bushels per acre and 60, says Mr. Davis.

Dooley Dawson says that conservation tours and railroads have generated of interest in many lands. A good many spots now more Grade A dairies than before. Some communities undertaken soil conservation projects which are attracting much attention.

## The Low Cost of Advertising in Weekly Newspapers

Daily figures from 1948 Editor and Publisher International Yearbook. APA and "All Weekly" figures from American Press Association's Directory. \*See copy for explanation of this column. Daily milline rate is 1/1000 of circulation.

"Why does it cost so much to advertise in weekly newspapers?"

The answer is: IT DOESN'T.

Advertisers who think it does have given undue regard to milline rate, which is concerned entirely with circulation and has nothing to do with the more important subject of READERSHIP.

Daily newspapers have an average milline rate of \$3.32. GREATER WEEKLIES newspapers have a milline rate of \$17.22. Without further analysis, the dailies would appear to offer a big rate advantage.

But READERSHIP ANALYSIS turns the tables. For thirteen surveys of weekly newspapers (made by seven reputable organizations) show the readership of weeklies to be SEVEN TIMES that of dailies.

If the advertiser wants to buy readership, and not merely circulation, it is entirely logical to divide the milline rate of the weeklies by 7, giving a READERSHIP RATE of \$2.46 for GREATER WEEKLIES as against \$3.32 for dailies.

Thus the advertising dollar buys MORE READERSHIP in the weeklies than in the dailies.

Readership analysis is not an exact science. But when the averages for 13 surveys show this great Readership superiority as compared with studies

of 72 dailies, milline rate comparisons as a basis of advertising costs become meaningless.

WHY ARE WEEKLY NEWSPAPERS SO MUCH BETTER READ? Here are some of the reasons:

- The weekly newspaper is a Town Bulletin carrying news about people the reader knows.
- It is read by every member of the family and kept in the home for a week.
- An advertisement has less competition for readership and the reader can go through the whole newspaper in a comparatively short time.

AND WHAT ABOUT QUALITY OF READERSHIP?

Rural people have more money to spend than at any time in history.

Their 1948 income of \$41,000,000,000 was over three times their income in 1939. They are able to buy anything the advertiser makes them want.

In GREATER WEEKLIES newspapers, an advertiser can reach 1000 families for .017 per line. When the great readership of these newspapers is considered this may well be considered the outstanding buy of any advertising media.

Analysis of individual studies on which these comparisons are based are available from—

## 4-H Safety Workers in All-Out Attack to Reduce Accidents on Farms in 1949

MR. FARMER, has the 4-H Club member in your family checked your farm and home for accident and fire hazards lately? If not, you can expect him to do so any day now. 4-H'ers are making an all-out attempt to reduce the annual cost of accidents affecting farm folks—including motor vehicle, fire and property damage—which totals more than one billion dollars, or about \$35.00 per person! They are also trying to cut down the number of accidental deaths, which kill 51 farm residents in the U. S. every day in the year.

Your 4-H'er doubtless will caution you to drive carefully on highways, and use proper signals when turning or stopping (top right). More than 7,300 rural people are killed annually in motor vehicle accidents. In fact, more fatal automobile accidents occur in rural areas than in any other location.

Falls rank second in farm accident causes. So watch your step when carrying a clothes basket, like the girl shown in right photo. Your 4-H safety worker probably will suggest you tack down throw rugs or put them on non-slip matting, and keep stairways uncluttered. Are your lightning rods properly grounded? The 4-H'ers shown at top left found the ground wires broken, and therefore worthless. Lightning, which is one of the greatest causes of farm fires, each year destroys 20 million dollars worth of farm property, kills 500 farm residents and injures 1,300 others.

National Farm Safety Week will be observed July 24-30. Rural boys and girls taking part in the National 4-H Farm Safety program

want to make you, your family and neighbors safety minded. Accidents mentioned above happen. For achievements in work, the 4-H boy or girl receive a prized sterling silver of honor as county winner. Motors also provides an annual trip to the National Club Congress. Chicago November, for the state and \$300.00 college scholarship for each of the eight champions. By practicing from this time on, you'll help your 4-H'er in his safety but help save a life—while be your own.

The National 4-H Farm program is conducted in direction of the Cooperative Extension Service.

### Tea Honors

#### Reva Mae Horton

A tea honoring Miss Reva Mae Horton was given on Wednesday, July 20th at the Baptist Educational Building with around one hundred fifty guests attending.

Mrs. L. R. Rudd and Mrs. Delton Barnett were hostesses and were assisted by Mrs. Jim Rudd, Mrs. Luther Soules, Mrs. Willis Hill, Mrs. Bruce Burnett, Mrs. L. F. Bain, Mrs. Malcolm Jernigan.

Mrs. Jim Weatherby poured tea and Mrs. Philip Nickols served cake. The table was covered with a white linen hand-drawn table cloth and centered with a white arrangement of gladioli, petunia, obelia, white carnations, white daisies.

Tea napkins with Reva Mae and Allen engraved in gold announced the honorees. Mrs. Emery and Miss Janet Soules played popular organ music throughout the party.

The house party consisted of Mrs. Lula Horton, Mrs. Capple Moreland, Mrs. Charles W. Hill and Mrs. Larry Dalton at the bride's book.

### GOLD STAR GIRL

On July 18th Joyce Hart, daughter of Mr. and Mrs. L. B. Hart of Goldthwaite 4-H Club was selected the winner of Gold Star award for Mills County. She has well established demonstrations and has been in club work four years.

Other girls participating for the award were: Joanne Koppe, Priddy, Myriene Reynolds, Goldthwaite Jr. 4-H; Helen Hasley, Mullin, and Mary Lee Aldridge, Star.

The judges were Mrs. G. C. Mann of the Center City H. D. Club; Loraine Burdette and La Joy Clary, 4-H girls of Goldthwaite and Star, respectively.

### Stewart-Toliver Rites Solemnized

(Lubbock Avalanche)

The marriage of Miss Margaret Oleta Stewart, daughter of Mr. and Mrs. Carl O. Stewart of 2419 Twenty-first, and Coke Clifton Toliver, son of Mrs. Margaret Toliver of Mullin, was read Saturday night at 8 o'clock at the wedding chapel of the Brownwood First Methodist church. A double ring ceremony was performed before an altar arranged with white gladioli and woodwardia fern.

For her wedding, the bride wore a street length dress of white organdy, designed with a fitted bodice and a closely tucked yoke fastened in front with tiny covered buttons which extended to a soft round collar. Tucks of graduated width accented the rippling gathered skirt. She wore a short veil of bridal illusion, falling from a coronet of illusion and orange blossoms and she carried a ribbon showered orchid on a white Bible.

Following tradition, she wore, for something old, a strand of pearls which the bridegroom brought from the South Pacific, and she carried, for something borrowed a white linen handkerchief belonging to her mother. Mrs. Toliver was the 160th bride to wear a blue garter belonging to Mrs. Robert J. Allen. For good luck, she put a penny in her shoe.

Miss Ruby Stewart who attended her sister as maid of honor wore a sheer 'ee blue dress fashioned with a V neckline and a flared skirt. She carried a colonial bouquet of Marguerite daisies.

Rex Williams of Mullin served as best man.

The bride's table, at the reception given at the church after the ceremony, was laid with lace and centered by an arrangement of white gladioli. The bouquets of the bride and her attendant and tapers burning in crystal candelabra flanked the gladioli bouquet.

### HAM - RHODES VOWS READ

The last rays of the evening sun shone dimly through the stained glass windows of the First Baptist Church Sunday, July 17, at six o'clock to silhouette Miss Patsy Ham and William Rass Rhodes as they repeated their marriage vows "until death do us part" in a double-ring ceremony read by Rev. T. P. Lott of Grapeland. The wedding of Miss Ham, daughter of Mr. and Mrs. C. A. Ham of Timpson to Mr. Rhodes of Belton, son of Mr. and Mrs. Ernest Rhodes of Goldthwaite, culminated a whirl of prenuptial affairs.

A program of music was rendered by Mrs. Ira Holder, organist, who also accompanied Mrs. M. L. Allen as she sang "God Sent You To Me" and Troy Pewthers as he sang "Because" at the close of the ceremony. Mrs. Allen sang "The Lord's Prayer" as the young couple knelt on the satin-covered bench for the spiritual benediction.

The brunette beauty of the bride was completely and utterly a picture to be remembered in a summer frosted Chantilly lace gown, fashioned with an Infanta collar tightly fitted basque bodice. The full gathered skirt worn over a hoop, extended into a graceful cathedral length train. Given in marriage by her father, she carried a white Bible topped with an orchid, showered with stephanotis and satin streamers.

The bride's attendants wore sweeping gowns in crisp yellow organdy, half hats in lime tulle and carried bouquets of lime-tinted daisies caught with deep green satin ribbon.

Mr. and Mrs. Ham entertained with a reception at the close of the ceremony in the Woman's Forum Building. Two hundred guests called.

The happy young couple left for a honeymoon in Colorado.

### Hardman Reunion

Sunday, July 31 was an enjoyable day for relatives of the Hardman family. This was the first time they had all been together in several years. All of the living children of Mrs. Vick Hardman and the late G. N. Hardman were present for this reunion and also all the grandchildren and great-grandchildren that live in Texas were there with the exception of Mr. and Mrs. Doyle Cox and Charles of Melvin.

This reunion was held at the Lampasas park, every one enjoyed the day meeting new kind-folks, talking, swimming, taking pictures and eating.

Those present were: Mr. and Mrs. W. C. Henry, Walter Jr. and Lester, Mr. and Mrs. W. M. Johnson, Rita Sue, Wanda and Danny, Mrs. Vick Hardman, Mr. and Mrs. J. C. Miles, Elam, Danny and Harold, Mrs. John Henry, Mr. and Mrs. Clarence Hardin and Edwin, Mr. and Mrs. O. Z. Berry all of Goldthwaite, Mr. and Mrs. Fred Jones and Lyndon, Mr. and Mrs. Vernon Welch, Vernon Jr. and Kenneth Dale, Mr. and Mrs. Jake Chapman, Dean, Ronnie and Richard, all of Comanche, Mr. and Mrs. Claude Hardman of Albany, Mr. and Mrs. N. H. Hardman and Norman H.; Mr. and Mrs. Glendon Hardman and Glenda, all of San Saba, Mr. and Mrs. Alvin B. Cloer, Miss Rita Henry, Mr. and Mrs. R. G. Jones, Jean and Barbara Ann, all of Austin, Mrs. G. L. Mauldin Jr. and Jacqueline of Texas City, James Mason of Hico, Mrs. Lydia McCallister of Globe, Arizona, Mr. and Mrs. Bernard Mallett and Chester, Mr. and Mrs. Harry Mallett, Vivian and Doris of Burnet.

Mrs. Allen Ross and daughter went to Brownwood Monday morning to do their fall shopping.

Mrs. J. H. Burnett spent Sunday with her son and wife after church.

### Big Valley H. D. Club

For its regular monthly "Sunshine Visit," the Big Valley H. D. Club, complimented Mrs. Walter Nelson with a "Good-bye Shower."

Mr. and Mrs. Nelson and Laura plan to move into Goldthwaite sometime this month.

After a pleasant social hour, Mrs. Nelson's daughters, Laura and Nanie, (Mrs. Bohannon), served a nice refreshment plate to the members present and

Mrs. Sena Ezzell, Mrs. Andy Brown, from Fort Worth, Mrs. Holcomb from Richland Springs, and Mrs. L. L. Martin, a neighbor.

Mrs. Nelson then opened the little gifts and found several personal and useful household items. She expressed her gratitude to those present for their thoughtfulness.

We will miss the Nelson family from our community, but wish them the best of contentment in their new home.

The screen comedy is based on the Broadway musical success of the same name which ran for 16 consecutive months at the Winter Garden in New York City and highlights the music of Walter Scharf and Jack Brooks. Oscar Brodney and John Grant co-authored the screenplay.

Featured in the film's strong supporting cast are Virginia Grey, in the role of a feminine Toreador; John Hubbard as an American diplomat; and Luba Malina, the latter femmementace recruited from the original New York cast of "Mexican Hayride" for her film debut with Abbott and Costello.

Outset of the comedy finds Lou Costello arriving in Mexico City in pursuit of a swindler. Bud Abbott portrays the crook who, having sold Lou phoney oil well stock in Iowa, also left the States with the rotund comic's fiancée, played by Miss Grey.

To Costello's chagrin, he discovers that the girl he had planned to marry is now billed in feminine Toreador.

### Celebrates 83rd Birthday

(San Angelo Standard-Times) MILES, July 18. (SC)—Mr. N. J. O'Quinn, a retired farmer, observed his 83rd birthday anniversary at his home here Saturday.

A native of Missouri, Mr. O'Quinn was born July 16, 1866, at Lebanon, Laclede County. At the age of nine, he moved to Texas with his parents, the late George M. and Clarissa O'Quinn. They located in Brown County on a farm, which is now Goldthwaite in Mills County. He was married to Miss Minnie Sexton Feb. 14, 1897, at Goldthwaite. They moved to Miles from Lamesa, Gaines County, in 1909, and bought a farm about three miles north of Miles. They lived on the same farm until about five years ago when they sold

the farm and moved to town. Mrs. O'Quinn died Jan. 18, 1947. Mr. O'Quinn has four children, Mrs. Mary Lea Jones of Ysleta, Tex.; C. L. O'Quinn of Tucumcari, N. M.; Mrs. Bill Cervenka of San Angelo, and Mrs. Otis Lane of Veribest. He also has seven grandchildren, Leighton, Pat, Sharon and Timothy O'Quinn of Tucumcari, Bill Cervenka, Jr., of San Angelo, and Lattitia and Otis Neal Lane of Veribest.

### MADOR-CARTER VOWS SOLEMNIZED

Miss Geraldine Mador, daughter of Mr. and Mrs. Martin Mador of Chicago, Ill. and Anderson Carter, son of Mr. and Mrs. Powhott Carter Sr., of Lovington, New Mexico were united in marriage at eleven o'clock Saturday, July 30 in Saint Andrews Episcopal Church in Fort Worth.

Following the wedding, breakfast was served in the Keystone Room at the Texas Hotel for the immediate family and friends. A lovely rehearsal dinner was given at the Texas Hotel by the groom's parents, for the bridal party and about fifty guests.

On their return from the wedding trip to various points of interest in Colorado, they will make their home on his ranch at Portales, New Mexico.

Mr. Carter will be remembered here by a host of friends as he spent several summers here as guest of Mr. and Mrs. John Berry, personal friends of the Carter family. Mr. and Mrs. Berry attended the lovely wedding.

Misses Sible Ann Reid, Mary Palmer and Mildred Hale spent last week at Pompey Mountain teaching in the Bible School. Miss Patricia Lockridge went Friday night to help the girls to get the work started. These girls are from the Baptist Church in Goldthwaite.

### Weekly Swings SOUTHWEST FARM MARKETS

Lower prices for most grains, fruits and vegetables contrasted with strong markets for most other farm products during the past week, the U. S. Department of Agriculture's Production and Marketing Administration reported Monday.

Sheep and lambs closed the week unchanged, to mostly 50 cents higher. Medium to choice spring lambs ranged from \$20 to \$23.50 at Texas and Oklahoma markets and around \$25 at Denver Monday. Goats advanced 50 cents at San Antonio.

Advances of 50 cents to \$1.25 for the week were general at the hog markets. Medium weight butchers turned mainly from \$21.75 to \$22.25 in Texas and Oklahoma, and \$23.75 to \$24 at Denver. Sows brought \$17.50 and down at Texas markets.

Most cattle showed gains for the week ranging from 25 cents to around \$2, but cows lost similar amounts at San Antonio, and bulls recorded general declines. Canner and cutter cows brought \$11.50 to \$14.50 Monday at Houston, \$10 to \$13 at San Antonio, \$10 to \$13.50 at Fort Worth, and \$12 to \$14 at Denver.

Less cattle arrived at Texas and Oklahoma markets last week than the week before, but other livestock numbers changed little in the southwest and midwest.

Pork lost \$2 to \$3 for the week as other dressed meat sold weak to lower.

Good demand raised prices of candied eggs a cent or two per dozen and spring chickens a penny a pound during the past week. North Texas markets paid 50 to 54 cents a dozen for candied white eggs and 45 to 48 for mixed colors.

Wool trade was quiet, but Texas reported scattered sales of 12-months wools around \$1.55 to \$1.60 clean basis. Mohair remained nominally 38 and 58 cents.

High-protein feeds continued to rise in price this week, as most other feeds showed little change. Stronger alfalfa hay markets contrasted with sagging prairie hay values. First harvesting of early-planted peanuts began in south Texas.

Most cotton markets closed Monday 50 cents to \$1 a bale higher than a week ago, although Little Rock declined \$3.25. Dallas sold spot middling 15/16 at 30.65; Houston 30.90; Galveston 31.00; New Orleans 31.25, and Little Rock 31.40.

(Intended For Last Week.)

BY CLEMENTINE WILMETH BRILEY

We still have dry weather, but somewhere it must have rained, for the days and nights are delightfully cool.

Mrs. Cecil Crowder and children, who have been staying at the Griffin home for sometime, have joined Mr. Crowder at Eastland, and are making their home there now.

Miss Lila Jo Thompson has a bookkeeping job at Comanche. Pauline Russell and Erma Joy Reynolds are working in Odessa.

We find that Miss Edith Thompson was married to George Russell of Big Spring at the Methodist church in Brownwood July 16. After a honeymoon in East Texas, they are at home at Big Spring.

Mrs. Gene Egger, Mrs. Cecil Egger, Ynell Egger, Mrs. Hubert Reeves, and Mrs. Taylor Duncan, who attended the shower given by Miss Schrank at Priddy for Miss Edith Thompson, say they believe it was the nicest shower they ever saw.

Mrs. P. R. Reid and her granddaughters, Benna and Judy, daughters of Mr. and Mrs. Dale Reid, of Goldthwaite, came with Dale as he came to plow his cotton one day last week and spent the day with Mr. and Mrs. Charm Whittenburg.

Jenks Martin and two helpers from Brownwood are putting a new roof on Mrs. Edna Dwyer's house this week.

Along the road to town through the maneuver area, land that has been lying out is now rapidly being enclosed with fences.

And we find that nice white house which sprang up as by magic in the maneuver area has had a nice, new front porch added, and is now being lived in. We hear that the house belongs to Mr. Tallant.

Our tomato vines have dried up, but with a good neighbor who has brought me an abundance of beautiful red ripe tomatoes I am faring fine. That is what Mrs. Charm Whittenburg has done for me.

Clayton Egger really has a crop of maize on the Tippen

farm and also on the Reide Haynes place across the road. It is dwarf with each stalk holding up a large, long head.

The Wilmeth family met in reunion Sunday after church at the home of Mrs. Edna Dwyer. All four of the Wilmeth children, Mrs. J. R. Briley, J. R. Wilmeth, Mrs. Edna Dwyer, and Mrs. Grace Bateman were present. Mr. and Mrs. J. R. Wilmeth of Brownwood, Miss Marie Wilmeth of Abilene, and Mr. and Mrs. Ralph Wilmeth and children of Miles came in time for church Sunday morning. Mrs. Austin Cawyer and Ednabeth of Orange together with Mrs. O. R. Mitchell and Marilyn and Robert of Beaumont arrived Saturday evening. Mrs. Cawyer and Ednabeth will spend some time at the Dwyer home while Mrs. Mitchell and children will visit at the Briley home. Austin and O. R. were too busy to come, but may come later.

Mr. and Mrs. J. F. Bateman and their sons, Joe and John Hubert, of Fort Worth came from home Sunday morning, and returned that night.

Those present for Mrs. Dwyer's Sunday Mr. and Mrs. J. R. Briley, O. R. Mitchell and Marilyn, Carol Jean, Hubert, Mr. and Mrs. Wilmeth and Billy; Mr. and Mrs. Wilmeth, Miss Marie Wilmeth and children, Lucy Gale and Joe; Mrs. Edna Dwyer, Austin Cawyer, and Ednabeth; Mr. and Mrs. Bateman and Joe and Robert; and Ynell Egger.

Miss Marie Wilmeth the night at the Dwyer and had dinner at the home Monday. On her trip she was accompanied by Ednabeth Cawyer. They spent the night in Brownwood at the Wilmeth home, where to go to Abilene to spend the night for Mrs. Mitchell to meet her niece class at A. C. C.

### President Truman 'Should Not Run Again,' Say Texas Voters In Poll

By JOE EELDEN  
Director, The Texas Poll  
Austin, Aug. 1— President Truman isn't saying whether he intends to run for re-election in 1952, but there is growing talk that he might.

A recent nationwide poll by Dr. George Gallup shows a majority of voters have a hunch that the President will run again.

That brings up this question: "Should he run again?"

Mr. Truman may be interested to know how a cross section of Texas voters answered this question a few weeks ago. A majority were of the opinion that he should not.

Here is the question, as it was asked by interviewers for The Texas Poll in all parts of the state:

"Do you think Truman should run for President again, or not?"

Qualified All Voters Adults	
Yes	35% 35%
No	53 48
No opinion	12 17
	100% 100%

In the 1948 election, Mr. Truman received 66 per cent of the vote in Texas. In traditionally Democratic Texas, this was no surprise. A pre-election survey by The Texas Poll showed 61 per cent of the voters who had made up their minds two weeks before the election were for him.

Comparable cross sections of the adult population were interviewed in both The Texas Poll's 1948 pre-election survey and its most recent survey.

The latest Poll indicates that Texans would like to have the Democrats consider someone else for President in 1952. But it does not mean that Texans would reject Mr. Truman if he chose to run again. Before Mr. Truman was nominated in 1948, The Texas Poll's surveys indicated a wide cleavage of opinion on whether or not he would make the best standard bearer for the Democrats. After his nomination, however, the Poll consistently showed that he would receive an overwhelming majority of the votes.

## Four Veterinarians work For Two Hours On Reindeer's Broken Leg

### BACK HOME

Grady Carothers brought Blitzen back to his Mills County home and the company of his brother reindeers Wednesday night, after the reindeer had been released from a Fort Worth Veterinary clinic, where he was taken after jumping a fence at the Carothers ranch and breaking a leg. A cast was at first put on the leg at Fort Worth, but when a Kirschner splint which was ordered from Washington state was received, it was put on to hold the bone with pins set on above the break, which allows the reindeer considerable freedom of movement.

Mr. Carothers expects the broken leg to heal rapidly now. This week he took Dander to Fort Worth for company for Blitzen, and brought both of them back Wednesday night.

### BY GRACE HALSELL, in Fort Worth Star-Telegram

Bewildered and thousands of miles from his native habitat, Blitzen, a reindeer with a broken leg, was put to sleep at 9 a. m. Thursday and laid on an operating table.

His owner, Grady Carothers, stock farmer from Goldthwaite, paced the floor nervously.

Four veterinarians, none of whom had ever operated on a reindeer before, worked for nearly two hours with the animal. A crowd of spectators filled the operating room at the Haltom City Animal Hospital.

Blitzen is said to be one of only four reindeer on the North American Continent owned by an American. Carothers thinks he is the only individual with reindeer, except perhaps a few Canadians.

While the doctors were performing the surgery, Carothers was praying that his dream would not be destroyed by the accident two weeks ago in which the 250-pound reindeer broke his leg jumping over a fence.

"My hope has been to supply some Santa Claus with the real conveyance—a sled drawn by reindeer," Carothers explained.

With this idea in mind, the stock farmer and his 15-year old son, John, flew to Alaska last July and lived with Eskimos 30 days while they "walked down" a herd of the deer to the village of Golovin.

Carothers flew eight steer reindeer back to America. Four of them have died.

But he still has Dancer, Prancer, Donner and Blitzen—enough to pull a sled for Santa Claus and prove to all children "he still lives."

In Alaska, the deer eat reindeer moss, but on his stock farm, Dancer, Prancer, Donner and Blitzen graze like other livestock, and eat oatmeal and peanut hay.

Carothers tried ordering the reindeer moss, but found that two sacks cost \$26.50. He bought 20 of them, and is feeding Blitzen his favorite food while he is suffering with the broken leg.

Penicillin Administered. Blitzen's right front leg was fractured just below the knee, almost on the joint. X-rays showed it was a "bad break." Veterinarians worked for two hours preparing for the operation.

At 7:30 a. m., Blitzen was measured for a Thomas splint. Then X-rays were taken. The 3-year-old animal, eyes wide

and frightened, next received 1,000,000 units of penicillin to keep down infection.

Then he was given anesthetic by shots in the neck.

Placed on the operating table, Blitzen's leg was shaved. The fractured area then was split open, the broken bones placed together, and an eight-inch steel needle inserted to hold the bones in place. Then the cast was put on and bolted.

Blitzen got up and walked. By the time the snow falls, Blitzen may be running as fast as lightning—or at least as fast as a reindeer.

## WORLD'S LARGEST SUNDAY SCHOOL CONVENTION TO MEET IN SAN ANTONIO

The world's largest Sunday School convention will meet in San Antonio September 7-9. Over 5,000 Sunday School workers from all over Texas are expected at the conference being planned by the state Sunday School department of the Baptist General Convention of Texas.

Nine well-known pastors, educators, Sunday School leaders and teachers are to speak before the convention. Fourteen others will lead conferences for every age-group as well as special conferences on music, literature and church work.

Arrangements for the meeting made by Andrew Q. Allen, state secretary for the Sunday School department. Dr. W. L. Howse, Ft. Worth, is president of the state organization and will preside at the convention. Sessions of the three-day meeting are to be held in the First Baptist church and the municipal auditorium, San Antonio.

Among the speakers to appear before the Sunday School workers are Dr. Forrest Freezer, pastor, First Baptist church, Waco; Dr. W. R. White, president, Baylor university, Waco; Perry M. Hayden, president of the Dynamic Kernels Foundation, Tecumseh, Michigan; Earl Gaston, Pensacola, Florida, Sunday School superintendent;

Dr. J. M. Price, Southwestern Baptist seminary, Ft. Worth; Dr. H. H. Hobbs, pastor, First Baptist church, Oklahoma City; Dr. J. Howard Williams, executive secretary of the Baptist General Convention of Texas; Dr. J. H. Landes, pastor, First Baptist church, Wichita Falls; and Dr. Ellis Carnett, pastor, Travis Avenue Baptist church, Ft. Worth.

Texas Baptist Sunday Schools now have a total enrollment of more than 700,000, Mr. Allen said.

### McKenzie Infant

Little Billie McKenzie, infant son of Mr. and Mrs. Jack McKenzie was born on Friday, August 22nd in Memorial Hospital in Brownwood and passed away the following day after a brief span of some thirty-six hours of this life on earth. And thus another tiny rosebud was planted in God's beautiful flower garden along with an infant brother and an infant sister who preceded him several years in death.

## OUR DEMOCRACY—by Mat

### FREEDOM TO GROW

NOWHERE IN THE WORLD IS THE POTENTIAL FOR INDIVIDUAL ACHIEVEMENT AND GROWTH IN THE PROFESSIONS AND SERVICE CAREERS GREATER THAN IN AMERICA.

THIS CAPACITY FOR GROWTH STEMS FROM OUR FREEDOM TO CHOOSE THE WORK THAT INTERESTS US MOST—THE OPPORTUNITY TO GO SO FAR IN THIS WORK AS OUR INITIATIVE AND EFFORTS CARRY US—AND THE INCENTIVE THIS GIVES FOR CONTINUED STUDY TO KEEP ABREAST OF NEW TECHNIQUES AND PROCEDURES.

THE MEN AND WOMEN WHO DEDICATE THEMSELVES TO THE SERVICE OF THEIR FELLOW MEN ARE WELL REWARDED IN SUCCESS AND SATISFACTION IN OUR DEMOCRACY.

Hugh McKenzie of Goldthwaite, maternal grandparents, Mr. and Mrs. J. D. Dewbre of Brownwood and numerous aunts and uncles who mourn his death.

He was laid to rest in Goldthwaite Memorial Cemetery in a service conducted jointly by Rev. D. A. Bryant and Rev. Emery.

Out of town relatives and friends attending the funeral were Mr. and Mrs. P. W. Pitts, Mrs. Fred McClary, Mr. Felton Dewbre, Mr. and Mrs. Felton Dewbre Jr. of Brownwood, Mr. and Mrs. Odus Dewbre and daughter of Zephyr, Mr. Ira Dewbre of Ft. **JAYCEES TO AID RESERVES**

Junior Chamber of Commerce organizations throughout the State of Texas have undertaken the program of assisting the Army Organized Reserve Corps program, E. M. Kirkpatrick, Jr., President of the Texas Jaycees announced today.

The mission of the program will be to assist the Army in its Enlisted Reserve Corps recruiting campaign and to aid in locating Organized Reserve Corps units in the smaller cities and towns of Texas.

Harry S. Stevens, Austin, veteran member of the Jaycees, has been named State Chairman of the newly formed Armed Forces Committee.

Stevens said that "although the Army conducted an intensive campaign during this last spring to re-enlist the veterans in the Enlisted Reserve Corps, they lost 11,000 veterans through not having sufficient personnel to carry out the campaign statewide. The Jaycees, 130 organizations, over 15,000 strong, by appealing to each and every community in Texas should be able to save these veterans for the Reserves and thence directly aid in our National Security."

"Also there are many smaller towns and cities that could support, and would like to have, an Organized Reserve Corps unit. By our investigation of proper facilities for Army, space and a survey of Reserve personnel available, we should be able to assist the Army in its decentralization program."

Stevens went on to say that "I understand that 90% of the Organized Reserve Corps units are located in the larger cities of Texas, which can't support them. If they are not supported, Texas will lose these valuable Reserve units. We hope, by our efforts, not only to back up our Armed Forces Program, but help Texas remain in front."

"We in the Jaycees are great believers of a small, self contained, mobile regular Army backed by reinforcement of a tremendous Organized Reserve Corps and National Guard."

Lt. Col. Jesse J. Saegert is the local recruiting officer.

**STOP AND THINK**

A system of all-weather Rural Roads means more than just convenience in the production and marketing of our food and fiber. They mean a better mail service, better medical care, better educational opportunities, better land use and conservation, a chance to develop the social, cultural and Christian potentiality of Rural Texas—it means giving an even break to the man on the farm at the "second cross-roads." He's a Texan too—just like the man living on the pavement.

Interest in rural areas by making rural life more attractive through rural roads and other advantages must undergo a tremendous development, if Texas is to stop losing its farm income, resource development and "small-town spirit" because of the growing trend toward city life and the increasing flight from rural areas.

Further attention to this serious situation is emphasized by John E. Surrat, Secretary of the Keesler Plan Association, which is currently carrying on a campaign to interest rural young people in rural community development. At Dallas, several days ago Mr. Surrat pointed to the dangers of an "overbalanced" urban population, and said that his organization is preparing to present a series of scholarships to rural youths in a 71-county North Texas area with a view of preserving community spirit and to aid in the betterment of small towns and cities under 25,000 population.

**MEAT FROM THE WIDE OPEN SPACES**

The average American family has meat on its menu once a day; often more frequently. But relatively few of us have any comprehensive knowledge of the complex mechanics of producing that meat, and bringing it to our dinner tables.

The American Meat Institute has published an informative booklet which touches on many phases of the subject. Here are some excerpts from it: "The farmer is operating one of the most speculative businesses in the world. He continually takes chances on the weather and the market. He is hemmed in by the laws of nature . . .

"It is nearly three years from the time a rancher decides on raising a calf until you can decide on a roast for your Sunday dinner. It takes a year from breeding time to grow a hog or lamb for market. In the meantime, prices may have changed, and casualties, blizzards, floods and droughts can upset the best of plans.

"Raising meat animals is a business that requires wide open spaces. It takes five acres of land to produce the meat for an average American per year . . .

"There are 4,000 meat packing companies, large and small, national, sectional and local, in all parts of the country. A farmer can sell his animals almost anywhere he chooses, and at any time he chooses.

"In addition to providing a ready market, the packer bridges the distance between areas where the meat animals are raised and the 350,000 stores where meat is sold."

The production and distribution of meat, all the way from the farm to the butcher shop, represents one of the world's most efficient food services. On the average, every American consumed 145 pounds of meat last year, and the figure is tending to rise.

**Thank God for God!**

Lesson for August 7, 1949

WHILE the little children are thanking God for birds and bees and oatmeal, let us grown people rise and offer some adult thanksgivings. Reading the Psalms of praise which are this week before us, we get the impression that these poets were grateful above all not for anything God had given but for God himself. Thank God for God! sing God through every line.

Dr. Foreman

Suppose there were no God? He is the Creator of all; without him nothing else can be. The nature of time and space, of molecule and atom and electron, the mighty power that holds all together; the emergence of life, of mind, the possibility of thought, of values, whatever is and whatever can be, is because he wills it so. That there is energy in the atom, light in the sun, refreshment in the rain and power in the lightning—that these things can be and that anything can be, we thank the God.

**No Unrighteousness in Him**

SUPPOSE God were not good? A vast and vicious devil, his immense mind brimming with intelligence and malice, could perhaps have contrived a universe more enormous than this corner of one which is known to us. A creative devil—what pangs he could have invented to torture his creatures!

It may be, indeed, that only on this earth is there rebellion against the Creator, and that elsewhere in God's dominions all is peace. But suppose it were true that all the evil in the world was ordained by some Creative Hatred?—all the goodness in the world only an illusion, a deception?

Suppose it were the intent of some devilish maker of man finally to destroy all his creatures, or worse still, to make every creature long bitterly for death but find none? Let us thank God for God: the God of mercy whose loving kindness endureth forever.

**He Knoweth Our Frame**

LET us thank God for his providence. He did not create and then forget us, nor give us so much freedom that we could destroy his majesty or bring to naught his mighty plan. Let us thank God for his infinite love and interest that spares and speeds us, his knowledge of our frame, his remembering even the hairs upon our heads. Let us thank God that being infinite he can have a care for the infinitesimal, and that not a sparrow falls to the ground without our heavenly Father. Let us thank God whose care for us is such that without his knowledge not the least of his creatures can fall asleep.

From death and disaster we and the nation and the world have been saved, time and again. Frail is the craft in which the human spirit is launched through this pathless universe; yet it holds, and will hold, because the universe is there by his almighty decree.

In spite of the chaos of men's unruly wills, in spite of we know not what rebellions in the spirit world, he sees to it that not one good is ever wholly lost.

**Who Redeemeth Thy Life**

LET US PRAISE God for his promise and for his faithfulness. That he has not left us to our sins nor given us up though long we scorned him; that his divine patience outlasts the hasty heart; that he spared not his own Son but freely gave him for our sakes; that none who come to him will be cast out; that the God who creates is the God who redeems, we praise him from a heart of love. As the Psalmist of old knew himself as one of the children of the Covenant, so may every man who takes God's promises and makes them his heart's own.

To take this God for my God—this is the beginning and the end of religion. To step out on his promises as on a bridge that stands secure above all the floods of eternity.

To trust in his faithfulness though all the race of man were liars; to look down the vista of the years without fear, knowing that the God of our fathers will be the God of each succeeding race, that his mercy is everlasting to everlasting and that his kingdom ruleth over all—this is to know him, and this is life eternal. Thank God for God!

**OLD MAN 100**

(Continued from page one.)

**SOME SPREE—**

Old Hunnert is red-eyed, sleepy, and otherwise no account and with a overhang this morning—he's been on another writin' spree. The Boss said there's space to fill, so get busy. O. H. started at dusk last night, writing by candlelight at his shack, and intended to write right up to day light, but his typewriter got to smoking about the same time his brain went blank on him from drinking so much coffee. Some times it's pretty hard to think up something to write when you know it's write or else, but O. H. jest starts off with "And onct, . . . and sorter lets his fingers and the typewriter figure out the rest. Readers ought'n expect too much where no brain atail is used.

And when we was fust married, Old Hunnert give the 7th an inch and she right away got the idea she was a ruler. About to-be-grooms, please take note.

He and She: He—"Where can I get hold of you?" She—"I don't know—I'm so doggone ticklish."

Here's why O. H. thinks we'll never have a woman president of the United States: They don't never git to be over 35.

Also, O. H. notices at them swimmin' pools that most women are trying to outstrip each other.

And in Ft. Worth they jest found a policeman with a bottle in his hip pocket—corn on the cop, that is. Also, rabbits seem to have the nose hare-raising experiences.

And jest this week a friend

asked O. H.: "How is that minning scheme of yours getting along? Any money in it?" O. H.—"Any money in it! Well, I should say so. All of mine; all of my wife's, and about three thousand I borrowed from my friends."

And Old Hunnert thinks it's a waste of time for us Americans to try to learn to speak French—when the French can do it so much better anyway.

Listen, mister; don't worry about who is boss in your home—you won't be happy when you find out.

Blue Bonday wouldn't be that way if they'd make it pay day.

And when Old Hunnert was a young boy he made up his mind to grow up to be a philanthropist—these people allus seem to have a lot of money.

As per usual, O. H. jest happened to be walking behind two hens again this week: Evelyn—"I don't intend to be married until I'm thirty." Florence—"I don't intend to be thirty until I'm married."

A girl's face is her fortune—especially if it runs into a nice figure.

Old Hunnert was over to the post office yesterday and saw a woman mailing a family Bible to her brother in the city. The clerk asked her there was anything breakab in the package, and she replied: "Nothing but the Ten Commandments."

And when the ex-stenog came up to the office this week the Boss asked: "Now what do you want? I thought I fired you two weeks ago." Purty Girl—"Oh, I just came up to see if you were still in business."

Old Hun found out a way to keep the neighbors hens out of his garden. Jest hide a dozen eggs some night in your yard

and then next morning let your neighbor see you gather 'em.

Us men are finding out every day that women's styles may change but their designs remain the same.

One other reason why O. H. can't save money is the neighbors are allus buying something the 7th can't afford.

Old Hunnert is allus polite—and allus offers his seat to a lady when he gets off a street car.

Here's some more reasons why Old Hunnert ain't still editor of some of them papers he use to be of—jest typographical errors: "The Senator is tight on the job in Washington." Also, A liberal is a man who is always willing to spend somebody else's money—although they's no error in this one.

Old Hunnert's dreams don't never come true—but he's glad his nightmares don't either.

Also, onct, O. H. had stayed in a boarding house fer two years and told the landlady he's leaving. When she asked him what was the matter, he told her, "I've just found out you have no bath tub."

O! Yes, and P. S.—Here's something O. H. liked to be forgot. Last year the doc here prescribed for O. H. a jigger of bourbon and two aspirins every night for his cold. A year later, the 7th, who has been writin' down the score, says O. H. is now six months behind with his aspirin and three years ahead with his bourbon. And, dad burn it, he's still got his cold!

Also, after seven tries, O. H. has figured out that the honeymoon a man goes on is jest the vacation he takes before he starts working for a new boss.

Also, when you go into a store and ask for a dressed chicken, do you want it dressed or undressed?

A friend (?) asked O. H.: "How's the lumbago in the back?" O. H.—"O. K." "How's the pain in the arm?" Friend—"How's the pain in the neck?" O. H.—"Oh, she's out playing bridge."

Onct, and this was a long time ago before O. H. reformed—again—the bus driver asked him: "Did you get home all right last night, sir?" O. H.—"Yes, of course, why shouldn't I have gotten home all right?" B. Driver—"Well, there were just two of us on the bus last night and you insisted that I take your seat."

They's a absent-minded professor here in town that is now in the local hospital. Here's what happened: He proposed to a widow last week and was accepted, but when he went to see

her again Monday he had forgotten about it—and proposed again.

About the middle of June the 7th went on a diet, and four weeks later she took a lady friend into a butcher shop and said: "Cut me exactly 24 pounds of beef, please." The butcher cut the meat. "Is that exactly 24 pounds?" Butcher—"That's exactly 24. Are you going to take it with you or shall I send it?" 7th—"No, I just want to show my friend here what losing 24 pounds looks like in one piece."

This week the 7th went into the grocery store and asked how much are your tomatoes. The grocer said 30 cents. 7th—"Did you raise them yourself?" Grocer—"Yes. Yesterday they were 25 cents."

And when O. H. was a bawling babe about two years old, a friend asked his mother: "And how old is he?" "Two." "He doesn't look that old." Mother—"Well, you see, when he was born he was very young."

Old Hunnert was telling stories about his past adventures and said: "I was in charge of a life boat containing 43 women which drifted to a desert island." Listener: "How were you saved?" O. H.—"Well, I climbed a tree and stayed there until the rescue ship arrived."

7th—"How about a diamond bracelet?" Old Hunnert—"My dear, extenuating circumstances perforce me to exclude you from such a bauble of extravagance." 7th—"Wait, I don't get it." O. H.—"Right."

Onct O. H. was the editor of a daily paper and a widow came in and asked him: "What do you charge for death notices?"

O. H.—"A dollar an inch." Widow—"I'm sorry, but I can't afford it. My husband was six feet tall."

Old 100rt read summers onct that women can get that school girl complexion at any drug store, but they can't get the 100rt and wiggle.

Onct O. H. was relating his adventures to a big audience and was listening intensely, and said: "On one occasion I was on a ranch in Argentina and quite unarmed, when to my horror a wild steer charged me. There was a tree about 50 yards away; I dashed toward it and jumped for its lowest branch, about 15 ft. from the ground." O. H. paused for breath and one listener asked: "Did you make it?" O. H.—"I missed it going up, but I caught it coming down."

A young city girl was vacationing in the country and became friendly with a farmer boy. One evening as they were strolling across the pasture they saw a cow and calf rubbing noses in the accepted bovine fashion. "Ah," said the farmer boy. "That sight makes me want to do the same." "Well, go ahead," said the girl. It's your cow."

Auto examiner: "Do you know what it means if a driver puts out a hand?" Applicant: "Well, if it's a woman, it means she's going to turn right or left, shake the ashes off her cigarette, or reverse or stop, or she's pointing her ring, or . . ." Examiner: "Yeah, and if it's a man?" Applicant: "Why he's usually waving at a woman."

An old colored man applied for membership in an exclusive New York church. The pastor tried to put him off with evasive answers. The old darkey sensed he was not wanted and said finally he would sleep on it and perhaps the Lord would tell him what to do. In a few days he returned. Well, said the Minister, did the Lord send you a message? Oh, yes, sub, was the answer. He told me it was no use. He said: "Ah been trying for ten years to get in that same church, an' Ah can't."

A mountain woman was sitting in the door of her cabin eating a pig's knuckle, when news was brought to her that her husband had just been killed in a saloon brawl. Then she said: "Just wait til I finish this here pig's trotter an you'll hear some moanin' what is moanin'!"

Don't many people know it, but a long time ago Old H. was a stationmaster at a little jerk-water town on the RR. The district superintendent had always made a special point of insisting that stationmasters send in a full report at once of any accident, however small. One morning O. H. sent him an urgent telegram: "Man fell from platform in front of moving train. Will send further details later." After waiting for what seemed an age, the superintendent received the second message from O. H.: "Everything o. k. Nobody injured. Engine was going backwards."

A financial genius, Dad told Junior, is a man who can earn money faster than his family can spend it.

That New Look stuff has added another problem—you could see if a knock-kneed, now you listen.

Onct when Old Hunnert was a business man he arrived late and found the cook that morning without O. H. had lost a lot of business that evil day. Top it all he found a note from the 3rd. He shot would end it all—opened a bottle and took a swig. Why Eds. Skip took a governor in many years is able to love on the state him." Also: "Unsettled not much change in tion."

Onct when Old Hunnert was batching at his shack, sick of his own cooking, bought a new cook book. n't use it, though, because one of them recipes start with "Take a clean dish that finished o. h. right."

Every year Old Hunnert up a lot when he gets his garden seed catalogue early spring. But about time of year he starts wondering why nature didn't weeds, which you can good to eat, or else make tables stay alive as weeds.

TELL HIM NOW—For no matter how you He won't hear a word ab He won't know how many drops you have shed. If you think some praise due him, Now's the time to give it him— He can't read what's on tombstone when he
