GOLDTHWAITE EAGLES GO INTO ACTION WITH HAMILTON BULLDOGS HERE TONITE AT 8 P. M.

At Eagle Field in Goldthwaite tonight, the 1949 Goldthwaite Eagles, under a new coach, Wilson Lucas, coming here from Fort Worth Tech, will play their first game of the season with the powerful Hamilton Bulldogs. Game time is eight o'clock. A large crowd of Mills County and Hamilton team-backers will be here.

Very little is as yet known about either team, as this is the season opener, and does not count in District 22-A Conference standing. On Friday night of next week the Eagles go to Coleman to play the Blue-cats in a non-conference game. First Conference game will be played September 30, when the Eagles go to Burnet.

The weight of the Eagles and the Bulldogs is about equal. Eagles outbeef the Bulldogs about one pound per man.

Starting weights for the teams are: Eagles, 153.2; Bulldogs, 152.3 average per man.

This is the first year for Eagle Coach Wilson Lucas in District 22-A play. He comes here well recommended from Fort Worth Tech, and has also coached at Berumont.

Coach Pete Roach of the Hamilton Bulldogs says he will substitute freely, since he has an offensive and defensive team.

American Legion Here To Sponsor Donkey Ball Game On September 19

Harry F. Edmondson Post No. 289 American Legion in regular first Thursday night meeting held at Legion Hall, voted to sponsor a Donkey Softball game here at Municipal Park on the night of Monday, Sept. 19, game time 8 o'clock. An American Legion team has been challenged by Goldthwaite High School Exes, and the game with the donkeys will be well worth attending.

Post Commander T. M. Glass and Post Adjutant Larry Dalton presided at the meeting last Thursday night.

By vote of the Post, the Executive Committee was authorized to make a contract to lowest bidder for raising the ceiling at Legion Hall two feet, and sheet rocking the ceiling and sides. Later the ceiling and sides will be painted. The Goldthwaite VFW Post is sharing half the cost of the improvements. Rock-venering of the Legion Hall is a future project

of both organizations. Work of raising the ceiling and sheet-rocking is to be done at once. Barton Electric Co. has contract to rewire the entire building.

Commander Glass appointed a committee composed of Howard Campbell, L. V. Benningfield and Otto Kendall to secure free war souvenirs from the government, the only expense to the Post being freight charges. Foreign war trophies have been ordered by the Post and will be placed in and around Legion Hall, as follows: 1 helmet, 2 knives, 2 swords, 7 rifles, 7 carbines, 7 shotguns, 1 80-mm. mortar, 2 daggers and 2 pistols.

A USO committee for Mills County was appointed as follows: Howard Weaver, Dr. C. C. Sadler, and T. M. Glass.

An Entertainment Committee to serve for the balance of the Legion year was appointed by

After the dinner last Tuesday night, Lion President W. P. Durheim asked each Lion to introduce himself and the guests, after which the meeting was turned over to the program committee.

Chairman Jesse Moreland introduced Mrs. F. P. Bowman and the Harmony Choir, who rendered three numbers which were very much enjoyed by those present. They sang "Lead Me Gently Home," "Praise Ye" and "Open the Gates." Members of the Harmony Choir are: Mrs. Bowman, director, and Misses Mildred Hale, Elizabeth Stockton, Norma Sue Ross, Janet Soules, Scottie Vaughan, Sybil Reid, Monette Simpson, Jerol Vaughan, and Betty John Jackson.

LOOPHOLES in the Law

By WILL WILSON
Past President, Texas District and County Attorneys Association

Burglar Joe admitted he broke into a store operated by Mrs. Fred Smith in Prairie Hill, Texas. He confessed that on Sept. 27, 1941, he broke in the back door of the store building, entered and stole several articles of merchandise.

Since there was no doubt of Joe's guilt, he was convicted and sentenced to five years in the penitentiary. But on appeal the verdict was reversed.

At the trial Mrs. Smith testified that she was the wife of Fred Smith and that she lived with him at Prairie Hill, where they operated a store. The indictment pointed out that the store, at the time of the burglary, was under the control and ownership of Mrs. Smith.

The reversal was solely on a technicality involving ownership of the store. Although Mrs. Smith was operator of the store, it was community property belonging jointly to her and Mr. Smith. In the eyes of the law the husband was the owner. The indictment charging Joe should have alleged that the husband instead of the wife was the owner of the property.

If the State Bar is successful in its efforts to bring about revision of Texas criminal statutes, such loopholes in the law can be closed. Under the present system too many criminals escape justice even when there is no doubt of their guilt, breeding disrespect for the law and subjecting good citizens to constant threats from lawbreakers.

CANCER INSURANCE

Knowledge—today's best weapon against cancer—is as close to you as the Goldthwaite postoffice.

It's not on a table at the postoffice. The postmaster doesn't have any cancer literature on the shelves.

But, if you'll just address a postcard or letter to: Cancer, Care of Postmaster, Goldthwaite, Texas, in just a few days you will receive in the mail a free booklet about cancer, which may even save your life, should you ever develop this disease.

Here's how it works:

Last year the Postoffice Department in Washington decided to aid the national fight against cancer by authorizing a simple mailing address for all requests for cancer information. In a directive to post-offices all over the country the Postmaster General instructed all postmasters to forward all mail addressed to "Cancer" to the state headquarters of the American Cancer Society. In Texas, the Texas Division of the American Cancer Society is located in Houston. Therefore, all Texas postoffices forward all mail addressed to "Cancer" to the Houston postmaster, who, in turn, sends it to the state office of the Society. As soon as cancer control workers in Houston receive the requests, they forward cancer booklets and information to the persons mailing the inquiries.

Why don't you write to "Cancer" today? Do you know the seven danger signals of this disease? "Cancer" will tell you.

TRY VS. CITY

Choose up sides, for here's some ammunition in the old country-versus-city controversy:

Driving a car is more than twice as dangerous in rural areas as in city areas, according to the 1949 edition of the National Safety Council's statistical year-book, "Accident Facts."

Of the 32,000 motor vehicle deaths in 1948, 21,500 occurred in rural areas and 10,500 in urban areas. The average death rate was 10.8 deaths per 100,000 vehicle miles in rural areas, and only 5.3 in urban areas.

There were about twice as many urban pedestrian deaths as rural—6,200 compared with 3,650—but there were more than four times as many rural non-motor vehicle deaths as urban—17,850 compared with 4,300.

No species of falsehood is more frequent than flattery; to which the coward is betrayed by fear, the dependent by interest, and the friend by tenderness.

Jesus and the Psalms

Lesson for September 11, 1949

SOME parts of the Old Testament Jesus never once mentioned. Others he quoted again and again. Could this be because some parts were more helpful to him than others? At any rate, the Psalms were one section of his Bible which he often quoted.

Worship

ONE USE Jesus made of the Psalms was in public worship. Whenever he went up to the Temple he would join in singing or in listening to the great choirs singing these ancient hymns. Many of our own best-loved hymns, while not direct translations, are based on Psalms. For example, "Still, Still With Thee" is from Psalm 16; "God Is My Strong Salvation" from Psalm 27; "The King of Love" from Psalm 23; "O Worship the King" from Psalm 104.

In private worship also we know Jesus used the Psalms. One of the Hebrew names for them was "The Book of Prayers," and Jesus, like many another who has loved these Psalms, found in them the natural expression of what was deepest in his heart when he turned toward his Father in heaven.

A striking proof of this comes from the story of Calvary. The cry, "My God, why hast thou forsaken me?" is a quotation from Psalm 22:1, and "Into thy hands I commend my spirit" is from Psalm 31:5.

Thus, two out of three prayers he uttered in his last moments were from the Psalms. So the reader today, pondering in a quiet moment these immortal poems, either from the printed book or better yet, as Jesus did, from the treasures of memory, may often find in them prayers which seem breathed from his own mind and to which he need only say, Amen.

Truth about God

JESUS also found in the Psalms a revelation of truth. It would be too much to say that Jesus derived his ideas of God from the Psalms. But certainly some of the great teachings about God which we hear from Jesus we can read already in the Psalms.

Jesus did not use the Psalms stupidly, of course. He would never have supposed that you could take just any sentence about God out of some Psalm or other, and quote it as the last word about God.

For instance, during his temptations the thought was suggested to him that he could jump off a high building and not be hurt; had not God promised just that in a Psalm? Now it is true that Psalm 91:9-12 does say that God will keep you from "dashing your foot against a stone" but Jesus knew that does not mean that God will guarantee to keep you out of trouble or harm no matter how foolish you are!

Christ in the Psalms

JESUS found in the Psalms also prophecies. There is a rather thin line between illustration and prophecy.

For instance, when the Jerusalem boys and girls were making such a noisy welcome for him, and the dignified priests were protesting, Jesus quoted Psalm 8:2 in defense of the children: "Out of the mouths of babes and sucklings thou hast perfected praise."

Did he mean that the Psalmist had predicted that very occasion, or did he mean that the Psalm expressed a truth always good.

At all events, we do know that Jesus often took a Psalm, or a part of one, as a prophetic picture of himself. He knew himself to be the true King of Mankind, "the Lord's Anointed," as his use of Psalm 110:1 plainly shows.

Yet he also knew that he must pass through suffering to his throne (Luke 24:26). When the leaders of his people rejected him he was not surprised, for he thought at once of Psalm 118:22-23. When he hung on the cross, and saw the soldiers gambling for his clothes, Psalm 22:16-18 would surely come into his mind.

And can we doubt that in his last agonies, one who knew the Psalms so well would not have remembered also the later lines from the same prophetic Psalm? It begins with the tragic question—Why? But it rises to a song of triumph—"When he cried into him, he heard!"

Miss Joanne Robinson Wed To George Coleman Walton Friday

Miss Joanne Robinson, daughter of Mr. and Mrs. D. M. Robinson, became the bride of George Coleman Walton, son of Mr. and Mrs. G. L. Walton of Goldthwaite, in an impressive double ring ceremony, Friday morning at 9 o'clock, at the home of the bride's parents in Lampasas.

The marriage vows were read by Rev. Hugh Baker of Austin before the mantel, attractively decorated with white gladioli and greenery. Mrs. N. E. Needham, cousin of the bride, sang "Because" accompanied by Mrs. Hugh Baker who played the traditional wedding music.

The bride, who was given in marriage by her father, was beautifully attired in a soldier blue gabardine suit with brown accessories and an orchid corsage. She carried a white Bible topped with a colonial brides' bouquet. She was attended by Miss Dixene Bean as Maid of Honor. Miss Bean wore a gray suit with black accessories and a red carnation corsage. The groom was attended by Charles Ed Welch of Goldthwaite.

The mother of the bride wore an aqua dress with brown accessories and a white carnation corsage. The groom's mother was dressed in dark green with black accessories and a corsage of yellow mums.

After the ceremony a reception was held in the dining room, which was decorated also in white gladioli and greenery. The brides' table was laid in a natural linen lace cloth, centered with an arrangement of white gladioli. The three tier wedding cake was embossed in pink rosebuds and topped by a miniature bride and groom.

The wedding cake and punch was served by Mrs. S. H. Berry, H. C. Perry and M. V. Pickett. The guests were registered by Mrs. Justin Smart.

Mrs. Walton is a '49 graduate of Lampasas High School and attended Mrs. Jackson's Business School during the summer. The bridegroom is a graduate of Sam Houston State Teachers College where he received his degree in Vocational Agriculture. He will teach in Mobeetie where the couple will make their home.

Immediately following the reception the newlyweds left on a trip through New Mexico, Colorado, and Kansas.

Out of town guests who attended the wedding were: Mrs. Albert Burkhalter of Baytown, Mrs. G. L. Draper, Mrs. M. V. Pickett, Mrs. N. E. Needham and son of Houston, Mr. and Mrs. G. L. Walton and Roddy of Goldthwaite, Mr. Don Allison of Kempner, Mr. E. N. Coleman and children of Izora, Mr. and Mrs. Carl Eubanks and Mrs. Martha Martin and daughter of Gatesville.

Waddell Reunion

The Waddell family held their annual reunion Sunday, Sept. 4th, at the Lampasas River crossing, Star.

The noon meal consisting of fried chicken, salad, cake and pies was served to 22 adults and several children.

Mrs. J. D. Fallon of Goldthwaite was the oldest living member present. Mrs. Fallon was a sister to the late Mrs. N. T. Waddell of Goldthwaite.

The names of those present follows: Mr. and Mrs. A. W. Wilde, San Angelo; Mr. and Mrs. John Mayfield and son, San Angelo; Mr. and Mrs. H. O. Big Valley Baptist Party

Last Thursday night, September 1, was an occasion for a most enjoyable party given on the spacious lawn of Mr. and Mrs. Floyd Sykes by the Big Valley Baptist Church for its members and friends. About 7:30 people began arriving and in a short time about 60 adults and 15 or 20 children had assembled. After a short talk by 'Floyd Sykes bidding everyone welcome and urging everyone to attend Sunday School and Church, Mr. W. M. Dennard offered thanks. We formed a line and passed by a long table laden with sandwiches, potato chips, pickles, cookies and soda pop. When we had eaten, some of us played 42, others sang gospel songs, while others just enjoyed talking. Of course, the children spent their time in playing to their hearts content. The time passed all too fast, and soon we were bidding each other good night and thanking Mr. and Mrs. Floyd Sykes and LaVerne for opening their home to the Church for this most enjoyable occasion.—A Guest.

Collier-Allen Vows Read In Church

(Lubbock Avalanche-Journal) First Christian church was scene of the marriage of Miss Marjorie Ann Allen, daughter of Mr. and Mrs. Hubert L. Allen 2124 Seventeenth, and Ray Donald Collier of 2109 Twenty-ninth, son of Mr. and Mrs. M. K. Collier of Route 3, Goldthwaite, solemnized Saturday at 8 o'clock in the evening. Rev. J. Ralph Grant read the double ring ceremony.

The service was performed in a setting of palms and oregon brake fern. Baskets of white gladioli were tied with large blue satin bows, and large white pottery urns were filled with gladioli. The church was lighted by tapers in candelabra.

Mrs. Carlos Reynolds, organist, played traditional wedding marches, and "Indian Love Call" was heard during the ceremony. Mrs. Everett Patterson, soloist, sang "I Love Thee, Dear."

Given in marriage by her father, the bride wore a gown of white bridal satin fashioned with a gathered skirt extending into a train and joining the bodice at the low waist line. The bodice was finished with wide tucked collar and deep shaped neckline. Long fitted sleeves extended over the wrists. Her fingertip veil of illusion fell from a halo crown of satin and lilies of the valley. She wore a blue garter traditionally worn by members of the Ko Shari club. Her rhinestone necklace and earrings were a gift from the bridegroom. The bridal bouquet was a heart-shaped arrangement of white rosebuds centered with a white orchid.

Mrs. T. A. Serrurier, sister of the bride from Amarillo and matron of honor, wore a powder blue dress with a full net skirt and a taffeta bodice designed with a drop shoulder neckline. Her heart-shaped bouquet was of yellow rosebuds and she wore a matching halo. Mrs. H. L. Allen, Jr., sister-in-law of the bride, and Mrs. Fred Stubbs and Misses Dorothy Barnett and Jean Eisenberg, all of Lubbock, wore dresses identical to that of the matron of honor, and their

Following the ceremony a reception was held in the parlors of the church.

Following a wedding trip to points in New Mexico and Colorado, the couple will be at home at 2109 Twenty-ninth. For traveling the bride chose a brown wool gabardine suit with egg-shell accessories.

The bride was a junior commercial art student at Texas Tech, where she was a member of Ko Shari social club. The bridegroom was an August graduate of Tech.

many cities around the country. **'MICKEY'**

For sheer enjoyment and entertainment for every member of your family the heart-warming Cinecolor movie, "Mickey," latest Eagle Lion release, which shows Saturday Matinee and night at the Melba Theatre, rates at the top of the heap.

During every moment of this movie you will be completely enthralled by the antics of this typical American teenager, "Mickey," who will take her place in your heart alongside all the popular tomboys of yesterday.

"Mickey" is a screen treatment of the best-selling novel "Clementine," which won the Avery Hopwood fiction award for its author, Peggy Goodin.

Monty Stratton. He arrived in Hollywood from his Greenville farm to work as technical advisor on "The Stratton Story," based on one of the most inspiring careers in sports. It led to his being voted by sportswriters as 1946's "Most Courageous Athlete of the Year."

Ten years before that Stratton had broken into the big leagues with the Chicago White Sox. In 1937, he was the American loop's top right-hander. In 1938, after missing the first part of the season with a sore arm, he came on again to repeat as his team's leading pitcher.

It was right after that season that tragedy stalked Stratton. Front pages across the nation carried the sad news that this outstanding athlete who was headed for all-time greatness, had shot himself in the leg while hunting near his Texas farm. To save his life, the limb had to be amputated above the knee.

It wasn't until two years ago that the name Monty Stratton again began appearing in print. He was pitching for Sherman in the East Texas League. By the end of the 1946 season he had won eighteen games on an artificial leg. He was picked as the league's all-star pitcher, was named the year's most courageous athlete and was "discovered" by Hollywood shortly after.

Stratton's first assignment in Hollywood was to work out with James Stewart. The actor was selected to portray Stratton on the screen, a choice that couldn't be improved on, according to Stratton.

'ONE SUNDAY AFTERNOON'

Romance, music, drama and laughs accent Warner Bros.' new Technicolor musical, "One Sunday Afternoon," starring Dennis Morgan, Dorothy Malone, Don DeFore and Janis Paige, which shows Tuesday and Wednesday at the Melba Theatre. Raoul Walsh directed this film which is from the James B. Hagan stage hit which won popular acclaim when it first hit the Broadway boards.

"One Sunday Afternoon" is a comedy romance. The appeal of this film recalls the days when the bicycle-built-for-two was being pushed over to the right hand side of the road by the new-fangled contraption called the automobile.

Drive-In Church Not So Good Idea, Texas Poll Survey Indicates

By JOE BELDEN
Director, The Texas Poll
Austin, Sept. 6—The idea of a drive-in church which is being tried in parts of California and in at least one Texas city does not please most adults in this state.

Six out of every ten adults interviewed in a recent statewide survey by The Texas Poll disapproved of the innovation. A majority of every religion voiced opposition to this type of church. Disapproval was especially strong among Catholics, who explained they could not participate in Mass while sitting in a car.

Public opinion was sounded out with this question, which was put to a cross section of adults in all parts of Texas:

"What do you think of the idea of a drive-in church, where families can sit in their cars and worship—at night-time services? Would you say this is a good idea or not such a good idea?"

Not such good idea	60%
Good idea	33
No opinion	7

100%
Many people who favor a drive-in church feel it would help solve the baby-sitting problem.

This is typified by the housewife in Bryson who said: "That's a fine idea—then I could take my children."

The drive-in also appeals to some people who think their clothes aren't good enough to wear in a regular church. A cotton chopper near Winters explained their viewpoint. "A drive-in," he said, "would be good for big families and poor people who don't have clothes to meet the public."

Opposition to the idea comes not only from persons who believe a drive-in would be impractical for their form of worship. Many others seem to think it would detract from the reverence that people should feel for their church.

"It would be too much like a picnic," explained a Dallas business woman. "That would be too informal."

"You can't worship in a car," opined a student pilot at Lubbock. "A car is more for pleasure."

A farmer in Harris County thought "there wouldn't be that get-together feeling churches should have." And a Wichita County farmer feared "too many young spooners would go."

As for making people comfortable in their traditional churches, most Texans are for that. For example, two out of every three questioned in this same survey said they did not believe men should have to wear coats in church during summer months.

Greatest acceptance for men going to church in shirt sleeves is found among rural residents. Here is the breakdown showing opinion in cities of over 50,000, towns under 50,000, and on farms and ranches.

"Do you think men should have to wear coats when they attend church—in the summer?"

Following are a few extracts taken from history, probably about 3440 years ago, when God Moses to instruct the people and we find instructions in the Bible concerning the Sabbath.

tween me and them, that they might know that I am the Lord that sanctify them. But the house of Israel rebelled against me in the wilderness: they walked not in my statutes and they despised my judgments, which if a man do, he shall even live in them; and my sabbaths they greatly polluted: then I said, I would pour out my fury upon them in the wilderness, to consume them.

I am the Lord your God; walk in my statutes, and keep my judgments and do them; and hallow my sabbaths and they shall be a sign between me and you, that ye may know that I am the Lord your God."

BAYLOR TO BUILD FOOTBALL STADIUM

DR. W. R. WHITE

Dr. W. R. White, President of Baylor University, who has been ill for the past several months, is pictured above—back at his desk after completing a period of rest prescribed by his physician. His first question upon his return was "How's the Stadium Campaign doing?" Waco, with more than \$300,000 in the till, answered, "Fine!"

Friends of Baylor University from the Panhandle to the Gulf are lining up to help their alma mater build its \$1,500,000 football stadium as "a fittin' home for the fightin' Bears."

Walter G. Lacy, Jr., general chairman of the statewide stadium financing campaign, announced today that 23 prominent Texans have accepted membership on the state steering committee for the drive, aimed at raising \$1,000,000.

Financing of the stadium through sale of seat options good for 20 years and of stadium bonds bearing 3 per cent interest for 30 years already has a running start, Lacy pointed out.

In spite of the week end celebration and the intense heat, twenty enthusiastic teachers and parents met at the home of Mrs. Robert Steen in an Executive P. T. A. meeting last Friday afternoon to make plans for its important work, 1949 & 1950 school term.

The efficient president, Mrs. Delton Barnett, presided and each chairman named her committee that is to work with her. It seems that most every mother was named on some committee. If you were not named at that Executive meeting you are a part of it and you are asked to help for this is not an organization of a few, but every parent and teacher is a part of it.

Please don't say, "I'm not going for a few run it," BUT a few will have to run it if you and others like you do not help. Let every mother, and pappas too, if they can, be present for our first meeting, September 14th, at 4 P. M.

RULES THIS YEAR
 Meeting in Dallas Sat. Aug. 27, of the Southwest Association members. Play was changed that the football fans in District A a livelier and more game than heretofore. Some changes in the rules made:
 Safety man this season take a punt behind his own line and run it for a touch-down he is able to make it. Near, the ball would have crossed the instant it crossed the line and automatically have been put in play on yard line.
 Football men agree that rule will be speeded up by rule governing substitute players. Coaches last fall

could substitute as many as two players on every down, providing the newcomers got to their positions and the retiring players got off the field without delaying the snapback from center. This fall they may substitute players without taking a 5-yard penalty only when time is out. To take care of coaches who employ separate offensive units, time will be automatically called for such player exchanges every time possession of the ball changes from one team to the other.

Possibility for further offensive fireworks is introduced by the new ruling on fumbled punts. A player of either team may catch such a fumble in the air and advance it. Under the old rules only players on the receiving team could do that.

A forward pass tipped into the air by the receiver now may be caught and advanced by either side, provided it has not struck the ground. And a fumbled backward pass that rolls out of bounds now will belong to the team that fumbled it, even if it is touched by a player of the opposition before it crosses the boundary line.

A pass intentionally grounded by the passer when he fails to find an open receiver this fall will be called an illegal pass and will cost a 5-yard penalty, stepped off from the spot where the passer threw it. Formerly, the penalty for a purposely grounded pass was stepped off from the line of scrimmage.

The goal posts have been ruled out of bounds. Fourth-down kickers from behind the goal line will, for instance, have to be extremely careful in getting off their punts. If they back into the goal posts, it will be an automatic safety and two points for the opposition just as if they had stepped behind the boundary line.

In 1948, a team which advanced the ball via a penalty against its opponents automatically received a first down, too, except in the cases of encroachment on the scrimmage line and off sides. This fall there will be no automatic first downs. The team with the ball can make a first down off an opponent's mistake only when the situation

Mr. and Mrs. Irk Black and Neta Faye, Mrs. Oleta Kirby, and Mr. and Mrs. A. B. Huckalbee of Fort Worth have returned from a ten day vacation trip in Colorado.

Mr. & A. Jones of Lometa and sons, Ralph of Stanton and Ronald of New Mexico recently visited Mr. and Mrs. Floyd Manuel Ralph, who is a graduate of A. & M., is now County Agent at Stanton.

Defense Secretary Louis Johnson's announcement of a payroll slash to the tune of a half billion dollars a year in personnel reduction, was received with enthusiasm on Capitol Hill last week. Only a handful of Congressmen raised any objection and those from areas most drastically affected. Senator Byrd, whose state will be hit the hardest, proclaimed the action as the first honest-to-goodness economy move by a Government department in many years.

Johnson announced the immediate beginning of lay-offs which will take 135,000 civilians and 12,500 reserve officers now on active duty, off the federal pay roll.

The Secretary's move came as no surprise to members of the House Armed Services Committee. Two months ago Johnson told us that if we would pass a bill to give him additional powers under the unification program, "I will be back here in six months and show you how I have cut expenses by a billion dollars without reducing our preparedness program one bit".

The bill was passed and Johnson has already begun to make good on his promise. More pruning is in the offing, which is expected to include some removal of duplications, overlapping and the like in the various branches of the military establishments.

The Johnson order also involves the inactivation of 51 Army, Navy and Air Force installations and the curtailment of a number of additional activities of the three services.

Additional economy news last week was the announcement by the Veterans Administration of a major new lay-off of about 7500 employees.

This all adds up to some welcome saving but there remains a lot more to be done. It is hoped the Hoover Commission recommendations, as they are put into effect, will give us more relief from the hedge-podge of costly government.

Already we are back in a deficit-financing groove. For sixteen years, beginning in 1931 and going through 1946, deficits were added each year and the public debt mounted. During these years the debt jumped from \$17 billion to \$269 billion at the end of 1946. But recessions of war-time outlays and two years of budget surpluses cut this to \$252 billion as of June 30, 1948.

The situation improved vastly during 1947 and 1948 when we rolled up surpluses of \$754 thousand and \$8 1/2 billion, respectively. But this healthy trend was reversed during the fiscal year which ended on last June 30. During that year we spent \$1.8 billion more than we took in. And, barring many retrenchments, it now looks like the present fiscal year will find the Federal Treasury going in the red by \$7 billion.

The alarming thing about this trend, at least to many of us, is that little effort is being shown in positions of policy-making and leadership to find means of balancing the budget and of living within our income. During the present session of the Congress one has not heard the word 'economy' used much except by those who have opposed excessive government spending.

The 'welfare state' proposals have not fared so well thus far, though some expensive projects have been shoved through. A good example was the Federaliz-

ed housing program for which we are committed to the tune of \$16 billion over a course of years.

It adds up to a terrific tax burden for the people and a gloomy future unless curtailments are begun and unless there are fewer demands upon the Federal government. Only recently the Census Bureau was quoted in a release as saying: "Taxes of federal, state and local governments totaled \$54,500,000,000—an average of \$372 for every man, woman and child in the United States. . . The per capita tax breakdown was \$274 to the federal government, \$53 to the state and \$45 to local government."

This all means that at our present rate, and taking into account the future commitments and planned outlays, the average person will for a long time be contributing in excess of 25% of his income—his productive effort—to the support of the Government. In other words, for every 30 days the average person works, the pay for about 8 days of that time goes to the government in taxes.

Well, if our financial house is to be put in order and overburdened tax-payers are to get relief, there must be a lot of pruning knives wielded and even some meat axes brandished in order that this Government of ours may be trimmed to fit what we are able to afford.

High Blood Pressure
 Hardening of Arteries, Pains in Left Arm And Side—
 Elmer G. Johnson, President of Harlingen State Bank, Harlingen, Texas, writes on Feb. 20, 1948:
 "Please send another bottle of Liquid Garlic, also send a bottle to my sister-in-law, Mrs. Hulda C. Dutton, 45 Atwater Terrace, Springfield, Mo.
 "I have some good reports to make on the effectiveness of garlic used. Mr. Turner, Texaco dealer here has taken two bottles and is much better, his blood pressure down about 60 points. Mrs. W. F. Nelson, San Benito, who was in bad shape, is also very much better and her blood pressure down considerable. This garlic works, and you are doing a fine job of producing it for the benefit of those suffering from high blood pressure or heart trouble."

George D. Morgan Candidate For New Board

George D. Morgan, San Antonio man and former rector of the University of Texas, is today a candidate for the State Board of Education in the 21st Congressional District.

Morgan served on the board of San Angelo College and three university districts. He is a member of a number of learned societies including Phi Beta Kappa.

In a statement announcing his candidacy, Dr. Morgan said he now announces his candidacy for the position of representative to the board of education. Reasons for such an announcement are limited but include the following:

"Several individuals, each with a salary of \$30,000 per year, are well improved upon by the position of representative to the board of education. A few people have asked me to run for the position."

"I have a small number of qualifications which I believe may be helpful in the work that lies ahead.

"I deplore a dreary recitation of claimed virtues. This announcement, however, also constitutes the full limit of my campaign and I submit the record as follows:

IN TEXAS 30 YEARS

"I am 55 years old. A Mason. An Episcopalian. I have never been convicted for serious crime. I was born in Oklahoma but have lived in Texas for more than 30 years. My wife is a native of Nebraska. We attended college together in Oklahoma, and she moved with me to Texas the day we were married.

"We have three adult children, two living and one dead. My education is that of a Geologist. I hold a Bachelor of Arts degree from the University of Oklahoma. A Master of Arts and Doctor of Philosophy from Columbia University. I am a member of Phi Beta Kappa, Sigma Xi, American Association of Petroleum Geologists and Geological Society of America. I served in the Navy during World War I and on the Tom Green County draft board at the end of World War II.

INTERESTED IN EDUCATION

"Until I was 30 years old I was a practicing geologist. Subsequently I have been an oil producer and recently I have undertaken farming. I have been fairly successful professionally and in business, but as to the farm undertaking, frankness requires the confession that my record is subject to considerable improvement.

"I served one term (1936-42) as a member of the Board of Regents of the University of Texas, and one term on the Board of Directors of San Angelo Jr. College.

"I am interested in the schools of Texas and in the advancement of our educational system to a position comparable with the best in the nation. I am interested in the elimination of dissension and in the promotion of harmony. I am interested in the establishment of efficient and effective administration, and I am especially interested in conserving and improving the land and mineral wealth of the school system.

TO MAKE NO CAMPAIGN

"With the Gilmer-Aiken law in effect we are entering into a bold new experiment in educational advancement. The undertaking merits the best effort of all concerned.

"If I am elected, I shall give the utmost of my ability to the work that is to be done. If I am defeated, I shall not be mad at anyone. I shall undertake to answer questions addressed to me in writing, but I shall make no further campaign."

Dr. Morgan served as chairman of the special gifts section of the drive for \$350,000.00 for expansion and development of San Angelo College in 1947. He not only successfully conducted the large gift section of the drive but was one of the largest contributors to the fund.

HAS HELPED MANY STUDENTS

With a few other San Angelo business men he organized the West Texas Educational and Benefit Association, which has and is helping worthy students get an education. On his own account he has been helping students get through college for more than 20 years. Having gone through the hard way himself, he has an appreciation of what a few extra dollars mean to a boy or girl seeking an education.

NEW REGULATIONS FOR O. R. C. TRAINING ATTENDANCE EASED

Austin, Aug. 17th — Changes in regulations for Organized Reserve Corps training attendance have eased the method in which Reservists can become eligible for armory training pay, Colonel Oscar B. Abbott, Executive of the Texas Military District, announced here today.

The new regulation authorizes pay to be paid on an individual attendance basis for all personnel except personnel assigned to special units. Heretofore 60% of the assigned strength of a unit had to be present for the officers to become eligible for pay. Enlisted Reservists were paid regardless of attendance.

The special units deleted from this new regulation are Class "A" units that have a minimum of 30% full strength officers and 40% full strength enlisted Reservists. Most of the units in Texas are not in this category.

Colonel Abbott said that "This will ease some of the problems of the smaller units in cases where officers have attended 100% and enlisted Reservists attended 20% — causing the officers to miss their pay for the meeting while enlisted Reservists received pay. There will be a control feature established by requiring specific individual attendance standards for Reservists desiring to be assigned or attached to units authorized this pay."

Other changes that come out in the new regulation reduce the number of pay drills of former Class "A" units in meeting their new strength requirements from 48 to 24 pay meetings per year. It also provides a probationary period for officers failing to meet attendance requirements, but permits leaves of absence to deserving Reservists to meet business requirements or for illness or hardship reasons.

Mr. and Mrs. Sam Norman of Glen Rose were guests of Mr. and Mrs. Dub Gay recently.
