Local Committee Working On County-Federal Hospital For Mills Co.

A meeting for the discussion of the possibilities of a County-Federal Hospital was held in the District Court Room on Wednesday afternoon at 4 p. m. The meeting was presided over by Warren Duren, of the Trent State Bank, with about 30 people in attendance, to hear and take part in the discussions.

The speaker, Miss Mildred Roberts, Hospital Consultant of the Hospital Construction Division, State Health Department, Austin, Texas, ably discussed the requirements for securing the hospital. She began by saying that these hospitals cost money, and said that she had rather put the figures too high and then try to find where there could be cuts that would be allowed by the Government, than to put the estimate too low and then have to raise it later, further, if the people of Mills County wanted a hospital that would meet the standards of the Federal Government, they could have 50 per cent of the construction and equipping paid by the Federal Government.

She says that Mills County is fortunate in that it has a 100% staff of doctors that are co-operating in the Health Program for the good of all concerned. Miss Roberts made it plain that after the county made the requirements and secured the

Real unification of our armed forces is a must if we are to have the most in efficiency and economy. The bi-partisan foreign policy, continued by the recent session of the Congress, while a "calculated risk", has aided our friendly allies to get back on their feet and resist communism thus far.

If the plans of the Kremlin to overrun Europe had not been thwarted by the Marshall Plan and aid to Greece and Turkey, our security would have become so endangered that we would probably now be spending \$25 billion a year for preparedness instead of the \$15 billion.

The present difficult spending program of the Federal Government is indefensible in view of general prosperity of the country, and spending can and should be trimmed to meet the income and gradually reduce the public debt.

The Hoover Commission report, when fully effective can save the taxpayers from three to four billion dollars a year by preventing waste, overlapping and duplication in the various branches of the Government. The plan, already partially effective, will probably be more completely carried out next year depending on the submission of reorganization plans to Congress by the President.

A long-range agriculture measure was enacted, continuing present support levels through 1950, then going to a flexible level, and mohair was included.

These were among the highlights of the recent session of the Congress discussed in a Tuesday night address by Congressman O. C. Fisher of San Angelo before a Ladies Night meeting of the Goldthwaite Lions Club.

The speaker was introduced by Dr. T. C. Graves, President W. P. Duren of the local club (Continued on Back Page.)

Robbers Caught In Fort Worth Admit Mills County Burglaries, Hijacking

Mills County Sheriff Wiley L. Mahan returned Wednesday night from Fort Worth, where he had gone with Deputy Sheriff Otis Rogers of Brownwood to question two youths held in jail there, after being arrested by Fort Worth officers while fleeing the scene of a grocery store robbery late Tuesday afternoon in which they got \$409 in cash.

Sheriff Mahan questioned the two about a series of robberies in Mills County early last Sunday morning and in Monday night of this week and brought back signed statements from Herman Elmer Buckelew, 20, and William George Riley, 21, in which they admitted the burglarizing of six stores in Mullin and the hijacking of Roland Knechele at Durenville last Sunday morning, and of breaking into four of the same stores at Mullin again Monday night and robbing the Steen Hardware and Western Auto store here on the same night.

Sheriff Mahan recovered practically all the loot taken during the two nights with the exception of the cash, which was \$64 at Durenville and about \$15 at the other places. The loot recovered is estimated to be worth around \$500 or \$600.

A high-powered rifle taken from Steen Hardware in the burglary Monday night was used to hold up a grocery store in Fort Worth late Tuesday afternoon when the two men got \$409 in cash after holding up Benjamin Lockhart, 69, and his wife at the edge of Fort Worth.

The two young men are now being held in the Fort Worth jail, and their signed statements will be brought before the Mills County grand jury soon.

Buckelew lived for a while at Mullin, and his mother now lives at Early, near Brownwood. Riley gave Dallas as his address.

The two boys went to reford school together, Sheriff Mahan said.

Kinchele said Buckelew was the one who held a gun on him during the pre-dawn holdup, which followed six burglaries in Mullin.

Places burglarized Monday night at Goldthwaite were R. L. Steen's hardware store, where some 30-30 rifles, ammunition and wrist watches were taken, and Bradford's Western Auto Store, where a tool kit and other merchandise were missed.

Two rookie policemen, Motorcycle Officer David Bridges, 23, of Everman, and W. E. Welch, 25, halted the fleeing hijackers in Fort Worth and arrested them. Riley attempted to hide under the dashboard of the old-model car in which they were fleeing. Buckelew was driving.

A large number of burglary loot was in the car, including five rifles and a shotgun.

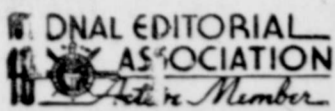

After checking losses in Mills County Wednesday, Sheriff Mahan said that loot unrecovered as yet amounted to around \$150 in merchandise, besides the cash. Not covered as yet are about six watches, an alarm clock, and cigarettes.

God's Open House

Lesson for November 20, 1949

IT IS A WARM chapter, this 55th of Isaiah. Some false ideas about God melt away fast when they are brought close to it. Let us take a look at some of these notions and see how they will in the light of God's word.

Sometimes these notions are held sincerely, sometimes they are mere excuses to keep from facing God. One of these mistaken notions is the idea that God has two lists; one is a list of people on whom he intends to have mercy, and will save; the other list being a private one, of those on whom he intends to have no mercy and will not save.

If your name is on the first list, fine; but if it is on the second list, you are in a hopeless fix; for if God is not going to help you, who can?

This is a terribly true notion. It confuses the true God with some sort of sultan in the sky who has a "social register" of persons he will admit to his palace. "Use this invitation as your card of admittance." No, it is not at all like that.

If you really think that admission to heaven is by card only, then cut out Isaiah 55 and present it at the gate. Cut out any verse in the Bible that says "Whosoever,"—John 3:16 for example—and present that. God keeps open house, he does not employ butlers or strong-arm men to keep out the crowds, he wants all to come who will. Do you want God? Then come. Are you thirsty for the living water? Then drink. It is as simple as that.

There is another notion that keeps people away from God. It is a kind of shyness. It is the feeling that maybe it isn't any use hunting for God. It is the feeling a boy has when he is lost in the woods and has about made up his mind that there is no use in walking any more, he will just sit down and wait till somebody finds him.

It is the feeling that God may be sensitive and doesn't want people coming bothering him. It is the notion that if God wants me, he will knock me down and drag me where he wants me to be. A man with a notion like that, of course, isn't likely to meet with God.

He spends his life paying God no attention whatever, not even thinking about him, perhaps. He may even go as far as he can from the Father's house, believing that God's long arm, like the long arm of the F.B.I. or the Mounties, will reach after him and get him in case God ever wants him.

Now this is a ridiculous idea and a bad one too, Isaiah would not think it true for a minute. "Seek ye the Lord," he says. "Call on God . . . return to the Lord." "Incline your ear and come!" This means you—if you will. But if you won't, God will not force you. He forces no man. He wants willing obedience, loving service, not slavery. God will have no chain on you but the chain of love. God keeps an open house, not a prison farm.

Another wrong notion, for which, alas, many a church member is partly responsible, is the notion that the nearer we get to God, the gloomier we shall be.

All the talk about sacrifice and suffering for others, such as we were thinking of last week, all the emphasis in the church on the death of Christ, all the solemnity of most church services, make people think: "God may be all right for a solemn people, but not for me; I like life with a smile."

Now that is just another mistaken notion. The very persons who know the deeper meanings of sacrifice are just the persons who don't like to use that word about themselves.

In fact, it could be said that in general it is only Christians who have a right to be gay. Jesus himself, on the same night in which he was betrayed, spoke to his friends about sharing his joy to the full.

Isaiah 55 is certainly no invitation to gloom. Joy, peace, the clapping of hands are there. But how do we know Isaiah was right? There is only one way, and that is not to sit arguing about it. You never know what a party is like by staying at home.

Do you really want to find out what goes on there? Don't be content to hear others say. "It's wonderful!" God's door stands open.

On October 21 she, with the Stovall family attended the wedding of Charles Stovall and Miss Helen Burt at Nashville, Tenn.

At the wedding breakfast at The Maxwell House Club, like Breakfast in Hollywood, Mrs. Weathers was interviewed on the air. Because she was the oldest of four hundred invited guests and had flown and traveled fourteen hundred miles to attend the wedding, and the only one from Texas, she was presented a beautiful corsage and a large box of candy.

Mrs. Weathers also visited the Old Fort Nash Burrow on the banks of the Cumberland River and many other places of interest in Tenn. and Ky. On her way home she stopped at Little Rock, Ark., and at Texarkana, then flew on to Dallas and Fort Worth. She reports a wonderful time, but likes Texas best.

SCOUT INVESTITURE CEREMONY TUESDAY

Scoutmaster Charles Conrad has announced that there will be an investiture ceremony for the new Scouts which joined the Goldthwaite Troop several months ago. The investiture ceremony is a formal welcoming of the new boys into the Troop. The ceremony will be held at the Educational Building of the Baptist Church next Tuesday night (Nov. 22) at 7:30.

All parents of the new Scouts are cordially invited to the ceremony. The boys will receive their Scout cards and Tenderfoot badges. The investiture ceremony is always a big moment in the life of a new Boy Scout and it is especially hoped that the parents will be present for this meeting.

CUB SCOUT PACK MEETING

Cub Scout Pack 5 of Goldthwaite held its first Pack meeting since school started last Monday night. The Pack meeting was held with the purpose of getting together all the Cub Scouts and their parents for a program of Cub Activities.

Monday night all the boys of Cub age who are not Cubs were invited to the Pack meeting. The Pack plans to start two new Dens that will meet at the school in the afternoon once a week. A Den will be started on Tuesday afternoon and one on Friday afternoon. These Dens are being formed to take care of the rural boys who cannot come in to the Den meetings held in the homes of the Den mothers one afternoon a week.

Some 20 or 25 parents were present for the meeting and a good program was carried on by Cubmaster Ben Day and two members of the Cub committee, Mr. Padgett and Mr. Nickols.

The Cubs in the Dens of Mrs. Day, Mrs. Beckham, Mrs. Lee Long, Mrs. J. D. Kight, and Mrs. A. P. Harris participated in the program.

It is hoped that the two new Dens at the school can be organized to take care of the rural boys who wish to be Cub Scouts.

GIRL SCOUTS

On behalf of the Girl Scouts, their leaders and the Scout Council I want to thank the parents and friends for their help and cooperation on the recent Scout drive. We especially feel grateful to the committee for the untiring effort they put forth in order to make the drive a success.—REPORTER.

TROOP III

Troop III of the Girl Scouts met Wednesday at four o'clock and went on a hike to find some dry materials for autumn flower arrangements. Mrs. Mac Horton, Mrs. Jim Weatherby,

Mrs. Weldon Hill and Mrs. T. C. Graves went with us.

We would like to express our thanks to Yarborough and Duren for the use of their window during Girl Scout Week. Also to Mr. Leonard Archer for food on our day cook out.

TROOP V

Troop five of the Girl Scouts met at the Little House, Monday, November 14th. The president called the meeting to order. The meeting was started off with a discussion of a party. The Girl Scouts finished making their invitations for the party. Mrs. Jordan and Mrs. Isham gave some helpful hints on introducing people. Louetta Jordan taught the Girl Scouts a new game. Dorothy Warlick was hostess Monday. Nan Page will be hostess next meeting. The meeting was closed with refreshments.—Reporter.

Wilford Gray received a message Wednesday morning that his brother, Roger, of Killeen had died with a heart attack. Mr. and Mrs. Gray left immediately for Killeen.

Many relatives, friends and neighbors called to extend best wishes and present them many useful gifts.

Center City H. D. Club

The Center City H. D. Club met with Mrs. Harry Welch on November 9th. Fourteen members answered roll call with "What I Am Most Thankful For."

The style show was discussed and Mrs. Mann read the points upon which the entry will be judged.

Miss Hintz was not with us so the main part of the program was a book review by Mrs. Aubra Hudson. Mrs. Hudson put herself in the place of the heroine in "It Was not What I Expected," and told of her experiences in a very vivid and entertaining manner. It took us back to the time when our own children were small and we lived again through the days filled with babies, bottles, diapers, comic and near tragic situations. Thanks, Lois! We are very glad that you took time off from your duties as assistant county superintendent to favor us with the review. Come again!

ON ACTIVE DUTY

MAJOR LILLIAN STOKES

Fort Sam Houston, Texas—Major Lillian Stokes, Army Nurse Corps, is on 45 days active duty at Fort Sam Houston as assistant to Lt. Col. Augusta Short, Chief Nurse of the Fourth Army. Her chief interest is the recruiting program for nurses for both the Regular Army and the Reserves.

Major Stokes is the wife of Colonel Melmoth Y. Stokes, Jr., of Goldthwaite, who will soon complete a year's active duty assignment with Fourth Army headquarters at Fort Sam Houston.

In World War II she served 28 months in the Pacific as Chief Nurse of the 8th General Hospital on New Caledonia, Chief Nurse of the Guadalcanal Island Command, where she and Colonel Stokes were married, and as Chief Nurse of the 374th General Hospital on Tinian.

The meeting happened to come on Mrs. Welch's birthday. She was surprised with a shower of small gifts.

We were happy to have so many visitors for the afternoon. Do meet with us again.

Mrs. Welch served the group very delicious home made candy, cookies and punch.

Our next regular meeting comes on Thanksgiving Day, so it was decided to have it on Tuesday, Nov. 29. It will be at Mrs. Arnold Head's.—Reporter.

FRESHMAN'S REPORT

The Freshmen have been reading a biography of Abe Lincoln in English.
 The freshmen V. A. boys have been staking terraces in agriculture.

The boys are glad the V. A. party has been set for Friday night, November 11, 1949.

The class, along with the rest of the high school, gathered in the study hall Thursday, Nov. 10, to hear Mrs. Yearly's book review of "They Come Cheaper by The Dozens."

SOPHOMORE NEWS

The Sophomore Class has been reading in the "Readers Digest" for their English lessons this week. They have been studying hard to pass their subjects this six weeks.

The Sophomores have been enjoying the ball games. Some of our class are on the teams.

JUNIOR REPORT

The Juniors had a class meeting November 11, 1949 to make plans for the Junior-Senior banquet. They hope to put it over in a big way this year.

They regret that James Embrey, one of their class mates, is out west picking cotton.

The Juniors all enjoyed the book review given by Mrs. Yearly.

4-H REPORT

The Star 4-H Club met in regular session on Thursday, November 3, 1949.

A short business session was held, then a moving picture was shown on cattle grubs and plows of ancient time.

BOOK REVIEW REPORT

The Star High School students and faculty members were favored with an interesting book review, "Cheaper By The Dozen" by Gilbreath and Carey, given by our own Mrs. J. C. Yearly, Thursday morning, November 10.

We all join in saying, "Wonderfully, well done," Mrs. Yearly! We are looking forward to more good reviews during the year!

The English students were given one point credit on this review for their outside reading.

F. F. A. REPORT

The Star Chapter of Future Farmers of America held their regular monthly meeting, Thursday night, November 3. Ethylene McCasland was elected chapter F. F. A. Sweetheart. A committee was appointed to make arrangements for an F. F. A. party which was held Friday night, November 11.

The chapter invited the Home making class as their guests. Those present were Freda Soules, Velda Black, Ethylene McCasland, Devella Brown, Vernell Doss, Patsy Temme, Floy Woodard, Melba Miller, Jeanette Lindsay, Dorothy Clapp and Mary Lou Whitehead.

The boys present were Bill Beard, Chester Brooks, Le Roy Clary, Sam Embrey, James V. Kincheloe, John Owens, Ernest Rickel, Leonard Covington, David O'Neal, Davis Owens, Varnell Wilky, Bobby Baird, Neal Hatley, Delbert Decker, Billy Gummelt, Sammy Owens, Joe Williams, and Allen Poe, Mr. and Mrs. J. C. Yearly were official chaperons.

Refreshments of punch, ice cream, and cake were enjoyed by all.

A call meeting of the chapter was called by President, Sammy Owens, Friday afternoon to se-

lect delegates for district F. F. A. meeting to be held Monday, November 14 at Stephenville. Bill Beard and John Owens were elected to represent the Star Chapter at this meeting.

GIRLS' SPORTS

The game with Zephyr at Star came out just fine for Star. The scores were 17-15 in Star's favor. There wasn't a very big crowd but they really made some noise.

The game between Mullin and Star wasn't quiet so good as the one between Star and Zephyr. Mullin came out on top by 12-17 but there was really some good playing done and the crowd was great! They make lots of noise, too!

They don't have any games scheduled for next week but they do hope to keep up the good playing and iron out those rough places in their team.

In the Mullin game we had 3 players that could not play. They were: Dorothy Waddill, who had a sprained ankle, Devella Brown, who couldn't be here, and Vernell Doss, who is just recovering from virus pneumonia. We regret that the three did not play. Had they played, the score might have been changed.

BOYS SPORTS

The Star boys' basketball team has been doing better the past week. We played Zephyr at Star, November 8. We won by 35-33.

We also played Mullin at Star November 10. We won by a margin of about 20 points. We hope to have a game this week but as six weeks tests are coming up, we are not sure.

SNOOPY SUE

(Daughter of Anna Mae)
 With these ball games going, love continues to grow. Those seen together at the Mullin ball game were: Velda and Bill, Floy and Allen, Dorothy and Harvey, and Melba and Bobby. We know you kids enjoyed the ball game.

We wonder about our "kid brother," Bill Beard. First it was Mary Kathryn and now it's Ethylene. This lad gets around, doesn't he?

Vernell has been caught dreaming lately. Was it the long time without seeing Warren? He seems to be in her every thought.

Freda and Delbert have been seen quiet a bit lately. This is getting to be a habit.

Those seen together at the F. F. A. and H. E. party were: Freda and Delbert, Bill B. and Ethylene, Melba and Bobby, Devella and Sam, Billy Gummelt and Patsy, and David and Jeanette. Those were quite happy.

We wonder why Janetha didn't go to the party. Couldn't have been something at Zephyr, could there. We didn't see you very much this week-end, where were you and who's picture was that you had Monday morning.

Bobby B. seemed to be a good baby sitter, Sunday, for Mary Katherine. Her little brother is sweet, isn't he?

Freda, we wonder about your diamond? Gee! it must be nice to be free again? Could it be you didn't want to stay at home?

Dorothy Clapp and Harvey, Bobby and Melba were seen at Brownwood Sunday night. You're kinda getting off your route aren't you kids?

We wonder about Billy Gummelt and David O'Neal. David to Lometa, and Billy to Abilene. you boys are not very understandable.

Jo Ann, seems Charles S. is surely nice to you.

Ann, what's the matter with you lately, I haven't seen you around.

Gloria, are you and W. V. still hibernating, or have you sunk. Veleria, are you and Lester's love light still burning or has it flickered out.

Nell, where on earth have you been getting all that gum. Through pieces a day is quite a lot.

Jimmy Laughlin of A. & M. College spent the week-end with home folks.

Mrs. Omar Weatherby was carried to a Brownwood hospital the first of the week.

Miss Melva Nowell of Ranger visited her parents, Mr. and Mrs. Roy Nowell over Armistice.

Post Office Asks Cooperation Of Public In Preparing Xmas Mail

The handling of Xmas mail is a tremendous task, and there is every reason to believe that the volume this year will be as heavy if not heavier than in previous years. The patrons have always responded wholeheartedly to reasonable requests for

cooperation and the following information is furnished as a guide to mailers:

POSTAGE:— Prepay postage fully on all mail matter.

STAMPS:— Save time by buying stamps in advance of the Christmas rush.

ADDRESSES:— All mail matter must be plainly and completely addressed, preferably in ink, giving street address, box or rural route numbers, and mail intended for delivery to larger cities should show the zone number if applicable. It is very important that the sender's name and address should be placed in the upper left corner of the parcel. Address tags should not be used unless absolutely necessary, and in which case, a copy of the complete address and the sender's address should be enclosed for identification purposes if necessary.

PACKING AND WRAPPING:— Pack and wrap parcels carefully and tightly in strong durable containers, wrap and tie securely with good heavy paper and cord, but DO NOT seal, unless, "may be opened for inspection," parcel post sticker is used on the parcel. Parcels sealed against inspection without this sticker are

subject to the first class or letter rate of postage.

LIMIT OF SIZE:— Parcels sent via air mail or as 4th class mail are limited to a maximum of 100 inches, length and girth combined.

LIMIT OF WEIGHT:— The limit of weight or as 4th class matter is 70 lbs. This includes parcels sent by air.

SEALS:— Xmas seals may be placed on parcels, preferably on the side other than the address side,—for the month of December.

PERMISSIBLE ADDITIONS:— "Do not open 'till Xmas", "Merry Xmas", "Happy New Year", "With Best Wishes," as well as numbers, symbols, etc., for the purpose of description, may be enclosed with 3rd or 4th class mail, and a simple dedicatory inscription not of a personal nature may be written in books, but other unauthorized additions will subject them to letter rate of postage.

PERISHABLE MATTER:— Articles likely to spoil within the time reasonably required for transportation and delivery are NOT acceptable for mailing. They MUST be endorsed with the word, "perishable," directly above the name of addressee.

SPECIAL FEATURES:— For those who may wish to expedite handling and delivery of their cards or gifts, use AIR MAIL, SPECIAL DELIVERY, and SPECIAL HANDLING, stamps. Special delivery fee, in addition to

the postage, will entitle mail of any class to the most expeditious handling and transportation practicable as well as prompt delivery by special delivery messenger at the office of address. The SPECIAL HANDLING service is provided for 4th class mail ONLY, and provides the most expeditious handling and transportation practicable, but NOT special delivery at office of address.

REGISTRATION OR INSURANCE:— Xmas gifts should be registered or insured. Parcels containing small articles of considerable value, such as watches, and other jewelry, should always be registered.

GREETING CARDS:— Send holiday greeting card as first class mail, to get the many advantages of this service. Such greetings prepaid at the first class rate may be sealed and contain written messages; they are dispatched and delivered first; they can be forwarded, if necessary, without additional postage, and, if undeliverable, returned to sender with no extra expense to the mailer provided his return address is on the envelope.

Unsealed greeting cards may not contain written matter and are chargeable with 2c postage; however, those which are less than 4 inches long and 3 inches wide are chargeable with 3c postage; as are those which are over 9 by 12 inches.

Patrons who have a large

number of cards to mail are urged to tie them in bundles with addresses all faced one way before mailing so as to facilitate their handling in the Post Office.

Six Stores At Mullin Burglarized; Durenville Service Station Robbed

Two men in an automobile bearing Tarrant County license numbers at four o'clock Saturday morning of last week held up the Norman Duren Service Station at Durenville, two miles west of Goldthwaite on the Brownwood highway, and drove away with about \$67 from the

part of the business district of Mullin some time during the same night. Six stores were robbed there and unsuccessful attempts were made to open two safes. Loot estimated at between two and three hundred dollars consisted of some cash but mostly jewelry, cigarettes, tobacco, dry goods and other items. Stores burglarized were Wilson Garage, Kimmon's Grocery, Mrs. Jewel Ivy's General Store, T. C. Chaney Grocery, Frank Shelton Grocery, and

Randolph Lumber Yard. The robbers evidently hit Randolph's first to get tools to open doors and windows of the other stores. They are believed to be amateurs.

In robbing the service station at Durenville, the two men drove up in a car with Tarrant County numbers and ordered gas. While the attendant, Roland Kinchele, 22, was getting their change for a \$5 bill, one of the men pulled a foreign-made gun believed to be a German Luger and ordered him into a small store room. The spokesman for the two asked Kinchele if he had a rope, saying he would hate to have to kill a man. Kinchele said no, and the men produced a cotton rope, took off Kinchele's pants and tied him up with a navy knot. The hijackers first took Kinchele's wallet containing around \$10, and asked him if he had any children. When they found out he had one child, one of the men gave him his billfold and money back, saying he had a son too and knew how hard it was to make a living. After getting the money out of the cash register, about \$67, and cutting the telephone wires to town, the men drove off toward Goldthwaite. Kinchele freed himself, put on his pants and got a neighbor, T. A. Vines, to drive him to Goldthwaite to notify Sheriff Mahan. Patrons in the all-night cafe next door were undisturbed and did not know about the robbery until Kinchele released himself.

Young Kinchele describes one of the men, the spokesman, as about 26 to 28 years old, 5 feet 6 inches tall, weight about 160 pounds, and dark complexioned with wavy hair.

Roland Kinchele is a brother to Ace Kinchele, an employee at The Eagle Office.

TWO-CAR ACCIDENT SUNDAY AFTERNOON

An auto accident involving two cars occurred Sunday afternoon, about two miles out of Goldthwaite on the San Saba highway. A 1940 model Ford occupied by Mr. and Mrs. Wincl Page of Goldthwaite was traveling toward San Saba, when a 1947 Pontiac occupied by Rev. J. Roy Hilliard, Methodist district superintendent for the Kerrville district, and his son of Kerrville, came up behind a very slow moving car coming toward Goldthwaite, and skidded into the path of the Page car when brakes were applied. Both cars were badly damaged, although none of the occupants were seriously injured. Rev. Hilliard was carried to the Brownwood Memorial Hospital where he remained for several days. He was shaken and bruised, but no bones were broken. The others were shaken up a bit but have all fully recovered.

Mr. and Mrs. E. L. Pass and their guest Saturday and Sunday their grandter, Mrs. G. C. Maddux and band and babies of Prairie, and their nephew, D. Sutton and family of Saba.

Mrs. Erroll Sheppard children of Lubbock are her parents, Mr. and Levi Aldridge.

THE KILLING OF JOHN MORRIS

(Editor's Note—The following article was written by B. F. Gholson of Evant, Texas, and was first published in 1911. The Gholson and the Morris families were two of the first to settle in this section nearly a hundred years ago. The John Morris referred to was a brother of Dave Mor-

ris, Jr., who was the father of Sam and Henry Morris, who now reside in Goldthwaite.)

I have been requested by some of the old settlers to write the account of the killing of John Morris by Indians in August, 1868.

John D. Morris and his broth-

er, W. M. Morris, sold their small stock of cattle to James Burleson, a regular driver, who employed them as trail hands to assist in driving his herd to Fort Sumner, at which place he paid them for their cattle and their wages also, giving them currency for the whole amount, except one check for \$600 on some bank in Chicago. Accompanied by several of the cow hands, the Morris brothers started on their return home, coming in by way of the Conchos, Jim Ned and Pecan Bayou, where their companions began to leave them and take nearest routes to their homes, and a few came as far as where Brownwood now stands.

The Morris brothers had a wagon and three horses, and were armed with six-shooters only. When the two reached the head of Brown's Creek, 13 miles from their home and four miles northeast of the Williams ranch, Bill Morris, who was on horseback, saw several deer some distance away and went forward to kill some of the game.

He had not gone far when he discovered a large party of Indians, some of them coming toward him, others headed for the wagon. He immediately returned to the wagon to assist his brother, John, who had climbed out of the wagon, and the fight opened.

The Indians captured Bill's horse and shot one of the others with an arrow, causing the team to run away, leaving the boys afoot.

The brothers knew the country well and decided to go to a certain bluff on Brown's creek, and several times they had to drive the Indians from behind trees along the way. It was a running fight and was kept so until they reached an open prairie, when John was weakening from four wounds. They finally crossed the prairie spot and reached a grove and John sank down. He told Bill he could go no further and urged him to run and try to escape.

They had killed and wounded a number of Indians, and for the time the savage had checked up. This gave Bill an opportunity to slip away, so leaving his wounded brother, he made his way to the Williams ranch, or rather the Fowler ranch as it was then known, where he secured help and re-

turned to assist his brother as quickly as possible. But the relief party arrived too late. The Indians were gone. John was dead and scalped and his body mutilated.

The news of the killing reached Langford Cove that day and John Morris' father requested me to go to the Langford graveyard and prepare a grave for his son, which I did, but they decided to bury him at the Williams ranch. Thus the grave which I prepared stands open even unto this day.

As soon as John was buried, Bill came home and then went on by the Cove. He came to my house and stayed all night. About ten nights after the killing had taken place the Indians stole thirteen horses from our place before going on.

Bill and I followed the trail next day, and we found a horse which Bill had shot during the fight a few days before. We brought him in and learned that he belonged to Henry Ford and had been stolen a few days before the fight.

Twenty-six Indians engaged in this fight and seven were either killed or wounded. The wagon was plundered and the check that I have mentioned and all the money carried away, except a few dollars Bill had in his pockets. The Indians were pursued but were not overtaken.

Mrs. Luther Oquin and grandson, Bruce George and several friends from San Angelo came through Goldthwaite Sunday and stopped for a short visit with Mrs. Oquin's mother and sister, Mrs. M. E. Archer and Mrs. E. D. Hamilton. They were enroute to Fort Worth where Bruce will make his home with his mother.

Mr. and Mrs. Charlie Bayley spent Armistice Day with their daughter, Mrs. D. J. McCarty and family at Rising Star. While there they attended the ball game. Their granddaughter Kay came home with them for a visit.

Mrs. Claude Holly of Graham visited her mother, Mrs. Eula Nickols, over the week-end.

Week-end guests from Temple were Mr. and Mrs. Barton Smith. They were in the home of his sister, Mr. H. G. Bodkin. They also visited other relatives.

KEY RESIGNS OF C. MANAGEMENT

(Graham Leader.)
Monday morning an earth-
quake hit the Graham Cham-
ber of Commerce.
The board of directors met
in the chamber office in a
called meeting by its
president, Buel Orr, and were
presented with the
resignation of Chamber man-
ager, Claude Holley.
It was a bitter disappointment
to the shock stunned the
members but Mr. Holley had a
reason for resigning and it
was accepted immediately.

Mr. Holley's resignation was
accepted because
he had been selected by the
board of directors of the First
National Bank to become Vice
President of that institution to
fill the position left vacant by
the resignation of
a position with a bank
in Texas.
The show of Holley's resig-
nation was somewhat lightened
by the fact that he would
be "in town," said Mr. Orr.
The members expressed the
regret and as one mem-
ber said, "His fine commu-
nication and influence will
be actively available to
us and in this we feel we
are very fortunate."
Commenting again later

directly to a newspaper repre-
sentative, Buel Orr made the
following statement. "Mr. Hol-
ley, in the short while that he
has been the Chamber man-
ager, has done a very outstand-
ing job. He believed in the good
things for the community and
his every act was to promote
the welfare of its business,
home life, church life, schools
and every organization and
group designed for a better
Graham. He showed aggressiv-
ness in road projects and Pos-
sum Kingdom. He was growing
Graham. His loss will for the
future benefit of a always alert
to ideas and plans be felt by
the Chamber, but we are
mighty happy that we re-
main in the community."

Mr. Holley has been Sec-
retary of the Graham Chamber
of Commerce since March of
this year. Immediately prior
to his employment here, he
held a responsible position with
Butler Brothers, having man-
aged stores for them in several
towns. He was also employed as
manager of stores for W. T.
Grant and Co. for several years.
Mr. Holley's management
of the Graham Chamber of
Commerce was very successful
and won him a host of friends
in Graham and throughout the
county and state. He was re-
ceiving best wishes at his desk
Tuesday, from his many friends
as he assumed his new position.
Mr. Holley is the husband of

the former Mary Nickols. She
is the daughter of Mrs. Eula
Nickols of Goldthwaite. Mrs.
Holley's many friends will be
glad to know the success of her
husband.

SOCIAL SECURITY LAWS EXPLAINED

Many people think of social
security as something to expect
only when they get old, accord-
ing to James B. Marley, Man-
ager of the Austin Social Secu-
rity Administration office.

"One of the most important
features about this Federal re-
quirement and death insurance
plan is the protection it affords
the surviving members of a
family when the breadwinner
dies. When a widow and minor
children are the surviving fam-
ily of an insured wage-earner,
old-age and survivor's insurance
provides for monthly payments
to the widow and the children.
The widow may be entitled to
monthly benefits upon reaching
the age of 65, and considering
the fact she remains the legal
widow at that time. When an
insured wage-earner dies and is
not survived by a widow or min-
or children, monthly benefits
may be paid to a surviving par-
ent, provided the parent was
dependent on the deceased

wage-earner at the time. In
some cases, an insured wage-
earner dies and is not survived
by any one immediately quali-
fied for any type of monthly
benefit, and in such cases, a
lump-sum death payment may
be paid.

There are two important con-
siderations in the payment of
Federal Family Insurance pay-
ments; first, the wage-earner
must have worked under the
social security system long
enough to be insured; and
second, a claim for the pay-
ments must be filed with the
Social Security Administration."

The Austin Social Security
Administration field office has
representatives visiting our
community at regular intervals.
The local postmaster can sup-
ply the date their representa-
tive will next visit in our city.

Mrs. Eugene Dyas, Loydene
and Mrs. W. A. Bayley met the
latter's daughter, Mrs. Lee Dyas
of Burnet at Lometa. She spent
the week-end with her mother
and other relatives.

LARGE CROWD ATTENDS FIELD DAY

Six terracing machines moved to Dr. T. C. Graves' ranch Thursday, November 10 and in 4 hours operating time, 7 terraces totaling 10,000 feet were constructed before a crowd of over 100 local farmers and ranchers.

J. E. Hancock and Edgar Womack from Lubbock were on hand to demonstrate their terracing machines. Mr. Hancock showed a new terracing machine which is not in production yet and was used for the first time at this field day.

Dan Chastain, manager of Fairman Company served a barbecue lunch to the visitors. Classes from the Veterans Vocational Training Schools of Goldthwaite, Star and Mullin attended the afternoon session as part of their training program.

Commissioners Fred Wall and Jess Tullis constructed one terrace each with county equipment. The Hancock Terracers constructed two large ridge-type terraces and one channel-type terrace. Fairman Company constructed a small ridge-type terrace with the Whirlwind Terracer and Charlie Swindle constructed a channel-type terrace with a tractor and three-disc plow. Dr. Graves

used his bulldozer to make fills, clear brush and shape the water-way and terrace outlets. The terraces were run by the Soil Conservation Service personnel to outlet on to a well established natural drain through the center of the field.

Later in the afternoon most of the crowd made a tour of grass plantings on Dr. Graves' ranch. King Ranch bluestem that was seeded in 1945 had made an outstanding growth from a summers deferment. Buffalograss that had been seeded also made a good cover.

LIONS CLUB

(Continued From Page One.) presided. A total of 64 attended. Following Rep. Fisher's speech, a motion picture was shown featuring scenes at the last convention of Lions International in New York City.

In touching on the foreign situation, Congressman Fisher said: "We know that the Russians now have the Atomic bomb. We know they can put 300 combat divisions in the field on short notice. It is generally believed the Soviets could, if they wanted to, overrun most of Europe in 60 days. Under these conditions, the least we can do is to keep our powder dry, hope for the best and be prepared for the worst".

Fisher pointed to the Atlantic pact, combining the western European democracies with the United States and Canada in a mutual alliance, and said if any one of these signatory countries should be attacked, all the others would retaliate in one solid unit.

Turning to the agriculture program, Rep. Fisher expressed satisfaction with the soil conservation and range practice program that has been going on, and said he believed the inclusion of mohair in the farm program would stop liquidation of herds and help stabilize the market. He said the passage of the bill had a lot to do with the recent upturn in mohair prices.

Fisher went on to Lampasas Wednesday and was to visit in San Saba on Thursday. Since his return to the district he has visited extensively over the district where in two weeks he has made more than 15 addresses. He hopes to visit in each county before returning to Washington at the first of the year. If at all possible he plans to visit in Mills County again before the Christmas holidays.
