The 13th annual Spring Show of the Mills County Livestock Raisers Association reached its peak of highest tension last Tuesday afternoon when, before a huge crowd that vibrated with excitement, a Hereford calf that is owned and that has been fed by Johnny Wigley of Durenville was proclaimed the

Grand Champion of the exhibition. A black calf, an Aberdeen-Angus shown by John Howard Owens, son of Mr. and Mrs. J. S. Owens, was designated the Reserve Grand Champion.

While John Howard Owens showed the Reserve Champion, the Angus had been entered in the Show as owned by the

Owens Brothers—John Howard, Davis and Sammy.

The next step in the competitive future of Johnny Wigley's calf, "Scotty," has yet to be decided. County Agent George Reese said after the Show that it was not certain whether Johnny would exhibit his calf next at Fort Worth or at Houston.

Johnny Wigley's calf weighed 1080 pounds. The Owens Brothers' calf weighed 1100 pounds. Both are 4-H Club projects, as were all of the calves that placed highest in the heavyweight, medium weight and lightweight divisions.

As for the Show itself, which ran throughout last Monday and Tuesday, it was described by many persons as the most successful that ever had been

staged by the Mills County Livestock Raisers Association in the 14 years of its history. For quality of calves and other stock that was on exhibit, for enthusiasm and for attendance, the Show was regarded as having set a new high standard for an exposition that already ranks exceedingly high.

Anti-Polio Drive Starts Off Well In Mills County

The 1951 March of Dimes campaign was rolling in Mills County this week with an encouraging preliminary response reported by County Chairman W. C. Barnett and Goldthwaite Chairman Eugene L. Dyas.

The campaign, which will continue until January 31, will get a big boost on Thursday night of next week when the Harry F. Edmondson Post number 289, the American Legion, will sponsor a dance at the Legion Hall, with the proceeds to be donated to the March of Dimes.

Tickets for the Legion "March of Dimes Dance" may be obtained in advance at business houses, cafes and at the Eagle office in Goldthwaite for one dollar per person.

"Buy a ticket, even if you cannot go to the dance, and so help the March of Dimes campaign," said Roy Lee Hill, Chairman of the American Legion's publicity committee.

Mr. Dyas said that persons who contribute a dollar or more to the March of Dimes fund to further polio research and to aid in the treatment of polio victims will receive a red, white and blue lapel insignia inscribed, "Fight Infantile Paralysis." The insignia may be obtained at the Trent State Bank, the Melba Theater, the office of the City Utilities in Goldthwaite, and at the office of the Goldthwaite Eagle.

"We have had at least one order on the lapel insignia," Mr. Dyas said.

Mr. Dyas added that the Mills County Commission Company had volunteered to let all of those who attended its auctions (Continued on Back Page.)

A suit for injunctive relief against the City of Goldthwaite, with the alternative a suit for damages, was filed on Friday of last week by A. L. Reese.

In a petition to District Judge Wesley L. Dice, Mr. Reese, through his attorney, Byron L. McClellan of Gatesville, charges the City of Goldthwaite with causing a "public nuisance" by "polluting and contaminating the waters of Neighbors Creek," which runs through the Reese property south of Goldthwaite on highway number 16.

The suit was filed with District Clerk Earl Summy and it names Mayor Loy Long and it names Mayor Loy Long as the official "upon whom service of citation may be had." It arises primarily from a long-standing complaint by Mr. Reese against disposal of liquid waste from the Goldthwaite sewage disposal plant.

Papers in the suit were served last Friday on Mayor Long by Mills County Sheriff C. F. Stubblefield. Under the law, the City of Goldthwaite has until ten o'clock on the morning of February 5 to file an answer to the petition of Mr. Reese.

In seeking a permanent injunction, with a plea for damages as the alternative, the petition states:

"Approximately 700 yards in a northerly direction from the plaintiff's property line—City of Goldthwaite operates and maintains, on property acquired by it for the purpose, a sewage disposal system. This system consists in part of underground pipe lines and, open ditches, together with a sprayer system, which said unit is continuously used and operated by the defendant for the express purpose of collecting and carrying away ordinary sewage created within the City."

Throughout the petition Mr. Reese stressed that his primary interest was in obtaining permanent injunctive relief against continued "pollution" and "contamination" of Neighbors Creek. Only in the event of failure by the Court to grant injunctive relief would he seek damages totaling \$25,300.00 — \$10,300.00 for past damages and \$15,000.00 (Continued on page 11)

Mayor Long And Smith, Barnett At Defense Talk

Mayor Loy Long, Brian Smith, Executive Secretary of the Mills County Chapter of the American Red Cross, and City Utilities Manager W. C. Barnett attended an important meeting on civilian defense at Waco on Thursday of last week.

The meeting was attended by the appropriate representatives of 18 Texas Counties and it provided opportunity for the discussion of civilian defense problems that may confront both urban and rural areas.

Mayor Long said that the meeting was convened on the initiative of Waco officials, who have made considerable progress in blue-printing plans for civilian defense measures.

A number of experts participated in the meeting, including the civilian defense coordinator from Fort Worth, where a major problem exists because of the importance of Fort Worth to the aircraft industry. Conferences of the sort such as the Goldthwaite representatives attended last week provide for an interchange of ideas and for discussion of both mutual and (Continued on Page 10)

YOU AND YOUR SCHOOLS

To many persons, the news story in last week's Eagle reporting a decision by Sam Henry Rahl not to run for re-election to the Board of the Goldthwaite Independent School District was bad news.

Whether or not Mr. Rahl and Mr. Wicker finally decide to offer themselves for re-election, they can be opposed. The names of candidates for the School Board places now filled by Mr. Rahl and Mr. Wicker should be filed with Mr. Rahl in his capacity as Secretary of the Board by five o'clock on the afternoon of March 27.

The democratic way in this Republic is to settle our differences over matters of the public concern at the polls. It also is the democratic way to provide for full and frank discussion of issues involved in any election, with candidates doing the talking and the voters doing the listening, before the time comes for the casting of ballots.

In view of the importance of our schools to the future of this community, we suggest that well in advance of the School Board election on April 7, the voters are entitled to know who intends to stand for election and to hear him say what he stands for.

We intend to keep on reminding our readers that this year there is plenty of time for those who have ideas about the Goldthwaite Independent School District to do something about them through the medium of voting for two members of the Board on Saturday, April 7.

Polio is no respecter of persons. It strikes children and adults. Polio, or infantile paralysis, is sinister, and during recent years, Texas has been hit harder by the disease than most States.

YOU AND THE MARCH OF DIMES

There are many ways in which to help to fight polio. Dimes placed in the miniature iron lungs that you see on the counters of stores will go to the National Foundation for Infantile Paralysis, which allocates funds for research and for the treatment of polio victims.

The Texas quota for the 1951 March of Dimes campaign is \$2,500,000.00 That is the minimum required. We believe that Mills County can be depended upon to do its full share in a worthy effort.

The most important action taken by the House in organizing for the session's work was the adoption of an amendment to the House rules whereby the Rules Committee was given power to screen legislation before it can be programmed for debate and floor action.

Barring some unforeseen and improbable development, this means the controversial features of the Truman Fair Deal have been put on ice for the duration of Congress.

That should mean more economy in government; fewer pressure-group and special interest laws enacted, and more time and effort devoted to the Nation's primary interest-preparedness.

The change was accomplished by a coalition of Southern Democrats and Republicans, the vote being 244 to 179. I joined with a majority of Texas members and voted for the change.

Vice-President Barkley in bidding adieu to retiring Senators the other day, recounted some interesting experiences in the Senate and House that happened a hundred years or so ago, and recalled how members disagreed violently on occasions only later to become warm friends.

The State Dept. should fully consult the military and Congress before it makes any more basic strategic decisions with respect to such areas as Spain and Formosa. The diplomats have had too free a rein in matters of that kind.

We need allies, but we cannot safely continue to take it for granted that our allies will do the things necessary to become dependable partners in a crisis.

Our government's commitments should be honored, where there is reasonable compliance with the terms of contracts by other nations party to them. But the record to date has not been reassuring and, at least until there is a new secretary of state, the degree of compliance should be kept under survey by a congressional watchdog committee.

The administration can avoid future mistakes by submitting all agreements which have the force of treaties to the Senate for ratification, as the constitution provides. Secret diplomacy has been responsible for many of our troubles.

Since the Chinese Communists insist on fighting, we should lower the barriers and let Chiang Kai-Shek's Nationalists fight them, and arm the anti-Red guerrillas on the Chinese mainland, as well. Placed on the defensive, the Red Chinese might look less tough. Our present policy tends to protect their rear while they attack American Korea.

The Eagle's Aero

By The Editor

President Truman's Economic and Budget messages to the Congress, with their forecasts of tremendously increased spending and skyrocketing taxation, ought to have made the impact of the world crisis very personal to everybody. In the situation in which we find ourselves, I believe that an editorial, published throughout the United States by the Scripps-Howard newspapers — by which, incidentally, I was employed at one time — makes some helpful suggestions. That editorial, entitled, "A Program For Unity," is published in full below.

In this time of stress and danger our country needs a program on which the American people can unite.

Many notable Americans have made constructive contributions to the current foreign policy debate. None of them has questioned the gravity of the world situation. None has denied the necessity of rearmament. Few, if any, have shown the slightest disposition toward appeasement of aggression.

The serious differences that do exist concern the adequacy of the measures being taken to meet the Russian challenge and the wisdom—or lack of wisdom—with which America's world policies have been conceived and carried forward.

The grave misgivings that do obstruct unity arise in major part from lack of confidence in the State Dept.

This newspaper believes that the debate has helped to develop the essential outlines of a program which could have, because it would deserve, united and nonpartisan support.

American rearmament comes first in such a program. Defense officials should make fewer speeches worrying about how large, how fast a mobilization effort the people will support and concentrate on pushing forward the largest, fastest effort possible.

The State Dept. should fully consult the military and Congress before it makes any more basic strategic decisions with respect to such areas as Spain and Formosa. The diplomats have had too free a rein in matters of that kind.

We need allies, but we cannot safely continue to take it for granted that our allies will do the things necessary to become dependable partners in a crisis.

Our government's commitments should be honored, where there is reasonable compliance with the terms of contracts by other nations party to them. But the record to date has not been reassuring and, at least until there is a new secretary of state, the degree of compliance should be kept under survey by a congressional watchdog committee.

Placed on the defensive, the Red Chinese might look less tough. Our present policy tends to protect their rear while they attack American Korea.

To avoid another Korea in Western Europe, we should insist that our allies go along step by step with us in forming

the European defense force less and until we have Allies in Europe and Asia should not consider American armies to fight either continent.

Spain should be helped, and to build air base behind the Pyrenees, without delay. Japan should be permitted to begin rearming now.

No more money should be sent abroad during this which does not contribute to containment of Communist military strength. Few Point Four projects that suggested can meet that. They can wait while we save the world from that is possible, or to save our country if Russia forces upon us.

And confidence in the State Dept. should be restored.

To restore that confidence Secretary Acheson should have returned empty-handed from every international conference he has attended. His policy is caught in a center between the Communists and the Nationalists.

He has opposed Dutch nationalism in Indonesia supporting French colonies in Indo-China. By encouraging the British to recognize China, he has placed the States at odds with British China policy. By first away our bargaining power has placed the U. S. with France on German.

He has just touched the Chinese problem, but that was enough to get us all ed up with India and Philippines. Where misunderstanding doesn't exist, it must be a gift.

All of the money he has in Europe hasn't produced a single new division. Not the "situations of strength" talks about has been built.

He is regarded as a soft abroad and has lost public confidence at home.

He inherited a sound relationship with the United States and destroyed it by his inability to understand the meaning of teamwork.

The wave of "McCarthyism" which swept the nation is a direct reaction to the isolationism he displayed when he refused to turn his back on Alger Hiss.

Our retreat in Asia from his appointment as secretary of state in 1945, he initiated our disastrous policy.

Having made himself a principle obstacle to any unity, he has disqualified himself for further public service. We need a secretary of state in whose wisdom and in whose American people and Congress can feel it safe to trust.

MRS. TOM McARTHUR AND MRS. GEORGE M. FLETCHER

If Precinct 1 Commissioner Jess Y. Tullos can leave a Christmas tree on top of the Mills County Court House until after the middle of January, then the Eagle can print a photograph of Mrs. Tom McArthur and Mrs. George M. Fletcher standing beside a Christmas tree. The photograph above was taken by the Wicker Studio early last December when Mrs. McArthur was installed as Chairman of the Mills County Home Demonstration Council and when Mrs. Fletcher was installed as

the Vice Chairman. The engraving suffered disaster in the Eagle's printshop. Faint traces of said disaster still can be seen, but as much doctoring as was possible was done by the Eagle's Franklin Dew Weathers, after Roy Lee Hill and Arnold K. Kelly had given up the case as hopeless. As examination shows, Mrs. McArthur's likeness suffered more than that of Mrs. Fletcher. Further explanation is withheld so as not to embarrass the Eagle's Mechanical Superintendent.

Mr. and Mrs. Bourdon Rea Barfield, who were married recently in Austin, will make their home there while attending the University of Texas. The bride is the former Miss Carolyn Grissom, daughter of Mr. and Mrs. Joe Bryan Grissom, 3201 Live Oak Avenue, Waco, formerly of Goldthwaite. She is a junior at the University, a member of Kappa Alpha Theta sorority and president of Alpha Lambda Delta, honorary scholastic society. She was sweetheart of the Texas A. and M. freshmen class of 1951, and designated sweetheart of the Texas A. and M. Infantry last spring.

The bridegroom, who will receive his degree from the University in June, is a member of Beta Theta Pi fraternity and the Rally Committee. He is the son of Mr. and Mrs. Bourdon Ivy Barfield of Amarillo.

Rev. Gray Blandy performed the wedding ceremony at All Saints Episcopal Church in Austin. The couple was attended by Mr. and Mrs. Jonathan P. Thompson.

Wedding music was by Miss Helen Young, organist. The altar of the church was decorated with urns of white flowers. The bride wore a ballerina-length dress of ivory satin designed with long sleeves and a roll collar. Her headdress was a cloche edged with seed pearls and trimmed with a circular veil. Her bouquet was of white orchids.

Mrs. Thompson wore a brown net dress and matching headdress and carried yellow roses. Following the ceremony, the couple left by plane for Havana, Cuba.

The bride is a sister of Mrs. Louis Glass of Goldthwaite.

Miss Lois Jeffers Is Married To Harvey Wayne Decker Last Sunday

Last Sunday afternoon, January 14, at 4:30 o'clock, Miss Lois Jeffers became the bride of Harvey Wayne Decker, son of Mrs. Sally Decker of Kurst Ranch community. The bride's parents are Mr. and Mrs. J. M. Jeffers of Uvalde.

The marriage vows were exchanged in the home of Mr. and Mrs. Jimmie Welch with only members of the immediate family and a few close friends present. After appropriate wedding music and a beautiful poem rendered by Mrs. Eula Belle Sheldon, the beautiful and impressive single ring ceremony was performed by the Rev. W. A. Hogan, Pastor of the First Methodist Church of Star.

The bride was attired in a pale blue dress with navy accessories. The couple's attendants were Mr. and Mrs. Herschel Adams of Hood Village, cousins of the groom. The matron of honor

wore a water green suit.

Following a brief reception, the couple went to Belton to visit relatives on their honeymoon. They will make their home in Star for the present.

Those who were present for the wedding were the groom's grandmother, Mrs. Blodgett of Lometa; his mother, Mrs. Sally Decker and LaDell of Star; Mr. and Mrs. Hamp Lykins and Juanita, Delbert Decker and J. B. Wallace of Lampasas; the Rev. and Mrs. W. A. Hogan, Miss May Belle Cox, Miss Freda Soules, Mrs. Eula Belle Sheldon and Charles Mitchell, and Mr. and Mrs. Will Boykin, all of Star.

Mr. and Mrs. Decker will be honored with a shower in the home of Mr. and Mrs. Will Boykin of Star Friday night (tonight) at 7:30 o'clock. All their friends are invited to attend.

Jane Ann Tours

The College chorus will sing at the Central Methodist Church in Brownwood on Sunday night and then will go on to Menard, Del Rio, Sonora, McCamey, Brady, Junction, Uvalde, Rock Springs, Ozona, Iraan, Big Lake, Barnhart and Mertzon.

Mr. and Mrs. Charles Haenisch moved Saturday into their new home they purchased from Mr. and Mrs. Mohler Simpson on Hutchings Street.

Millard Eats Cake

Mrs. Millard Cockrum celebrated a birthday anniversary last Saturday, when she denied all rumors that the cake for the occasion had been baked by her husband. The cake, she said firmly, had been baked by "Berksey" and by Miss Sarah Jane Cockrum, who hid it under a bed for safe-keeping during the night before the birthday. "All Millard had to do with that cake was to eat half of it," Mrs. Cockrum said. Mrs. Cockrum said that to get a number for her birthday it would be necessary to know the age of Mrs. E. D. Hamilton—and that isn't possible.

Goldthwaite Baptists Aid Mission Work In Colombia, South America

The Fellowship Class of the First Baptist Church Sunday School this month started paying for the schooling of a native preacher of Colombia, South America. The class has received some information concerning the preacher they are supporting along with his picture, the Rev. J. T. Ayers, Pastor, stated.

The Rev. Julius Hickerson, son of Dr. J. R. Hickerson of Brownwood, is working with these young native preachers in Colombia, preparing them for future study in a Seminary. Julius Hickerson visited Goldthwaite several months ago and made a very inspiring talk to the congregation of the First Baptist Church.

In a letter to Brother Ayers, Rev. Hickerson wrote, "We are enjoying our work tremendously. I had the thrill of leading a young man to Christ personally,

and the first time I had the privilege of preaching as the pastor of our Central Church here, a young lady accepted Christ. We are grateful that God can use our poor Spanish. Last night we saw five conversions in one of our missions even though some enemies of the work were pounding rocks on the roof during the invitation."

Brother Hickerson makes his headquarters at Cartagena, Colombia. The Colombian preacher who is being assisted by the Fellowship Class of the First Baptist Church in Goldthwaite is stationed at Cali, also in Colombia.

At Cali, Brother Hickerson wrote, seven young Colombians are studying for the Christian Ministry under the auspices of the Foreign Mission Board of the Southern Baptist Convention.

In addition to the blue ribbons that were awarded to the

grand champions, the hog judging last Monday resulted in first, second and third places for breeding gilts under six months of age to Richard Jeske of Priddy, Bobby Woods of Mullin and Stella Oustad of Star. First and second places for breeding gilts over six months of age went to Wayne Poe, and third place in the same class went to Bill Parker of Goldthwaite.

For a breeding boar under six months of age, first and second places were awarded to Wayne Poe, while Charles Roark of Priddy took third place. In competition for a breeding boar over six months old, Bill Beard and Wayne Poe took first and second places, respectively.

First and second places for fat barrows over 180 pounds were awarded to Harley Ethridge and third place in the same competition was won by Johnny Carr of Goldthwaite.

First and second places for fat barrows weighing under 180 pounds were won by Roy Davis of Mullin.

January 29 is the birthday of one of the revered Presidents of this country, William McKinley. Pres. McKinley knew and practiced the habit of thrift. He realized that it was thrift which helped build this country. He advocated an early start in savings in the following words: "The little savings bank in the home means more for the future of the children of a family, almost than all of the advice of the world. It gives them the right start." Your right start is to sign up today for the Payroll Savings Plan for the purchase of U. S. Savings Bonds.

News Of The Brown-Mills Soil Conservation District

How many grasses do you know? In order that farmers and ranchers could test their skill in identifying grasses, the Goldthwaite Work Unit devised a display for the Brown-Mills Soil Conservation District that would challenge their knowledge of grasses. The display was set up at the Livestock Shows in Priddy, Mullin, Goldthwaite and Brownwood. The school children enjoyed the display because they could learn the names of the various grasses.

Eight common grasses were on display with their names on a separate board. In identifying the various grasses, the farmer or rancher attempted to match the sample of grass with the proper name. By pressing a button next to the name of the various grasses, the farmer could check to see if he identified the grass names properly, or he could press a button and then find the grass sample over the light that came on. In this manner, they learned the name of several grasses.

The eight samples of grass on the display for identification

were little bluestem, King Ranch bluestem, Canada wild-rye, Indian grass, buffalo grass, three awn (needle grass) side-cats grama, and curly mesquite. The greatest skill came in telling the difference between buffalo grass and curly mesquite.

Some of the participants who made a perfect score in identifying all the grasses at the Priddy show were: Ewell Priddy, J. H. Priddy, Emil Schuster, and O. B. Edmondson from Cross Plains who judged the Priddy livestock show. At the Mullin show last Saturday the F.F.A. grass judging team consisting of Avril Swinney, Fred Daniel, Alvin Bramlet and Harral Holden identified all the grasses. During the Goldthwaite Livestock Show, Johnny Fallon, L. B. Burnham, Carey Owens, Pete Smith, Norman Duren and James Aldridge pressed all the buttons correctly, which indicated that they knew all the grasses on the display. The display will be set up at the Brown County Show, Saturday, January 20.

committee is composed of Mickey Stephens, Fred Herring and Jimmie Lee.

As usual, Dr. T. C. Graves presided at the meeting. The program was built around the theme of a Boy Scout Troop meeting. Scouters were all given neckerchiefs and divided into patrols. Many Scouters had a part on the program. Each one was given about ten minutes to develop a theme that was given him in advance. Scouters on the program were Lee Tesson, Richard Springs; Ben R. Day, Goldthwaite; J. B. Boler, Richland Springs; Jess Bellamy, Lampasas; Ray Barnett, Mullin; and Ed Palmer, Lampasas.

Dew Library Receives, Circulates Many Books In Service To County

An accounting of the stewardship of the Jennie Trent Dew Library since it was opened to serve Mills County several months ago was made this week by Mrs. George Reese, Librarian. Mrs. Reese said that 139 books have been received, most of them from donors, and that during the first two months of the Library's operation, 207 adult books had been read by patrons and that 547 works for juvenile readers had been circulated for a total of 754.

Books have been withdrawn from the Jennie Trent Dew Library by the Mullin School, Mrs. Reese said, and the Mullin School readers expressed appreciation of the services through which the Library seeks to serve the entire County.

The Library received a Christmas present from the first grade pupils of the Goldthwaite Grammar School, who are taught by Mrs. H. E. Patton. The pupils in Mrs. Patton's classes filled a "piggy bank" with money for the purchase of library books to be donated in memory of the late Lieut. E. R. Patton, son of Mr. and Mrs. H. E. Patton. Lieut. Patton was a casualty of World War II. Books for children were bought with the money that was provided by Mrs. Patton's pupils.

Since the Library opened, books also have been donated by the following:

Mr. and Mrs. George Clements and Betty and Bobby of Denton, Mr. and Mrs. J. Garner of Sanderson, Mr. and Mrs. Walter Emison of Brownwood, Dr. and Mrs. Kenneth Longley of Dallas, Mrs. Lucille B. Wilson of Austin, Mr. and Mrs. E. B. Gilliam, Jr., Alfred Darroch of Goldthwaite, Mr. and Mrs. J. A. Gillespie of Borger, Mrs. John G. Berry of Goldthwaite, Mr. and Mrs. Rex Clements and Phil of Belton, and Mr. and Mrs. Homer Doggett and Jane of Pampa.

Mrs. Reese said that books also had been donated to the Library by Mrs. Eula Nickols of Goldthwaite, Mrs. John A. Hester of Goldthwaite, Mr. and Mrs. Hollis P. Ford of Goldthwaite,

Mrs. Hope D. Schulze of Goldthwaite, Mr. and Mrs. Gordon Hornsby of Roanoke, Alabama; Mrs. W. E. Fairman of Marlin, and Miss Eunice Lockridge of Goldthwaite.

Among the newly received books that were listed by Mrs. Reese were: "In Our Image," by Harte and Rowe; "The Volume Library" — a single volume encyclopedia; "Christian Symbolism in the Evangelical Churches," by Stafford; "Bald Gallilean," by Blythe; "Bells on Their Toes," by Gilbreath; and an assortment of novels and other books on a variety of subjects.

Christian Science Services

"Life" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, January 21.

The Golden Text is: "This is the record, that God hath given to us eternal life, and his life is in his Son" (I John 5:11).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "For I have not spoken of myself; but the Father which sent me, he gave me a commandment, what I should say, and what I should speak. And I know that his commandment is life everlasting." (John 12:49, 50).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The evidence of man's immortality will become more apparent, as material beliefs are given up and the immortal facts of being are admitted" (page 428).

Value Your Health More Than Riches

Some folks think that find clothes and fine, big houses are the most important things in life, but these things really don't mean too much if a person doesn't feel well enough to enjoy them. Most folks don't realize this, but Mrs. Lucy Braswell of Route 2, Stone Mountain, Ga., realizes it very well. Mrs. Braswell takes HADACOL, and by taking HADACOL she found she is helping her system overcome deficiencies of Vitamins B₁, B₂, Niacin and Iron, which HADACOL contains.

Here is Mrs. Braswell's own statement: "I have been sick for some time with stomach disturbances. I began taking HADACOL and I have been taking it about six weeks. I am so much better and much stronger. I will continue to take HADACOL. It sure has helped me. I tell my friends about HADACOL. I can't praise HADACOL too much. I am 59 years old."

Jack Locklear Makes Stirring "Predictions" About Basketball

A full schedule of basketball games for the boys and girls' teams of the Goldthwaite High School was announced this week by Principal Jack Locklear.

Tonight, Friday, both the senior boys and girls teams will travel to Burnet for a conference game.

On Monday night of next week, the boys and girls teams will play Gustine at Gustine, and on Wednesday night of next week the Goldthwaite teams will play Llano at Llano.

Then, on Thursday night of next week, they will play against Comanche at Comanche and on Friday night of next week, they will play Marble Falls here in Goldthwaite in a conference game.

At that point in making his announcement, Mr. Locklear ran out of breath, but not until he had predicted that Goldthwaite boys and girls would defeat both Marble Falls and Comanche. In fact, he thinks they also will win over Llano, Gustine and Burnet, but he was a bit more conservative about the latter predictions.

On Friday of last week, playing in Goldthwaite, Lampasas won conference games from both the G.H.S. boys and girls teams but, Mr. Locklear shouted from the house, the girls played their best game of the season and lost by a very

narrow margin.

Last Monday night, Gustine defeated both the senior boys and girls in Goldthwaite and last Tuesday night, the senior and junior boys teams were defeated here in Goldthwaite by Comanche.

Pre-School P.-T. A. Meets On Wednesday

The Goldthwaite Pre-School Parent-Teacher Association will meet at 3:00 o'clock next Wednesday afternoon at the Grammar School Auditorium, it was announced this week by Mrs. Louis Glass. Mrs. Glass said that a most interesting program has been assured since Mrs. H. E. Patton will speak on "Your Child From One to Six." All parents of children of pre-school age were urged to attend the meeting and to hear Mrs. Patton, who teaches first grade at the Goldthwaite Grammar School.

Mr. and Mrs. Howard E. Gill of Goldthwaite attended funeral services in Brownwood last Tuesday for Mrs. Gill's uncle, Ed Mollison, who died in the Veterans Hospital at McKinney last Monday after a long illness.

Johnny Wigley Is Grand Champ At Mills County Livestock Show

(Continued From First Page.)

Frank Jordan, a renowned Hereford breeder of Art, Texas, who had a most difficult task, in the opinion of experts who had recognized from the start the high quality of the entries.

In the heavyweight calf class, Johnny Wigley and John Howard Owens took first and second places respectively, with what later turned out to be the Grand Champion and the Reserve Champion, Bobby Zane Egger, with a Hereford weighing 1000 pounds, took third place in the heavyweight class.

Starting with fourth place and running consecutively, the places in the heavyweight class, along with the weights, were as follows:

Kenneth Wesson, 1080; Wayne Horton, 930; Dana Saylor, 940; Merion Reynolds, 925; Shirley Saylor, 980; Larry Walton, 910; Bill Parker, 1020; Bobby Zane Egger, 940; John Carothers, 910; Merion Reynolds, 920; Wayne Horton, 945; Leo Reynolds, 905; John Weaver, 945; Modenia Reynolds, 1140.

In the medium weight class, Dana Saylor of Goldthwaite took first place with a Hereford weighing 870 pounds. Second place in this class went to W. V. Horton, Jr., of Star, with a Hereford weighing 900 pounds; and third place in the medium weight class was won by Bobby Zane Egger, also of Star, with a Hereford weighing 880 pounds.

Other places in the medium weight class, starting with fourth place and running consecutively, with the weights of the calves, were:

Johnny Wigley, 870; Edward Carter, 900; Owens Brothers, 850; J. W. Woodard, 805; Joe Reeves, 860; Merion Reynolds, 840; Harold Carter, 830; Kenneth Wesson, 850; Jimmy Wigley, 855; Billy Mac Newton, 855; Pilly Mac Newton, 810; John Carothers, 815; Robert Dudley Jordan, 850; Owens Brothers, 880; Roy L. O'Brien, 840; and Robert Smith, 815.

In the lightweight division, calves, Merline Woodard placed first with a Hereford weighing 765 pounds. In this division, W. V. Horton, Jr., was second with a Hereford that also weighed 765 pounds, and John Howard Owens was third with an Aberdeen-Angus that weighed 740 pounds.

Other places in the lightweight division, calves, starting with places four and running consecutively, including weights, were as follows:

Wayne Poe, 650; Dana Saylor, 710; Johnny Wigley, 725; Jimmy Wigley, 745; Bobby Zane Egger, 795; Leo Reynolds, 735; Merion Reynolds, 770; and Harold Carter, 765.

Cold figures do not begin to tell the story. Judge Jordan had a difficult time for, as has become usual in Mills County, calves that were in fourth and fifth places and sometimes even lower down the line were animals of championship calibre.

In the auction that followed the calf judging and that was conducted by "Colonel" Delton Barnett, the only calf that was sold was owned by Robert Smith of Mullin. A Hereford, weighing 815 pounds, it was sold to the Mills County Commission Company at 39 1/2 cents per pound.

Estimates of attendance at the Show varied all the way from 1,200 to 3,500 but the consensus of competent opinion placed the peak attendance last Tuesday afternoon at 2,000—a figure that was regarded as being on the conservative side. A number of persons went to the Show on Tuesday afternoon but the press of the throngs was so great that they left because of the difficulty of seeing what was going on in the ring.

Attendance on Monday, when there was hog, sheep and poultry judging, also was excellent, but the number of those present on Tuesday was more than twice the Monday turnout.

During the club calves judging and auctioning on Tuesday afternoon, the Square in Goldthwaite was deserted. Business houses closed. So did the Court House and the Trent State Bank.

"It was about the best Show we have had," President Robert L. Steen of the Mills County Livestock Raisers Association said. "It would not have been possible, however, without the full cooperation that was given to us by the businessmen of Mills County, the 4-H Club boys and girls, breeders, judges, members of our committees, the teachers of vocational agriculture, the County Agent and the public generally. We extend our sincere thanks to all of those who helped so greatly to make the Show the success it was."

Mr. Steen was joined in his expression of gratitude by Secretary-Treasurer Glynn Collier of the Mills County Livestock Raisers Association and by Carl Casbeer, who was the Secretary of the Show.

Mr. Collier said that during the two days of the Show about 350 memberships in the Mills County Livestock Raisers Association were renewed, and there were some new members.

The concessions, which operated under the direction of R. C. McCollum, were well patronized. The public address system, which was provided by courtesy of the Burrus Feed Mills of Fort Worth, operated efficiently.

Many distinguished guests attended the Show. They included Murray Cox of radio station WFAA, George Doland, a reporter for the Fort Worth Star-Telegram, "covered" the Show on Tuesday afternoon.

Other distinguished visitors were Tommy Brooks of Camp San Saba, who flew in from Fort Worth to attend the Show; Walter and Bob Fry of Brownwood, C. O. Norton of the Green Oaks Jersey Farms at Weatherford, Charles Neblett of Stephenville, and the Dudley Brothers Comanche.

Tommy Brooks flew in with Milton Miller of the Aberdeen-Angus Association of Texas in Mr. Miller's plane.

County agents and teachers of vocational agriculture came from many places outside Mills County. County Agent Charlie Stone, for example, came from so far away as Fredericksburg.

Star-Telegram Reports On Show In Brief Story

Last Wednesday morning the Fort Worth Star-Telegram published a short report on the annual Spring Show of the Mills County Livestock Raisers Association under the by-line of George Dolan, Star-Telegram Staff writer. The headline on the story said: "11-Year Old Takes Top At Goldthwaite." The story by Mr. Dolan was as follows:

"Chubby Johnny Wigley, 11-year-old Goldthwaite 4-H boy, won over the spectators and his Hereford calf won over the judges here Tuesday.

"So Johnny pocketed the grand champion ribbon in the boys' calf division of the 13th annual show of the Mills County Livestock Raisers Association.

"The little 4-H Clubber said he plans to show his calf either at the Houston or San Antonio stock show. The calf, a 1,080-pounder, is named Scotty.

"Reserve champion was an Aberdeen-Angus steer shown by John Howard Owens, a Star 4-H boy. Fifty calves were entered.

"Brothers J. R. and W. V. Horton hogged all the ribbons in the Hereford breeding cattle division. J. R. showed the champion bull and W. V. had the reserve champion bull and both grand and reserve champion females. Each of them live in Goldthwaite."

Mr. and Mrs. Mohler Simpson sold their home on Hutchings Street to Mr. and Mrs. Charles Haenisch of Goldthwaite and moved to the ranch a few miles off the San Saba Highway which they recently purchased from Mr. and Mrs. Dyas of Fort Worth.

School Nurses Report Excellent Health Situation Among Students

A favorable report on health conditions in the public schools of Mills County for the first half of the academic year was issued this week by Mrs. John L. Gwin, County School Nurse, and Miss Maxine Geeslin, Nurse at the Goldthwaite Schools.

"Very few cases of communicable disease have been reported," Mrs. Gwin said. "However, all of us need to keep in mind that the first three months of a new year always subject all of us to many changes.

"May all parents remember that following almost any cases of communicable diseases, and even colds, a greater percentage of pneumonia cases is reported, especially in children. Accord-

ingly, any child who shows signs of being ill or who has fever ought to remain at home until completely recovered. Further, before returning to school, such a child should be examined by a physician as a precaution against transmitting a communicable disease."

Mrs. Gwin said that every year many cases of illness could be prevented by proper methods of control and the use of safeguards against spreading infection. Many hours lost from school work also could be saved, she added.

"May all of us strive to make the last half of our school term as healthful as the first half has been this year," Mrs. Gwin said.

Lone Star delivers comfort, cleanliness and convenience to 17,871 new stores

If you go shopping today, the comfort of the store you trade at will likely be provided by Lone Star Natural Gas Service. The store will be cleaner and the merchandise will be fresher because natural gas is so clean.

It is impossible to imagine a modern and successful store without natural gas service. In the last five years 17,871 new stores have been opened in cities we serve. That's one of the reasons for our building program in which we have invested over 80 million dollars. Though virtually all materials and labor for building natural gas pipe lines, compressor stations and other facilities have gone up in price, our commercial rate has not been increased. The truth is, Lone Star commercial rate for stores is lower today than 10 years ago.

Lone Star is keeping abreast of the growth of every community it serves. At the same time we are keeping the price of natural gas service down.

ALL THE FORDS made are not built in Detroit. There are plenty of them built right here in Texas—last year over 128 million dollars worth of cars, trucks, parts and products were made at Ford's Dallas Assembly Plant. What's more, 1,722 Texans put them together or followed through with their consignment to dealers in the Dallas, Houston, Oklahoma City and New Orleans Sales Districts.

The folks who work in Ford's Dallas Assembly Plant and District Sales Offices earn over \$7,000,000 every year. They spend it mostly in Texas. Texas benefits from Ford in other ways, too. For example: during 1950 Ford bought over \$1,000,000's worth of material and supplies from Texas merchants and manufacturers and paid over \$7,500,000 for incoming and outgoing transportation. Then, too, there is a total of over \$148,000 paid by Ford in local and State taxes.

Yes, Texas is building a lot of cars and trucks for Ford . . . and in the process Ford is helping to build Texas, too!

By Clementine Wilmet Briley

As we went to town last Friday, we found what we have been looking for for several weeks—men working preparing to pave the Brownwood-Richland Springs road. Also we have been hearing blasts across the river which would indicate that San Saba County is bringing the Richland Springs road down to the low-water bridge at the old Whitted Crossing. To have a paved road that near us seems too good to be true.

Always down here we have been hindered and hampered by impossible roads. My father in his day used to try to get roads through here, but none of us would cooperate with him. He couldn't get us away from Haynes Hill, because on top of it the road did not wear out, and when we got there we could strike a trot. Today the road to the schoolhouse runs exactly as he planned it with the exception of the creek crossing.

A few years ago we got a break when the county granted us a public road down here and began to maintain it. It took the army and the maneuver area to bring us a hard surface road. The farm-to-market road movement has paved the road

Congressman Fisher Tells About Colony Of Proud Texans In Iran

The former Judy Hicks of Goldthwaite, daughter of Mr. and Mrs. Jay Hicks, who now live in Llano, was a guest last week in Washington of Representative O. C. Fisher of the 21st Texas Congressional District.

Now Mrs. Geib, whose husband is the Agriculture Attache at the American Embassy in Teheran, Iran (Persia), she visited Congressman Fisher with Mrs. James R. Pierce of El Paso, whose husband is a Colonel assigned to the American Military Mission at Teheran.

During the visit, Mrs. Geib was photographed with Mrs. Pierce and Congressman Fisher in front of a door which bore the sign: "Embassy of the Republic of Texas: Remember the Alamo." In a letter to the Eagle, Congressman Fisher explained that the sign usually adorns the door of the quarters of Mr. and Mrs. P. L. Hines in Teheran. Mr. Hines is a Texan who represents the Isthmian Steamship Company in Iran. Mrs. Hines is the former Nettie Schneider of San Angelo.

In Teheran, Mr. Hines regards himself as the "Ambassador from Texas." Congressman Fisher said there are about 40 Texans in Teheran and they take great pride in their "Embassy."

from Goldthwaite out some distance, and we hope for more in the future. Eric before the war and the farm-to-market roads I remember we with others made two trips—one to Abilene and one to Austin—to petition the Highway Commission to grant us a highway through here. The war interfered with our accomplishments. Now our dream seems about to come true. Though the road is now being

paved as a farm-to-market project, yet we hope at a future date to see it made into a state highway with a bridge across the river.

 individual problems. Mr. Smith said after the return of the delegation from Waco.

The Waco meeting represented only one of a number of civilian defense activities in which Mills County representatives are engaged through the State Government, the American Red Cross and such organizations as the American Legion.

Mayor Long said that a major purpose of the Waco meeting was to memorialize the Texas legislature to appropriate federal and state funds for civilian defense on such a basis that smaller towns which are financially unable to provide such funds will have their requirements met.

Mayor Long said also that last week he conferred with Patrolman Wilson, representing Captain Ray B. Butler of the Texas Highway Patrol, on civil defense matters. The Goldthwaite office of the Southwestern States Telephone Company was designated by Mayor Long as a communications center for Highway Patrol coordination with Goldthwaite inasmuch as the telephone office is open 24 hours a day.

At Waco, the meeting was conducted by Mayor L. M. Crow of Waco and McLennan Civilian Defense Coordinator James LeBlond. General discussion developed that individual communities are awaiting more specific information on what disaster and protective measures they should and could take.

A. L. Reese Takes Legal Action Against City Over Sewage Plant

(Continued From First Page)
 estimated as future damages— together with costs. The petition stressed the public interest as much as "injury" to Mr. Reese's property, to himself and to his family.

After describing how "this liquid waste and sewage, by due course of natural gravity, flows . . . into Neighbors Creek and thence through Mr. Reese's land, the petition states that:

"This liquid waste . . . discharged into Neighbors Creek . . . is of a noxious, offensive, deleterious nature, and generates fetid and foul fumes and vapors unbearably offensive to the sense of smell and chemically harmful to plant and animal life. This dangerously impure, malodorous and disease bearing sewage is being dumped . . . in such quantities that it has caused and continues to cause a greenish and offensive scum or slime to collect in stagnant pools . . . This deplorable condition is well known to the officers, employees and populace at large of the City of Goldthwaite . . ."

"This wilful and wanton act . . . in dumping sewage into 'Stink Creek' has created and continues to create . . . a malignant and virulent breeding place for literally millions of mosquitoes and flies."

The petition charges also that Goldthwaite, in addition to collecting and accumulating foul, offensive and destructive liquid waste and sewage, collects vast quantities of blood from slaughter houses and discharges such waste through its disposal system into Neighbors Creek, "well knowing that the same will, through gravity, flow onto the plaintiff's property in the form of dangerously polluted and contaminated destructive waste," thereby constituting "the gravest of public nuisances, inflicting special damages and injury on the rights of the public at large."

Violations of the statutes of the State of Texas are charged in the petition, which asks the Court for a permanent injunction perpetually restraining the City of Goldthwaite "and its respective governing body, officers, agents, servants and em-

ployees from further polluting and contaminating the waters of said Neighbors Creek, and from discharging such pollution, contamination, sewage, filth and other destructive waste, including blood, into said stream, either by direct or indirect means."

The petition expresses the opinion that "with relatively small expense as compared with the damage inflicted upon the public health and interest," the City of Goldthwaite "can improve and enlarge its sewage disposal system in such a manner to abate said nuisance; and that defendant has the power to enact and enforce proper sanitary rules and regulations to prevent the discharge of blood into said system and sewars; that said city can prevent its employees from cleaning said disposal system in such a manner that the filth and refuse therefrom is stacked in open piles so as to attract flies and other hazards to the health of its citizens, and to this plaintiff and his family."

If the Court should not find the existence of a public nuisance subject to abatement by injunction then, according to Mr. Reese's plea, he asks for damages. The petition expresses belief that future damages would amount to \$15,000.00 and that past damages total \$10,300.00. The petition asks also that if the Court should not permanently enjoin the City of Goldthwaite "from contaminating said stream," then the plaintiff be granted the cost of his legal action.

In addition to complaining of a public nuisance and damage to the public interest, Mr. Reese charges that pollution of Neighbors Creek as it flows through his property amounts to appropriation of his property in "open violation" of the Constitution of Texas "and also amounts to the taking of the plaintiff's property without due, or, in fact, any process of law, in violation of . . . the Constitution of the United States."

Mr. Reese said in his petition "that he has lost sheep and other stock due to said stock attempting to drink, and drinking from said stream; that he

The petition expresses the opinion that the City of Goldthwaite "can, by proper methods, and with the assistance and advice of the Health Department of the State of Texas, cure and correct its present faulty Sewage Disposal System, so as to abate the nuisance, constituting a public menace, as herein complained of by this plaintiff."

Several weeks ago Mr. Reese wrote an "open letter" to his fellow citizens asking them to inspect the sewage disposal plant and to view the waters of "Stink Creek" for themselves. At the time, he said that he had been trying for five or six years to reach an amicable solution with the City of Goldthwaite without resort to legal action.

March Of Dimes

(Continued From First Page.)
hear about the March of Dimes campaign through the medium of Malcolm Jernigan's microphone.

Mr. Barnett said that the March of Dimes campaign has special significance for all communities in Texas because of the high incidence rate of polio in this State. Last year, he pointed out, all of the money raised in Texas for the National Foundation for Infantile Paralysis was spent in Texas. Yet, it was necessary for the theaters of Texas, including the Melba Theater in Goldthwaite, to make a supplemental campaign in behalf of the Gonzales Warm Springs Foundation, the facilities of which had been strained to the utmost by the number of polio cases that it was called upon to treat.

Weekend guests in the home of Mrs. Fred Barton were her children, Mrs. C. E. Lindamood of San Antonio, Mr. and Mrs. Al Barton of Seguin, and Mr. and Mrs. E. F. Barton and son, Bob E. of Waco.

Eagle's Eye

stand, and giving them exercise. Then the whole family, including Mr. and Mrs. Wigley, and often Johnny's brother-in-law, Norman Duren, pitch in to help. Johnny says that his Mother and Father have been of great help to him and Jimmy in their calf-feeding and they credit Norman Duren with a walloping big assist for his constant interest.

Last August, when Johnny Wigley's "Scotty" weighed around 500 pounds, "Whiskey" Smith, Mr. Burwell and George Reese stopped by to see the Wigley boys and their calves. Johnny was feeding two Herefords and a white Shorthorn, named "Snowball." Jimmy was feeding two Herefords and an Angus. Johnny got himself into quite a discussion with "Whiskey" Smith.

"You have a good calf there, Johnny," Mr. Smith said. "But you had better make him twice as big." At that point Johnny said, "Aw, Mr. Smith, that would make him too big!" Well, Johnny did make his calf twice as big. When Mr. Smith gave his sage advice, "Scotty" weighed around 500 pounds. He has gained weight at about 100 pounds a month. To be precise, "Scotty" gained 610 pounds in six months and he was 1080 pounds in the ring last Tuesday. Johnny now is not quite so sure of himself when he gets to

thinking about "talking back" to "Whiskey" Smith who, I repeat for the sake of the sensibilities of everybody concerned, is a teetotaler and always has been.

Johnny did not always have clear sailing with "Scotty." There was a time when "Scotty" was ill. "We gave him white pills. We gave him sulphur," Johnny said. He told, too, how he practiced preventive medicine by giving mineral oil to "Scotty." But, generally speaking, "Scotty" and the other Wigley calves have thrived, and Johnny and Jimmy have been learning much about them and how to feed them.

"Scotty" was a December, 1949 calf — a Fitzsimmons. Johnny Wigley acquired him in February of 1950. Johnny now is engaged in conferences with such friends as Norman Duren, Robert L. Steen, George Reese, and others, as to whether "Scotty" should be entered next in the Fort Worth or the Houston Shows. The decision may be ready for announcement in next week's Eagle.

I feel certain that all readers of the Eagle join me in saying "hats off" to Johnny Wigley. You can see that he is a lovable youngster just by looking at his photograph on the first page of this week's Eagle. He is alert, courteous and still anxious to learn. He does not pretend to know it all by a heap sight. With his charm and the know-how he is gaining with every

passing day. I can look ahead and see a bright future for Johnny Wigley.

Last Tuesday night, when all was still, dark and quiet at the Barn in Goldthwaite, I went to see Johnny Wigley at his home in Durenville. There, the owner of the Mills County Grand Champion, was headed for his feeding shed when I drove into the Wigley driveway. Momma and Papa Wigley, Norman Duren and Jimmy were around too. "How do you feel?" I asked Johnny. "Well, I'm mighty happy," he replied. Then he looked off into the darkness of the night. "I'm proud that my calf won the Grand Championship," he added softly. Then he went off to business as usual — to care for his calves.
