

Annual Report Of Soil District Shows Great Conservation Gains

Marjorie Whitt Made District 3 FHA President

Marjorie Whitt, 16, daughter of Mr. and Mrs. A. M. Whitt of Rt. 1, Goldthwaite, last Saturday was elected President of District III, Future Homemakers of America.

Marjorie, who is a second year member of the FHA Chapter at

MARJORIE WHITT

(Eagle Photo by Wicker.) The Goldthwaite High School, took the honor quite calmly, but when her father heard the news he was so excited that he plumb forgot to go to the Post Office for the mail and a list of groceries that Mrs. Whitt wanted him to buy slipped his mind completely.

The election which resulted in Marjorie's Presidency was held last Saturday at Gatesville when 59 FHA girls and their sponsors, representing 21 schools met at the Gatesville Elementary School. On March 17, when the Area XI FHA meeting is held, Marjorie will be confirmed as Third Vice President of the Area, which includes 69 schools and 3,215 FHA members.

A Gophomore at Goldthwaite High school, Marjorie has an "A" average, whereas only a "B" average is required for the honor that was conferred upon her. She also was required to hold the Junior Homemaker Degree, which she has. If you look closely, you will see that in the photograph above, Marjorie is wearing her degree pin. A further requirement for election to the District III Presidency was the holding of office in the local FHA Chapter. Marjorie qualified in that respect, too.

After the business meeting at Gatesville last Saturday there was a social time, that included square dancing under the direction of Mylene Reynolds, daughter of Mr. and Mrs. Fred Reynolds of Goldthwaite.

Mylene is District Vice President and Program Chairman.

Goldthwaite was represented at the District meeting in Gatesville last Saturday by Miss Elna Fouse, Sponsor of the FHA Chapter at the Goldthwaite High School, the Misses Whitt and Reynolds, and Sandra Bain, Mylene Kemp and Eunice Lockridge.

GOODY, GOODY

Jesse Moreland and Everett Holland this week announced candidacies for election to the Goldthwaite City Council. The election will be held on April 3 in the District Court Room at the Mills County Court House. Mr. Moreland will run to succeed himself in the post he now holds, while Mr. Holland will be a candidate for the Council seat now held by Hollis Blackwell.

Increasing interest by farmers and ranchers in complete soil and water programs and gratifying progress in all areas of activity during 1950 were recorded this week in the annual report of the Brown-Mills Soil Conservation District.

The report, as issued by District Chairman Willis A. Hill of Goldthwaite, shows that of 3,390 farms and ranches in the Brown-Mills District, 1,064 are engaged in the application of conservation plans. In addition, there are 83 active applications on hand and other group and individual applications are being received and developed as fast as technical personnel can service them.

In addition to Chairman Hill, the members of the Board of Supervisors of the Brown-Mills Soil Conservation District are J. H. Priddy of Priddy, Vice Chairman; W. M. Hancock of Zephyr, Secretary; Anson Oden of Brooksmith, Treasurer; and G. G. Goss of Rt. 1, Rising Star. The District was established formally on March 20, 1941, when a certificate of organization was issued by the Secretary of State in Austin.

In Goldthwaite, the Work Unit of the United States Soil Conservation Service is headed by Ben R. Day. The technicians and other members of Mr. Day's staff are Charles Haensch, Roger Powell, Carl Casbeer, Paul Keschi and Mrs. Millard Cockrum.

Because of the importance of soil and water conservation programs to the basic economy of Mills County, the Eagle this week publishes the 1950 report of the Brown-Mills Soil Conservation District No. 523 in full. Beginning with an accounting of the operation of the District by the Board of Supervisors, the report follows:

Board of Supervisors holds regular meetings on the second Tuesday of each month for the purpose of receiving applications, approval of new conservation plans, taking care of financial affairs, advising with agencies assisting the District. Called meetings are held as needed. Each member of the Board, so far as possible attends soil conservation meetings in his zone, knows the duties and responsibilities of the various Federal, State, and local agencies and has a clear understanding of the commitments and agreements made by various agencies who assist the District. The Board attempts to keep the program and plan of the District revised to the point where it will reflect needs, be up to date as a result of experiences and in keeping with the wishes of land-owners. Changes in plan of work are shown in record of minutes of supervisors' meetings. Each supervisor attends regular and called Board meetings and additional meetings, field tours, etc., over the district so as to be acquainted with district work and progress. All citizens in town and country and all agencies and organizations are encouraged to participate and help in the district program.

Meetings of district supervisors during 1950: 12 regular meetings held with 98 percent attendance; two special meetings held with 100 per cent attendance.

Other supervisor meetings: two field trips to observe soil conservation work and progress; (Continued on Page 5.)

E. D. Ferguson went to Carlsbad, N. M., last week, where he is helping his brother build a house.

DREAMER CHECKS UP ON DOER

HARRY ALLEN, LEFT, INSPECTS WORK OF E. B. ADAMS

(Eagle Photo by Wicker.) At any time at your convenience you can go down to the E. B. Adams monument works on highway 16, south of Goldthwaite, and see the nearly completed replica of the Stone of Scone which has been offered by the Monument Builders of the Southwest, Inc., to replace the original ancient symbol that was stolen from under the Coronation Chair in Westminster Abbey, London, last December 26. Mr. Adams is Secretary-Treasurer of the Monument Builders of the Southwest, Inc.

Since the Eagle last reported on the goings-on about the Stone of Scone and the Mills County Duplicate thereof, Mr. Adams has heard from the British Ambassador in Washington, and he has been engaged in some polite but firm tiffing across the Atlantic ocean with Dr. Allen Campbell Don, Dean of Westminster Abbey. The tiffing has to do chiefly with the Texas tradition, ingrained so deeply in Mr. Adams, that it is discourteous to decline a gift—even if the receiver does not want it. Nobody has actually declined to accept Mr. Adams' "Stone of Scone," but the Dean of Westminster Abbey last week demurred against accepting gifts from individuals.

"I'm no individual," Mr. Adams said. "Our gift is to be made by the Monument Builders of the Southwest, Inc."

Then he explained that some of the press reports of his tiff with the Dean of Westminster Abbey had made him appear gruff—which he had not intended to be.

"When I told a news service reporter by telephone that if the worthy Dean of Westminster Abbey did not want our stone for the Coronation Chair he could put it in the River Thames or in the English Channel, I was simply mindful that down here in Texas the people to whom we give gifts accept them—even if afterwards they use them for doorstops," Mr. Adams said.

Following his altercation-through-go-between with the Dean of Westminster Abbey, Mr. Adams received by air mail a letter from Alan Davidson, Private Secretary to Sir Oliver Sheiwell Franks, British Ambassador to the United States. The letter follows:

British Embassy
Washington, D. C.
23rd February, 1951
Dear Mr. Adams:
The Ambassador has asked me to thank you for your letter of 19th February about (Continued on Page 8.)

Host Of Friends Rejoice As Mrs. L. L. Hays Has Her 90th Birthday

By EARLENE NIX
Tuesday, February 27, marked the 90th birthday of Mrs. L. L. Hays, the wife of a retired Baptist preacher and farmer, who live in the Trigger Mountain community about eight miles north of Goldthwaite.

Have you ever wondered how, if you lived to be 90, you would spend the day? Mrs. Hays enjoyed hers to the fullest. Three of her sons and their wives were with her to help celebrate the occasion. They were Mr. and Mrs. John R. Hays of Cameron; Rev. and Mrs. Jim Hays of Brookshire; and Rev. and Mrs. Lawrence Hays of Eden. She spent the day looking over her birthday cards, which poured in by the dozens, admiring the several bouquets and beautiful pot plants she received, and receiving many other gifts of all sorts, which included several birthday cakes.

Mrs. Hays, who at 90, is an alert, bright-eyed little lady who still has quite a bit of black hair, said that if it had been possible for all of her children to have been home, she would have loved to have prepared a big dinner and had all of their (Continued on Back Page.)

C. C. Collier Quits As Chairman; H. E. Patton Resigns School Post

Help Wanted: A New President Is Sought By P-T A

Mrs. O. O. Smith has tendered her resignation as President of the Goldthwaite Parent-Teacher Association and this week Mrs. Malcolm Jernigan, First Vice President, said that the resignation would come before a meeting of the organization's Executive Committee at 2:30 o'clock on Wednesday afternoon, March 14. The Executive Committee then will report to a full meeting of the P-T. A. to be convened at 3:30 o'clock on the afternoon of March 14 at the Grammar School Auditorium.

In tendering her resignation Mrs. Smith asked that it be considered effective immediately. It was addressed to Mrs. Jernigan as First Vice President. Mrs. Jernigan said that the March 14 meeting of the P-T. A. would simply elect a successor to fill the unexpired term that has been vacated by Mrs. Smith. A President for the 1951-1952 term will be elected along with other officers at the Annual Meeting. Nominating committees already are at work.

Mrs. Smith said this week that she had no comment to make in connection with her resignation beyond expressing gratitude to all of those who had cooperated with the organization during her term of office. Mrs. Smith was elected P-T. A. President several months ago to fill an unexpired term.

In addition to acting on Mrs. Smith's resignation on March 14, the P-T. A. will have a Girl Scouts program, with Mrs. Grady Carothers as the Leader. Also, Miss Elna Fouse will conduct a discussion on the topic: "Shall the High Schools Educate for Marriage and Home Relationship?"

Conradt Directs Heart Aid Fund In Mills County

A campaign to combat America's greatest killer—heart disease—was inaugurated in Mills County this week in behalf of the American Heart Association with Charles Conradt as the Campaign Director.

Mr. Conradt announced that in Goldthwaite Eugene L. Dyas, President of the Junior Chamber of Commerce, will be his City Chairman. Chairmen for other Mills County communities will be announced by Mr. Conradt later.

Already, Mr. Conradt has placed plastic, heart-shaped collection containers in business houses and public places so that contributions may be made to the effort to help the American Heart Association in its work.

"Research conducted by the Association already has saved thousands of lives and many more victims of heart ailments may have hope as never before if all of us help," Mr. Conradt said.

Eastern Star

Members of the Goldthwaite Chapter of the Order of the Eastern Star attended a School of Instruction in Llano on Tuesday of this week. Seven Grand Officers were present. Three "A" certificates and 15 "B" certificates were awarded to members of the Goldthwaite Chapter.

H. E. Patton, who has been Superintendent of Schools for the Goldthwaite Independent School District for nearly six years, has resigned his post, and C. C. Collier has announced his intention to resign from the School Board, of which he has been the Chairman for the past seven years.

Both resignations will be considered by the School Board of the Goldthwaite Independent School District on the night of Monday, March 12.

The resignation of Mr. Patton, as tendered in writing to Sam Henry Rahl, Secretary of the

A PROPOSAL

Readers are invited to ponder on page 2 of this week's Eagle an editorial proposing that the meeting of the Board of the Goldthwaite Independent School District, scheduled for Monday night, March 12, be attended by the public so as to make possible the fullest understanding by everybody that "we go into the future on the feet of our children."

School Board, would become effective August 31 of this year although his contract, which was renewed nearly a year ago, was intended to run through the academic year of 1951-1952.

Mr. Collier's resignation from the School Board comes a year before the expiration of the latest term to which he was elected in April of last year. If Mr. Collier's resignation is accepted, the vacancy would be filled by an appointment to be made by the School Board, which then would elect a Chairman to succeed him.

Both Mr. Collier and Mr. Patton insisted that there was absolutely no connection between their resignations. Several weeks ago Mr. Collier indicated his intention of resigning to the Eagle and he pointed out that when he agreed to offer his name in the Goldthwaite school elections of nearly a year ago it was on the express understanding that he would serve for only one more year.

In his letter of resignation, which was dated February 22, 1951, Mr. Patton wrote: School Board (Continued on Back Page.)

Action Due Soon On Work Toward Telephone Co-op

Officers and members of the Board of Directors of the Central Texas Telephone Cooperative went to Austin on Monday of this week and returned with the good news that early action is expected on providing modern, dial telephone service throughout a vast rural area of which Goldthwaite is to be the hub.

Members of the delegation to Austin were President Willis H. Hill, Vice President Warren P. Duren, Secretary Ernest E. Wilson, and Mr. and Mrs. Delton Barnett.

In Austin they conferred on matters regarding the Central Texas Telephone Cooperative and they were informed that the organization, which has completed its preliminary planning, is the next on the list for an official survey by representatives of the Telephone Division of the Rural Electrification Administration.

It was expected that further information regarding progress toward making the Central Texas Telephone Cooperative a going concern would be available soon, Mr. Wilson said.

Urgent Meeting Of H. D. Council Due On Saturday

A most important meeting of the Mills County Home Demonstration Council will be held tomorrow afternoon, March 3, at 2:30 o'clock at the Court House, it was announced this week by Mrs. Tom McArthur, Council Chairman.

In announcing the meeting, Mrs. McArthur said that it will be attended by Miss Annie Lucy Lane, District Home Demonstration Agent.

Because of the importance of Saturday afternoon's meeting, Mrs. McArthur said that it should be attended not only by all of the members of the Council but also by all of the members of Home Demonstration Clubs in Mills County.

Jaycees Entertain At Ladies' Night

Members of the Goldthwaite Junior Chamber of Commerce gathered at the Hangar on Friday night of last week with their ladies for dinner and a social evening. President Eugene L. Dyas said that a speech that State Game Warden John Woods was to have made before the gathering had to be cancelled at the last minute because of an injury suffered by Mr. Woods.

Anna Hale Tours

Miss Anna G. Hale, daughter of Mr. and Mrs. J. H. Hale of Mullin, will start next week on a tour with the North Texas State College Concert Band, which will play before audiences in ten Texas cities.

Sgt. and Mrs. Jack L. Simpson of Waco were weekend guests in the homes of their parents, Mr. and Mrs. O. B. Bell and Mrs. Elam Kelly.

Federation Day Luncheon Saturday

MRS. U. L. WILLIE

Tomorrow, Saturday, at one o'clock at the Hangar the Goldthwaite Art and Civic Club will hold its annual Federation Day luncheon with Mrs. U. L. Willie of Matador as the guest speaker and with a program of entertainment under the direction of Mrs. Louis Glass.

All of the ladies of the community have been invited to the luncheon, Miss Elna Fouse, President, said.

Mrs. Willie is the Treasurer of the Texas Federation of Women's Clubs, with which the Art and Civic Club is affiliated.

On the Saturday afternoon program with Mrs. Willie will be Martha Carolyn Graves, Sandra Jordan, Peggy Rowlett, Caryn Glass, Miss Ada Margaret Geeslin and Peggy and Mary Alice Jones of Zephyr.

In announcing the candidacy of Mrs. Willie to be a Regional Vice President of the Texas Federation of Women's Clubs, El Progreso Study Club of Matador wrote the following about her:

"Mrs. Willie is a typical small town woman, friendly, gracious and cordial, with a will to get things done, and an ambition to be of service to her community, district, state and nation," her sponsors state.

Miss Norma Wasserman Marries Henry C. Buttery In Brownwood

In a double ring ceremony Sunday afternoon in the chapel of the Central Methodist Church of Brownwood, Miss Norma Wasserman became the bride of Henry C. Buttery, The Rev. C. C. Sessions, pastor of the church, officiated.

Daughter of Mr. and Mrs. W. H. Wasserman of Mullin, the bride wore a navy blue suit with matching accessories and an off-the-face hat.

Baskets of white snapdragons, gladioli and palms banked the altar, flanked by wrought iron

office of regional vice president because of her serious study of the problems of community, state and country, and her interest in people of other countries. She has made five trips with the Texas Good Neighbor groups to South America. She made the General Federation's World Cooperation Tour of England and 14 European countries last fall, and also attended the GFWC sponsored West Indies Conference held in the spring of 1950 at Kingston, Jamaica.

"Mrs. Willie has long been an enthusiast for federated women's clubs, believing that women are definitely important in today's world and that through their local, state and national organizations they can give the most efficient service. She has spoken on invitation to club women all over the state on citizenship, federation and personal impressions from her foreign trips. She also has invitations frequently from men's service organizations throughout West Texas and the Panhandle.

"She has been Montley County chairman for the National Foundation for Infantile Paralysis for the past 17 years. She holds membership and offices in numerous other clubs, civic, cultural and social in Matador and Lubbock and is a member of the San Antonio Woman's Breakfast Club and the Pan American Council on International Relations of San Antonio. Her name also is on the bronze plaque at the TFWC headquarters building as a founder of the club-house."

A. C. Secrest of Charlotte, uncle of the bridegroom, served as best man. The ushers were J. D. McNeill and Darrell Shelton of Brownwood.

Following the ceremony, an informal reception was held in the fellowship room of the church. The bride's table was

Members Of Self Culture Club To Discuss Politics

The Self Culture Club of Goldthwaite met on Thursday afternoon of last week at the Jennie Trent Dew Library with Mrs. J. H. Saylor and Mrs. Cecil Parker as the hostesses. With Mrs. Harold Yarborough as Program Chairman for the meeting, music was provided by Mrs. Sam P. Sullivan and Mrs. Hope D. Schulze.

The Rev. J. T. Ayers, Pastor of the First Baptist Church in Goldthwaite, spoke on the "Book of Revelation."

The Self Culture Club will meet again on Thursday afternoon of next week with Mrs. C. C. Saylor and Mrs. J. H. Randolph as the hostesses. Mrs. John A. Hester will be the principal speaker of the afternoon, with the program centering around political parties and states rights—a topic on which the Clubs has had several programs this year.

Mullin Lions Club To Fete The Ladies

The Mullin Lions Club will have a Ladies Night at seven o'clock next Monday night at the Mullin school lunchroom, it was announced this week by Don Clark, President of the organization.

Mr. Clark said that a social evening has been planned, with music to be furnished by the Shelton Brothers of Goldthwaite.

Kemps Entertain

On Sunday, February 18, Mrs. J. S. Kemp of Mullin, her grandson, Wilba Kemp, and great-grandson, Billy Kemp of Fort Worth, were honored with a birthday dinner in the home of Mrs. Kemp. Those present for the occasion were Mr. and Mrs. W. O. Kemp and children and Mr. and Mrs. W. S. Kemp, all of Brownwood; Mr. and Mrs. Wilba Kemp, Billy and Kay of Fort Worth; Miss Katherine Kemp, Hot Springs, New Mexico; Mr. and Mrs. Z. D. Kemp, Santa Anna; Mr. and Mrs. S. R. Kemp and Mrs. J. K. Appiewhite of Tahoka; E. A. Kemp and Miss Mary Kemp of Mullin.

BIRTHS

Mr. and Mrs. Ernest M. Taylor of Goldthwaite are the proud parents of a daughter born Tuesday morning, February 27, at 3:00 o'clock in the San Saba Memorial Hospital. She has been named Patricia Elaine.

laid with a pink damask cloth and centered with an arrangement of Picardy gladioli and white snapdragons with pink and white tapers in crystal holders on each side.

Mrs. Darrell Shelton, aunt of the bride, served the tiered wedding cake topped by a miniature bride and groom. Mrs. A. C. Secrest, aunt of the bridegroom, presided at the coffee service. Assisting were Mesdames J. D. McNeill and W. L. Clark.

After a short wedding trip, the couple will be at home in Llano where the bride is a teacher in the Llano Public Schools, and the bridegroom is manager of Buttery Hardware Company.

The bride is a graduate of Mullin High School and Southwest Texas Teachers' College in San Marcos. While in college, she was a member of Phi Epsilon Mu and the A. E. C. Club.

Mr. Buttery attended Texas A. & M. College and later received his degree from Georgia Technological College where he was affiliated with Chi Phi social fraternity and Pi Tau Sigma, honorary engineering fraternity. During World War II, he was commissioned a lieutenant in the Marine Corps Reserves.

You've asked these questions —you'll want to remember these answers!

1 Do pharmacists practice their profession in retail drug stores only?

No, you will find them wherever drugs and medicines are required. Registered pharmacists are included on the staffs of many hospitals. The Army, the Navy, the U. S. Public Health Service, and other governmental departments all have pharmacists performing professional and administrative duties. They also are on the teaching staffs of colleges of pharmacy. Pharmaceutical manufacturers employ them not only to prepare drugs and medicines on a large scale, but also in the laboratories where these products are tested and standardized. Today, there are close to 100,000 registered pharmacists employed in various capacities, and of these over 3 percent are women.

2 What requirements must your pharmacist fulfill before starting his professional career?

- (1) He must be a graduate of an accredited college course in pharmacy, leading to the degree of Bachelor of Science, and before entering college he must have completed a full four-year high school course.
- (2) He must have had at least one year of practical experience under the supervision of a registered pharmacist.
- (3) He must pass a rigid examination given by his State Board of Pharmacy.
- (4) He must be at least 21 years of age, of good moral character, and meet certain citizenship qualifications.

3 Is there a systematic basis for determining the price of a prescription—or is the cost computed haphazardly?

Yes, there is a systematic basis for prescription pricing. The principal factors involved are the cost of the drugs specified by your doctor, a compounding charge, and the amount of time required to dispense the prescription. Naturally, prescription costs are higher when expensive drugs are required, or when time-consuming procedures are necessary.

4 Why is it dangerous to attempt to read or phone a prescription to your pharmacist?

A prescription is a precise document, expressed in technical terms and symbols that can easily be misinterpreted by the public. So, if you attempt to read a prescription to your pharmacist you may fail to interpret it correctly. However, when you give your doctor a written prescription to your pharmacist, you can be sure that you have handed him the information he needs to fill the prescription exactly as the doctor intended.

5 Why is your pharmacist permitted to keep narcotics in his store?

Your pharmacist keeps narcotics in his store because he is authorized to act as the legal custodian of these drugs. The supply which he maintains is carefully safeguarded and no narcotic drug is dispensed except upon proper medical authorization. Pharmacists strictly observe the regulations set up to prevent misuse of these drugs—a practice that is in keeping with the high ethical standards of the profession.

6 If you handed your pharmacist an unlabeled bottle, a prescription container with the number defaced, or an envelope with a few loose tablets, would he refuse your request for "more of this medicine"?

Your pharmacist will always refuse to sell any drug that he cannot positively identify. When you request a medicine and give merely a vague description—or present an unlabeled container—you are asking your pharmacist to introduce an element of chance into his professional work. By declining to take such chances he is acting in the interest of your safety and your health.—Reprinted from a Copyrighted Advertisement published by Parke, Davis & Company, Detroit 32, Michigan.

Please Buy Medolake Margarine And Give Flaps To Garden Club

Wherever you live—whether in Mills County or in the many other places in which the Eagle circulates—please save the end flaps from Mrs. Tucker's Medolake Margarine. The end flaps that are wanted bear the picture of Mrs. Tucker. Here is why you are asked to save them and deliver them to the Goldthwaite Garden Club:

The Goldthwaite Garden Club has a Library Committee. Its

waite Garden Club for 1951. Both the Library and the Garden Club have many friends, both in Mills County and away from Mills County. Mrs. Jim Weatherby, who is Chairman of the Jennie Trent Dew Library Committee, as well as a past President of the Garden Club, urges wholesale cooperation, and in a hurry, so that the project may be highly successful. Mrs. Weatherby also is Chairman of

aim in life is to help to support the Jennie Trent Dew Library in Goldthwaite, including landscaping of the grounds.

Now: End flaps from Mrs. Tucker's Medolake Margarine are good ONLY for organizations. With them, the Library Committee of the Goldthwaite Garden Club can raise some funds and thereby help everybody, since the Jennie Trent Dew Library is at the service of everybody.

Landscaping of the grounds of the Jennie Trent Dew Library is a civic project of the Goldth-

waite Garden Club's Library committee.

Mrs. Weatherby said this week that the end flaps from Medolake Margarine and which bear Mrs. Tucker's picture may be delivered to her or to any member of the Garden Club. If you live out of town, please mail them to Mrs. Weatherby in Goldthwaite. In Goldthwaite, your grocer will be glad to remove the flap for you when you buy your Medolake Margarine and he will see to it that the flaps are delivered to the Library Committee of the Goldthwaite Garden Clubs.

Mrs. Bob Davis Is Honor Student

Mrs. Bob Davis, the former Kathleen Clements of Goldthwaite, was listed on the fall semester honor roll at Texas Technological College at Lubbock. It was announced this week. Mrs. Davis was an arts and science student at Texas Tech.

Miss Norma Sue Ross of Southwest Texas Teachers' College at San Marcos spent the weekend in the home of her parents, Mr. and Mrs. Allen Ross.

Mr. and Mrs. George Sheffield and Marshall Lee of Winders spent Monday night and Tuesday with Mrs. Sheffield's sister Mrs. J. M. Spinks of Goldthwaite. Mr. Lee also visited the dentist office.

Mr. Sam Henry Rahl Works Dumble Hamilton But Without Commission

From now on, reports of rain-fall in Mills County and accurate measurements thereof ought to be much more numerous due to the fact that Sam Henry Rahl of the Goldthwaite Wool Company (free plug) is making a generous distribution of new rain gauges.

Mr. Rahl had been hiding his light under a bushel but word of his advertising in the form of rain gauges came this week from Miss Pearl Crawford of Chappell Hill, who reported that E. D. Hamilton of the Trent State Bank had presented a rain gauge to George Crawford.

"Are you giving away rain gauges?" Mr. Hamilton was asked.

"Yes," he replied. "Where do you get them?" was the next question.

"From Sam Henry Rahl of Goldthwaite Wool and I do NOT get any commission for giving them away," Mr. Hamilton explained and complained.

What the rain gauges mean on Chappell Hill was reported by Miss Crawford in the following paragraph:

"We were happy to receive this rain gauge. It will help us to keep up with the amount of rain that falls. Also, it will be an ornament for the farm."

Rain is not all delight, Miss Crawford went on to report. Consider, she said, the cases of L. C. Knowles, Jr., and Vernon Knowles, both of Fort Worth, who visited the Roger Smith home on Chappell Hill during the mud of last week. They had,

Miss Crawford said, a great deal to say about "mountain mud." Several times, they had to help Mr. Smith to get his car pushed out of gumbo. On one occasion, Mr. Smith's car was stuck so firmly that by the time it was extricated all hands had to return home, wash up and change their clothes before they could make a trip into Goldthwaite.

"Another time," Miss Crawford reported, "they tried the Fritz Tieman and the N. C. Karnes road. They said they had to open no less than eleven gates and do a lot of pushing before they finally got home. Yes, yes, we think Fort Worth now must look good to the Knowles Brothers."

Mr. Rahl, rain on Chappell Hill appears to be a mixed blessing. If ever you do break down and pay Dumble Hamilton a commission for distributing your rain gauges, the residents of Chappell Hill probably will put the bite on "Uncle Dumble" for a cut.

Otto Kendall Gains

Otto Kendall, who has been undergoing treatment in a Veterans Administration hospital in Memphis since January 10 after 13 months in hospital at Temple, is making favorable progress. Mrs. Kendall reported this week. Mrs. Kendall plans to go to Memphis on March 10 to be with her husband.

A preacher said: "God does not call you to be better than your neighbor, but better than yourself."

Stevens Surprised

A surprise birthday dinner for Tom Stevens of Chappell Hill was tendered last Sunday by Mrs. Stevens, Mildred and Edwin. Mr. and Mrs. O. A. Evans attended the dinner as guests. When Miss Pearl Crawford, the Eagle's Chappell Hill Correspondent was asked for the number of the birthday that Mr. Stevens celebrated, she said that "it didn't matter."

Mr. and Mrs. Hal Linn of San Antonio visited her parents, Mr. and Mrs. D. V. Westerman, Sunday and helped them to celebrate their 28th wedding anniversary.

San Saba Peak

MRS. DUTCH SMITH

We were sorry to hear of Grandmother Evans' passing away Thursday morning. She had been bedfast for almost ten years, and she bore her affliction like a soldier. She never complained about anything, and she was always cheerful and smiling. We sympathize with her children and loved ones. May God bless you and comfort you in your sorrow.

Mr. and Mrs. Bill Hightower visited Saturday and Sunday in Round Rock with their son, Jack Hightower and wife.

Mr. and Mrs. Fred Thomas of Brownwood spent the weekend with her parents, Mr. and Mrs. Fate Eckert.

Mr. and Mrs. Jess Eall and Mrs. Dutch Smith were visitors in the Velmor Gage home Thursday night.

The San Saba Peak 42 Club met in the T. A. Casbeer home. C. S. Smith, Jr., came in from college and spent the weekend at home.

Mr. and Mrs. Jess Ball and little Jimmie visited in the Loyd King home Thursday.

Mr. and Mrs. Bill Eckert spent Sunday with his brother, Mr. and Mrs. Fate Eckert.

Mr. and Mrs. Ercher McCasland and Mrs. J. M. Wrinkle, Jr., and son visited awhile with Mr. and Mrs. Dutch Smith Monday evening. Mr. and Mrs. McCasland were going to see their son, Larry, who is graduating as a paratrooper in the U. S. Army.

We were very sorry to hear of Roy Letbetter's and Mohler Simpson's car wreck.

We are sorry to hear that Grandmother Hightower, who is in San Angelo with her daughter, isn't getting along so well. Mr. and Mrs. Bill Hightower visited her one day last week.

Mrs. Loyd King and Mrs. P. R. Jordan attended the Garden Club meeting in town last Wednesday.

Grandmother Laughlin isn't doing so well. I was just thinking that it would be nice to give her a card shower. It takes such a little to make the older people happy, and we all neglect doing what we can for them. That is one reason why I praise the Downtown Bible Class. They don't wait until someone dies to send flowers. I do believe in sending flowers after they die, too, but it is so much better to give them while they are living. If anyone would like to send Grandmother Laughlin a card, her address is: Mrs. T. J. Laughlin, Star Route B., Lometa, Texas.

Loy Long Grocery's RECIPE OF THE WEEK

By Mary Lee Taylor

Deviled Egg Salad

- 4 hard-cooked eggs
- 3 tablespoons sweet pickle relish, drained
- 1/2 teaspoon salt
- 1/4 teaspoon dry mustard
- few grains pepper
- 3 tablespoons Fat Milk
- 8 small pieces pimiento
- 4 teaspoons sweet pickle relish, drained
- 4 teaspoons salad oil
- 2 teaspoons vinegar
- 1/2 teaspoon salt
- 2 cups finely shredded cabbage

Shell eggs; cut in half lengthwise. Mash yolks; stir in 3 tablesp. pickle relish, 1/2 teasp. salt, dry mustard and pepper. Stir in 3 tablesp. milk. Take out 3 tablesp. of mixture. Fill whites with rest of mixture. Garnish with pimiento. Chill. Mix the 3 tablesp. mixture with 2 tablesp. milk, 4 teasp. pickle relish, oil, vinegar and 1/2 teasp. salt. Chill. At serving time put eggs in 4 nests of cabbage. Spoon dressing over eggs.

You Will Need:

- Fat Milk, Sweet Pickle Relish, Eggs, Vinegar, Salad Oil, Cabbage, Pimiento.

- LARGE CRISP CARROTS Bunch 5c
- NO. 1 COLORADO POTATOES 10 Lb. Bag 35c

Dollar for Dollar you can't beat a Pontiac

For Miles and Miles of New Car Pleasure!

If you've never owned a Pontiac, you've never known the thrilling experience of Pontiac's surging, eager power... its smooth, sure-footed ride... and its effortless handling ease.

But there's an even greater revelation—for Pontiac keeps this new-car thrill for miles and miles and years and years!

It's a matter of record that no car has a more widely accepted reputation for dependability than Pontiac—that no car will perform so long, so well.

This is very important to think about when you select your next new car. It is one of the big reasons why Dollar for Dollar You Can't Beat a Pontiac!

America's Lowest Priced Straight Eight • Lowest-Priced Car with GM Hydra-Matic Drive (Optional at extra cost)

Carolyn Graves, Lathon Jernigan Play In Dallas

Martha Carolyn Graves, daughter of Dr. and Mrs. T. C. Graves, and Lathon Jernigan, son of Mr. and Mrs. Malcolm Jernigan, both of Goldthwaite, were presented on Saturday night of last week in a pianoforte duet before the Dallas Federation of Music Teachers Clubs in Dallas. They played the first movement of the Concerto in E Flat Major by Mozart. Both Martha Carolyn and Lathon study piano in Dallas with Miss Grace Switzer as their teacher.

The concert in Dallas was attended by Mrs. Graves, Mr. and Mrs. Malcolm Jernigan, and their daughter, Janette.

Miss Darlene Long of Fort Worth was a weekend guest in the homes of her parents, Mr. and Mrs. J. H. Long, and her sister, Mrs. Lynn Nix and family.

Mr. and Mrs. T. O. Ray of Austin and Mrs. Ellen Sweeney and Miles Sweeney of Las Vegas, Nevada, visited in Goldthwaite last weekend with Mrs. Ray's mother, Mrs. J. M. Spinks.

SUPERVISORS OF BROWN-MILLS SOIL CONSERVATION DISTRICT REPORT INCREASING INTEREST IN VITAL WORK

(Continued From First Page.)
The meetings placing grain bins, manure spreader, and mowing machine under management of cooperating

BOSS

BEN R. DAY

trict supervisors election in Sub-Division No. 2. W. M. Hancock was elected to replace C. A. Bynum on the Board.

(Anson Oden was elected to fill the unexpired term of Supervisor Vernon Carr whose untimely death occurred in October 1950. Soil Conservation and the District program lost an outstanding leader in Mr.

W. M. Hancock conservation rotation on 25 acres; first year fertilized speltz and vetch; yield 340 pounds vetch seed to an acre plus fair yield of speltz. Second year: broke the land and had good volunteer crop of vetch and speltz for grazing crop. This crop was used for green manure and field planted to maize (1950). Results to the row;

be successful about three years out of five, and was severely criticized for knocking on my own program.

"After about five successful cover crops, I became over-confident as to the dependability of cover crops, and omitted strip cropping.

"Due to the unusually dry fall and winter, my land, and that of most of my neighbors has suffered severely from wind erosion. In my opinion it will require years to build back the organic matter being lost.

"I feel that it is my duty, now, to recommend strip-cropping, on the contour, spaced according to the recommendations of the Soil Conservation Service technicians, in all cases where peanuts are planted on sandy land."

FARMERS' ATTITUDE

As a whole, the attitude of farmers and ranchers is very favorable. Closer contact of groups and individuals to know what has been planned and what is available would be helpful. Additional meetings of groups and supervisors would help in reminding and informing farmers and ranchers in our task of carrying on the District plan and work.

BUSINESS ATTITUDE

This is good in parts of the District but could improve in other parts.

PROBLEMS AND NEEDS

Educational Needs: Education cooperation is improved, however, education and understanding of the District program and of soil conservation is the main need. The Brown county agent has a plan for increasing educational program during 1951 which he has discussed with the Board.

Technical Needs: Because of the great amount of work to do

we need more technical personnel, and would recommend an increase in technical personnel to include an irrigation engineer to assist in this work at Brownwood.

Financial Assistance: Present State laws appropriating State Funds to soil conservation dis-

TECHNICIAN

CHARLES HAENISCH

trict involves locating new neighborhood groups, holding planning meetings and application meetings, assisting with field days, and tours, developing new methods of planting grass and legumes, trial plantings of new crops and applying fertilizers, soil mapping and analyses and other work in carrying on and developing a complete conservation program in the District.

Soil conservation service work units are located at Goldthwaite and Brownwood giving one hundred per cent of their time to this District in regular planning and application work and flood control planning work. The Rising Star Soil Conservation Service Work Unit devoted sixty per cent of its time in this District to regular planning and application.

We wish to commend and thank these work unit folks, including the clerks, for their service. We believe they are working at the job because of a sincere interest and belief in the program.

We also express thanks to W. R. Helzer, District Conservationist, who has attended Board meetings as a representative of the Soil Conservation Service and has advised and assisted at every opportunity.

The outstanding interest and work of H. W. Turney, Soil Conservation range man is noted and appreciated. We feel that his efforts have been an important help in securing widespread interest in grass and grass management, throughout the District.

County Agents, Vocational Agriculture Teachers, Newspapers, Churches and Others: Four-H Club members and students of vocational agriculture in various departments of the district have been taught the State Soil Con-

servation law and informed about the work and organization of the local district. The importance of grass and grass judging has been taught and much interest was shown in this activity.

County Commissioners have used machinery in constructing excellent terraces, ponds, waterways in cooperation with individual cooperators and groups of cooperators.

Lions Clubs, Chambers of Commerce, local schools, the Brownwood Livestock Show Association, newspapers of the District, the Fort Worth Press, veteran teachers and classes, local radio and Churches of the District assisted during the year.

Here, we would like to give special mention of the invaluable assistance of H. R. Ekins, publisher of the "Goldthwaite Eagle", who has left no stone unturned in doing everything possible to help the public understand the importance and the accomplishments of the District. This is sincerely appreciated.

Special mention is also made of the Methodist Church and the Pastors who held a district-wide conference on the importance of soil conservation at Bangs, Texas honoring the Salt Branch group, state winner in soil and water conservation.

CONSERVATION AT A GLANCE

The 1950 annual report of the Brown-Mills Soil Conservation District showed the following major conservation practices have been established by the Cooperators of the District with the assistance of the technicians of the U. S. Soil Conservation Service of the Department of Agriculture:

Unit	1950	To Date	1950	To Date	
1. Contour farming	Ac.	9,607	75,978	10,138*	55,325
2. Cover cropping	Ac.	8,873	70,064	5,192	46,437
3. Crop residue management	Ac.	10,552	93,308	12,813*	68,794
4. Strip cropping	Ac.	258	7,420	303*	4,942
5. Range improvement	Ac.	36,456	245,929	25,021	143,000
6. Pasture improvement	Ac.	540	1,989	57	900
7. Seeding of range	Ac.	2,032	15,796	1,506	3,461
8. Seeding of pastures	Ac.	143	1,799	147*	515
9. Farm and ranch ponds	No.	26	268	49*	220
10. Terraces	Mi.	310	6,074	329*	1,411
11. Field diversions	Mi.	18	271	23*	186
12. Farm drainage	Ac.	00	56	00	14
13. Irrigation land prepa'n.	Ac.	00	74	00	74
14. Imp. water application	Ac.	00	74	00	74
15. Water facilities	No.	14	53	10	31
16. Collective outlets	No.	32	330	56*	148
17. Terraces served	Mi.	55	583	87*	223

NOTE: Rate of establishing practices marked with asterisks shows an increase over the rate of planning such practices. This is regarded as an important fact and indicates increased interest in a complete soil and water program by farmers and ranchers.

Middle Colorado flood control acreage planned for seeding to grass: 5,156 acres. Total flood control acreage seeded: 4,940 acres (approximately 80% applied). There is sufficient grass seed on hand, and being produced locally to seed the remaining acreage.

Carr.)
7. — Legume and grass seed production: new legume crops introduced. A large supply of Madrid clover seed for local use with some surplus for sale outside the District was grown and harvested by district cooperators again this year. Dry land alfalfa was introduced for the first time, 300 pounds of seed were purchased for distribution by the Board. There was also a large harvest by cooperators of Little bluestem, and KR bluestem grass seed, making an adequate supply of this seed available to local farmers and ranchers. Small amounts of Sideoats grama and Indiangrass seed were harvested by farmers and ranchers.

2600 pounds threshed maize following rye and speltz (25 acres); 2300 pounds maize on part of the field where no cover crop was planted the previous year.
W. A. Hill sowed 10 acres of land that had previously grown a crop of vetch to oats. Evergreen sweetclover and phosphate fertilizer. The vetch came up volunteer in the late fall along with the oats. The clover did not come up to a stand until later rains. He put his heavy ewes on the oats and vetch until they lambed. He averaged having 30 ewes on the 10 acres for four months. After a brief rest, he put 60 ewes and lambs on the 10 acre field of oats and vetch for 45 days. His lambs topped the Fort Worth market at 3.5 months of age with no supplemental feed. The Evergreen clover came on in the summer and furnished good grazing in the summer and fall. Mr. Hill says, "The greatest benefit from this practice is that the native pasture is allowed to rest during the time the sheep are grazing in the cultivated field."

Statement by Supervisor G. G. Goss: "I strip-cropped all my sandy land from the time I began planting peanuts, until about five years ago. "I made a statement in the early days of our cover crop program, that cover crops would

RESULTS OBSERVED
We have many outstanding results of increase in production from use of conservation programs on cooperating farms. We know that most grazing is furnished for livestock at the right time of the year, and believe that production is increased 40 per cent where District conservation programs are applied as much as two years. The practice of deferring native grass pastures has shown considerable results. The practice of planting grass as a seed source has been very successful. Examples of results from the use of conservation:

Built in Texas . . . and helping build Texas

Ford is the only Automobile Manufacturer Building Cars and Trucks in Texas

of material and supplies from Texas merchants and manufacturers and paid over \$7,500,000 for incoming and outgoing transportation. Then, too, there is a total of over \$148,000 paid by Ford in local and State taxes.

Yes, Texas is building a lot of cars and trucks for Ford . . . and in the process Ford is helping to build Texas, too!

WHEN YOU BUY FOR THE FUTURE — BUY FORD

The folks who work in Ford's Dallas Assembly Plant and District Sales Offices earn over \$7,000,000 every year. They spend it mostly in Texas. Texas benefits from Ford in other ways, too. For example: during 1950 Ford bought over \$1,000,000's worth

Weatherby Auto Co.

Building Loans

WITH 10% DOWN PAYMENT -

Building loans up to \$2,500 with 10% down payment, no mortgage, no security or endorsers for additions, remodeling to existing residence property; also new garages. Just the signature of husband and wife, your good credit record for

paying your obligations, and your ability to pay. Loans can usually be arranged in 15 minutes. For instance, a \$500.00 loan is payable \$18.76 per month including principal and interest. This loan can include both labor and materials. Other plans for larger amounts and longer time to pay or new construction also arranged.

**Mac Glass Named
Coleman Mutual
Agent This Week**

Appointment of T. M. Glass as the sole representative in Mills County and surrounding territory of the Coleman Mutual Life Insurance Association, which has its headquarters in Coleman, was announced this week by Sam T. Cobb, President of the firm.

Mr. Cobb said that as its representative here, Mr. Glass would write life insurance, accident insurance and hospitalization protection for the Coleman Mutual Life Insurance Association—"The Mutual With A Reserve."

Prior to announcement of the appointment of Mr. Glass he conferred in Goldthwaite with Sam T. Cobb, Jr., son of the company's President, who emphasized that his firm is interested in writing insurance not only for individuals but also for business groups and family groups. The company, organized in 1923, writes policies with a value as low as \$150.00 on persons ranging in age from infancy up to 60. Special consideration also is given to the insurance requirements of persons over 60.

Mr. Cobb said that the Coleman Mutual is the largest insurance company west of Fort Worth and all the way to Phoenix, Arizona.

"We are most happy that Mr. Glass is to represent us in this area," Mr. Cobb said. He urged that all persons with insurance problems or who may be interested in life, hospitalization, accident or group insurance confer with Mr. Glass at his office in Goldthwaite.

SAVE MEDOLAKE END FLAPS!

American Red Cross home nursing courses—which are part of the national defense effort and which will include instruction in the care of victims of atomic explosions—will start next Monday night at the Home Economics Department at the Goldthwaite School, it was announced this week by Mrs. T. C. Graves, Chairman.

Mrs. Graves said that the classes that will start next Monday night will be conducted from 7:00 o'clock to 9:00 o'clock. There will be classes every Monday, Wednesday and Friday night until a 12 hour course has been completed. Then there will be an additional two hour course in home nursing measures to be taken for the treatment of possible radiation victims.

The course, Mrs. Graves said, will be conducted by Miss Maxine Geeslin, Goldthwaite School Nurse, who, with Mrs. M. Y. Stokes, Jr., and Mrs. John L. Gwin, County School Nurse, recently were brought up to date on the latest home nursing methods at a Red Cross seminar in Brownwood.

"All of those who wish to take this important course should register immediately," Mrs. Graves said. "The initial classes will be composed of the first 14 persons to register. After 14 have been registered, additional classes will be formed." Mrs. Graves' telephone number is 199-J, and she urged that registrations for the course that will start next Monday night be made immediately.

It was announced also this week that Miss Elna Fouse, home economics teacher at the Goldthwaite School, and Mrs. C. F. Stubblefield, have been appointed co-chairmen to serve with Mrs. Graves. The Red Cross goal is to instruct at least two per cent of the American population in the vital requirements of home nursing.

Mrs. Graves said that shortly after the middle of this month Mrs. Stokes will inaugurate additional classes in mother and baby care. They will be part of the overall program of public education in home nursing at a time when the armed services are calling trained, professional nurses to duty with the colors. Additional announcements on the courses to be conducted by Mrs. Stokes will be made later.

In her capacity as County School Nurse and as a qualified Red Cross Instructor, Mrs. Gwin said that home nursing classes have been organized in Mills County communities outside Goldthwaite. Such classes have been set up in coordination with the home economics departments of the Star and Priddy schools and classes also are being organized by ladies in the Mullin, Star and Priddy areas. Classes outside Goldthwaite already have started or will begin next week. Further details on County work outside Goldthwaite will be announced later by Mrs. Gwin, Mrs. Graves said.

Brian Smith, Executive Secretary of the Mills County Chapter of the American Red Cross, said that the home nursing classes that are being made available through the facilities of his organization and with the cooperation of volunteers represent one of the country's most important undertakings since the proclamation of a State of National Emergency by President Truman.

**Cemetery Working
At Center City**

A Cemetery Working at Center City has been announced for Tuesday of next week by Mrs. Tom House. She said that important business is to be conducted at the meeting in addition to the matter of caring for the Cemetery.

"Our meeting has been long delayed," Mrs. House said. "It was scheduled for last January but it was postponed because of weather. We don't want any rain, sleet, snow, hail or cold weather next Tuesday."

Dugger To Preach

Ralph Dugger of Waco, Pastor of the Assembly of God Church, will preach at the Jones Valley Church at 2:30 o'clock Sunday afternoon, March 4.

By Clementine Wilmeth Briley
(Written For Last Week)

Another fierce cold spell last week, but not so bad as the previous one. We woke Wednesday morning to find the ground white with sleet and snow. This time there was enough to make moisture. Roads were muddy Friday, and the rain gauge registered one inch of water. I got out in my garden late Saturday evening. Found the soil mellow and moist for a depth of about four inches. I hurriedly spaded some, put out a row of onion plants, and planted some peas

and spinach. I'm wondering what will be alive when spring comes. Blessed with drouth and freeze, the roses and the shrubs look doubtful. And every time the bulbs put out there comes a freeze to kill them down.

Mrs. Edna Dwyer was sick with cold Sunday. Not able to go to church.

Mrs. Cecil Egger says her mother, Mrs. Smith, has recovered from her recent illness.

Mayo and White are working on a tank for Charlie Griffin.

Frank Crowder and Gilbert McMullen are building a cross fence for Sam Cutbirth.

Cecil Egger is building a new fence on the east side of his pasture along the road near the Charm Whittenburg place.

Mrs. Edna Dwyer has received a letter from her daughter, Mrs. Austin Cawyer, of Orange stating that Austin is one of the flu victims there, and she was having to have the doctor out to see him.

While at school at Mullin last week, Ynell Egger got a phone call from Mr. and Mrs. Paul Lockett of Spur announcing the birth of a daughter and asking her to relay the message to the maternal grandparents, Mr. and Mrs. Blue Thompson.

Jim King of San Saba County is visiting Ernest Malone.

Mrs. J. F. Bateman of Fort Worth writes relatives here that her son, Joe Bateman, is at home after receiving his degree in electrical engineering from the University of Texas. A younger son, John Roberts, is a medical student at T. C. U.

Cecil Egger and Ynell called on the Reeveses and the Thompsons Sunday.

Sunday afternoon Mr. and Mrs. Frank Crowder and Mr. and Mrs. John Briley went to Winchell to visit Mrs. Ann Ely Russell, an old schoolmate of Mr. Crowder and Mrs. Briley, whom they had not seen for a long time. They found her at the home of her daughter and husband, Mr. and Mrs. Luther Vogel. It was a happy meeting.

In spite of the ravishes of time, they found Ann the same sweet person they had known so long ago. And they were delighted with the graciousness of Mr. and Mrs. Vogel and their three lovely children. It was a very happy afternoon.

The Elys once lived at Ebony. Mrs. Ely, Ann's mother, is buried in the Ebony cemetery. Ann says all her family are gone now save herself and her brother, Judge W. R. Ely, of Abilene.

E. B. Adams Puts Stone Of Scone On Exhibit For Everybody To See

(Continued From First Page.)
the duplicate of the Stone of Scone which you are making for His Majesty the King.

The gesture is an extremely kind one, and I am sure that His Majesty, and the people of Great Britain, will greatly appreciate the spirit which has prompted you to make it.

I should explain, however, that a replica of the Stone of Scone in Indiana limestone was very kindly offered to His Majesty some time ago, and that he then felt that he could not avail himself of such an offer. As you say in your letter, it would not be possible to replace the associations and symbolic value of the original Stone; and in these circumstances the offer of a replica was declined.

I shall, of course, inform London at once of your generous offer, and of the fact that you regard it more as an expression of friendship between our two peoples than as an attempt literally to replace the original Stone; but I thought that you should know at once of the previous offer and of the fact that it had not been accepted. I shall write to you once again as soon as His Majesty's pleasure has been taken.

Yours sincerely,
(Signed) ALAN DAVIDSON
Private Secretary

Following receipt of the letter from the British Embassy, Mr. Adams said he was content to wait for further news of "His Majesty's pleasure." At the same time he snorted at the Indiana offer of LIMESTONE, when everybody knows that the Stone of Scone was SANDSTONE.

"My Stone is SANDSTONE, too," Mr. Adams said.

He added that nobody ever heard of the Indiana offer and he pointed out that the Mills County "Stone of Scone" has become famous the world over. An example of one attitude

came in a letter from Gavin Souter of the Sydney Morning Herald in Australia. He wrote:

"The story is an ideal one for Australia. Australians, many of them being expatriate Englishmen and Scots, are very interested in the Stone of Scone theft, and also, many of them regard Texas as the most romantic of all the United States. So a story involving the Stone of Scone and the State of Texas—and such a fresh and kindly story at that—is made to order."

Other communications to Mr. Adams have been so numerous that at times he wishes Harry Allen, Goldthwaite tinsmith, never had thought up the idea in the first place. One night last week Mr. Adams was just about sound asleep when he was awakened by a long distance telephone call from Dallas. The caller, apparently inebriated, pleaded through the thick fumes of a crying jag for Mr. Adams to send his Stone of Scone to him instead of to the British.

Mr. Adams received a lengthy, illuminated letter from Edwin W. Small of Kansas City, Missouri. Mr. Small, who is 66, wrote that he will be President of the United States some day. He expressed hope that the British Crown will accept Mr. Adams' Stone of Scone—but he said that if His Majesty the King won't take it, then he, Mr. Small of Kansas City, will. Mr. Small indicated that if he gets the Stone from Mr. Adams, he will take it to the White House when he becomes President.

Now that Mr. Adams is ready to have the public view his replica of the Stone of Scone at the Adams Monument Works on highway 16, just south of Goldthwaite, the Eagle this week publishes on page one a rare photograph. It was Harry Allen who got Mr. Adams into his continuing correspondence with Washington and London by suggesting outside the Goldthwaite Post Office that the Monument Builders of the Southwest, Inc.,

turn from granite chipping to the cementing of British-American relations. One day when Mr. Adams was chipping away on his replica of the Stone of Scone, up showed Mr. Allen with a ruler to check up on Mr. Adams' dimensions. The alert Eagle photographer, Mrs. B. C. Wicker, appeared from behind a block of granite and succeeded in obtaining the most unusual picture that appears on page one of this week's Eagle. While she was at it, Mrs. Wicker also obtained a photograph that was distributed internationally through the facilities of Associated Press Wirephoto.

NOTICE

TO ALL MEMBERS
OF THE MILLS COUNTY
HUNTING & FISHING CLUB

A special effort is being made to collect all delinquent and past due membership dues at this time. If you are in arrears contact Mrs. Eugene Dickerson or Mr. John Meadors and make payment at this time.

The stock of those members who are two (2) years or more in arrears in the payment of their dues will be sold on April 15th, 1951 to satisfy such delinquency.

BOARD OF DIRECTORS
OF THE MILLS COUNTY
HUNTING & FISHING CLUB

Personals

Jim Tom House of A. & M. College spent the weekend with his parents, Mr. and Mrs. Tom House.

Dr. and Mrs. M. A. Childress moved recently from Fisher Street to 5th and Lee Streets, to the house vacated by Mr. and Mrs. G. C. Head.

Mrs. Scott Thompson returned Saturday from San Antonio after a week's visit with her new grand daughter, who is making her home with Mr. and Mrs. Lacy Thompson.

Mr. and Mrs. D. A. Hamilton returned Thursday afternoon from a three week's visit with their children and other relatives at Rockdale, Lexington, Schulenburg, Houston, Kingsville, Corpus Christi, Elgin and Austin. On Tuesday afternoon, February 20, they attended the funeral of his sister, Mrs. R. E. Warren, at Lexington.

Mrs. L. R. Hendry, Mrs. B. Close and daughter, Carolyn, of Coleman were weekend guests of Mr. and Mrs. C. T. Wilson.

"GIVE ME THIS '51 DODGE for long life...dependability"

"I've driven Dodge cars for years...know from experience that you just can't beat a Dodge for **DEPENDABILITY**"

—Says Don B. Alford, Chicago, Ill.

Here's why Dodge delivers more miles per dollar

EVERYTHING about this great new '51 Dodge—the way it looks, feels, rides and handles—tells you that here's a car that's built to last. It's a car that's stunning to look at, with plenty of head, leg and shoulder room—a car engineered from bumper to bumper to last longer, go farther at lower cost.

Spend 5 Minutes With Us
Five short minutes behind the wheel will tell you why this is the car for you—for the years ahead. You'll find that the new Oriflow

Shock Absorbers not only give you a truly new kind of ride—but the resulting smoothness and freedom from wheel "hop" and "bounce" mean less car wear, prolong car life. Famous Dodge Fluid Drive, with its smoother starts and stops, "cushions" all moving parts from engine to rear wheels—adds to car life, saves tires, lowers costs.

Come in Today
See how you could pay \$1,000 more for a car and still not get all the extra room and rugged dependability of this new '51 Dodge.

NEW KIND OF RIDE! New Oriflow shock absorbers let you float down roads so bad they stop other cars. Never before anything like it!

The 1951 Dependable **DODGE**

Just a few dollars more than the lowest-priced cars

RED CROSS 1951 FUND CAMPAIGN

All May Help Through Your Red Cross

**MOBILIZE FOR DEFENSE—
FOR YOUR FAMILY,
FOR YOUR COMMUNITY,
FOR THE NATION**

The American Red Cross this year asks for sufficient resources to expand and intensify every service in its program.

June 25, 1950, changed the tempo of American life. The explosion in Korea placed the nation on guard. We move at an accelerated pace to build the spiritual and physical strength that will deter further aggression.

Chartered by Congress to serve as the link between servicemen and their homes and to mitigate the suffering caused by disaster, the American Red Cross has now been asked to assume greater responsibilities.

The nation's armed forces on land, on sea, and in the air are being doubled in size. The Red Cross must be prepared to serve them at home and overseas.

The strengthening of the nation is not a task for the armed forces alone. The American people must mobilize for service to their neighbors and their communities. It is a time for all to acquire some skill that will give confidence and steady nerves and prepare people to help themselves and others in time of emergency.

The National Security Resources Board has asked the Red Cross for assistance in building civil defense.

Both NSRB and the Department of Defense have requested the Red Cross to stockpile blood products for civil defense and the armed forces. This responsibility is added to the task of providing whole blood for our servicemen and for the sick and injured in communities served by Red Cross regional blood centers.

It is against this background that the Red Cross appeals to the American people in the 1951 fund campaign. The Red Cross must have greater resources to do its greater job.

Expansion to meet military and civil defense needs will increase the blood program budget two and one-half million dollars over the current year.

Serving our expanded armed forces will require a budget nearly three million dollars greater than the current year. The health and safety Services, which include the vitally needed training programs in first aid and home nursing, will require a budget more than half a million dollars greater than the current year.

Support of the Red Cross is a contribution to the security of our families, our communities, and the defense of world peace.

Mayor Loy Long Proclaims March Through 10 As "School Week"

Proclamation of Mayor Loy Long of Goldthwaite, next week will be observed here as "School Week" and it was hoped that would be similar observations throughout Mills County in accordance with a proclamation that has been issued by Mayor Allan Shivers and that is the backing of a unanimous action by the Texas Legis-

made. "It is not generally realized but tremendous progress has been made in public education throughout the country," Mayor Long said. "We are far from reaching our ultimate goals, but the accomplishments that have been made are worthy of recognition by all of our citizens."

Mayor Long pointed out that in his State-wide proclamation, Governor Shivers emphasized that in a comparatively few years Texas has overcome many handicaps in its educational system. Goldthwaite has tried to keep pace with the progress that has been made elsewhere and will continue to do so, Mayor Long said. "School Week" has been designated officially as the period from March 5 through March 10. Organizations are asked to show their interest in the schools and individuals are invited to visit classrooms and to talk with teachers and school administrators next week.

Don Martin of Fort Worth visited friends and relatives in Goldthwaite over the weekend.

George Porter Aids School Week

In conjunction with School Week proclamations that have been issued by Mayor Loy Long and Governor Allan Shivers, George B. Porter, county Superintendent of Schools, issued the following statement: "The next week, March 4 to 10, has been designated as School Week in Texas. We urge every citizen of Mills County to visit your school, be acquainted with the teachers and with the accomplishments of our school system."

"You can help to make a better school by working with the local P. T. A. and with other related organizations to promote Public Schools Week in Texas. It is of paramount importance that this civic interest be strengthened and that those in the teaching profession be supported and encouraged in their efforts. We have had a good school year—let's make it better."

One End Of The Line Or The Other

JOHN WEAVER AND ANGUS FRIEND

(Eagle Photos by Wicker Studio).

John Weaver of Big Valley, a member of the Eagles Chapter of the Future Farmers of America, Goldthwaite High School, is feeding a Tommy Brook Camp San Saba Aberdeen-Angus calf that some day may be a Grand Champion. Y. B. Johnson, Jr., F. F. A. Eagles Advisor, coppered all bets and kept himself from getting out on the end of a long limb by predicting that the calf will finish "at one end of the line or the other."

The calf, the youngest ever to arrive in Mills County to be fed out for future livestock shows, was brought here on Thursday afternoon of last week. Only a month old, he weighed 62

pounds and stood 24 inches high at the withers. Looking very small indeed, he gazed calmly from the F. F. A. pickup at curious viewers for all the world as though he knew that great things are expected of him.

The Eagle hopes that some day it will be able to again print the above photograph—along with another one showing the calf, about 700 pounds heavier and with the silk of a Grand Champion draped over him.

Congressman O. C. Fisher Reports On New Law For Cotton Picking

By O. C. FISHER

With prospects for a bumper cotton crop in 1951, weather permitting, farmers are already worrying about the problem of getting it picked. Adding to the usual picker shortage, the Wage and Hour law was amended last year to prohibit children under sixteen from doing agricultural work while schools are in session.

That means the large Mexican families which customarily leave their South Texas homes in the Fall to pick cotton as it opens to the north, run into difficulties when schools open in September. Last fall many of them folded up and drifted home, leaving many white fields unharvested.

Actually, this law is a disservice not only to the farmers but likewise to the itinerant pickers. By working the children, these Mexicans have for

years made a lot of money during the rush seasons. This income enabled them to return to their homes, pay their debts, buy clothing and better food and many have in that way kept off of public charity.

At the same time, the children were enabled to get in the required schooling after the picking season ended.

But the change in the Wage and Hour law makes it uneconomic for many of the grown-ups to pick if the children are not allowed to do so. The overhead is too much and they are better off to leave the fields and go on home.

The Wage and Hour Division has insisted on enforcing the letter of the law and that means an amendment is imperative.

When the Wage and Hour Act was amended last year, the House voted to leave the child labor provision exactly as it had previously been. But the Senate put the proviso in outlawing work by children in the fields during school time. And, when finally passed the Senate amendment was kept in it.

I have introduced a bill to remove the Senate amendment referred to and return to the old law which permits children to work in the fields provided they get in the amount of schooling required by the State laws. Similar bills have been introduced by others.

These measures are now before the House Committee on Education and Labor, where hearings will soon be held. Relief will be difficult to obtain, but a concerted effort will be made by a number of us from the cotton country.

Mr. and Mrs. Howard Ethridge and children of Grand Prairie visited in the homes of Mrs. Ray Davis and G. D. Ethridge last weekend. Mr. and Mrs. Charles Davis of Richland also visited in these homes. Mrs. Davis is spending a few days with Mrs. Ray Davis while Charles calls on Uncle Sam.

Chappell Hill

By PEARL CRAWFORD

The farmers have all taken on a new spirit since the rain. O. A. Evans and Jess Ivy sowed grain Thursday.

O. Y. Lockridge helped Bill Partin with his sheep last Monday.

A. L. Crawford moved some of his brooder houses and has a nice flock of baby chicks.

O. A. Evans helped W. W. Williams saw wood Friday.

N. C. Karnes and W. C. Oxford sawed wood Tuesday.

W. L. Conner bedded land at the McCullough ranch Thursday.

Bill Partin put up a tank tower Thursday. Mrs. Partin says it won't be long, she hopes, until they have water piped in the house.

Mr. Vaughan of the Trigger Mountain community was stricken seriously ill the first of last week with paralysis. His children were called to his bedside. Last report from the sickroom states his condition is critical.

Mr. and Mrs. O. A. Evans have been visiting and sitting up at the Vaughan home.

Mr. and Mrs. Jack Creek, and Mr. and Mrs. W. L. Conner have also visited at the Vaughan home.

William G. Crawford is confined to his bed with the chicken pox. There were several other children absent from school Friday. We have no news from those homes at present.

Noah and Dorothy Karnes, children of Mr. and Mrs. N. C. Karnes, were sick a few days with colds.

This scribe visited Mr. and Mrs. A. L. Crawford and William

G., Sunday. William G. was doing nicely.

George Barton, Claude Eacott and Clarence Geeslin were guests at the A. L. Crawford home recently.

Mr. and Mrs. C. M. Bramblett visited Mr. and Mrs. Clifford Dellis Saturday.

Mrs. L. C. Knowles and Mrs. Roger Smith called at the B. J. Crawford home Sunday morning.

George Barton, Bill Partin and Thomas also called in the B. J. Crawford home during the week.

Dorothy Conner celebrated her fifth birthday Saturday.

Dorothy said it was the best birthday party she had as she would get to start to school soon.

N. C. Karnes visited Tom Stevens Friday.

Mr. and Mrs. L. C. Knowles of Fort Worth spent the weekend with Mr. and Mrs. Roger Smith. Vernon Knowles, who had spent the week at the Smith home, returned home with them.

O. A. Evans visited O. Y. Lockridge last Tuesday.

Alvin Glynn Tieman spent

Saturday with Edwin Stevens. Gene McNeerlin also visited Edwin Stevens.

Mr. and Mrs. Billie McNeerlin and Gene, Mr. and Mrs. Charlie Partin, Mrs. Tom Stevens and Mildred were guests of Mr. and Mrs. B. J. Partin and sons Tuesday.

Mr. and Mrs. Bill Partin, Thomas and Jimmie, went to the George Stanchke home Sunday for a family reunion and to celebrate Mr. Stanchke's birthday.

Mary and Dorothy Conner were Sunday guests of Mildred Stevens.

Edwin Stevens spent last Saturday night and Sunday with Alvin G. Tieman.

Makes Honor Roll

Eddie Hamilton, son of James A. Hamilton of Beeville, formerly of Goldthwaite, is listed on the semester honor roll at Tarleton State College, it was announced this week by Dr. E. J. Howell, President of the College.

The Trent State Bank Goldthwaite, Texas

On News

Editorial page) but by Bennett's economic despite subsidies, parities, support prices or other pseudo-political dodges. For two generations and more Bennett has fought for the good of the farmer and the taxpayer against the indifference of congressmen, against the pettiness and intrigue of administrative bureaucrats and even against backward state agricultural colleges. Some of his worst battles had to be fought against the bureau-rats who came to infest, confuse and even degrade the Department of Agriculture under the New Deal and Henry Wallace. As he leaves office he will still be fighting to save the honest and self-sacrificing workers of his service from the predations of other contemptible and even corrupt political bureaus, whose job is not to help

the nation but to pass out jobs and expand their powers and spend more and more of our tax money to subsidize bad agriculture and to degrade agriculture on the whole. Bennett had never belonged to that group of administrative bureaucrats in the Department of Agriculture which the New Deal brought into existence, whose principal activity is to expand their own powers and work for the Democratic national committee. Not all agricultural department bureaucrats are of an evil kind. Many, like him, are engaged in research and action for the real benefit of the farmer and the people as a whole. Considering the contempt with which the average citizen regards the epithet "bureaucrat," these men deserve another name to distinguish them from Mr. Brannan's political cohorts. Perhaps the name "public servant" is a better description, as opposed to "leech."

There has just been published a brief and excellent biography written by Wellington Brink. It is called "Big Hugh." I can recommend it to you as good reading. Everybody ought to know more about "Big Hugh," who for a lifetime has given all his great intelligence and energy for you and for me and most of all for the great American nation and for our children and grandchildren. Perhaps he has done more than any one man in our times to make the future of this nation secure. He deserves the greatest honors from a grateful nation.

Post Office Really Goes To Town In Making Big Shots Of Patrons

Something new went up on the walls of the Goldthwaite Post Office this week when Postmaster Lucile Fairman made it possible for all persons to know how the Post Office Department feels about the customers. On the Post Office walls Mrs. Fairman displayed some prose. Although the name of the author is not known, his or her writing is published here below—if only as a reminder of the "Golden Rule."

THE PATRON

"Is the most important person who comes to our windows.
 "He is not dependent upon us, but we are dependent on him for our very existence.
 "He is never an interruption to our work. He is the purpose of it.
 "We are not doing him a favor by serving him. He is doing us a favor by giving us the opportunity to be of service.
 "He is not an outsider to our business. He is flesh and blood with feelings and emotions like our own.
 "He, like ourselves, has biases and prejudices to be respected.
 "He is not someone to argue or match wits with, but is someone to be courteously and dependably served.
 "In short, friends, let's remember that the golden rule is still a pretty good thing by which to operate a post office.

—Selected.

Christian Science Services

Jesus' teachings are explained, in all their practical power and helpfulness, in the Lesson-Sermon entitled "Christ Jesus" to be read in all Christian Science churches Sunday, March 4. The authority for Jesus' mission—which, according to the Lesson-Sermon, was to demonstrate the Christ—is brought out in the Golden Text, taken from I John 4:9, "In this was manifested the love of God toward us, because that God sent his only begotten Son into the world, that we might live through him." Further emphasizing this mission are these words from a Bible citation, "For God sent not his Son into the world to condemn the world; but that the world through him might be saved" (John 3:17).

The Lesson-Sermon also contains this enlightening explanation of the Master's true nature and purpose, taken from page 315 of the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, "Wearing in part a human form (that is, as it seemed to mortal view), being conceived by a

Bible Class Singing Friday Night, 7:30

With a quartet from Lampasas as a feature on the program, the Downtown Men's Bible Class of Goldthwaite will hold its regular fortnightly Singing at the Baptist Education Building on Fisher Street at 7:30 o'clock tonight, Friday. It was announced this week by W. C. Frazier, Song Leader. Mr. Frazier promised a fine evening and invited everybody to attend.

Mr. and Mrs. Truitt Aldridge and sons went to Copperas Cove Saturday to visit her parents, Mr. and Mrs. E. E. Byrd, also her grandparents, Mr. and Mrs. D. P. Gilmore.

human mother, Jesus was the mediator between Spirit and the flesh, between Truth and error. Explaining and demonstrating the way of divine Science, he became the way of salvation to all who accepted his word. From him mortals may learn how to escape from evil."

"Make Sure the Truck Is WESTERN"

Prove its Comfort— on the road!

SWING THIS SPIRITED BEAUTY through crowded streets and out to open highways. It's on the road, any road, that the 1951 Mercury best struts its stuff! First glimpse, you note sweet, low, graceful design. Touch the starter, you find power in every eager engine part. Miles fly behind and you realize you're experiencing the "nth degree" in driving comfort. A roomy interior tastefully appointed—perfect structural balance—a rugged, responsive power plant! Plus the fact that time proves Mercury's great durability and high resale potential. Right now, it's smart to put your money in a 1951 model—come in and prove the 1951 Mercury in a trial run today!

New 1951 MERCURY

Road-prove it and you'll agree— There's nothing like it on the road!

3-WAY CHOICE! For "the drive of your life" Mercury offers a triple choice in transmissions: Merc-O-Matic Drive, the simpler, smoother, more efficient automatic transmission—or thrifty Touch-O-Matic Overdrive are optional at extra cost. There's also Silent-Ease standard transmission.

FAIRMAN COMPANY, Inc.

Patton Resigns

(Continued From First Page.) Goldthwaite Independent School District Mr. S. H. Rahl, Secretary Gentlemen:

Please accept this, my resignation, effective as of August 31, 1951.

May I express to the School Board my sincere appreciation and gratitude for their co-operation in working with me to improve the Goldthwaite School System.

I shall always be grateful to you for the pleasant years that I have worked for you as your School Superintendent.

Your friend, (Signed) H. E. Patton.

The resignation of Mr. Patton and Mr. Collier come little more than a month before the voters of the Goldthwaite Independent School District go to the polls to vote on candidates to fill the expiring terms of Secretary Rahl and of Claude A. Wicker of Caradan, the only representative of a Rural District on the School Board.

Mr. Rahl, as he has done repeatedly during the past several weeks, said again this week that he will not again offer his name for election. He also said that there is absolutely no connection between his resignation and that of Mr. Patton—or of Mr. Collier either, for that matter. In point of service, Mr. Rahl is the "Dean" of the members of the Board of the Goldthwaite Independent School District.

Prior to coming to Goldthwaite as Superintendent of Schools, Mr. Patton had served in the same school system in Harris County, near Houston, for 19 years. During World War II he served as a commissioned officer assigned to the instruction of Air Force cadets.

Sheriff Stubblefield Proves The Law Can Be Kind To A Jail-Bird

Mills County Sheriff C. F. "Stub" Stubblefield this week had an experience that involved helping a jailbird, running him out of the County, and then helping him again when he was innocently up to his neck in trouble just over the Hamilton County line. It is best to tell the story just as it happened and in chronological order. It was this way:

On Monday of last week Sheriff Stubblefield was at his home on Fisher Street when he answered a knock at the door. Standing before him was a young man, coat under arm, and with all of the earmarks of a hitch-hiker. Obviously, the young man had simply picked the Stubblefield home at random. It might have been any other home on Fisher Street, but the caller was taken aback when he saw the gold badge of a Sheriff gleaming on Stub's shirt front.

"Sheriff, I didn't expect a Sheriff to answer the door," the young man said. "But since you

Mrs. Patton, who also is a professional educator, has taught the first grade for the past few years in the Goldthwaite Grammar School, where she has endeared herself to pupils and parents alike. Both Mr. and Mrs. Patton have been active in civic affairs in Goldthwaite.

Members of the School Board who were interviewed this week declined to comment on the resignation of Mr. Patton in advance of the March 12 meeting. Comment also was withheld on the resignation of Mr. Collier.

BE READY WITH RED CROSS

are the Sheriff, here it is straight. I am fresh out of jail in Brownwood; I want to make my way to Waco; and I knocked on this door in hope that I could get some yard work here."

The Sheriff talked with the young man for a few minutes, gave him a quarter, told him to go down to the Square and eat, and then happy well get on his way eastward before the Sheriff got down town again.

Late Monday night—it was nearly 10:30 o'clock—the Sheriff received an emergency call from a farm home that turned out to be in Hamilton County, just over the line from Mills County, in the direction of Evant. A family had been terrorized by three tramps, two of whom were either soused or hopped up with drugs. The Hamilton County Sheriff also had been called and the Sheriff from Gatesville had arrived with bloodhounds.

When Sheriff Stubblefield arrived some of the members of the frightened family had fled and so had two of the tramps. But one of them still was around and when Sheriff Stubblefield looked at him he said:

"Young man, haven't I seen you before?"

"Yes, Sheriff," the young man replied, "I was at your home today and you helped me."

It turned out that having walked his way eastward almost to Evant, the young man had stopped to ask for permission to sleep in a barn when the two hopped-up tramps arrived, made threatening gestures, scared the family and then ran to a patch of woods. But the young man who had been befriended by Sheriff Stubblefield in Goldthwaite stood his ground.

The two tramps who had caused the ruckus were captured and were lodged in the Hamilton County jail. But Sheriff Stubblefield was able to vouch for the story of the other young man—who was permitted to make his way on eastward without again having to fall into the toils of the law. Before he departed he turned to Sheriff Stubblefield and said:

"Sheriff, when I knocked on your door today I sure was upset about meeting up with a Sheriff so soon after I got out of jail. But I am mighty glad it was your house at which I stopped today and I am mighty glad that you came here tonight. I would be in a fix if I landed in the Hamilton County jail the same day that I got out of jail in Brownwood."

Deputy Sheriff Clyde Cockrum accompanied Sheriff Stubblefield on the emergency call into Hamilton County.

Draft Board Taps

(Continued From First Page.) March 14, eleven other men from Mills County will take their physical examinations at Abilene with a view toward possible induction into the armed services at a later date.

Those who have been summoned for physical examinations are:

Sammie Dee Runnels of Priddy, Garland Ira Aldridge of Goldthwaite, Winston Osmart Faith, formerly of Goldthwaite and now of the University of Texas; Tommy Roy Woods, Bobbie Gene Fisher and Johnnie Clifton Smith, all of Mullin; Carlos Van Welch, David Roy Humphries, Marvin Leon Lindsay and Finnes Doyle Roach, all of Goldthwaite; and James E. Bessent of Caradan.

While Mr. Frizzelle was not able to make precise estimates regarding the future requirements of Selective Service, he indicated that manpower calls for the armed services will increase.

Mrs. Millard Cockrum returned to her Goldthwaite home last Sunday from the Scott and White Hospital in Temple. Young James Millard, who was born on February 17, remains in hospital at Temple where he is progressing wonderfully.

Robert L. Steen suffered an attack of "virus X" that kept him confined to his home on Wednesday of this week.

BE READY WITH RED CROSS

Red Cross Drive

(Continued From First Page.) in its history, Mr. Duren said that he will be assisted in the 1951 campaign by the following persons in Mills County:

Ray Duren, Goldthwaite; Mrs. M. F. Hines, Scallorn; Enoch Godwin, Long Cove; S. M. McCasland, Center City; Mrs. U. C. Segelquist, Payne Gap; Mrs. Rex Clifton, Star; R. H. Williams, Caradan; Glynn Sanders, Mullin; Ralph Duren Pompey Mountain; James Aldridge, Democrat; The Rev. A. H. Muehlbrad, Priddy; C. A. Page, Big Valley; Mrs. C. W. Daniel, Rock Springs; Mrs. Delton Barnett, Jones Valley; Sam Edington, Regency; Hubert Reeves, Ebony; W. H. Freeman, Ridge; Lowell Burkes, Mt. Olive; David Watters, Pleasant Grove; and W. A. Triplett, Pompey.

The quotas for which the respective community chairmen are responsible are published in an advertisement elsewhere in this week's Eagle but Mr. Duren pointed out that the largest quota—\$1,295.00—has been assigned to Goldthwaite.

Mr. Duren said that as in previous years, the Red Cross campaign will be conducted through the month of March, but he added his hopefulness that the Mills County quota could be exceeded very soon.

Hays Birthday

(Continued From First Page.) close friends in.

Other callers during the day, besides her three sons, were Mrs. Evie Hancock, Mr. and Mrs. Bruce Scott, Mr. and Mrs. J. H. Long, Ben Long, R. T. Padgett, and Mr. and Mrs. Lynn Nix and Earlene.

Bro. and Sister Hays, as they are called by all their friends, were born in 1861, near Scottsboro, Alabama. They lived in adjacent communities; however, they did not meet until they were grown. With a twinkle in his eyes, Bro. Hays said he sparked her for five years before she said "yes". He hastened to add that it really didn't take her that long to accept his proposal. He was trying to complete his education before tak-

ing on the responsibilities of marriage.

Bro. Hays and the former Julia A. McCutchen were married in Jackson County, Alabama, in 1886. Their oldest child, Mack, was born there. They moved to Texas in 1887 and settled in Delta County, where they lived for three years. They then went to Bexar County where they lived for seven years, and Bro. Hays had his first pastorate there.

Bro. and Sister Hays, who celebrated their 64th wedding anniversary last December 8th, came to Mills County then, and have lived on the same place for the past 52 years.

The seven Hays children, which include five sons and two daughters are Mack Hays, Abilene; Byron Hays, Idalou; Mrs. Addie Swafford, Dallas; John R. Hays, Cameron; Mrs. Katie Byler, Brownwood; Rev. Jim Hays, Brookshire; and Rev. Lawrence Hays, Eden. After considerable argument over the number of grandchildren they have (they had to stop and count 'em), they decided there are 10 grandchildren and four great-grandchildren.

Rev. and Mrs. Hays, who were both born the year the Civil War began, say they have lived through five wars. Mrs. Hays said that China had been fighting all that time, so she didn't count that. The Hays' keep up with world affairs with their radio, and are both well aware of the conditions of the world today. Mrs. Hays states that she is happy to have lived just at this stage of history, so that she could see all the wonderful inventions and progress made the past century.

Bro. Hays, who at one time or the other has been pastor of almost every Baptist Church in the county, and several in adjoining counties, has spent the most time at Trigger Mountain, the little country Church across the road from their home. Bro. and Sister Hays say that the only purpose they had in life was to have been of help and have a good influence on their friends and neighbors. Their lives have been successful, for certainly their influence has been felt in practically every home in the county.

Cub Scouts Have A Gala And Hear Patrolman Leon Burks

Cub Scouts of Pack five, all six Dens of them with their parents and members of the Pack Committee, had a gala banquet and meeting at the Education Building of the First Baptist Church on Tuesday night of this week and heard a stirring talk by Texas Highway Patrolman Leon Wilson, whose fame as a safety expert is spreading rapidly.

Den Mothers, who worked hard to make the occasion a success, decorated the scene in the blue and gold colors of the Cubs. Even the candles were in blue and gold and the Cubs who were, essentially, the guests of honor at a covered dish supper, wore cardboard coronets of blue and gold that carried their Cub insignia.

In addition to Patrolman Wilson, guests of honor included the Rev. J. T. Ayers, Pastor of the First Baptist Church in Goldthwaite, and Brian Smith, Executive Secretary of the Mills County Chapter of the American Red Cross. Clubmaster Delton Barnett presided.

Mr. Smith introduced Patrolman Wilson, who said that since the Cubs were properly safety-minded, he would direct his remarks at the adults present. He gave Brother Ayers an enjoyable time when he told of an experience which caused him to arrest a Preacher for driving on the wrong side of the road in order to avoid alleged nails, tacks and other hazards to automobile tires on the right side of the road.

Male members of the audience, instead of being properly subdued, booed the speaker with all good nature when he pointed out that women, who do most of the driving nowadays, have fewer accidents than men. Reducing his topic to its most simple terms, Patrolman Wilson said:

"Safety can be described best as requiring merely 'good manners and common courtesy.'"

The Cubs again came into their own when awards for their progress in their Den work were made.

Gold awards for achievements were awarded to the following: Danny Gallorey, Don Rudd, Duffy Harris, Charles Wilkins, Darrell Yeager, Tommie Long, Gene Waddell, Bobby Laughlin, Clarence Dells, Del Williams, Jack Carothers, Gary Leverett, Herschel McNeil, Gary Straley, Max Shepherd, Del Barnett, Harvey Ekins, Nathan Carothers, Terry Pribble, Charles Collier, Gerry Head, Noel Burdette, Farrell Thorne, and Jackie

Curlee CLOTHES For Every Occasion If you are one of those men who appreciates the value of a smart, well-groomed appearance—regardless of the hour or occasion—then your natural choice is a Curlee Spring Suit.
