

## There's Yet Time To Make Clean-Up Week Big Success

Although many vacant lots throughout Goldthwaite continue to present sorry sights because their owners ignored Clean-Up Week, sponsored by the City Fathers and the Goldthwaite Garden Club, removal of trash and accumulations of debris proceeded apace this week under the direction of City Utilities Manager W. C. Barnett.

Harve Wilson, assisted by Amos Hawkins and Watson Wright, said he figured he would have trucked away nearly 30 loads of stuff that had been cleared from lawns and lots by the time the week was out. Mr. Barnett said that Mr. Wilson and his crew would keep on hauling, even into next week, until the Clean-Up job has been completed.

Mrs. M. F. Horton, Chairman of the Garden Club's Civic Committee, pointed out that there still is time for late-starters to get going on the task of making all of Goldthwaite present an attractive appearance.

"So many have cooperated in both the spirit and the purpose of our annual Clean-Up Week that it is to be hoped that the participation can be recorded as 100 per cent before the week is out," Mrs. Horton said.

## Quarterback Club Will See Eagles On Film Monday

The Goldthwaite Quarterback Club, composed of ardent citizen supporters of the athletic programs of the Goldthwaite Schools, will meet at 7:30 o'clock next Monday night at the Vocational Agriculture building at the school, President E. B. Gilliam, Jr., said this week.

## Obenhaus Better

Justice of the Peace E. A. Obenhaus, who recently underwent a surgical operation at the Medical Arts Hospital in Brownwood, was expected to return to his home in Goldthwaite before the end of this week. The wonderful news is that Mr. Obenhaus is doing nicely. Now, if only County Clerk Earl Summy will issue a flock of marriage licenses so that as soon as he is up and about again, Mr. Obenhaus can officiate at some weddings, his recovery will be sure to be complete.

## T. F. White Leads Warriors From GI School In War On Death Camas

War was declared this week on Death Camas, a poisonous grass that has become more and more prevalent in Mills County, by T. F. White, teacher of the Goldthwaite class in vocational agriculture at the Mills County Vocational School.

With the members of his class in attendance, Mr. White staged a demonstration of his attack on Death Camas last Tuesday on the property of one of his students, Ray Eubank, south of Goldthwaite. It will be next week before the results of the battle will be known.

Death Camas, Mr. White pointed out, belongs to the grass family. It is so much of a menace to livestock that one-half of one per cent intake of the live weight of an animal will kill it. The symptoms are paralysis, bloating and other signs of a highly toxic condition.

## Precautions Against Rabies Urged By Dr. Childress After Case Here

### Mayor Long And Judge Porter Ask Rabies Control

Mayor Loy Long and County Judge Lewis B. Porter joined this week in a statement urging all residents of Goldthwaite and Mills County to follow strictly the advice against rabies that is printed in an adjoining column in this newspaper on the authority of Dr. M. A. Childress, Goldthwaite City Health Officer.

"While we do not wish to create any undue alarm, it is absolutely necessary that all possible steps against rabies infection be taken," Mayor Long and Judge Porter said. "We make the following requests and ask that they be observed by everybody:

- 1 — Follow the advice and instructions of the Goldthwaite City Health Officer, Dr. M. A. Childress.
- 2 — All owners of dogs will please keep them confined and away from contact with any other animals until further notice.
- 3 — In the interest of safeguarding the public health and unfortunately though it may be, it will be necessary to destroy all dogs that may be found running at large.
- 4 — We urge that all dog owners and those who have regard for the welfare of their pets have them inoculated against rabies at once.
- 5 — Further, we urge that there be no negligence in case any person is bitten by any dog, no matter how minor the hurt may appear to be. In the case of any possible danger of rabies infection, medical advice should be sought immediately.

Mayor Long and Judge Porter said that the public authorities will take every step possible to protect the public health against the danger of rabies and that consideration is being given to the problem of dealing with predatory foxes—of which many have been reported around Goldthwaite recently.

Miss Virginia Stockton of Randolph Field and Mrs. Beryl Robertson of Llano were here recently visiting their parents, Mr. and Mrs. N. E. Stockton and other relatives.

Vote—School Elections—April 7

Following confirmation by the Texas Health Department of a case of rabies in Goldthwaite this week, Dr. M. A. Childress, City Health Officer, issued advice and instructions to all persons and especially to owners of dogs and cats. The chief admonition by Dr. Childress was to keep all dogs and cats confined so that they may not come into contact with any other animal.

The necessity for a virtual anti-rabies quarantine arose after Wellie Saylor, aided by L. B. Burnham, killed a fox that proved to be rabid late last Saturday night. The fox had attacked the Saylor and Burnham dogs outside the Wellie Saylor home about ten o'clock Saturday night. After the fox had been mauled by the Saylor and Burnham dogs and by a white dog whose owner has not been identified, Mr. Saylor shot the fox.

Subsequently Mr. Saylor and Mr. Burnham took the carcass of the fox to Austin. After a laboratory analysis, Mr. Saylor was notified officially last Monday afternoon by the Texas State Health Department that the fox definitely was rabid and that all proper precautions should be taken in Goldthwaite and vicinity. Immediately Dr. Childress, in his capacity as Goldthwaite City Health Officer, issued the following instructions:

- 1 — All dogs and cats should be confined so that they cannot be in contact with any other animal.
  - 2 — If any person is bitten by a dog or cat, the animal should NOT be killed. It should be observed for a period of 14 days at least. If the animal lives that long, it does not have rabies. If the animal should die, there still would be plenty of time to start injecting anti-rabies serum into any individual who might have been bitten.

## Red Cross Still Shy About \$475 Of \$2800 Quota

Mills County contributions to the 1951 American Red Cross fund totaled \$2,325.33 as against a quota of \$2,800.00, General Campaign Director Warren P. Duren said as the Eagle went to press this week.

Goldthwaite, where Ray Duren was Chairman, completed its drive last week well in excess of its quota of \$1,295.00. Ray Duren reported to Warren Duren collections of \$1,359.33.

Six other communities exceeded their 1951 quotas, General Director Duren said. They are Scallorn, M. F. Hines, Chairman; Center City, S. M. McCasland, Chairman; Jones Valley, Mrs. M. L. Jernigan, Chairman; Pompey Mountain, Ralph Duren, Chairman; Ebony, Hubert Reeves, Chairman; and Ridge, W. H. Freeman, Chairman.

Complete reports have yet to be received from Star and Mt. Olive, Mr. Duren said, and he added that Priddy continues to work in hope that its quota will be met. He said that contributions from anybody who may have been overlooked by Red Cross solicitors will be welcome, indeed, and may be sent to Warren P. Duren at his office at the Trent State Bank in Goldthwaite.

## Voters Take Over On Saturday In School Balloting

School elections tomorrow Saturday, in Goldthwaite, Mullin, Priddy and Star were expected to attract a large turnout of voters with 22 candidates running for eight posts on the four Boards of Trustees. In addition, J. H. Priddy and A. A. Downey are running unopposed for two seats on the County School Board.

Polls will be open from 8:00 o'clock Saturday morning until 7:00 o'clock Saturday night.

In Goldthwaite the balloting will be in the Commissioners Court Room at the Mills County Court House with Mrs. Eula Nickols as Judge. Her clerks will be Miss Ruby Cave and Mrs. John L. Patterson. The six candidates for the two seats to be filled in Goldthwaite are Gerald Head, Walton Daniel, Delton Barnett, W. C. Koen, Homer McCasland and Horace Brooks.

In Mullin, the voting will be at the G. I. Building with Arnold A. Reynolds as Judge and with Mrs. Margaret Tolliver and Mrs. John Plummer as clerks. The four candidates for the two seats to be filled in Mullin are H. L. Pyburn, William (Son) Lee, M. L. Ethridge and Fowler White.

Voting in Star will be at the School Gymnasium with John Soules as Judge and Mrs. H. W. McCasland and Mrs. John Soules as clerks. The four candidates who are seeking two places are T. J. Watson, Francis Knight, W. O. Whitehead and Paul Lee. The most numerous competition is in Priddy where eight candidates are seeking to fill two vacancies on the Board of Trustees of the Priddy Independent School District. They are Ernest Kohler, Albert Goerdel, Charles Niemann, Carl A. Jeske, Jr., Ewell Priddy, Otto

## Lions Club Will Give Cups May 8

At a meeting at the Hangar on Tuesday night of this week the Goldthwaite Lions Club decided that the trophies that it awards annually to Mills County winners at the big livestock shows throughout the State of Texas will be presented on Tuesday night, May 8.

Lions Club President Charles Conradt said that on May 8 cups will be awarded to Johnny Wigley for his grand championship with a Hereford calf at San Angelo, to Armand Zoe Clary for his turkey championships and to Myron Hillman of Mullin for his sheep championships.

## Annual Report Of PMA Describes Accomplishments On 534 Ranches

Reporting to the United States Department of Agriculture on the 1950 accomplishments in Mills County of the Production and Marketing Administration, L. F. Bain, Administration Officer, said this week that of 81,128.4 acres of crop land in the County, soil and water conservation practices had been applied on farms and ranches having a total acreage of 55,215.5.

### WRITES REPORT

L. F. BAIN (Eagle Photo by Wicker.)

Underlining his report with other figures, Mr. Bain said that of 1,096 farms in Mills County, 534 of them had participated in the application of soil and water conservation practices during 1950.

Of importance in connection with Mr. Bain's report, which was issued at a time when the participating producers or land Soil Conservation Service is being coordinated, it was noted that he stressed past cooperation. To achieve the results that Mr. Bain reported, he said that lines had been run and plans had been made not only by the PMA Supervisors but also by the technicians of the Soil Conservation Service and by County Agriculture Agent George G. Reese.

The work that was accomplished, Mr. Bain said involved an expenditure of \$96,179.71 by the PMA and \$32,564.33 by the work of the PMA and the U. S. owners for a total of \$127,744.04.

In a break-down of his overall report, Mr. Bain pointed to the following results:

On 25 farms and ranches terraces totaling 143 miles were constructed at a cost of \$7,790.22 to PMA and a cost of \$2,300.53 to the participating producers.

On 101 farms there were diversions totaling 112,000 feet at a cost of \$5,791.92 to PMA and at a cost of \$2,180.20 to the land owners.

On four farms, wells for water for livestock were dug. They cost PMA \$1,090.00. Since the cost was 50-50, the producers paid the same amount.

Mr. Bain said that on 160 farms, 185 dams or tanks for livestock water were built, involving the movement of 272,238 cubic yards of earth at a cost of \$27,223.80 to PMA and of \$8,724.33 to the producers.

Erosion dams were built on 45 farms. There were 305 such dams aggregating 95,158 cubic yards of earth at a cost of \$7,612.54 to PMA and \$1,011.80 to the producers.

Phosphate for winter legumes was provided for 6,312 acres of 125 farms at a cost of \$7,660.97 to PMA and at a cost of \$4,982.30 to the producers.

## Seventeen Voters Elect Moreland, Holland Tuesday

Jesse C. Moreland was re-elected and H. Everett Holland was elected to the Goldthwaite City Council in an election on Tuesday of his week in which 17, repeat, 17, persons voted. Mr. Holland and Mr. Moreland each received 17 votes. They were reappointed.

Mrs. J. H. Saylor, Mrs. Eula Nickols and Mrs. A. L. Whitaker were the election officials. They spent almost a lonely day in the District Court Room at the Mills County Court House because, since they voted, there were only 14 others who dropped in to cast their ballots.

As is reported on the editorial page of this week's Eagle, 20 years ago 13 persons voted in a City election in which W. P. McCullough, Neal Dickerson and Joe A. Palmer were elected Aldermen without opposition. Last year 23 persons voted in the Goldthwaite City election.

## Bids For New Work On Highway 84 To Be Opened In Austin April 17

Work on the re-surfacing of highway 84 from the Pompey Creek bridge eastward to the junction with highway 16 at Goldthwaite will begin soon, it was announced this week by Thomas W. Smith, Resident Engineer of the Texas State Highway Department.

Mr. Smith said that sealed bids for the highway work, which has been classified as part of the Texas contribution to the national defense effort, will be opened in Austin on April 17. In addition to the work that is to be done on highway 84 in Mills County, similar re-surfacing is to be undertaken on highway 67 between Brownwood and the Coleman County line.

In addition to calling for bids for work on highways 84 and 67, Mr. Smith also announced this

## Freddy Marshall At Odessa With Highway Patrol

Frederick Dew Marshall of Goldthwaite, who was graduated nearly two weeks ago from the training academy for Texas Highway Patrolmen at Austin, now is on duty at Odessa.

With Mrs. Marshall, the new Highway Patrolman left for Odessa, where they will make their home, on Thursday of last week. He assumed his new duties last Sunday.

After "Freddy" was launched on his new career Mrs. Marshall returned to Goldthwaite where she spent several days with her parents, Mr. and Mrs. Fred Laughlin and other relatives.

On Tuesday morning of this week, Mrs. Marshall and her mother left for Oklahoma City where they are visiting with Mrs. Laughlin's sisters, Mrs. C. L. Smith and Mrs. Raymond Gilbert.

COORDINATION IN SOIL CONSERVATION

At a time when there is action to bring about closer coordination of the work of the United States Soil Conservation Service and that of the Production and Marketing Administration, we believe that many of our readers will be interested in a first page news article this week that tells of what the PMA did in Mills County in 1950.

Under the coordination program that now is being put into effect the advice of the technicians of the Soil Conservation Service will continue to be available and the Production and Marketing Administration will continue to make possible the actual construction of terraces and diversion channels, of wells, dams for tanks, erosion dams and the means for brush eradication and control, as well as the distribution of fertilizer and seeds.

This newspaper, which is deeply interested in any effort that results in making the most of the use of the land, looks forward to even greater success in soil development, conservation and utilization as result of the program of coordination that has been ordered by Secretary of Agriculture Charles F. Brannan.

Willis A. Hill is the Chairman of the Board of Supervisors of the Brown-Mills Soil Conservation District. A. A. Downey is the Chairman of the Production and Marketing Administration Committee for Mills County. Both of them are interested in achieving what is best for the most people.

On the employee level, Ben R. Day, Chief of the Goldthwaite Work Unit of the U.S. Soil Conservation Service, L. F. Bain, Administrative Officer of PMA, and County Agriculture Agent George G. Reese can be depended upon to work together—in the public interest.

Accordingly, as we continue to publish the news of the work of the SCS, the PMA and the County Agent, we hope that it will serve not only to encourage the Cooperators and Producers who already are participating, but also that it will draw into the program those who have not yet asked the Soil Service for a "plan" or who have not taken advantage of the financial aid and mechanical facilities that can be provided by the PMA.

Every year fewer and fewer people work the land from which our sustenance comes. Accordingly, the needs of the people as a whole can be met only by greater operating efficiency, full application of soil conservation practices, and the most widespread dissemination of the most scientific methods of farming and animal husbandry.

All of us should be grateful for the PMA report that the Eagle publishes this week, for the report of the Brown-Mills Soil Conservation District that was published recently and for the encouraging attitude that has been taken by leaders such as Mr. Hill and Mr. Downey and by such technicians and administrators as Mr. Day and Mr. Bain.

Washington News

(Editor's Note: Amidst the furore over General Douglas MacArthur's cry against continued bloodshed in Korea, David Lawrence has written an article which, it seems to us, seems to place the issues involved in their proper perspective. The article by Mr. Lawrence is reprinted in full herewith.)

By DAVID LAWRENCE

Being a military commander in behalf of the United Nations forces certainly has its handicaps. General MacArthur issues a statement saying that it is time for field officers of both sides to talk over a truce and pointing out that in any extension of the Korean war, China would be beaten, but his very statement is criticized here and abroad as indiscreet and not in keeping with U. N. instructions.

Actually General MacArthur, as field commander, has a right to say what he pleases to his enemy in the field—even to threaten and to use harsh words—if thereby he can persuade the enemy that resistance is futile and that the consequences of a prolonged war would be disastrous to the enemy.

But the reaction in some U. N. quarters and in some circles in Washington now is that MacArthur is stepping into the diplomatic area—as if forces fighting a murderous engagement are to be required to let their every maneuver be subjected to review by a debating society of diplomats.

Last week saw the culmination of many secret conferences between the governments whose forces are engaged in Korea under General MacArthur. These conferences, held in Washington—in which all executive departments of our government participated—resulted in an attempt to formulate a new declaration of policy.

The Chinese Communists, however, probably haven't the slightest intention of resolving the U. N. dilemma by ending the fighting now. They have every advantage in not doing so. They know the U. N. is confused and divided and will not allow penetration for any substantial distance into North Korea.

So why should the Chinese quit? The U. N. "hesitatorists" who want to stick around the thirty-eighth parallel indefinitely and then repeatedly ask the Chinese to come and negotiate are at it again. Every such invitation has been rebuffed by the Chinese, and every future invitation will be rebuffed until Russia—the master of Communism—(Continued on page 11)

The Eagle's

By The Editor

Part of my fun in life is that in addition to enjoying my own mail hugely I also am privileged to read much of the mail of other people. Since our Franklin Dew Weathers went off to join the U. S. Navy, I have been looking over the shoulder of his mother, County Treasurer Bertha Weathers. Naturally, she has been hearing from our Franklin. The editor believes that readers will be interested in "The Life and Times of Franklin Dew Weathers" since he was transplanted from Goldthwaite to the Navy's boot camp at San Diego, California.

First, our Franklin goes to bed at 8:30 p. m. That ought to be a matter of interest to many a person who, on nights not so long ago, were accustomed to seeing our Franklin very much abroad long after 8:30 p. m. The editor has been fearful of saying anything about our Franklin's new bed time to Roy Lee Hill because, sure as shooting, the Eagle's Mechanical Superintendent would seize upon the opportunity to remark that if our Franklin had retired that early in Goldthwaite it might have been possible for him to appear on time for work once in a while, at least.

Second, it is likely to be of considerable interest to many persons to know that these days our Franklin is considerably restricted in his social life. But there is a great day coming and then—look out, San Diego! Franklin has been at the U. S. Naval Training Center at San Diego since March 25. Three weeks from then, or on April 15, will bring our Franklin's first liberty. He is preparing for it with a provident attitude that must have been developed for him, already, by the Navy. He was not particularly provident when he roved these parts—as was evident to anybody who was privy to our Franklin's financial situation between pay days. Now, however, Franklin is looking ahead and providing for the day of his first liberty from boot camp.

In a very recent communication to his mother, our Franklin confided that he was down to one dollar—and had NO way of spending it. So far, so good. However, our Franklin went on to write as follows: "Mother, send me about five or six dollars within three weeks. I won't get a pass for a while. I have one dollar; I can't spend it. But I can in three weeks." That is why the editor warns San Diego to look out on the first day that our Franklin receives his first liberty pass.

At boot camp, our Franklin also shines his own shoes. In a postcard to Mrs. Weathers last week he said that was a chore he had just finished. In another communication to his mother our Franklin gave just a little reflection of some homesickness. Accordingly, the editor thinks it would help if a lot of people would write to our Franklin. Even postcards would help. The address is: Franklin Dew Weathers, Company 51-374, U. S. Naval Training Center, San Diego 33, California. The editor is hopeful that one of the very first cards will be sent by our Miss Pearl Crawford of Chappell Hill. Last year Miss Crawford presented our Franklin with some huge paper poppies. They still adorn the linotype machines in the Eagle's composing room and a postcard from Miss Crawford would make our Franklin automatically think of that day on which our Miss Crawford fussed him so much with her presentation of posies.

As for our postcards—they are on the table which asked for six bucks as a fee. Mr. Franklin would be well advised to pay the fee on the liberty pass stamps shown to the Editor and Mrs. Ervin and Mrs. You know why that the girls' office don't like ANYTHING, and to put either the editor in the tormenting them.

As for his own letter from Mr. Landers of Br. Along with a readers, Mr. and expressed interest of soil and water practices that fond of printing some more of it and on page one and Mrs. Landers her they wrote it lows:

"We certainly find articles of we read every (T. C.) Graves had grass for and love it."

Just in case suppose that Walker of An asleep at the recorded that some esting mail this a letter from but local election sight Old Friday up about wake up. Keep Before you know here and the able to speak in polls in a big ve communication quites apathetic stern task office have been in off they think they tols, whether it Austin."

Now it can be ficial that some truly is here, L. P. Huddleston says that one years have failed to provide of the end of mesquites are put Doc Huddleston sign of his own farewell to write and around the shirt-sleeves last noon. A sign that out of 40 years Doc.

The mystery of has been heard Pearl Crawford's electric eels firm solved. It seems our Miss Crawford her re-charged to follow her own nize their own down with the Miss Crawford was and ignoring all further public electric eels that in Chappell Hill made Mrs. Dora alive in Star, Mrs. left entered the Crawford's own C. M. Bramblett and when the right to make plenty busy for Crawford has electric eels to the moon for the of making a Bramblett?

## Goldthwaite HD Club Will Meet With Mrs. Ross

The Goldthwaite Home Demonstration Club will meet at two o'clock on Tuesday afternoon of next week at the home of Mrs. Allen Ross. Since the Ross home is just three doors north of the home of Mrs. Eula Nickols, Reporter, the members will assemble at the meeting place instead of following the usual practice of gathering at the Nickols home.

"We hope that every member will be present and will try to bring a new member," Mrs. Nickols said.

The last meeting of the Club was held on Tuesday of last week with Mrs. Glenn Lewis as hostess. Mrs. Nickols reported that nine ladies were present and that instead of serving a mere luncheon, Mrs. Lewis produced a "big dinner." Then Mrs. Nickols went on to report as follows:

"Mrs. L. B. Hart, I am sure, is looking beautiful by now since she is the lady who got the permanent wave. (The meeting with Mrs. Lewis was a Beauty Jamboree.) Mrs. Floyd Sansom also is looking pretty as she got a set. Mrs. A. L. Cole, Mrs. Tom McArthur, Mrs. Lewis and Mrs. Harvey Hale got facials."

The report by Mrs. Nickols on what happened to her has been censored on the grounds that it was not fair to Mrs. Nickols. It is necessary to report only that Mrs. Nickols was an observer rather than a participant in the Beauty Jamboree.

Visitors who attended the session at the home of Mrs. Lewis were Mrs. C. C. Wright, Mrs. George M. Fletcher, Mrs. J. V. Gage, Mrs. George Lewis and Mrs. Joe Burdette.

host of friends around them, they expect that four of their five children and some of their grandchildren will be home too.

Mr. and Mrs. Mason were married 50 years ago at Center City. Mrs. Mason, who is 70, is the former Pearl Lee Waldon. She was born in what now is Mills County but in what was Hamilton County 70 years ago.

Mr. Mason, who also is 70, was born in Kansas. He came to Texas in 1891 and after living in the Gainsville area for a while he moved to Mills County in 1899.

The Mason children who are expected home to help to celebrate the Golden Wedding anniversary of their parents are W. Freeman Mason of Grand Prairie, Mrs. Nora Field of Paris, J. D. Mason, also of Grand Prairie, and Mrs. Edith Hill of Lawn. Another son, J. L. Mason, lives in California and he will not be able to come home for the big doings of next Sunday.

## Now You Have Until April 30 To Collect Flaps For Garden Club

After having supervised the dumping of several loads of sand and fine black topsoil on the grounds of the Jennie Trent Dew Library this week, Mrs. Jim Weatherby received with paens of joy from Mayor Loy Long the announcement that the deadline for collecting end flaps from packages of Meadolake Margarine has been extended to April 30.

Mayor Long gets into the story because he is a grocer.

Mrs. Weatherby gets into the story because she is the Chairman of the Goldthwaite Garden Club's Library Committee.

The Garden Club gets into the story because its major civic project for this year is the landscaping of the grounds around the Jennie Trent Dew Library.

And Meadolake Margarine gets into the story because for each flap from said margarine bearing a likeness of Mrs. Tucker, the Garden Club will receive five cents.

Now, with all of that out of the way, Mrs. Weatherby does not have nearly enough end flaps from Meadolake Margarine to even begin paying for the landscaping of the Library grounds. It will be a sorry situation indeed, Mrs. Weatherby says, if those loads of topsoil just sit around on the Library grounds waiting for rain to wash them away.

"SO PLEASE, EVERYBODY, buy Meadolake Margarine and send the end flaps to me," Mrs.

Weatherby said. "You don't have to like margarine, all you have to do is buy it and eat it—and it must be Meadolake if the end flaps are going to do the Garden Club and, accordingly, the community, any good. Your grocer, not only Mr. Long but also Piggy Wigley, Duren, the South Side Grocery and the others will remove the end flaps for you and deliver them to the Garden Club—right up to April 30."

## FHA Girls Attend Area XI Meeting

President Mildred Hale of the Future Homemakers of America at the Goldthwaite High School, Marjorie Whitt, Janie Long, Barbara Vaughan, Patsy Hale, Myrlene Reynolds and Miss Elna Fouse, Chapter Sponsor, attended the annual meeting of Area XI, FHA, at Stephenville on Saturday of last week. Miss Whitt was installed as the Fourth Vice President for the Area and, as the outgoing Reporter, Mildred Hale was presented with other outgoing officers on a program that was broadcast by the Stephenville radio station. As their part of the program the local FHA girls appeared in a skit which demonstrated how they had raised funds for their treasury by doing household chores for Goldthwaite residents.

## Junior Class Play Friday Night Survives Numerous Rehearsal Woes

Tonight, Friday, at eight o'clock, the Junior Class of the Goldthwaite High School will present the play, "Nearly Sixteen," at the Grammar School Auditorium. A fine production has been promised by a competent cast that has surmounted numerous problems which include:

1—Interest by Senior boys in Junior girls.

2—Dates at the Lometa roller skating rink that have interfered at times with rehearsals.

Pondering the problems of "Nearly Sixteen," one of the members of the cast, Miss Betty John Jackson, posed these questions:

"I wonder why the girls don't want to rehearse on Tuesday and Thursday nights. Could it be that they are interested in boys at the skating rink in Lometa?"

"Also, we are wondering why the Senior boys always are at the Junior play rehearsal. It couldn't be that they are interested in the Junior girls, or could it?"

After asking her questions, Miss Jackson continued with the following discussion of the trials and tribulations of a cast in rehearsal:

"At any rate the girls like to

get off early. Last Thursday night the boys in the cast also asked to leave early. And one night the girls appeared very disturbed during a rehearsal. When they were asked what was so upsetting, they said they heard rats gnawing! That started an investigation and the investigation showed that the noise of gnawing rats came from Billy Harrell Anderson, who was whittling on a chalk box.

Whatever happens, don't let the problems involved in producing "Nearly Sixteen" keep you from seeing the performance tonight, Friday. Tickets may be obtained from any member of the Junior Class — for only 50 cents. It will be worth it just to see girls who could be frightened by Billy Harrell Anderson as he whittled on a chalk box.

Members of the cast of the play, which has been under the direction of L. E. Burks, are John Weaver, Betty John Jackson, Sandra Bain, Bobby Carr, Winona Lawson, Vernon Whittley, Bobby Joe Davis and that old whittler, Billy Harrell Anderson.

The play is about the problems of young people with their parents — and about the problems of parents with their children.

## All Is Confusion As Circle II Of WSCS Banquets Class Of 1951

Everything was backwards at the First Methodist Church in Goldthwaite on Friday night of last week when Circle II of the Women's Society For Christian Service entertained the Senior Class of the Goldthwaite High School at a banquet at which the dessert was served before the main course.

Coming so close to April Fool's Day, the occasion concluded with the singing of "Jingle Bells." A male quartet was introduced as Charleston dancers and a vocalist was presented as a violinist. Those who attended wore their clothing backwards, the boys were dated by the girls, instead of vice versa, and everything generally was glorious confusion under the general chairmanship of Mrs. Louis Glass. Despite the planned chaos, Mrs. Lloyd King produced food that was consumed in the usual manner and Mrs. Talbot Ledbetter was responsible for interesting decorations that won much favorable comment.

The highlight of the program was an address on "The Goal of Life" by the Rev. Bob Breihan, a youth worker with the Inter-Board Council of the Methodist Church, which has its headquarters in San Antonio.

The "foolish Four," a quartet consisting of Fred Smart, Virgil Terry, Harvey Parker and Jimmy Hays, provided sparkling entertainment, and Miss Janetha Welch sang "Abadaba Honeymoon," with Mrs. Ed H. Lovelace as her accompanist. Miss Bobbie Blackburn was one of the hits of the evening with her reading of "Betty At The Baseball Game."

About 66 guests were present—many of whom were seen walking backwards around the Square for several days after the banquet. When last seen, Mrs. Glass was walking backwards out of the Eagle office.

The Rev. and Mrs. A. P. Valentine of Mason spent Monday night and Tuesday with her grandmother and uncle, Mrs. C. F. Williams and Bill.

Maternal grandparents are Mr. and Mrs. W. O. Oden of Rt. 1, Goldthwaite, and the paternal grandparents are Mrs. Ruth Lee of Goldthwaite, and Mr. Robert E. Lee of Austin.

## Canasta Saturday At Rock Springs

A canasta party that was to have been held last Saturday night under the auspices of the Rock Springs Community Club and which had to be postponed will be held tomorrow night, Saturday, at the Rock Springs School House, it was announced this week by Mrs. Floyd Manuel, Reporter.

Mrs. Manuel said also that the next regular meeting of the Club will be held on Thursday afternoon of next week.

## Holmans Visit

Mr. and Mrs. Jim Holman and their children of Hutto were luncheon guests on Tuesday of last week of Mr. and Mrs. C. G. Featherston. They were returning to their home after having spent the Easter weekend in Brady with Mr. and Mrs. I. Z. Woodard and Betty and Bob. Mrs. Cecil Parker and Mary and Mr. and Mrs. Floyd Manuel also were visitors in the Featherston home.

## Priddy Dance

### T. F. Elliott's Pioneer Claims Challenged; Livergood Consoles

That recent claim by Thomas Franklin Elliott that in years of residence he is the oldest pioneer in what now is Mills County is being challenged all over the place.

As the Eagle reported last month, Mr. Elliott has lived hereabouts for 72 years. His claim was no sooner in print than Mrs. Ray Davis let it be known that "Aunt Maria" Stark has been here for 75 years.

But that was only the start of the challenges to Mr. Elliott's claim. Henry C. Ezzell proclaimed recently before a considerable assortment of witnesses that he had pioneered around here longer than either Mr. Elliott or Mrs. Stark.

Then came M. F. Davis. Mr. Ezzell probably will be able to talk him down because Mr. Davis is only running neck and

neck with Mrs. Stark. Mr. Davis who is 76, also has been hereabouts for 75 years—or since he was a year old.

All of the above claimants, however, have been topped by Tom House of the Live Oak community. His claim was entered in the record this way:

Last Monday afternoon the Eagle's Roy Lee Hill was sauntering down Fisher Street after work, when he should have been on his way home, when he met Mrs. House. Their conversation was such that it moved Mr. Hill to write what in all probability is the only letter he ever composed to any editor anywhere. Mr. Hill wrote as follows:

"Mrs. Tom House says to tell the editor that her husband, Tom House of the Live Oak Community, says Mr. Elliott is

only a 'youngster' in point of longevity (?) in Mills County. Mr. House has lived in Mills County for 77 years. At present he is too busy plowing to make a personal call on the editor but will try to see him at a later date."

That letter was signed simply "Roy." The editor found it stuck in his typewriter and it took him two hours to figure out who "Roy" was.

Another letter also was received by the editor and it may be consoling to Mr. Elliott. It came from John Livergood of Fresno, California. Mr. Livergood wrote that he came to live in Mills County in 1903, settling on the old Bob Burns place near Antelope Gap. He went to school at Antelope Gap and at Pleasant Grove. Then Mr. Livergood wrote the following:

"I read the letter in the Eagle by Mrs. Eula Nickols with great interest. She spoke of the rock in front of her home. She said that if the rock could talk it could tell quite a story. Well, I know where there are a lot of rocks and if they could talk they could tell stories. I am sure that a number of people have seen the rocks of which I speak. They must wonder who put them where they are. I did it!"

"In the winter of 1903 and in the spring of 1904 I worked for Thomas Franklin Elliott, who lived near the old Bob Burns place, where we lived. I picked those rocks up out of Mr. Elliott's field by hand, loaded them into a wagon and drove down near the west side of his pasture. There I would shove them out. They made huge piles. I was only 15 and Mr. Elliott paid me 25 cents a day. I was glad to get it, too. I worked at one time on the roads at Antelope Gap and at Goldthwaite. Also, I was section foreman at Goldthwaite and Mullin. I have worked for the Southern Pacific Railroad as section foreman since 1918. I am looking forward to 1953 when I will be old enough to retire at 65 years young."

### News Of Star

By DORA GOODE

The Rev. C. A. Hogan and wife, Mrs. Lonnie Baker and Mrs. Hardy Collier represented Star Methodists at Center City in quarterly conference Saturday night.

The Rev. Spellman, District Superintendent, preached at Star Sunday, with a large crowd in attendance. There were Church visitors from Center City, Pleasant Grove and Moline.

Mrs. Hazel Waddell has returned home after spending the winter in Austin. She was accompanied home by her daughter, Mrs. Ben Udd, who will spend the summer with her mother, as her husband is in Korea.

Mrs. Doris Harper Hasty, of Bangs, visited with her parents, Mr. and Mrs. P. O. Harper, one day last week.

Recent visitors in our community were Mrs. Estine Hamilton of Winters, and her mother, Mrs. Hettie Fields, of Evant. We are always glad to have folks come "back home" once in a while.

Mr. and Mrs. J. J. Witty had their daughter, Royce, and her husband from San Angelo, home recently.

We wonder sometimes how some people seem to be more lucky and prosperous than others. Look at Mr. DuPuy—he's got the best garden going. Didn't wait for rain, still days or warm weather. Didn't even wait for the Post oak leaves to get as big as squirrel's ears before planting garden things. And now, while the rest of us are running furrows, dropping seeds and the like, hoping for another shower, he's leaning over the garden gate looking at long green rows of corn, beans, greens and what not, pushing up to meet the sun, wind and dew, to fulfill their destiny at the dinner table. Just two weeks, difference in planting makes a whopping lot of difference in a garden in early spring in Texas, especially when showers are few and far between.

Bill Hogan, from army camp, was in home Sunday for a visit with his parents, the Rev. and Mrs. C. A. Hogan.

Mr. and Mrs. J. J. Witty went to San Angelo Sunday to be with a little grandchild who is very, very ill.

Mrs. Lonnie Baker was visiting in Evant one day last week. Thomas Ed Hurst has changed hobbies. He's sold all his banties and rabbits, and is going into the Cornish Game business. Good luck, Tinker.

Mrs. Cliff Wickliff and baby and her mother, Mrs. Barnes, of Hamilton, were visitors in the B. P. Goode home Sunday afternoon.

### Ten Enroll For Red Cross Course In Maternal Care

Ten ladies and no bachelors or males of any other kind, shape or description have enrolled for the American Red Cross course in mother and baby care that is being taught in Goldthwaite as part of the national defense effort by Mrs. M. Y. Stokes, Jr.

Mrs. T. C. Graves, Red Cross Home Nursing Chairman in Mills County, said this week that those who are studying under the teaching of Mrs. Stokes are Mrs. J. C. Long, Mrs. Clarence Heath, Mrs. Herbert Kerby, Mrs. Tommie B. Harper, Mrs. Fred Reynolds, Mrs. Dayton Boren, Mrs. Charles Haenisch, Mrs. Frank P. Bowman, and Mrs. Winell Page.

At a meeting of the class on Tuesday afternoon this week the students, in addition to receiving instruction from Mrs. Stokes, also heard a lecture on nutrition by Miss Elna Fouse, teacher of domestic science at the Goldthwaite High School.

Tuesday's meeting at the Baptist Education Building also was attended by Miss Miles, Red Cross Regional Home Nursing Director, whose headquarters are in St. Louis.

Mr. and Mrs. Floyd Manuel of Rock Springs spent last weekend with Mr. and Mrs. Jim Holman and their children at Hutto.

### Mrs. Henry Harkey And Her Two Children Die In Highway Crash

Tragedy on highway 67 near Miles late last Sunday afternoon was felt keenly in Goldthwaite this week because the accident took the lives of Mrs. Henry F. Harkey—the former Mordine Brown—her two children, Carolyn, 7, and Nancy Ruth, 3, and the driver of the car that crashed into the one in which they were riding.

Mrs. Harkey, who lived at Mertzton, was a niece of Jim and Clyde Faulkner of Goldthwaite. Her mother, Mrs. Roy Green, now lives at Winters. Mrs. Harkey, who was born and reared in Mills County, was an alumna of the Goldthwaite High School. Before moving to Mertzton she lived in Fort Worth.

The tragic accident occurred three miles east of Miles when, according to accounts of witnesses as given to the Highway Patrol, a car driven by J. V. Daniel of Abilene appeared to go out of control and crash head-on into the Harkey vehicle. Mrs. Harkey and her

children were killed instantly and Daniel died on Monday in hospital at Ballinger.

At the time Mrs. Harkey and her children were returning to Mertzton from Fort Worth, where they had been weekend guests of Mr. and Mrs. J. R. Bouldin. The life of Henry Harkey was spared because he had returned to Mertzton earlier, driving a new pickup that he had purchased in Dallas.

Funeral services for Mrs. Harkey and her children were conducted last Monday at the Church of Christ in Mertzton. They were within 47 miles of their home when they were killed.

Cpl. Walter (Toby) Bryant of Fort Sill, Oklahoma, was here over the weekend visiting his wife and parents, Mr. and Mrs. Arthur Bryant. On Sunday, Cpl. and Mrs. Bryant visited in Lampasas with her father, Bert Randall.

### Tom Boyd

Tom Boyd of London, son of Mr. and Mrs. Goldthwaite, recently to member National Honor Society at the Lufkin. He is a member of the Lufkin Club at his school. He is a member of the Lufkin Club at his school. He is a member of the Lufkin Club at his school.

Mrs. R. E. Wood spent Monday in her parents, Mr. and Mrs. Gerald.

Mr. and Mrs. C. of North Brown with their daughter Yeager.

Pvt. Henkes, who was graduated in mid-term this year from the Goldthwaite High School, enlisted in the Air Force last February. Mrs. Henkes and another son, Johnny Ray, recently spent a weekend in San Antonio where they visited Master Sergeant and Mrs. Robert G. Walton at Randolph Field. Mrs. Walton is Mrs. Henkes' daughter. Private Lee Roy Henkes was able to spend the day with his family at Randolph Field.

**Weathers Family Boasts Sergeant As Well As Cob**

Thomas A. Woodley, who is a son-in-law of Mills County Treasurer Bertha Weathers, has been promoted to the rank of Sergeant, it was announced this week at Camp Roberts, California, where Sergeant Woodley is stationed. His previous rank was that of Corporal.

Sergeant Woodley is attached to Company "B" of the 48th Armored Infantry Battalion. During World War II he enlisted in the United States Navy, in which he served from 1944 to 1947. Then he enlisted in the Army and was assigned to Camp Roberts, where he was appointed to mess hall duty. He is serving now as a mess sergeant.

In announcing Sergeant Woodley's promotion the Army injected a whimsical note when it said: "Mrs. Woodley may put the Sergeant in the kitchen and tell him to get dinner ready when he comes home on leave."

With her daughter, Wanell, Mrs. Woodley, the former Geraldine Weathers formerly lived in Goldthwaite. Although he is from Colorado City, Sergeant Woodley also regards Goldthwaite as "home."

Mrs. Woodley has lived for the past several months near Camp Roberts in California.

Camp Roberts, which was one of the largest replacement centers during World War II, was reactivated in August of last year as a basic training center. It is the home of the 7th Armored Division.

By PEARL CRAWFORD

Every one was very happy after the nice rain of last Monday and Tuesday.

Bill Partin helped Jay Partin sow grain Friday.

G. H. Crawford planted garden Saturday.

Tom Stevens helped W. J. Weatherby with his sheep Thursday.

N. C. Karnes finished shearing goats Thursday.

Most all the farmers are discussing prospects for their corn crops. We keep having cool northers. We hope old Jack Frost doesn't bite our gardens and little corn.

Most every one attended church some where Sunday.

Pover Smith was sick with flu Wednesday.

Tommy and Jimmie Partin were on the sick list a few days.

W. J. Weatherby was at his ranch Saturday. He spoke of the nice rain. He thought it was slow and general over the county.

L. A. Crawford enjoyed a visit with his aunt, Mrs. B. F. Boydston and her son, C. B. Boydston of Lubbock, who were business visitors in Goldthwaite Thursday.

We liked Franklin Dew Weathers' picture very much, and are sure his mother will miss him so much. Good luck to you Franklin.

We also miss our little grocery "boy" Bobby Long. We were happy to hear from you when we were in town Friday. "Bobby, keep those phone calls coming."

We were happy to see Mrs. Mark Manuel from Springtown in town. Mrs. Manuel was spending a few days with her parents, Mr. and Mrs. Luther Geeslin.

**You'll have oil!**

The oil industry is better prepared than ever before in history to supply the country's needs for petroleum products. Continuous exploration and development have established the necessary reserves, refining capacity has been increased, transportation facilities have been improved and extended.

Operating competitively in free America, the oil companies have brought U. S. oil resources to a state of readiness not equalled in any other country.

In the past year, the daily needs of the American people plus the extra needs of national defense increased the demand for oil by about

a half-million barrels daily. It was produced at once. Cars and trucks continued to roll, farmers' equipment stayed in the fields, industries powered by oil continued to operate; not an airplane was grounded, not a ship stayed in port, for lack of fuel.

Nevertheless, the industry recognizes that all-out defense preparations will pose many new problems; that some petroleum products may be reduced in quality; that some sacrifices may become necessary.

But the oil is here; it's available. You'll have oil.

## Howard Payne Life Service Band At Mullin Baptist Church Sunday

## Walter Campbell Of Mullin Died Monday Aged 74

Walter Campbell, 74, who had been a resident of Mills County for more than 50 years, died in Brownwood last Monday. His home was in Mullin, where he was a member of the Church of Christ.

Funeral services were conducted at the Church of Christ in Mullin on Wednesday afternoon with Minister Moore Eubanks officiating. Interment was in the Mullin Cemetery with arrangements by the Fairman-Wilkins Funeral Home of Goldthwaite.

Mr. Campbell is survived by two sisters, Mrs. W. L. Barker and Miss Florence Campbell, both of Mullin. He was born in Gile County, Tennessee, but came to Texas as a young man. Pall bearers at the funeral were Z. T. McGowan, Aaron Bean, A. M. Davidson, Maurice White, Bud Carlisle, and Charles Hays.

### Remember Easter?

Mrs. Glynn Calder and Mrs. Alvin Ketchum entertained the Beginners Sunday School Class of the First Baptist Church of Mullin at the home of Mrs. Calder on Saturday, March 24th, at 2:30 P. M. Easter eggs were hidden by the larger girls and afterwards refreshments of cake and cold drinks were served. Those present were: Mrs. Bill Anderson and Jane; Mrs. McCasland and daughter; Mrs. H. C. Garber and sons; Mrs. Helen Ratliff and Brenda; Mrs. Kenneth Masters and children; Mrs. N. L. Mosier and children; Mrs. Sansom and children; Mrs. Herald Locke and daughters; Mrs. McGary and children, Mary Singleton; Sue, Earline and Christine Henry; Glenda and Ronnie Calder; Mrs. Ketchum and daughters and Mrs. Calder.

Mrs. J. A. Campbell returned from a week's visit in San Antonio with her sister, Mrs. T. A. Holt and family.

David Hill of Wichita Falls and George Wayne Ellis of Democrat spent last Sunday in the home of Mr. and Mrs. G. W. Hill.

Next Sunday will be a great day at the Baptist Church in Mullin when the members of the Life Service Band of Howard Payne College in Brownwood will participate in the morning and evening services and when they will provide an afternoon of fellowship on the Church grounds.

The Rev. Henry C. Garber, pastor, said that at the Sunday morning service at eleven o'clock the Life Service Band will present the entire service, including music, testimony and preaching. There will be a similar service starting at eight o'clock Sunday night.

On the Church grounds on Sunday afternoon the members of the Life Service Band will conduct a program that will be of interest to everybody and especially to young persons. Brother Garber said. He expressed the hope that as many people as possible would take advantage of next Sunday's opportunity to take inspiration from the devotion and enthusiasm of the Howard Payne College students.

## Aggies Muster At Duren Home On April 21st

Former students of the A. & M. College of Texas who live in Mills County will gather at the home of Norman Duren in Goldthwaite at 7:30 p. m. on April 21, to carry on a tradition that is 48 years old. They will attend the annual April 21 muster of Texas A. & M. men which has been held since 1903.

The Mills County muster meeting will be one of more than 375 similar ceremonies held all over the world where Texas A. & M. College former students pay homage to their fellow aggies who have passed on, and humble tribute to the Texans who won the freedom of the state at the battle of San Jacinto near Houston some 115 years ago.

Mr. Duren, Chairman of the muster, urged all A. & M. men to attend the April 21 program.

Mrs. M. Y. Stokes Jr., Margaret Anne and Mrs. Walter Robertson spent Monday in Waco.

## News Of The Brown-Mills Soil Conservation District

L. B. Burnham has reported that the rains last week were very beneficial to the Madrid Clover and rye that he had dry-planted last fall. The clover and rye came up after the snow in February. Prospects for summer grazing from the clover looks favorable at this time.

W. A. Hill was proud of the rain because it saved "ten stands" of volunteer clover that had come up where he had harvested clover seed last year.

Mr. Hill says that his sheep are doing well on his second-year clover that is sprouting from the crown that formed last year. He has barley sowed in most of his clover that he will harvest for grain this summer. He plans to harvest ten acres of Evergreen Sweet Clover for seed.

Charlie Swindle says that his Madrid Clover is "raising up the ground" where it is volunteering this spring. In one 8-acre field where Madrid Clover

has been grown for five years, Mr. Swindle thinks the volunteer stand by plowing it with sweeps and leaving the clover in rows.

Dr. T. C. Graves has approximately 250 acres in Madrid Clover on his ranch that benefited from the recent rains. Dr. Graves is using a combination of Madrid Clover, small grain and Johnson grass for grazing, hay, soil improvement and seed production. He has found Madrid Clover especially valuable to him for fall grazing for goats.

Other farmers and ranchers have had similar experiences with Madrid Clover volunteering. None have expressed any fear that the Madrid Clover will become a pest. They know that if it grows too wild, it can always be grazed.

Many farmers are planting Sudan and sweet clover this week. The planting season is about over.

## Early Birds Breakfast Wednesday Launches Our Boy Scout Campaign

Thirty-two friends of Boy Scouting met for breakfast at seven o'clock at the Hangar on Wednesday morning of this week and, with subscriptions totaling \$150.00, kicked off the annual one-day campaign for funds for the Boy Scouts of America in Mills County.

After the breakfast Finance Chairman Joe Bailey Karnes sent four teams to work full of enthusiasm for their solicitation campaign. Those who attended the breakfast had been awakened by Boy Scouts who rang telephones to turn out the "early birds."

Scout Penn Barnett opened the meeting by leading the group in the Scout Oath. Warren Duren asked the Invocation. After the meal, Dr. T. C. Graves explained the budget of the Comanche Trail Council and outlined how the Scouting dollar is spent. Charles Conradt gave a short report on the progress that Scouting made in Goldthwaite during 1950 and 1951. Mr. Karnes then explained

how the drive was to be made.

Present at the meeting were: Mr. Karnes, Dr. T. C. Graves, Mr. Conradt, Carl Lettetter, Delton Barnett, Jesse Moreland, A. M. Pribble, Louis Glass, Earl Summy, Gerald Head, Howard Campbell, Raymond Casbeer, Glenn Collier, Dave Clements, Harmon Frazier, Ed Gilliam, W. P. Duren, W. C. Barnett, Brian Smith, J. A. Hester, Malcolm Jernigan, V. A. Hudson, Jack Reid, Ray Duren, Hope Schulze; and Ray Barnett and Wray B. Williams from Mullin.

The Scouts who telephoned also were present. They were: Penn Barnett, Lathon Jernigan, Larry Day, and James Gilliam.

Brantly Hudson, field executive of the Comanche Trail Council also was present.

Mr. and Mrs. Perry Matson, Mr. and Mrs. James White and Mr. and Mrs. Fay Looney, all of Brownwood, were guests last Sunday of Mr. and Mrs. G. P. Matson.

## F. F. A. Boys Here Have Eight Fine Calves On Feed

Eight calves now are being fed in preparation for future livestock shows by members of the Eagles Chapter of the Future Farmers of America, the Goldthwaite High School.

Y. B. Johnson, Jr., Chapter Advisor, said this week that the 1951 calf-feeding program of the Goldthwaite F. F. A. Chapter so far includes the following:

Aaron Batcheler is feeding an Aberdeen-Angus calf that was obtained from Tommy Brook of Camp San Saba. Bobby Wilcox also has a Tommy Brook Angus. Bill and Bob Parker have a Hereford that was obtained from Walter Barrett of Comanche and they also have two Angus calves from Camp San Saba.

John Weaver now has two calves on feed. In addition to the "Mighty Might," an Angus that was pictured in the Eagle recently, John Weaver this week received delivery of what Mr. Johnson described as a splendid Aberdeen-Angus calf from Luther McClung of Fort Worth, the President of the Texas Aberdeen-Angus Association.

The eighth F. F. A. calf also is an Angus that is being fed by Bobby Lettetter. Mr. Johnson said he was well pleased with the prospects in view of the fine calves that now are under the sheds of members of the Eagles Chapter of the F. F. A.

## Personals

Mr. and Mrs. A. C. Kinchele and little daughter Beverly visited here and at Center City over the weekend.

On Sunday April 1st Mrs. Marvin Weatherby of Fort Worth invited Mr. Weatherby's brothers and sister to a surprise birthday dinner. Those who enjoyed the happy occasion were: Mr. and Mrs. Walter Weatherby, Mr. and Mrs. Jim Weatherby and Mrs. Omar Weatherby of Goldthwaite, Mrs. A. F. Taylor of Eastland and Mrs. Clyde Weatherby of Miles.

Mrs. Jesse Carroll of Seminole visited over the weekend with her parents, Mr. and Mrs. Tom Keese.

Mrs. O. R. Ervin of Ranger and Mrs. Marsh Johnson were in Temple several days last week where Mrs. Ervin was at the Scott and White Hospital for a check up.

## Publisher Honored

Mrs. Beulah Kay Hicks, Co-Publisher and Co-Editor of the DeLeon Free Press, was a visitor in Goldthwaite on Wednesday. The wife of F. D. Hicks, Publisher of the Free Press, she was on her way to Austin where she was to be highly honored at the Texas Writers Round-Up for her book, "Organ Notes of Dawn."

Our first state college—Texas A. and M. is now in its seventy-fifth year

The Texas cattle industry was in dire distress around the turn of the century as the result of splenic or tick fever, commonly known as Texas fever. Carried by ticks, it killed few native cattle in Texas, but when transplanted to Northern states was deadly. Texas cattle were quarantined, and could find no outlet on the northern markets. Dr. Mark Francis, a young veterinarian from Ohio State University, came to the A. and M. College of Texas and started the search for a means of combating the scourge. He developed the technique of dipping to free the cattle of ticks, which in time led to lifting of the quarantine. A major problem still remained; purebred cattle could not be brought into Texas to improve our herds, because they lacked the immunity of Texas cattle and immediately fell victims to the fever. Dr. Francis developed the means of immunizing these cattle by inoculation and made possible the development of the modern Texas cattle industry, with its fine cattle in beef and dairy strains. Dr. Francis served as chief of veterinary research and Dean of Veterinary Medicine at the A. and M. College of Texas until his death in 1936.

Our  
WASHINGTON  
Letter  
By Congressman  
O. C. FISHER

Although not widely publiciz-  
ed, the recently reported offer  
of Spain to join a trilateral de-  
fense pact with the United  
States and Portugal, is consid-  
ered highly significant in of-  
ficial circles, particularly the  
Pentagon.

Dictator Franco has an army  
of over 300,000. Spain guards  
the Gibraltar straits and con-  
trols that narrow neck of water  
separating Africa from Europe  
through which Atlantic-Medi-  
terranean shipping must pass.  
It is the gateway to the Suez  
and the Middle East, and is  
considered one of the most  
strategic shipping passages in  
the world.

Then, too, the Pyrenees sepa-  
rate Spain from France and that  
rugged mountain range forms  
the only really effective natural  
barrier to the occupation of all  
of Europe by the Russians.  
Should they choose to march  
before the western defenses are  
perfected under General Eisen-  
hower. If the worst comes to the  
worst, military leaders point to  
the invaluable use that could  
be made of air fields in Spain  
from which to operate with  
more security.

That's why defense strategists  
have reportedly been pressing  
for more attention toward the  
Iberians. The State Depart-  
ment, on the other hand, has  
balked on collaborating with  
Franco in the past on the  
ground that the Spanish dic-  
tator has a bad record, which is  
admitted, and should change  
his domestic policies before we  
play ball with him.

But the military viewpoint—  
which has strong backing in  
Congress—seems to be getting  
somewhere. An Export-Import  
loan to Franco, sanctioned by  
Congress last year, is shaping  
up. President Truman recently  
sent an Ambassador to Madrid,  
and now the Spanish govern-  
ment suggests a pact whereby  
she would go to war on our side  
if we should be attacked—and  
vice versa.

While still a long ways from a  
reality, the Spanish gesture may  
develop into a firm alliance.  
That would implement the  
Atlantic Pact, composed of 12  
countries. And it would un-  
doubtedly be good news to Gen-  
eral Eisenhower who has made  
no secret of the fact that he  
would welcome an acceptable  
deal with Franco's government.

The only catch is that the  
Spaniards will, if a mutual de-  
fense agreement is reached, ex-  
pect Uncle Sam to provide mil-  
itary assistance so her armies  
can be better equipped and  
modernized. We are already do-  
ing that for Atlantic Pact coun-  
tries and a few others.

The point is that if war comes  
we can't be too choosy who our  
friends are so long as they're  
lined up on our side. After all,  
not long ago we had one Joe  
Stalin for an ally. Now it hap-  
pens that Franco—like Tito—is  
a dictator not to our liking, but  
it also happens that he—like  
Tito—is strongly anti-Russian  
and is, therefore, a potential  
friend of ours if the Kremlin  
should plunge the world into  
another war.

J. W. Lee underwent surgery  
in the Scott and White Hospital  
at Temple Thursday of last  
week. At last report he was do-  
ing as well as could be expected.  
His aunt, Mrs. Clyde Estep, was  
with him during the operation.  
Mrs. Jimmie Mason of Hico is  
spending this week in the home  
of her parents, Mr. and Mrs.  
Walter Henry.

## Ben R. Day's Unique Seed Drill Described In National Magazine

National recognition of the ingenuity of the Goldthwaite Work Unit of the United States Soil Conservation Service has been published in the April issue of "Soil Conservation," the official organ of the Soil Conservation Service.

Under the caption, "New Seeding Device," the magazine, which is published in Washington, described drills that now are in use in the Brown-Mills Soil Conservation District and which sow small grain and clover, as well as fertilizer, so as to provide a nurse crop for clover and nourishment for both.

The article was accompanied by a photograph of Ben R. Day of the Goldthwaite Work Unit explaining operation of the drill. The apparatus was described recently by Mr. Day in the Goldthwaite Eagle. It was Mr. Day who contrived the device, by attaching garden hose to extend clover spouts and who arranged a drag chain so that clover seed would fall in the same furrow with small grain and fertilizer—but only after the drag chain had

knocked some soil back in the furrow.

Mr. Day was credited with thinking up and making the device in order to cope with a problem that arose when farmers in this area encountered trouble because of the heaving and freezing of small grains and clover. In brief, Mr. Day's device made it possible to plant clover at 1/2 inch depth and at the same time place the oats nurse crop and the needed phosphate fertilizer at a depth of one inch or more.

## Mother of Two Praises Hadacol

HADACOL Supplies Deficient Systems With Vitamins B<sub>1</sub>, B<sub>2</sub>, Niacin and Iron

Mrs. Elmer Hise, 3225 2nd Ave., Council Bluffs, Iowa, is a good mother and like all good mothers she keeps a careful watch for the welfare of her two young children. And when little four-year-old Lucille Hise wasn't feeling as her mother knew she should do something about it, Mrs. Hise gave Lucille HADACOL because she had heard how much it was helping children who had poor appetites and stomach distress caused by deficiencies of Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron and Niacin. It helped her so much that now Mrs. Hise gives HADACOL to both of her children.

Here is what Mrs. Hise says: "My daughter has taken two bottles of HADACOL and she has been eating more than before and also sleeps better. I think HADACOL is the best thing for children who do not have an appetite. My daughter is four years old. Before taking HADACOL my daughter complained of her stomach hurting her, and I got her a bottle of HADACOL and she says her stomach doesn't bother her any more. I think HADACOL is wonderful. I am also giving HADACOL to my three-year-old daughter."

HADACOL is so effective. An important thing about HADACOL is that you get Vitamins B<sub>1</sub>, B<sub>2</sub>, Niacin and Iron in liquid form, which means that they are quickly absorbed and dispatched to the blood stream, ready to go right to work. HADACOL helps build up the hemoglobin content of the blood (when iron is needed) to carry these precious vitamins and minerals to every part of your body.

## Ernest A. Finley Starts Revival At Church Of Christ Next Tuesday

Revival services that will start on Tuesday night of next week and which will continue through April 18 at the Church of Christ in Goldthwaite will be conducted by Ernest A. Finley of Wichita, Kansas. He is the son of Minister and Mrs. R. B. Finley. Brother Finley came to Goldth-

ERNEST A. FINLEY

waite recently to be Minister of the Church of Christ.

During the period of the revival, services will start each evening at 7:30 o'clock, Brother Finley announced this week. Speaking of his son he said:

"Following in the footsteps of his father as a Minister, he has been preaching since he was 15 years of age. He attended Freed-Hardeman College in Henderson, Tennessee, and he received his bachelor's degree in arts at Abilene Christian College. During summer months and while he attended college he worked with local Churches at Sunray and Marlin in Texas and at Temple

and Duncan in Oklahoma. Since he was graduated from Abilene Christian College he has preached for the Churches at Spur, Nacodoches and Ennis in Texas and at Morrilton in Arkansas. He has done evangelistic work in Texas, Oklahoma, Arkansas, Mississippi, Tennessee and New Jersey."

In commenting on his stewardship since coming to Goldthwaite, Brother Finley said that "fine interest has been manifested at the services and the Bible School attendance has shown a steady increase for the past four Sundays despite cold weather and much illness." He extended a cordial invitation to everybody to attend the forthcoming revival services.

### OPS Investigators

Jobs as investigators with the Office of Price Stabilization in Texas, Arkansas, Louisiana and Oklahoma soon will be filled by candidates who pass civil service examinations that will be given in the near future, it was announced this week by L. A. Sparkman, Civil Service Secretary at the Goldthwaite Post Office. Further information on the jobs, which will pay entrance salaries ranging from \$3,825.00 to \$6,400.00 annually, may be obtained from Mr. Sparkman at the Post Office.

Mr. and Mrs. Ed Gilliam, Jr., and sons spent Sunday in Brownwood with his mother and aunt, Mrs. Ed Gilliam, Sr., and Miss Ruby Long.

Mrs. George Blackburn was brought home from a Galveston Hospital the first of last week and is doing nicely.

## Social Security Man To Be Here Next Wednesday

A representative of the Austin office of the Federal Security Agency will be available to all persons with social security questions or problems in the District Court Room of the Mills County Court House at nine o'clock on Wednesday morning of next week.

In announcing that the social security representative will make his regular monthly visit to Goldthwaite next Wednesday morning, James B. Marley, Manager of the Austin office of the Federal Security Agency, pointed out that full-time workers on farms or ranchers and wage earners working in private homes now are included in the benefit provisions of old age and survivors insurance.

Further, Mr. Marley said, workers 65 years or older can now qualify for social security retirement payments with as little as 18 months of work on jobs covered by the social security system.

"I got the story on 50,000 Miles-No Wear and changed to New Conoco Super Motor Oil"

says Joe Albertson  
Traveling Salesman  
Santa Fe, New Mexico

### "50,000 MILES-NO WEAR!"—PROVED HERE:

After a punishing 50,000-mile road test, with proper crankcase drains and regular care, engines lubricated with new Conoco Super Motor Oil showed no wear of any consequence... in fact, an average of less than one one-thousandth inch on cylinders and crankshafts.

AND gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000! This test proved that new Conoco Super, with OIL-PLATING, can make your car last longer, use less gasoline and oil.

"MANY OF MY CUSTOMERS have actually gone out of their way to thank me for servicing their cars with new Conoco Super Motor Oil, because it has reduced their repair bills by a good margin," says T. S. Young, Young Motor Company, Walsenburg, Colorado. "I know Conoco Super is the finest motor oil on the market."

"I'M ON CALL 24 HOURS A DAY and my car must be ready to roll over the roughest roads in any weather," states B. P. Bryant, Oil Field Engineer, Abilene, Texas. "That's why I changed to new Conoco Super Motor Oil. Never have I had such good gasoline mileage and cost-free operation."

### Mrs. Dora Goode Responds Poem To "Rog's" Pessimism

This week's Eagle our Mrs. Dora Goode of Star read, on page, a poem entitled "Rancher's Lament" by Rog, one other than R. E. Clements, the Poet Laureate of the State of Mills County. Having pondered "Rancher's" our Mrs. Goode took her pen in hand and wrote a to it and which she has entitled, "Rancher's Joy."

After thinking over Rog's "Rancher's Lament," Mrs. Goode decided that it was too pessimistic. That is why she decided on a different version.

In defense of Mr. Clements, he wrote his poem at the height of a dry spell that has been so prolonged it spread pessimism over much of Texas. When the rains came last week, Mr. Clements promptly took credit for them, along with several thousand other rain makers. Mrs. Goode wrote "Rancher's Joy" in response to "Rancher's Lament" after the good rain fell. In sending her poem to the Eagle, Mrs. Goode expressed the hope that Mr. Clements would like it. Here it is, Rog:

#### RANCHER'S JOY

By DORA GOODE

Water's in the creek,  
Spring flowing good.  
Had a good rain,  
Knew we would.

Grain looks fine,  
Didn't mind the freeze.  
Rains got it going,  
Be to our knees.

Everybody's planting,  
Sure to come up.  
Stock getting fatter,  
So's our pud.

Mom's looking fancy,  
And we are, too.  
Don't have to worry,  
Too much to do.

Kids got the jitters,  
Off goes their hose.  
They look so bouncy—  
Umph! on their toes.

Windmills humming,  
No phone line down.  
Don't need "no" gas,  
Happy out of town.

Chickens got the cackles,  
Huntin' where to lay.  
Eggs stacking up,  
From day to day.

So what's the use  
Of a lot of bother—  
Life's one good thing  
After another.

### Nazarene Church Calls J. E. Coe As Co-Ministers

The Rev. and Mrs. J. E. Coe, both of whom are Ministers of the Gospel, have established residence in Goldthwaite where they were called to be Pastors of the Church of the Nazarene, succeeding the Rev. Edgar I. Hanna who last month returned to a former charge in El Paso and to religious work on the Mexican side of the border.

Brother and Sister Coe moved to Goldthwaite from Lockhart. Last Sunday Sister Coe occupied the pulpit of the Church of the Nazarene. They are living in the parsonage at 1403 Hutchins Street. Sister Coe again will preach at both services at the Church of the Nazarene on April 15.

It was expected that Brother Coe, who completed his work in Lockhart last Sunday, will preach at the Church of the Nazarene in Goldthwaite next Sunday.

### Mullin Future Farmers Of America Hail Their Sweetheart At Banquet

Stressing the importance to agriculture as a whole of the knowledge gained through study by members of the Future Farmers of America, J. B. Payne addressed the annual banquet of the Mullin Chapter of the F. F. A. at the Mullin School

SHIRLEY FISHER

luncheon on Monday night of this week. Mr. Payne is Supervisor of Vocational Agriculture for Area Four.

The banquet was attended by

approximately 78 guests and members of the Mullin Chapter of the Future Farmers of America, of which Don Clark is the Advisor.

A feature of the gathering was the formal presentation of the Chapter's Sweetheart, Miss Shirley Fisher, who is the daughter of Mr. and Mrs. Erven L. Fisher.

The Toastmaster was Fred Daniel, Chapter President. Gene Fisher, Chapter Reporter and brother of the Chapter Sweetheart, told of the accomplishments of the Chapter during the past year.

Entertainment was provided by Gene Fisher and Dale Mosier, who sang hillbilly songs to a guitar accompaniment.

The Mullin Chapter of the Future Farmers of America will have considerable publicity soon when the monthly Farm and Ranch News of the Fort Worth Star-Telegram will print an interview with Myron Hillman by the publication's editor, Bill Durham. Myron, who has established a widespread reputation for champion sheep, will have his story told in the May issue of the Star-Telegram's Farm and Ranch News.

### Garden Club Resumes Work On Goldthwaite Cemetery Project

Work began this week on the erection of ornamental stone posts on the east side of the Goldthwaite Memorial Cemetery as the Garden Club moved toward completion of a project that was started when the stone entrance was built.

At intervals of 40 feet stretching both north and south from the gateway, posts of Austin stone to match the entrance are being erected. Mrs. John G. Berry, Chairman of the Garden Club's Cemetery Committee, said that later there will be links between the posts, which in turn will be tied to the entrance so as to provide a barrier between highway 16 and the cemetery. A final decision on the material to be used in the barrier has not yet been reached, Mrs. Berry said.

### Star Pupils Have Fun On Kids Day

High School students at Star went back to their childhood last Saturday. Surprisingly enough, they went to school on Saturday morning until 10:15 o'clock but it was fun—for the girls carried their dolls and they dressed as they did when they were little. So did the boys, who took their marbles and toys to school.

The community had a chance to see what was happening on "Kids' Day" when the students paraded through Star before returning to the school where they boarded a bus and went to Will Boykin's place for their annual picnic. The picnic program was appropriate to the spirit of the day. The students played marbles, drop the handkerchief, baseball, and so on. Davis Owens and Star School Superintendent LeRoy Beard turned out to be the marble champions.

Pupils of the fifth and sixth grades at the Star School also had their picnic last Saturday under the supervision of Mrs. Boykin and Mrs. Winifred Sheldon. A number of photographs were taken by Kathryn Wall.

### Will Dennard Is 84

Will Dennard's 84th birthday anniversary was celebrated at noon on Tuesday of this week with what was described most enthusiastically as a "feast" by Uncle George Holland Frizelle. Uncle Holland was one of the guests. Other guests who attended the celebration party at the home of Mr. and Mrs. Hugh Dennard were Mr. and Mrs. Lon Dennard of San Angelo, Mrs. Will Daniels, Mrs. Pete Kerby and Mrs. H. C. Ezzell.

Mr. and Mrs. J. C. Wesson and daughters, Mrs. Louise Stahnke, Miss Nelda Stahnke and Mrs. W. M. Welticke drove to San Antonio last Sunday and spent the day at Breckenridge Park.

### Personals

Mrs. C. S. Dellis is in Marlin going through the Clinic at the Torbett Hospital.

Mr. and Mrs. Walter Reed of Lometa came Friday for her mother, Mrs. F. D. Webb, who has just recovered from a two-week's seige of flu. She is to be

in the Reed home to recuperate. Miss Minnie Oltrogge accompanied Mr. and Mrs. Floyd Reed of Fort Worth to Goldthwaite for a weekend visit with the latter's parents, Mr. and Mrs. Wilcox, and Mr. and Mrs. Charles Jones at Mullin. Miss Oltrogge visited her mother, Mrs. Emma Oltrogge.

## News Of The Ebony Community

By CLEMENTINE WILMETH BRILEY

We hoped for still, warm days after our rain last week, but we got a succession of cold, dry northerners accompanied by plenty of sand. However, grass is getting a little green, and the ty-tys are a beautiful green throughout the woods. Here and there a few elms are bedecking themselves in their adorable, tender green. The mesquites are not waiting to be last this year, but a few places are boldly putting out their leaves. Also a few oaks show signs of putting out. The process is all very slow, and we have plenty of bare woods yet. Since the rain, everyone is busy planting corn and maize and gardens.

The lilacs are blooming, but not nearly so bounteous as in other years. Most roses and shrubs have had to be cut back to the ground, and some may not survive. Apple, peach, and plum blooms are small and stunted. What few reports come from those who have orchards are not at all favorable. Every time I open a jar of peaches, I wonder if there will be anything to put in it this summer.

When we went to town Friday, redwoods were still in bloom, and big machinery was busy toping that Richland Springs road.

Mr. and Mrs. Eugene Egger and Mr. and Mrs. Dewey Smith were at Brownwood Saturday to see Mrs. Bob Egger, who has been sick in bed for about two weeks. Mrs. Eugene Egger also visited her mother, Mrs. Elizabeth Ketchum.

Mr. and Mrs. Don Lewis and baby, Doretha, of Fort Worth spent the weekend with Mr. and Mrs. Blue Thompson.

Ernest Malone and Roy Teague attended church at Brownwood Sunday.

Mr. and Mrs. John Briley had dinner with Mrs. Edna Dwyer Sunday after church. Mrs. Dwyer said they really had a dinner at the P. R. Reid home at Goldthwaite Easter Sunday. Mrs. Reid had roast turkey and a nice beef roast too. Mr. and Mrs. Reid had all their family (the Charm Whittenburgs and the Dale Reids) present.

Mr. and Mrs. Henry Egger of Regency visited Mr. and Mrs. Cecil Egger for a while Friday night.

Mr. and Mrs. J. R. Reeves of Owen came to Brownwood Saturday intending to bring their children, Sherry and Robert, to Ebony to spend the night with their grandparents. Mr. and Mrs. Blue Thompson. They met up with Mr. and Mrs. Taylor Duncan, so the children came out with them. Mr. and Mrs. Reeves came next day.

Mrs. Charm Whittenburg, Mrs. Cecil Egger, Mrs. Taylor Duncan, and Mrs. Edna Dwyer at-

tended a pink and blue shower, honoring Mrs. R. D. Egger, at the home of Mrs. Butch Rowlett at Regency last week. Mrs. Hulon Egger and Mrs. Cecil Egger were co-hostesses with Mrs. Rowlett.

Mrs. Hattie Whittenburg, who makes her home with Mr. and Mrs. Edward Egger, spent the weekend with Mr. and Mrs. Jack Williams at Indian Creek. Mr. and Mrs. Williams brought her home Sunday.

We hear that Mr. and Mrs. Andy Rowlett at Regency are bringing up 2,000 baby poults.

Mr. and Mrs. Cecil Egger and Ynell went to Junction Sunday to visit Mr. and Mrs. Nelson Williams.

Mr. and Mrs. Edward Egger have bought a home in Brownwood. Jerry will come into school age this year, and they are planning to be convenient to school.

Well, it has been cold here. I am really ready for warm weather.

Mrs. Leo Morrisey of Goldthwaite visited Mr. and Mrs. Fate Eckert Friday night. She recently visited her husband, who is in the McCloskey Hospital in Temple and reports that Mr. Morrisey isn't doing so well.

Mr. and Mrs. Loyd King and Rocky visited in the Dutch Smith home Tuesday night.

Mr. and Mrs. Worley Laughlin of Goldthwaite are moving to the Ford place in Scallorn. I know they are happy to get back home as they have lived in this community before.

Mr. and Mrs. Velmer Gage of Priddy visited in the Dutch Smith home Monday, and they, with the Smiths, attended the Workers' Meeting at Scallorn. I want to say that if you have never eaten the Scallorn ladies' cooking you have really missed a treat. I have never seen such food, and was it delicious! But that's Scallorn for you. I lived there for twenty-three years.

Mr. and Mrs. Fate Eckert also attended the Workers' Meeting.

Mr. and Mrs. John Allen Todd and son, Frank Richard, of Dumas spent the weekend with her parents and sister, Mr. and Mrs. Frank Hines and Greta Sue.

Miss LaDelle Casbeer, Mrs. T. A. Casbeer, Mrs. Velmer Gage, and Mrs. Dutch Smith visited in the Jess Ball home Saturday evening.

Mrs. Jess Ball and Jimmy and Mr. and Mrs. Dutch Smith enjoyed ice cream with the Casbeers Saturday night.

Mr. and Mrs. Bill Hightower visited Mr. Hightower's sister, Mrs. Kuykendall, in San Angelo last week.

We have just learned of the birth of a new baby who has come to bless the home of Mr. and Mrs. Walter Earl Featherston of Dallas. Walter Earl and Dorothy, we are so happy for you, and we send our congratulations and love. Walter Earl was in my Sunday School Class for several years when I taught a class at Scallorn, and I feel that the boys and girls whom I taught are part mine.

Lions From Here  
Defeat Mullin's  
Platoon System

Members of the Goldthwaite  
Lions Club, helping the Mullin  
Lions Club to raise money for  
their welfare fund, went to Mul-  
lin on Friday night of last week,  
staged a donkey basketball  
game, and won by a score of 22  
to 20.

Playing for Goldthwaite were  
Charles Conratt, Leonard Arch-  
er, L. F. Bain and Arl E. Egger—  
who was drafted from Star to  
reinforce the Goldthwaite Lions.

Playing for Mullin were Glynn  
Sanders, Ray Barnett, Pete  
Smith, Fowler White, Lynn Shel-  
ton, Don Clark, Jackie Plummer  
and Earnest Lynn Fisher.

"Sure we used the platoon  
system," Mr. Clark admitted  
when he was asked about the  
overwhelming numbers sent in  
by Mullin against Goldthwaite.

"But we let Goldthwaite win,  
anyway, because we thought  
that would be nice.

Mr. and Mrs. Frank Doggett  
spent Easter Sunday in Austin  
with Mr. and Mrs. Ernest Leon-  
hard. Mrs. Leonhard is the Dog-  
gett's daughter.

## American Legion To Have Dance Saturday Night Merely To Dance

Every time the American Legion has a dance it appears to be necessary, for some reason or other, to interview the Publicity Chairman of the Harry F. Edmondson Post number 289. The Post is to have a dance at the Legion Hall tomorrow night, Saturday. So here is another interview with Roy Lee Hill, whose high sense of duty keeps him on the job despite an effort to resign approximately once a day and usually during the noon hour.

"Why is the American Legion going to have a dance on Saturday night?" Legionnaire Hill was asked.

"So we can dance," he replied. "Oh yes," he added, "the music will be by the Dixie Playboys of Lampasas and the admission will be \$1.00 per person."

Just when it had been supposed that this interview was at an end Mr. Hill, after some

heavy thinking, came up with what are no more and no less than free plugs for his friends. First, he said that Coco Cola, repeat, COCO COLA, will be sold and served at the dance by Mrs. M. L. Lindsay. Then, after some more even heavier thinking, he said that the lights for the dance will be furnished by the Goldthwaite Electric Company.

Then it developed that there has been light trouble at the Legion Hall. When it came to a show down, Mr. Hill refused to pin the blame on Ernest E. Wilson. He did confess, however, that Sheriff C. F. Stubblefield likes the Legion to have lots of light for its dances.

Now, if only to please the Sheriff, Mr. Wilson will have to drop his activity with the Central Texas Telephone Cooperative and investigate why the Legionnaires seem to be unable to keep a light bulb turned firmly into a socket.

## Rabies Control

(Continued From First Page.)

3 — Children should be kept away from stray dogs and cats. Usually, for a person to be endangered by rabies, it is necessary to be bitten by an infected animal. However, if there is a scratch on the individual, it is possible for the saliva of a rabid dog to be transferred to the individual's blood stream.

4 — In the case of contact between a running dog and an individual, make every effort to be able to describe the dog accurately so that it may be identified and rounded-up for confinement.

Dr. Childress commended Mr.

Saylor and Mr. Burnham for their prompt action in establishing that the fox that had fought with their dogs was rabid.

"It is by such prompt action and the meeting of responsibility in the public interest that the public health can be safeguarded," Dr. Childress said.

Dr. Childress pointed out that rabies in animals invariably is 100 per cent fatal. Accordingly, he emphasized that animal suspected of being rabid should be confined and not killed so that if death occurs, the fact of rabies can be established by laboratory analysis.

Sheriff C. F. Stubblefield urged that the precautions

—peas, vetch and clover—were seeded to 7,585 acres at a cost of \$12,433.63 to PMA and at a cost of approximately \$5,000.00 to the producers.

Summer legumes or Hubam were seeded to 200 acres on ten farms at a cost to PMA of \$173.88.

During 1950 PMA, Mr. Bain said, spent \$4,552.48 and the producers on ten farms spent \$1,128.30 in eradicating cedar and mesquite. For brush control on 7,236.9 acres on 134 farms, PMA spent \$21,750.19, to which the land owners added an expenditure of \$7,236.90.

## Eagle's Eye

(Continued From First Page.)

while they do so and sacrifice the comforts of civilian life and defer the creation of peaceful and productive careers for themselves, they witness a nation that makes itself disgraceful with selfishness, that is callous in the face of the demands being made on its youth, and that would rather smear responsible leaders such as the President with carping, drooling sniping than face up to the fact that it is business as usual with Joe Stalin, who aims to cash in big on the divisions among us and who intends to let us sink ourselves to the lowest possible levels of moral depravity so that the pickings will be that much easier.

Look hard at the news. You will find that every man takes the attitude that the measures designed to meet our national emergency are for the other fellow—but not for him. You will find that organized labor is out only for all it can get for itself. You will find that many a businessman is looking only to his own cash register, and not to the public interest, and that the thoughts uppermost in the minds of merchants and even farmers add up to the question: "What's in it for me?"

I happen to receive more mail than the average person, receives and it is my guess that it follows pretty well the pattern of the mail that is addressed to the politicians. If my mail is anything of a sample—and I believe it is—then the general attitude is to lambast the President, seek the attainment of selfish ends, and ignore completely the lessons that stand out as sore thumbs in the midst of the free information that still is distributed freely among a free people by a free press.

If it were not for the fact

## Uncle Sam Says

There is a job to be done and every American citizen has been asked to do his share. Our boys now going into the Defense services need your all-out support and in every possible way, from the manufacture of armament to helping finance our huge defense program. Volunteers are needed to help in a vital part of the country's struggle for existence. Whatever your job you can help in this great program, both by the purchase of Defense Bonds to the limit of your ability; and by asking your friends and neighbors to invest in U. S. Defense Bonds.

that we are asking so many of our young men to die, or to prepare to take the risk of untimely death. I would feel like believing that the best that could happen to all of us would be to go plumb to hell in a hand basket. But we have had more than 56,000 of our young men killed, maimed or captured in just Korea since last June. More than 10,000 of them are dead and buried. More than 10,000 others are missing and they may damn well be dead. We are building a mighty military establishment. Our military training camps are filled to overflowing. Our appropriations for the Atomic Energy Commission have passed the mark of two billion dollars. We have sent General Eisenhower back into uniform—and many others, too. But what are the rest of us doing? So far as I can see, we are looking out for number one and never mind what happens to anybody else.

I am a long way from proud of my country as I view the overall picture this week. I think that the deplorable debate in the United States Senate on "troops for Europe" has been merely a reflection of the national thinking, which is just about as low as a snake's belly. I think that the President of the United States is looming through the fog of sheer selfishness as a patient, long-suffering person whose shortcomings are being blazoned with all of the fanfare possible, but who can hardly be expected to be so super-human as to drag us from the morass of selfishness and

self-seeking into which we have sunk so low that I will wager a nickel with anybody that within six months the public indignation over our moral depravity as exposed by Senators Kefauver and Fulbright will have been forgotten.

One day this week a lady asked me: "For what are we fighting?" I tried to tell her that we were fighting for survival against an implacable enemy and that it was our hide or his. I refrained from saying to her that for the most part nobody cares about ideals, the brotherhood of man or a better world for our children. But in all honesty I must put down here my observation that with very few exceptions, nobody cares about anything these days except himself. That is the road to an annihilation much more certain than anything that could be cooked up in the Kremlin. For what may happen will happen, we shall have nobody to blame but ourselves. By the time we get around to facing the facts of American national life in 1951, it will be too late.

Mr. and Mrs. J. Frank Doggett were weekend visitors in Austin with their daughter, Mrs. Ernest Leonard and her husband. They went for the end of the revival at the Northwest Baptist Church, where Mr. and Mrs. Leonard became members during the revival.
