## Baseball Season Opens Saturday Night With Red Sox Vs. Palominos

At 8:00 o'clock tomorrow night, Saturday, the umpire will cry "play ball" at the Municipal Ball Park in Goldthwaite and Manager Howard Hoover of the Red Sox will raise the curtain on the 1951 baseball

season by sending his players onto the field against the fast and highly entertaining Austin Palominos.

"There will be good baseball and we hope for a big crowd for the opening of the baseball season in Goldthwaite," Mr. Hoover said.

Red Sox players have been working out and limbering up for several weeks and Mr.

Hoover expects to put a good team on the field despite Goldthwaite's loss of considerable good talent to the armed services.

Mr. Hoover said he would start the game with Y. B. Johnson, Jr., on the mound and with Bill Shipp behind home plate.

Voyd Lee Doggett will be in center field in the starting line-up with Charles Conradt in left field and Ralph McAllister out in right field.

The infield, Mr. Hoover said, will see Ed Thornton on first base, Lee Roy Stacy on second, Charlie McLean on third base and Alex Shaw at shortstop.

The Palominos are well known in Mills County, where they have played many times, and Mr. Hoover said this week that the fans next Saturday night will be assured of their money's worth at the Municipal Ball Park.

## Rain This Week Was Particular As To Locations

While the sun was shining brightly on Wednesday after a week that brought nearly two inches of rain to some portions of Mills County, Harry Allen said that as a rule as much as an inch and a half of rain falls on May 10 or 12.

"I just wouldn't know whether that will happen this year," Mr. Allen said. What he did know was this:

During the past week, Goldthwaite has had, according to the official figures reported by Mr. Allen to the U. S. Weather Bureau, 1.57 inches of rain. Of that rainfall, .38 of an inch fell last Saturday night. On Sunday night .03 of an inch fell. And last Sunday afternoon the rainfall, therefore, was 1.16 inches—in Goldthwaite.

Down in Big Valley, there was more rain last Saturday and Sunday than fell in Goldthwaite. E. H. Hapgood, the laconic Sage of Rancho Nueces in Big Valley, reported to the Eagle by postcard last Monday as follows:

"Gentlemen (sic): Rain gauge reading for 24 hours ending 7:00 a. m., this date 1.75 inches. Signed H."

Thank you Old Hap. Now for the rest of the County.

Roy Lee Hill said that maybe Harry Allen is right about Goldthwaite, but it did not rain enough in Star to wet up one of Sam Henry Rahl's rain gauges. In a disconsolate mood and with a card in his pocket ordering him to report for jury on Thursday of this week, Mr. Hill made it quite clear that he felt that Star had been discriminated against in favor of Goldthwaite.

Rain teemed on Goldthwaite last Sunday afternoon, but Miss Pearl Crawford reported that all it did on Chappell Hill was "mist."

The redoubtable Albert Schuman wandered into Goldthwaite from Priddy last Tuesday afternoon and reported that it was dry up there and had been dry. No rain in Priddy, Mr. Schuman said. He made some uncalculated comments about where the "good people" live in Mills County and then changed the subject to work on the farm-to-market road, starting north of Priddy and running to the Hamilton County line. He (Continued on Page 7.)

By their performance at College Station last Saturday, the F.F.A. team from Goldthwaite qualified to represent the State of Texas at the American Royal Livestock Show at Kansas City next October. They also qual-

In addition to scoring as the top team in livestock judging, the local F.F.A. boys did exceedingly well in individual performance. John Carothers, a Senior, took fifth place among all of the competing boys, and seventh place as an individual,

A. & M. College last Saturday. The winning team, coached by Y. B. Johnson, Jr., teacher of vocational agriculture, had John Carothers, Bill Parker and Harvey Parker as its members.

From the Texas F.F.A. judging contest, they brought home a polished walnut plaque bearing in bronze the insignia of the Future Farmers of America. On the plaque, inscribed on a

plaque, were the words: "First Livestock 1951." By their performance at College Station last Saturday, the F.F.A. team from Goldthwaite qualified to represent the State of Texas at the American Royal Livestock Show at Kansas City next October. They also qual-

ified to compete against other top F.F.A. and 4-H Club teams at the next State Fair of Texas at Dallas for the honor of representing Texas at the next International Livestock Show at Chicago.

At College Station last Saturday, John Carothers, Bill Parker and Harvey Parker did all over again what was done for Goldthwaite in 1948 when first place in livestock judging was taken by Robert Henry Johnson, Robert "Red" Miller, and Bobby "Pete" Burks.

To take first place last Saturday, the 1951 F.F.A. livestock judges from Goldthwaite com-

peted against 240 boys representing 80 teams from all parts of Texas. All of the contestants had been screened in the various Area Judging Contests that made them eligible for the

Prior to their outstanding performance at College Station last week, the Goldthwaite 1951 F.F.A. livestock judging team took high honors in competition at the Fitzsimmons Ranch near Llano, in a contest at Coleman, and in the Area IV judging at Tarleton State College at Stephenville, where the team won the second place banner.

## Trent State Bank Pays Tribute To 4-H Club And F.F.A. Members

### Get That Paper To Moreland By Next Tuesday

Everybody has until Tuesday afternoon of next week in which to lug old newspapers and magazines to the H. E. Moreland & Son feed store on the south side of the Square in Goldthwaite so as to have a part in the bang-up job that is being done by the Goldthwaite Garden Club to beautify the Goldthwaite Memorial Cemetery.

Next Tuesday afternoon the Morelands will load their big grain truck for a run to Waco, where accumulated newspapers and magazine will be sold for the benefit of the Cemetery Committee of the Goldthwaite Garden Club.

"If Jess Moreland can load all of those papers and magazines and carry them to Waco without charge, then the least the rest of us can do is take all the paper we have to the Moreland feed store," Mrs. John G. Berry, Chairman of the Garden Club's Cemetery Committee, said this week.

In recognition of the proud achievements of the youth of Mills County in the fields of agriculture and animal husbandry, the Trent State Bank of Goldthwaite was scheduled to entertain 4-H Club boys and girls, members of the Future Farmers of America, and their parents and teachers at the Earl T. Fairman Ranch at 5:00 o'clock on Thursday afternoon of this week.

Plans for the program, to which 4-H Club and F.F.A. members throughout the County had been invited to be the guests of honor, provided for a barbecue and then for the payment of tributes to youth for their contributions to an improved and expanded agricultural economy in Mills County.

Mr. Fairman, who is President of the Trent State Bank, said that distinguished guests at the barbecue will include State Senator Carlos Ashley of Llano. Mills County now is in the Senatorial District that is represented by Senator Ashley in the Texas Legislature at Austin.

Another distinguished guest will be Comer Bishop of Dallas. Mr. Bishop is Vice President of the Texas Bank & Trust Company. He also is a Director of the Trent State Bank.

## Lindsay Car Burned

An automobile owned by Marvin Lindsay and that was stolen from in front of the home of his father-in-law, Bess Laird, on Monday of this week was recovered the same day by Sheriff C. F. Stubblefield. The car had been abandoned and burned on the Payne Gap Road, about four miles from Goldthwaite.

## Linouise Dellis Is 1951 Valedictorian

Honor students of the Goldthwaite High School Class of 1951 were announced this week by Principal Jack Locklear, who said also that Commencement Exercises will be held on the night of May 30. May 27 will be Baccalaureate Sunday, Mr. Locklear said.

The Valedictorian of the Senior Class is Linouise Dellis and Angeline Smith is the Salutatorian. Mildred Hale is the third highest honor student in the Senior Class, with Sylvia Jones ranking next. Virgil Terry is the highest ranking boy.

## E. B. Adams Plans To Replace Lost Stone Replica With Scot Family

That stolen replica of the Stone of Scone that E. B. Adams made at his monument works in Goldthwaite three months or more ago bounced back into the

news this week when British newspapers inquired through the Associated Press as to what Mr. Adams planned to do now that the original symbol of British Kings was safely back under the Coronation Chair in Westminster Abbey, London. Since the replica that was

made by Mr. Adams was stolen from his monument works in broad daylight about two months ago he had to reply, of course, that there was nothing he could do about it. He might have taken it up with the Mills County Grand Jury, on which he sat on Monday of this week, but he failed to do so. However, Mr. Adams has a story far better than that of his lost replica of the Stone of Scone which, as everybody remembers, was dreamed up in the first place by Harry Allen as a gesture of goodwill to the British people by the Monument Makers of the Southwest, Inc., of which Mr. Adams is Secretary-Treasurer.

In the flood of mail that poured in on Mr. Adams about his Stone of Scone replica there was a letter from Andrew Baxter of Greenock, Scotland. Mr. (Continued on Back Page.)

## Methodists End Fund Drive With A Victory Party

Concluding a Program Expansion Campaign that began eight weeks ago, the First Methodist Church of Goldthwaite celebrated its success with a Victory Party on Wednesday night of this week.

In advance of the occasion, the Rev. Ed H. Lovelace, Pastor, said it was expected that the total pledges made for the work of the Church in all departments were expected to be double those of any previous year.

Brother Lovelace said that the gratification over the success of the Program Expansion Campaign was reflected in the fact that the gathering on Wednesday night was appropriately named a "Victory Party."

## H. L. Pyburn Shoots Wolf Trapped By Simpson, Ending Serious Damage

H. L. Pyburn, Jr., and George Lewis drove up to the Court House last Monday morning and collected a bounty of \$25.00 from County Judge Lewis B. Porter for a gray timber wolf that for several months has been creating havoc in the area north of Mullin.

The wolf, described by M. L. Jernigan as between three and four years old, is credited with having killed more than 100 lambs on the A. G. Wasserman place. Mr. Pyburn lost 33 lambs during the past six weeks and at least nine lambs were killed on the R. C. Duren place. In addition, Mr. Pyburn and his neighbors suffered the loss of chickens, and there were definite signs that the wolf had been killing rabbits.

As long ago as last January, Mr. Pyburn, who leases his ranch from D. A. "Allie" Hamil-

ton of Goldthwaite, suspected the presence of a wolf. Although the skeptics said he had been seeing dog tracks, Mr. Pyburn called in Edgar "Ed" Simpson of the Moline Road and Mr. Simpson, who is regarded as just about the most renowned wolf expert in these parts, said that sure enough, it was a wolf that was inflicting all the damage out Mullin way.

Although, Mr. Simpson set some 24 traps on the Pyburn, Wasserman, Duren and Lindsay places. On Tuesday of last week, Mr. Pyburn saw the slinking wolf well enough to get a shot at him. He missed the shot. Last Saturday morning one of Mr. Simpson's trail traps on the Pyburn place was missing. Glynn Lewis, son of George Lewis, was called by Mr. Pyburn and he identified tracks as (Continued on Back Page.)

## May Grand Jury Indicts Percy On Check Charges

Sitting last Monday at the Mills County Court House, the Mills County Grand Jury for the May Term of District Court handed up one indictment to District Wesley Dice. In the course of the day Judge Dice meted out a suspended sentence for forgery. District Attorney James K. Evetts was present.

Members of the Grand Jury were W. C. Echols, Foreman; LeRoy Johnson, J. W. Holland and Earl Fisher, all of Mullin, and D. R. Edgington, E. B. Adams, Charles Conradt, P. R. Jordan, Ancel Morgan, W. W. Boykin, W. L. Alexander, and W. B. Wooster, all of Goldthwaite.

Indicted by the Grand Jury was Cliff Percy, who was charged with "obtaining . . . goods with intent to defraud by giving or drawing a check without sufficient funds." The offense charged was on May 12, 1950, when a check in the amount of \$1,155.00 and drawn on a Weatherford bank was tendered to the Mills County Commission Company for 84 head of sheep.

Also last Monday Judge Dice sentenced Joe Harmon to three years for forgery. The sentence was suspended.

Judge Dice was scheduled to return to the Mills County Court House on Thursday of this week.

EDUCATION HERE PAYS OFF

In this editorial we wish to do more than extend hearty congratulations to the Eagles Chapter of the Future Farmers of America of the Goldthwaite High School for taking first place in livestock judging against crack teams from all over the State in last Saturday's contest at Texas A. & M. College.

Resounding congratulations are due to the F.F.A. boys and to Mr. Johnson for last Saturday's victory at College Station. It qualified the Eagles F.F.A. livestock judging team to represent the proud State of Texas in the American Royal Show at Kansas City next October, and it qualified them to compete at the next State Fair of Texas at Dallas for the honor of representing Texas at the next Chicago International Livestock Show.

But to be congratulated most are all of the citizens of Goldthwaite, and of Mills County, too, for the fact that the "know-how" that enabled John Carothers, Bill Parker and Harvey Parker to win so handsomely at College Station was acquired in the department of vocational agriculture at the Goldthwaite High School—which also produced the team that won the same distinction at Texas A. and M. College in 1948.

As has been pointed out by Mr. Johnson and by Superintendent of Schools H. E. Patton, the members of the Eagles F.F.A. livestock judging team, despite their youth, are young men who can know that there is a demand for the services that they can render.

True, John Carothers, Bill Parker and Harvey Parker have had practical experience in animal husbandry at their own homes, but the knowledge that they gleaned from their parents had to be supplemented by an orderly and planned process of education for which Mr. Johnson was directly responsible but for which there could have been no facilities except as they were provided by the Board of Trustees of the Goldthwaite Independent School District in consultation with the school administration and by the wise use of the taxpayers' money and State funds.

In commenting on the great victory by the Eagles F.F.A. judging team at College Station last Saturday, Mr. Johnson emphasized the word TEAM. He emphasized that John Carothers, Bill Parker and Harvey Parker worked perfectly as a team. There had to be much other team-work, including the instruction by Mr. Johnson, the facilities provided by the school system and the support that is available at all times from interested Mills County adults who recognize that if the basic agricultural economy of this area is to flourish and to be carried on into the future at the highest possible level of efficiency our young people have to be educated.

When you come right down to it, it was education that won at College Station last Saturday—and that should serve as sharp reminder to everybody in Mills County that there is no responsibility greater than providing for our youth the very finest of educational opportunities and facilities. During the past few years the outstanding performances by Mills County youngsters in the field of animal husbandry have been the results of teaching, and consideration of that simple fact ought to make every one of our citizens so education-minded that as time goes on we shall be able to say to our children: "We have provided for you the opportunities that you need to succeed if only you will grasp them."

In the cases of Bill Parker, John Carothers and Harvey Parker, they took good advantage of the educational opportunities that were provided for them. They had the benefit of not only Mr. Johnson's ability to pass on his own knowledge, but also of his leadership—which adds up to his ability to inspire, and to command respect. And they had behind them a School Board that provided facilities when it was a struggle to do so. It would seem impossible that there now could be any grumbling by anybody about making the soundest of all investments—the teaching of our youth.

When you see that blue and gold pickup of the Eagles Chapter of the Future Farmers of America, the Goldthwaite High School, roll through our streets, give it a salute!

GUEST EDITORIAL

(Editor's Note: The soundest editorial comment that we have seen on the long-suppressed Wedemeyer Report on the Far East has been published by the Houston Chronicle. It points out the fact that there are plenty of questions by the American people that are not being answered. Here is the Houston Chronicle's editorial on the Wedemeyer report.)

If there is one thing that the long suppressed Wedemeyer report — just made public in part — proves it is that a great many persons involved in our Far Eastern policy have failed to act on good estimates of what the future might bring in that part of the world. All of the guesses have not been bad.

President Truman, for instance, was told by Gen. Albert C. Wedemeyer in 1947 that South Korea was threatened with "a controlled invasion of North Korean forces" and that the forces there then were "completely inadequate" to meet such a situation. Russian domination of the peninsula, the general further reported, "would result in a serious political and psychological threat to China, including Manchuria and Japan."

This is, of course, only another instance which goes to prove that there was all sorts of advice and every sort of judgment with respect to what might happen in the Far East. The Truman administration received all of it and the question is not one of who guessed right and who guessed wrong but of the decisions that were reached on the basis of all this information. What policies were adopted?

The nation still does not know. What is our policy in Korea? That is the question for which an answer is demanded. That is the reason why the dispute between the President and General MacArthur has reached such importance. The right of the President to relieve General MacArthur is secondary. Who said what to whom at Wake Island is interesting but a minor consideration. Whose estimate of the situation and future events was the most accurate is not a factor that will win the war in Korea.

Right here it is well to point out that the release of well-censored documents is not the way for the nation to get at the facts either now or when the senate committees begin their hearings on Thursday of our entire Far Eastern policy. Senator Richard Russell's plan to give the public a report each day of what takes place in closed sessions is not enough. There will be other leaks than the official leaks. All sides will attempt to use the closed-door formula to further their own ends. More confusion than now exists is likely to result.

If actual security is involved there ought to be secrecy but from what has been developed so far there appears to be a greater effort to establish political security than national security. There should be no political protection for anyone in the inquiry.

The Eagle's Answer By The Editor

The American Legion in Texas, which is represented in Goldthwaite by the Harry F. Edmondson Post, number 289, has just adopted an exceedingly strong statement on the foreign policy of the United States. The statement, which now represents the official policy of the Texas State governing body of the American Legion, is about 6,000 words long. That is too long for publication in the Eagle. But, having read the statement carefully, the editor came to the conclusion that it is of such importance that he would attempt to summarize it here.

There are 100,000 members of the American Legion in Texas. In the matter of the menace of Communism to the free world, the American Legion is not a Johnny-come-lately. For several years, the Legion has been using its influence to expose Red "barbarity, savagery, immorality and lawlessness." Members of the American Legion have been trying to make their fellow-citizens understand that the Kremlin never has deviated from a master plan of world conquest. With that in mind, here are some of the outstanding points in the latest declaration by the American Legion in Texas:

"We must face the fact that the United Nations has NOT proved to be an effective instrumentality for the guaranteeing of World Peace in the present crisis. Russia has used the machinery of the United Nations to create confusion and forestall effective action. We urge that our government abandon its present hypocritical policy of associating with the representatives of Soviet Russia and her satellites in the United Nations.

"The spendthrift attitude of our State Department has NOT won us fighting friends, but has only increased the cries from all over the world for more and more of the American taxpayers' dollars. In order that this drain on the United States Treasury be stopped, we recommend that Marshall Plan aid be limited. The Point Four program be limited to the sole purpose of offering technical know-how to the under-developed areas of the world. Communist China be treated as an aggressor in every sense of the word. The defense of Formosa be continued. and that there be all necessary military and economic aid to the Philippines."

While describing the Truman-MacArthur differences as involving a personal and political controversy, the Legion statement urged the support of the Nationalist Chinese, the blockading of the Communist Chinese coast and the bombing of Red air bases in Japan. It urged a speedy conclusion of a peace treaty with Japan. In other words, and although the American Legion kept aloof from the personal and political dispute between the President and General MacArthur, it sided 100 per cent with General MacArthur's program for the Far East.

In the matter of the proposed huge shipments of American grain to India, the Legion statement said that "any grain which India needs and which may be supplied by the United States should be supplied only

## Mullin Mystery Solved To Help Play Publicity

A Mullin mystery has been solved, thereby ending a week of gloomy brooding by this reporter—along with giving some more free publicity to "It's A Hit," the comedy to be presented by the Senior Class at the Mullin School Gymnasium at 8:00 o'clock tonight, Friday.

Last week, when the Mullin Class of 1951 reported the names of the members of the cast of "It's A Hit," the dramatic editor of the Eagle noted that there was a role for a villain, one Major Kellicot. But who was to be the villain was not divulged. After having fretted over the mystery, this reporter met up with Principal Ray Barnett of the Mullin High School and asked the forthright question, "Who is Major Kellicot?"

Believe it or not, but this Friday night in the Mullin School Gymnasium, Major Kellicot will be none other than Principal Ray Barnett. Just go to see "It's A Hit" to learn how Principals do as villains.

Other members of the cast are Billy Slaughter, Alta Faye McDonald, Shirley Fisher, Naida Hodges, George Wayne Ellis, Helen Hasley, Myrtle Jones, Gene Fisher, Ruby Sanders and Ynell Egger.

Miss Egger said this week that "everybody in the play is a little nutty." Mr. Barnett proved it by trying to keep his villainous role a secret. Ha! Imagine trying to keep a secret in Mills County.

## "Seems Like 20 Years," Says Joe Ritchie As Golden Wedding Nears

MR. AND MRS. JOE RITCHIE

When a man says that 50 years seem like 20 years, then you can be sure he has something up his sleeve. Joe Ritchie of Rt. 1, Goldthwaite, said just that this week, and then settled back to enjoy with Mrs. Ritchie their Golden Wedding Anniversary, which is today, Friday.

Proving himself to be a man of both foresight and wisdom, Mr. Ritchie, in advance of the 50th anniversary of his wedding day, said "the time has been only too short: it seems no more than 20 years."

Joe Ritchie and the former Nettie Carroll were married on May 11, 1901, in a little Church at Pine Forest in Hopkins County. For four years they lived at Como, where Mr. Ritchie worked as a carpenter. They moved to Mills County in December of 1905, and they have lived here ever since—on

their farm three miles north of Goldthwaite, where they reared their family.

Two daughters, Mrs. Inez Leverett and Mrs. John Dellis, live in Goldthwaite. They also have two sons, Eris Ritchie of Troup, Texas, and Robert Ritchie of Prescott, Arizona. A third son, Aubrey Ritchie of Globe, Arizona, died four years ago. The Ritchies have 12 grandchildren.

Mr. and Mrs. Ritchie planned to spend their Golden Wedding Anniversary quietly, since their sons will be unable to leave their businesses to come home to celebrate. Mr. Ritchie is 71 and Mrs. Ritchie is 73.

Mrs. Ritchie was born at Como and Mr. Ritchie was born in Athens, Texas.

For those who compile data on interesting information, Mr. and Mrs. Ritchie met at a party in Como. About a year later, the parson tied the knot.

## Garden Club Pilgrimage May 16 To View Gardens At Four Homes

Members of the Goldthwaite Garden Club will make their annual local pilgrimage on Wednesday afternoon of next week, when they also will conclude their meetings for the season with a business session at the home of Mrs. Malcolm

Jernigan, President. The pilgrimage will begin at three o'clock on Wednesday afternoon at the home of Mrs. T. M. Glass, whose gardens will be viewed. Then the members will visit the gardens of Mrs. Jim Weatherby, Mrs. Phillip Nickols and Mrs. Malcolm Jernigan. Mrs. Earl T. Fairman is Chairman of the Pilgrimage

## Bowmans Visit In San Angelo

Frank P. Bowman, Goldthwaite administrative officer for the National Farm Loan Association, attended a meeting of officials of the N.F.L.A. and the Federal Land Bank at San Angelo on Friday of last week. He was accompanied by Mrs. Bowman. While they were in San Angelo, they were guests in the home of their son, Captain John H. Bowman who was recalled recently to active duty with the Air Force.

Mr. and Mrs. E. Yarborough, Mrs. J. Y. Parsons and Donald of Cherokee and Mrs. Della Parker of Brady visited Sunday in the Walter Simpson home. Mrs. Parker remained for a longer visit.

Committee. Members of the Committee of Hostesses are Mrs. Jerry Walker, Mrs. Jim Weatherby, Mrs. Luther Rudd, Mrs. Mamie Winsor, Mrs. Jernigan, Mrs. Glass, Mrs. John G. Berry, and Mrs. Nickols.

Mrs. Jernigan said that at the brief business meeting at her home at the conclusion of the pilgrimage the Garden Club officers will tender their annual reports. Requirements for standard Garden Clubs require a local pilgrimage each year. The Goldthwaite Garden Club is standard and it has a proud record of maintaining its recognition.

## Pounding Given To Nazarene Pastors

The Rev. J. E. Coe and his wife, the Rev. Einora Coe, Co-Pastors of the Church of the Nazarene in Goldthwaite, were made welcome in their new field of service at an open house at the Parsonage of the Church of the Nazarene on Tuesday night of last week after a prayer service at the Church. Brother Coe said that at the open house the members of the Church presented him and Sister Coe with what he described as "a very lovely pounding."

After a ten days visit with her sister, Mrs. H. R. Ekins, Mrs. John A. Black of Thayer, Kansas, went to Houston to spend a few weeks with her brother, R. O. Lowrance.

### Flag Display Is Asked To Honor Services May 19

Col. My Y. Stokes, Jr., Acting Commander of the Army's Organized Corps Unit in Mills County, this week asked that the United States flag be flown on Saturday, May 19, as the nation observes "Armed Forces Day."

Governor Shivers, Col. Stokes said, has issued a proclamation urging all citizens to display the national emblem on "Armed Forces Day," which, since unification of American military forces, has represented what formerly were observed separately as Army and Navy Days.

On May 19, Col. Stokes said, there will be impressive demonstrations of American military equipment at San Angelo and San Antonio, while the Day also will be observed appropriately at Fort Hood.

### Lovelace Attends Kerrville Meeting

The Rev. Ed K. Lovelace, Pastor of the First Methodist Church of Goldthwaite, attended a planning meeting of South-west Texas Conference Boards at Kerrville on Monday and Tuesday of this week. The purpose of the meeting was to arrange the program for the May 23-27 Conference at the Travis Park Church in San Antonio. During the Kerrville gathering there was an impressive ceremony as an electric organ in the auditorium at Mount Wesley, Methodist summer assembly ground, was presented in honor of the Rev. Arthur E. Rector and in memory of the late Mrs. Rector. A revered Pastor in the Methodist Church, Brother Rector celebrated his 96th birthday anniversary last month. The Methodist Church in Goldthwaite had a part in making the new Mount Wesley electric organ possible.

Boy Scouts and Cubs of the Comanche Trail Council will stage their annual Circus at Memorial Hall in Brownwood at seven o'clock next Saturday night. One of the feature acts on the elaborate program will be a twirling performance by 50 or more Goldthwaite Cubs, who will do wonderful things with long strips of colored crepe paper to the strains of "Deep in the Heart of Texas."

The big day next Saturday, so far as the Scouts and Cubs are concerned, will start at three o'clock in the afternoon with a Grand Parade, which will include not only Cubs, Scouts and Explorers, but even monkeys and elephants.

After the parade there will be a rehearsal of the Circus, which will include stunts and demonstrations of Scouting skills. The Mullin Troop, of which Ray Barnett is Scoutmaster, will participate in a demonstration of pioneering. Among other assignments, Troop 46 of Mullin is to erect a bridge.

Scoutmaster Charles Conradt of Goldthwaite Troop 45 said that his Scouts would attend the Circus and participate in the program. It was expected that the participants also would include Goldthwaite Troop 77, of which Ben R. Day is the Scoutmaster.

The proceeds of next Saturday's Circus will be used for the improvement of Camp Billy Gibbons, which is maintained by the Comanche Trail Council in San Saba County. It is regarded as one of the outstanding Scout wilderness camps in the Southwest.

Mr. and Mrs. Tom Cooksey, Sr., and Mr. and Mrs. Tom Cooksey, Jr., and daughter of Mullin spent the weekend in Luling and Austin with relatives.

## Telegram Proposes That PMA Land Work To Soil Service

Note: Discussion of the United Conservation Service is done through agencies of the Department of Interior. American agriculture and the nation as a whole are entitled to a separate overall agency to handle the conservation task. This agency should do what now is covered by the Soil Conservation Service, the Agricultural Conservation Program of the Production and Marketing Administration, the Forest Service and the land management service of the Bureau of Interior.

It appears that the Soil Conservation Service would be the logical agency to serve as a nucleus for such an overall Agricultural Resource Conservation Administration.

This does not mean there is no need for the PMA. The PMA's program of price supports, commodity loans, crop insurance and similar programs has been of great benefit to American agriculture.

Senator George Aiken, Vermont Republican, now has introduced a bill into the Senate which would accomplish something along this line. The PMA's functions outside of soil conservation would be consolidated into the Commodity

## Bobby Massey With Armored Division

Bobby Charles Massey, son of Mr. and Mrs. Jess Massey of Rt. 2, Goldthwaite, now is on duty with the newly reactivated First Armored Division, which has its headquarters at Fort Hood. He is completing his basic military training with the First Armored Division under the command of Major General Bruce Clark, who established a notable record in Europe during World War II.

Pvt. Massey, who is 21, was graduated from the Goldthwaite High School in the Class of 1947. Prior to his induction into the Army he was employed at San Angelo and at Menard.

Marketing and Adjustment Service. The Agricultural Resources Conservation Administration would take over the conservation job, along with the conservation duties of other agencies.

These proposals follow, in general, the recommendations of the Hoover Commission on federal reorganization.

The Hoover report recommended, however, that the Extension Service be given control of the conservation program. It is the thinking of those acquainted with the conservation task that the separate agency should be formed without saddling this extra job on the already overworked, understaffed and underpaid county agents who have more than they can do in every county in Texas and in almost every county in the country.

Senator Aiken's measure has some good nonpartisan support from some of the more capable members of Congress. We hope that this bill can be passed and that the conservation muddle can be straightened out so that American agriculture will get the service and guidance it needs to do its mammoth production job in time of emergency.

## Who said You can't Afford a Fine Car?

WHEN you look at all a ROADMASTER has to offer, it's only natural to conclude that it's priced with the rest of the fine-car field.

Sweeping proudly past you, it has a distinction that few cars can equal.

Stepping nimbly away from a stop light, it has the willing surge of power that the very exclusive combination of a 152-horsepower Fireball engine and Dynaflo Drive\* delivers.

It rides the road with majestic smoothness, and comes to a smooth and gentle halt, in response to the finest brakes Buick ever developed.

Inside, it has spacious room, from side to side and front to back and seat to roof—plus a softness of cushions and a richness of fabrics which bespeak the custom standards to which it is painstakingly built.

All you could want in a fine car is here in abundance.

But don't let that fool you into deciding "it's too rich for me."

If you've looked into 1951 car prices generally, you'll discover this:

You can own a ROADMASTER for just a shade more than an ordinary car will cost—and for several hundred dollars less than the price tags usually found in "the fine-car field."

Why not look into this today?

**GHS Senior Class Play On Friday Night Must And Will Have Kittens**

This little essay started out as a sedate interview with Miss Angeline Smith for the sole and worthy purpose of trying to drum up a big audience for "The Adorable Imp," the rollicking comedy to be presented by the Senior Class of the Goldthwaite High School at the School Auditorium tonight, Friday, at eight o'clock. What happened as the interview went on had Miss Smith blushing all over the place. Here is why:

Two weeks ago, you will recall, the G.H.S. Class of 1951 made a public appeal for a cat to join the cast of "The Adorable Imp."

"What happened about the cat?" Miss Smith was asked this week.

"Well," she replied, "two cats are trying out for the part. One, a white cat, is owned by Mrs. Harvey Hale, Grandma of Mildred Hale, who is in the play. The other is owned by Mrs. Kate Page of the Goldthwaite Inn."

"Which cat will get the part?" was the next question to Miss Smith. That was when she started blushing.

"You see," she explained amidst her confusion, "the cat in the play has to have three kittens on Janetha Welch's fur coat, thereby causing Miss Welch to leave home—in the play, that is—and making it necessary to change the name of the cat from Albert to to Alberta."

"Go on, go on," Miss Smith was urged.

"I guess it will be Mrs. Page's cat," she said, "since Mrs. Page's cat already has kittens, thereby making the whole production of "The Adorable Imp" much simpler for the Class of 1951."

Miss Smith was not even

chided for not having told the public in the first place that the cat wanted by the G.H.S. Seniors for "The Adorable Imp" had to be capable of having kittens, supposedly during the play.

Now that the whole cat story is out, Miss Smith wants everybody to see "The Adorable Imp," directed by Mrs. Hoyt Cockrell. Members of the cast are, in addition to the Misses Smith and Welch, Eunice Lockridge, Mildred Hale, Barbara Blackburn, Joyce Hart, John Carothers, Fred Smart, Harvey Parker, Virgil Terry and Jimmy Hays.

Because the Harry F. Edmondson Post number 289, the American Legion, is to have some high jinks at a dance on Friday night of this week, the regular meeting of the Post was scheduled for Thursday night.

Then, on Friday night, starting at nine o'clock at the American Legion Hall, the members of the Post and their guests will dance to the music of the "Happy-Go-Lucky Boys," who hail from Fredericksburg.

The band, which is heard regularly over radio station KNAF, features songs by G. W. Hales.

Charles Frizzelle, H. D. Smith and Morgan Wrinkle are the members of the committee in charge of the dance on Friday night and they want to make it known to everybody that it will be just too bad if anybody misses the guitar, fiddle, drum and bass fiddle music of the "Happy-Go-Lucky Boys."

## Harry Allen Gets Official Data On Precipitation In Goldthwaite

Whenever it rains in Goldthwaite, the precipitation is measured on a government gauge by Harry Allen for the United States Weather Bureau. The figures that are recorded by Mr. Allen and that are reported in the Eagle whenever

BEAR ALLEN

it rains also are carefully tabulated by the Weather Bureau, which annually issues an impressive volume entitled "Climatological Data."

Last week, Mr. Allen's figures for 1950 came back to him in "Climatological Data for Texas"

With Each 100 Lb. Bag Of

H. E. MORELAND & SON FEED STORE SOUTH SIDE SQUARE

and, since everybody wants to be informed about the weather, the official figures for Goldthwaite last year should be interesting to nearly everybody. Here is the Goldthwaite table on "Total Precipitation and Departures From Normal" for 1950 as received by Mr. Allen in the latest issue of "Climatological Data:"

Month	Precip.	Departure
Jan.	2.00	.17
Feb.	3.06	1.55
March	0.20	-1.37
April	4.82	1.22
May	3.19	-1.46
June	1.24	-1.54
July	2.42	.32
Aug.	2.81	1.03
Sept.	2.38	-0.90
Oct.	0.60	-2.44
Dec.	0.00	-2.22

Under the column headed Departure, the figures indicate deviation from normal. Unless otherwise indicated, the precipitation was above normal. Where there is a minus (-) sign, the precipitation was under normal.

The figures listed in the above table show that the total precipitation in Goldthwaite in 1950, including rain, snow, sleet and hail, was 22.73 inches. That represented a departure of -7.41 — or precipitation in 1950 in Goldthwaite that was 7.41 inches under normal. (In last week's Eagle it was reported that the Goldthwaite rainfall in 1950 was 13.25 inches under normal. That figure was in error, inasmuch as it was for Goliad, rather than for Goldthwaite. The Goldthwaite departure under normal was 7.41 inches and that, Mr. Allen says, is definitely official.)

Other interesting data for Goldthwaite as contained in the 1950 Climatological charts of the United States Weather Bureau show the altitude of the city as 1,580 feet, the latitude as 31 degrees, 27 minutes north, and the longitude as 98 degrees, 34 minutes west of Greenwich.

The Climatological chart shows also that precipitation tables have been kept officially for Goldthwaite for 17 years. Goldthwaite is in the Colorado river drainage area.

Mr. Allen pointed out that, as the Climatological charts show, all precipitation does not stay on the ground. Much of the precipitation is lost by

## Pauline Booker Writes Article About Fort Davis

Miss Pauline Booker, daughter of Mr. and Mrs. Luther E. Booker of Goldthwaite, received news this week that one of her articles had been accepted for future publication in Preview, a widely-circulated and well-printed magazine that is published in Houston.

The article that Miss Booker wrote for Preview is a factual, historical story of Fort Davis, in the Davis Mountains. It is woven around the story of an Indian maiden who, about the middle of the last century, saved Fort Davis against attack by her own people.

Miss Booker has been writing for magazines and other nationally circulated publications for the past ten years. Many of her articles have a Texan or Western flavor.

County Judge Lewis B. Porter, who also is County School Superintendent, ex-officio, this week urged that all parents of children of school age assist in seeing to it that the 1951 school census in Mills County be as complete as possible.

"We now are compiling the school census returns," Judge Porter said. "It is possible that some children of school age may not have been enumerated. Accordingly, if you are a parent of children of school age and did not fill in a census form, please come to the County Judge's office in the Court House and do so."

Judge Porter said there is a special need to enumerate children who will be six years of age on or before next September 1.

The enumeration covers the Goldthwaite, Mullin, Priddy and Star school districts. Enumeration forms were taken home by school children. Some were not returned, Judge Porter said, and there may be other families with children of school age that have not been counted. Hence his request for public cooperation, which will involve merely a brief call at the Judge's office at the Court House.

Harry Palmer came Thursday of last week to complete his moving operation to Fort Worth. His daughter, Mary Katherine, accompanied him home after a visit for a few days in the home of Mr. and Mrs. Joe A. Palmer.

### Franklin Dew Weathers Reaches Age 18 - But Is Not An Admiral

Out in San Diego, California, where Franklin Dew Weathers is on his way toward becoming an Admiral at the U. S. Training Center, today, Friday, ought to be a great day.

Eighteen years ago, on May 11, Our Franklin burst upon a waiting world. What happens today in San Diego should make

that the cake was only PART of the present; it would be sent to San Diego and the rest of the present would stay here until Our Franklin comes back to display his sea-going, rolling gait in the Square.

Our Franklin has been on his way toward becoming an Admiral since March 25 of this year. Had he remained at the Goldthwaite High School, he would have been graduated with the Class of 1950. Happy birthday, Franklin!

P. S. to Franklin: Your former boss, Mechanical Superintendent Roy Lee Hill of the Eagle, was asked what HE would send to you for your birthday. "Nothing," Mr. Hill replied. Then he was asked if he had a message for you, Franklin. "Don't drop the soap," Mr. Hill answered.

McKee At Ft. Hood

James Ralph McKee, formerly of Fairman Company, Inc., in Goldthwaite, now is Pvt. McKee of the First Armored Division, which is being reactivated at Fort Hood. Pvt. McKee, who was graduated from the Goldthwaite High School in the Class of 1946, wrote this week asking that the Eagle be sent to him at Fort Hood so that he may keep up with the home-town news.

Mr. and Mrs. John Hester spent Saturday and Sunday in Fort Worth visiting their children.

### Firemen Go To Gray And Frazier Homes

Prompt action by Jack Davis and the Goldthwaite Volunteer Fire Department averted what might have been a serious fire at the home of Mr. and Mrs. Wilford Gray late last Sunday afternoon.

As he was about to go to work, Mr. Davis noticed smoke coming from under the roof of the Gray home. He notified Mr. and Mrs. Gray and an alarm was turned in. It was discovered that the smoke was caused by crossed wires in the attic. There was no damage of any consequence. At the time rain was falling and a high wind was blowing.

Last Saturday morning the Goldthwaite Volunteer Fire Department responded to an alarm from the home of Mr. and Mrs. Harmon Frazier, where an oil cook stove in the kitchen had flared up. Again, prompt action averted a fire of any serious proportions but the Frazier kitchen was blackened by oil soot.

### Mullin Personals

Mr. and Mrs. G. P. Kittle and Mary of Brady visited Sunday with Mr. and Mrs. O. E. Rice and Mrs. Miranda Kittle.

### News Of Chappell Hill

By PEARL CRAWFORD

We had another weekend of rainy, damp, cool weather. One-fourth inch of rain fell Saturday night, and a mist of rain fell most all Sunday afternoon. The black cloud of Sunday afternoon kept some of the folks at home from Church. We haven't learned of any damage from the high wind.

B. F. Humphries and Charles plowed corn Saturday.

Most all the farmers were busy during last week. O. Y. Lockridge sheared sheep for O. A. Evans. Henry Nawert planted cotton at his mother's farm and plowed corn at the C. M. Bramblett farm Friday.

N. C. Karnes planted cotton on Thursday and Friday. Mr. Karnes made a trip to Brownwood and Comanche, hunting cotton seed.

L. Stahnke planted corn at the J. W. Weatherby ranch during last week.

## TRY AGAIN ON YOUR RECOLLECTIONS THIS WEEK!

In last week's Eagle there appeared a dozen photographs of Mills County youngsters under the caption, "Do You Recognize Them?" Many persons did recognize them despite the passage of time. The photographs were printed originally in the Eagle of August, 1944. Accordingly, nearly seven years have passed since the original publication date. This week, the Eagle publishes the photographs of some more of our fellow-citizens as they looked in 1944, with the idea that it will be fun for nearly everybody to figure out who they are. The name of every youngster is known in the Eagle office and there is no doubt that parents will recognize their own children. But the question is, "Will their friends and neighbors recognize them?" After last week's Eagle came out it was decided to print this week the names of those whose photographs appeared last week. They were: Ronald Armstrong, Charles Parker, Joe Cowan, Horace Kirby, Doris Soules, Tommy Daniel, Mike Hoover, Gary Robbins, Franklin Tyson, Lynetta Duren, Janell Jernigan, and Wanda Williams. Now, how well did you do? This week there are 22 youngsters pictured as they were in the summer of 1944. It ought not to be difficult to recognize them, despite the changes that nearly seven years have wrought. Would you like to see more such pictures after this week? If enough Mommies and Dads and their neighbors of small-fry who are growing up so fast wish to see pictures of our youngsters as they used to be, the Eagle will be glad to print them.

#### Why a "Job-Rated" truck is your safest investment

A "Job-Rated" truck is engineered at the factory to fit a specific job . . . save you money . . . last longer. Every unit from engine to rear axle is "Job-Rated"—engineered to haul a specific load over the roads you travel and at the speeds you require.

Every unit that **SUPPORTS** the load—frame, axles, springs, wheels, tires and others—is engineered right to provide the strength and capacity needed.

Every unit that **MOVES** the load—engine, clutch, transmission, propeller shaft, rear axle and others—is engineered right to meet a particular operating condition.

#### Safer stops with "Job-Rated" brakes

Step on the brakes of your Dodge "Job-Rated" truck and you're sure of smooth stopping action far in excess of normal requirements. You get long-lasting Cyclebond "no-rivet" brake lining—with lining area increased as G.V.W. rating goes up! Now, on models 1½-ton and up, except air brake models, you get another Dodge "first"—new Tapered, Molded Cyclebond brake lining. It's longer-lasting, extra quiet—free from "squeal." Independent hand brake also adds to safety.

#### Safer steering and easier handling

Now, you can maneuver your Dodge "Job-Rated" truck with less effort! Steering is more accurate. New easy-acting worm-and-roller steering gears on many models. To make driving still safer, Dodge "Job-Rated" trucks have new, shorter turning diameters. You also get the easy-handling advantages of cross-steering, short wheelbase, wide front tread. All these features add up to the easiest handling truck on the market!

#### Safer visibility with "Pilot-House" cabs

When you drive a Dodge "Job-Rated" truck you look through the biggest windshield of any popular truck! You have a clear close-up of the road, made possible by new, lower hood line. For even greater visibility you can get De Luxe and Custom cabs with rear quarter windows. All-steel "Pilot-House" cabs provide extra safety, too. Top, floor and sides are welded together—not bolted! No wonder owners agree that Dodge "Job-Rated" trucks are the safest on the road!

#### FLUID DRIVE now available

Only Dodge "Job-Rated" trucks offer this great "exclusive"—available on all ¾-, 3/4-, and 1-ton models and Route-Vans. Helps assure less wheel-spinning on slippery surfaces . . . less tendency to spin in mud, sand, snow or wherever the going is tough. What's more, glycol Fluid Drive makes driving easier, helps protect loads, lowers upkeep costs, and lengthens truck life.

### Adams' Scots

(Continued From First Page.)

Baxter, too, is a stone-cutter. Conflicting correspondence developed that Mr. Baxter, his wife, and two children, Susan, 16, and George, 14, wanted to come to Texas so that George could be a cowpoke and shoot Indians.

Mr. Baxter's first letter was merely to thank Mr. Adams for his friendship for the British but the story now has reached the stage at which the entire

Baxter family is trying to come to Goldthwaite and applications for passport visas have been made at the American Consulate in Glasgow, Scotland.

The story will continue to develop as the American Consulate acts on the desire of Mr. and Mrs. Baxter to leave Greenock, Scotland, and settle in Goldthwaite with their children. Meanwhile, and whatever happens as time goes on, the by-product of Mr. Adams' labor in having made a duplicate of the Stone of Scone is that a family of Scots decided

that more than anything in the world they would like to become Texans.

As for the flare-up of British newspaper interest in E. B. Adams, the press in the United Kingdom has been reminded that the replica of the Stone of Scone as made by Mr. Adams was stolen even before the original was recovered in Scotland. The British press has been told that Mr. Adams is making no more replicas—but that his interest now is in encouraging Andrew Baxter, his wife and two children, to come

to Goldthwaite from Greenock, Scotland.

So far, there has not been time to interview Harry Allen on the story, nor has it been taken up with W. H. Linkenhogger, who made the iron rings for the now-stolen Adams replica. It has been suggested, however, that if the Baxters really do come to Goldthwaite, along with their Scotch burr, Mr. Allen and Mr. Linkenhogger can be assigned to teach them how to speak as Texans speak.

### F.F.A. Champions

(Continued From First Page.) worked hard to prepare themselves for competition and they will work hard for the events of the future.

Superintendent of Schools H. E. Patton said that "we are proud not only of the boys but also, we are exceedingly proud of Mr. Johnson."

At College Station the Goldthwaite F.F.A. team judged breeding and fat hogs, breeding and fat cattle, breeding and fat sheep, a class of ten feeder steers and a class of 10 slaughter steers.

"It took a lot of doing to build up the number of points necessary to give our boys first place," Mr. Johnson said.

Last Saturday's victory at College Station gave a great lift to the annual F.F.A. Banquet at the School Lunchroom on Wednesday night of this week, when Chapter President Kenneth Wesson presided over a "victory celebration," and when Miss Anita Carlisle was crowned as the Chapter Queen or Sweetheart. The program included a projection of motion pictures that were made in Alaska by Grady Carothers, proud reports on Chapter Achievements, and remarks by Mr. Johnson.

### Eagle's Eye

(Continued From First Page.)

tion to the Kremlin. General MacArthur has warned of the consequences of such doings and the best that President Truman and Secretary of Defense Marshall can do in reply is to cringe and have the shakes that come to all scared, uncertain and confused men.

Since when did dynamic, courageous and realistic Americans follow the policy of passive resistance that the Washington Administration wants us to continue to follow in the face of a deadly enemy in Korea? The people for whom I have respect don't go in for fighting with powder puffs. But, regrettably, we have a Truman Doctrine that could well be called the "powder puff policy," because in place of a tremendous and continuing sacrifices by young Americans, it dodges the necessity of standing up toe to toe with an enemy

### Mullin Wolf

(Continued From First Page.)

those of a wolf. With dogs, they trailed the wolf, trap and all, for a distance of three miles and there, just north of Trigger Mountain, Mr. Pyburn shot the wolf.

"Even with that trap on him he had dragged himself over at least three net fences," Mr. Pyburn said.

Mr. Pyburn and Mr. Lewis agreed that the wolf had killed sheep worth at least \$1,500.00—and they agreed, also, that their figure was well under the actual damage that had been caused to stockmen by the predatory animal.

The dead wolf was viewed by large numbers of Mills County citizens on the south side of the Square last Monday morning.

### Get That Paper

(Continued From First Page.)

Monday night before, with Mrs. Berry conveying them, Goldthwaite Boy Scouts went up and down the streets collecting papers, magazines and books without binding that citizens had placed on their front porches. Many persons from outside the city limits also have taken newspapers and magazines to Morelands so that when Jess Moreland drives to Waco in the middle of next week he will have several tons of waste paper to keep him company on the trip. Mrs. Berry suggested this week that if everybody deluges the Morelands with a lot more paper between now and Tuesday afternoon, Mr. Jess will have to buy another feed truck. That, she said, will be a fine thing for the Cemetery Committee of the Goldthwaite Garden Club.

and slugging it out to a finish.

As I read and heard the news this week, I decided definitely that I would take General MacArthur with his courage, his realistic willingness to face a growing menace, and his positive program for dealing with an enemy who is determined to do us in—with what appears to be the help of men who consider themselves "leaders." Pheey to the word, if that is leadership.

There is one inescapable observation that smacks a man right in the eye, heart and mind, after a pondering of the news of this week. It is that the Fair Dealers have not in any way given an answer to General MacArthur. He is for victory. General MacArthur is for an end to war by winning, once and for all, the one our men are fighting now. Appeasement drips from the "Truman Powder Puff Doctrine." I will keep on saying it until there is reason for my blood to cool: In the end, the appeaser has only one alternative, to knuckle under, or to fight.
