Waco Cubs Play Red Sox Here On Thursday Night

All baseball fans who receive their Eagles on Thursday are advised forthwith that at 8:00 o'clock on Thursday night of this week, July 19, at the Municipal Ball Park in Goldthwaite, bats will crack and crowds will roar when the Goldthwaite Red Sox play the Waco Cubs—described as a fine baseball team by Clyde Estep.

Notice for Thursday night's game is short but the Red Sox management hopes for a large and enthusiastic turnout. Incidentally, there has been a reshuffling of said management.

Relieving Howard Hoover of duties that he has met so ably and for so long, Y. B. Johnson, Jr., now is player-manager of the Red Sox. Y. B. is expected to start Thursday night's game against the Waco Cubs but he may be relieved in the final innings by Ralph McAllister—so as to save Johnny's arm for a game that the Red Sox will play at Stonewall on Sunday.

With Y. B. as player-manager of the Red Sox, the duties of the ball club's business management have been taken over by Mr. Estep, who puts baseball even ahead of selling furniture; O. H. "Omar" Shaw, and Bill Hightower.

In addition to the home game Thursday night against the Waco Cubs and the game at Stonewall on Sunday, the Red Sox also have been scheduled to play at Fredericksburg on July 29.

"But we are lining up some more home games," Mr. Estep said this week. "We figure on return games against both Stonewall and Fredericksburg here in Goldthwaite in the near future. When the dates have been set, we shall make a lot of noise about them."

Mrs. Soules Note: Barbara Wants Pet

Miss Barbara Soules, daughter of Mr. and Mrs. L. H. Soules, Jr., of Dallas, is visiting her Grandpa, L. H. Soules, Sr., and her aunt, Miss Janet Soules. Her playmates have included the Misses Linda and Lana Archer and the A. W. Lilly skunks, which continue to thrive under the devoted care of Harvey Ekins. An attempt to present one of the little wood pussies to Barbara met with the polite statement that she would like to have one "but my Mommie won't let me."

Dr. O'Quin Ill

Dr. C. L. O'Quin, who lived in North Brown as a child, has been gravely ill in the Burns Hospital at Cuero for the past two weeks. Dr. O'Quin, who is 84, has been visited by his sister, Mrs. Walter Weatherby of Goldthwaite, and by Mrs. Walter Summy. Another sister, Mrs. Horace Bethel of Mountair, N. M., and two brothers, Luther and Albert O'Quin of San Angelo, are at Dr. O'Quin's bedside.

No Rain, Just Sun

No rain, except for a couple of tantalizing sprinkles, has fallen in Mills County since Harry Allen measured .30 of an inch on July 2, which seems a long time ago. But the moon has been bright and the sun has dutifully beamed its actinic rays through long, languorous days.

Wray B. Williams Resigns As School Superintendent In Mullin

NEW AIRMAN

WALTER SUMMY, JR.

Walter Summy, Jr., son of Mr. and Mrs. Walter "Jake" Summy of Fisher Street in Goldthwaite, now is stationed at the Lackland Air Force Base at San Antonio, having enlisted in the Air Force late last week. The new member of the Air Force, who is 22, was graduated from the Goldthwaite High School in the Class of 1946. He attended Tarleton State College at Stephenville for three years and for the past year and a half he was a student at A. & I. College at Kingsville.

Grass Fire Fizzles

With Chief Jack Reid commanding and sweating, the Goldthwaite Volunteer Fire Department Wednesday morning responded to an alarm caused by a grass fire near the home of Walter Doggett. There was no damage of any consequence, but the firemen were hotter than the fire.

Temperature 104?

So as to avoid any confusion, this item stands separately from this week's weather story in the Eagle. There may be arguments, but it cannot be ignored that late on Wednesday afternoon, at George Gilbert's service station, Jim Culwell pointed solemnly to a thermometer, in the shade, that registered a temperature of 104 degrees, Fahrenheit. When Mr. Culwell's temperature recording was challenged, he promptly said he had a thermometer that registered even higher. Harry Allen, Goldthwaite correspondent for the U. S. Weather Bureau, reports only precipitation—not temperature recordings. Let the argument rage.

Mills County Farmers Make Fine Fodder Crop Despite Dry Weather

By CHARLES O. HAENISCH

Farmers and ranchers of the Brown-Mills Soil Conservation District who baled their sweetclover this year are rejoicing over the hay they received. The failure of other crops to produce due to the dry weather conditions made this crop even more valuable. This hay analyzes high in protein, ranking with that of alfalfa.

Ed Thornton, three miles east of Goldthwaite, cut his Madrid Sweetclover and windrowed it with a side delivery rake. From a field of eleven acres he received approximately 250 bales of good quality hay. The District windrower was used on 70 acres of Madrid Sweetclover by Roy Dellis, operator of the

Wray B. Williams, who several weeks ago was the victim of a mob attack in the darkness of a rainy night when he was alone and defenseless, resigned this week as Superintendent of Schools at Mullin. Mrs. Williams, the former Grace Cadenhead of Comanche County, also resigned as a member of the Mullin Schools faculty. Their resignations have been accepted with regret by the Board of Trustees of the Mullin Independent School District.

Mr. Williams has accepted appointment as Principal of the Junior High School at O'Donnell in Lynn County, on the south plains. Mrs. Williams also will teach at O'Donnell. The resignations of Mr. and Mrs. Williams will become effective on July 31. They plan to move soon to O'Donnell with their two children, Sandra Jane, 13, and Jerry Wray, 10.

Mr. Williams had completed four years of service at Mullin late last May when he was set upon by hoodlums in the dark entrance of the Mullin High School. The Mullin School Board not only reported the assault to Sheriff C. F. Stubblefield but it asked District Judge Wesley Dice to convene the Mills County Grand Jury for an investigation. After two days devoted to questioning nearly 70 witnesses, the Grand Jury condemned the mob action, noted that both adults and juveniles had been involved, and advised action by the Texas Rangers and the Federal Bureau of Investigation "if necessary" to prevent any repetition of the outrage.

As the Eagle went to press the appointment of a successor to Mr. Williams had not been announced. Mr. Williams said that if a successor is appointed in time he will do everything possible to assist him in assuming his new responsibility. Mr. Williams, who went to Mullin from Comyn, this week expressed regret that in moving to O'Donnell he and Mrs. Williams and their children would be leaving many good friends in Mills County. Following the assault on Mr. Williams late last May, full confidence in him was voted by the Board of Trustees of the Mullin Independent School District, of which A. R. Rowlett is the Chairman.

Mr. and Mrs. Forest Frazier left Saturday for their vacation, stopping in Dallas to visit her sister. From there they will go to Ponca City, Oklahoma and other points.

Use Of Water Is Up So Much That Saving Is Needed

Please don't waste water and if you use the stuff to keep your grass green please don't use any more than may be absolutely necessary.

That was the request this week by City Utilities Manager W. C. Barnett who said that since the summer water rates were put into effect by the Goldthwaite City Council there has been such an upsurge in the use of water that at times it has been difficult to maintain pressure.

"We have every hope of being able to keep the summer rates in effect but it will be necessary to use water carefully," Mr. Barnett said.

He pointed out that the public response to the summer water rates had been immediate and with many consumers using water for lawns and flower beds simultaneously, there was an inevitable drop in water pressure. There is no prospect of a water famine, Mr. Barnett said, but care in the use of water and considerate cooperation by all consumers can make it possible to keep the summer rates in effect.

Car Crash Hurts E. W. McNutt And Robertson Friday

E. W. McNutt and Oma Robertson of the McNutt & Robertson Real Estate firm of Goldthwaite had a narrow escape on Friday afternoon of last week when the car in which they were riding was struck by a pickup being driven by W. P. Letbetter. The car, owned by Mr. McNutt but being driven by Mr. Robertson, was demolished. Mr. McNutt suffered a shock and a cut on his leg required eight stitches by Dr. M. A. Childress. Mr. Robertson suffered a bruised elbow and other minor hurts when the car capsized.

At the time—5:10 p. m.—Mr. McNutt and Mr. Robertson were returning to Goldthwaite from Indian Gap on highway 16. Their car was struck when Mr. Letbetter drove his pickup onto the highway from a side road and headed in the direction of Priddy.

Mr. Robertson and Mr. McNutt had recovered sufficiently from their experience to be transacting business at their real estate office this week.

Immediately after the accident John Kennedy and O. A. Evans, who were combining grain nearby and who heard the crash, went to the assistance of Mr. McNutt and Mr. Robertson.

Franklin Weathers Training On Guns

Our Franklin Dew Weathers, son of Mrs. Bertha Weathers, has stopped swabbing decks aboard the U.S.S. LST 975 and is training to be a gunner's mate which takes him—excuse please, Miss Myriene—back to his first love, which is machinery. Our Franklin's ship now is stationed at San Diego where he was visited recently by Sgt. and Mrs. T. A. Woodley of Atascadero, California. Mrs. Woodley is Our Franklin's sister. If you are going to be a gunner's mate, Franklin, get busy and bone up on your mathematics. Franklin has been in the Navy since last March.

THIRD BIRTHDAY

"TOOTER" KELLY

EAGLE PHOTO BY WICKER STUDIO
Kenneth Dale "Tooter" Kelly, who will be three years old tomorrow, Saturday, makes the first page of the Eagle because without "Tooter," it could be that there would be no Eagle. The son of Mr. and Mrs. Arnold Kenneth Kelly of Reynolds Street, Goldthwaite, "Tooter's" Dad works with the people who get out the Eagle. That means that he really is working for "Tooter" and, of course, Mommie Vallie. Three years ago, on the day of "Tooter's" birth, his brand new Dad did not work at all. Upon the advent of his son, Mr. Kelly telephoned to advise the Eagle that he had no intention of coming to work. In 1948, July 21 was a Wednesday—which is no day for a printer to fall to show up on a weekly newspaper.

"Where are you?" Kelly was asked on July 21 three years ago.

"At the San Saba hospital," Kelly replied.

"Why?" he was asked. "I have a son," he said with the same sort of excitement that he never, never shows. If this story keeps up much longer in this vein, it will be all about Pop and not about "Tooter" and, after all, Saturday is "Tooter's" birthday. Mrs. Kelly plans to bake a cake and Daddy will have the afternoon off, since the Eagle office will be closed anyway.

Happy birthday, "Tooter." There is another good reason for printing your photograph on page one. That wonderful smile of yours would make any picture newsworthy.

No Draftees Now

Charles Frizzelle, Mills County Representative on Selective Service Board number 84, met with the Board in Lampasas on Thursday night of last week. Although men were selected from three other Counties in the Board 84 area for examination for military service, it is not likely that there will be any draft calls to Mills County men during August, Mr. Frizzelle said.

Lions Ask Honor For Lieut. King

The Goldthwaite Lions Club Tuesday night voted unanimously to ask all business establishments in the city to close during the final rites that will be conducted here soon for Lieut. Raymond F. King, who gave his life in combat in Korea last September. Lieut. King's remains have arrived on the West Coast and will be returned to Goldthwaite soon.

Also at the Lions Club and with President Ray Duren in the chair for the first time since the installation of new officers, the members of the Club heard a challenging address on the book, "Wake Up Or Blow Up," by the Rev. J. T. Ayers, Pastor of the First Baptist Church in Goldthwaite.

Military Honors At Final Rites For Lieut. King

Final rites with full military honors were planned this week for First Lieutenant Raymond F. King, who died heroically in action in Korea last September 23 and whose body is expected to arrive in Goldthwaite soon.

Lieut. King's widow, the former Greta Traylor of Goldthwaite who now lives in Brownwood, has been notified officially that her husband's remains have been returned to the United States from Korea.

Later, and following receipt of further official information, a date will be set for services at the First Baptist Church in Goldthwaite and for interment in the Rock Spring Cemetery. The service and interment will be attended by a military detachment from Fort Hood and it is being arranged for the Harry F. Edmondson Post number 289, the American Legion, to participate appropriately.

Lieut. King, who was a mines and explosives expert, was cited twice for conspicuous bravery in Korea and posthumous decorations were presented to Mrs. King. In addition to his widow, Lieut. King is survived by a son, Terrell, who is 4, and by a daughter, Charlotte, who is 18 months of age.

Payroll Hikes For Telephone Workers

While Mrs. Charles Frizzelle was on vacation this week her boss, General Manager D. T. Strickland of the Southwestern States Telephone Company, announced a 10 1/2 per cent wage and salary increase for the company's workers, effective August 1. Mr. Strickland hinted strongly that higher rates for telephone subscribers will be necessary to meet the wage and salary increases. The increases, he said, were essential in order to aid telephone company workers in coping with the zooming cost of living.

Faithful Workers Plan Letters To Men In Service

The Faithful Workers Class of the First Baptist Church School, meeting on Tuesday night of last week at the home of Miss Annie Laurie Petsick, voted that as a project for this year the members will undertake to write to Mills County men who now are in the Armed Services. A list of the men in service now is being compiled and names will be distributed among the Class members, who decided also to make a gift to the Rev. Don Jones, Assistant Pastor of the First Baptist Church.

Postmaster Mends

Postmaster Lucile Fairman, who is entering her third week with a broken leg, is making favorable progress on the long road back to a complete mending. This week Mrs. Fairman again was treated at the San Saba Hospital. One of Mrs. Fairman's daughters, Mrs. Fred McKenzie and her infant daughter of Georgetown, visited her mother last weekend. Mrs. Ray Ford and her children, Ray Two and Presley of Pleasanton, has been helping to see Mrs. Fairman through her ordeal. The Postmaster also was visited this week by her son, Highway Patrolman Mark Fairman of Kermit, and Mrs. Fairman.

THIS IS FOR YOU—PERSONALLY

Every week this newspaper publishes news of soil conservation in Mills County. It is to be supposed that such news is of deep interest to men and women who own and work the land and who are responsible for the production from it.

The reason the soil is of such importance to everybody was stated recently in a radio address by Dr. William A. Albrecht, Chairman of the Department of Soils, the University of Missouri.

"We must come to realize how limited in area is the land that really means nutrition for good health in terms of soil fertility. The soil must take on new values. It can no longer be considered a commodity that we can gamble, barter, squander or lose.

The decline in quality of food grown on non-fertile soil is rapidly bringing us to realize that we grew up on the soil, that all of us have a stake in the soil, whether we live on the land or not.

We would like to believe that enough people realize and understand the truths that were spoken by Dr. Albrecht. We are fearful, however, that there are not enough of them yet and so, for our part, we shall continue to keep hammering away at the need for soil conservation.

In commenting on Dr. Albrecht's radio address on "whole food for a whole life," Tom Linder, Commissioner of Agriculture in Georgia, had this to say: "All of the work of soil conservation, soil building, crop diversification, fertilizers, improved seed and all other efforts we can make for improved agriculture are, in the last analysis, our efforts to get back to the soil as the source of physical life.

Until everybody makes it his business to take a personal interest in what is happening to our land, then all of us will be running the risks of the general and public evil that both Dr. Albrecht and Commissioner Linder warn can come from the poor food that comes from poor soil.

It is not enough that some of those who are responsible for the land cooperate in conservation and restoration practices with the technicians of the Soil Conservation Service and other agencies of the Department of Agriculture. It is not enough for only some land owners to repent and apologize for long neglect of our soil.

The biggest fish (story) we have heard about in several years was brought from Chadwick's Mill last Saturday afternoon by John Robinson, Tom Toland and Johnnie Allen.

The fish was shown us and the story as related by the young men is no doubt true. They reported that John Robinson had seen the fish swim into little branch running out from the river and had walked up the branch following it.

When the end of the branch was reached and the fish turned to go back into the river Robinson jumped upon it, and catching its jaws held on and called for assistance to get his prize out of the water.

It weighed 42 pounds and its skin as well as Robinson's hands give evidence of the hard struggle. Mr. H. Robinson was with the young men and he accounts for the fish leaving the channel of the river by the fact that there was a rise coming down at the time and the water being muddy the fish came out for fresh water.

While in this position the gun was discharged.

GUEST EDITORIAL

(Editor's Note: Walter Hornaday of the Washington bureau of the Dallas Morning News has made a study of the voting record of Senator Tom Connally in view of the current widespread interest in Senator Connally's political future — both inside and outside Texas — Mr. Hornaday's article is published in full herewith.)

By WALTER HORNADAY

The claim of Radio Commentator Fulton Lewis Jr. that Sen. Tom Connally of Texas supported the administration foreign policy is shown by examination of the record to be generally correct.

Connally's votes since 1945 have backed the administration foreign and allied policies, with the exception of legislation admitting displaced persons and some other matters.

Lewis failed to bring out, however, that the Texas Senator voted, except in a few instances, with a majority of the Democrats, and that in many cases the measures he supported were also heavily backed by the Republicans.

Connally's record on foreign policy, in other words, was the same as that of a majority of his fellow Democratic Senators, and on many important votes, a big majority of the Republicans also favored the administration measures.

Dean Acheson, for instance, was confirmed by the Senate for Secretary of State in 1949 by the overwhelming vote of 83 to 6. The Marshall Plan was approved in 1948 by a vote of 60 to 9. The North Atlantic Pact was ratified by a vote of 82 to 13.

Lewis was slightly mistaken when he said that Connally's only votes against administration matters pertaining to foreign policy were against displaced persons legislation.

Connally has backed the reciprocal trade agreements, but in 1949 he voted for an amendment establishing import quotas for petroleum and petroleum products. The Senate rejected this proposal, 41 to 40.

Connally also supported an amendment directing a loan of 100 million dollars to Spain out of ECA funds. The State Department had been reluctant to show favors to Spain.

The Texas Senator voted against an amendment to add \$3,945,000 for the Voice of America and other State Department information activities. The increase was rejected 53 to 25.

On domestic issues, the Senator has fought civil rights legislation and other proposals stoutly opposed by Southern Democrats.

Connally has asserted he is not a "stooge" for Dean Acheson. Lewis used the voting record to dispute this claim.

Acheson and Connally differed, it was learned, on how to receive the Russian proposal for a cease-fire in Korea.

Acheson took the position there was no use holding a conference, for the Reds wouldn't keep promises. Connally argued that the proposal should be entertained, and that if an armistice offer couldn't be accepted, it could simply be rejected.

Connally believed any proposal should at least be considered if it offered any hope for a cease-fire and a peaceable settlement. He contended that by merely considering, the

The Eagle's

By The Editor

The editor is merely one of a rapidly growing number of persons who believe that the raising of educational standards in Texas is one of the greatest of all the challenges that confront us. The importance of education and its goal of a well-trained mind has been underlined in an editorial in Life Magazine. It is printed in this space as a contribution to public thinking on a subject on which concentrated thinking is necessary.

All in all we Americans are an ignorant lot—just like most other people. While others usually keep quiet about it, we take great pleasure in finding out just how ignorant we really are and widely publishing our shame. The good, gray, patriotic New York Times has now made its contribution by interviewing 4,752 college students on geography and flunking them out on such questions as:

In what country is the Ob River? List and give the approximate population of the five largest cities in the U. S.

Which states border the Great Lakes? What is the population of Great Britain? Define isthmus, latitude and altitude.

Name the largest state. Thanks to the hit parade, the silver mane and broad-brimmed hat of Senator Tom Connally, the Democrats who live there and the Rangers, 62% knew the right answer to that last question—Texas. But when it comes to geography in the larger sense most of us are like the lady from Boston's Beacon Hill who proposed to drive to California. When she was asked by what route she was going, she replied, "By Worcester of course." We all know our own neighborhood better than we know the Ob. The Samoyedes never heard of Beacon Hill, however improbable that may seem to the proper Bostonians.

But unlike the Samoyedes we are a people who have taken responsibility for a lot of geography and we have a poor excuse for not knowing much more about the subject. It is one thing for a student not to be able to locate a river in Siberia, but it is something else again to find that only 18 out of 4,752 could name the largest American cities and give their population. Only 4% could name the states bordering the Great Lakes and only 5% could name those bordering the Atlantic. One senior may be forgiven for having defined an isthmus as land with hot water on two sides, but 74% couldn't list in the order of size the four oceans. Only 17% knew the population of the Soviet Union, and half the students couldn't even name three of the satellite states in Europe.

One obvious conclusion is that we should teach much more geography, teach it in higher grades and teach it more thoroughly. But perhaps something much more basic is the real heart of the matter. Some answers given suggested not only that the students could not read very well and that they spelled even worse but that they were lacking in simple general knowledge. The Time's test raises again the question whether present trends in education do not accelerate what Dr. Louis Booker Wright of the Folger Shakespeare Library in Washington calls "the

My And Friends Celebrate On Crawford's 89th Birthday

Having celebrated his 89th birthday anniversary last Sunday, B. J. Crawford, who was born on Chappell Hill for an 89 years, hoed cotton on a hot sun last Monday just to prove that a man can ignore the number of candles on his cake.

Mr. Crawford's birthday party last Sunday his daughter, Mrs. J. Schindler, baked and sure enough, there were 89 candles on it. In the party another daughter, Miss Pearl Crawford

also has 14 grandchildren and 15 great grandchildren.

Among those who were present for last Sunday's party were:

Mr. and Mrs. A. L. Crawford and William G., Pearl and George Crawford, Mr. and Mrs. George Crawford and George Wayne and Roger of Rock Spring, Mrs. Lawna Reed of Rue, Mr. and Mrs. O. A. Evans, Mr. and Mrs. Bill Partin and Tommy and Jimmie, Mr. and Mrs. J. C. Bramblett, Mr. and Mrs. Sam Koen, N. C. Karnes, N. C. Karnes, Jr., and Dortha, and Mr. and Mrs. R. J. Schindler of Bangs.

Also Mrs. Ralph Wilson and Mary, Elvin and Bernie of Austin, Mr. and Mrs. Ralph Crawford and Pat, Mr. and Mrs. Herman Crawford and Ann and La Joyce, Mr. and Mrs. Stanton Sanford and Randall and mentally, Mr. Crawford, has three daughters and

Our Miss Nix Hauls Loot From Cooking School; Publishes Notes

There was a cooking school on Thursday and Friday afternoons of last week at the Goldthwaite School lunchroom for the purpose of helping the Lone Star Gas Company to sell gas and to help Harry Allen, Barnes & McCullough, Duren Furniture, Steen Hardware, Smith Equipment Company, Collier Company, Inc., Estep Furniture and the Campbell Butane Company to sell gas stoves.

Attendance at the school, conducted by Miss Marthe Ritter, Lone Star Gas Company home economist, was about 160, but whether the same 80 ladies went for two days in a row or whether there were different ladies each day is not known for sure.

The Eagle's Miss Earlene Nix, whose mother, Mrs. L. E. Nix, is the Mills County coconut cream pie champion, attended the cooking school last Friday. Miss Nix went home with a pyrex oven roaster as a door prize, so she spent a couple of days trying to learn who else went home with door prizes. She came up with the following results of her research, which admittedly is not complete:

Mrs. Norman Duren, a lawn table (and from Estep Furniture at that!) Mrs. John L. "Hi Neighbor" Gwin, food, just food; Mrs. J. C. Long, more food; Mrs. Clyde Cockrum, tea towels; Miss Myrlene Reynolds, mixing bowls for her hope chest; Miss Jimmie Rita Simpson, a dish for her refrigerator; a little boy with the surname of Jackson, a cake; Mrs. A. L. Reese, a set of tea towels; Mrs. Maynard Roberts, a sauce pan; Mrs. Ruby Simpson, a cannister set; Mrs. A. B. Finley, a tray for kitchen cutlery; Miss Nell Spivey, a club aluminum grid-die; Mrs. J. H. Saylor, a pyrex

double boiler; Mrs. D. H. Singletary, a lawn table.

In addition to loot in the form of a pyrex oven roaster, our Miss Earlene Nix came home with notes. In the interest of having the general public know what a lady reporter puts in her notebook, the following is exactly what our Miss Nix brought home from the cooking school:

"Miss Ritter cooked a complete meal on top of the stove—baked potatoes (in jackets) in a covered pan—cooked the spice cake pudding in a large covered sauce pan; fixed a veal sauce to pour over the baked potatoes. Broiled fish filets and carrot sticks in the oven broiler. Used frozen spinach as a green vegetable to go with the fish and carrots and cucumber flowers filled with a tartar sauce. Cooked complete oven meal—beets in orange juice; popovers; and stuffed flank steak—held the ladies spell-bound while she took a cold pie shell, filled it with ice cream, placed apricot halves on top of the ice cream and then sealed the pie with a heavy coating of meringue, popped it into the oven for 5 minutes. She then sliced it and to everyone's surprise, the ice cream had not melted."

Now you know all about it.

Our Miss Nix added in her notes that "Little Mert" Maddening, daughter of Mr. and Mrs. E. E. Maddening, drew names for the door prizes. What Miss Nix did not add in her notes is that "Little Mert's" Daddy is Lone Star manager in Goldthwaite and that in pulling the names of those who had registered, "Little Mert" searched diligently for the name of her mother.

P. S.—Mrs. Maddening did NOT go home with any loot.

Garden Club Has Reminder Of Big Wastepaper Drive

Have you been saving your old newspapers and magazines for the Cemetery Committee of the Goldthwaite Garden Club? If so, please keep on saving and if not, please start now. Mrs. John G. Berry, Chairman of the Cemetery Committee of the Goldthwaite Garden Club, issued a reminder this week that the Boy Scouts, on September 1, will pick up newspapers, magazines and unbound books so that Jess Moreland may truck them to Waco free. Proceeds of the sale of waste paper will be used to help the Garden Club complete work on the eastern enclosure of the Goldthwaite Memorial Cemetery.

"This time—on September 1—we want to collect so much waste paper that Mr. Moreland will have to make four or five trips to Waco to sell it," Mrs. Berry said.

A paper drive several weeks ago was highly successful but Mrs. Berry believes that by giving plenty of notice to everybody the pick up that has been slated for September 1 can result in a vastly increased tonnage.

Mr. and Mrs. Allison both taught for a number of years in the Goldthwaite Public Schools.

Jane Ann Moody Wed in Abilene To Britton Brown

The home of Mr. and Mrs. Floyd C. Moody, 1742 Edgemont Dr., Abilene, was the scene of the wedding of their daughter, Jane Ann Moody, and Britton Nelson Brown. The Rev. and Mrs. Otis F. Brown of Valera are parents of the bridegroom. Both the Moody and Brown families are former residents of Mullin.

Rev. Brown, pastor of the Valera Methodist Church, read the double ring service June 30 before a half arch decorated with daisies and huckleberry and flanked by baskets of giant daisies. A white prayer bench was used.

Imelba Price played "Be-cause", "Always", and "Thine Alone" as well as the traditional wedding music.

The bride, given in marriage by her father, wore a white cotton lace dress made with basque, very full skirt and pleated cape. She carried white daisies on a white Bible and wore a white daisy headdress.

Her cousin, Mary Qisenberry, was her only attendant. She wore a blue cotton lace dress made like the bride's and a yellow daisy corsage and headdress.

Mrs. Moody chose a rose shadow print organdie. Her flowers were white daisies. The bridegroom's mother wore brown cotton eyelet with white accessories. Her corsage was of yellow daisies.

James W. Brown of Midland was his brother's best man.

Miss Price, pianist, played during the reception. The bridal table was covered with a blue organdie cloth. White daisies decorated the floorlength ruffle. Table appointments were in crystal. Daisies encircled the punch bowl and the heart-shaped tiered wedding cake topped with a miniature bridal couple. The bridegroom's sisters, Geneva and Janie Brown of Valera, served the refreshments.

For the wedding trip to Mineral Wells, the new Mrs. Brown wore a white pique dress with a navy eyelet duster. She used all white accessories and wore her wedding corsage.

Both Mr. and Mrs. Brown are graduates of Mullin High School. The bride attended Mary Hardin Baylor College and Howard Payne College, and the bridegroom, McMurry College and Draughon's Business College. He is employed at Mack Eplen's Cafeteria in Abilene.

Shower In Honor Of Mrs. Bennie Bob Long Tuesday

A bridal shower was given Tuesday afternoon, July 17, from 3:00 until 5:00 o'clock, honoring Mrs. Bennie Bob Long, in the home of Mrs. Ben Long in Goldthwaite.

Hostesses were Mrs. R. T. Padgett, Mrs. Robert Long, and Mrs. J. D. McKenzie. Those who were in the receiving line were: the bride, her mother, Mrs. Marvin Shoemaker and the bride's sister, Miss Ilene Shoemaker of Lometa; the groom's mother, Mrs. Loy Long, and Mrs. Padgett. Mrs. McKenzie presided at the guest book.

Mrs. Lee Long and Mrs. Robert Long had charge of the lovely display of gifts.

The bride's chosen colors of pink and green were used in the decorations and refreshments. An arrangement of pink dahlias decorated the living room. The refreshment table was laid with a white lace cloth and centered with the punch bowl encircled with white gladioluses, pink dahlias, and greenery. Cookies with green and pink icing were served with green punch, mints, and nuts, by Mrs. Woodrow Long and Mrs. Floyd Sykes. All crystal appointments were used. Pfc. and Mrs. Long, who were recently married, are making their home at Killeen.

Simpson and her sister Pamela Ann, who is 7. Rebecca Jo was the Eagle's youngest caller in many a long day.

Pearl Crawford's Windmill Stops Turning As New Washer Arrives

As has been indicated in these columns before, anything can happen on Chappell Hill, and usually does. This time it is the story about how Miss Pearl Crawford's windmill stopped turning, presumably because of lack of breeze, just when she had acquired a new washing machine.

To read Miss Crawford's own account of the event, you would suppose that Mills County Hardware, Raymond Cockrum, owner, had presented her with a Speed Queen. Garth Carter and William "Senator" Biddle, however, made it quite clear that the washer had been sold to Miss Pearl. They did give her a case of soap, a year's supply of Rinso and a set of drain tubs—but the latter have not yet been delivered. All of that happened last Saturday. Now, let Miss Crawford finish the story in her own pathetic words:

"To beat it all, the windmill hasn't turned in several days. We do have some water in our dirt tank for the stock. But no wash water!"

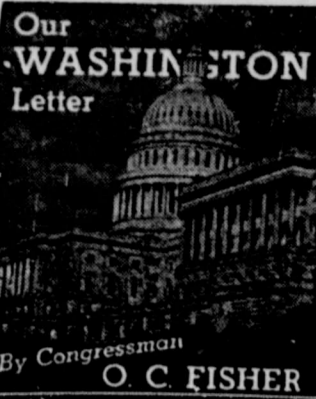

All in all, this has been a big week for the sale of appliances on Chappell Hill. Duren Furni-

ture sold a Maytag washing machine to Mr. and Mrs. A. L. Crawford. It was delivered by Rube Hammond. Neither Rube nor Miss Pearl Crawford have had a word to say about the performance of the A. L. Crawford windmill.

Finally, our Miss Pearl Crawford has been eating ice cream at the home of Mr. and Mrs. Roger Smith who, as reported by the said Miss Pearl, "bought themselves a very nice and pretty electric refrigerator for their second wedding anniversary." The seller of the refrigerator to the Roger Smiths now is in a position to step forward and claim his free plug.

Mr. and Mrs. E. L. Pass returned last Tuesday from a week's visit with relatives and friends in Abilene, Sweetwater, Stamford, and Brownwood. In Abilene they visited their son S. E. Pass and wife, and their granddaughter, Mrs. R. C. Lamar, Jr. and family.

Gerald Fairbanks of San Angelo, recently returned from a three years' assignment with the Air Force in Hawaii; Hon. and Mrs. James Farrell of San Angelo. While here they visited James Scanlon and family, the latter a brother-in-law and an engineer on the White House renovation job.

From Ft. Sill came Mr. and Mrs. Ira Potter, formerly of Brownwood where Mrs. Potter, then Miss Lucille Creswell, was on the staff of the Brownwood Bulletin.

Other Capitol Hill visitors have included Allen C. Bettis, formerly of Brownwood; Mr. and Mrs. Floyd McMullen and son, Floyd, San Angelo; Phillip E. Isett of Brownwood; Commander George Netts of Del Rio, new stationed at Norfolk.

With preaching by the Rev. Auburn S. Neely, formerly of Lometa and now of Big Lake, revival services started on Thursday of this week at the Goldthwaite Methodist Church. The revival will continue through July 29 with ser-

AUBURN S. NEELY

VICES daily at 10:00 a. m., and nightly at 8:00 p. m.

The Rev. Ed H. Lovelace, Pastor of the Church, extended a cordial invitation to all residents of the community to hear Brother Neely. Singing for the revival services is being conducted by Brother Lovelace.

Brother Lovelace said this week that Brother Neely is "outstanding in the field of evangelism, as he is in the field of Pastoral work," and he said that messages delivered from the pulpit during the revival period can be a dynamic influence in the lives of everybody.

Judge Dice Hears Charges Monday On Theft Counts

District Judge Wesley Dice will sit at the Mills County Court House next Monday to try cases arising from indictments that were voted on Thursday of last week by the Mills County Grand Jury.

Sheriff C. F. Stubblefield said that Adley D. King and Jack R. Stewart of Dallas will be prosecuted by District Attorney James K. Evetts on charges of attempted burglary with intent to commit theft at the Shelton Brothers Garage on June 24. Now in the hands of Dallas police, King and Stewart will be returned for trial by Sheriff Stubblefield. Following their indictments they were ordered held in bond of \$1,000.00 each by Justice of the Peace E. A. Obenhaus. They failed to post bond.

Also indicted by the Grand Jury on three counts each were Raymond Harris and Johnny Cook, who were charged with burglary with intent to commit theft at the business establishments of Darrell Head in Center City and Herman Lee and Paul Kelso of Star on May 17. Having failed to post bond, they too will be returned by Sheriff Stubblefield from San Angelo, where they were wanted by the San Angelo police. All of those to be tried before Judge Dice will be brought back by Sheriff Stubblefield on bench warrants.

In Judge Lewis B. Porter's County Court last Monday Leland Limbaugh and Leroy Reynolds pleaded guilty to petty theft at the home of Lee Jones. They were sentenced by Judge Porter to jail terms of ten days each and court costs.

Clive Mauldin came for his family Sunday. Mr. Mauldin bought a boot shop in Kerrville; where they will make their home.

Mrs. J. H. Randolph, Mrs. J. M. Oglesby, Mrs. Walter Simpson and the latter's sister of Alice spent Friday in Brownwood.

Corp. Floyd Langford of Fort Bliss arrived Wednesday of last week to be with his new son, Donald George, who is a guest of his grandparents, Mr. and Mrs. E. B. Adams. Donald's mother and brothers, Tommy and Jimmy are also visiting in the Adams home.

Court House Botanists Take Deep Pride In Multi-Colored Zinnias

That accomplished botanist, County Judge Lewis B. Porter, this week arranged for Mrs. B. C. Wicker to take colored photographs of a riot at the Mills County Court House --- a riot of color in two long beds of zinnias flanking the south approach to the local capital.

The zinnias, which truly are beautiful, were planted and cultivated by Bijar Stark under the general supervision of the Goldthwaite Garden Club. They were thinned, for probably mercenary reasons, by Deputy County Clerk Ollie May and Assistant County School Superintendent Lois Hudson. And they were watered by that veteran irrigationist, Judge Porter.

Certain persons who daily use the south entrance to the Court House view and admire the zinnias regularly. They include Soll Conservationists Charles O. Haenisch, Roger Powell and Carl Casbeer, Precinct 1 Commissioner Jess Y. Tullos, and County Agriculture Agent George G.

Reese. But there are others who have not been near the south entrance in years. They include: County Treasurer Bertha Weathers, County Clerk Earl Summy, P. M. A. Administrator L. F. Bain, the third floor domino players, Sheriff C. F. Stubblefield and Deputies Clyde Cockrum and John L. Patterson, County Surveyor J. C. Long, Frank P. "NFLA" Bowman, and Commissioners Fred V. Wall, J. Frank Davis and K. B. Henry.

Nobody knows how Miss Nelda Jones goes in and out of the Court House. It is believed, however, that Counsellor E. B. Gilliam, Jr., has viewed the zinnias from a stance on tip toe that enabled him to peer southward from his office windows.

To all of those who, for one reason or another, have been shy away from the south entrance to the Court House, Judge Porter this week issued a special invitation to view the zinnias. It was directed especially to Justice of the Peace E. A.

Big Day Sunday Trigger Mobs

The Rev. Travis of the Trigger Methodist Church, announced a full scale revival Sunday. He said that revival services beginning, there will be grounds of the Trinity Baptist Church attending taking place. Then, on Sunday Brother Ellis said a singing, to be held at night by the congregation of the revival period.

M. R. Wylie attended the funeral in Mullin Sunday.

Obenhaus, who squatter's rights at the north entrance. Whether County Attorney Pribble has viewed is a subject for debate. When last seen, he was warming with Mr. the wrong direction.

**"My ranch 'workhorse'
runs for only 2 1/2¢ a mile!"**

Ranch owner George Stephens proved for
himself, in the big Economy Run, just
how little it costs to run his Ford Truck!
"The Lazy J's Ford Express did itself
pride in the Ford Truck Economy Run,"
says Stephens. "Daily records kept during
the entire six months show that our Ford
truck ran up a total of 5,109 miles. My
out-of-pocket expense for gas, oil, main-

tenance and repairs was exactly \$123.51
... about a \$20 bill each month ... only
2 1/2 cents a mile!"
The Ford Truck POWER PILOT can-
buretion-ignition system is one reason why
Ford Trucks cost so little to run, in ranch
work or any work. The POWER PILOT gives
you the most power from the least gas.
In the low-price field, only Ford has it!

FORD TRUCKING COSTS LESS
because FORD TRUCKS LAST LONGER!

Mr. and Mrs. Henry F. Summy and Billy Dunham of San Antonio are visiting Mrs. C. L. Summy and Miss Marsalete.

Jesse Saegert, formerly of Goldthwaite and now of Austin, was a visitor in Goldthwaite on Wednesday. He had the crust to complain about the heat when everybody knows that Mills County is a summer resort.

Estelle Latief of Austin stopped Saturday for a short visit with Mr. and Mrs. J. M. Oglesby.

The Rev. Levi Price To Conduct Baptist Revival August 3 — 12

The period from August 3 to August 12, inclusive, has been designated for a series of revival services at the First Baptist Church in Goldthwaite, it was announced this week by the Rev. J. T. Ayers, Pastor.

Brother Ayers said that services will be conducted both mornings and evenings during

the revival period at times to be announced later.

The preacher for the revival services will be the Rev. Levi Price, formerly of Coleman and now Pastor of the First Baptist Church at San Marcos. Brother Price is well known in Mills County, where he has been a speaker on several occasions.

For the revival services, Brother Ayers said, the music and singing will be conducted by the Rev. Don Jones, Assistant Pastor.

EDITORIAL

Very soon after this week's Eagle reaches its readers, Mr. and Mrs. Andrew Baxter and their daughter, Susan, of Greenock, Scotland, will be here to live in our midst in Mills County.

They will have come a long way. Through the good offices of E. B. Adams, it has been made possible for Mr. and Mrs. Baxter and Susan to realize their desire to live in America and, specifically, in Texas.

In superficial things such as climate, terrain, space, types of shelter, and so on, Texas is different from Scotland. The manner of speech is different. The clothing worn in Texas is not the same as the clothing that is worn in Scotland. But those are superficial matters. Human hearts are the same the world over. As time goes on, Texans will find that their hearts and the Scottish hearts of the Baxters tick the same.

The Baxters, we believe, will find a warm welcome here. They will have some adjustments to make, but there will be good people who will be ready to help them. In the process, the Baxters will learn from Texans and Texans will learn from the Baxters.

Texans, Mr. and Mrs. Baxter and Susan, are comparatively recent on this earth. Some day you will go down to Houston and near there you will see the San Jacinto Battle Monument. On it you will read that the Battle of San Jacinto was fought by men from New York, Connecticut, Rhode Island, New Jersey, Pennsylvania, Ohio, Illinois, and from States below the Mason-Dixon line such as Tennessee, Kentucky, Mississippi, Alabama and Louisiana. Most of them traced their lineage back to the same Anglo-Saxon stock that is yours.

Welcome. Be one with us. The differences that may appear at first are only on the surface.

Down here, Baxters, "welcome ever smiles and farewell goes out sighing"—as Shakespeare wrote so long ago.

Lovely Letters Tumble From Mail Sack As Readers Write To Eagle

The Eagle's mail bag brought some heart-warming letters during the past week.

From Lubbock, Mrs. Don Fyffe wrote a kind and gracious "thank you" for this newspaper's recent report on her wedding. Mrs. Fyffe is the former Leta Ervin, daughter of Mr. and Mrs. J. H. Ervin of Ranger. Thank you, Mrs. Fyffe, and may the honeymoon last forever.

Another most gracious letter came from Mrs. J. T. (Gertrude) Weems of Shamrock. Mrs. Weems is a member of a pioneer Mills County family. "Thanks for a nice paper and may success and happiness be yours as you live and labor with some of the best people on God's great earth," Mrs. Weems wrote. Mrs. Weems added that she has been reading this newspaper ever since there was

a Goldthwaite Eagle.

One of the good letters in the mail bag came from Mrs. M. A. Hunt. She wrote from Dimmitt. It is a bit difficult to keep up with Mrs. Hunt. Just when the Eagle staff got used to having her in Seminole she up and went to Dimmitt and then, bless us, just as we were reading her letter from Dimmitt she up and arrived back in Goldthwaite. Welcome home, Mrs. Hunt.

Mrs. Hunt wrote that it was hot in Dimmitt but the nights were cool. She said the town was beautiful "but not even as large as our own little city of Goldthwaite." While Mrs. Hunt was in Dimmitt there was much destructive rain and hail, along with wind storms. Thousands of acres of cotton was destroyed. Nothing like that ever happens in Goldthwaite, Mrs. Hunt.

customers dropped in to wish them well and to partake of their free coffee, punch and cookies.

Leonard Archer last Monday started in a new field of endeavor from headquarters in Arkansas where he has been employed by the manufacturers of Kraft cheese to engage in informational and public relations work among farmers. Mrs. Archer and their daughters, Linda and Lana, are planning to join him at a later date.

Mrs. Earl Summy proved last week that Lake Merrett has not been fished out when she landed a catfish described by the County Clerk as weighing three pounds. If anybody wants to know, Mrs. Summy made her catch off "Uncle Proc" McCullough's dock.

Dennis D. Tate reports that bass fishing in Lake Merrett is good. On the other hand, when Clyde Estep goes fishing in Lake Merrett, he takes along as part of his supply of frozen victuals fish from his home freezer—just to be certain that he can eat fish for lunch on the lake shore. He did just that last Sunday.

Mrs. C. F. Williams was a guest last week of her daughter.

Hospitality recently at the home of Mr. and Mrs. C. H. Evans on Fisher Street has disclosed that Charlie is a cook of considerable ability in the

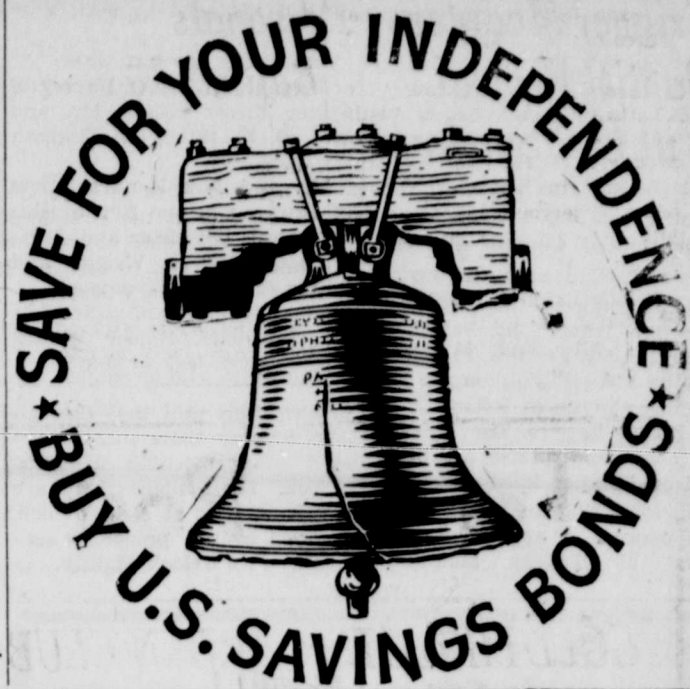

culinary arts. He proved it just the other day by preparing a barbecue for his daughter, Jean Ann, and her friends, with only advice as to the quantity of food needed from Mrs. Evans.

Mrs. Mary Stokes Died In Lampasas July 11, Age 85

Mrs. Mary Eugenia Munger Stokes, mother of M. Y. Stokes, Jr., of Goldthwaite, died on Wednesday afternoon of last week at her home in Lampasas. She was 85. Funeral services were conducted on Thursday of last week from the First Methodist Church in Lampasas with a grandson, the Rev. Lawrence M. Stokes, and the Rev. Leo F. Ross officiating. Interment was in the Oak Hill Cemetery.

Mrs. Stokes, who had been a resident of Lampasas County for more than 60 years was a native of Bastrop. She was a daughter of the late Judge and Mrs. S. S. Munger, who were pioneers in Texas. Two of her uncles fought in the battle of San Jacinto. In her infancy her family moved to Houston, where her father established the first cotton mill in Texas. Later the family moved to Lampasas, where Judge Munger became Postmaster.

R. E. Clements Writes "Comin' Two" For Downtown Bible Class

Next October the Downtown Men's Bible Class of Goldthwaite, which meets every Sunday morning at 9:30 o'clock in the Melba Theater, will be two years old. Since its start, the Class has had an official song written by R. E. Clements—the familiar "Down in the alley, just off the Square, where we are meeting, hope you'll be there, and so on. Last year, when the Class was a year old, Mr. Clements marked the occasion with a poem entitled

"The Yearlin's." Now, however, that the members of the Class no longer are yearlings, so far as the organization is concerned, Mr. Clements has written another song, that is sung to the tune of "The Good Old Summer Time." It is entitled, "Comin' Two"—the reason for which is obvious as the Class approaches its second birthday anniversary. "Comin' Two," which was sung by the Class for the first time last Sunday morning, follows:

COMIN' TWO

(Tune: "The Good Old Summer Time")

There's a class in our town
That has gained some renown,
Our Downtown Bible Class.
In spite of the weather
We all get together
Our Downtown Bible Class.
In case we have trouble
We don't call a double
We help the best that we can.
So, let's keep on serving,
Then we'll keep on growing,
Our Downtown Bible Class.

CHORUS

Our Downtown Bible Class
Our Downtown Bible Class
We'll soon be a two-year-old.
Raised mostly on the grass
We never have been pampered much.
Just growing on our own.
And we will keep on growing!
Our Downtown Bible Class.

—R. E. CLEMENTS.

And Jimmy Wigley Train Named Prince For Shows

Trained calf, this Prince, is learned out at the Duren of the John Fisher here, last year, John- Ernest Scotty—the

winner of the Grand Championship at the San Angelo livestock show.

One of the new calves that are being fed by Johnny and Jimmy Wigley also is a Hereford from the J. C. Dibrell, Jr., Echo Ranch at Coleman. Some fanciers, such as R. E. Clements, have a liking for Ezra, another Wigley Brothers Hereford, but it is Prince from Echo Ranch that is showing a fine yen for showmanship.

Trained by Johnny and Jimmy with occasional assists from their Dad, Prince responds to orders with intelligence and an apparent willingness to do what he is told to do by humans.

One of Prince's greatest accomplishments is to walk with dignity to wherever a show stick is stuck in the sand of his feeding pen. No matter where the show stick is implanted, Prince will walk up to it and stay beside it. If the show stick is moved, Prince then will stroll over to wherever it may be and take a new stance.

Showmanship was one of the factors in Johnny Wigley's Grand Championship at San Angelo last year. Prince is feeding out well at about four months of age and if his progress keeps up with his showmanship, another Grand Champion may be feeding under the fan at the Wigley place in Durenville.

Fire House Floor

Brian Smith was evicted to the back room and the truck and pumper were parked out in the Square this week as work began on laying a new concrete floor for the headquarters of the Goldthwaite Volunteer Fire Department. Tilling on the project were Arthur Straley, Harve Wilson and T. J. Henderson—the latter, according to himself, was just passing by when he found a rake in his hands.

Missionary From Nigeria Preaches Here On July 29

The Rev. J. T. Ayers, Pastor of the First Baptist Church in Goldthwaite, announced this week that on July 29 his pulpit will be filled for both morning and evening services by the Rev. John Mills, a missionary to Niageria, West Africa, who is nearing the end of a furlough.

Brother Mills and Brother Ayers were classmates at Baylor University, where they roomed together. They have maintained their friendship unbroken since their college days.

Soon after preaching in Goldthwaite, Brother Mills will return to the mission field in Niageria, Brother Ayers said.

Today, Friday, Brother Ayers will start a series of revival services at Woodbury, near Hillsboro. He will return to his pulpit for services next Sunday but on the following Sunday—July 29—Brother Mills will preach.

Hay Harvest

(Continued From First Page.)

baled twenty-four bales per acre from eleven acres. This hay, as that of Madrid clover, is high in protein and should make excellent hay during the feeding season.

Three farmers near Star, B. Slaughter, Henry Soules, and Sherwood Owens, cut their Hubam Sweetclover and have baled it for hay. Hubam is an annual clover which produces a good quality hay, high in protein, but not as palatable as the Madrid. This is due to the coarseness of the plant. However, livestock will eat this hay readily with the exception of the larger stems that occur in the bales.

With an anticipated high price of feed next winter, the acreage of clover planted by each farmer and rancher in the District will be well worth the time, money, and effort spent on this crop last fall.

POMPEY REVIVAL

A. E. O'CONNOR

With the Rev. A. E. O'Connor, evangelist of Dallas, as the preacher, revival services will be conducted at the Pompey Mountain Congregational Church in the Duren Community from today, Friday, through July 29. The Rev. O. D. Cox, Pastor, said that services would be conducted daily at 10:30 a. m., and at 8:00 p. m., and that there would be special services for children and young people.

Hightower And Soules Elected NFLA Directors

W. H. Hightower and L. H. Soules, Sr., were elected directors for three years of the Mills County National Farm Loan Association at the annual stockholders meeting last Saturday afternoon when 74 members and 27 guests attended.

Frank P. Bowman, Secretary-Treasurer, said that 15 per cent dividend checks were distributed for a total of more than \$3,300.00.

"Last Saturday's payments brought to 80 per cent the stock dividends paid since 1945," Mr. Bowman said. "On several old loans that now are nearly paid out, the dividend amounted to more than the interest paid for the year."

At the meeting Charles O. Haensch, Acting Chief of the Goldthwaite Work Unit of the U. S. Soil Conservation Service, discussed the reasons for, the effect of, and the methods employed in soil conservation and restoration.

Refreshments were served by Mrs. Lewis B. Porter, Mrs. J. A. Stark, Mrs. John A. Jackson and Miss Florence Driskill.

Bible Class Host At Singing Tonight

The Downtown Men's Bible Class of Goldthwaite will have its regular singing tonight, Friday, at the Baptist Education Building on Fisher Street. W. C. Frazier, Song Leader, said that a good program has been planned for the singing. In a forgiving spirit, Mr. Frazier overlooked the fact that news of the singing two weeks ago was not published in the Eagle and with a heart as big as Texas he invited everybody in Mills County to attend the singing tonight.

Hillside Mission

By LIDA BYRNE

Some one asked a very distinguished author, who was a Christian, what Jesus really meant to his life, and the author pointed down to a beautiful yellow flower and said: "What the sun is to this flower, Jesus Christ is to my soul."

single mind has been educated during all that time." There is reason to recall these words today.

For better or worse—and whether others like it or not—the American people have now been entrusted with the conservation and direction of what mankind has known for more than a thousand years as Western culture. It is something more than ability to turn a television knob, fly an airplane, make a comfortable living or even to develop an atomic bomb. It requires not only the firm knowledge that the world is round but high ability to read, understand and interpret what men of high intelligence have said about this world, to pass it on to another generation—and to add a few words of our own.

United States would not have to make compromises. Acheson and the State Department came around to Connally's viewpoint and a reply was made to the Malik feeler.

Lewis' latest attack on Connally was based on a letter written Connally by a Galveston man. The Galveston constituent wrote Connally he was no longer supporting him. Connally replied that it was the voter's privilege not to support him and wrote further: "Fulton Lewis is not telling the truth when he says that I am a stooge for Dean Acheson and an errand boy for the White House. The record will show that I have differed with Mr. Acheson on a number of things. It will further show that I have frequently voted in the Senate against the policies of the administration."

The Galveston man forwarded Connally's reply to Lewis and added this note to Lewis: "Hope you get a laugh out of this. This is the first time I ever wrote a Senator or Representative, but I sure told Tom that he was out of touch with Texas and that Shivers would run him ragged. Also that I was writing for my kinkfoks and in-laws."

Lewis read the letter and note in his broadcast of last June 26. He called Connally "the defender of Dean Acheson, Harry Truman and company, and the arch enemy and critic of Gen. Douglas MacArthur."

On the following day, June 27, Lewis told his radio audience he had prepared a complete review of Connally's voting record since 1945, "on all subjects having anything to do with State Department policy." (It was prepared by the Congressional Quarterly, a Washington background service for correspondents and newspapers.)

Lewis then said that the only vote Connally cast during that period against State Department policy was on displaced persons legislation.

The radio commentator said "that issue was a sectional matter. There is a tradition, true or not, that Texas is not too friendly to allens, and he did follow the sectional line against the department on that."

"On every other vote, without exception," Lewis continued, "he followed the State Department policy line and when I say every vote, I mean every one even on proposed amendments or reservations or restrictions that other Senators tried to write in . . ."

EDGAR S. McFADDEN—Burbank of the Wheatfields

On a farm not far from the campus of the A. and M. College of Texas lives a quiet little man whose genius has done much to feed a hungry world. He is Edgar S. McFadden, plant breeder for the U. S. Department of Agriculture and the Texas Agricultural Experiment Station, who has been working at A. and M. since 1935. Known as the "Burbank of the Wheatfields," Mr. McFadden developed the world's first rust-resistant wheat, parent stock for grains which now grow on millions of acres around the world where wheat once could not exist. Since 1935 his work has spread the Texas wheat belt to three times its former size. He has received the *Readers Digest* annual award for service to humanity, is one of the five Texans to be named as Fellows of the American Society of Agronomy and has received citations of merit from scientific societies throughout the world. The farmers of his native South Dakota have erected an imposing marble monument to him in his old home town of Webster. The work of this one man is said to be worth hundreds of millions of dollars a year to the farmers of America.

Letter To Reva Mae Moreland On Subject Of Appendectomies, Etc.

Dear Reva Mae:
Loads of people write letters to editors, usually calling them all sorts of unprintable names. Usually, however, editors never write letters, so this is an exception to tell you what you are missing while you are recovering from the appendectomy to which you submitted while in hospital at Brownwood last Saturday.

First, you have missed the widespread comment about how clever you were to time your appendectomy between your vacation in Mexico and the hard work to get the Coznette Beauty Shop ready for its reopening. You were smart not to miss Mexico City and Acapulco and, sister, you were even smarter to miss out on what is going on down at Coznette.

The editor just looked in to see what a beauty shop looked like without any customers. The new concrete floor is wonderful. You couldn't fall through it if you tried. Something else that was wonderful was Wanda Segelquist, trying to paint a straight line about half way up the south wall. She had more paint running down her arm and off her elbow than she had on the wall.

Leta Rudd was painting for all the world as though she were applying a mud pack to a dowager's physiognomy. My, how that woman can work with the press! No advertisement from Coznette in this week's Eagle but Leta was not a bit bashful about telling our reporter that she hoped to be open for business again on Friday. Little John Pat Rudd was painting pipes and a cabinet

in which, presumably, you all keep instruments of torture down at Coznette.

While all that was going on, Luther Ray "Baldy" Rudd was putting up little tables in the new green booths at Coznette and his wife was saying all sorts of nice things about him while he was within earshot—so as to keep him toiling away despite a thermometer that stood at 97 degrees.

That's all for now, Reva Mae. I left my appendix in the Philippines in 1929. I know just how you feel. Sometime, bring Allen around and we'll talk about our operations.

Cosmetically yours,
The Editor.

News Of Scallorn
By ORA BLACK

Sunday was a great day at our church. A splendid program by the Howard Payne student members of the Mission Band was more than could be expected by these fine young people. Every one enjoyed the good eats and the fellowship of friends and new acquaintances.

We believe one half of our neighborhood spent the 4th on the river at Double Ford. Every one was out for a good time, and from what we observed, it was a day of feasting. Some were making ice cream; some eating melons; while those who went out for relaxation were comfortable resting on cots, while the little fry were taking a swim. The men and boys were setting for fish bait and putting out lines. We believe most every fisherman caught as many fish as he could eat, Larry O'Bannon being the champion fisherman for the day, hooked a 5 pound carp.

Mr. and Mrs. Leon Johnson and family spent Sunday in Brownwood where they joined relatives for a family reunion.

Mr. and Mrs. Leroy Nixon and son of Junction visited with Mr. and Mrs. Manuel Bishop over the weekend.

Ronny Laro is visiting here with Mr. and Mrs. Bill Bishop.

Mr. and Mrs. Terrell Casbeer went to Lampasas Sunday to be present at the Eckert reunion.

Mrs. Chas. C. Wright of Mullin was a guest Friday of her mother, Ora Black. Mrs. Wright brought us plums, peaches and grapes to can. Up to now we have over 100 jars of vegetables and fruit canned.

Miss Mary Haygood of Rosenberg, a student of Howard Payne, accompanied Jane Black home for the 4th of July holidays.

Mrs. Lora Mound and Ed Evans and sons, Virgil and William spent the 4th on the river.

Mr. and Mrs. C. H. Black spent the 4th in Fredericksburg.

Ed Evans and son, Virgil and Layton Black spent Friday night on the river. A five pound cat fish was caught on a line put out by the little boys. So to see who was to claim the fish, the boys drew straws. Virgil won so today (Monday) Layton is invited to visit Virgie for a fish dinner.

Thursday, Mr. and Mrs. Walter Willy of Adamsville and Mrs. Velma Fields from Kilgore spent the day in the home of Mr. and Mrs. Frank Hines.

Mr. and Mrs. Worley and sons and Mr. and Mrs. Mike Johnson of Goldthwaite were dinner guests of Mr. and Mrs. C. H. Black.

Hermon and Yvonne Johnson are visiting in Brownwood this week with an aunt.

Mr. and Mrs. Fields Hines and Gregory are taking a few days vacation.

A picnic Thursday evening on the river at Double Ford was enjoyed by most of our community.

The summer revival and Vacation Bible School will get under way at Scallorn Church Friday evening, August 10. We extend a hearty welcome to all. Rev. Saratt of Brownwood will be in charge of the morning and evening services with Rev.

Roy Lee Hill Is Vacationing But Eagle Prints On

Roy Lee Hill, the Eagle's mechanical superintendent and man about town, accompanied by his sister, Mrs. Ola Howell, and their brother, Truman Hill, have been spending the past two weeks in and around Clintonville, Wisconsin.

When last heard from, Roy Lee was at Texarkana. That was away back on July 7. On July 12, Truman reported in from Clintonville and it is to be supposed that Mrs. Howell and Roy Lee were with him.

The delegation from Star was due to return from Wisconsin this week with a load of Swiss cheese. This is to inform Mr. Hill, Roy Lee, that is, that much as he may be astonished, the Eagle has come out on schedule during his absence. That has been due to the hard work of Arnold K. Kelly and Joe W. Baldwin and due to the fact that the Misses Ruth Ervin and Earlene Nix have been able to accomplish more because they have not had to take out time to fight with the mechanical superintendent.

lition. In the Oatis case, they were stabbing at our idea of freedom of the press, which includes uncensored passage in peacetime of news between nations.

Not all of the anti-Communist countries follow the principles of press freedom. But every one of the Communist nations has killed the free press as dead as a doornail. The Oatis case and the imprisonment of the AP correspondent plugs one of the last Iron Curtain holes, Prague, through which reliable news was able to get out to us. And it is a warning to all Churches, the press, trade unions, businessmen and industrialists that they had better hang together against Communism unless they yearn to hang separately.

As a former United Press man who still says "we" when he speaks of the UP, I hope that every single citizen in our country will find some means of voicing his indignation over the imprisonment of William N. Oatis of the Associated Press so that the State Department will not be able to continue to merely wring its hands while an American employee of the AP rots in a Czechoslovak jail. American newspapermen are doing their part in behalf of William N. Oatis. We would be grateful if Americans who are not journalists but who cherish the freedom that the American free press represents would go to bat with us so that the Communists may learn once and for all that it is a risky business to torture and imprison an American for doing his duty with integrity and ability.

Very often I think that the risks that many American newsmen have taken down through the years in order to get the news accurately, completely and quickly to the American people are not fully understood or appreciated. Too often, some of us take the delivery of the news to us for granted. Our newspapers print it, our radios broadcast it, some of our news magazines con-

Landra Lee leading the singing.

Mr. and Mrs. Frank Hines and Greta Sue accompanied by Mrs. Weems Weathers and Mrs. Minnie Ashley of Goldthwaite went to Menard last week to visit with old time friends.

Guests in our home last week were our sister, Mrs. S. M. Black, her daughter, Mrs. Bates' friend and little daughter, Ann, and Mrs. Black's grandchildren, Ronnie and Judith Riker.

Last week guests of Dee Jones was his son, R. Dee and Mrs. Jones, of Fort Worth.

The Woosters and their daughter and son-in-law, Mr. and Mrs. Harold Wills, who were our fine neighbors have recently moved into Goldthwaite in their new home. We are sorry to give up these good neighbors, and we want you people in Goldthwaite to know our loss is your gain.

A pink and blue shower given Wednesday evening in the home of Mrs. Bill Bishop for Mrs. Thurman Head drew a large crowd of friends and well wishers for the future.

It is a puppet of the Union. And what has to be obtained by human effort. There are many times when that effort requires sacrifice—not only by the newsmen concerned, but by his family as well.

The Associated Press has been doing everything it can in behalf of William N. Oatis, while his wife waits anxiously for every scrap of news of him. The State Department has made representations and our High Commissioner to Germany, John J. McCloy, has requested permission to expel Czechoslovak newsmen from the American zones of Germany. There are none of them in this country, so we cannot expel them from here.

The irony of the tragic fate of Mr. Oatis is that it is to the United States that Czechoslovakia owes nationhood. There was no Czechoslovakia until after World War I. It was Woodrow Wilson who recognized and worked for the nationalistic aspirations of the Czechs and Slovenes. American public support was given to the negotiations at Versailles that brought Czechoslovakia into being.

Czechoslovakia now, of course, is not an independent nation.

IT'S AN OLD STOCKYARD CUSTOM TO USE "EVERYTHING BUT THE SQUEAL" OF THE PIG BUT THE SQUEAL.

IN TODAY'S EMERGENCY, BOTH IN THE DAY-TO-DAY LIVING OF OUR FAMILIES AND IN GOVERNMENT, THERE IS NEED FOR THAT SAME EFFICIENCY IN USING EVERYTHING WE HAVE AND ELIMINATING WASTE.

THAT'S WHY IT IS SO IMPORTANT FOR GOVERNMENT TO REDUCE NON-MILITARY EXPENSES—AND FOR US, AS INDIVIDUALS, TO BUY ONLY WHAT WE NEED AND STEP UP OUR SAVINGS IN GOVERNMENT BONDS AND LIFE INSURANCE.

IT WILL MEAN WORK, THRIFT AND SACRIFICE—BUT LET'S LEAVE THE "SQUEAL" TO THE PIGS.
