Weather Report

Unusually warm all week. Increasing clouds turned out to be promises. There was an early heavy dew on Monday morning but all it did was make many persons wipe windshields.

On Wednesday were to expect that Marsh Johnson predicted rain by Saturday. Information was in the form of hear-say—brought in by Eagle office by Roy Lee who had interviewed Pete Mr. Burks works for Mr. Burks. Neither Mr. Hill nor Burks was able to say whether Mr. Johnson said which day night he had in mind. All discussion of the weather which he was involved, Hill said it would rain but would NOT say WHEN. "If I had would make a prediction I am not predicting," he said.

Priddy Effort To Operate School Bus In Territory Of Goldthwaite Raises Misrepresentation Question

Persistent efforts by the Priddy School Board to have its school bus route number 17 duplicate Goldthwaite route number 8 in the Mt. Olive area backfired this week when an official investigator found that misrepresentations had been made to both the Texas Education Agency in Austin and to the Mills County Board of School Trustees.

The case blew wide open as the result of a letter from Associate Commissioner of Education L. P. Sturgeon to the Mills County School Board. The letter, in addition to disclosing a misrepresentation of fact, also pointed the way to a settlement that would make it unnecessary for Priddy to operate a school bus in the Goldthwaite school territory.

The background of the situation includes the following highlights:

1—A majority of the members of the Board of the Goldthwaite Independent School District continue to oppose proposals to operate a Priddy bus in Goldthwaite territory.

2—The Texas Education Agency has ruled against such operation and has warned that it would jeopardize State transportation payments to Priddy.

3—The Mills County School Board on January 7, by a vote of three to two, voted in favor of Priddy's duplication of the Goldthwaite route in the Mt. Olive area.

The question now has been tossed back to the Mills County Board because Clyde E. Boyd, Chief of the Transportation Division of the Texas Education Agency, found last week that while the T.E.A. and the Mills County School Board had been told that the William Seider family had moved into premises owned by W. P. McCullough in the Mt. Olive area there had not been, in fact, any such relocation of the Seider place of

abode.

(The full text of Commissioner Sturgeon's letter to the Mills County School Board is published on page nine of this week's Eagle. Readers are urged to read the letter and to ponder it. Also, the attention of readers is invited to The Eagle's Aery on page two of this week's Eagle. In the Eagle's Aery the editor discusses the Priddy-Goldthwaite dispute and takes the position that Goldthwaite is in the right.)

After having established that the house into which the William Seider family was alleged to have moved was vacant and had been vacant for some time, the Texas Education Agency pointed out that what had been presented to it and to the Mills County School Board as reason for a Priddy duplication of Goldthwaite School bus route number 8 did not exist. It did propose grading of a hill on a comparatively new road in the Mt. Olive area so that the Priddy bus could pick up children of the Roberts and Ridgeway families without encroaching on Goldthwaite territory.

No formal action, at least, was taken on that suggestion when the Mills County Commissioners' Court met last Monday.

The matter had not been referred to the Court by the County School Board which, as the Eagle went to press this week, had not been in session since January 7, when it voted to approve the proposed Priddy duplication of the Goldthwaite bus route. On January 7 Howard B. Campbell and Cecil Egger voted against the duplication application, which had been presented personally by Priddy School Superintendent T. M. Cash.

J. H. Priddy and A. A. Downey voted for the application as presented by Mr. Cash and the tie was broken when Chairman Jim Soules cast a deciding vote. (Continued on Back Page.)

James A. Fry Called To Ministry Of Goldthwaite Church Of Christ

Elders C. A. Womack, J. R. Parker and P. L. Hancock announced this week that Minister James A. Fry has been called from San Saba to the pulpit of the Church of Christ in Goldthwaite and that next Sun-

MINISTER FRY

day he will preach his first sermon here as Minister.

Minister Fry succeeds Minister A. B. Finley, whose resignation was accepted recently with reluctance because of a serious and long-continuing illness.

For nearly four years, Minister Fry has occupied the pulpit of the Church of Christ in San Saba. Previously his Churches

had been in Killeen, Gainesville, Brownfield, Pecos, Alpine and Tulla.

Minister Fry was graduated from the University of Texas. At one time he served as County Agriculture Agent in Jim Wells County. Both he and Mrs. Fry, the former Lola Maxwell, were reared in Burnet where they taught school and where Minister Fry was Principal of the Burnet High School when he reached his decision to enter the Ministry in 1928.

The course of his career was altered, Minister Fry says, because of the profound influence on his life of his father, a devout Christian, and because so many of his close friends prevailed upon him to devote himself exclusively to religious work.

Coming to live in Goldthwaite with Minister and Mrs. Fry are their two younger sons, Robert, who is 12 1/2; and Danny, who is 10.

The other children of Minister and Mrs. Fry are:

Captain James Harold Fry of the U. S. Air Force. He is stationed as an instructor at Williams Field near Phoenix, Ariz.

Randall Fry, who is pursuing a successful career in the insurance business at Phoenix.

Soil Men Say To Ask For Payments For Waterways

By CHARLES HAENISCH

The Supervisors of the Brown-Mills Soil Conservation District remind farmers needing waterways for terrace water disposal to plan now for their construction. If constructed now, these waterways can be seeded this spring to perennial grasses. Waterways are the vital link of the terraces system and should be in good condition before emptying terraces into them.

A number of farmers cooperating with the District have had success with their waterways. Edwin Drucekhammer of the Democrat Neighbor Group constructed a waterway and seeded it to King Ranch blue-stem in the spring. The following summer a good stand of grass was present and terraces were emptied into the waterway, which was fenced out. The waterway is now grazed during parts of the year and also serves as a disposal system for the terrace water.

Dewey Gerald, near Caradan, has recently constructed a waterway to take care of terrace water. This spring, conditions favorable, it will be planted to King Ranch blue-stem. Mr. (Continued on Back Page.)

DANA SAYLOR'S 4-H HEREFORD WINS GRAND CHAMPIONSHIP; BOB PARKER'S F.F.A. ANGUS TAKES RESERVE PLACE AT LIVESTOCK SHOW

Climaxing one of the most successful Shows ever sponsored by the Mills County Livestock Raisers Association, Dana Saylor, son of Mr. and Mrs. Lincoln Saylor, last Tuesday afternoon won the Grand Championship in the Boys Division

First place in the class for calves weighing 800 pounds and under went to Johnny Wigley, son of Mr. and Mrs. John Fisher Wigley of Durenville. Johnny also is a 4-H Club member.

Places taken in the judging of club calves were as follows: Calves 800 pounds and under,

nineteenth; and Joe Reeves of the Mullin F.F.A., twentieth.

Calves weighing from 801 pounds to 900 pounds, Bob Parker, first; Billy Mac Newton, second; Bobby Zane Egger, third and fourth; Modena Reynolds, 4-H, fifth; Johnny Wigley, sixth; Larry O'Bannon, seventh; Bobby Zane Egger, eighth; Bobby Wilcox of the Goldthwaite F.F.A., ninth; and Robert D. Jordan, tenth.

Calves weighing 901 pounds and over, Dana Saylor, first; Wayne Poe, second; John Howard Owens, 4-H, third; Larry Walton, fourth; Bobby Zane Egger, fifth; Davis Owens, 4-H, sixth; Merion Reynolds, 4-H, seventh; Leo Reynolds, 4-H, eighth; John Weaver of the Goldthwaite F.F.A., ninth; and Bill Parker, tenth.

The calves were judged by Frank Jordan of Mason.

The judges, officials of the Show and competent spectators said that competition was "really tough" with some of the best calves ever fed in Mills County on exhibition. To win or to take high places meant real accomplishment, it was said.

At the Show, which ran through Monday and Tuesday, there were fine exhibits of sheep, hogs, goats and poultry, most of which were judged on Monday. An account of the results of Monday's judging is to be found on another page of this week's Eagle.

The Show generated tremendous enthusiasm, not only because of the public interest that was reflected by a splendid attendance, but because of the record number of animals on exhibition.

Glynn Collier, Secretary-Treasurer of the Mills County Livestock Raisers Association, and Show Secretary Carl Casbeer said that in the Boys Division there were exhibited 45 club calves, 40 hogs, 54 fat lambs, 25 breeding sheep and 15 (Continued on Back Page.)

with a Hereford calf that had been bred by Charles Neblett and that weighed 1,100 pounds. Dana is a 4-H Club member.

The Reserve Championship went to Bob Parker of the Goldthwaite Chapter of the Future Farmers of America. He won with an Aberdeen-Angus that weighed 860 pounds and that had been bred by Tommy Brooks of Camp San Saba.

"I'm glad I have a calf that could win," Dana Saylor said as calmly as though nothing very much had happened. He grinned happily, however, and so did his parents.

Dana's Grand Champion will compete, according to present plans, at the Houston Fat Stock Show while Bob Parker's Reserve Champion will be exhibited at the Southwestern Exposition and Fat Stock Show at Fort Worth.

Prior to the final designations of the champions, Dana Saylor's Hereford had taken first place in the class of 901 pounds and over. Bob Parker's Aberdeen-Angus had taken first place in the class for calves between 801 and 900 pounds in weight.

Miss Gatlin Tells Self Culture Club Where Peace May Be Found

"The Road To Bithynia," a book by Frank G. Slaughter, was reviewed by Miss Love Gatlin, teacher of history in the Goldthwaite High School, at a meeting of the Self Culture Club at the Jennie Trent Dew Library on Thursday afternoon of last week.

Before Miss Gatlin's review, Mrs. Ray Duren spoke on "The Six Meanest Women In Fiction."

The hostesses for the meeting, at which a number of guests were present, were Mrs. Marsh Johnson, Miss Dera Humphries and Mrs. J. C. Evans.

The book that was reviewed by Miss Gatlin was the dramatic story of Luke—"Biblical physician and chronicler of the life of Christ." She traced the story from its beginning in Jerusalem throughout the life of Luke and emphasized that its chief lesson resolved itself into the search of a man for peace in a tempestuous age.

Woven into the story were the characters of Peter, the chosen representative of Jesus; Herod, the licentious and treacherous King of the Jews; Paul, the most zealous mission-

ary of the New Gospel; Stephen, and many others.

In answering the question as to the identity of Bithynia, Miss Gatlin said it was a province on the Black Sea where the people were "forever happy" and where "those who are contented are always young." Bithynia had been described to Luke by Silvanus as a beautiful land and he had so described it because Luke was looking for "somewhere on earth where man remains forever young, as some of the philosophers have claimed."

Later, after his talk with Silvanus, Luke was thinking about Bithynia after he had unrolled his sleeping rug on the balcony outside his chamber and he came to realize that no matter what the allure of Bithynia might be, "the only really happy people he had seen had one thing in common—they were followers of Jesus the Nazarene."

Miss Gatlin said that the point about the book she reviewed was its teaching that peace is a place of mind and heart to be found in the teachings of Jesus.

Caradan Club Goes Back To Embroidery After Stewing Coon

The Caradan Community Club will meet today, Friday, with Mrs. Blanche Biggs as hostess for a session to which members have been asked to take their thimbles and embroidery hoops.

At the last meeting of the Club, when Mrs. Elam Horton was welcomed into membership and when Mrs. Ima Wicker was the hostess, the ladies completed a quilt.

Last Friday night, the Caradan Community Club sponsored an "old fashion soupin'" at the Midway Schoolhouse. About 75 persons were present. Mrs. George Denman, Jr., Reporter, said that a special touch was added to the stew by a coon that was contributed by Raymond Booker of the North Bennett community.

A. F. Shelton Toils On 81st Birthday

A. F. Shelton of Mullin, who jocularly describes himself as "the youngest merchant in Mills County," celebrated his 81st birthday anniversary on Wednesday of this week by "working as usual."

Mr. Shelton, who was born in North Carolina, came to Texas when he was 12. He has lived in Mullin for nearly 51 years. Next September will mark the 58th anniversary of his marriage to the former Cecil Coffey of Zephyr. Their children are Mrs. Ernest Hancock and A. F. Shelton, Jr., both of Dallas; Dew Shelton of Mullin, John Shelton of Tomball, Mrs. Bob Hughes of Waco and Homer Shelton of California.

As he looked forward to his birthday Mr. Shelton was in some doubt as to whether he would have a party or even a birthday cake. Here's hoping you were surprised, Mr. Shelton.

McCasland's Hat

That hat that Homer McCasland lost on the Saturday before Christmas is back on his own head and the hat that he had in its place is back where it belongs—on the head of John Straley, who never had noticed that he had the wrong hat until he read about the situation in last week's Eagle. The exchange, which set matters right, was made at Yarborough & Duren's, who were happy to act as intermediaries for the sake of good customer relations and the publicity involved.

Mr. and Mrs. Aaron Stacy of Fort Worth spent last weekend with Mr. and Mrs. Dan Coving-

ton. Back in the days of the Pony Express news got around much faster than during the personal lives and times of Mr. and Mrs. Walter R. Langston, Jr., formerly of Goldthwaite and now of Cahoma.

When Brother Langston was assistant to the Pastor of the First Baptist Church in Goldthwaite it took dynamite, screaming, hollering and tearing of hair to get news out of him before it was six weeks to two or three months old. He has not changed in the slightest since he moved to Cahoma, where he and Mrs. Langston have been teaching school and where Brother Langston also has been an athletic coach.

The reason for this essay is that a son, Stanley Paul, weight five pounds and four ounces, was born to Brother and Mrs. Langston LAST NOVEMBER 28. During the Christmas holidays, a month later, the Rev. J. T. Ayers, Pastor of the First Baptist Church in Goldthwaite, was notified of the arrival of the heir to the Langston fortunes. Brother Ayers was notified, also, that Stanley Paul was ready to stand inspection. Brother Ayers remembered to tell the Eagle about Stanley Paul this week—but he did NOT know whether the young man has red hair—as certainly he should.

Mr. and Mrs. Louis Hardin of Hardin are Stanley Paul's maternal grandparents. His paternal grandparents are Mr. and Mrs. W. R. Langston, Sr., of Temple.

A copy of this earth-shaking announcement is being sent to Mommie and Daddy Langston by tortoise.

Mrs. Weathers Is Honored As Bride At Shower

Mrs. Franklin Dew Weathers, a recent bride, was named honoree at a miscellaneous shower given Saturday afternoon, January 12, from three until 5:30 o'clock in the home of Mrs. Ray Duren in Goldthwaite. Hostesses for the occasion were Mrs. M. Y. Stokes, Jr., Mrs. Otto Simpson, Mrs. Leston Bain, and Mrs. Duren.

Miss Jo Ann Duren greeted the guests as they arrived, and was assisted in receiving by the bride, the bride's mother, Mrs. F. D. Reynolds, and Mrs. Bertha Weathers, the groom's mother. Miss Betty John Jackson presided at the bride's book.

The refreshment table was laid with an imported white linen cloth over peach. An arrangement of peach gladioli centered the table with pale green streamers with "Myrlene" and "Franklin" inscribed in gold. Lime punch, served from a cutglass bowl, and cookies completed the table decor. The hostesses alternated in serving.

Misses Myrlene Kemp, Lottie Carter, Bobbie Jo Howington and Wanda Kelly were also in the house party.

Mrs. Ed H. Lovelace and Miss Martha Carolyn Graves played piano music during the afternoon for the entertainment of the guests.

Story Telling Hour Tuesday.

Last week an Eagle printer who, quite properly, was all excited over the birth of Charmaine Louise, daughter of Mr. and Mrs. Frank Oltrogge of Raymondville, "pulled" the wrong line in the course of making a correction in the type and so wrecked the story. To set matters right, this is to state that Charmaine Louise was born on January 2, when she weighed five pounds and 13 ounces. Her grandmother is Mrs. Emma Oltrogge of Goldthwaite. Charmaine Louise has a brother, John Edward, who is six years old. (It was at this point last week that the story got all fouled up. Our apologies to you, John Edward.) Charmaine Louise's mother is the former Pauline Kopp of Pottsville. (The story last week also was snafued at that point because Mrs. Emma Oltrogge herself slipped and said that Mrs. Frank Oltrogge hailed from Indian Gap. Our apologies to you too, Pauline.)

Last Sunday dinner guests of Mr. and Mrs. O. A. Evans included Mrs. Evans' brother and sisters, Bob, Ruth and Ruby Reynolds of Mullin. Mr. and Mrs. O. C. Hill and family of Winters were recent guests in the Evans home. R. G. Ivy of Fort Worth spent the weekend with his parents, Mr. and Mrs. Jess Ivy.

General Gay Tells Goldthwaite Lions They Help Army Maneuvers

President Ray Duren of the Goldthwaite Lions Club this week received a letter of appreciation because of the attitude that has been taken by the local Lions in extending full cooperation to the impending Army and Air Force maneuvers, Exercise Longhorn.

The letter was from Major General Hobart R. Gay, who will be in overall command of the maneuvers. He is Deputy Commanding General of the Fourth Army, which has its Headquarters at Fort Sam Houston.

Recently the Goldthwaite Lions Club wrote to Lieutenant General Leroy Lutes, Fourth Army Commander, expressing a desire to help in every way possible to give civilian aid in making Exercise Longhorn a success. In his reply to Mr. Duren, Secretary John A. Jackson and the other officers, directors and members of the Goldthwaite Lions Club, General Gay wrote as follows:

"In the temporary absence of General Lutes, I am replying to your very kind letter of 28 December.

Champion for his buck.

At the Show on Monday poultry was judged by R. J. Powell and the goats were judged by Marvin Skaggs.

The above listed results are by courtesy of Carl Casbeer, Show Secretary; and Glynn Collier, Secretary-Treasurer of the Mills County Livestock Raisers' Association.

"We greatly appreciate your wish to make the troops participating in Exercise Longhorn feel at home in Goldthwaite. The efforts of your organization and community to this end will be of great importance both to the individual soldier and to this command in maintaining a high state of morale during the exercise. Your attitude should contribute substantially toward the success of Exercise Longhorn.

"I feel certain that, realizing as you do the value of this maneuver to our defense effort, your public spirited activities will be a source of satisfaction to each of you. We at Headquarters Fourth Army thank you for your interest in the well-being of our soldiers."

Mr. and Mrs. Louis Long and daughter, Marilyn, were recent visitors with her sister and family at May.

Mr. and Mrs. Victor Williams attended funeral services for Douglas Jones at Coleman last Sunday afternoon.

Mr. and Mrs. Milton Schorn and little son of Fort Worth visited relatives here last weekend.

Miss Brookie McCasland of Abilene visited with home folks the past weekend.

"We did it Again!"

That's the jubilant news that comes from Flint to every Buick dealer—and here we pass the thrilling story on to you. It sure is true for '52 that better automobiles are being built—and Buick is building them. Read the good word and you'll agree.

LET's pare this down to plain statements of fact and let them speak for themselves:

The dynamic darling pictured here is the 1952 ROADMASTER.

It has the *mightiest engine* in Buick history.

It has the *biggest brakes* of any postwar Buick.

It is the *quietest car* that Buick ever built.

It has the *richest fabrics* and *smartest tailoring* that ever graced a Buick's interior.

It has the *greatest trunk space* since spare tires moved off the front fenders.

It has the *most superb ride* in Buick history.

It has the *finest carburetor* that Buick research has ever devised.

And with all its new power, it delivers *more miles per gallon*.

But that is not all.

For those who wish it, there is a brand-new version of *power steering* that works like a helping hand—gives you the same sure feel of control you have always known in straight-away driving—yet takes less than one-fifth the effort needed to turn the ordinary wheel standing at curbside.

Sure, we're putting our best foot forward when we talk about ROADMASTER.

But you'll find a host of notable features in SUPERS and SPECIALS too—plenty to make them, as always, the standout buys in their fields—for ride, for comfort, for style, for room, and for power.

Come in—look this triumphant trio over—and you'll know why every Buick dealer from coast to coast is going around with a smile on his face.

Equipment, accessories, trim and models are subject to change without notice.

We're neighbors

Wherever you live in Texas, the oil industry is your neighbor. For the Texas oil industry is the bread-and-butter, the opportunity, the daily work of some 190,000 Texas men and women.

The girl who sits next to you in the bus; the hearty-looking man who waves as you pass on the highway; the family behind you at the PTA; in Texas, they all could be, some certainly are oil workers. Bookkeepers, stenographers, executives, drillers, roughnecks, stillmen, geologists, salesmen, pipe liners, petroleum engineers—the oil industry supplies the livelihood of all, and many more.

Neighbors of yours these people are, folks who pay taxes like yours, spend their money in the stores you patronize, drive the same kind of automobile, send their children to the same schools.

The oil industry is more than a balance sheet, a set of statistics, an investment in derricks and pipe-stills. In Texas, it's the family next door.

Tom Henry of San Saba judged the hogs at the Mullin Show while the calves and sheep were judged by H. E. Stewartson, also of San Saba. Ribbons were awarded by Miss Melva Joann Pafford, the Sweetheart of the Mullin Chapter of the Future Farmers of America. Joe Reeves was the Show Secretary and he shared the spot as Master of Ceremonies with Don C. Clark, President of the Mullin Lions Club and teacher of Vocational Agriculture at Mullin.

Aside from the Grand and Reserve Championships for cattle

and sheep, results of the judging were as follows:

Joe Smith entered the only gilt under six months of age and he was awarded a first place ribbon. A great deal went on at the Mullin Livestock Show. The Mullin Parent-Teacher Association prepared and sold lunches that were described by everybody as "a good feed." To add to the funds of the P-T. A. cakes were auctioned. One that had been baked by Mrs. C. C. White and that was held aloft during the auctioneering by Mrs. Glynn Sanders was purchased by Norman Duren. A newspaperman who was hungry for coconut bought a cake that was both baked and held aloft by Mrs. H. L. Pyburn.

Visitors to the Show from outside Mullin included President Robert L. Steen of the Mills County Livestock Raisers' Association, Sheriff C. F. Stubblefield, Mr. and Mrs. Norman Duren, John Fisher Wisley of Durenville, George Holland

Counselor Darroch Also Is Inventor

Counselor J. C. Darroch of Brownwood, brother of D. A. Darroch of Goldthwaite, turns out now to be an inventor as well as an attorney-at-law with a wide reputation. Mr. Darroch who, among other things, is counsel for the Brown County Water Improvement District No. 1, recently received considerable publicity because he devised a power-lift pump take-off irrigation pump for his farm on Blanket Creek, southwest of Zephyr, when he found it impossible to buy the equipment he wanted. Counselor Darroch did what experts said could not be done and he is reported to be contemplating a patent for his invention.

New Hill Car Shows Strange Mud Traces

Mr. Roy Lee Hill is now one of the proud possessors of a new pea-green custom Ford, and the envy of all the other Eagle employees.

On its first appearance at the

Eagle office on Monday of week it was noted that there was mud on two of the tires of the Hill chariot. Mr. Hill said that rain had anything to do with the presence of the mud. He left the mud right where it was, hoping, probably, that one of his colleagues would wipe it off for him. They didn't.

HERE IS TEXT OF JANUARY 10TH LETTER FROM COMMISSIONER STURGEON REGARDING PRIDDY-GOLDTHWAITE SCHOOL BUS ROUTES

In a first page news article in this week's Eagle there is reference to a letter that was written on January 10 by Associate Commissioner L. P. Sturgeon of the Texas Education Agency to the Mills County Board of Education. For the information of the public, the letter follows in full:

"Gentlemen:
 "On January 8 (1952) there was filed with the Texas Education Agency by Mr. Cash, Superintendent of Schools, Priddy, Texas, an application for duplicate service and duplicate routes involving Bus Route No. 17 of Priddy and Bus Route No. 8 of Goldthwaite. Attached to the approved application, which was signed by Mr. Jim Soules, President of the School Board, and attested to by Mrs. Lois Hudson, was the following statement:

"The County Board of Mills County hereby approves Route No. 17 of Priddy District, the same route as approved October 1, 1951 and submitted to the State Agency on maps and description, with the additional reasons for approval, the William Seider family with five (5) children in the Priddy School have moved on a section of this route that could not otherwise be served. These in addition to the Roberts and Ridgeway children.

"We also submit as reasons for the duplication on the attached request that this is the only practical route by which Priddy school can serve the south-east corner of their district.

"Signed, Members of the Mills County Board, J. E. Priddy, A. A. Downey, Jim Soules."

(As the Eagle reported last week, Howard B. Campbell and Cecil Egger did not vote for the application by Mr. Cash and did not sign the communication to the Texas Education Agency.)

"I immediately requested a staff member of the Agency to visit Mills County to determine whether or not the William Seider family had moved as was indicated in your attached statement. This investigator found the house in which the Seider family was alleged to have established residence, but no one was living in the house, there was no furniture in the house, and our representative was informed by persons living in the neighborhood that no one had lived in this particular house in the past several years.

"Since there seems to be some confusion as to whether or not the Seider family has actually moved into this portion of the district and are in need of bus service through approval of a duplicate route, I am referring the application back to you with the request that you reconsider and determine for yourselves as to whether or not the facts as stated above are correct and accurate.

"It is our sincere desire to cooperate with you in every respect, and it is also our purpose to make available to the children of your county the best possible services as long as those services may be provided within the scope of the legal statutes of Texas.

"On the basis of information

which we have secured concerning the Seider family, the only justification for the duplicate route is the same which existed in October of 1951; namely, it would serve the Roberts child and the Ridgeway children. However, since the Ridgeway children live within one-half mile of the present route, under the laws governing the establishing of bus routes, these children could not be taken into consideration.

"We are further informed as a result of our investigator's visit that with some grading on the hill which makes the extension of the route to the Roberts house not feasible at the present time, this obstacle could be overcome and the bus could both ascend and descend the hill in safety.

"I would urge careful attention to this matter since this would solve the entire difficulty to the satisfaction of everyone concerned. If the Commissioners in your county will cooperate with you, and the hill can be cut down to the extent that it can be safely traversed by a school bus, the Priddy route could be extended to the foot of the hill and the solution would meet with the approval of everyone concerned.

"Again, I emphasize the fact that we are not taking action on this application in order that you may reconsider the facts submitted to us; and, in light of your further investigation it is your decision that a duplicate route should be approved, we will be glad to consider your request upon its resubmission.

"Sincerely yours, Signed, L. P. Sturgeon, Associate Commissioner."

Nebraskans Visit Adams Family But Don't Bring Rain

Because their son, Edwin, and Floyd Langford of Goldthwaite became fast friends while serving together in the Army at Fort Hood during World War II, Mr. and Mrs. Ed L. Kolar of Rt. 2, Wolbach, Nebraska, made their first visit to Texas last week.

Mr. and Mrs. Kolar, who boast that Wolbach is the only town of that name in the United States, were house guests last weekend of Mr. and Mrs. E. B. Adams, parents-in-law of Floyd Langford. Their son remained at home to take care of the Kolar farm.

In Goldthwaite, the Kolars were returning a visit that Mr. and Mrs. Adams and Mr. and Mrs. Langford made to Wolbach in 1948.

"Yes, this is my first visit to Texas," Mr. Kolar said. "I don't like the way things are dried up but I do admire your magnificent Texas highways and your splendid people. Maybe it will make Texans feel better to know that in Nebraska last summer we had so much rain that our corn did not do well."

After their Goldthwaite visit the Kolars left for Mexico City. They planned to return to Nebraska by way of California. They came into Texas by way of Lorraine, where they visited friends, and by way of Sweetwater, where they went square dancing—a pastime that Wolbach, Nebraska, is going to hear a great deal about.

The Kolars really get around on their vacations. A year ago last summer they motored to Alaska, traveling over the famous Alcan highway.

Throughout the visit of the Kolars in Mills County there was no rain despite all that talk by Mr. Kolar about all that rain up in Nebraska.

"TAWM MUST HAVE HEARD"

A reader of the Eagle who lives in New York City has been so kind as to clip and send an editorial on Senator Tom Connally that was printed in the New York Daily News, which has one of the largest circulations in the United States. The editorial was entitled, "Tawm Must Have Heard." It follows in full:

Senator Tom Connally (D-Tex.), who wants to be re-elected next November, must have heard something truly frightening while on his recent visit to his home state. No sooner did he return to Washington from his grassroots listening post than Tawm called in the press and bellowed that he'd decided there had to be reductions in all appropriations, especially

those for Europe.

In fact, Tom hoped it would be possible to cut off Europe's economic handouts completely, with only military aid continuing. All this tough talk, we point out, emerged from Tawm's eloquent throat despite the fact that he is the Democratic foreign policy leader of the Senate.

We trust that scores of Tom's Senate colleagues, while on their vacations, got that same obvious and red-hot earful from the fed-up, tax-weary constituents.

Mrs. Margaret Thompson of Italy spent the weekend in Goldthwaite with Mr. and Mrs. Scott Thompson.

Where Do William Seiders Live?

(Continued From First Page.) favorable to the application. After the January 7 meeting of the Mills County School Board, Mr. Boyd made his personal investigation in the Mt. Olive area and found that the Seider family was not in residence on the McCullough property. Such residence had been alleged in testimony before the Texas Education Agency in Austin last month when Priddy appealed against a ruling by the T. E. A. forbidding the duplication of bus routes. The hearing was conducted by Dr. J. W. Edgar, Commissioner of Education.

The Eagle editor visited the alleged Seider residence on the McCullough property on Friday of last week and found the house both unoccupied and unfurnished. A month's rent for the house had been paid to Mr. McCullough but it was not paid personally by Mr. Seider. On Saturday of last week the premises were visited by Chairman Soules of the Mills County School Board.

In his January 10 letter to the Mills County School Board, Commissioner Sturgeon asked it to make its own investigation and then to make new recommendations to the Texas Education Agency on the basis of ascertained facts. The County School Board acted on January 7 in belief that statements regarding the Seider family as presented were correct. Investigation has shown they were not.

Further developments are expected in the near future from the Mills County School Board, the Texas Education Agency and possibly from the Mills County Commissioners' Court—if the latter is requested to engage in improvement of the new road in the Mt. Olive area.

Meanwhile, efforts to detach territory from the Goldthwaite School District and attach it to Priddy appear to have been dropped.

Considerable interest also has developed as to whether the

Priddy School Board, in view of latest developments, would go through with suggestions that it appeal to the State Board of Education and then to the Courts, if necessary, in event the Texas Education Agency continued to rule against its application for duplicate bus routes. It was pointed out that during last month's hearing before Commissioner Edgar in Austin, witnesses were sworn before they testified.

Waterways Funds

(Continued From First Page.) Gerald plans to construct terraces to empty into the waterway as soon as it is established. He says that he is willing to sacrifice terracing at this time to know that the waterway will be safe when he does terrace.

Farmers interested in building waterways will be glad to learn that payments for the construction and seeding or sodding of waterways under the 1952 Agricultural Conservation Program was approved by the County Committee. Those interested in receiving assistance for the construction of waterways should make application to L. F. Bain, Administrator of the Production and Marketing Administration, at his office.

Plan now to get your waterway built. A little planning now will save much time when you get ready to build your terraces. A good grassed waterway will mean much to your terrace system in years to come.

Commissioners Meet

The Mills County Commissioners' Court met on Monday of this week for the transaction of routine business, including approval of the quarterly report of County Treasurer Bertha Weathers.

Livestock Show

(Continued From First Page.) chickens and canons. Breeders exhibited 25 cattle, 25 goats and 25 sheep.

Distinguished visitors to the Show included Dr. J. C. Miller, Professor of animal husbandry at Texas A. & M. College, and Mrs. Miller; Bill Wright of Fort Worth, an official of the American Hereford Association; Milt Miller of the Aberdeen Angus Association, and Willie White and Johnny Jones of Brady.

After the Show, sheep that have been fed for some time by the Goldthwaite Chapter of the Future Farmers of America with feed provided by Al Langford were awarded to prize winners. A Delaine ewe that had been presented by David Watters was awarded to Hammond Humphries for having taken first place in the Delaine ewe class, while a Delaine ewe that had been presented by Hollis Blackwell was awarded to Joe Benningfield, who took second place in the Delaine ewe class. Joe Benningfield also received a Delaine ewe lamb that had been presented by Joe LeMay. H. T. Vaughan won a Delaine buck that had been donated by O. R. Gunn.

The Eagle has reported previously on the generous interest of Mr. LeMay, Mr. Watters, Mr. Gunn and Mr. Blackwell in encouraging finer sheep on the ranches of Mills County.

"That was a good Show for ANYBODY'S town," was a comment that was heard generally during and after the exposition.

A great many of those who attended contributed to a fund for the purchase of weighing scales for the agriculture building. Further donations will be welcomed and they can be made to Glynn Collier at the Trent State Bank, President Robert L. Steen of the Mills County Livestock Raisers Association said.

—Support Our Advertisers—

The President's annual State of the Union message, required by the Constitution, was pretty much a rehash of the one a year ago. It reviewed world events, promised a liberal amount of welfare for most every one, but was more conciliatory in that it did not dwell so much upon civil rights and the Fair Deal program.

Everywhere up here these days politics is in the air. It is strictly an election year atmosphere—which is not given to much progress in constructive legislation. But the session will probably be a short one, with both sides girding themselves for the big political battles of the Summer and Fall. Both House and Senate are due to get down to work with but little delay, and the "must" legislation will be taken up earlier than is usually the case.

General Eisenhower's entrance into the Presidential campaign is claiming a lot of attention, as would be expected. In the cloak rooms, restaurants, in taxicabs and on Washington street corners, people are scenting a possible grassroots upsurge in public clamor for a change in the White House when the November election comes around. And they wonder if Eisenhower can withstand the hard knocks of political realism. Even President Truman jovially suggested that the General would find out a lot about himself that he never knew before.

Under Army regulations a soldier is not allowed to actively campaign for public office. He can run but he cannot issue political statements or make campaign speeches. That means that the Eisenhower race will be in the hands of friends, with about everything the General has ever said in print being pulled out, dissected and all sorts of interpretations placed upon them.

On the other side of the picture will be the choice of a Democrat to carry the torch for the Party that is being challenged. You can hear about everything on Capitol Hill, but there seems to be but few who think Mr. Truman will run. But he is the unpredictable type, and that cannot be overlooked.

The average dopester seems to think the President would welcome a contest with Senator Taft but doesn't cotton up to the idea of fighting it out with Eisenhower, if the Republicans nominate him. If he is nominated he would then be relieved of his Command in Europe and would return home for an active campaign. That might happen even before Conventions.

General Eisenhower is a Kansan, but by accident is a native Texan, having been born near Denison. In 1944 when a small group of Congressmen were on a mission in England, the General heard about it and invited the group to visit him at his then secret headquarters near Paris. That was in September. Bob Poage of Waco and I were in the group, and we had the privilege of talking with the Allied Commander for two or three hours. I recall that Poage called the General's attention to his Texas birth.

"That's true," replied Eisen-

A. W. "Uncle Amos" Lilly this week turned from real estate for a little while to do some electioneering for District Judge Jesse Owens of the 46th Texas Judicial District.

election to the Court of Criminal Appeals. He seeks the place that is being vacated by Judge Thomas L. Beauchamp.

On a visit to Goldthwaite on Wednesday Judge Owens renewed his old friendship with "Uncle Amos" Lilly, who was Sheriff of Foard County when the Judge was District Attorney. Before serving as Judge for the 46th District, Judge Owens had been County Judge in Foard County, District Attorney in the 46th District and at one time he served as Assistant Attorney General for the State of Texas.

Recently Judge Owens has received nationwide publicity because at Vernon he presided over the trial of and sentenced Mrs. Robert Simpson for the beating of her young son, who remains hospitalized and who now is a ward of the State.

If anybody wants to know how come Mr. Lilly is known as "Uncle Amos" it is because he is "an uncle by marriage" of Judge Owens. "Uncle Amos" hopes that in the July 25 primary election Judge Owens will carry Mills County 100 per cent.

hower, "but grasshoppers were to blame for it! You see, the grasshoppers ate up my father's crop over in Kansas and he moved temporarily down to Denison where he could get a job. While the family was living at Denison, I was born. And so I guess you can blame the Kansas grasshoppers for my being born in Texas!"

But he said he took pride in his Texas birth, and had high praise for the courage of Texas troops.
