MAYOR WILSON AGAIN APOLOGIZES TO CITY COUNCIL AND SIGNS MINUTES OF MEETING OF APRIL 10 REQUESTING HIS RESIGNATION

Mayor Charlie T. Wilson last Monday night again apologized to the Goldthwaite City Council and retreated from his previous written refusal to sign the Minutes of the April 10 meeting at which his resignation was requested—a request that continues to remain on the record.

Mr. Wilson's apology and signature of the April 10 Council meeting Minutes climaxed a session in which pleas were made in his behalf by his sister-in-law, Mrs. Beatrice Hendry Close of Coleman. Mrs. Close told the Aldermen that she spoke in behalf of the Mayor because he was "not a public speaker" and because he had difficulty "in expressing himself."

In the course of prolonged repartee between Mrs. Close and several of the Aldermen, Mr. Wilson repeatedly refused to sign the April 10 Council Minutes, insisted that he had power to veto them if he wished to do so—and then he signed them after there had been read to him twice by City Secretary Raymond Summy his written refusal, dated May 6, to sign on the grounds that they did not "reflect the true facts."

During last Monday night's Council meeting and before adjournment, the following developments occurred after Alderman Everitt Holland had said he wanted to know "what was wrong" with the April 10 Minutes:

1—Mrs. Close pleaded that when the Council asked for Mr. Wilson's resignation on the night of April 10, some 72 hours after he had taken office, he was ill. Repeatedly, Mrs. Close demanded that the Aldermen state their objections to Mr. Wilson "right now" and she said that the Mayor had suffered

from publicity, wished to cooperate with the Council, and was "trying to get on his feet" after illness.

2—Alderman Jess Moreland, who is President pro tempore of the City Council, told Mrs. Close that the Aldermen had not given a public explanation of the April 10 unanimous request for the resignation of Mr. Wilson "because we wanted to make it as easy as possible for Charlie."

3—Aldermen J. D. Harper, Carl Letbetter and Holland reminded Mrs. Close and Mr. Wilson that there was no allegation of illness on the part of the Mayor on May 5 when he walked out of a City Council session after having refused to hear a reading of the Minutes of the April 10 meeting because "they make me sick." Mrs. Close and Mr. Wilson also were told that the Mayor had not been alleged to have been ill on May 6 when he put in writing his refusal to sign the April 10 meeting Minutes. Two of the Aldermen also stated that they had not observed any indications that Mr. Wilson was ill when, on the afternoon of April 10, he called on them and "told us; not asked us," how to vote on retaining City Utilities Manager W. C. Barnett in his position.

4—Mrs. Close and Mr. Wilson were told that last Monday night's Council meeting was the only one from which the Mayor had not "walked out" without entertaining a motion to adjourn and they were reminded that the April 10 session was a Called Meeting—called by the Mayor himself.

In the discussion that was highlighted by the above four points, Mrs. Close several times asked the Aldermen to read a letter from a medical specialist regarding the physical condition

of the Mayor in early April. She asked the Aldermen if "you are trying to intimidate Charlie to the point of walking out again?"

"I went to school with you boys," Mrs. Close said in part. "I am talking to you because Charlie cannot talk very well for himself. . . . If it is your desire to boot him out, then it won't work. . . . You can go on like this for two years or you can have cooperation from Charlie, who has suffered from unfavorable newspaper publicity—from the fact that we have here people who like to exploit situations like this."

Mrs. Close was interrupted frequently by the Mayor, who kept repeating that he would not sign the Minutes of the April 10 meeting, and once by Alderman Carl Letbetter who said that the Mayor was "out to get Barnett." Alderman Harper supported Mr. Letbetter's assertion. Then Mrs. Close continued as follows:

"I am trying to tell you that the man has been sick. . . . Why don't you state your cause against him right now? Do you have objections other than to those of an ill man's actions?"

At that point in the discussion Alderman Harper again asked Mr. Wilson why he would not sign the April 10 Council Minutes.

"I have had a nervous breakdown and I thought everybody knew it," the Mayor said.

There then was discussion as to whether the Council was in session or whether it had adjourned. It was agreed that there had been no adjournment and that prior to any opportunity for a motion to adjourn, Mr. Holland had raised the question as to "what was wrong" with the April 10 Council Minutes.

"Everitt's question is irrelevant," Mrs. Close said as Alderman Moreland took exception not only to Mr. Wilson's refusal to sign the April 10 Minutes but also to his written assertion that they "did not reflect the true facts."

Mrs. Close said that Mr. Wilson was willing to do "anything to rectify any wrong done to any member of the Council" and the Mayor said that his apology to the Council, as read at the May 5 Council meeting, had rendered the April 10 Minutes "null and void."

"With the world in the condition that it is, is it not disgraceful for this Council to be giving Goldthwaite such publicity as it is receiving?" Mrs. Close asked.

Alderman Harper then got the

Lions President L. F. Bain Names Committees; Club Hears Galloway

Goldthwaite Lions Club President Leston F. Bain appointed standing committees for the coming year at a meeting last Tuesday night when pledges were made to keep on plugging until the dream of a swimming pool here comes true and when the guest speaker was Coleman County Judge Ira Galloway.

The appointments as announced by Mr. Bain were:

Attendance Committee, Houston Duren and Joe Bailey Karnes.

Finance Committee, Warren P. Duren, T. M. Glass and T. J. Blackburn.

Membership Committee, John L. Gwin, W. O. Kemp and Grady Carothers.

Program Committee, Norman Duren and Harold Yarborough.

Boys and Girls Committee, L. C. Byrd, R. T. Padgett and John Otis Carothers.

Publicity Committee, H. R. Ekins, A. W. Lilly and John A. Jackson.

Civic Improvement Committee, the Rev. J. T. Ayers, the Rev. Ed H. Lovelace and County Judge Lewis B. Porter.

Health and Welfare Committee, Brian Smith, Charles Ford and Lewis T. Hudson.

Agriculture Committee, George G. Reese, C. C. Collier and Jess Y. Tullios.

Sight Committee (to aid in providing seeing aids for underprivileged children), Dr. T. C. Graves and Dr. M. A. Childress.

At the start of the meeting Ray Duren reported on a conference last Saturday regard-

ing plans for a swimming pool in Goldthwaite. He said that the project still is very much alive and that a Kerrville expert had given considerable encouragement only last Saturday.

Mr. Duren asked the Lions to "keep pushing" to put the swimming pool project across. President Bain supported Mr. Duren and said that "the only way we shall ever have a swimming pool in Goldthwaite is to go ahead and build it."

James M. Cooper and Lloyd King were guests of the Lions at the meeting.

President-elect Jess Moreland introduced Judge Galloway, who spoke on the "Responsibility of Citizenship."

Using numerous stories and anecdotes to illustrate his points, Judge Galloway said that "everywhere we have too many people who will not speak up for their convictions."

"We must face up to the issues," Judge Galloway said. "The man without enemies does not exist. But, deplorably, we are a generation of back-slappers who are afflicted with 'spectatoritis.' We must get down on the field and play."

"Men, especially in these times, must be positive in their attitudes and not fence sitters. . . . Morality begins at home and we ought to remember that. Too many people cuss 'big government' but always they will take from government if there is something in it for themselves."

Ray Akins Named Athletic Coach By School Board

Ray Akins, who coached winning football teams at Lometa last year, was elected head Coach of the Goldthwaite Schools at a meeting of the Board of Trustees of the Goldthwaite Independent School District that was held last Friday night.

Mr. Akins will succeed Carl Knox, who had been Coach in Goldthwaite for the past two years.

A native of East Texas, Mr. Akins is about 27. He was graduated from Southwest State College at San Marcos and at present he is at San Marcos working toward completion of the required credits for his Master's degree in physical education.

Before he went to coach at Lometa, Mr. Akins was assistant Coach at Rosebud. He is married and he and Mrs. Akins have a small daughter.

At Lometa last year Mr. Akins registered an impressive record for producing victories. His team played higher-rated teams and beat them, including Goldthwaite.

Mr. Akins plans to come to Goldthwaite soon to check athletic equipment and to confer with members of the School Board.

The School Board, according to Chairman Gerald Head, planned to meet again on Friday night of this week, probably with the newly appointed Superintendent, J. T. Jones, present. Mr. Jones now is winding up his affairs at Olton, preparatory to moving to Goldthwaite with his family. In Goldthwaite, Mr. Jones will succeed Superintendent H. E. Patton, whose contract will expire next August 31.

CITY COUNCIL VOTES BUDGET AND KEEPS TAX RATE AT \$1.50 FOR EACH \$100 OF RENDITION

Meeting last Monday night the Goldthwaite City Council approved a municipal budget, voted to maintain the tax rate at \$1.50 per \$100.00 of rendition, and formally approved a motion providing that the payment of bills continue to be handled in the future as it has been handled in the past by City Treasurer W. C. Barnett.

As members of the Finance Committee, Aldermen J. D. Harper and Carl Letbetter presented the budget. The motion for its adoption was by Alderman Harper, seconded by Mr. Letbetter. Mr. Harper also moved for continuation of the \$1.50 tax rate and his motion was seconded by Alderman Jess Moreland. The motion officially formalizing the handling of bills was by Alderman Harper, seconded by Alderman Letbetter. All three of the motions were passed unanimously.

The budget showed that if complete collections are made, revenue of \$13,500.00 may be expected from taxes. Total revenue would be brought to \$14,300.00 with the addition of \$500.00 from franchises and permits and \$300.00 from the Mills County Commissioners Court to aid in the maintenance and operation of the Goldthwaite Volunteer Fire Department.

The Aldermen voted to expend anticipated revenue as follows: To interest and sinking funds, \$4,050.00; salaries, \$4,205.00; fire department, \$1,200.00; street maintenance and similar expenses, \$2,120.00 and other expenses, \$2,725.00.

Under the heading of "other expenses" are included such items as electric current for street lighting, maintenance and operation of motor vehicles, insurance, tax collecting and assessing, audits, printing and advertising, spraying for fly control, health officer fee, telephone and postage.

Present for the meeting were Mayor Charlie T. Wilson, Aldermen Harper, Letbetter, Moreland and Everitt Holland, City Secretary Raymond Summy, Mr. Barnett, Mrs. Beatrice Hendry Close of Coleman, sister-in-law of the Mayor, and the editor of the Eagle, Alderman George R. Gilbert was unavoidably absent because of the grave illness of Mrs. Gilbert's mother, Mrs. C. J. Thompson, who is a hospital patient at Gorman.

Alderman Gilbert, however, had been provided in advance with a copy of the budget. He said upon his return to Goldthwaite that he approved the three motions that were adopted unanimously by the Aldermen last Monday night regarding municipal finances.

Without taking final action the Aldermen also discussed plans for spraying against flies and other insects and the wisdom of again having a summer "excursion rate" for water, which would be used chiefly on lawns and shrubbery.

Olgie Nobles Asks For Trial By Jury

Olgie Nobles who, on April 19, pleaded NOT guilty to a charge of the sale of whiskey in a dry area, appeared last Monday before County Judge Lewis B. Porter and requested a jury trial. Date for the jury trial was set as June 30 by Judge Porter. The charge against Nobles, filed in County Court on April 15, was lodged by an agent for the Texas Liquor Control Board.

Patterson Resigns

John L. Patterson resigned from the staff of Sheriff C. F. Stubblefield, effective last week, so as to devote his full time between now and the July 26 primary election to campaigning for nomination as County Judge and County Superintendent of Schools ex officio. Mr. Patterson had served as Deputy Sheriff in the office of Sheriff Stubblefield. Shortly before the resignation of Mr. Patterson became effective, Mrs. Anna Jean Evans joined the Sheriff's office staff.

Weather Report

There was no rain all week. Thunderheads that made spectacular sky scenes on Wednesday night made the Eagle's Roy Lee Hill shudder because, he said, "hall has been known to come out of things like that." Weather forecasters predicted no more than possible thunder showers and continued fair, sunny days.

George G. Reese Lists Projects To Be Studied By Turks Thursday

Turkish men and women who were scheduled to inspect Mills County 4-H Club projects at first hand on Thursday of this week will have a busy time of it, according to an itinerary that has been worked out by County Agriculture Agent George G. Reese.

Mr. Reese and Robert L. Steen, President of the Mills County Livestock Raisers Association, planned to meet the Turkish visitors at Star on Thursday morning. Arrangements thereafter included the following:

A visit to the home of Mr. and Mrs. J. Sherwood Owens at Center City, where the steers that are being fed by Davis and John Howard Owens will be studied.

A look at Dudley Jordan's steers at the P. R. Jordan place, to be followed by visits to the calf feeding projects of Shirley and Dana Howard Saylor at the Lincoln Saylor home in Goldthwaite.

The Turkish visitors also will visit the "Barn" or Agriculture Building of the Mills County Livestock Raisers Association in Goldthwaite and then go on to see what Johnny and Jimmy Wigley, sons of Mr. and Mrs. John Fisher Wigley of Durenville, are doing out there.

Mr. Reese said that the Turkish visitors will arrive in Mills County from Waco and go on from here to Brownwood. They will be accompanied by an interpreter since, it is understood, the six men and three women in the party, do not speak English. The Turkish experts are studying American agriculture and animal husbandry methods under the auspices of the Mutual Security Agency.

Red Sox Will Play Fort Hood June 14

Clyde Estep this week announced that there will be a good baseball game at the Municipal Ball Park on the night of June 14 when the Red Sox will play a team from Fort Hood that is so good as to have won seven straight games.

Mr. Estep also was hoping to arrange a game for next Tuesday night but plans were not clinched as the Eagle went to press. So, on Tuesday watch for baseball signs in the Square.

Last Saturday night the Red Sox won 5 to 3 from the Fredericksburg Giants, who were good enough to rush up to Goldthwaite for the game after the Itasca Weavers had washed out on their scheduled appearance.

The busy Red Sox were to play the Giants in Fredericksburg Wednesday night of this week and they will travel to play at Ballinger on Saturday night.

Ray Duren Has Fracture Of Arm

Childress recommended treatment by Dr. Herbert E. Childress at the Hillcrest Hospital in Waco. Jerry was taken to Waco by his parents and Ray and late Wednesday the news came that he was out of the operating room and doing all right.

Second Offense DWI Charge Filed On Glen Nickols

A second offense charge of driving while intoxicated was filed against Glen Nickols this week by Sheriff C. F. Stubblefield.

Nickols was arrested late last Monday night inside the Goldthwaite City limits in the Hanna Valley Road area in the vicinity of the Goldthwaite schools. Bond later was set and posted in the Court of Justice of the Peace E. A. Obenhaus. Since a charge of a second offense is involved the case later will be presented to a Mills County Grand Jury.

Other cases on the docket of Justice of the Peace Obenhaus included:

Alfred Marion Petty, charged with speeding at night and with passing in a no-passing zone by Texas Highway Patrolman Billie R. McElroy, pleaded guilty, fines and costs totaled \$20.00.

Raymond Edwards, charged by Patrolman McElroy with driving on the wrong side of the road, pleaded guilty, fine and costs totaled \$14.00.

William Eugene Teague, charged by Patrolman McElroy with speeding, case pending.

CONSTRUCTIVE MINISTERS STAY ON

Good news came to Mills County last Sunday from San Antonio where, at the annual session of the Southwest Texas Methodist Conference, it was announced that the Rev. Ed H. Lovelace had been re-assigned to the Pastorate of the First Methodist Church of Goldthwaite and that the Rev. C. A. Hogan will remain for another year at least on the circuit that includes the Methodist Churches at Star, Center City and Pleasant Grove. As our news story points out this week, both Brother Lovelace and Brother Hogan are starting the fourth year of their work in our midst. Both of them mean a great deal to the community that is Mills County because they are such good, constructive and public-spirited citizens as well as devout and devoted Ministers of the Gospel. There is no question in our mind but that we express the feeling of just about everybody in saying that we are fortunate in having Brothers Hogan and Lovelace returned to their pulpits in Mills County.

HEARTY WELCOME TO NEW SCHOOL MEN

Unless something should come unstuck J. T. Jones, newly-appointed Superintendent of Schools for Goldthwaite, will be here this week to confer with members of the School Board. Also, this week's Eagle carries the news that Ray Akins has been appointed Head Athletic Coach for the Goldthwaite Schools. Mr. Jones and Coach Akins have established records so splendid that Goldthwaite must be glad over the prospect that soon they will be establishing residence here with their families. The Eagle hopes to publish in the near future interviews with both Mr. Jones and Mr. Akins. Until then, we would like to have them know that a cordial and hearty welcome awaits them and their families here. Challenges await both of them but the members of the School Board who selected them for their important posts are confident that they are equipped to enrich our community life and to help to give our youngsters the sort of school system that all of us want them to have. May those of us who are here and who want so much to have the finest school possible with the resources available go all the way out in extending encouragement and understanding as Mr. Jones and Mr. Akins come to work with us in behalf of our most precious asset — our children.

THE CONSTITUTION SURVIVES

On the basis of remarks that were made by callers at the Eagle office this week, there was as much interest here as anywhere else in last Monday's decision by the Supreme Court of the United States holding that President Truman violated the Constitution when he seized the steel industry.

Comments ranged all the way from wonder as to whether Supreme Court Justices finally had been reading the Constitution to speculation as to whether they had been measuring a public opinion that little by little has become fed-up with the trend toward complete centralization of bureaucratic control in this country.

Among the many thousands of words in the majority ruling by the Supreme Court, two paragraphs stand out. They are:

1—"In the framework of our Constitution, the President's power to see that the laws are faithfully executed refutes the idea that he is to be a law maker. The Constitution limits his functions in the law making process to the recommending of laws he thinks wise and the vetoing of laws he thinks bad—"

2—"Even though 'Theater of War' be an expanding concept, we cannot with faithfulness to our constitutional system hold that the commander in chief of the armed forces has the ultimate power as such to take possession of private property in order to keep labor disputes from stopping production. This is a job for the nation's law makers, not for its military authorities."

Even though the Supreme Court ruling precipitated a steel strike with all of the ominous implications of such a stoppage of vital production in a time of continuing crisis, the American people are bound to be reassured by the decision that not even the President of the United States can go beyond the law and claim justification for whatever he might do on the grounds of "inherent powers."

The powers of the Chief Executive stem from the Constitution and if they are not there or are not provided by the Congress, in which sit the elected representatives of the people, then the President cannot pluck them out of thin air. That, in effect, is what the Supreme Court said last Monday, and it ought to make the citizens feel a whole lot better.

GUEST EDITORIAL

(Editor's Note: For a long time to come there will be reverberations in Texas ranging all the way from the callous conduct of machine Republicans at Mineral Wells to the steal of the Texas tidelands. Newspapers, not only in Texas but in Washington, New York and throughout the land as well have been writing about these developments. But one of the most searching articles that we have seen was written by Lynn Landrum for the Dallas Morning News. Here it is, with the urgent recommendation that it be read by everybody.)

By LYNN LANDRUM

Texas now has four parties—not one of which deserves the name. We have Taft Republicans and Eisenhower Republicans—but no Republican party. For the moment we have a Zweifel group and a Porter group. But nobody would be bold enough to outline the principles to which, either group would be loyal.

Again, we have the Truman Democrats and the Shivers Democrats. But if you like puzzles, get a pencil and paper and undertake to write out what Texas Democrats stand for—what they stand for and not whom they stand for. Not to quibble about it, we will let you say which are the Democrats you are talking about.

The point is that for the last thirty years or more, Texans have fought each other over loyalties to this man and that man. Texans have given little attention to principles. The man is always bigger than the party. And the party has not been loyal to anybody except to the man who could hand out the patronage.

Texas awakes to find herself stripped of the tidelands endowment of our school children—robbed by a man who received our loyalty and who is now brazen enough still to demand it. And some tens of thousands of Texans still blindly insist that our first loyalty is not to principles, not to the best interests of Texas, not to the legitimate interests of our own children—but to a name-in-blank to be chosen hereafter by the people who have already robbed us.

The common run of Texans are angered at their leaders as they have not been angry in a generation. They know they have been betrayed. They are ready to take any practical political measures to give vent to that anger and to bring redress for their wrongs.

Faced with that opportunity—an opportunity that comes only once or twice in the life of any minority party—the Republican leadership of Texas has set itself the stupid task of kicking out Democrats who are actually begging to be allowed to vote the Republican ticket. And the reason is that these leaders can't be big enough to put anything ahead of their personal aggrandizement.

This is a hard thing to say. But the evidence is now complete that the Republican party of Texas doesn't want and never has wanted to elect anybody to any office in Texas. Pie out of Washington is its concern. It has no other.

Betrayed by both parties at home and facing betrayal by both parties in the national conventions to come, what can Texas do?

In the opinion of the column, the Eisenhower Republicans and the Shivers Democrats ought to meet in December, after the national elections—no matter how they come out—and organize a party based on principles of government and not upon the aspirations of office seekers.

Those principles would be few, fundamental and divisive. They should be divisive in the sense that they should divide the pie seekers from the people who have to pay for the pie. Those four or five profound items of creed should be thoroughly debated and deliberately worded to be clear and applicable to state and local government as well as to national rule.

The Eagle's Aery

By The Editor

Full of righteous indignation, the editor was about to sit down to write about President Truman's veto of the tidelands bill when there came to his desk a copy of the speech that was made at Waco on Thursday night of last week by Attorney General Price Daniel in the course of his campaign for the United States Senate. Mr. Daniel, who long has been in the forefront of the fight for the tidelands, did such a good job in commenting on President Truman's veto that this space will be given to him this week.

When some Washington law peddlers sought cheaper leases under federal law, President Truman directed that lawsuit be filed against the State to take away this property from our schools.

As your Attorney General conducted the defense of the lawsuit. Our defense was entirely upon Texas' special claim under the Annexation Agreement. In a two hour argument, I asked the court to cumulated the evidence which we had accumulated in support of the agreement.

By a 4 to 3 decision the Supreme Court denied us the right to introduce evidence and to apply federal government ownership to take and use the property without compensation to the State.

This was the first time in the history of the Supreme Court that a State was denied the right to introduce evidence in a contested lawsuit. It was the first time that the Supreme Court refused to interpret a solemn contract between the United States and another nation. Under these circumstances, I have not accepted this 4 to 3 judgment of the Supreme Court as final as long as I live I shall never accept that court decision as the final word against my State in the tidelands controversy.

Congress has the final determination. Under the Constitution Congress can restore these lands. Twice, a majority of the Congress has enacted legislation to accomplish this purpose. President Truman ignored the will of the Congress by vetoing this legislation, and now another veto is threatened.

One man at the top has substituted his knowledge and judgment for that of the elected representatives of the people in a most intemperate speech before the left-wing "American for Democratic Action" State day night a week ago. President Truman demonstrated that he does not know what the tidelands controversy is all about. He referred to our legislation as "theft" and "robbery in broad daylight."

Webster defines robbery as "the unlawful taking of property from the person of its possessor." Who has had the possession of these lands for over 100 years and who is doing the taking? Texas and the other States had the possession and still have the possession of this property. It is Mr. Truman and his appointees who are attempting to

Please Help Cheer Max Shepherd With Cards To Hospital In Waco

Will everybody please shower down with postcards and letters and even a few good and interesting comic books for Max Shepherd, 11, who on Tuesday of this week underwent major bone surgery at the Hillcrest Hospital in Waco.

Max, who is the son of Mr. and Mrs. E. O. Shepherd of Goldthwaite, will be in the Hillcrest Hospital at Waco for about another week so the time to write letters and send postcards to him is right now.

The operation was taken just fine by Max but on Wednesday he was reported to be getting restless and so it will help him if he can hear from his friends during the next few days.

Max will have to spend most of the summer in a cast at his home in Goldthwaite and so he can be depended upon to make good use of the reading matter

that will be sent to him at Waco and which he will bring home.

The surgery on Max was performed by a noted specialist, Dr. Herbert E. Higgs.

Max was 11 last February and time is going to drag very slowly while he has to spend several weeks in that cast. That is why it will buck up his morale if he can begin hearing from his friends by the sackful in tomorrow's mail.

Why are women's purses bigger than men's?

Remember all those cartoons you've seen of a wife going through her sleeping husband's trouser pockets? They may give you a clue why some women's purses are bigger.

But we're inclined to think that there are other and better reasons why more women than men own stock in so many of America's largest companies.

For one thing, women are practical, thrifty, and inclined to do something sensible about their future finances and those of the family. Forgive us, mister, but the facts speak for themselves:

Women have outnumbered men share owners of telephone stock since 1900. The big food companies have a predominance of women share owners. Ditto the country's largest auto maker. And, at last count, 116,800 women owned shares in General Electric as against 83,000 men.

Big business, as it turns out, is a woman.

About 2,100 of these women—and men—turned out this spring to attend the G-E annual meeting and eat a box lunch in one of our largest factory buildings. If you'd like a report of what was said and done, just let us know. A card asking for "Report of the Sixtieth Annual Meeting," Dept. 6B, General Electric, Schenectady, N. Y., will do the trick.

You can put your confidence in—

Homecraft Work To Continue At School In June

The homemaking program of the Goldthwaite High School will be continued during June for both high school girls and adults. Miss Elna Fouse, homemaking teacher, said that classes for women will be offered on Thursday afternoons from 2 to 4 o'clock at the homemak-

ing building.

On June 5 and 12, those who have handcraft projects already started will have opportunity to complete them. On June 19 and 26 the sewing assistance, which has been requested, will be offered.

Those who attend should bring their patterns and materials or special sewing problems. Miss Fouse can be reached for further information by calling 315-W on Monday afternoons.

Miss Fouse said also that 26 girls who took homemaking during the school year have begun summer work in their homes, for which they will receive one-half credit when completed.

On June 10 and 11 Barbara Letbetter, Martha Carolyn Graves, and Martha Jane Schunke will attend the District III FHA Summer Camp at Hancock Park in Lampasas, where they will assist with registration of campers from the 38 schools in this district, and participate in the leadership training, handcrafts, and swimming program of the camp.

News Of The Ebony Community

By Clementine Wilmeth Briley
 Briley attended church at Oakland. We, the Dwyer-Briley trio, had dinner with Mr. and Mrs. Alvin Hanna. Mr. and Mrs. Hanna are well-fixed for comfortable living. It had been several years since we were last in their home. During that time they have enlarged their living room, added an attractive fireplace, and changed the upright piano for a spinet. The effect is delightful.

Mrs. Frank Crowder says when she and Frank came home from spending Mother's Day with their son, Truman, in Stephenville, they stopped by Friendship Home to see their mothers, Mrs. Lula Kelly and Mrs. Mary Ivy, and also an old friend, Mrs. Horace Reynolds. They found all three of them happy as children. Jim Wilmeth had been to see them and had brought them a box of candy for Mother's Day.

Mr. and Mrs. Charles Henry Griffin spent the weekend at the Griffin home. Charles Henry is working with a seismograph crew in South Texas.

Mrs. J. E. Bean of Van Horn, who has been visiting at the Malone home, last week returned to her home and to her duty as Postmaster there.

Mrs. W. A. Burn is still here. She is superintending the remodeling of the Malone house. She says besides its being a place for Ernest to live, they want to use it for a summer vacation place for all the members of their family.

Mr. Cecil Egger says she had several to call at her home at night last week. Among those who called were Mrs. Effie Egger and Clayton, Mr. and Mrs. Charles Roberts and Mr. and Mrs. Richard Mayfield of Brownwood.

Frank Crowder tells me that June 22 is to be Centennial Day for Utopia in Uvalde County. He said his son, Truman, told him that if he wanted to go he would take him. It was at Utopia that we first knew the Crowders. It was there I went to my first school at the age of six. Frank doesn't know yet whether or not he can arrange his affairs so he can go. But I surely would like to be there.

Good rains have changed everything for us. Now our country is beautiful. Our hills are green, our pastures lush, our fields growing, our gardens booming. The yucca have set their white candles alight upon the open hills, while the cabrante (beebrush) with their ethereal bloom soften the craggy hillsides. And in the meadow I found a sea of wild flowers—daisies, phlox, hollyhocks, horse-mint, and zinnias. In a nearby tree I hear a mocking bird singing in the night.

Bank Renovation Nears Completion

Expansion and modernization of the Mills County State Bank was nearing completion rapidly this week. The bank corner of the "Square" has changed conspicuously as result of a new buff brick front up to an awning height not only on the former quarters of the bank but on the addition which formerly was occupied by a cafe.

A modernistic awning is being constructed for the entire exterior of the enlarged quarters. Inside the bank private offices are nearly ready for occupancy by President E. T. Fairman and Executive Vice President Warren P. Duren. A Directors Room has been created.

Inside the bank the outer wall has been faced with attractive, decorative brick and in recesses in the wall provision has been made for beds of flowers and plants to which water has been piped.

New airconditioning and cooling apparatus has been provided for all of the departments of the bank.

Renovation, modernization and expansion of the bank will be completed this month, Mr. Duren said.

A few years ago there was a story going the rounds about what the welfare State had done to a flock of seagulls in California. A fish processing plant was being operated, with the refuse being dumped on a nearby hillside. Soon the seagulls found this easy source of food and more were attracted to this easy life. They no longer had to work and use their talents and instincts to live. Then came the pay-off — sure enough, a new sanitary law was put into effect and the garbage was disposed of in a different way.

Thus the source of livelihood for the seagulls suddenly disappeared. The story has it that the birds held a protest meeting. Many of them were indignant in their denunciation of the politicians who had robbed them of their source of livelihood. Finally, one old seagull got the floor and said: "Now, I'm not for this appeal to Washington. I remember when we had to work for a living. We were sleek, fast, physically fit and rugged. We were happy then. But came the easy life when we didn't have to work for a living. You are spoiled, and it's your own fault. Let's go back to making our living the way God expected us to. Let's no longer be softies, sluggish, and expecting somebody else to do our work and make our living for us. Let's go back to the sea and make our living for ourselves!"

Well, the other day there was a parallel story — a true story — out of the Far North. It began: "Government hand-outs have destroyed the initiative and independence of Eskimos once renowned for vigorous self-reliance in the far north, authorities on Eskimo life reported."

E. R. Friday, Houston.

Mrs. J. W. Morgan's 75th Birthday Anniversary Celebrated At Reunion

Last Sunday 62 persons attended the annual Morgan family reunion at the home of Mr. and Mrs. E. B. Adams in Goldthwaite and, at the same time, they celebrated the 75th birthday anniversary of Mrs. Adams' mother, Mrs. J. W. Morgan.

Mrs. Morgan really will be 75 next Sunday but her birthday anniversary was celebrated last Sunday because the Morgan family reunion always falls on the first Sunday in June so that, according to Mrs. Adams, it will not be necessary to carry on an extensive correspondence

life reported." The story went on to say that deterioration of morale and health among the Eskimos, under the white man's socialistic system, was a chief concern at a conference in Ottawa, attended by Arctic missionaries, Mounted Police, and government representatives. Eskimos now tend to concentrate at posts where they receive government handouts, it was disclosed.

"There has been a consequent decline in their vitality and resistance to disease," the report continued. "The inclination of some Eskimos to depend on government aid has lessened their desire to seek game and food in outlying areas."

And so it is — whether seagulls or Eskimos — or any of us for that matter. Life in a welfare state is often a hoax and a delusion.

about the date. For the reunion and birthday observance, nine of Mrs. Morgan's children were present. "We talked and we ate and we talked and we ate," Mrs. Adams said in describing the party.

Mrs. Morgan had a fine time. She is a native of Bosque County but she moved to Hamilton County in her infancy and she has spent most of her life either in Hamilton County or in Mills County.

Present for the reunion in addition to Mrs. Morgan and Mr. and Mrs. Adams were: Mr. and Mrs. Barney Morgan of Jonesboro, Mr. and Mrs. Mack Morgan and Mr. and Mrs. Mark Morgan, Dally Dell and Wayne O'Bryant of Kerrville. Picture of a Pair who just waked up

HERE in the driveway is a Buick. It has just arrived. It belongs to this proud young couple. They've just "arrived" too.

They've arrived at a discovery—the discovery that owning a Buick instead of a "low-priced car" isn't so much a matter of money.

It's a matter of knowing the facts of life. Buick prices are closer to the prices of smaller, less powerful, less distinguished cars than most people think.

Why don't you check into this?

You'll find you could pay \$300 to \$400 more — and still not match the horsepower of this nimble beauty.

You could pay hundreds of dollars more — and still not get any more interior room, or richer fabrics.

But that's only part of the story.

The big thing about any car is the way it goes. So you ought to find out how this car rides the road — the freedom from bobble and sway that cost a million real dollars to develop.

You ought to sample the way Dynaflo Drive*

feeds the power — with a steady swoop and unbroken smoothness in city traffic, on hills, or out on the open road.

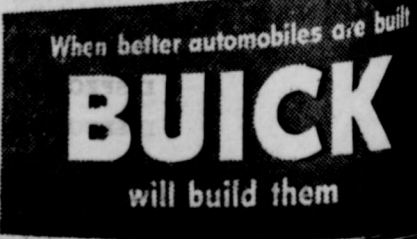

And you ought to know how it feels to touch off that Fireball 8 Engine. With all its might, this high-compression valve-in-head gets a lot of miles from a gallon of gas.

We'll tell you this — because a lot of folks have told us this: No matter what car you're driving now — no matter what cars you've looked at — they'll never seem the same after you try this one.

Just give us a chance to prove it — and you'll have a lot of fun.

Equipment, accessories, trim and models are subject to change without notice. *Standard on Roadmaster, optional at extra cost on other Series.

can tell right from wrong... because our moral degeneration has not proceeded all the way. Yet, too many have given in to the 'something for nothing' lure."

Judge Gallaway said that the United States faces two major dangers — the first from the Welfare State and the second from Revolutionary Communism. He said that we have reached the saturation point in taxation and he warned that the power to tax is the power to destroy, and that it is being used that way. He warned that for 100 years the Communists have had one main purpose — to make all persons subjects of the State.

"Our trouble is," Judge Gallaway said, "that we have not been enthusiastic in our faith as to crusade for it... We can save our country only by climbing to the top of the mountain of citizenship responsibility. Morality begins at home."

Judge Gallaway's address was non-political, although he is a candidate for nomination to the national House of Representatives from the 21st Texas Congressional District. The Lions Club is non-political in both concept and action.

Mrs. Karl Schumann, Who Lived In Priddy 63 Years, Died May 27

Mrs. Johanna Margareta Christina Schuster Schumann, who had lived in Priddy for more than 63 years, died on Tuesday of last week in a hospital in Brownwood after undergoing surgery. The widow of the late Karl Schumann, who died in 1950, she was 75 last December 30.

Funeral services for Mrs. Schumann were conducted on Wednesday afternoon of last week at the Zion's Lutheran Church in Priddy with the Rev. A. H. Muehlbrad, Pastor, officiating. Interment was in Zion's Cemetery, with arrangements by the Fairman-Wilkins Funeral Home of Goldthwaite.

Mrs. Schumann was born in Helm, Germany, on December 30, 1876. She was not quite 12 years of age when she came to America with her parents, the late Michal and Katherina Schuster, who settled in Priddy on October 21, 1888. She was married to the late Karl Schumann on February 1, 1900.

Survivors included two sons,

Rudolph of Priddy and Emil of San Angelo; two daughters, Mrs. Hattie Huckleby of Zephyr and Mrs. Gertrude Wilder of Carlsbad Sanatorium; and two sisters, Mrs. Julius Sommerfeld of Priddy and Mrs. Otto Nauert of Goldthwaite. Also surviving are 13 grandchildren and three great grandchildren.

Mrs. Schumann had been a member of the Lutheran Church most of her life, having been baptized in infancy and having been received as a Communicant member through the act of Confirmation after religious instruction.

At the final rites for Mrs. Schumann Brother Muehlbrad said that despite her age and despite the lack of transportation Mrs. Schumann was a regular attendant at Church in Priddy. She lived 3 1/2 miles from the Church, a distance that she traveled on foot, Brother Muehlbrad said.

He added that she had walked to services at the Zion's Lutheran Church in Priddy as recently as the first Sunday in May. Mrs. Schumann had been ill since May 9, when she was taken to a Brownwood hospital for surgery.

Pall bearers at the funeral for Mrs. Schumann were Albert Schumann, Carl Jeske, Jr., Adolph Schumann, Nelson Griffin, Herbert Sommerfeld and Henry Nauert.

Mrs. C. J. Thompson Is Critically Ill

Mrs. C. J. Thompson of DeLeon, mother of Mrs. George R. Gilbert of Goldthwaite, was critically ill in hospital at Gorman as the Eagle went to press this week. Mrs. Gilbert was at her bedside. Mrs. Thompson was hospitalized nearly two weeks ago for surgery. Since undergoing the operation she has suffered from a series of coronary occlusions. Mr. Gilbert, who is a member of the Goldthwaite City Council, spent the first half of this week with Mrs. Gilbert in Gorman.

Mayor Said He Wouldn't, But He

(Continued From First Page.)
floor long enough to express the opinion that in refusing to sign the Minutes of the April 10 Council meeting Mr. Wilson "had left the impression with the whole town that the Minutes were untrue."

Mr. Harper and Alderman Moreland then joined in saying that if Mr. Wilson were correct in his position that he had made the April 10 Minutes null and void by his apology of May 5, then all of the business transacted at that meeting, including the appointment of standing committees, also would be "out the window."

Alderman Harper then asked the Mayor to make a public apology for his written statement that the April 10 Minutes did "not reflect the true facts." At that point Mrs. Close again asked the Aldermen to state their objections to the Mayor, "right now," and Mr. Moreland made his explanation that the Council had sought to avoid a public statement "because we wanted to make it as easy as possible on Charlie."

"This isn't getting us anywhere," Mr. Wilson said as he turned to Mr. Harper and apologized. Then the Mayor turned to the Eagle editor and said:

"You can print that in the paper."

Again, at the request of Aldermen, City Secretary I read Mr. Wilson's communication in which he wrote: "I refuse to sign the Minutes above written, recording the meeting of April 10, 1952, for the reason that they do not reflect the true facts."

Suddenly, Mr. Wilson left his chair, took Mr. Moreland's seat at the Council table, signed not only the Minutes of the April 10 meeting but also the Minutes of the May 5 meeting as well.

"Does that satisfy you?" the Mayor asked he had signed the Minutes. "That satisfies me," Mr. Harper said.

Adjournment followed at 9:42 p. m. In the hubbub which was interchanges between Mr. Moreland and the Mayor on one hand and the Aldermen on the other, Mrs. Close and Mr. Wilson had since April 10 had "changed his mind," Mr. Barnett.

When Alderman Moreland asked about the status of the Mayor's resignation, one of them replied: "I used for a Christmas present."
