Judge Dice Restrains Operation Of Asphalt Plant As "Nuisance"

District Judge Wesley Dice on Wednesday of this week continued until next Monday a restraining order forbidding the operation of a temporary asphalt-mixing plant on the site of the former Greathouse gin in Goldthwaite. On Saturday of last week Judge Dice had issued a temporary restraining order against operation of the asphalt-mixing plant on the grounds

JUDGE DICE

that it created both a public and private nuisance.

Application for the restraining order was brought by Charlie McLean, Wiley L. Mahan and Guy Rudd after, for nearly three days, the asphalt-mixing plant had sent great clouds of dust billowing into virtually every home on the east side of the railroad tracks in Goldthwaite. The plant was being operated by C. Hunter Strain, a highway construction contractor who was engaged in re-surfacing highway 84 between Center City and Evert.

In his first restraining order, issued from his Chambers last Saturday, Judge Dice agreed with the petitioners that the dust from the asphalt-mixing plant contaminated "premises, dwellings, improvements, household furnishings, cars, health and welfare" and endangered the "safety of persons." Judge Dice, in his restraining order, described the contamination as "dust, sand, chemical sediment and residue drifting, falling and blowing" from the installation of Mr. Strain on the former gin site.

Between last Saturday and

time set for a hearing on whether to make the injunction permanent on Wednesday morning, efforts were made by Mr. Strain to abate the nuisance by filtering and wetting the dust and residue but tests showed the efforts to have been unsatisfactory. Accordingly, on Wednesday, Judge Dice extended his restraining order until ten o'clock next Monday morning "at which time the defendant is commanded to appear . . . to show cause, if any there be, why the application for permanent and perpetual injunction should not be granted as prayed for by plaintiffs."

Originally Mr. Strain had planned to do his asphalt mixing out in the country but he installed his machinery on the former gin site when he was unable to obtain the necessary power except in Goldthwaite. As soon as his plant began operating on Thursday of last week fine dust, grit, fumes and other residue penetrated even homes in which windows and doors had been tightly closed.

A number of persons who live east of the railroad tracks were forced to leave their homes while the asphalt-mixing plant was operating. When they returned to their homes they found all articles covered with residue. Even closets and cupboards had been penetrated by "smoke, gases, noxious odors, silt, sand and chemical residue."

Dr. M. A. Childress, City Health Officer, had expressed the opinion that the residue from the asphalt-mixing plant was injurious to the public health. The nuisance was aggravated by the fact that when the plant was operating a steady wind, often punctuated by strong gusts, was blowing.

Continuation of the restraining order, as issued by Judge Dice on Wednesday, was by agreement between the parties concerned and their counsel. Consideration was given to the fact that Mr. Strain would have to consult the Texas Highway Department regarding his highway contract obligations, the time-table for which had been disrupted by the closing of the asphalt-mixing plant and the subsequent failure to devise means of abating the nuisance.

Possibility of further legal action. (Continued on Back Page.)

CANDIDATE

JOHN LEE SMITH

John Lee Smith of Lubbock, who is seeking nomination as Congressman-at-Large from Texas, subject to the July 26 Democratic primary election, came to Goldthwaite on Tuesday in behalf of his campaign. Mr. Smith, who has two sons serving in the Army in Korea, is a former Lieutenant Governor of Texas—a post in which he served in the administration of Governor Coke Stevenson. His public service has included membership in the State Senate and tenure as County Judge in Throckmorton County. Mr. Smith, a former Supreme Chancellor of the Knights of Pythias, now is engaged in the private practice of law at Lubbock. In behalf of his campaign for nomination as Congressman-at-Large he already has visited 127 of the 254 Counties in Texas. He is opposed by six other candidates.

During his visit to Goldthwaite Mr. Smith told how his father, who was a native of Burnet County, used to drive herds of horses through what now is Mills County—before Goldthwaite was established. Mr. Smith was born at Chico in Wise County. In addition to their two sons in Korea, Mr. and Mrs. Smith have a daughter who lives in Jackson, Miss.

During his visit this week Mr. Smith said that he will return to Goldthwaite for some more campaigning before July 26.

Court House Pooch

A lost or homeless black and white little pooch of obviously dubious ancestry wandered into the Court House on Wednesday and promptly adopted County Clerk Earl Summy and his pulchritudinous Deputies, Mrs. Horace Gray and Miss Sybil Ann Reid. After a good meal and some refreshingly cool water the pup curled up under Miss Reid's desk. Occasionally he wandered off to keep a watchful eye on County Judge Lewis B. Porter and Mrs. V. A. Hudson but he kept strictly away from the office of Sheriff C. F. Stubblefield. The dog, who has a sweet disposition and who needs a home, moved over to the Commissioners Court Room when a couple of lawyers went into the County Clerk's office. The pup apparently is cautious when it comes to lawyers.

Syd Brooks Booms The Eagle In Korea

Sydney G. Brooks, son of Mr. and Mrs. George Brooks of Rt. 3, Mullin, is due to come home soon from Korea, where he has been fighting against the Reds with a heavy tank battalion. Meanwhile his brother-in-law, Jimmy Leonhard of the Goldthwaite Post Office, has received a snapshot of Sydney. It is a WONDERFUL photograph because Sydney, who is shown seated in a Jeep with another GI, is holding up a copy of the Goldthwaite Eagle for all of Korea to see. Sydney Brooks will be welcomed home with an appointment to the Eagle's promotion department.

Barnett To Talk On City Progress At Lions Meeting

Ten years of progress in Goldthwaite will be reviewed at a meeting of the Lions Club next Tuesday night by City Utilities Manager W. C. Barnett.

Jesse Moreland, who will be installed as Lions Club President at next Tuesday night's meeting, urged a full attendance because, he said, Mr. Barnett will tell a fascinating story of the accomplishments in Goldthwaite during the past decade. He will describe such improvements as street lighting, paving, forward strides by such city utilities as electricity, water and sewerage, improvements in the equipment of the Goldthwaite Volunteer Fire Department and many other gains that "too often are taken for granted."

Mr. Moreland reminded members of the Lions Club and those who will attend the meeting as guests that the starting hour at the Hangar will be 8:00 o'clock, when dinner will be served.

In assuming the Lions Club Presidency, Mr. Moreland will succeed Leston F. Bain who, with his family, completed a move to Stephenville last Saturday. Stephenville is headquarters for Mr. Bain in his new post as Chief Administrative Officer in Erath County for the Production and Marketing Administration of the U. S. Department of Agriculture.

It is expected that at next Tuesday night's Lions Club meeting former President Ray Duren will make a further report on developments in efforts to provide Goldthwaite with a swimming pool and recreation area. Mr. Duren was hoping for a meeting with engineers regarding the proposed project between now and the time for the Lions Club meeting.

Billy M. Stark, son of Mrs. C. O. Stark of Goldthwaite, has been promoted to the rank of A/2c. He enlisted in the U. S. Air Force in March of 1951 and is now stationed at Sacramento, California.

New School Head And Trustees Met On Tuesday Night

J. T. Jones, successor to H. E. Patton as Superintendent of Schools in Goldthwaite, moved some of his personal possessions from Olton on Tuesday. He met with the Board of Trustees of the Goldthwaite Independent School District on Tuesday night.

School Board Chairman Gerald C. Head said that Tuesday night's meeting was held for the purpose of an informal discussion of school problems with the new Superintendent. The next meeting of the School Board is scheduled for the night of July 7. Two vacancies on the faculty remain to be filled—a Grammar School Principal and a teacher of home economics in the High School. Chairman Head indicated that Board members are continuing to consider applications for the post.

When he came to Goldthwaite on Tuesday, Mr. Jones was accompanied by Mrs. Jones, who will teach the fourth grade in the Goldthwaite Grammar School. They returned to Olton on Wednesday after Mr. Jones had conferred with County Judge Lewis B. Porter, who also is County Superintendent of Schools, ex-officio.

Mr. and Mrs. Jones and their children, Peggy Janet, Jo Ann and Eddie will complete their move to Goldthwaite on July 7. Meanwhile, they are having a busy time in Olton where a round of farewell parties to them is testimony to Olton's regret at losing them.

The Jones family will live at Reynolds and Sixth Streets in a home owned by the Carlos Pattersons that formerly was occupied by the Ben R. Day and A. W. Lilly families.

Gene Long Returns Safely After Hazardous Navy Service Off Korea

There was great joy in the Lee Long family this week when the long distance telephone brought the glad tidings from Long Beach, Cal., that Gene Long is back safely in the United States after two tours of extremely hazardous duty in Korean waters.

GENE LONG

Gene, a son of Mr. and Mrs. Lee Long, is a member of the crew of the U. S. S. St. Paul, a battle-scarred cruiser. Only recently 31 men were killed aboard the St. Paul in a gun turret explosion while the cruiser was

shelling Communist positions on the mainland of Korea. On his first tour of duty aboard the St. Paul in Korean waters Gene Long was under fire many times from Red aircraft and shore batteries.

Early last November Gene was married to the former Mary Lou Baumgard of Long Beach. A few days afterward he returned to duty and the St. Paul sailed to complete the dangerous missions from which the ship has just returned for repairs. During his first service aboard the cruiser, Gene Long was in Far Eastern waters for nine months. Gene, who was graduated from the Goldthwaite High School with the Class of 1949, will mark the third anniversary of his enlistment in the United States Navy in August.

It is not certain when Gene will visit Goldthwaite again. His wife lives in Long Beach, where she is in the employ of a telephone company, and Gene will spend his current furlough there.

At the Southside Grocery on Wednesday, Mr. and Mrs. Lee Long and Billy Ray were beaming happily, all because of that good telephone call that brought Gene's voice from Long Beach on Tuesday.

At a meeting at the Court House last Tuesday afternoon a sub-committee of the Executive Committee of the Mills County Democratic Party drew the names of candidates for the order in which they will appear on the official ballot for the first Democratic primary election on July 26.

In contests on a County level, names will appear on the ballot in the following order:

For County Judge and Superintendent of Schools, ex-officio, Lewis B. Porter, John L. Patterson.

County Commissioner, Precinct 1, Jess Y. Tullos, Craig C. Wesson, L. R. (Bally) Rudd.

County Commissioner, Precinct 3, W. T. (Son) Lee, Niles E. Wootten, R. T. Ratliff, A. A. Downey, Eli Edmondson.

County Commissioner, Precinct 4, J. Frank Davis, Cecil Egger.

There are no other contests for public office in Mills County since Sheriff C. F. Stubblefield, County Clerk Earl Summy, County Attorney A. M. Pribble, County Treasurer Bertha Weathers, County Surveyor J. C. Long, and Justice of the Peace, E. A. Obenhaus (Precinct 1) are standing for renomination unopposed.

Other posts of major interest for which drawings were made at Tuesday's meeting give places on the official ballot in the following order:

Governor: Ralph W. Yarborough, Mrs. Allene M. Traylor, Allan Shivers.

Lieutenant Governor: Ben Ramsey, Frank Hessbrook Morales.

U. S. Senator: Price Daniel, Lindley Beckworth, E. W. Napier.

Congressman, 21st Texas District: O. C. Fisher, Ira Gallaway.

District Judge: Wesley Dice, Jim Evetts.

District Attorney: Tom A. Carlile, Raymond Thornton.

Numerous other candidates are to be nominated in the July 26 primary election. Their names will appear for the information of the voting public when the Eagle will print a sample of the official ballot at a time just before the election.

Joe A. Palmer, Chairman of the Executive Committee of the Mills County Democratic Party, said this week that beginning July 3 persons who will be away on July 26 and who wish to cast absentee ballots may do so upon application to County Clerk Earl Summy at the Court House. July 22 is the latest date for the casting of an absentee ballot, Mr. Palmer said. He added that Mr. Summy has all of the (Continued on Back Page.)

Pickup Is Lost

A pickup belonging to E. N. Clayton of Mullin has been missing since Monday of last week and Sheriff C. F. Stubblefield and other law enforcement officers in a wide area are searching for it. The vehicle is a 1951 Chevrolet and any information regarding its whereabouts will be welcomed by Sheriff Stubblefield.

INTRODUCING JONES FAMILY

Seated, left to right, are Mr. Jones, Michael (call me Mike), who is 10, and Mrs. Jones. Mr. Jones was house-hunting in Goldthwaite this week, since he plans to move to Goldthwaite from Zephyr as soon as possible. He finally decided that selection of a residence is in Mrs. Jones' department and he turned the job over to her. Meanwhile, Mr. Jones is hard at work in the P. M. A. office and out in the field.

A FINE CHALLENGE TO GROW

When Minister James A. Fry of the Church of Christ spoke to the Lions Club on the need of providing, apart from the farms and ranches, a means for people to earn a livelihood in Mills County, he was giving voice to a problem that has been a matter of grave concern to many people here for some time.

As a news article in last week's Eagle reported, Minister Fry urged the members of the Goldthwaite Lions Club to give earnest consideration to the attraction of small industries so that we could have jobs to keep our young men and women at home.

The steady loss of population by Mills County has not been ignored. During his Presidency of the Lions Club, Ray Duren opened negotiations for a new business establishment here that would provide a means of livelihood. Those negotiations are continuing. There will, undoubtedly, be others — because responsible leaders in our community are aware that either we go forward and grow, or we regress and ultimately will die. There is no such thing as standing still for long.

Minister Fry rightly emphasized that as our young people move away to work where industries have been centralized we lose the "cream" of our citizenry. His address before the Lions Club served as a valuable reminder that there has to be both thought and action. We have found, since Minister Fry spoke to the Lions, that the response to what he had to say was sympathetic. Nobody with whom we have talked disagreed with him. The problem simply is one calling for leadership, coordination, and long-range intelligent planning.

In past efforts to attract to Goldthwaite activities that would provide "steady payrolls," difficulties have been encountered. But no difficulty, including that of water supply, is unsurmountable.

Our advantages here far and away offset whatever disadvantages there may be.

Goldthwaite is so centrally located in Texas as to be ideal as a distribution center. We are on a railroad that wants to see the communities on it flourish. We are astride main highways that run north and south, east and west. We have a town that represents a desirable place in which to live. Without any chest thumping, it is accurate to say that as a town, Goldthwaite is very much more attractive than scores of other towns in Texas of the same size or even larger. We have families who want to keep their young people at home and we have young people who would like to stay home if they could be afforded the livelihood about which Minister Fry spoke.

We have a good climate. Even in hot weather, we suffer much less here than do most other places. Compared with humid coastal cities such as Houston, Beaumont and Corpus Christi, Goldthwaite is a "summer resort" in the proper meaning of the words. Right now, it is much more comfortable here than it is in such places as New York, Chicago, Washington or Philadelphia. We know; we have tried them all, including, of course, Goldthwaite.

There are many organizations that would be deeply interested in helping Goldthwaite to grow — to meet the challenge that was presented so quietly and so temperately by Minister Fry. They include the Manufacturers Association of Texas, the West Texas Chamber of Commerce, and even the United States Chamber of Commerce. There are a great many private business concerns that would like to hear about the advantages that Goldthwaite has to offer to them. There are numbers of people here who are quite competent to "sell" Goldthwaite to those who most certainly would be interested in us if they knew about us.

We feel confident that the last of what Minister Fry had to say to the last meeting of the Goldthwaite Lions Club has not been heard. We believe that action will be taken on the suggestions that he made. Goldthwaite is NOT the sort of place that is willing to stagnate and rot away. Our loss in population can be regained. We CAN bring here means of providing steady employment so that the "cream of our citizenry, our young people," will not go off to live where industry has been centralized. Any town that has what we have in Churches, the Library, the Municipal Ball Park, the paved streets and fine homes, the public utilities, the business houses and the splendid people, can be counted upon to act along the lines on which Minister Fry stimulated public thinking. As that thinking proceeds, the young people here should be encouraged by renewed consideration of an old problem.

GUEST EDITORIAL

(Editor's Note: In his usual searching manner, Westbrook Pegler has taken the steel situation apart and he has laid it out in little pieces. Whether or not steel is being produced again by the time this guest editorial appears in print, the fact remains that Mr. Pegler has written a case history that is important to all citizens, no matter where they live. Mr. Pegler's analysis of what happened in steel follows:)

By WESTBROOK PEGLER

In all the balaver over President Truman's handmade emergency in the steel industry, the fact that Truman and the union deliberately made the emergency has been overlooked entirely. The steel companies made no demands on the union. The union made demands on the companies. Truman then resorted to a familiar device which F. D. Roosevelt often had employed, the appointment of a loaded board with a pretense of even balance between the conflicting interests, with foreknowledge that the board would decide in favor of the union. Of course, the companies should not have permitted themselves to be drawn into such a situation. They should have refused to deal with this kangaroo court, and their propaganda should have concentrated on the fact that Truman and the union were allies, taking advantage of a terrible war, to which Truman himself had committed the people of the United States, to try to seize industry.

This was a Fascist trick but probably, in the long run, if nothing happened to retard them in their course, Truman and his political partners in the union racket would give us communism rather than fascism. There is not much difference, but Truman and his friends abhor fascism by name. Many of them in fact are Communists in philosophy and are friendly to Soviet Russia. The Hiss case and the atom bomb traitors convey this preference. There is more of treason in communism than there is in fascism because there is an international Communist organization, directed from Moscow, which has the avowed purpose of destroying our government. There is no such Fascist organization with a similar purpose.

During the war we had a master case in the seizure of Montgomery Ward in Chicago by an army detail under a major general, attended by a colonel press agent who was a member of the C. I. O. Sewell Avery, the chairman of the board of Montgomery Ward, refused to yield the company's property to Roosevelt's army of occupation and made the general make himself ridiculous by ordering his soldiers to carry out a sedentary old one-man insurrection bodily. These soldiers had been called from their normal pursuits by Franklin D. Roosevelt to fight a foreign foe and now they found themselves counting socks and shirts and all the stuff of a general mail-order merchandise business merely because the C. I. O. had made demands which Avery would not grant.

The colonel press agent did his best to make the situation seem less nasty than it was. He was Abe H. Raskin, a reporter on union matters for the New York Times, and a member of the Newspaper Guild, of the C. I. O. The Guild has been a blood-red Communist front at most times in many places and Roosevelt's wife joined it when it was at its reddest, although she was not eligible under its constitution. Raskin was not one of the Guild Communists nor did he color his stuff too much for a man in his curious position in the seizure and "occupation." After the war, Raskin went back to the Times. Recently, he reported, of all things, that the union racketeers were becoming uneasily aware that an undesirable character from the underworld were filtering into the noble labor government.

This seizure caused a commotion but Roosevelt did have an actual war on his hands whereas Truman had pulled the rug from under himself in advance by insisting that his Korean disturbance was just a case of disorderly conduct calling for police action.

"Ike has the dynamic leadership which can bring us together again and inspire our faith.

"On the basis of his right commitment to the best American principles, he is a man for whom all Republicans can vote with good conscience. And not only Republicans. Millions of political independents and millions of Southern and Northern Democrats betrayed by the Truman Administration, will help elect president. For this reason, many others — "We like Ike."

**Miss Ethel Earlene Nix Becomes
Bride Of William Adrion Anderson**

MR. AND MRS. WILLIAM ADRIAN ANDERSON

Miss Ethel Earlene Nix, the daughter of Mr. and Mrs. Lynn E. Nix of Goldthwaite, became the bride of Mr. William Adrion Anderson of Midland, son of Mr. and Mrs. W. T. Anderson of Mullin, Saturday evening, June 21, at 8:00 o'clock in the home of the bride's parents.

The impressive candle-lit double-ring ceremony was sol-

emized by the Rev. J. T. Ayers, Pastor of the First Baptist Church of Goldthwaite.

The couple stood before an improvised altar decorated with two baskets of white gladioli and daisies, flanked by tall stands of candelabra containing white tapers. Miss Yvonne Nix of Waco and Miss Patsy Bram-

BIRTHS

Shela Fay Featherston, daughter of Mr. and Mrs. Delma Featherston of Goldthwaite, arrived at Memorial Hospital in Brownwood at 5:50 p. m., on Friday of last week. She tipped the scales at 8 pounds, six ounces. She and her mother came home last Saturday and her father said this week — with a happy smile — that both of them "are doing just fine." Shela Fay's maternal grandparents are Mr. and Mrs. W. C. Mayes of Brownwood and her paternal grandmother is Mrs. A. K. Featherston of Goldthwaite. She has a brother, Arch Calvin, who is 5.

A son, Thomas Weldon, was born to Mr. and Mrs. T. I. Lawson of Segoville at the Florence Nightingale Hospital in Dallas at 6:00 a. m., on June 18. He weighed eight pounds, 13 ounces. The maternal grandparents are Mr. and Mrs. Doc Laughlin of Goldthwaite and the paternal grandparents are Mr. and Mrs. Thomas Lawson of Mexia. The mother is the former Shirley Laughlin.

A son, Randall David, was born to Mr. and Mrs. L. D. Spinks at Memorial Hospital in Midland on June 21. His maternal grandparents are Mr. and Mrs. Walter Hamilton of the Center Point community, and his paternal grandmother is Mrs. J. M. Spinks of Cline Street, Goldthwaite. Randy has a brother, Jimmie, who is 7.

Mrs. J. M. Spinks spent two weeks visiting her sister, Mrs. E. J. Steinmann of Elida, N. M., and her brother, H. W. Davis, also of Elida. Last Saturday Mrs. Spinks went to Midland to visit her daughter, Mrs. Joe Anderson. She will return to Goldthwaite next week.

Mrs. George B. Golightly Tells Why Class Reunions Are Such Fun

Last weekend the Mullin High School Class of 1915 held its third annual reunion. In advance of the reunion one of the members of the Class, Mrs. George B. Golightly of Hamilton, the former Frankie Vann, wrote about it in her usual, sprightly column in the Hamilton Herald-News. The column on the "One And Eight Class" reunion by Mrs. Golightly, who is a daughter of the Rev. and Mrs. L. J. Vann of Mullin, follows:

By Frankie Vann Golightly

The past weekend brought back memories of our high school days when our class met for their third annual reunion.

A few years back one of the members of the class started some deep thinking and brought the class together for the first meeting, several of whom had not seen each other for over thirty years.

The reunion this year was attended one hundred percent with most of the families present and the superintendent at the time of our graduation was also there. On Saturday night only the class and their husbands met in the home of the lone boy of the class, Willie Wasserman, who is now a rancher who resides five miles north of Mullin. Then on Sunday the crew met at the park on Mullin Creek where they greeted people from far and near, and where a picnic lunch was spread.

These affairs bring memories back to the class prophesies that numerous ones used to write where the future of each was predicted. I do not think the future of a single member came out like planned.

About the most precious thing first learned in school was friendship, and friendship is a thing to earn. There are a few who never find it. A person has not completed his education until he is able to have a friend and to be one. I have always heard that it is more profitable to hunt for a friend than a gold mine, even though the search may take longer. There are some instances where friendship starts the first year in school and lasts throughout life. This kind of friendship seems more genuine because it has continued longer, and the ties have been deeply cemented.

This graduation brought back memories of a hairdo with long strands and the ends curled and pinned upon head — of a dress of white silk mulle with a lace bertha and perhaps white ribbons to make it elaborate for the affair. It brought back memories of a graduation

gift a necklace to a girl of sixteen from her best beau. Then later with the parting of the ways, because of his interest in another girl, I recall having wrapped the piece of jewelry in old newspapers over and over, building a bon fire and letting it burn to ruins. Funny things what girls of sixteen will do in their jealous moods.

Reunions also bring back memories of high school plays, especially Shakespeare plays, when there wasn't a one in the class who had an ounce of talent trying to do Romeo and Juliette and others where a lot of action was involved. Our parents are probably the only ones who could manage to sit through them. God bless our parents who had to endure a lot from their children during high school days.

Anyway that's what reunions are good for, to talk about what we did in years gone by. They always afford fun and merriment, and a comparison with our children of today. We wouldn't miss one for the world.

Clara Weatherby Is Loyal To Home Town

Mrs. W. J. Weatherby, who is making an extensive tour of Yankee land, wrote to the Eagle from New York City this week to say that she is "enjoying the sights of the Big City very much but I will still take the wide open spaces of Mills County to live in." Mrs. Weatherby sent a postcard across which had been printed "Howdy from New York" in large red letters. Some other Texans must have been up that-way teaching New Yorkers how to say "Howdy." Also, there was some bragging about Radio City, the Empire State, Chrysler and Woolworth buildings and pictures of Times Square and the Statue of Liberty.

H. H. Viriden Back After 50 Years

H. H. Viriden of La Luz, N. M., came back to Mills County last Sunday afternoon for the first time in 50 years. Out Star way, he re-visited places on which he had worked soon after the turn of the century. One of them, and in which he had deep interest, was the old Bob Barr place, 3 1/2 miles southwest of Sttar, which now is owned by Mrs. Ola Howell and her brothers, Truman Hill and Roy Lee Hill.

In reminiscing about the times when he lived and worked in these parts Mr. Viriden, whose late wife was the former Lizzie Pifer, said that in the old days Mills County was composed of prairie plain and bare hillsides. He said that the growth of timber and brush has been a development, since he went to New Mexico a half century ago.

Nowell To Preach

Preaching services will be conducted at 3:30 p. m., on the second and fourth Sunday of each month at the Lake Merritt school house by Ralph Nowell, a student at Hardin-Simmons University at Abilene. Mr. Nowell said this week that he is available for other engagements on Sundays within a radius of 100 miles of Goldthwaite.

Personals

Mr. and Mrs. W. B. Wooster, who have been visiting in Houston and Alvin, were accompanied home by his mother, Mrs. Della Gray of Alvin, who will be here for two weeks.

Clifton Stanley of Comanche visited Mrs. J. W. Weathers on Thursday and Friday of last week.

Mr. and Mrs. W. L. Bidde of Goldthwaite visited in Evant last Sunday.

Bradley Reunion

Descendants of the late Ambros Bradley gathered for a reunion the weekend before last at Gunderland Park in Lampasas with 88 persons, including 35 relatives, present. They agreed to hold a similar gathering next

year. The senior relative who was present was Mrs. Amanda Marsh Bradley, 85, of Dallas. The oldest person present was a friend of the family, E. J. Noyes, 90, of Lampasas. Mrs. Ora Black of Scallorn is a granddaughter of Ambros Bradley. Her grandson, Layton Black, and Charlie Black

of Port Arthur provided the fish for the reunion dinner.

Mr. and Mrs. Walter Boone and children, Milton, Mary Helen and Carolyn, of Lampasas visited with friends in this city last Sunday.

Miss Ethel Earlene Nix Becomes Bride Of William Adrion Anderson

(Continued from page 3)
left of Mullin, cousins of the bride, lighted the tapers. Miss Scottie Vaughan of Goldthwaite, vocalist, sang "Because" and "Always." Traditional wedding music and the wedding march were furnished by the phonograph.

The bride, given in marriage by her father, wore a white bridal gown designed with a fitted lace bodice which extended below the waistline, a drop-shoulder yoke of illusion and lace Peter Pan collar. The bouffant double skirt was of nylon net over taffeta faille, and she wore matching mitts of nylon net. Her finger-tip veil was attached to a calot trimmed with orange blossoms studded with rhinestones. She carried a white Bible topped with an orchid encircled with white carnations and streamers of white satin. She also carried out the traditional bridal custom of something old, something new, something borrowed, and something blue and wore a penny in her shoe. Her something old was a silk and lace handkerchief carried by her mother at her wedding.

Mrs. Jack L. Simpson of Goldthwaite attended the bride as matron of honor. She wore a formal gown of aqua taffeta. The dress had an illusion yoke, and the full gathered overskirt was caught up in drapes at points around the skirt. She carried a nosegay of white and pink carnations and wore pink carnations in her hair. Little flower girls were Jane Anderson of Mullin, sister of the groom, Carol McCasland of Plainview, and Georgie Cobb of O'Donnell. They wore pastel colored formals and carried nosegays of white daisies.

Merion Reynolds of Goldthwaite attended his cousin as best man.

Mrs. Nix, mother of the bride, chose a dress of aqua lace with white accessories, and she wore a pink camellia corsage.

The groom's mother, Mrs. Anderson, was attired in a navy blue organdy dress with white accessories and a corsage of white camellias. Immediately following the ceremony, a reception was held in the Nix home. The bride's table was laid with a drop-stitched linen cloth. The three-tiered wedding cake, topped with a miniature bride and groom, and the crystal punch bowl were at either end of the table. Pink petals, hidden in greenery, encircled the punch bowl. Silver and crystal appointments were used, and the napkins were white, decorated with silver wedding bells. Sisters of the groom, Mrs. George McCasland of Plainview served the cake, Mrs. Douglas Collier of Goldthwaite ladeled punch, and Mrs. Mary Anderson of Mullin presided at the bride's book.

Mrs. Anderson is a 1948 graduate of Goldthwaite High School and, for the past four years, has been a member of the Goldthwaite Eagle staff.

Mr. Anderson attended schools at Goldthwaite and Dawson, and is now employed in the inspection department of the Drill Collar Service Company in Midland.

For traveling the bride chose a baby blue nylon dress with white accessories and an orchid corsage. Following a honeymoon trip to San Antonio and Kerrville, the couple are making their home at 1408 South Baird Street, Midland.

Dorothy Niemann And Charlene Benningfield Fall For Gwin Stunt

While the Eagle was on the press on Thursday morning of last week John L. "Hi Neighbor" Gwin telephoned and caused a temporary tie-up of manpower in what turned out to have been a bare-faced, brash and unscrupulous attempt to grab publicity for his cleaning and dyeing establishment.

With the press roaring and the Eagle staff sweating Chester Edward Brooks, who answered the ringing telephone, reported that "Mr. John L. Gwin says there is a scandal down at his place."

The press continued to turn out Eagles and the staff resumed its perspiring. In time, an investigation showed that Dorothy Niemann and Charlene Benningfield, both members of Mr. Gwin's staff, had earned a day off by celebrating "Juneteenth."

In case you do not recall, "Juneteenth" is June 19 or the anniversary of Abraham Lincoln's Emancipation Proclamation. The day before, Mr. Gwin had told Miss Niemann and Mrs. Benningfield that if on "Juneteenth" they showed up for work in black-face make-up, a la minstrels, they could have the day off. Whether they felt emancipated or not, nobody knows, but they took Mr. Gwin up on his proposition and on "Juneteenth" they showed up for work properly blacked up.

Mr. Gwin sent them to the bank in their darky make-up so that as many people as possible could see them. Then, true to his word, he gave Mrs. Benningfield and Miss Niemann the day off. Between the meantimes, he telephoned to the Eagle to report the alleged "scandal."

Neighbor, you have just no idea how many other scandals were being talked about at the same time!

THE GOLDTHWAITE (Texas) EAGLE—THE MULLIN ENTERPRISE—FRIDAY, JUNE 27, 1952

Our WASHINGTON Letter
By Congressman O. C. FISHER
A completely revamped price and wage control program for the next year appeared likely as a result of House action last week. Differences between the House and Senate versions of OPS and WSB will have to be resolved, and the final version will not be known until that is done.
The House tentatively removed controls from fresh fruits and vegetables, and directed decontrols with respect to all commodities that are not in short supply and which sell below ceiling prices. It simplified or removed requirements for reports to OPS on many items and attempted to cut out a lot of the unnecessary red tape and bookkeeping that has been required in the past.
On the subject of wages, the House abolished the present Wage Stabilization Board and provided for a new board wherein the appointments of all public members would have to be confirmed by the Senate. This was designed to eliminate the "packed" board which has been instrumental in causing the present steel strike. In addition, the House set the stage to adopt the Senate amendment which requests the President to invoke the Taft-Hartley law to stop the present disastrous steel strike. His failure to do this is costing this country 2,000,000 tons of steel each week.
Actually, the OPS is spending a major part of its time in attempting to control prices on items that are nonessential or which sell well below ceiling prices. It costs the taxpayers at least \$30,000,000 a year to pay the salaries and expenses of the nearly 15,000 government employees now on OPS payroll. Many of us believe the American people would be better off if the OPS were completely abolished. It has been pointed out that Armour & Co. sell 90 percent of their meat at prices that are below the ceilings set by OPS. And the same is true of many other important food products.
Another development growing out of the House and Senate actions on controls was the refusal to provide new seizure powers for the President. The President had requested legal authority to do the same thing that he recently did illegally with respect to the steel mill's. He wants power to take over and operate the mills indefinitely, with the right to impose wage changes, the union shop and other conditions if he should see fit.

Eagle's Eye

(Continued From First Page.)
patriotism and no selfish purpose has him in the arena of politics now.

General Eisenhower made two speeches last Saturday night. The first was televised and broadcast on a national network. When it was over, the General put his glasses in his pocket and just talked to us "off the cuff" without notes—just from the heart. He talked of his paramount interest—peace among men. That was inspiring. General Eisenhower spoke both as a soldier and as a statesman. He made so clear the obligation of America to lead the world from fear to security, he urged us not to underestimate our own strength. He said that the peace we seek "is a vital, living, driving force. It must be deeply felt and instinctively understood by the men who are in a position to lead us in the cause of peace."

I do not know whether General Eisenhower can be nominated at Chicago or whether he can be elected President if he should be nominated. But I do feel that in talking these days to his fellow Americans he is rendering tremendous service. We ought to listen to him for so long as his voice is to be heard. Think of such words as these: "For you and me and for our children, the cause we support is freedom, the right of each of us to live and work and speak and worship according to the dictates of our own conscience; to be equal, in the sight of God, with all others." Those words were spoken by General Eisenhower who, regardless of what happens to him in politics, is helping to mobilize both the spiritual and material strength of democracy. For that, we should be grateful—all of us.

Dust Injunction

(Continued From First Page.)
tion, regardless of the outcome of next Monday's hearing, was indicated in the fact that in his restraining order of last Saturday Judge Dice noted that "homes are being damaged with the silt and sediment which cannot be removed."
In the legal actions that resulted in Judge Dice's injunction Mr. McLean, Mr. Rudd and Mr. Mahan were represented by William G. Yarborough.

H. Homsley. A talent show will be presented next month by the Mullin FHA Chapter.

Venables Home

Mr. and Mrs. Henry Venable returned last Friday after a vacation in Florida. Mr. Venable reported that fishing was good in Florida but he added that the fish were caught by other fishermen and not by him. He bragged on the big fish that he saw others catch. When last seen Mr. Venable was talking about the biggest black bass he ever saw—but he did NOT catch it.

Our house guest last week was an aunt, Mrs. Amanda Marsh of Dallas.

We are not repeating this snake story to get our name in big letters; but suppose you were carrying an arm full of drift wood which had washed down the creek and lodged in the fence, and a copper-head came wriggling out right up in your face. Well, that's what happened to Huntis Black. While the soldiers were putting up our fence they heard a sound not familiar, on investigating they encountered a rattler, the first they had ever seen. In no time at all the snake had lost its rattlers and they were never found, which proved disappointing to the boys as they wanted them as a souvenir.

Bro. Pankhurst and family of Brownwood were our guests Saturday night.

Mr. and Mrs. Silas Burk were in Moline Sunday as guests of Mr. and Mrs. Webb Laughlin.
