The Eagle's Eye

By H. R. Ekins

This is hail and farewell, a hearty "howdy" to Victor Koleber, whose name will appear in next week's Eagle as editor and publisher. It is well to the many of you in Mills County who have been so kind to me and mine. We are grateful.

I am convinced that under editorship and management of Mr. Koleber, the Eagle, with the Mullin Enterprise consolidated in May of 1950, will be a truly splendid newspaper that will serve the public interest. I believe that Goldthwaite and Mills County deserve a newspaper and that Mr. Koleber will provide it.

I bespeak for Mr. Koleber all the cooperation that you, the readers and advertisers, will give to him. You will find Mr. Koleber and Mrs. Koleber kind and gracious. I have met their daughter, Miss Koleber, but I have seen a photograph of her and, young women, she surely is pretty!

The news account of the transfer of ownership of the Eagle to Mr. Koleber there is a biographical sketch of him. As you read it, you will see for yourselves that I am experienced in what, if I insist, is a profession. A newspaper is a public trust and, accordingly, those who are responsible for the publication of papers, especially in the United States, are professionals and assume the grave responsibilities that rest upon them.

I have, in addition to wishing success and happiness to Mr. Koleber, something very, very special. I wish I could find a way to express properly my gratitude and indebtedness to those who have worked with me at the Eagle. Without doubt, there could have been no Eagle during the past 32 years. Wherever I may be and wherever I may be doing, I shall never always the loyalty, hard and devoted work, and consideration of Miss Ruth, Mr. Roy Lee Hill, Arnold Smith Kelly and Chester Ed. Brooks. In my book, Mr. Koleber is indeed fortunate, for he will have the Eagle to work with him too.

Many of you must know that the Eagle has been to you. You must know how difficult it has been to write these paragraphs. So you must understand how truly hard it is to do good by.

Veterans Urged To Record Discharges

County Clerk Earl Summy this week urged upon all war veterans the necessity of having their military, navy and air discharge papers copied, filed and filed at his office. Summy said that the County pays the cost of recording discharge papers and that men were in the Armed Services to protect their own interests. He said that recently he had seen instances in which former servicemen needed their discharge papers, could not find them, and had neglected to have them copied and recorded at the office of the County Clerk.

C. Collier Sells W. C. Holden

C. Collier said this week he had sold his farm on Old Brownwood Road to W. Holden, who formerly lived in Mullin and Zephyr. Holden will operate the farm Collier place as a dairy. Mr. and Mrs. Collier left this week with their daughter, Miss Mary, into the home of their son, Rex Collier, who recently moved to Brady where he is engaged in the business of guessing what? M--- automobiles!

Record Of 113 Pints Of Blood Given Thursday

Mills County established a proud record on Thursday of last week when its citizens gave 113 pints of blood to the American Red Cross Bloodmobile unit at the First Baptist Church of Goldthwaite.

Brian Smith, Executive Secretary of the Mills County Chapter of the American Red Cross, said that a total of 228 persons registered as blood donors — 12 of them after the Bloodmobile unit arrived. Of that total 149 persons kept their appointments, although some of them were not able to be donors. Mr. Smith said that 32 persons cancelled their appointments because of colds or for other reasons, and that only 47 persons who had registered failed to keep their appointments or give a reason for not appearing. At the time, however, there were many cases of colds and other relatively minor ailments.

As against the 113 pints of blood that were given in Goldthwaite, the Bloodmobile last week collected 72 pints in San Saba, 76 pints in Lampasas and 80 pints in Brownwood — all of them in Counties with populations larger than that of Mills County.

Mr. Smith said that the Red Cross workers and technicians who accompanied the Bloodmobile unit were enthusiastic in their praise of the recruiting program that had been conducted in Mills County under the over-all chairmanship of Mrs. Warren P. Duren. Also, he said, they had the highest praise for the work of the corps of local volunteers who served throughout the visit of the Bloodmobile, caring for donors and organizing the processing. Equipment used was unloaded. (Continued on Back Page.)

Plans for the big Hallowe'en Carnival on the School Grounds on November 1 were pushed well ahead at the meeting of the Goldthwaite Parent-Teacher Association on Wednesday afternoon of last week.

Mrs. Grady Carothers, Hallowe'en Coronation Chairman, announced the following committees to work on the great event:

- Queen's Crown and Robe, Mrs. George G. Reese, Chairman.

Sale of the Goldthwaite Eagle-Mullin Enterprise, effective immediately, to Victor E. Koleber was announced this week by H. R. Ekins, who has been editor and publisher of "the only newspaper in Mills County" since March 1, 1950.

Mr. Koleber, an able and experienced newspaperman, is a native of Kansas but he spent so much time in Texas that a friend of his has described him as "having his first papers as a Texan." Mrs. Koleber is a native Texan, having been born in Dallas. Mr. and Mrs. Koleber have a daughter, Vicki, who is a junior in high school. She was born in San Antonio.

After having studied business administration and procedure in Wichita, Mr. Koleber began his newspaper career on the Wichita (Kansas) Beacon. Subsequently he was associated with the San Antonio Express and Evening News. Then, for ten years, he was the publisher of the Valley Review of Edinburg, Texas.

From 1946 until earlier this year Mr. Koleber was editor and publisher of the Florence Citizen at Florence, Colo. He expects that Mrs. Koleber and Miss Vicki will join him to establish residence in Goldthwaite shortly.

Mr. and Mrs. Koleber and Miss Vicki are members of the Baptist Church, in which Mr. Koleber is an ordained deacon.

In announcing the sale of the Goldthwaite Eagle-Mullin Enterprise to Mr. Koleber, Mr. Ekins, who has suffered two coronary occlusions in a period of less than three years, said that he was leaving the publishing field upon medical advice.

Mr. Ekins said that for the present, at least, he and his wife, and their son, Harvey, would remain at their Goldthwaite residence on north Fisher Street. (The attention of readers is invited to The Eagle's Aery on this same page.)

Program To Entertain Queen, Mrs. Ben Egger and Miss Florence Whitehead.

Howard B. Campbell was appointed to recommend appointment of a Master of Ceremonies for the Coronation and the job of seating and arrangements for a public address system was handed to Howard Hoover.

Admission for the Coronation of the Hallowe'en Queen will be 25 cents for adults, 15 cents for high school pupils and 10 cents for grade school pupils. The tickets will be most important because when you buy them you also will get with them votes that you may cast for your candidate for coronation as Queen of the Hallowe'en Carnival.

Last week's P-T. A. meeting also made news about the Hallowe'en Carnival parade on the afternoon of November 1 and which will be in charge of Mrs. Tommie B. Harper.

A prize of \$5.00 will be awarded for the best parade float entered by a high school or grammar school organization. Another prize will be awarded to the grade that as a group appears in the most appropriate costumes for the parade.

Mrs. Howard Campbell, P-T. A. Reporter, said that there will be NO individual prizes for costuming for the Hallowe'en parade.

Those enterprising managing directors of the well known mercantile firm of Y & D, Harold Yarborough and Ray Duren, figured it out this week. There are 57 shopping days between now and Christmas—they say.

Tullos Unmasked

Hallowe'en came early this week when Precinct 1 Commissioner Jess Y. Tullos went ambling through the Court House wearing a mask. He said he was Governor Shivers but he didn't fool anybody. He was wearing a mask of Mortimer Snerd.

Football Receipts

Baird received \$181.00 from the admissions to last Friday night's football game in Goldthwaite, it was announced this week by School Superintendent J. T. Jones, who said that Goldthwaite's share was the same, less the cost of lights, water and tickets. Gross receipts last Friday night were \$396.55. Officials cost \$58.44. Mr. Jones reported also that from the October 3 game at Eagle Field Goldthwaite and Lometa each received \$359.25 from gross gate receipts of \$734.90. The cost for officials, including traveling expenses, was \$65.00. Mr. Jones said he was hoping for a record-breaking attendance THIS Friday night when the Eagles play the Mason Cowpunchers here in their first Conference game of the season.

Post Office Has High Efficiency Rating of 97%

After an all-day inspection on Friday of last week the Goldthwaite Post Office was given the remarkably high rating of 97 per cent — a rating that is exceptional because of the stringent demands of operating under the standards set by the new manual of the Post Office Department.

After their work here last Friday Inspectors Noel D. Patterson and Guy Williams wrote the following to Postmaster Lucile Fairman: "Your office was found to be in excellent condition, showing proper attention. It is a pleasure to assist you in maintaining and improving its efficiency. Your final rating is 97 per cent."

Mrs. Fairman, in behalf of herself and the members of her staff, expressed gratification that the Goldthwaite Post Office had come through the rigid, annual inspection with colors flying so high.

In private conversation Inspectors Patterson and Williams said that the Goldthwaite Post Office operates consistently at an unusually high degree of efficiency. They said that the 97 per cent rating that had been (Continued on Back Page.)

Eagles To Play First Conference Game Against Cowpunchers Friday

Cowpunchers from Mason, who never yet have won a game on a Goldthwaite gridiron, will play at Eagle Field here on Friday night against the Goldthwaite High School Eagles who

the season against the Mason Cowpunchers. "It will be tough against Mason but I know the Eagles can be counted on to do their best." Coach Ray Akins said this week.

Coach Akins and Coach John Albers of the Cowpunchers are friends. They were room-mates at Coaching School this year. Coach Albers has been at Mason for five years and he has in his squad players with whom he has worked since they were in grade school. So the Eagles will have to give all they have — which they can do, as they showed last Friday night when, against the Baird Bears, they demonstrated how very much

Grid Highlights

The Goldthwaite School Band will be out in uniform Friday night. There will be a great pep rally Thursday night, starting at the bandstand on the Court House lawn at 7:00 o'clock.

The Band Mothers Club will be ready to do a rushing business at their concession stand at Eagle Field Friday night. Everything you spend with the Band Mothers helps to push forward the fine work that is being done by the musicians and their Director, George W. Reed.

progress they have made under Coach Akins.

The Mason Cowpunchers have been having a good season. For example, they defeated Junction 27 to 0 and they tied Fredericksburg. Last Friday night the Cowpunchers won from Eden 7 to 6 as result of a fourth quarter "desperation pass" that traveled 45 yards from Halfback Weyland Mullins into the arms of Jimmy Green.

While that was happening at Eden last Friday night, Goldthwaite lost a heart-breaker because a Baird Bear covered a fumbled Eagle punt in the final quarter when the score was tied up at 6-6. The Bears scored their winning touchdown in the first play after recovering the fumble. Earlier, John Gilliam had scored for Goldthwaite in the third period and Baird had tied the count when J. E. Bullock plunged across the line for the Bears later in the same period.

A highlight of last Friday night was a condensed game between the halves with the fifth grade playing the heavier but slower sixth grade. There was great jubilation among the fifth graders when Tom Cody Graves won for them by carrying the ball across the goal line.

There will be a return match between the halves this Friday night. Please see page 8 for more about that great contest.

As for the contest between the Eagles and the Bears, here (Continued on Back Page.)

Sheriff "Stub" Stubblefield Has Fine Display Of Tools For Crime

Give a look in the office of Sheriff C. F. "Stub" Stubblefield and there you will find, enclosed in a glass case, an impressive collection of souvenirs that have been collected by the Sheriff and by Deputy Clyde Cockerum.

For each item in the Sheriff's "museum of crime" there is a story. The stories can best be told by Sheriff Stubblefield and Deputy Cockerum. But here is an idea of what you can see on display in the Sheriff's office, along with his "art gallery" of wanted characters:

A lovely leather dice cup, along with some red and green galloping dominoes. They look as though they have been used recently, too. There are some brass knuckles. One of them, according to the yarns they tell in the Sheriff's office, was used not too long ago in the course of an altercation on the Court House lawn.

Displayed in the glass case are some bullets, quite a collection of knives or "toad stickers," as they are called in certain trades, some "goof balls," otherwise known as narcotics or drugs, a pistol and some ammunition.

Strangely enough, there is a bottle of peroxide in the Sheriff's "museum of crime." It is not, Stub says, for the purpose of giving an assist to blondes. He suggested that it might be used as a mouth wash for per-

sons who say naughty words. Also, there is a bottle of rubbing alcohol which definitely is not fit to drink, no matter how thirsty a body might get. The Sheriff did not explain the presence of the rubbing alcohol. He pretended instead, to be looking at some guns that adorn the walls over the glass-enclosed "museum of crime."

Missing from the display are the Mullin cemetery gates. They were stolen many months ago and only newspapermen talk to the Sheriff about them. Also nowhere to be found in the Sheriff's office is the replica of the famous Stone of Scone that was made last year by E. B. "Sir Eric" Adams and that was mysteriously stolen from his monument works just when he was on the point of shipping it to King George VI in London.

Speaking of the missing Mullin cemetery gates and the stolen Stone of Scone, Sheriff Stubblefield also has on display in his office as good a collection of burglary tools as any top-flight second-storey man could hope to have.

In that glass case in the Sheriff's office there is much more than has been mentioned in this little story so go on over to see "Stub" and have a good look for yourself. While you are there, be sure to ask the Sheriff how come he has CORN PLASTERS in a "museum of crime." They are there, sure enough.

Selective Service

Charles Frizzelle, Mills County representative on Selective Service Board number 84, attended a meeting of the Board in Lampasas last Tuesday night. After the meeting Mr. Frizzelle said that no new Selective Service calls for the month of October were planned for Mills County's young men.

Lions Meet Tuesday

The Goldthwaite Lions Club, which will meet at 7:30 o'clock next Tuesday night at the Hangar, may look forward to a splendid program that has been planned by Norman Duren and Harold Yarborough, Lions President Jesse Moreland said this week. He urged all Lions to turn out for next Tuesday's meeting.

THE BALLOT FOR NOVEMBER 4

The official ballot that will be used in the vitally important general election on November 4 will differ from those ever used before in Texas.

When you see your ballot on November 4 you will find that under the revised Texas Election Code you may vote one of two ways — either by following the usual practice of scratching the candidates you do NOT want or by placing an "x" in a little box beside of the name of the candidate you do favor.

Many election officials are apprehensive that the new ballot will confuse voters. It is not necessary to be confused. The best and safest thing to do is to forget all about the little squares or boxes and the "x" and simply follow your usual practice of scratching out the names of all the candidates you do NOT want.

AND ON THE SAME SUBJECT —

We were discussing the matter of the November 4 ballot the other day and the possibility that it will cause confusion with a prominent local citizen who, so far as we know, always has been a Democrat. We nearly fell on our face when our distinguished fellow-citizen said he was not the least bit confused nor would he be. "The best thing to do on November 4," he said, "is to vote the STRAIGHT REPUBLICAN TICKET." There seem to be a number of persons around who do not want a perpetuation of Trumanism!

We also were amused the other day when, on the west side of the Square, we saw Dr. L. P. Huddleston talking long and earnestly to some of his fellow-citizens who have not yet shown awareness of the grave dangers of perpetuating Trumanism. We called out: "Doc, you may as well give up on that bunch; they're hopeless." Dr. Huddleston, however, shot right back with this: "Nothing ever is hopeless in Texas." The next day Doc was passing out some "I Like Ike buttons" to some of the cases that he refused to regard as hopeless.

LETTER TO ADLAI STEVENSON

Last week the Dallas Morning News addressed an open letter to Adlai Stevenson. We reprint it here with a hearty "amen!"

My Dear Governor:

When the Democratic national convention placed you in nomination The News expressed the opinion that this was the best possible selection. The News took the view that the Democrats had chosen a man of ability and integrity.

In the light of your speech at Detroit Tuesday, Governor, that estimate calls for revision. Your words reflect upon either your intelligence or your veracity. May we quote? You said:

"The great Communist conspiracy had its first real chance when the Republicans fumbled and bungled this country into the great depression. The plain truth is that the Democratic administrations have saved this country from depression and Communism over the opposition of the Republican leadership."

Read over your own words, Governor. These must derive either from profound ignorance or deliberate untruth.

Any intelligent man knows that the depression was the inevitable product of an international condition over which this country had no control. Every truthful man must concede that the Democrats were in power in Congress before we hit the worst of the depression in the last two years of the Hoover term. If there was responsibility, then, it was theirs.

But your second sentence is a flat lie, unsupported by any evidence. Prior to the Roosevelt administration, there is no record of a single Red infiltration into our government. An all-Democratic government well nigh 90 per cent strong in all three branches recognized Russia. Only the Democrats gave the green light to the Reds, welcomed American Communists into our government and apparently cared not overmuch if they happened to be Russian ones, too.

Both Roosevelt and Truman opposed every legislative effort to toss out our traitors and suspects even when their shadows lay over the most important of our government offices. What little we have accomplished in ousting them has been done, not with the aid but over the opposition of the Democratic leadership. Much of it has been done, Governor, by honest Democrats, by men like Martin Dies and Robert Stripling. It was Democratic leadership that crucified both. Can you face an American audience and condone what the Democratic leadership did to them?

At Detroit for the first time, Governor, you conceded that you were wrong about Alger Hiss. Of course, that was merely an error in judgment. We do not question that. But now you ask the American people to authorize you to make more errors of judgment about Alger Hisses. You question the good faith of the man who has made no such error. And on the basis of your speech in a city that is a Red labor center, we can not rely upon your having learned much.

Had Harry Truman made your Detroit speech, it would not have been surprising. For Adlai Stevenson to make it is tragic, and all too enlightening.

Korean Communists
Had pulled their sneak attack;
We ordered MacArthur in
To push the Commies back.

We listened to the Britishers;
We saw MacArthur canned;
We warred so half-heartedly
The Chinese called our hand.

With eager reluctance
Here's what we're fighting
for:
We're searching unceasingly
How not to win the war!

At Havre, Mont., last week,
Red Herring Harry Truman
declared:

"It took all I could do, and all the Democrats could do—with the assistance of Senator Vandenberg and a few intelligent Republicans—to wake the Republican party up to the necessity of taking sufficient measures against Communism."

And here are some of the things that the Whistle-Stopper did do:

1. He went to Potsdam and let Good Old Joe have his way.
2. He suppressed the Wedemeyer Report (which urged that we back non-Communist Chiang Kai-shek).
3. He adopted the Marshall Report (which accepted the advice of Communists that we cease supporting Chiang).

4. He said indictment of Alger Hiss was a red herring.
5. He said Stalin was Good Old Joe, the amiable prisoner of the Kremlin, who really wanted peace as much as anybody.

6. He denounced McCarthy.
7. He fired MacArthur for the crime of wanting to win the war in Korea.

And that was about all that Mr. Truman could think up to do about the situation.

A New York Times writer notes that when Eisenhower talks of Korea, he talks of the mistakes we have already made. When Stevenson talks of Korea, he gets off immediately into a plea for sending large sums of money to India to feed the hungry people there. And when Truman skirts the Korean purpose he stoutly denies that anything is wrong and then proceeds to lambast the Republicans for not having at heart the interests of the people.

What all this adds up to is to leave the initiative to the Russians. Truman says we can have peace when Russia wants it. Stevenson says that our fiscal budget is dictated by what Russia wants. Eisenhower says we want peace and he aims to pursue it.

But nobody has wrestled with the solution. What do we do next? Truce will not be peace in Korea. Truce will not be shoving the Communist invaders back within their own borders. What do we do?

It is natural that neither Stevenson nor Eisenhower should wish to draw a blueprint of the foreign policy for the next four years. But that is no reason why we should not be discussing it. It is no reason why we should not now be making up our minds. Things can not go on in this aimless, costly, bloody stalemate. We've got to do something about it.

Here's what the column proposes:
1. Announce that we are going to blast the Communists out of Northern Korea. This should include so much as may prove necessary of the following:
(a) Blockade of Communist China by sea.
(b) Arming of maximum numbers of South Koreans.
(c) Use of Chiang Kai-shek's troops on Formosa as may be most effective.
(d) Bomb Manchurian supply points.
(e) Appoint MacArthur commander in chief in the Far East.
(f) Use atomic force as needed.

2. Promise the British absolute free-of-duty entry of British goods in the American market in compensation for losses to Britain of an all-out victory in the Korean war.

The only justification of beginning the Korean war is winning it.

The Eagle's Aery

By The Editor

To start with, and there is no question about it, this column is free advertising. But the editor let himself in for it last week by challenging his good friends at the Smith-Campbell Butane Company to write better jingles than the one that appeared on the first page of last week's Eagle. It was about the new snazzy caps that adorn the heads of the Butaners and it shed a quiet tear because Mrs. Evalyn Reid did not have a cap to match those worn by the male members of the establishment in which she toils so hard.

Since the editor's challenge, the staff of the Smith-Campbell Butane Company has been scribbling on paper and chewing the ends of pencils. You may have seen some of them walking around the Square, glassy-eyed, as though in a trance. Well, that was because they were dreaming up "poetry." They did it, too, and here, with a shudder, are the results:

By EVALYN REID

In Uniforms for the occasion
All shiny and new.
And the L-P emblem
looking at you
With the exception of me,
they are on the whole crew—
McLean, Geeslin, Collier and
Campbell, too.

By C. D. McLEAN

Mr. Ekins said his poetry
stunk.
After I read it, that's what
I think
I ain't no poet either,
I'm afraid.
I'm a butane truck driver,
by profession and grade.

By VIRGIL R. GEESLIN

The editor challenged us to
beat him at poetry any time
And use all our names,
which he says do not rhyme
Well, there is a Campbell,
a Collier, a Geeslin,
and McLean—
Your L-P gas dealers in
butane and propane.

By HOWARD B. CAMPBELL
When winter rattles your
window pane
And you wonder about your
supply of butane,
Your dealer will deliver it,
sunshine or rain—
Call Campbell or Collier,
Geeslin or McLean.

Somebody ought to have blown
the whistle on that doggerel by
Howard Campbell. It is out-and-out
foul, having nothing to do with
the uniform caps or the
attempt to match the editor's
own sad little jingle. However,
Mr. Campbell has been allowed
to get away with it because he
locked so haggard and worn
after his session with the muse
by Arch Collier. After all of the
other manuscripts were in, Mr.
Collier was feared to be among
the missing. But that was because
he had gone off somewhere
where quietly by himself he
"See, the time was when your
pore old Grandpappy was a
in Mills County, heh, heh, heh!"

This column almost got
laid out too long for publication
by Arch Collier. After all of the
other manuscripts were in, Mr.
Collier was feared to be among
the missing. But that was because
he had gone off somewhere
where quietly by himself he
"See, the time was when your
pore old Grandpappy was a
in Mills County, heh, heh, heh!"

By ARCH COLLIER

I don't have time to write
a poem.
I've got some delivering to do.
The ducks are flying south
and the north wind blows
With a lot of tanks I haven't
been to.

*Tut, tut, Mr. Collier—If
Laura Nelson reads this she will
tell you that a sentence simply
must not end in a prepositional
phrase. Mrs. George G. Reese will
settle it. You can answer the
poetic license permits a post
Arch Collier, for example, to get
away with anything—which you
have done.

Committee Named To Conduct Girl Scouts Fund Campaign October 27

Members of the Finance Committee of the Girl Scout Council of Goldthwaite met on Thursday of last week with Mrs. Jim Weatherby, Council Chairman, to plan for observance of

The campaign for funds will be a "dawn to dusk" effort on

TYPICAL GIRL SCOUT

Girl Scout Week from October 26 to November 1 and for a campaign for funds on October 27.

Mrs. Hollis Blackwell, Reporter, said this week that working with Chairman P. R. Jordan of the Finance Committee will be T. M. Glass, Howard B. Campbell, and Jesse Moreland.

October 27, Mrs. Blackwell said. It will start with a "kickoff breakfast" at the Hangar at 6:45 a. m.

All parents of Girl Scouts and all other persons who are interested in the fine and constructive work of the Girl Scouts organization not only are invited but are urged to attend the October 27 breakfast, Mrs. Blackwell said. She asked that all of those who intend to assist in the annual fund-raising effort communicate as soon as possible with Mr. Jordan or any member of his committee.

Mrs. Blackwell added that from October 26 to November 1 the Girl Scouts and Brownies will have a full schedule. Each day of the week, starting with Church attendance on October 26, will be observed appropriately and in accordance with the Girl Scouts program.

Mr. Armstrong was invited to attend the meeting by officials of the local post in order that they might have a clearly defined outline of the activities of the VFW in Texas and to assist the local group in setting up and completing some of the good work of the organization in this area. Two sound films in color will be presented showing two of the featured activities of the VFW, Mr. Gwin said.

W. R. Woodley, District Commander for the posts in Gillespie, Blanco, Burnet, Lampasas, Mills, McCullough, Mason, Llano, San Saba and Kerr counties will, with members of his staff attend the meeting. Mr. Woodley, a resident of Brady, has been active in the Veterans of Foreign Wars since 1946 and was elected to the office of District Commander at Fredericksburg in May of this year.

RED CHAIN WA-MO

A Scientifically Balanced Hog Supplement

You can raise hogs on grain alone . . . but it's mighty poor economy. Tests prove that it requires 12 bushels of corn alone to make 100 pounds of pork. Compare this with 6 bushels of corn and 50 pounds of RED CHAIN WA-MO to do the same job. It's mighty easy to figure that the RED CHAIN Way is the cheaper — more efficient way to raise hogs.

RED CHAIN WA-MO provides high levels of animal and vegetable proteins, minerals, and vitamins including B₂ and Antibiotic Feed Supplements. These latter aid in speeding up the growth of hogs and promote better health in the digestive tract. They supplement the nutritional factors in grain and make for greater feeding efficiency.

LIONS CLUB XMAS CARDS

The Goldthwaite Lions Club will sell Christmas cards this year under the direction of a committee that is headed by L. C. Byrd and the proceeds will be used entirely for the Lions' Camp for Crippled Children near Kerrville.

Cards to be sold by the Lions and for so good a purpose already have arrived in Texas. The picture above shows children greeting a trailer truck that arrived with a great load of Christmas cards to be distributed among Texas Lions.

Lions President Jesse Moreland and Mr. Byrd said that between now and Christmas the Lions Clubs in Texas hope to raise at least \$20,000.00 for the Camp for Crippled Children. Only two years ago, Mr. Byrd said, Texas Lions decided to build and maintain a camp for the crippled children of Texas. Work on the camp is well on the way toward completion and

it is expected to open in June of next year.

Very soon, Mr. Byrd said, Christmas cards may be obtained from Lions Club members. By buying the cards, both the Lions and the general public will be helping to make life brighter for the crippled children of Texas, Mr. Byrd said. Samples of the cards will be available immediately. By the box, they range in price from \$1.00 to \$2.50. All profits will be used for the Lions' Camp for Crippled Children.

Working At Duren

Mrs. W. H. Wasserman and Mrs. Frank Butler announced this week that there will be a working at the Duren Cemetery next Monday. They urged all interested persons to attend and to take their tools.

— IT PAYS TO ADVERTISE —

L. C. Byrds Become Grandpa And Grandma Two Times In Same Week

L. C. Byrd, local manager of the Lone Star Gas Company, has been looking worn, weary and in need of something to prop him up. But his reason is excellent: All in one week, Mr. Byrd became a grandfather—not once, but twice.

The full story of what happened to Mr. Byrd has been delayed but that is because the impact of having become a Grandpa twice over in the same week was almost too much for him. How Grandma Byrd stood up under the arrival of two grandchildren Mr. Byrd neglected to say this week—he was just too, too overwhelmed by his own new status.

Investigation, when Grandpa Byrd was not looking, resulted in complete reassurance that Grandma Byrd "feels just fine."

Here is what happened in chronological order:

San Jose, California: A son, Gregg Lawrence, weighing seven pounds and three ounces, was born on September 27 to Mr. and Mrs. L. E. Lukehart. Mrs. Lukehart is the former Barbara Byrd.

San Francisco, California: A son, Billy Wayne, weighing five pounds and 15 ounces, was born on September 30 to Mr. and Mrs. Bill Kinchele. Mrs. Kinchele is the former Wanda Byrd. Mr. Kinchele is the son of Mr. and Mrs. Bud Kinchele of Star.

Incidentally, in finally and at long last telling the Eagle about what had happened, Grandpa Byrd got the weights of his grandchildren all wrong. Grandma Byrd straightened all that out and she said that she felt quite okay, did not need any walking sticks or any other artificial means of support, and

felt just as chipper as ever despite having become so much of a grandmother practically all at once.

Come the next Lions Club Style Show, Grandpa Byrd may have to be helped out onto the stage, something that was not necessary when he appeared so sweet, simple and girlish in the last Style Show.

A captive for freedom's sake!

THIS MASSIVE, belium-filled balloon rises clumsily to float, captive, 900 feet above the Coast Guard Cutter, *Courier*. Carrying powerful radio antennae, to broadcast the Voice of America behind the Iron Curtain.

This is an investment in neighborliness—for without the agreement of these neighboring peoples in our beliefs of individual freedom, we cannot live securely ourselves.

And so the big balloon goes up to carry our message. We can help to make that message a true one by investing in United States Defense Bonds. For in bonds we are protecting the present and the future of our own families. And we are also building a firm national prosperity as well. We are keeping America strong—for freedom!

So save with Defense Bonds today... and get them regularly through the Payroll Savings Plan where you work. Thousands say it's the one sure way to save—because

it saves something out of every check before you have a chance to spend it.

HERE'S HOW E BONDS NOW EARN MORE MONEY FOR YOU!

Now safe, sure U. S. Series E Defense Bonds pay an even better return than ever before... thanks to 3 brand-new money-earning features announced by the U. S. Treasury.

1. Now every Series E Bond you get begins earning interest after only 6 months. It earns 3%, compounded semiannually, when held to maturity. It reaches full maturity value earlier (9 years 8 months) and the interest it pays is bigger at the start!

2. Every Series E Bond you own can now go on earning interest for 10 more years after it reaches the original maturity date—without your lifting a finger!

3. During the 10-year extension period, every unmaturing Series E Bond earns at the new, higher interest (average 3% compounded semiannually). Your original \$18.75 can now repay you \$33.67. \$37.50 pays back \$67.34. And so on.

Start now! Invest more savings in better-paying Series E Bonds—through the Payroll Savings Plan where you work or the Bond-A-Month Plan where you bank!

Peace is for the strong. For peace and prosperity save with U. S. Defense Bonds!

Return Contest On Friday Night Gives 6th Grade Hope For Revenge

That famous football game last Friday night between the fifth and sixth grades of the Goldthwaite Grammar School generated so much enthusiasm among the fans and so much heat among the contestants that there will be a repeat performance this Friday night between the halves of the main contest between the Eagles and the Mason Cowpunchers.

There are several reasons for the repeat performance that has been arranged for Friday night. They are:

1— The sixth graders, defeated by Tom Cody "Little Beaver" Graves and his sensational long run and touchdown, want revenge.

2— All of the players who were supposed to get into last Friday night's game had no chance to play because Charlie McLean, official timekeeper, got so interested in the tussle himself that he forgot all about keeping time!

3— The fans want another look at the aforesaid Mr. McLean wearing what obviously is the very latest in costumes for football officials. Last Friday night he was natty in a gaberdine suit, complete with cravat

and tan shoes. The other officials, Charles Conrad and Jack Locklear, did not begin to match the sartorial splendor of Mr. McLean but they may go him better this Friday night.

Coach Locklear and both the fifth and sixth grade teams want to be distinctly understood that there will be new and different lineups for this Friday night. Also, it probably will be well to advise Dr. and Mrs. T. C. Graves that they should maintain a heavy guard around young Tom Cody at all times or arrange to have him promoted immediately to the sixth grade. It has become common knowledge that there has been sinister plotting among certain sixth graders with Tom Cody as the target.

There also is considerable public curiosity about the current state of the finances of Mrs. Dorothy Weatherby, sixth grade home-room teacher, and Mrs. Johnnie Belle Oglesby, her opposite number in the fifth grade. For it also is common gossip that Mrs. Oglesby and Mrs. Weatherby have been bribing their respective teams with proffers of ice cream, popcorn balls, soda pop and candy— ANYTHING to win, and never mind the dyspepsia.

Mr. McLean, incidentally, ought to be advised that because of his incompetence as a timekeeper last Friday night he had several small boys in tears. That was because they did not have a chance to be sent out into the game by Coach Locklear—who thought there would be two "halves" and a chance to use the platoon system. Mr. McLean, having lost track of the time completely, fixed it so that there was only one complete game without a break of any kind.

The re-shuffled lineups as

announced by Coach Locklear for what the Eagle's Roy Lee Hill calls the game between "The Stars of the Future" are:

- 5TH GRADE**
- Jimmy Wigley C
 - Mike Jones RG
 - Bobby Hammond LG
 - Charles Collier LT
 - Don Elder RT
 - James L. Simpson RE
 - Dean Shepherd LE
 - Danny Morgan QB
 - Charlie Wilkins FB
 - Bill Clements RHB
 - B. Dellis LHB

- 6TH GRADE**
- Harvey Ekins C
 - Gary Leverett RG
 - Danny Galloway LG
 - Glynn Carr LT
 - Gary Straley RT
 - Marion Howington RE
 - Richard Jones LE
 - Del Barnett QB
 - Marshall Harris FB
 - Jackie Nugent RHB
 - Nathan Carothers LHB

Squad men, fifth grade, J. H. Sellers, Robert Tubbs, W. Horton, Steve Smith, Alfred Stark, Jerry Head, Ricky Linneweber, Billy Blackburn, Danny Fry, Marshall Nickols, Tom Cody Graves, Derrell Yeager, Mike Hoover, Aaron McWright and Jimmy Whitson; Sixth grade, Farrell Thorne, Charles Todd, Gene Elliott, Harvey Smith, Wayne Koen and Herschel McNeil.

As you can see from the above, the plan now is to keep "Little Beaver" Graves on the bench.

Master Royce Dee Brown of Brady, was a welcome guest at the Eagle office Tuesday morning.

Auto Wreck Friday

Sheriff C. F. "Stub" Stubblefield late last Friday night investigated an automobile accident about eight miles out of Goldthwaite on the highway to Priddy. A car, in which Mr. and Mrs. Clinton Brown of San Saba were riding went out of control, resulting in grave injuries to Mrs. Brown and serious but lesser injuries to her husband. Both were hospitalized at the San Saba Memorial Hospital.

Methodists Confer

The Rev. Howard Morgan, Pastor of the Mullin Methodist Church, and Pete Smith, lay leader in the same church, were among those who were present in Fort Worth last week for a special session of the Central Texas Methodist Conference with Bishop William C. Martin. The purpose of the meeting, attended by approximately 1,000 persons, was to complete plans for a quadrennial program covering all phases of church work.

Personals

The Rev. Ed H. Lovelace was summoned to San Antonio this week to conduct funeral services for an old friend.

Mrs. J. M. Ritchie returned to her home Sunday from Hillcrest Hospital in Waco, where she submitted to surgery. She is recovering favorably.

Mrs. John A. Hester led a study on "Stewardship of Human Rights" before the WSCS of the First Methodist Church of Goldthwaite last Monday.

OCT-12-18 THIS IS OIL PROGRESS WEEK

Progress 1952

Texans have a natural interest in the oil industry, which is so important in our State, and in the progress made since Oil Progress Week was last observed. Here are a few quick facts:

- New Wells**—During the twelve months ending August 31, 1952, the Texas oil industry drilled 17,000 new wells, at a cost of over \$700 million. Most of the heavy expense of drilling these new wells was paid from earnings plowed back into the development of the State's oil resources.
- Production**—Production has reached a record level. Texas currently is producing about 46 per cent of all the crude oil produced in the U. S. In the year ending August 31, Texas production totaled about 1,015 million barrels. There are now 133,800 producing oil wells in Texas.
- Refining**—The Texas refineries will have a big year. They now employ, in round numbers, 46,000. Texas, and process about 28% of all the oil refined in the U. S. The daily refining capacity of all Texas refineries exceeds 2,000,000 barrels. A program to expand and improve these facilities has been general throughout the industry.
- Reserves**—Proved oil reserves in Texas of 18 billion barrels represented 57 per cent of the U. S. total at the beginning of 1952. During 1951, the last year for which figures are available, proved reserves increased two billion barrels. These are developed oil reserves and the figure is important: developed reserves supply our needs currently and provide reserve capacity that is immediately available when we need it.
- Taxes**—The Texas oil industry continues to be the largest tax-payer in the State. Through the year ending August 31, gross production taxes alone on Texas oil and natural gas amounted to more than \$137 million; in addition, the industry pays large amounts in other taxes.

HUMBLE TEXAS OPERATIONS
Twelve Months Ending August 31, 1952

Wells Drilled	891
Average Production, in barrels daily	330,100
Employees in Texas, August 31	17,775
Baytown Refinery: Average crude runs to stills, barrels daily	249,310
Humble Pipe Line Co. operates 5,895 miles of trunk lines for oil and finished products, which had transported a daily average of 722,600 barrels in the year ending August 31.	

In brief, the Texas oil industry during the past year continued to do its part in meeting the demand for oil. It has expanded pipelines to provide low-cost transportation. It has improved facilities for making more and better petroleum products for your use. Today, two gallons of gasoline do work that required three gallons in 1925; and the gasoline costs no more than it did then.

Governor Proclaims Legion "L" Day

Governor Allan Shivers seated, flanked by State Commander Albert D. Brown, left, Austin and Ed. Riedel, Austin, the latter state membership chairman, signs a proclamation declaring Monday, October 20 "L" Day. At that time Legionnaires in more than 800 Texas posts will open their fiscal year with a membership campaign.

Commander H. D. Smith of the Harry F. Edmondson Post number 289, the American Legion, announced this week that Mills County Legionnaires will observe "L" Day next Monday by recruiting as many new members as possible for their Post.

The local organization, Commander Smith said, will join on Monday with Legionnaires in more than 800, Texas American Legion Posts in the membership campaign. Their slogan will be, "Level for the Legion." They will put on their caps and go out to seek other veterans for their organization.

As the photograph above shows, Governor Allan Shivers has proclaimed October 20 as "L" Day. It will mark the beginning of another fiscal year for the American Legion, which will start its 36th year as the largest veterans organization in history.

The new department commander of the American Legion, Albert Brown of Austin, has urged every Legionnaire to dedicate "L" Day to talking to friends and neighbors about the principles of the organization. The "L" Day drive is directed by Ed Riedel of Austin, a former state commander and who is now state chairman of the Legion's post activities and membership committee.

In his proclamation of "L" Day, Governor Shivers said in part:

"Here in Texas the American Legion for a period of 35 years has left its imprint upon our state in good times and in bad times as an organization that ceaselessly, earnestly and militantly fights for its Buddies who were disabled and for the widows and children of those who gave their lives for our country.

"With our country again at war and facing an ever-nearing showdown with Soviet Russia in probably the most critical and crucial era in our nation's history, the American Legion has dedicated itself to the defense of our nation and has taken the lead in combating and exposing Communism and subversiveness.

"THEREFORE, I, as Governor of Texas, do hereby designate Monday, October 20, as "L" DAY and call upon the citizens of Texas to join with the American Legion in observance of Legion Day and to aid the leaders of this great organization in enlisting memberships of veterans that the American Legion can become increasingly stronger."

A similar proclamation was issued by Mayor Charlie T. Wilson of Goldthwaite on Monday of this week and was attested by City Secretary Raymond Summy. The Mayor, who is a Legionnaire, urged "all citizens and veterans to give special consideration to this great patriotic organization . . . as its members go forth to get members for 1953."

A representative of the Austin social security office will be in Goldthwaite next Wednesday. You may contact him at the District Court Room at 9:00 a. m. He will be glad to help you with your social security.

Clyde W. Williams On Duty In Europe

Army Pvt. Clyde W. Williams, son of S. L. Williams, Route 3, Goldthwaite, recently arrived in Europe and has been stationed at Wiesbaden, Germany. He will serve as a field wireman in the 8th Anti-Aircraft Artillery Group, which is receiving intensive field training as part of the U. S. Seventh Army and the North Atlantic Treaty Organization (NATO) forces. Williams entered the Army in February of this year.

L. E. Nixes Move Away To Plainview

Mills County lost a coconut cream pie champion early this week when Mrs. L. E. Nix and Mr. Nix moved to Plainview, where Mr. Nix will be associated with a lumber company. Their daughter, Mrs. Adrien Anderson, and Mr. Anderson, live in Plainview. It ought to make the Eagle's Earlene very happy to have her parents in Plainview. And Mr. Anderson can be a happy man if his wife learns from her mother how to make those WONDERFUL coconut cream pies.

Mr. and Mrs. J. M. Cunningham of Blanco are visiting his sister, Mrs. Truman Vaughan, and family here this week.

Little Miss Debbie Finley of Coleman visited her grandparents, Mr. and Mrs. C. A. Womack, last weekend.

Mrs. Rena Lou Smith and son, Claud, of Abilene visited Mr. and Mrs. Sam Self last Thursday.

Mullin Bulldogs Show Real Form In Six-Man Game Against Sidney

Morale was scaring in Mullin this week after the Mullin Bulldogs, playing six-man football before a home-town crowd of about 350, lost to the experienced and highly touted Sidney Eagles by a score of only 28 to 37.

After their showing against Sidney, which leads the six-man conference of which it is a member, the Mullin Bulldogs were pointing with confidence toward a game on Friday night of this week against Brooksmith at Brooksmith.

Coach Raymond H. Williams of the Mullin team said he was proud of the fine showing of his players and of the progress they have made. In the final quarter of last Friday night's game Mullin scored three touchdowns against Sidney which, Coach Williams said, was far and away the best team the Bulldogs ever have met.

Coach Williams had special praise for the hard running of Wayne "Shorty" Mosier, the fast playing of Bobby Wood and Wesley Lee, and the top performances of Harley Ethridge and Billy Lindsey, defensive ends. Lindsey was credited with three touchdowns and one was scored by Harley Ethridge. Bobby Edgar scored four extra points with his educated toe. Other Bulldogs who played fine football were Johnny Griffin, W. H. Simpson, Denny Shelton, Jimmy Davidson, Clinton Chesser and Doyce Anderson.

"Myron Hillman, Mullin quarterback, called a good game and he passed, punted and did his full part in the running," Coach Williams said. He added that Harold Holden was benched because of a severe cold. All of the scoring by the Bulldogs, who got off to a bad start in last Friday night's game, was in the second half.

After the game there was a real celebration at the Mullin

cafe where George Ellis, the best, served a turkey dinner with all of the trimmings to the members of the Mullin football and pep squads. The cafe was decked in the school colors. A program, arranged by Mrs. Nettleship, was presented and brief speeches were made by Mullin School Superintendent B. W. Newhouse and Coach Williams.

For the present, farmers find their plight rather distressing. Grain, sowed since the rain, is up to a good stand, and seems to be holding its own; but fear strikes at our hearts as drought threatens again.

Peanuts, which took on new life after the rains, now present a sickening sight; their leaves eaten up by the bugs.

As we listen to the market report day after day, and hear the great number of cattle received and the daily downward trend of the price, it makes the heart sink.

The equipment was dismantled and re-loaded by Mr. Johnson, Fred Laughlin, Jack Shaw, Cecil Williams, Ernest McClothlin and Carl Letbetter.

Mr. Smith said that during the visit of the Bloodmobile both Miss Greta Sue Hines and John Long "did yeoman service," as did a host of other volunteers whose names were published previously in the Eagle. Miss Hines and Mr. Long are members of the staff of the First Baptist Church.

On Tuesday of this week Mr. Smith received the following letter from Dr. Joe A. The result was outstanding compared with other Chapters. **Old Friday Walker Wants To Know
What Happened To John Sparkman**

Miss "Old Friday" Walker, formerly of Mills County and now of Austin, where he is homestead, has turned up a great mystery in the national political campaign. He wants to know what in the world has become of John Sparkman, the candidate of the Democrats for the Vice Presidency.

"Lost, strayed, stolen or kidnapped, one Democratic nominee for Vice President, one man named Sparkman," Mr. Walker

talks he has been making a "whistle stop." Then Mr. Walker, who has not been well, moved up strength enough to light into Secretary of State Dean Acheson and to tell down in Austin, when the writers sprang "Vote For" against the blue dome of the and when people ask what the planes are doing up there, reply is: "Why, they're Connally and Sam Rayburn trying to rub out that"

wrote in a letter to the Eagle. "He could not interest the public in his talks. So, in order to attract attention, he has disappeared. But maybe Little Happy Harry will get in from his whistle stops for Adlai in time to bring Senator Sparkman back into the limelight."

In a letter that Mr. Walker had written last week, he expressed the opinion that "Little Happy Harry has done got Ike just the same as elected by the market road program for Mills County with District Engineer Robert J. Milligan and Senior Resident Engineer Thomas W. Smith, both of the Texas State Highway Department. County Judge Lewis B. Porter said that the discussion was a continuation of the planning for the road program on which the Eagle reported last week.
