## Wrenville Has Ownership Change

W. A. Chapin, formerly of San Angelo, is the new owner of Wrenville Cafe and Service Station on the Highway north here. The new owner took possession last week. His family, wife and five year old daughter, Patti Ann, will be here within two or three weeks to make their home. At the present time, they are in San Angelo where Mrs. Chapin is receiving medical treatment. They will arrive in Wrenville within a few days where they will be with Mrs. Chapin's parents for a few days. She is the former Bess Gaddy of San Saba.

## Lloyd King Has Surgery

Lloyd King, Mills County rancher, is reported to be doing nicely following bone surgery at Hill Crest Memorial Hospital in Waco, Wednesday of last week.  
He hopes to come home next week, but will be in a cast six weeks after his return home.

## Busy Week For Sheriff Stubblefield

C. F. Stubblefield, sheriff of Mills County, didn't want for activity around his office during the last few days. Along with making a business trip to Arkansas to pick up a customer that he later delivered to Huntsville, he had a variety of clients at his office and Hotel — County Jail — the early part of this week.

On Tuesday morning Stubblefield picked up a trio, two men and one woman, in a stolen 1950 Ford for Houston authorities. They were held until Wednesday morning when officers from Houston picked them up and took them back.

In reporting the incident the local Sheriff related the various stories the trio told in connection with their activity. First they bought the car, then they borrowed it and finally it developed that each one wanted to claim the credit for taking it. The woman member of the trio told the Sheriff: "The car was loaned to us, it was straight wired, but then most cars I ride in are straight wired." Another member of the trio stated he walked three miles across town trying to find a car and when he found one he just plain didn't want to take it, and when asked just why he did take it he said: "Well I just had to."

Tuesday evening the Sheriff picked up three men in a black 1946 Buick from Oklahoma on investigation, after they were found trying to sell the auto radio from the car, and since the Jail House quarters were filled with other company they were placed in a local hotel. Two members of the party who had identifications with them decided they didn't like it here and disappeared into the night while their partner, who didn't have a bit of identification, remained as a local guest. The sheriff as a result of this still had a car with keys and all their belongings on Wednesday afternoon waiting word from Oklahoma.

## Superintendent Stresses Importance Of Good Attendance Record In School

By J. T. JONES  
Attendance at school is a great benefactor in school. Perfect attendance over a period of nine months or a whole school

BIFF FLATT

year is a feat that requires sincere efforts on the parts of any student and proper encouragement by parents. The public schools are set up on five day weeks so as to give each child an opportunity to do things other than school work. Most college schedules are different in that classes may be scheduled six days per week.

In the Goldthwaite Public schools, many of the students had perfect attendance for the entire school year. Being neither tardy nor absent should carry similar publicity with making the honor roll of our schools. A picture of Biff Flatt appears with this story. He is the son of Mr. and Mrs. F. F. Flatt and has not only attended full time but has a continuing record of perfect attendance since first starting to school three years ago.

Other students who are credited with perfect attendance the past school year are: Jerry Collier, Gloria Roach, Esther Thorne, Dorothy Warlick, Rose Margaret White, Oda Ruth Witzache, Carlene Woods, Sharilyn Schulz, Eddy Jones, Billy Ray Blackburn, Steven Smith, Tommie Sue Humphries, John Davis, Patsy Miller, Judy Dalton, Linda Featherston, John O. Carothers, Carol Carothers, Biff Flatt, Phillip Edgington, Johnlette Medford, John Pat Rudd, Carolyn Simpson, Gene Gray, Carol Dianne Williams, Clarence Dellis, Larry Hill and Jerrylyn Gotcher.

## Red Sox Win One From Gatesville And Lose One Game To Boerne

By CHARLES CONRADT

The Goldthwaite Red Sox played another of their usual good ball games Wednesday night, May 28, at Gatesville. Goldthwaite took a 1 run lead in the 2nd inning and was able to hold that until the 6th, when the score became tied at 2 all.

Then in the 7th, Gatesville team made 2 scores which looked as if that was going to be good enough to win the game for them. However, the game was not over. When the Red Sox came to bat in the 9th trailing by 2 scores it was Kerby who hit a home run with a runner on base to tie the score again. The Red Sox tallied 2 more before Gatesville could retire the batters.

Y. B. Johnson, pitching the last inning for Goldthwaite,

Mr. and Mrs. Otis Baber and daughter, Connie, of De Leon were guests of Mr. and Mrs. Fred Reynolds last Sunday. Mr. Baber is Mrs. Reynolds' twin brother.

Mrs. Clarence Cave and daughter, Carol, of Graham and Mrs. Cave's granddaughter, Betsy, of Austin were guests of Mrs. Tom Cave and Miss Ruby Cave Wednesday of last week.

Dr. and Mrs. M. A. Childress and children returned Sunday night from a ten day vacation spent in Oklahoma.

Mr and Mrs. Jack Laughlin of Sanderson and Mr. and Mrs. Bill Laughlin and son, Joe, of Fort Worth spent the weekend with their parents, Mr. and Mrs. Worley Laughlin.

Mrs. Van Yahner spent several days last week with her sister, Mrs. Virgil Terry and family.

Mrs. Leo Morris and little son, Gilbert, of Crane and Mrs. Beryl Robertson of Odessa are guests of their parents, Mr. and Mrs. N. E. Stockton.

took no chances in letting Gatesville get any more runs. He struck out the first 2 batters and made the last batter hit a slow roller to 2nd baseman Stacy, who easily threw to First for the final out.

Westerfield, leading Red Sox hitter, had a big night at bat, getting 4 hits in 5 times at bat. Kerby, 3rd base, was hitting for the fence as he hit another long ball before hitting his home run.

Bon Spoonce, new acquired Red Sox pitcher, pitched the first 6 innings and held Gatesville to 3 hits. Spoonce will be a big help to the Red Sox as he can play other positions rather than pitch. We were glad to see him in a Red Sox uniform.

The Boerne White Sox outplayed Goldthwaite throughout the entire game Sunday, May 24, and there was not much the Red Sox could do except try to hold the score down. Boerne has a well balanced team and will be hard to beat any time.

Johnson, starting Goldthwaite pitcher, pitched 5 and 2/3 innings, allowed 10 hits and 8 runs and struck out 4 batters. Doggett pitched 3 and 1/3 innings, allowed 2 hits, no runs and struck out none.

Goldthwaite batters collected only 6 hits during the game. McCasland scored the only run in the 9th.

Anna Gene Hale is to become Band Master of the Goldthwaite School Band when school opens this fall. Miss Hale is a native of our school and was elected to this important position in a recent board meeting to replace George Reed who is now in school in Austin.

Miss Hale is a graduate of John Tarleton and North Texas State where she majored in Music Education and minored in public school education. Since graduating from North Texas State in 1951, Miss Hale has been band director in the Malakoff Public Schools where her program has been hailed as "one of the best." We hope that Miss Hale will give us a band that gains much recognition in our part of the state. Besides our band work, Miss Hale will have charge of our junior band and also public school music in our elementary school. She will also teach some elementary courses to relieve the crowded situation existing in our upper elementary grades.

Miss Hale's selection will complete the faculty with only two exceptions which selections will be known soon. The entire faculty has been selected subject to assignment by the superintendent and principals and a list of assignments should be approved in the next board meeting in July.

Next Sunday, June 14, the Red Sox will play the first in the second round of league games when they will meet Camp Stanley there.

## Dozens Of Calls Are Received On Classified Ad

"Please stop that classified ad, the corrugated roofing and tin were sold about two hours after the Eagle came out with the ad, and we have received dozens of calls since," reports Mrs. James McClement, office manager, of A & A Paint and Supply. She reported later that inquiries were still coming in two weeks later in answer to the little classified ad. Many folks are taking advantage of the classified ads to buy, sell and trade. The cost is very low and results are very high. You too can profit by using the classified ad section of the Eagle.

## Lee Tesson Elected High School Principal

In a recent called meeting of our board of education, selection of teachers to fill existing vacancies were considered from a wide field of applications. After an interview of several people and careful study of references, recommendations and investigations, Lee Tesson was offered the principalship of the High School.

Mr. Tesson is no stranger in Mills County. He taught several years in Pompey Creek, Center Point and Mullin before going to Richland Springs as high school principal where he now works. Since he stayed at Mullin for twelve years or longer, he should be remembered by most of our citizens.

He is a graduate of Howard Payne College of Brownwood. He and Mrs. Tesson have reared a family of three children, the youngest of which is now in college. They come to us well recommended as community boosters as well as being good school people. Mr. Tesson has long been known for his work in the Boy Scouts of America and is now heading camp work in the Scout Camp at Camp Billy Gibbons.

## School Board Certifies Election Returns On Bond Issue Which Carried By A Vote Of 229 For And 54 Against

The School Board of Goldthwaite Independent School District met in a called meeting on Monday night of this week and canvassed the election returns of Saturday, June 6. The results were examined and found that 229 votes were cast for the bond issue and 54 were cast against the issue. The results showing a big majority favored issuance of the bonds for the purpose of building a new high school building and repairing the existing elementary school building.

## Swimming Pool Project Keeps Moving Forward

The swimming pool park project for Goldthwaite and Mills County keeps moving forward at a rate that can be considered as fast as possible with a crew constantly on the job, under the supervision of W. C. Barnett, City Utilities manager, and Engineer Stine of New Braunfels.

Monday of this week concrete was poured for the walls and filter plant. The job of pouring was started about nine o'clock in the morning and completed at 5:30 in the afternoon.

A lot of work has been done on grading and leveling around the pool and plans are going forward for the building at the northwest corner of the pool to provide checking room and bathhouses.

Folks who haven't been out to see the project during the past week should go out and have a look to see things taking shape.

Mr. and Mrs. Harold Yarborough and children, Linda Kay and Owen Bascomb, left Monday of this week for a vacation in Colorado.

Vernon Whitley, who has been attending Texas Tech at Lubbock is home for the summer vacation.

## Junior Legion Team Wins First League Game From Mineral Wells, 18-6

Souped up with enthusiasm as result of two straight wins on the local field, Goldthwaite's American Legion Junior Baseball League takes on one of the league's strongest teams—Ranger—at Municipal Ball Park here beginning at eight o'clock tomorrow (Friday) night. This is the second game of league play.

The Gold's managers, LeRoy Stacy and Voyd Lee Doggett, probably will turn the mound chores Friday night against Ranger over to Bobby Sawyer of Evant, who pitched against Ranger here last Friday night in practice game and struck out 10 or 12 men in one, two, and three order. Goldthwaite Juniors came from behind to win that game 9 to 4. Sawyer got off to a bad start in the first inning, Ranger touching home plate three times, and one time in the second. After that, the game was over for Ranger, Sawyer one, two, and three-ing them for the next four innings.

First League play was here Tuesday night against Mineral Wells Juniors, the Golds making a race track out of the game to the tune of 18 runs against 6 for Mineral Wells.

The board has a true desire to look into the future and build a building that will meet our community needs for some thirty years hence. They named a steering committee composed of a member from each of the service clubs of the town; namely, Mrs. Philip Nickols, Garden Club; Mrs. Joe Palmer, Tuesday Study Club; Mrs. Ray Duren, Self Culture Club; Mrs. Milton Tate, Art and Civic Club; C. C. Collier, Lions Club; Mayor Charlie T. Wilson, member of City Council; Mrs. Malcolm Jernigan, member of the Band Mothers Club; and Mrs. Hoyt Cockrell, member of the Parent-Teachers Association.

Each club is to name its member and in addition to the eight persons indicated above, E. B. Gilliam, Jr., Warren P. Duren, Sam Henry Rahl, Ray Duren and Y. B. Johnson are to serve as an Advisory Committee to meet with the board and advise them of the wishes of the community on the type of building, location, and building arrangement. Duties and authority of this Committee is purely advisory and does not possess any executive authority.

Consulting service is being arranged for through Dr. Joe R. Humphrey of the Texas Education Association. He is a building specialist whose services are free to school communities in the state and who has a corps of building engineers over the state that aids in work of this nature. The first meeting with Dr. Humphrey will be on Thursday night of this week in the high school building. Each club president is urged to be present if the club has not yet selected its representative. Time of the meeting is to be at 8:00 p. m. (tonight). Any one else interested is invited to attend.

Any citizen is urged to express his ideas on the important matters relating to this building program. This is a community program to provide a school building for our children and to be of service to all of the community for years to come.

Winters on the mound for our side struck out five men, while the Wells pitcher fanned three of the Gold boys.

Outstanding in the last two games were Sawyer of Evant, Shortstop Lester of Evant, and Bobby Tullos of Goldthwaite, who second-based without error, made a sensational, back-run catch Tuesday night, and batted three two-baggers in two games.

A large crowd cheered the boys Tuesday night, and a larger one still will see the second League game played here against Ranger tomorrow night.

Goldthwaite Junior League Club is made up of the best baseball players from all over Mills County obtainable within the age limit. American Legion Junior League was started state and nation-wide a few years ago, but this is Mills County's first year to participate. Goldthwaite Club is included in a league of six towns—Breckenridge, Cisco, Ranger, Stephenville, Mineral Wells and Goldthwaite, all of whom have good teams and are out to win season honors.

The Gold boys start traveling next Tuesday, taking on Breckenridge there at four o'clock Tuesday afternoon.

RETAILING IN MOSCOW

A group of American editors was recently allowed to spend a week in Moscow. One of them, Mrs. Jane McIlvaine of the Downingtown, Pa., Archive, gave a long interview to U. S. News and World Report on her return home.

Much of the interview dealt with her impressions of Russian living standards. She was asked what was in a department store she visited, and answered, "Practically nothing. . . They had just gotten a load of the first spring print dresses. It was something you wouldn't believe, and the cheapest one was \$125. . ."

Another question was, "What about shoes." To this Mrs. McIlvaine said, "Shoes are the hardest thing to get. They have a kind of cardboard shoe for which they pay \$20. . . A decent pair of shoes, which really isn't decent by ordinary shoe-store comparison, costs \$125."

Russian retail stores, like Russian farms and factories, are government ventures. The government decides what the people shall and shall not have, and what they must pay.

Contrast this situation with what you find in that show window of free enterprise — American retailing.

SINCE ANDY JACKSON'S DAY

According to a recent AP story, "The United States spends more money forecasting the weather now than it cost to run the whole government during Andy Jackson's Administration."

That fact isn't cited as a criticism of the weather service. But it is a striking example of how government has got out of hand, and how vital it is that every non-essential activity be eliminated and every possible nickel cut from the budget.

TVA Grows to Seven-State Industrial Giant Since 1933 Development Affecting Lives Of Nearly Four Million People

Special to Central Press

WASHINGTON—In the two decades since Congress created the Tennessee Valley Authority on May 18, 1933, this experiment in multiple-purpose river valley development has grown into a vigorous young giant whose industrial biceps bulge in seven states to produce atomic energy and transform life for nearly four million persons in the 41,000 square miles of the Tennessee valley. Chairman of the board of directors of this huge enterprise is Gordon R. Clapp.

TVA dams have created a 630-mile navigable channel in the Tennessee river. They have prevented damaging floods that formerly ravished the Tennessee valley. They have produced vast quantities of electric power for municipalities, new industries, and rural electrification of seven farms out of eight. They have established a chain of southern great lakes affording recreation facilities previously unknown in the region.

President-elect Franklin D. Roosevelt made his first visit to the Tennessee valley on January 21, 1933, for an inspection of Muscle Shoals. That night at Montgomery, Ala., he expressed his reactions and proposed course of action. He said: "My friends, I am determined on two things as a result of what I have seen today. The first is to put Muscle Shoals to work. The second is to make Muscle Shoals a part of a greater development that will take in all of that magnificent Tennessee river from the mountains of Virginia down to the Ohio and the Gulf."

Roosevelt sent a message to Congress five weeks after his inauguration suggesting legislation to create the Tennessee Valley Authority. On May 18 Congress passed the act creating the TVA.

TVA HAS TRANSFORMED THE VAST VALLEY from a predominantly agricultural region to one where industrial expansion is taking place rapidly.

Chemical industries have made the greatest growth as a result of TVA power. Two of the largest, of course, are atomic energy plants at Oak Ridge, Tenn., and Paducah, Ky. Others include rayon, nylon and other synthetic fibers, phosphorus, chlorine, plastics, drugs, fertilizers, and various gum and wood chemicals.

TVA power and water developments have attracted a new \$50 million newsprint mill to eastern Tennessee. This will have an annual capacity of 130,000 tons of newsprint and 50,000 tons of sulfate pulp. Since the Korean war started nearly three years ago, about \$1.4 billion have been invested in the new atomic energy plant at Paducah, with an expansion of facilities at Oak Ridge. TVA provides most of the power for both installations.

TVA OFFICIALS ESTIMATE that the huge tonnage of shipping on the improved river channel between Knoxville and Paducah saves shippers about \$5 million in transportation costs.

Great lakes of the south resulting from TVA dams, nine of which are on the Tennessee river itself, have stimulated a multi-million dollar recreation business that attracts millions of tourists.

Forests cover more than half of the Tennessee valley, and under TVA direction 236 million seedlings have been planted in the program of reforestation and erosion control.

Fertilizers produced in TVA's experimental plant at Muscle Shoals, the largest of its kind owned by the government, are distributed to agricultural experiment stations over the nation. These have been tested on nearly 70,000 test-demonstration farms. Vast quantities have been sold through farm co-operatives.

TVA's river-harnessing experiment has attracted worldwide attention. Last year more than 2,000 scientists, engineers, and administrators from nearly 70 foreign nations visited TVA to study its varied activities. TVA is an industrial giant girded to serve the nation in peace or war.

GLAMOR GIRL

WHEN THE OLD BIRD WAS YOUNGER

10 YEARS AGO—

(Taken from Eagle Files of June 11, 1943.) Miss Emily Henderson, daughter of Mr. and Mrs. F. F. Henderson of this city, became the bride of Capt. James O. Springer, son of Mr. and Mrs. J. O. Springer, also of Terrell, on Saturday evening, May 29, at 9:00 o'clock. (Terrell Tribune.)

Mrs. Harvey Kesler of Zephyr, sister of Capt. T. H. McArthur of Caradan, was notified by the War Department this week that Capt. McArthur was killed in a plane accident on May 3, in the African war theatre. He was the pilot of a P138 Lightning fighter. His parents live at Caradan.

Mr. and Mrs. J. A. Wilmeth of Ebony have received word that their son, Second Lt. Eugene D. Wilmeth, king of Texas A. and M. Cotton Ball of 1942, was killed in action May 7 in North Africa.

Mr. and Mrs. M. M. Moody of Mullin have received word that their son, Maurice Moody, aerial gunner, has been missing in action since May 21, from somewhere in Europe.

Mrs. Floyd Manuel has recently returned from a two months' visit with her husband, who is a chief petty officer in the U. S. Navy. They were in Williamsburg, Virginia, and Providence, Rhode Island.

Mrs. Joy Fessler took her daughter, Miss Lorenia Smith, to Austin last Sunday, where Miss Smith entered a business college.

25 YEARS AGO—

(Taken from Eagle Files of June 15, 1928.) In order to stimulate the use of his bread, Frank W. Taylor, proprietor of Blue Ribbon Bakery, is offering to give some nice prizes to the Mills County housewives who save the most wrappers from his bread.

Van Cathe, who lives on the Luther Roach ranch eight miles southeast of town, brought a huge diamond-back rattlesnake to town last Saturday. The snake was 5 1/2 feet long and about 4 inches in diameter. It had 17 rattlers.

Friends here will be glad to hear of the marriage of Sidney Pass, son of Mr. and Mrs. E. L. Pass, to Miss Lois Jacobs of Abilene.

Last Friday night Berwyn Fulton and Miss Nora Horton were united in marriage at Brownwood, Rev. Twitty, pastor of the Presbyterian Church there, performing the ceremony. Elmo Littlepage returned to Goldthwaite last Saturday, after a short visit with relatives at Dublin.

Miss Nancy Ross of Rock-springs is visiting with Miss Ruby Weathers the past few weeks.

Lawrence Weathers came in Sunday for a short visit with relatives here. He is now employed with the T. & P. Railway with headquarters in Fort Worth.

VIC'S . . . SOLILOQUY

Don't tell me that Tom Duren, young son of Mr. and Mrs. Warren P. Duren, isn't planning on entering the financial world and that he isn't catching on to the art of finance—while going about with his parents and brother Phil attending Bankers' conventions in the city. Reporting on his recent trip to Houston and one of his experiences during their stay there Tom said: "I did pretty good making a trade while in Houston—My daddy gave me a quarter and I traded it to a fellow for a half dollar." You can see right there that Bankers from other sections are nice people just like the folks we have in the bank here.

"When we saw your car we knew it was either you folks or Vicki coming back from Joan Featherston's and we felt this was our ride." It was and we were very happy to be of service.

Howard Campbell is real proud of the new transport tank wagon the firm of Smith-Campbell has put into use the past few weeks—after a good bit of designing on the part of Howard and his helpers—to haul LP gas from the refineries to the firm's local storage tanks. The new tank is a gem in that it gives them equipment to haul both Butane and Propane on the same truck. After working on the job for several days Howard was showing it to his friend E. B. Gilliam and after considerable discussion about the details involved he said: "One thing I'm proud of is this designing job on the skirt of the transport, I hope that the Aircraft people don't find out about it, because if they do, they may just come alone and draft me for the Service and place me on the drawing board." In relating the story to us later he confided in saying: "You know what? When I told Ed that he just turned around and walked off—back to his office."

When the matter of MINDS came up for discussion the other Sunday morning at Sunday School class Oran C. Carothers came up with a bit of philosophy that is worth passing along. He said he read somewhere that it is supposed to be generally true that when Great Minds meet they discuss IDEAS; when Normal Minds meet they discuss EVENTS; and when Small Minds meet they discuss PEOPLE or personalities. That could be quite a yard stick for folks to use for self measurement, couldn't it?

Guess there can be many ways for folks to look at a situation and the good that comes from it, but, in every case there is something outstanding brought to our attention. The past week and this week is the time for Vacation Church and Bible Schools in many communities and Goldthwaite being a normal community we are having our share too. Before getting to what I want to share with you, I do want to say first, from all indications and remarks that have come to us the Vacation Bible schools are doing a wonderful job and folks who work in them are to be commended for their contribution to these fine projects. But,

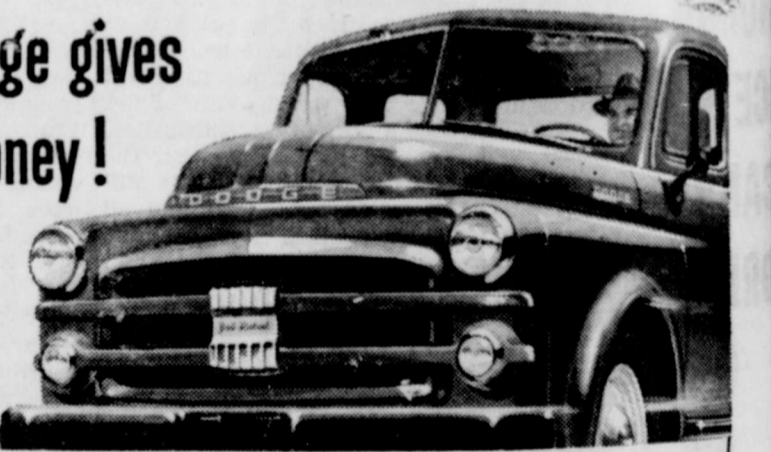

here is a good one. One day last week when little Annette Ayers, daughter of Rev. and Mrs. J. T. Ayers and Mike Conrad, three year old son of Mr. and Mrs. Charles Conrad, were discussing the proposition of attending Bible School, Annette remarked she believed she would stay home and play the next day, and after a bit of discussion Mike said: "Annette, maybe we better come tomorrow, they may have a different colored punch." We have a report that it was red punch both days though. Tough luck, Mike.

**Hillside Mission**

By LIDA BYRNE  
Unbelief of the needy keeps us from putting our petitions before God in prayer. Some of us are worthless in more ways than one; we are deprived of material benefits and spiritually lost. We suffer in silence rather than trust God and believe that "He is a rewarder of them that diligently seek after Him." Hebrews, chapter 11 tells us about faith and what it is.

Mr. and Mrs. C. S. Horton of Sonora spent last week here at their home; they returned to Sonora Sunday night. On Sunday, their children, Mr. and Mrs. Wayne Locklear and Tommy of Weatherford and Mr. and Mrs. Merlin Lemons and children of Brady visited them and attended the Homecoming at Pleasant Grove.

Mr. and Mrs. W. P. McCullough and Mrs. Alva Dalton attended the annual Homecoming at Liberty Hill on Sunday June 7.

**Future Homemakers Of America**

By BARBARA LETBETTER

On October 1, 1944, the first national advisor of the National Organization of High School Home Economics Clubs was employed. The first state membership in the organization was accepted in November, 1944. The states were grouped by regions. Sub-regional meetings of pupil delegates were held during the spring of 1945 to develop organizational procedures. June 11 was celebrated as the date for the founding of the new organization. On June 1, 1946, there were 168,259 members in 47 states and territories affiliated with the Future Homemakers of America.

The Future Homemakers of America is a national organization of pupils studying home-making in junior and senior high schools of the United States and Territories. Home Economics in the schools of America offers opportunity for the further development of pupil initiative in planning and carrying out activities related to homemaking.

Future Homemakers of America brings together state groups interested in and working toward better home and family living, provides opportunities to share in solving problems, important to home life, and it increases opportunities for the development of leadership and intelligent participation so much needed in a democratic society.

Future Homemakers of America is an incorporated, non-profit youth organization. It came into being through the cooperative efforts of youth enrolled in homemaking in secondary schools in building a national organization of their own in which they may develop social qualities and promote better home life for its members and their families.

**Bull Family Reunion Sunday**

The Bull Family will meet at Lake Merritt, Sunday, June 14, for an all day reunion. All "old timers" are invited to be present and enjoy the day together.

Mrs. Phil Ford was a recent guest of Duke Clements, Mary Clements and other relatives.

**Pink And Blue Shower Honors Mrs. Ray McKimney**

Mrs. Tom McArthur was hostess for a Pink and Blue Shower at her home Monday night, June 1, for Mrs. Raymond McKimney (the former Eva Koen).

Mrs. B. C. Wicker made the register and helped register the guests as they arrived. Games were played; then a treasure hunt by the honoree and her husband uncovered numerous gifts which were displayed for all to admire.

The refreshment table was centered with a bassinet and baby doll, with Mr. Stork peering over the edge of the table into the bassinet. Refreshments carrying out the pink and blue theme were served to 32 guests and children.

During the evening dominoe games were enjoyed by the husbands of the ladies present.

**TODAY'S Menu**

**Hawaiian Style Pork Chops**

By ALICE DENHOFF  
SUBSTANTIAL fare is still the dinner order of things, even if the weather is getting warmer every day. Plenty of time for just a salad and a cooling drink when the thermometer really goes up!

For the nonce, then, fine fare with a little lighter touch. Hawaiian Pork Chops it might very well be, the recipe to serve 4.  
In medium-sized heavy skillet, melt 2 tbsp. fat over medium heat. Dip 4 loin or rib pork chops (cut 1/2-in. thick) into flour, and sprinkle with 1/2 tsp. salt. Brown chops on both sides. Drain hot fat from skillet. Pour 1/2 c. chopped sweet fresh cucumber pickles and a 9-oz. can crushed pineapple over browned chops. Cover. Cook over low heat 45 minutes, or until chops are done. Serve piping hot.

**Graham Cracker Crust**  
For dessert, how about that so easy-to-prepare graham cracker crust with your favorite filling?  
Let 1/4 c. (1/2 stick) butter stand at room temperature until softened (don't melt; the softened fat mixes in more easily and evenly). Blend with 1/4 c. sugar

and 20 finely rolled graham crackers, using pastry blender or hands to do a thorough blending job. Then put crumb mixture into a 9-in. pie plate. Set an 8-in. pie plate on top of crumbs and press them firmly into an even layer against bottom and sides of pan. Bake at 375° F. for 8 minutes. Cool and add filling.  
For an interesting variation, try Strawberry Bombe.

**Mold in Bowl**  
After preparing crumb mixture, put in 1 1/4 qt. mixing bowl, and set a smaller bowl on top of crumbs to press them firmly in bottom and sides of bowl.

For the filling, separate 2 eggs; beat yolks until thick and lemon-colored. Mix in a 15-oz. can sweetened condensed milk. Add 1/4 c. lemon juice, mixing until thick. Beat in 1/2 pt. strawberries, sliced. Beat 2 egg whites stiff; fold in yolk mixture and another 1/2 pt. berries, also sliced. Tint pink with a few drops red food coloring.

Pour in graham cracker crust and freeze for at least 6 hours. Run spatula around bowl to unmold. Serve garnished with whipped cream and strawberry halves.

**Twins Honored On Birthday 25 Years Ago**

By MRS. EULA NICKOLS

"Goldthwaite's twin boys celebrated their birthdays in different homes last Sunday. Mr. and Mrs. John Keese, who are related to Bert and Ben Patterson, had a birthday dinner for them in their home; their sister, Lou Ella, also enjoyed the dinner.

"Otis and Bessie Hutchings, who live at Center Point and are related to Philip and James Nickols, prepared a nice dinner for them and other relatives. Philip and James are one year and one day older than Ben and Bert.

"When Philip and James came to live in Goldthwaite they were quite a curiosity for

it had been a long time since there were twins in the county. Then when Bert and Ben arrived they were also a curiosity. Now both sets of twins are fine young men and all live in this county. We wish for them many more happy birthdays." This story was written twenty-five years ago.

Mrs. A. F. McGowan, who now resides in Brownwood but was a Mills County resident at the time of this writing, handed this clipping to Mrs. Phillip Nickols last week and Mrs. Nickols gave it to me.

Bert Patterson and family live in California. Bert has three children, and Ben now lives in Hereford. Phillip Nickols lives here and he and Mrs. Nickols operate both shows here. They have one son, Phillip Guy. James and his family live in Graham.

News Of The Ebony Community Chappell Hill

By CLEMENTINE WILMETH BRILEY

(Written For Last Week.)

Grain harvesting was the main event of this past week. Charm Whittenburg combined for P. R. Reid, Cecil Egger and Taylor Duncan. He said in each field the yield was spotted. Some good, and some very poor. In Taylor Duncan's field he found some extra good oats, but he also found places of very poor yield. The weather was ideal for harvesting, but we are needing rain very much. Johnny Egger got ahead of the treadaawa in Clayton Egger's big field of maize last week.

Edward Egger's fine field of corn just south of his barn was all in tassel Sunday.

John Briley has been cutting treadaawa and sunflowers out of his millet and hegari in the Hosey field.

Clayton Egger of Houston was home for the Memorial weekend. He and his mother looked after sending some lambs to market Friday.

Mr. and Mrs. Blue Thompson called on Mr. and Mrs. Eugene Egger Friday night. Also Mrs. Egger's mother, Mrs. Elizabeth Ketchum, of Brownwood visited with her part of last week.

Mr. and Mrs. Shorty Butles and children of Brownwood looked after their graves in the Ebony Cemetery Sunday. They also visited Mr. and Mrs. Johnny Egger.

Mrs. Cecil Egger and Mrs. Taylor Duncan have each made trips to San Saba County and have come back with plenty of berries to do them this year.

Mrs. P. R. Reid ordered 2,000 sweet potato plants which they put out in Charm Whittenburg's sandy, irrigated garden. Mr. and Mrs. Dale Reid came out from Goldthwaite Saturday to help set out the plants. All three families will share in the crop.

Announcements have been received in this community of the arrival of a son, Larry Mac, born May 21 to Mr. and Mrs. Wayne Taylor of Fresno, Calif.

Mr. and Mrs. Austin Cawyer of Orange arrived at the Dwyer home Friday night. They were on their way to Abilene to bring home their daughter, Ednabeth, a senior of A. C. C. A friend brought Ednabeth and her baggage to the home of her uncle, Jim Wilmeth, of Brownwood Friday evening. Her Daddy came for her Saturday morning. Her Uncle Jim was amazed at the amount of her baggage. He didn't believe her Daddy could get all of it in his Pontiac, but he managed it.

Ernest Malone's theory of petting and being kind to animals has backfired on him. Ernest has a nice herd of cattle, but he won't sell any of them. He keeps them all to pet. But he doesn't stop there. He won the affection of the Griffin dog, and she followed him home. Not long ago she had ten puppies under his floor. I said,

"Ernest, what are you going to do with them? You had better take your gun and kill the whole bunch." But, no, he wouldn't think of doing a thing like that. He said, somebody would be wanting the puppies. But things have gone on from bad to worse. The dog is starving—she robs every hen's nest she can find. The puppies howl 'till Ernest can't sleep at night. Friday he asked for a ride to town in the back of our pickup, when he got there he caught the first bus for San Saba, trying to flee from his predicament.

Friday we came by Rest Haven to see our dear friend, Mammy Reeves, 95. She had already lain down for her evening nap. But her nurse said she tells her if company comes to always wake her up. Which shows pathetically how much she likes to have her friends and dear ones come to see her. She said her daughter, Mrs. Brownie White, is now back at her home in Los Angeles. And her mother, Mrs. Flora Hodges, of Texhoma, is hopelessly ill with arthritis. She hears that her daughter-in-law, Mrs. Sallie Hildebrand Reeves, of Trinidad, Colorado, who taught school until after she was 75, is now not able to do anything. On the mantel was a late snap shot of Mammy holding in her lap her great - great - granddaughter, Kathie, daughter of Mr. and Mrs. Charles Roberts of San Antonio.

Walter Weatherby and A. L. Crawford are very happy over the turn-out of their grain crop. They have a very fine grain crop around Priddy.

Bill Shipp's truck turned over on the Chappell Hill Mountain, loaded with wheat. Mr. Smith was the driver of the truck. We are happy to report no one was hurt.

We are sorry Mrs. Otto Naurert is on the sick list. Mr. and Mrs. Jess Ivy visited Mrs. Naurert and Hilda Friday night.

We are glad to report W. L. Conner is feeling much better. Mr. and Mrs. Otto Grelle and son of San Angelo have moved to their new home at Caradan.

Mrs. B. F. Boydston visited in the O. A. Evans and A. L. Crawford home during last week.

This scribe played hookey from hoeing cotton Thursday at noon and went to my mail box and had a nice long visit with Mrs. Floyd Daniel.

Mr. and Mrs. Verda Price and family spent Saturday night and Sunday with Mr. and Mrs. V. T. Stevens.

Mr. and Mrs. John Ferguson of Lubbock visited Mr. and Mrs. O. A. Evans last weekend. Mrs. B. F. Boydston returned to Lubbock with them.

Miss Scotty and John Vaughan visited Mrs. Floyd Daniel and Mark Monday morning.

I went by the Wilson Cafe last Monday. It was nice to have a long chat with Mrs. C. T. Wilson.

Mrs. A. L. Crawford and William G. spent the weekend with Mrs. R. A. Stevens and Miss Lola Stevens.

Mr. and Mrs. George Mason of Houston visited Mr. and Mrs. Bill Partin and sons last Monday. Mrs. Partin, Tommie, Jimmie and Jesse returned home with her parents for a few days visit.

Woodrow Ratliff and son, Ronald, are baling hay. We want to congratulate Mrs. Pat Parker for winning the

washer in a contest at Brownwood.

R. J. Schindler of Bangor a dinner guest in the Crawford home Sunday. O. A. Evans, A. L. Crawford, Mrs. B. F. Boydston and Mrs. John Ferguson, Mr. and Mrs. O. A. Evans.

Mrs. Joe Bailey Karnes returned home after a visit with her son, Joe Karnes, and family in Worth.

### SOME FICTION AND FACTS

Once upon a time, in Chicago, there was a contrary cow with an aversion to being milked. One day, so the story goes, her distaste for the twice-daily milking ritual manifested itself in a vicious kick at a nearby lamp and the sad results cinderized Chicago in a matter of hours.

Now, 82 years later, the nation is paying tribute to that reluctant bovine's kind and kin by the observance of June as National Dairy Month. Not to be outdone, Texas, by an official governor's decree, is honoring the dairy cow whose products make up over one-quarter of America's food supply and yearly add some \$400 million to Texas' jeans.

One malicious milker should not necessarily reflect upon the entire herd and by now, even Chicago probably has forgiven Mrs. O'Leary's cow. But if a doubt remains, then a glance at a few revealing facts should dispell it soon enough.

One bite out of every three on our menu is a dairy product, the industry claims. Housewives spend more than 15% of their food budgets for dairy products. In return, they get about 30% of the food consumed in Texas.

For a bonus, the housewife provides her family with three-fourths of its calcium, one-half

of its ribo flavin and substantial quantities of every other nutrient vital to human development.

These products come from 60,000 farm units and provide employment for half a million Texans. Exactly half the \$400 million earned by the industry last year was actual income for the farmer who sold milk, milk products and dairy animals for beef and veal—a nice supplement to his regular income from crops.

It is fitting, then, that the one who is responsible for milk, ice cream, cheese and butter—Old Bossie—should be honored by an official proclamation.

### PMA Office Information On Wheat Allotments

If wheat allotments are in effect for the year 1954, regular wheat allotments will be established for only those farms on which wheat was seeded for any of the years 1951, 1952, and 1953.

Farmers on land on which no wheat was seeded for any of the years 1951, 1952, and 1953 may apply for a 1954 wheat acreage allotment.

To be considered for an allotment on a farm which had no wheat for any of those years, the farmer must apply in writing to the County PMA Committee by JUNE 30, 1953. Those who want a wheat allotment for 1954, and do not qualify for a regular allotment should come by the PMA office by June 30, and make application for it.

## News Of The Ebony Community

By CLEMENTINE WILMETH BRILEY

The drouth, intense and relentless, encompasses us. We wake to lovely dawns. Hear the mocking bird singing his morning shift. The wind blows like March day after day, drying the pastures. Each day we must water the yard, or the flowers will die in the hard, baked soil. We wonder that the maze and the corn still looks so fresh and green, but we know that they must suffer unless rain comes. At eve comes beautiful sunset. Should clouds come, hope rises new in our hearts, but they vanish without rain. Yet out of our anxiety comes a glad note. The mocking bird sings at noon. Again at eve. And we wake to hear him singing in the night. A wren trills from the windmill tower. And a red-bird high on the REA line sings a song of cheer. And, oh joy! a blue morning glory blooms

We lament the passing of Mrs. Lula Crawford, who passed away recently at the home of her daughter in Lubbock. For many years the Crawfords lived at Indian Creek. The old Crawford drug store building with the hall above still stands there today. Mrs. Crawford often kept the school teachers, and her house was often filled with guests. I have had many pleasant visits there. I remember her - always cheerful - forever preparing meals for boarders or guests.

Mrs. Dewey Smith was ill this past week, and had to spend several days in town to be near the doctor. Her mother, Mrs. Bob Egger, was also ill, but was able to be up Saturday.

Mrs. Effie Egger had for guests over the weekend her son, Clayton, of Houston and her nephew and wife, Mr. and Mrs. Bill Tippen, of Abilene.

Mr. and Mrs. Eugene Egger were guests for dinner at the home of Mr. and Mrs. Johnny Egger Sunday.

Mr. and Mrs. Duncan of San Saba County spent Sunday with their son and wife, Mr. and Mrs. Taylor Duncan.

We saw Mrs. Joe Horton and Barbara in town Friday. Barbara was a member of the Bangs graduating class this year. She expects to enter ACC this fall.

Mrs. O. R. Mitchell writes that Marilyn graduated from Beaumont Hi May 27. She has a job for the summer as typist for a construction company. She will enter Lamar College at Beaumont this fall. Carol Jean is attending summer school. Both will be free to come with the family to Ebony for a week's vacation Aug. 1.

Cecil Egger, our commissioner, has lately been spending his time arguing with land owners as he endeavors to get them signed up on the right-of-way through Mills County for the Brownwood-Richland Springs road.

We hear that an oil well rig has come to Regency and is set up on the Ab Reid place. Oil well drilling fails to excite us now as it once did. Mills County has been punched full of oil well holes without results. All of them are drilled about 1200 ft., then abandoned. Mrs. Edna Dwyer remembers that in the distressing drouth of 1917-1918 leasing land for oil saved the day in here. Now all the oil promoters want you to let them have the land free.

Ernest Malone has bargained with John Briley to haul the dog and the puppies to town Tuesday. Hope they find a satisfactory disposal for them. I'm so much like Ernest myself, I'm afraid to see the puppies for fear I might want one.

## Personals

Guests in the home of Mrs. W. H. Nelson and Miss Laura Nelson last weekend were: Mr. and Mrs. Oral Bohanon and children of Arlington; Mr. and Mrs. William D. Adair and Miss Martha Adair of Garland; and Mr. and Mrs. O. H. Ivy and children of Stanton. The entire group enjoyed a fish fry at the Bohanon camp on the river Sunday.

Miss Doris Lawson of Fort Worth spent several days recently with her grandmother, Mrs. Pauline Woodard.

## Large Number Attend Homecoming At Pleasant Grove Last Sunday

A homecoming celebration was held at the Pleasant Grove Church on Sunday, June 7, 1953. Sunday School was held at 10:00 a. m., worship service began at eleven o'clock with the Rev. C. A. Hogan, pastor of the local Methodist Church, preaching. W. C. Frazier was in charge of song services.

At noon a delicious meal of barbecue (prepared by W. J. (Jack) Shaw) and all the trimmings and an abundance of salads, cakes, and pies was served. Much visiting took place during the noon hour and between the noon meal and the beginning of the afternoon program.

An informal session of singing and extemporaneous speak-

ing began at 2:00 p. m. Judge John L. Patterson acted as Master of Ceremonies. W. C. Frazier was in charge of the singing. During this session Mrs. A. M. Rose, 88, was honored as the oldest person present. Mrs. Queenie Covington, 96, was honored as the oldest settler now living. She was not able to be present.

The following persons were recognized as coming from out of the state: Mr. and Mrs. Nolan Horton from Ponca City, Oklahoma, Mrs. Sterling Benningfield from Hobbs, New Mexico, and Stanton Horton from Lake Charles, Louisiana.

Among former teachers recognized were Raymond Williams, Mrs. Gladys Casbeer

Harbour, Miss Edith Covington, Ephraim Davis, and Mrs. Neelen Berry. One of the highlights of the day was a talk by Ephraim Davis of Brownwood who taught school at Pleasant Grove in 1903-1904 and 1905.

### Center City News

By Oleta Coffman  
(Written for Last Week)

We had a nice attendance at Sunday School last Sunday. It was 5th Sunday and we had no Church Service, and Rev. Hogan was at conference, so the Methodist group just had Sunday School also.

Mr. and Mrs. Stacy McCasland of Goldthwaite visited Sunday afternoon with Mr. and Mrs. J. W. Coffman.

John Elliott and family of Goldthwaite were visitors in the home of Mr. and Mrs. Frank Carr Friday night.

Weekend visitors in the home of Mr. and Mrs. C. J. Horner were her sister and family, Mr. and Mrs. Hesse of Houston; Mr. and Mrs. Adams and family of Haskell; Mr. and Mrs. McClure and Mr. and Mrs. Troy Stanford of San Angelo; Melvin Horner and daughter of Grape Creek and Mr. and Mrs. Lester Horner of Bryan.

We have some good reports on the sick of our community. Ann Wright was able to be at Sunday School Sunday.

Rev. Allen Carter seems to be doing better; his daughter, Mrs. Winnie Price of Houston, has been visiting him.

Mrs. Joe Green reports her mother, Mrs. Bailey of Goldthwaite, much improved.

Mr. and Mrs. William Richard Hendry of Austin visited over the weekend with their parents, Mr. and Mrs. Hollis Hendry.

Visitors Sunday with Mr. and Mrs. Aubrey Head were Owen Lee and family of Evant.

Mrs. Lillian Welch visited last Tuesday with her parents, Mr. and Mrs. Edd Knight. Uncle Edd is doing better.

Mr. and Mrs. John Seward and family of Jacksboro visited Sunday with Mrs. Clarence Newton and Mr. and Mrs. Dub Alexander, Nell and Troy.

Mrs. Jimmy Wright said their son, J. D. Wright, was home for a short while last week. He is still stationed in Nevada.

Sunday visitors with Mr. and Mrs. W. T. Alexander were Mr. and Mrs. K. Coffman, Deron and Kayvon and Mr. and Mrs. Nelson Waggoner.

La Ramon and Henry Sims visited Sunday with Warren and Raymond Coffman.

Mr. and Mrs. Buster Nix visited Wednesday with J. F. Deats and his son Joe Deats.

Mrs. Ralph Johnson and boys

of Odessa have been visiting here with Mr. and Mrs. Joe Green and Mrs. Johnson's mother, Mrs. Bailey, of Goldthwaite.

The Woodrow Head family of Granbury visited over the weekend with his parents, Rev. and Mrs. C. M. Head and Truett.

Mr. and Mrs. Walter Franks visited J. W. Coffman Sunday night.

Mr. and Mrs. George Watson and family visited recently with his parents, Mr. and Mrs. Tom Watson and Lee.

Mrs. Brock McCasland, Harold Ray Allen and Mrs. Oscar Hill were in Goldthwaite Saturday. Mrs. Hill visited her mother, Mrs. J. Everett Evans and sister Gladys, and Mrs. McCasland went to meet her aunt, Mrs. Ida B. Pou, who is visiting in the McCasland home. Mrs. Pou is from Whittier, California. She has lived in California forty years, but says she loves to come back to Texas where she used to live.

Mrs. John Farris of Brownwood visited her sister, Mrs. Brock McCasland, recently.

#### Electric Home Freezers Mean Better Eating — Easier Shopping

Why waste precious time and energy in frequent trips to the grocery store? You can "shop" in your own kitchen when you own an electric home freezer. Buying food in quantity means fewer trips to the store and lower food bills, too. You can actually save enough on your grocery budget to pay for the freezer.

With an electric freezer in your home, you can buy fruits and vegetables when they are plentiful to store for use throughout the year. Too, when unexpected company comes, there's no need to rush out to the store for extra food. The housewife who has a home freezer can prepare food ahead of time to be ready for any emergency.

There was a nice attendance at Sunday School and Church and also at the evening service at the Baptist Church last Sunday. Rev. Ramon Sims preached a good sermon both services.

We are happy to report a very successful Daily Vacation Bible School last week. Quite a lot was accomplished.

Mrs. Sims didn't get to accompany Rev. Sims Sunday as one of the boys was recovering from the mumps. We hope she can be with us next time. Rev. Sims and Henry were luncheon guests in the home of Mr. and Mrs. K. Coffman.

Roy Clendening of San Angelo visited last weekend with Mr. and Mrs. W. T. Alexander, and Sunday, they, along with Mr. and Mrs. Dub Alexander, Nell and Troy, visited in Brownwood with Lloyd Alexander and family. Lloyd and wife have a new son, Harold Lee, born May 30. They have another son, Lloyd Ray.

Weekend visitors with Mr. and Mrs. J. W. Coffman and other relatives were Fayne Coffman and family of Roswell, New Mexico. The two oldest children, Phyllis and Gaylon, are staying for a longer visit with relatives.

Mr. and Mrs. A. C. Kincheloe and girls of Llano visited last weekend with Mr. and Mrs. Joe Green and Eva Faye.

Mr. and Mrs. Vick Collett of Robert Lee visited last week with Mr. and Mrs. Aubrey Head.

**Principles of Christian Stewardship**

**ILLUSTRATED SUNDAY SCHOOL LESSON**

By Alfred J. Buescher

Scripture—II Corinthians 8-9.

The Christians in Jerusalem were in need and the churches in Corinth and Macedonia were asked to contribute to help them. Paul writes that he is sending Titus and two companions to Corinth to collect the bounty.

In the matter of giving, Paul writes: "He which soweth sparingly, shall reap also sparingly; and he which soweth bountifully shall reap bountifully. So let him give not grudgingly or of necessity, for God loveth a cheerful giver."

The generous givers will be "enriched in everything to all bountifulness, for the administration of this service not only supplieth the want of the saints, but it is abundant also by thanksgiving unto God," writes Paul.

The Jerusalem Christians would not only be grateful for the generous contributions for their comfort, but would glorify and give thanks to God for their brethren in Christ, and would pray for them. MEMORY VERSE—II Corinthians 9:7.

**PARENT PROBLEMS**

**The Rocked-to-Sleep Baby**

By GARRY CLEVELAND MYERS, Ph.D.

EVER so many young mothers write me about the baby who has been rocked to sleep whom they wish now to go to sleep without being rocked.

Often a mother explains how the habit was begun: during the youngster's illness or in order to avoid having him disturb other adults or the neighbors.

**Wants Practice Continued**  
The trouble is that the baby who is rocked one night or two insists on having the custom continued night after night for months and years, and it hardly is practical to rock him to sleep all his life. The longer the practice has continued, the more difficult for both child and parent is the breaking of the habit.

**A Natural Thing**  
It is not strange that this should be. Normally, the young child stirs frequently in his sleep. When he does so in his mother's arms, or lying beside her, the satisfying contacts reassure him as he moves in sleep. He tends then to continue sleeping or to drop back to sleep. But falling this comfortable contact he is shocked emotionally at the absence of this symbol of security and the shock may waken him or render him unready to resume sleep.

I have much sympathy with the mother who has let this prob-

lem creep up on her, for it is going to be very hard for her to muster up the courage to let the youngster cry himself to sleep in his own bed, and I know no other cure.

**A Personal Experience**  
This sympathy springs from very personal experience. Believe it or not, our first child was rocked to sleep, and often I myself did the rocking. This was about thirty years ago; some years before I became a "child expert" and before Mrs. Myers and I had thought the matter through.

So I know all about how the rocked-to-sleep baby easily wakens after being put to bed asleep, and what it costs in actual heartaches to the parents and child to correct the problem.

However, for the comfort of my fellow parents, let me say that the harm need not be beyond repair. Our own once-rocked-to-sleep baby is a self-sufficient young man now, and the father of three little girls who have never been rocked to sleep. Hundreds of other successful, happy adults were rocked to sleep in infancy. However, their parents would hardly advise a young parent ever to begin this nuisance.

Rocking the baby or tot for short periods, not to put him to sleep, but to quiet and comfort him, should often prove very wholesome. The wise mother of today doesn't hesitate to do this kind of rocking, especially after he has been all wrought up for a protracted period. She also may sing lullabies, say nursery rhymes and read to him then. It is only when the rocking habit is established in connection with going to sleep at night that it is unwise.

### John Wesley Edlin Dies In Brownwood

John Wesley Edlin, 78, a resident of Brown and Mills counties for nearly 60 years, died suddenly in his home in Brownwood at 2:45 p. m. Friday of last week.

Funeral services were held at 3:00 p. m., Saturday, June 6, in London-Burton Funeral Home Chapel in Brownwood, with Rev. Walter L. Brian of Melwood Avenue Baptist Church officiating. Burial was in Goldthwaite Memorial Cemetery.

Mr. Edlin was born November, 1874, in Indiana and moved to Goldthwaite when he was 18 years of age, where he was engaged in farming and ranching before moving to Brownwood in 1943. He was a member of

the Melwood Baptist Church. Mr. Edlin and Miss Jennie Gardner were married August 20, 1904, at Goldthwaite.

Survivors are his wife; one brother, S. O. Edlin of Oiltown, Oklahoma; a half brother, Ira Hutchings of Zephyr, and two

half sisters, Mrs. George Hill and Miss Bessie Hutchings of Goldthwaite.

Mrs. J. H. Randolph attended the graduation exercises of her niece, Jean Randolph Pulliam, in Austin last week.

**HARVEST-HANDLER PORTABLE FARM ELEVATORS**

Consider other seasonal and chore-time uses when you buy.

**HARVEST-HANDLER PORTABLE FARM ELEVATORS**

Sure the Harvest-Handler is a real performer filling cribs and bins. But its small size, light weight and extreme maneuverability also pay off removing grain and ear corn from storage. Thanks to its aluminum-alloy construction and light weight the Harvest-Handler is easily positioned by one man.

Model B is available in 16' and 29' lengths, weighs only 79 lbs. with power unit removed. Greater-capacity Model C comes in standard 16' length, weighs 93 lbs. without power unit. For greater stretch, 4' extension section is optional with Model C. Both models are ideal as auxiliaries to larger units.

## AMERICA'S NEW RAILROAD

A 50-yard dash with a potato on a spoon! An exciting bit of Americana—but it's not the

# World's Greatest Potato Race

That's the 2200-mile dash on the Santa Fe with 1,350,000,000 potatoes

Somebody east said, "Pass the potatoes!" Out in California, the fertile San Joaquin Valley heard them. And look what happened. Santa Fe started moving 14,000 to 15,000 carloads of potatoes to hungry markets all over the Midwest and East. 36,000 to 40,000 pounds to a carload. As high as 550 carloads per day at peak of harvest. That's more than 1,350,000,000 potatoes. And that's a lot of spuds.

Bag 'em. Load 'em. Roll 'em. And hustle. Somebody east said, "Pass the potatoes!" From America's largest fleet of refrigerator cars owned by an individual railroad, these yellow

Santa Fe "reefers" are dispatched to the "Potato Capital of the West." There the cars are cleaned, checked, loaded, switched. And iced fast (a car a minute, if you please). These potatoes can't wait!

In servicing the cars as they speed east, new icing docks at Bakersfield and Needles, Calif., Belen, N. Mex., Waynoka, Okla. and Kansas City work the clock around. Electronically-controlled "hump" yards speed the switching.

**SANTA FE PRECISION—SANTA FE SPEED**

On-time delivery calls for full-time precision to keep these schedules "on the advertised."

After the potatoes come the wheat... citrus fruits... grapes... melons... and green vegetables all year long—flooding east from Santa Fe country to you. Everything from avocados to zucchini.

It costs Santa Fe millions of dollars to serve you so—and provide you with Super Chiefs, too! But we're proud to say they are earned dollars. Not one penny comes from the taxes you pay.

Methodist Vacation Church School Commencement Scheduled For Friday

The Vacation Church School for the Methodist Church will close with the Commencement Program tomorrow night, Friday, at 7:00 o'clock. Following the program in the Sanctuary of the church, parents and friends will have an opportunity to see the handwork done by the various groups. The Women's Society of Christian Service will serve refreshments to all who are present on the lawn of the church. The school which has been in session during the past two weeks has been

one of the best in attendance and in work in the history of the church.

Mrs. Malcolm Jernigan has been the director of the Vacation School and has been assisted by the following workers:

Aviation Cadet Selection Team Established

An Aviation Cadet Selection Team equipped to interview and partially process prospective applicants for flying training in the Air Force has been established at Hensley Field, Grand Prairie, Texas under supervision of Headquarters, 3500th Personnel Processing Squadron (A/C-OC), Waco, Texas.

According to team president Capt. R. K. Cope, the team supplied with the most current and factual flying training information will visit colleges, universities, Air Bases and cities in a wide area around Dallas, Texas, including the Goldthwaite area.

Aviation Cadets are trained to become pilots or aircraft observers. An aircraft observer is schooled in an aircrew specialty such as bombardment, navigation, radar, or aircraft performance engineering.

Upon completion of approximately one year of training, an Aviation Cadet (pilot or observer) receives his silver wings and a commission as a Second Lieutenant in the United States Air Force Reserve.

To qualify for Aviation Cadet training, an applicant must have a minimum of two years of college credit; be between 19 and 26 1/2 years of age, single, in good physical condition, and be able to pass mental and physical tests. Pilot applicants must have normal 20-20 vision, while aircraft observer candidates need have 20-50 vision correctable with glasses to the normal 20-20.

Young men applying now for observer training can expect assignment within six weeks
