Union Good Friday Services To Be Held At First Baptist Church April 16

There will be a Union Good Friday Service on April 16th from 7:00 to 2:00 p. m., in which members of the local churches will participate, assisted by other Pastors from churches in surrounding communities. This service was held at the Goldthwaite Methodist Church and this year it will be held at the First Baptist Church here. The hope of the committee is that all organizations of the community will keep the service in mind and join in it as far as possible. Seven speakers will bring messages from "The Seven Last

Words of Christ," spoken as He hung upon the Cross.

Those attending the service may feel free to come and go at their pleasure or as necessity demands. The full schedule of speakers and the time each will speak will be run in a later edition of the Eagle. The announcement is made now so that all the people may know about it far enough in advance to make their plans accordingly.

The local committee is composed of Rev. Ed H. Lovelace and Rev. Ray V. Mayfield Jr., of the Methodist and Baptist Churches respectively.

Red Sox Defeat Fredericksburg 5-1; Play Camp Stanley There Sunday

By CHARLES CONRADT

The Goldthwaite Red Sox, behind the very strong pitching of Y. B. Johnson, won their second baseball game of the season at Fredericksburg Sunday, defeating the Giants 5-1. Johnson looked extra good for this early in the season. He gave up only 4 hits, one of these a home run by Enderlin in the 4th inning, which was the only run that Fredericksburg could manage to cross the plate with.

Fredericksburg called on a total of three pitchers, while trying to hold the Red Sox away from scoring. Goldthwaite scored two runs in the first inning, two in the 8th and 1 in the ninth.

Nute Westerfield, Red Sox short stop, was the heavy swinger, collecting four hits in five times at bat, Charley McLean and Larry McCasland collected two hits each, while Y. B. Johnson and John Gilliam got one each, thus making a total of 10 hits for the Red Sox.

Only two errors were committed during the afternoon, one by Goldthwaite and one by Fredericksburg.

New players for Goldthwaite this season so far are John Gilliam who is playing third base in fine shape, Gerald Carroll, who is playing right field, and Red Winner, playing at first base in the absence of June

The Goldthwaite Industrial Fund was boosted during the past week from \$6,600.00 to a total of \$8,575.00, it was announced by Warren P. Duren, secretary-treasurer of the industrial committee.

The move got underway two weeks ago when a group of business representatives gathered in special meeting and a number of them pledged \$8,600.00 to help promote small industry for Mills County.

A large number of local business firms and individuals in Goldthwaite and Mills County are taking part in the project. It is a county-wide project and everyone is invited to contribute to the fund.

After bids were opened and considered the Board of Trustees employed Sparks, as contractor, to present alternate plans in which savings can be effected so that the building program can be kept within the budget of funds available. These alternate plans are to be presented to the board in a meeting next Monday night, April 12. Alternates must be

approved by the board. Earlier estimate presented to the board by Architect Wiedemann for the building was approximately \$90,000.00, according to announcement by the board secretary.

Mills County Red Cross Drive For Membership And Funds Is Extended

The annual Mills County Red Cross drive for memberships and funds has been extended through the month of April, according to announcement by Warren P. Duren, fund drive chairman, for the county.

In making the announcement for extending the drive, Mr. Duren stated that a large number of workers have not had ample time to get their contact work done. Many residents of Mills County have not been contacted in this year's Roll Call. A number of contributions have been mailed in by some of those who have not been contacted by workers.

About 350 memberships were

reported through Saturday night of last week with total contributions of something over \$800.00, the report showed. This is short of fifty per cent of the goal set for the county. The committee hopes to get a total membership of 1,175 with contributions of \$2,051.00.

Those who have not been contacted are requested to mail their contribution to Glynn Collier, % Mills County State Bank, in Goldthwaite and their membership card will be mailed to them.

Workers are urged to complete their contacts and turn in their report to the county chairman so that final report may be compiled for this year.

BUILD FAITH IN OUR CHILDREN

In accepting the National Chairmanship for the 10th annual observance of National Sunday School Week, which will be celebrated April 12 through 18 this year, Irving S. Olds, prominent New York attorney, had this to say: "I think we will agree that Sunday School Week is a week of great significance for the nation. No one can minimize the importance of Sunday Schools in fostering among the youth of the country a faith in God and an ability to recognize what is fundamentally right and just."

National Sunday School Week and National Bible Week are staged annually by a hard-hitting organization, the Laymen's National Committee. The slogan for Sunday School Week this year is: "To Build Faith in Our Children — Take Them To Sunday School."

"Perhaps now more than ever before our nation," in the words of the Committee, "is beginning to respond to those simple beliefs of our forefathers, those same tenets and principals that made this great country of ours what it is..."

THE HISTORY OF LIBERTY

"Liberty has never come from the government... The history of liberty is the history of the limitations of governmental power, not the increase of it."

That was said more than 40 years ago by one of the greatest students of government who ever sat in the White House — Woodrow Wilson. And the warning he issued is a hundred times more important and timely now than it was then.

The overriding lesson that modern history teaches is that when we give government virtually unlimited power, freedom dies — and oppression and tyranny take its place.

Inside WASHINGTON MARCH OF EVENTS

State's Dulles Optimistic About Geneva April Meet | Reds' Obstructionism Might Turn French Toward EDC Special to Central Press

WASHINGTON—Secretary of State John Foster Dulles is really quite optimistic about the Geneva conference with Russia and Communist China in April—even though he is convinced the Reds will do absolutely nothing to guarantee peace.

Dulles' optimism, in fact, is based on the expectation that Moscow and Peking will behave as belligerently as ever. Dulles figures that another round of talks getting nowhere—on top of the Berlin go-round—will convince the French that they have no choice but to ratify the European Defense Community.

Not, of course, that Dulles would not like to see the Communists act as though they are sincerely interested in ending the cold war. For developments at Geneva could embarrass the United States.

● BATONS AND SIX-SHOOTERS—Tourists visiting Washington for the first time used to think of the Library of Congress and the nation's most famous documents—the Declaration and the Constitution—as being almost synonymous.

These documents have been moved elsewhere now, but the Library is and always has been a lively place where almost any traveler could find something to his taste.

In March, for example, the theme of exhibits ranges from The Wild and Woolly West to Father of the Walts, including early printed editions of many works by the elder Johann Strauss.

The Library frankly states that its wild west exhibit will feature a "romantic concept" of the cowboy, the cattle industry, ranch life, heroes and outlaws.

Incidentally, the Library very appropriately chose this way to observe the approaching 150th anniversary of the elder Strauss' birth. It happens to own first editions of about 99 per cent of everything the composer and his better-known son, Johann Strauss, Jr., ever wrote.

● POW-WOW ON THE POTOMAC—Indians representing more than 40 tribes met in Washington for four days of intensive campaigning against legislation which they claim means ultimate destruction of their race if approved. Most of the tribal tomahawks were raised against so-called "withdrawal" bills which would end federal services such as those concerning health, education and welfare for some of the clans.

Some spokesmen for the Indians, during their stay in Washington, buried once and for all the myth that braves are strictly mossyback. One of them acidly declared in his testimony, "We know that the Indian battle for survival began when the first white man bribed his way into this country with a string of beads and a bolt of calico."

"Either the United States government recognizes its treaty and statute obligations to the Indians... or we continue down the road toward complete destruction."

"For more than 130 years, the government has been paving this road for us. I would say it is one of the few good paving jobs it has done for the Indians."

● UNCLE SAM'S POSTAL BILL—Congress ruled last year that government agencies should begin paying for their postage stamps instead of franking their mail for free and the first tabulation of costs is coming in before congressional appropriations committees. The estimate is that the cost for the government to mail its letters for one year will be \$40 million.

To most of us, \$40 million worth of stamps would seem to be an awful lot of muckilage but expert government witnesses contend their estimates are moderate.

One of the biggest users of stamps is the Defense department which guesses its stamp bill will run up to \$14 million a year. Another is the Treasury department which figures on paying out \$10 million in order to mail out its tax notices and the 171 million government checks it sends out annually.

WHEN THE OLD BIRD WAS YOUNGER

10 YEARS AGO—

(Taken from Eagle Files of April 9, 1944.) At an election held last Tuesday, F. P. Bowman was named Mayor of the City of Goldthwaite. R. L. Steen and C. D. Bledsoe were named Aldermen and Grover Dalton, Cashier of the Trent State Bank, Secretary and Treasurer. There was no opposition.

Sunday, March 19, a dinner was given in honor of Arnold Kelly, who left for the Navy March 22. About 11:00 o'clock the guests began to arrive, bringing baskets of lunch. Soon a very delicious lunch was served. Everyone enjoyed playing games and talking until time to go home.

Gloria Evans, daughter of Mr. and Mrs. Butler Evans of Tulsa, a sophomore student at Will Rogers High School, has been awarded a scholarship at the Philbrook Art Museum in Tulsa. Gloria is the granddaughter of Mrs. J. C. Evans of this city.

The parsonage of the Coggin Avenue Baptist Church in Brownwood was the scene of the wedding of Miss Annette Renfro and Lieut. Walter M. Jacobson at 11:00 a. m., March 1.

Mid-Semester grades from the registrar of A. and M. College of Texas report M. Allen Horton of Goldthwaite received five A's and three B's. The highest possible score is 19 hours and 57 grade points. Allen posted 19 hours and 53 grade points. He is the son of Mr. and Mrs. M. F. Horton.

25 YEARS AGO—

(Taken from Eagle Files of April 5, 1929.) Mrs. Zelma Hamilton has opened a new beauty parlor, under the name of the Rosebud

in the building on Fourth Street, second door from the Royal Cafe, and has installed up-to-date electrical equipment for the work. She is a graduate in the business and will employ qualified assistants.

In the city election Tuesday there was very little interest and only ten ballots were cast. Alderman W. P. McCullough, Joe A. Palmer and Neal Dickerson were re-elected without opposition. The facts so few votes were cast and so little interest manifested is decidedly complimentary to the aldermen whose terms expired, as it proves their services entirely satisfactory.

Mr. W. M. Johnson filed his report Monday showing the total number of scholastics for Goldthwaite school district to be 413. Of this number there are 193 males and 220 females. There are 230 families represented in this enumeration and it is believed the canvas has been as close as could reasonably be made.

The School Board of Priddy met Wednesday and re-elected the present teachers. Miss Sybil Guthrie is the superintendent of this good school and has been with that school for several years. She received a handsome increase in salary for another year, and has won for herself a splendid record as an instructor of ability.—Mullin Exchange.

Mrs. Emma Oltrogge spent the first of this week in Temple visiting her mother.

VIC'S... SOLILOQUY

"I know something good about you." How many times have you met a friend and said to him: "I know something good about you." Or, on the other hand, let's look at it from the opposite angle. How many times has a friend come to you and said those words? Those words are the title of some verse that is currently being printed for superintendent of schools J. T. Jones. The author is unknown. Words appearing under that title contain much food for thought and we want to pass them on to our readers as follows:

Wouldn't this old world be better If the folks we meet would say: "I know something good about you" And then treat us just that way? Wouldn't it be fine and dandy If each hand-clasp warm and true. Carried with it this assurance: I know something good about you?

net was in town last Thursday. Dr. Wilson killed a rabid dog in the northern portion of town Thursday morning.

T. S. Kemp, who is now employed in the Trinity and Brazos Valley railroad shops at Cleburne, is here visiting relatives.

G. H. Frizzelle now owns the Galin Market and solicits your trade.

J. M. Hicks, a merchant of Zephyr, had business in this city last Thursday.

The people of Goldthwaite sympathize with Mrs. J. W. Butz, because of the death of her mother, Mrs. Cathy, which occurred in Dallas last Friday.

Will Little and George Robertson came in yesterday morning from Waco, where they are students in a business college. They are well pleased with the school and will return to their studies in a few days.

W. W. Berry was here from Pleasant Grove yesterday.

Wouldn't things be more pleasant If the good that's in us all Were the only thing about us That folks bothered to recall? Wouldn't life be more happy If we'd praise the good we see? For there's such a lot of goodness In the worst of you and me. Wouldn't it be nice to practice This fine way of thinking too: You know something good about me. I know something good about you?

If the work that R. L. "Bob" Steen and county agent George Reese are doing these days in connection with picking out calves is any indication of what type steer show Mills County will have next year, we should have a jam up show—in fact, one of the best, if not the best this county has seen.

Before they even had time to brush the dust of this year's stock shows off their boots and pants these two men were busy looking over prospective winners in many sections of the state to be brought here and started on the long and hard job of feeding and grooming for next year's Mills County Show and the big shows of the state.

Bob and George have traveled far and wide in their search, among big name breeders, for what appears as prize material in little calves to go into the feed lots of boys and girls in this county. According to latest report the county 4-H Club members by this time have more than forty calves which they are feeding and taking care of for the next show. That is a fine crop of calves. In commenting on the matter Steen said: "I believe we have the finest calves in the feed lots this year that we have ever had."

The number of calves that we just mentioned does not include those being fed under the supervision of the vocational agriculture teachers of Goldthwaite, Mullin, Priddy and Star. Y. B. Johnson Jr., Jay Boothe, Eutah Evans and C. E. Davis. During the past several years some of the FFA members under the direction of Y. B. Johnson have given a good accounting of their work in con-

nection with show calves they have a good number of calves they are working now for the next show. FFA members and exhibitors have also exhibited winning sheep. All in all it looks like something is shaping up nicely for a goodly number of calves that will be shown in Mills County competition next February.

Sammy Stubblefield "I'll be glad when it gets enough so a fellow can barefoot again." Guess Sammy's son of Sheriff and Mrs. C. "Stub" Stubblefield, is getting spring fever, and why should he, he says: "I know barefoot weather will soon be here 'cause we are already putting marbles." By the way, Sammy had a birthday a few days ago and he is the proud owner of a Chow puppy, his pride and joy as a birthday gift.

Now, I've seen it all—the next time something comes along that makes me feel it again. J. C. Cunningham whose "Daddy" was the Sheriff of Mills County, sent a copy of the Fort Stockton Pioneer to his nephew, Dave Cane, which contains some startling news. It reads: "KING OF THE WILD—" this usual and amazing photo of W. O. Mosley, Fort Stockton photographer, reveals the influence of civilization on the once wild and woolly Tooty, the subject, is a 10-month old wildcat belonging to Mr. and Mrs. T. R. (Abe) Anderson of Imperial. It was given them as a 14-day kitten after capture in a South Texas nest. The cat trained itself to the use of modern plumbing, and even when passing out-of-doors in the Anderson yard, comes to the door scratches to come in. Mr. Mosley made several trips to Imperial before the successful picture was caught by the camera. "Abe" with these cuttings was the picture showing Tooty while using modern bathroom plumbing.

Baked and Broiled Bananas

By ALICE DENHOFF
BANANAS are delicious to eat
unadorned, but this fruit is also
ready to go to work as a basic
ingredient in many excellent
dishes, as an accompaniment to
meat, and as a hot dessert.

Baked bananas, for instance,
served hot with the main course,
or as a dessert with cream, syrup
or a hot fruit sauce, liven up the
menu considerably.

For best baking, use all-yellow
or slightly green-tipped bananas.
To serve 4, place 4 bananas in
well-greased baking dish. Brush
well with 1 1/2 tbsp. melted butter
and sprinkle lightly with salt.
Bake at 375° F. 15 to 18 min., or
until bananas are tender—easily
pierced with a fork. When brown-
ing is desired, place the baked
bananas under the broiler for 1
to 2 min.

To serve with pork, lamb,
chicken, duck or shrimp, prepare
baked bananas with rice and a
curry sauce. Pour 1 1/2 c. of your
favorite curry sauce over ban-
anas and bake as above.

As a Dessert
For a dessert, top each banana
with 1/4 c. sour cream, sprinkle
with sugar, nutmeg or cinnamon,
if desired. Or spread each ban-
ana evenly from tip to tip with
1-c. applesauce or apple butter.
Bake as above.

Served with a special orange
sauce, this fruit is delicious with
ham or duck or as a hot dessert.
Just bake as above.

Orange Sauce
To prepare the sauce, mix to-

gether 1/2 c. sugar, 1 tbsp. corn-
starch, dash of salt and dash of
cinnamon in saucepan. Grad-
ually add 3/4 c. boiling water.
Bring to boiling temperature and
cook about 5 min. or until sauce
is thickened, stirring constantly.
Add 2 tbsp. butter, tsp. grated or-
ange rind, 1/4 c. orange juice and
tsp. lemon juice. Reheat to boil-
ing temperature. Makes about 1
c. sauce.

Broiled With Butter
If you would like to serve ba-
nanas broiled, then place peeled
fruit on broiler rack or into pan
containing rack. Brush well with
butter and sprinkle lightly with
salt. Broil 3 to 4 in. from heat
about 5 min. on each side, until
browned and tender.

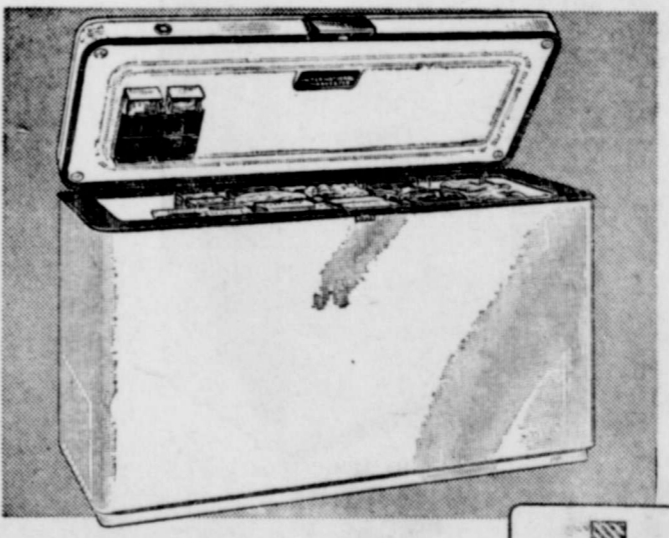

To give hamburger patties a
banquet quality, serve a Banana
Mixed Grill.

Mixed Grill
For 3 servings, place 3 firm,
ripe bananas, peeled, on broiler
rack, together with 3 hamburger
patties, 1/2 in. thick, and 3 tomato
halves. Brush bananas and to-
mato halves with butter and
sprinkle lightly with salt. Broil
about 3 in. from heat 5 or 6 min.,
or until bananas and meat are
browned. Turn bananas and meat
only.

Continue broiling 5 or 6 min.
until meat and tomatoes are
browned and bananas easily
pierced with a fork. Garnish pat-
ties and tomatoes with small
sprigs of parsley or water cress.

Mullin Juniors To Present Play, "A Feudin' Over Yonder" Friday

The Junior Class of Mullin High School will present a three-act comedy, hillbilly play, "A Feudin' Over Yonder" this Friday night, April 9, at 8:15 p. m., in the Mullin Gym.

Loretta Spinks plays the leading role as Rosie Belle Fry, "The Terror of The Hills." She enjoys shooting anything in her sight, especially Popoffs. Members of the Popoff family are Bobby Edgar and DeWayne Chesser.

The Fry family is a feudin' with the Popoffs' because Pappy Popoff went out one day to kill

a skunk and shot the Fry's Paw. The Fry family kind of took it as a personal offense. Peggy Bramblett, Betty Ethridge, Wesley Lee and Connie Simpson play the roles of members of the Fry family.

Jo Burdette plays the role of Mountain Maggie and fixes everything up between the two families with a love potion. Other members of the cast are Barbara Williams, June Ketchum, Herman Rutherford, Johnny Griffin, Sue Rowlett, June Singleton, Joe Don Ellis and Wayne Mosier.

The play takes place in the Ozark Mountains, the year the "Travelin' Preacher" comes through, in June. Everyone is cordially invited to attend the play. The sponsor is Mrs. Walter Dyer.

News Of The Ebony Community

By CLEMENTINE WILMETH BRILEY

(Written for Last Week)

There was a big cloud and plenty of thunder and lightning Wednesday night. The wind that came made us almost wish for a stormhouse. It began to rain and hope rose in our hearts, but it was soon squelched. The rain gauge registered .15 inch, but when we looked out the window next morning the ground was as dry as could be. You couldn't tell it had rained.

In spite of the drouth we see spring on the hills and in the low-lands. The beautiful green of the elms and the ty-we is painting the landscape. A three-foot rise came down the river Thursday.

Ernest Malone came home from McClosky Hospital Wednesday. He seems better, and is glad to get home.

Mrs. Charlie Griffin has been sick this past week. She thinks she has had pneumonia. By getting up in the night and making herself onion poultices she managed to pull through. Next day Mrs. Effie Egger came to her rescue and helped her with poultices and other things. Mrs. Egger and Mrs. Johnny Humphries came Sunday after dinner and washed dishes for her. She is improving.

John Briley called at the Bob Egger home Friday. He found Mr. and Mrs. Egger both pretty poorly. Mrs. Dewey Smith is still able to be at home.

Taylor Duncan has been going on crutches from a catch in his back. He is being treated at

Goldthwaite, and is improving. His mother from San Saba spent the night with them Saturday night.

Mr. and Mrs. Blue Thompson planted garden in the river bottom last week. They say their grain down there really looks green and pretty.

Hubert Reeves, who has been working on a bridge near Zephyr, is now working on the bridge across the Colorado to the Richland Springs road.

This weekend Mr. and Mrs. Johnny Humphries had for their guest his brother, Randall Humphries, from Garland. The previous weekend his sister and husband, Mr. and Mrs. R. L. Gregg, and their daughter, Madeleine, and his mother, Mrs. R. L. Humphries, all of Garland, visited them.

Mr. and Mrs. Charlie Washburn of Brownwood came by the schoolhouse just as we were through with church Sunday. They were on their way to see the place for the new Colorado bridge. Charlie said his sister, Mrs. Lena Crowder, is moving from Brownwood to Menard this week. As Charlie is always interested in Ebony cemetery workings, we discussed a date for another working and decided on Saturday, April 24.

At Western Day at the Mullin School Friday, little Annette Duncan, daughter of Mr. and Mrs. Taylor Duncan — a second grader — won first place in the barrel race.

Among the items of fifty years ago published in the Goldthwaite Eagle last week I noticed an account of the death of Mrs. W. F. Hodnett of Long Branch who caught fire while making soap on a windy March day and was fatally burned. I was there the night she died and combed her hair after she passed away. It was a terrible tragedy. She left little children.

We lament the passing of Billy McNurten who died Thursday, March 25, at McClosky Hospital after a long illness. Before the Maneuver Area moved him out, Billy and his family had their home in our community, and he was known as one of the best farmers in the country. Mr. and Mrs. Charm Whittenburg, Clint and Jack; Mr. and Mrs. Cecil Egger and Ynell; Mr. and Mrs. Hulon Egger and children; Mr. and Mrs. Henry Egger and Mrs. Ben Egger attended the funeral at Goldthwaite Saturday.

Mr. and Mrs. Joe Proctor Karnes and daughter Wandean of Fort Worth spent last weekend with his parents. Mr. and Mrs. Joe B. Karnes and other relatives.

BIRTHS

Mr. and Mrs. Rex Collier are the parents of a daughter, Rebecca Jane, born March 30 at 10:10 a. m., in Medical Arts Hospital, Brownwood.
 Maternal grandparents are Mr. and Mrs. C. A. Faulkner and paternal grandparents are Mr. and Mrs. C. C. Collier, all of Goldthwaite.

Guests in the home of Mr. and Mrs. C. Locklear last Thursday were: Mr. and Mrs. Clyde Locklear of Hot Springs, Arkansas, Henry Sacco of Lawrence, Mass., Jack Locklear and children, Clyde Allen and Ce-Ce of Brady and Mr. and Mrs. Cecil Williams of Goldthwaite.

Mr. and Mrs. A. L. Reese attended a birthday dinner for their son, Velon, in Stephenville last Friday night.

PARENT PROBLEMS

Young Child's Reading Ability

By GARRY CLEVELAND MYERS, Ph.D.
WHEN a child learns to read, he learns to connect words on the printed page with their meaning. While he does learn to pronounce these words, his mere pronunciation of them is not reading. Reading is primarily a thinking process.

You may easily ascertain whether your child, seven, nine or twelve, really reads when he seems to be reading. Just ask him to read aloud a paragraph or several sentences from his school book, and then tell you in his own words what he has read. Or ask him a few questions to find out if he has got the meaning expressed by what he appeared to read. Or you might ask him to read from such material silently and then tell you what he "read to himself."

Thus, the child may demonstrate that he got all the main ideas expressed by the words he presumably read, some of them, or none at all. How many he got is a measure of how well he read.

Pronunciation Important

Of course, if he must read aloud, his inability to pronounce most or all the words could slow up or hinder his getting the meaning, though to a less degree perhaps if he had read it silently. In either event, he won't make much progress unless he can recognize and pronounce most of the words he is supposed to read.

The child who has been read to a great deal before he enters

schools has had good practice at connecting the words he hears with meaning. This experience helps him, as he learns to read, to be interested in meaning. Occasionally, a child in the first or second grade, on hearing a story in his reader once or a few times, may suppose he is reading as he rattles it off from memory without connecting it with the words of the story at all. A parent or teacher can easily spot this child and help him connect the words as he says them.

The more interested a child is in what he is really reading, the faster he masters saying the words.

Reading Clinic

Thinking and getting meaning from words was the major emphasis at a recent annual reading institute, on whose staff I served. We met at Temple University, in the Reading Clinic directed by that world-famed reading expert, Dr. Emmet A. Betts.

Observing the demonstrations with numerous individual children lagging several years in reading, the hundreds of special reading teachers and directors of corrective and remedial reading at schools throughout the United States and Canada were impressed with the importance of putting more emphasis on helping the child to think and get meaning as he is being taught to read.

Ahijah Foresees a Divided Kingdom ILLUSTRATED SUNDAY SCHOOL LESSON By Alfred J. Buescher

Scripture—1 Kings 11:1—12:24.

When Solomon was old he turned from the worship of Jehovah because his many wives were idol worshippers, and he became one. The Lord was angry and told the king that after his death the greater part of the kingdom would be taken away.

A young man named Jeroboam was "a mighty man of valor," and Solomon, seeing that he was industrious, gave him charge over the house of Joseph. But Jeroboam was not true to King Solomon, and he "lifted up his hand against the king."

Outside Jerusalem Jeroboam met the Prophet Ahijah. Ahijah was wearing a new garment, and he caught hold of it and tore it into 12 pieces. He gave 10 pieces to Jeroboam to keep, saying that they represented 10 tribes over which he would rule.

Solomon grew to hate Jeroboam and sought to kill him. He fled to Egypt, but when Solomon died, he returned. The people of the 10 tribes rebelled against Rehoboam's hard rule and made Jeroboam their king.

MEMORY VERSE—1 Kings 11:38.

COTTON INSECT CONTROL PROGRESS

Research scientists have now announced another forward step in the battle of Man vs. Insects.

One of the latest insecticides to come from the crucibles of the research laboratories is Endrin, a chemical believed to be effective against a large number of cotton pests.

and the boll weevil, two of cotton's most destructive enemies. Several other cotton pests are also hit hard by Endrin, according to entomologists.

The Pink Bollworm, is still a hold-out, however. This tough little destroyer which accounts for a bigger percentage of damage to South Texas cotton than any other is relatively unaffected by the discovery.

A word of caution is offered by the scientists. Endrin is toxic not only to insects but also to man and warm blooded animals. Users are warned to follow exactly the recommendations of the manufacturers which are printed on the label of the insecticide container.

Endrin is closely related chemically to dieldrin, one of the cotton insecticides widely used at present to control the boll weevil. It has been tested by government entomologists under the widely divergent cotton growing conditions found at such locations as Brownsville and Waco, Texas and points in South Carolina and Tamaulipas, Mexico.

At Florence, S. C., endrin treated plots yielded gains in seed cotton of up to 746 pounds per acre. In Mexico, its use increased the seed cotton yield 1,071 pounds on an acre during a heavy boll weevil infestation.

'DEAD' EYES FOR THE LIVING

HARRY TARZIA, 31, of Haverhill, Mass., her eyes still bandaged after a successful corneal transplant, is visited in a Lowell hospital by her husband and two children. The operation was performed three days after the death of State Representative George T. Walsh of Lowell who bequeathed his eyes. (International Soundphoto)

News Of The Ebony Community

By CLEMENTINE WILMETH BRILEY

The drought still hangs over us like a pall. The clouds seem almost ready to melt in rainy tears, then they vanish. But, "While the earth remaineth, seedtime and harvest, and cold and heat, and summer and winter, and day and night shall not cease." Gen. 8:22. And so spring comes. Even the oaks and the mesquite are putting out their leaves. The catclaws are in bloom. And though in most places the pastures are bare and devoid of growth, yet there are green places. Along the creek, in and out among the ty-tys and in and out among the rocks upon the hillsides grass and weeds grow. Here the cattle eke out an emaciated existence. I marvel that the bluebonnets bloom. This week I saw them on the creek, in the ravines, along the roadside, and an unplowed field was blue with them.

Mr. and Mrs. John Briley visited with Mr. and Mrs. Cecil Egger Wednesday night. Mrs. Egger said she was looking for Mr. and Mrs. Orvel Egger and some friends from Arkansas Thursday night.

Mr. and Mrs. Charm Whittemburg and Clint and Jack visited Mr. and Mrs. Dale Reid and attended church at Goldthwaite Sunday.

We attended church at Oakland Sunday and visited with Frank Crowder and his mother, Mrs. Mary Ivy. Mother Mary will be 95 April 23. She and Frank live alone. And though she is badly crippled, she really gets around and helps with the housework and some of the cooking. Frank's children were also there Sunday Mr. and Mrs. Frank Crowder Jr., from Roby, Mrs. John Holder and children, Nelda, Ray, and Bobby, from near Anson; and Mr. and Mrs. Truman Crowder and children, Iris Jo, Jimmy, Sherron, and Lawrence of Brownwood. Before we got to church we got into the new, wide Richland Springs Highway. After dinner we went to the place of the bridge. They are beginning to put in the steel reinforcements for the piers. They are really rushing the road work. It is all quite thrilling.

A letter from Mrs. Sallie Hildebrand Reeves of Trinidad, Colorado, this past week said, "Letters from my old home make me so homesick that I

can hardly stand not to get right to work and go back. How I envy all my dear friends who have held on to the old home."

THE FRENCH fortress of Dienbienphu is fast winning the reputation of the Verdun of World War I as French forces stand fast against intense assaults by Communist-Vietminh forces. Here, a Vietminh defender is shown among the trenches and machine gun nests guarding the vital stronghold. Their motto is the same employed at Verdun: "They Shall Not Pass."
