Ticket Sales Good For Friday Night Game With Richland Springs Coyotes

Sept. J. T. Jones mailed 140 reserved seat tickets to Supt. William Wallace of Richland Springs on Monday of this week and a telephone call revealed more tickets in the reserve bank are wanted. Richland Springs is coming here to revenge the stinging defeat suffered on the home grid-iron last Friday.

It is estimated that a near capacity crowd will turn out to the game Friday night if weather remains fair. Remember that our Band Parents serve hot dogs, candy, coffee, soft drinks and chewing gum throughout game time. Patronage is appreciated. Corn is available from F. F. boys. Never go away from

Red Sox Win Play-Off From Comfort To Play Fredericksburg Saturday

BY CHARLES CONRADT
The Goldthwaite Red Sox won the second game of the play-off with Comfort here Saturday night by the score of 4-3. This eliminates Comfort and puts Goldthwaite in the final play-off with Fredericksburg, which will be the best three out of five games.

Goldthwaite had to come from behind two times Saturday night to beat Comfort. Y. B. Johnson, local right hander started for the Red Sox and pitched the first six innings. During the six innings he gave up 3 hits and 3 runs while striking out six batters.

Mike Mistovisch, left hander, for Goldthwaite pitched the last three innings allowed no hits and no runs and struck out six batters. This makes a total of twenty nine batters for the strike out route in the last two games.

Red Sox hitters collected 7 hits off Pankrast and Leader, both right handers for Comfort. Doggett was the heavy hitter as he collected two hits for the night. McLean, McCasland, McClain, Johnson and Clifton collected one hit each.

One of the largest crowds of the year saw the game and I believe that they all were well entertained one way or the other.

Boy Scouts Have Round-Up Monday Night

There will be a Boy Scout Round-up at the Scout House on Monday night, September 27 at 7:00 p. m. All regular members are urged to be present and each member is asked to bring a new boy with him. The fathers are also invited to be present at this meeting according to announcement by Scout Leader, Floyd Langford.

Mr. and Mrs. David Straley of Grand Prairie, Mr. and Mrs. Billy Dennard of Waco, Mr. and Mrs. Edd Dennard and children and Mr. and Mrs. Charles Dennard of Fort Worth spent the weekend with their parents, Mr. and Mrs. Hugh Dennard.

Our Games Hungry

Our Pep Squad will sell profit programs at this game and profits will go for banquet expenses for the annual event when the pep squad entertains the athletes.

GHS EAGLES FACE TWO FOES NEXT WEEK

The Goldthwaite Eagles will face two foes next week when they meet the Lometa Team on Thursday night and the Strong Gorman team on Friday night. Coach Akins says playing the teams as they will be split is difficult since both foes are strong and the same boy cannot enter more than one game in any single week. This will give every boy on both A & B teams a chance for a lot of action.

If you miss either of these games, you will miss a great chance to see our present as well as future boys in action. Regular admission prices shall be charged for both games and reservation in parking and seats are good.

Freshmen and straight B squad games are promised to begin in the near future.

Goldthwaite - Fredericksburg Play-Off Starts Saturday

Goldthwaite and Fredericksburg will start their play-off Saturday night at 8:00 clock at Fredericksburg. These two teams have always played good ball and you can be assured that this play-off will be above the average. The second game will be at Goldthwaite probably Saturday night October 2nd. Keep in contact with the Goldthwaite Eagle for the exact date because this will be one that you will not want to miss.

Bating averages for the season and for this play-off will be in next weeks paper.

31 Calves In Show Preview

Thirty-one steers which are being groomed for the forthcoming Mills County Livestock Show and shows over the state will be in the show preview at the local show grounds last Saturday, according to announcement by R. L. (Bob) Steen, president of Mills County Livestock Raisers' Association.

Steen stated that prospects for show calves this year in Mills County are looking very good.

A large number of folks from Goldthwaite and surrounding area and a lot of visitors from other cities were on hand to look over the calves.

Mullin Seniors Elect Officers

The Mullin Senior Class met on September 6 to organize and elect officers for the coming year. Bob Edgar, last years president of the class, presided during the meeting. Bob was re-elected president of the class this year and the other officers elected were: DeWayne Chasler, vice-president; Bettie Ethridge, secretary and treasurer; Peggy Bramblett, reporter; Jo Burdette, social chairman. The room mothers were: Mmes. L. B. Bramblett, W. T. Lee and Alvin Ketchum.

Johny Griffin was elected to serve on the annual staff along with the representatives of last year who are Peggy Bramblett, Wesley Lee and Lorretta Spinks. Maroon and white were chosen as the class colors and gladiola as the class flower.

Mrs. Dickens, who was the class sponsor last year and is again this year met with us and helped in our organizing and election.

The class appreciates the quilt donated by Mrs. Lee and quilted by the quilting club. The quilt will be given away sometime during the year at a senior play.

Joe Hammond Has Appendectomy

Mr. and Mrs. Ray Hammond received a call Monday night of last week to come to the Hillcrest Memorial Hospital in Waco, where their son, Joe underwent an emergency appendectomy. Joe is a student at Baylor University. At last report he was doing nicely.

QUARTERBACK CLUB DOES CLEAN-UP JOB

Members of the Quarterback Club will meet this evening at 5:30 for the purpose of doing a clean-up job underneath the football stadium located on the north side of Eagle field.

Members are reminded to be on hand and bring their tools for this job.

AD MEET MENTORS—Advertising managers from Texas' daily and weekly newspapers will hear talks on business, merchandising, national advertising and Oil Progress Week at the Texas Press Association's Fourth Annual Ad Meet in Austin Sept. 25. Pictured above (left to right) are four of the speakers. Don Eck, general manager of Weekly Newspaper Representatives in Chicago will meet with the weekly newspaper admen in a special group session. Dr. John R. Stockton's talk to the general convention, will be based on the business outlook for Texas. He is with the University of Texas Bureau of Business Research. James K. Wilson of the Jas. K. Wilson Co. in Dallas, will discuss merchandising, and G. R. Bryant of the Texas Company, Houston, will talk about the annual promotion of Oil Progress Week by Texas newspapers. Approximately 150 admen will attend the meetings.

Austin, Tex.—In designating October 1 to 3 as National Newspaper Week in Texas, Governor Allan Shivers said "It is well to reflect upon the important part a fully informed press plays in our lives."

He continued by stating that "we are learning to appreciate our great press more and more as we see rigorous government control in many other countries suppress the free flow of news."

Shivers saluted the newspapers "great and small" . . . as well as the men and women whose time and talents are used to make America's newspapers "the best on earth."

NEWSBOYS HONORED
October 2 has been designated by Governor Shivers as National Newspaperboy Day in Texas.

In an official memorandum Shivers urged Texans to express appreciation and encouragement to their carrier boys.

"They are an important part of the American System of free enterprise and free information," the Governor added.

OFFICIAL ELECTION RETURNS
It's now official that Governor Allan Shivers won his third term in office by a margin of 91,956 votes.

Final announcement of the official tabulation was made by the State Democratic Executive Committee which placed its overall totals slightly higher than the unofficial count made by the Texas Election Bureau.

CAMPAIGN SPENDING
Former gubernatorial candidate Ralph Yarborough poked a parting blast at Shivers, claiming the Governor's campaign expense totals "inaccurate."

Yarborough said he reported the true cost of his campaign but "we know the opposition spent many times the amount reported."

Shivers' reply was "no comment."

Yarborough reported \$279,722 in expenditures; Shivers \$285,121.

Eagles Hold Dillos To Scoreless Tie; Play Richland Springs Here Friday

GHS Eagles and the San Saba Armadillos battled it out last Friday night on the San Saba field for a scoreless tie game the second game for the Eagles this season.

Looking at statistics the Eagles played the best game during the evening encounter with 12 first downs against the Dillo's 8 and piling up a total yardage of 266 while their opponents made a net yardage of 165.

With Fullback H. T. Vaughan still not able to be in the lineup the Eagles played one of the finest games ever with Bobby Elliott, quarterback, calling an excellent game, according to coach Ray Akins. Ray Robinson is credited by the coach as playing the best game of his football career and James Gilliam, J. D. Cook and Lester Geeslin playing major roles in opening the line for penetration.

Most of the game was played between the forty yard lines with the Dillos having the advantage in punts, but, they didn't get any closer to scoring than the sixteen yard line.

Excitement ran high during the final seconds of the game when Elliott was racing for a touchdown and was forced out of bounds on the one foot line as the game ended. With another play a touchdown was in sight.

Goldthwaite and San Saba are rated as the top contenders in their respective districts for winning the district title this season. The tie game Friday night was a big surprise to many football fans since the Eagles were up against a double A team.

Clabe Locklear Reported Improved
Clabe Locklear who has been a patient at the San Saba Memorial Hospital in San Saba for the past two and one-half weeks is improving daily. From all reports he will be able to come home the later part of this week.

Mrs. Locklear, who has been at the hospital with her husband, celebrated her 68th birthday there last Tuesday. She was a dinner guest of Mr. Locklear's nephew, Mr. and Mrs. A. F. Locklear and son, Ward, on her birthday.

Mrs. Emma Oltrogge returned from Austin last Thursday, where she had been visiting her son, Frank Oltrogge and family the past several days.

Campbell Family Returns To States
Lt. Col. M. A. Campbell and family have recently returned from a three year stay in Wiesbaden, Germany, and now are located in Detroit, Michigan.

Lt. Col. Campbell is professor of Air Service and Tactics and commanding officer of the R. O. T. C., Unit of Wayne University. He is the son of Mrs. J. M. Campbell and the late Dr. J. M. Campbell.

Mrs. Campbell is the daughter of Mr. and Mrs. N. E. Stockton. The Campbell family had occasion to study the German language, but it seems that James (Slim) excelled them all as it is reported that he speaks German quite fluently.

City Opens Clyde Street

Work got underway Tuesday morning of this week on opening Clyde Street from Hannah Valley Road north to the new school building.

The street is located between property owned by E. O. Shepherd and Mrs. J. M. Campbell.

LAND PROGRAM
Best bid for the final \$10 million worth of bonds to finance the Texas Veterans land-buying program came from the National City Bank of New York.

The firm offered an interest rate of 2.097 per cent. With its last offering the Veterans Land Board will have issued \$100 million in bonds—the limit provided by the State Constitution.

BUILDING INCREASES
Construction work during 1955 will shoot over the \$1 billion mark in Texas, reports the state's construction industry.

Texas cities will spend a total of almost \$795 million for construction. Federal contracts in Texas will amount to another \$298 million.

FWLER RESIGNS
Wick Fowler of Austin, executive assistant to Governor Shivers for the past two years, has resigned effective October 1.

Fowler plans to publish a weekly newspaper on state government and politics.

NASH LEAVES
Mr. and Mrs. James P. Nash have left Austin for New York and Nash's new position as alternate U. S. delegate to the United Nations.

He recently received the diplomatic post through nomination of President Eisenhower and confirmation of Congress.

Observers Forecast GOP Will Lose House Margin | Republicans Seen Likely To Hold Edge in Senate

WASHINGTON—Political observers in Washington are forecasting that the Republicans will retain control of the Senate in the fall elections but will drop their majority in the House.

Top political opinion in both parties indicates such a possible split in Congress next year.

The private opinion of Democratic party leaders is that the Democrats will win control of the House. They admit there is considerable doubt about gaining control of the Senate.

On the other hand, the Republicans speak confidently of increasing their present majority in the Senate but admit they are confronted with rough going in keeping control of the House.

At the present time, the Senate lineup is 48 Republicans, 47 Democrats and one independent. The House shows 219 Republicans, 215 Democrats and one independent.

● NEXT TARGET—Thailand is believed to be the next target of the Communists in Asia.

The Chinese Reds already have begun the task of "softening up" the Thais for what is coming. Their instrument is Pridi Phanaomyong, former Thailand premier.

Pridi was known for years to be a Socialist, but never suspected of being a Communist. However, he suddenly turned up in China echoing Communist propaganda.

After the Geneva conference, which turned Indochina over to the Communists, he broadcast over the Peiping radio calling upon the people of Thailand to "befriend" China and the other Communist states.

Pridi is regarded now as the counterpart of Ho Chi Minh, the leader of the Indochinese Reds.

● WATER FEARS—Some lawmakers believe this country may run out of water before it does coal, oil or gasoline.

In view of their fears, a House subcommittee has been appointed to study the water resources of the nation. A cabinet-level group, the Hoover commission and other top men in the country are being brought under one umbrella to study this serious question also.

The primary objective according to House Interior Chairman A. L. Miller (R), Nebraska, is for the subcommittee to come up with legislation that will help conserve the water supply.

Miller said: "The cold facts are we may well run out of water before we do coal, oil or gasoline. Many communities live and grow or wither and die depending on their water supply. We should be wise custodians of our natural wealth."

● PANAMA NEGOTIATIONS—After almost a year of constant negotiations the United States is about ready to make concessions designed to give Panama a bigger share in the Canal Zone profits.

Panamanians long have complained that they were not getting a fair share in their partnership with the United States. They are bitter over the pica-yune \$430,000 a year which they receive from the United States in annuities.

Actually, they maintain, they receive nothing from the United States for the use of the Canal Zone. The annuities are collected for the railroad which runs across the isthmus. They also resent the fact that Panamanians are discriminated against in the United States employment practices and over the numerous business enterprises run by the United States government which deprive Panamanians of possible sources of income.

hey have some problems that need attention and city officials feel that they also have problems relating not only to those with which highway officials are chiefly concerned but also those concerning local citizens, main street merchants and the shopping public.

After the discussion the other night those present seemed agreed on some of the conditions existing, but the problem still remained as to what to do about it.

One of the first matters highway officials brought up is that of parking in the block north of the bank on Fisher street. They feel that something should be done by the city to stop angle parking and change to parallel parking instead.

In presenting their case they stated it would relieve a hazard and at the same time open up and move traffic through and get it out of the way— which they say, is something that will benefit the city.

It is generally agreed that there is traffic congestion in this particular block. But, at the same time, some of the city officials also brought up the matter of some traffic already going too fast through this area and if parallel parking were adopted and the street opened wider there is the danger of through traffic going even faster and causing an even bigger problem or hazard. Then there is also the matter of the merchants located on this street who want to be as many cars as possible being able to park in this area.

Highway officials feel that

department officials brought was that of regulation of signal lights. They propose to put regulation lights and maintain them providing the angle parking to parallel parking.

The third matter highway department officials talked council members about is the of making a speed survey of traveling public. This is being done by making a check of traffic and the speed taken at a given point and then setting speed limits — or zones — with limits within five miles per hour of the average speed by 85% of the traffic when the speed survey was made.

Not too much happened after the discussion. City officials feel that a number of problems are facing them in connection with the situation. They are going to purchase a new traffic light to be installed at the Bank corner.

Garden Club Has First Meeting Of Season At Home of Mrs. T. M. Glass

The first fall meeting of the Goldthwaite Garden Club was a Coffee, in the home of Mrs. T. M. Glass, at 9:30 a. m., Wednesday September 15. Hostesses for the meeting were the yearbook committee composed of Mrs. Glass, Mrs. Vance Cornelius, Mrs. Malcolm Jernigan, Mrs. Marvin Hodges and Mrs. P. R. Jordan.

Mrs. Glass, president gave the president's greetings, followed by the presentation of the yearbooks, by Mrs. Vance Cornelius, program chairman. The various committees gave their reports and plans for the Christmas Flower Show and Bazaar were formulated.

Table of the Month, a new feature, and one of the high lights and of much interest at this particular meeting, was a small table, named Texas, depicting the resourcefulness and vastness of Texas.

Two new members, Mrs. Roy Wilkins and Mrs. A. M. Hunt were welcomed into the club. A rising vote of thanks was extended Brian Smith for his excellent care of the planter boxes at The Mills County City

Brown-Mills Soil Conservation

By CHARLES HAENISCH

Plans are being made by the Supervisors of the Brown-Mills Soil Conservation District to have a field day in the Bennett Creek Watershed. At the field day benefits from a good land treatment and flood prevention program will be shown. Jim Soules, member of the Flood Prevention Advisory Committee, said that plans are being made to organize a Bennett Creek Watershed Association at the field day. At the present time a definite date has not been set for the field day.

Supervisors of the District have invited the Mills County Commissioners Court and the Goldthwaite Lion's Club to sponsor the application for flood prevention planning on Bennett Creek.

In applying a conservation plan, ranchers of the Brown-Mills Soil Conservation District should keep in mind that distribution of livestock is a very important range management.

One of the best ways to conserve land is to have water evenly distributed. In order to distribute grazing on the ranges the following cooperators have recently built farm ponds on their places: J. D. Star; V. C. Bradford, Goldthwaite; D. A. Hamilton, Goldthwaite; San Saba Peak; Lloyd King, San Saba Peak; Singleton, Mullin; and Segelquist, Center City.

Gulf announces a completely new and different gasoline!

Now—Gulf refines out the "dirty-burning tail-end" of gasoline—the No. 1 trouble-maker in high-compression engines. Result: a cleaner-burning super-fuel that gives you thousands of extra miles of full engine power... free from knock or pre-ignition.

This lamp is burning the "DIRTY-BURNING TAIL-END" of gasoline which GULF refines out

This lamp is burning NEW SUPER-REFINED GULF NO-NOX, the cleaner-burning super-fuel

Proof: Instead of trying to fight trouble-making deposits with so-called "miracle-additives"—inside your engine—Gulf believes in preventing them from forming in the first place. That's why Gulf, in making new Super-Refined NO-NOX, refines out the carbon-forming, "dirty-burning tail-end"—more than a cupful in every gallon. Look at the plates the Gulf scientist is holding in the unretouched photo above and see what a difference Gulf super refining makes!

Starting with your first tankful, this new, super-refined, super-powered fuel will give you these immediate and lasting benefits:

- ▶ More complete engine protection than so-called "miracle-additive" gasolines. See laboratory test proof at left.
- ▶ Extra gas mileage in the kind of short-trip, stop-and-go driving motorists do most.
- ▶ No knock, no pre-ignition. Because the anti-knock power of new Gulf NO-NOX has been stepped up to an all-time high.
- ▶ Stall-proof smoothness—no more worries about carburetor icing in chilly weather, or vapor lock on warm days. Instant starts, too—and fast, fuel-saving warm-up.

That's why new Super-Refined Gulf NO-NOX gives your engine more power-with-protection than you've ever known. See proof below...

Road tests show: New Gulf No-Nox actually makes cars perform better than new... even after 15,000 miles!

Under all conditions—Gulf test cars showed: Higher-than-new horsepower! Better-than-new on gasoline mileage! And not a single trace of carbon knock or pre-ignition at any time.

FERTILIZER-PASTICIDE MIXTURES

A time and labor saving plan to combine two separate crop spraying jobs into one operation is being studied by Agricultural experts in the Southwest.

The eventual goal is to work out a practical method for applying both pesticides and fertilizers at the same time. If it proves practical, it may also mean a better net profit for the farmer through lower production costs.

Since the end of World War II the use of pesticides and fertilizers on crops has far outstripped the research end of the projects. The demand has been so great for yield-increasing farm practices that new ideas are put to work in the fields before a complete, controlled study has been made of them. The same goes for the dual pesticide-insecticide operation.

As a result, there are wide differences of opinion even among soils specialists on the merits and practical feasibility of the mixtures. Recommendations concerning their use vary widely from state to state, and sometimes even between agencies in the same state.

Despite lack of experimental data on use of fertilizer-pesticide mixtures the demand for them seems likely to continue. It probably will even increase in volume so long as their use affords a convenient economical and reasonably satisfactory way of combining crop fertilization with insect control.

But many problems are still unsolved. Paramount among these are:

(1) The type of mixture that will supply the desired quantities of both pesticide and plant nutrients at the desired rate per acre.

(2) Timing of the pesticide application to fit time for applying the fertilizer to achieve best possible benefits from both chemicals.

(3) Attaining the best method of applying the pesticide—which may not conform with the most effective or practical method of applying the fertilizer.

(4) Development of new equipment for applying the materials. When these "kinks" are ironed out, the results should prove to be a real boon to Texas farmers.

Three Chilled Desserts

By ALICE DENHOFF

DESSERTS today, the first a light, refreshing and pleasing Lemon Sponge Dessert, the recipe to serve 6.

Soften envelope plain gelatin in 1/2 c. cold water. Dissolve thoroughly in 3/4 c. boiling water; stir in 3/4 c. sugar and 1/4 tsp. salt. Add 1/4 c. lemon juice and tsp. grated lemon rind. Chill until mixture is slightly thicker than consistency of unbeaten egg white. Whip until light.

Beat 2 egg whites until stiff; add gelatin mixture. Place the bowl in ice water; continue to beat until mixture begins to hold its shape. Turn into one large or individual molds and chill until firm. Unmold and serve with soft custard.

Simpler Baked Alaska

Ice Cream Meringue Tarts, a variation of Baked Alaska, should delight the family and please guests.

Break 1 c. currant jelly slightly with a fork and spread it in the bottom of 6 baked tart shells that have been chilled. Prepare a meringue with 3 egg whites, beating with a few grains of salt until nearly stiff, then beat in gradually 4 1/2 tsp. sugar.

Fill tart shells with firmly froz-

en butter pecan ice cream and cover with meringue, making sure the ice cream is completely coated with a thick blanket of the meringue. Bake the tarts in a very hot oven until meringue is lightly browned, then serve at once.

Ginger Mint Mousse

Ginger Mint Mousse is very refreshing.

For 6 servings, soften tsp. unflavored gelatin in 2 tbsp. cold water for 5 min. Add 1 c. milk, 1/2 c. sugar, 1/2 tsp. salt; heat over hot water until gelatin is thoroughly dissolved. Chill.

Crumble spicy ginger snaps to get 1 c. crumbs (about 12 ginger snaps).

When gelatin mixture begins to set, whip 1 c. heavy cream; fold carefully into gelatin mixture. Add 4 drops mint extract and sufficient food coloring to tint mixture a delicate green. Pour 1/2 mixture into oblong casserole (5x9x2 in.).

Line sides of mold with whole ginger snaps. Make layer of crumbled ginger snaps and remaining mixture until there are 3 layers of mixture and 2 of crumbs. Freeze in refrigerator until firm.

Clementine Wilmeth Briley Writes from Temporary Home in El Paso

By CLEMENTINE WILMETH BRILEY

I was happy over a letter that I received last week from my sister, Edna Dwyer. She said they had a shower Aug. 31 which was a very nice surprise. I had to get up the creek and ran down the creek through to the creek. I know it must have been a very nice surprise to the cattle men around here for it would put out a lot of stock water.

Just today I was happy to have Ora Hooper Herring call me. We find we are not so far apart, and we are looking forward to seeing one another soon.

As we were coming home along Paisano Drive the other day Daughter Grace said, "That place across the fence from us is Mexico. It is called Cordova Island. It was once on the other side of the Rio Grande, but the river moved its channel and left it on this side."

Last April Mrs. Florence Fenley of Uvalde, 2nd vice Pres. of The Texas Woman's Press Association wrote me asking me to join their organization. I declined then, but have since been reconsidering. They are having

their convention in El Paso this fall. Mrs. Fenley is convention chairman. Today she called me, and I met her this afternoon at Hotel Paso Del Norte. And what a wonderful person to meet. She made out my application and said there would be no fees till Jan. 1. The convention will be Nov. 5 and 6. This magnificent hotel will be headquarters. There will be quite a program. She says she intends to have a program from the new members where she will introduce each one at the convention.

This — Sept. 15 — was Spotty's fatal day. We got back from town late this evening and let him out of the back yard for a little while as we have been doing every evening. It wasn't long till John came in and said he thought a car had killed Spotty. It made us feel awful. We kept hoping maybe it wasn't true, but it was. He had one bad habit — chasing cars. He was just turning from chasing one to come back to our side of the street when another going the other way hit him. He was killed instantly, and he didn't seem to have a bruised place on him. Of course one can't help but be attached to a dog they have had around for a long time, but after all a dog in town is mostly a nuisance. The most pathetic part about it all was little Billy's heart-break crying for him. Every evening when he got home from

school he would put the leash on him and take him out for a walk. He was so sorry he didn't have a picture of him. He told me he wanted a picture of Spotty looking up at him.

Legal Problems In Connection With Home Purchases Are Outlined

With "National Home Week" being observed September 19-26 many people will be thinking at least casually about the purchase of a new home. Those who become seriously interested should proceed cautiously when making a deal, as many important legal problems are involved in such a transaction.

For the average person, the buying of a home is the largest single transaction of his life. It is also, in most instances, the most permanent or longest term investment he will ever make. Whether or not he bought wisely will be determined by his ability to resell without difficulty, or to enjoy the use of the premises without annoyance or interruption.

Possibly the first legal problem you will meet will be when you are asked by the seller or his agent to sign a contract of sale or earnest money contract.

In connection with the latter, you will be asked to deposit a sum of money which would be forfeited to the seller and agent for damages in event you do not fulfill the contract. Although no forfeit money may be required with the former, you may still be legally liable for damages if you renege. Be sure, therefore, that you know exactly what your obligations are.

The next legal problem would probably be to determine the status of the title to the property. Many persons become confused during this stage, thinking that securing possession of an Abstract or Title Insurance Policy will afford them complete protection against title defects. This is not necessarily true in either case.

Keep in mind that an abstract is merely an outline of public records on the tract. Any person may purchase an abstract covering any piece of land, whether he owns it or not. A Title Insurance Policy indemnifies you only up to a certain maximum sum of money, and contains various exceptions to the specified coverage.

Following this would be the problem of transferring the title from the legal owner to you, as purchaser, in such manner that no legal question might later arise concerning your sole and exclusive ownership.

Incidental to your title problems is that of ascertaining what restrictions exist upon the

lot you are buying and upon the neighborhood generally. Municipal zoning ordinances and restrictive covenants placed upon the tract by previous owners or developers of the subdivision may prove a protection or a hindrance, according to the plans you may have for future use or improvement of your property.

Other legal questions may arise in arranging the method of payment for the house. The fact that most people need years in which to complete such payment makes this a matter to be considered carefully.

These are some of the major legal problems you are likely to encounter in purchasing a home. Of course, a number of others may arise in some cases due to peculiar individual circumstances.

A free pamphlet containing useful information on legal problems involved in buying a home has been prepared by Texas lawyers. To obtain a copy, print your name and address on a postcard and mail to State Bar of Texas, Colorado at Fifteenth, Austin 1, Texas.

(This column, based on Texas Law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)

Mrs. J. W. Weathers spent the first of the week in Brownwood.

Mr. and Mrs. Milton Schorn and sons, of Fort Worth spent the weekend with her parents, Mr. and Mrs. Henry Harris and other relatives here.

Hugh Carroll, Former Mills County Resident, Is Buried At Lockney

Funeral services for Hugh Carroll, 62, former Mills County resident were held at the First Baptist Church in Lockney, Wednesday afternoon, September 8 at 2:00 o'clock. Services were conducted by Rev. R. E. Wiley, pastor of the church and Rev. A. L. Shaw of Lone Star, former pastor.

Mr. Carroll was born at Goldthwaite, March 15, 1892 and passed away at Lockney Tuesday September 7, 1954.

He had lived in Mills County all his life until moving to the Plains in 1919. He was married to Miss Ethel Reid of Center City, November 5, 1911. He had been a member of the Baptist Church for 45 years and a deacon in the church for more than thirty years. He was active in community life and was a member of the Lockney School Board for a number of years.

Survivors include his wife, two

sons, Glyn of Plainview and James of Dallas; one daughter, Mrs. James Crain of Clovis, New Mexico; three sisters, Mrs. Elmer Berry and Mrs. W. O. Oden, both of Goldthwaite and Mrs. Marlon Bledsoe of Dallas; three brothers, Ed Carroll of Stephenville, Jess Carroll of Seminole and Duke Carroll of Kamay. Five grandchildren also survive.

Interment was in the Lockney Cemetery.

BUSINESS VISITORS TO BROWNWOOD

Mrs. Ola Howell and Mrs. Andrew Baxter were business visitors in Brownwood and Bangs last Friday.

They were accompanied home by Roy Lee Hill, brother of Mrs. Howell, who is now employed by The Brown County Gazette at Bangs.

Sheep And Goat Raisers' Officials In Washington

San Angelo - Two members of the Texas Sheep and Goat Raisers' Association are in Washington this week along with representatives of wool growers organizations of the western states to consult with Secretary of Agriculture Ezra Taft Benson on the support level to be given 1955 wool.

Walter L. Pfluger, TS&GRA

president, and Clayton Park Ft. Stockton, went to Washington with Ray Willoughby, Angelo, president of the National Wool Growers Association.

Under terms of the re-passed National Wool Act Secretary of Agriculture announce the incentive or support level to be afforded and mohair only after consultation with wool and mohair industry representatives.

The wool act becomes effective in 1955.

The Greatest Gasoline Development in 31 Years

New Conoco Super Gasoline with TCP*

Boosts power as much as 15%!

Increases spark-plug life up to 150%!

Gives you extra gas mileage, too!

CROSS-SECTION OF TYPICAL SPARK PLUG

Combustion deposits form here, causing mis-firing and loss of power. TCP neutralizes these deposits, giving top power and performance.

Here's the most revolutionary advance in motor fuels since the introduction of tetraethyl lead in 1922—new Conoco Super Gasoline with TCP, brought to you by special arrangement with Shell Oil Company. TCP is Shell's trademark for the remarkable additive first developed for aviation fuels.

Now you can actually enjoy the benefits of an engine tune-up—just by changing to new Conoco Super Gasoline. Chances are, by the time you've finished your second tankful, you'll feel the increase in power. And you'll keep that extra power just as long as you use Conoco Super.

For Conoco Super with TCP is a new kind of gasoline. It overcomes the greatest single cause of power loss affecting most of the cars on the road today. Now, you can enjoy all the power that was built into your car.

Why you need Conoco Super Gasoline with TCP

In the average automobile, the by-products of fuel combustion constantly build up deposits on spark plugs and in combustion chambers. These deposits can "cheat" you of power in two ways. First, they actually short-circuit your spark plugs. This causes mis-firing. Second, deposits in the combustion chamber get red hot and cause the fuel to ignite before it should. This is called pre-ignition or "wild ping." The effect of fouled spark plugs and pre-ignition is a loss in power and a waste of gasoline.

God's Answer to Job's Perplexity ILLUSTRATED SUNDAY SCHOOL LESSON

By Alfred J. Buescher

Scripture—Job 38-42.

Then the Lord spoke to Job out of the whirlwind, and said: "Who is this that darkeneth counsel by words without knowledge? Where wast thou when I laid the foundations of the earth? declare, if thou hast understanding."

Job answered the Lord: "I know that Thou canst do everything, and that no thought can be withholden from Thee. Who is he that hideth counsel without knowledge? Wherefore I abhor myself, and repent in dust and ashes."

The Lord reproved Job's friends because they had counseled him wrongfully. He commanded them to take rams to Job for sacrificing. He told Job to pray for them. They did as ordered and Job prayed for his friends.

The Lord gave Job twice as much as he had before. All his relatives came to him with gifts of gold. "So the Lord blessed the end of Job more than his beginning."

Texas Will Accept Invitation From Court To File Segregation Brief

Austin, (Spec.) — Attorney General John Ben Shepperd last Wednesday announced that Texas will accept an invitation from the United States Supreme Court to file a brief on segregation in public schools.

"After having given this matter several months of constant and exhaustive study, and having consulted with a wide cross-section of educators, teachers, legislators and State officials, we feel that we should file a brief in order to properly present the Texas position on this question," he said.

Shepperd pointed out that the only States having the issue of segregation before the Supreme Court at this time are Delaware, Kansas, South Carolina and Virginia and the mere filing of his "amicus curiae" (friend of the court) brief would not bind Texas in any decree resulting from these four cases.

"The Texas segregated school system is unique," he said, "and most Texas citizens think Texas should be allowed to work out her own problems. We will urge this view in our brief."

"We don't want what is happening in West Virginia to happen to our school children," he declared.
West Virginia abolished segregation following the May 17 decision of the Supreme Court,

and the opening of the fall school term was marked by strikes, demonstrations and other civil disorders.

The Court held May 17 in the Delaware, Kansas, South Carolina and Virginia cases that segregation in the public school of those State was unconstitutional.

The court indicated then that it might set up machinery to hear evidence in individual States Shepperd expressed hope that the Court would work out some such method for Texas, thus allowing this State to bring out all facts concerning her own school system.

"This would allow time to study the experience of the four States now before the Court," he said, "and would also permit a possible legislative solution to the problem."

Pleasant Grove

By Mrs. W. B. Wilkey

We are enjoying cooler weather and a light sprinkle of rain which fell Tuesday morning.

The Pleasant Grove Club and Scallorn Community Club met at the Pleasant Grove School house for a covered dish luncheon. They quilted two quilts for Red and Dorse Kelly.

Mr. and Mrs. Thomas Wilkey were weekend guests in the Wilkey home. Sunday afternoon Mr. and Mrs. Carl Covington, Judy and Howard Wayne, Mrs. Elmo Watson, Tom and Sam were guests of the Wilkeys.

Mrs. Ray Berry is in Rock-springs helping care for a new grand son, son of Bobby Dyas. Bobby is stationed somewhere in Germany.

Mrs. Fred Laughlin, Mrs. Jewel Wilson and Mr. Varnell were guests of the Wilkeys Sunday afternoon. Mr. Varnell was not able to get out of the car but seemed to enjoy the trip. Grandmother Covington is

improving.

Bobby Baird has a fractured leg.

Mr. and Mrs. Ernie Hairston of Killen were guests of the Lewis Covingtons last Sunday.

PLEASANT GROVE LADIES' CLUB MEETS SEPTEMBER 30

The Pleasant Grove Ladies' Club will meet with Mrs. Charlie Berry in her home on Thursday afternoon, September 30. Mrs. Berry will have a quilt ready for quilting and the ladies are asked to bring their thimbles. She will also have Textile painting to be demonstrated.

The last club meeting was postponed due to sickness in the community. All club members are asked to remember the date and come enjoy the afternoon.

Hospital Notes

James Leslie Simpson returned home from the San Saba Memorial Hospital last Tuesday. He underwent surgery there last Friday morning. His mother, Mrs. Ruby Simpson stayed at the hospital with him and at last report he was well on the way to recovery.

W. D. (Duke) Clements who underwent surgery at the San Saba Memorial Hospital about ten days ago was able to be brought home on Tuesday of this week. According to the latest reports his condition is satisfactory.

School Enrollment For New Year Shows Increase Over Last Year

Statistics received recently from Austin show that our net scholastic enrollment for the

1954-55 session is up by ten pupils from our 1953-54 figure. This is encouraging in face of the continued drought that has lessened work within our county. Of this figure 527 were enumerated, four transferred out and fifteen transferred in.

Scallorn News

By ORA BLACK

Our community was shocked last Friday morning when the news came that Mrs. Kirk Buttrell had suddenly passed away with a heart attack. The Buttrells are among the old time settlers here and are highly respected by all who knew them.

Mrs. Leon Johnson and son, Thurman went to Waco where they took Yvonne to resume her studies for the fall and winter term at Baylor University.

John Samuel Kuykendall of Houston, attended the funeral services of Mrs. Buttrell, his aunt and visited here.

Huntis Black, a student in Houston University is in Kansas City, Kansas, where he was presented an award from the Santa Fe for his achievements.

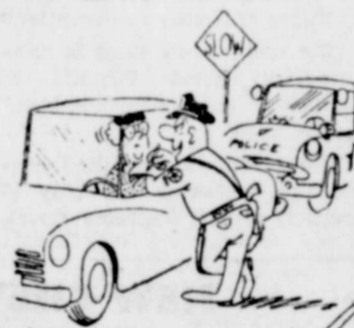

Mrs. Edith Hughes of California left for her home Friday after a visit with her son, Mr. and Mrs. Dick Hughes at Shady Oaks Ranch.

Guests Saturday night of Mr. and Mrs. Leon Johnson were Rev. and Mrs. Jerry Griffin of Brownwood.

Rev. and Mrs. Griffin were luncheon guests Sunday in the home of Mr. and Mrs. John Kuykendall.

There will be a weiner roast at the Scallorn Community Center the evening of October 15. Bring what you like for your family and guests. We have not heard what the entertainment will be, but are sure you will enjoy the fellowship of friends and neighbors.

All-Weather Special

By VERA WINSTON

USEFUL to own is a new rain-coat that is able to fare forth smartly in the coolish weather that's ahead. The fabric is weather-proofed wool jersey in gray or red with a small stand-up collar of black velvet. Nice details include self buttons down the front, push-up cuffed sleeves and a black taffeta lining. The coat is slightly gathered on either side of front and in back. It has big patch pockets. A good choice for college or career girl wear.

Costume-On-The-Go, City Edition \$14.95

Completely self-sufficient, all this dress and jacket need are each other to cover the town, beginning now! Components of this Todd costume—a jewel neck sheath dress, cut to a surprising ease, rich in stitched detail. And over it, a tweed-influenced jacket, newly swaggered. Dress is Moss-Goldsmith Dye-Mix rayon and dymel blend. Jacket is Smooth Stuff, brushed rayon, acetate and cotton blend. Both fabrics blissfully crease-resistant and practically seasonless. Oxford, mustard, black or aqua. Sizes 10 to 20.
