## Members And Guests Will Have Next Meeting At Star

Members of the Goldthwaite Lions Club and their wives and a number of guests will meet at the Star on Tuesday night March 15 at the next regular meeting for the club.

A special benefit dinner will be served by ladies of the Star community who will also have charge of presenting the program for the evening. Dinner will be served at 7:30 p.m. and program immediately following. Proceeds from the event will go toward new rooms in Educational Building of the Methodist Church at Star.

Gerald Head was named chairman of a committee in charge of attendance for the meeting. Working with him on the committee are Lewis T. Huston, Vic Koleber and J. T. Jones.

Members present at the Tuesday night meeting voted to support the move by each member being responsible for four persons attending the dinner. That will take care of himself, his wife and a non-lion and his lady, as guests.

## Mills County Grand Champion Lamb At Houston Show Sells For \$2,100

By VERN SANFORD  
Texas Press Association

Austin, Texas—Investigation of veterans' land sales is spreading.

Twenty new witnesses were called in for testimony by the House investigating committee the past week. All were former employees of the General Land Office.

More will testify this week—the third week of interrogation by the House committee.

Two additional months of investigation will be undertaken by the Senate committee by order of the upper house. Investigation by the Senate committee has been going on since late in December.

A parade of witnesses will continue for several days.

Latest suit brought by the attorney general boosts the total recovery sought by the state to \$1,113,800. Named among the defendants were J. Paul Little and R. H. Stallings of Crystal City.

Atty. Gen. John Ben Shepperd said the land was purportedly owned by A. B. Abbott, "a fictitious person—an assumed name used by the defendant J. Paul Little."

Shepperd has charged that Veterans Land Board files were rifled and records removed, after the investigation started before Christmas.

### REGULATING LABOR UNIONS

A determined effort is being made to draft more stringent labor laws. It stems from the Port Arthur strikes.

Labor unions on the other hand are actively expressing their opposition.

A Senate committee delayed action on Sen. George Parkhouse's bill. It prohibits picketing by non-employees and strikes by other than the majority group of employees.

In the House, the labor committee heard a bill written by the State Federation of Labor. According to Rep. Maury Maverick Jr., co-sponsor, it would have prevented the Multiple-strike situation in Port Arthur.

Under the Maverick-Berlin bill, the state labor commissioner would be required to call an election to determine whether the union represented a majority of the employees. A strike or picketing until that was determined would be prohibited. Also, if the union lost the election, it would be prohibited from picketing.

This bill also creates a full-time Industrial Commission to review disputes and invoke public opinion. But it would have no enforcement powers to settle labor fuses.

Nobody opposed the bill. It was sent to a sub-committee for a week's study.

Roy Harrington, secretary of the Texas Council of the CIO, said his group reluctantly accepted the bill. "We are about convinced," he said, "we are going to be hit over the head with a stick at this session. We're trying to pick out the smallest stick, the one that will hurt the least."

Some industrial leaders call the union's bill a little Wagner Act. They say it forces arbitration by a state commission, collective bargaining, and production of books and records.

Myron Hillman, 19 year old sheepraiser from Mullin, led his Grand Champion Lamb of the 1955 Houston Fat Stock Show into the auction ring and walked out \$2100 richer. His Southdown lamb had previously been named first in its class, Champion of the Junior Lamb Show, and then Grand Champion of the Show.

Myron, presently enrolled in Texas A&M but showing as a member of the Mullin FFA, also showed the fourth place Pen of Three Southdown lambs and teamed with other Mills county boys to completely sweep the Junior Lamb Show.

Aubrey Hillman, Myron's brother, walked off with as many honors as he exhibited the second, third, and fifth place lambs in the Southdown class, the first place Pen of Three Southdowns, and the Champion Pen of Three Lambs in the Junior Show.

Jimmy White another Mullin FFA lad, showed the Reserve Champion Lamb of the Junior Show and the Reserve Champion Pen of Three Lambs of the show. These lambs had previously won first, second, and third in the Medium Wool class and first place as a Pen of Three in the Medium Wool class.

Joe Reeves of Mullin continued the winning ways by showing the second place Pen of Three Medium Wool lambs.

Peggy Pafford had the third place Pen of Three Medium Wool lambs and Thurman Warren had the fifth place Southdown Pen of Three. Ralph Hasley's lamb won fourth place honors in its Medium Wool class.

Entries in the lamb show this year totaled 1336.

## White Elephant Sale Discussed At Lions Meet

A county-wide white elephant sale for the purpose of raising funds to help retire the indebtedness of the agriculture barn was discussed at the Lions Club meeting Tuesday night.

Show officials have pointed out that costs of putting on the local show have increased to the extent that it is difficult to raise enough money to retire the debt on the new barn.

The matter was brought before the club for suggestions and a number of members expressed an opinion that a county-wide white elephant sale would be a good project since the local show and agriculture barn are of benefit to all Mills County.

Vocational Agriculture teachers and their students as well as farmers, ranchers and business men are invited to express their opinion on the subject. Every one interested should contact R. T. Padgett, chairman of the committee, or Vic E. Koleber at the Eagle Office.

## FFA Team Wins Top Trophy For Livestock Judging

The Goldthwaite FFA Livestock judging team composed of J. D. Cook, Joe Benningfield and John Henry won first place in the Livestock Judging contest held in connection with the Livestock Show at Houston last Saturday night. They were awarded the top honor trophy according to announcement by Y. B. Johnson Jr., vocational agriculture teacher, who accompanied the team to Houston.

John Henry was the seventh high point man in the contest and was awarded a check for \$125.00 for the purchase of a registered heifer calf.

## Boy Scout Week Is Observed; Awards Given At Annual Banquet

The week of February 6 through February 12 was designated as Boy Scout Week and was observed in Goldthwaite by the Cubs, Boy Scouts and Leaders.

On Sunday, February 6, 65 Cubs, Boy Scouts and Adult Leaders attended morning services at the First Methodist Church and the boys took part in the services, which was the Annual Church Service for Scout Week. The Scout Master here is Floyd Langford; Asst. Scout Master, Bill Yeager and Asst. Junior Scout Master is Penn Barnett.

On Monday night, February 7, Troop 77 held their Annual Parents Banquet with 100% attendance. The banquet was prepared and served by the troop mothers and was held in the basement of the First Methodist Church. The Court of Honor was held at this time and the following boys received merit badges and awards: Charles Roy Wilkins Jr.—home repairs and music; Harry Smith—animal husbandry and home repairs; Del Barnett—animal husbandry, horsemanship and home repairs; Tom Cody Graves—first aid and music; Mike Hoover—swimming; Darel Yeager—home repairs and reading; Gary Head—home repairs and reading; Steven Smith—animal husbandry; Terry Pribble—swimming merit badge.

The Cubs and Boy Scouts had window displays in the business houses in town during Scout Week.

Troop 77 has qualified for the Five point plan by Camping and

mittes of Comanche Trail Council for the Ribbon Award.

**CUBS TO HAVE BANQUET**  
The Blue and Gold Banquet for Cub Scouts will be held Thursday (tonight) February 17 at the school lunchroom at 7:00 p. m. The leader for the Cubs is Howard Campbell.

Den Mothers for the Cub Scouts are as follows: Mmes: Truet Auldridge, Howard Campbell, Floyd Langford, Barney Edmondson, A. L. Oliver and T. J. Blackburn.

**S. D. Jernigan Judges Of Horses At Houston Show**  
S. D. "Sig" Jernigan spent two days last week in Houston where he judged Halter and Working classes in the regular Quarter Horse division of the Houston Fat Stock Show. Judging took place on Sunday and Monday, February 6 and 7, with over 200 entries in the Halter classes.

The grand champion stallion in the Halter class was "Jim Nance", owned by John Dublin Jr., of Branhart, Texas. The grand champion mare in the Halter class was "Dee Gee" owned by Wanda Harper of Mason, Texas. "Dee Gee" was also grand champion mare of the working class division and of the entire show.

Mr. and Mrs. Jernigan left Saturday, February 5 and returned Tuesday night of

## More Reports For March Of Dimes

Two more reports were turned in for the March Of Dimes after report was released last week by County Chairman Dr. T. C. Graves. Those reporting are Center City Study Club contributing \$5.00 and special collection made by Malcolm Jernigan at the Auction Barn Monday of this week in the amount of \$24.45. This brings the total to date to \$1,257.93.

### BENEFIT BASKETBALL GAMES TUESDAY NIGHT

Two basketball games are scheduled for next Tuesday night for the benefit of March Of Dimes, it was announced as the Eagle went to press.

GHS Girls will play the Blanket girls at 7:00 p.m. The Blanket girls are district champions in B conference.

GHS boys will play a team made up of Goldthwaite businessmen. This game will be played at 8:15 p.m.

All proceeds from these two games will go to the Mills County March Of Dimes fund.

### BANK HOLIDAY NEXT TUESDAY

Mills County State Bank will be closed all day next Tuesday, February 22, Washington's birthday, which is a regular bank holiday.

Jimmy White with his Reserve champion Lamb of the boys show.

## 1955 Red Cross Drive To Start Tuesday March 1

With the announcement by Charles Conradt, campaign chairman for the 1955 Red Cross fund drive, that the Mills County goal will be \$1,925.00, efforts are being made to complete plans for the drive starting March 1.

In addition to the \$1,925.00 goal, a membership goal of 2000 has been set for Mills County.

Last year, a total of \$1,233.68 was raised here, and a total of 475 contributors, representing a contribution of \$1.00 or more each, were added to the national membership roll call.

At a recent chapter meeting, the board of directors decided to follow the same organizational fund raising plan as used in previous years.

In addition to the advance gifts division, there will be a men's division, in charge of smaller business and professional sections; the women's division, largely in charge of the residential sections; the industrial division, in charge of the larger industrial and business employees; and the rural division, in charge of the area in the county outside the city limits of Goldthwaite.

## Council Orders City Election

Members of the city council meeting in regular session Monday night of last week ordered the regular city election to be held on the first Tuesday of April, or April 5, at which time two aldermen are to be elected.

Members of the council whose term expires this year are Jesse Moreland and LeRoy Stacy.

In order to have their name printed on the official ballot prospective candidates must file for office thirty days before election day.

## Singing Tonight At Youth Center

The Men's Downtown Bible Class Singers and the Singing Class of Duren will meet Thursday night (tonight) at 7:30 at the Mills County Youth Center for their regular singing.

Everyone has a most cordial invitation to be present and enjoy the fellowship and good singing.

## Experiment Of Teaching Children To Be Better Readers Is Being Used

By MRS. ELVA DELAPP  
Since progress comes about only through experimentation, some of the elementary teachers of the county have decided to experiment with the problem of teaching children to be better readers. Priddy school started last year in the first grade using the philosophy and program of phonetic principles developed by Cornelia Brown Loop.

Use of this program the first year proved to be such a revelation that they are continuing in the second grade and are introducing the principles in the third, fourth, fifth, and sixth grades. Some of the Goldthwaite teachers are using the same system in a modified form in the elementary grades.

Mrs. Etta Patterson, third and fourth grade teacher of the Star School, spent last summer in San Marcos State Teacher's College studying methods of teaching reading. Since she is following a logical pattern of guidance in phonetic and structural analysis skills, her students are showing a marked improvement in their ability

to master words independently and to comprehend what they read with a high degree of accuracy. They are developing the power to think things through, thus relieving their minds of the many different memory jobs.

Mrs. Patterson and Mrs. Telnert of Priddy have given demonstrations to other teachers of the county showing how they work with their pupils and with what enthusiasm the children work.

Our experimentation with teaching phonics leads us to conclude: 1) that it gives the children a feeling of security in that they make their own discoveries and understand the "why" for saying words as they do; 2) that it provides pupil guidance in finding "key understandings" that help them to remember or recall sounds of letters and to analyze words; 3) that there is less forgetting, more group participation and a definite increase in free and independent reading, and 4) that the children have greater opportunity to do logical thinking.

Inside WASHINGTON MARCH OF EVENTS

See Senate's Approval Of 90-Cent Wage Peg 75-Cent Floor Today Agreed as Too Low

WASHINGTON—The Senate undoubtedly will approve President Eisenhower's request for a boost in the national minimum wage to 90 cents an hour...

There is almost complete agreement that the present 75-cent wage floor is inadequate in the light of the rise in the cost of living over the past several years.

Mr. Eisenhower's request is receiving most favorable attention. However, Senator Charles E. Potter (R), Michigan, has proposed that the minimum be pegged at \$1 an hour...

Senator Allen J. Ellender (D), Louisiana, expressed the view of most southerners when he said: "I shall give this question careful study and, while I am inclined to favor the President's proposal, I have always believed that the minimum wage should be a real minimum..."

"In considering proposals to raise the minimum wage, we must also take care not to crush our growing southern industrial movement."

STATE OF THE JUDICIARY—A hot constitutional fight is developing over recent proposals that the Chief Justice report to Congress each year on the "State of the Judiciary."

Supporters of the idea insist such a move is necessary if the courts are to escape from the "desperate" plight in which they say Congress has left them.

However, many Constitutional lawyers—a lot of them members of Congress—argue against the proposal vigorously. They say the Constitution clearly sets up barriers between the judicial and legislative branches which a report of the sort contemplated would tear down.

These same opponents also believe that political considerations are involved. They warn that a politically ambitious Chief Justice might use his appearance before Congress to build up his presidential aspirations.

Chief Justice Earl Warren is sincerely exempted from this allusion, but opponents point out that Warren won't be Chief Justice forever.

MERGER, MAYBE—Labor observers feel that the chance of a merger of the CIO and the AFL is still a long way off. This view persists despite public statements by both Walter P. Reuther, who heads CIO, and AFL President George Meany that organic union is a possibility in 1955.

One of the big unanswered questions is whether either Reuther or Meany would be willing to step aside and accept second billing in a merged labor organization.

Many outsiders believe that Labor's cause can best be served by continued separation of the two big groups. They point out that real progress was made during the past year by the CIO-AFL agreement to stop raiding one another's unions.

Another merger—that of John L. Lewis' United Mine Workers and Dave Beck's AFL teamster's union—is still a possibility also. Opinion in Washington, however, is divided on a major scale as to whether there are any real prospects for such a move.

Mr. Lee Rudd died at the sanitarium in Sweetwater at an early hour Sunday morning and his remains were interred Monday in the cemetery in his home community, in Fisher County.

Mr. Ollie Stone died in the sanitarium in Brownwood Sunday afternoon, after several weeks of illness and his remains were brought to the home of his uncle, J. C. Fulton, in this city from which place funeral services were held Tuesday afternoon at 2:30 o'clock, with burial in the Center City Cemetery.

A crowd of young people met at the home of Mr. and Mrs. Walter Featherston in the Kelly Community last Friday night, February 7. Each one taking a gift with them and from there they went to the home of Mr. and Mrs. Floyd Featherston, surprising them in the new home they had moved into that day.

Monday afternoon Marvin Rudd met with an accident on the highway near Lawn, Taylor County, that might have been fought with serious consequences. He was on his way home from attending the funeral of his brother near Sweetwater and in the car with him were three ladies, his wife, Mrs. Charlie Rudd and Mrs. D. Howard Rudd. He was meeting another motorist when a cow started across the road and cleared his side of the highway and the other motorist deliberately crossed over to Mr. Rudd's side, causing him to hit the cow and badly damaging his car, fortunately the occupants of the car were not badly hurt.

Miss Mary Brooks of Big Valley left Monday for Forney in response to a telegram announcing the death of her niece.

D. Y. Fox has bought the residence he formerly owned in the northern portion of town and will move into it as soon as he can have some repairs made. L. W. Welch has bought the Meador place in the western part of town and moved into it.

In getting reports from various sections of the county about our recent rains it is interesting to note the difference for the month of January and so far in February this year as compared with a year ago.

In comparing the first five weeks of this year with the beginning of 1954 it is interesting to compare notes on the rainfall as recorded by Goldthwaite's official weatherman, Harry Allen. According to his records in 1954 we received 50 of an inch in January, 21 of an inch in February and .66 of an inch in March. That amounts to 1.37 inches during the first three months of last year.

This year we received 1.52 inches in January and 1.49 inches for the first nine days of February, making a total of 3.01 inches. More than twice the amount we received during the first three months of last year. Prospects are certainly bright, at this stage of the game, for a grain crop this year. Grain is looking good at this time and with a reasonable amount of additional moisture Mills county farmers and ranchers will not only have grain crops but also graze on the range lands.

Dr. T. C. "Tommy" Graves and his girl "Friday" Dorothy McCasland, are still quite hopeful that the March of Dimes this year will top the contributions of last year. The doctor, who is general chairman for Mills County, is plugging to get the drive over the goal of \$1,400.00 Dorothy has been keep-

ing up with the details of committee appointments, receiving reports from the committees and keeping tally on results and totals that are turned in so that the chairman is kept posted on progress that is being made. She has also been getting the reports out to the press so everyone can be informed on the drive. The drive is extended through February and those who have not been contacted are asked to send their contribution to Dr. Graves so that it can be included in the total report for the county. Folks should be interested in knowing that Mills County received more from the National Foundation for treatment of Polio than residents of the county contributed during the past two years.

A note from Mrs. Eddy Hawkins of Wilcox, Arizona, states: "Enclosed check for Eagle for another year. Can't do without it, as I read about the happenings of all my old friends."

Mrs. Earl Rodgers of Winters, Texas, writes as follows: "I'm enclosing check for my subscription to the Eagle. Have just returned from the hospital where I have been for some time, but, sure don't want to lose track of my home town."

Mrs. Howard Campbell tells of a group of Cub Scouts making trips to various business enterprises and places of interest in the city. One of those places of interest was the county jail. She said that visit certainly left a genuine impression with a number of the boys. They not only saw the jail house they also saw one of the hostile customers, as they made their tour. While they went through the

morning at 1:00 o'clock, at the advanced age of 90 years.

Misses Ada Busbee and Mary Lou Grundy left Monday night for Dallas to study spring styles of Millinery.

H. H. Faulkner's little 1 year-old son was badly burned at the family home near Payne Gap Monday of this week. Mrs. Faulkner left the little fellow in the room by an open fireplace and when she returned a few moments later she found his clothing on fire. His burns are painful, but it is not thought that permanent injury will result.

Miss Mary Brooks of Big Valley left Monday for Forney in response to a telegram announcing the death of her niece.

D. Y. Fox has bought the residence he formerly owned in the northern portion of town and will move into it as soon as he can have some repairs made. L. W. Welch has bought the Meador place in the western part of town and moved into it.

place they also had opportunity to see some improvements taking place. Carl Letbetter has been doing a little steel work on the place. His little welder machine has been parked along the south side of the building several days lately and from looks of things a good bit of fixing is going on. The morning as he was about to work on the job there was a number of steel strips stacked along the building. Some Carl's friends were kidding him and asking about the steel job.

The value of the dollar and what money will buy this and time seems to be leaving its impression with the younger set as well as the grown folks. Rena (Mrs. Dutch) Smith and the other day she was in store in one of our neighboring towns and while there she watched a little school age girl doing some shopping. She had her purchase and the merchant placed her change—on a nickel—on the counter. He noticed she started to leave the building and he called to her: "That's your change." She replied: "That's alright, it won't be anything anyway."

## Self Culture Club Meets Thursday

The Self Culture Club met in the home of Mrs. J. A. Hester last Thursday afternoon. Invocation was given by Mrs. Norman Duren and Mrs. T. M. Glass, program chairman gave a short sketch of the life of Giuseppe Verdi and listed his important Operas. Mrs. Glass introduced Mrs. Sam Sullivan who gave a splendid review of Verdi's Opera "La Traviata". Recordings of the music were also greatly enjoyed. Mrs. Sullivan attends Grand Opera in Dallas each year and in her reviews she brings the Opera to club members. Although the day was cold all who head Mrs. Sullivan felt repaid for being at the meeting.

Refreshments were served to members and guests at the conclusion of the review.

## Rev. Ray Mayfield Guest Speaker For Art And Civic Club

Mrs. Milton Tate and Mrs. James Cooper were hostesses at the Tate home on Thursday, February 3 for the Art and Civic Club. Mrs. Marvin Hodges was program leader and introduced the guest speaker, Rev. Ray V. Mayfield, pastor of the First Baptist Church.

Rev. Mayfield spoke on "Our Four Great Faiths." His message gave everyone present a better understanding of other religions as well as their own.

The four religions he spoke of were: Mohammedanism, which started in Arabia by Mohammed, whose followers revere him as the prophet of God; Buddhism, which arose in India and spread over Central and Eastern Asia. Confucianism of China which stressed social service and The Christian religion, which is superior, as Rev. Mayfield said "the head and shoulders of other religions" because the Christian religion appeals to our reason, it satisfies the longings of our souls, it is a religion of mercy, it is where one can find comfort and strength and one of the most wonderful things about our Christian religion is the transforming of a life.

Club members and guests enjoyed the program and delicious refreshments which carried out the Valentine theme.

AVIS SCOTT, whose plunging necklines caused her to be considered too sexy for British TV programs, smiles as she announces that she is preparing to come to the United States. Singer Frankie Lane, who read of her plight in London, cabled her to "come on over." She agreed.

## Members And Guests Enjoy Club Meeting

Mrs. Floyd Manuel was hostess to the Rock Springs Community Club on February 10 at her home. There were five members, five visitors and two new members at this meeting. The visitors were: Mmes: C. G. Featherston, Pauline Woodard, Arthur Griffin, P. A. Roberts and John Walton. The club was glad to welcome Mrs. Tommy Karnes and Mrs. Hamil Lynch as new members. The afternoon was spent working on cup towels and visiting.

After the business meeting the hosts served delicious refreshments to the club members and guests.

Mrs. Barney Tippen will be hostess at the next club meeting on February 24 at the Rock Springs club house (Rock Springs Schoolhouse).

## Brownie Troop 4 Visits Post Office And Eagle Office

Brownie Troop Number 4, met at the Little House January 4, for their regular meeting. After the business meeting Mrs. Sam Henry Rahl served nibbles to the Troop, after which accompanied by their Leaders, Mrs. W. O. Kemp and Mrs. D. E. Rhoades the Brownies visited the Post Office to see just how the mail is dispatched.

Each Brownie had written a letter and after mailing the letters James Leonhard asked them to come inside and watch the channel through which the mail travels before leaving the Post Office. He also explained how the mail was received and dispatched. Then Ann Kemp, Carolyn Rhoades, Janet Shelton, Kay Benningfield, Marsha Edgington, Sammy Lou Rahl and Maria Armendoz returned to the Lobby where they received the letters they had written. They enjoyed their visit very much.

Seven Brownies of Troop 4, with their leaders, met at the Little House, February 9. After assembling the Brownies made a trip to the Eagle Office to see how a newspaper is made. After an inspection in the composing room the thrill of the trip came when Franklin Weathers, Linotype Operator, set each Brownie's name and cast it on a linetype slug and gave it to them to take home.

After the visit to the Eagle Office the Brownies went to the home of Mrs. Kemp where refreshments were served after which the Brownies worked on Tenderfoot Requirements.

Brownie, Linda Kay Miller was unable to make the trip to the Post Office and Janet Shelton was not present for the trip to the Eagle Office.

**No gasoline-no, not a single one-  
has higher octane than  
New 1955 GULF NO-NOX**

**but octane alone is not enough...**

That's why new Super-Refined Gulf NO-NOX is specially made to burn clean—to protect your engine—to give you thousands of extra miles of full engine power.

Fill up with new Super-Refined Gulf NO-NOX and feel the difference, right from the start, in full engine power that lasts! You'll get:

- More complete engine protection than with so-called "miracle-additive" gasolines.
- Extra gas mileage in the short-trip, stop-and-go driving motorists do most.
- Stall-proof smoothness . . . instant starts . . . fast, fuel-saving warm-up.
- No knock, no pre-ignition—even in today's high-compression engines.

**This is GULF'S PLEDGE to the motoring public**

- We at Gulf make this promise to America's motorists. We will not permit a single competitor — no, not a single one — to offer a gasoline superior to our own superb No-Nox.
- It is our sincere belief that No-Nox is the finest gasoline on the market today, and no matter what others do or say we will keep it the finest — in power, in performance, in engine protection.
- This is not a boast, not a claim. It is a pledge to you, the motoring public—a pledge backed by the resources—and the integrity—of the Gulf Oil Corporation.

Always remember: Octane alone is not enough. Only a gasoline that burns clean can make its full octane power really work for you mile after mile.

That's why, instead of trying to fight harmful deposits with so-called "miracle additives"—inside your engine—Gulf believes in preventing them from forming in the first place; removes the cause—the "dirty-burning tail-end" of gasoline, at the refinery, to bring you new NO-NOX.

Just look at the plates in the photo above, and see what a difference Gulf super-refining makes!

## News About Social Security As Applied To Household Employers

Social security information, as it applies to many more household employers since January 1, is given in the new booklet, "Do You Have A Maid?," just issued under the joint sponsorship of the Internal Revenue Service and the Social Security Administration. It describes the first step to be taken by every employer of domestic help who pays an employee \$50 or more cash wages in a calendar quarter of the year for work in a private household.

"Copies of the booklet may be obtained by writing the Austin Social Security Office or Internal Revenue Office, it was announced today by the District Director of the Internal Revenue and James B. Marley, District Manager of the Social Security Administration."

Because of the broadened coverage of domestic workers, many more household employers are now required to report the cash wages paid their employees. It is no longer necessary that a

domestic employee work on 24 or more days in a calendar quarter for a single household employer in order to get social security credit for the cash wages paid.

The new booklet, officially designated as OASI-21, contains a cut-out post card which the household employer should use to obtain the form on which the cash wages of domestic workers are reported to the District Director of Internal Revenue.

**BUSTER McDONALD**

The appointment of Buster McDonald as air-conditioning salesman in Lone Star Gas Company's Waco Division of Distribution has been announced by Division Superintendent A. P. Rowland of Waco.

McDonald will have headquarters in Waco and for the time being his territory will include some 50 towns in Lone Star's Corsicana, Hillsboro, Marlin, Mexia, Palestine, Waxahatchie and Waco districts. However, Rowland said, McDonald will be subject to work in all of the towns making up the entire division of 18 districts.

### SELECT NURSERY STOCK CAREFULLY

There is no such thing as a "bargain basement" nursery stock. A healthy plant or good quality seed commands its own fair price but it pays off with good growth.

This does not mean that when a reputable nurseryman holds a "sale" he is passing off inferior merchandise. Rather, it is a warning against the type of itinerant peddler of stock who operates without license and makes promises instead of guarantees.

Planting of trees and shrubs is vital to the welfare of Texas. For this reason, the "Plant Texas" movement is being sponsored by the nursery industry of the state and it is endorsed by the Texas Department of Agriculture. But it is important to know your nursery man and not risk buying stock from off a truck by the roadside which is operating outside the law.

A dealer in nursery stock is required by law to be licensed by the Texas Department of Agriculture. This is a type of protection offered to the buyer. Purchasing from an unlicensed salesman encourages trade in inferior plants.

A healthy plant provides many benefits. In our cities, trees and shrubs can filter dust, absorb noise, temper climate, provide better and more natural living conditions. In the country, plants save the soil from erosion and conserves and utilizes the rainfall.

The TDA compiles a list and keeps an inspection record of nurserymen in Texas. This list is available to the public and should serve as a guide to licensed dealers. Irregularities in plant stock sales should be reported to the proper authorities.

Information and booklets on

licensed dealers can be obtained from one of the six regional offices of the Department. Address your request to the office nearest your home. The offices and officers-in-charge are as follows:

Lubbock, Room 116 Agricultural Bldg., Texas Tech, Darwin Metcalf; Arlington, Box 217 State College, Mearl Taylor; Tyler, 211 Tyler State Bank, Ray Cure; Houston, Room 111 Livestock Exchange Bldg., 4905 Calhoun Road, Travis Edwards; Pharr, 126 East Park, Nick Doffing; Austin, Texas Department of Agriculture, Capitol Station, John White.

it's easy to put this much sugar into one cup BUT HOW WOULD YOU MIX IT IN 5,330 CUPS?

a problem of the same proportion is facing most feed companies in mixing about 1/3 oz. of stilbestrol into one ton of cattle feed

The Food and Drug Administration in its approval for use of stilbestrol has set about 1/3 oz. per ton as the right amount for this powerful growth stimulant. That means it is added in the proportion of only 1 part to 90,800 parts. It must be mixed so that cattle get just the right amount... too little stilbestrol in their ration won't produce maximum gains... too much in their ration can prove toxic. Yes, it is a big mixing problem for most feed companies—but not for Purina, with its exclusive Micro-Mixing process.

### Some Tips On Winter Pruning

College Station, (Spec.) — There's a reason for pruning any tree or shrub and you should think before you whack.

Are long limbs dragging the house? Want to improve the shape of the tree? Or do you desire more shade?

These are things to consider before you start with the shears, says Sadie Hatfield, extension specialist in homestead improvement.

All limbs should be pruned flush with the parent limbs so no stubs will remain to die, decay and harm the tree, advises Miss Hatfield. A properly made cut seldom needs paint and will

heal itself. Pruning stimulates the growth of new limbs and twigs and more leaves for shade will be the final benefit.

The specialist says to take the load off of limbs while pruning, use a support from the ground and cut the branches three or four feet from the main trunk. An undercut on the remaining stub will prevent bark splitting when it is removed from the trunk.

Mesquite, Mimosa and other open growing trees will give more shade and protection if the top limbs are cut back three or four feet. This, however, does not mean dehorning.

An application of a complete fertilizer and watering right after pruning will condition the tree for spring growth.

### PARENT PROBLEMS

### It Isn't Difficult To Talk to Children

By GARRY CLEVELAND MYERS, Ph.D.

GREETING a child graciously, and conversing with him companionably, is a fine art. Those who have been good companions to their own children or grandchildren usually do it well. Some persons with young nieces and nephews also know the technique.

#### Grown-Ups Differ

As you know, grownups differ widely in their ways, with children not their own, when they meet these children on the street, in a store, or as guests or hosts, and the child, two, 12 or 16, senses these differences. After a guest has left your home, this child may say: "I like him." Or the opposite. Perhaps you already know how the child feels about this guest.

Let's consider, first, our social graciousness towards our own child.

#### Don't Frown Him

At the market with our child, three, when greeted by a friend of ours, a stranger to him, let us consider how the child feels. Suppose this child hangs his head and makes no answer to the friend. We should not press him to respond. If the friend does, we should divert the friend's attention. Neither should we encourage the child to become the center of attention at this time.

So, also, when a guest is in our home, our attitudes and ways can help make both the guest and child pleasant and comfortable. This also holds true with the older child or youth.

#### How Does Child Feel?

As you can see, it's how the child feels that counts. Do we set the stage so he will feel he is treated by us and the guest as a real person no younger than he

really is? If we act toward the ten-year-old as if he were only two, toward the teen-ager as if only five, we may encourage the guest to act likewise. Of all terrible things for a child is to be talked to or talked about as though he were a toy or puppy!

Let's learn to treat another person's child as he wishes to be treated, and deserves to be treated; that is, as a real person. We won't ask him to tell his name, or age, or in what grade he is at school. Nor will we ask such questions of his parents in his presence. We won't talk about his size, clothes or bodily features.

By listening attentively, we may soon learn from the tot or youth, without asking any questions, what his chief interests are. Or a skillful question might cause the little child to show us something he has drawn or made with playthings. The child six, or 8 or 10, may tell us about his fun with other children, or something he has created with his hands.

#### Teen-Ager's Interests

If the teen-ager talks up in the family conversation, we will be alertly interested, especially should he express ideas differing from those of most adults. Or if he should talk of sports or artists on the air, or current world events or of vocations.

Most of all, we shall be constantly aware of the child's presence, aware that he is a real person, as important as any other person present but no more so. We should treat every child as a very precious person.

(My bulletins "The Shy Child" and "The Show-Off Child" may be had by sending a self-addressed, stamped envelope to me in care of this newspaper.)

### Questions And Answers On Filing Income Tax Returns For Year 1955

#### WITHHOLDING FOR A MAID

Question: Must I withhold tax from my maid's salary?

Answer: You do not withhold income tax. You do withhold Social Security tax under certain conditions.

Question: Can you explain this more in detail?

Answer: If you employ a household worker such as a maid, cook, valet, chauffeur, etc., the Social Security tax applies if the domestic worker receives cash wages of \$50.00 or more from an employer during a calendar quarter. This applies for the year 1955. The rule for 1954 and prior years was somewhat

different.

Question: How much tax should I take out of her pay if I am required to withhold?

Answer: You should withhold 2 percent of her wages.

Question: Is that all?

Answer: That is all you take out of her pay, but you must add an equal amount to it. And remember, these social security deductions apply only to the first \$4,200.00 you pay any household employee in 1955. For 1954, the limit was \$3,600.00.

Question: What is the next step?

Answer: You should obtain a supply of Forms 942 from your District Director of Internal Revenue and send one in at the end of each quarter with your remittance of the tax withheld plus your share of the tax.

#### CREOMULSION

Relieves Cough, Chest Cold, Acute Bronchitis

mark the tenth anniversary of the Fort Worth Press "Save the Soil and Save Texas" Conservation Award program.

Mr. Owens was selected because of his outstanding job of conservation ranching.

Farmers and ranchers interested in planting sweetclover should be making arrangements now to get this important job done. February 15 to March 15 is the best dates for planting clover.

Sweetclover has a variety of uses. Some cooperators plan to overseed their oats with clover and bale it for hay this summer. Others will plant the clover and use it in the late spring for temporary grazing.

When planting sweetclover always remember to treat the seed with the proper inoculant before planting. This one precaution may mean the difference in success and failure of the crop.

Rotation and deferred grazing of rangeland is an important range practice. During the extended drought, farmers and ranchers have been able to utilize their rangeland properly

through these practices.

Many stock farmers could not use this needed practices due to not having their rangeland divided properly. A new cross fence practice has been approved by the Mills County ASC committee this year. By using this practice farmers and ranchers in the District can divide properly. A new cross and deferments can be made. Approval for this practice will be limited to fencing that will contribute to better distribution of livestock.

Guy Laughlin, M. W. Trotter, A. Arrowood, Alma Sutherland, Willie Groth, Charlie Griffin, Ernest Lynn Fisher, and Harold Ethridge have made application for this practice and plan to get ready for their summer deferments.

Mrs. Hud Hamilton spent several days last week with her sister, Mrs. Bob Johnson and Mr. Johnson and her father, Henry Morris. She had been with her brother, Boyd Morris in Corpus Christi and was enroute to her home in Wilcox, Arizona.

W. W. Linkenhoger of Eastland spent the weekend with his parents, Mr. and Mrs. W. H. Linkenhoger.

## The Inside Story of the New TUBELESS TIRES that are Standard Equipment on 1955 Cars

### Firestone Again Makes History by Providing Car Owners with Tubeless Tires at No Extra Cost

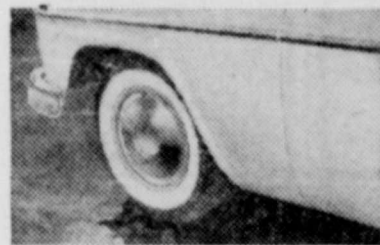

A NEW day has dawned for the car owners of America! Tubeless tires are now standard equipment on all of the new 1955 cars at NO EXTRA COST. Until now, tubeless tires have always sold at premium prices. But Firestone, after years of research and after investing many millions of dollars in engineering, in facilities and in new equipment, showed the industry how to build them to sell at the price of a conventional tire and tube.

Yes, Firestone, the Pioneer and Pacemaker, has done it again. The new Firestone De Luxe Champion Tube-

less Tire at the price of a conventional tire and tube takes its place with the first non-skid tread, the first straight-side tire, the first balloon tire and many other Firestone "firsts" as a notable contribution to automotive safety, comfort and economy.

If you buy a 1955 model car, have it delivered on Firestone De Luxe Champion Tubeless Tires. Or, if you continue to drive your present car you can have it equipped with Firestone De Luxe Champion Tubeless Tires without changing your present wheels or rims, and get a generous allowance for the unused mileage in your present tires.

#### Only Firestone Gives You All These Built-In Advantages

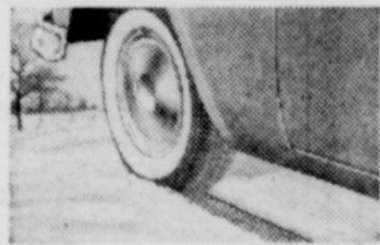

Blowout Protection

There's no tube to pinch or explode! The Safety-Liner, which holds the air, also reinforces the tire... instead of a dangerous blowout you get a harmless slow leak.

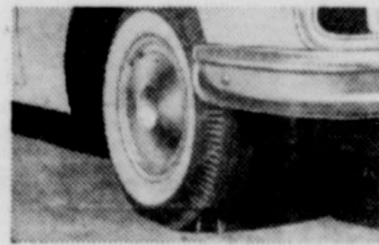

Quieter Running

No hum or whine because tread elements overlap each other to prevent rhythmic vibration. Silent Safety-Grip Tread won't squeal even on sharpest turns.

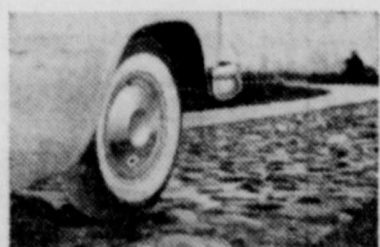

Skid Protection

Newly designed silent tread has more non-skid angles... more skid-protecting edges than ever before... has 70% more skid-resisters than ordinary tires.

Puncture Protection

If a nail or any sharp object should penetrate this tire, the Safety-Liner grips it and slows air loss... No sudden flat tires, no need to change flats on the road.

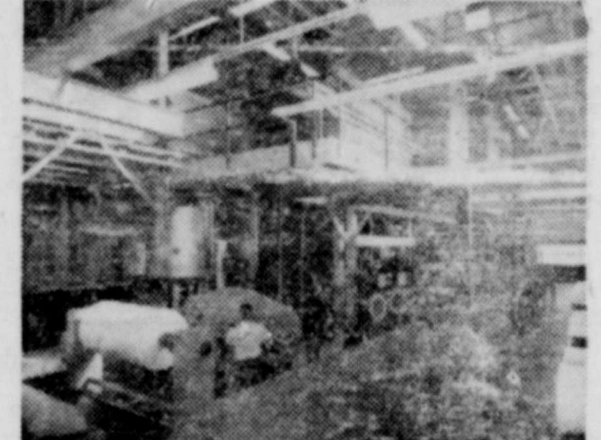

Greater Comfort

New resilient tread compounds and flexible tread design absorb bumps and road shock and cushion the ride. Elimination of the inner tube also provides a softer ride.

Longer Mileage

Tread is compounded of tough wear-resistant rubber for extra mileage. Safety-Tensioned, Gum-Dipped† Cord Body prevents tread cracking and can be retreaded again and again.

This new cord treating factory combines the famous Firestone Gum-Dipping process with Safety-Tensioning, a new process which takes the stretch out of tire cords. The result is greater blowout protection and longer tire life. No other tire gives you this safety feature.

\* Also available for use with tube. † T.M. Reg. U.S. Pat. Off.

## TODAY'S Menu

### Hearty Chicken Pot Pie

By ALICE DENHOFF  
YOU might like to try chicken pot pie made with caraway dumplings, a substantial meal for a wintry day. Incidentally the caraway dumplings are equally good in lamb or veal stew. Or "halve" the recipe and cook in thin tomato soup for a luncheon dish.

**Caraway Dumplings**  
First, the dumpling recipe: Sift together 1/4 c. enriched flour, 2 tsp. baking powder, 1/4 tsp. salt. Add 1/4 tsp. caraway seeds and 2 tsp. minced parsley. Mix in 1/2 c. butter. Break 1 egg into a measuring cup and add milk to make 1/2 c.  
Mix into dry ingredients, adding a little more milk if necessary to make a soft, but not sticky dough.  
Turn out onto floured board; roll or pat to 1/4-in. thickness. Cut with very small round cutter such as the detachable center of a doughnut cutter.  
To cook, drop into boiling liquid, cover tightly and simmer 10 min. by the clock.  
For the pie, get a 4-5 lb. spring chicken and cut into joints or serving pieces. Add 2 qt. boiling water, 2 stalks celery, tsp. salt and 1/4 tsp. thyme. Simmer, covered, until chicken is tender.  
Add 3 carrots, thinly sliced.  
Add 5 potatoes, cut into small cubes. Cover and cook 10 min.  
Add caraway dumplings. Again cover tightly. Bring to boil and simmer exactly 10 min. No lid-lifting, even for a split second.  
Add the white of 1 hard-cooked egg sliced into bits. Turn into serving dish, press the hard-cooked egg yolk through a strainer over the top. Garnish with parsley. Serves 6-8.

**Simple Luncheon**  
For an easy lunch dish, combine a can of condensed cream of mushroom soup and 1 can of tuna fish. Season with curry powder to taste.  
Instead of the usual fruit-flavored gelatin for dessert, try lemon flavor this way: Follow standard recipe for making the gelatin, but when you heat the liquid, add 1 in. of stick of cinnamon and 8 whole cloves (strain them out later). And just when the gelatin is partially jellied, beat until it is fluffy. Then chill and serve with a soft custard.

**ILLUSTRATED SUNDAY SCHOOL LESSON**

By Alfred J. Buescher

In the first church composed of the apostles and their converts, all shared what each had, and they met daily to eat and pray together "in gladness of heart."

In his first epistle to the Corinthians, Paul emphasized the necessity of love for others, and the qualities of true love, for "love suffereth long and is kind."

Paul wrote to the Ephesians that he kneel before his Father, "that Christ may dwell in your hearts by faith; that ye, being grounded and rooted in love."

"Beloved, let us love one another: for love is of God; and every one that loveth is born of God; and knoweth God." MEMORY VERSE—I John 4:11.

**Clementine Wilmeth Briley Writes From Temporary Home In El Paso**

By CLEMENTINE WILMETH BRILEY

It was happy to see in last week's paper an account of the birthday party for Mrs. Sarah Ann Reeves on her 97th birthday. How I wish I could have been there. It said she had lived in Brown County some 70 years. It was Brown County when she moved there, at soon afterward it was changed to Mills County. It had been changed to Mills County when we moved about 1888, but when we acquired our land, it was Brown County.

They had lost their oldest daughter and were caring for her four children, John, Ida, Gertrude, and Belva Welch. Ida and I were near the same age, and we played together that day. There were green peaches in the orchard, and all of our children ate some.

The next Saturday Ben Ratliff came to our camp to get my father to preach. It was very pretty and sweet. I was only seven, but secretly I adored Mrs. Reeves and Flora and the house. But it was several years after that before we became intimately acquainted.

In the fall of 1895 they built the Reeves schoolhouse. Miss Sallie Hildebrand was its first teacher. She boarded at the Reeves place and loved it. Miss Sallie was a wonderful teacher. She won the confidence of all her pupils, and we would tell our insides out to her. She got the neighborhood all acquainted. She made us know and love one another. Many were the happy days I spent at the Reeves home after that. That girls' room up stairs was a wonderful place to spend the night. Near by was the Bill Reeves home where Stella lived. She most always joined us in that room up stairs. Willie White, now Mrs. Henry Egger, was another of our cronies.

There were seven of the Reeves children. But diphtheria took baby Fred before he was five. He still had his baby curls. He did not want them cut because he thought they would bleed. Rose, a lovely daughter, went to Tennessee to stay with re-

latives and go to school. But she never came back. She died under an appendicitis operation. Several years ago Cleero, the oldest son, was drowned while crossing the swollen river that skirted their orchard at their home at Trinidad, Colorado. He was the husband of Miss Sallie Hildebrand. Miss Sallie—as we still call her—lives at 523 W. Kansas, Trinidad. She retired from teaching only a few years ago. The last time she visited these parts she said she had never found a place she loved like the old Reeves home.

Flora, Stanley, and Homer were present at their mother's birthday party. Only Brownie was absent. She lives in Los Angeles. I had a letter from her this week. She had attended an antique show at Long Beach. She said, "Among the many, many things I saw one black-haired china doll brought tears to my eyes. She looked so like one of my own. Rose's doll had blond hair. One day Stan bumped their heads together, and off those heads rolled as smoothly as if cut with a knife. So I grieved a moment for them after sixty years. We didn't like Stan for quite awhile after that."

He didn't show much, if any, remorse. But I think he was sorry, though I do not remember his ever saying so.

A letter from Mrs. Edna Dwyer (Feb. 3) said she had heard from Mrs. P. R. Reid of Goldthwaite that there was still quite a bit of oil excitement at Ebony. They were needing rain as usual, but they thought the cold was holding the fruit back. Mrs. Reid had cabbage heading and onions in the ground. Mrs. Dwyer said she left her ground all spaded up just ready to put the seed in, and she can hardly wait to get back to it. Today I found one daffodil peeping through the ground.

### State Capitol News (Continued From Page One)

#### CRIME AND COMICS

Rep. Joe R. Pool has introduced a bill to outlaw crime, horror and sex comic books.

Another to prohibit all sorts of lewd and scandalous publications has been presented by Rep. Grainer McIlhany.

A House committee heard 18 witnesses, 14 in favor of the two bills. Authors passed out samples of the publications. Committee members got so busy examining the exhibits they missed much of the four hour testimony.

#### INSURANCE BILLS

A bill by the Association of Fire and Casualty Companies won the approval of a Senate committee. It is designed to correct abuses in the casualty field.

Sen. C. C. Martin is sponsor. The bill would raise minimum capital and surplus requirements for companies engaged in fire, casualty and marine insurance to \$500,000; and raise the minimum for casualty companies to \$150,000 capital and \$150,000 surplus.

Also approved by the committee was Sen. Searcy Bracewell's "tough" bill to raise the minimum capital and surplus for legal reserve life companies to \$375,000.

#### LOWER BUS TAXES

The Legislature's tax program took a short backward roll down hill—as the House voted to cut \$250,000 a year from present registration fees of motor busses.

Rep. Douglas E. Bergman's amendment to increase auto license fees by one-third was modified to exempt commercial vehicles, then reported favorably to the House.

After six weeks of legislating, the lawmakers have shown little inclination to increase taxes.

#### CIGARETTE SMUGGLING

Cigarette smuggling cost Texas \$1,200,000 in badly needed revenue last year. So says J. G. Pope of the cigarette and amusements tax division of the state comptrollers office.

An all-out enforcement campaign has been ordered to stop the flow of bootleg cigarettes. They are coming in from Missouri and Colorado where there is no state tax.

#### NEW APPOINTEES

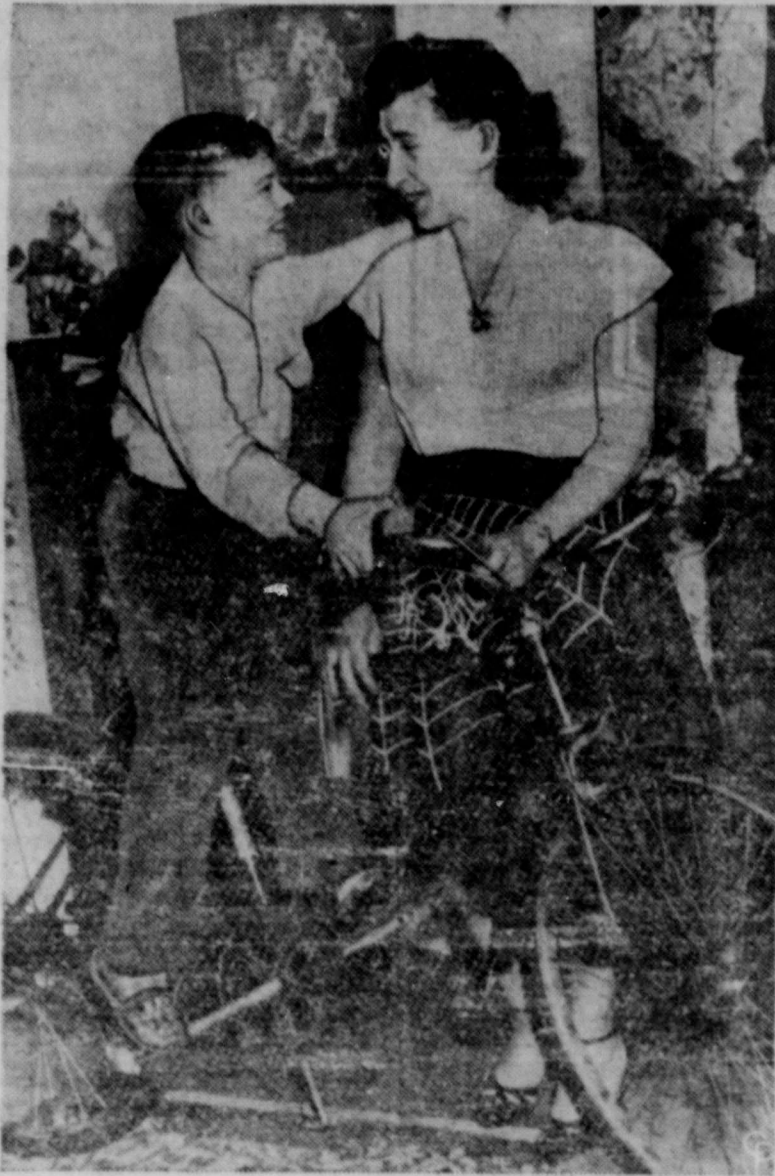

Gov. Allan Shivers has named three new members of six year terms on the University of Texas Board of Regents.

Designated were Mrs. Charles K. Devall, wife of the publisher of the Kilgore News Herald; Dr. J. Lee Johnson III, Fort Worth Lumberman; and Dr. Merton Minter, San Antonio physician.

program in the auditorium there will be a fellowship hour with refreshments in the Youth Center Building.

### Mrs. R. Wilcox Hostess To Club

Mrs. Raymond Wilcox was hostess to the Pleasant Grove Ladies Club on Thursday January 27. At this meeting plans were completed for the "Chill Supper" on Friday night, February 11. The ladies almost finished a quilt that afternoon before the meeting adjourned.

There was a good turn-out at the "Chill Supper" last Friday night and every one enjoyed the get-together.

Mrs. W. B. Wilkey will be hostess for the next club meeting on February 24 at her home. She asks everyone to bring something to work on. Visitors are always welcome at these club meetings.

Roberts, Pearl Absher, Elizabeth Jordan, Eula Hobbs, Ella Lawson, Addie Cox, Sallie Smith, Jewell Slaughter, Ester Ethridge, Wynona Wasserman, Edna Wasserman, Era White and Grandma Warner. In the afternoon, Mmes: Ann Clendent, Ford Linnerwebber and Seth Price visited with the club members.

The club will meet next on February 24 and at that time, Mrs. Ester Ethridge will have a quilt ready for quilting, and so will Mrs. Marie Hodge.

According to one of the club members, Mrs. Edna Wasserman, the Quilting Club is steadily growing and all the ladies of Mullin have a cordial invitation to visit or join the club.

### Schubert Club Enjoys Folk Dancing

BY LYNETTA DUREN

The Schubert Club met February 1, 1955 for their regular meeting in the basement of the First Methodist Church with Mrs. Ed Lovelace in charge of

the program, which was on the lives of American Composers. She asked questions and her pupils played several selections of American music. Several other pupils also played selection after which a business meeting was held.

After the business meeting, club members and guests under the direction of Mrs. Della Barnett, practiced folk dances. Refreshments were served by Mmes: Tommy Graves, Tommy Harper and Millard Cockran. Everyone enjoyed the program and entertainment.
