Joe Benningfield Visits Parents

Airman Joe Benningfield U. S. N. left Monday for Point Mugu, California, after a two weeks visit with his parents, Mr. and Mrs. J. D. Benningfield and sister, Kay. He was accompanied to Kerrville by his mother where he joined a buddy for the trip back to California.

Senterfitt Is Lions Speaker

Reuben Senterfitt, San Saba attorney and candidate for Governor of Texas, was the guest speaker for the regular meeting of the Goldthwaite Lions Club Tuesday night at The Hangar.

He told his audience that one of the greatest needs in Texas today is the revision of the Texas Constitution.

The Constitution which was established in 1876 with sound and fundamental principles of government has become out of date with a patchwork of over 100 amendments through the years. These amendments have resulted in considerable overlapping of state department functions.

He stated further that the state government is now carried on through 180 separate departments, which should be reduced to reasonable number of from 15 to 25 departments.

As a means of revising the constitution he proposed the constitutional convention system.

The former state representative, and speaker of the house for two terms, pointed out the importance of every citizen taking an active interest in the science of government since government has a direct bearing on and effects the everyday life of everyone.

Miss Louise Collier of Lubbock spent Monday night with her cousin, Mrs. C. D. McLean, Mr. McLean and children.

Glenn Anderson, who has been a patient at the Veterans Hospital in Dallas for the past several weeks, came home for a few days stay, he will return to Dallas Monday.

Mr. and Mrs. W. M. Potter of Brownwood spent Sunday in the home of his sister, Mrs. F. M. Stephens and Mr. Stephens and their mother, Mrs. W. B. Potter.

Baseball For Mills County Boys

County-Wide Committee Named To Formulate Boys' Baseball Program

By VERN SANFORD Texas Press Association

AUSTIN Tex.—A long battle for interposition action begins in Texas next week.

At its Tuesday meeting in Houston the State Democratic Executive Committee will answer Gov. Allan Shivers' proposal to place the interposition question on the primary ballot.

Reports also are to be made by the party's legal subcommittee and the Texas Committee on School Segregation. Both have been studying the suggested interposition referendum.

Governor Shivers is expected to ask voters to join his crusade against federal encroachment by giving the legislature a mandate for interposition. He will address the committee at a night meeting to which all Democrats from the Houston area are invited.

Later, Shivers will visit various parts of the nation. He will talk to leaders, without regard to party, and make speeches to gain nation-wide support for the interposition movement.

Also on the executive committee's agenda will be the laying of groundwork for the upcoming convention battles. Liberal-loyalists have indicated clearly that they intend to fight the conservative party leadership at precinct, county and state meetings.

FAVORITE SON APPROVED—Speaker Sam Rayburn's proposal that Texas Democratic convention delegates be chosen who will support Senate Leader Lyndon Johnson as the favorite son candidate for presidential nomination, won general approval.

Rayburn's suggestion that Johnson be made chairman of the delegation was endorsed by Liberals, but brought no reply from the conservatives.

TEXAS GOP PLANS STRATEGY—Texas Republicans will bypass the holding of primaries this year. They will concentrate on the general election.

At their Austin meeting the State Executive Committee agreed (1) to nominate by convention; (2) to hold precinct conventions May 5, county conventions May 8 and the state convention May 22 in Houston; and (3) to focus efforts on the reelection in November of President Eisenhower and Dallas Congressman Bruce Alger, Texas' only Republican congressman.

Texas' delegation to the national GOP convention is expected to be solidly pro-Eisenhower, but the touchy question of a vice presidential nominee has been carefully avoided.

VACCINE STRETCHING DEBATED

Public health officials are in disagreement over a proposal to delay third polio shots in order to extend the dwindling vaccine supply to more people.

A two-shot plan was endorsed by the Public Health Service in Washington. Such a plan would stretch the still-short supply of

A county-wide committee was named last Friday night, at a special meeting held in the district courtroom, to formulate further plans for organizing a little league or boys' baseball program for Mills County for the summer season.

About twenty men and five boys attended the meeting which was called by LeRoy Stacy on behalf of a number of local citizens who are interested in getting the program set up.

The group discussed the possibilities of teams being organized in Goldthwaite, Mullin, Priddy and Star. Also the possibility of employing a full time manager, or coach, to work with all the boys and have charge of the park and arranging and scheduling games for the season. They also gave consideration to sponsorship of teams and ways and means of financing such a program.

It was definitely pointed out that the program is to be set up in such a way to give all boys of the county an opportunity to participate in baseball, from the little leaguers age group through the teenage group.

After considerable discussion the group elected a county-wide committee to give further study and come up with a recommended plan to follow.

Appointed on the committee are two co-chairmen and two representatives from each of Goldthwaite, Mullin, Priddy and Star. They are as follows:

Co-Chairmen — LeRoy Stacy and Voy Lee Doggett. Goldthwaite — Ray Standley and J. W. Laughlin. Mullin — Glynn Sanders and Argie Whisenhant. Priddy — Walter Marwitz and Bon Spontz. Star — Paul Kelso and Herman Lee.

This county-wide committee is expected to report back to an open meeting within the next two or three weeks with some recommendations.

In the meantime everyone who is interested in the baseball program for boys of the county is urged to contact one of the committee members in their respective community.

Committee members are anxious to hear from as many as possible. It will help the committee in working out details and setting up a program.

Mrs. A. L. Whittaker, was transferred from the San Saba Memorial Hospital at San Saba to Scott & White Hospital at Temple last Tuesday morning, where she underwent surgery. At last report she was resting comfortably.

Mr. and Mrs. Lee Roberts and grandson, Richard Roberts, of Brooksmith, spent last Sunday with their daughter, Mrs. R. Glynn Raley and Dr. Raley.

Mr. and Mrs. Hubert Martin of Beaumont visited his grandmother, Mrs. W. B. Potter and other relatives last Sunday.

Mr. and Mrs. Jimmie Earl McKee of San Angelo were recent guests of his aunt, Mrs. Jim Weatherby and Mr. Weatherby.

Mr. and Mrs. Henry D. Murphy of Midland were recent guests of her mother, Mrs. F. D. Webb and her sister, Mrs. Charles Frizzelle and Mr. Frizzelle. Mrs. Webb returned home with the Murphys for a few weeks visit.

THEY SOLD COOKIES—

Pictured here are three members of the local Girl Scouts organization, Troop 8, who were the top three in selling cookies during the annual Girl Scout Cookie Sale. They each sold 56 boxes of the cookies, making the "56" Club.

They are left to right: Jan

Moreland, daughter of Mr. and Mrs. Jesse Moreland; Janell Jernigan, daughter of Mr. and Mrs. Malcolm Jernigan and Linda Yarborough, daughter of Mr. and Mrs. Harold Yarborough.

Proceeds of the sale will go for the benefit of the camp site and improvements of the permanent Girl Scout Camp at

LAKE BROWNWOOD. Goldthwaite Girl Scouts and Brownies sold a total of 1,168 boxes of cookies during the drive.

These three girls pictured are under the leadership of Mrs. Jesse Moreland and Mrs. Houston Duren.

Regency Cemetery Working March 30

There will be an all day cemetery working at the Regency Cemetery Friday, March 30. Everyone interested in the upkeep of this cemetery is urged to bring tools and a basket lunch and help in this worthy work.

March 31 Is Important Date In Wool Program

Next Week Saturday, March 31, is an important date for wool growers in that it is the final date on which marketings of wool and lambs will qualify for payments under the current wool incentive program year.

This point is being stressed by E. L. Burkett, Chairman of the Mills County Agricultural Stabilization and Conservation Committee.

Those who still have 1955 clip wool to sell and those who shear early this spring and sell their clip on or before March 31 will qualify for the incentive payment for the current year. Payments on such sales will be made this summer or early fall.

Wool and lambs sold after March 31 will qualify for payment under the 1956 program year which begins on April 1. Payments based on sales made after March 31 will not be made until mid-summer of 1957, Mr. Burkett announced.

Filing Deadline For School Trustee Election Is Next Week Wednesday

The filing deadline for candidates to have names printed on official ballot for the forth coming school election is next Wednesday, March 28, according to an announcement by Judge John L. Patterson, ex-officio county school superintendent.

Regular elections for school trustees will be held in the Goldthwaite, Mullin, Priddy and Star school districts on the first Saturday in April, or April 7. Three board members are to be elected in Goldthwaite, Mullin, Priddy and Star for three year terms and one for the county school board from each of precincts one, two and four, for a two year term.

ELDER CHAMBERS TO PREACH AT MT. OLIVE

Elder W. J. Chambers will preach at the Mt. Olive Church next Monday, Tuesday and Wednesday nights, March 26, 27 and 28. Everyone has a most cordial invitation to attend the services.

Mr. and Mrs. H. A. Whittaker and Mrs. Dixie Sewell of Brownwood were luncheon guests of Mrs. Edgar McNutt one day last week. Mrs. Mae Gill also of Brownwood spent the weekend with her mother, Mrs. McNutt.

GHS Juniors To Present Their Annual Play Friday And Saturday

Juniors of the Goldthwaite High School will present their play, "Deadly Ernest", Friday and Saturday nights this week.

This is a story built around Henry Gilcrest who pays Mr. Bumpus to kill him because he is girlless, jobless, and homeless. Mr. Bumpus is to get a man named Ernest to kill Henry. Henry does not know when or how he will be killed, he only knows he is going to be killed by a man named Ernest. Everyone Henry meets is named Ernest. The other characters in the play add spice to the situation.

If you want to have an enjoyable evening get your tickets

from Shirley Rowlett or Dorothy Warlick and come to the play at 8:00 p. m. Friday or Saturday night.

Characters of the play are as follows:

Inside WASHINGTON MARCH OF EVENTS

No Quick Action for Controls | Most Congressmen Opposed On Credit Buying in Offing | To Granting Such Authority

WASHINGTON—Don't look for quick—if any—action in Congress on President Eisenhower's request for standby authority to impose controls on credit buying.

Most congressmen in both parties are dead set against the idea. And there doesn't seem to be much interest in stirring up the problem. Mr. Eisenhower wanted the standby authority to control buying of television sets, automobiles and other home appliances.

In his economic message, Mr. Eisenhower called the standby authority a useful tool the government could use to prevent inflation during business booms.

The government's authority to regulate consumer credit expired in 1952 when Congress rejected appeals of federal officials to extend the powers.

The main argument against the regulations centers on the fear of businessmen that the possibility of controls hangs like the sword of Damocles over the business community and is a deterrent to their operations.

Senate Banking Committee Chairman J. William Fulbright (D), Arkansas, says he would be glad to hold hearings on the proposal but is lukewarm to enacting credit legislation at this time.

GRAND TOUR—The American Automobile association recommends that American citizens planning a European tour by car should make their arrangements early. The AAA says that on the basis of inquiries received so far, the number of Americans planning auto tours of Europe will be about 25 per cent higher than last year. It estimates that the total this year will be 125,000. With that many Americans testing out the European highways, the AAA says, it's a good idea to get your plans made early.

MIGHTY 'MITE'—Washington is unquestionably the most important national capital in the world today yet, population-wise, it hardly compares with a great many other capital cities scattered about the globe.

There are no less than 28 national capitals larger than Washington. This list not only includes such well-known cities as London, Paris, Berlin, Rome, Madrid, Buenos Aires, Rio de Janeiro, Tokyo and Moscow but some towns far less familiar.

Capitals that have almost the same population as Washington (502,178 in 1950) are Havana, Cuba; Bangkok, Thailand, and Montevideo, Uruguay.

PENNY PINCH—Last summer's northeast floods—besides all the other damage—also caused a shortage of pennies. Treasury official explained recently that the penny pinch of last autumn was due largely to the emergency tax which the state of Pennsylvania enacted to raise money for flood relief and rehabilitation.

Until then, cigarettes sold in vending machines in the state were an even 25 cents. The tax increased the price to 26 cents on some brands and 27 cents on others.

This, according to officials, "created a terrific demand for cents," especially since it came at a time—shortly before the holiday season—when public and private banks usually stock up on their pennies for use in the Christmas trade.

One result was that the Bureau of the Mint had to deliver to the Philadelphia banks more than 62 million pennies last autumn—compared with about 20 million for the whole year of 1954.

VIC'S... SOLILOQUY

Stephanie Saylor, daughter of Mr. and Mrs. W. G. "Spot" Saylor, had a new experience a couple of Sundays ago when she attended preaching service at the First Baptist Church. She will be three years old in May and has been attending the Sunday School and nursery class for some time, but this Sunday she went to church services with her mother.

Trippi Mayfield, son of Rev. and Mrs. Ray V. Mayfield is about the same age and he and Stephanie are good friends and have a lot of good times together.

Trippi's daddy, Ray was doing the preaching and little Stephanie was taking it in with all seriousness for a time as Bro. Mayfield went along with the sermon. To bring out his point he doubled his fist and brought it down on the pulpit for a time or two. About that time Stephanie, in all seriousness, looked up at her mother and said: "I don't think I like Trippi's daddy, he gets mad."

"GOVERNMENT HASN'T A DIME"

"Education has always been a matter for the localities in the states," writes James W. Douthat in the Idaho Voter. "The Federal Government hasn't got a dime that it doesn't take away from the people. So it can't give anything to a school system without first having taken it away from the very people who should be supporting the state system."

This is true of all other Federal "grants" to local government. Government, like an individual, can't get anything for nothing. The taxpayers must put up the money—plus the large additional sums absorbed by the bureaucrats and administrators.

In grandfather's time, 210 hours were needed to produce as much as a workman does today in 40 hours—American Petroleum Institute.

Our friend John L. Gwin writes from down Jackson, Alabama way, saying: "Come to see us here in the deep South. It rains nearly all the time here." He would come up with a remark in connection with the weather right at this time when we in Mills County are again badly in need of some rain. But, don't worry, it will rain again one of these days.

AN ECONOMY SUGGESTION

Does the fact that we have law enforcement officers on state and local levels imply that all citizens are law violators? Certainly not!

Neither do laws requiring publication of financial statements by governing agencies, or

open meetings of governing bodies, or that public records be open to public inspection imply that all government officials are corrupt. Yet many office holders resent and resist efforts to enact such laws because they say they are a reflection on their honesty!

Actually, such laws would be a protection to honest officials, just as the policeman is a protection to honest citizens.

Lack of an adequate police force tends to make people careless and they often do little things they would not do if an officer of the law were close at hand. Like speed laws, for instance. Isn't it surprising how much more carefully people drive when they see a highway patrol car parked by the side of the road?

Laws requiring publication of financial statements by tax spending agencies of the government are chiefly beneficial as a preventive measure. Few officials will unlawfully expend money if it has to be reported publicly. Most officials will weigh carefully what might be

only an unwise expansion they know it is to be paid for all to see.

Officials move more carefully in transacting government business when their meetings are open to the public, or when details of their activities are open to public inspection. This is for better government, and for sounder thinking and planning in government. It puts the occasional corrupt official out of business.

It was reported during Duval County investigation that financial statements sent to Austin authorities show that hundreds of dollars been paid carpenters for work on school buildings. Duval investigation began. Austin no way of knowing these were not legitimate, but it was revealed during the investigation that the carpenters had done any work and had received any payment.

How long would such practices continued had the school financial statements in newspapers? The carpenters would have revealed the same immediately, of course. More important—if more have been attempted, if publication had been required, that's why Texas needs requiring that public books be made public. That's why as voters should demand legislative candidates know their attitudes on measures during this campaign year.

Mr. and Mrs. J. M. Chaney of Lampasas visited her parents, Mr. and Mrs. J. S. Ivy recently. We were made sad Sunday when we learned of the death of Edd Swindle, a long time resident of Priddy. He leaves a host of relatives and friends.

We wish to express our sympathy to the families and loved ones of Mrs. N. A. Lunsford of Hamilton R. H. Patterson, Ben Wilcox and Edd Swindle. May the Lord bless you during your hour of sorrow.

Col. and Mrs. Vance Cornelius spent the weekend in Weslaco with his sister, Mrs. Jake Brown, who is seriously ill. Col. Cornelius returned home Monday while Mrs. Cornelius remained for a longer stay.

Jan And Nan Horton Celebrates Birthday

Mrs. M. F. Horton honored her twin granddaughters, Jan and Nan Horton of Waco, with a birthday party at her home Saturday afternoon.

A number of little guests helped the twins celebrate their fourth birthday.

A tea table was decorated with twin birthday cakes, candy bunnies and Easter chicks which were served the guests along with bottled drinks.

After an exciting Easter Egg Hunt the guests left wishing for Jan and Nan many more happy birthdays.

Sheepmen Warned of Deadline To File For INCENTIVE PAYMENTS

Sheep producers were warned today that they have until March 31 under normal conditions to apply for incentive payment.

In issuing the warning, the American Sheep Producers Council reminded producers that payments would be made on all wool and lamb for which final settlement was made during the marketing year—April 1, 1955, through March 31, 1956. No wool shorn before January 1, 1955, however, will be covered.

To apply, a producer must deliver to his county Agricultural Stabilization and Conservation office two copies of his accounts of sale of shorn wool and full-wooled lambs for slaughter.

All payments will be made directly to each producer by sight draft by the ASC office.

The county ASC office will also decide how much payment a producer should receive. Actually, producers will not receive their money until next summer. After the close of the marketing year, the Department of Agriculture must collect all sales records and then determine what growers on a national average were paid for their wool.

Incentive payments for pulled wool are calculated differently. For each 100 pounds of full-wooled lambs sold for slaughter, a producer will be credited for four pounds of wool.

should think of this as a chance to help make good one of the promises of our Constitution—trial by jury. Say the following to yourself:

"My forefathers wrested my right to serve as a juror from tyrants."

"Under our law no one's life, liberty, or property can be taken without due process of law."

"Trial by jury is our basic right. All who seek their day in court should have a fair hearing. They will get it from me."

"I will not ask to be excused from jury service except in an emergency."

"On my oath I will well and truly try each case before me, and a true verdict render under the law given me by the judge and the evidence at the trial without fear, favor, or hope of reward."

"I will listen closely, with open mind to all of the testimony, instructions, and arguments. I will not make up my mind until all the facts are in and the judge has instructed the jury on the law."

"I will search for the truth regardless of wealth or poverty, friendship or enmity of any party or witnesses."

"To someone my decision may mean the difference between freedom or imprisonment, poverty or wealth."

"Justice once but a dream is a reality when I, as a juror, do my full duty. No act of mine shall bring shame to our system of liberty under law."

PROTECTING FARMER'S PENSIONS

Unless a proposed amendment to the Social Security Act is adopted by Congress this year, retiring farmers may suffer permanently for income drops suffered the past three years.

As now written, the 1954 So-

1956 Highway Map Now Out

AUSTIN, (Spec.)—The new 1956 edition of the Official Highway Travel Map is now available. D. C. Greer, State Highway Engineer, announced in Austin Friday.

The map has many new features and contains a wealth of information on Texas, Greer said. Most of the topographical relief was removed from the map last year so that more essential information can be read easily and quickly. The growth of the Texas Highway System at the rate of about 3,000 miles a year has made it necessary to gradually remove some of the less important information to make room for the increased mileage, he said.

In addition to the highways and the mileages between various points, the Travel Map will show state parks with recreational facilities, historical state parks, roadside parks, altitudes, and the Highway Travel Information Bureaus. This pictorial side of the map features scenes of general interest both to Texans and out-of-state tourists, with every section of the state represented.

The Austin office of the Highway Department, the district offices, and the seven Travel Information Bureaus near the state's borders all have maps available for distribution. Special map cards for requesting a map may be obtained at the tax collector's office when license plates are purchased.

cial Security Act covering farmers would base the benefits on their incomes in 1955 and 1956, a period in which farm income dropped drastically.

An amendment to the act now before Congress would permit retiring farmers to eliminate their 4 or 5 lowest-income years since 1956 in figuring the base figure for benefits, just as those covered previously are entitled to do.

This applies to retiring farmers 65 or older this year who have paid Social Security tax on at least 6 quarter-years of income in 1955 and 1956. If they should die, their surviving dependents are eligible for benefits.

Extended coverage to these farmers is a vital, worthwhile thing. However, it would be rank discrimination to base the security of their remaining years on lower prices, higher costs, and natural disasters which have brought their incomes to a 15-year low.

THE SOIL BANK—WILL IT RAISE FARM INCOME?

The billion-dollar soil bank program, a major issue of the administration's farm program, is said by its backers to be the "balm in Gilead" for our economically-tortured farmers. They say it will increase farm income immediately, eliminate surpluses, and, coupled with sliding scale price supports, will cure all the farmer's ills.

Soil conservation—and that's what the soil bank actually amounts to—is definitely advan-

tagous. A great many farmers practice some form of conservation on their own. However, placing a government grant on idle land could possibly result in some unfortunate situations. One of the greatest dangers

existing is the possibility of discrimination in subsidizing waste lands as highly as fertile fields. If this is to be averted, administration of the program must be careful and complete, and consequently very costly.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

ATTENTION FARMERS, RANCHERS, AND PASTORS IN THE BROWN-MILLS SOIL CONSERVATION DISTRICT!! Will you all join together in observing Soil Stewardship Sunday in your church during the month of May? It is fitting to set aside at least one Sunday out of the year to give humble thanks to our Creator for the priceless gift of soil, water and sunshine that makes all living things possible. Supervisors of this district are asking the cooperation of all pastors in the Goldthwaite Work Unit area in observing May 6th as Soil Stewardship Sunday.

Plans are being made by the supervisors to meet with all pastors in this area to formulate plans for the observance.

These grasses are known as the fluffy seeded grasses and need more time for germination than do the slick seeded grasses.

The district has one two-row planter for seeding slick seeds and two grass seed drills for planting both slick and fluffy seed. The locations of this equipment can be obtained from the local custodians or from David Waiters or Hobert Priddy members of the board of supervisors.

Sheep And Goat Raisers To Meet This Saturday

SAN ANGELO (Spec.)—Sheep and goat men throughout the Hill Country are expected to congregate in Bandera Saturday, March 24, for the spring

meeting of the Texas Sheep and Goat Raisers Association, J. B. McCord, Coleman, TS&GRA president, has announced.

"All members and non-members interested in finding out what their Association is doing is invited to Bandera", Mr. McCord added.

Quarterly reports will be made by both the President and the Executive Secretary-Treasurer.

The committee charged with recommending a division of the states into ten districts as authorized by the newly adopted by-laws will make its first re-

port, he said. Also reported was the new Water Conservation Committee which has authority to cooperate with her state-wide agricultural organizations in a water program to present to the next legislature.

Committee meetings will be held at the Bandera School starting at 9:00 a. m. and the general meeting will be in the auditorium at 1:30 p. m.

Headquarters for the meeting will be at the Frontier Hotel, McCord said.

The Goldthwaite Eagle

Power for a World Mission

ILLUSTRATED SUNDAY SCHOOL LESSON

By Alfred J. Buesther

Scripture—Acts 1—2.

...after Christ's ascension, said they must now choose a 12th man in place of Judas Iscariot. Two were chosen, Barsabas and Matthias. Prayers were said, and Matthias was chosen.

As the 12 were gathered together at Pentecost, a sudden rushing wind from heaven filled the house. Cloven tongues of fire descended on the apostles and all were filled with the Holy Ghost, and spoke in strange languages.

This miracle frightened the people, who asked what they should do. Peter told them: "Repent and be baptized in the name of Jesus Christ for the remission of sins." The people gladly obeyed him and were baptized.

These early Christians lived in one community. They sold their possessions, sharing all with one another. They ate and prayed in the houses, and attended the temple services.

MEMORY VERSE—Acts 1:8.

Clementine Wilmeth Briley Writes of a Temporary Home In El Paso

By CLEMENTINE WILMETH BRILEY

Interesting events in the papers these days. Mills County Centennial... momentum each... alluring to me. And... I should be right... the midst of it, for that... Mills County where I... first a part of Brown... That picture of the... workers in Centen... is full of promise. I

find among them an Ebony girl, Merle Haynes Chesnut, my cousin, Mary Wilmeth Blagg; my good friend, Miss Estelle Duran; and my friend and teacher, T. H. Hart. I would like especially to see that Centennial Pageant, "Memories." But I see the dates are in April, and I can't be home till the first of June so I suppose I am going to have to miss everything.

I was greatly thrilled when I read in the Goldthwaite Eagle that Wayne Poe, another Mills County boy, had the Grand Champion at Houston. What a wonderful record for Mills County. Congratulations, Wayne Poe. And may you enjoy those college years. You Grand-Champion boys have really made Mills County famous.

In 1930 I attended a Teachers' Institute at Goldthwaite conducted by Dr. I. I. Hendrix (I might have the name wrong) of Austin. Always looking for a score for Mills County, I asked him how Goldthwaite compared with other places that he went to said, "I go all over Texas holding Teachers' Institutes, and this is an outstanding place. Most of the people here know their families from away back."

Fred Marshall and Mrs. F. Laughlin Return From Vacation in Colorado

Mr. and Mr. Fred D. Marshall of Lubbock and her mother, Mrs. Fred Laughlin, have just returned home from a trip to Denver, Colorado. They visited their son and brother, Jimmy Laughlin, who is stationed at Lowery Air Force Base there. This trip was a birthday gift to Mrs. Laughlin and Mrs. Marshall from Mr. Marshall.

While in Denver, the group, including Jimmy, who had time off while they were there, did quite a bit of sightseeing. They drove about 60 miles up in the mountains, over the highest highway, U. S. Highway No. 40, in the United States. They visited Echo Lake but found it frozen solid and being used for skating. It was 5 degrees below zero with snow falling and about six inches already on the ground.

Leaving the mountains, they returned by way of the canyon, down highway No. 6. They also visited Idaho Springs, which is a year round resort.

Saturday evening it began snowing in Denver and continued until Monday morning. Since the weather was so severe Sunday the four remained at the hotel, watched TV and really enjoyed visiting. They ventured

out late Sunday evening to find the temperature 10 degrees below, so the excursion was short-lived.

Jimmy had to return to his barracks at 9:15 Sunday evening, thus bringing to an end a most wonderful weekend.

Mr. and Mrs. Marshall and Mrs. Laughlin left Denver Monday morning with the sun shining, but had to drive about 200 miles before running out snow.

Mrs. Laughlin reported that in all her traveling, she had never seen such beautiful scenery as she saw on this trip and that she enjoyed the trip very much. She said Jimmy likes out there and will graduate April 17.

THE TEXAS LAW ENFORCEMENT CONFERENCE, sponsored annually by Attorney General John Ben Shepperd, left, will be held in Austin March 18-21. Featured speakers, left to right, include E. Stanley Gardner, attorney-criminologist and author of the Perry Mason mystery series; Rod Cameron, TV star of "City Detective"; and Col. Homer Garrison, Director of the Texas Department of Public Safety. Private citizens interested in law enforcement are invited to all sessions of the meeting. The week beginning March 18 has been designated by the Governor as "Civic Support of Law Enforcement Week" in Texas.

Portions Of Mills County History Presented At Art And Civic Club

Mrs. Ben Eger was hostess to the Art and Civic Club on March 6 in the home of Mrs. M. T. Burnham. Due to the illness of R. E. Clements, who was scheduled as guest speaker for the afternoon, Miss Florence Whitehead read the interesting history of Mills County he had planned to present.

existing counties of Brown, Lampasas, Hamilton and Comanche. It was named in honor of John T. Mills, Judge of the Third and Seventh Judicial Districts in the days of the Republic. It has an area of 734 square miles. The county was organized September 12, 1837.

"The Comanche Indians made many raids in the county during the early days, and The Comanche Trail passed between San Saba Peak and the Colorado River.

FOR Motor Tune-Up Brake Service and General Automotive Repair See TED VANCE GARAGE Hoover Motor Building

"Familiar places of pioneer settlement in the county are: Hanna Valley, now called Regency, Old Williams Ranch, Blanket Springs, Clement's House on the Bayou and Mullins Ranch near Thrifty.

"The first settlement in the present limits of Mills County was made at Williams Ranch. This settlement was attacked only once by the Indians and this was in 1874. General Robert E. Lee passed through the ranch when he moved troops from Old Indianola to Fort Griffin. Congressmen have visited the place and made many speeches there. In 1866, it was the headquarters of the West Texas frontier.

"Livestock raising is a most

important industry, featuring the breeding of fine sheep, goats and herefords. Wool, mohair, fruit, pecans, cotton, corn and small grains bring revenue into the county.

"There is a wide variety of soils, including alluvium in the bottom and black waxy on the prairie which promotes farming, as the principal industry of the county.

"Goldthwaite, which is the present county seat, took its name from an official of the railroad, Joseph W. Goldthwaite."

After Miss Whitehead finished reading the history of Mills County, Mrs. Marvin Hodges read two of Mr. Clement's poems about Mills County, namely, "Goldthwaite In The Hills Of Mills", and "The Blue Bonnet", to conclude the program.

The hostess served a delicious refreshment plate from a table covered with a blue linen cloth and centered with a beautiful arrangement of pink gladiolus and white carnations.

Tourist Industry Classed Second Only To Cotton In Texas Income

AUSTIN, Texas—"A check on the 1955 Texas Tourist Industry" was released today in Austin by the Texas Highway Department. The survey shows that 9.9 million out-of-state tourists visited Texas last year, an increase of 1.2 million persons over 1954.

In cash value the tourist industry ranks next to the state's annual cotton crop, with cotton listed at \$700 million and tourists at \$412 million for the year just past.

"Texas has been slow to realize the potential value of the tourist industry as a source of cash income," D. C. Greer, State Highway Engineer stated, "but the steady rise of out-of-state visitors since the end of the war indicates that people in other states are becoming increasingly aware of the state's many attractions as a vacation spot."

Annual tourist expenditures in 1950 were set by the Department at \$276 million. By 1955 this figure had increased by \$136 million. During the same period the number of tourists had increased from 8 million to 9.9 million.

Mr. Average Tourist of 1955 spent 5.5 days touring the state and spent \$7.35 daily for food, lodging and other expenses. "We believe this daily expenditure for a vacation is substantially less than is necessary in some of the other 'big' vacation states, thus allowing our out-of-state visitors to stay with us longer and see more of Texas," Greer said.

The seven Highway Department Travel Information Bureaus located at the state line were able to increase the itineraries of out-of-state visitors by assisting in planning and routing trips to include points of interest throughout Texas, Greer said.

In addition to this direct counseling of travelers, the bureaus and the Austin office

during 1955 answered a total of 356,506 requests for information on Texas from potential visitors.

"In spite of the limitations imposed on us," Greer stated, "we in the Highway Department are doing everything possible to bring Texas to the attention of vacationers from other states. We believe that we have only begun to tap this source of direct cash income, and in years to come we expect to see tourism move even higher on the scale of top Texas industries."

The Department also takes advantage of every opportunity to furnish out-of-state newspapers and magazines with photographs and stories on Texas, Greer concluded.

Lt. K. D. Wesson Visits Parents

Lt. Kenneth D. Wesson, son of Mr. and Mrs. C. C. Wesson arrived in Goldthwaite last week, from Fort Benning, Georgia, where he had spent the past five months in Officers Training School. After a thirty day leave he will report to Fort Lewis, Washington and receive assignment for over seas duty, in the Far East.

News About Social Security

Social security reports are due in April from housewives who employ domestic workers, according to James B. Marley, manager of the Austin social security office. Housewives are required to make these reports during April on household workers paid as much as \$50 in cash wages in January, February and March. This is the fifth quarterly report due since the new law covered household employees without regard to the number of days worked. Reports are sent to the District Director of Internal Revenue in Austin.

Work of cooks, maids, housekeepers, gardeners, and other workers in a private household counts toward eligibility for retirement or death payments under old age and survivors insurance if paid at least \$50 cash

wages by one employer in a calendar quarter. If the household employee works long enough to be insured, benefits are payable in old age or to certain survivors in case of death.

Free booklets explaining the employer's obligation and benefits to the employee are available at the social security office in Austin.

Mr. and Mrs. Ira Wilkey and children of Fort Worth were guests of his brother, Mr. and

Mrs. Ode Wilkey and Carolyn, last Friday night. Saturday morning, Ira and Ode made a trip to Corpus Christi to see their sister and family, while Mrs. Ira Wilkey and children went to Briggs to see her parents, Mr. and Mrs. H. Williams, night. They all returned here Saturday night.

M. R. Wylie of Edinburg who formerly lived here, was a business visitor in Goldthwaite last week.

Many Veterans Filing Insurance Applications Late
 Veterans of the Korean and post-Korean conflict period are losing valuable GI insurance because they are filing applications for special five-year term policies four months after separation instead of within 120 days. The law grants only 120 days in which to apply for this non-convertible term policy without medical examination, the Veterans Administration said today.
 One hundred and twenty days, VA explained, can be and usually is less than four months. So, when a Korean veteran counts on a four-month leeway and thus files his application one, two or three days late, he cannot be granted insurance under the law.
 Not only must the application for this special term policy be filed with VA within the 120-day period after separation, but the first premium also must be paid within the same period, VA said.
 A longer period of time in which to apply is granted to Korean or post-Korean veterans who are found by VA to have service-connected disabilities. These veterans must apply within one year from the date VA finds their disabilities to be service connected and they must pass a medical examination to show they are otherwise insurable except for their service-connected disabilities.
 Any VA office will be glad to assist Korean and post-Korean veterans applying for the GI insurance to which they may be entitled.
 J. Alva Hallum and son, Robert of Brownwood were guests of Mr. and Mrs. Wilford Gray last Thursday.

Meat In Loaf And Soup
 By ALICE DENHOFF
 SINCE meat isn't all roasts, steaks and veal cutlets, let's take a look at the thriffter side of the picture. Ground beef comes to the rescue and there it is, just waiting to be used with added ingredients that should include a little imagination.
Meat and Rice
 A rice-stuffed meat loaf should get a good reception.
 For 8 servings, combine 1½ lbs. ground beef, ¼ c. minced onion, ½ c. day-old bread crumbs, 2 slightly beaten eggs, ½ c. milk, 1½ tsp. salt, ½ tsp. sage and ½ tsp. pepper.
 Place half the mixture in a greased loaf pan.
 Combine ingredients for stuffing and spread on meat loaf mixture; top with remaining loaf mixture.
 Bake at 325° F. for 1¼ hrs. Let stand 15 min. before slicing. Serve with hot tomato sauce.
 To prepare the stuffing, combine ½ c. cooked rice, 1 beaten egg, ¾ tsp. salt, ¼ tsp. pepper ¼ c. milk and ¼ tsp. thyme.
Hearty Soups
 Good as our commercial soups are, some of us like to go on a soup-making spree once in a while.
 If you would like to prepare 2 qts. of a hearty oxtail soup, then invest in 2½ lbs. oxtails.
 Dry and dredge with flour and brown in a little hot fat in a deep, heavy utensil.
 Add tsp. salt, ½ tsp. pepper, ½ bay leaf, 2 sprigs parsley and 2 qts. water. Boil for 10 min.; skim. Cover and simmer over low heat 2 to 3 hrs. or until meat is very tender.
 Remove joints, pick meat from bones and return meat to soup stock.
 Add ½ c. each diced celery, carrots and onion and simmer 30 min.
 Add tsp. Worcestershire sauce and season to taste with salt and pepper.

Census Survey To Obtain Facts On Consumer Income
 Special questions on consumer income, migration and family characteristics will be asked in the U. S. Census Bureau's Current Population Survey in March, according to Supervisor Walter A. Freeman, Jr. of the Bureau's district office at Dallas which will participate in the survey. The special questions will be in addition to the regular employment and unemployment inquiries asked each month in the Current Population Survey.
 Supervisor Freeman emphasized that all information about individuals furnished to the Census Bureau is held in absolute confidence under Federal law. It is used only to obtain summary figures such as totals, averages and percentages for various groups in the population and not to show information for particular families or individuals. The information can not be furnished to any other Government agency and thus cannot be used for investigation, taxation or regulation.
 The Current Population Survey will be conducted locally and in 329 other areas of the county during the week of March 19. Information will be collected locally by Nella P. Casbeer, of Lampasas, Texas.

MRS. ORA BLACK
(Written for last week)

We are not yet prepared to make a statement as to what the cold weather did for the fruit crop out our way. We are keeping our fingers crossed and just hoping it came through alright. Some tender vegetation was badly damaged.

Mrs. Luther Brown was called back to Ballinger recently to be with her mother who is reported to be quite sick.

Mrs. Manuel Bishop received a message Thursday from Llano stating her sister had passed away. She and Mr. Bishop left immediately to be with her mother and other relatives.

Huntis Black came in from Houston Friday for a weekend visit with his parents and brother, Layton.

Miss Greta Sue Hines spent Sunday night in Goldthwaite guest of Miss Virginia Strickland.

We were guests last Monday at the home of a daughter, Mrs.

Charles Wright of Mullin for an all-day meeting with the ladies of the Austin Avenue Presbyterian Church, Brownwood, where they met for the weekly Bible Study.

The morning was spent in visiting and admiring the Centennial Bonnets worn by the group. Each lady displayed a different style bonnet made from black taffeta down to checked gingham. The bonnets will be worn until after the Centennial.

At the noon hour guests were invited to the dining room for a most delicious feast. After lunch the ladies met in the living room where each took part on the program. The study was from the Book of Hebrews. By mid afternoon the meeting adjourned and each of the ladies thanked the hostess for a long to be remembered day.

While in Goldthwaite Saturday we were much surprised to meet an old time friend, John Livergood of California. He and Mrs. Livergood have been visiting in the Pleasant Grove community with relatives. John in earlier days was one of the local boys and worked for Mr. Black, two years.

The social at Scallorn Center was enjoyed by those present. As usual the food was of the best. Mrs. Dick Hughes was on hand with a large container of barbecued goat, cooked by her special recipe. Mrs. Webb Laughlin brought a large platter of fresh backbones and the writer followed with a baked hen and dressing while others brought the trimmings and sweets.

Next meeting will be April 12 and plans were made to meet at the barbecue pit for a weiner roast if the weather will permit. Should you not like weiners come and bring your special dish. Visitors are always welcome.

Mr. and Mrs. T. A. Casbeer were in San Saba Sunday for the funeral of a friend.

Mr. and Mrs. Coleman Burnham, San Saba, Mr. and Mrs. R. A. Cox, Mr. and Mrs. Durst and Mary were guests Sunday evening of Mr. and Mrs. T. A. Casbeer.

Lampasas friends of Mr. and Mrs. Frank Hines visited them Sunday.

Cemetery Working At Rock Springs

There will be a spring cleaning of the Rock Springs Cemetery, Thursday, March 29. Every one that has an interest in the up-keep of the cemetery is urged to bring tools and help in this worthy work.

Last Rites For Joseph B. Wilcox Are Conducted At Center City Wednesday

Funeral services for Joseph Benjamin Wilcox, 76, were held in the Baptist Church at Center City, Wednesday afternoon, March 14, at 2:30 o'clock. Services were conducted by Elder Joseph Chambers of Lampasas.

Mr. Wilcox was born July 23, 1880, son of the late J. J. and Mary Ann Wilcox deceased, and passed away March 12, 1956.

On March 1, 1913 he was mar-

ried to Doela Culp and to this union one son was born. He was preceded in death by Mrs. Wilcox, December 23, 1913. Later he was married to Mrs. Dora Williams, who also preceded him in death, September 21, 1937, one brother, Foster Wilcox and a sister, Mrs. Maggie Culp.

Survivors are his widow, Mrs. Myrtle Wilcox; one son, Bennie D. Wilcox also of Goldthwaite, three step-sons, Levi Williams, Post; T. W. Reeves and Eimer Reeves, Odessa; three step-daughters, Mrs. Ross Payne and Mrs. Morgan Thiebau, Freeport and Mrs. Hazel Wilcox of Louisiana. Three brothers, J. R. and Corbie Wilcox, Caradan and H. R. Wilcox of California; one sister, Mrs. Jocie Culp of

Littlefield. Pallbearers were Oscar Holland, Loy Long, Mohler Oglesby, Arthur Wilcox, Bob Cockerum and Jerry Walker.

Funeral arrangements were

under the direction of the Roy Wilkins Funeral Home with interment in the Center City Cemetery.

Sample of the 100,000,000 colorful '56 Easter Seals mailed in Texas this week is discussed by Mrs. Henry J. Martyn, Jr. (left) and Mrs. Temple J. Barcafer, typical volunteers among the hundreds of Texans who annually give their spare time during the Lenten season for preparation of the huge Texas mailing. The 1956 Easter Seal Appeal, which opened March 10, will send the Seals into 1,000,000 Texas homes with an appeal for funds to aid thousands of crippled Texans. Mmes. Martyn and Barcafer are officers of the Women of Rotary Club of Dallas, one of the many organized service groups over the state which help in preparation of the Easter Seals.

TAKES OFF LIKE YOU'RE WEARING SPURS

Come try it — and you're in **BUICK'S THRILL-A-MINUTE CLUB**

THE THRILLS begin in the first sixty seconds — and from then on they come in clusters.

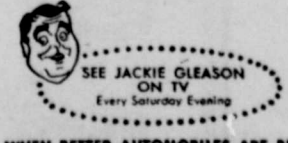

Right off, you feel the stepped-up getaway in Buick's new Variable Pitch Dynaflo* — a blazing new take-off even before you switch the pitch.

Because now — right in the topmost inch of pedal travel — right where you do most of your driving — right in the fuel-saving economy range — you're moving with a solid new "take-hold" getaway that's brisk and blessedly smooth.

Then you double the thrill.

For when you want to pass — or climb — or get out of a tight spot fast — you floor the pedal and switch the pitch. That brings you an absolutely smooth burst of full-power go-ahead on the split second — and it's the nearest thing to soaring flight yet.

It's a double-barreled package of excitement — and it's teamed with the most powerful V8 engine in Buick history — a 322-cubic-inch engine with no less than 9.5 to 1 compression in every CENTURY, SUPER and ROADMASTER.

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

All that would seem like thrill enough — but you'll find you've hardly scratched the surface.

You'll find yourself glowing all over from the sweet and level buoyancy of Buick's great new ride.

You'll feel a serene satisfaction from the way this trim beauty handles and corners and tracks to the road with the truest sense of direction yet.

And certainly you'll have to feel the good feeling that's yours just from bossing this big and brawny and beautifully sculptured automobile that's like a thing alive, and impeccably obedient.

We'd like you to know and feel all this firsthand — just by trying out a new Buick. That's all you do to join Buick's Thrill-A-Minute Club.

Why not become a member in good sitting today? And when you do, we have some big-thrill news on prices, too.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century — optional at modest extra cost on the Special.

Bill Williams of Odessa spent Monday night with his brother, Mr. and Mrs. Dutch Smith.

Mr. Ira Harvey and son, Wayman of Fort Worth were at church Sunday a week ago, but they were gone before we got to speak to them. Mr. Harvey next time you come to Goldthwaite don't be in such a hurry and come back soon.

I was tickled at one of our little neighbor girls, who had been asked to come to the meeting and join the Booster Band. She was thrilled over the idea, but said "n.n.a.m.a suppose some of the Methodist people were there and would see me."

Our Baptist Revival is in session and we would like for every one to come. We have a wonderful speaker and I believe you would receive a blessing for being present.

Dr. Henry A. Holle, Texas health commissioner, turned thumbs down. He said the difference between two shots and three "could be the difference between having paralytic polio and not having it."

Texas' supply is almost exhausted. However a rush order of 150,000 cubic centimeters of the vaccine is expected to arrive before the end of the month. One cubic centimeter is sufficient for one inoculation.

Meanwhile 11 new cases of polio are reported in Texas, bringing the year's total to date to 121.
