Methodist Church Revival Meeting Dates Announced

The summer Revival Meeting of the First Methodist Church, Goldthwaite, will be held during Wednesday, July 11 and Thursday, July 12, and continue through Wednesday, July 18. It was announced this week by Rev. Walter J. Cartwright, pastor.

Rev. Cartwright informed the congregation that the speaker for this meeting will be Rev. Harry Denham, head of the National Board of Evangelism. He will come to Goldthwaite direct from a tour of Australia and will leave after the meeting here for a tour of Canada.

This announcement is made to avoid conflicting meetings and Methodist Church of the county will be asked to cooperate with this meeting.

Rev. Van E. Blythe New Pastor at Bethel Chapel

Rev. Van E. Blythe is the new pastor at Bethel Chapel, it was announced Tuesday morning. Blythe with his wife and children, Phil 6, and Donna 4, moved to Goldthwaite Monday morning.

He has assumed his duties at the Chapel and services will be conducted on the regular schedule.

Rev. Blythe has been pastor of church at LeRoy, Kansas.

Mrs. Ina Bates of Fort Worth spent last week with Mrs. Edgar Nutt.

Joe Reeves And Anna Collier Awarded Mills County State Bank Scholarships

Joe Reeves, Mullin, member of the 1956 graduating class of Mills High School, was awarded one of the Mills County State Bank Scholarships to Tarleton State College, according to announcement by W. P. Duren, president of the bank.

Joe was recommended for the award by Mrs. Gracie Lockridge, Principal, Mullin High School.

In announcing the award Dr. Vance Terrell, Assistant Chairman of the T.S.C. Booster Committee, wrote to Mrs. Lockridge, in part, as follows:
"We are very much impressed

Citizens Are Cautioned About Fly-By-Nighters

Sheriff C. F. Stubblefield this week issued a word of caution to Mills County citizens to guard against being hood-winked by Fly-By-Night peddlers who frequent this area at intervals. He specifically mentioned Spray Painters, Cess Pool Cleaners and Termite and Pest Control salesmen, of which he has received complaints in the past.

The sheriff said this is no reflection on legitimate business firms who do work in this territory. But, folks are cautioned to require identification and credentials from strangers they deal with for their own protection.

Lions To Install Officers Tuesday

The Goldthwaite Lions Club will have installation of officers for the new year at their regular meeting next Tuesday night at The Hangar. The meeting will start at 7:00 o'clock with a dinner and all members are urged to make plans to be present.

Installing officer will be the newly elected Deputy District Governor J. T. Jones, member of the local club.

W. Lee O'Daniel Brings Campaign To Mills County

W. Lee O'Daniel brought his campaign in behalf of his candidacy for Governor of Texas to Mills County when he stopped here for a brief visit and address on the courthouse square last Friday morning.

He brought his red fire truck, fiddle playing troop and sound truck and opened his local appearance with a selection of fiddle tunes by the troop before he spoke to his audience on Fisher street.

He told his listeners what he plans to do after he gets to Austin next January. An estimated crowd of 75 to 100 heard the former governor make his bid for votes in the forthcoming primary election.

Minister and Mrs. Frank Farris and children, John and Cheryl are spending this week in Ezell, where he is conducting a meeting.

Mr. and Mrs. Willis Hill attended a family reunion of the Hill family in San Antonio last week.

Minister and Mrs. Eris Ritchie and daughters, Janell and Judy of Troop spent the weekend with his father, J. M. Ritchie and sisters, Mrs. Inez Leverett, Guy and Gary and Mrs. John Dellis and Mr. Dellis.

New Oil Well For Mills County

A wildcat well which is being drilled on the 100 acre lease Cawyer property three miles north of Regency in Western Mills County was reported at 1127 feet in Marble Fall Lime with good showing last Saturday. Plans call for drilling down to the Ellenburger formation.

The well is being drilled by Hoxsey Oil Company of Dallas with Ira Cox of Brownwood doing the drilling with a Fort Worth Spudder.

If this proves a producer plans of the company call for 15 wells during the next three months according to announcement made to the Eagle last Saturday.

Former Pastor Will Address Local Methodists

The Rev. Dick Lowery, now pastor at Llano, has accepted an invitation to speak at a Church-wide Fellowship dinner, Wednesday, June 20, at the Methodist Church here. The program has been arranged by the Finance Commission, under the leadership of Chairman Ray Duren.

In addition to the main address by Rev. Lowery, the church Budget for next year will be presented. Portions of the budget will be explained in dramatic form, according to tentative plans.

There will be time for questions on any phase of the budget, but no appeal for pledges will be made at this time. The evening is planned to be one of information and inspiration altogether, pastor Walter Cartwright announced.

Methodist Men To Meet Tonight

The Methodist Men will meet at the church tonight (Thursday) at 7:30 o'clock and the new officers, Ray Standley, president, Sam Henry Rahl, vice-president and Roy Wilkins, secretary and treasurer will assume their duties.

Program for the meeting will be under the direction of Carlos Patterson and Oran Remmers.

Ernest Rickel, who has been visiting his father, W. J. Rickel since school was out at A&M left Monday, June 4 for Fort Worth where he will be employed by Convoir this summer.

MELMOTH Y. STOKES, III

Dr. Goldthwaite received the Doctor of Medicine last week at the Commencement Exercises of Southwestern Medical School of the University of Texas in Dallas.

Dr. Stokes will intern at the Lima Memorial Hospital in Lima, Ohio. Upon completion of his internship he plans to return to Texas. His parents, Col. and Mrs. M. Y. Stokes, Jr. of Goldthwaite, attended the commencement exercises.

Friday Night Will Be Parents Night At Little League Games

This week Friday night "Parents Night" will be observed at the Little League ball games to be played in Goldthwaite and Priddy. A double header will be played here with the Tigers playing the Indians and Mullin playing the Yankees on the local diamond. The Giants will travel to Priddy for their contest.

League officials have issued an appeal for parents to come out and take part in the program as a spectator on game nights and also take more interest in helping their boys in their Little League program while at home.

"The program was organized for the benefit of about a hundred boys in the county to give them a program of training and recreation during the summer months. It is not designed as a "Babby Sitting" program where

Cecil Faulkner of Midland was a guest of his parents, Mr. and Mrs. Clyde Faulkner and Cleo last weekend.

Mr. and Mrs. Finis Rasco of New Boston, Mr. and Mrs. Royce Brown and children Royce Dee and Roseanna of Brady spent the weekend with their parents, Mr. and Mrs. Ernest Ince and sister, Mrs. Ozella Jones and children.

James and John Gilliam, students at Baylor University spent the weekend with their parents, Mr. and Mrs. Ed Gilliam Jr.

and introduce themselves. At this time the Installing Officers expressed their thanks to the new Worthy Matron for their part in the installation and for their corsages which she had given them.

After the installation ceremony and program, members and guests retired to the reception room where punch and cake squares, carrying out the new Worthy Matron's chosen colors of green and purple, were served. Both the Hall and Reception rooms were beautifully decorated by the committees responsible for these added features.

Learn To Swim Classes To Start At Municipal Pool Monday Morning

The annual "Learn to Swim" classes sponsored by the Pool and Park Committee will get underway this coming Monday morning at 8:00 o'clock at the Mills County Municipal Pool in Goldthwaite, it was announced this week by Ray Duren, chairman of the Park Board.

Classes will be conducted from June 18, through June 29, Monday through Friday for two weeks. Instructions are open for any and all age groups from beginners to advanced students.

Qualified instructors will be in charge of the classes which will be conducted one hour each morning. The number of classes to be organized will depend on the response to the program which is being offered by the Pool and Park Board as a public service for citizens of Mills County and surrounding area.

Registration will be Monday morning at 8:00 o'clock when assignments will be made and classes organized.

Mr. Duren announced for the committee that there will be no charges for the swimming instructions. Only the regular swim admissions will be charged. Instructions will be offered FREE to all who are interested and register for the classes.

Those interested in the "Learn to Swim" program and want to take advantage of the free instructions are asked to get registration blanks properly filled out and turned in at the swimming pool not later than Saturday night of this week, June 16. U. S. Officials Eye Red Armed Forces Cut
Fear American Public May Be Fooled by It

Special to Central Press Association

WASHINGTON—Top level officials in the administration are seriously concerned over the effect that Russia's decision to cut its armed forces might have upon the American public.

To counter any such effect, Cabinet officers and many others holding high government positions can be expected to make statements, speeches and comments pointing out the true situation.

These officials who fear the public will be deceived by the big cuts in the Red armed forces point out that the things the Russians are cutting are not jet planes and atomic weapons that would be important in any air-atomic battle.

One of these, Air Force Secretary Donald A. Quarles, points out that disarmament must be preceded by some other kind of security that can take its place and warns "evasion of disarmament agreement might be extremely hard to detect."

Air Force's Quarles

● SUPREME COURT ATTACKS—The current series of attacks against the Supreme Court—particularly the charges that the court is "legislating"—have several precedents in American history. It goes back to the system of checks and balances written into the Constitution. The Court at times disagrees with the majority in Congress or with the executive department, as it has since the early 1800s.

Probably the most violent attacks on a Supreme Court decision were those made in the North in the 1850s in wake of the Dred Scott decision which held that an escaped slave had to be returned by authorities in free states to his owner. The decision was one of the chain of events that led to the Civil war.

In the 1930s the Roosevelt administration's "New Deal" ran into judicial difficulties. President Franklin D. Roosevelt proposed increasing the size of the court with mandatory retirement after a certain age—and this brought the famous "court packing" battle, which F.D.R. lost.

● ANOTHER WASHINGTON'S 'BIRTHDAY'—Everyone knows Feb. 22 is the birthday of President George Washington—but what is the birth date of the national capital city named in his honor?

For purposes of argument one might select January 24, for it was on that day in 1791 that President Washington issued a proclamation directing commissioners to "survey and limit a part of the territory of the 10 mile square on both sides of the river Potomac"—for a federal district.

The city of Washington, incidentally, is the first national capital ever to be planned exclusively as the seat of government. Before 1800 Congress met in eight other cities—Philadelphia, Baltimore, Lancaster and York, Pa., Princeton, N. J., Annapolis, Md., Trenton, N. J., and New York City.

● EXPERIENCE UNNECESSARY?—Legal historians point out that a recent proposal offered by Senator George Smathers (D), Florida, to require Supreme Court justices to have at least five years of judicial experience before they could be named to the high tribunal would have barred nearly half of the men who have served in the past.

Only four of the 14 chief justices who have presided could have been appointed if the proposal had been law. On the present bench, only Justices Sherman Minton, Hugo Black and John Harlan had previous judicial experience and only Minton met the five-year requirement.

Some of the historic figures who would have been ineligible for appointment under the Smathers proposal are John Jay, John Marshall, Roger Taney, Salmon Chase, Charles E. Hughes, Harlan F. Stone, and on the present day court, Chief Justice Earl Warren.

VIC'S . . .

SOLILOQUY

Howard Campbell has a new title. He is being addressed by some of his cronies along the main street — especially some who made the recent trip to Brownsville with him—as the "Fish Caller".

It all stems from the experience which he had in bringing in the biggest fish while a group from this city filled two chartered boats at Port Isabel and went out into the Gulf of Mexico about 27 miles to try their luck at fishing.

Howard brought in a 15½ pound King Mackerel. After getting back to the fishing pier he was told by some old timers there that he certainly had a nice catch. At first he thought they were just trying to make him feel good, but, later he realized they were serious in their remarks and that his was a near record catch.

Of course that doesn't settle the argument about how he happened to be so lucky. Some of the folks fishing with him accuse him of using un-authorized bait to lure the big ones near the boat so that he could get a crack at them with a hook while others say he actually developed a "Fish Call". Some in the party say they knew there were such things as "Hog Calling" or "Duck Calls" but this is the first time they learned about a "Fish Call".

To all these accusations Mr. Campbell, retiring president of the Lions Club, who engineered the chartered convention trip has only one comment: "Brother, I wasn't the only one who got sick on that fishing boat."

BIG DAY

You probably didn't know it, but about five weeks ago, Monday, May 7, to be exact, was a very important day in your life if you are an average citizen, financially speaking.

That Monday was designated "National Tax Freedom Holiday." And it was the first day in this year that the money you earned was really yours to spend.

Why is this so? The answer is as simple as it is grim. All that the average American earned from January 1 to May 7 had to be paid out in taxes, direct or indirect, to one unit of government or another.

In other words, the average taxpayer works more than four months of the year to meet his tax bill. And remember—this is true of the masses of people with moderate incomes, not the few in the big brackets. The fight for efficiency and economy in government is your fight.

One of the finest programs that is undertaken in our community each year is the annual learn to swim classes which are being sponsored by the Park and Pool Committee at the Mills County Municipal Swimming Pool in Goldthwaite.

These classes for 1956 will get Mrs. Lowry will remain here some time and take X-ray treatments from Dr. Brown.

Mrs. James Routh left yesterday for her home in Ballinger, after a visit to her brothers, Messrs. A. D., F. M. and Noah Karnes and other relatives.

Prof. Critz has resigned his position as instructor in the Normal at this place and Miss Myra Prater has been appointed in his stead.

J. B. Ferguson has sold his residence in Brownwood and bought a home in Dallas.

Kyle Humphries of Milburn was here the first of the week visiting.

Dr. Gober of Beaumont is expected here today for a visit.

underway this coming Monday, June 18, according to more detailed information appearing in this issue. Classes will be conducted by qualified instructors as they have been the past three years. There has been a good response in years past and the committee making arrangements for this year's swimming classes is looking forward to a good turnout again this year, according to word from Ray Duren, chairman of the Pool and Park Board.

Nothing can be finer and better than for every youngster in the community — and maybe some oldsters too—to learn to swim. Knowing how to swim will be worth so very much to them in years to come and besides they can more fully enjoy the local swimming pool facilities now.

READER REACTION—In just a few words here's what one subscriber wrote his newspaper: "I have many fond memories of your newspaper and the people who have been connected with it. Not long ago . . . it occurred to me that in the files

of your newspaper is the history of my life. Your newspaper has recorded the story of my education from high school, my later arrival at college, my marriage and the death of one of them—your columns have been recording the arrival, one by one, of my grandchildren. . . . It is a wonder that your newspaper means so much in our homes and that we look forward eagerly to receiving it each week?"

That is a story, in brief, of any newspaper. . . . an intimate personal thing, close to the heart and thoughts and work and aspirations of most everyone in every community.

VISIT RELATIVES IN KY.

Mr. and Mrs. Leston Berry Gaylan and Dale accompanied her sister, Mrs. Oleta Kelly Evant on a visit to Henderson, Kentucky, where they visited Mrs. Berry and Mrs. Kelly's sister, Mrs. Donald Childre, Mrs. Childre, Donette and David. The trip carried them through Arkansas, Missouri, Illinois, Kentucky and Indiana. They enjoyed their visit with relatives very much and also visiting points of interest, such as lakes, rivers, parks and zoos.

Mrs. A. J. Gatlin, 97, Is Buried At Rock Springs Sunday Afternoon

Funeral services for Mrs. A. J. Gatlin were held Sunday afternoon, June 10, 3:30 p.m. at the First Methodist Church of Goldthwaite with the pastor, Rev. Walter J. Cartwright officiating. Assisting in the service was the Rev. H. C. Lonis, nephew, of O'Donnell, Texas. A Hymn, "Meet Me There" requested by Mrs. Gatlin in 1941 for use at her funeral, was sung by Mrs. Myrna Johnson and the Methodist Choir.

The following statement of the life of Mrs. Lula Caroline Gatlin was read by Rev. Cartwright as part of the service, in the form in which it was dictated to a daughter in 1943, to be read at her funeral, with only such changes as the passing of time made necessary:

"I was born September 5th, 1858, in Tullahoma, Tennessee, the second child of Henry Clay and Julia Harrison Lonis. Our fair Southland at that time blossomed and bloomed under the hand of slavery. My maternal grandparents' big house and slave quarters were near Morristown, Tenn. My paternal grandparents' plantation and slave cabins were located near Knoxville, Tenn.

"One of my first memories of my happy childhood was that of the family altar nightly before a blazing fireplace, where my young parents knelt in prayer. Others present were my sister, Florence, two years my senior, and two young negroes, wedding presents of my parents from Grandfather Harrison.

"The next memory I have stamped indelibly upon my mind was the scene of marching soldiers in gray uniforms with glistening bayonets and guns followed by soldiers mounted on beautiful Caparisoned horses; then in a few days I viewed another exhibit of marching men in blue uniforms and brass buttons with them were mounted horsemen with gleaming swords and how proudly they sat on their prancing horses! They stopped, met my young mother courteously and proceeded to ransack the house; my mother begged them to leave food for her children; they laughed and replied, "We have orders to live on invaded territory."

"My young father had disappeared some days before these scenes, and I did not see him again until after Lee's surrender.

"My parents did not believe in slavery as an institution but they stood firmly for State's Rights.

"We were very poor after the war closed; all the people were poor, there were no schools. The Methodist Church established Oak Hill Seminary, in Tullahoma, for all ages of school children; this I attended until I was twelve years of age, as in 1870 my parents practically gave away their land and joined a caravan of covered wagons to Texas. Each wagon carried as many young men as wanted adventure in Texas, for the emigrants felt they needed them for protection against the Indians. My father was like Abraham of

the Bible. He established a family altar in his tent at night with his family and the young men accompanying us. On Saturdays late he stopped near a church to worship on Sunday and rest his horses on the Sabbath.

"We settled in Caldwell County near Lockhart, Texas, on West Point Creek near Harrison Chapel erected and paid for by my uncle, B. H. Harrison who was the Sunday School Superintendent and Steward.

"When I was 15 years of age, I was converted and joined the Methodist Church at West Point. The Circuit riders who came to our home where W. J. Joyce, the Harris brothers, and Andrew Jackson Potter, the first great circuit rider in Texas. Bro. Andrew Jackson Potter fell dead in the pulpit in Harrison Chapel on West Point.

"In 1879 I met at the West Point Methodist Church my future husband, A. J. Gatlin, from Missouri. We were happily married in a quiet home wedding November 10, 1880 with only near relatives present, Rev. Buck Harris, circuit rider, officiating. My husband was energetic, ambitious, and far seeing in business; he was especially fond of little children and always had a great sympathy for the poor. In 1883, Mr. Gatlin made a prospecting trip to Williams Ranch and purchased a home on North Brown Creek. In January 1884 we moved to this place then in Brown county. He soon invested in sheep and cattle.

"In 1889 we moved to Goldthwaite and Mr. Gatlin entered the mercantile business in which he continued until his death. For several years I lived out of the church after coming to this section of Texas, but in 1891 I joined the Methodist Church in Goldthwaite during

the pastorate of Rev. J. T. Bludworth.

"On September 15, 1915 my husband, A. J. Gatlin passed away in San Saba and his body was laid to rest in the Rock Springs Cemetery near his home in Mills County.

"Since my husband's death my devoted parents have had their Homegoing.

"In 1938, my son, Walton A. Gatlin, died in Jamaica, N.Y. and was laid to rest in the old historic Grace Episcopal Church Yard on Jamaica Avenue, in Long Island.

"In January 1953, Alton L. Gatlin, my eldest son died suddenly at my home here and was buried near his father in the Rock Springs Cemetery.

"In the lucid moments of my long illness I have prayed to go Home to be forever with my loved ones. May the Spirit of God abide in the hearts of my family left upon earth: Flora G. Bowles, Fort Worth; Oscar C. Gatlin, Brownwood; Minnie G. Woody, Goldthwaite; James O. Gatlin, Graham, Love Gatlin, Goldthwaite.

"A brother, C. L. Lonis, Andrews, and a sister, Mrs. Pearl Mills, Lubbock.

"Five grandchildren and four great-grandchildren."

Death came Saturday June 9, 1956 at 1:45 p.m. Burial was in the Rock Springs Cemetery under the direction of Roy Wilkins Funeral Home.

Pallbearers were Dow Hudson, Bill Woody, Wallace Johnson, Julian Evans, Philip Nickols and Carlos Patterson.

Mr. and Mrs. Lynch and children spent the weekend with their aunts, Misses Flora and Lula Jackson and Mrs. Hettie Williams.

All members are urged to attend the June meeting of the Mills County Home Demonstration Council on Wednesday, June 20, at 2:30 p.m. at the Court-house.

Regular meeting was to have been held June 6, but not enough members were present. The council in its Standing Rules has set eight as the quorum for holding a meeting and six were present.

Members of the Council are the following: Mrs. Harvey Hale, chairman; Mrs. L. R. Tesson, vice chairman; Mrs. Glyn Lewis, secretary; Mrs. Ercher McCasland, treasurer; Mrs. George Fletcher, parliamentarian and Mrs. J. M. Oglesby, reporter; Mrs. Forest Straley, Mrs. Dan Townsen, Mrs. C. S. Smith, Mrs. C. D. Owens, Mrs. August Waserman and Mrs. J. D. Berry, Chairman of Council Committee; Mrs. Nelson Waggoner, Mrs. Sherwood Owens, Mrs. Oscar Burns, Mrs. Morgan Wrinkle, Mrs. Tom McArthur, Mrs. Walter McFall, Mrs. Tom Copeland and Mrs. Jim Soules Club Representatives.

There are several important items of business which must be taken care of this month, H. D. Agent Miss Burrus, announced.

Delegates and visitors to the District THDA meeting at Hillsboro should also come that day prepared to give a report on that meeting.

SONJA'S WEDDING PLANS 'ON ICE'

AFTER ANNOUNCING their wedding plans, ice skating queen Sonja Henie leaves a New York night club with her future husband, Niels Onstad, shipping magnate. Twice-married Sonja said they would wed in mid-June and leave for Europe on their honeymoon June 20. They were childhood friends in Oslo and met again last summer when Onstad was vacationing in Norway. (International)

Hot Weather Is Reported Threat To Egg Quality

COLLEGE STATION, (Spec.)—When daytime temperatures hit 90 degrees, egg quality will hit the skids unless egg producers make some changes in management practices, says Kermit Schlamb, extension poultry marketing specialist.

From now until cool weather in the fall, refrigeration is a must if high egg quality is to be maintained. Schlamb says that 55 degrees F. is the optimum temperature for maintaining proper egg environment. Too, eggs must be gathered more often during hot weather with three times a day gathering as a minimum.

Low quality is costly to producers selling on grade. "A" quality eggs of similar size normally bring four to six cents a dozen more than B quality eggs. Eggs can be properly cooled for as little as 10 cents a case.

Adequate cooling, points out the specialist, is no substitute for frequent marketings. Even with good refrigeration, eggs should be delivered to the grading station either twice or three times a week.

Good cooling, says Schlamb, means getting the animal heat out of the egg in the shortest possible time and at the lowest cost. A cooling unit containing a tray for holding wire baskets with space underneath for storing eggs in cases is the most desirable cooling equipment. Added egg income for the use of such a unit will soon retire its cost.

STAIN REMOVED FROM "SPECIAL FINISH" FABRICS

Special finishes now being used on many cottons, linens and rayons give wrinkle-resistance, extra sheen and body to these fabrics.

Problem now is, how to remove stains from fabrics that have these special finishes. Chlorine bleaches may be used on some. Other finishes are damaged by such treatment because special resins in the finish absorb and retain chlorine.

Best rule to follow, according to the USDA Agricultural Research Service, is to look for directions regarding use of bleaches on the garment. If no information is given, avoid use of chlorine bleaches on fabrics with special finishes.

Some stains cannot be removed without bleaching. In such cases use sodium perborate or a powdered bleach that contains it. Soak washable colorfast fabrics for several hours, or overnight if needed, in a warm solution containing one to two tablespoons of sodium perborate to a pint of water. Another method is to sprinkle dry bleach on the dampened spot, then dip in a pan of very hot water for a few minutes.

This reminder from the clothing specialists—Always check garments for stains before laundering, and remove. Otherwise hot water may set stains.

Minus Gold Cars

LADY Nora Docker is shown in her London home shortly after her husband, Sir Bernard, was removed as chairman of the huge Birmingham Small Arms Co., which meant the return to the company of her gold-plated automobiles. Lady Docker had made headlines regularly as she traveled about the countryside in the ultra-expensive vehicles. She wants them back and Sir Bernard says he is putting in a claim for them. KEEPING THE PINKIES DOWN

Cotton losses from pink bollworm infestation may show a marked drop this year if early-season bloom inspection results are a good barometer.

Findings in an annual inspection of Lower Rio Grande Valley cotton blooms indicate a significant decrease of infestation both in number of fields and density of blooms attacked.

Out of four counties checked—Cameron, Willacy, Hidalgo and Starr—only Willacy got a clean bill of cotton health, although infestation was down in all counties. In Willacy, no bloom infestation was found, compared with 35 pink bollworms per 100,000 blooms and 33 per cent of fields infested in 1955. Part of the Willacy County cotton was not as far advanced as during the 1955 bloom inspection, however.

In the other counties, infestation was less than half the degree recorded in last year's inspection.

This noted drop in early bollworm occurrence is probably due in part to slightly shortened planting periods in the areas checked. Eleven days were pared off the permissible planting period in the Lower Rio Grande Valley pink bollworm control zone. Resultant suicidal emergencies of pink bollworm moths where there are no cotton squares up have a marked effect on local infestation.

Strict compliance with planting and plow-up rules are invariably our best means of preventing pink bollworm build-up, and it is through such cooperations as that given by the valley farmers that this pestilence will eventually be safely controlled.

NO SHADE TREE AT THE END OF THE ROW?

They're liable to start a revolution among the farmers' kids

If what I hear is true. They say the fence row shade tree is on its way out.

If there was ever anything pleasant about chopping cotton under the hot July sun, it was the water jug hanging from the lowest limb on the mesquite at the turnrow. Talk about incentive! Nothing could make a boy hitch up his overalls and bear down on the hoe handle so much as sighting the promise of a moment's repose under the shade of a big mesquite.

The boy never cared, nor even noticed, that the cotton didn't grow up under the tree. And he didn't realize that the water it took to hold up all that beautiful green foliage could produce nigh on to another bale.

But, with water being hard to come by and money even harder farmers are taking the practical viewpoint and poisoning their fence row thieves.

So I expect the young man in the striped overalls will get practical too and go modern—with a beach umbrella and a thermos of cracked ice and water.

Mr. and Mrs. Frank Overstreet of El Paso were guests of her father, G. H. Frizzelle and, her sister, Miss Georgia Frizzelle and other relatives here the first of the week.

Fifty Girl Scouts And Brownies Take Part In Day Camp Last Week

North Side Square-Phone 21
Goldthwaite, Texas

Lake Merritt last week Monday through Friday. Friday being guest day, we visited the camp at the invitation of Mrs. Robbie Dalton, Camp Director. As we drove into the lake entrance we saw girls of all ages going about their various duties. Mrs. Dalton offered to be our guide to the various camps and units. The first camp we visited was "Camp Robin Hood", under the leadership of Mrs. Alice Summy and Mrs. Dee Breeding. Here we were greeted by the hostess of the day, signed the guest book, and then conducted on a tour of the camp. These third grade

girls had made their tables by lashing branches together with binder's twine. They had made their fireplace, their disposal unit, their "buddy washracks" and refrigerator system. Their projects for the camp was making name pins out of polished cedar, and they were very pretty, too. Program aide was Lou Etta Jordan.

Leaving there we spent some time at the "Prospector's Camp", which was composed of Patrol No. 1 and No. 3. Mrs. Ruth Patterson was the leader. We were conducted on a tour of this camp by Betsy Glass, who was hostess for the day. She showed us the "Old Wishing Well", which they had made, their Nature Corner, kitchen, living room and latrine and shower. Mrs. Malcolm Jernigan had visited this camp on Wednesday and showed the girls how to make arrangements of cactus, using wood, rocks and bricks as containers. These girls

carried out their "Overnight" requirement, spending the night at their camp with their leader. And as Betsy told us we went "Snipe" hunting, and Gail, Cornelia and I had to hold the sacks, we can all probably remember our first "Snipe hunt". These girls are the oldest Unit in the Girl Scouts here, and it is really remarkable what they can do with what they find when they are on these Day Camps, out of a few rocks, twigs and string they made their own tables, cooking places, showers, places to keep their food and most any other thing that their manual calls for. Their project was "Primitive Camping and making stools out of old trees. Program aid was Lawanna Benningfield.

The next camp was just outside the entrance to the lake and these girls were looking after the safety of all as they had re-in-

forced a weak bridge which everyone had to cross to get to the lake. This camp was Troop No. 8 and was called the "Forest Rangers". We were met by two of the girls, who showed us first their bulletin board made of buckskin and stretched on a frame of willow limbs, next their dish sterilizers, made of two dish cloths sewed together and with a drawstring at the top (they put their used dishes in these sacks and dipped them in boiling water to sterilize them). Next we saw a baby Armadillo which the girls had caught and had in a cage, in asking what they fed it the answer was, "oh, roast beef, bread, roots and most anything". We saw their Nature Corner, containing snakeskins, cactus, rocks and a large tar-rapin shell. The girls had trimmed the branches off of a small tree to make their cup and glass rack. Their handwork for the Day Camp was making picture frames from willow twigs. Their leaders were Mrs. Houston Dur-en, Mrs. Jesse Moreland, Mrs. Harold Yarborough, Mrs. Letha

Featherstone and Program aid was Zora Lee Roberts. From the Forest Ranger Camp we went to the camp of the "Gypsies", which consisted of Troops Three and Four, under the leadership of Mrs. Don Geeslin and Mrs. W. O. Kemp. Here we were met by gypsy, Ann Kemp, who told our fortune by reading our palms, (pretty good too, tho I doubt if mine comes true.) They had performed the same work at this camp as had the other girls in making their tables, fireplace, "buddy wash-racks" and cup tree. Their project was making jewelry boxes, (which was a very clever idea) from cigar boxes and egg cartons

and painted blue. And then they made a piece of felt they had made very attractive pin, program was Jerrilyn Gotcher. From here we went to "Never Land", the camp of the Brownies, Troop No. 6. Mrs. Mayfield, Mrs. Alberta Davis and Mrs. Cleo Rhoades were the leaders here. As all of you know, "Never Never Land" is the home of Peter Pan, and here we saw the tree in which Tinker Bell lives, the dog, Nana, that guarded the children and below the tree was a large sign that said "I was the Crocodile". These girls had their nature corner

By LUCY MAY BURRUS

This is a busy time of year for your agent as well as for you. I took three girls to District 8 4-H Girls Camp at Glen Rose, May 29-31. Carol Ann Seilheimer, Ann Hohertz and Reta Gayle Pyburn were the delegates sent to camp from Mills County. Mrs. H. L. Pyburn accompanied the girls as adult leader. We appreciated this very much as one of the rules of the camp was that no girl could come without an adult leader, besides the agent. Personal grooming, etiquette, recreation and homemade games were taught in workshops. Everyone seemed to have a very good time.

Three of the 4-H Clubs have met during June for morning meeting, lunch and a meeting in the afternoon. I have given demonstration on freezing vegetables and fruits and also proper preparation of frozen foods for the table. Twelve attended the meeting at Priddy; 15 at Mullin and nine at Star. At each meeting I have had at least one girl to prepare beans for the freezer after my demonstration. Experience is the best teacher, you know.

I helped judge the Coryell Dress Revue, Saturday, June 9 with fourteen girls entered. Merchants in Gatesville presented the 1st place winner in

each class with a certificate for merchandise from their store. Mrs. Deanne Valentine, Coryell County H. D. Agent, is to help judge the Mills County Dress Revue which will be held July 6.

Oliver Traylor Entertain Guests

Mr. and Mrs. Oliver Traylor entertained the following guests with a fried chicken and vegetable supper at their home last Saturday night:

Mr. and Mrs. B. A. Turner, Evant; Mrs. Calvin Sparkman and daughters, Woodene, Betty Ann and Elizabeth, Odessa; Mr. and Mrs. Shirley Nichols and daughter, Patricia, Pampa; Charlotte King, Brownwood; Mr. and Mrs. Marion Robertson, Shive; Mrs. Ada Dunkle, Mrs. J. M. Traylor and Miss Myrna Traylor, and Mrs. Mayme Traylor all of Goldthwaite; Mr. and Mrs. Roth Robertson, Rock Springs.

Mr. and Mrs. Wayne Massey of Santa Ana, California, spent last week with their parents, Mr. and Mrs. Jess Massey and Mr. and Mrs. E. A. Obenhaus.

Mr. and Mrs. James Ethridge and children, Randy, Mellisa and Ramona of Great Falls, Montana, were guests of Mrs. Will Burks Tuesday.

to the Club House, where Kool-Aid and Girl Scout Cookies were served.

After refreshments were served, Mrs. Dalton announced that the "Campfire Ceremony" was ready to begin. The fire was laid and after everyone was seated (on the ground) in a large circle, Kay Benningfield read the poem "Sacrament of Fire" as Jerrilyn McClements lighted the fire with a flaming torch. Then the girls and leaders joined in singing "Our Chalet", which is a nationally known Girl Scout song, named for the National Girl Scout House in Switzerland. After the song, Mrs. Dalton gave the welcoming address and explained that the "Court of Awards" would be presented; this included all the awards earned by the girls during the year.

Mrs. Mayfield presented her girls with their World Pins; then Mrs. Summy presented her girls with the same kind of pins. Mrs. Geeslin's girls won their Year Pins. Mrs. Moreland announced that most of her girls had earned Proficiency Badges; she then presented the following badges: nine Cook Badges; seven Home Makers Badges; Three Housekeepers Badges; three Tree and Garden Badges; two Bird Badges; one Musician Badge to Janell Jernigan; two Player Badges; one Troop Dramatic Badge; one Seamstress Badge; one Needlecraft and Interior Decoration Badge to Linda Featherstone; two Dabbling Badges; one Horsewoman's Badge; one Child Care Badge and one Drawing and Painting Badge. After the presentation of these awards, Troop 8 Leaders, Mrs. Moreland and Mrs. Houston Duren presented five year pins to their girls. Mrs. Patterson announced that her troop had made 1st Class Rank, this is the first time in the history of Girl Scouting in Goldthwaite that a troop has won this rank as a whole, each girl had won two or more badges this year.

After each troop had received their awards, they presented the following program. Mrs. Mayfield's Unit sang three songs. Mrs. Summy's Unit presented the skit "Robin Hood". Mrs. Geeslin's fifth and sixth grade girls, dressed in gypsy costumes sang a gypsy song. Then the Forest Rangers went into action, portraying a group on a picnic, building their fire under the trees and allowing it to start a brush fire (all in your imagination of course) then putting the fire out. Mrs. Patterson's troop,

"The Prospectors", in blackface, presented a very amusing skit.

When the program was completed, Mrs. Dalton expressed her thanks to all who had in any way helped to make the Day Camp a success. Mrs. Benningfield gave her report on the camp and stated that 50 girls had attended the five day camp. Mrs. Wilma Head was Camp Chairman with Mrs. Earline Benningfield as Business manager for the camp. Miss Scottie Vaughan served as camp nurse for the first three days and Mrs. M. Y. Stokes the last two days. Thus ended another Day Camp, and as many expressed it, the best one yet, for the Girl Scouts.

LOCAL DELEGATION ATTENDS DEDICATION

Sunday afternoon, a large number of girls and their parents went to Lake Brownwood for the Dedication of the new Girl Scout Camp. The camp was named at this time and it will be called Camp Wood Lake in the future. Each Troop in the Area sent in a name for the camp and a Brownie Troop from Cisco sent in the winning name. All the Girl Scouts in the Heart of Texas Council have, through their own efforts, by selling Girl Scout Cookies, helped to build and pay for this camp. Several of the girls from Goldthwaite plan to attend a one week session at Camp Wood Lake next week.

Fifty Girl Scouts And Brownies Take Part In Day Camp Last Week

Lake Merritt last week Monday through Friday.

Friday being guest day, we visited the camp at the invitation of Mrs. Robbie Dalton, Camp Director. As we drove into the lake entrance we saw girls of all ages going about their various duties. Mrs. Dalton offered to be our guide to the various camps and units.

The first camp we visited was "Camp Robin Hood", under the leadership of Mrs. Alice Summy and Mrs. Dee Breeding. Here we were greeted by the hostess of the day, signed the guest book, and then conducted on a tour of the camp. These third grade

girls had made their tables by lashing branches together with binder's twine. They had made their fireplace, their disposal unit, their "buddy washracks" and refrigerator system. Their projects for the camp was making name pins out of polished cedar, and they were very pretty, too. Program aide was Lou Etta Jordan.

Leaving there we spent some time at the "Prospector's Camp", which was composed of Patrol No. 1 and No. 3. Mrs. Ruth Patterson was the leader. We were conducted on a tour of this camp by Betsy Glass, who was hostess for the day. She showed us the "Old Wishing Well", which they had made, their Nature Corner, kitchen, living room and latrine and shower. Mrs. Malcolm Jernigan had visited this camp on Wednesday and showed the girls how to make arrangements of cactus, using wood, rocks and bricks as containers. These girls

carried out their "Overnight" requirement, spending the night at their camp with their leader. And as Betsy told us we went "Snipe" hunting, and Gail, Cornelia and I had to hold the sacks", we can all probably remember our first "Snipe hunt". These girls are the oldest Unit in the Girl Scouts here, and it is really remarkable what they can do with what they find when they are on these Day Camps, out of a few rocks, twigs and string they made their own tables, cooking places, showers, places to keep their food and most any other thing that their manual calls for. Their project was "Primitive Camping and making stools out of old trees. Program aid was Lawanna Benningfield.

The next camp was just outside the entrance to the lake and these girls were looking after the safety of all as they had re-

forced a weak bridge which everyone had to cross to get to the lake. This camp was Troop No. 8 and was called the "Forest Rangers". We were met by two of the girls, who showed us first their bulletin board made of buckskin and stretched on a frame of willow limbs, next their dish sterilizers, made of two dish cloths sewed together and with a drawstring at the top (they put their used dishes in these sacks and dipped them in boiling water to sterilize them). Next we saw a baby Armadillo which the girls had caught and had in a cage, in asking what they fed it the answer was, "oh, roast beef, bread, roots and most anything". We saw their Nature Corner, containing snakeskins, cactus, rocks and a large tar-rapin shell. The girls had trimmed the branches off of a small tree to make their cup and glass rack. Their handwork for the Day Camp was making picture frames from willow twigs. Their leaders were Mrs. Houston Dur-en, Mrs. Jesse Moreland, Mrs. Harold Yarborough, Mrs. Letha

Featherstone and Program aid was Zora Lee Roberts.

From the Forest Ranger Camp we went to the camp of the "Gypsies", which consisted of Troops Three and Four, under the leadership of Mrs. Don Geeslin and Mrs. W. O. Kemp. Here we were met by gypsy, Ann Kemp, who told our fortune by reading our palms, (pretty good too, tho I doubt if mine comes true.) They had performed the same work at this camp as had the other girls in making their tables, fireplace, "buddy washracks" and cup tree. Their project was making jewelry boxes, (which was a very clever idea) from cigar boxes and egg cartons

and painted blue. And then taking half of a walnut shell and a piece of felt they had made a very attractive pin, program was Jerrilyn Gotcher.

From here we went to "Never Land", the camp of the Brownies, Troop No. 6. Mrs. Mayfield, Mrs. Alberta Davis and Mrs. Cleo Rhoades were the leaders here. As all of you know, Peter Pan, and here we saw the tree in which Tinker Bell lives the dog, Nana, that guarded the children and below the tree was a large sign that said "Beware the Crocodile". These girls had their nature corners

Veterans Are Asked To Cash Leave Bonds And Purchase Series E Bonds

DALLAS (Spec.) — Thousands of World War II veterans in Texas are holding Armed Forces Leave Bonds that have drawn no interest for five years or longer, and Uncle Sam would like to pay up—an average of \$200 apiece.

Jesse L. Adams, Jr., state sales director of the U. S. Treasury's Savings Bonds Division, has an idea for these ex-G.I.'s who apparently don't need the money right now. He suggests they redeem those Leave Bonds and put the money in Series E Savings Bonds, which pay 3 per cent interest compounded semi-annually when held to maturity of nine years and eight months.

In the country as a whole, 130,000 veterans hold Leave Bonds worth \$26 million. It's all

that's left of more than two billion dollars paid to members of the Armed Forces discharged between April 1943 and October 1, 1946. The five-year bonds, carrying an interest rate of 2½ per cent a year, were used to reimburse veterans for unused leave.

A special act of Congress in 1947 made the bonds redeemable after September 1 of that year. Some \$1.5 billion were cashed within the next few months; others were held to draw additional interest. However, the last of these matured on October 1, 1951, and have drawn no interest since that date.

"Now the Treasury would like to clear its books of this bond issue," Mr. Adams said, "and is calling on all veterans' organizations to help locate the 130,000 bond owners. Then when these bonds are cashed, I can think of no better place to put the money than in safe, sure, indestructible United States Savings Bonds. And," Mr. Adams added, "if you don't have any Leave Bonds, Savings Bonds are still a good buy."

Mrs. W. W. Williams and children, Jack and Jan of Temple spent the weekend with their mother and grandmother, Mrs. J. W. Weathers.

Deep In The Heart Of Texas

Texas Longhorn Cavern, the world's third largest cave, is one of the nation's most impressive natural wonders. Over eight miles of its labyrinthian splendor have been explored without an end being reached and the lowest point on the guided tour is an eerie 120 feet below the surface. The cavern is a popular attraction for tourists and sightseers, especially in the summertime, because it is a real cool cave. The temperature inside remains at a comfortable 64 degrees even in the hottest summer weather. Longhorn Cavern is located off U. S. Highway 281 four miles south of Burnet.

Farm Bureau President Speaks Out Against Wage And Hour Expansion

WACO (Spl) — Expansion of the wage and hour law into agriculture would turn American farmers into peasants, the president of the Texas Farm Bureau has charged.

J. Walter Hammond said proposed legislation in Washington is already "a foot in the door" and, if passed, will mean the ruin of free American agriculture. The state farm leader said bills before the Senate Labor Subcommittee now propose to eliminate: (1) the agricultural exemption on large farms, (2) the agricultural processing exemption, and (3) the exemption for "outside salesmen" and buyers of farm products.

In addition, Hammond asserted, the proposed bill would provide for: (1) another hike in the minimum wage to \$1.25 per hour, (2) payment of time and a half after 35 hours of employment in one week, (3) and payment of

overtime in excess of eight hours per day.

"This means," the Farm Bureau leader said, "an increase in the costs of farm labor as well as everything the farmer has to buy to grow his crops. The farmer is already caught in a cost-price squeeze. His prices are down and his costs are up."

Hammond said passage of the bills eliminate exemptions for large farms and agricultural processing concerns would mean ultimate ruin for farmers.

"The foot is already in the door," he declared. "The inclusion of farm operators under compulsory Social Security laws is a good example of what can happen. Who knows how long it will be before every farmer, large and small, has to comply with minimum wage and hour laws? When that happens, it will mean that every American farmer will be reduced to peasantry."

Hammond asserted that farmers will not permit a further invasion of their rights by minimum wage and hour laws without a bitter fight.

"We have been pushed around enough," he said. "It's time for us to show the world that we can stand together to protect our rights as decent citizens."

Save TIME . . . Save MONEY . . .

With an Electric Home Freezer You Do Both — AND Eat Better

The garden you grow this spring will be put to its fullest use when you have an electric home freezer to preserve your fruits and vegetables. By freezing foods when they are plentiful, you can serve them all year long — as fresh as the day you picked them.

You also save time in the preservation of surplus fruits and vegetables. Freezing takes fewer steps than old-fashioned methods of canning or preserving. You save time in food preparation, too. Frozen foods are easy to prepare — and so good to taste.

If you haven't used an electric home freezer, you'll be surprised at the money you'll save on food costs. In fact, you can save enough to pay for the freezer.

There are models, styles and prices to fit every home and every pocket-book. See your appliance dealer today and buy your home freezer before the summer purchase season.

News Of The Ebony Community

By CLEMENTINE WILMETH BRILEY

Thin clouds and cool breezes made the day ideal for traveling. We left El Paso Monday morning, June 4. Our road led through the lush Rio Grande valley with its pretty homes and irrigated farms of cotton and alfalfa. Then it went on through the deserts between irrigated valleys with wonderful growth like oases in the desert. At Balmorhea we stopped for lunch under the shady trees and the highway right by a well-irrigated ditch where the clear, cool water seemed to flow on forever.

In the afternoon we passed through the forest of oil derricks around Best, McCamey, and Lake. Very interesting to see where in 1926-1927 he had set the casing in many of the wells. As we neared Mertsville late rains made everything green and beautiful from there on. At San Angelo we spent the night with Mr. and Mrs. Herbert Brownwood we ate dinner at the Burt Brileys. We came to the Pioneer Rest Home to see Flora Reeves Hodges and her mother, and Mrs. Carrie Sebrand Peck. Then we came to the Wilmoth home to see Mr. Jim Wilmoth.

When we turned off the paved road and onto the unpaved road really our unpaved road really. As we neared home, the more the road got and the more the rocks showed. The second on our side of the creek covered with sand. He had made several efforts to get at all. Then about half way the car stopped. I had to get and scotch. We finally made home a dismal sight met view. Most of the flowers were dead and the grass and had taken over. Sand was in the house and had covered everything. We connected the refrigerator and put our series away. Then went on to Edna Dwyer's. Cecl Egger there to help us admire the house.

Mrs. Dwyer had her first Sunday, June 3, when she had a dinner for her good friends. Mr. and Mrs. Cecl Egger, Mr. and Mrs. Hulon Egger, children, and Mr. and Mrs. Egger. She was happily surprised when Mr. and Mrs. Harold Everett of Abilene, his father and grandmother and precious little great-granddaughter, Shelly, arrived in time for dinner. Mrs. Cecl Egger and Hulon Egger took over,

served the dinner and washed the dishes. Wouldn't let Mrs. Dwyer do another thing but talk to her guests.

John and I came home early Wednesday morning. I went to work on the house and John on the yard. This is Friday, and believe me, things look better. I took time out to water ground and dig up beds to put out my flowers. I didn't get them out till Thursday, but they look encouraging. The crape myrtles are blooming. Thanks to Mrs. Dwyer for caring for them. I'm happy over the senisa. It is bigger than ever and is in bloom.

Mrs. Austin Cawyer of Orange, who is spending some time with her new granddaughter at the home of Mr. and Mrs. Harold Everett at Abilene, surprised her mother, Mrs. Dwyer, Saturday night and stayed till Monday afternoon. We all went to church at Austin Ave. Church of Christ at Brownwood Sunday. John and I went to the Andrews Reunion at Camp Bowie. Came back by Mrs. Dwyer's. Found Mr. and Mrs. Stanley Reeves there. In a little while Mr. and Mrs. Hubert Reeves and Nancy and John came. We had a regular jubilee. Life has really been exciting since we got home.

Annual Poultry Meet To Be At A & M College June 20-22

STATION, (Spec)—from the Poultry Science Department of Ohio State University.

Diseases and parasites along with control measures and suggestions for aiding in setting up a sanitation program for the plant or farm will get top consideration on the third day of the program, says Wormell.

Copies of the program for the meeting have been mailed to county agents and to poultry breeders and hatcherymen. These men can supply details on speakers and topics and also on other questions relating to the meeting. Wormell emphasizes that all persons interested in seeing the Texas poultry industry continue its forward progress are invited to attend.

Mrs. Hallie Coalsen of Bronte spent the first of last week with Mrs. J. D. Brim and other relatives here.

Mrs. J. D. Fallon spent last week in Goldsmith visiting in the J. L. Brim home.

OUR PRISONS FACE AN EMERGENCY
BY
O. B. ELLIS, GENERAL MANAGER
Texas Prison System

The two most serious problems facing the Texas Prison System are provisions for adequate housing for an ever-increasing prison population and those created by the criminally insane and the mentally irresponsible.

The prison population in Texas has increased more rapidly than that in most states due to the fact that the general population is increasing because of favorable economic conditions. Another factor is that there is a definite rural - to - urban shift. During the past eight years the population of the state has increased 20%, while the population of the Texas Prison System has increased 75%. Since 1947, the inmate population in Texas has grown from 5,098 to 8,900.

In the years before 1947, the Prison System of Texas was recognized as one of the worst in the country; but now, due to better facilities, more efficient operation, and a better administrative setup, it is recognized as being among the first five or six of all states.

The facilities of the Texas Prison System are badly overcrowded. Stacking men too close together breeds trouble. There is every indication that the inmate population will continue to increase and at approximately the same rate. We have every reason to believe that by 1961—only five years from now—the prison population will be 12,000. Housing units cannot be built overnight. Every good executive plans for the future of his business. We would be derelict in our duty if we did not anticipate our problems of the future and try to devise ways to meet them.

It is the belief of the Prison Board members and the prison staff that provisions must be made for an immediate and long-range housing program. In this planning we have tried to make full utilization of existing structures and have kept in mind operating manpower and economies of operation. Land-man ratio has also been taken into account.

The space contemplated in the long-range program provides housing for 3,459 additional men. If the prison population continues to increase at the same rate as during the past three years—and every indication is that it will—it would be only five years and two months before the new facilities would be used to full capacity. The additional facilities are not just desirable; that are imperatively needed.

Texas is very conservative in comparison with what other states are spending, both as a total figure and on a per-man basis. One of the states bordering Texas, with approximately one-third the prison population of Texas, has spent in the last four years \$7,500,000 for a new prison. Another state bordering Texas, with a prison population 10% of ours, is spending \$6,500,000 for a new prison.

Prison authorities are of the opinion that approximately 75% of the inmate population should

be housed in single cells. At present only about 25% of the prison population in Texas can be housed in this manner. Long-range planning provides for housing approximately 45% in individual cells.

Both the Prison Board and the Board for State Hospitals and Special Schools have serious problems in dealing with the criminally insane who present real hazards to both systems, and neither has facilities for dealing with them. The mentally irresponsible create a majority of the problems which arise. Facilities and an adequate staff are lacking for proper care and treatment.

The courts are sending to the Prison System many men who are insane, have been in insane hospitals in the past, or who are seriously maladjusted from a mental standpoint. Prison is not the place for them, but the courts are in a dilemma, since there is no place available for their adequate custody or treatment.

At present, the Texas Legislative Council is making a study of the problem of caring for the criminally insane. There is need in Texas for a separate hospital for these people in order to reduce the problems of both the Prison System and the hospitals.

Since 1948, two governors and six sessions of the Legislature have accepted the recommendations of the Prison Board by appropriating monies to develop the Prison System. The press and civic and church organizations have also assisted in the rehabilitation program of the Prison System.

The Texas Prison System now rates with the best prisons in many respects, but it is sadly inadequate in housing facilities.

News About Social Security

It is a good thing to request a statement of the earnings credited to your social security account at least once every three or four years. It is especially advisable to do so if you have reason to believe your social security account to be incorrect. For example, you should do so if you have reason to believe that your employer did not show your social security number correctly on the reports he made of your wages for old-age and survivors insurance purposes. Also, if you failed to copy your name and social security number correctly when you reported your self-employment earnings on Schedule C (or, if you are a farm operator, on Schedule F) of Income Tax Form 1040, you should check to see whether these earnings were correctly credited to your account.

Social security earnings statements are not generally suitable for income tax purposes. Statements of earnings credited to your social security account for 1955, for instance, will not be available before the last half of 1956—after the due date for filing a 1955 income tax return. Also, total yearly earnings shown on a social security statement of earnings are limited to the first \$4,200 of taxable income as social security taxes do not apply to yearly earnings in excess of that amount.

Monthly benefits which may be payable to you and your family in your old age, or to your

dependents in case of your death depend on the earnings credited to your social security account. So it is important to you and to them that your account be absolutely correct. To obtain an earnings statement, get in touch with your social security office. Just ask for the special post card used for this purpose.
