Meeting At July 19-28

D. Cox of Lampasas, pastor of the Congregational Methodist Church of Dallas, will be the evangelist for the week beginning July 19 and continuing through Sunday July 28. Prayer services will be held each night at 7:30 following the evening service at 8:00. A special invitation to attend the meeting.

Benefits May Be Available Complete, Permanent Invalids

The "permanency" and "totality" of disability will be determined by a State Reviewing Physician after study of a complete physical or mental examination by the person's own private physician. Complete helplessness from a medical standpoint, rather than inability to work, is the criteria. The state will pay the private physician for his examination. Funds for assistance payments will not be available until September 1, 1957, but applications will be taken after July 15. While the helpless individual will not be able to leave home, the persons responsible for his care may come to the local welfare office and acquaint the Department with his situation. A Field Worker will then call, as soon as possible, at the home to take the application. Offices in Mills County are located at Goldthwaite in the County Court House Basement, phone No. 165. The office will be open for applications every second and fourth Monday of each month. The first date for accepting applications in Mills County for APTD will be on Monday, July 22, 1957.

Local Newspaper Family Announces Purchase Of The Teague Chronicle

Mr. and Mrs. Ralph E. Massey, Denton, Texas, and Mr. and Mrs. Vic E. Koleber, Goldthwaite, this week announced purchase of The Teague Chronicle, weekly newspaper, job printing and office supply business at Teague, Texas. The property was purchased from the News Publishing Company Inc., Mexia, Texas. Included in the purchase is a brick building on the main street of the city in which the business is located. Change of ownership will be effective August 1.

Ralph E. Massey will be editor and publisher of the Chronicle. Mrs. Massey is the former Vicki Koleber and Ralph is the son of Mr. and Mrs. Jess Massey of Goldthwaite. The Masseys will establish residence in Teague in the next few days and will devote all the time they can to the Chronicle while completing their senior year at North Texas State College. They are both majoring in journalism. Ralph is presently business manager of student publications, the Campus Chat, semi-weekly newspaper; the Yucca, North Texas yearbook, and the Avesta, literary magazine. Vicki is a student employee at the College news service. While they are completing their college work they will be assisted by Mr. Koleber in the operation of the Chronicle.

A city of 3000, Teague is the principal shopping center of Freestone county. It is located on the main line of Rock Island Railroad between Houston and Dallas. Principal industry of the city is the Teague Brick and Tile Company, and its sales organization, which employs over 100 persons.

The town serves as a crew change station for the railroad, has Sinclair pumping station and a number of other small manufacturing plants. It also has municipally owned water and electric plants and distribu-

tion systems. The Teague area is diversified agricultural country featuring cotton, truck, and in recent years heavy blackberry production. Also cattle raising and tremendous natural gas reserves with some production.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

BY HUBERT L. BERRY
Dry weather is again a problem in the Brown-Mills Soil Conservation District; however many farmers have a lot to show as a result of spring rains.

Farmers who received abundant growth from hubam clover are, Ray Standley, L. B. Burnham, Owens Brothers, and Fred Pafford.

H. C. Collier, south of Center City harvested two hundred pounds of blue panic grass seed on approximately 2 1/4 acres last week. He said he would like to have a lot more of this grass.

R. L. Burdette, near the river south of Goldthwaite has a number of grasses on his irrigated farm. He has tremendous growth on sorghum alnum, coastal bermuda elephant grass, and blue panic. He reports that they are all good grasses but that coastal bermuda will stand more, dry weather than the others.

Joe A. Williams, north of Goldthwaite, is extremely proud of his 140 acres of blue panic grass. He stated that he believed that this grass has a lot of promise in this District.

John Parker, five miles south of Goldthwaite, has 40 acres of blue panic which is waist high. He said that several people had told him that he had the best planting they had seen. He also said that people were welcome to come and observe a grass which makes a lot of growth and is apparently well adapted to this area.

Wiley Mahan had a pond constructed by Mohler Simpson on the Ellis Mahan place east of Goldthwaite last week.

J. T. Holland and N. J. Tyson, near Mullin, each had ponds constructed by Whit Hodges recently.

Mr. and Mrs. Marvin Hodges Jr. and son, Marvin Allen of Port Arthur spent the weekend with their parents and grandparents, Mr. and Mrs. Marvin Hodges and Mrs. Ruby Ross. Marvin Allen remained for a longer visit and to take swimming lessons.

Colburn Ward of Austin spent the weekend with his parents, Mr. and Mrs. Luther Ward.

Mr. and Mrs. H. L. Egger returned home Tuesday from a visit in Dallas with their daughter, Mrs. Elsie Reid and daughters, Willabeth and Vivian.

Mr. and Mrs. L. W. Weathers of Brownwood were guests of his mother, Mrs. J. W. Weathers Tuesday.

Tom Cody Graves Reports On Jamboree

Saturday July 13.—I am enclosing a pamphlet which was issued today. I got a press pass so now I can go just about anywhere. Will give you a schedule of our trip.

SATURDAY JULY 6
We left Brownwood 2:30 a.m. for Fort Worth and Ardmore, Okla., where we had supper at 6 p.m. Had a three hour wait in Fort Worth.

SUNDAY JULY 7
Had breakfast at 7 a.m. (Our Scoutmaster Sam Etter actually got some sleep last night). Stopped in Kansas City, had dinner on the train at noon and church services at 4 p.m. Arrived at Chicago at 6 p.m. enjoyed supper here. (We had to stay on the train all the time) Left Chicago 11:30 p.m.

MONDAY JULY 8
Arrived at Pittsburg, Pa., 9:30 a.m. Crossed the Continental divide, went through the Sandpatch tunnel, arrived at Washington D. C. at 6 p.m. Went swimming and then back to the train—which was packed in a freight yard.

TUESDAY JULY 9
Got up at six—We then waited till 7:30 before we could eat—(Editor's note:—tough, wasn't it.) Had a guided tour of Washington D. C., left there at 3 p.m. and arrived at Valley Forge at 8:30.

I was split up from the rest of the group and I don't know what all they have been doing except that they went on a guided tour of New York. We in the Jubilee troop have been working on our camp site. Last night the fourth National Jamboree was officially opened by Arthur A. Schuck, chief Scout executive and Vice-President Nixon. After that there was fireworks for an hour. I haven't had a chance to find the other boys yet. I tried twice and no body was home. That's about all for now.

Tom Cody Graves

Weather Report

No rainfall to report again this week. In fact no rainfall so far this month. It is still hot and dry and the grass land is becoming quite a fire hazard at this point. Folks are cautioned to exercise extreme care and not start grass fires.

Minister and Mrs. Vernon Simpson and children, Joe and Sandra of Duncanville were guests of Mr. and Mrs. Allen Hardgrave and children this week.

Mr. and Mrs. Herbert Kluck and children of Del Rio visited his mother, Mrs. Dan Covington and Mr. Covington Sunday. They also visited his sister, Mrs. Charlie Schrader and family at Priddy.

Mrs. L. R. Hendry, Mrs. J. R. Eudy and Carolyn Close all of Coleman were guests of Mrs. Charlie T. Wilson and other relatives here the first of the week.

Burl Holland made a business trip to Brownwood Tuesday of this week.

Mr. and Mrs. J. M. Oglesby accompanied his brother, T. B. Oglesby of Brownwood to Waco Sunday, where they spent the day.

SCIENCE TEACHER

Lewis E. Burleson was recently elected a member of the Goldthwaite High School Faculty. His assignment will be in the field of natural science to fill the vacancy created by the resignation of J. W. Bowman who will be in Texas University on Scholarship.

Mr. Burleson, is a graduate of May High School and Howard Payne College where he graduated in 1954. He has since been working for Phillips Chemical Company in McGregor and Cactus, Texas. He is 25 years of age and expects to move here with his wife and two months old daughter late in August.

Supt. J. T. Jones declared: "We are fortunate in securing the services of this young man who is highly recommended and we feel that we shall have able instruction in biology, chemistry and physics as well as general science."

Rev. W. L. Dungan New Pastor Of Nazarene Church

Rev. Leonard W. Dungan of Austin has accepted the pastorate of the local Church of the Nazarene and will conduct services beginning this Sunday morning.

He with Mrs. Dungan and their two small sons will make their home in the parsonage.

JIMMY WARD RECEIVES INJURY

Jimmy Ward, son of Mr. and Mrs. L. J. Ward, was injured while playing ball with the Pony League team Monday night at Pottsville when he was hit on the side of his head by a fast pitch ball.

He was brought home and then taken to Memorial Hospital in Brownwood where he is receiving treatment.

According to report Wednesday noon his doctors are encouraged with his progress to date. He has an injured ear drum and jaw.

Mr. and Mrs. Charles Conradt are spending a few days of their vacation time this week painting their house.

Rev. and Mrs. Ray V. Mayfield and son, "Trippy" and daughter, Kathy visited friends here last weekend on their return trip from New Mexico to their home in Conroe.

Mr. and Mrs. Leon Day and sons, Larry and Gayland of Brownwood were guests of Mr. and Mrs. A. G. Collier and Jerry Monday.

Mr. and Mrs. Charles Chaney and daughter, Amelia of Lampasas were guests of Mr. and Mrs. Arnold K. Kelly and children Sunday afternoon.

Farm And Ranch Safety Week To Be Observed Nationally All Next Week

Prevention Of Grass Fires Now Highly Important

BY HUBERT L. BERRY

Next week, July 21 to 27, is National Farm Safety week. For the 14th straight year a week of added emphasis on farm safety is being observed.

The death toll from farm work accidents last year was higher than that in any other major industry. Many accident hazards threaten us every day on the farm and in the home.

D. D. Steele Addresses Lions

Mr. D. D. Steele, district counselor, Vocational Rehabilitation Division, Texas Education Agency, was the guest speaker at the regular meeting of the Lions Club Tuesday night at the Hangar. He explained details and functions of the program and sited many cases of disabled persons and how they were helped through the program.

Mr. Steele was introduced by Lion Lewis T. Hudson. Floyd Spradley and L. J. Ward were program chairmen.

Bobby Green, Uvalde, Texas, was a guest. Mr. and Mrs. Hollis Blackwell and son, Bill spent a few days last week fishing on the Gulf Coast.

Mr. and Mrs. Norman Duren and children accompanied by his parents, Mr. and Mrs. R. C. Duren of Duren are spending their vacation in Colorado.

Mr. and Mrs. Harry Oglesby have returned from a visit with their daughter and family, Mr. and Mrs. H. L. Murchie and children, Micheal, Mark and Claudia in Concord, California.

Mrs. Mark Manuel and children, Tom and Joe of Fort Worth spent the weekend with her sister, Mrs. Burl Holland, Mr. Holland and children. Tom remained for a longer visit.

Mr. and Mrs. Sig Jernigan have returned from a vacation in California.

With so many dry windy days, grass and brush fires are a constant hazard. Every effort should be made to prevent causes of these fires. Always use the ash tray in your car or truck, watch trash fires near the house. Grass fires have gotten out of hand the past two weeks on the Owens place, five miles out on the Moline road and on the O. O. Smith place near town.

From 1949-53 a total of 12,600 people lost their lives on farms due to accidents. Four major causes of the accidents were machinery 31.1%, drownings 12.9%, firearms 12.7% and falls 11%. Animals, burns, blows, electric current, lightning and others accounted for 32.3% combined.

Most of these accidents could have been prevented by "good housekeeping" around our farms. Tractors and other farm equipment should be kept in good repair. Power lawn mowers are extremely dangerous when proper precautions are not taken. Hoes and rakes laying around can be dangerous. Inadequate electric wiring causes many house and barn fires.

Whatever the hazard may be, now is a good time to clean up the garage, the shop and other farm buildings, check all power equipment, put up fire prevention signs, fix the back steps, and many other jobs which may prevent that fatal accident or that expensive doctor bill.

Charles Haenisch Is Guest Speaker For Methodist Men

Over 125 laymen from three Counties converged on Bend Thursday night to attend the Quarterly Sub-District meeting of the Methodist Men's Organization. The Chappel Circuit of the Methodist Church was the host church and the Women's Society of Christian Service at Bend served a fish dinner to the group.

Charles Haenisch, Baptist layman from Goldthwaite, who has recently moved to Eden, was the principal speaker.

The next meeting will be held at the Lampasas Methodist Church in October.

W. G. "Spot" Saylor Heads Mills County Hunting And Fishing Club

W. G. "Spot" Saylor was elected president of Mills County Hunting and Fishing Club at a reorganization meeting of the board of directors following the annual meeting of stockholders last Wednesday afternoon in the district courtroom in Mills County courthous.

Other officers elected are Otto Kunkel, vice-president; M. Y. Stokes Jr., secretary-treasurer and D. Don Geeslin, ground supervisor.

The election of officers took place after the stockholders meeting when the following new directors were elected: D. D. Geeslin, Raymond Tiemann and Howard Campbell, Holdover directors are: W. G. Saylor, M. Y. Stokes, Charlie McLean and Otto Kunkel.

The annual stockholders meeting was attended by a record crowd with members expressing keen interest in the

club and its activities. This renewed interest among stockholders is brought about to a great extent due to the spring rains which left the lake filled to the spillway. Also fishing is getting pretty good and there is much activity with respect to improvements by cabin owners and swimming and skiing.

Stockholders voted to set the dues at \$10 per share for the new year. Water rates for cabin owners were approved as recommended by the board of directors. It was voted to keep the old clubhouse and the board of directors was given authority to go ahead and make improvements and repairs on the clubhouse as finances permit. Regulations regarding swimming and fishing guests of club members were also approved as well as percentage of out of county membership.

VIC'S SOLILOQUY

WHERE DISCIPLINE IS NEEDED

The following item appeared in the Dallas Times Herald a few days ago under heading: "Unwelcome Gator Guest Crashes Back-yard Party."

"Watering the lawn has its hazards these days, Mrs. J. C. Sanderson, 3922 S. Marsalis, agrees. "Mrs. Sanderson was peacefully watering shrubs in her back yard Thursday when a baby alligator about 17 inches long crawled out to greet her.

"A Fourth of July barbecue party the Sandersons were having with some friends quickly broke up after somebody mentioned that the baby alligator's 'Mama' might be somewhere in the shrubbery. No more 'gators were found, however.

"Mrs. Sanderson's son, Clark, 14, saved the day. He grabbed a fish net and captured the villain, put it in a coop, and the party resumed."

Mrs. Sanderson is the former Irene Tullos, daughter of Mr. and Mrs. Jess Tullos of Goldthwaite. In commenting on their experience she said: "Needless to say, we had a rather exciting 4th of July right at home"

☆☆☆

Puppies invariably make a mess of homes—until they are sternly disciplined and taught to be clean and decent members of the family.

One wishes that similar discipline could be imposed on the "litterbugs" who strew discarded paper, beer cans, empty bottles and all manner of rubbish and dirt along the highways, in recreation areas, and in beauty spots throughout the nation.

The litterbugs have the crude manners of untrained puppies—without any of the puppies' excuses.

☆☆☆

Arthur McGirk of Austin made his first visit to the Eagle office in 50 years one day last week. He is the son of late Mr. and Mrs. M. McGirk. He moved away from here in 1908.

In relating some of his experiences here he disclosed that at one time during 1906 he set type with Lida Thompson Byrnes at the printing shop where the Harry Allen tin shop is now located. He related that he built the building and rented it to the printing company who published a church paper for several years.

After looking around a bit he said: "Things have certainly changed since that time."

☆☆☆

Who is the lucky guy who can come to town and report to his fishing friends that he caught two one and one-half pound bass on one lure? That is something of a record indeed—landing two bass of that size at the same time. We are looking for the guy who set that record to get full information—and maybe a bit of evidence in the form of you-know-what.

☆☆☆

APATHY AND POLIO

We Americans were generous when we contributed millions of dollars to fight paralytic polio.

We were triumphant when, after years of research, our scientists developed a vaccine against it and the number of cases dropped 47 per cent last year.

Now we are shocked to hear that, according to a recent estimate, 58 million Americans under 40 who should get this simple, effective protection have neglected to do so.

What is the word for this neglect? Polio authorities, like the National Foundation for Infantile Paralysis, call it apathy. The dictionary defines apathy as "lack of interest" or "indifference."

But can anybody afford to be indifferent about polio? When it strikes it leaves ruin in its wake—crippled bodies, disrupted homes, wage-earners unable to go on with their chosen work.

Indifference in the face of this kind of risk is folly. Better roll up your sleeve and vaccinate before it's too late!

☆☆☆

Seems that we are having a hard time this year keeping up with results of games played by Little League, Pony League and the Pee Wee baseball teams of the county.

We have tried for several weeks to get records and it develops that records apparently aren't being kept up as the season is progressing.

Little League President L. J. Ward has been working on the project and from all indications there are too many games going on and for some reason, or other, so far this season record books are not complete.

It takes a lot of score keeping to record everything when games are going on three and four nights a week.

WHEN THE OLD BIRD WAS YOUNGER

10 YEARS AGO—

(Taken from the Eagle files of July 18, 1947)

New Arrival—James Sidney, eight and three fourths pounds, son of Mr. and Mrs. Jess Ball, born Tuesday, July 15, at Memorial Hospital in Brownwood.

Felton Farrell Wright, weight 10 pounds and four ounces, was born to Mr. and Mrs. J. D. Wright, June 26, 1947, at the San Saba Memorial Hospital.

Mr. and Mrs. N. C. Karnes are the parents of a 10 pound boy, born July 7, at 7:30 in the Brownwood hospital. The young man has been named Noel Charles, Jr. Grandparents are Mr. and Mrs. C. A. Karnes of Brownwood and Mr. and Mrs. George Brown of Center City.

The marriage of Miss Haille Early, daughter of Mr. and Mrs. Otis Early of Brownwood and former resident of Goldthwaite, to Billy Wood Johnson, son of Mr. and Mrs. J. W. Johnson, was solemnized at the First Baptist Church Friday evening, June 20. The double ring rites were read by Rev. H. H. Hargrove.

Dr. C. L. Oquin of Weesatche arrived Thursday of last week for an extended visit with his sister, Mrs. Walter Weatherby and other relatives.

Miss Gladys Evans of Corpus Christi has been here this week visiting her grandmother, Mrs. J. Everett Evans and Miss Gladys Evans. They all spent part of the week with Mr. and Mrs. O. B. Hill at Center City.

Mr. and Mrs. Walter Weiss and his sister, Miss Deloris Weiss of St. Lewis arrived yesterday to spend their vacation in the home of Mrs. Weiss, parents, Mr. and Mrs. G. W. Hill.

Mrs. Walter Worthly of Vanderbilt visited in the J. M. Oglesby home the first of the week after spending the Fourth with her parents, Mr. and Mrs. Clifton Ballard of Moran.

25 YEARS AGO—

(Taken from the Eagle files of July 15, 1932)

Nolen Jones, son of Mr. Lewis Jones of the Center City Community, and Miss Oia Bell Montgomery, daughter of Mr. Montgomery of South Bennett community, were united in marriage Monday afternoon at the home of Rev. J. D. Long in the Miller Grove community, Rev. Long officiating.

W. A. L. Graves has accepted a position in the D. H. Trent Bank.

The new railroad from Waco to Brownwood has been chartered and the survey is to be made at once, the press reports say. The road runs through Hamilton, Pottsville and Priddy, and will cut off some of Goldthwaite's good trade territory. While it will be detrimental to Goldthwaite to some extent it will be of great benefit to the section through which it runs.

Mrs. A. C. Langford, aged 94, died yesterday morning at the residence of her son, A. G. Langford in Center City community, where she had made her home for a number of years.

She was a pioneer in this part of the state, she and her husband Mr. A. C. Langford, having located in the Evant community at an early day and owned an immense amount of land in that part of the state. One large settlement about Evant was named in their honor—Langford Cove. They also operated a store at Evant for many years.

Mr. H. M. McNutt, aged 94, died at the home of his son in the Trigger Mountain community, yesterday morning at 8 o'clock, and his remains were interred in the Goldthwaite Cemetery this afternoon. He had been in feeble health a long time owing to his extreme age, but had only been seriously ill a few days.

Mrs. C. H. Evans and son, J. V. of Mexico, who were visiting in the Walter Doggett home in this city made the Eagle a pleasant call Saturday, accompanied by Mrs. Doggett.

— IT PAYS TO ADVERTISE —

50 YEARS AGO—

(Taken from the Eagle files of July 20, 1907)

County Clerk Crawford issued marriage license last Saturday to Cleveland Perry and Miss Fannie Brown.

M. C. Humphries, Jr., died at the family home in this city at noon Monday, after several weeks of illness with typhoid fever.

Mr. J. W. Cook died at his home in this city Thursday morning at an early hour, after a long illness.

Mr. Wm. Deseng died at his home in the Priddy community last Sunday afternoon and his remains were interred in the cemetery at that place Sunday.

Again last Sunday evening two more hearts were made happy in Big Valley. Mr. Cleveland Perry and Miss Fannie Brown accompanied by Billie Daniels and Miss Etha Denard, Charley Miller and Miss Lola Sykes, Dixie Webb and Miss Verna Hartman, went down to Brother Haralson's who performed the ceremony which made the two hearts beat as one. Big Valley Letter.

Sheriff Ezzell's little son who has been sick with fever for several weeks, was reported improving yesterday and has been clear of fever for several days.

Miss Mildred Baird has been promoted to the position of assistant Cashier in the Trent State Bank. O. H. Yarbrough who held the position having resigned.

W. A. L. Graves has accepted a position in the D. H. Trent Bank.

The new railroad from Waco to Brownwood has been chartered and the survey is to be made at once, the press reports say. The road runs through Hamilton, Pottsville and Priddy, and will cut off some of Goldthwaite's good trade territory. While it will be detrimental to Goldthwaite to some extent it will be of great benefit to the section through which it runs.

Inside WASHINGTON MARCH OF EVENTS

Red China Trade Embargo Lifted in Near Future?

WASHINGTON—Despite the official United States assertion that some business interests are quietly anticipating a lifting of the embargo on American trade with Red China will continue in the not distant future.

Steamship companies, particularly, are making hush-hush preparations for a possible return to the days when American liners and tramp ships could be counted by the dozen along the Shanghai waterfront.

One company, on its map of routes, shows the Chinese Communist cities of Shanghai, Tientsin and Dairen as ports of call but notes that service has been "temporarily suspended because of unsettled international conditions."

Though little is said about it, American business contacts with Chinese firms also are being kept alive via the ministrations of British commercial agents or those of other nationalities.

H-BOMB TESTS—The first public reaction to President Eisenhower's statements that he favors a total ban on H-bomb tests was one of bright hope for world disarmament. However, the matter actually was no change in the situation and the matter remains as it has been for many months.

Mr. Eisenhower told his news conference that he would like to see such a ban clamped on the testing of H-bombs but he said this definitely would have to be hinged to a world disarmament agreement that such weapons also would not be used in warfare.

Such an agreement, he emphasized, also would have to be inspected by inspection. This has been his constant position.

The Russians say, too, that they would like to see the experiment halted. However, there they stop. They don't go for the experiment plan. Thus, there is nothing to raise hopes for an H-bomb test ban.

NIXON'S FUTURE—There are increasing signs in political circles in Washington that more opposition may develop to Vice President Richard M. Nixon as the Republican presidential candidate in 1960 than had been expected.

Nixon himself has remained silent but in the background are significant number of "trial balloon" reports suggesting other candidates who might be good men to head the Republican ticket.

Among those mentioned in the latest rumors are President Assistant Sherman Adams and Gen. Alfred M. Gruenther, president of the American Red Cross. Neither actually has more than a shot chance.

However, while the potential candidates being discussed don't have any really strong backing, the reports do indicate that many Republicans are looking around for someone other than Nixon.

Senate GOP leader William F. Knowland of California is considered the most active threat to Nixon's future now. He has won the full support of the "Old Guard" and that gives him a good start.

FARM ISSUE—You can look for another heated fight on Capitol Hill next year over the merits and disadvantages of the flexible price support program for farm commodities.

Agriculture Secretary Ezra Taft Benson has served notice that he intends to fight for keeping the flexible program. However, he does feel that Congress should give him more discretionary authority to set up ports.

Benson's opponents say that his request for the additional authority is an admission that the flexible theory hasn't worked. The result may be a complete overhauling of the farm laws next year.

NO OTHER WINDOW DECORATION OFFERS SO MUCH!

- LIGHT CONTROL** at your command! Shut it out or let it in — with Venetians you have control.
- AIR CONTROL** without sacrifice of privacy or illumination!

Our revival meeting will begin Friday July 19, with Rev. O. D. Cox former pastor doing the preaching. Everyone is invited to attend.

Miss Laura Nelson returned home Monday from a visit with relatives in Garland, Arlington and Mesquite.

Joe... know any sure cure for this chest pain of mine?
No, Sir! What's more, we got a deal with the doctor. He doesn't cut hair, I don't practice medicine.
We don't know whether Joe's remark was meant to be merely a part of his usual witty chatter. But we do know this: there's some mighty shrewd wisdom in what he says. Yet, even today, far too many of us pin our hopes on medical advice from this or that unqualified source. No matter what your trouble is—a persistent cold, a recurring head- ache, taut nerves—it never makes sense to stay away from the doctor on the chance that someone will turn up who knows "the very latest thing" for your trouble. So, if you've been feeling none too good day after day... if some ache or pain nags at you time after time... don't rely on home treatment, or listen to someone whose hobby is giving free medical advice. Take a friend's word, if you wish, about almost any other problem that comes along, but don't let anyone other than your doctor advise you about your health. You will save time and money in the long run. Today, more than ever before, getting prompt and proper medical care may well represent one of the biggest bargains of your life.—Reprinted from a copyrighted advertisement published by Parke, Davis & Company, Detroit 32, Michigan.

Nowlin of Seagraves; Mr. and Mrs. J. W. Fisher of Brownwood and Mrs. Leland Lockridge and J. C. Fisher of Zephyr.

Mrs. Turner Vaughan of Llano, Neely Blackman of Goldthwaite and Boby McCormick of Fort Worth visited Mrs. Vesta McCormick over the weekend.

Helen Dempsey and Nickie, Mr. and Mrs. Otto Hiller and Delworth Thomas of Galveston visited Mr. and Mrs. Hollis Jackson and Mr. and Mrs. L. D. Hiller a few days last week.

Final Rites For Mrs. W. L. Burks Conducted Here Last Wednesday

Funeral services for Mrs. Louella Kuykendall Burk, 73, long time resident of Mills County were held in the First Baptist Church of Goldthwaite, Wednesday morning of last week, at 10 o'clock. Services were conducted by Rev. Pres-nall H. Wood, pastor of the church.

Mrs. Burks was born January 15, 1884, in Burnet County and passed away July 9, 1957 in the San Saba hospital, after a lengthy illness. She was the daughter of the late Mr. and Mrs. Samuel E. Kuykendal. She spent most of her life in Mills County. She was a member of the First Baptist Church of Goldthwaite.

She was united in marriage with Matt Denson in 1899 and in 1905 she was married to Jess Muncie, who preceded her in death. She was married to W. L. Burks in 1910 and he preceded her in death November 16, 1938. After the death of Mr. Burks she took his place as Treasurer of Mills County and served in that capacity until 1945.

Survivors are a son, Cecil Denson of Goldthwaite; a niece, Miss Grace Denson of Dallas, whom she reared; four grandchildren and nine great-grandchildren; a number of nieces, nephews and a host of friends.

Pallbearers were Marvin Casbeer, Gerald Head, L. T. Saylor, C. S. Smith, Joe Davis and Oscar Holland.

Funeral arrangements were under the direction of the Wilkins Funeral Home with burial in the Goldthwaite Memorial Cemetery.

MULLIN YOUTH GROUP TOURS LONGHORN CAVERN
A group of young people of Mullin Baptist Church took the guided tour through famous Texas Longhorn Cavern recently while on a trip through the Highland Lake region of Texas.

The Cavern is located in Longhorn State Park four miles south of Burnet on U. S. Highway 281. The two-mile guided tour is conducted several times daily.

Mr. and Mrs. Bill Harper and daughter of San Angelo returned home Sunday after a visit with her parents, Mr. and Mrs. Roy Wilkins and other relatives.

Mrs. Annie Miller has returned home from a three weeks visit with her son, Mr. and Mrs. Marshall Miller and children in College Station. Her grandson, Duke accompanied her home for a visit.

Center Point News

By MRS. RUBY FRENCH

WINNING WAYS By Alan Maver

HAS BEEN FULFILLING THE HIGH EXPECTATIONS THE REDS HAD FOR HIM—PERFORMING MAINLY IN RELIEF, HE HAS BEEN ONE OF THE LEAGUE'S BIG WINNERS.

IF THEY KEEP NUMBER-OF-WINS-IN-PROPORTION-TO-INNINGS-PITCHED STATISTICS, TOM MUST BE WAY UP THERE. WAS CREDITED WITH 5 WINS FOR 22 INNINGS PITCHED. PICKED UP VICTORIES IN BOTH ENDS OF ONE DOUBLE-HEADER.

Distributed by King Features Syndicate

cases. But people who are still on the job, like Comptroller Robert S. Calvert, have plenty to ponder. Calvert gave money-worriers a jolt by announcing the state is going to have to ante up \$6,000,000 more for teacher retirement system in the coming two years. Increase is due to the teacher pay raise which ups the amount both the state and the teachers must pay in.

Since the Legislature spent within \$80,000 of the state's expected revenue for the next biennium, this new drain means, according to Calvert, that "the poor old revenue fund will hit the deficit column sooner than expected."

"If I had to make a new estimate of expected revenue right now," he said, "I'd have to say we'd end up almost \$6,000,000 in the hole." But he added that he hoped the outlook would improve before he's called for another official forecast.

JURY TAKES BREAK—Travis County's grand jury room is quiet too. Jurors are taking a two weeks "breather," but will resume investigation of the ICT collapse and Legislative bribery charges July 23. Spokesmen gave no hint when

the jury might give its report and end the general suspense.

Another grand jury in Dallas is still at work. It subpoenaed former Insurance Commissioners J. Byron Saunders and Garland Smith and Smith's son-in-law, Max Wayne Rychlik.

INSURANCE FORMS APPROVED—Texas Insurance Commission has granted "temporary approval" to all life, health and accident policy forms filed before Aug. 22. It's a stop-gap measure to conform with a new law and yet allow Texas insurance companies to continue business.

A law passed last session requires that all life insurance policy forms receive Commission approval before being offered to the public. Previously, only filing of forms with the Commission was needed.

But thousands and thousands of forms are involved, more than the Commission could possibly get through before the effective date of the bill. Hence: temporary approval for all during the checking period.

ADVISORS NAMED—A Committee of four has been named to help small Texas cities that want to participate in the state's new urban redevelopment law.

They are Dr. D. R. Rellly of the Nolan-Scurry County Health Dept., Joe Driskill of Fort Worth, Marvin R. Springer of Dallas and Jack Shelly of Garland. State Health Commissioner Henry A. Holle announced the group, to be known as the State Urban Renewal Advisory Committee.

Its function will be to help cities under 25,000 population develop city plans to qualify for federal aid in slum-removal programs.

BIGGER CROPS SEEN—Texas' 1957 grain harvest is expected to be significantly increased over that of drought-pinched 1956.

But citrus production will be down, according to the U. S. Dept. of Agriculture, and cotton is still a question mark.

USDA forecasts Texas' wheat crop at 33,885,000 bushels, compared to 26,388,000 bushels last year. But it's still below the 1946-55 average of 47,339,000 bushels.

Corn production is estimated at 39,189,000 bushels compared to 27,465,000 for last year. Oats are expected to hit a whopping 37,148,000 bushels compared to only 19,170,000 bushels for '56. Only rice is expected to be down—10,440,000 bags of 100 pounds each this year compared to 11 million last year.

Oranges also will be fewer—1,700,000 crates for '57, 2 million in '56. Grapefruit: 2,800,000 boxes for '57, 3 million for '56.

No official forecast has been made on cotton. Acreage planted is shown, however, to 88 per cent of what it was last year.

15 SCHOOLS FLUNK—State

Commission on School Accreditation says it will recommend that 15 Texas schools be dropped from accredited status.

Final decision will be made after the commission reports at the Sept. 2 meeting of the state Board of Education. Commission also suggested that 7 schools seeking accreditation not be approved and that 79 more schools be warned they must improve. Inadequacy of personnel, facilities and curriculum were cited.

Recommended for loss of accreditation were Asherton, Antonio, Bradewell, Barry, Ben Hur, Concord, Gordon, Kirkland, Kosse, Minden, Mount Calm, Norwood, Purdon, San Hill and Winfield.

VOTING RIGHTS DEFINED—Military personnel who are discharged, wait a bit, then re-enlist are entitled to establish voting residence in the Texas county where they re-enlist.

So ruled the attorney general's department. But it doesn't apply, said the opinion, if the discharge and re-enlistment are continuous.

Texas constitution allows military personnel to vote in the county where they resided at the time of entering service.

SHORT SNORTS—Rio Grande Valley citrus growers are hopeful Florida officials will decide this month to remove a 20-year ban on shipment of Texas fruit to Florida. Texas, Agriculture Commissioner John White pointed out, has not barred Florida fruit during that time. . . . Lieutenant General Ernest O. Thompson concluded a 40-year military career by retirement as commander of the Texas National Guard. Gen. Thompson, who was "The youngest lieutenant colonel in World War I," commanded Texas' 36th Division in the between-wars interval and served again in World War II. He is a member of the Texas Railroad Commission. . . . Texans tested their atom bomb defenses in "Operation Alert," a practice exercise that assumed seven Texas cities had been struck. State Civil Defense and Disaster Relief Headquarters sent out surprise notices to officials in the target cities. State agencies, as well as local groups, participated in the game of "what we'd do if. . ."

Some 9,000 acres of cotton in West Texas have been damaged by improper use of chemical weed killers, according to the State Agriculture Department. It urged caution in use of hormone-type herbicides, principally 2-4-D and 2-4-5-T. Contact with county agents was suggested. . . . Mrs. Lem Scarbrough of Austin has been appointed by Gov. Price Daniel to the State Board of Mansion Supervisors. Made up of three women, the board plans repair, decoration and beautification of the Governor's Mansion and grounds.

Census To Collect Facts On Second Jobs Of Employed

Special questions, designed to provide information on the number of persons who have more than one job, will be asked in the July Current Population Survey, according to Supervisor James W. Stroud of the Census Bureau's regional field office at Dallas, Texas which will participate in the survey.

Similar questions asked in the Current Population Survey last year revealed that an estimated 3.7 million persons, or about one in 18 of all employed persons, held more than one job during the week of July 8-14, 1956, the period covered by the survey. The group designated as multiple jobholders included wage and salary workers with more than one employer during the survey week, as well as persons on the payroll of an employer and also self-employed or working without pay in a family enterprise.

An estimated one million persons held both farm and non-farm jobs concurrently, the survey showed. About three in five of this group had a primary job in nonfarm work. Most of the remainder were self-employed farmers with a secondary job off the farm. Extra jobs held by farm wage workers usually were other paid farm jobs.

The special questions on secondary jobs will be in addition to the regular monthly inquiries on employment and unemployment. Current Population Survey information will be collected locally during the week of July 15 by Mrs. Nella P. Casbeer of Lampasas.

Mr. and Mrs. Jack Locklear night, their son, Clyde Alan, and children of Brady were guests of his parents, Mr. and Mrs. C. Locklear last Friday with them.

Biggest Sellers...because they're Biggest Savers!

You can tell from the way they're put together that Chevrolet trucks stay on the job . . . save on the job!

A truck with built-in stamina—that's Chevy. Whether highballing down highways or roughing it across rugged terrain, or doing delivery duty in town, dependable "can-take-it" Chevrolets are cutting

downtime to the barest minimum. A truck with a choice of ready-to-go power—that's Chevy. From an advanced lineup of eight engines—140 to 210 hp—you can save by choosing the power precisely matched to your job. Thanks to compact weight-saving design, Chevrolet's V8's deliver high power per pound of engine weight—power that works harder for you. Chevy truck 6's are famous for their stay-

ing power. Whichever engine you choose, you know it's got the power to back up every inch of brawn in every Chevrolet Task-Force truck. A truck for your job—that's Chevrolet, too. From pickups to middleweights to high-tonnage tandems, there's one just right for your job. See your Chevrolet dealer. He'll show you a model that's practically made to order for your kind of hauling.

Final Rites For William H. Lee Are Conducted Here Tuesday

Funeral services for William Henry Lee, 77, were held in the Wilkins Chapel at Goldthwaite, Tuesday afternoon at 3 o'clock. Services were conducted by Rev. Bedford Renfro, pastor of the Assembly of God Church. Burial was in Goldthwaite Memorial Cemetery under the direction of the Roy Wilkins Funeral Home.

Mr. Lee was born in Bastrop January 5, 1880, son of the late Isaac and Emaline Qualls Lee. He passed away in a rest home at Louise, Texas, July 15, 1957. He was married to Miss Fannie Harbour in Lavaca County and they moved to Brownwood in 1922. In 1928 they moved to Goldthwaite where Mr. Lee served as deputy sheriff for eight years. Mr. and Mrs. Lee lived on their stock farm in the South Bennett community until her death in 1956, when he moved to Louise, Texas to make his home with a sister, Mrs. Lillie McKee.

Survivors are three sisters, Mrs. Maaida Lampkin and Mrs. Rosa Cjka both of Columbus and Mrs. McKee of Louise; two half brothers, Walter Lee of El

Campo and Harvey Lee of Columbus. Also a number of nieces, nephews, other relatives and friends.

Pallbearers were J. M. Mays, Tom Booker, Bob Kirby, Bob Swindle, J. M. Oglesby and Lee Roy Stacy.

San Saba Peak

By MRS. DUTCH SMITH

Well it has been some time since I have written, but news out my way sure is scarce sometimes.

Mr. and Mrs. Loyd King and children have returned from a vacation trip that took them through several different states. They reported a most wonderful time and said Texas looked good to them.

Mr. and Mrs. Velmer Gage of California visited with Dutch and I last week. We enjoyed them so much and they still like Texas. They went from here to Oklahoma to visit her brother, Jim Allin and family. They found Jim in the hospital suffering from a heart attack. He was better when they left.

Bill Harris of Baird spent Monday night with us.

Mr. and Mrs. Terrell Casbeer and Mr. and Mrs. Dutch Smith attended the Brady Jubilee July 4.

We were so sorry to hear of uncle John Howells death. He had been in poor health a long time. I attended his funeral. We surely sympathize with his loved ones.

We attended the funeral of Mrs. Lou Burks. We had known her a long time having lived neighbors to her brother, John Kuykendall for many years. Several from here attended the funeral service.

Dutch and I attended a picnic at Double Ford yesterday. The following neighbors who have moved away were here for the picnic: Mr. and Mrs. Marvin Laughlin, Grand Prairie, and Mrs. Vida Black, Brownwood. We had a wonderful lunch and enjoyed the fellowship so much.

I visited in the Carl Brown home Tuesday and Dutch and I visited the Browns Saturday night. Mrs. Brown was carried back to Houston for a check up yesterday.

Mrs. Hern Harris spent Sunday with us and attended the picnic at Double Ford.

Mrs. Fred Laughlin and Mrs. Ernest Wilson visited the Dutch Smiths Tuesday evening.

Ulen Laughlin bought the Fields Hines house and had it moved on his dads place. Ulen, his dad and Dutch Smith are remodeling the house. Welcome back home Ulen and family.

Miss Sandra Jean Schrank And Charles Seider Repeat Vows

MR. AND MRS. CHARLES SEIDER

A double ring ceremony, read Saturday evening, June 22, in the Zion Lutheran Church at Priddy, united in marriage Sandra Jean Schrank of Priddy and Charles Seider, also of Priddy.

Mr. and Mrs. Norman L. Schrank of Priddy are parents of the bride and Mr. and Mrs. Albert Seider also of Priddy are parents of the bridegroom.

The ceremony was read by Rev. John Striepe, pastor of Zion Lutheran Church of Priddy. Baskets of white gladioli and flanks of pine formed the background where vows were exchanged. Pews were decked with pine and white ribbon bows.

Traditional wedding music was presented by Miss Betty Jean Limmer, organist, who accompanied Mrs. Milton Schwartz, of Goldthwaite, soloist, as she sang "Always" and "The Lords Prayer."

Given in marriage by her father, the bride wore a gown of white Chantilly lace and tulle over net and taffeta, designed with a low neckline forming a high V. The fitted bodice of lace was buttoned with tiny lace and taffeta

covered buttons. The short sleeves were scalloped and her elbow length gloves were of Chantilly lace over white taffeta. The voluminous skirt was of lace over tulle, and four huge ruffles of tulle formed a chapel length train.

Chantilly lace, hand-clipped, bound in taffeta formed the headress which was encrusted with mother-of-pearl sequins. A veil of white tulle in two tiers extended to the shoulders and fingertips.

She carried a white lace and taffeta covered Bible topped with white carnations. Something old was the handkerchief carried by her grandmother, the dress was something new, rhinestone earrings were borrowed from her grandmother. Something blue was the traditional blue garter and she wore a penny in her shoe.

Marilyn Schiee was maid of honor. Bridesmaids were Carol Ann Seilheimer and Esther Pearl Hohertz, cousins of the bride, Bonnie Ridgeway, cousin of the bridegroom and Carolyn Schwartz. They wore frocks identically styled of medium blue taffeta with cumberbunds of

blue tulle. Their hats were of blue tulle and their wristlets were painted blue daisies. The maid of honor carried a nosegay of blue daisies.

Gwen Kay Schrank, sister of the bride was flower girl. She was dressed identically as the other feminine attendants. Donnie Gene Stregemoller, cousin of the groom was ring bearer.

Jimmie Joe Seider, brother of the groom served as best man. Groomsman were Billy Johnson, Willard Partin, cousin of the groom, Charles Hohertz, cousin of the bride and N. L. Schrank, brother of the bride. Gayland Schrank, brother of the bride and Jerry Seider, brother of the groom were ushers. The receptionist was Ann Hohertz,

cousin of the bride. The reception was held at American Legion Hall at Priddy. The couple will make home in Priddy for the time being and both plan to enter this fall.

Mr. and Mrs. Cecil J. Seider are spending a week in La. and Houston.

Mr. and Mrs. B. F. Stevenson of Scottsdale, Arizona and Mrs. DeAlva McBurney of Phoenix, Arizona drove by the O. A. Evans to say hello. They will be remembered here as Mollie and DeAlva Williams, former residents of this community.

Mr. and Mrs. Glynn Hill and Alphis Hill of Winters visited Mr. and Mrs. O. A. Evans last week. Mr. and Mrs. Glynn Hill were moving to their new home in Bryan where he will attend A & M College and work on his degree.

A host of friends and neighbors joined the Mr. and Mrs. J. B. F. Manuel family reunion Sunday at the cabin of Mrs. Ruth Parker at Lake Merritt, to help Mr. Manuel celebrate his 80th birthday. We wish for him many more happy reunions and

HOUR-OLD INFANT ABANDONED

NURSE SYLVIA LIVERATTI of Allegheny General Hospital, Pittsburgh, holds an infant found outside the hospital's emergency room in the early morning. Doctors said the baby boy was slightly over an hour old when he was abandoned. (International Soundphoto)

birthdays. A large crowd of friends and neighbors attended the Will Hill family reunion at the Walter Hill Billies.

FOX CARRIES HIS OWN ANTENNA

FOXIER THAN HE MAY APPEAR is this little desert fox, who seems to be sleeping peacefully in his quarters at the Bronx Zoo, New York. Actually, those big ears are perked up and are used by the animals as nature's "antenna" since they're on the alert even when they doze off. In their natural habitat, these animals sleep all day and forage at night. In captivity, they are fed in the afternoon. (International)

Chappell Hill

By PEARL CRAWFORD

Our community was made sad last Tuesday when the Bryants, who were driving through the community happened to the very painful car wreck, near Albert Evans place. Mr. and Mrs. W. W. Ratliff, Wayne and Steve, Mr. and Mrs. Jess Ivy, W. P. Oxford and Bobby lent a helping hand and Mr. Oxford accompanied the Bryants to the Medical Arts Hospital in Brownwood.

Mr. and Mrs. R. J. Schindler of Bangs were called to Hallettsville to attend funeral services for his sister, Mrs. Rose Scherbert.

We wish to express our sympathy to Buddy Womack, who had the misfortune of breaking his arm. Late news from him was that we was recovering nicely.

Mr. and Mrs. Clarence Hill of Winters visited Mr. and Mrs. A. L. Crawford and William G. Sunday.

LOCKHEART STATE PARK on State Highway 964 has a rehabilitated golf course as this season's major improvement. Both greens and fairways have been aerated and cultivated. Last year's improvement of the bath house and swimming pool has made the park more popular than ever with residents of nearby Lockhart and the personnel of Gary Air Force Base.—Photo by Gordon Lupton.

LOCKHEART STATE PARK has a natural setting along Clarefoot Creek in Caldwell County. The site is so attractive that it was accepted for Civilian Conservation Corps construction though it was about half the 500-acre minimum then set as a standard.

The park's swimming pool and its varied nine-hole-golf course are attractions that draw large crowds from nearby Lockhart and from Camp Gary.

Good views of the surrounding country are obtainable from the recreation building on the ridge top. A broad terrace on this hill top installation is especially enjoyable for evening dancing or dining.

CCC work cleared the site of the park golf course. The Lockhart Business Men's Club cooperating with the Works Progress Administration, completed it. The first tee, originally, was on the hill top and was said to have the greatest drop of any golf course. Its novelty was offset by the difficulty to climb, and the present course is all on lower ground. Extensive work has been done in the last year improving both fairways and greens. Modest green fees pay for its up-keep.

The park swimming pool also has undergone recent improvements. The old bathhouse has been refloored. The water supply for the pool now comes from the artesian wells that supply the City of Lockhart. Formerly the flow of Clarefoot Creek was diverted into the pool. Pool play equipment has been installed. The sloping lawn from the pool to the bathhouse is a popular place for sunning.

Park visitors, by making a short drive, can see the site of one of the famous fights between Indians and white settlers. This was the battle of Plum Creek which took place August 12, 1840.

A war party of Comanches was halted there on their return from the sacking of Linville in a bloody raid through the Guadalupe Valley. An aroused band

ABOUT YOUR HEALTH

A weekly public service feature from the Texas State Department of Health.
HENRY A. HOLLE, M.D., Commissioner

AUSTIN—Although summer has just started in Texas, school days are practically around the corner and it is time that mothers should start thinking about getting the young ones ready for school again.

Special consideration should be given to the thousands of Texas youngsters who will be starting school for the first time.

Most school districts have certain requirements which must be met before a child may be entered in school. Foremost in nearly every school is proof of birth.

If you do not have a copy of your child's birth certificate, a certified copy may be obtained from the Texas State Department of Health for a one dollar fee.

Write to the Bureau of Vital Statistics, Texas State Department of Health, Austin, Texas. Be certain to include the child's name, birth date and birth place, and the name of his parents. Also, enclose \$1.00 cash (at your own risk) or money order. Do it now and avoid the rush.

Every child should have a pre-school health examination. Height, weight, posture, vision and hearing should be checked. Often school beginners' problems can be traced to faulty vision and hearing.

Have your dentist to go over your child's teeth again. With the excitement and challenge of school, new physical—and emotional—demands are made on him and to get the most out of school, he needs to be physically ready for it.

With school come more chances for exposure to communicable diseases. This isn't the school's fault—it's because your child is becoming a part of a bigger world.

To help prevent illness, check up on immunizations, especially your school district's requirements. See that your child is

still protected against diphtheria, whooping cough, tetanus, smallpox, and by all means have his polio series started if you have not already done so.

Going to school will be all new to your child. It means new children, a new place, new adults, new things to do. It's the same child, but one who is changing physically, mentally, and emotionally.

If he is healthy and you keep him healthy, his adjustment into school life will be made much simpler, and he'll be happier.

Kelley Community New

By MRS. M. C. PARTRIDGE
(Written for last week)

Mr. and Mrs. Neal Rose visited Mr. and Mrs. Jim Hamilton at Star Monday evening. Their grandchildren, Gary and Diann accompanied them home.

Mrs. Neal Rose and Diann and Mrs. M. C. Partridge and Juanita visited Mrs. J. W. Featherston Tuesday afternoon.

M. C. Partridge went to Fort Worth Monday evening and returned Tuesday.

Mr. and Mrs. Neal Rose accompanied by their grandchildren, Gary and Diann went to Beeville Wednesday after re-

ceiving word that Mr. and Mrs. Jack Hamilton were the proud parents of a new baby girl. They will be gone two weeks and will also visit Mr. and Mrs. F. W. Conrad in Houston before returning home.

Mrs. M. W. Trotter visited Mrs. J. W. Featherston and Mrs. M. C. Partridge Wednesday afternoon.

Mrs. Betty Scott and Richard and Mrs. Larry Simmons and Randy were Thursday visitors of Mr. and Mrs. J. W. Featherston.

Mrs. M. C. Partridge and Juanita spent Friday in Goldthwaite with Mr. and Mrs. Ernest Jarrett.

Capt. and Mrs. Bob Cox and Karan, who have been stationed in England have returned to the States and will be stationed in Tucson, Arizona, but they are now visiting her parents, Mr. and Mrs. P. L. Hancock and Mrs. Ingram.

C. W. Jones spent the weekend in Lufkin visiting his children.

Mr. and Mrs. J. W. Featherston visited Mr. and Mrs. M. W. Trotter Sunday afternoon.

Dorothy Egger Accepts Position In Lubbock School

The school board in a recent meeting accepted with regrets the resignation of Mrs. Dorothy Egger. Mrs. Egger has taught a division of the first grade in the Goldthwaite Schools for the past five years.

Mrs. Egger moved with her husband, Ben Egger to Lubbock, Texas immediately following the

close of school. They are residing at 2405 24th Street in Lubbock, Texas where Mrs. Egger is a student in Texas Tech this summer. She has accepted a position in Rush Elementary School of Lubbock where she will teach a class in the sixth grade in that system. She has a daughter who is a student in Texas Tech also.

Supt. Jones has announced that a replacement for Mrs. Egger will come on transfer from within the faculty if we use the second teacher for the first grade next year. Our new first grade enrollment will be less than thirty pupils for 1957-58.

for

GOLDTHWAITE

HERE'S THE NEW LOOK
 IN TELEPHONE NUMBERS
 Just As Easy . . . Only Different

Starting July 25, you'll dial the first two letters of the Central Office name, then the five numerals. For example, to call Mission 8-5060, you will dial M-I-8-5-0-6-0.

When you give a telephone number to the operator, or repeat it to a friend, the easy way to say it is to break it up like this:

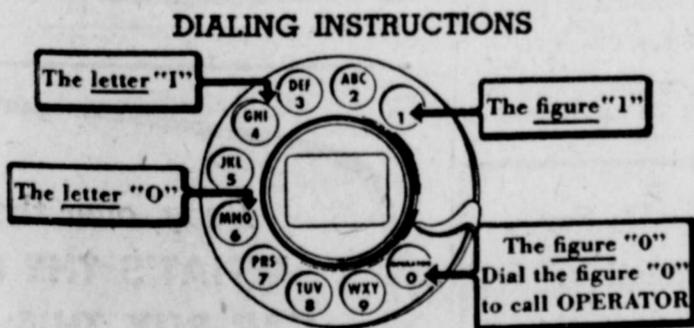

"Mission . . . 8 . . . five O . . . six O."
 This is the best way to say it—to understand it—to remember it.

you'll get
TWO LETTERS
 and
FIVE NUMERALS
 in your telephone number

on

July 25 ... at
10 p.m.

Check the First Page of Your Directory for
 Information on How to Dial

- LIFT THE RECEIVER AND LISTEN FOR DIAL TONE—a steady "hum-m-ming" sound.
- DIAL THE FIRST TWO LETTERS THEN THE FIVE FIGURES IN THE NUMBER.
- WHEN DIALING PULL DIAL AROUND UNTIL FINGER STRIKES THE FINGER STOP. Remove finger and allow dial to return without interference. DO NOT MISTAKE THE LETTER "O" FOR THE FIGURE "0" NOR THE LETTER "I" FOR THE FIGURE "1." THE RINGING SIGNAL (an intermittent "burr-ing" sound) OR THE BUSY SIGNAL (a steady "buzz-buzz-buzz") should be heard soon after the dialing is completed. If you do not hear either sound, hang up, and after a reasonable wait, try the call again.

All telephone numbers have been changed so please discard your old telephone directory. On the first page of your new directory you will find complete information on how to reach the Fire Department, Police Department, Business Office, Long Distance Operator, Information.

The Crossroads industry of Texas has a vital decade in the next few years. It is a matter of time before the industry will be able to decide whether to accept more controls or meet the modern technology. It leads to virtual freedom for the small farmer or so—the other

opens up vast new fields in marketing and demand. The key to a successful future for cotton lies in greater research towards developing new uses and wider markets for the products. We have a number of research projects now—but they have been directed mainly towards increasing production, or per-acre yields. We have gone about as far as we can go in that direction under the present economic demand. It is a cold, hard fact that almost every bale we produce over the 9-million bale mark each year must be either stored, subsidized or dumped at a loss in countries abroad. Once our domestic consumption exceeded 12-million bales. But synthetic fabrics have cut deep inroads in cotton markets at a time when our main goal was to get more cotton from less acres! Today, the industry and government agencies must develop a new approach. The surface hasn't been scratched on all the potential uses for cotton. Only a vast research program will bring them into being. There are several immediate

goals which could create a market demand to equal and eventually surpass our previous 12-million bale consumption. But the cotton industry, and the government, have been guilty of letting many opportunities slide away.

As an example, a vast quantity of jute is imported each year to make binding cloth for cotton bales. Using even poor grade cotton, a competitive fabric could be manufactured to wrap cotton bales and increase consumption by about 35,000 bales annually—right on the cotton industry's doorstep.

Other outlets can be developed by producing superior quality in cotton fabrics such as:

1. Flame resistant cloth which would open up a demand for an additional 1½ million bales each year.
 2. Cotton garments that require no ironing would utilize some 1 million bales.
 3. Rot and weather resistant cloth—200,000 bales.
 4. A superior but competitive cloth for auto seat covers—100,000 bales.
- These are just a few examples of new possibilities in cotton marketing. Of course, our present controls and regulations cannot be immediately abandoned until demand comes closer to the supply. But restrictions could be regarded as emergency measures, not permanent institutions.

NEWS from YOUR COUNTY AGRICULTURAL AGENT TEXAS A. & M. COLLEGE EXTENSION SERVICE

BY GEORGE G. REESE

A shower for hogs will pay. There's nothing like a shower for cooling you off in hot weather, and that's true for pigs as well as people. A fine mist spray, using a very small amount of water per pig, is enough to keep pigs comfortable—and gaining—even on the hottest days of summer.

Research in recent years has demonstrated that livestock are more productive and gain weight more quickly if they are kept comfortable in hot weather. Pigs are no exception. Any hog producer has observed how pigs have difficulty breathing when temperatures climb, and how on hot days they stop eating in the morning and will not eat again until sundown.

One effective way of keeping pigs cool is to install a shower, or sprinkler, where the pigs can move in and out of it at will. A No. 3 Tee-Jet, cone-shaped nozzle supplying as little as two and one-half gallons of water per hour will supply a fine mist sufficient to keep a pen of 6 to 10 pigs comfortably cool all day without crowding.

This is a particularly good system for pigs on concrete, since the spray cools the concrete as well as the pigs. But it can be adapted to pigs in pasture as well. A portable sprinkler moved from one part of a field to another on successive days will eliminate the possibility of mud holes on the heavier soils or those with poor drainage.

The heavy rains this year brought out the weeds in Mills County and weeds on a native pasture are harmful to good grasses but their damage can be greatly reduced if proper management practices are employed.

Weeds shade out grasses causing poor growth. They also use soil nutrients and moisture that should be used for the growth of grasses. Weeds use 6 to 8 times more water than do good native grasses. However, weedy growth was helpful this year in holding up rainwater, causing more of it to penetrate the bare soil and thus reducing soil erosion. But this advantage by no means balances the disadvantages.

Weeds control may be classified into two methods—mechanical and chemical. Mowing is the most important of the mechanical controls. The operator should set the sickle blade about 6 to 8 inches above the ground to avoid cutting off too much of the grass. The cows can perform the grass mowing task quite well, so mow only the weeds.

For annual broomweeds, set the blade just under the bushy top. Cutting tops off of weeds usually kills them. Mowing may have to be done 2 or 3 times a year. The cost varies from \$1.00 to \$1.50 per acre. Chemical controls react only

on weeds that are young and vigorous. Spray chemicals when wind is less than 8 miles per hour. A low pressure of 15-30 pounds is usually the most desirable. Herbicides such as low volatile 24-D and 245-Testers are used most frequently. Chemical control costs about 1.50 per acre and one spraying will probably last one season. Caution should be used when applying any herbicide near broadleaf plants that you do not want to kill.

Try to keep a good grass cover, by not over grazing and by pasture rotation. This reduces weed growth considerably and may eliminate control programs. July is not a good time to spray for weeds are too large and mature for application of herbicides to be effective. Chemical solutions applied to large weeds will curl the tops but the percentage of total kill is low. Use the mechanical control measures at this late date.

My office is open all day each Monday.

Hillside Mission

BY LIDA BYRNE

A question to be asked at a Sunday School class Sunday morning will be: "Do beasts and birds recognize God?" The Bible says: "Praise the Lord from the earth, ye dragons, and all deeps: Fire, and hail; snow and vapor; stormy wind fulfilling his word; mountains, and all hills; fruitful trees, and

all cedars: Beasts and all cattle; creeping things, and flying fowl: Kings of the earth and all people; princes, and all judges of the earth: Both young men, and maidens; old men, and children. Let them praise the name of the Lord:

for his name alone is excellent, his glory is above the earth and heaven." Proverbs 148:7-13.

Dr. and Mrs. Robert H. Johnson of El Paso were guests of his parents, Mr. and Mrs. Bob Johnson last weekend.

REUNITED WITH DAUGHTER

INGRID BERGMAN it's a smiles-with-tears reunion as her daughter, Jenny Ann Lindstrom, 18, for the first time in 10 years, Jenny, a University of Colorado student, flew from Paris, where she was met by her mother. They are at the Miss Bergman's hotel. (International Radiophoto)

Former Residents In Stage Show

Two former Goldthwaite residents had active parts in the Waco Music Theater's Summer production of Roger's and Hammerstein's musical, "Carousel." Norine Glass is the choreographer for the show and Shirlene Schultz is a member of the vocal chorus and has a solo number in the twelve minute ballet scene. "Carousel" opened at James Connally Air Force Base, Waco, in the Old Theater July 10 through 13.
