Eagles Defeat Burnet Bulldogs 26-13 For First Victory Of This Season

Local Squad To Face Tough Fight Against West Trojans Friday Night

BY R. C. McCOLLUM

Last Friday night the Eagles looked more like the team of last year against the Burnet Bulldogs, when they defeated the Bulldogs by a score of 26-13. Last year the Eagles won over the Bulldogs on the Burnet field by a score of 7-0.

Neither team could get up a scoring drive until the first play of the second quarter, when Kirby ran 12 yards for the first score of the game. The Eagles held the Bulldogs for downs early in the first quarter inside the Eagles 20 yard line. Phillip Edgington swiped a Burnet pass and made a nice return to start the Eagles on their way to paydirt.

Kirby intercepted two Bulldog passes to stop Burnet in the first half. The Bulldogs received to start the second half. Burnet ran one play and fumbled and the Eagles recovered. Edgington carried the ball three times and made two TD's.

The Bulldogs scored twice and took the lead before the Eagles scored again. Two of the most exciting plays of the game led to the Eagles score. Tillmon Kirby completed a 45 yard pass and ran to Jerry Kierst to set up the third TD. Kirby then threw the ball with four Bulldog tacklers holding on to him. Kierst caught the ball and the race was on. He was knocked out of bounds on the three yard line. On the next play, Kirby scored and kicked the extra point.

Edgington scored the final TD on the longest run of the game. It was for 60 yards with good blocking by the Eagle line. This was the most exciting run for the Eagles this season.

Johnny Wigley played the best game of his career, all the Eagle line turned in a good game. The Eagle backs did a good job too, especially Kirby and Edgington.

EAGLES TO PLAY

Bennett Creek Watershed Meeting Called For Wednesday Night, Oct. 2

A meeting of the land owners of the Bennett Creek watershed has been called for next Wednesday night, Oct. 2, at 8:00 o'clock in the Methodist Church at Center City.

The committee has planned a very informative program including a film taken on various other watersheds. Also a speaker will be on hand to answer any questions which the people might raise. The committee feels that landowners should be adequately informed about the phases of the watershed program before a petition is circulated.

Committee is composed of Jim Soules, chairman, Homer McCasland, Sherwood Owens, Dr. T. C. Graves, Hollis Blackwell and Arnold Head. This committee is working in close cooperation with Soil Conservation District Supervisors, David Watters and Ernest Kohler. E. B. Gilliam Jr. is handling the legal aspects of the program and Judge Patterson is helping in every way possible to keep the people informed.

When the committee feels that the local people understand the watershed and flood prevention program, a petition will be circulated in the proposed district. The petition will include a description of the district, which in the main includes precinct 2, the approximate number of dams which will be needed, and the approximate cost of these dams.

It is the belief of the above committee that sufficient damage has been done from flooding on Bennett Creek to warrant a flood control program. Benefits derived from such a program have been estimated to exceed the cost of constructing and maintaining the flood detention dams. A vast amount of damage has occurred in the past from washed out fences, flooding of farm and ranches, loss of livestock, damage to property, and a tremendous loss of soil by erosion on productive farmlands.

Observations on the various watersheds where flood control projects have functioned, have revealed that floodwaters can be held to quiet running streams. A sustained flow of low silt-carrying water runs for weeks rather than a wall of water which hits a devastating blow in a matter of hours.

Reserve Seats For West Game On Sale Here This Week

Reserve seat tickets for the West-Goldthwaite game have been received by Supt. J. T. Jones and are on sale at the following places downtown: Production Credit; McLean's Cafe, Holland's Cafe; and Hudson Drug Store or you may purchase your tickets from Mr. Jones at his office at school.

Price of the tickets, 153 in number, are: \$1.25 with general admission tickets for adults selling for \$1.00 and student tickets selling for 35c. These reserve seats are on the fifty yard line.

School will be dismissed at 2:30 Friday, with the squad leaving at 3:00 and the band and pep squad leaving the high school grounds at 4:00 sharp.

This early leaving is necessary in order to cover the distance of 110 miles in time for the beginning of activities. Travel will be over highway 77 and 81 from Waco to the Boulevard drive in West which is 19 miles from Waco. Cars will turn right five blocks, then seven blocks to the parking lot. The Goldthwaite fans will sit in the East stands with the band and pep squad located at the north end of the bleachers.

The boys will have a light supper in Gatesville at Tee Pee cafe on their way to West, according to an announcement by Supt. Jones.

Doggett and Kelso Buy Humble Station

Voyd Lee Doggett and Bill Jack Kelso have purchased the Humble Station on South Fisher Street at the "Y" from Claude Smith.

These boys are well known here, both being natives of Mills County and veterans of the South West Pacific area. Bill Jack was formerly employed with the Santa Fe Train Transportation Company out of Fort Worth. Doggett was with Mrs. Baird's Bread and later with the Blackwell Wool & Mohair Company, before buying the station.

The station under the new management will be known as the D & K Station. The boys plan to keep the station open from 6:00 a.m. to 9:30 p.m., each day and they will handle Atlas Tires, Tubps and other accessories. They invite all of their friends to visit them at their new location or dial MIB-2413 for service.

Bulldogs Defeat Talpa Owls 57-22

Last Thursday night at Talpa the Mullin Bulldogs ran over the Talpa Owls by a score of 57-22. There were nine TD's made by the Mullin Bulldogs with the following boys making the plays: White, 4 TD's; Duren, 1 TD; Dells, 1 TD; Bean, 2 TD's and Smith, 1 TD. They ran over the three extra points making a total of 57 points.

Every man on the squad got to play in this game and all of them made a good showing, according to an announcement by Coach Ethridge.

Tonight the Mullin Bulldogs will travel to Star to meet the Star Tigers. Game time will be 8 o'clock. Next week October 3, the Bulldogs will play Sidney at Sidney.

Prize Winners At Loy Long's Sale

Prize winners of the baskets of groceries at Loy Long's 10th Anniversary and Food Spectacular Sale last Saturday evening were:

Mrs. W. A. Daniels, winner of the \$25.00 basket; Mrs. W. L. Jackson, Mrs. M. L. Jernigan, Bob Kirby, David Watters and Patricia Wesson, all winners of \$10.00 baskets of groceries.

School To Dismiss Early For West Game

School will dismiss at 2:30 on Friday (tomorrow) according to an announcement by Supt. Jones. This is being done in order for the pupils, players and fans to follow the football team to West, a distance of 110 miles.

Mr. Jones asked that if you pick up your children, to please bear this change in mind, that school will be dismissed at 2:30 tomorrow.

CARSON EDMONDSON HOME BURNS

The Carson Edmondson home, just across the Colorado river in San Saba county, was destroyed by fire of unknown origin Tuesday evening between 4 and 5 o'clock. Mrs. A. M. Hunt, mother of Mrs. Edmondson, reported that the house and entire contents were destroyed.

Mr. and Mrs. J. R. Parker spent Sunday in Brownwood with relatives.

Plans Are Underway For Annual Homecoming Activities, November 30

Plans were made this week for the Goldthwaite Ex-Students and Ex-Teachers annual meeting to be held on Saturday evening after Thanksgiving, November 30 at the high school gymnasium and auditorium.

Something over five hundred names and addresses have been collected and preserved over the past few years, and invitations will be mailed to them early in November. However, the committee is sure that there are many ex-students and ex-teachers whose complete names and addresses need to be made available. Please contact any member of the executive committee if you know of anyone who did not receive an invitation last year or who has changed address since last year.

Dr. T. C. Graves, president of the association presided at the meeting which was attended by Mr. and Mrs. Joe Palmer, retiring secretary, Mrs. Euna V. Barnett, present secretary, and Harold Yarborough, vice-president and program chairman. Glynn Collier, treasurer, and Lee Roy Stacy, reporter were not in attendance.

The following committee chairmen were appointed by president Graves: Tickets—Mrs. Margaret Duren; Nominating—Mrs. Joe Palmer; Arrangements—Julian Evans; Registration—Mrs. Meiba Roberson; Invitation—Miss Love Gatlin; Printing—Mrs. Ruth Carothers; Reception—Mrs. Flora Steen; Awards—Mrs. Helen Saylor and R. E. Clements and Class Meeting—Mrs. Madeline Moreland. It was suggested at the meeting that time would be provided for meetings of classes in groups following the evening fellowship. Those wishing to entertain members of their class for a fellowship period following the program should contact Mrs. Madeline Moreland.

Plans are to open the school gymnasium at five o'clock for a fellowship period previous to the dinner at 6:30 and program at 8 o'clock. The program is being worked out so as to allow time for class parties following it. The Lions Club will serve dinner again this year. Tickets for the dinner will go on sale this week for \$1.25 at the San Saba Production Credit office with Mrs. Duren in charge, or by mail to Mrs. Margaret Duren, Goldthwaite. Early reservation will make planning much easier for those who are hoping to make the 1937 homecoming a happy occasion.

Star Tigers Play Mullin Bulldogs

The Star Tigers will be host to the Mullin Bulldogs tonight on the Star field, with the game beginning at 8 o'clock, according to an announcement by Coach Davis.

The Star team has had a good rest as their game with Jarrell was cancelled last week, and they are hoping for a victory over the Bulldogs when they meet tonight.

Mr. and Mrs. Woody Saylor of Kerrville spent the weekend with their mothers, Mrs. J. D. Brim and Mrs. Helen Saylor.

Mrs. W. B. Potter of Goldthwaite was complimented with a birthday party, on her 96th birthday Sunday afternoon, September 15, in the home of her daughter, Mrs. Jim Kelly. Other daughters present for the occasion were Mrs. Fred Stephens and Mrs. Mattie Cline, Goldthwaite and Mrs. Roxie Thompson, Brownwood. Her son, Bill Potter and another daughter, Mrs. Alta Martin both of Brownwood were unable to be present due to illness.

Mrs. Potter is the former Melinda Katherine Coleman. She was born in Coryell County, near Gatesville September 13, 1861. She came to Mills County with her late husband, W. B. Potter when Goldthwaite was a town of tents. She maintained her own home until four years ago, when illness caused from a broken hip forced her to give up housekeeping and make her home with her daughters.

Refreshments of ice cream and a birthday cake topped with the figures 96 and surrounded with pink candles were served to the 35 guests who called to wish her "Happy Birthday."

She received many lovely cards, flowers and other gifts, which helped to make the day most happy.

Mr. and Mrs. J. R. Parker spent Sunday in Brownwood with relatives.

Public Authority Speak At School Forum Tonight

Authority on the Narcotics problem is being brought to the public through several cooperating groups to speak at a forum, September 27, in the High School gymnasium. Norman G. Duren, Chairman of the Commission on Social Relations of the Methodist Church, and Captain W. P. Thomas, Chief of the Special Bureau of the Dallas Department, has accepted invitation to speak at a wide meeting this evening. The Parents Association and the Public Authority are cooperating in this. Captain Gannaway, law enforcement officer, officials and doctors and are to be special guests at the meeting. Captain Gannaway is widely known speaker and authority on the subject and will present here.

It is recommended by the Federal Corrective Institute in Texas. A large audience is anticipated, according to reports from the meeting.

The meeting will be held at 8:00 o'clock in the rural school building at the county to get to the school. A cordial invitation is extended to everyone to attend.

Goldthwaite Fire Department Issues Instructions For Reporting Fires

Regular meeting of The Goldthwaite Fire Department last evening, at which a plan is underway to print this instruction on a card that can be attached to your telephone or posted nearby. These cards are to be distributed to all residents by the Fire Department members at their next regular meeting. In addition to this, there is a switch in the fire station marked Fire Alarm that can be easily operated by anyone day or night.

It is important that everyone take notice of the instruction and when reporting a fire, care should be taken to give a complete description of the nature of the fire and the exact location.

Your Volunteer Fire Department stands ready at all times to be of service to the community without remuneration for their services. It behooves all of us to cooperate with them to the fullest extent in case of fire, and better, to lend all efforts toward prevention.

The following committee chairmen were appointed by president Graves: Tickets—Mrs. Margaret Duren; Nominating—Mrs. Joe Palmer; Arrangements—Julian Evans; Registration—Mrs. Meiba Roberson; Invitation—Miss Love Gatlin; Printing—Mrs. Ruth Carothers; Reception—Mrs. Flora Steen; Awards—Mrs. Helen Saylor and R. SOLILOQUY

WHITE LINE AND YELLOW CURB

The past few days have been days that could very well have been termed the "White Line and Yellow Curb" days in Goldthwaite.

For, you see, these past few days have been the days—and nights—for folks to get used to the little matter of parallel parking on all streets where U.S. State and Farm-To-Market highways run through Goldthwaite.

It was an interesting sight to watch merchants and their employees take to the street on Monday and Tuesday morning of last week as city and state highway crews made their way through town marking off stalls for parallel parking and painting curbs with "No Parking" signs.

It looked almost like a field day when one looked down Fisher street and observed the pedestrians along the curb keeping a watchful eye on the workmen who were doing the job which is in keeping with the new highway maintenance agreement between the city and the highway department.

But, as usual, it didn't take folks long to get into the groove, so to speak, and try their luck with the new parking system. And, as usual, everyone—well, almost everyone—fell right into the spirit of things and took the new system in stride. By Thursday things had certainly taken on a change of appearance and the situation was drawing considerable interesting comment from out-of-towners.

One traveling man who has been making this town regularly for a long time drove in Wednesday night after the parking system had gone into effect Tuesday and this was his comment to a local business man. "I drove in from the south and when I came up on the hill by the courthouse square and looked down Fisher street through the business district, I thought I was in a strange town. It was such a change and improvement."

I happened to be out of the city Tuesday and Wednesday. However I saw the project get started Monday and Tuesday morning and then took a good look at things Wednesday night and Thursday morning.

In getting around Thursday morning here is one interesting experience I had.

I started home about noon time when I remembered that 'Mom' had called and told me to stop by the store and pick up a loaf of bread. I parked in one of those nice new white outlined parallel parking places on Fisher street and went across the street for that loaf of bread.

As I started back across the street to my car I heard a loud whistle which immediately got my attention. I looked around to see where it might be coming from and by that time I heard it again.

This time I took a good look, for it sounded just exactly like it was directed toward me.

I thought to myself: "Better see where that whistle is coming from, may be someone who wants to give me a news story or might even be a BIG AD."

About that time I saw W. C. Barnett walking down the street in front of Blackwell Wool and Mohair Warehouse. He was coming from the city hall toward town. When I looked up at him I realized that's where the whistle came from. I got into the car and drove down to the intersection of the street where I met him and stopped. He came to the car and opened the door and said: "You're jay-walking, don't you see the white lines?" and he smiled.

That in a small way covers the white line proposition. It didn't take me long to get used to that.

It's the yellow curb that is going to be hard for me to get used to. I seem to make a gillion trips in and out of our office each day getting in the car for just about that many trips to town. These trips cover picking up ads, making deliveries, getting the mail, delivering papers, attending meetings and everything else that comes along. Well, as you know one is always in a hurry and looking for the shortest distance and the quickest stop or get-away. I was used to parking in the first place I could spot around our corner of Fisher and fifth street—you might say the favorite spot was right in front of the fire plug.

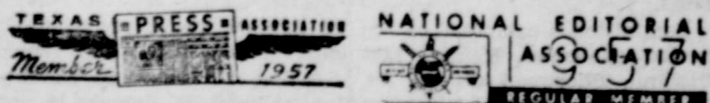

Well now that is all changed. The yellow curb "no parking" goes 20 feet in each direction from the corner and the fire plug has it all to itself.

Being a law abiding citizen I just keep circling around now until I find a stall and then park. We'll all get used to it and I think we will like it too.

WHEN THE OLD BIRD WAS YOUNGER

10 YEARS AGO—

(Taken from the Eagle files of September 26, 1947)

Mr. and Mrs. Jack Dankers of Hico, announce the arrival of an eight pound and three ounce, son, born September 23. The young man has been named John Porter. He is the grandson of Mr. and Mrs. L. B. Porter. His mother is the former Gene Porter.

Mrs. R. D. Egger, a recent bride, was honoree at a gift tea party in the home of Mrs. L. D. Egger at Regency, Thursday September 11.

Four Goldthwaite F.F.A. boys, Bobby Burks, Robert Henry Johnson, Robert Miller and Worth Long represented the Goldthwaite Chapter at Waco, September 18, for the Texas State Jersey Show to compete in the Dairy Judging contest.

One of the loveliest weddings of Goldthwaite took place at the Methodist Church Thursday evening, September 18, at seven o'clock when Miss Myra Nell Johnson became the bride of Mr. Kenneth M. Kidd.

A coffee honoring Miss Myra Nell Johnson, bride-elect of Mr. Kenneth M. Kidd was given in the home of Mrs. Parker Shaw, Saturday September 13, with Mmes. Shaw, J. Woody Saylor, Harold Yarborough and Robert Steen as hostesses.

Miss Helen Hodges, daughter of Mr. and Mrs. A. B. Hodges of Goldthwaite became the bride of Paul Myer, son of Mr. and Mrs. Charlie Myer of Waco, at 4 p.m. Tuesday September 8, at the Church of Christ, with M. E. Blake, minister of the church, performing the double ring ceremony.

James W. Hargett of Brownwood, a former resident of Goldthwaite, died in a Brownwood hospital at 6:15 p.m. Friday, September 12, after a short illness.

Marriage licenses recorded by the county clerk since September 1 were issued to Reimer Walther and Margaret Bell Bryant; J. L. Lester Jr. and Louise Smith; Paul Ray Myer and Helen Collene Hodges; Kenneth M. Kidd and Myra Nell Johnson.

25 YEARS AGO—

(Taken from the Eagle files of September 23, 1932)

The marriage of Mr. W. C. Dew and Mrs. Jennie Trent was solemnized in Clovis, New Mexico Monday and they are expected home today, a telegram message from them Wednesday night indicated.

Two fire alarms Wednesday morning were responded to promptly by volunteer fire fighters, and only nominal losses were reported from the flames. The

first alarm came from Henry Ezzell, where the barn had caught fire from hay igniting in cleaning out hen's nests. A quick run probably saved the residence occupied by Dan Holland, when flames from an oil stove set fire to the kitchen wall.

There has been on display in the Eagle office this week a curiosity in the form of a cocoon "in the rough". Its a large green pod somewhat in the form of a football and is said to contain three nuts. The form in which the cocoanuts grow is somewhat of a revelation to most people here. The sample at the Eagle office was sent to Mrs. F. C. Smith by her son, Brian, who was visiting in Florida.

M. O. Sadler of Midland has bought the Burkett farm, this week. Mr. Sadler and family expect to move to their new home at an early date. He is a former Mills County man, having

lived for many years in the Star section, Mullin News.

County Clerk Porter reports issuance of marriage license to J. T. Montgomery of South Bennett and Miss Bernice Perry of Center Point.

Seven new telephone poles have been erected in the business district of Goldthwaite by the telephone company to replace old poles that had outlived their usefulness. New cross arms have also been installed, and it is planned to take up the slack in the telephone cable on Fisher Street. Five men were engaged in the work.

50 YEARS AGO—

(Taken from the Eagle files of September 28, 1907)

The death of Mr. Thad Brown occurred at the residence of Mr. H. B. Carter in the Center City community Thursday morning. He was about 80 years of age and made his home with Mr. Carter and his family for several years.

Fire in S. L. Kippenbrook's residence last Sunday afternoon did some damage to the furniture and house and caused considerable excitement in town, as the alarm was sounded while services were being held at the tent.

Captain Matt S. Wallace, died at the home of his son, W. J. Wallace, a few miles north of Mullin, Tuesday evening and his remains were laid to rest in the cemetery at Mullin Wednesday afternoon.

Miss Stella Greenwood of Plantersville is visiting Mrs. R. M. Thompson. She expects to teach school at Brownwood next fall.

The grim reaper death entered our community September 14, and claimed for its own, our good and noble Mr. Peck. He lived to a ripe old age, and was prepared to go, yet our hearts are made sad to know he is with us no more. Tuesday September 24, was doubly sad indeed for our community. Everyone knew that day that day that vehicles were being loaded with household goods and hauled to the train which would soon carry away the much loved family of Mrs. Peck, who will make their home in Sherman, Big Valley Letter.

Up to the time the Eagle went to press 1500 bales of cotton had been received at the public

yard here. On the same date last year 2339 bales had been received.

Mrs. John Scott and son, Wil-

liam returned Wednesday a protracted stay with in Fort Worth and Tyler.

Senators to Fork Over Million for Furniture
Ignore Illinois Protest at Expense

By HENRY CATHCART
Central Press Washington Writer

WASHINGTON—Senators, who have done a lot of talking economy this year, have voted to spend one million dollars furnish their new office building to be opened in 1958.

The vote came after protests from Senator Paul H. Douglas, Illinois, who said he couldn't see why the desks the senators have couldn't go with the lawmakers who will have offices in new building. He said he, personally, would be willing to use the same old wastebaskets alone the same old desks.

Senator Carl Hayden (D), Arizona, had the appropriations committee which had the purse strings, told Douglas that you can't furnish a five-room suite with furniture and a three-room layout.

Douglas tried to cut the money for new furnishings down to \$500,000 and declared that government has warehouses "full of many other equipment." The Senate ignored arguments.

Senator Douglas ● LANGER ON WARPATH—Senator E. Langer (R), North Dakota, a member legislative matters, has renewed his one-man campaign to see the administration to name an ambassador from a state that has not been represented. Langer recently told Undersecretary State Christian A. Herter that the system of appointing men to diplomatic posts is all wrong.

"Something is fundamentally wrong when we have not had an ambassador from a great state like Montana, South Dakota or the breadbasket of the country, states which have experts in culture," Langer said.

"We give billions and billions of dollars away and we don't have money enough to provide our ambassadors with decent funds."

● HOMEBUILDING DILEMMA—Some government officials, builders and mortgage lenders fail to share administration confidence that new, liberalized FHA terms will restore the annual housing starts to one million before January.

At best, they hope that the lower down payments and higher interest rates will enable the program to hold its own. An up shift in bank rates was thought likely to cancel most of the stimulating effect of the new terms.

Investors, who were not attracted by the previous five per cent FHA terms, were not showing an appreciably greater interest in loans at one-quarter per cent rise, particularly with bank rates other yields up one-half per cent.

There was no evidence that savings and loan associations of finance two out of every five homes, will increase their investment. Institutional investors, who account for one in four homes, are being to see how rigidly discounts will be controlled.

However, regardless of the effect of the FHA terms, housing starts are expected to inch up slightly. This was demonstrated in May June prior to the government's announcement.

● CONFIRMATION CONFLICT—Rumors persist in Washington that Supreme Court Justice Felix Frankfurter is considering retiring. Should he step down, the stage would be set for a haasle of considerable magnitude.

Regardless of the man named by President Eisenhower, the nominee would face tough questioning by the Senate before he could hope for confirmation.

The hearings undoubtedly would give critics of the court a board to make public their intense dissatisfaction with recent decisions.

Even though the nominee would be perfectly acceptable to the Senate, he would undergo an unpleasant time before taking bench.

COAST-TO-COAST
ECONOMY RUN PROVES IT—
CHEVY COSTS
LESS TO DRIVE!

Test run from Los Angeles to New York by the three leading low-priced cars showed Chevrolet costs less to operate, with up to 17% greater fuel economy!

When fuel and operating costs for cars are officially checked from Los Angeles to New York, that's an economy comparison! And what happened?

In certified NATA* findings, Chevy delivered up to 17% greater fuel economy, and lower total cost for the trip—proof that Chevrolet costs least to operate of the three leading low-priced cars that were tested! But that's not surprising. You expect Chevrolet engines to bring extra miles out of a gallon of gas—just as you expect finer craftsmanship in the way a Chevy is built. Miss Barbara Foltz Robert M. Cockrell Married In Calif.

After a wedding trip in California and a visit with friends and relatives in Denver City, Texas, Goldthwaite, Austin, Fort Worth and Dallas, Mr. and Mrs. Robert M. Cockrell are at home in Bremerton, Washington, where he is a member of the Naval Air Corp. They were married in the First Presbyterian Church, East Side, San Diego, California, August 12 at 8 p.m. The double ring candle-light ceremony was read by the Rev. Jack R. Dewey.

The bride is the former Miss Barbara Foltz, daughter of Mr. and Mrs. R. E. Foltz of San Diego, California and the bridegroom is the son of Mr. and Mrs. Vance Cockrell, Denver City, Texas formerly of Goldthwaite.

Immediately following the ceremony a reception was held in the Foltz home.

Local Garden Club Honors New Members With Coffee Wednesday

The first meeting of the Goldthwaite Garden Club for the new club year was a "Coffee," at the Jennie Trent Dew Library, Wednesday morning September 18, at 9:30 o'clock, honoring the new members, Mmes. Homer McCasland, Lee Roy Stacy and Luther Jernigan. Hostesses were Mmes. Malcom Jernigan, Richard Hampton, Harold Yarborough, J. V. Cockrum and Fred Reynolds.

A delicious refreshment plate was served by the hostesses from a table laid with an imported lace cloth and centered with a lovely floral arrangement.

Mrs. T. J. Collier was program leader for the program "The Garden Club Year Starts With New Challenges." She stated that since the club was an advanced club, there would be extra requirements and extra privileges, which would inspire members to strive for greater achievements. Invocation was given by Mrs. J. N. Keese.

Mrs. V. Z. Cornelius, the new president gave an inspiring message and Mrs. Lloyd King gave an outline of the programs, the general theme "Horticulture Stewardship." The study will be learning to preserve, grow and display God's Gifts.

In the business meeting fol-

lowing the program the different committee chairmen gave reports and plans for the year's work.

A rising vote of thanks was extended the Year Books Committee for their untiring work and to W. P. Duren for donating the books.

Special attention was called to the October 5 meeting at the home of Mrs. Cornelius, which will be "A Golden Age Tea," (a garden party) at 3 o'clock.

PREACHING BY

Rev. L. L. Hays

YEARS AGO when the physician fought to bring a patient through a siege of pneumonia there was little he could do but help conserve the patient's strength, make him comfortable . . . and hope for the best.

In fact, the doctor sadly signed death certificates for 33 out of every 100 pneumonia patients he treated. For those who survived, recovery was slow and expenses were high. The cost of an average case was about \$1,000, including three or four weeks' time lost away from work.

Happily, this grim picture has changed. Under the onslaught of sulfa drugs . . . and now the antibiotics . . . pneumonia has steadily lost ground. Now, uncomplicated cases clear up in four to five days. And instead of losing 33 out of every 100 cases, the doctor saves all but a very few.

Just as striking as the cut in deaths and disability is the cut in the cost of curing pneumonia. More and more patients can now be cared for at home. As a result, the average case of pneumonia may cost no more than \$100 . . . including loss of income, the doctor's visits and the "expensive" new medicines!

Today, more than ever before, an investment in prompt and proper medical care may well represent one of the biggest bargains of your life. —Reprinted from a copyrighted advertisement published by Parke, Davis & Company, Detroit 32, Michigan.

Fall Planting Time Is Here!

You can SEE why a McCormick® drill seeds more accurately

Look closely at the fluted feed on a McCormick grain drill. Notice that the feed roll turns freely on a full-length bearing. This prevents binding or wobbling—assures precision seeding even after long use. Take off one of the blades on a McCormick double-disk opener. Notice the exclusive front seed delivery. Seed is carried to the bottom of the seed trench by the movement of the disk. This guarantees even depth planting at any speed. Look closely at a McCormick drill, and you'll find dozens of little differences in design that make a big difference in accuracy, dependability, and durability. Stop in for firsthand proof of McCormick drill superiority the next time you're in town.

LOOK FOR POISONS

Over two decades of agricultural progress have greatly lessened the farmer's burden by the use of a number of insecticides and general farm poisons. One such area of agricultural improvement is the development of effective insecticides and pesti-

cides which lessen the farmer's fear of crop destruction.

The insect may be asking for a pack of trouble when he invades the farmer's field today; but, so may the farmer be asking for trouble if he fails to use the highest possible caution in selecting and applying these farm poisons. While highly valuable in holding down infestation when properly used, certain insecticides and pesticides can be harmful if mishandled.

Such a group of insecticides which mix blessing in effectiveness with caution in application are those classified as esters of phosphoric acid or certain of its derivatives. Much of the original work on these compounds was done by the Germans during World War II when they were seeking chemical warfare agents.

This is not to say, however, that the insecticides developed in this connection are to be avoided. They are of great agricultural value when used with the proper amount of care.

Phosphate ester insecticides on the market today are those which contain malathion and parathion, known under various trade names. They are most effective as farm poisons, but, being dangerous to humans and small animals when absorbed through the skin, inhaled or swallowed, they should never be put to domestic or home garden use.

By far the greatest number of cases of parathion or malathion poisoning occur among unsupervised individuals engaged in some phase of insecticide application. And most all of these could have been avoided had the warnings on the label been taken seriously.

Federal Gas Tax Refund Deadline Is September 30

COLLEGE STATION—Farmers and ranchmen are reminded by C. H. Bates, extension farm management specialist, that September 30 is the deadline for submitting applications for a refund of the Federal tax on gasoline used for farming purposes since July 1, 1956.

Farm operators who have not filed a claim may obtain Form 2240—the reporting form—from local county agricultural agents or Internal Revenue Service offices.

Bates points out that claims will be checked for accuracy and claimants, therefore, should be certain that figures are correct. Sufficient records should also be kept to verify the claim, he adds. Claims should be submitted to the same district Internal Revenue office to which income tax returns are sent.

The legislation which makes possible the refund was passed by Congress in the spring of 1956.

Fall Planting Time Is Here!

You can SEE why a McCormick® drill seeds more accurately

Look closely at the fluted feed on a McCormick grain drill. Notice that the feed roll turns freely on a full-length bearing. This prevents binding or wobbling—assures precision seeding even after long use. Take off one of the blades on a McCormick double-disk opener. Notice the exclusive front seed delivery. Seed is carried to the bottom of the seed trench by the movement of the disk. This guarantees even depth planting at any speed. Look closely at a McCormick drill, and you'll find dozens of little differences in design that make a big difference in accuracy, dependability, and durability. Stop in for firsthand proof of McCormick drill superiority the next time you're in town.

J. T. Ivy Transfers To Guided Missile Dept. in Washington

Mr. and Mrs. Jess Ivy have received a letter from their son, Jesse T. Ivy of 23 Henderson Street, Seattle, Washington, stating that he had been transferred from the Boeing Bomber Plant to Boeing Guided Missile department, which is known as the B. O. Mark.

Mr. Ivy has been with the Boeing Company for the past 16 years, before going to work for them he worked as a taxidermist in Thurmond, Wyoming and in Denver, Colorado. He was born at Rattler, in the western part of Mills county and graduated from the Priddy High School in 1937. He is also an inventor, having acquired several patents. His hobby is collecting guns and he is a gun mechanic.

Jesse said that he and a group of friends were planning a two week's trip to the Cascade Mountains for elk and deer hunting in the near future.

Federal Gas Tax Refund Deadline Is September 30

COLLEGE STATION—Farmers and ranchmen are reminded by C. H. Bates, extension farm management specialist, that September 30 is the deadline for submitting applications for a refund of the Federal tax on gasoline used for farming purposes since July 1, 1956.

Farm operators who have not filed a claim may obtain Form 2240—the reporting form—from local county agricultural agents or Internal Revenue Service offices.

Bates points out that claims will be checked for accuracy and claimants, therefore, should be certain that figures are correct. Sufficient records should also be kept to verify the claim, he adds. Claims should be submitted to the same district Internal Revenue office to which income tax returns are sent.

The legislation which makes possible the refund was passed by Congress in the spring of 1956.

LOOK POISONS... cides which lessen the farmer's fear of crop destruction. The insect may be asking for a pack of trouble when he invades the farmer's field today; but, so may the farmer be asking for trouble if he fails to use the highest possible caution in selecting and applying these farm poisons.

Such a group of insecticides which mix blessing in effectiveness with caution in application are those classified as esters of phosphoric acid or certain of its derivatives. Much of the original work on these compounds was done by the Germans during World War II when they were seeking chemical warfare agents.

NEWS from YOUR COUNTY AGRICULTURAL AGENT

BY GEORGE G. REESE

HOME ORCHARD MANAGEMENT

One-half to one acre planted to a variety of fruits chosen to ripen in succession will supply a family of five with fresh fruit in season and a surplus to can, dry, preserve and pickle in winter or if preferred they may be stored in a deep freeze. Fruits help to make the diet satisfactory by supplying iron and calcium and other minerals and vitamins.

In establishing a home orchard a site should be selected that may "catch" water and be of a healthy soil nature. Old orchard sites should be avoided because serious diseases may often be found in stumps of old trees. The first consideration in buying trees is to get a vigorous one. The second is to get one grafted into the right kind of root stock. The cheapest and most profitable trees in the long run are those of medium to large size, thrifty and free from disease when planted. Runty or weak trees are expensive at any price. No other general suggestion for buying fruit stock can be given than to get it from a recognized, reliable nurseryman.

In selecting kinds and varieties of fruit for the home orchard, consider varieties adapted to Mills County. Extension Service Circular No. C-150 entitled Fruit Varieties for Texas, give detailed information on the kinds and varieties of fruit to plant.

It is preferable to plant trees during January and February. Trees should be unpacked immediately upon receipt from the nurseryman. Every prevention should be exercised to prevent the roots from becoming dry. If the trees cannot be planted at once, they should be "heeled in" by digging a trench sufficiently wide and deep to receive the roots. In covering the roots with soil, care should be taken to work the soil into spaces where the roots are massed together; otherwise there is danger of the roots drying out, if the soil is dry, a few pails of water poured in the trench may prevent the roots from drying out.

The soil where the trees are to be planted must be thoroughly prepared, even though the planting be delayed in order to do so. Deep plowing is advocated, and should be done in the fall or early winter, at which time a cover crop such as vetch, rye or oats may be sown.

The hole that the tree is to be planted in should be wide and deep enough to accommodate the entire root system of the tree easily. Broken or torn roots should be removed before the tree is set in the hole. Plant the tree at the same depth that it was in the nursery. In filling in the hole, spread the roots of the tree normally and pack the

soil firmly around it. Peach trees should have plenty of room so set them 25 to 30 feet apart.

Trees should be cut back at the time they are planted to more nearly maintain a balance between the roots and tops. Cutting back should be done to the height at which the permanent branches are expected to develop. (Exception to this rule are pecans, citrus and grapes). Small trees 12 to 14 inches in height do not need to be pruned when planted.

Young fruit trees that have just been set out in the orchard may be wrapped with several thicknesses of newspaper or wrapping paper around the slender trunks, to prevent damage by rats and rabbits. In planting it is well to add a shovelful of rotted manure to each three shovels of soil and fill in around the roots. If commercial fertilizer is used on first year trees, it is better to wait until the trees have begun growth before fertilizer is applied. In using commercial fertilizer to stimulate growth in one-year old trees, three-fourth to one pound of 8-12-6 should be used per tree. For two and three year old trees, one to two pounds per tree of 8-12-6 mixture should be applied within the shade line of the trees at the time the buds begin to swell.

Cultivation is essential, not only during the spring and early summer, but through out the entire period the foliage is on the trees. Probably the most critical period of cultivation comes during July, August and early September when evaporation of moisture is most rapid.

(continued next week)

The tour to the fat steer and fat lamb feeding pens last Saturday was very well attended, there were around 55 people in the tour.

A total of eleven calf pens and seven sheep pens were visited by the group. Several cattle breeders from out of the county made the tour with us. The people on the tour saw some very good lambs and calves. These lambs and calves make a good showing, for the boys and girls in the county, at the major stock shows of Texas this fall and spring.

One day for a tour is just too short a time to see but a few of the animals being fed by boys and girls of Mills county, but it does help encourage our youth to do a better job and lets the youngsters know that the people of Mills county are proud of them and their accomplishments.

Mr. and Mrs. Lem Capps, Marshall, Arkansas were guests Friday of Mr. and Mrs. E. L. Pass.

Glenn Anderson of Rowlett spent the past weekend here visiting friends.

Funeral services for Mrs. Martha Ellen Coleman, were held Monday afternoon, September 23, at 2:30 o'clock. Services were conducted by Rev. J. Bell, pastor of the Rev. Henry M. Chammanche and Rev. C. W. Brady.

G. W. Brack Dies
In Home At Mullin

G. W. Brack, former resident of Brown County died at his home in Mullin Sunday morning, September 22, in bed. She had been a member of the Baptist Church since childhood. She lived in Mullin in the Blanket community for many years.

George William Brack was born in Ellis County December 25, 1874. He was a retired farmer-rancher, a member of the Masonic Lodge, Eastern Star and Baptist Church. He had lived in Mullin the past 15 years.

Survivors are his wife, Mrs. Una Brack, Mullin; four daughters, Mrs. Arlie Davis, Brownwood, Mrs. Arvin Melton, Odessa, Mrs. Herman Perkins, New Orleans, La., and Mrs. Arthur B. Haynie, Brownwood; two sisters, Mrs. Maude Whaley, Bangs and Mrs. S. E. Jayroe, Brownwood; five grandchildren and four great grandchildren.

Mrs. Myra McCrary spent the weekend in Stephenville with her brother, R. A. Harris and family.

San Saba Peak

By MRS. DUTCH SMITH

Mr. and Mrs. C. S. Smith Jr. and Carolyn Ann spent the weekend with his parents, Mr. and Mrs. Dutch Smith.

Mrs. Dutch Smith visited her father, one day last week. She also came by and chatted with Mr. and Mrs. Frank Hines and Greta Sue. They were doing fine. It is always such a joy to visit with them and really and truly they were some one you could call neighbors. And how I did depend on them when I lived near them, those twenty-three years. I can truthfully say Mrs. Hines helped me raise my three children. Of course I appreciated what she did now more than at that time. I am sure many times she wanted to hang me with a balling wire. Well thank goodness we still have them and they are still as sweet and good as ever.

We had 9 inches of rain and we surly appreciate it so much. Johnny Smith and wife spent Friday night with his parents, the Dutch Smiths.

Well as I missed the mail carrier and did not get my letter mailed last week, I will write again on the same one as it will be just as "Smitty" as the other one. But you see I do know what the Smiths are doing.

Mr. and Mrs. Johnnie Smith of Burnet spent Friday night with us.

Robert Dudley Jordan has gone to Stephenville where he will enter Tarleton College.

Mrs. Fred Laughlin and Mrs. Ernest Wilson visited in our home Saturday and told us Mrs. Velmer Gage had called and asked them to tell us Velmer's mother, Mrs. Bulah (Ford) Gage had passed away at Cresson. Dutch and I left immediately to be with the family. Mrs. Gage had received a broken hip in a fall some time ago and had not recovered from it.

When we returned home from Cresson Sunday night we found it had rained 2.3 inches which made us very happy.

Mrs. Terrell Casbeer visited Mrs. Fred Laughlin one day last week.

SOIL CONSERVATION
DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

BY HUBERT BERRY

A supervisors election has been called in zone 4 of the Brown-Mills Soil Conservation District for Tuesday night, Oct. 1, in the District courtroom at 8:00 o'clock. Zone 4 includes the south and west part of Mills County. Supervisors are elected for a five year term by the landowners in the zone. The present supervisor in zone 4 is David Watters.

There will be a tour to observe blue panic and sorghum alumum plantings Monday afternoon, September 30, at 2:00 o'clock. The tour will begin at the Mills County Courthouse. Farmers, ranchers and business men are urged to attend this tour. These grasses are high producers and are expected to find their place in many conservation farming and ranching operations in the near future.

The time is here to plant winter legumes. Every farm operations should include a legume in their conservation program. According to Clinton Harbers, "for increased production a legume is the answer. The ASC is sharing the cost of seed and fertilizer, if needed, in carrying out a legume program. Clover must be seeded not later than November 15. Other legumes must be seeded not later than December 10.

What do you think of...
when you see a Church?

Have you looked at a church lately?
To almost everyone, the sight of a slender steeple raised to the sky evokes certain emotions—awe; perhaps, nostalgia, maybe—the sense that by not going to church lately, you've been missing something!
Next time you see a church, take a good look . . . and let yourself really feel what you see. If that makes you decide not only to look at the outside but also to go inside, that will be all to the good. For no matter how lovely a home you may live in, it can't compare with God's House. If you open the door, you'll find that, no matter how long you've been away, the welcome is warmer and more wonderful than you'll find anywhere else.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH
The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Clementine Wilmeth Briley Writes From Temporary Home In El Paso

By CLEMENTINE WILMETH BRILEY

From Beaumont we hear that
Jan, the youngest of the Mit-
cheils, is now in kindergarden.
Her mother said, "We went to
P-T-A. Thursday night, and you
would have thought Jan owned
the place. When we went to the
rooms, she showed us everything
in the room. Even opened up
her towel and lay down on it,
then folded it back. She tells
me she takes notes and cards
to the office and the cafeteria.
No such boldness showed up in
any of our other four."

Jill, sweetest dispositioned
of the five, is in love with her
teacher and the second grade.
Junior Hi Robert has been put
in the senior band which means
that he has a band suit and
plays for football games. His
mother accidentally found out
that he had also been elected
president of his home room.

Billy is staying after school
every evening practicing for a
try-out on a football team. I
only hope that it won't break
his heart if he should be left
out.

Johnny's favorite game
through the day is playing
church. He sets up his little
table for his pulpit. Gets his
mamma's Bible and his song-
book. Almost always he insists
that John or I come in to join
in the singing. He carries the
tune, beats the time perfectly,
and remembers most of the
words to Trust and Obey, Soft-
ly and Tenderly, and Why Not
Tonight?

Last night at the sup-
per table Billy was telling us
whom he wouldn't marry. John-
ny reached over and kiss-
ed his mommy and said to her,
"I just want to marry you."

Mrs. Daniel, my baby-sitting
customer, has given me a per-
manent date for Saturday night.
She and Captain Daniel go
square dancing then.

Dr. Pearl Ponsford, president
of our El Paso Texas Women's
Press Association, insists that
we see the paintings of Tom
Lea, now on exhibit at the El
Paso Library. Tom Lea is a
native of El Paso, who has just
completed a two-volume story
of "The King Ranch," a history

of the fabulous South Texas
Empire.

In tonight's paper I see good
news. Dr. Winston H. Price of
John Hopkins School of Hygiene
and Public Health in Baltimore
has developed a vaccine for the
common cold. And the United
States' Rubber Co. at Wayne,
N. J., through a \$120 million
research program, has today
disclosed a new tire that will
last three times as long as pre-
sent tires, and we won't even
have to have a spare.

Mrs. Lee Lay, 57, Buried In Brady

Funeral services for Mrs. Lee
Lay, 57, of Voca were held last
Tuesday afternoon, at 2:30
o'clock in Wilkerson Funeral
Home, Brady. Services were
conducted by W. L. Fry, minist-
er of the Fourth and Bridge
Street Church of Christ. Burial
was in the Rest Haven Ceme-
tery.

Mrs. Lay, the former Augusta
Elizabeth Eubank was born July
26, 1900 and passed away last
Monday in a Brady hospital
after being injured in a two car
collision at Voca on Saturday.
She was married to Mr. Lay
September 18, 1917.

Survivors are her husband; a
daughter, Mrs. James Merritt,
San Angelo; two granddaugh-
ters, Judy and Sandra Merritt;
a sister, Mrs. J. E. Edmiston,
Voca and a brother, Moore Eu-
bank, Goldthwaite.

Chas. Moore Buried In Llano Thursday

Funeral services for Charles
Moore, 63, were conducted in
Llano last Thursday. Mr. Moore
died in a Temple hospital on
Tuesday after a long illness.
Burial was in the Llano Ceme-
tery.

Survivors are the wife; five
sons, Charles Edwin Moore, Los
Angeles, Donald Moore, Fort
Worth, Carl Moore, Llano, Dar-
rell Moore, Fort Ord, California
and Douglas Moore, Austin; one
daughter, Bonnie Lou Moore,
Llano; two sisters, Mrs. Laura
Davee and Miss Martha Moore
both of Llano; four brothers,
Edgar Moore, Llano, Lee Moore,
San Marcos, Frank Moore, Gold-
thwaite and Alfred Moore, Anti-
och, California.

Warden Warns Plug Shotgun

Hunters of Mills county were
warned today against hunting
with shotguns holding more
than three cartridges, two in the
magazine and one in the barrel.
The warning came from Game
Warden Ed Lacy.

This regulation applies to both
quail and migratory waterfowl
this year, the warden said.

"Most shotguns come from
the factory equipped with a
wooden plug which can be in-
serted in the magazine," War-
den Lacy said. "If your gun has
not been plugged already, either
take it by a sporting goods store
and have it plugged or buy a
plug."

A piece of wooden dowel also

Mrs. J. W. Roberts Pioneer Resident Buried Saturday

Funeral services for Mrs. John
W. Roberts, 81, were held in the
First Baptist Church of Goldth-
waite, Saturday morning, Sep-
tember 21, at 10 o'clock. Services
were conducted by Rev. Presnell
H. Wood, pastor of the church.

Mrs. Jimada Strickland Rob-
erts, daughter of the late Hallie
House and M. J. Strickland was
born March 12, 1876 at Jones-
boro, Texas, and died in a San
Saba hospital September 20,
1957. Mrs. Roberts had lived in
Mills County most of her life.
She was a member of the First
Baptist Church of Goldthwaite,
and the Order of the Eastern
Star.

On December 30, 1894 she was
married to John W. Roberts. She

can be used to plug the guns,

was preceded in death by her
husband.
Survivors are a number of
nieces, nephews, other relatives
and a host of friends.

Pallbearers were J. F. Davis,
Raymond Little, Loy Long, Phil-
lip Nickols and W. P. Woody.
Honorary pallbearers were
D. A. Hamilton, V. C. Bradford,
E. B. Gilliam Jr., E. L. Pass, and
D. A. Darroch.

Funeral arrangements were
under the direction of the Roy

Should Scouting Continue In America?

VALL HINKLE
 People of the United States are one of their fundamental beliefs, the privilege of individual to hold ideas of his own. We believe that it is beneficial to all people to think and believe that people have a great deal to do with our nations being better today.

to be free in their thought and initiative. We want our young men to be taught the ideals of democracy and to have the privilege of living under those same ideals.

One of the best ways for our young men to learn democracy and to practice it, is in the Boy Scouts. In Scouting boys are taught to think for themselves and to use democratic methods in all they do. The Boy Scouts stand for freedom and liberty for all people. Scouting is not known under dictatorship or in totalitarianist governments. Any time a dictatorial or communistic aggressor takes a country, one of the first moves is to abolish Boy Scouting and its ideals and substitute through control and similar types of programs. If this country were to come under domination, all persons connected with Scouting would be put in some sort of isolated spot.

We of America do not want that type of program nor do we desire to be told how to think and what to say. We need to support those who believe in, and teach freedom at its fullest. The Boy Scouts of America needs men who believe in these principles, who believe in a Supreme Being and are not afraid to stand up for those beliefs. The Boy Scouts need your personal and your finan-

cial support to continue to teach democracy and freedom to the youth of America.

Hill Country Hunt Hearings Set For Oct. 7.

A series of public hearings will be held in the nine counties of the Edwards Plateau area covered by regulatory power of the Game & Fish Commission, Oct. 7. At this time, biologists of the Game & Fish Commission will give landowners and sportsmen information on hunting conditions and proposed regulations regarding this year's open season in the counties concerned. The Meetings will follow the pattern of those previously held, according to the Secretary.

The purpose of the meetings is to comply with the statute passed by the last session of the legislature, which prescribes that such meetings be held; and that the Game Commission then set hunting dates as indicated from the results of scientific investigations.

This law became effective, Aug. 22. However, in anticipation of its effectiveness the Commission on July 26, went ahead and set up the dates. The Attorney General's office later ruled the action null and void because it was premature.

As soon as the hearings are held, it will be necessary for the Game Commission to hold a special meeting and again ratify the action.

The Oct. 7 meetings are as follows:

Kerr county 9 a.m., and Gillespie county at 3 p.m. with E. A. Walker in charge; Mason 9 a.m., and Llano 3 p.m. with J. G. Teer in charge; Crockett, 9 a.m. Sutton, 3 p.m., and Edwards 8 p.m. with Al Springs in charge; Bandera 9 a.m., and Medina 3 p.m., and Bexar 8 p.m., with Bill Jennings in charge. All the meetings will be held in county courthouse except San Antonio. Here, the meeting will be held at the Anglers Club, Woodlawn Lake.

Cemetery Working At Rocksprings

There will be a cemetery working at Rock Springs this Saturday, September 28. Everyone interested in the up keep of this cemetery is urged to bring tools and help with the work, according to an announcement by D. B. Tippen.

John Aubrey Reynolds of Douglas, Arizona left for his home Monday after a visit here with his parents, Mr. and Mrs. W. W. Reynolds.

ABOUT YOUR HEALTH

A weekly public service feature from the Texas State Department of Health. HENRY A. HOLLE, M.D., Commissioner

AUSTIN—Earlier predictions of a widespread Asian influenza epidemic this fall and winter appear to be materializing. Reports of cases coming in from all quarters indicate that Texas has been well "seeded" with the virus.

Only five brief months have passed since late April when the disease was first recognized in Hong Kong. This speed of spread is typical of the illness. So far, Asian influenza, which is really a new strain of a virus type well known to laboratory technicians, has been comparatively mild. This very fact has caused many people to ask why so much noise is being made about it. There are several good answers.

First, even mild influenza can be disabling for four or five days, followed by a period of lassitude and weakness. If enough people are stricken at the same time, as in an epidemic, medical care facilities may be overtaxed and vital community services may break down. These possibilities may be averted by forewarning and careful planning.

Second, influenza is always unpredictable. Cases are frequently complicated by bacterial infections. And, even when uncomplicated, the illness has a particularly dangerous impact on persons suffering from heart ailments or other chronic diseases.

Experience has shown that the average period of a local epidemic is about four weeks, but 80 per cent of those who become ill do so within a period of about two weeks. Frequently whole families get sick at the same time so there is no one to care for the sick, to fix meals, or look after family affairs.

The unusual feature associated with Asian influenza has rekindled interest in events just preceding the world-wide epidemic of 1918-1919. It started in Western Europe in 1918, and by August had spread into Scandinavia and the Orient. By October most of the United States was involved.

In January and February of 1919, the epidemic intensified and mortality rates rose sharply. Before it was over it had killed more than 800,000 people in the United States alone.

Fortunately, with modern epidemiology and laboratory techniques, we are in a better position today to cope with the situation. Too, for the first time in history this nation is in the unique position of having already begun production on a vaccine before an anticipated epidemic actually struck. Six drug houses have been licensed to produce the vaccine and are working on around-the-clock schedules. Vaccine will be released to states on the basis of population as it becomes available.

Mr. and Mrs. J. B. Massey and Mr. and Mrs. H. F. Holbrook were recent visitors at Texas Longhorn Cavern, Burnet.

 Webster's dictionary tells us that "blasphemy is irreverence toward anything regarded as sacred. Indignity offered to God in word, writings, or signs, also, act of claiming the attributes or prerogatives of deity." The Bible tells us: "But he that shall blaspheme against the Holy Ghost hath never forgiveness, but is in danger of eternal damnation." St. Mark 3:29.

The Bible also says: "Behold, the Lord's hand is not shortened, that it cannot save; neither his ear heavy, that it cannot hear: But your iniquities have separated between you and your God, and your sins have hid his face from you, that he will not hear." Isaiah 59:1-2.

The Great State Fair Of Texas Unveils 1957 Edition October 5

The great State Fair of Texas, now in its 72nd year, will unveil its spectacular 1957 edition Saturday, Oct. 5. Before the sixteen-day run ends Sunday, Oct. 20, it is anticipated that the giant exposition will set new attendance record exceeding last year's total of 2,872,253.

Entertainment is scheduled on a grand scale, as always. Daily attractions include the Broadway musical hit "My Fair Lady," the new version of "Ice Capade,"

the Aut Swenson Thrillcade, the free Aztec Mayan Spectacular, and the world-famed comedian Jimmy Savo, plus western musicians Hank Thompson and Steve Schulte and magician Mark Wilson. Other "name" entertainers to be spotlighted during the Fair include Singers Pat Boone Oct. 13, Lurlean Hunter Oct. 14 and Gordon MacRae Oct. 15.

The Pan-American Livestock Exposition Oct. 5-13 will present purebred beef and dairy cattle, swine, sheep and goat champions, including a total of 1,042 head of beef and dairy cattle alone. Entries of steers, dairy heifers, pigs and lambs in the Junior Livestock Show Oct. 16-19 now total 2,470. Horse shows are scheduled all three weeks of the Fair.

The glittering array of exhibits will include such scientific marvels as a replica of the earth satellite or "man-made moon" and the Army's deadly Nike guided missiles. A special exhibit of trains old and new will include the Santa Fe's old-time Cyrus K. Holliday and the Texas & Pacific's modern streamlined Texas Eagle.

There'll also be the Electric Show with its "Miracle" modern kitchen, the big Automobile cars, the International Center Show with fantastic "dream" exhibits from many foreign nations, the Food Show, Home and Family Show, Agri-

culture Show, Farm Machinery, Old Master paintings and Elsie the Cow.

More than 3,400 entries are expected in Women's Department classes for art, needlework, foods, designer-craftsmanship hand-painted china, miscellaneous arts, hobby collections and antiques. There'll be daily home-sewing fashion shows in the Women's Building.

Needless to say, the fabulous million-dollar Midway will be rocking along at full speed day and night.

Four college football games are scheduled in the Cotton Bowl during the fair—SMU-Missouri Oct. 11, Texas-Oklahoma Oct. 12, Prairie View-Texas Southern Oct. 14 and SMU-Rice Oct. 19.

Big special days will include Rural Youth Day Oct. 5, Music Festival Day Oct. 8, Elementary School Day Oct. 11, Achievement Day Oct. 14, East Texas Day Oct. 15, High school Day Oct. 18.

Sanders And Duncan Have Champions At Abilene Fair

Roger Sanders and Annette Duncan of Mullin made a good showing with their sheep at the West Texas Fair at Abilene last week. The two exhibitors showed fifteen head and of this number, ten were either champions or reserve champions.

Roger exhibited the champion and reserve Suffolk ewes of the junior show, both were ewe lambs. He also exhibited the champion Hampshire ewe of the junior show. The ewe was first in the ewe lamb class. Sanders also exhibited the Grand Champion and Reserve Champion Suffolk ewe and ram in the Open Show along with a first place Hampshire ewe lamb which was reserve champion.

Annette Duncan exhibited four Delaines. Two ewe lambs which stood first and second and two yearling ewes that stood first and second. The two ewe lambs were champion and reserve champion of the junior show.

AUSTIN, Tex.—"Tickets" for Texas' 1958 political bouts go on sale next week. Poll taxes, \$1.75 each, can be bought from Oct. 1 until Jan. 31.

Holder of the small white tax receipts not only can watch, but participate in the semi-annual struggle to decide who'll be "top dog" for the next two years. In the ring will be contenders for the offices now held by U. S. Sen. Ralph Yarborough, Gov. Price Daniel, Lt. Gov. Ben Ramsey, and so on down the line.

"Ticket" holders also can attend their Democratic Party precinct conventions next May, where the first round of a fight for party control will be staged.

Assuming you have \$1.75, paying a poll tax shouldn't be hard. Dozens of groups—Jaycees, labor unions, Women Voters, etc.—plan massive drives. Most voters probably will be able to find a poll tax selling booth within blocks.

Exact number of potential voters is not known, of course. But some civic leaders hope as many as three million persons will pay poll taxes. Previous record is 2,410,188 for 1956, a presidential election year.

Another peak is expected in 1960 when census projections show more than 5½ million should be eligible to vote in Texas.

OIL QUOTAS SAG—Lean days are ahead for Texas' top industry—oil.

After three months on an all-time low producing pattern of 13 days, the Railroad Commission cut the October production to 12 days. Daily allowable will be 2,964,062 barrels.

Major oil buyers at the Commission hearing indicated that any more production would result in an oversupply.

For a state heavily dependent on oil tax revenue and already faced with fiscal problems, the oil cut means tough times for the state budgeters.

MORE TAXES, SAYS BOARD—Even before the oil slash, the Legislative Budget Board had some hard facts to share with Texas taxpayers.

By 1958, says the Board the average Texan will pay 6.4 cents of each dollar he earns, in state taxes. This is compared to 5.3 cents per dollar in '57.

It's the inevitable result of a billion-dollar-a-year budget, say the fiscal experts. They attribute the soaring expenses to inflation and citizen demand for more government services.

As to paying for it, the Board says "All taxes ultimately come from the individual. There's no one else to pay them."

On the brighter side, State Comptroller Robert S. Calvert reported the state started the new fiscal year this fall in the black. Calvert's report showed Texas took in approximately \$100,000,000 more than it spent up to Aug. 31.

"BUG" ON THE LOOSE—In schools, colleges, offices—even jails—over Texas, thousands of people are abed.

Nearly three thousand cases, with flu-like symptoms, have been reported to the State Health Department. Finding out whether it's Asian flu requires special tests. Health Department offices are swamped with specimens and requests for tests.

Whatever the disease, it meant that football games and other school activities had to be called off in a number of areas.

So far, only a dribble of Asian flu vaccine has come to Texas. Dr. Henry Holle, Health Commissioner urges these precautions for the general public:

1. Stay away from crowds.
2. Drink plenty of liquids—water and fruit juices.
3. Go to bed at the first sign of symptoms. (Symptoms are fever, chills, headache, sore throat and aching back and limbs.)

DEMOS HAVE CHOICE—In some areas people contributing to the Oct. 11-12 Dollars for Democrats drive can choose where they want their money to go.

One set of fund-seekers will be working at the behest of the official Texas organization, the State Democratic Executive Committee. In accordance with a formula set up by national officials, they will keep two-thirds of what they collect for Texas work, and one-third to national headquarters.

Workers for the liberal-minded Democrats of Texas, at odds with official party leaders, say they'll turn no money over to the state office. All DOT collections are to go to national.

PUSH FOR WATER—Activity toward a statewide water development program moves forward.

Members of the governor's citizens water planning committee are receiving information kits. Material is to be used in a campaign for adoption of the \$200,000,000 water bond amendment.

Governor Daniel also announced the three representatives who'll be in charge of getting water planning legislation through the House during the special session. They are Reps. W. N. (Bill) Woolsey of Corpus Christi, Rep. Leroy Saul of Kress and Rep. Bill Shaw of Forney.

At the third annual Water for Texas conference at College Station, Gibb Gilchrist, conference founder, called creation of one central water agency as the state's greatest need.

MORE APPOINTMENTS—Governor Daniel's appointment list grows. Recent additions to state government:

A. H. (Kerry) Knippa of San Antonio to the building and loan section of the State Finance Commission.

E. L. Jackson of Claco and John E. McKeivey of Electra to the State Veterans Affairs Commission.

Joe C. Carrington of Austin to the Commission on Alcoholism.

John E. Lowe of Vidor, B. B.

MARY JANE

Be blithely beautiful in Mary
Jane's new wool and alpaca
blended LUSTRE-SHEEN coat.
There's an aura of sophistication
in the deliberately understated
look this year... note the
tapered sleeve with the jeweled
tab... the pocket cleverly
hidden in the seam of the side
panel... the small rounded
collar. All Very Important Fashion!
