Observe Fire Prevention Week By Removing All Fire Hazards

The slogan for Fire Prevention Week in both the United States and Canada this October 6-12 will be "Make Sure of Their Tomorrows—Don't Give Fire A Place To Start." This being Fire Prevention Week, let's all help to keep our town safe. The traditional North American Fire Safety Week was proclaimed by President Eisenhower in the United States.

Jack Reid, Fire Chief, lists some of the hazards that people should be careful about, now that cooler weather is here. Do

not go off and leave your stoves on; do not overload your electric outlets; when you burn trash, be sure that your fire is out before leaving and keep your place clear of rubbish that might prove a fire trap.

Other items to be checked from the outside are—condition of roof; chimneys; yard; waste burners; garages and sheds and materials of special hazards. Items to be checked inside—accumulation of waste and discarded material; disorderly arrangement of fuel; ashes in contact with wood; furnaces, stoves, smoke pipes and gas appliance vents; condition of smoke pipes; gas appliances; oil burner installations, chimney defects and clearance and work rooms. Mr. Reid states that these warnings apply not only to the townspeople but to the county as a whole.

Tuesday night the local Fire Department passed out Fire Alarm Instruction Cards to be distributed and if for any reason anyone does not receive a card they can contact any one of the firemen or go by the City Utilities Office and get one, according to an announcement by Jack Reid, Fire Chief.

Boy Scout Drive Totals \$745.00

The Boy Scout Finance Drive got off to an early start Tuesday morning of this week, when the various workers met at McLean's Cafe for a Kick-off breakfast. There was approximately 32 men, captains, executives and four Boy Scouts present as they got ready for a one day drive.

Announcement was made at the breakfast that \$611.50 had already been pledged for the drive. Last year the total was \$1,134.50 and the group hopes to top that amount this year.

As the paper went to press, \$745.00, had been donated, according to an announcement by W. C. Barnett.

Wanda Soules Has Grand Champion Turkeys At Fair

Wanda Soules daughter of Mr. and Mrs. Hugh Soules of Star won the Grand Champion award with her turkeys (pen of three toms), at the State Fair of Texas, Dallas. Wanda is 10 years old and a sixth grade student. She is a member of the 4-H Club and this is the second time to show at the State Fair and the first time to win. Her turkeys weighed 87 pounds, and are Broad Breasted Bronze.

Reserve Grand Champion of the Show—Pen of three Broad Breasted Bronze hens shown by Pete Dresser, Jr., of Kyle, a Hays County Future Farmer. Weight of the three was 54 pounds.

Reserve Champion Toms of the Show—Shown by Jerry Conley of Paint Rock, a Concho County 4-H Club boy. Weight: 84 pounds.

Reserve Champion Hens of the Show—Shown by Alton Petrosky of Maxwell, a Hays County Future Farmer. Weight: 56 pounds.

In the show, 134 boys and girls registered 804 and showed 393 birds. Sixty-one pens of toms graded 25 superior, 29 excellent and 7 good. Seventy pens of hens graded 45 superior, 20 excellent and 5 good.

Wanda's turkeys were fed under the supervision of George Reese, County Agent of Mills County.

Local P-TA To Meet Monday Night

The Goldthwaite P-TA will meet this Monday night, (October 14), at 7:30 o'clock in the Grammar School lunch room.

Mrs. Floyd Langford, president will preside at the business meeting and the Safety Committee will be in charge of the program.

Mrs. Claude Dickerson will baby sit at home for anyone who would like to leave their children.

Central Texas Telephone Coop. Holds Annual Meeting-Elects New Officers

The fourth annual membership meeting of Central Texas Telephone Coop., Inc., was held at the American Legion Hall in Goldthwaite, Texas on October 7, 1957. Registration began at 1:00 p.m., with the business meeting starting at 2 o'clock.

New directors elected by secret ballot are as follows: Wilford Schuster, succeeding Edgar Burkett, Mullin; Howard C. Perry, re-elected from Cherokee.

Wayne Spiller, elected from Voca; Joe H. Ellis, elected from Algerta-Bend. E. A. Kuykendall, San Saba and Will J. Rickett, Star, are retiring from the Board of Directors. Those remaining on the Board are: Bill Moseley, Rochelle, D. C. Middleton, Melvin, Delton Barnett, Big Valley and J. T. (Dutch) Woodard, Lohn.

After a short business address by Howard C. Perry, James C. McBride, REA Representative, spoke on some of the developments of REA in the past few years, especially in the tele-

phone field.

A drawing for attendance prizes was held, and forty-seven members holding lucky tickets, won prizes of ten \$5.00 bills and ten one-year free inside extension service from the cooperative, and through the courtesy of Goldthwaite merchants, sponsored by the American Legion, gift certificates for merchandise at Goldthwaite stores.

OFFICERS ELECTED

At a directors meeting held after the annual meeting, the following officers were elected for the coming year: Howard C. Perry, Cherokee, president; Delton Barnett, vice-president; Homer McCasland, Indian Gap, secretary-treasurer; and J. T. (Dutch) Woodard, Lohn, assistant-secretary.

The cooperative is now furnishing service with fourteen modern dial exchanges. As of September 30, there were 841 main stations and twelve pay-stations in service.

Jimmy White, right, with his Grand Champion Lamb, at left is Mullin VA teacher, Argie Whizenhunt.

Jimmy White of the Mullin F.F.A. Chapter exhibited the grand champion lamb at the Heart O' Texas Fair in Waco last week. Members of the Mullin F.F.A. made a clean sweep of the lamb show, winning all three classes.

In the Fine Wool Class, Annette Duncan won champion; Jimmy White, champion in the Southdown and Southdown Crosses class and Roger Sanders champion in other Breeds and Crosses class.

Placings in all classes are as follows:

Fine Wool Class—Annette Duncan, 1st; Peggy Pafford, 2nd; Eugene Williams, 5th; Jean Pafford, 6th; Larry Pafford, 7th; Kurt Singleton, 11th; Roger Sanders, 13th and Lee Singleton, 16th.

Southdown and Southdown Crosses—Jimmy White, 1st; Annette Duncan, 8th; Peggy Pafford, 13th; Allen Driskell, 14th and Jeaneene Driskell, 16th.

Other Breeds and Crosses—Roger Sanders, 1st; Larry Pafford, 3rd; Peggy Pafford, 5th; John Reeves, 10th; Jack Wittenburg, 12th and 23rd; Eugene Williams, 17th; Kurt Singleton, 24th and Jimmy White, 25th.

The Mullin group exhibited 22 lambs with all of them placing in the show.

Wayne Poe Wins In Calf Scramble At State Fair

Wayne Poe 4-H Club boy from Goldthwaite was one of the 15 lucky winners in the calf scramble at the State Fair, Dallas last Saturday. He was one of 30 boys chosen to enter the calf scramble, by writing a letter telling why he was qualified to feed a beef calf. He and the 13 other boys were awarded \$75 to buy a steer calf to feed for Dallas next year.

Larry McAnally, 16, of RFD 2, Cross Plains, officially captured the Maverick calf, which is exchangeable for a \$2,000 purebred animal. Larry is a junior in high school, a Future Farmer and the son of Mr. and Mrs. Ed. N. McAnally.

Eagles Lose To McGregor; To Open Conference At Santa Anna Friday

BY R. C. McCOLLUM

The Goldthwaite Eagles went to McGregor last Friday night and met a determined band of Bulldogs. The Eagles were defeated by a score of 20-7. The Eagles fought hard but old lady luck was riding with the Bulldogs on this one. They made mistakes and the McGregor eleven took advantage of them.

The Eagles had been told that McGregor was not a passing team, but they found out different. In Jerry Ridling, they found the best passer they have encountered this season. Also McGregor had the best pass defense the Eagles have played against this year.

To start, the Eagles fumbled the opening kick-off. From there the Bulldogs went on to score their first TD. McGregor scored again in the second quarter on another pass. The Eagles scored with one second left in the second quarter. They drove from deep in their own territory to score after recovering a McGregor fumble, with all Eagle backs carrying the ball. Kirby passed to Jerry Kight for the score. Two McGregor players tipped the ball up in the air in the end zone. Kight caught the ball for the score.

Neither team could get up a scoring drive in the third quarter. Kirby and Eddy Jones each intercepted McGregor passes in the third quarter and Jerry Hammond in the fourth quarter. McGregor scored their third TD late in the fourth.

Jerry Ridling passed twice to Billy Zacharias for 25 yards and 43 yards; one pass from Ridling to Doug Lippe for 20 yards with Harlan Williams kicking the extra points.

EAGLES TO PLAY SANTA ANNA FRIDAY

The Eagles go to Santa Anna Friday (tomorrow) night for their first conference game of the season. Santa Anna defeated Rising Star last Friday night in their first conference game so they will be out for a second win when they meet the Eagles tomorrow night. Let's all go fans and help the Eagles start the conference season right by winning over the Mountaineers.

McGregor Game Football Receipts

Receipts from the McGregor-Goldthwaite game last Friday night, October 4, have just been announced by Supt. Jones as follows.

Total receipts, \$644.40, there being no season tickets sold for this game, all receipts were from gate sales. Expenses for officials and mileage amounted to \$62.40, leaving a balance of \$582.00.

Each team received \$291.00 for their share of the receipts.

Bennett Creek Watershed Landowners Continue With Flood Control Plans

At a meeting last Wednesday night, October 2nd, landowners in the Bennett Creek watershed decided to continue with plans for flood control on the watershed.

Approximately forty landowners attended the meeting in the newly erected Community Center at Center City. David Walters, outgoing soil conservation district supervisor, presided during the meeting. E. J. Hughes of the Soil Conservation Service was asked to present the merits of the program and lead a question and answer discussion. After an hour and a half in discussing Public Law 566 on small watersheds, the meeting was turned back to the chairman. He was requested to call for a show of hands as to whether the landowners present were favorable toward the program.

The voting indicated that the majority of the people were in favor of an over-all soil and

water conservation program on their land which would involve a number of flood control dams.

A film was then shown by Von Speakman of the Brownwood Soil Conservation Office. The film showed all phases of construction and operation of flood control structure. After heavy rains last spring, primary spillways were releasing water as a quiet running stream below the dam. Water which normally rushes down streams causing flooding was temporarily detained and released gradually for several weeks.

The advisory committee consisting of Jim Soules, Homer McCasland, Dr. T. C. Graves, Arnold Head, and Hollis Blackwell, then decided that a petition would be passed among landowners who reside in the watershed within the next two weeks. This will give the people an opportunity to express their opinion with the committee.

Conference Play To This Week

The Eagles

travel to Santa Anna (Friday) night for their first conference game of the season. Conference play is a three-loss and two-win record. Previous games were against Class AA in the exception of the game which was in Class A as the Eagles. The coaches nor the players are over confident in the word but there is optimism existing in camp. There are no games in the conference and a guess as to the would be purely speculation. The Mountaineers may meet that team that they are to meet this year at the Eagles by attending games.

All event is to take place in band performance between halves when the Band joins with Santa Anna in present special feature performance. The Goldthwaite Band arrive in Santa Anna for a practice session to game time.

Squad bus will leave at 6:00; Squad bus at Band Bus at 2:15 this Friday.

Games will begin at 7:30 this week's melee.

This is one of the highlight games of the season in which the Eagles meet the team who last year knocked them out of a District Championship by only one minute and one touchdown. The Eagles are determined to dehorn the Buffaloes this year because they are predicted winners in District play by most sportswriters.

Those missing this game will miss the double feature of a good game combined with the crowning of the Sweetheart.

Texans always have been independent in spirit. They do not like for outsiders to tell them how to conduct their affairs.

That is why Texans should approve Constitutional Amendment No. 3 at the Nov. 5 election. This is the amendment that is designed to help solve our water problem.

This amendment provides for the issuance of up to \$200,000,000 in bonds by the State of Texas for construction of facilities for storage and preservation of surplus waters.

These funds would be loaned to local municipalities and water districts to augment local funds. Proposal No. 3 is so written that this money will be available on an equitable basis and cannot be grabbed up by a few large projects.

The State will function primarily as a second-lien holder, taking revenue bonds on a given project over and above the amount of money that can be raised on the community's own credit rating.

It is an incontrovertible fact that Texas receives all the water it needs in rainfall. The difficulty lies in the fact that it usually is a case of feast or famine.

Under terms of the amendment these storage facilities belong to the community. It alone can control the uses to which the reservoirs may be put.

This is a Texas way of solving a state-wide problem on a local basis. We believe it will work and urge adoption of this proposal by an overwhelming vote.

GRASS ROOT OPINIONS

WEST POINT, MISS., DAILY TIMES LEADER: "... all of us know that federal spending is not going to be turned off like one would turn a faucet handle.

HOWARD, S. D., MINER COUNTY PIONEER: "YES, JAKE... the only difference between us and the millionaire... is that we worry over the next meal... and he worries over the last one."

WACO, TEXAS, FARM AND LABOR JOURNAL: "As organized labor we will continue to work within the system of free enterprise. That system is as dear to us as to anyone.

LIBERAL, KAN., DAILY TIMES: "Awareness of the lack of water supply in the U. S. today is in about everybody's mind. However, if you think we have troubles now, take a look on down the road, say two decades hence.

STOCKTON, KAN., BOOKS COUNTY RECORD: "There is no doubt about it. A quarter doesn't go as far today as it used to unless you happen to drop it on the sidewalk."

A SORRY EXAMPLE

A 17-year-old school boy who attended the Youth festival in Moscow, along with 160 other Americans has returned to his home in Portland, Oregon.

Those who went to Red China from Russia in defiance of the government ban, showed their contempt for authority. If any of them get in trouble in China they will be the first to cry for protection from the government which they defied.

Are these young people, who thumb their noses at authority, a result of failure in home training and our educational system to teach respect for law and order?

25 YEARS AGO-

(Taken from the Eagle files of October 7, 1932)

Everitt Holland and Mrs. Myra D. Parmer were married last Friday night at the Baptist parsonage, Rev. G. C. Ivins officiating. After the marriage the happy couple left on the 10 o'clock train for Galveston, where they spent a few days and then returned to Goldthwaite to make their home.

Miss Kathleen Keese became

the bride of Terrell Boyd in a ring ceremony performed by Rev. Taylor of San Saba last Thursday evening at 7:30 o'clock.

Applications have been filed with County Clerk Porter for marriage license for Arnold Hillhouse and Miss Virgie Smith, both of Duren community; Paul Estep of Temple and Miss Ruby Wilson of Coleman. License will be issued Saturday.

Mr. Jeff Wilcox died at his home in this city last Friday afternoon, after a long illness, and his remains were interred in the cemetery at Center City Saturday afternoon.

Mrs. Nellie Campbell died at her home in Rotan last Friday night and her remains were

brought here on Saturday night's train and conveyed to Fairview Cemetery, near Star Sunday for burial at 2 o'clock. A number of Goldthwaite friends of the Parks family attended the funeral of Mr. B. J. Parks at San Saba Wednesday afternoon. Mr. Parks lived in Goldthwaite a number of years and moved from here to San Saba.

Many people have been mystified this week by an unconnected hydrant, from which a continuous stream of water is flowing. The hydrant, which is in a window display at Hudson's, is suspended in midair by two strings, but a steady stream has been running out of it all week.

Dr. and Mrs. R. M. Burgess of Denton visited relatives here the first of the week.

50 YEARS AGO-

Snafu Over Distribution Of Asiatic Flu Vaccine? Careful Watch Necessary To Prevent 'Black Market'

By HENRY CATHCART Central Press Washington Writer

WASHINGTON—Some Washington observers are fearful that the United States Public Health Service may be laying the groundwork for a snafu on distribution of Asiatic flu vaccine reminiscent of the botch that accompanied the allocation of the Salk polio vaccine two years ago.

They particularly note that the service is relying on "voluntary distribution" of the vaccine—just as was done with the polio shots. The experience with the Salk program was that an almost frantic rush for the vaccine began which caught manufacturers, doctors and community health officials unprepared.

It took several months before the shortage situation could be straightened out. Some officials are concerned that the same pell-mell demand for flu vaccine may pop out later this year when the ailment begins to strike with epidemic force. They concede that the Public Health service has carefully gone over plans with state and local officials but they are still wary.

They are also cautioning that authorities must keep a careful watch to prevent "black market" abuses from springing up when the demand for the flu shots becomes heavy.

WASHINGTON — TARGET: INDONESIA?—While Syria has occupied the headlines as a trouble spot, State department insiders have become quietly concerned over pro-Communist developments in the Southeastern Asia nation of Indonesia. Recent local elections in the rich and strategic country saw the Reds score heavy gains and achieve a stronger voice in the Indonesian government.

The Western Allies are particularly upset at these gains because Indonesian Prime Minister Sukarno has been courted by the free world in an effort to keep him firmly in the anti-Soviet camp.

Now, Sukarno who several years ago barred the Reds from the ballot, has shown signs of swinging to the left. U.S. observers fear he might adopt a neutralist attitude and make future trouble.

FENCE-MENDING AND INFLATION—The mounting cost of living and President Eisenhower's popularity rating are shaping up as important issues for the 1958 elections, according to first reports from congressmen back home to mend their political fences.

Democrats are trying to determine whether the President's popularity has waned enough to make the chief executive a major campaign target. Meanwhile they seem ready to seize on inflation as evidenced in the mounting cost of living as a sure-fire issue.

BILL SIGNING BLOOPER—Both President Eisenhower and his staff showed signs of pre-vacation fatigue just before they took off from Washington for Newport, R.I., to rest.

The day before the vacation departure, the White House released a list of bills signed by the President but advised newsmen that none of them were of any importance.

Accordingly, the newsmen were giving the list only minor attention until suddenly spotted among the bills was the measure providing protection for FBI files. The legislation, curbing the impact of the Supreme Court decision last spring giving subversive and other criminal defendants access to secret FBI data, had been one of Mr. Eisenhower's must demands on Congress.

The White House staff discovered that the chief executive had signed a key bill only when informed of the fact by the press.

Subsequently at his news conference, the President pulled a bloop of omission. He criticized the Democratic-controlled 85th Congress for failing to enact a number of bills he had deemed essential and then ticked them off.

He forgot to list probably the one unpassed measure which constituted his biggest defeat of the session—a bill to provide federal funds for school construction.

Golden Age Tea At Library Enjoyed By Garden Club Members And Guests

The Goldthwaite Garden Club honored Charter Members and the Senior Ladies of the community with a Golden Age Tea, at the Jennie Trent Dew Library Saturday afternoon, October 4, at 2:30 o'clock, in appreciation of their contribution to churches, clubs and civic life of the community.

Goldthwaite Garden Club cooperated with other Garden Clubs in Texas in observing the month of October as Golden Age month, at the request of Mrs. David H. Buchanan, Temple, State President of Texas Garden Clubs Inc.

Guests were greeted by Mrs. T. J. Collier and Mrs. V. Z. Cornelius, club president, and presented to Mrs. Luther Rudd, Mrs. J. D. Brim, Miss Abbie Ervin, Mrs. W. W. Ligon, Mrs. J. N. Keese and Mrs. O. H. Yarborough and Miss Ruth Ervin, charter members, and then directed to a display of antiques in charge of Mrs. J. V. Cockrum, and Mrs. J. M. Oglesby.

Mrs. J. H. Randolph, one of the organizers of the club registered the guests and Mrs. T. C. Graves planned a golden corsage on each and directed them to the refreshment table. Delicious refreshments of cake squares and golden punch was served by Mrs. Loyd King, and Mrs. Malcolm Jernigan assisted by Mmes. Harold Yarborough, Roy Wilkins, H. D. Roberson and Fred Stephens.

The tea table was laid with a lace cloth and centered with a beautiful arrangement of fall flowers.

Mrs. Cornelius welcomed the guests and introduced Mrs. T. J. Collier, who gave a short history of the club and paid tribute to the Charter Members. Mrs. Collier introduced Mrs. T. C. Graves, program leader.

Mrs. Tolbert Ledbetter directed a sing-song in which a number of popular songs of the gay 90's were sung. After the sing-song the Yarborough Quartet, Mmes. O. H. Yarborough, W. G. Yarborough, Harold Yarborough and Miss Linda Yarborough delighted the group with two special numbers.

In introducing Mrs. John G. Berry, one of the organizers of the club, Mrs. Graves paid tribute to her for her outstanding contribution and accomplishments in Garden Club and therapy work on local, state and national level. Mrs. Berry was honored last year at the State Fair, Dallas as Woman of the Year.

Mrs. Berry gave the history of the club from its beginning in 1934 until the present time.

The following ladies then modeled costumes depicting styles of the gay 90's: Mrs. John Berry, modeled a gay 90 wedding dress; Mrs. T. C. Graves wore a print dress, hat and shoes belonging to her grandmother; Mrs. T. J. Collier's attire was a black satin number with shoes and hair style to

match; Mrs. J. V. Cockrum modeled a shirt waist, black skirt, bustle and hat; Mrs. J. D. Brim and Mrs. V. Z. Cornelius also modeled shirt waists and black skirts; Mrs. J. M. Oglesby chose a lavender print with matching bonnet.

Mrs. Cockrum and Mrs. Graves tied for first place for having the most outstanding costumes and were each awarded a prize.

Mrs. J. H. Hale was awarded a prize for being the mother of the most children and Mrs. A. T. Pribble was given a prize for being the oldest club member. Mrs. J. H. Burnet was given the prize for being the oldest guest. Mrs. W. W. Ligon won the prize for having the oldest book, "Sermons of John Wesley." Mrs. Brim was given the prize for the oldest purse and Mrs. Dora Pardue for the oldest article in the antique display, a hand made sad iron about 300 years old.

After the presentation of awards Mrs. Ledbetter accompanied by Mrs. Berry directed two songs which closed the program.

OUTDOORS IN TEXAS

BY HUGH WILLIAMSON
Creatures of the outdoors are like people. Basically they need only two things to thrive: food and cover.

Of course, man yearns for more than the bare necessities—he plays around with his automobiles, cameras, books, stamps and whatnot. The game and fish have not thus fancied up their lives.

If they have plenty to eat and a good place to hide from their enemies, they get along. Take the recent whitewing season for example.

The whitewing dove was a disappearing bird until the Game and Fish Commission took over. The Commission's first action was to close the season on these birds.

Then a tract of about 200 acres of brushland was acquired, assuring cover for the whitewings. Result is that these doves have come back in such numbers that, during the past open season, whitewing shooting in South Texas was described as a "hunter's paradise."

Just now the Game Commission people would like to buy some more brushland acreage, to give the whitewings an additional guarantee that farmers will not plow up the whole of South Texas and leave doves without a bush to nest in.

If that can be done, and if we can get enough rain to provide forage for the birds, there is likely to be good whitewing shooting from here on out.

MOURNING DOVES, TOO
Still talking about food and cover—consider mourning doves. This year, the dove shooting has been good, generally, because spring rains provided the grass and brush that birds look to for food and hiding places. Incidentally, dove hunting begins in the South Zone, October 1, and your chances are very good, provided there is enough cool weather to prompt the birds to migrate in that direction.

Long familiar is the regulation that shotguns must be plugged to hold not more than three shells, but violators of the rule are still being arrested frequently by wardens.

And—one more reminder—don't forget your new license.

Food and cover for deer and turkey have been exceptionally good this year. Grass is growing where there has been no grass in years.

FISH ARE PROSPERING
Fresh water fish are prospering now because of a very favorable food and cover season.

Spring rains washed food into the lakes and streams and raised the water levels.

Banks went under water during flood time and gave the fish more spawning grounds,

including a lot of wooden and brushy area. Result is a great spawning year for black bass, white bass, and crappie.

The little bass are almost keeper size now. Come February and March, they will be about 12 inches long and weigh about a pound.

There is no problem about overpopulation, because the fisherman will reduce the number of bass when this bumper crop of fish start taking lures early next year.

One old-timer of my acquaintance says next year should produce better fishing than any time since pioneer days.

MORE FISHING HOLES
Good and improving fishing places are farm and ranch ponds that have been properly stocked. There are more of these, now that ponds, once dry, were filled by this year's rains.

It's amazing the quantity of fish that can be taken from these small bodies of water. Some ponds, only an acre in size, have yielded three to four hundred pounds of fish in a year.

That means sport and food, not only for the family living on the place, but also for their friends.

The Game Commission has a booklet on how to use stock tanks and farm ponds for fish.

A FEW QUICKIES
Don't shoot racing pigeons. That's another fellow's sport; he spends a lot of time and money breeding and training his birds. Besides, there's a state law against killing or molesting carrier pigeons.

Pflueger announces a new bait casting reel. It's called the "Trusty." Weighing only 5 1/4 ounces, this reel has a smooth anti-backlash, sliding click, and jeweled oil cups. Made of aluminum alloy, the Trusty has a handsome anodized cap, front and back plate. The reel has a 4 to 1 gear ratio and holds 175 yards of 15-pound test nylon line.

Dr. Robert Ladd of Chicago had the experts scratching their heads at Port Aransas. In addition to 40 mackerel and two kings he caught something that

measured six feet, six inches. Some said it was a marlin, others said no. Scientists finally identified it as a spearfish, most rare. Only spearfish caught on rod and reel off the Texas Coast.

Psychological item: Maybe you take more fish when there's a limit on them than you would otherwise. If you go for crappie, for example, you want to boast about a limit string of 25. If it were not for the limit you might be content with say, 15. Game management people know there are plenty of crappie and that they need to be thinned out. So go ahead and take your limit if you can. Brag about it, too. That's part of the fun.

I'm thinking about next Spring, too; about getting out there on the lake with a lantern on the boat. On a lot of Texas lakes, in April and May, there will be communities of these boats, with the rays of lanterns directed into the water. Said rays attracting insects, the insects attracting shad—and the shad attracting white bass.

My favorite fish.

ing and by lowering hot weather death losses. Promising studies are also underway to determine if shell and interior egg quality which drops off during weather may be improved by tranquilizers. If a suitable and inexpensive type drug is found—and there is some promise that a heretofore unused tranquilizer by-product may work out—feed manufacturers may be spicing summer rations with helpful "happiness" drugs to help overcome hot weather difficulties. Something else worth looking into is the spreading use of automatic coin-type vending machines to sell eggs.

These refrigerated road-side wonders are solving the marketing problems for a number of producers in various states, including Colorado, Alabama, Missouri, New York, and California, to name a few.

All a farmer needs to sell his eggs mechanically is the machine, a good location such as a shopping center, a service station or just a busy roadside, and some good quality eggs. He's more apt to maintain a stable market with less down price variation and the difference in marketing at the retail level could pay for the machine in a few months.

One New York firm makes an egg vendor which handles two different grades and keeps the eggs cool in summer and warm in winter, selling for \$1,495 F.O.B. The factory. A special shelter that fits over the machine costs an extra \$150.

With savings in time, money and trouble, this type of automation may be just what the egg producer needs.

Word was received here recently of the death of Joseph W. Allen of Beverly Hills, California. Mr. Allen was 86 years of age and was a former resident of Goldthwaite. He was the son of the late "Arkansas" Allen of Goldthwaite and will be remembered by many of the old timers here. He was also the brother-in-law of Mrs. Lula Evans, Long Beach, California, who is also a former resident of Goldthwaite.

Mrs. R. H. Hannah of Junction spent last weekend with her mother, Mrs. W. H. Linkenhoger.

Final Rites For Mrs. Jim Circle Are Held Wednesday Afternoon

Funeral services for Mrs. Jim Circle were held Wednesday afternoon, October 9, at 3 o'clock, in the First Methodist Church of Goldthwaite. Services were conducted by Rev. Walter J. Cartwright, pastor of the church.

Mary Mattie Circle was born October 22, 1913 in Mills County, daughter of Charlie and Nathan Hodges of Mullin. She passed away in an Austin hospital October 8, 1957. She was a member of the Mullin Methodist Church and had lived in Austin the past five years.

In May 1929 she was united in marriage with K. B. Henry in Oklahoma. To this union one

son was born. She was married to Jim Circle in Austin in December 1954.

Survivors are the husband, Jim Circle, Austin; one son, Dale Henry, Victoria and a grandson, Keenan Dirk Henry, Victoria; her parents, Mr. and Mrs. Charlie Hodges, Mullin; five brothers, Clyde Hodges, Democrat, Whitt Hodges, Mullin, Harvey Hodges, California, Arch Hodges, Austin and Lee Hodges, Brady; three sisters, Mrs. Charline Weldmer and Mrs. Annie B. Arrington both of California and Mrs. Lottie Moore, Pear Valley.

Pallbearers were Philip Nickols, W. P. Duren, John Patterson, LeRoy Johnson, C. F. Stubbs and Ray Duren.

Funeral arrangements were under the direction of the Roy Wilkins Funeral Home with burial in the Duren Cemetery.

Star Tigers Defeat Priddy Pirates 46-0

The Star Tigers got on the victory trail by beating the visiting Pirates before a large crowd last Thursday night.

The Tigers struck for two quick TD's in the first quarter—one by Lester Clary on a fifteen yard scamper and one by Bobby Boykin on a sixty yard jaunt.

James Boykin sustained an injured ankle the third play of the game.

Mack Kincheloe snatched two TD's from the arm of Elam Miles for the third and fourth TD's. Elam made his touchdown by running 55 yards and Bobby Boykin racked up two more TD's for the night. Elbert Lee was a stand-out at center, both defensively and offensively. Chester Rickel displayed some mighty nifty blocking, according to Coach Bill Davis.

and Mrs. Hugh Soules, of the Star community has won the Grand Champion award with her turkeys at the State Fair of Texas at Dallas. This is Wandas' second year to exhibit turkeys at the State Fair. Last year her brother Jimmy, showing turkeys for the first time, won the Grand Champion banner at Dallas. These two 4-H club members are "tops" with their poultry. They really do a fine job in taking care of their birds.

Wayne Poe was successful in catching a calf in the scramble at the Dallas Fair. He will receive \$75.00 to purchase a steer calf to feed for Dallas next year. Thirty boys were selected from the state to participate in the scramble and only fifteen boys were lucky in catching calves. The other fifteen boys received a pair of boots each. Sunday night five calves will be carried to Dallas by the following 4-H club members: Alvin Tiemann, one Hereford; Margaret Reese, one Shorthorn; Eugene and Brady Wayne Dur-

en, two Angus; and Wayne Poe will show one Hereford Steer.

The broilers, to be shown by Mills County 4-H members, will be selected this week. The following members will exhibit their birds at the Dallas Fair; Wanda Soules, Jimmy Soules, James W. Clary, and Ella Ruth Clary. All of the broiler exhibitors are from the Star Community.

Misses Marie Reynolds and June Ketchum, Ballinger and Miss Patsy Singleton of Brownwood were weekend guests in the Arnold K. Kelly home.

CHESTER L. MAY
Senior vice-president, Lone Star Gas Company, Dallas, was re-elected a director of the American Gas Association today at the 39th annual A.G.A. convention. He was elected for a two-year-term, expiring in October, 1959.

SOIL CONSERVATION DISTRICT NEWS
OUR SOIL OUR STRENGTH
By HUBERT BERRY
A conservation tour was conducted Monday, September 30th on three farms in the southern part of the county. Sixteen farmers, ranchers and businessmen were present on the tour.

Mohler Simpson showed the group several acres of sorghum alnum. He was grazing the grass with sheep and said, "that so far he liked it mighty well." He pointed at a maize patch near by which failed to head due to dry weather but said the sorghum alnum withstood the drouth extremely well.

Next stop was the John Parker farm where he has forty acres of blue panic grass. John said, "that it was in the soil bank and could not be grazed, but that from his experience with the grass and what he had heard about it, he was proud of it." at this point, Ewell Priddy, who has had some blue panic for several years, said the grass had done well even during the drouth. He said the grass had also paid off financially as well as helping the soil by adding organic matter.

Most of the group then went to Bob Burdette's farm on the river. Bob told of coastal bermuda making tremendous growth and furnishing abundant grazing with only one watering this summer. He said that he believed coastal bermuda had prospects on many farms in Mills County even under dry land conditions. He pointed out that this grass was more drouth resistant and made much more growth than the common variety of bermuda grass.

David Watters and Scott Lanford, supervisors of the Brown-Mills Soil Conservation District believe these grasses have a place in a conservation program in this district. Scott has several acres of sorghum alnum on his farm near Blanket and David has several acres of blue panic on his farm in the Pleasant Grove community.

I just did not have any news last week, guess I did not visit enough.

Mrs. Loyd King and Mitzi visited me Thursday morning. Mr. and Mrs. Monty Stone of Coleman and Mr. and Mrs. King of West Texas visited their children, Mr. and Mrs. Loyd King and family last week.

Dutch and I visited in the Carl Brown home Sunday of last week. They took Mrs. Brown back to Houston for treatment. We also visited my dad, who has been ill. He is doing better now.

I attended a pink and blue shower honoring Mrs. Joyce Wood, Thursday afternoon. I also visited Mrs. Koleber, who is a victim of the flu.

Dutch and I attended the Berry-Warlick wedding Saturday night. It was a beautiful wedding and we hope for them a happy wedded life.

Dutch and I went home with Mr. and Mrs. Glen Nickols from church Sunday.

Mr. and Mrs. Alex Shaw and Chuck of Fort Worth visited her parents, Mr. and Mrs. Bill Hightower last weekend.

ties of the 4-H Awards Program. I met the Star Girl's 4-H Club Wednesday, October 9th, at 2:30 o'clock and the Goldthwaite Club, Thursday October 19th, to finish my programs in the school.

October 9, 11, 16, 23, and 25th I shall be working with women of the county in an advanced clothing workshop. In this workshop we shall study pattern selection, pattern alteration, the altered pattern as a basic pattern for fitting similar patterns, the use of interfacing, and the making of tailored buttonholes. The meetings are to be held at the Youth Center.

I shall be engaged in an identical workshop at Center City starting November 15th. Anyone interested in attending this one, please contact me or some of the Center City H. D. Club ladies.

I am also meeting the Home Demonstration Clubs this month to make up the meeting I missed in May because of my accident. The program is to be on a Convenient Service Area including screening plants, trash-burners and clotheslines.

I meet with the Mullin H. D. Club October 10, Goldthwaite H. D. Club, October 22nd, and the Center City Club the 24th. Everyone is encouraged to attend one of these meetings.

I also plan to make some visits in an effort to secure leaders to help me in working with the 4-H girls.

CREEK FAMILY REUNION

Saturday, September 28 relatives begin to arrive at the Ted Vance and J. C. Creek home for a family reunion. At an early noon hour Sunday the entire group gathered at the Mills County Park where a bountiful dinner was served to the following: Mr. and Mrs. J. C. Creek and Mr. and Mrs. Ted Vance, Goldthwaite; Mr. and Mrs. Jack Creek and family, Austin; Mr. and Mrs. J. D. Creek and family, Mr. and Mrs. Falth Timmy, Comanche; Jay, Nova D. Brodlight, Dublin; Mr. and Mrs. Roy Creek, Leaday; Mr. and Mrs. Otto Creek and family, Coleman; Mr. and Mrs. Ben Creek, Gouldst; Mrs. Mattie Creek, Coleman; Mr. and Mrs. I. E. Creek, Voss; J. B. Creek, Voss; Mr. and Mrs. Joe Creek, Lometa; Mr. and Mrs. Bill Creek and Darrel, Mr. and Mrs. Grady Hicks and Mary of Sidney; Mr. and Mrs. Raymond D. Hicks and Mr. and Mrs. Derwood Creek and family, Brownwood; Mr. and Mrs. Herman Creek and family, Leaday; Thurman, Bud and Callie Creek of Leaday; Mr. and Mrs. Leon Duffer, Brownwood; Mrs. Nauve Starnes, Lancaster, South Carolina; Mr. and Mrs. W. W. Williams, Goldthwaite.

Mr. Creek entertained the group by relating his early day experiences. He came to Comanche County with his parents in 1888. There he grew to manhood and on January 1, 1901 he was married to Miss Mary Lewis. They have lived in Comanche, Brown, Hunt, Lampasas and Mills Counties. During the more than fifty years they have lived together they have traveled more than 2000 miles in a covered wagon.

At a late hour everyone left for their homes with the hopes of meeting again in 1958 and Mr. Creek will then tell more about the good old horse and covered wagon days.

Mr. and Mrs. James Bailey of Arlington and Mrs. Minnie Crawford of Grand Prairie were guests of Mrs. Will Moreland last weekend and attended the Berry and Warlick wedding Saturday night. Sunday afternoon they visited in the G. C. Featherston home.

Mr. and Mrs. Clayton Egger attended the Sheep and Goat Raisers' Association at Uvalde, and while they were gone, Mrs. Dwyer spent the weekend with Mrs. Effie Egger. Saturday afternoon they visited Mr. and Mrs. Charlie Griffin. They found Charlie doing fine. Sunday they went with Mr. and Mrs. Johnny Humphries to church at Indian Creek. From there they all went to Richland Springs where they had dinner with Mrs. Humphries' mother.

Clementine Wilmeth Briley Writes From Temporary Home In El Paso

By CLEMENTINE WILMETH BRILEY

Ever since we left home a month ago, I've been wondering if they had had rain at Ebony. And Oh, Happy News! Mrs. Edna Dwyer writes, "We've had another, good slow rain, and people are getting ready to sow more grain. Some had already sowed, and they were glad to have another rain."

Mr. and Mrs. Clayton Egger attended the Sheep and Goat Raisers' Association at Uvalde, and while they were gone, Mrs. Dwyer spent the weekend with Mrs. Effie Egger. Saturday afternoon they visited Mr. and Mrs. Charlie Griffin. They found Charlie doing fine. Sunday they went with Mr. and Mrs. Johnny Humphries to church at Indian Creek. From there they all went to Richland Springs where they had dinner with Mrs. Humphries' mother.

Mrs. John Bateman writes from Fort Worth that her husband has had the flu. And

on account of his bad heart condition, he thought he would have to go to the hospital. But his doctor didn't even have him come to his office, neither did he come to see him. Just sent him some extravagantly expensive medicine. And now two weeks later he is able to drive to the bank.

After five weeks they've heard from that doctor in Los Angeles. His letter is a glowing account of that wonderful hospital—the Good Samaritan—of the world-renowned doctors on its staff. Also of California's wonderful climate and cultural advantages. He thinks he is in the most wonderful profession in the world. He had finally taken time to fill a dinner invitation with his "Aunt Mary," widow of the late A. C. Wilmeth. He met all her

family and "They are wonderful folks."

In all this furor about intergration, the most sensible thing I've heard is from Henry Torrence, a negro janitor at the Yell County courthouse. Last week Gov. Faubus attended the County Fair at his home town, Danville, Yell County, Ark. He rode down Main Street waving happily to a cheering crowd of 3000 who lined the streets to tell him they, at least, think he is a great man. Torrence shook his hand and told him to "carry on." He said, "I don't see any reason why negroes should go to white schools. They got good schools of their own."

In a three-day meeting in El Paso, ending Saturday, of the Texas, New Mexico, and Mexico Sections of the American Society of Civil Engineers, J. C. Dingwall, engineer manager of the Texas Turnpike Authority, said the Appian Way out of Rome, Italy, laid out in 312 B. C. under Censor Appius Claudius Caecus, became the "World's Queen of Long Distance Roads." And it remains the world's wonder of road building. Mr. Dingwall then turned to what can be expected from the National Highway system now being undertaken by the Federal Government in cooperation with state highway departments. A high engineering authority says the National Highway System involves expenditures and construction 29 times as large as the

combined projects of the Panama Canal, the Grand Coulee Dam, and the newly organized St. Lawrence Seaway. I hope they won't forget those bridges across Buffalo Creek down at Ebony.

Mrs. Myra McCrary spent the her brother, R. A. Harris and weekend in Stephenville with Mrs. Harris.

Duck Conditions
Now Excellent
Conditions right now for a good duck hunting season this fall are excellent, according to J. R. Singleton, Wildlife Biologist of the Game and Fish Commission. Singleton is stationed in the Gulf Coast area, where he has been studying the duck and goose conditions for several years.
"There has been enough rain to bring on natural food and right conditions for growth," he said. "The summer showers over the area have been very beneficial. The rains of recent weeks have put new water on the ground to provide feed for the birds. Flooded fields make much more food available."
Pintails and teal are on schedule, with some spoonbills coming in, the Biologist said. He will make his first flight over the coastline to estimate duck population about October 15.
Singleton also is asking duck hunters of Texas to cooperate with the biologists again this year by filling in questionnaires on their hunts.
A careful tabulation of the answers from these questionnaires has been most helpful in bringing about extensions of the seasons and increased bag limits on geese he said.
Mr. and Mrs. L. W. Weathers of Brownwood were guests of his mother, Mrs. J. W. Weathers Sunday afternoon.

ABOUT YOUR HEALTH

A weekly public service feature from the Texas State Department of Health.
HENRY A. HOLLE, M.D., Commissioner

Chances are one in five that your youngster is in need of a major teeth straightening job. Studies show that one-fifth of the nation's children suffer from "malocclusion" or improper alignment of teeth.
A generation ago, parents of young children with teeth that did not come together properly were usually advised to "let them alone and nature will correct the situation."

Today we know children will not "outgrow" it. We know it is a condition to be carefully watched so corrections can be started at the proper time by a dental specialist known as an orthodontist.

Although the public is just now becoming aware of the health significance of malocclusion, experience has taught dentists that crooked teeth contribute to decay, faulty speech and malnutrition. One of the worst results of malocclusion is the psychological stress borne by the child who is singled out for ridicule because of "buck teeth."

A child with facial deformities such as those caused by misshapen teeth may develop traits of indecision and begin to doubt his ability to cope with problems in his environment, psychiatrists say.

What causes teeth to erupt irregularly? Dentists agree that heredity is probably one important cause. Another is persistent thumbsucking and abnormal pressures against the jaw living bone, contrary to popular thought, is not hard and unyielding. The entire jaw structure can be molded by gentle, persistent pressure.

In the case of thumbsucking, dentists believe that if the habit can be broken before age 5, there is a good chance the teeth may return to normal position without harmful effects.

Another cause of malocclusion is prolonged retention of primary or "baby" teeth. Permanent teeth that follow are then prevented from arranging themselves properly.

On the other hand, when primary teeth are lost too early, adjoining teeth may tend to tip and "migrate," crowding into spaces permanent teeth erupt normally.

There are different methods of bringing teeth into proper alignment. Sometimes it may be necessary to extract teeth to make room. In some cases a plastic or wire appliance may be fitted to the teeth to guide them into position by pressure.

Dentists can only estimate how long orthodontic treatments will take, depending on the age of the patient and the extent of the deformity.

But there is no question about this point: the sooner professional attention is given to the condition the better the youngster's chance of avoiding the fate of a "buck tooth."

Hillside Mission BY LIDA BYRNE

If we make a promise to God should we keep it? The Bible says: "When thou vowest a vow unto God, defer not to pay it; for he hath no pleasure in fools: pay that which thou hast vowed. Better it is that thou shouldst not vow and not pay. Ecclesiastes 5:4-5."

Good Deer Crop In Hill Country Now Indicated

Indications point to a good harvest of white-tailed deer in the Edwards Plateau area this year despite heavy screw worm losses during the summer. This report has been made by field men to the Director of Wildlife Restoration of the Game and Fish Commission.

Losses of new born fawns ran as high as a fawn to 16 acres in localized areas where screw worm incidence apparently was the highest, according to the report.

In a three-county area of the Hill country's best deer range, losses averaged a fawn to about 85 acres. Adult buck and doe losses were much lower since they were less susceptible.

Despite these losses there still exists an over-population in several of the areas, according to the Director. A preliminary survey indicates a good buck

season. Controlled hunts designed to reduce the over-population are expected to keep the herds at a level which the range can safely carry.

Mrs. Grover Dalton of Mullin was a guest of Mrs. C. Locklear last Friday.

TEXAS PRESS ASSOCIATION THE GOLDTHWAITE EAGLE

By VERN SANFORD
Texas Press Association

AUSTIN, Tex.—Gov. Price Daniel apparently is going all out to get the balance of his 1957-58 program adopted into law.

Special legislative session begins Oct. 14.

In recent speeches over the state Daniel has plugged for lobby control and a crime commission. More talks were scheduled—one on water conservation in San Antonio and another in Liberty.

In addition, the governor has made some outspoken statements on federal-state relationships. Excerpts from his busy round:

CRIME—Present criminal code, says the governor, "is so antiquated that it protects the convicted criminal more than it protects the public."

He asked a state law enforcement study commission that would make recommendations to the next regular Legislature on how crime and highway accidents can be reduced.

Texas crime rate is rising faster than its population, 46 per cent of it by juveniles, said Daniel. (A recent FBI survey showed that during the first half of 1957 Texas has had an increase, up to nearly 10 per cent over 1956, in every type of major crime.)

LOBBY CONTROL—Opponents of this bill are trying "to picture it as a struggle between business and labor," said the governor.

"This is ridiculous... the bill would require registration of those employed by both labor and industry to influence legislation.

"Vast majority of Austin lobbyists are legitimate operators who identify themselves and honestly perform their work. They have nothing to fear from this bill."

Opponents of the bill, said Daniel, are "modern-day carpetbaggers who hide their identity and improper expenditures."

FEDERAL SCHOOL AID—

"Full responsibility for the operation and financing of public schools should be exercised by the states and their political subdivisions."

Governor Daniel sent a resolution to this effect to the Federal State Action Committee meeting in Chicago.

"With federal dollars comes federal controls," commented Daniel. As a single exception, Daniel favored federal aid for schools with a heavy enrollment from U. S. military installations.

LITTLE ROCK CONTROVERSY—Governor Daniel suggested that both President Eisenhower and Arkansas Gov. Orval Faubus had fumbled in handling the school integration problems there. Neither he said, had "exhausted every means at their command" to avoid a violent showdown.

"Of course, here in Texas," said the governor, "we would have sent a couple of Texas Rangers to handle the situation."

BRIGHT FUTURE—Texans can look forward to more money, but a little less elbow room in the next few years.

So says U. S. Sen. Lyndon Johnson in predicting a population of 12 million for the state by 1975 with a total personal income of \$24,000,000,000. This compares with the \$9,000,000,000 income for some 9,500,000 people in the past few years.

Senator Johnson forecast \$8,600,000,000, nearly three times present production.

But, said Johnson, we cannot operate a \$24,000,000,000 state on the basis of our present water use. The rosy prospects for the future will quickly banish unless we act to control our water resources."

But, said Johnson, we cannot operate a \$24,000,000,000 state on the basis of our present water use. The rosy prospects for the future will quickly banish unless we act to control our water resources."

DRY GOODS "SINCE 1898"

"Texas," he said, "is a growing giant wearing last year's shirt. It's going to strangle, he said, unless there is quick action.

WEATHER TOLL—Cost of Texas' natural disasters in 1957 would be \$12 for every man, woman and child in the state. Latest Civil Defense Department reports put the year's toll from blizzards, floods, tornadoes and Hurricane Audrey at 61 dead, 638 injured and \$100,000,000 in property damage.

Once again, said Department Director William L. McGill, Texas holds the "dubious distinction of being first in the nation

in major disasters."

TB IN TEXAS—Startling facts revealed about tuberculosis in Texas came from Dr. Patrick McShane, head of the state's TB hospitals.

In a twin-panel session composed of newsmen and doctors, Dr. McShane reported that 22,000 Texans have active tuberculosis. One out of three persons has TB germs in his body.

"Texas spends \$6 per patient per day on its TB hospitals," Dr. McShane advised. "And we rank in the bottom fourth on what is spent in trying to get them well."

SCHOOL PANEL NAMED—Way is clear for a new study into needs of the public school system. Six appointments by Gov. Price Daniel completed membership of a new commission created by the last legislature to do the job.

Daniel's appointee: Dr. J. W. Edgar, commissioner of education; Dana Williams, Glade-water superintendent and president of the Texas State Teachers Association; Ed Ray, executive editor of the San Antonio Express and Evening News; Mrs. L. E. Dudley, Abilene; H. K. Jackson, Gatesville; Felix Tijerina, Houston.

Six appointments each were made earlier by the Speaker of the House, the Lieutenant Governor and the department of education.

BUSINESS YEAR UNCERTAIN—Despite its present high level, Texas business faces uncertainties in ending the year.

There is little evidence pointing to any substantial rise, observes Dr. John R. Stockton, director of the University of Texas Bureau of Business Research.

Causes for concern: softening of the building outlook, slackened expenditures by the federal government and business concerns. Bright hopes: expanding expenditures by state and local governments, high level consumer spending, continuing population increases.

SHORT SNORTS—House Speaker Waggoner Carr is entitled to use capitol quarters for office space, Atty. Gen. Will Wilson has held in an opinion requested by the State Comptroller. Salary for a secretary and expenses for stationery, supplies, telephone and telegraph also were approved—John H. Hargrove has been appointed chief of the staff services division of the State Insurance division of the State Insurance Department by Commissioner William A. Harrison. Hargrove was formerly with the Texas Research League.

Merchants working with the scramble are: Otto Stanhke, Roy Stegemoller, Walter Marwitz,

Those taking part in the annual drive were: Spradley, Jesse Mackel, man Duren, Gerald E. Williams, D. E. Howard Campbell, T. A. Larry Dalton, Raymond Burl Holland, Eugene C. F. Stubblefield and Gray.

Highlights of the day will be judging of local chapter livestock projects, demonstration of farm equipment and "Greased" pig scramble.

The F.F.A. boys will show 25 calves which they have been feeding for the past eight months and which they will take to the State Fair the following week. In addition to calves there will be sheep, goats and hogs shown by F.F.A. members. Any individual is invited to bring livestock to the show, according to Dick Vestal, VA teacher.

The Homemaking girls, under the direction of Mrs. Marie Baumgardner, will have all of their projects on display to be judged sometime during the day.

There will be several farm equipment dealers in the area which will exhibit and demonstrate the latest modern farm equipment throughout the day.

Highlights of the day's activities will be the F.F.A. "Greased" pig scramble. Twenty four F.F.A. boys will attempt to catch 12 registered pigs which have been purchased by local merchants and who will act as sponsors for the boys.

The F.F.A. boys will show 25 calves which they have been feeding for the past eight months and which they will take to the State Fair the following week. In addition to calves there will be sheep, goats and hogs shown by F.F.A. members. Any individual is invited to bring livestock to the show, according to Dick Vestal, VA teacher.

The Homemaking girls, under the direction of Mrs. Marie Baumgardner, will have all of their projects on display to be judged sometime during the day.

There will be several farm equipment dealers in the area which will exhibit and demonstrate the latest modern farm equipment throughout the day.

Highlights of the day's activities will be the F.F.A. "Greased" pig scramble. Twenty four F.F.A. boys will attempt to catch 12 registered pigs which have been purchased by local merchants and who will act as sponsors for the boys.

Merchants working with the scramble are: Otto Stanhke, Roy Stegemoller, Walter Marwitz,

Those taking part in the annual drive were: Spradley, Jesse Mackel, man Duren, Gerald E. Williams, D. E. Howard Campbell, T. A. Larry Dalton, Raymond Burl Holland, Eugene C. F. Stubblefield and Gray.
