City Treasurer's Report And Operating Statements Of Utilities Reflect Healthy Financial Condition

Council Approves Ordinance With Tax Levy For Governmental Needs

City treasurer's report of all income and expenses, tax supported, plus operating statements of all operations, governmental and utilities, presented to the city council at the regular meeting this month reflect a healthy financial condition. The treasurer's report was for the quarter ending March 31, 1958 while operating statements for the electric, water and sewer departments were for a year ending March 31.

The statements were prepared and presented to the council by W. C. Barnett, city treasurer and manager. The reports were accompanied by a statement of budget requirements for city governmental operations for the ensuing year and an ordinance setting the tax rate to cover budgetary requirements. An operating statement for the swimming pool for 1957 was also presented.

The ordinance setting the tax levy of \$1.50 per \$100 valuation was approved by the council. The \$1.50 tax so levied will be apportioned as follows: For maintenance and support of the general government (general fund) \$1.05; for interest and sinking fund, 40¢ and for street maintenance, 05¢.

The \$1.50 tax rate remains the same as it has been for a number of years. City tax assessment roll amounts to \$775,000. Total tax income based on 100% collection would be \$13,125.

Tax roll for the City of Goldthwaite in 1921 was \$1,200,000. Considering the needs of the city in carrying on governmental operations today one can easily estimate that it would require a tax roll of \$3,000,000.

Weather Report

According to an official report from Harry Allen, the only amount of rainfall recorded here since last report was .13 inch on May 13. This brings the total for the month of May to 2.25 inches.

000,000 with the present tax levy to do the job. This shows even the casual observer that residents of Goldthwaite are indeed fortunate in owning their city utilities. These utility departments, and especially the electric department, have played a vital part in all development and improvement projects in the city during the past fifteen or more years.

Operating statements for the electric, water and sewer departments reflect a healthy operating profit for the year and present a bright picture from the standpoint of the worth of the municipality.

Capital Assets of the utility department is \$382,000. This is book value. Based on present day market value this figure would be in excess of a half million dollars.

The City of Goldthwaite with all its operations and departments has obligations amounting to \$74,000. These obligations are: Water works revenue bonds, \$16,500; Sewer revenue bonds, \$13,000; Tax bonds, \$21,500; Warrants, \$10,500; and Swimming Pool bonds, \$12,500. These obligations are aside from current bills.

On the other hand, the City of Goldthwaite with all departments has cash on hand, securities and reserves amounting to \$69,000. Much of this cash, or securities and reserves, of course, is earmarked for retirement of obligations.

The swimming pool showed an operating profit of \$71,338 before debt retirement. After allowing for interest and sinking fund for bonds the pool operation for 1957 showed a deficit of \$118.62.

The treasurer's report, swimming pool finance report, budget requirements for the ensuing year and the electric, water and sewer operating statements are printed in this issue of the Eagle as required by law and as a public service so that all interested taxpayers may be informed on the financial picture of the city government.

Baccalaureate Services At Mullin Sunday Nite, May 18

REV. H. C. GARBER

According to announcements by the Mullin School officials the Mullin Seniors will hold their Baccalaureate Services on Sunday, May 18, at the Methodist Church in Mullin at 8:00 o'clock in the evening. Rev. Henry C. Garber, pastor of the First Baptist Church at Mineral Wells, will be the speaker for these services. Rev. Garber is a former pastor of Mullin.

The Commencement Exercises will be held Monday night, May 19 at the high school auditorium at 8 o'clock. Dr. Stevens, of Abilene Christian College, will be the guest speaker.

Baccalaureate And Commencement At Priddy, May 18-22

According to announcement by school officials, Baccalaureate Services will be held Sunday morning, May 18 at 11:00 o'clock at the Priddy High School Auditorium. Rev. Wayne Allen, pastor of the Early Baptist Church, will deliver the address.

Commencement Exercises are scheduled for Thursday night, May 22 in the Priddy High School Auditorium at 8 o'clock. At these exercises the Class Presentation will be given.

Park Clean-Up Days Scheduled This Week Thursday And Friday

Clean-up days for Mills County park in Goldthwaite have been scheduled for Thursday and Friday of this week. It was announced by Harold Yarborough, president of the Goldthwaite Lions Club.

The clean-up days are sponsored by the Lions Club.

This project is an annual event and officials of the sponsoring organization have hopes that a large number of workers will report for the job both Thursday and Friday.

Supervisors will be on hand to show the crews where to work and what needs to be done.

With the heavy rains this spring there is a heavy crop of weeds, grass and brush to be cleared up to get the park ready for the spring and summer picnic months ahead.

City Utilities employees will assist in the clean-up job according to announcement by W. C. Barnett, city manager.

Mr. Yarborough of the Lions Club and Mr. Barnett of City Utilities stated that a lot of men are needed for this job and they are urging everyone who can possibly do so to come out and help. Everyone is requested to bring tools for the job.

Star Homecoming Saturday, May 24

Star School will hold their annual homecoming Saturday, May 24, with a Barbecue dinner at the noon hour. This event is held each year at the close of school and all ex-students, teachers and friends are invited to come and enjoy the fellowship of friends, old and new, according to announcement by Supt. Jackson.

As is the custom each year, the school will furnish the meat, beans, pickles, onions, bread and drinks and the ladies of the community will furnish salads, cakes and pies. So come on out and help make this the best homecoming yet.

High School Bands To Present Spring Concert Here May 16

The Goldthwaite High School Bands will present their Formal Spring Concert Friday evening, May 16, at 8 o'clock.

The program will be opened by the Junior Band, who will play three selections. The Beginners Band will follow them with two selections.

Concluding the program will be the Senior Band with a selection of marches, novelties, popular music and overtures.

Dr. Bill Dunn Commencement Speaker, May 22

DR. BILL DUNN

Final arrangements are completed for the Goldthwaite High School year of 1957-58. Baccalaureate Services will be held in the First Baptist Church Sunday evening with Charles J. Hill, Jr., Minister of the local Church of Christ bringing the message. Mr. Hill is well known in the community and served as substitute teacher during the second semester of the year. Time of services has been set at 8:00 p. m.

Dr. Will-Matthys Dunn, pastor of the First Methodist Church of Luling, has been invited to be speaker for the high school graduation exercises on Thursday night.

CAROLYN GRAVES TAKES PART IN SERVICE OF AFFIRMATION AT AUSTIN

Carolyn Graves of Goldthwaite was one of the 71 University of Texas students participating in the Service of Affirmation held by the Christian Faith and Life Community in Austin Friday night, May 9.

Miss Graves, a junior majoring in Music Education, is the daughter of Dr. and Mrs. T. C. Graves of Goldthwaite.

George Wesley Jackson, who has been ill for the past several months, is now able to return to his work in Dallas.

Dr. T. C. Graves To Represent Scout Council At National Meet

Among 1,800 men attending the 48th Annual Meeting of the National Council, Boy Scouts of America, at the Conrad Hilton Hotel in Chicago, May 16 and 17, will be Dr. T. C. Graves of Goldthwaite who is Commandant of the Scout Council.

Dr. Graves will attend the meeting. Dr. Graves will attend a special Explorer meeting one day early in the interest of a realignment of the Explorer program.

The meeting theme is "Contribution through Safety." The leaders represent 538 councils which serve 4,751,495 members in 117,984 units.

Kenneth K. Bechtel, of San Francisco, President of the National Council, will preside. Dr. Arthur A. Schuck will make his annual report as Chief Scout

Swimming Pool Opening Date Set For May 30

The opening date for the Mills County Swimming Pool has been tentatively set for Friday, May 30, it has been announced by members of the Park and Pool Committee.

The date was picked as most likely because it is after the close of school and also it is a local holiday, Memorial Day.

Ray Duren was re-elected chairman of the park and pool committee at their recent meeting when plans were made for opening of the pool for the 1958 season.

The pool has received a new coat of paint on the inside walls and floor during the past week in preparation for opening.

More detailed information regarding official opening of the pool for the season will be announced as plans are completed.

Goldthwaite Seniors To Hold Graduation Exercises May 18-22

Goldthwaite High School seniors of 1958 will hold their Baccalaureate Services Sunday, May 18, at 8 o'clock at the First Baptist Church with Minister Charles J. Hill Jr., local Church of Christ minister, delivering the address.

The Goldthwaite Senior's Commencement Exercises will be held Thursday night, May 22 at the High School Auditorium at 8 o'clock. Dr. Bill Dunn, pastor of the First Methodist Church of Luling, Texas, will be the guest speaker for this service.

There will be 42 seniors to receive their diplomas at these exercises, according to announcement by Supt. Jones.

Goldthwaite Eagle

TRASH GOES FIRST CLASS—The matter of hauling trash in Goldthwaite went first class during the past week when the City of Goldthwaite accepted delivery of a new 16 cu. yd. PAK-MOR packer type bed mounted on a new 2 ton International truck chassis. The new trash hauling equipment is shown in front of the city hall with W. C. Barnett, city manager, and Harve Willson who is in charge of the trash hauling department. Total cost of the new equipment, including heavy duty tires, came to \$5,835.14. The equipment was purchased by the council on competitive bids several weeks ago and delivery was not made until last week. (Eagle Photo by Wickler Studio)

Gary Straley Will Serve On Camp Staff of Boy Scout Camp
Over hundred Boy Scouts, Leaders and Leaders will camp at Camp Billy Gibbons next week for a week of training and Scoutcraft.

Camp Billy Gibbons will open May 22 and continue through May 28. This will be the 27th season for the camp which is located near Richland Springs in San Saba County on Brady Creek.

Among the camp staff will be Gary Straley of Goldthwaite. The professional staff of Camp Billy Gibbons will also assist in the direction of the camp. All Scoutmasters are on the staff during the week their troop is in camp.

Star Seniors To Graduate May 19
The Star Seniors of 1958 will hold their Baccalaureate Services on Sunday, May 18, at the High School Auditorium at 8 o'clock with Minister Silas Howell, of Fort Worth, delivering the address.

Monday night, May 19, the seniors will receive their diplomas at their Commencement Exercises which will also be held at the gymnasium at 8:00 o'clock. Rev. O. T. Wells, pastor of the Moline Baptist Church, will be the guest speaker.

GARDEN THERAPY LEADERS—Mrs. T. J. Collier, left, Mrs. John G. Berry, center, and Mrs. Jim Weatherly, members of the Goldthwaite Garden Club, were a part of the committee in charge of arrangements for a garden therapy breakfast, held at the state meeting of Texas Garden Clubs Inc. in Fort Worth recently. The breakfast was a tribute to the late Mrs. Will Lake, Fort Worth Garden Center director and former president of the state organization. It was during her administration that the therapy committee was established in 1941 with Mrs. Berry state chairman, a post she has held ever since.

Harry L. Driskill Graduates From Radar Repair School

Fort Monmouth, N. J.—Pfc. Harry L. Driskill, son of Mr. and Mrs. H. L. Driskill, Priddy, Texas, graduated from the Radar Repair Course at the U. S. Army Signal School here on May 8, 1958.

A graduate of Priddy High School in 1957, he entered the U. S. Army in May 1957.

The 33-week Radar Repair Course teaches soldiers to test, repair and maintain ground radar equipment. The course included instruction in principles of electricity, electronics applied to basic receivers, transmitters, indicators, serve components and troubleshooting techniques. Graduates from this course provide a valuable service to the Army by helping to keep the Nation's radar warning system alert and effective.

The U. S. Army Signal School at Fort Monmouth, "Home of the Signal Corps," annually trains some 10,000 students in over 50 specialized courses covering the fields of radio, wire, radar, countermeasures and photography.

Included in this enrollment are military personnel from sister services, as well as soldiers from 25 to 30 allied countries.

Mr. and Mrs. Clyde Cockrum and Clyde spent Sunday with her parents, Mr. and Mrs. Shaw at Locker.

Mr. and Mrs. Hermon Anderson and son, Brad, of Granbury, were guests of his mother, Mrs. Willie Belle Kirby, Tilmon and Nan, last weekend.

FFA Parent-Son Banquet Tonight

The Goldthwaite Chapter of Future Farmers of America will conduct their annual Parent-Son F. F. A. banquet Thursday night, May 15 (tonight), in the high school cafeteria.

Special recognition will be given to those F. F. A. members who have made outstanding achievements during the past year. Special guest will be the F. F. A. Sweetheart, Miss Nelda Jean Sherwood.

Star Seniors Enjoy Trip To Laredo And Monterrey, Mexico

Wednesday afternoon, April 30, the Star Senior Class, accompanied by Mr. and Mrs. Jack Dickson and Mr. Jesse Long, left Star by car for Laredo and Monterrey, Mexico. While in Monterrey, they stayed in Mexico's finest motel, the Anfa. They visited historic sites in the city and ancient Indian villages. The class also made a tour to the famous Horse Tail Falls where they rode burros high up into the mountains.

A sight-seeing route through the Rio Grande Valley was taken on the way back. An overnight stop was made by the group in San Antonio where they visited the historic Alamo and other points of interest.

The Seniors and their sponsors arrived home late Sunday afternoon, May 4.

Camp Wood Lake, Girl Scout Camp To Open June 8

By LEE RUTH CAMPBELL

June 8 will mark the opening of Camp Wood Lake, Girl Scout Camp operated by the Heart of Texas Girl Scout Council. Camp Wood Lake is located on the shores of beautiful Lake Brownwood, 36th Division State Park, Brown County, Texas. This will be the third year of resident Girl Scout camping at the Council's established camp.

Camp Wood Lake is owned and operated by the Heart of Texas Girl Scout Council for the purpose of enriching the lives of girls as individuals and of teaching them real enjoyment and appreciation for the out-of-doors through progressively adventurous experiences.

Camping sessions will be for one and two-week periods and will extend through July 19. The camp will accommodate 32 girls per week. A paid staff of 10 qualified counselors, including a camp nurse and a waterfront director, will assume responsibility for camp activities under the direction of Mrs. Wayne Holland, Girl Scout professional worker.

A full program of camping is offered to girls, ages 10 through 17, including instructions in swimming, out-door cooking, creative crafts, archery, folk games and singing, as well as the general "good times" thought of in relation to summer camping.

The leaders of each Girl Scout Troop have registration blanks for the girls who are interested in attending camp.

Wm. G. Yarborough Is Guest Speaker At Star Banquet

Speaker at the Star School Junior-Senior Banquet last Friday night was Wm. G. Yarborough.

Theme of the occasion was carried out in an Oriental Garden setting.

Mr. Yarborough discussed the evolution of our school system from Texas' dominion by Spain to the present time, with emphasis being placed on keeping each local school just that—local.

Mrs. Ruth Campbell of Los Angeles, California, is visiting in the homes of her sisters, Mrs. W. B. Wooster and Mr. Wooster and Mrs. Whit Johnson and Mr. Johnson.

Mrs. Pat Payton and baby and Dicky Lee Robertson of Des Moines, Iowa, spent several days here recently with their aunt, Mrs. Ada Dunkle, and other relatives.

(Delayed)

Mrs. Fred Soules visited Mrs. LeRoy Beard and Mrs. Conroe last Monday night. Mrs. Oran Soules of Conroe visited Mr. Frank Rising Star, visited Mr. Henry Soules and Mrs. Soules Tuesday.

Mrs. Luther Musick and Mrs. Lovington, New visited Mr. and Mrs. A. Clifford Waddell of Midland part of last week. Mr. and Mrs. Bill Kincheloe children.

Maude Lee reports she saw great-granddaughter home of Mr. and Mrs. Mann of Birmingham, Ala. Little lady is named Laura Mann.

Mr. and Mrs. Reuben Loving visited Mrs. Vera Thursday.

Wilma Petrey of Hamilton visited Mrs. Hazel Waddell Friday afternoon.

Don Phillips of Waco visited and spent Thursday night with her Mr. and Mrs. U. R. Mrs. Phillips was on way to California and on to join her husband.

Ethel Blackburn Stuart visited Mr. and Mrs. U. Knowles Wednesday. Mrs. taught school at Old Ranch 54 years ago.

Mr. and Mrs. Doyle Miles and Mrs. of Odessa spent several days with the Pete Miles family.

P. O. Harper and grand- daughter, Bebe Harper, are visited Mr. and Mrs. Tom Hast- and children in Lead, Dakota.

Thomas Ed Hurst is at for a few days. Then he is stationed at Fort Riley, Kansas.

Alta Wright of Lampasas visited Sunday with Mr. and Mrs. Hawkins and Mrs. Maude and Lucille.

Mr. and Mrs. P. H. Hamilton

visited Mr. and Mrs. J. W. Hamilton Sunday afternoon.

Mrs. John Soules is spending a few days with Mr. and Mrs. Weldon Edwards and boys.

Mr. Tom Copeland and Tommie Sue and Mr. Jay Mirick and Johnnie of Irving were visitors in the Slim Hurst home for awhile Saturday night.

Miss Kathryn Wall of Fort Worth spent the weekend at home. Mr. and Mrs. J. W. Hodo of Evant spent Sunday with Mr. and Mrs. Fred Wall and Mr. John Tubbs. Mrs. Otis Wyckoff of Hamilton was a visitor in the afternoon.

Mr. and Mrs. O. H. Whitt of Cherokee spent Sunday with Mr. and Mrs. J. E. Perkins. Mr. Whitt is Mrs. Perkins' brother.

Mr. and Mrs. Fred Shave attended open house for the new Clinic at Evant Sunday afternoon.

Mrs. Ina Bell and children of Lampasas were dinner guests in the Slim Hurst home Sunday.

Mr. and Mrs. J. W. Jackson and children and Mr. and Mrs. Woodson Clary carried the freshman class to Austin Saturday for the day.

Mr. and Mrs. Jack Dickson and Bro. Jesse Long carried the seniors to Mexico. They came home Sunday night, reporting a very nice trip. They attended church in San Antonio Sunday morning.

Mr. and Mrs. Seadie Warren of Evant visited Mr. and Mrs. Slim Hurst Sunday afternoon.

Mrs. Ben Udd of Fort Worth came for her mother, Mrs. Hazel Waddell, Sunday night. Little Miss Theresa Udd has the mumps.

Mr. and Mrs. J. C. Adams visited Mr. and Mrs. Pete Miles Sunday afternoon.

Mr. and Mrs. Henry Soules were visitors of Mr. and Mrs. Fred Soules Sunday.

Moline "Pick-Ups"

By LEMON SQUEEZER (Delayed)

We had nearly three inches of rain Friday.

Mr. and Mrs. Paul Kincheloe were in Hamilton Saturday.

Mr. and Mrs. Haskell Alexander, Larry and Sandra, called in the Shelby Hawkins home Friday night.

Mrs. Wendell Thomas and Debra of Colorado City visited her sister, Mrs. Hugh Soules, and family recently.

Mr. and Mrs. Red Arrowood called in the Webb Laughlin home Wednesday.

Mr. and Mrs. Paul Kincheloe and Mr. and Mrs. Dolon Kincheloe visited their father, and grandparents, Mr. T. A. Hale, and wife at Evant Monday night.

Mr. Billy Joe Hammond of Burnet visited his uncle and aunt, Mr. and Mrs. Red Arrowood, Tuesday.

Mr. and Mrs. Willard Potts, Mike and Dave of Lometa spent Sunday afternoon with her parents.

Miss Nelda Karnes of Brownwood visited Saturday with her sister, Mrs. Hugh Soules, and family.

Mr. and Mrs. Bobby Dale Poe and baby and Mrs. Chock Duncan, Rhonda Nell and Nan spent Saturday afternoon with Mr. and Mrs. Red Arrowood.

Mrs. Townsend Butts, Gary and Cathy spent Saturday with her parents, Mr. and Mrs. Clem Adams.

Mr. and Mrs. Dolon Kincheloe

called in the Webb Laughlin home Thursday.

Mrs. Haskell Alexander was in Hamilton on business Wednesday.

Miss Wanda Soules spent Wednesday afternoon with Mrs. Haskell Alexander.

We will meet at the Community Center the 7th of June for our next get-together. We will have a covered dish supper and everyone is invited to attend. A nice crowd attended the get-together Saturday night and enjoyed a wonderful supper.

Miss Linda Jewel visited Miss Rhonda Nell Duncan Saturday morning.

Mrs. Red Arrowood had as her guests one day recently Mrs. Elmer Poe and Mrs. Shelby Hawkins.

Minister Lon Jones ate lunch Sunday with Mr. and Mrs. Paul Lee and family.

Mr. and Mrs. Hugh Soules and family visited in the Weldon Sheldon home Sunday.

Only NEW GULF CREST gives you such true economy ... for the life of your car

It pays to fill up at the purple pump

This is an Abacus—an ancient oriental device for counting money. New Gulf Crest is the modern way to save money.

You save gasoline because Gulf Crest protects against formation of deposits that glow, cause misfiring, waste gasoline. Can even cure engines already suffering from such deposits—and often within two tankfuls!

You save dollars on upkeep because Gulf Crest keeps your engine clean—protects against too frequent spark plug replacement and other costly engine servicing.

You enjoy more usable power because Gulf Crest protects against power-robbing engine knock and engine roughness, and gives you the maximum, thrifty power that comes from peak performance—even in the hottest '58 engines.

Prove it in your own car: Gulf Crest packs more knockproof power—protects your engine more completely—gives you more lasting economy than any other gasoline you can buy.

More good news from Gulf
NEW GULFPRIDE SELECT

Now—a new kind of detergent oil. Never an oil so clear, so pure, so high in clean-working protection.

By MRS. JOE GREEN

Church services and Sunday School were well attended at both churches here Sunday.

Sunday was Mother's Day and our daughter and family of Llano were not able to come to see us. Our daughter has been ill and wasn't able to come home.

Mrs. O. B. Hill returned home from Goldthwaite Saturday. She had been caring for her mother, Mrs. J. Everett Evans, who has been ill. We hope she continues to improve.

O. B. Hill ate supper with us Friday night.

Mr. and Mrs. Woodrow Head and children, Granbury, Mr. and Mrs. Albert Mason, Hico, Mr. and Mrs. William Huggins, Brownwood, and Mr. and Mrs. Bill Sparkman and children, Temple, visited their mother and grandmother, Mrs. C. M. Head, and Truett, Sunday.

Arnold Head and children, Merlene Head and Sam Head, also visited Mrs. Head and Truett Sunday afternoon.

Mr. and Mrs. Walter Frank and Hilda Mae visited Mr. and Mrs. Paul Ising Sunday afternoon.

Mrs. Reed Townsen has been on the sick list.

Mr. and Mrs. Z. Karnes visited with us Sunday afternoon.

Eva Faye and I visited Mrs. Bud Townsen a while Sunday evening.

Mr. and Mrs. Herbert Coffman and boys visited Mr. and Mrs. J. W. Coffman at Evant Sunday. They reported Mr. and

Mrs. Coffman to be doing nicely now.

Darrell Head is on the sick list. We all hope he is soon well.

Mr. and Mrs. Darrell Head and children were dinner guests of Mr. and Mrs. Hardy Collier Sunday.

Mr. and Mrs. Charley Horner went to Killeen to meet their son, Bert Lambert, and family, at the home of Mrs. Lambert's family. They reported a nice visit.

Mr. and Mrs. Vic Collett were here visiting Sunday.

Mr. and Mrs. Bill Pierce had several relatives visit them over the weekend.

Mrs. Chester Head is moving back to Dublin in the near future.

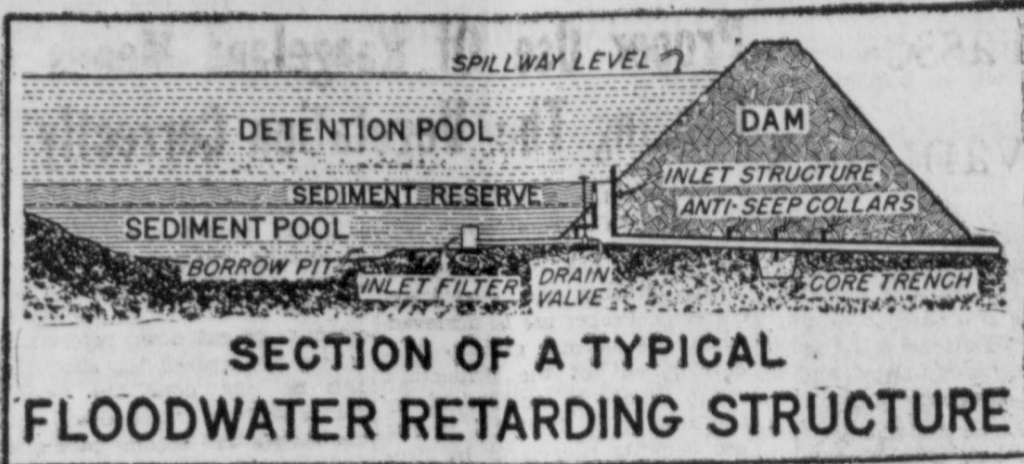

Billy Rex Green, our nephew, left for induction in the army last Wednesday.

Mr. and Mrs. Millard Meek are in California for a vacation. Mrs. Walter Sparkman and Mrs. Pauline Woodard visited with us one day last week. They are our aunts.

While I was in Llano taking care of our daughter, I saw the picture "The Ten Commandments." I hope it comes to Goldthwaite soon for I would like to see it again.

Miss Lawana Benningfield, student at A. C. C., spent the weekend with her parents, Mr. and Mrs. L. V. Benningfield, Judy, L. V. Jr., and Bob.

Mr. and Mrs. I. Z. Woodard of Brady spent the weekend with her parents, Mr. and Mrs. G. C. Featherston, and his mother, Mrs. Pauline Woodard.

SECTION OF A TYPICAL FLOODWATER RETARDING STRUCTURE

FLOODWATER RETARDING STRUCTURES are designed to temporarily detain and desilt runoff water to be automatically released through open drawdown tubes at a planned rate. The usual length of time required to release detained floodwater at emergency spillway level is about 21 days.

The complete watershed protection program involves putting a conservation program on the land to help control siltation of streams, channels, and reservoirs caused by accelerated runoff during high intensity rainstorms.

Detention structures and a conservation land treatment program when combined give rise to prolonged stream flow of more useable water.

Water - Lifeblood Of Our Land

By E. J. HUGHES,
Area Conservationist
Soil Conservation Service,
Brownwood, Texas

You live in a watershed. The area your home and your business occupies may even be a vital part of a small watershed. To some degree it is vital from the standpoint of providing needed water pyramiding industrial and municipal uses of replenishing soil moisture reserves that are so essential for profitable farming and ranching.

Floods, drouths and soil erosion make headline stories when the rainfall pattern becomes erratic. Long dry spells followed by high intensity rain storms set the stage for damaging

floods. You have only to read the daily papers or listen to the newscasts to be reminded of the terrible toll floods, drouths and soil erosion are taking.

From the East, the West, the North or the South, people are becoming more conscious of the need for complete watershed protection. Fortunately, watershed conservation is seemingly the only practical approach to solving the problems of flood, drouths and soil erosion, with flood prevention being only a by-product of soil conservation.

Two steps are vital in this watershed program. First, put a conservation program on the watershed which will enable the soil to soak up that amount of water needed for profitable agriculture. The conservation land treatment program needs to be good enough that hard rains are tamed and made useful, thereby cushioning the effects of long dry periods which often follow.

Second, floodwater retarding structures, designed to temporarily detain flood waters not needed for growing crops, grass and trees and to reduce the load of sediment carried should be constructed where needed.

The rancher and farmer lays first claim on needed water that falls on his land—his watershed. The work of soil conservation districts encourages conservation use of all soil, water and plant resources. Conservation ranching means ranching with grass, grass being the essence of conservation. Conservation farming is classified as "insurance against drouth" by many farmer who are learning how to make effective use of scant rainfall. Soil that is in condition to readily soak up water generally gets wet at least once annually, even in drouth years. Effective use of a particularly hard rain often spells the difference between a failure and a fairly good yield in crop or grassland. It is in this sense that an effective soil conservation program removes much of the gamble from dry-land farming and ranching.

We are fortunate indeed, because the principal remedy for drouths, floods and soil erosion are the same. First, treat the watershed so it will soak up more rainfall for growing plants, livestock use and recharging springs, seeps and underground water reserves. Second, apply mechanical structures in the nature of floodwater retarding structures, levees and dykes to help control runoff water moving downstream to other uses which is in excess to agricultural needs. A third and certainly a very vital step could be providing storage for industrial and municipal uses from tributary watersheds yielding high quality water.

Agriculture and industry need to face the problem of soil, water and plant conservation in watersheds with open minds. It is a foregone conclusion that agriculture must have water for crops and livestock. Municipal water must be had or people will be out of employment. Electricity is now a necessity. Recreational standards require swimming holes and water must be plentiful for fishing.

Legitimate needs for water are numerous. Conservation of all water resources seems to be a must if present living standards are to be improved or maintained. Flood prevention programs on small upstream watersheds will help take the sting out of damaging floods

on protected or unprotected watersheds.

"New Farm" Wheat Allotment Must Be Sought By July 1

A farmer on land on which no wheat was seeded for any of the years, 1956, 1957 and 1958, may apply on or before July 1 for a "new farm" wheat acreage allotment for the 1959 winter wheat crop, Chairman E. L. Burkett of the Mills County Agricultural Stabilization and Conservation Committee said today.

Even if wheat was produced on the farm in 1958, the farm is still considered a new wheat farm if it did not have a 1958 wheat allotment, and the farmer must apply at the County Office as a new producer, Mr. Burkett said.

An important requirement for obtaining a new allotment is to file a written application before

the July 1 deadline. This application may be made on forms which can be obtained personally or by mail from County ASC Office.

The Chairman pointed out that factors considered in determining whether a farmer is eligible for a new farm allotment will include the acreage, type of soil, and topography of the farm. The farmer's farming system is also considered and the extent to which livelihood depends on his farming operations. He is also the reason wheat was not planted on his farm in 1958.

BARB WIRE (Heavy) \$7.50
12 1/2 Ga., Per Roll
BARNES & McCULLOUGH

LEMON ICEBOX CAKE

- 1 pkg. lemon pudding and pie filling
- 1/2 cup sugar
- 2 cups water
- 1 egg
- 1/2 cup PET Evaporated Milk
- 7oz. angel cake (6 cups)

Mix well in a 2-qt. saucepan the pudding and pie filling, sugar, 1/2 cup water and the egg. Stir in gradually the remaining 1 1/2 cups water. Cook and stir until mixture comes to a full, over-all boil and is thick, about 5 minutes. Take from heat. Cover and cool. Chill milk in ice tray until almost frozen around the edges. With fingers, tear angel cake into inch pieces. Put the ice-cold milk in a cold quart bowl. Whip with cold rotary beater or electric beater at high speed, until stiff. Then fold into cooled pudding. Fold cake into pudding mixture. Put into 8-inch square pan. Chill until firm, about 3 hours. Cut into squares to serve.

Changing To Perennial Grasses Cropland Has Many Advantages

HUBERT L. BERRY

EXAMINES BLUE PANIC—J. H. Priddy, former supervisor of Brown-Mills Soil Conservation District, is shown here examining excellent growth of blue panic grass in his field.

Blue Panic grass has been proven as well adapted to the Mills County area. (SCS Photo)

adverse weather conditions prevented harvesting.

Although he has grazed the grass only intermittently, Mr. Priddy believes that he could graze a cow to the acre easily during the growing season. He likes this grass because it withstands dry weather, requires very little labor, and because it conditions his soil. Even after grazing when the soil looked extremely hard, Ewell said his cultivator sucked into the ground.

There are a number of other stands of this grass in the District and each cooperator has a similar story to tell. For a high producing grass on cropland, they believe they have hit the jackpot.

Soil Conservation District supervisors and Soil Conservation Service technicians suggest that you take precautions in preparing a seedbed in which to plant this grass. A good firm seedbed with proper equipment is the key to a successful planting of blue panic grass. Information on planting equipment is available at either of the above sources.

All strains of blue panic grass can be traced back to Australia. There is little difficulty in getting adapted seed of this high protein grass. According to Bulletin P-245, Texas Agricultural Extension Service, blue panic has one of the highest protein and phosphoric acid contents found in warm season grasses grown in Texas. Tests taken at various stations over the state show blue panic higher in protein than either rhodes, coastal bermuda, Johnson grass, or buffel grass. Also over a three year period at Iowa Park, Texas, it produced more tonnage per acre, under irrigation, than coastal bermuda or Johnson grass.

Mr. and Mrs. E. C. Patton of Ellettsville, Ind., were guests of Minister and Mrs. Charles J. Hill Jr., Steve and Jimmy, last weekend.

Proper Use Of Rangeland Means Grazing The Vegetation Correctly

By THOMAS N. SHIFLET
Range Conservationist

Proper use of rangeland means grazing the vegetation correctly. Proper use is achieved when the normal growth and development of the important range plants is not halted by the grazing of livestock. Proper use benefits rangeland by providing cover and litter for soil protection and permits desirable forage plants to be maintained or increased.

Proper use is attained when only a part of the current growth of the range vegetation is taken. Soil Conservation Service technicians assisting Soil Conservation Districts have found that for most plants approximately one-half current growth can be grazed. This means leaving a stubble height on short grasses such as buffalo and curly mesquite of 1 1/2 to 2 inches. Taller grasses like little bluestem and Indiangrass should be grazed no shorter than 5 to 7 inches above the ground.

Properly grazed short grasses will produce approximately 1,000 to 1,200 pounds of usable forage per acre in a year while the taller grasses will produce 2,500 to 3,000 pounds of usable forage. Proper use of the taller, deeper-rooted grasses will encourage their spread and thereby increase total forage production on the rangeland.

The remaining forage is not wasted but must be left to provide sufficient leaves for the plants to manufacture food and stay in a healthy condition. The ungrazed portion also furnishes cover and litter for soil and plant protection. This cover prevents excessive runoff and soil erosion. It increases water intake and storage and causes a better use of the water by regulating soil temperatures, reducing evaporation and adding organic matter to the soil. Soil Conservation Service technicians have found that a minimum of 2,000 pounds of air-dry forage per acre is needed for

adequate soil protection. Timely reduction of livestock is usually needed to achieve proper use. When dry spells occur the number of livestock needs to be cut down before the ranges are grazed too short. If this is not done the better plants will be grazed down and the ranges will become bare and unprotected. When the rains do come the water will rush off carrying valuable topsoil with it instead of being stored up for plants to use. Numerous examples of this happening were observed during the recent heavy rains. Many examples also exist of Soil Conservation District cooperators who made the needed adjustments and were able to keep their ranges protected and productive even in the severe drought of the past few years. Quite often supplemental

grazing crops on cropland can be used to get proper use on rangeland. These crops permit ranchers to lighten the grazing load on the range to where plants are grazed correctly and sufficient soil protection provided.

Often ranges may be stocked with the correct amount of livestock which are not evenly distributed. This causes portions of the area to be over-used while other parts are under-used. This can usually be corrected by water developments, fencing, and the use of salting places. Salting areas should be scattered over the range and moved frequently to under-used areas. Salt should not be located near the watering places.

Proper use of rangeland keeps the range in a healthy condition, provides for a reserve of forage, gives drought insurance and stabilizes ranching operations. Technicians of the Soil Conservation Service assisting

LOCAL PIANO PUPILS IN NATIONAL PIANO PLAYING AUDITIONS AT BROWNWOOD

The following piano pupils of Mrs. Talbot Ledbetter were registered as candidates for membership in the National Fraternity of Student Musicians, held recently in Brownwood.

L. V. Benningfield, Sandra Arnold, Sammy Hudson, Tommy Hudson, Mary Tubbs, Judy Tubbs, Steven Oliver and Jeanne Taylor.

Mrs. Mattie Casbeer of Brownwood and S. E. Pass of Abilene were guests of Mr. and Mrs. E. L. Pass last Friday.

Mr. and Mrs. L. C. Jameson of San Angelo spent Mother's Day with her parents, Mr. and Mrs. Wilford Gray.

Local soil conservation districts will give "on the land" assistance to district cooperators in planning and carrying out this part of a range conservation plan.

Community News From Mullin

By MRS. JOHNNIE HOLLAND

(Written for last week)

Funeral services were conducted last Friday in Brownwood for Mr. Frank Boland. Mr. Boland had been suffering from a heart ailment for several months. He passed away at the home of his brother, John Boland. He had been confined to a Brownwood hospital quite a bit the past few months.

He had made his home in Mullin for a long time where he cared for an invalid brother for years. His brother passed away four years ago.

Interment was in the Mullin Cemetery.

School was dismissed two days last week due to road conditions. After so much rain some of the buses were unable to make their routes. The bus driven by Mrs. Hubert Reeves slid into a ditch one morning and turned over. No one was seriously hurt, but a few received cuts and bruises, and most of the students on the bus received a good scare.

Mr. and Mrs. Coke Toliver

and family of Brownwood visited here last weekend with his mother, Mrs. Maggie Toliver.

Mrs. Elzie Smith visited last week in Comanche with her daughter, Mrs. Lena Mae Bowden, and family.

Mr. and Mrs. S. M. Casey and Miss Thelma Casey visited recently in San Antonio with Major Earl Casey and family and Lt. Col. and Mrs. Glyn Wagnon and family. They attended the San Jacinto Fiesta while there.

Mr. and Mrs. Doug Collier and daughter of Goldthwaite visited here last Sunday with her parents, Mr. and Mrs. W. T. Anderson.

Mr. and Mrs. J. E. Fletcher and family of Stephenville visited here last weekend with Mr. and Mrs. George Fletcher.

Mr. and Mrs. Bert Lockett of White Face attended the Frank Boland funeral; they also visited with Mr. and Mrs. Autrey Keating.

The Rev. Morgan Beach of Bangs was a visitor in Mullin last Tuesday. He is a former pastor of the Baptist Church here.

Mr. and Mrs. J. T. Hart visited last weekend at Petersburg with relatives.

Scallorn News

MRS. ORA BLACK
(Delayed)

Like everyone else, we are enjoying the lovely sunshine weather. Rain last week amounted to near three inches.

Due to so much rain for the past two weeks sheep shearing was at a standstill, but with a few more days of pretty weather, shearing will be over for this spring.

Mr. and Mrs. Charles Wright of Mullin were visitors of the Black families Thursday.

Mr. and Mrs. John Harris are having some carpenter work done on their home.

Mrs. Lora Maund and Ed Evans were in Lometa Saturday afternoon, guests of Mrs. Joe Evans and their sister, Mrs. Lila Ward of Stephenville, who was a house guest of Mrs. Evans.

Mrs. H. H. Brooks is in a Brownwood hospital for eye surgery.

Mrs. Dee Conner and children of China Springs were weekend guests of Mr. and Mrs. John Harris.

C. H. Black was taken to Marlin Hospital Saturday where he will go through the clinic and remain for medical treatment. His address is Torbett Hospital, Marlin. He will appreciate hearing from friends.

Mrs. R. A. Cox left Thursday for Coleman where she will visit a few days with a daughter, Mrs. Ralph Stewart, and Mr. Stewart. She will also visit another daughter, Mrs. Ralph Shaffer, and Mr. Shaffer, in Sweetwater.

Mrs. Earl Blake, Mrs. Ora Black and Billie visited Tuesday in Brownwood with Mrs. S. M. Black and Mrs. Norman Riker.

Guests of Mrs. Lora Maund

and Ed Evans Sunday were Mr. and Mrs. Ollie Clary.

Mr. and Mrs. L. Sullivan and two sons of Waco were weekend visitors of her parents, Mr. and Mrs. Wayne Henry.

Guests Sunday of Mr. and Mrs. John Harris were Mr. and Mrs. Bud Conrad of Long Cove and Mr. and Mrs. Dutch Smith of San Saba Peak.

Personals

(Written for last week)

Mr. and Mrs. R. M. Duren and children of Midland have moved to Goldthwaite where he will be associated with Duren Equipment Company.

Mr. and Mrs. Albert Pack and daughters, Lois and Joyce, visited his parents at Stephenville last weekend.

Mr. and Mrs. Hud Hamilton, who have been making their home at Wilcox, Arizona, for the past several years, have re-

turned to Goldthwaite to their home.

Community News From Mullin

By MRS. JOHNNIE HOLLAND

and Mrs. Alvin Hays of Goldthwaite and Mr. and Mrs. Fox of Fort Worth visited last weekend with their hosts, Mr. and Mrs. Charlie

and Mrs. John Hart of California have been here visiting his mother, Mrs. Emma and other relatives. Mrs. T. C. Chaney, Dianna and Dianna, are in town, where they will attend

tend graduation services for their son and brother, Charles. He graduates from the Baptist Seminary in Louisville this term.

Mrs. Pearl Absher has returned home from Austin where she attended funeral services for her brother, W. L. Smith.

Mr. and Mrs. Kyle Lawson have returned home from Albuquerque, N. M., where they visited with their daughter and family.

Mrs. Garth Gist and children visited here a day last week with her parents, Mr. and Mrs. Otto Singleton.

Mr. Luther Mosler of Stamford visited here last week with the Moslers and Mrs. Lela Jeffers, and other relatives.

Robert Williams and son, Elias, and wife of Crane, and a daughter, Mrs. Earl Reasnor of Brownwood were all visitors in Mullin last Saturday.

Mrs. Alice Morrow of California is here visiting with her

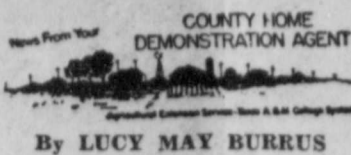

sister, Mrs. Janie Dorbandt. Mrs. Wayne Mosler and son, Barry Wayne of Corpus Christi are here visiting with Mr. and Mrs. Fred Mosler.

Mrs. N. T. Gambrell and daughter of Houston are here visiting her parents, Mr. and Mrs. F. A. Cobb.

Miss Thelma Casey and Mr. and Mrs. Glenn Casey and sons, Danny and Terry, of San Angelo, and Lt. Col. and Mrs. Glenn B. Wagnon and sons, Chuck and Phil, were weekend visitors here with Mr. and Mrs. Solon Casey.

Mother's Day visitors with Mr. and Mrs. Will Sanders and Miss Exa included Mr. and Mrs. Albert Jenke and Sammy of Austin, Mr. and Mrs. Jack Sanders and Sonnie of Odessa, Mr. and Mrs. Bill Sanders and boys of Star, J. P. Sanders, Walter Sanders and Mr. and Mrs. Jim Sanders of San Antonio, and Mr. and Mrs. Glynn Sanders and Roger of Mullin.

Recent visitors with Mrs. Vesta McCormick were her son Bobby of Fort Worth and Mr. Irving McCormick of Corona,

By LUCY MAY BURRUS

CHEMISE OR NOT?

Women can look forward to a variety of silhouettes in spring and summer styles, without having to "take or leave" the chemise.

Although the chemise influence is most dominant in new spring styles, women can choose classic styles that adapt some of its more pleasing features.

There are other silhouettes—a great variety of them—from which to choose the new garments for our wardrobes. There is the two piece look, with jacket to the hip bone or shorter—the pleated skirt that stays closer to the body—the straight skirt with soft ease at the top—the classic shirtdress, a favorite of many years, with its new soft fullness in the bodice.

Two points of fashion are definite in all clothing this spring—all will fit a little more loosely, and all will be about an inch shorter.

Choose the silhouette that best suits your own personality—your figure and your needs.

CHOCOLATE NUGGETS

2 squares unsweetened chocolate

California.

Mrs. Laura Mills, Mr. and Mrs. Willie Steele and Mr. and Mrs. Gus York of San Angelo visited last week with Mr. and Mrs. Glynn Sanders and Roger.

The W. M. U. ladies of the Baptist church entertained the Mullin Senior Class with a picnic at the Baptist Camp grounds at Lake Brownwood last Tuesday night.

Mrs. Melvin Bessent presented her piano students in a recital at the High School Auditorium last Tuesday night.

The Baptist Worker's Conference met with the Mullin Baptist Church last Monday night.

Mr. and Mrs. T. C. Chaney and daughters visited last Sunday with relatives at Alexander.

1 egg, beaten lightly
1 cup sifted confectioners' sugar
1 cup chopped nuts
1 teaspoon vanilla
24 marshmallows, cut in cubes or 1 1/4 cups miniature marshmallows
8 square graham crackers, rolled medium fine (about 1/2 cup crumbs)
Melt chocolate over simmering water. Add next five ingredients. Mix well. Form into balls about the size of a large olive. Roll balls in cracker crumbs. Store in refrigerator several hours. Makes 36 balls.

Sheep Show & Sale Is Big Success At Brownwood May 1-3

By MRS. GLYNN SANDERS

The Purebred Sheep Show and Sale which was held in Brownwood May 1 through 3, was a success even though it rained the first two days. There were over three hundred ani-

mals consigned to the sale.

The Suffolk breed was the first to sell since they were the highest selling the year before. There were about ten breeders of Suffolk having animals in the sale. The top selling ewe was sold by Glynn Sanders and Son of Mullin, with Harrison Davis having the top ram.

In connection with the sheep show a wool show was held, winners of the wool judging were presented boots, hat, and a scholarship to Howard Payne College.

At the banquet Thursday night, Miss Annie Rose Glass-

cock of Sonora, was presented the trophy for the grand champion fleece of wool. Miss Peggy Sea of Floresville who is "Miss Wool" was also introduced at the banquet. She gave a report of her reign as Miss Wool, and how she has helped in encouraging the use of wool.

The show will be held at the same time next year in Brownwood, which has been selected as the permanent show place.

Mr. and Mrs. Wayne Locklear of Weatherford were guests Sunday of his parents, Mr. and Mrs. Clabe Locklear.

"DECISIONS"
John 17:20-23 we find

these words of Jesus: "Neither pray I for these alone, but for them also which shall believe on me through their word: That they all may be one; as thou, Father, art in me, and I in thee, that they also may be one, even as we are one: I in them, and thou in me, that they may be made perfect in one; and that the world may know that thou hast loved them, as thou hast loved me."

Jesus decided that it would be good that He pray for all people that should live in the future and He did that very thing. He prayed that you and I might some day be like He is. In order for a man to spend eternity with Jesus he must make a decision and that decision is to accept Jesus as his personal Saviour. It seems that there could be no greater decision

that a man could make than
the decision that he would ac-
cept the home that Jesus said
He would go and prepare for us.
He gave us the promise that
He would return again, receive
all of His children and take
them with Him to Heaven.

When the decision to follow
Jesus has been made by an in-
dividual there comes a deep
joy that comes to man by no
other decision. In following
Jesus many times it seems that
our burdens are too great, but
He said that He would always
be with us. He stands ready to
come to our aid at any time.
The Father is more mindful of
us than we might think that He
is. He said that the hairs of
our head are numbered and not
even a sparrow may fall to its
death without the Fathers
knowing it.

May we all make the decision
that we are going to strive each
day to be more like our Heav-
enly Father.

FORD SUNLINER...
America's glamorous,
best-selling soft top
FORD SKYLINER...
World's only retractable hardtop
Why people who love CONVERTIBLES buy FORD
Only Ford lets you choose from a steel-top
convertible or a fabric-top beauty. Who else
but Ford... world's largest convertible
maker... could offer you two different
kinds of convertibles. There's the fabric-
top Ford Sunliner and the steel-top Ford
Skyliner. They're both styled and powered
in the Thunderbird tradition.
Nowhere else can you find so much con-
vertible for so little money. Take the Ford
Sunliner for example. A comparison of
manufacturers' suggested retail delivered
prices shows it's America's lowest-priced
convertible. As for the Skyliner, it's the
world's only 2-in-1 fine car... a snug
steel-top and a breezy convertible. Just
touch a button. The all-steel top vanishes
into the rear deck... and you're sitting
pretty in the smartest convertible ever.
So if you're the sun-worshipping type, better
see your Ford Dealer and get all the rea-
sons why Ford outsells its nearest com-
petitor in convertibles by a whopping
2-to-1 margin.
