Best Grain Crop In Ten Years Being Harvested In Mills County

Oats Testing 32-37 And Yields Of 40 To 80 Bushels Reported

Favorable Weather Important Factor In Saving Crop

The best grain crop in 10 years is being harvested at this time by Mills County farmers. Harvesting got underway about 10 days ago and is about 50 per cent complete.

In some sections of the county cutting grain got underway a few days earlier than others. Where they got an early start due to maturity farmers are several days ahead of other areas where grain is slower to ripen.

Oats, which comprises by far the major part of Mills County grain, is reported from all over the county as the best quality in 10 years. A number of farmers report oats with test of 32 to 37 and yields have been reported all the way from 40 to 80 bushels per acre. Some small areas are reported as high as 100 bushels.

County Agent George Reese and Editor Vic E. Koleber made a tour of parts of the county last Friday to survey harvesting in operation.

There are approximately 50,000 acres of oats in Mills County this year, out of a total of 76,000 acres of total cultivated lands. Wheat accounts for 2,000 to 2,500 acres, according to ASC allotments and there is a small amount of barley besides corn, cotton and other row crops.

In some areas cutting grain got underway early as farmers started cutting and baling it for hay. This was due to fear of weather conditions and the possibility of rust. In the meantime, cutting oats in windrows got underway as well as binding and shocking grain. It

is estimated that about 20 per cent of the crop was cut in windrows and a small portion in shocks and baled hay while the major portion is being combined.

There are a number of reports of unusually good yields from volunteer oats. Some being the second year volunteer crop on the same acreage. On one field south of Mullin volunteer crop of oats is yielding 40 to 50 bushels per acre this year. The same field yielded 20 bushels of oats from volunteer crop last year. Much of the volunteer oats this year is due to weather conditions being too wet at planting time.

Hot dry weather the past two weeks has contributed much to the harvest. Not much rust is reported except in some small areas.

Some farmers are selling their grain while some are placing theirs in government storage and others are placing it in government storage on the farm.

Many livestock and poultry producers are buying oats and placing them in storage to be used later for feed. Because of the high quality it will be excellent feed for either livestock or poultry.

During the past week oats of top quality testing up to 36 and 37 were being sold delivered in the barn for 55 cents per bushel. During the past year many livestock and poultry producers of Mills County were buying oats of lesser quality for \$1.00 per bushel.

The weather has been playing into the hands of harvesters during the past ten days as combines were working some nights until midnight and hay baling operations were going on almost around the clock.

Salvation Army Drive For Funds Gets Underway Tuesday Morning

The Salvation Army's annual fund drive kicked off Tuesday morning at McLean's Cafe where workers were appropriately served the trade mark of the Salvation Army—coffee and donuts.

Walter A. Bryant, campaign chairman, reported the following men in Goldthwaite, who are working to insure the campaign's success: Milton Schwartz, E. L. Dyas, Arnold Roberts, Charles Conradt, Ray Duren, G. C. Head, R. C. Summy, T. W. Johnson, L. T. Hudson, Harmon Frazier, F. D. Reynolds, Glynn Delapp, W. C. Barnett,

WALTER A. BRYANT

T. J. Blackburn, D. R. Edgington, Lee Roy Stacey, L. J. Ward, Charles Roy Wilkins, N. G. Duren, Loy Long, Jesse Moreland, R. E. Casbeer and J. Y. Tutlos.

Workers reported Tuesday afternoon that most of the contacts had been made and that the campaign in Goldthwaite would soon be successfully concluded.

Mr. Bryant expressed concern over the rural areas' progress, and asks that all contacted during this drive to please pick in and help. Thus far Caradan and Regeity have reported that their drives are going along very successfully.

Bryant stated "this is your only opportunity to support the humanitarian work of the Salvation Army in Mills County and throughout Texas. There is still people here and throughout the state that are actually hungry, children that do not have a change of clothing or shoes to wear. Help us to help them. Everyone has experienced the feeling of helping someone who really needed it. You can fulfill part of your obligation to your fellow man by giving to the Salvation Army. Ninety-one cents out of every dollar goes for direct welfare, with 50 per cent of the local collections being used for local emergencies.

BANK CLOCK RUNS AGAIN

Yes sir, you can drive down the street in Goldthwaite now and look up at the bank corner and tell what time it is. After an absence of about three years the clock has been fixed and it is now running with quarterly chimes and all. It had been resting on the eleven o'clock mark for quite a spell.

During the past several years there have been a number of folk ask the question: "Why Doesn't the Bank Fix That Clock?" Then there have been a number of remarks directed to the editor along this line: "Why don't you write something about that dead clock on the bank corner?"

Well, now, for the benefit of those who may have asked these questions or urged the editor to write something about the dead clock, we are happy to inform them that the clock has been fixed and is in top shape. In fact it has been fixed to the TUNE OF \$2,370. That is what it cost Mills County State Bank to get the job done. Before you say: "You could have bought a new one," let me tell you that a complete new job would have cost \$5,900.

The original clock on the bank corner was installed 42 years ago, in 1916. I don't know what the job cost at that time, but everyone must agree that it told the time for a good many years before it decided to take a rest. The chimes failed to work for some time before the time mechanism finally gave out and stopped.

In checking with bank officials I was informed that virtually everything but the shell has been replaced and is new. The dial, Mills County State Bank sign and all the works are new.

The chimes which are a near duplication of the BIG BEN fame ring out as follows: four on the quarter hour; eight on the half-hour; 12 on the three-quarter hour and 16 on the hour—plus the hour. So don't get confused or excited when you hear it and report it as being all out of order. When it's one o'clock it will chime sixteen plus one—for the hour. When it's eleven o'clock it will chime 16 plus 11—for the hour.

For the benefit of light sleepers bank officials are happy to report that the chimes stop at 10 p. m. and remain quiet until 7 a. m. when they resume their music for the day.

So there you have the time on the bank corner. If you like it why not take time out, stop in and tell the folk working in the bank that you appreciate it.

Warren P. Duren, president of the bank, says that directors and officers of the organization are happy to have the clock replaced and provide the official and correct time as another community and public service.

If you want to know a little more about the intricate workings of the clock just check with Raymond Casbeer—he has been designated the official clock man at the bank.

25 YEARS AGO—

(Taken from The Eagle Files of June 16, 1933)

The little son of Mrs. George Palmer, aged about two and one-half years, fell into a water trough at the family home north of Caradan Monday and when he was discovered by

other members of the family he was apparently dead. A young man by the name of Bullard, who makes his home with the Palmer family, and was at one time a member of the Boy Scouts had been taught first aid methods in resuscitating persons rescued from water. He applied the method to the child and soon had him breathing.

Mr. Charles J. Brown, aged 62, died suddenly last Sunday afternoon about 5 o'clock in the home of Walter Stuck, in the Lake Merritt community, where he was visiting. He was engaged in conversation with Mr. Stuck, when he suddenly fell forward and was dead.

Mr. R. G. Huffman, aged 47, died in a Brownwood hospital last Friday night, after a short illness, although his condition had been serious for some time.

J. T. Ross of Big Valley and Mrs. E. E. Faulkner were called to the bedside of their brother, near Lometa, last week. He was very sick and passed away last Friday and was buried at School Creek Cemetery.

Fields Hines of Scallorn, Howard Payne College, has been discharged from a local hospital, after medical treatment. — Brownwood Bulletin.

Mr. and Mrs. Ernest Allen and son, Ernest Jr., of Blanket and Gerald Smith of Richland Springs left Sunday for Chicago, where they will attend the Century of Progress Exposition. Mr. Allen plans to visit in Indianapolis, his native city, before returning home. — Brownwood Bulletin.

J. W. Stewart, who left here for the West several days ago, writes to have the Eagle come to him at Idalou, Lubbock County.

55 YEARS AGO—

(Taken from The Eagle Files of June 13, 1903)

Last Sunday evening at 7:30 o'clock, Mr. Charles E. Eubanks and Miss Rosa Reed were married at the residence of the bride's parents in Hanna Valley, Elder J. W. Perkins officiating.

A letter was received by the Eagle last Saturday announcing the marriage on Wednesday night of Mr. R. J. Peck and Miss Helen Gittings at Harrison, Oklahoma, and it was stated the young couple would reside near Harrison.

Some persons invaded Mr. N. W. Frizzelle's garden Wednesday night and stole the greater

part of his vegetables. Mrs. J. W. Driskill and her mother, Mrs. Wren, have been spending some days with relatives in Brownwood, Zephyr and the Bayou country.

Dr. J. D. Kirkpatrick, D. B. Eaton, W. C. Dew and M. C. Kirkpatrick, all prominent businessmen of Mullin and bright members of the Woodmen fraternity, came down Monday night to meet with the Goldthwaite Camp.

Miss Amelia Ashley returned Wednesday night from Blooming Grove, where she has taught a school of music. Her sisters, Misses Myrtle and Mollie, who spent several weeks with friends in Burnet and San Saba counties, came home with her and these three young ladies make quite an addition to the Goldthwaite society circle.

Outlook for Tax Cut Action in '58 Fades | White House Expected to Ease in Stump

By HENRY CATHCART
Central Press Washington Writer

WASHINGTON—The outlook for tax cut action this year as an anti-recession move are fading at least as far as income tax relief is concerned. It now appears that the nation's economy will have to take another serious dip before the President and his advisers would come out for income tax relief.

The administration is now convinced the worst of the slump will be over by mid-year and the dangerous factor of the economy is a high-price inflationary pressure which would shoot upward with a tax cut.

Nonetheless, don't be surprised if Mr. Eisenhower comes out for some tax relief in the form of eliminating or lowering excises on such things as transportation and autos or declares himself in favor of better write-off provisions for industries to give them a shot in the arm.

REORGANIZATION TROUBLES—Defense Secretary Neil H. McElroy, who had enjoyed almost unprecedented popularity, now finds himself imbedded in a controversy with both Congress and President Eisenhower at odds with him.

Ironically, the reason for his predicament is the same middle-of-the-road policy that at first endeared him to officials who welcomed a respite from the hectic reign of "Dwight D. Charlie" Wilson.

McElroy, in testimony to the House armed services committee, Mr. Eisenhower's defense reorganization plan, pointedly told congressmen, many of them hostile, that he did not take a rigid position. He back-tracked on an order prohibiting Pentagon brass from speaking against the plan.

The President, learning of McElroy's testimony while vacationing in Augusta, Ga., dashed off a heated statement reaffirming the "retreat" stand and called McElroy to a White House conference as soon as he returned.

Nevertheless, McElroy's conduct before Congress apparently opened the way for a compromise with a congressional reorganization plan, and also inspired other military leaders to speak their minds freely before the House committee.

Army Chief of Staff Gen. Maxwell Taylor went so far as to blame "the White House" for making the plan controversial by revealing sections in too general language.

The upshot is that Mr. Eisenhower is irked at McElroy for a conciliatory approach to Congress and Congress is irked at McElroy because the lawmakers feel he tried to sell them something by himself, really did not believe in it. Washington observers say reorganization troubles on the horizon.

KENNEDY GETS AN ASSIST—Babies have always appealed to politicians. Many an aspirant for office has considered it profitable to be photographed on the hustings with a cuddly infant in his arms.

However, it was left for handsome Senator John F. Kennedy (D), Massachusetts, to give the old trick a new twist. When some Democratic women were in Washington recently for a campaign conference, he and his charming wife invited the New England delegation to their home for tea.

The scene-stealer was their four-month-old daughter, Caroline, who smiled, cooed and completely captivated the visitors, many of whom had cameras.

Kennedy, who is regarded as a Democratic presidential hopeful in 1960, got another assist at a recent dinner of the Women's National Press club.

Amid a gale of laughter, he was introduced as the senator who was teaching his daughter to say "you all."

MRS. CARL MILTON SMITH

Miss Linda Lee Langford And Carl Milton Smith Exchange Vows

The First Baptist Church of Goldthwaite was the setting Saturday evening, June 7, at 7:30 o'clock for the wedding of Miss Linda Lee Langford of Goldthwaite to Carl Milton Smith, 1128 Hurley Street, Fort

Worth. The bride is the daughter of Mrs. NaVerne Griest of Goldthwaite and Mr. Smith is the son of Mr. and Mrs. Milton Smith of Lubbock.

The double ring candlelight ceremony was read by Rev. Presnal H. Wood, pastor of the church, before an arch entwined with greenery, pink carnations, silver wedding bells, with a black ground of palms and multibranched candelabra and baskets of pink gladiolus. Pink bows marked the aisle.

Traditional wedding music was presented by Mrs. Glenn Delapp, organist, who accompanied S. L. Tate as he sang "Because," "Whither Thou Goest," and "The Lord's Prayer."

The lovely bride, given in marriage by her maternal grandfather, Robert E. Lee of Austin, wore a gown of Camellia pink Chantilly lace and nylon tulle. The bodice of lace featured a sweetheart neckline, the lace forming tiny sleeves and the moulded bodice was buttoned down the back with tiny lace covered buttons. The layered full gathered skirt of nylon tulle had a lattice design of Chantilly Galleon lace applied at the hip line of the skirt. Layers of tulle were in deep folds poised over hoops and crinolines, and terminated in a wide sweep train.

Her veil of imported French illusion was finger tip length in matching Camellia Pink and was attached to a tiara of iridescent stones. Matching mitts of wulle completed the costume. Her jewelry was a single strand of pearls with matching ear clips, gift of the groom.

She carried a cascade of white stephanotis centered with a white orchid.

Her traditional something old was a cameo brooch given to her great-grandmother by her grandfather, something borrowed, a handkerchief; something blue, a garter and she wore a penny in her shoe.

Miss Nell Langford of Fort Worth, sister of the bride, was maid of honor. Bridesmaids were Miss Linda Hall of Goldthwaite, Miss Edra Ann Wall of Big Lake and Carolyn Hurst of San Angelo. They wore identical street-length gowns of pink crystalene with matching tulle hats. White shorty gloves complemented the gowns. They carried gladiolus the same color of their gowns. Intertwined with variegated ivy. The flowers fell in a cascade down the front of the gowns.

Harry Smith of Lubbock, brother of the groom, served as best man. Charles Mitchell Sheldon, Star, Don Woods, and Walter Jones, Odessa, were

groomsmen. Ushers were Chester Berry, Marietta, Oklahoma, and Charles Cornelius. Steve Smith, Lubbock, brother of the groom, and Gerry Lee Head, cousin of the bride, lighted the candles.

For her daughter's wedding, Mrs. Griest wore an ice blue lace dress over taffeta, trimmed in satin of the same shade. She wore a small white lace and rhinestone hat and white shoes. Her corsage was made of shaded pink rosebuds and tiny roses. Mrs. Smith, mother of the groom, was dressed in champagne lace over taffeta. Her shoes and bag were of matching color. A small white hat and gloves completed her ensemble. Her corsage was also of pink roses and buds.

Immediately following the ceremony, a reception was given by the bride's mother in the chapel of the church. In the receiving line were the bride and groom, their parents and bridal attendants. The serving table was laid with a pink taffeta cloth overlaid with white net and tulle, caught in swags with silver bells and satin lovers knots. The table was decorated with a beautiful wedding cake, a silver and crystal epergne containing a beautiful all pink arrangement of larkspur, carnations and snap dragons, flanked by crystal candelabras with pink candles, and silver and crystal appointments.

Carolyn Close, Coleman, Sharlene Schultz, Dallas, Mrs. Walter Jones, Odessa, Mrs. Chester Berry, Marietta, Okla., Helen Head, Donna Smith, Lubbock, and Addie Jo Conradt were members of the house party. Mmes. T. C. Graves, Fred Skiles, Charles Conradt, Carl Woods and Tom Moore assisted with the reception.

For traveling the bride chose a beige linen dress trimmed in satin of the same color with matching shoes, hat and bag. She wore the orchid from the bridal bouquet.

The bride is a spring graduate of Goldthwaite High School. The groom is also a graduate of Goldthwaite High School and is presently employed by The Whitehouse Boat Manufacturing Co. of Fort Worth.

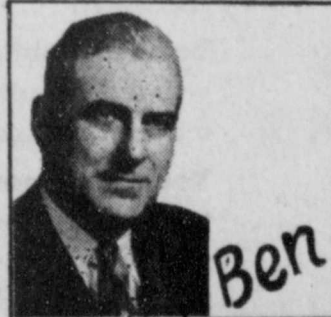

The couple is now at home at 1901 South Adams Street, Fort Worth, Tex.

Out-of-town guests attending the wedding were: Rev. and Mrs. John Kirk, Utopia; Mr. and Mrs. Don E. McMann and Kirk, Carrizo Springs; Mr. and Mrs. Edwin Smith, Donna Jennifer, Jerry and Claudia, Lubbock; Mr. and Mrs. Robert E. Lee, Robert Edwin, Austin; Mr. and Mrs. Bobby R. Lee, Karen, Patty and Steve, Arlington; Mr. and Mrs. Jerald Carroll, Fort Worth; Mrs. Mary Ellen Schultz and Shariene, Dallas.

REHEARSAL BREAKFAST

A rehearsal breakfast was given at McLean's Cafe Saturday morning by Mrs. John Kirk, aunt of the groom, and Mrs. Milton Smith, mother of the groom.

Mrs. Robert L. Harris and daughters returned to their home in Snyder last Friday after spending several days with her parents, Mr. and Mrs. Dan Long.

Eight Mullin F. H. A. Girls Receive Degrees At Commencement Program

At the commencement program of the 8th grade on May 22 in the Mullin High School Gym, degrees of Achievement in F. H. A. work were presented by Supt. D. C. Stanley to eight girls.

The following girls received both Junior and Chapter degrees: Betty Adams, Glenda Calder, Mary Calder, Chrystal Caldwell, Jeanneene Driskill and Eldora Edmondson. Two freshman girls, Parkey Edmondson and Joy Adams, received the Junior degree.

A number of girls will complete degree work this summer. The girls who have earned both the Junior and Chapter degrees are now eligible to work toward the State degree which is the highest degree that can be con-

ferred.

The degrees of Achievement program is one way in which the Future Homemakers organization gives recognition to its members who: (1) Have worked effectively toward the purposes of the organization, (2) have contributed to the improvement of their chapters, homes, schools and communities, (3) have made a plan for their own growth as individuals, chapter members, home members and school and community members, and (4) have checked their progress as they carried out their plans.

Each individual member can decide for herself whether or not she wishes to work toward a degree. When a member has declared her intention to work

toward a degree, made her plans and carried them out in a way that is helpful to her and to other people, the chapter may give her recognition by conferring on her the degree toward which she has worked. When a member has achieved the "Junior Homemaker" degree she is entitled to wear the symbol of that degree, the Key. The symbol of the "Chapter" degree is the Scroll and the symbol of the "State" degree is the "Torch." These symbols are attached to the F. H. A. pin.

Aaron Stacy of Fort Worth spent the weekend with Mr. and Mrs. Dan Covington.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

By H. COPELAND
Proper use of rangeland means grazing the vegetation in a way to allow the soil to produce most efficiently. Proper use is achieved when the normal growth and development of the important range plants is not halted by the grazing of livestock. Such use benefits rangeland by providing cover and litter for soil protection and permits desirable forage plants to be maintained or increased.

Proper use is obtained when only a part of the current growth is taken. Soil Conservation Service technicians assisting Soil Conservation Districts

have found that for most plants approximately one-half of current growth can be taken. This means leaving a stubble height on short grasses such as buffalo of 1 1/2 to 2 inches. Taller grasses like little bluestem and Indian-grass should be grazed no shorter than 6 to 8 inches above the ground.

Properly grazed short grasses will produce approximately 1000 to 1200 pounds of usable forage per acre in a year while the taller grasses will produce 2500 to 3000 pounds of usable forage per acre. Proper use of the taller, deep-rooted grasses will encourage their spread and increase total production. The remaining forage is not wasted, as is sometimes believed, but must be left to provide sufficient leaves for the plants to manufacture food and stay in a healthy condition. The ungrazed portion also furnishes cover and litter for soil and plant protection. This cover prevents excessive runoff and soil erosion. It increases water intake and storage and causes a better use of water by regulating soil temperature, reducing evaporation and adding organic matter to the soil. Soil Conservation Service technicians have found that a minimum of 2000 pounds per acre of air-dry forage is needed for adequate soil protection.

Mr. and Mrs. Wayne Williams of Jal, New Mexico, were recent guests of their parents, Mr. and Mrs. Johnny Crawford and Mr. and Mrs. Williams of Killen.

Questions And Answers About Social Security

Question: I am totally disabled for work but am only age 42. I know I can collect disability benefits from my social security account when I become age 50, but should I do anything about it now?

Answer: Yes, you should take action before June 30, 1958, to have your earnings record "frozen." By establishing your disability now and "freezing" your account, you are protecting your rights to social security benefits in the future whether you eventually recover from your disability or start receiving benefits at age 50.

Question: I have been told that I will lose my social security benefits if I make over \$100 per month after age 65. Is this true?

Answer: It is not entirely true. You will lose some benefits if you earn over \$1200 per year before age 72. The amount you earn each month is not important if your total yearly earnings are not more than \$1200. You could earn the entire \$1200 in three months and still collect

news that her cousin, Sam Richardson of Lometa, had passed away with a heart attack. We extend our sympathy to his loved ones.

Mr. and Mrs. W. O. Oden have returned from Denver, Colorado where they visited Mr. and Mrs. Joe Ivy and children. The Ivy family is recovering from injuries received in a car wreck several weeks ago.

Mr. and Mrs. D. C. Gerald have returned from a visit with Mr. and Mrs. Lindale Gerald, Mr. and Mrs. Charles Gerald and Mr. and Mrs. Jackie Gerald and family at Andrews.

Mr. and Mrs. Junior Fisher and children of Victoria spent the holidays with their parents, Mr. and Mrs. V. T. Stevens and Mr. and Mrs. Ervin Fisher.

all benefits. Of course, if you worked all twelve months of the year at more than \$100 each month, your total earnings would be over \$1200. Even then, you would lose only one

of the monthly benefit checks for each \$80 earned in excess of the \$1200. Your Social Security Office has a free booklet explaining this. Write and ask for booklet No. 23.

BY GEORGE G. REESE

The level of price for the 1959 wheat crop will be determined by the outcome of the June 20 referendum on marketing quotas for next year's crop, Searcy M. Ferguson, chairman, State Agricultural Stabilization and Committee, declared last week.

"Aside from a choice between a marketing quota program and no marketing quotas, the big issue to be decided by the June 20 vote will be the level of price support available for the 1959 wheat crop, the chairman stated. "Acreage allotments will remain in effect no matter how the vote goes, as a means of determining eligibility for support."

As announced on May 1, price support for the 1959 wheat crop will be available in the commercial wheat area at a national average of at least \$1.81 per bushel, or 75 per cent of parity, if marketing quotas for the 1959-crop of wheat are approved by at least two-thirds of the growers voting in the referendum. This minimum will not be reduced, but may be increased if a combination of the wheat parity price and wheat supply relationships as of July 1, 1959 indicate a higher support price.

If quotas for the 1959 wheat crop are not approved by at least two-thirds of the voters, however, the support level in the commercial wheat producing area will drop to about \$1.20 per bushel, of 50 per cent of parity, as directed by law. Compliance with allotments would continue to be a condition of eligibility for the lower price support.

Those farmers who vote in the referendum will be the ones who decide whether or not marketing quotas will be in effect for the 1959 wheat crop. All farmers are eligible to vote if they will share in the 1959 wheat crop from a farm in the commercial wheat area on

which the wheat harvested for grain in 1959 will exceed 15 acres and provided they do not take part in the 1958 wheat program.

A good home garden can be a source of much pleasure and reducer of the family food budget. But both the pleasure and saving can be greatly reduced by harmful insects if proper control is not exercised.

With few exceptions, vegetable insect control is a preventative program. Control measures should begin before insects appear in damaging numbers. Dusts and sprays, in most instances, are equally effective.

A new leaflet has been released by the Texas Agricultural Extension Service entitled: "Texas Guide for Controlling Insects on Vegetable Crops." It has a thorough rundown on insects that might harm almost any vegetable crop. It includes information on home garden mixtures, methods of application and precautions and contains a chart outlining a dust or spray program for controlling vegetable insects. This leaflet should prove most helpful to all home gardeners. It can be obtained from my office. Ask for L-255.

The Mills County 4-H Livestock Judging Team, composed of Eugene Duren, Alvin Glenn Tiemann, and Jerry Duren will participate in the State 4-H Livestock Judging Contest. This contest will be held at College Station on June 11th. This team is representing Extension District 8 in the State contest. There will be a total of 24 teams entered.

**LAND PRICES
GOING STEADY**
Price of farm land in Texas is more stable than elsewhere in the country. Apparent business recession has had an effect on land prices less than the recent seven years.

A recent national survey, good farm land continues to be a scarce commodity. During the 12-year survey period, only 31,000 farms were voluntarily put up for sale. This compares with 57 ten years ago. In 1952, more than 50 percent of all land sales were made by active farmers; in 1957, 60 percent are.

Florida) and the northern plains states (up nine per cent). Total value of all farm real estate in the U. S. is now figured at \$116 billion—up \$109 billion a year ago, \$74 billion 10 years ago, and \$35 billion 20 years ago.

Want to know how to get a farm? An eight-page booklet is available telling how to find a farm, where to get advice, and how a farm can be financed. This may be old stuff to most farmers but is worthwhile reading for any would-be farmer.

To get a copy write: John C. White, Commissioner of Agriculture, Capitol Station, Austin, Texas.

Louis Crump, Candidate For State Senator, Issues Formal Statement

LOUIS CRUMP

To the Voters of the 16th Senatorial District:

My observation is that a State Senator in the Legislature can achieve worthwhile results through cooperation with his colleagues, by exercising a practical, common sense approach to every problem, maintaining a consistent, frank, and straightforward attitude, and pursuing a policy of fairness, justice, and consideration for the welfare of all. My efforts will be directed toward achieving this standard of performance, should you elect me to serve in your law-making body.

I will not make a lot of promises that would be either impractical or impossible to fulfill. In this article I want to present my convictions about some matters of public importance which are within the jurisdiction of the State Legislature. I will, if elected, work diligently for these principles:

1. My belief is that farm, ranch, and home owners are already taxed heavily enough. Their burden should be lessened, certainly not increased. I feel that people are tired of taxes and that thought should

be given to elimination of unnecessary spending before new taxes of any kind are considered.

2. Elimination of inequities, waste, corruption, and non-essentials, yet giving careful consideration to state services vital to human welfare and progress.

3. Continued construction of farm and ranch roads and highways.

4. A better public school system with more emphasis on teaching the fundamentals.

5. Better old age pensions based on need; rehabilitation services to handicapped persons, humane conditions and proper facilities for mental patients, tuberculars, deaf, blind, orphans, and others in state hospitals and homes.

6. An efficient state administration which keeps the government close to the people and interferes as little as possible with their everyday lives.

I consider the legislative department to be the most important branch in any government. It is the division which is close to the people, where their needs and wishes may receive direct attention.

My three years in military service during World War II gave me renewed interest in and appreciation for our system of government. Upon my release from active duty and return to the office of county attorney, I resolved to become a more active and informed public-spirited citizen. If elected, I will devote myself unsparingly to the service of the people of this Senatorial District, and hope that you will call on me freely whenever I can be of assistance in any way.

I am 41 years old, married to the former Lurline Langston of Coleman and have one daughter, Elaine, ten years of age. I graduated from Santa Anna High School and received my law degree from Cumberland

University in 1937. I have 21 years of experience as a practicing lawyer in this area with the exception of the time spent in the military service. I have served three terms as a county attorney, and am now practicing law alone in San Saba.

It is my belief that I have the practical judgment, the background, and the necessary qualifications to serve you effectively in the State Senate.

Your serious consideration of my candidacy will be appreciated. I am campaigning day and night in an effort to meet and talk with each and every person between now and election day. Saturday, July 26.

Sincerely yours
Louis Crump.

LUCY MAY BURRUS
WHICH CAN PREPARED AHEAD
 Lesson many travelers learn keep foods simple. To try carry along too many foods that are too complicated preparation is unnecessary. Just sitting out under the sky watching all of the real qualities of mother nature will make even the simplest meal extra tasty. Don't you know how much more fragrant coffee is when it is brewed outdoors?
 Now as to foods, some can be prepared in advance and kept in the freezer. Sandwiches store well in the refrigerator for 12-24 hours under 50 degrees F. If frozen they will keep for longer periods. Prepare sandwiches by spreading bread with soft (not melted) butter or margarine. Fillings that freeze well include: peanut butter, cheese and chesse spreads, pickled or smoked meats. Lettuce and mayonnaise should be carried separately and added to the sandwiches just before eating. Or you can carry buttered bread and fillings separately. Make sandwiches of your choice on the spot.
 Baked goods are "seasoned travelers" which may be prepared long ahead, wrapped carefully in household saran film and placed in the freezer until desired. The see-through quality of the wrap makes it easy to select the foods without opening the wrap. They're ready to go to the picnic directly from the freezer.
 These travel well: rolls — donuts, cakes — fruit-filled pies, cookies — cupcakes. Cream-filled desserts are not good hot weather travel foods. For extra convenience include instant foods or those packaged individually, canned or pre-cooked.
 Insulated equipment to keep

hot foods hot and cold foods chilled is a worthwhile investment for toting protein foods such as meat, fish, chicken or eggs which are often served as the main dish or in salad form.
 Read next week: Tips on Packing the Picnic Basket.

TO WED—Mr. and Mrs. Lloyd Reynolds of Goldthwaite announce the engagement and approaching marriage of their daughter, Marie, to C. B. Boggess, son of Mr. and Mrs. M. E. Boggess of Ballinger.

 Mr. Boggess is a graduate of Ballinger High School and is presently employed by the Circle Drilling Company of Thibodaux, Louisiana.
 The wedding will be solemnized July 26, 1958, at 7:30 p. m., in the First Baptist Church of Goldthwaite.
 All friends and relatives of the couple are invited to attend the wedding and the reception immediately following in the chapel of the church.

Del Williams Is Presented Best Odessa High School Athlete Award

At a special assembly program held in the Ector (Odessa) High School Auditorium, May 23, Del Williams was presented the Sol Scherman Memorial Award. The trophy is presented each year to the best high school athlete in Odessa by a Radio Station. The committee, made up of sports announcers, sport writers, athletic officials and business men consider scholastic achievement and leadership along with athletic ability when choosing the young man for the honor. About 300 boys participate in competitive sports in the Odessa High Schools. Del is the youngest athlete to receive the award.

Del, 17 years old son of Mr. and Mrs. Raymond Williams, was a recent graduate of Odessa's newest high school, Ector. He attended Goldthwaite and Mullin schools before moving to Odessa in 1934.

He played half-back on the Ector football team this past season. He led the Ector grid-ers in every phase of statistics except passing. In nominating him for the all-State team, Tom Eastland, Odessa American Sport writer, wrote—

"Del Williams, Odessa Ector, 150 pound, five foot, eight inch senior. Small but quick. Did everything but sell tickets for the Ector Eagles—scored 48 points, rushing 969 yards on 165 carries for 5.9 yard average—punts, caught 8 passes for 169 yards. Led kick-off returns with 12 for 232 yards, and 19.3 yard average—returned five punts for 52 yards, punted 27 times himself for 929 yards and 34.4 yard average—intercepted 7 passes for 280 yards—best de-

fensive player on the team from the safety position." Del made All-District first team and was honorable mention AAA all-State. At the football banquet he was presented the Southern Methodist Ex-Student Award for the best offensive back and the Odessa American Award for the most valuable player on his team. Williams was co-captain of his team and his name has been placed in the Eagle Hall of Fame.

He was a first team starter on the basket ball team and was placed on the All-Tournament team at the Odessa Invitation Tournament in 1938.

He ran the 100 yard and the 220 yard dashes and anchored the sprint and mile relay team in track.

Del was president of the student council and named, "Mr. Ector High" by the student body. In November he was named honor student of the month by the Kiwanis Club and was their guest for the month at the weekly luncheon.

He has accepted a four year athletic scholarship at Texas Western in El Paso where he will enter in September.

Del is the grandson of Mr. and Mrs. W. W. Reynolds of Goldthwaite.

Mrs. J. H. Lockhart of Lometa, aunt of Mrs. Frank Hines, visited Mr. and Mrs. Hines and Greta Sue Thursday afternoon.

Mr. and Mrs. Frank Oltrogge and children were guests of his mother, Mrs. Emma Oltrogge, last Wednesday.
