Three Mills County Boys To Attend Salvation Army Camp

From cities, towns and rural communities all over Texas, 150 boys will take leave of Mom and Dad and their youthful playmates, some for the first time in their young lives, as they leave their homes by bus, private car or train at the weekend to spend one full week at the Salvation Army Camp Hoblitzelle near Dallas.

Edmondson and Butch Gibbard, Mullin, and M. D. Fallon, Goldthwaite. The Mills County boys will ride to the camp with Sheriff C. F. Stubblefield and Glynn Collier is planning to bring the boys home the following weekend. Housing at the camp is attractive brick and redwood cabins and meals furnished.

and accessories and also loan them Pops' britches to play in.

"If you have any doubts as to the outcome of this rivalry,

ED THORNTON

why not come out Monday night, June 8, and see for yourself. Everyone is sure to enjoy the fashion show whether the ball game amounts to anything or not." Thornton said in extending everyone an invitation to attend this benefit game.

Members of the Little League will sell tickets to the show and game and all proceeds will go to the Little League Association. Everyone is urged to get behind the boys and go with them all the way.

SIGN-UP NOTICE FOR BOYS 8-12

All boys between the age of eight and 12 who would like to play ball this year and have not signed up yet are to contact L. J. Ward at Lone Star Gas Company office, Boys who signed up last season and are playing this year need not sign up again.

Memorial Day Is Saturday

Memorial Day, May 30, is Saturday of this week. This is one of the six holidays that have been approved by local business firms to be observed by stores closing.

Most retail establishments will be closed. Shoppers are reminded to shop Thursday and Friday for their regular week-end marketing.

SCHOOLS WILL DISMISS EARLY

As is customary, Goldthwaite schools are being dismissed at 2:30 Wednesday and Thursday while the final exams are in progress.

Friday will be even a shorter day and buses will run in the afternoon only, arriving at 2:30 for report cards and book clearance then will return home at 3:00 o'clock.

Thursday will give the school the required 175 school days with pupils and teachers together and Friday will be a welcome silent work day for teachers.

Municipal Swimming Pool Opens Saturday, May 30, Memorial Day

The Mills County Municipal Swimming Pool will open for the 1959 season this coming Saturday, May 30, Memorial Day. It was announced this week by W. P. Duren, chairman of the pool and park committee.

David Williams, high school principal, will manage the pool this season. The pool will officially open at 2 o'clock Saturday afternoon and will operate from 2 to 8 p. m. Monday through Saturday and from 1 to 6 p. m. on Sunday.

Admission prices will be the same as they were last year, 20¢ for children under 13 years and 35¢ for those 13 and over.

Plans will be made for the annual learn-to-swim classes that have been so popular with residents from a wide area during the past several years. Learn-to-swim classes will be scheduled as soon as arrangements can be worked out so that they will not conflict with Boy Scout camp, Girl Scout camp and vacation Bible schools. As soon as the date is set for the classes announcement will be made in the Eagle.

Howard Campbell, who is a qualified Red Cross instructor for Life Saving and Water Safety and Water Survival courses,

announced Monday that a senior Life Saving and Water Safety course will be conducted again this year if there is sufficient interest expressed by those qualified for this course.

There are strict requirements that must be met by the swimmer in order to enroll in this senior course.

Some of the requirements are: 1, standing front dive; 2, swim 440 yards continuously, any stroke; 3, dive from surface to minimum depth of six feet of water and pick up object from bottom of pool; 4, tread water one minute. Also applicants must have passed their 16th birthday. The course covers 17 strenuous hours and it takes an above average swimmer to pass the qualifications.

Chairman Duren announced that those interested in this course should contact Howard Campbell or W. C. Barnett.

LEGION MEETING SCHEDULED TONIGHT

Members of the American Legion will meet tonight at the Legion Hall, according to announcement of Lee Roy Stacy.

Meeting is scheduled for 8 o'clock and all members are urged to attend.

Primitive Baptist Church Started July 1899 With Nineteen Members

A. B. NEAL
Deacon and
Charter Member

The Mt. Olive Primitive Baptist Church is 60 years old this year. The church, which is located 15 miles from Goldthwaite, was organized on July 28, 1899 with 19 members and has approximately 60 members today.

Worship services have been held continuously since the church was first organized and are presently held on the Saturday before at 11 a. m. and 7:30 p. m.

The first two years after organization worship services were conducted in homes until a church building was erected.

Present church building was built in 1901 and for the first 12 years also served as a school building.

Elder C. L. Casey, Cisco, Texas is pastor of the church and Elder Curtis Ripley is home minister. Ripley is the only Elder ordained in Mt. Olive Church although a number of deacons have been ordained.

Dr. W. W. Fowler was the first regular pastor of the church. He passed away in Dallas approximately two years ago.

Commencement Speaker Changed

Word was received here Tuesday that Senator Louis Crump will be unable to appear here on Thursday night for the scheduled commencement address for Goldthwaite High School Seniors.

He expressed his regrets for being unable to come and arranged for Senator Dorsey B. Hardeman, San Angelo to take his place.

Senator Hardeman is an experienced speaker and is chairman of the Ways and Means Committee in the Texas State Senate.

Commencement exercises are scheduled for 8 p. m. in the high school auditorium.

Weather Report

Rainfall recorded here during the past week measured 1.26 inches, according to official report from Harry Allen.

This brings the total for the month of May to 2.85 inches.

Luckie Is Elected Trustee At Priddy

Elmer Luckie was re-elected a member of the board of trustees of Priddy Common school district in a special run-off election held last Saturday which resulted from a tie vote in the regular school trustee election. Results of this special election were announced by County Judge Wm. G. Yarbrough.

Luckie received 35 votes to win over Raymond Tiemann who polled 28 votes.

The special election was held at Priddy School with John Schlee serving as election judge.

Both of these candidates received 34 votes in the regular election.

Goldthwaite FFA Rodeo To Be June 5-6

Goldthwaite FFA Chapter has announced plans for two rodeos to be held soon, according to Thurman Head, Vocational Agriculture teacher for Goldthwaite Schools.

First of the two is for Goldthwaite schools only and will be held on Friday and Saturday, June 5 and 6 at the Jernigan Arena two miles East of Goldthwaite.

The second rodeo will be an

invitational and will be held some time in July when all nearby FFA Chapters will be invited to compete. Complete plans for this affair will be announced at a later date.

Performances for the Goldthwaite School rodeo are scheduled for 8 p. m. each evening.

Admission will be 75¢ for adults and 50¢ for students. All mounted persons will be admitted free, according to announcement by Head.

There will be a street parade in Goldthwaite at 3:30 each afternoon. The parade will be led by the Goldthwaite High School Band. All business firms are invited to place floats or vehicles in the parade.

Everyone is urged to bring their horses and ride in the afternoon parade and the rodeo grand entry.

Some of the events for high school students, including the eighth grade, in the local school will be: goat roping tie down, trailer race, cutting horse contest, ribbon roping, boys' and girls' cloverleaf barrel race, balloon race and steer riding.

Events for the seventh grade and lower will include: goat

Dr. R. Glynn Raley Announces Purchase Of Slaughter Clinic

Dr. R. Glynn Raley, D. O., this week announced the purchase of the Slaughter Clinic at 1118 Fisher Street, from Mrs. Ruel Slaughter. The purchase includes building and equipment of the clinic operated for a number of years by the late Dr. Ruel Slaughter.

In making the announcement Dr. Raley stated that he will be moving his offices from the Gatlin Building over the weekend and will be open for his patients in the new location on Monday morning, June 1.

During the past week considerable redecorating has been done in the new location and

some rearrangements have been made. Dr. Raley stated that it will be operated as a Clinic. The building has approximately 15 rooms.

Dr. Raley came to Goldthwaite from Comanche in 1953 and established his practice in the Gatlin Building.

He is a member of the American College of General Practitioners, the Academy of Applied Osteopathy, American Osteopathic Association and the Texas Association of Osteopathy and Surgeons.

No increase in staff members is contemplated at the present time, according to Raley.

VIC'S . . . SOLILOQUY

VACATION TIME IS HERE—Here we are with another year coming around to vacation time. Schools are all closed or coming to a close this week and next and boys and girls are turning out like free birds scattered to the summer breeze. There will be fishing, playing ball, just plain playing, vacation travel with the parents and just general relaxation—or possibly even work—for the summer months.

Anyway, one thing we better keep in mind. This summer and the vacation season will pass before we realize it so we better try to make the best of it while it is here. This is an awful time to talk about a subject like this, but before we know it, it will be time for school to start again.

SALVATION ARMY DRIVE—In this issue you will find story about the results of The Salvation Army Drive for funds that started in Mills County last week Tuesday.

According to early reports turned in last Thursday afternoon local citizens are again responding to this worthwhile cause which is looked upon with keen favor by many local residents.

Fund Drive Chairman Loy Long is encouraging all his workers to try and get their work completed this week and make final report on the drive.

A number of really needy and unfortunate people are helped along the way right here in Goldthwaite during each year with funds from your Salvation Army contributions. So if you haven't already done so, get your contribution in now.

A UNITED FUND FOR MILLS COUNTY—Since the Salvation Army drive is just coming to a close and folks have it fresh in their mind that we have been in a finance drive just about continuously since January 1, more and more are expressing themselves rather favorably about getting a United Fund Drive system organized for Goldthwaite and Mills County.

Under such a system one drive for funds would be conducted each year with all organizations sharing in the receipts on a percentage basis based on past experience of the individual organizational drives.

There has been a lot of comment during recent weeks about the subject and it may be well for more discussion on the matter during the next little while.

If a United Fund organization should be established here it would take several weeks to do it. In many communities where they have United Fund drives they are conducted in October and November. This takes care of the drives or funds for the following year.

A lot of business firms and individuals would rather pay once a year to cover all the organizations and have it over with.

Then there is also the little matter of all the committee workers who take part in most of the drives. Brother, they certainly would save a lot of work by working on one drive instead of six, eight or ten.

I would like to have this kicked around a little and hear a few expressions on the subject during the next few days. Write me a note and we will pass the information on. If there is sufficient interest some organization, maybe the Lions Club, will take it from there.

FOOTBALL EASE—I mentioned earlier in this column that school is just coming to a close and that it will not be long before a new school year will be upon us.

Well, just because school is now coming to a close is no sign that some are not already making plans for the new school year and some of the activities that go with it.

L. J. Ward, manager, Lone Star Gas Company and Frank McClung, service manager, Southwestern Bell Telephone Co., have been working in their spare time building a Football Spotter Board for Eagle Stadium press box. The electric board with all its lights and gadgets is called FOOTBALL EASE and is on display at Campbell Gas Company. It will be put to work when the football season gets underway this fall.

Tibet Affair Regarded As Dividend for West Neutral India Is Upper Over Red China Tactics

By HENRY CATHCART
Central Press Association Washington Writer

WASHINGTON—Red China's brutal suppression of the revolt in Tibet is viewed in Washington diplomatic circles as an unexpected dividend in the West's cold war struggles with the Communists.

In the Washington view, the Western alliance will need all the moral strength it can muster in coming negotiations with Russian leaders, both at the foreign ministers' and summit level. Russia has counted heavily on direct support from neutralist nations in her campaign to oust the Western powers from Berlin and force a German peace treaty favorable to the Kremlin.

India has been a leading spokesman for the neutralist bloc of nations which have been seeking a middle road to world peace. Prime Minister Nehru's disillusionment with Red China over the Tibet affair will have a profound effect on coming negotiations, for the world balance of power undoubtedly has undergone a significant shift in favor of the West.

Reports from Asia indicate that the full impact of the Tibetan upheaval has not yet registered on all Asiatic countries. Diplomatic advice to Washington reports deep concern among governments along China's borders over possible eventualities growing out of the revolt at the "top of the world."

These reports also indicate that in coming months Red China will find that she has lost much of the good will patiently built up among Asians over the last few years. The West cannot but benefit from this set-back for the Communist's second strongest world power.

NEW SECURITY TEST—A little-publicized case which can have far-reaching consequences in industrial security management is being argued before the U. S. Supreme Court.

The central question at issue is whether the federal government can force private employers to dismiss workers in their plants in order to conform to government security specifications in industrial contracts.

The federal government demands that security standards be met in plants handling classified contract work. About three million workers are involved.

Two suits are before the high court. One involves an employer dismissed because of charges of former Communist party membership. Another worker, whose former wife is accused of being Communist, was dismissed for that reason.

Both men are challenging the power of the government to force their dismissal from a privately-owned company. The court's ultimate decision could affect literally hundreds of similar dismissals if adverse to the government, and could force the government to adopt radically new security precautions.

RAILROADING—Some of the nation's railroads, in dire economic straits, are hoping that a drive to lessen "featherbedding" will help them to get back into the black.

More than half of most railroads' operating charges are for salaries and wages. For many years railroad unions have insisted on labor contract provisions which protect their members' jobs, even though technological advances have made the jobs unnecessary. Thus, railroads still have to pay men as coal stokers and firemen on electric and Diesel engines where such work is performed mechanically, or is nonexistent.

Another "featherbedding" device which costs the railroads millions of dollars annually is the so-called 40-mile day, under which each railroad worker is considered to have done a day's work when the train he's working on has traveled 40 miles. This rule was adopted many years ago, and rail traffic has speeded up so that it is now completely obsolete.

Carol Ann Mankin Degree Candidate At University Of Texas

The University of Texas College of Arts and Sciences—the institution's largest—has 567 candidates for bachelor's degrees at June 6 Commencement.

More than 1,600 Main University students will receive degrees at the exercises at which Dr. Alan T. Waterman, National Science Foundation director, will be the commencement speaker.

The degree candidate list made public by Dean J. Alton Burdine includes Carol Ann Mankin, who will receive a Bachelor degree in Journalism.

Miss Mankin is the daughter of Mr. and Mrs. Green Mankin of Goldthwaite.

Mr., Mrs. O. H. Yarborough Observe Golden Wedding Anniversary Sunday

Mr. and Mrs. W. G. Yarborough and Mr. and Mrs. Harold Yarborough held open house at the O. H. Yarborough home from 3 until 5 o'clock Sunday afternoon, May 24, honoring their parents on their 50th wedding anniversary.

The youngest grandson, Owen Bascomb opened the door and Messrs. W. G. and Harold Yarborough welcomed the guests.

Receiving with Mr. and Mrs. Yarborough were the two friends who were attendants at the wedding fifty years ago: Mrs. John C. Hicks of Fort Worth, who was then Miss Lois Humphries, and Mr. Edward Geslin of Brady.

Mrs. Yarborough was lovely in blue lace over taffeta with a pink carnation corsage.

Miss Linda Yarborough, a granddaughter and Mrs. Ben Yarborough of Santa Anna registered the guests.

Displayed on the register table were the bride and groom figurines used on the cake at the golden wedding of Mrs. Yarborough's parents, Mr. and Mrs. J. C. Mullan in 1937.

The house was a bower of beauty with many arrangements of gladioli and yellow rosebuds and potted gold mums.

The tea table was laid with a handsome Italian cut work linen cloth centered with a beautiful three tiered wedding cake decorated in rosebuds and lily of the valley, topped with a filigree figure "50."

Mrs. Joe Palmer served cake the first hour and Mrs. Lee Walton the second hour. Mrs. John Hester ladled punch the first hour and Mrs. Gaylord Mullan of Temple the second. Assisting Mrs. W. G. Yarborough and Mrs. Harold Yarborough in the dining room were Mrs. Otis Gary of San Marcos and Mrs. Walters Hester of Fort Worth.

Mrs. Yarborough was Miss Mable Mullan and moved with her parents to Goldthwaite, from Van Wert, Ohio, in 1906. Mr. Yarborough comes of pioneer stock in Mills County

and was a prominent merchant and civic leader in Goldthwaite until his retirement a few years ago.

Their oldest grandson, Mike, is a student in Rice Institute.

Community News From Mullin

By MRS. JOHNNIE HOLLAND

Mullin was a very busy place last week. On Monday and Tuesday night rodeo, six weeks and final exams for the students at school, graduation exercises for both the eighth grade and the seniors, and along with this we received another good rain on Friday night. I hear so many people say that they need a rain that will put some stock water in their tanks. We were more fortunate than some. We received three inches of rain at our place. Our tanks are full. We might say also that we found time to read "A No Man's Land Becomes A County." It was very interesting to me. I feel much better acquainted with Mills County now that I have read the history of the county.

Mr. and Mrs. Wayne Mosier and children of Corpus Christi are here with his parents. Wayne received an injury on the job and has been unable to work for some time.

Mrs. Vesta McCormick attended graduation exercises in Fort Worth last week for her granddaughter, June McCormick.

Mr. and Mrs. E. P. Smith of Brownwood visited in Mullin last Tuesday with friends.

Mr. and Mrs. G. P. (Coot) Kittle of Brady visited here last Sunday with her father, O. E. Rice and wife and other relatives.

Mr. and Mrs. Alvin Spinks and Richard and Mr. and Mrs. Bob Collier spent Sunday in Mason visiting with Mr. and Mrs. Eldred Collier and Robert.

Mr. and Mrs. E. F. Postlewait and Terri of Santa Fe, N. M., visited in the G. W. Chambers home over the weekend. They were returning from a vacation

in Florida where they visited his parents in St. Cloud and Lt. B. J. Chancellor in Tampa.

Other recent visitors with Mr. and Mrs. Chancellor included Attorney and Mrs. Niles T. Kjellstrom of Albuquerque, and Lt. and Mrs. George W. Chancellor and children, Anne and Wayne. Lt. Chancellor is on his way to his new assignment in La Fayette, Indiana, where he will attend Purdue University for two years before he returns to West Point where he will teach for three years. Mr. and Mrs. Lynn Bishop of Fort Hood were here Wednesday for a visit with Lt. and Mrs. Chancellor before they left.

Mr. and Mrs. Terrill Talley of View were here last Monday visiting with friends. Mr. Talley was a foreman on the railroad here at one time.

Joe Ann Straitbein of San Angelo is here visiting with Mr. and Mrs. Dusty Durst and her grandmother, Mrs. Durst.

Rev. and Mrs. Jim Crouch and family of Melvin have been here visiting with Mr. and Mrs. Lenvil Calder and family.

Richard M. Hillman To Receive Degree

The School of Agriculture at Texas Tech, Lubbock, has announced 118 are candidates for degrees. Commencement exercises will be held June 1 at which time more than 800 will be graduated as Tech's Class of 1959.

Richard Myron Hillman of Mullin is one of the degree candidates for Bachelor of Science in Agriculture.

BILLY JOE GUNTER RECEIVES DEGREE AT A&M COLLEGE

Mrs. A. M. Whitt, Billy Whitt, Mr. and Mrs. L. W. Sides and Mike, were at College Station over the weekend to attend Commencement Exercises for Billy Joe Gunter. He received his degree in Agricultural Engineering.

Mr. and Mrs. Gunter and daughter, Martha, will visit here with her mother, Mrs. A. M. Whitt and other relatives for a week before moving to Dumas, Texas, where Mr. Gunter will be located with the Soil Conservation Service.

Mr. and Mrs. J. C. Street and daughters, Mrs. Ben Pope and Mrs. A. M. Justis, of Marshall, former residents of Goldthwaite were guests of their sisters and aunts, Mmes. J. W. Weathers, L. B. Ashley, Frank Hines and Miss Greta Sue Hines, Saturday. They also visited a number of friends while here.

Scout Camp Billy Gibbons Opens June 1 For 1959 Season

Hundred Boy Scouts and leaders from fifty Troops will be under the guidance of Scoutmasters and Advisors will be at Camp Billy Gibbons from June 1 through 21. The camp is located on Brady Street in San Saba County, near Brady Springs, on Brady Street and will begin its twenty-first season next month.

The camp program includes swimming, boating, archery, horse riding, marksmanship, handicrafts, nature study, Indian Lore and activities. Council fire activities, Indian dancing, ceremonial story telling, songs and campfires will highlight the camping activities. The promotion of Scouts in Scouting advancement in rank is made attractive with presentation of awards at Courts of Honors at the closing meal each Sunday noon.

"Each camping period opens Monday mornings June 1, 8 and 15 and closes Sunday afternoon and it is our concern that every Scout and Explorer in the eight-county Comanche Trail Council will attend camp with his Troop and Post" according to Lowell Pouncey, Chairman of Camping and Activities.

The camp staff is composed of veteran campers, who are tried and proven, and will serve throughout the season. They include Ross Merrill of Breckenridge, Mike Pitts and Bill Moylan of Eastland, Tommy Ford of Ranger, Bob Bain and Billy Bailey of Stephenville, Eddie Boone and Jerry Templeton of Dublin, John Tompkins of Lampasas, Forrest McGregor of Richland Springs and James Kinzel, Billy Orton, Bennie Rogers, Jan Wall, James Smith, Larry Spore, Gordon Byrd, Richard Wilkins, Bill Barnes, Tom J. Pinto, Leon R. Smith and C. C. Meecham of Brownwood. Scoutmasters and Advisors are also on the staff during the week they are in camp. The professional staff of the Council will also serve on the resident staff.

Girl Scout Camp Wood Lake Opens June 7 For 1959 Season

Mrs. A. C. Robbins, president of the Heart of Texas Girl Scout Council, announced today that Camp Wood Lake, the council-owned established camp, would open its fourth year of operation on Sunday, June 7.

Camp Wood Lake is located 23 miles from Brownwood in the 36th Division State Park. It is a beautiful site located on the shores of Lake Brownwood. The site contains 73 acres of wooded hills and valleys, with a shoreline offering endless opportunities for real camping. There is a waterfront for swimming and boating.

In the main camp, there is a large dining hall which will accommodate one hundred, a craft house centrally located for all campers to use, and two camping units. Each unit contains seven tent frames and a shower house. In addition, there is a troop camp building that is open the year round for troop camping.

The outstanding feature of a Girl Scout camp is the way it is set up. Knowing that there are good and bad features in both large and small groups,

the Girl Scouts have set up a plan of camping that retains the virtues of both. It is called the unit plan. The camps are large enough to provide a variety of people and activities. On the other hand, the camps are divided into small units, giving the girls the chance to form friendships easily and receive personal attention from the counselors.

The unit plan of camping is an effective way of teaching self-government. The girls elect their own unit representative, and thereby help to run their small camp community. In learning the techniques of managing their own affairs of today, Girl Scouts prepare themselves for active citizenship tomorrow.

Approximately \$50,000 has been spent in developing Camp Wood Lake. The money for the most part, has come from the Annual Girl Scout Cookie Sale, conducted by the girls themselves. The camp will accommodate 48 campers per week. All fly-up Brownies, Intermediates, and Senior scouts are eligible to attend. One and two-week sessions are offered.

Camp program is planned by the girls under the guidance of their counselors. Swimming and boating instruction is a regularly scheduled activity with a certified Red Cross Instructor in charge. Other activities consist of archery, natural crafts, dramatics, singing, games, skiing, cookouts, and over-nights.

The Girl Scouts were among the first to establish high standards of health and safety in camping. Today the Girl Scouts are acknowledged leaders in good camping practices. Their national standards are founded on the best experience of local camps, and on the recommendations of the American National Red Cross and state and Federal health departments. Locally and nationally there is active cooperation with the American Camping Association to maintain these high standards.

The Heart of Texas Council develops, operates, and maintains the camp. Mrs. Ray A. Hoyle is executive director of the Council. Mrs. Wayne Holland is camp director. All camping sessions are supervised by Girl Scout staff members.

Questions And Answers About Social Security

Question: I will earn \$4700 this year. I understand that I will be paying social security tax on the full \$4700 instead of \$4200. Why was this amount increased?

Answer: The earnings base for social security credits was increased from \$4200 to \$4800 because wages in general have gone up in recent years. By raising the earnings base, it is possible for more people to get social security credits for all of their earnings instead of only part of them. Thus you now get credit for your total earnings of \$4700. Benefits based on these higher earnings will be larger than before.

Question: My son works for me in my business. Should I report his wages?

Answer: If your son is under age 21, his wages are not covered for social security purposes; if he is age 21 or over, his wages should be reported. If he works for someone else, his wages are reported regardless of his age.

**"A MEMORIAL DAY
FOR PREACHERS"**

I Thess. 5-25—Brethren
pray for us.

Somehow the practice of praying in particular for the preacher has lapsed into disuse or even become offensive. But prayer, to the preacher, is not simply a duty or just a privilege, but it is an absolute necessity. Air is no more necessary to the lungs than prayer is to the preacher. It is absolutely necessary for the preacher to pray. It is an absolute necessity that the preacher be prayed for. These two truths are wedded into a union, which ought never, never know any divorce.

The closer to God a man is, the higher is his estimate of prayer, the clearer is his understanding that God gives Himself to the praying ones, and that the amount of God's reve-

lation to a soul is measured by the amount of that soul's earnest, longing, continuing prayer for God. Paul is an illustration of this: he asks, he covets, he pleads in an impassionate way for the help of all God's saints. Paul knew that units of prayer combined, like drops of water, make an ocean which defies resistance.

May not the secret of Paul's pre-eminence in labors and results, and influence on the church and the world, be found in the fact that he was able to center on himself and his ministry more of prayer than all others? To his brethren at Rome, at Ephesus, at Colossae, at Corinth, at Philippi, he wrote in essence what is summed up in the appeal to the Thessalonians, "Brethren, pray for us."

Paul did not feel, as some seem to feel today, that this urgent plea for prayer was a lowering of his dignity, a lessening of his influence or a depreciation of his piety. What if it did? Let dignity go, let influence be gone, let his reputation be marred—HE MUST HAVE THEIR PRAYERS.

Do you pray for your preacher? Do you pray for him in secret? Public prayers are of little worth unless they are founded on or followed up by private praying. The praying ones are to the preacher as Aaron and Hur were to Moses. They hold up his hands and decide the issue that is so fiercely raging around them. If Paul was so dependent on the prayers of God's saints to give his ministry success, how much greater the necessity that the prayers of God's saints be centered on the ministry of today! Brethren, pray for us!

Local Library To Sponsor Summer Reading Program

A reading program will be sponsored by the Jennie Trent Dew Memorial Library this summer for all children from pre-school through the 8th grade, beginning June 1 and continuing through September 1st. Theme of the program will be "World Traveler."

Awards will be given to children completing a required number of books for each grade, but recognition will be given for each book read, whether a certain number is finished or not.

The library is FREE and library days are Monday, Wednesday and Saturday afternoon from 2:30 until 5:30 o'clock. The library is closed only on holidays taken by the businesses downtown when they fall on a library day.

Every person is urged to use the library. It is operated for the benefit of the people of this city and county.

Center City Study Club Has Program On Texas Journalism

The Center City Study Club met on May 7 in the Fellowship Center with Mrs. R. V. Geeslin as hostess and Mrs. Arnold Head, co-hostess. Mrs. Harry Welch gave the devotional and the president, Mrs. Bertram Geeslin, presided during the business meeting.

Mrs. R. V. Geeslin, program leader, gave the history of "Journalism in Texas." The "Life of Joseph Pulitzer" was given by Mrs. Ercher McCasland.

At the end of the program, the hostesses served a delicious salad plate to those present. At the next meeting on June 4, Mrs. I. Tony Sr., will be hostess and the program for the June meeting will be "Great Women of History" and will be given as a pageant.

Everyone has a most cordial invitation to attend this meeting on June 4 at 8:00 p. m.

Clementine Wilmeth Briley Writes From Temporary Home In El Paso

By CLEMENTINE WILMETH BRILEY

Here we are arrived at the last week of school. I have been trying my best to get packed, to transplant the rest of the chrysanthemums, to tie back the new runners on the Paul's Scarlet Rose, to plant the marigolds and zinnias, to spray the roses, and to do all the odds and ends that need to be done before we leave for home.

I tried to call Ora Hooper Herring this evening. Her daughter-in-law, Mrs. Hooper Herring, answered the phone. She said the Herrings had been gone back to their home at Indian Creek about two months.

I called Mrs. Mordant Grady. She said her mother passed away at Topeka, Kansas, May 2. If she had lived till May 8, she would have been 97. When the message came, the Grady's were at A&M College attending the 50th anniversary of the graduation of his class. She left immediately for Topeka. Mordant had to get back to his work at El Paso, but he came back by way of Brownwood and Indian Creek to visit the Grady kin at these places. I was surprised to learn from them that Eugene Posey of Indian Creek had recently passed away.

A card from Mrs. Edna Dwyer yesterday, (Thursday) said they had had another good rain, but they needed a hard rain to put out water for the stock. Mr. and Mrs. P. R. Reid of Goldthwaite and Mr. and Mrs. Charm Wittenburg and Clint and Jack came home with her for dinner after church last Sunday. And did they enjoy one another! She said to us, "Hope you will come home soon as school is out. Don't stop and visit along the way, only to see Nell."

Mr. Pennington, El Paso's chief pigeon trapper, estimates that 15000 pigeons have been captured and disposed of since the pigeon eradication program started about two months ago. Since young pigeons are extremely good to eat, he says he has been approached by a number of restaurant operators who want him to furnish them with young pigeons. He says he is too busy now, but he may do it later.

Baudouin I, King of the Belgians, visited for four hours in El Paso Monday, May 18. He is said to be one of the world's most handsome monarch and most eligible bachelors. His youth was troubled with tragedy. His mother was killed in an auto accident when he was only five. When Belgium was invaded by the Germans in 1940, the Royal family sought refuge in France and Spain. He later became one of Hitler's prisoners. A little romance came to light with his arrival in El Paso Monday. For six years Miss Cira Serros of El Paso has been his pen pal. And she was out in front with the military dignitaries and received from the King a nod of recognition when he arrived.

Cira says when he visited the United States with his father in 1949, their pictures were

published in the Weekly Reader which reaches all El Paso School classes. She was eleven. She said there was something about the picture which attracted her. She wanted to write him then, but was too timid. Three years later her teacher asked her to write a report on some famous person. She read all she could find on King Baudouin, then wrote a letter and sent a picture of herself. She said, "I want you to be my pen pal. I know all about you as a King, and now I would like to know you as yourself." She was later thrilled when she received a card from the Palace at Brussels which said, "The King thanks you for the gracious message which you sent him. He is touched with the sentiments which it expressed." The

school-girl was overjoyed. She wrote her report, attached the card, and got an A-plus from her teacher, who was also thrilled. Since then she sends the King a telegram on his birthday, Sept. 7. She remembers him at Christmas with a card with her picture on it, and he in return sends cards.

From the Airport the royal visitor and party were escorted to Noel Field where the King received a 21-gun salute. He then received a 45-minute briefing by Fort Bliss officers. Then he and his entourage were escorted to Tobin Wells Field on McGregor Range, where the King exchanged greetings with the Belgian troops, numbering more than 200, in training there. He reviewed the troops and witnessed a Nike battery in action. The visitors returned to Fort Bliss for a reception at the Officers' Club at 12:30. At 1:30 they left from the airport for Los Angeles where at 8:30 that night they would attend a dinner given in honor of the King.

OUTDOORS IN TEXAS

bass, is our favorite fish in Texas. But he's not really a bass. He's a member of the sunfish family. So are the bluegill (bream), rock bass, and crappie.

The white bass is a true bass, and the only one we have in Texas' fresh water.

When I was a boy, we went fishing for perch. But we never caught perch. We caught a lot of bream (bluegills), and we called them perch. They have many, many other popular names.

When a fellow tells me that he caught some white perch, I really don't know whether he means crappie or white bass. But in either event, I know he is employing a misnomer. Actually, the white perch is a sea bass found along the Atlantic coast.

Technically, there is no such thing as a perch in Texas... white or any color.

Okay, so a friend of mine goes fishing. Imagine a conversation between him and me when I see him next.

"Hello, Joe. How's fishing?"

"Pretty good, I guess. Caught three micropterus salmoides, half a dozen marone (or roccus) chrysoptus, and a six-pound ictalurus lacustris punctatus."

Well, that's really great. Now all I have to do is look all this stuff up somewhere and find out that he captured three black bass (largemouth), six white bass (sand bass, sandies, barfish, striped bass), and a channel cat, (spotted cat, blue channel, willow cat, fiddler cat).

Let's say the poor guy caught some crappie. In that case, being technical, he'd call the white crappie a pomoxis annularis (White perch, speckled perch), and the black crappie a pomoxis nigromaculatus (white perch, calico bass, strawberry bass).

TODAY'S Menu

Leg Of Lamb Is Roasted In Three Different Ways

By ALICE DENHOFF

LAMB roasts are a favorite for family or company dinners, and can be prepared in many delicious ways. Here is a captivating assortment of new ideas and suggestions on how to make lamb roasts.

Roast and Sauce

The first is roast lamb done with a delectable sauce.

For 8-10 servings, use a 5-lb. leg of lamb. Place meat on rack in roasting pan. Sprinkle with ½ tsp. rosemary. Bake at 300° F. 2½ hrs.

Drain off drippings.

Add 12-oz. jar currant jelly, ½ c. canned pineapple juice and 10-oz. jar mandarin orange sections (undrained).

Bake 30 min. to 1 hr., or until meat thermometer registers 175°-180° F., depending on the desired degree of doneness.

With a Flourish

If you want to make roast lamb with a flourish and a gour-

met touch, try this recipe, which is for a 5-lb. leg of lamb.

To serve 6-8, combine 2 tsp. salt, ½ tsp. pepper, tsp. basil, ½ tsp. rosemary, small, crushed garlic clove and ¼ c. chopped mint. Rub lamb with this mixture.

Place lamb on rack in shallow roasting pan. Bake in slow oven 300° F. for 3 hrs.

Brush lamb with 1 c. commercial sour cream and bake at 300° F. for 30 min., or until thermometer registers 175°-180° F., depending upon desired degree of doneness.

Herbed Lamb

To prepare an herbed leg of lamb to serve 6, place a 5-lb. leg of lamb on rack in roasting pan. Bake at 300° F. for 2½ hrs.

Sprinkle with ½ c. fine dry bread crumbs, tsp. rosemary, salt and pepper to taste. Bake 30 min. to 1 hr., or until meat thermometer registers desired degree of doneness.

Personal Paragraphs

Mr. and Mrs. Alvin Harris and children of Fort Worth were guests of his mother, Mrs. H. P. Harris Sunday.

Mrs. Ruby Simpson and son, gaspergou. Well—the gaspergou is not really a gaspergou at all. He is a fresh water drum, sometimes called a rockfish or river perch (aploidiatus grunniens), a kinsman of the salt-water drum.

Speaking of salt water—the flounder, captured along the Gulf Coast, also is called a sole, a summer flounder and a flatfish. No use to go into all those Latin names.

The speckled trout is properly a spotted weakfish, also known as trout, yellowmouth sow trout and speck.

The redfish, properly the channel bass, is a red drum, a rat red, or a bull red. The black drum is a drummer, butterfly drum, or hogfish. The pike, properly robalo, is a snook or striped trout.

You probably have heard many of these fish by other names, in addition to those I have mentioned. The crappie alone has about 60 different appellations over the country, and some of the names for crappie, erroneously, are the right names names for other fish. So it's a wonder any angler ever knows what another angler is talking about.

There's Latin, as well as English confusion, too. As indicated above, the white bass is sometimes the rocco chrysoptus and sometimes the marone chrysoptus. Possibly we can take heart in the fact that the Romans agreed on his last name.

A largemouth bass is a largemouth bass. If you call one a bronzeback, you are using one of his nicknames. The small-mouth bass is something else. So is the spotted, and so the white bass. But those are the accepted names.

A carp is a carp. He's not a bugle-mouth bass.

Fresh water catfish are blue catfish, channel catfish, and flathead catfish, the latter being what you have been calling a yellow catfish.

Crappies are rightly two and two only—black and white. By any other name, they fry delectably, too. But we are trying to get their names straight.

In the bream category there are bluegill sunfish, green sunfish, longear sunfish, pumpkinseed sunfish, redbreast sunfish, redear sunfish, and spotted sunfish.

If you know them all apart, you are an aquatic biologist.

TWO COLOR REEL—Application of the Star-Dray principle of line tension, in Gulf fishing, is gradually being applied to reels used for inland water fishing.

Garcia has combined the Star-Dray principle with the popular closed-face reel in its Abumatic 60.

They have gone a step farther by adding color to the cap of the reel. This makes it a very attractive red and black combination.

James Leslie and Mrs. and Mrs. P. K. Caraway spent Sunday in Stephenville with Dr. and Mrs. P. A. Caraway and daughter, Jill.

Mr. and Mrs. J. F. Sellers of Big Spring, Mrs. Inez Dossett of Crane and Mr. and Mrs. Felix Landers of Hico are guests of Misses Ada and Annie Sellers. Mrs. J. F. Sellers and Mrs. Dossett also visited Mrs. Bill Fox.

Mr. and Mrs. C. D. Griffin and daughter of Odessa were guests of Mr. and Mrs. Dave Shaw and Billy Roy last weekend.

Mr. and Mrs. Ernest Irby and Furman Yarborough of Kerrville visited in the Bruce Burnett home Sunday afternoon.

Mrs. Bruce Burnett accompanied by Mrs. J. H. Burnett visited with Mr. and Mrs. Web Laughlin of Moline Wednesday afternoon.

Mrs. John Philen and Mrs. Ora Crockett of Brownwood were business visitors in town last Thursday and also made several visits to friends.

Mr. and Mrs. W. B. Wooster returned home last Saturday from a visit with their son, Mr. and Mrs. Jack Wooster and son, Kenneth, at Perryton. While there they also visited at Dal-

Washington Newsletter

By Congressman O. C. FISHER

Economy-minded forces in Congress received their most severe set-back of the year last week when the House passed a Senate-approved housing bill that will cost \$6 billion—about 90 per cent of which will be subsidies which somebody is going to have to pay until the year 2000.

It was a Christmas-tree, bonanza bill with all the trimmings, aside from its good features which include extension of the FHA program.

Among other things, the measure authorizes 190,000 more high-cost public housing units, at a cost to the taxpayers of \$3.7 billion. Under this program the government builds housing units and then rents them to tenants for a fraction of the real rental value. It was discovered the other day that over in Boston 353 firemen and policemen, with families, each earning more than \$5,000 per year, live in subsidized public housing projects there. The net average subsidy to each public housing unit throughout the country now amounts to \$40 per month. That is what it costs taxpayers, each month, for every public housing unit that is built—and it goes on for 40 years.

A Presidential Veto is almost certain, in view of the President's repeated expression of interest in economy and a balanced budget. If a veto occurs, it will be sustained by the House.

Mr. and Mrs. Raymond Little and Bessie Crews were in Dallas the first of the week, where they attended market.

hart, Dumas and Amarillo and reported the grain crop looking wonderful and that the area had had some good rains.

Mr. and Mrs. Wooster spent Monday in Fort Worth with Rev. and Mrs. Harold D. Willis and they report that Mrs. Willis is not improving too rapidly from her recent car accident.

Mrs. Edna Patterson and granddaughter, Nan Kirby, spent the past weekend in Austin where they visited relatives.

Mr. and Mrs. Eris Ritchie and daughters, Janell and Judy, of Troup, are guests of his father, Joe Ritchie, and other relatives here.

Mr. and Mrs. Vic E. Koleber took their daughter, Mrs. Ralph Massey and little son, Jimmy, home last Friday and spent the weekend in Teague with the Masseys.

Mr. and Mrs. Ray Duren, Azalee Leineweber and Harold Yarborough attended market at Dallas the first of this week.

a little girl's World

All blue skies, all serene days . . . and always within easy reach . . . everything to make her happy. Little girls expect it to be so. And, if Daddy had his way, it would be like this, always. But even the most ideal childhood—planned so carefully by the best of parents—cannot last forever.

The most we can hope to do is help the youngsters grow up strong . . . willing to assume responsibility . . . able to carry burdens with grace and dignity . . . finding meaning in their own particular lives. But while they are still children there is this that we can do. We can show them how much we depend on weekly worship, by taking them with us, to our church or synagogue.

Friday evening there was a very bad cloud, high wind, hail and rain in this community. The hail was small. George and I were at Lake Merritt Saturday afternoon and George had to move large mesquite limbs from the road, which were blown from Mr. Oden's pasture. I checked the rain gauge and it measured 2 1/2 inches. The hail broke the glass in the gauge but I put up a new gauge this morning.

A. L. Crawford and O. A. Evans reported high wind and hail and two inches of rain. V. T. Stevens reported 2 1/4 inches, Hugh Nowell 2.8 inches, Allen Hardgrave two and 4 inches. At O. L. Harris' the rainfall amounted to 4 1/2 inches and his cotton crop was damaged.

A large crowd from here attended the rodeo at Mullin last Monday and Tuesday nights. I especially enjoyed the march, which included 212 horses, two donkeys and a little colt. I am sending these folks a little poem from the old Circle B

One Star Unit Makes Texas Debut

Latest air conditioning advance is this remarkable "Lone Star" with extra capacity for dehumidifying as well as cooling. Frigidaire engineers developed the unique dry-cooling system for hot, humid areas. It can remove up to three barrels of water from the air each week. Clammy feeling in room is reduced. The unit also dehumidifies with reduced cooling on hot days when temperatures are mild. Here, young home-demonstrates simple dial controls. Because of extra capacity, conditioner is well suited for dry areas, too. Note through-the-wall installation and built-in shelf arrangement.

Scallorn News

By MRS. ORA BLACK

The one inch rain which fell here Friday afternoon was greatly appreciated. The wind which accompanied the rain did some damage to out-buildings.

Dr. Alfred Quinn of Brownwood, a former pastor of the Scallorn Baptist Church, filled the pulpit Sunday morning at First Baptist Church, Lometa, in the absence of the pastor, Rev. Jack Clack.

The Social at the Scallorn Center for this month was well attended. Next meeting at the Center will be the night of June 11th. A basket lunch will be served.

Mr. and Mrs. Harold Brearley from Fort Worth spent the weekend here with their parents, Mr. and Mrs. T. A. Casbeer.

Layton Black of ACC, Abilene, was home for the weekend. He returned to Abilene Sunday in his Dad's pickup to bring back the year's accumulations. On Monday he takes his final three tests and expects to be home Monday night for the summer vacation.

Mr. and Mrs. Fred Wittenburg of Lometa visited Saturday afternoon with Mr. and Mrs. T. A. Casbeer.

A small dog belonging to Billie Black was bitten Saturday by a large copperhead snake. A quick trip to the veterinary at Lampasas probably saved the life of "Tippy."

Personals

Mrs. Ora Black spent Monday night in Blanket with the Laughlins and Tuesday in Brownwood with a Mrs. S. M. Black.

Guests Wednesday of the A. Casbeers were Mr. and Wallace Durst and Mary. Weldon Lemons from Pinto spent Monday night C. H. Black. Weldon is a member of the Blacks.

Mrs. C. H. Black, who accompanied Dr. Jack A. Taylor and family of Austin on a visit to California for a visit to the James Teague family, expected to arrive at home Thursday.

KELLYS AND COVINGTON ENTERTAIN GUESTS

Mr. and Mrs. Arnold K. and children, Kenneth, Carolyn, entertained the visiting guests last week: Mrs. Ward and children, D. Gary, Dianne and Dickie Amarillo; Mrs. Billy Harland and children, Linda Sue, Randall, Monahans. They visited the Jerry and the Covingtons.

Wednesday night the group and Mr. and Mrs. Covington and children, Noel, Cheryl and Richard of city, visited their parents and Mrs. Walter Covington of the Big Valley community enjoyed ice cream.

INSECT CONTROL

Modern chemicals to control insects, the Texas farmer would pay an annual cost of \$1.50 per acre for a pound of seed cotton to produce 3 pounds of seed.

Figure represents an average loss to insects over a period. In some years, the loss would have given up the crop to insect infestation and in a few cases, the loss of their production would be 42 per cent, more than the average annual loss on untreated plots.

Insecticides are becoming more effective, too. The advent of modern organic insecticides have resulted in yield gains of 53 per cent. Before 1945, when farmers depended upon inorganic insecticides such as arsenicals and sulphur, yield increases amounted to about 34 per cent annually.

Highest cotton production on treated plots and the greatest increase over untreated plots occurred in the 1955 tests. Treated cotton produced 1,461 pounds of seed cotton per acre as compared with only 778 pounds on untreated plots. The greatest per cent increase was in 1946 when 403 pounds per acre were harvested from untreated plots and 1,304 were gathered from treated land. The percentage gain attributed to insect control was a whopping 156.6 per cent.

The most troublesome pests during the years of research have been the boll weevil and bollworm. Until the mid-1940's, the cotton aphid was a big factor in yield losses but it has been losing its "punch" in recent years. The cotton flea-hopper is erratic — causing heavy damage in some years and then practically disappearing in others.

The cotton leafworm and desert spider mite do not usually develop to proportions that can influence crop production.

In view of the proven importance of an insect control program, Texas farmers are urged to contact their local agricultural agents for aid in developing an efficient schedule of field treatment.

GENERAL HOUSTON

A gentleman recently from Fort Belknap, who never supported General Houston, says that there is but one sentiment among the people along the entire road from that place to Austin, upon the subject of the gubernatorial election. Almost without a dissenting vote, all were clamorous for Houston, as our next Governor.— Austin Southern Intelligencer.

The San Antonio Herald mentions an attack, by a party of Tonto Apaches, upon Mr. Burk, a teamster in the employ of the Overland Mail company, at a point a short distance below "Murderer's Grove station," on the route. He received three arrows in his back, and lost his wagon and mules.

THE QUESTION SETTLED
Vicksburg, May 12 — The Southern Convention today passed the resolution in favor of repealing the laws against the slave trade, by a vote of 47 yeas to 16 nays, each state voting its electoral vote.

We have not seen who were Governor Rannell's Delegates from Texas, or whether the Governor himself had reached there. This action of the Ultraists will strengthen the confidence of the enemies of the National Democracy, in favor of their African slave trade candidates; and it will render it necessary for the friends of the Constitution and the Union, who believe that labor by a white man is not degrading to

be vigilant.— Austin Southern Intelligencer.

Everywhere in my travels I find Sam Houston to have risen rapidly in the public estimation. If he was dead and buried in 1857, as was claimed by his opponents—he certainly has been resurrected in this year of grace 1859.— Correspondence Jefferson Gazette.

For God's Grace there are some requirements on our part: His Word says: "But the mercy of the LORD is from everlasting to everlasting upon them that fear Him, and His righteousness unto children's children; to such as keep His covenant, and to those that remember His Commandments to do them.— Psalm 103:17,18.

Rough Fish Taking Over On Colorado

Austin, (Spec.) — Although some very fine fishing can be found in the reservoirs along the upper Colorado, the upper river itself is not very productive as far as game fish are concerned. The director of inland fisheries, Texas Game and Fish Commission, reports that this part of the river depends entirely on run-off for its source of water and is thoroughly dominated by rough fish.

"Even though this part of the river has potential, it is not now a very ideal spot to fish," said Toole. "A vast network of streams and creeks feed this part of the river and they are not reliable sources," he added. "The flow of the river in the upper regions is regulated by a series of reservoirs," he continued. "However, these reservoirs are not operated with any consideration of the existing or potential fish populations."

River carp suckers, gizzard shad, and sunfish are the dominating species, according to a survey of the upper stretch. The sunfish, because of their abundance and very small size, are considered a fishery problem rather than a valuable resource. As a result of the survey, 43

Tax Man Sam Says:

After April 15 every year thousands of Texans heave a sigh of relief at having the income tax business out of the way for another year.

Of course, you don't ever complete your income tax business. The things you do throughout the year will affect your taxes. Everyday you earn money or you buy or sell something. All of these day by day dealings add up to determine the amount of income tax you will owe for the year.

If you are one of those people who have recently bought a few shares of stock in the stock

market the date of buying or selling can make a big difference.

May I sing the same song and the same verse, "Read your tax instructions before, not afterwards."

Rural Traffic Accident Released For April

Sergeant G. E. Simmons, Jr. of the Llano Area, of the Texas Highway Patrol, released Blanco, Llano, Lampasas, San Saba, Mills and McCulloch Counties' Rural Traffic Accident Summary for April 1959.

The Highway Patrol in this Area investigated a total of 20 accidents with the following breakdown: Property Damage 13, Personal Injury 5, and Fatal Accidents 2.

Sgt. Simmons reported a total Property Damage of \$18,000.00 with 8 persons injured and 2 killed. This is a decrease of 2 accidents and an increase of 2 deaths for the same period of April 1958.

Mills County had a clear record for the month of April with no rural traffic accidents reported.

10% FEDERAL EXCISE TAX

You are still paying a 10% Federal Tax on your telephone service. This tax was created as wartime "emergency" luxury tax and it still stands although the war has been over for 14 years. And who would call a telephone a luxury. You are the one who pays this unfair tax. Your telephone bill would be 10% smaller without it. If you want relief, we know your Congressman and Senator would be interested in your views.

Take it from the experts CHEVY GIVES YOU 7 BIG BESTS!

Take it, not from us, but from the published opinions of outside, independent experts and from on-the-record facts and figures: Chevrolet gives you these 7 big bests over any other car in its field!

<p>BEST BRAKES</p> <p>In direct competitive tests of repeated stops from highway speeds, conducted by NASCAR, Chevy out-stopped both the other leading low-priced cars—and why not: Chevy brakes are far larger, built with bonded linings for up to 66% longer life.</p>	<p>BEST ENGINE</p> <p>Every motor magazine has given Chevy's standard and Corvette V8's unstinted praise. As SPORTS CARS ILLUSTRATED puts it: "Indeed, this device is surely the most wonderfully responsive engine available today at any price."</p>
<p>BEST STYLE</p> <p>POPULAR SCIENCE magazine sums it up: "The fact is, in its price class the Chevy establishes a new high in daring styling..." It's the only car of the leading low-priced three that's unmistakably '59 in every modern line.</p>	<p>BEST ECONOMY</p> <p>No doubt about this: two Chevrolet Sixes won their class in the famous Mobilgas Economy Run, got the best mileage of any full-size car.</p>
<p>BEST TRADE-IN</p> <p>Check the figures in any official N.A.D.A. Guide Book. You'll find that Chevy used car prices last year averaged up to \$128 higher than comparable models of the "other two."</p>	<p>BEST ROOM</p> <p>Official dimensions reported to A.M.A. make this clear. For example, Chevy front seat hip room is up to 5.7 inches wider than competitive cars.</p> <p>BEST RIDE</p> <p>You'll be able to tell this yourself, instantly. But MOTOR TREND magazine expresses it this way: "... the smoothest, most quiet, softest riding car in its price class."</p>

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

Austin, Texas—There's a "get on with it" mood among House members during this special session.

House was the target of some criticism after the regular session for having made almost no progress in money-raising.

This session the House began processing money bills at a fast clip. Initial action indicated there was less opposition in the House to Gov. Price Daniel's tax program than during the regular session.

Many in the lower house seemed to be in a mood to get as much as possible over to the Senate and "let them worry with it a while." Then, if the finance problem still isn't solv-

ed at the end of this session, they hope people won't be saying that the House "sat on its hands again."

Senate attitude toward the various money-raising approaches is largely an unknown quantity. No money-raising bill ever came to a vote in the Senate—either in committee or on the floor—during the regular session.

Debt-Paying Bills—Three bills recommended by Governor Daniel to wipe out the \$65,000,000 state deficit received first legislative attention. These measures are:

1. "Bookkeeping bill" designed to lop \$28,000,000 off the Aug. 31 deficit by crediting cer-

tain money to this year instead of next year.

2. One-year increase in the corporation franchise tax to bring in \$17,000,000. Sponsor Rep. Joe Ed Winfree of Houston called it "a donation by Texas business" toward bailing out state government.

3. Abandoned property act, to transfer to the State Treasury, funds unclaimed for seven years. Estimates vary as to how much it would bring in; sponsors say about \$20,000,000 the first year, \$2,500,000 a year thereafter. It was re-written after its defeat last session, but bankers still aren't happy.

First two of these bills received quick House approval.

Governor's Permanent Program—To cover new money needs for the next two years, the governor is pushing a separate tax program, a "package bill" known as H. B. 7.

It would raise an estimated \$161,000,000 in two years.

Affected by the bill would be (1) natural gas, with a reduction from 7 to 5 per cent in production tax and addition of 5 per cent "severance beneficiary" tax, (2) interstate corporations, with a new and complex taxation formula, (3) utility companies, with an increase in the gross receipts tax, (4) cigarettes, one cent per package more, (5) other tobacco products, except snuff, to be added to sales tax fold, (6) liquor, increase from \$1.408 (correct) to \$2.50 a gallon sales tax, (7) automobiles, with sales tax increase from 1.1 to 1.5 per cent.

Rep. George Hinson of Minneola is sponsoring the bill.

In the past weeks the governor has been making a vigorous round of conferences and talks, rounding up support for his program. He launched it before the Legislature with a speech pouring fire and brimstone on the heads of lobbyists. He accused the "third house" of causing expensive delays.

Other Tax Bills—As in the regular session, there is no lack of ideas for raising money.

Besides the governor's bills, these have been proposed:

(1) One per cent tax on all manufactured goods, by Rep. Jerry Sadler of Percilla. To bring in an estimated \$200,000-

000 annually. Businesses grossing less than \$25,000 annually would be exempt.

(2) 1.5 per cent general sales tax, by Rep. Frates S. Seeligsong of San Antonio. Food, feed and fertilizer would be exempt.

(3) One per cent tax on retail sales, one per cent on personal income and three per cent on corporate income, by Rep. Louis Anderson of Midland.

(4) Five per cent tax on corporation net profits, by Rep. Dean Johnson of Houston.

(5) Five per cent tax on trading stamps, by Rep. Joe Chapman of Sulphur Springs.

(6) Graduated oil tax, by Rep. Bob Eckhardt of Houston.

Re-Run On Appropriations—Re-approving the appropriation bills passed during the regular session was no great stumbling block for either House or Senate.

As before, both houses passed bills calling for 1960-61 spending totaling about \$2,400,000. House bill would require some \$333,000,000 from the general revenue fund; the Senate bill, about \$20,000,000 less.

Only change on either side was a House amendment to cut off to dependent children payments for illegitimate children after the first one in a family. By having more children, said Rep. H. J. Blanchard of Lubbock, unwed mothers get more money from the state. House members agreed the payments encouraged illegitimacy.

Hard part on getting out an appropriation bill will be settling the House and Senate differences in conference committee. No conference group was appointed in the regular session. Some predicted there would be no effort to come to final agreement on spending this session until ways to pay for it had been agreed upon.

Too Much Oil—Texas oil allowable for June will be 282,738 barrels a day less than for May.

Texas Railroad Commission set the statewide flow at 2,904,414 barrels a day on a 10-day producing pattern.

It is the lowest allowable since last July. Both independent producers and major buyers asked the Commission for a sharp cut. They said there is a surplus of petroleum and the threat of a glut on the market.

Gone With The Wind—If you inherited some of grandfather's Confederate bonds, just look on them as keepsakes. Texas Supreme Court has held that the state cannot pay them off.

Holders of some state Civil War bonds issued in 1862 received legislative permission to sue the state for \$46,000 payment on the bonds. Lower courts held the state was not liable because of a general statute of limitations against debts that old Supreme Court upheld that ruling.

3 Mills County Boys— (Continued from Page One)

lished in the large airy dining room prepared by expert chefs to meet the physical needs of healthy growing youngsters.

Mrs. Glynn Delapp, camp chairman for Mills County has been busy for several weeks selecting worthy boys, those who otherwise would not have an opportunity to spend a full week in camp where there is fun, recreation, companionship, relaxation, crafts, organized sports—all under guiding hands of men whose lives have been dedicated to the task of helping others.

Boys who spend a week at Camp Hoblitzelle this season will find a new attraction—the huge but gentle St. Bernard dog that was imported from Switzerland and presented to Camp Hoblitzelle as companion and playmate for the children who spend their vacations there.

Camp Hoblitzelle, located on a beautiful wood tract of 340 acres, seven miles south of Midlothian and eight miles west of Waxahachie, within less than one hour's automobile ride from Dallas, has well arranged playgrounds for all boys' sports, with modern playground equipment; swimming pool, lake for boating and fishing; organized sports under direction of experienced coaches—everything that can bring happiness and a realization of the dreams and hopes of growing boys.

Camp Hoblitzelle has been provided by The Salvation Army for the boys of Texas. Through the generous gifts of more than one hundred liberal men and women of the state, who provided money for purchase of the land and for the buildings and other improvements that have been made there. The Camp is operated by The Salvation Army for the benefit of the boys who find good food, pleasant experiences, and happiness there.

American Legion Memorial Service Scheduled At Priddy

Announcement was made Tuesday that Memorial Day Services will be held by the American Legion post of Priddy, at the American Legion Park Saturday evening at 6:30 o'clock.

The American Legion park is located one-half mile East of Priddy.

One Child Out Of Ten Enters Mental Hospital

By GARRY CLEVELAND MYERS, Ph.D.

THE National Committee for Mental Health estimates that, at the present rate, one out of ten children in the United States will enter a mental hospital during his lifetime. Naturally, we parents would like to do everything in our power to help guarantee that this one child out of ten won't be ours.

Healthy Atmosphere

We need to strive as parents to have good mental health ourselves and to provide our children with a mentally healthy family atmosphere. Everything we have discussed over the years in this column, bears some relation to mental health in ourselves and our children.

We have often stressed subjects such as these: understanding our children; providing them with abundant love and security; helping them learn healthy, wholesome inhibitions as bases for self-control; teaching them to have respect and concern for the rights and feelings of other persons; aiding them to acquire self-reliance, responsibility and self-drive so as to develop, as far as possible, their native abilities.

Due to Restraint

In observing a person who's mentally ill, we may conclude that the patient is suffering from all sorts of inhibitions— from something within that seems to be holding him back. From this we may jump to the conclusion that all inhibitions are bad, and that children should rarely or never be re-

strained. Indeed, some extremists, a few decades ago, asserted that the way to prevent mental illness in adults was to free them from practically all inhibitions in infancy and childhood.

Today most writers on child rearing are admitting, even insisting, that some definite limitations, especially in the child's early years, are very desirable for his best mental health and development.

I myself have long believed that selective early restraints—inhibitions, if you please—are highly essential for cultivating mental health.

Reversion to Primitive

The mentally-ill person often reverts to primitive, instinctive acts and speech; he reverts to those patterns that were not curbed or displaced by earlier habits of behavior. He lacks self-control.

The prevailing practice of permissiveness is hardly favorable for cultivating good mental health.

ANSWERING PARENTS' QUESTIONS

Q. Our son, seven, is in the second grade. He is rated B in reading. He can't be an A student until he can be an A reader. How can we help him?
A. Assist him with reading at home. He should gain from reading well-illustrated materials that are interesting to him.

Mt. Olive Church— (Continued from Page One)

A. B. Neal, a deacon of the church, is the only remaining charter member of the church. He has been active in the church throughout the 60 years.

The church has recently undergone remodeling and redecorating with the exterior getting new asbestos shingle siding. The floors were redone and new pews were purchased and installed as well as carpeting.

DINNER ON THE GROUND

The church family has practiced through the years and still does have dinner on the ground every Sunday that services are conducted at the church.

SPECIAL MEETING

As a part of the 60th anniversary observance there will be a special Fifth Sunday three day meeting at the church this coming Memorial Day weekend. The meeting will be conducted Friday through Sunday with preaching on Friday at 11 a. m. and 7:30 p. m. On Saturday services will be conducted at 2:30 and 7:30 p. m. and on Sunday at 11 a. m.

On Saturday there will be dinner on the ground at noon and supper in the evening. There will also be dinner on the ground on Sunday.

Visiting ministers will be Elder Hilton Crain, Altus, Oklahoma, Elder Harold Russell, La Pryor, Texas and Elder Ben Howse, Big Spring, Texas.
