Church Of Christ At Star To Begin Revival Meeting

CHARLES J. HILL, Minister

of the Goldthwaite Church of Christ, will begin a Gospel Meeting at the Star Church of Christ, Friday night, July 31.

Services are scheduled for 10 a. m. and 8:15 p. m., daily July 31 through August 9. Sunday services will be at 11 o'clock and Bible Study at 10 a. m. Congregational singing will be under the direction of Lon Jones, Minister of the Star Church.

Mr. Hill is a native of Johnson County, Texas, and a 1949 graduate of Abilene Christian College, Abilene, Texas, with a B. A. degree in Bible. He has also served churches of Christ at Cleburne, Texas, Ellettsville, Indiana and Stevens Point, Wisconsin. His wife is the former Vivian Hall of Greenup, Illinois.

Minister Jones has been living in Star since March 1, 1959, and prior to that time preached for them while he was a student in Abilene Christian College. He has completed most of his work on a master's degree at that institution.

Lon Jones will preach at the local Church of Christ Sunday, August 2.

RAY STANDLEY ATTENDS READING CONFERENCE

Ray Standley attended a Reading Conference sponsored by the Texas Association for the Improvement of Reading and Stephen F. Austin State College, July 23-24, at Nacogdoches. Main speakers were Dr. Roy Kress and Dr. Bill Martin.

Mrs. Floyd Medford and Johnette have returned home from Marlin, where Mrs. Medford was a surgical patient at Torbett Clinic and Hospital.

Raymond Little Wins Saddle Pony At F.F.A. Rodeo

Raymond Little was the lucky winner of the saddle pony which was given away by the American Legion Post at the FFA Rodeo last Saturday night.

Members of the Legion Post had been accepting contributions for the past three weeks in a campaign to raise funds to retire the remaining indebtedness on the new Legion Hall Building.

Little in turn sold the pony to W. G. Saylor for \$200 and announced a \$50 contribution to the FFA chapter and \$50 to the Lions Club Legion Hall Kitchen fund.

Members of the Legion raised more than sufficient funds to retire the balance due on their building amounting to \$292.55. They had announced previously that any funds left on hand after their building is paid for would be turned over to the Lions Club Legion Hall Kitchen fund. Officials announced Monday that \$135 would be turned over to the Lions Club for that purpose.

C. O. GEESLINS RETURN FROM VACATION TRIP

C. O. Geeslin and wife have just returned from a visit to their daughter and son-in-law, Lt. Col. Clark, Scott A. F. B., Illinois. Also another daughter and family, Mr. and Mrs. E. J. Grinetti, Billings, Montana.

They also saw the Black Hills in South Dakota, Yellowstone Park, also Estes Park in Colorado.

They were accompanied on their trip by Mr. and Mrs. Olen Thompson of Katy.

Legion Meeting Scheduled For Thursday Night

Members of Harry F. Edmondson Post American Legion will have a special meeting at the Legion Hall Thursday night (tonight), at 8 o'clock, it was announced Monday by officials of the organization.

There will be a report from the nominating committee and officers are to be elected for the new year. Installation of officers will take place at the next meeting.

NOTE BURNING

Officials also announced that there will be a note burning ceremony at the Thursday night meeting. This will climax a drive conducted the past few months to raise funds to retire the remaining indebtedness on the new Legion Hall Building. They raised enough funds during the past three weeks to retire the indebtedness and the building is now paid for.

Night VB School To Be Held At Local Church Of Christ

Vacation Bible School at the Goldthwaite Church of Christ will be conducted August 10-14. Classes have been arranged for pre-school children through adult students. One special feature of this school is that it will be conducted at night. Nightly sessions will begin at 7:30 p. m., and continue for one hour.

Everyone in Mills County has a cordial invitation to come and study the Bible. The school will be under the direction of the elders of the local church, P. L. Hancock, Glenn Miller and Allen Hardgrave, according to announcement by Charles J. Hill, minister of the local church.

Two Blocks On Sixth Street Paved This Week

Paving on two city blocks on West Sixth Street was completed this week, according to announcement by W. C. Barnett, city manager. These two blocks are from Hutchins Street to Barrow Street, in the Southwest section of town.

Property owners are getting ready for paving on several other blocks, or streets, where they are signing up for sharing the cost of paving.

More paving is expected to be undertaken within the next few days.

At the first night of the Rodeo last Thursday night, Rev. Presnall H. Wood led the invocation after which the Grand Entry was made. After the introduction of rodeo officials the rodeo got underway. Results of the rodeo are as follows.

PLAN AD CAMPAIGN—Two pretty members of the University of Wyoming's 1960 Yearbook staff, business manager, Kay Osborne, from Riverton, Wyo., left, and editor Peggy Blackwell, of Goldthwaite, Texas, plan an intensive advertising campaign with the aid of this year's WYO. Target of the duo's salesmanship will be Wyoming businessmen, who soon will be tapped to place ads in the 1960 WYO. Miss Blackwell is the daughter of Mr. and Mrs. Hollis Blackwell. —(UW Photo)

Little League Invitational Tournament Here August 13-15

Mills County Little League officials met Tuesday night and completed plans for a Little League Invitational Tournament to be held here on August 13, 14 and 15. Ed Thornton, president of Little League, announced that they expect to have from four to six outside teams taking part in the tournament. Only boys in the 8-12 year old bracket will be allowed to play in this tournament.

Due to the F. F. A. Rodeo last

weekend the Little League games scheduled for Friday night were all postponed with the exception of the two games at Evant. Results of the games there were as follows:

July 24 — At Evant
Evant Recruits 5, White Caps 3; Evant VFW 10, White Sox 6.
In the games played here Monday night the Red Caps and Evant VFW teams were top winners with scores as follows:

July 27 — At Goldthwaite
Red Caps 9, Evant Recruits 8; Evant VFW 16, Red Sox 3.
In the games played at Priddy Monday night the Priddy Majors carried off their game with the Minors tying the White Caps.

July 27 — At Priddy
Priddy Minors 2, White Caps 2; Priddy Majors 12, White Sox 1.

Big Valley Baptist Church Revival Aug. 2-9

The Summer Revival at the Big Valley Baptist Church will begin Sunday, August 2 and continue through Sunday, August 9. Services will be each evening at 8 o'clock preceded by prayer meeting at 7:30 o'clock.

Rev. Robert Richardson, pastor of the East Side Baptist Church of Baytown, will be the evangelist for the revival. Rev. Richardson is a graduate of Baylor University and a second year student at the Seminary. He has conducted a number of revivals and has been pastor two and a half years. Rev. Bill Scott, pastor of the church, will be in charge of the music.

Everyone in Big Valley and the surrounding communities are most cordially invited to attend the revival.

Weather Report

Rainfall recorded here since last report measured .92 inch, according to official report from Harry Allen. This brings the rainfall for the month of July to 3.13 inches.

Mills County Retail Sales Up

Mills County retail sales have increased during the three year period from 1956 through 1958, a show. Total retail sales in Mills County in 1958 were

\$6,284,000. This reflects an increase of nearly a half million dollars over 1956 when sales were \$5,804,000. In 1957 sales were \$5,950,000.

Retail sales in West Texas last year increased over 1957 at a rate 19.7 per cent greater than the rest of the state, according to a story in the July issue of "West Texas Today," official publication of the West Texas Chamber of Commerce.

Based on copyrighted figures reported by Sales Management, Inc., the article also reveals that the 132-county region to the WTCC recorded an increase for the year of \$254,616,000 in effective buying income.

The county-by-county listing of retail sales for 1958, 1957 and 1956 in the magazine article indicates that increases in 1958 over 1957 were realized by all eight of the eight counties in the over \$100 million category, in three of four of the \$50 million group, in seven of nine in the \$25 million to \$50 million group, in 25 of 42 in the \$10 million to \$25 category, in 11 of 33 in the \$5 million to \$10 million group, in nine of 29 in the \$2.5 million to \$5 million group, and in two of seven in the less than \$1 million category.

Funds Needed By Lions Club Pay Legion Kitchen Debt

Members of the Lions Club expected to set into motion a near future a campaign to raise funds to help retire the debt due on their project of building the kitchen and hall at the American Legion Building.

neighborhood of \$1,000. When the program got further along and equipment was purchased it amounted to approximately \$1,200.

A number of individuals and business firms contributed to the fund as the weeks passed. With the latest developments and contributions to the fund it has grown to the point where the Lions Club now owes only \$372.

Lions undertook this program some months ago when it decided to make the Legion the permanent home for the club.

Club officials are keenly interested in getting this balance paid off and those who have not contributed and desire to do so are urged to send their checks to W. P. Duren at Mills County State Bank.

STATE OF THE UNION—Following is a kind of report on the state or the union which some politicians and wasters of public money would prefer the people didn't see. It is a report by Edwin Vennard, managing director of the Edison Electric Institute, to the Rotary Club of New York City and to all fellow citizens interested in preservation of freedom under self-government:

Federal government non-defense spending per family has increased from \$86 in 1930, to \$548 in 1959, or more than 500%.

Federal non-defense spending has increased from \$2.6 billion in 1930, to \$28.1 billion in 1959, or about 1000%.

Exclusive of the armed services, the Federal government now employs 2.1 million people as compared to 644,000 in 1930, an increase of over 200%.

In May, 1959, Senator Harry F. Byrd said: "Nearly 40 million Americans will receive direct payments from the Federal Treasury this year!"

In December, 1954, Rowland R. Hughes, then Director of the Bureau of the Budget, said: "(The Federal government) is, among other things, the largest electric power producer in the country, the largest insurer, the largest lender and the largest borrower, the largest landlord and the largest tenant, the largest holder of grazing land and the largest holder of timberland, the largest owner of grain, the largest warehouse operator, the largest shipowner, and the largest truck-fleet operator. For a country which is the citadel and the world's principal exponent of private enterprise and individual initiative, this is rather an amazing list."

All taxes in 1930 took 13% of the national product, as compared to 29% in 1958.

The National debt has grown from \$540 per family in 1930, to \$5500 per family in 1959, an increase of more than 900%. And in this year of great prosperity, we are not requiring that our government live within its income from Federal taxes. We are about to go further into debt, meaning we will borrow from future generations and may devalue the dollar in order to get more government hand-outs today.

Mr. Vennard says: "If these trends continue, what will our children face 30 years from now? Isn't it about time that we take a serious look at this situation and do something about it? And by we, I mean you and I — not someone else."

NO EXCEPTION—The success of powerful labor organizations in tying up basic industries to enforce higher and higher demands, is booming automation. The result is a constant drop in available jobs. And product or service can price itself out of the market and labor will find it is no exception to the rule as lower cost imports cut deeper and deeper into domestic production. Boycotts and strikes won't build payrolls or force consumers to buy.

KNOW YOUR FRIENDS—"It is a strange American political phenomenon that, although most of the vocal protest against more Government spending and higher taxes comes from the well-to-do, it is actually the small-and middle-income people who pay the taxes. This is true simply because there are so many more people with low incomes . . ."

Thus writes L. Robert Driver, in a brief article appearing on the editorial page of The Saturday Evening Post of June 6. And Mr. Driver does not merely make a statement—he supports it with irrefutable facts.

One example—If the tax on all taxable incomes, after exemptions and deductions, of over \$6,000 a year were raised to 100% "the extra revenue would not pay the annual interest on the Federal debt, much less take care of the new demands of the spenders."

A second example: Almost three-quarters—73%—of all the revenue from the Federal income tax comes from people in the \$4,000 a year and under brackets.

Mr. Driver provides many another fact and argument concerning the "soak the rich" fallacy. Soaking them doesn't produce much money, comparatively speaking, but it does stand in the way of investment and industrial expansion that would work to the great and lasting benefit of the masses of the people.

Mr. Driver's point, in conclusion: "It is a paradox that those who urge reduction of Government expenditures, which would help the tax-ridden 'little fellow', are denounced as 'reactionaries', while the spenders, whose policies are leading to his ruin, are embraced as his friends."

PRICE OF LIBERTY HAS NOT CHANGED—FBI Director J. Edgar Hoover observes that the nation faces a dual menace — "the communist conspiracy attacking from within and from abroad, and a criminal conspiracy, made up of the lowest dregs of the lawless who are attacking our statutory and constitutional safeguards."

He adds this all-important observation: "Our forefathers fought to gain liberty; our struggle in this, the nuclear age, is to maintain and perpetuate it." Many Americans, perhaps even most, seem to think liberty is a fixed and eternal principal which can be taken for granted. All through history that attitude has made possible the destruction of liberty by its enemies. The price of liberty, now as ever, is eternal vigilance.

WHEN THE OLD BIRD WAS YOUNGER

10 YEARS AGO—
(Taken from The Eagle Files of July 29, 1949)

Miss Edith Thompson, daughter of Mr. and Mrs. Blue Thompson of Ebony was married to George Russell of Big Spring, Saturday evening, July 16, in the prayer chapel of the First Methodist Church of Brownwood.

Miss Pearl Casbeer was elected a delegate to the Baptist WMU Meeting in Ridgecrest, N. C., the first two weeks in August, at a recent meeting of the Moonbeam Tong Circle of the First Baptist Church Women's Missionary Society held at the Austin Woman's Club. (Austin American.)

Mr. and Mrs. R. E. Worley and sons, Rellis Earl and John, spent Sunday in Whitney, where they attended a reunion of the members of Mr. Worley's High School graduation class. The boys remained for a longer visit with their grandparents, Mr. and Mrs. J. E. Worley.

Captain and Mrs. Cecil C. Fowler and sons left for their home at Ft. Bragg, North Carolina, Thursday of last week, after a week's visit with her parents, Mr. and Mrs. W. B. Summy.

Mrs. J. B. Harper was born March 31, 1912 in Pancake, Texas, Coryell County, and passed away in Gaston Hospital in Dallas, July 26, 1949, after several months illness.

Little Miss Glenna Loraine Armstrong made her arrival at noon Friday, July 22, at the Seaton Hospital, Austin. She weighed six pounds and eleven ounces. She is the daughter of Mr. and Mrs. Glynn L. Armstrong. Her paternal grandmother is Mrs. Annie Armstrong and maternal grandparents are Mr. and Mrs. Lewis Covington, all of Goldthwaite.

25 YEARS AGO—
(Taken from The Eagle Files of July 27, 1934)

The Goldthwaite Cheese factory will not be operated after August, according to an announcement given the Eagle. The business will be continued as usual and the station and routes will be maintained. The cheese making will be done in the factory at Comanche until further announcement.

Miss Octovene Swanger, one of the Eagle's most appreciated young lady friends, brought us some mighty nice grapes this week.

Mr. and Mrs. J. M. Puckett of Sonora visited in the Lewis Hudson home Friday and Saturday. Mr. Puckett is a brother of Mrs. Hudson.

J. R. Rudd of the Comanche Chief was a visitor to the city Tuesday and made the Eagle a fraternal call. He was the moving spirit in issuing a mammoth edition of the Chief last week, which was indeed a credit to the town.

Miss Myrtle Morris died at the family home in this city last Friday morning. She had not been sick and expired while assisting with household duties.

Dr. and Mrs. J. E. Brooking, both of whom have undergone operations in the hospital at Temple, are reported to be getting along nicely.

Oren Reynolds, son of W. W. Reynolds of Caradan, was badly hurt in an automobile accident at Van Horn last Saturday night.

A young man by the name of Straley suffered a broken leg last Sunday afternoon, when his motorcycle fell with him when it struck a mud puddle in the yard at the family home.

During the picnic at Ratler last week some of the old settlers met and organized the Chuck Wagon Association. T. J. Hufstutler was elected president; J. H. Burnett, vice-president; B. F. Renfro, master of ceremonies; M. L. Jernigan, chuck wagon cook and master of barbecuing; and John S.

50 YEARS AGO— (Taken from The Eagle Files of July 31, 1909)

Mr. J. K. Brim and Mrs. M. J. Hanlon were married in this city last Sunday afternoon.

Dr. S. A. Lowrie, late of Talpa, has located in this city for the practice of medicine and has formed a partnership with Dr. M. L. Brown.

Tom Mauldin fell from a window in the upper story of the residence of his brother, Wash Mauldin, in Big Valley, while walking in his sleep Tuesday night and his injuries are serious.

J. M. Allen and Norman Weatherby this week sold the Luther Manning farm, five miles east of town, to J. W. Young and took in part payment the residence in this city occupied by B. F. Geeslin.

Rev. G. W. Gartman has bought a big red automobile of the Maxwell make and will use it for the public service. The car has made a number of trips between this city and San Saba this week.

J. C. Street has received his magnificent automobile, the Overland, and is becoming quite an expert in the management of the machine.

If the drivers of autos and teams would always turn to the right when meeting on the public road there would not be so much danger of a collision. As it is, some turn to the right, some to the left, and some refuse to turn at all.

Mrs. H. E. Brown and sons left Thursday night for their future home in Houston where Dr. Herbert Brown has located for the practice of his profession.

County Clerk Atkinson issued marriage license since last report to S. P. Reynolds and Miss Bertie West, J. K. Brim and Mrs. M. J. Hanlon, O. G. Camp-

One-key control: only Chevy in its field has done away with fumbling for two or three keys. The same key unlocks the door, starts the engine, opens the glove box and trunk.

WHY DO WITHOUT THIS CONVENIENT LITTLE TOUCH... LET ALONE

THESE BIG CHEVY VIRTUES!

BIGGER BRAKES

Not only bigger, but built with bonded linings for up to 66% longer life. Just to prove what's what, Chevy out-stopped both of the "other two" in a NASCAR-conducted test of repeated stops from highway speeds.

*National Association for Stock Car Advancement and Research

GREATER ROOMINESS

Official dimensions reported to the Automobile Manufacturers Association make this point abundantly clear. For example, Chevy's front seat room is up to 5.9 inches wider than in comparable cars. And Chevy even offers more front seat head room than all but one of the high-priced cars!

MOST ADVANCED ENGINES

We'll let SPORTS CARS ILLUSTRATED talk about Chevy's standard passenger car and Corvette V8's: "Indeed, this device is surely the most wonderfully responsive engine available today at any price." And every motor magazine concurs! There are eight V8's to pick from—the widest choice in Chevy's field.

FRESH STYLING

POPULAR SCIENCE magazine's experts took one look and said, "In its price class, Chevy establishes a new high in daring styling."

HIGHER TRADE-IN

N.A.D.A.* Guide Books carry the proof of Chevy's extra trade-in value. They show that Chevrolet used car prices last year averaged up to a solid \$128 higher than comparable models of the other two cars in Chevy's field.

*National Automobile Dealers Association

FULL COIL RIDE

You've almost got to find a really rocky road to show off Chevy's easygoing ride to full advantage. MOTOR TREND magazine gives you an idea, though: "... the smoothest, most quiet, softest riding car in its price class."

BIGGER SAVINGS

Two Chevrolets packing out pennypinching 6 with Powerglide delivered a whopping 22.38 mpg in this year's Mobilgas Economy Run, winning the first two places in their class and walking away with top honors among all full-size cars. How can you argue with a figure like that?

No wonder more people are buying Chevrolets in '59 than any other car

MARCH OF EVENTS

More Signs Indicate That Ike Wants Nixon

Supporters Now Hope For Open Endorsement

By HENRY CATHCART
Central Press Association Washington Writer

WASHINGTON—A discreet but determined drive is under way in Washington to keep Vice President Richard M. Nixon in the lead position he now holds for the Republican presidential nomination.

This can be seen in the increasingly important tasks being assigned to the California, such as his imminent trip to Moscow and his chairmanship of the federal economic study commission.

President Eisenhower's recent surprise trip to New York to visit the Soviet trade exhibit, considered to be another step to boost Nixon. In Washington, it is contended that the President was persuaded to make the trip primarily to assure that Soviet Premier Nikita Khrushchev would make a like appearance while Nixon is in Moscow.

Mr. Eisenhower also wholeheartedly endorsed the Nixon economic committee findings concerning the need to curb inflation. With the President's help, Nixon is getting a lot of headlines from matters dealing with the national economy to foreign affairs, two subjects on which he must be well-grounded if he is to be accepted by the GOP political delegates.

Nixon's supporters are greatly encouraged about his chances against the threatened opposition of New York Gov. Nelson A. Rockefeller. They point out that President Eisenhower would not go to these lengths to build up anyone whom he did not want to see in the White House. They have used this argument with telling effect on some Republican state leaders.

In fact, some of Nixon's supporters are now predicting that he will be given Eisenhower's open endorsement either at the convention next year, or just before it.

● **STRONTIUM-90**—The most potent danger to human life resulting from atomic bomb testing is carried in strontium-90. This radioactive substance falls all over the earth, is absorbed in growing plants and is taken in as food by humans. Its effects are long lasting and show up principally in bone cancer.

Word has been received in Washington that a promising method is being worked out to remove strontium-90 from milk, a principle form in which it is taken into the human body. The method is being worked out by the American Dairy Science association under the auspices of the Atomic Energy commission.

The new technique, in recent tests, removed up to 94 per cent of the S-90 content of milk without hurting milk's calcium content. Technically, the process is known as ion-exchange chemistry, and the principle employed is similar to that used in home water softeners.

If the process proves practical and economical, it will greatly reduce one of the severest hazards that has developed in the atomic age. Presumably, over a period of time, the same or some similar process will be able to remove S-90 from other food substances, making humans virtually impervious to cancer caused by radioactive fallout.

● **FEDERAL EDUCATION AID**—Recently the National Education association bombarded congressmen and senators with telegrams urging them to approve a Democrat-sponsored federal aid to education bill.

While the telegrams were signed by teachers from the 50 states they all came from St. Louis where the NEA was holding its annual convention. The cause of the avalanche was a report that spread through the convention that the bill's sponsors were about to eliminate money for teachers' raises in order to reduce its total and make it more palatable to the economy-minded Eisenhower administration.

The teachers may not know it, but their action had the effect of driving another nail in the coffin of any legislation this year. The telegrams bolstered the stand of their Democratic supporters in Congress. However, any bill of the size now contemplated faces a sure veto by President Eisenhower.

WASHINGTON AND

"SMALL BUSINESS"

By C. WILSON HARDER

In the days of Kipling's British Empire whenever some colonial galloped up to report "Sahib, sahib, the natives are restless," a battalion of the Right Royal Foot Fusiliers, or some such outfit would be rushed to the scene where it would be handled with no nonsense.

But the Empire has a much better way these days. If the colonial natives are not happy, the United States Treasury, supplied

with dollars from taxes on American free enterprise, rush into the breach to save colonialism and its profits for the Empire.

At least this is all indicated in the report for 1958 just published by the International Cooperation Administration, or ICA, the current name for Washington's huge foreign give away operation.

It is interesting to note that at the end of 1958, ICA listed over 11,000 employees of which more than 9,000 were overseas somewhere, and 143, classified as "unassigned complement" were presumably sitting around waiting for somebody to dream up a nice new boondoggle for them.

But this is not really the great paradox when U. S. public seems to have accepted, at least by default, the fact that billions are being thrown around the world.

But what really throws the chicken feathers in the fan is the reported fact that ICA has people on duty in British Guiana, British Honduras, Jamaica, Surinam, and Trinidad. ICA also has some people in British East Africa.

© National Federation of Independent Business

rica. In addition, there are a sizeable number in some of the French colonies.

Now there may be some excuse for American give away experts to be in Trinidad. Not many years ago it was understood the favorite song down there was run and Coca Cola. Now apparently there is no shortage of rum down there, but perhaps they need some free Coca Cola.

Thus, the nation comes face to face with one of the weirdest natives. If about the entire world wide give away programs.

There is perhaps some excuse for helping out in a small, undeveloped independent nation that could use a friendly hand right now. But to go into other nation's colonies with ICA "fast buck" boys seems quite absurd.

The whole colonial system was based on the colonizing nation making a little profit out of the natives. If there was no profit, either the world power pulled out, or else sold to some other nation that figured it could do with the extra land.

In fact, the United States picked up considerable choice real estate this way such as the lands in the Louisiana Purchase, Alaska, the Virgin Islands to mention some.

It is perhaps unfortunate this give away gimmick wasn't thought of many years ago, because if it had, Texas might still be a Mexican colony, Davy Crockett would have lived to kill more bear, and the Alamo would have been ICA headquarters to pass out fresh new U. S. tax money every time the native got restless. It would almost seem the early leaders who made this nation great were either short of vision, or short of cash.

Fishing is a democratic sport. It doesn't care whether you use a drop line, trotline, pole or casting rod, just so long as there is something to eat at the end of the line. And he doesn't care a fin-wiggle what something is.

become a good catfisherman. It helps too, if you know something about the catfish's eating and living habits.

For instance, the catfish is a bottom feeder. So, if you want to land a cat, let your bait sink down near where he is.

Also, it's good to know the peculiarities of the various species of catfish. So let's divide the catfish tribe into three broad families and discuss how best to take each of the species.

CHANNEL CAT: Probably the most sporting of the catfish.

The channel cat, however, is no more choosy a feeder than his cousins. He is available to fishermen using the usual catfish bait. This includes insects, crayfish, worms, frogs, various fishes such as perch, minnows, etc. Also "stink bait," commercially prepared, or made from the most evil-smelling concoction you can invent.

Here's a popular stink bait formula: Place cut-up shad or sunfish in a jar of water and forget about it until it becomes nice and ripe. Mix this with some adhesive "body" such as dough or cotton. Then mold into balls and place on the hook.

Channel cats generally are found around fast-flowing water. However, many factors enter into their choice of lurking places. As an old-timer puts it, "You gotta fish in the place where fish are at."

During the day, channel cats are more often found in deep water, near logs or underbrush. Knowledge of their probable whereabouts can come only from experience. Time of year and time of day often determine their location, and this varies in different localities.

Angling for this tasty-meated fish is an art in itself. Daylight fishing especially requires shrewd figuring on the fish's hiding place, whether you are casting or pole fishing.

On your rod, or pole, use 30-lb. test line and be sure your sinker is stout. Attach a sinker just above a 1½-inch hook (catfish have big mouths)

along the bottom appears more for a weighted bait carried natural to a channel cat than bait hanging from a float.

Rod and pole angling can be done from bridges, piers or banks. But best results come from wading or walking the shorelines, plunking your offering toward any spot that looks likely, such as logs, brush, holes, pillings, etc.

Channel Cats are caught on trotlines occasionally, but the trotline method is more often used for the blue and yellow cats.

Drop lines are more effective for channel cat. To fix a good drop line, take the necessary length of stout trotline, tie to an overhanging tree branch and attach your weighted hook and bait to the lower end. Let the line dangle several feet under water so that the movement of the branch will move line and bait up and down.

For bait, use small live perch, shrimp or stink bait.

BLUE CAT: The largest of the Texas catfish, with a maximum weight of 150 pounds. Blue cats are found all over Texas in various sub-species. Mostly they inhabit large lakes and streams. Usually they are taken by trotline fishermen using whole shad, sunfish, suckers, carp, or bait cut from these fishes. However, smaller blues often are caught with rod and reel, cane poles, and drop lines.

If you intend to use a trotline, be sure it complies with local regulations.

An average trotline has from ten to thirty hooks, set three or four feet apart, attached to the main line by stagings, or leaders, each about two or three feet long. Where possible, stagings should be attached to the trotline by swivels, to prevent the fish from twisting off.

Use a 75-lb. to 100-lb. test for your main line, and also for the leaders, or stagings. Weight your stagings and attach to each a 1½" to 2" hook. Allow ten or more feet free of staging at each end of the trotline.

Tie one end of the trotline to a tree or stake on shore. Tie the other end to a snag, rock, or stake, out to whatever distance you determine best for your particular body of water. Weight the main line in the middle with rocks or iron. Bait the hooks with your predetermined lure, then attach a turkey bell to the shore end of the line.

Now all you have to do is sit back and wait for the ringing bell to tell you that there is a fish somewhere out yonder on your line.

YELLOW CAT: Also known as mud cat, flathead, etc. Maximum size over 100 pounds, sometimes over 5 feet in length. This catfish lives and feeds on the bottom, so set your trotline low to get results. Yellows hide under cutbanks, rocks and hollow logs. Bait your hooks with three or four inch sunfish, or a good stink bait. Otherwise proceed as you do with blues, only be sure your stagings drag the bottom.

Catfishing takes savvy, just as do all other forms of fishing. But if you'll use these tips and plain "hoss sense," before long you'll be catching catfish as large as are caught by the old-timers in the next boat.

Hillside Mission

By LIDA BYRNE
Why worry about the future? In God's sight, are we what we ought to be? He knows us. His Word says: "But rather seek ye the kingdom of God; and all these things shall be added unto you." St. Luke 12:31.

LIGHT CONTROL FOR MORE EGGS PER BIRD

Recent findings on the effect of light on poultry have caused poultrymen to sit up and take notice.

Nature in her wisdom has seen fit to correlate reproduction with the light phase of seasonal change.

Age affects the response of poultry to light. During the brooding period the chick needs lots of light. This means that all-night lights are beneficial during the brooding period. During the rearing period the light requirement is quite different. Rest periods are necessary for proper growth as the birds become older.

In the summer months additional lights may be given at night to induce greater feed consumption. Intermittent light is preferable. For example, one hour of light could be followed by a rest period of three hours of darkness and the process repeated throughout the night.

Too much light during the growing period is harmful in several ways. All-night light of high intensity may encourage feather picking. More important is the possible reduced life-time productivity of pullets given all-night lights during the growing period.

The hours of light required for egg production is not an all-or-none reaction. Pullets will reach sexual maturity with six hours of light. In addition to the hours of light, the intensity must be considered. While one foot candle is required for optimum egg production when hens are given 14 hours of light, about a fourth of that amount is required when all-night lights are used. With fryers, it is necessary only to give enough light so the birds can see to eat.

Tests are still being conducted, but with the desire to get a sustained high egg production, it is quite certain that

most poultrymen should consider light control for pullets.

Retailing of turkey parts, turkey steaks, cut-up turkey, and turkey patties is gradually increasing in Texas retail food stores. A recent survey shows that most purchasers interviewed at a supermarket handling the parts year-round are steady users of the product. More than half the shoppers served turkey parts three to five times a month.

Those buying turkey parts rated them very favorably to family acceptance compared with other meats such as beef, pork, fish and chicken. A wide variety of dishes is being prepared with turkey parts. Baking is the most prevalent method of preparation. Other methods include smothered, steamed, stewed, creamed, soup and salads.

Savings Bonds Sales Report For June

W. P. Duren, Chairman of Mills County's Savings Bonds Committee, reports that June bond sales in Mills County were 11.4% greater than May sales. Bond sales in Mills County totaled \$107,061 for the first half of 1959. This represents 47.6% of the year's goal for the county.

Sales in Texas for the first half of 1959 were \$81,960,468 or 44.9% of the year's goal of \$182.5 million.

"The fine sales increase shown in June points up the fact that thousands of Texans are interested in an investment where their principal and interest are fully guaranteed by the U. S. Treasury Department. I believe strongly in the bond slo-

Two GHS Students Attend Music Camp At North Texas

Denton, (Spec.)—Phillip Aldridge and Jimmy Blackburn of Goldthwaite are among 76 junior and senior high school musicians enrolled in a two-week Summer Music Camp at North Texas State College.

The camp will conclude August 1.

Aldridge is the son of Mr. and Mrs. Truett Aldridge, Caradan Route, and Blackburn is the son of Mr. and Mrs. T. J. Blackburn. They are students at Goldthwaite High School.

Summer camp students attend sessions of instruction in band, orchestra, chorus, dance band, theory, piano, music, literature, and conducting. Sectional rehearsals are also conducted.

In addition to the regular class work and rehearsals, a well-rounded recreation program is planned, including swimming, baseball, tennis,

dances, and songfests. Movies and picnics are also scheduled.

Sixteen regular staff members of the School of Music are instructors for the camp.

Regency News

By MRS. J. A. JONES

We have had another fine rain, two inches up to the present time. We may get more rain if Debra doesn't play out before it reaches us. The river got up 20 feet and when it gets right fishing will be good. If you are fish hungry get your lines ready.

Norman Harlineum of Edenburg is visiting us this week. We have enjoyed some good "42" games. He and Alton are fixing their lines to put out tonight and from the way they are working you would think they were getting a dollar an hour.

Mrs. Irene Whitley visited us Thursday night and Friday.

Mr. and Mrs. M. C. Partridge were in Brownwood Wednesday on business.

Robert Phillips and Andy Rowlett attended the Rodeo at Goldthwaite Friday night.

Mrs. Butch Rowlett visited her daughter and family, Mr. and Mrs. Nathan Allen in Brownwood, Tuesday and Wed-

nesday. They are remodeling their house.

Mr. and Mrs. M. C. Partridge and Juanita visited in Goldthwaite with Mrs. Partridge's parents, Mr. and Mrs. Ernest Jarrett.

Mrs. Cecil Egger went to Abilene Monday to see her daughter, Mrs. Dwight Goodwin.

Mr. and Mrs. R. D. Egger exchanged cars this week. They have a good looking Dodge.

Mrs. Hulon Egger, Maryanna and Woodie visited her parents, Mr. and Mrs. E. K. Wood Thursday night.

I want to correct a mistake, I wrote in last week's letter, E. K. Wood did not sell out. It wasn't exactly a mistake. The buyer just couldn't get the money.

Mr. and Mrs. Frank McClung visited Mr. and Mrs. Willard Edington Sunday.

Mrs. Pearl Shropshire of Colorado City visited this week with her sister and family, Mr. and Mrs. Willard Edington, Jack and Marsha.

Visitors in the home of Mr. and Mrs. Floyd Medford and Johnette Saturday were: Mr. and Mrs. F. L. Medford, Cary, Karen, and Cara, of Gatesville; Mrs. Gertrude King of Mullin; Mrs. Odessa Hollingshead and daughters, Earline and Teresa of Dallas. Also Mrs. Medford's sister, Mrs. Ora Ratliff of Zephyr and her daughter, Mrs. Hubert Kizer of Star and Mr. and Mrs. Otto Newton of Brady.

Mr. and Mrs. Ira Goodlett of Richardson were guests of Mr. and Mrs. Lee Birdsong, Randy and Terry, last weekend. The Goodletts also attended Church at the First Baptist Church Sunday.

Mr. and Mrs. Franklin D. Weathers and daughters, Sheryl and Rita are visiting their parents, Mr. and Mrs. F. D. Reynolds and Mrs. Bertha Weathers during their vacation.

Mrs. D. V. Westerman spent the weekend in San Antonio visiting her daughter and son-in-law, Mr. and Mrs. L. H. Linn and the new grandson, Gregory. Mr. Westerman spent Sunday in San Antonio and Mrs. Westerman returned home with him.

Mrs. C. T. Wilson and Mrs. B. Close of Coleman were business visitors in Goldthwaite Friday.

Mr. and Mrs. Cal Ball and son, Jerry, of Kingsville and Mr. and Mrs. J. D. Brim Jr. of Brownwood and daughter, Mrs. Ed Drake of Houston were guests of Mrs. Annie Brim the past weekend.

Mrs. Glenn Miller and sons, Lewis, Emmett and James spent last week in Odessa with her sister, Mrs. E. H. Roberds. While there they and Mrs. Roberds also visited Carlisbad Cavern.

Mr. and Mrs. James Scott of Keller visited friends here Sunday.

Mr. and Mrs. J. B. McCasland had as their guests last week Mrs. McCasland's sisters, Mrs.

Pearl Faver of Brownwood and Mrs. Velma Early of Abilene and Mrs. Callie Peall of Lubbock.

Mrs. Mattie Eddy and children of Lampasas visited her sister, Mrs. Walter Bryant, Mr. Bryant and Camille the first of the week. They also visited relatives at San Angelo Monday.

Moline "Pick-Ups"

She lives by the light of Faith

Is the light strong enough?

The lamp is an old one, but the light of Faith will always brighten her way.

She has learned the calm and serenity that come from a strong Belief. She has lived by the light of Faith and has built a strong spiritual reserve.

Can you count on this much? Can you face life squarely—tackle whatever obstacles you meet and overcome them?

You can—and will, if you have Faith. Find the strength for your life. Worship in your church or synagogue this week.

Find the strength for your life... worship together this week

By PEARL CRAWFORD

When we were in town last Monday afternoon it surely came a big rain. When we arrived home we found that we had also had a big rain, 3.7 inches. Some folks reported over four inches during the week. Thursday we had a very bad thunder storm, hard rain, high wind and hail. The wind did a lot of damage at the home of Mr. and Mrs. Riley Burdette.

The Long Hunting Club members did some hunting at the Crawford and Humphries farms Tuesday night. One member came to the Crawfords to get a gun to kill a coon the dogs had treed. They also killed a fox Wednesday night they hunted at the Evans and Ivy farms and chased and killed a fox.

A large crowd from here attended the Rodeo at Goldthwaite.

I attended the open house of Mr. and Mrs. Bob Johnson's Launderette. I surely did enjoy visiting them in their new business, everything is so nice and pretty. We wish them much happiness and success.

I wish to correct an error in my last week's letter stating that Mrs. W. O. Oden had visited in the J. S. Ivy home. It was Mrs. Orby Woody of Goldthwaite that visited in the Ivy home.

Guests of Mr. and Mrs. O. A. Evans included Mr. and Mrs. Bill Hord and sons of Fort Worth, J. N. Crook of Comanche, Mr. and Mrs. J. C. Bramblett, A. L. Crawford and William G.

Miss Lucy May Burrus of Meridian was a guest Sunday afternoon of Mr. and Mrs. W. P. Oxford and family.

A pretty picture post card came from Mr. and Mrs. J. B. Hopper of El Paso and Mr. and Mrs. Crawford Hopper and two sons, also of El Paso, stating they were at Basfield, California on vacation.

Miss Lucy May Burrus visited more quarters, you would be eligible for benefits.

Question: I am age 60 and drawing my social security benefits. My wife is age 66 and also receives benefits. This year she expects to earn over \$1200. Will this have any effect on my checks?

Answer: No. Under the earnings test, the working husband's earnings and the working wife's earnings are treated separately. Your wife should notify us that she expects to earn over \$1200.

Mrs. F. H. Tiemann

Guests of Mr. and Mrs. Shipman, Shirley and included Mr. and Mrs. L. L. L. and David of Lubbock, Benton Aldridge, Shiloh, Barbara of Brownwood, Louis Jones of Goldthwaite, Mr. and Mrs. Frank D. Austin.

Mr. and Mrs. W. W. Wayne and Steve attended revival at the Baptist Church Mullin last week.

Mr. and Mrs. G. O. and daughters visited the parents, Mr. and Mrs. A. C. and Alford Friday afternoon.

Mr. and Mrs. Tom Gray visited Mr. and Mrs. W. A. Mullin last night.

Mr. and Mrs. O. A. E. visited Bob and Ruth Thursday night.

Mr. and Mrs. J. S. Ivy to do some visiting over way, Thursday. They were taken by a big rain and they returned home in rain. They reported the high wind.

William G. Crawford, George and Pearl Crawford Sunday afternoon.

Mrs. G. K. Lynch visited Lynch at Temple several last week. He seemed to the folks visiting him and reported to be very feeble.

R. L. Cockrum reported Cockrum to be improving last few days. She has patient at a Brownwood hospital over a month.

Congratulations to B. Han, who celebrated his birthday Sunday. He honored him with a fun union. We wish for him more happy birthdays.

Of The Ebony Community

By CLEMENTINE WILMETH BRILEY

Mrs. Numa Crowder, Ill., arrived at the Crowder home about July 25 and has preached for us two Sundays at the Church. It has been a most successful visit, and last Sunday we were on the ground. Mrs. Crowder is the former Ruth daughter of Dr. George Searcy, Ark. She and

Numa have five children, but they left two of them with the Bensons in Arkansas. Numa and Ruth are both graduates of Abilene Christian College. From here they visited at Abilene, and also at Stamford where they went to visit his sister, Letty (Mrs. John Holder). Letty came home with them and was out at church Sunday. Numa preaches for the Church of Christ at Macomb. They give them a month's vacation every two years.

Numa is noted for building churches and growing gardens. Wherever he went, even in Guam in World War II, he got the boys together and had church. He had his mother send him bread and wine for Communion Service and seed for his garden. He still grows his garden in Illinois. To know who Dr. Benson is you should read about him in the Texas Agriculture, a magazine put out by the Farm Bureau. Ruth and Numa left Tuesday for San Antonio where they will visit the Truman Crowders. From there by Dallas to visit Mr. and Mrs. F. L. Crowder. Then on to Searcy and from there back to Macomb.

Mr. and Mrs. Hubert Reeves and John left last week for a vacation in California.

Mr. and Mrs. Austin Caywer had written Mrs. Edna Dwyer that they would not come back

by Ebony, but would go directly home from Abilene. And they asked her to forward all their mail to Ednabeth at Abilene. Imagine Mrs. Dwyer's dismay when we got back from church and dinner on the ground Sunday evening, to find the Caywers had come by after all, and had with them the two grandchildren, Shelley and Sherry, taking them home with them to Victoria. They had found the card from Mrs. Hanna telling about the dinner on the ground. So they knew where we were.

Mrs. Effie Egger went to see Mrs. Dwyer one day last week, and the two of them killed a rattlesnake in Mrs. Dwyer's orchard.

Nancy and Steve (Mr. and Mrs. Steve Williams) of Austin came home for a visit last weekend. But they found her parents, Mr. and Mrs. Hubert Reeves, gone, and so were Steve's parents. So they just went over to spend the night with "Granny and Pappy" (Mr. and Mrs. Stanley Reeves). And were they happy to be honored with these two favorite guests!

We really had rain this week. It rained all night Monday night and was still raining Tuesday morning. We have also had other rains. It has been too rainy to cross the creek. Hadn't heard from the mail box since Sunday until today. Thursday. There were lots of letters. The Beliches had arrived home after visiting with the Mitchells at Beaumont, the Sheffields at Port Lavaca, and the Ralph Wilmeths at Fort Stockton.

One of the things that has made me so happy this summer is a mass of blue wild flowers that has come up in my big flower bed just out side my kitchen window. Every morning they are just a solid mass of blue. The Texas Almanac calls them Dayflower or Widow's Tears. They have a drop of water between their two bright blue petals. And now since the rain, the rain lilies are coming like magic.

ELECTION TICKETS

We are now prepared to furnish election tickets to candidates and to others, at the low price of three dollars per thousand, and forward them to any part of the State. Send in your order immediately. First come, first served.—Southern Intelligencer.

B. H. Davis requests us to correct what we copied from the Bastrop Advertiser, about the relief Bill for the Lunatic Asylum. We have a letter from the Comptroller, which says, that no material additions have been made to the original specifications; and that the wail & co. were paid for in advance. Hence we can hear of nothing to be relieved, and presume that Mr. Davis is wrong in a whole and in part. We will publish any statement he will make.—Southern Intelligencer.

Mr. and Mrs. Cecil Egger are enjoying having their grand baby, Wayne Goodwin, with them awhile. His mother is a typist in the County Clerk's office in Abilene, so she is glad to have them take care of him for her, and they are enjoying every minute of it.

Since my son-in-law, O. R. Mitchell, painted the inside of my sleeping porch and left it all white and shiny, I decided I had better paint my iron bedsteads. So I got me a little can of paint and oh my, what a difference it made. I had enough left to paint the hot water heater and other odds and ends. It is strange how a little paint can make you look with such happy admiration on your own handiwork.

ONE IDEA

Capt. Billingsley, in Fayette County, is running upon the one idea of extending Buffalo Bayou, Brazos, and Colorado road to Austin. Not content with trying to aid the small concern which has been ten years crawling a few miles, he opposes the Air Line road from Brenham, which would connect the seat of government with the coast by a shorter and more certain route. This is enough to condemn the candidate with all unselfish men.—Southern Intelligencer.

THE UNION

So long as we confine ourselves to the Constitution and the Union, we need fear no danger to our institutions. Abandon these—let the dissolution come, and anarchy awaits us. Make a Southern Confederacy and there would be a Northern one. These men who have shown a disregard for the struggle of our fathers, will care

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

Austin, Texas—Tired reading about the Texas legislature?

Well—my friend—you're not alone. Seems like most everybody feels that way—including many members of the House and Senate.

Okay, then, for a little diversion let's look north and see what has been going on in our neighboring states.

Oklahoma's legislators also faced a financial crisis. How did they meet it? First they cut some needless expenses, eliminated waste and duplication. Then they appropriated for 18 months instead of 24. But they did not increase any existing taxes. Fortunately for them, financially at least, Oklahoma voted in liquor and they now have some brand new tax income—or will very, very soon.

Oklahoma, it must be remembered, has a state income tax and an across-the-board two per cent sales tax—two things Texas doesn't have.

Putting the state in a better light, collection-wise, Oklahoma legislators swiped Uncle Sam's idea and added a state withholding tax. This to assure more collections from their income tax.

Six months of continuous session has just been ended in the Sooner State. Although their financial problems are solved for the next eighteen months, after that a sizeable hike in taxes is expected.

Texas legislators have met almost continuously since January 13. They may even have to go into fourth special session. But if they do, they will earn the wrath of the old folks whose pensions stop in mid-August unless a sizeable tax bill is enacted. There is no doubt about it in Texas, the people are disgusted. And the legislators are disturbed.

There is much talk that many of them will not be re-elected.

Undoubtedly there are some who don't ever want to return to the legislative halls.

Many of the senators and representatives have tried hard to formulate a tax program that would care for the needs of the state. Their efforts have been stymied. During the past six months there has been talk of a unicameral legislature, like Nebraska's. Also there has been talk of a special election to let the public decide on taxes—especially sales taxes. Some officials feel that the public, if it had its say today, would vote for a sales tax—and thus take the monkey off the backs of the legislators. But so far no one has had the courage to introduce such a measure.

Soundings by the press indicate that a sales tax might very well be acceptable to the people—that the people fully realize the dilemma—that they at least would go along with a reasonable sales tax, although they might be firmly opposed to an income tax.

Maybe a special election on the subject of a sales tax is the answer. At least the public would have a say in the matter and our senators and representatives would not have to face the criticism they now fear. Wish somebody had thought of that earlier, don't you? An election could have been held on the subject at much less expense than that incurred in financing three additional special sessions, all of which actually centered around that very topic.

New Buildings—While the Senate and House are busy trying to find a way to finance the state's future operations, governmental buildings still are being erected around the Capitol. In fact, they are beginning to dwarf the major edifice.

Occupancy of the first of

these buildings to be completed has just been made by the Texas Employment Commission. Its six hundred employees now are housed in the \$2,400,000 structure.

A total of 11,000 pieces of office equipment were moved out of eleven downtown Austin locations into the new six-story building.

TEC began some 24 years ago with a staff of 25 employees in the state headquarters and 50 local offices. Now employed are 2,300 persons, with 93 local offices throughout the state.

Governor Signs Bills—A bill by state Senator Bill Fly extending the time for removal of the offices of the State Board of Insurance from the International Life Building in Austin has been signed by Gov. Price Daniel.

The Commission rents some ten floors of the building. However, the rent is paid by the various insurance companies in Texas.

Earlier Senator Fly secured passage of a bill calling for the removal of the Insurance Commission from that building and the construction of its own office headquarters. Work has not yet begun on the new building.

Other bills signed by Governor Daniel include one by Sen. Hubert Hudson, authorizing certain water districts to waive immunity from liability for negligence of its agents; a bill by Sen. Charles Herring relating to monies appropriated to the State Board of Barber Examiners; and two bills dealing with hunting and fishing. One, by Rep. Sam Parsons, would authorize the Game and Fish Commission to allow fishing and hunting of migratory waterfowl on lakes and rivers located upon a common boundary with other states. The other, by Rep. Zeke Zbrank, related to the catching of catfish from the Trinity River.

Long Invite Pocketed—A second attempt to get legislative approval of an invitation to Gov. Earl Long of Louisiana to address the Texas legislature has failed. The latest effort, by Rep. Bill Jones of Dallas, drew little support. Jones said that his invitation was a matter of "common courtesy" to the governor, who had expressed a willingness to address the Texas legislature when he came through the state recently.

Trinity Project Presented—An application from the Trinity River Authority to "appropriate" 840,700 acre feet of water per year from the Trinity River and to store 1,579,000 acre feet, or nearly a two-year supply, has been received by the State Board of Water Engineers. Hearing has been set for Monday, August 31.

The Trinity River Authority proposes to build a dam six miles southwest of Livingston in Polk County.

Its request calls for 95,200 acre feet of storage devoted to municipal use; 672,600 acre feet for industrial use; and 72,900 acre feet for irrigation purposes.

"LUKE" SOULES

J. D. Gamel, Executive Vice-President and general manager of the White Swan Coffee Company, Fort Worth, has announced that Luther H. "Luke" Soules has been elected to the Board of Directors and promoted to Vice-President of the Company.

Mr. Soules formerly held the position of Sales Manager for The White Swan Coffee Company. Before his association with this firm he was with a national soft drink bottler as Operations Manager of the Southwest Division for more than 15 years.

He is active in the Park Cities Rotary, Dallas Athletic Club, and attends the Lakeside Baptist Church. An active member of the Dallas Sales Executive Club, Mr. Soules conducted the second three-month semester of the training program set up by the Dallas Club for the Lighthouse for the Blind Salesmen.

He is married and they have three children. Mr. Soules and his wife and family are now living at 8514 Santa Clara Drive in Dallas. He is the son of Luther Soules, Goldthwaite.

ASC Committee Election To Be Soon

Farmers in Mills County are reminded that election will be held soon to name an Agricultural Stabilization and Conservation Committee for each agricultural community. The elections are held each year, and this year they are

scheduled to be held throughout the county between August 20 and September 3. The elections will be conducted by secret ballot by mail. Supervision of the elections will be in charge of community election boards, each composed of three farmers who

are not now ASC officers. Lee W. Tabor, Office Manager, points out that the community elections will be followed by county convention, where county ASC committee will be elected. The chairman of community committee will be the community delegate to the county convention.

Farmers eligible to vote in elections are all those who have an interest in a farm as tenant, or sharecropper, or voter likewise must be a participant in or be eligible to participate in at least one of the programs administered by the committees.

CARD OF THANKS

We are sincerely grateful to our friends and neighbors for their kind acts and sympathy during our sister, Mrs. Lela Jeffers', illness and passing. We especially want to thank Brother Eubank, Roy Wilkins and Dr. Childress and Staff, the ladies who sent food and served dinner, the ladies who sat up and also for the beautiful floral offerings. May God bless each of you.
The Mosier Family.

CARD OF THANKS

I would like to express my heartfelt thanks and deepest gratitude to the many friends and neighbors who were so helpful and kind during my stay in the hospital and since my return home. The many lovely flowers, cards, calls, visits and other kindnesses will always be remembered. May you in your time of trouble and sickness have just such friends and neighbors as I have had. All the kindnesses made my illness easier to bear.
Everitt Holland.
