

KERRVILLE DISTRICT FELLOWSHIP TEAM—left to right: Beverly Stewart of Johnson City, Sharon Ann Virden of Fredericksburg, Delon Harp of Crystal City, and Norma Fay Duren of Goldthwaite.

The Kerrville District Fellowship Team of the Methodist Youth Fellowship will be guests of the Star Circuit M. Y. F. March 19 and 20, according to announcement by Rev. Glen Weimer, pastor of Star Methodist Circuit. This team received special training for this work last summer and they devote one weekend a month in this service with various M. Y. F.'s throughout the district.

Kickoff Supper Monday Begins Farm Bureau Membership Drive

Millard Shivers of Waco, State Organizer for Farm Bureau, will be guest speaker for the Mills County Farm Bureau meeting Monday night, March 14. Ten dollars is a small fee to pay to protect an investment amounting to thousands of dollars, but that's all a membership in Farm Bureau costs, according to Homer McCasland of Goldthwaite, president of the Mills County Farm Bureau. Mr. McCasland announced that the local county organization is staging its annual membership drive beginning March 15 and continuing through March 21. The drive will begin with a Kick-off supper at the Legion Hall at 7:30 p. m., Monday night, March 14. The county farm leader declared that membership in Farm Bureau is the best assurance that a farmer or rancher has that his economic future is protected. "Farm Bureau is owned and controlled by its members and is primarily designed to safe-

Council Calls For Bids On 500,000 Gallon Steel Water Storage Tank

Mayor Johnson Is Un-Opposed For 2nd Term

Y. B. Johnson, Jr., is unopposed in his bid for re-election as mayor of Goldthwaite, it was announced this week by Glynn Collier, city secretary. Mayor Johnson has served one two-year term. City election is scheduled for Tuesday, April 5, when the mayor and three aldermen are to be elected. Four candidates are in the field for the three council seats to be filled. They are Ray Duren, Howard Campbell, V. A. Hudson and D. W. Shaw. Hudson is seeking re-election after having served a one year unexpired term. Joe S. Langford and I. W. Mauney, whose terms expire this year, are not seeking re-election.

Waggoner Carr To Be Speaker At FFA Banquet

The Goldthwaite Chapter of Future Farmers of America is sponsoring a Father and Son Banquet on March 18. The F. F. A. members feel honored to have Waggoner Carr for their speaker. Carr is Speaker of the Texas House of Representatives and a Lubbock attorney. He has served four consecutive terms in the Texas Legislature, two terms as Speaker of the House.

Bill Wicker To Present Recital Here

Bill Wicker, senior student at Howard Payne College, will present a concert of sacred organ music at the First Baptist Church, Goldthwaite, March 20, at 3:00 p. m. This will mark the beginning of a series of Sunday afternoon Vesper programs. The public is invited to attend.

The City Council meeting in regular session Monday night voted to call for sealed bids for the construction of a 500,000-gallon steel surface water storage tank. Sealed proposals will be received by the City of Goldthwaite in the City Hall until 7:30 p. m., Monday, March 28, 1960. Official advertisement for bids appears in this issue. City Manager W. C. Barnett

Harold Yarborough Named Red Cross Fund Drive Chairman For 1960

The quota for Mills County Red Cross Drive this year has been set at \$1,100.00. This is a somewhat lower quota than any drive during the past few years for Mills County. The response to the call for community chairmen and workers has been good and Mr. Yarborough hopes that the drive will be completed in short order this year. In accepting the appointment, Mr. Yarborough informed the Eagle that plans are underway for the drive. Community chairmen have been named and volunteer workers will be organized so that the job can be finished as rapidly as possible.

Baptist Worker's Conference Mar. 14

Mills County Baptist Worker's Conference will meet with the Priddy Baptist Church Monday, March 14. Supper will be served at 6:00 o'clock by the host church with the Board Meeting and W. M. U. Meeting at 6:45. The program will begin at 7:30. Speaker of the evening will be Dr. T. J. Doss from the State Department of Evangelism. A cordial welcome is extended to all, according to Rev. Bryan Halliburton.

announced Tuesday morning that plans call for construction of this new water storage tank up on the mountain just Southwest of the present reservoir. The new tank will be approximately 35 feet high. It will be located on ground that is lower than present tank site but will be approximately thirteen feet higher than present tank. It will serve as a landmark in Mills County and with the exception

of San Saba Peak it will be about the highest point in the county. When it is completed it will be painted and serve as identification point for Goldthwaite. Capacity of the new tank will be sufficient to satisfy state fire insurance commission needs and other requirements. The old concrete reservoir has been used for 40 years. Its inadequate capacity is only a little over 200,000 gallons and it is not covered, thereby being a health hazard. It will be dismantled when the new tank is put into use. Plans call for the new tank to be paid for in cash when the job is completed.

CITY FINANCES IN GOOD HEALTH

The city financial structure is in a very healthy condition, it was reported by Barnett. Goldthwaite has a total indebtedness of \$62,850. While on the other hand the city of Goldthwaite with its various departments has in cash and securities in the operating and sinking funds \$75,111.04. The bulk of this fund is in the electric fund, it was pointed out. This report reflects a financial structure that is matched by only two or three cities in Texas and very few in the world. Goldthwaite could liquidate its entire indebtedness and have money left on hand the report shows. Installing the new storage tank is a major step forward in the water supply and improvement program of the city. Plans call for sometime in the near future to install a new six inch line from the pumps to the new tank also.

FARM BUREAU MEMBERSHIP DRIVE—The Mills County Farm Bureau, which is staging its annual drive for members March 15 through 22, deserves the support of all those who derive their income directly or indirectly, from agriculture in this county. For the Farm Bureau has long been recognized as the "Voice of Agriculture in Texas and over the nation."

Farm Bureau has earned the respect and trust of the American people because it is fundamentally a "grass roots" organization which reflects the true desires and philosophy of the farm families of this nation.

Farm Bureau is a free, independent, non-governmental organization of farm and ranch families, united for the purpose of achieving collectively that which they cannot secure as individuals. It seeks solutions to agricultural problems on the basis of the issues involved — not partisan politics.

Farm Bureau is organized on the county, state and national levels. The 192 farm families presently enrolled in the Mills County Farm Bureau are among the 79,414 families holding memberships in the Texas Farm Bureau. The Texas Farm Bureau, now fifth largest state Farm Bureau in the nation, is affiliated with the American Farm Bureau Federation, largest farm organization in the world with 1,602,117 members in 49 states and Puerto Rico.

Farm Bureau policies are made at the "grass roots" level with each member given an opportunity to participate in policy development. Policies are not made by taking a poll. Instead, they are adopted after discussions, debate and exchange of ideas at county, state and national levels.

Farmers and ranchers cannot afford to be disorganized. The Farm Bureau affords them a chance to promote and protect their interests through organization.

HOW MUCH IS IT WORTH TO YOU?—Unless you have received direct help from the Red Cross, you probably have never tried to put a dollars-and-cents price tag on just what your annual contribution means to you and your family.

If you want to know just what your once-a-year gift brings in return, perhaps we can help you. Before the Red Cross solicitor comes to see you this month, ask yourself these questions:

How much is it worth to a family made homeless by disaster to have a warm place to sleep and something to eat?

How much is it worth to them to know they can get help in repairing or replacing their damaged home, their destroyed furniture, and in paying medical and hospital bills?

How much is it worth to the mother and father of a child whose life was saved by someone trained to give artificial respiration?

How much is it worth to the family of a serviceman, plagued with problems in his absence, to be able to call on someone for friendly advice and counsel, for financial assistance, if it's needed?

How much is it worth to an accident victim or surgery patient to know that blood is available if he needs it?

Finally, how much is it worth to you to know that these and many other neighborly acts, performed every year for millions of Americans, will be performed for you and your family if there is need?

If the answers to these questions could be reckoned in dollars and cents, we're sure they would total many times the \$95,000,000 the Red Cross is seeking in its 1960 fund and membership appeal or the \$1,100,000 goal of the Mills County Chapter.

The theme of this year's campaign is "Good Things Happen When You Give." These are, of course, the many Red Cross services your voluntary contribution helps make available whenever and wherever there is human need. But far from the least that happens is the deep personal satisfaction you will feel in your heart because you gave.

WHEN THE OLD BIRD WAS YOUNGER

10 YEARS AGO—

(Taken from The Eagle Files of March 10, 1950)

Joe Dennis of Ranger, formerly of Goldthwaite, and Onus Dick of Eastland, announced this week the purchase of the Ranger Daily Times and the Eastland Telegram from Walter Murray of Mineral Wells and Mrs. Blanch Murray of Ranger.

Mrs. L. L. Hays, wife of Brother L. L. Hays, a pioneer Baptist preacher in Mills and other counties, observed her 89th birthday on February 27 at the Hays ranch, seven miles northeast of Goldthwaite.

The marriage of Myron J. Walton and Miss Louise Rains was solemnized January 14, 1950 in the home of Rev. and

and Mrs. Richard Whitmore in Nashville, Tennessee.

Mr. and Mrs. C. R. Massey Jr., of Big Lake, are the proud parents of a son, born Monday, February 27, at the Shannon Hospital in San Angelo. The new arrival weighed eight pounds and three ounces and has been named Ronnie Ray.

Funeral services for Albert Percy Bledsoe, 73, were conducted last Tuesday afternoon at the First Baptist Church in Goldthwaite by the Rev. Joseph L. Emery, pastor. Burial was in Goldthwaite Memorial Cemetery.

Harvey G. Lowrance of Thayer, Kansas, father of Mrs. H. R. Ekins, wife of the Eagle editor, died last Sunday night at the age of 84.

NEXT PRESIDENT FACES DEATH-IN-OFFICE TREND

IT'S HAPPENED EVERY 20 YEARS SINCE 1840

By HENRY CATHCART

Central Press Association Washington Writer

WASHINGTON—Will the man who is elected President of the United States next November die in office? The gruesome historical fact is that, starting in 1840, the man elected President each 20 years has died in office without exception.

William Henry Harrison was elected in 1840 and died in office a month after he was inaugurated. Abraham Lincoln was elected in 1860 and died of an assassin's bullet during his second term. James A. Garfield was elected President in 1880 and also died of an assassin's bullet while in the White House.

William McKinley was elected to a second term in 1900. He was shot and died later during his term of office. Warren G. Harding was elected in 1920 and died of illness while in office. Franklin D. Roosevelt was elected to a third presidential term in 1940 and died a few months after he was inaugurated for his fourth term.

Uncoverer of this historical coincidence is Emerson M. Brooks, an Agriculture Department statistician, and an author and historian. In fact, Brooks points out that the only President who broke the pattern was Zachary Taylor. Taylor was the only other President to die in office, but his death did not occur at a 20-year interval.

"In view of what has happened over the past 120 years," Brooks says, "I personally believe it's foolish for any ambitious and able man to shun second place on either the Republican or Democratic ticket, especially this year."

● **BEST SELLER**—He'll probably win no Academy Award for it but Senator Wayne Morse, Oregon Democrat, has unwittingly produced one of the best selling films ever made on Capitol Hill. Following passage of the labor reform bill last September, Morse made a film for television accusing Senator John Kennedy, Massachusetts Democrat, of selling out labor in his effort to get Southern support for his presidential aspirations.

The cast and setting were simple. Morse spoke extemporaneously with the picture of the Capitol as a backdrop. There was no love interest.

Originally, Morse made the 28-minute film for showing over stations in Oregon to explain his vote against the measure. In it Morse calls Kennedy the "man most responsible" for what he called "one of the most anti-labor bills" in American history.

Morse had seven prints made at first, with the Capitol recording room retaining the master film. Orders for prints began to pour into Morse's office, mostly from unions. A price of \$40 per print was sent to cover film, processing costs and mailing charges. At least 60 of the prints have been ordered so far, with the end not in sight in view of Kennedy's announced candidacy for the Democratic presidential nomination.

Morse's office won't give the latest totals, but it was learned that about 10 copies were ordered by Jimmy Hoffa's Teamsters' union and five more by the Machinists' union. The original master film became so frayed from use that Morse had to go before the cameras to make a second version.

ing, 80, died early Tuesday morning at her home in Goldthwaite. She was the widow of the late T. B. Clendenning.

The Home Demonstration Council met on March 1 with 27 members representing six clubs to honor Mrs. Dutch Smith with a shower that included gifts and cash.

Mr. and Mrs. C. A. Womack spent the weekend in Coleman.

25 YEARS AGO—

(Taken from The Eagle Files of March 8, 1935)

Relatives and friends of Mr. Roy Moffett and Miss Emily Saylor received the pleasing information that they were married in Almagordo, New Mexico, Tuesday evening at 7 o'clock.

Mr. John Hart, formerly district highway supervisor of this section, died in his car on the Comanche - De Leon Highway last Saturday afternoon and it was thought he possibly suffered a heart attack while driving on the highway as his car had struck a telephone pole and stopped, according to the report given the Eagle.

Work had been started on the brick veneering and making other improvements on the residence of Mr. and Mrs. Walter Fairman. A sleeping porch is to be added and several other convenient changes will be made on the interior of the already attractive home.

Sunday afternoon, February 24, Mrs. N. E. Hunt of the Moline community, wife of the late M. A. Hunt, was quietly laid to rest in the Pleasant Grove Cemetery. C. W. Hoover, pastor of the Goldthwaite Church of Christ, spoke the last kind words of respect for this Christian Mother and member of his faith.

Mrs. B. Burrows, a trained nurse of Houston, has been here for some days, assisting in caring for her brother, Dan Westerman.

Mr. and Mrs. J. L. Bennett of Weatherford were visitors in the J. T. Helm home over the weekend. Mrs. Bennett is Mrs. Helm's sister.

Sirs. Colvin and Colvin have a professional card in the proper column of this issue of the Eagle and it will appear there from week to week.

50 YEARS AGO—

(Taken from The Eagle Files of March 12, 1910)

E. M. Boon sold a large auto he bought last week to Dr. Brown and in the trade he bought Dr. Brown's small car, which he at once sold to C. H. Pfluger at Priddy.

Mr. and Mrs. Henry Martin entertained a few of their friends and the employees of his stores at dinner Wednesday in honor of his birthday.

Mayor McFarland of Lampasas and Polk Favers of San Saba were among the visiting attorneys in attendance upon county court this week.

Art G. Ward, late of Pearl, Coryell County, bought the Burnett residence near the reunion park, and will make his home here. He and his family arrived the first of the week.

Mr. Clegg, who lived here for several months, moved to the place he bought from Mr. Ward.

Mrs. W. D. Kirkpatrick died at the home of her son, Mr. M. C. Kirkpatrick in Mullin at an early hour Thursday morning.

Mrs. Susan McGarity died of pneumonia last Friday night at the family home in Big Valley, after a short illness.

The little son of W. G. who underwent an operation an abscess on his lung, along nicely, as Walker's little boy, who was operated on for the same cause.

W. L. Eddy of Star, who kicked by a horse last week has since been in the hospital at Temple, is getting much better than could have been hoped for and he probably recover.

P. M. Coones and family expect to leave the first of week for their future home in California. Their friends regret their departure.

GIRL
SCOUT
SHOUT

By MRS. HOUSTON DUREN

This is National Girl Scout Week, March 6-12, and we are happy to be a part of this organization which numbers more than three million.

The theme for Girl Scout Week 1960 is "You Can Count On Her — To Be Prepared!"

Preparedness has been at the core of Girl Scouting since it was founded in America, March 12, 1912, by Mrs. Juliette Gordon Low in Savannah, Georgia. The 1960 theme is one that applies to any and all aspects of Girl Scouting. "Adventuring in the Arts" is one part of preparing girls for the future, by helping develop their total personality; so are games, through which girls learn about fair play that carries over into many other areas of life; so are camping and all the other activities that teach girls resourcefulness, self-reliance, and adaptability — important qualities to have in a world where there is constant change.

The Brownie and Intermediate girls are encouraged to develop skills and service attitudes at their own age level, while the Senior girls are encouraged to select service activities of a near adult level which require skills and attitudes essential to their development as useful, creative women and as citizens of the world as well.

While the Senior scout is serving as a Hospital Aide, or doing volunteer work with groups of pre-school children, the younger Brownies and Intermediates are making scrapbooks or toys for children in hospitals, learning to help their mothers with the work at home, or planting flowers for the pleasure of others.

There were only two Troops which met last week, because of the bad weather. Brownie Troop 4 (3) had a very busy meeting last Thursday, as they not only voted to begin a picture painting project, but also elected new officers for the month of March. They are: President,

ure of others.

This flexibility in programming at all age levels has helped the Girl Scouts to do their share in national or local emergencies such as the two World Wars, floods, or community disasters.

Under more normal conditions, however, Girl Scout program activities are planned to develop the girls as well-rounded individuals, and above all, as happy women.

Although service plays a major role in the Senior Scout's activities, she is also given an opportunity to participate in vocational conferences, art festivals, and national and international events such as the 1956 and 1959 Roundup.

TROOP MEETING REPORTS

There were only two Troops which met last week, because of the bad weather. Brownie Troop 4 (3) had a very busy meeting last Thursday, as they not only voted to begin a picture painting project, but also elected new officers for the month of March. They are: President,

PARENT PROBLEMS

Why Children "Act Up" When Company Comes

By GARRY CLEVELAND MYERS, Ph.D.

PARENTS often write of the tot or older child who embarrasses them before company.

Of a boy, nine, his mother writes from Ohio:

"He does average or better work at school and at home is often helpful. He has been exposed to good manners. He engages in many activities with other children.

Openly Disobeys

"Our greatest problem with him is when we have company, which is not very frequent, as my husband and I both work full time. But then he defies anything we ask him to do. He openly disobeys, remaining stubborn about even speaking to the individuals who are visiting. In most cases, they are friends who are closest to us and to him, the ones that are thoughtful of him on birthdays and other occasions."

Here's about the way I answered her:

The time to teach your boy to obey is when you don't have company. Do it so well then that you need not worry about his behavior when guests are present. If he openly disobeys something you tell him not to do when you have guests, just isolate him for a half hour or so.

Set Limits

In your everyday experiences decide on the few things you are sure he must do. If you are not sure he will do them, don't ask him but tell him, and then set a penalty. But if you do ask him to do anything, let him choose and don't get mad if he doesn't do it. Act toward a request of him as if you had made the same request of your husband.

I doubt whether he means to be disobedient about having gracious ways toward guests.

Bobbe Lou Johnson, Don Woods Repeat Vows In Church Ceremony

The First Baptist Church of Odessa was the setting Friday evening, February 12, 1960, for the wedding of Miss Bobbe Lou Johnson and Don Woods, both of Odessa.

Parents of the couple are Mr. and Mrs. J. P. Johnson, 2307 North Hancock, Odessa, and Mr. and Mrs. Carl Woods of Goldthwaite.

The double ring ceremony was read by Dr. John S. Rasco before an altar of greenery which formed an arch at the center, flanked by candelabra and white tapers.

Mrs. Harlan Hall was organist and accompanied Maurice Alfred, soloist, as he sang "Because" and "The Lord's Prayer."

The bride, given in marriage by her father, wore a waltz length gown of imported hand-drawn lace. The bodice featured a scoop neckline outlined with pearls. A pearl trimmed halo held her illusion veil and she carried gardenias and feathered white carnations on a white Bible.

Her only attendant, Mrs. Don Stanley, wore a bouffant frock of ice blue silk organza and a capelet of the same color surrounded by tulle. Her bouquet of white carnations was surrounded by blue net.

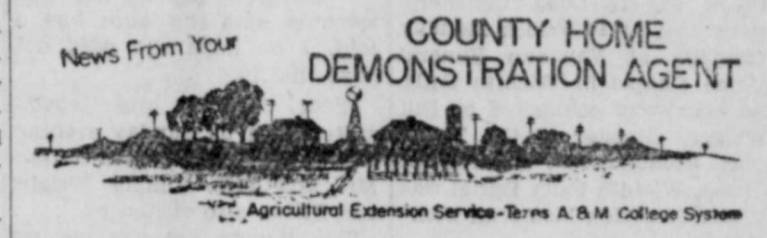

Joe Cummins was best man and Don Stanley and Carroll Albritton were ushers.

For her daughter's wedding Mrs. Johnson chose a beige dress, pink feather hat and a pink carnation corsage. Mrs. Woods, mother of the groom, wore a powder blue dress with white accessories and carnations.

At the wedding reception in Ector County Library lounge, the bride's table was laid with a white lace cloth over blue, centered with streamers with the couple's name in gold, arranged with a miniature Bible, wedding bells and rings. Blue net puffs ornamented the white candelabra.

For travel Mrs. Woods wore a costume in royal blue with the corsage from her bridal bouquet. She attended Odessa High School and is past president of Odessa Theta Rho Chapter. Woods was a student in Odessa College after graduation from Goldthwaite High School. They are now at home at 207 North Amburgey, Odessa.

Guests from Goldthwaite, Wichita Falls and Monahans attended the wedding.

NEW LOOK IN SUITS, JACKETS & COAT DRESSES

New coat dresses add special versatility to spring wardrobes this year.

Some versions of the new two-in-one style are being shown in novelty solid and printed silks. Soft, full skirts, neat, small collars, and low patch pockets are featured. Waistlines are belted and sleeves are deep and wide, usually ending at the elbow.

Worn as part of a costume, the full-skirted coat dress is paired with a slim dress in matching or contrasting fabric — colored coats over black dresses, pastel and black coats over white dresses, and coats in matching or blending fabrics and colors.

Short jacket costumes dominate the suit picture this spring.

A few longer jackets, about twenty-three or twenty-four inches are being shown. Many dresses feature contrasting tops in prints or solid colored silks, attached to slim skirts. The

print repeated in jacket linings. Big buttons and wider sleeves are important details on short jackets.

This year the Chanel Box jacket is lengthened to just below the hipbone. Cardigan jackets are popular again. Contrasting pipings and in double-breasted styles, with piped patch pockets, and brass buttons are favorites this year.

EGGS AND PORK

Eggs and pork head the plentiful foods list for March. Egg production will be increased seasonally until April. Quality will continue high and prices are expected to be favorable. Large eggs will predominate on the market.

Consider such main dishes as eggs baked in cheese sauce, eggs creole, fluffy omelets and souffles. For a special Lenten platter, serve creamed had-cooked eggs and shrimp in a rice ring. An economical, yet tasty dish.

PINK AND BLUE SHOWER FOR MRS. NORRIS WITTY

There will be a pink and blue shower for Mrs. Norris Witty, Sunday afternoon, March 13, at Star Methodist Church from 3 until 5 o'clock. All of her friends are invited to attend.

Clementine Wilmeth Briley Writes From Temporary Home In El Paso

By CLEMENTINE WILMETH BRILEY

Thursday while the paper and the radio were telling of a record-breaking March storm packing a triple punch of ice, snow and sub-zero cold from the Rockies to the Atlantic and of a vicious ice storm closing schools and offices, blocking highways and knocking out telephones and electricity from Texas to Georgia, El Paso was modeling some of her most charming weather. The day was perfect. Still, warm, and sunshiny.

It was a beautiful day for the have been possible, however, without the full cooperation of all the land owners.

More than two-thirds of all the forest land in Texas is held in tracts of less than 5,000 acres.

Farmers own some 25 per cent of all the forest land in Texas. The government, state and federal, own only about 7 per cent. Forest industries own another 27 per cent. All of which means that some 45 per cent of the forest area is held by other private owners.

Another tremendous hazard to wildlife of Texas forests is fire.

Experts estimate that more than 99 per cent of all forest fires are man-made. Man will burn off thousands of acres of timber each year and in turn destroy a great deal of wildlife.

Unfortunately many of these fires are caused by carelessness. Others have been set by responsible persons, for one reason or another. Whatever the cause—wildlife suffers most.

It is much easier to grow a tree than it is to reproduce wildlife.

We can go to other areas and buy a thousand seedlings and restore a piece of property. They will stay there and grow. But with wildlife it is entirely different.

Trans-Pecos Teachers' Association meeting in our city Thursday night. Ralph and Blanche arrived from Fort Stockton in due time. Nancy and Joe did not accompany them this time. Joe thought he would enjoy staying at home by himself. Nancy and a teacher and another pupil had gone to a Mathematics Tournament at Hockaday School in Dallas. It was good to see some of the kin once again. And we put in good time talking in the brief time we had from their arrival till time to go to the Teachers' meeting.

The three-day Convention's first general session opened at 7:30 p. m., in Magoffin's Auditorium at Texas Western College. Sid McAllister of Fort Stockton, president of the Association, presided. The principal address was by Judge Jacob Braude of the Circuit Court of Cook County, Chicago. His subject was "I Like Bad Boys."

Judge Braude said what he liked about bad boys was the good quality all boys have except the possible cases of psychopaths from birth. "The place to start training the young is in the high chair, not in the electric chair," Judge Braude said.

He cited instances from his court experiences to illustrate how investigation and sensible handling of a youth's problem case can prevent destruction of a teenager by giving the offender a "break," a second chance.

Friday morning the Fort Stockton Class Room Teachers were having a breakfast at Hotel Cortez, and Ralph and Blanche had to rush off from our home without breakfast. Friday night the second general session met in Magoffin Auditorium. It was by "Lum" of "Lum and Abner" of radio fame. His subject was "Are We Happy Beyond the Point of No Return?" He dwelt on "Our Inability to Balance the Budget,"

"Our Exorbitant Taxes," and "Our Enormous National Debt." He also expressed his opposition to Federal Aid to schools.

Sunday morning all was over but the Business Meeting. Since Grace was a delegate, she had to attend. Ralph and Blanche left before noon. And now we had a let-down feeling that will come when the enjoyable excitement is over. But the morning mail brought a letter from Mrs. Edna Dwyer of Victoria. She said Austin took her to Houston Wednesday for a report on her recent checkup at the Anderson Hospital there. She said the report was that she was doing fine, and now she is eager to get home and get to work planting early garden and looking after her yard and all her things. "For," she said, "I know they are needing me."

Of all things, that "I Love Lucy" show, TV's greatest success story should come to such a crashing end as was printed in yesterday evening's paper.

Sandra Lee Jennings, Maid of Cotton, spent four days in El Paso this past week. The Herald Post said, "She charmed El Paso." At the many style shows given in her honor she and her

models demonstrated how we can look smart in all kinds of cotton wearing apparel.

Austin, Tex.—Texas Adults by the thousands are going back to school this year.

Their object: to learn what nuclear warfare could mean to the country and what they can do to better their chances of surviving it.

Texas Education Agency and the State Division of Defense and Disaster Relief are co-sponsors of the civil defense adult education program. Since the program got under way late last year, 2,816 persons over the state have taken the free 12-hour course. Another 1,295 persons are attending 66 classes now in progress, and 150 new classes are due to begin this month.

Classes are held at public schools and taught by public school and junior college teachers who have been trained and certified by TEA's civil defense staff.

Seven new teacher training workshops are scheduled within the next few weeks. Eventual goal is to have civil defense classes in or near every Texas community.

Course material ranges from study of the effects of a nuclear bomb and probable capabilities of hostile powers to step-by-step instruction for personal survival preparedness.

Persons interested in having the course in their communities may contact their local school superintendent or write Civil Defense Education Director, Texas Education Agency, Austin.

No Session Before Primary—Gov. Price Daniel said he will not call a special legislative session to raise teacher pay before May 7—the first primary date.

Conferences with lawmakers have convinced him, said the governor, that there is no hope of a successful session during the coming eight weeks.

However, the governor said he may call a session after the May 7 primary or submit the school improvement program as an emergency measure at the 1961 regular session. If he waits until 1961, Daniel said he would recommend an increased program to make up for money lost by delay.

Many observers have noted that a special session after the first primary election would pose many problems. As much as 25 to 30 per cent of the House could be made up of "lame ducks"—persons retiring from office or defeated at the polls. Incumbent legislators with runoff races would not want to leave their home districts to come to Austin.

Teachers would prefer to have the matter submitted at a special session. Regular session rules require that the budget be provided for before new spending can be considered. Last year approval of the budget was just about the last thing before adjournment.

Accident Study—A new study indicates that motor vehicles and heart attacks or similar difficulties were involved in more than half of Texas' fatal industrial accidents in the last fiscal year.

Industrial Accident Board reported on an analysis of 23,000 accident claims. In the group studied, it found that fatal accidents were most often connected with motor vehicles, 28 per cent; heart disease, 26 per cent; slips and falls, 10 per cent; striking or being struck by an object, 7 per cent.

Altogether, in the last fiscal year, the Board processed claims resulting from 195,000 non-fatal accidents and 497 deaths.

Annual cost of industrial accidents is estimated at \$500,000,000 a year. Board plans to make

Candidates For School Trustees

Voters in the Mills County school districts will have a choice of candidates to select their school trustees from when they go to the polls in the forthcoming election on Saturday, April 12.

OFF TO REUNION—Mrs. Barbara Armonas and her son, Tomas, are shown on their arrival in Moscow from Lithuania, on the first leg of their journey to Wickliffe, Ohio, where they will be reunited with Mrs. Armonas' husband and daughter. The family was separated during World War II. The reunion was arranged when the editor of a Cleveland paper cabled Soviet Premier Nikita S. Khrushchev asking for release of the pair.

an accident analysis every year to gain information for planning improvement programs.

Utility Payments Available—Cities and private utility companies can now get reimbursement for money spent moving utility lines to make way for new interstate highways.

State Highway Commission said it is now ready to begin making payments under a law that was held constitutional by the State Supreme Court earlier this year.

Cost of the utility moving, as well as construction costs for the interstate system, comes 90 per cent from federal funds, 10 per cent from state funds.

Bridle Paths Contested—Whether a person owning grazing rights in a state park area can bar the public from riding horseback in that area is at issue before the Supreme Court.

High court is to hear arguments March 30 stemming from a dispute over use of the Davis Mountains State Park.

Trial court upheld the right of the grazing lease holders to lock out horseback riders while

the lease is in effect. Court of Civil Appeals held that riders should be kept out at least nine months of the year.

State contends that if a public park is locked, it is no longer any good as a public park and that any lease is predicated on this assumption.

Bomb Law Attacked—A law prohibiting possession of a bomb or conspiracy to bring about a bombing is under attack in a case before the Court of Criminal Appeals.

Defendant in the case is accused of having masterminded a bombing of the premises of a non-striking employee of a Dallas industrial plant during a union walk-out. Two persons who were convicted of having thrown the bomb in the victim's driveway said they were carrying out the defendant's instructions.

Attorney for the defendant called "dangerous" a law that makes it a felony to possess items from which a bomb could be made.

Crime Toll Mounts—An average day in Texas sees 3 murders, 3 rapes, 7 robberies, 32 aggravated assaults, 43 automobiles stolen, 266 thefts other than automobiles and 125 burglaries.

This is the end result of a crime increase that in the past ten years has brought a 73.2 jump in crime while the population increased only 24.4 per cent.

Department of Public Safety announced that in all categories, crime in 1959 was up 3.9 per cent from the previous year. Largest gain was in aggravated assault—up 22 per cent. Only robbery showed a decline.

Mr. and Mrs. J. R. Parker spent Saturday night and Sunday in Granbury with their son, Mr. and Mrs. Cecil Parker, Johnny and Mary.

Mr. and Mrs. Farmer

A Farm Bureau organization that was good enough years ago is not good enough TODAY! People on the farm represent ONLY ABOUT 15 PER CENT of the TOTAL POPULATION . . . and the percentage is growing smaller year by year!

How long will it be before OTHER GROUPS start telling farmers what is "good" for Agriculture? Now is the time for all farmers and ranchers to unite. IT'S LATER THAN YOU THINK!

ADVERTISEMENT FOR BIDS

Sealed proposals will be received by the City of Goldthwaite, Texas, in the City Hall until 7:30 p. m., March 28, 1960 for the construction of:

500,000 GALLON STEEL SURFACE WATER STORAGE TANK.

At the above time and place proposals will be publicly opened and read aloud. Any bids received after closing time will be returned unopened.

Plans and Specifications may be examined without charge in the office of the City Secretary and may be procured from Joe J. Rader & Company, Consulting Engineers, 1606 Continental Life Building, Fort Worth, Texas, upon a deposit of \$5.00 as a guarantee of the safe return of the plans and specifications. Deposits will be returned upon return of the plans and specifications as provided in the Special Conditions.

Attention is called to the requirement that there must be paid on this project not less than the general prevailing rates of wages which have been established by the Owner and specified in the contract documents.

A cashier's check, certified check or acceptable bidder's bond, payable to the Owner, in an amount of not less than five per cent (5%) of the largest possible total for the bid submitted, must accompany each bid. No bid may be withdrawn after the scheduled closing time for receipt of bids, for at least thirty days. The Owner reserves the right to reject any or all bids and to waive informalities.

and journalism. The motion was approved unanimously.

Motion was made by McKenzie, seconded by Harper and carried to allow polls to be administered in our school under our health nurse, Mrs. Stokes, with the assistance of our town doctors.

Of the four men to have places on our school board election ballot, names were drawn by Dale Reid with the following order being set up: Burl Holland, L. B. Burnham, W. C. Sherwood and Charles Conrad. Supt. Jones was asked to have a minimum of 500 ballots printed.

Motion was made by Daniel, seconded by Moreland and after proper discussion and consideration, the motion carried to have a trial run of all minutes printed in The Goldthwaite Eagle for the remainder of the school year—March, April and May Minutes, with the cost to be held down as much as possible.

Supt. Jones invited members of the school board to attend a workshop meeting in Brownwood for Book Custodians on March 14 at 10 A. M. Changes in regulations on handling textbooks makes workshops necessary.

There being no further business introduced, the board adjourned by unanimous consent.

THE TRUTH

JOHN 8:32

One Bible lectureship will be a reality. Competent speakers and ministers of the church of Christ in this area will present topics that will be interesting to people of all religious beliefs.

The theme will be the Bible how to understand it, how it has been preserved, its inspiration, the New Testament church, sufficiency of Bible, and the dangers of modernism. Please mark calendar, April 3-8.

Pastor's Column In Cooperation With the Mills County Ministers' Association

By John Striepe, Pastor
Zion Lutheran Church
Priddy, Texas

The holy Lenten season is upon us again to bless us. As we are called upon to ponder anew the cross, we can hear God the Father, who so loved the world that He gave His only begotten Son, asking, "Is it nothing to you, all ye that pass by?"

We owe it to ourselves to try to explain Jesus' agony and death. The loneliness of His life and its agonizing culmination demand an explanation. Is there any good reason to reject His own utterances in regard to His suffering and death — by passing Him by in cold indifference, or to revert to name-calling and accuse Him of being a deceiver? The sleek hypocrites

of His day hurled this charge abroad. Do you care to join their company and their charge? You do, if you pass Him by.

We go back to His own and His friends' estimate of Jesus. That inexpressible beautiful life which He gave up for us on the cross He called "a ransom for many." Certainly we cannot misunderstand John the Baptist's words, when pointing to Jesus, "Behold, the Lamb of God, that taketh away the sin of the world!" Was any lamb ever known in the language of Scripture to have any connection with sin except as a sacrifice for others' sins?

All of Jesus' friends bore unqualified testimony of their faith in Jesus Christ as the

great Atoner. Jesus Christ came into the world to save us sinners, not by purging us to be like Himself, but by atoning for our guilt. And now the wonder of the Gospel is this, God, "The Most Worthy Judge Eternal," has ruled that, if we are identified by acceptance in faith and trust with the sinless, sacrificed Christ, our guilt is atoned for, we are reconciled with God, and we go forth free into the glorious liberty of the children of God.

And then with all this before us we — pass Him by with our guilt — the latter of broken commandments, yet we polusly sing:

"I lay my sins on Jesus,
The spotless Lamb of God:
He bears them all and
frees us
From the accursed load."

In reality, we bother very little with our guilt. Other peoples' guilt — that is different. But with ourselves we find very little fault. We are highly respectable! But there is also such a thing as the guilt of respect-

ability. Those were respectable people who had Jesus crucified. "Is it nothing to you, all ye that pass by?" Is it nothing to you that the Son of God became the Man of Sorrows to take away your sin and guilt? There is no hope and no salvation for us, unless we stop passing Jesus by with our guilt. All its condemnation rested on Him. What we need first and foremost is forgiveness. It shall be ours as a gift of God's grace through faith in the redemptive atonement of the Christ of God, our Savior.

Last Rites Held For Miss Nettie Morris

Funeral services for Miss Nettie Morris, 76, of Eden, sister of Harvey Morris of Goldthwaite, were held at 1 o'clock, Friday afternoon in Day-Loveless Chapel in Eden, with graveside rites at Center City at 3 o'clock.

MINESWEEPER—This S-60 Skycrane shows the capability of a military airborne minesweeper in a demonstration off Panama City, Fla. The helicopter, designed as a flying crane, fitted with a special pod equipped with lightweight mine-sweeping gear would have a great safety advantage over surface minesweepers, which are always in danger of being blown up by a mine.

Goldthwaite Schools Have 387 Visitors During Public Schools Week

The greatest hindrance to the complete success of the tenth annual Public Schools Week of Texas was the ice glaze and school dismissal for Tuesday and Wednesday of the week that allowed only three days of the events and cancelled the Main Assembly Program on Wednesday morning. All students of High School attended the one assembly on Monday morning in which Charles Hill was the guest speaker and encouraged pupils to make the most of opportunities schools offered them.

Monday brought but few patrons to school but Thursday and Friday saw a "step-up" in attendance and for the week there were 308 class room visitors and 79 lunchroom visitors; of the 308, 231 were from the elementary school and 79 were in high school. Lunchroom visitors were divided thus: 77 in elementary school and two in high school.

The membership of last week found 246 in elementary enrollment and 229 in high school for a total of 475 average enrollment who attended 1397 class pupils days with only 28 class pupil absences for the

week. This gave an attendance of 98%. All the above figures and calculations are on the three day week and would have been higher, no doubt, if the weather had been at all favorable.

The displays in the merchants' show windows attracted lots of people but there is no way of knowing just how well "we took our school to town," "but, we are highly satisfied with the way the people of our school district came to our schools," stated Supt. Jones.

Texas Schools Week is an annual affair and the eleventh Annual School Week will be the first week of March, 1961.

Betsy Glass Elected To National Honor Society At Waco

Miss Betsy Glass, daughter of Mr. and Mrs. T. M. Glass of Waco, has been elected to membership in the National Honor Society and has been issued an invitation to join the ranks of the society.

Members in the society may include the 11th and 12th grade students who have made an average of 94 in Waco High School. This average must be maintained throughout membership.

Betsy is a junior in Waco High School this year, having moved from Goldthwaite last year.

Music Festival To Be Held At Local First Baptist Church

Music galore will be the Friday night specialty at 7:30 o'clock, March 18, at the First Baptist Church of Goldthwaite. Choirs, ensembles, duets, soloists, pianists and organists will participate in the District Musical Festival here. S. L. Tate, Jr., of San Angelo is District Music Festival chairman.

Church choirs and groups from McCulloch, Lampasas, San Saba, Comanche, Hamilton and Brown Counties will participate in the Festival.

The public is cordially invited to attend, according to Lee Birdsong, Music and Education Director of the First Baptist Church.

Priddy Pirates Win 2nd Place In Regional Playoff

Priddy girls' basketball team defeated Jonesboro 49-33 in Bi-District game played at Hamilton March 1, 1960.

In Region II Class B tournament held at Howard Payne College March 4 and 5, Priddy defeated Meridian 49-34 in the first round; they then defeated Gorman 41-34 in the second round and in the finals Hawley defeated Priddy 43-33. Thus Hawley was Region II winner, Priddy Runner-Up and Abbott defeated Gorman for third place.

Hawley will represent Region II in state tournament at Austin on March 10 and 12, according to announcement by Coach James W. Ables, Jr., Priddy.

Scores for the Priddy Pirates were as follows:

Name	FG	FT	PF	TP
Sellheimer	8	6	0	22
Spinn	1	5	0	7

Boy Scout Junior Leader Training Meeting

The second annual Junior Leaders Training Conference, for leaders in the Boy Scouts of America, will be held March 19-20 in Breckenridge. The meeting will be in the Junior High School beginning at 9 a. m., on the 19th and continuing until 1:30 p. m. the next day.

The conference program includes training for boy leadership and adult leaders are to accompany the boys and receive training designed for their phase of the Scouting organization. This is the first of two training experiences—the second session is to be an out-door camping experience sometime in May and will deal in practice of scout craft and outdoor skills.

Personals

Mrs. D. A. Rhoades, Mrs. Hugh Taylor and Mrs. Dale Reid were guests of Mr. and Mrs. Velon Reese at Stephenville last Friday night. They had accompanied Mrs. Wallace Johnson and her FHA girls to Stephenville for the weekend.

Regular meeting dates for the Lodge will be the second and fourth Thursdays of each month, according to Mrs. Raley. After the meeting closed refreshments were served and a social hour enjoyed.

Final Rites For Thomas D. Brown Conducted Wednesday Afternoon

Funeral services for Thomas D. Brown, 85, of Mullin, were held on Wednesday afternoon, March 9, at 3 o'clock in the Mullin Church of God. Services were conducted by Charles J. Hill Jr., minister of the Goldthwaite Church of Christ.

Mr. Brown was born August 23, 1874 in Williamson County, Texas and passed away in a Brownwood hospital Monday morning, March 7, 1960. He was married to Miss Bessie Single-

ton November 2, 1895 in Belton. They moved to Mills County from Oklahoma in 1902. He was a member of the Mullin Church of God.

Survivors are his wife, Mrs. Bessie Brown of Mullin; one daughter, Mrs. Dorman V. Westerman of Goldthwaite; three sons, O. L. Brown, Goldthwaite; O. E. Brown, Mullin and Alton Brown of Talpa; a sister, Mrs. Rosa Branscom, of California; eight grandchildren, eleven great-grandchildren and a host of friends.

Palbearers were Ernest Chesser, Deward Chesser, Howard Chesser, Johnny Chesser, Earl James Cox and Fred Ethridge.

Funeral arrangements were under the direction of the Roy Wilkins Funeral Home with burial in Oak View Cemetery at Mullin.

NEW FENCE TO BE BUILT AT MULLIN CEMETERY

All men interested in Oak View Cemetery at Mullin are asked to bring tools and help build a fence at the cemetery, Tuesday, March 15. At the noon hour a free lunch will be served the workers at the G. I. Building, according to an announcement by the Cemetery Association.

Mrs. Jimmy Huffman, who was carried to Memorial Hospital in Brownwood several days ago, was improving satisfactorily at last report.

Auto Inspections Lag Behind As Deadline Is Near

Col. Homer Garrison, Jr., director of the Texas Department of Public Safety, said today that more than two-million motor vehicles remain to be inspected before the April 15 deadline. He urged all Texas motorists to obtain their new inspection stickers at an early date.

Garrison reported that more than 4,300,000 will be inspected in Texas this year. To date only about half that number have gone through inspection lines at some 4,400 inspection stations located throughout the state.

The DPS director pointed out that inspection stations cannot inspect vehicles during wet, rainy weather, a condition normally prevailing during late winter and early spring. To make sure every vehicle owner is able to obtain his 1960 sticker in time, Garrison suggested that plans be made now to visit an inspection station, before inspection lines grow long.

Personals

Little Miss Lana Vaughan, infant daughter of Mr. and Mrs. Johnny Vaughan of Goldthwaite, who has been seriously ill in a Fort Worth hospital, was carried to Houston Wednesday where she will undergo heart surgery. Mrs. Alice Vaughan, grandmother of the baby, accompanied them to Houston.

Mr. and Mrs. Vic E. Koleber carried their grandson, Jimmy Massey, home Tuesday. Mrs. Massey and Jimmy had spent several days with her parents here. Mr. Massey spent the weekend with his family and his parents, Mr. and Mrs. Jess Massey. They returned home Sunday night while Jimmy remained for a longer visit.

Mrs. Cordie Jones returned home last week from a visit with relatives in San Angelo and Amarillo.

Miss Georgia Frizzelle, who underwent surgery recently in Temple, is now at 502 Quill Drive, San Antonio, and would be happy to hear from her friends.

Mr. and Mrs. Walter Jones of Odessa spent the weekend with their parents, Mr. and Mrs. Carl Woods and Mr. and Mrs. F. K. Jones.

Mr. and Mrs. W. D. Lynch and daughters, Audine and Deanne of Gatesville visited Mrs. Lynch's aunt, Mrs. Hettie Williams, Sunday.

Mrs. Addie C. Davis received word that her granddaughter, Lanna Jo Ethridge, of 1102 N. E. 17th Street, Grand Prairie, had undergone surgery and was critically ill. Mrs. Davis left immediately to be at her bedside.

Ella M. Davis of California left Saturday morning for her home after spending several days with her cousin, Mrs. Clifford Burks and Mr. Burks.
