Jehovah's Witnesses to Attend Meeting

Approximately 14 delegates of the Priddy congregation of Jehovah's Witnesses will be leaving Friday to attend the semi-annual Circuit Assembly of Jehovah's Witnesses in Ranger. Travel plans have been completed for the delegates which will meet in the Recreation building, April 22-24.

Mr. Ben Schrank, presiding minister, said the Friday program will begin at 6:45 p. m. and will include Bible instruction and demonstrations on how to seek peace and pursue it. Saturday afternoon session will consist of a baptismal ceremony for new ministers.

R. L. Anderson, district supervisor from world headquarters in Brooklyn, New York, will address the conference on "Seeking Peace in a Troubled World" Sunday, April 24 at 10 p. m.

The park board has approved a fund drive to raise a goal of \$1,000 for the park caretaker on an annual basis.

His leaves the fund would only take \$12 each year.

and in Midland. Texas—First it was \$100,000 homes for college presidents last year to scrape enough money to keep state money going. Despite all the criticism, it wasn't enough. Now they are face to face with the prospect of another deficit next year and the need to raise more taxes.

It is in this not-so-rosy setting that the House Committee on Savings is checking on how state money has, and being spent. When they heard that the terrazzo floors in the new State Office Building had cracked, committee members decided to investigate the \$3,793,000 building.

They learned that the air conditioning system vibrated so severely that the building had 1,000 elaborate door knobs, \$30 apiece; and that the hallways lined with expensive marble. Some offices had

They noted that the Texas employment Commission Building is just across the street and the casual observer equally as expensive, cost only \$14.33 per square foot compared to \$17.40 for the State Office Building.

Local FHA Chapter Elects Officers

KAY CAMPBELL

The Goldthwaite FHA Chapter held an officers election at their meeting April 11. Jackie McCasland, vice-president, was in charge of the election.

Officers for the coming year were elected as follows: President, Kay Campbell; vice-president, Jackie Todd; secretary, Pam Berry; treasurer, Loretta Manuel; reporter, Connie Pope; historian, Judy Dalton; parliamentarian, Arnette Sears; Civil Defense chairmen, Marsha Edgington and Carolyn Rhoades; song leader, Janell Jernigan; and pianist, Lynetta Duren. The installation of officers will be held in May.—CONNIE POPE, Reporter.

Hollis Blackwell Guest Speaker At Men's Bible Class

Hollis Blackwell will be the guest speaker at the Men's Downtown Bible Class Sunday morning. A group of young people will render special songs.

If you do not go to Sunday School elsewhere you are cordially invited to this class, according to announcement by F. P. Bowman.

A petition asking the Mills County Commissioners' Court to create a Fresh Water Supply District was filed with County Clerk Walter A. Bryant Monday. The petition which required 50 signatures was signed by 71 persons.

Since the commissioners' court was not in session at the time the petition was filed, County Judge Wm. G. Yarborough signed the proper order required by law setting the hearing date when the petition will be presented to the court. The petition will be presented

Saturday Is Straw Hat Day In Goldthwaite

This week Saturday, April 23, has been designated to be observed as Straw Hat Day in Goldthwaite.

Cold weather, with early morning frost reported this week, has kept many in their felt hats later this season than normally.

Dress and Western straws are stacked out on display and merchants say: "Come and get them."

Star Seniors Present Play Friday Night

Star Seniors will present their play, "Dead Earnest," tomorrow. The play will begin at 7:30 p. m.

The cast will include seven senior students and supporting actors from the high school. Everyone has a most cordial invitation to attend this play.

Absentee Voting Started Sunday With New Regulations In Effect

Absentee voting started Sunday, April 17, for the first democratic primary election on May 7, with new rules and regulations in effect, according to Walter A. Bryant, county clerk.

New rules and regulations covering absentee voting became effective this year.

Under the new rules a person desiring to vote absentee must make application for ballot and said application must be sworn to by notary public.

If unable to come in person to vote absentee ballot due to sickness or other physical disability said person must have doctor's statement and such statement must be notarized.

Those voting absentee ballots should have poll tax, or exemption, when making application or vote in person at the county clerk's office.

Out of county requests for absentee ballot must also have sworn application and such request must be postmarked outside the county and must have return address from outside the county. Ballot must be notarized also, Bryant said.

New rules and regulations were put into effect covering absentee voting because of widespread feeling that the absentee voting privileges have been abused in various sections of the state.

Absentee voting boxes have been known in recent years to be the deciding factor in a number of political races.

FFA And 4-H Club Members Are Honored By Lions Tuesday Night

FFA and 4-H club members of Mills County were honored on their projects and achievements of the past year by the Lions Club at their regular meeting Tuesday night.

Approximately 80 club members were guests of the club for a barbecue dinner at the Legion Hall.

County Agent George Reese awarded the cups on behalf of the club to grand and reserve champion winners at the Mills County Stock Show and the major shows of the state.

Cups went to the following: Mike Conrath, two cups, for the grand champion fat lamb of the Mills County Show and the grand champion pen of

three lambs at the Houston Fat Stock Show and Livestock Exposition.

Jimmy Soules, two cups, for the grand champion steer of the Mills County Show and the reserve champion junior steer at the Houston Show.

James Woodson Clary for the reserve champion junior steer of the San Antonio Show.

Thurman Head, Goldthwaite Vocational Agriculture teacher, was program chairman and introduced John Holcomb, guest speaker for the evening.

Holcomb, former ag teacher at Brady, is executive secretary of the Vocational Agricultural Teachers Association of Texas with offices in Austin.

EASTER PARADE HONORS—Three members of the Robert Long family were singled out for special Easter Parade Honors this year in the pre-school Easter Fashion Parade sponsored by the Goldthwaite Art and Civic Club last week Wednesday. They are Frances Anne, four and one-half; Bob, three, and Sue Evelyn, one and one-half years old. Honors went to the Long family for having the largest number of pre-schoolers in the parade. Grandparents are Mr. and Mrs. Lee Long.

Park Fund Boosted To \$1,091; Four More Join Honor Roll

Four more interested parties joined the honor roll the past week and contributed \$12 each to the Park Maintenance Fund bringing the total contributed to date to \$1,091.

This makes a total of 104 who have contributed to the fund to date.

Those added to the honor roll the past week are:

Mrs. Kate Sykes
M. L. Ethridge
R. C. Duren
Milton Schwartz

Eighty-one have contributed \$12 for a year, as suggested by the committee when the drive started. Total given by the 81

is \$972. Twenty-three others contributed \$119, for the grand total of \$1,091.

The committee had set a goal of \$1,200 so that the park could be kept up with caretaker on a year around basis.

With these latest contributions the drive is only \$109 short of the goal.

It would only take nine or 10 more to push the drive over the top.

Checks may be made out to the park fund and presented to any member of the park board or to Mills County State Bank.

W. P. Duren is chairman of the Park Board and Ray Duren is chairman of the park maintenance fund drive.

Four Injured In Car Accident Here

Three Goldthwaite teenagers and one girl from Alvin, Texas, were injured in a car accident Monday, April 18, on Highways 16 and U. S. 84, near Goldthwaite.

According to announcement by Mills County Sheriff C. F. (Stub) Stubblefield, who investigated the accident, the car skidded on loose gravel, struck a foreign car and then struck a parked Highway Department truck.

All the girls were admitted to Children's Clinic & Hospital at 1:45 p. m. They are reported in satisfactory condition. The driver of the foreign car, James P. Preston of El Paso, was not injured.

Those injured are: Mrs. Eugene Ingram, 19, daughter of Mr. and Mrs. Roy Caton, Goldthwaite, suffered fracture of the right arm; Miss Danna Thorne, 16, daughter of Mr. and Mrs. Ernest Thorne, Goldthwaite, broken leg and finger; Wanda Burns, 15, daughter of Mr. and Mrs. Cecil Huckabee, Goldthwaite, multiple lacerations of the face, eye and skull injury. Miss Vena Mae Booth, 18, daughter of Mrs. Anna E. Booth of Alvin, suffered a back injury.

MRS. CLIFFORD DELLIS IN EDINBURG HOSPITAL

Mrs. Clifford Dellis is reported in a serious condition in an Edinburg hospital. Her brothers and sisters were called to her bedside Monday. Those leaving here were: Claude Bramblett, Mrs. Bill Yeager, Mr. and Mrs. J. C. Bramblett. At last report her condition remained about the same.

FFA Goldthwaite Schools Rodeo Friday And Saturday

Entries are coming in by the dozen for the second annual Goldthwaite Schools rodeo scheduled here for Friday and Saturday of this week, according to announcement by Thurman Head, ag teacher and FFA advisor.

The rodeo is sponsored by the Goldthwaite FFA chapter. The two day performance is scheduled to be held at the Jernigan Arena, two miles east of Goldthwaite, at 7:30 p. m. each evening.

This Rodeo is for Goldthwaite high school and elementary school students only. The FFA Invitational Rodeo will be staged later this summer when many schools are expected to take part as they did last year.

According to the schedule as announced by FFA members there will be a street parade each day. The parade on Friday will be held at 2 p. m., and will be in cooperation with the school celebrating Western Day. On Saturday the parade will

be at 5 p. m. Events as outlined on the program will include: calf roping tie-down, cutting horse contest, trailer races, barrel races, calf riding, ribbon roping, goat sacking, steer riding, pole bending and grade school boys' goat roping.

THE MOST SUCCESSFUL WAY TO ACHIEVE FAILURE IS TO NEVER TAKE A CHANCE.

KNOW WHAT YOU'RE VOTING FOR—Newsweek, in urging all citizens to vote, says: "If you can spend a few minutes each day using hair tonic to save your hair, can't you spend a few minutes each year at the polls to save your scalp?"

Every vote is important. Many elections have been decided by a mere handful of votes. And, in instance after instance, this has amounted to election by minority—for the reason that only half the qualified voters or less troubled to go to the polls.

Another thing needs to be added. An ignorant vote is as bad or worse than no vote at all. Study the candidates and their platforms. Consider their integrity, character, sincerity. Measure their ideas in terms of freedom, opportunity, and the traditions and principles on which the American system of government has been built.

Yes, vote—in every election, minor or major, that is open to you. And make sure it is an informed vote.

IN THE FASHION WORLD—Having purchased a mink coat, the question of paying for it was broached to the sweet young thing. "How," asked the saleslady, "would your husband like to be billed? In a series of piddling amounts, or in one staggering sum?"

DEPRECIATION VS. INFLATION—The following editorial is reprinted from the American Press:

"We are happy to know that the Select Committee on Small Business of the Senate has recommended that something be done to change the rules regarding tax depreciation on equipment.

"The committee's request for changes are based primarily on the need to link inflation with depreciation. If you bought a machine ten years ago for \$10,000, and depreciated it over 10 years, the depreciation deduction would now be used up. But, if you now buy a similar machine you will find its cost is now \$20,000 or more. Thus, half of the value, in terms of today's dollar, cannot, under present law, be depreciated for tax purposes.

"There have been a number of methods suggested for dealing with this matter. We do not consider ourselves expert enough to judge which might be most practical. But it is comforting to know that the committee which is supposed to look into the woes of small business has finally analyzed this subject and has asked Congress to remedy the situation."

DIAPERS AND DUE PROCESS—The Portland Oregonian publishes the following letter from a reader, Dave Hoover: "A news item states the Air Force has asked Congress to appropriate \$172,000 for diaper service.

"Prudent airmen and their wives might do well to forego such federal assistance. Quite a few years ago the Supreme Court ruled 'it is not lack of due process for the government to regulate that which it subsidizes.'"

TIME FOR ACTION—From National Review: "Look for foreign aid to emerge as important Nixon campaign issue. His thesis: foreign aid is too big a job for government money. Private business should take over much of the job; be encouraged to invest in underdeveloped countries through tax deferrals, other incentives."

It would be a blessing if other possible candidates, of both parties, adopted a similar policy, and so took the foreign aid question out of the realm of partisanship and into the much higher and clearer air of bipartisanship. It is certainly obvious that the taxpayers of this country cannot go on forever carrying all or even most of the foreign aid cost.

Moreover, foreign aid as now constituted is basically inefficient. One authority for that is the highly respected and non-political Stanford Research Institute. In a staff study of economic aid to the newly developing countries, it says: "The very multiplicity of aid programs and agencies presents a bewildering array of small and large bureaucracies that cannot possibly attain the administrative efficiency and field effectiveness attainable through a more purposeful and centralized authority."

"The greatest reservoir of industrial growth talent the world has ever witnessed, American free enterprise, has not yet been successfully enlisted to contribute to the goal."

Here is a great and needless waste—not only of money, but of opportunity at a time when the free world and the slave world are embroiled in a bitter contest for the friendship of the developing nations. And this isn't a problem that can be passed over and postponed. The time for action is now.

WHEN THE OLD BIRD WAS YOUNGER

10 YEARS AGO—
(Taken from The Eagle Files of April 21, 1950)

Last Monday, the Austin Statesman devoted an entire page to Highway Patrolman Mark Fairman of Goldthwaite, who has been stationed at Patrol Headquarters at Pecos since March 1.

Mrs. Martha Emma Casbeer, who had lived here most of her life, died last Saturday in Memorial Hospital, Brownwood, after a serious illness, of nearly two weeks. She was the mother of Raymond and Carl Casbeer, of the Trent State Bank and the Soil Conservation Service, respectively.

Brother L. L. Hays, who is 88, put many younger men to shame last week when he preached for three successive nights for a weekend revival at the Trigger Mountain Church.

Mrs. Weldon Albert (Helen Marie) Shafer, 25, of Durenville, died in an ambulance en route to a Brownwood hospital about 2 o'clock p. m. Thursday.

J. Frank Doggett underwent an operation at Medical Arts Hospital in Brownwood on Wednesday, April 12. He is making a satisfactory recovery.

George Denman Jr. is recovering nicely after an appendectomy on Saturday of last week at Memorial Hospital in Brownwood.

Mrs. J. C. Martin and Mrs. W. E. Thompson and Mrs. W. M. Potter of Brownwood were here over the weekend with their mother, Mrs. W. B. Potter.

Mrs. Clarence Heath spent several days last week with her son, Wilbur, who is attending Texas Tech at Lubbock.

Mrs. Elvis Morris of Evant was in Goldthwaite Monday af-

ternoon for a short visit with her mother, Mrs. M. E. Archer

25 YEARS AGO—
(Taken from The Eagle Files of April 19, 1935)

A surprise birthday party was given by Mr. and Mrs. Elmer Horton on Friday night of last week honoring Brother Hoover, minister of the Church of Christ on his 49th birthday, and Grandmother Faulkner's 79th birthday. Each was led to believe they were going to the other's party, so it was a surprise, indeed.

Sam Head and Miss Ethel Spencer were united in the holy bonds of matrimony Saturday night, April 13, at the home of Mr. Head's parents in the Center City community, Rev. W. T. Sparkman officiating.

Herman Rudd and Miss Thelma Richards notified their relatives here that they were married in Dallas Monday. The announcement was quite a surprise to most of their friends and only a few of their relatives had suspected the happy event had already occurred, although they suspected it in the near future.

Wednesday night the friends of Mr. and Mrs. Glenn Nickols met in the home of Mr. and Mrs. Homer Doggett and surprised the couple with a rather delayed miscellaneous shower. As Mr. and Mrs. Nickols had been living in the home of Mr. Nickol's mother, the shower had been delayed until they moved to themselves for housekeeping.

Mrs. J. C. Bayley died at the home of her son, C. E. Bayley, in the northern suburbs of this city Wednesday morning at an early hour, after several weeks of serious illness.

A number of the relatives of the Adams family were called to Star last Friday to attend the funeral of Mr. J. M. Adams, whose death occurred Thursday of last week and funeral services were held the following day in

Cherokee—The Rusk Inquirer

Consider the aspects of horse stealing: This crime has become so prevalent in almost every part of Texas that it calls for the strictest vigilance on the part of the citizens and the severest punishment of the thieves when they are caught, to the end that the evil may be abated. We have heard of no less than three horses being stolen from this neighborhood during the past week. On Monday night last, Mr. C. H. Waites, living a short distance from

town, had a valuable horse stolen from him. A party of Mr. Waites friends left the next day in pursuit of the thief and apprehended him on the Trinity river—he proved to be scarcely more than 21 years of age. He had previously taken a mare from Mr. Bell on Mud Creek and sold her for \$125.

Alluding to the recent death of Mr. Broker, the wealthy wine merchant whose daughter married his coachman, John Dean, the New York correspondent of the Philadelphia Press says the impression seems now to prevail that so far as her own happiness is concerned, Miss Broker did not after all make so poor a match. Her husband, soon after the marriage, was appointed to clerkship in the custom house, which he still holds,

Hurst Ranch Cemetery.
The meeting of the Mills County Teachers Association is scheduled to be held in Mullin Saturday.

60 YEARS AGO—
(Taken from The Eagle Files of April 21, 1900)

Mrs. Alice Walters, died at her home in Priddy neighborhood last Saturday morning and was buried in the Big Valley Cemetery Sunday.

As Jas. Rahl cannot see all his friends to tell them he has a new boy at his house, born Sunday night, he wants the fact published so that they all will be informed.

Miss Ezwoh Barton returned Tuesday night from Nashville, Tennessee, where she attended a dental college. Her many young friends welcome her home and are glad to know she will remain in Goldthwaite and enter upon the practice of her profession.

W. W. Saylor is happy over the arrival of a son at his house.

A marriage license was issued Thursday to Mr. W. B. Little and Mrs. Q. T. Holbrook. Both parties live near Mullin.

Bert Patterson, one of the Eagle's young friends of the Center City community, made us a pleasant visit last Saturday.

C. E. Ward leaves today for his future home in LaGrange. His wife and son are at Lampasas and will join him there for the trip.

Leon Harris, Jas. Rahl and John Burnett went to Lometa Thursday on cattle business.

Mrs. W. B. Jackson and children returned Saturday afternoon from a visit to relatives in Brownwood.

Mrs. W. C. Dew and Miss Virginia Kerfoot of Mullin were in this city Tuesday shopping.

W. T. Bickham of Big Valley had business in this city Thursday.

A. H. Miller of Nabors Creek community was in town Thursday and bought a new cultivator.

WEATHER BUREAU PLANS ASSAULT ON TWISTERS
PENETRATING TORNADO WILL BE ROCKETS

Central Press Association Washington Writer
By HENRY CATHCART

WASHINGTON—What makes tornadoes tick? The States Weather Bureau is determined to find the answer to this question. When more is known about these vicious storms that scatter buildings like kindling wood, strip bark of trees and whirl people and animals through the air, their cause and course will be easier to predict.

An intensified assault on the problem is planned. Weather Bureau when aircraft of the National Hurricane Research Project are to the midwestern states this spring, two DC-6's and one B-26, fitted to study the coastal storms, same instruments can be used to gauge on the twisters.

How can planes entering the center of a tornado stand winds over 500 miles per hour? "They can't," states James M. Beall, weather Bureau official, "but these planes will operate above, below and at the sides of storms and in areas where they are developing. Their instruments will measure wind velocity, temperature, humidity, pressure, data that can be sifted for peculiar to tornado formation."

Rockets are being developed that will be used for penetration of the twister. Rockets already in existence photograph active squall lines from over 100,000 feet. Missiles will be provided co-operatively by the Office of Research and New Mexico State university. The first test was made from Fort Sill, Okla.

The entire operation will be co-ordinated by a Federal Agency controller who will be stationed in Oklahoma City and will aid in planning and dispatching the flights and firings.

Each year the country experiences about 197 tornadoes. March, April, May and June usually having the greatest percentage of these storms. While lookout stations throughout the country relay warnings to towns and cities in a matter of minutes, while the Weather Bureau can forecast tornadoes based on certain atmospheric conditions, the new program will make this a much more accurate science, with damage and saving hundreds of lives each year.

● PITFALL—New York Gov. Nelson A. Rockefeller told a story on himself to illustrate the many dangers of speculation. He recalls that he was trying to explain his state's financial problems to a delegation of mothers in his office.

In attempting to reduce the problem to manageable proportions, he explained, he was trying to liken his state's budget problems to those of a family, and started out by saying, "Take an unmarried couple with two children. . . ."

As his face flushed with realization of the faux pas he related, the room suddenly cleared.

BIRTHS

Mr. and Mrs. James M. Laughlin of 713 North 5th Street, Temple, Texas, are receiving congratulations on the arrival of their first child, a daughter, Sarah Tim, born April 14, 1960 in Scott & White Hospital, Temple, at 4:45 p. m. She weighed six pounds, eight and one-half ounces. Grandparents are Mr. and Mrs. R. W. Stone of Ooltewah, Tennessee and Mr. and Mrs. Fred Laughlin of Goldthwaite.

Mrs. Jewell Ivy And W. H. Baskin Exchange Wedding Vows Tuesday

Mrs. Jewell Ivy of Mullin and W. H. Baskin of Hobbs, New Mexico, were married Tuesday morning, April 19, at 9 o'clock, at the home of Mr. and Mrs. Gilbert Chancellor at Mullin. The double ring ceremony was performed by Rev. George C. Henry, Baptist minister, brother-in-law of the groom.

Mrs. Baskin had been in business in Mullin for the past 25 years and was a faithful worker in the First Baptist Church at Mullin for many years.

Mr. Baskin is a prominent business man in Hobbs, New Mexico and a deacon in a Baptist Church at Hobbs. He is a former resident of Mullin.

The couple left for Hobbs, New Mexico immediately following the reception where they will be at home.

Thirty-Six Pre-School Children In Art & Civic Club Easter Parade

The Art and Civic Club Pre-School Easter Parade, "Sweethearts On Parade" was staged Wednesday afternoon, April 13, at the Goldthwaite High School Auditorium.

In a spring garden setting the program opened with six first and second grade boys and girls singing "Easter Parade." Mrs. Lee Roy Stacy introduced the pre-school paraders as they filed past in their Easter frills. Thirty-six children participated in the show.

As living proof that some were "out of this world," one youngster went to sleep and was wheeled across the stage by her mother. She was admired and cheered—but she slept on and on.

Those entering the parade were: David Schwartz, Carolyn Schwartz, Rickey Stacy, Frances Long, Sue Long, Bob Long, Mina K. Johnson, Renee Berry, Elizabeth Ann Arnold, Tamara Long, Steve Lee, Marilyn Roberts, Kathy Whitley, Kathy Williams, Laquita Williams, and Mitzl Hurst, Patty Sue

Miss Sandra Doss, Allen Colburn Ward Exchange Vows

Miss Sandra Doss, daughter of Mr. and Mrs. Emory Doss of Rockdale, became the bride of Allen Colburn Ward, son of Mr. and Mrs. Luther Ward of Goldthwaite, Friday evening, April 15, at 6:30 o'clock, in the First Christian Church of Rockdale. The impressive double ring ceremony was read by Rev. Roy C. Brewton, minister. Soft organ music was presented throughout the ceremony.

The bride wore a fitted white linen suit dress, a small white hat, an orchid corsage, and carried a small white Bible.

A reception was held at the home of the bride's parents, near Rockdale. The couple are now at home in Austin where both are employed.

WCSH Hears Book Review

By Mrs. R. L. Steen

Mrs. Harold Yarborough gave the devotional for the WCSH study of St. Luke at the third session last Monday. Mrs. Milton Schwartz gave "Christ and the Kingdom and the Gospel of Love." "Dear and Glorious Physician" was review by Mrs. R. L. Steen.

Monday, April 25, at 2:00 p. m., in the Methodist sanctuary, the concluding session on St. Luke will be held. "The Coin of Realm" will be told by Mrs. Milton Schwartz, and Rev. McCrary will give "Final Days—The Cross" and "The Resurrected Life." Mrs. Raye King will review the book, "The Twelve Baskets Full." A suitable challenge at the end of the session will be in a solo by Mrs. Schwartz entitled "Seek Ye The Lord."

Local Library To Receive Books From Foundation Grant

The Jennie Trent Dew Library of Goldthwaite will receive the eight-volume set comprising the official publications of the 1960 White House Conference on Children and Youth. In all 8,000 books are being given to Texas libraries by Mr. and Mrs. A. H. Meadows of Dallas through a Meadows Foundation grant of \$12,000.

A special committee of Governor Price Daniel's White House Conference Committee has designated the libraries as follows: 272 public libraries; 115 college and university libraries; 34 philanthropic or hospital libraries; 300 social agencies, probation departments and child care institutions; and 197 public and parochial high schools. The remaining sets will be distributed as new libraries are founded in coming years.

The books, representing the combined findings and thinking of the nation's outstanding leaders in the field of child care, will be a source of authoritative information on the nation's children for years to come.

PIRATE BASE COUNTS IN CENSUS—Rear Adm. H. A. Kero (left) takes census information from some of the 23 residents of the Swan Islands. Named for a pirate who used them as his base in the 1800's, the islands lie in the Caribbean, 100 miles off the coast of Central America. Possession is claimed by both the United States and Honduras. The Admiral agreed to take the census while in the area on a charting and mapping expedition. Since 1950, population dropped from 32.

STAR Agriculture

Released by The Texas Department of Agriculture
By John C. White, Commissioner

REALISTIC POLICY CHEMICALS
A long ago Rep. Henry A. (R-Utah), who was an agricultural expert before he was a congressman, delivered a speech to the House in Washington in which he strongly implied that the present policy of the U. S. Food and Drug Administration toward use of chemicals in agriculture is downright ridiculous.
Rep. Dixon traced this policy

to the administration's interpretation of the Delaney amendment to the food additive bill in the last session of Congress. The Delaney amendment prohibits in food any carcinogen—a chemical which ingested under any conditions can produce cancer in animals or humans.

"The original Delaney amendment," said Rep. Dixon, "was opposed by the Food and Drug Administration and had been rejected in committee as being too sweeping. However, there was little opportunity for debate and on the floor House members were made to feel they would be voting for cancer if they opposed the Delaney amendment. So it passed in a breeze, as it also did in the Senate.

"The Food and Drug Administration takes the position that the Delaney amendment prohibits even the most minute trace of any carcinogen in human food, even though it requires heavy and sustained dosages to produce cancer in an animal. This has aroused the Farm Bureau, Farmers Union, and virtually all other farm organizations to an unprecedented fury.

GIRL SCOUT SHOUT

By MRS. HOUSTON DUREN

The Girl Scout motto is: "Be Prepared." By the time a girl has been in Scouting from Brownie days up to Senior Scouting, she has learned many things, and one is that she must be ready to help when and where she is needed. The desire to help is not enough. She must also be trained in order to do the job well; even though it may be an emergency. For example, if someone is drowning, a person cannot rescue the victim unless that person knows life-saving. The same holds true for any other emergency.

Last Monday night, April 11, the twelve Senior Girl Scouts and Leaders of both Senior troops, 1 and 8, began the Standard Red Cross First Aid course with Mrs. Luther Jernigan as instructor. When they have completed this course they will not only be prepared to give aid when emergencies arise, but will also be prepared to know what to do to prevent accidents.

The Mariners have already met the requirements for the Red Cross Junior Lifesaver certificate, and seven of the twelve girls have earned their Hospital Aide Bars, and also their Child Care Bars. We feel that these Senior Girl Scouts are truly living their motto; they will be prepared to meet emergencies that may arise.

TROOP MEETING REPORTS BROWNIES

TROOP 7 (2) played games when they met last Tuesday. Second grade Brownies may seem to play a lot, but that is one way of learning to share and to have fun while learning. Mrs. Doug Collier met with them again last week.

TROOP 4 (3) went to the park for an Easter Egg Hunt during their meeting time last Thursday afternoon.

She is survived by her husband, G. L. Jackson, Uvalde; eight sons, G. S. Jackson, Joe Mark and G. L. Jr., all of Uvalde; W. L. of Waco, E. D. and W. C. of San Antonio, M. D. of Dallas and J. D. of Andrews; and 15 grandchildren.

TROOP 9 (4) had planned to have a hike and cook-out at the park last Wednesday, but, due to the rainy weather they stayed at the Girl Scout House and cooked out on the fireplace in the back yard. They will have the hike some other time.

INTERMEDIATES

TROOP 3 (5 & 6) did not meet last Thursday because of an Easter Party at school. They will have their hike and cook-out at a later date.

TROOP 5 (7 & 8) made definite plans for the hike which is a requirement of the "Foot Traveler" badge that they have just begun. They also checked further into the requirements needed to complete badges started last year.

SENIORS

The Senior Troops will not have their regular meetings as long as they are having First Aid Training, unless there should be some special business needing attention, then they will have a short called meeting.

ECONOMY PROVED IN MOBILGAS RUN!

A pair of Corvairs recently recorded 27.03 and 26.21 miles per gallon in the 2,061.4-mile Mobilgas Economy Run. That's certified proof that Corvair skimps on gas costs. It saves other ways, too. Corvair is the only U. S. compact car that never needs antifreeze or costly radiator repairs. Come in and drive the compact car that outdoes them all.

CORVAIR BY CHEVROLET DRIVE IT! GET OUR DEAL!!!!

Things Corvair gives you that America's other compact cars can't:

- Practically flat floor . . . real foot room for the man in the middle. **Fold-down rear seat** gives 17.6 cu. ft. of extra storage space.
- Four-wheel independent suspension** for a smoother, flatter ride.
- Rear-engine traction** . . . that comes with the engine's weight bearing down on the rear wheels.

You probably realize already that the mileage figures Corvairs recorded in the Mobilgas Run are higher than the average driver can expect. But because the cars met every kind of driving condition—rugged mountain grades, long country straightaways, congested city traffic—those mileage figures prove Corvair's inherent ability to save. smooth out the knocks in the air conditioning. Legislators are unhappy at the lack of supervision and inspection while the building was under construction.

H. R. Nieman, who became director of the State Building Commission after the building already was built, told the committee he agreed the structure was probably wasteful in some features. He attributed this to inadequate supervision. Steps are being taken to watch this more closely on future projects, he said.

Raw Materials—Gov. Price Daniel has promised to have two sets of ingredients ready when the State Finance Advisory Council meets May 16 to begin shaping up a long-range fiscal policy for the state.

Daniel will present to the committee:

(1) A 10-year projection of budgets of agencies which represents the state's main money needs — schools, highways, hospitals and welfare.

(2) Five suggested new tax plans.

He does not intend to make the five tax plans public before the committee meeting, said the governor, because he doesn't want them to get involved in

the current political campaign. It is certain that the governor's proposed tax plans will not include a general sales tax or income tax, both of which he has long opposed. However, he said he will ask the committee to look down the road and "report honestly whatever you find and let's see how long we can go without sales or income taxes."

Houston U Asks Aid — Now under consideration is whether the University of Houston should become a fully state-supported college.

Commissioner on Higher Education will hear a report on its staff findings probably in October and make a recommendation to the Legislature, pro or con, next year.

In making their bid before the Commission, Houstonites said the state would get a \$22,000,000 institution with a 275-acre campus, all free of debt. In return, it would need to spend about \$4,000,000 a year for operating it.

Increased costs have forced the school to raise its tuition fee to \$600 a year and more, with a resulting drop in enrollment. Tuition at state colleges is only \$100 a year.

Council of State College Presidents opposes the move on the

ground that the state cannot afford to spread its support any thinner without a damaging drop in quality.

Houstonites point out that their county has 10 per cent of the state population, pays 20 per cent of state taxes, but has no state college in the area.

Sports Funds Due Inquiry — Commission on Higher Education has ordered an investigation of rumors that state money is being used by some colleges for intercollegiate athletics.

A previous report to the Commission had indicated that this was usual among all schools except those in the Southwest Conference which get enough from gate receipts to support athletics.

Requests by six schools to expand their course offerings are under study. Each proposal will be considered at least six months before approval or disapproval.

Labor's Cases Upheld — State Supreme Court ruled that labor unions have a right to present grievances to a school board if they do not claim the right to strike.

It overruled the position of the Dallas School Board that dealing with the union would be the same as recognizing it as a bargaining agent for public employees and therefore contrary to law.

In another case the high court struck down the sentences imposed by a Dallas judge on three labor officials for picketing a business that is in interstate commerce, their action was held to be a case for federal, not state, courts.

State Deficit Drops — Annual payments of taxes on corporation franchises and insurance premiums are whittling down

the shortage in the state general revenue fund.

After hitting an all-time-high of \$88,000,000 in March, the deficit dropped to \$76,496,922. It is expected to drop further through the spring but not enough to get out of the red this year.

Reasons are several: a drop in oil revenue due to the industry's troubles, lawsuits which tie up expected revenue from the new severance beneficiary tax on natural gas, loopholes in the new sales taxes on furs, jewelry, air conditioners, etc., that have caused revenue to fall below expectations.

Large Wheat Crop — Texas' winter wheat crop is expected to hit 78,714,000 bushels, third largest crop among the states.

U. S. Dept. of Agriculture describes conditions in Northwest Texas as very favorable, with plenty of moisture and light damage from winter weather.

An estimated 4,373,000 acres of wheat have been planted in Texas. States with higher crop expectations are (1) Kansas and (2) Oklahoma.

Prunes Used In Three Delicious New Dishes

By ALICE DENHOFF

NEW METHODS of processing and packaging now give us prunes vastly different from the hard fruit that use to take hours of soaking and cooking. Prunes, today, have so much of the moisture restored that we eat them just as they come from the box. And we plump them to their natural fullness by simply steeping them in hot or cold water to cover.

Try this delicious and healthful fruit in a batch of Prune Fritters.

Makes Two Dozen

To prepare 2 doz., sift together 1 c. sifted all-purpose flour, 1 1/2 tsp. baking powder, 3/4 tsp. salt and 3 tsp. confectioners' sugar.

Gradually add 1/3 c. milk, beating until smooth. Add 1 beaten egg, 1 c. chopped, plumped prunes and 2 tsp. lemon juice, mixing well. Drop by teaspoons into deep fat heated to 375°, 3-5 min., or until delicate brown. Drain on absorbent paper.

Serve hot with lemon sauce or maple syrup, or roll in a mixture of confectioners' sugar and cinnamon.

Incidentally, the easiest way to "chop" prunes is to cut prune meat from pits with scissors. Wind up a hearty meal with a light, delicious Prune Meringue Whip.

To serve 6, put 1/2 lb. cooked and pitted prunes through sieve and measure out 3/4 c. prune pulp. Add 2 tsp. sugar and 1/2 tsp. cinnamon. Chill.

Whip Evaporated Milk

Whip 3/4 c. chilled evaporated milk until it is stiff and holds a peak. Whip in 1 1/3 tsp. lemon juice.

Fold lightly into prune mixture. Spread evenly into lightly-buttered round or rectangular baking dish.

Beat 2 egg whites until frothy and add 1/2 tsp. cream of tartar while continuing to beat until whites are almost stiff.

Beat In Sugar

Add 1/4 c. sugar, tsp. at a time, and continue beating until very stiff.

Spread over prune whip, bringing meringue right to edges of dish so that heat will not affect whip.

Brown quickly in broiler.

popular beef cut is the standing rib roast—a luxurious roast that is priced about the same as last year.

Fruits available at reasonable prices in most markets include bananas, avocados, lemons, grapefruit and oranges. On the vegetable counter, look for bargains on fresh carrots, iceberg lettuce, dry yellow onions, celery, cabbage. Asparagus quality is excellent and the price is moderate. Tomatoes continue to be in the medium-high price range as do cucumbers, although they are being featured by some stores.

"B" VITAMINS NEEDED FOR NERVE STABILITY

For most of us the tempo of living is pretty fast these days and sometimes pressures bring on an "edgy" feeling.

B vitamins are important for nerve stability. Enriched corn meal and grits are important dietary sources of these vitamins. Other whole grain and enriched products provide variety and flavor change.

The Texas Food Standard states that for a good diet each day, a person should have a serving of whole grain and other enriched cereal or bread. Surveys shows that many Texans do not get this food daily.

During my lifetime I have met with several agnostics, but agnostics don't agree among themselves. Some of them confess that the age of miracles passed with the apostles of Christ, while others of them don't believe the miracles re-mentioned in the Bible, while they have no way of disproving the same. such events. For instance take oxygen and hydrogen, either one will burn if a lighted match is touched to them. These may be mixed in a certain manner as to form water, that puts out fire. No one can explain or understand such events.
Dr. Harry Rimer, member of the Scientific Research Society of California, has made public addresses in many cities of America and in England.
His society has offered \$100.00 cash to any one who could find one scientific fact that disagrees with the Bible. So far such a fact has never been found.

Dr. Rimer, one among the leading scientists of the world, tells us that the famous astronomer, Dr. Taten of Yale University, took the problem of the sun and moon as given in Joshua 10:13 and figured back before our time and found that a day had been lost. Astronomers can and do figure ahead of our time and tell when a certain planet will be in eclipse. They can and do figure back behind our time and tell when a certain planet was in eclipse.

When Dr. Taten found the missing day he notified an astronomer friend what he had done and suggested that the friend take time some day and figure it out for himself. The friend did that but informed Dr. Taten that he was not satisfied as he had found it lacked ten degrees being a full day. Dr. Taten advised him to read on in the Bible until he came to Ahag's sun dial which hands of the dial turned ten degrees backward. That made the day.

It all reminds me of the little girl who attended an exhibition at her school. She was late and met the people coming out of the school building. A classmate teased her saying, "You are too late. It's all over and it was wonderful." The belated child said, "Well I don't care, I've

Clementine Wilmeth Briley Writes From Temporary Home In El Paso

By CLEMENTINE WILMETH BRILEY

Now we come to the Easter holidays and the last six weeks. Soon we'll be wending our way home. Only three days of school this week. Billy went to his Easter Sunday School party last night (Thursday). Grace and her helper took their Sunday

seen an egg turn into a little chicken and nothing can be more wonderful than that."

Around the world,
Across the sky;
In place so deep, so high
That the creator hath
not trod,
And left footprints of
our God.

School Class today to a little park for a sack-lunch picnic and an Easter egg hunt. Grace said they had 22 children. And tonight we discovered the cross on the mountain.

Western Auto sent Bill a new assistant manager last week, Dick Jones from Denver. We had him and his wife for dinner Sunday after church. They seemed to be a charming couple and we enjoyed them. Also Billy had for his guest Jimmy Loudermilk. Jimmy is a nephew of Judge Loudermilk of Brownwood. He is a fine boy. During the afternoon Grace and Bill took the boys and Mr. and Mrs. Jones to the Zoo. Grace was surprised at the improvement they had made. Many more animals, and lots of pretty flowers. They went from there to Lake Ascarate where they found a big crowd and quite a lot of excitement. A U. S. Navy plane had just landed on the lake. It was having engine trouble.

Grace took us to see it Monday evening. Because of parts that had to be brought from a distance, the plane has been on the lake all week. Ascarate Lake is connected with the Golf Course. On the Golf Course there is green grass, but around the lake nothing but dust. I have wondered where that lake gets its water. I knew it didn't rain enough in El Paso to fill any kind of a lake. I have recently been informed that the water comes from a well. There is lots of boating on the lake, and there were white ducks and black ducks sailing all around.

Grace had to take some of the children from her chorus to Texas Western College this

week. Dr. Thormodsgaard was having an audition for a boys' choir. He chose Karlton Hester, her one little ducky, and one white Mexican boy. While there Grace saw the Texas Western Museum, and she thinks it is so wonderful she wants the rest of us to see it.

Tuesday we had another windy, dusty day, but the other days have been fine for working outdoors. I have been trying hard to get all my chrysanthemums put out. I got pepper and tomato plants put out this week. My dwarf daisies are budded. My giant Irises are blooming some. They are beautiful. I have yellow, white and purple Dutch Irises blooming. And oh, my sweet peas. I got the net wire to keep the sparrows off, but the ones they had eaten off have grown very little.

I had another letter from my friend, Mrs. Nan Edmiston Keahey of Bluff Dale, this week. She said they had been very busy with the preparation for a wide area Art Exhibit at John Tarleton College at Stephenville. The Bluff Dale Society of Artists had a large number of entries (two cars full). Nan is quite an artist. She paints many pictures. She makes a specialty of old houses and landscapes. She made a number of entries in the exhibit. She brought home three blue ribbons. One was on an old Rock Church not far from their Bar-K Ranch. Another was a Davis Mountain Landscape. She sketched it when she camped there last. The third was a small water color of Paluxy. Paluxy is a beautiful stream not far from Bluff Dale. It runs right by Glenrose.

A card from my sister, Mrs. Grace Bateman of Fort Worth,

said she had been to see Willie Montgomery. She seemed stronger to her. She could talk all right. They had a good visit, but Willie's daughter said the doctors didn't give them any hope.

Questions And Answers About Social Security

Question: I am receiving social security retirement payments. Last year I made over

\$1200 profit from my business. Since my wife and I file joint income tax returns, would it be proper to report one-half of the money as her income on the annual report of earnings to the Social Security Administration?

Answer: No. The full amount of your earnings must be reported as your earnings.

Question: I retired on April 1, 1960. When does my year start for purposes of the \$1200 annual social security earnings test?

Answer: The year starts January 1, 1960, and ends December 31, 1960, regardless of which month you retire or file application.

The annual F. H. A. banquet (Mother and Daughter) was

held last Friday night at McLean's Cafe in Goldthwaite. Invocation was given by Mrs. Heral Locke, followed by the F. H. A. prayer song by all the girls. Welcome was given by Marianna Egger, response was by Mrs. Hulon Egger, and the devotional by Dianna Chaney. A group of girls sang "Sentimental Journey," accompanied by Mrs. Robert Lee at the piano.

Guest speaker for the evening was Rev. Presnall H. Wood, pastor of the First Baptist Church in Goldthwaite.

The menu consisted of pineapple juice, fried chicken and gravy, green beans, tossed salad, mashed potatoes, hot rolls and iced tea. Dessert: strawberry short cake.

The banquet ended with a group of girls singing one verse of the song, "Mother," and accompanied by all the girls on the second verse of the same song.

Bill Mac Cooksey, son of Mr. and Mrs. Jack Cooksey of Puerto Rico, is in a San Saba hospital where he underwent surgery for an injury he received one afternoon last week while practicing football. Bill Mac is one of Mullin's best football stars, and we are all pulling for him. His mother has come from Ponce, Puerto Rico, to be with him.

Mr. and Mrs. H. H. French and Earl, and Miss Gladys Hunt of Fort Worth were recent visitors here with Mr. and Mrs. A. L. French.

The Rev. and Mrs. A. M. Bell were honored with a going-away shower in the Mullin Baptist Church following church services at his last sermon. The Bell family have moved to Bellville where he will be pastor of the Baptist Church.

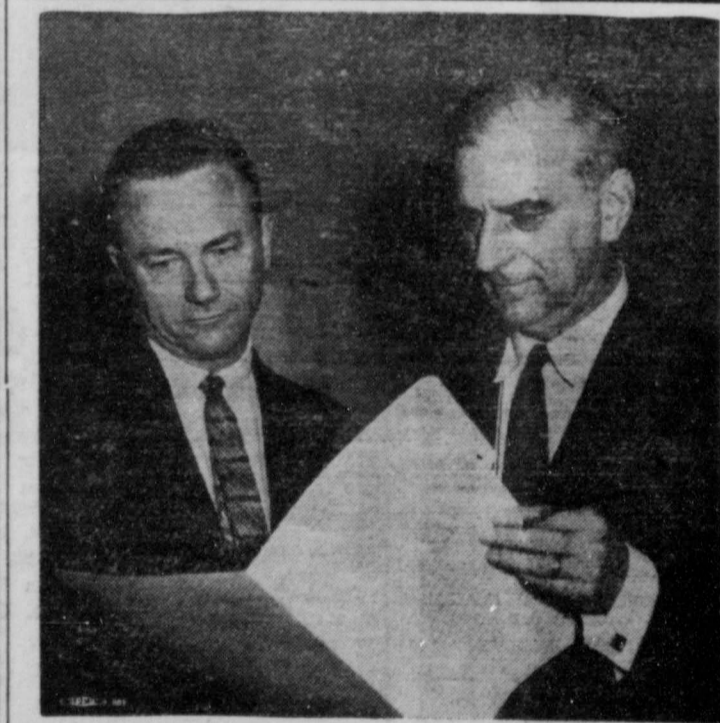

The F. H. A. girls had a style show last Monday night in the school auditorium. Each girl modeled garments they have made this year under the guidance of Mrs. Aubrey Foster, their teacher.

Don't forget the Senior play, "A Ready Made Family," to be presented Friday night, April 22, in the High School Auditorium. Everyone is invited to attend.

Mr. and Mrs. Eugene Tyson and family of Beaumont were recent visitors here with her parents, Mr. and Mrs. W. T. Lee.

BEN BARNES

GETTING AROUND—That is a good way to describe the activities during the past several weeks of Ben Barnes, De Leon, candidate for State Representative, Mills, Brown and Comanche Counties. Ben has made a number of visits to Goldthwaite and Mills County since he announced for the office. But, his campaigning went into high gear the past week as he and Mrs. Barnes started their house to house calling in this city on behalf of his bid for the office.

Mullin Seniors To Present Play

"A Ready Made Family," a comedy in three acts will be presented at 8:00 p. m., Friday night, April 22 in the Mullin gym by the Mullin Senior Class.
