March of Dimes Helps Dry Youngster's Tears of Pain

Anthony Ryan wasn't normally a crybaby. But at 10 months he began crying almost incessantly, and at times even screamed.

His loving parents in Philadelphia were nearly out of their minds. With four other small children, the household was pandemonium. No one appeared to know precisely what was causing the infant's dreadful paroxysms of pain.

Eight months and countless tears later, the cause of Anthony's agony was at last diagnosed as rheumatoid arthritis, seemingly afflicting every area of his tiny body.

ON EAST COAST, Dr. John D. Bridgers, director of March of Dimes Arthritis Treatment Center at Children's Hospital, Philadelphia, examines Anthony Ryan, 12 years.

ON WEST COAST, identical twins Cathy and Carol Gile, 7 years, are greeted at March of Dimes Congenital Defects Clinic in University of Washington Hospital, Seattle.

It's 11 years now since Anthony was stricken. He will limp the rest of his life; he cannot play baseball today with the other boys in the block, and he is still in a great deal of pain. As a matter of fact, until just a short time ago he couldn't even turn his head.

Science has not yet licked the problem of Anthony and of thousands of children like him. There is still no simple, accurate test for the early diagnosis of rheumatoid arthritis, although the outlook is hopeful. But many rheumatologists would agree today that had modern diagnostic tools been available to him, and had Anthony been examined immediately by a "team" of specialists in the medical and allied professions—the group of orthopedists, pediatricians, laboratory research scientists, physical therapists and others now available in March of Dimes-financed treatment centers in many parts of the nation—Anthony today might be skating with the other kids on the frozen pond at the bottom of Prince Circle where he lives.

Although much of the injury done to Anthony in past

years is irreparable, doctors at a new arthritis treatment center at Philadelphia Children's Hospital, sponsored by five March of Dimes chapters in the area, check him regularly to ease his pain and avoid further damage.

This same "team approach" is also employed by the ever-growing number of National Foundation-March of Dimes chapter-sponsored clinics for treatment of birth defects, another area in which the health organization is concentrating. Infants with any of hundreds of major birth defects are now examined by as many as 12 specialists at each clinic, working together as a team that might include a pediatrician, neurosurgeon, urologist, orthopedist and internist as well as others.

For instance, consider the perils from one birth defect

that surrounded Cathy and Carol Gile, identical 8-year-old twins of Vancouver, Wash. From birth, the children have been seriously ill with a succession of maladies—pneumonia (each six times), ear infections (again, each six times) and other disorders which have meant prolonged hospitalization. Both were found to be afflicted with an inherited lack of antibodies, the substances in the blood which combat bacteria.

At the University of Washington Hospital, Seattle, where 86 March of Dimes chapters in Washington, Idaho and Alaska have financed a birth defects clinic, the attractive little girls twice monthly are given injections which literally keep them alive.

The Seattle "team" at the March of Dimes clinic watches over the twins devotedly.

There are tens of thousands of Anthonys and Cathys and Carols in the United States today. One reason The National Foundation-March of Dimes turned to these diseases three years ago is that almost 700 babies are born each day in this country with significant birth defects, accounting for more than 21,000 deaths each year. Crippling rheumatoid arthritis affects 30,000 children and adolescents—apart from the overall toll of 11 million American victims of rheumatic diseases.

An increasing number of sufferers from these two cruel handicaps are receiving treatment from the specialist "teams" at March of Dimes-financed chapter clinics. As more funds become available, additional centers will be established to provide medical care for even more victims of chronic crippling disease.

Contributions Picking Up Steam For Screwworm Control Program

Park Fund Contributions Are Coming In

Contributions to the Mills County Park Fund are coming in daily, according to report from W. P. Duren, chairman of the park committee.

Letter was sent out to approximately 400 citizens soliciting their financial aid for the project.

The park fund fell short \$500 of reaching the goal needed for proper maintenance the past year. This leaves the committee with the problem of raising \$2,000 to take care of the deficit and get funds for work to be done this year.

Many who received letter from the committee just before the close of the year have not responded to date. Many are expected to do so within the next few days.

Everyone who is interested in having a nice park for Mills County is urged to support the project with a contribution of \$12 for a year, or more if possible.

Honor roll of contributors will be published in the Eagle starting the latter part of January after all have an opportunity to take part and list is prepared.

Stock Show - Free Barbecue At Mullin This Saturday

VIC'S . . .

SOLILOQUY

IT IS NOT NECESSARY THAT WE SHOULD ALL THINK EXACTLY ALIKE, BUT WE SHOULD ALL THINK.

THE NEW YEAR AHEAD—By this time most will have recovered from the holiday season with all the rush, hustle and bustle and all that goes with it.

Taking inventory with all the details is behind some, while others will be busy for a few more days getting the counting, or especially the figuring, done and then all will be digging into a new year ahead.

Predictions from people who are supposed to know something about the trend of business, indicate that 1962 will be a good year. Auto manufacturers are getting ready for a bumper year, so they say, one that is supposed to match or even better the best years of the 50's in car sales.

As a general rule auto sales in the nation are a pretty good indicator of business in general. So maybe business will be good this year. At least it doesn't hurt one to make plans and get ready for a good year.

THE LADDER OF LIFE IS FULL OF SPLINTERS, BUT YOU NEVER REALIZE IT UNTIL YOU BEGIN TO SLIDE DOWN.

STOCK SHOWS COMING UP—Two Mills County stock shows are coming up during the first half of January.

Mullin Community Club is sponsoring the Mullin show this week Saturday, January 6. Plans call for a free barbecue lunch served at noon to all who can attend. Judging will start at 1 p. m.

Mills County stock show will be held here at the agriculture buildings next week Friday and Saturday, January 12 and 13. Complete details of the show will be announced in paper next week. It is sponsored by the Mills County Livestock Raisers' Association.

After the county show next week Mills County 4-H and FFA club members will be getting ready for some of the major shows of the State, Fort Worth, Houston, San Antonio and others. Our boys and girls have some fine projects this year to exhibit and we are looking for them to bring back some more awards to go with those of past years.

HAPPY SUBSCRIBER—"Enclosed you will find check, please renew my subscription to the paper for another year. Sorry I've been late, I enjoy my work here in the hospital, but, as the old saying goes, there is no place like home. I enjoy the Eagle so much, it's just like getting a letter from home. Wishing each of you a happy holiday season."—Mrs. Jewell Slaughter, Giddings, Texas.

THE COST OF A KISS—In Southampton, England, the judge called it reckless and fined a boy \$28 for kissing his girl while driving. Then he fined her the same amount for aiding and abetting.

GREETINGS AND APPRECIATION — From Houston Harte, Jr., president of the San Angelo Standard-Times came the following note: "We at the Standard-Times send you the warmest sincerest Christmas greetings! "Especially at the Christmas season each year we are aware of the faithful service of you and more than 50 West Texans like you during the past 12 months. Your loyalty and work in reporting the news of your hometowns are big factors in making the Standard-Times the highly respected regional paper it is. We are indeed grateful."

10 YEARS AGO—

(Taken from The Eagle Files of January 4, 1952)

During the past week and under the leadership of Mayor Loy Long and the Goldthwaite Lions Club, this city held out the hand of welcome to the Army and Air Force troops that during the next few weeks will be engaged in Exercise Longhorn—the most important and biggest-scale American military maneuver to have been planned since the close of World War II.

In a simple but impressive double ring ceremony that was solemnized by the Rev. Ed H. Lovelace, pastor, Miss Merlene Reynolds became the bride of Franklin Dew Weathers at 6:00 p. m., at the First Methodist Church in Goldthwaite last Saturday.

Nine Plentiful Foods Greet New Year Shoppers
American farmers have a nice

way of saying "Happy New Year." They do it by providing extra-large supplies of tasty foods at low prices, for January markets.

Fresh grapefruit and honey are two examples. They head the January list of plentiful foods.

This year's grapefruit crop is estimated at 45.2 million boxes, 8 per cent more than last year. Texas grapefruit are an especially good buy in this area. And bees in all parts of the nation have produced 275 million pounds of honey, an all-time record.

Also on the list of plentiful foods for January are broiler-fryers, apples, Irish potatoes, pecans, frozen and canned cherries, rice and dry beans.

The Agricultural Marketing Service, in cooperation with growers and the food trade, selected these items as being in supply that exceeds normal needs. There's a different list each month.

Food stores usually find it possible to offer plentiful items as special weekend features, at attractive prices. Consumers can take advantage of the abundance by serving plentiful foods often.

Art & Civic Club To Meet January 9

The Art and Civic Club will meet in the home of Mrs. T. E. Winters, Tuesday, January 9, at 2 p. m., for the Fine Arts Program.

Fishers Host Mullin Community Organization Christmas Party

Mr. and Mrs. E. L. Fisher were host for the Christmas Party for the Mullin Community Improvement Organization at their new home, Friday night, December 22. The party, scheduled to be held in the Community Center, was held at the Fisher home as the work on the building was not completed due to bad weather.

The home was beautifully decorated throughout depicting the Christmas theme. In the entrance hall, a table with green cedar sprays, red candles and an open Bible told the Christmas story.

The refreshment table was centered with an arrangement of silver sprays, cones, red Christmas balls and red candles. In the large picture window was a native cedar Christmas tree. The hosts served punch and coffee along with assorted Christmas cookies brought by different ladies of the organization.

The adults enjoyed dominoes, "42," and visiting around the huge open fire place while the children played games and records in the big double garage, until the time arrived to see what Santa had brought for the Community Center. Gifts included tables, dishes, glasses, wastebasket, dust pan, cooking mitts, several gallons of paint and gifts of money. Two

folding chairs to be added to the list already started and when completed a full list of names will be given.

After viewing the gifts the group gathered around the piano and joined in singing carols and hymns.

Those present were Mrs. Rachel B. Trent, HD agent, and Mr. George Reese, County Agent, both of Goldthwaite; Mr. and Mrs. Bill Murray, Neecie and Annette, W. R. Lindsey and Martha Carolyn, Carl Hohertz and Carl Ray, Maurice White and Beverly, Harold Locke and Carol, Glynn Calder and Darline, Argie Whisenhunt, Dianne, Danny and Delton, Maxwell Kirkpatrick and John, B. F. Tucker, C. C. Wright, Glynn Sanders, Miss Alice Fisher, Mrs. Ora Wilson and Mr. and Mrs. Fisher, Susan and Bill.

The holidays are now history. The weather was very beautiful and most all received their share of gifts. There was a lot of noise from the fire works. The Oxford children finished picking their cotton crop. Roy Wayne Harris and Wayne Ratliff helped Ol Brown with his livestock. Noble Humphries, Donnie and

Dannie have been working with the livestock.

Bobby Oxford did some visiting and hunting down around Mountain Home during the holidays. He brought home a deer, turkey, a squirrel and a hawk. We all wish Bobby the very best of health in the New Year.

William G. Crawford celebrated his birthday Saturday. We all wish him many more "Happy Birthdays."

PARENT PROBLEMS

Concentration Is Easy When Learning Is Fun

By GARRY CLEVELAND MYERS, Ph.D.

IN MANY letters from parents about the school child who lags in one or all subjects, the statement appears that this child does not concentrate. Usually the parent writes that the teacher says the child doesn't concentrate.

The assumption by the parent and teacher is that there must be some way to persuade or force a child to concentrate.

Temporary Results

It's possible to do either for a few moments, as when a teacher quietly asks the inattentive child to pay attention or shouts at him to do so, or when the almost insane parent shrieks at the youngster or gives him a blow. But at best, concentration then may be only temporary.

You might be able to require a child to turn his head and eyes and assume a physical posture of attention. But you can't be sure you can direct what goes on inside his head. You can't be sure you can force him to attend to what is at hand or to concentrate on it for an appreciable time.

Must Be Interested

He must be interested in order to be really attentive and to keep concentrating, which is the same as saying that he must be succeeding at learning. We get the cart before the horse when we say the child would learn better if he attended better, concentrated better. Instead, we should know he will concentrate better when he learns better.

When a child habitually does not concentrate on the lesson at hand, our problem is to find ways to help him enjoy more success at this lesson, as at

spelling, reading or arithmetic.

More often than not his chief trouble is with reading. He can't go far in solving arithmetic problems if he can't read them well for meaning.

By the time he is in the fourth or fifth grade, nearly every subject at school requires reading, including history, geography and science. Usually the child who lags or fails in such subjects really lags or fails in reading.

Main Concern

Therefore when your child's teacher complains to you that your child does not pay attention, doesn't concentrate at school, you can't hope to make him pay attention and concentrate better at school by commanding him to do so. While you should let him know you expect him to observe the regulations at school and at home, your main concern should be to find ways by which he may enjoy more success at learning from books.

(My "Home Helps in Reading, Spelling, Arithmetic and Handwriting" and "The Child Who Doesn't Concentrate" may be had by sending a self-addressed, U. S. stamped envelope to me in care of this newspaper.)

Answering Parents' Questions
Q. When I say "No", my daughter, ten, says, "Give me a reason."

A. And when I do, she says, "That's no reason", and keeps on with it until I don't answer her and she gets mad.

A. You try too hard to explain. When you are sure she knows the reason why you say "No" (and she usually does) say nothing at all.

Nation's Mailmen Are Potent Force In March of Dimes Disease Battle

A small, yellow envelope serving as a harbinger of an expanding war on crippling disease arrives in the mailboxes of 40 million American families this week.

It brings the "mailer" of the 1962 March of Dimes, now dedicated to seeking the answers to birth defects and arthritis while continuing its work in polio. Printed on each envelope is the confident prophecy, "Your Dimes Will Do It Again!"

Addressed by tens of thousands of volunteers in the county chapters of the National Foundation - March of Dimes across the nation, this symbol of scientific research and total medical care for the victims of these diseases promises immediate help and future hope through the generosity of the American people.

The prediction on the mailer "Your Dimes Will Do It Again!" is a reference, of course, to development of the Salk anti-polio vaccine and to the later Sabin oral vaccine. Both were made possible, as were the medical care and rehabilitation of many of those paralyzed by polio, by public contributions to the March of Dimes. Many millions of the dollars so well used to bring about these accomplishments came to local chapters through similar mailers in years past.

Recipients of these mailers, including those in distant Hawaii and Alaska, were urged by March of Dimes leaders this week to return the mailers to local chapters as promptly as possible.

As one chapter chairman said: "Aside from financial outlays needed urgently for research and for total medical care of victims, The National Foundation - March of Dimes must expand its already existing national network of chapter-supported clinics helping those stricken by birth defects or by arthritis."

"The figures give you an idea of the appalling magnitude of

National Poster Child of 1962 March of Dimes, Debbie Sue Brown, 5, Clarkston, Wash., exhibits jumbo-sized mailer for contributions. Born with the serious birth defect of an open spine, Debbie Sue inserts bill in an envelope almost as tall as she is.

the problem. Each year in this country, at least 250,000 infants are born with significant birth defects and 21,000 die. This we must prevent.

"As to rheumatoid arthritis, fully 30,000 children and adolescents are crippled. Altogether, more than 11 million Americans suffer from the arthritic diseases. This must not happen in the future."

"When we say to the public that 'Your Dimes Will Do It Again!' it's not an empty boast. We mean precisely that. Some folks believed that the answer to polio would never be found.

But our scientists never abandoned hope and, because of March of Dimes contributions from those who believed as we did, the answer was found. Tens of thousands of lives have been saved since then, and tens of thousands saved from crippling.

"None of us, scientists included, knows when the answers will be found to birth defects and arthritis. We just know, as we knew with confidence before the Salk vaccine, that those answers will be found provided sufficient public support is forthcoming."

Community News From Mullin

By MRS. JOHNNIE HOLLAND

Today is the start of a brand new year — 1962. I was impressed by the Baptist Church Bulletin last Sunday. On one page there was a large square which represented an individual. It was completely blank—no marks or anything to mark the start of a New Year for the individual. The question was asked, "What Will It Be At The End of 1962?"

Parties, community singings, etc., have been quite plentiful around Mullin throughout the holidays.

Mr. and Mrs. Glynn Nickols entertained a group at their home in the Ridge community with a venison supper one night.

Mrs. Verna Lee Dudley entertained the singing group at her home last Friday night. The home was decorated with Christmas decorations, tree and all. They all exchanged gifts. They had a turkey supper and all the trimmings served at 7:00 o'clock. Singers were there from Lometta, Brownwood, Indian Creek, Ridge, Goldthwaite and Mullin. They sang until a late hour.

Mr. and Mrs. G. H. Locke entertained the Mullin Improvement group with a sing-song at their home near Mullin last Saturday night. Games were played, songs were sung, and a big crowd was there to enjoy it all.

Last night, Sunday night, a singing was held at the Ridge Schoolhouse. The singing started about nine o'clock after church and was supposed to last until dawn. They "Sang the Old Year Out, and the New Year In." A big! big! crowd was there, and I understand they really did have some singing.

The Mullin Home Demonstration Club will meet for the first time in the new year at the home of Mrs. Verna Lee Dudley. They will meet January 18, at

ma Jean, of Dallas for several days during the holidays.

Mr. and Mrs. Will Day visited with Mr. and Mrs. Paul Kinchele Friday night.

Mr. and Mrs. Butch Pesch of Abilene spend Tuesday and Wednesday with their grandparents, Mr. and Mrs. Webb Laughlin.

Alvis Lee had the misfortune to lose one of his show sheep Friday.

We are so sorry to hear of Beverley Keiso's accident. Do hope she soon will be able to be out of the hospital.

Mrs. El Duncan is still in the hospital at Lampasas.

Mr. and Mrs. Fred Laughlin, Mrs. Lina McLean of Goldthwaite were callers in the Webb Laughlin home Wednesday afternoon.

Little Miss Patsy Carswell spent Thursday night with Donna Kay Soules.

Mr. and Mrs. Chester Ford and son, Clyde, and Mr. and Mrs. Tom Ford and Doris of Austin and Alva Ford visited during the holidays with their sister, Mrs. Webb Laughlin and Webb.

Sorry to learn Mrs. Bob Black had the misfortune to get a fall and cut her leg. Hope she soon is Okay.

Mr. and Mrs. Alton Duncan and children of Hobbs, New Mexico are visiting with Mr. and Mrs. Orb Duncan and other relatives. They visited Sunday afternoon with Mr. and Mrs. Chock Duncan and family.

Mr. and Mrs. Chock Duncan and Mr. and Mrs. R. A. Cox of Seallorn were callers in the Webb Laughlin home Monday (New Year's Day).

Mr. and Mrs. Paul Lee visited Sunday with Mr. and Mrs. Geeslin at Goldthwaite.

Mrs. Maggie Truitt had as guests her daughter-in-law from Austin, Sunday.

Mr. and Mrs. Haskell Alexander, Larry and Sandra, were in Pottsville Sunday.

Mrs. Howell spent Monday morning with Mrs. Paul Lee.

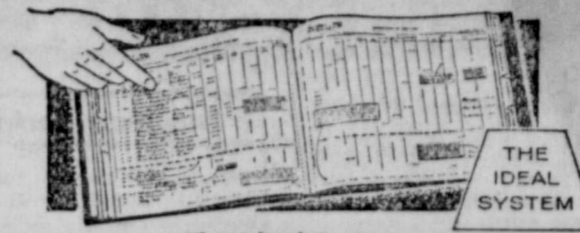

2:30 p. m. Mrs. Trent, the Home Demonstration agent, will be present, and she will bring the program on Landscaping. Everyone interested in this work is invited to attend.

Mr. and Mrs. Wilber Perkins and family of California visited at Mullin through the holidays. They visited Mr. and Mrs. Will Perkins at Duren, and with his aunt, Mrs. Ashton and Mr. and Mrs. Glynn Nickols at Ridge.

Mr. and Mrs. Joe Reeves and Cindy of Lubbock visited at Christmas time here with Mr. and Mrs. L. L. Singleton and Mr. and Mrs. Hubert Reeves and John. Mr. and Mrs. Steve Williams of Austin also visited Mr. and Mrs. Reeves and Mr. and Mrs. Chester Williams.

Other visitors with Mr. and Mrs. L. L. Singleton were: Randall Chesser of Arizona, Mrs. Callie Collins of New Mexico, Mrs. Carl Featherston and Mrs. Annie Chesser of Brownwood.

Clementine Wilmeth Briley Writes From Temporary Home In El Paso

By CLEMENTINE WILMETH BRILEY

baby-sitting tonight with interesting children, a boy

five and a girl 8. They have a beautiful Christmas tree with red, yellow, and green lights blinking on it and lots of presents under it.

I brought my typewriter along, hoping I might get to write this letter. It is really Christmas now. It's a joy to ride along the streets at night and see the pretty homes all decorated for Christmas. A Christmas tree in every home. In spite of all that is said about so much divorce and broken homes in our nation, we still seem to have lots of homes where love dwells.

I had a letter from Mrs. Edna Dwyer this week. She says her family are all going to spend Christmas at the Dwyer home. Her daughter, Opal, and her husband, Austin Cawyer, will come from Victoria. And her granddaughter, Edna Beth and her husband, Harold Everett, and their three little daughters, Shelly, Sherry and Elizabeth, will come from Texarkana. They are expecting a very happy Christmas.

A letter from Mr. and Mrs. Jim Wilmeth of Brownwood said they are expecting Dr. Marie Wilmeth of Abilene and Mr. and Mrs. Paul McClung and children, Larry and Willie, of Amarillo to spend Christmas with them. Larry is a freshman at ACC. Martha, their daughter, got married last summer and is living at Kingsville.

Mrs. Reeves also said they would not have their granddaughter, Evelyn Hardin, who is attending Howard Payne College, with them for any of this Christmas. She will spend all her holidays at Big Spring with her father, Albert Hardin, and her new mamma, Albert re-

HOLIDAY GUESTS IN MARVIN COLLIER HOME

Guests in the home of Mr. and Mrs. Marvin Collier during the New Year's holiday were their children: Mr. and Mrs. Ray Collier and daughter, Lubbock; Mr. and Mrs. Gus Roberts, Arlington, and Roy Collier, Keller. Also Mr. and Mrs. Ernie Hairston, Killeen, Mr. and Mrs. Lewis Covington and Will Collier, Mrs. Ray Blackburn and Billy, Mrs. Hardy Collier, Mrs. Leonard Collier, Mrs. Loyd Hiller and Mrs. Ernest Hiller.

Mrs. J. W. Weathers returned Monday from Fort Worth where she spent Christmas with her children and grandchildren, Mr. and Mrs. J. J. Johnson and Mr. and Mrs. J. J. Johnson Jr. and children.

Julius George Kunkles Of Priddy Claimed By Death December 27

Funeral services for Julius George Kunkle, 73, of Priddy were held Sunday afternoon, December 31, at 2 o'clock in Zion Lutheran Church at Priddy. Services were conducted by Rev. He was married to Miss Emma Schuster December 12, 1912 at Priddy.

married the day before Thanksgiving.

Mrs. Stanley Reeves writes that Hubert Reeves and his son, John, and the Mullin Coach went to Fort Worth last week to consult a doctor about John's knee. The doctor said there would have to be an operation. So that would be done this week.

Mrs. Clayton Egger told me that Henry Egger had entered the hospital at Goldthwaite and was to have had surgery last Monday. Clayton had been to see him.

Mrs. Effie Egger said Clayton attended the Sheep and Goat Raisers' Association at Fort Worth last week.

My sister, Mrs. Grace Bateman, of Fort Worth writes that her son, Dr. John Robert Bateman, who is doing his required three years of residency in The Chicago Institute of Psychiatry, will not be home for Christmas. But he has to come to Mississippi in January, and he will come home for a visit then. His wife, Harley, and their baby, Brette, will be honored with a Christmas tree and a Christmas dinner at the Bateman home Sunday. Then they will go on that night to Cleburne to be with her parents on Christmas Day.

Mrs. Stanley Reeves said she and Stanley had visited the two new Egger homes, R. D.'s and Hulon's. They say they are very pretty and have all modern conveniences.
