LINE FORMED HERE—This photo shows how the line formed with Mills County residents to take the Oral Sabin Polio Vaccine when the first dose was given in the mass immunization program under the sponsorship of Childress Clinic and Hospital in Goldthwaite. Mrs. Maxine Gist of Mullin is shown here waiting while her four children, Stevie, Cathy, Dianna and Nancy, take their vaccine. Nancy, who wasn't to be impressed, is hid between her sisters. Seated behind the serving table, from left, are Linda Martin and Wanda Warlick, Bluebonnets, and at right is Elva Moreland, Clinic Nurse, preparing the vaccines. Over 1400 took the Oral Vaccine during the Saturday afternoon.

Water District Board Calls For Re-Survey Of City's Water Source

The Board of Directors of Mills County Fresh Water Supply District No. 1, voted at a special called meeting Friday night to call for a re-survey, or bring up to date the survey made by engineers two years ago, to try to solve the city's critical water supply problem.

O. O. Smith, president of the board, presided over the meeting with members, Hollis Blackwell, Farrest Frazier and Jack Reid attending. There is one vacancy on the five member board at this time. Blackwell is secretary.

Others attending the meeting at the city hall were W. C. Barnett, city manager, Mayor H. B. Campbell and Vic E. Koleber.

The Water District Board took this action after the city council meeting last Monday night authorized the re-survey, by underwriting what nominal expense may be involved to have it made.

This re-survey is expected to provide the City Council and Water Board with details on up to date cost figures and also information on the financial picture with up to date interest rates.

It will take a complete new look at the whole situation and every citizen will be given an opportunity to express himself, or herself. All suggestions and ideas offered will be thoroughly explored and investigated.

No additional supply has been developed by the city since 1956 when the last well was added. At that time it was found that the latest well was effecting other wells in their production and engineers advised city officials that more wells was not the answer and would not solve the problem.

Consumption has been going up to the point where during last winter months all of the city's wells were kept in operation to supply the demand. This summer it turned hot and dry and the situation became critical.

City officials and water district board members feel that some city council, or water board, will one of these days have to go to where the water is and pump it to Goldthwaite, whether that is the Colorado River, Lake Brownwood, the Bayou, Brown's Creek, or wherever sufficient water can be developed.

Officials are concerned over the situation and feel that it is absolutely necessary to provide an adequate water supply for the city. Not necessarily for growth or boom purposes, but to hold the city together and to save the town and the value of property.

Engineers will be notified and instructed to proceed with this re-survey.

In 1941 the city had 300 water connections and today it has over 650, and water customers today use several times as much water as they did 20 years ago.

The City has a permit for taking water from the Colorado River. This permit has been renewed the past two years.

GHS Eagles Lose To San Saba 8-2 During Soaking Rain Friday Night

The Goldthwaite High School Eagles lost their first game of the season to the double A San Saba Armadillos 8 to 2 last Friday night.

Opening game of the season was played during soaking rain with 1.50 inches of rain falling during game time. It started to rain after about the second down and didn't stop until about five minutes before the game ended.

Many fans braved the rain to watch the Eagles-Dillos.

Goldthwaite broke into the scoring column in the second quarter when End Clyde Cocker broke through to block a Dillo punt out of the end zone for a Goldthwaite safety.

San Saba chalked up eight first downs to the Eagles' four and almost doubled the Eagles on yards rushing.

Goldthwaite showed up stronger in the second half and made three of their first downs.

L. V. Benningfield was the Eagles' leading ground gainer, picking up 66 yards on 9 tries. Ronald Cagle gained 19 in six carries for Goldthwaite.

The Eagles lost the ball twice on fumbles and it was a ground game nearly all the way.

Little passing was attempted during the heavy rain and wet conditions.

CROP County Committee Named; Drive Will Be Conducted Sunday

Since 1947 CROP—Christian Rural Overseas Program — has been a community channel of the churches for a person-to-person program of continuing aid and disaster relief.

CROP's primary purpose is to provide assistance—high protein foods, emergency supplies, agricultural tools, seeds — not otherwise available to the overseas programs of the churches.

Contributors to CROP have given more than \$21 million worth of corn, wheat, rice, beans, cotton, other commodities and cash since 1947. The national CROP goal for commodities and cash for 1962 is \$1,400,000. Although CROP is the community food appeal of Church World Service and state councils of churches, the county CROP organization invites participation and representation of all interested individuals and community groups.

CROP contributions also provide for the handling and distribution of government donated foods of the Food for Peace program through the "Share Our Surplus" appeal of Church World Service. Since the U. S. commodity distribution program began in 1954, CROP has helped to send more than a half billion pounds of such foods, worth \$47 million, through the SOS program of the churches.

The flexibility of CROP is especially evident in its emergency and regular feeding programs. Distribution and supplies overseas is based on where the need for help is greatest at a given time.

Lions Club Plans Appreciation Night For J. T. Jones

Members of the Goldthwaite Lions Club and ladies will have special meeting this Saturday night, September 15, to honor Lion and Mrs. J. T. Jones, of Weatherford.

It will be appreciation night with the dinner meeting scheduled at 7:30 p. m. at the American Legion Hall.

Jones, past president of the club and past district governor of Lions District 2A-1, will be honored for his outstanding work in the club and as district governor the past year.

Among out of town Lions officials who will attend will be Past International Director and Mrs. R. A. Lipscomb of Odessa and International Councilor and Mrs. W. B. McPherson, of District 2X-3, Hamilton, Texas. Also a group of Lions who served in the cabinet of Mr. Jones during the past year.

Mr. Lipscomb, who was Mr. Jones' roommate in College, will be the speaker for the evening.

This meeting will take place of the regular meeting of the club scheduled for next Tuesday, September 18.

Mullin Bulldogs Lose To Carbon

Mullin Bulldogs lost their opening game of the season last Saturday night to the Carbon Wolverines, 32 to 20, with a record crowd attending.

John Reeves made three touchdowns and was the high man on yardage gained during the game. He made a 45 yard run, returned a punt 60 yards and another run of 35 yards.

Halfback Joe Armandarez was the outstanding defensive player during the game in which the Bulldogs were outplayed even though they led 18 to 6 at one point. Coach Robert Lee said that Mullin doesn't plan on that happening again.

Highlights Of City Audit

The recently completed audit covering the various departments of the City of Goldthwaite produced some interesting highlights.

Financial statements taken from the audit appear in this issue to give taxpayers an opportunity to see and study the financial picture of the city. The complete audit report covering the years ending June 30, 1960 through June 30, 1962 is on file at the city hall where any citizen, or taxpayer, is welcome to inspect it at any time.

Appearing in this issue of the paper are the following financial reports:

Treasurer's report for quarter ending June 30, 1962.

City of Goldthwaite General Fund, analysis of receipts and disbursements.

City of Goldthwaite, Electric Department, statement of operation.

City of Goldthwaite, Water Department, statement of operation.

City of Goldthwaite, Sewer Department, statement of operation.

Highlights Of City Audit

City of Goldthwaite, Tax Collector, analysis of collections and disposition.

All except the treasurer's report are for the years ending June 30, 1960 through June 30, 1962.

The audit reveals that the city has assets totaling \$601,385.81, which is largely due to the operation of the electric utilities department.

It shows further that during the past three years \$52,000.00 has been transferred from the Electric Fund to other city departments.

The \$52,000 transferred from the electric fund was used for the following:

Retiring swimming pool bonds, \$12,000; Water department, on new storage reservoir, \$15,000; General Fund, for new fire truck, \$10,000; general fund, new maintainer, \$10,000, and the street fund, \$5,000.

Highlights Of City Audit

TAXES ARE LOW

Another interesting sidelight of the audit report shows that total tax collections during the three year period was smaller

Highlights Of City Audit

than the amount of money transferred from the electric department. Tax collections for the three year period were only \$42,716.70. This shows something of the small part city taxes play in the total operation of the city. The electric utilities have financed more of the city's operation than the tax collections, not to mention the work done by electric department employees in all other departments during the three years.

Highlights Of City Audit

INDEBTEDNESS

The city's outstanding indebtedness as of June 30, totaled only \$35,500. Of this amount \$25,000.00 is for the water department while \$10,500 is for other departments.

During a 12 year period, from 1944 through 1956 the City of Goldthwaite voted bonds and spent \$80,000.00 for water wells, lines and pumping equipment. Today the city is just about as bad off from the standpoint of supplying the demand as it was back in 1944. This shows that additional wells has not been the answer.

CALENDAR OF FACT AND OPINION

From the Contra Costa, California, Gazette: "A persuasive appeal to Congress to enact the Kennedy administration's sound proposals for a revision of the nation's transportation policies has been sounded by Secretary of Commerce Luther Hodges. Without enactment of such legislation . . . he warns, one of the nation's key industries is in danger of collapse . . . The tendency of Congress and the regulatory agencies has been to maintain an initiative-smothering competitive status quo among the various forms of transportation. The nation's economic health will take a vigorous turn for the better if Congress prescribes the suggested transportation remedies."

American business is experiencing the most shocking wave of internal dishonesty in the nation's history, according to Norman Jaspán, head of a New York management engineering firm and author of "The Thief In The White Collar." Employees are stealing more than \$4 million in cash and merchandise from their companies each working day, and this is only a small part of the overall loss. A major reason, Mr. Jaspán says, lies in failure of top management to keep informed of what is going on.

Cash dividends paid on common stocks listed on the New York Stock Exchange set a new high in the first half of 1962, topping the \$5 billion mark for the first time. The total was \$5,290,770,100.

The latest U. S. census figures show that 79 per cent of farm operators own all or part of their land — a record high since the government began gathering such information in 1880.

J. Edgar Hoover of the FBI reports: "The massive avalanche of crime sweeping our nation today is a shocking disgrace and a broad indictment of the American people. The recently released Uniform Crime Reports reveal some 1,926,090 serious crimes were committed in 1961, topping the all-time high record of the previous year by 3 per cent. During the past five years, crime has outstripped the growth of population 5 to 1."

The first state park came into being in 1864, when a group of California citizens petitioned Congress to grant their state a large portion of what is now Yosemite National Park. Congress complied, "upon the express condition that the premises shall be held for public use, resort and recreation and shall be held inalienable for all times." Twenty years passed before the next state park was established, in New York's Adirondack area.

From the Hardy Arkansas, Independent: "What your ancestors did is not what counts. It's not what they were, but what you are. A snooty old lady once asked Will Rogers, who was part Indian: 'Did your parents come over on the Mayflower?' 'No M'am,' Will replied, 'they met the boat.'"

New pumping equipment soon will be installed at the water well just off highway 84 near the intersection of the Brownwood and Priddy highways, it was announced this week by City Utilities Manager W. C. Barnett. Mr. Barnett said after having pulled the pump that failed in the well recently it was found to be more economical to install new equipment—which was authorized by the City Council.

Total enrollment in the Goldthwaite Schools is 487 — 354 in Grammar School and 133 in the High School—Superintendent J. T. Jones reported to the School Board at a meeting last Monday night.

Dr. D. R. Kerby, son of Mr. and Mrs. Bob Kerby of Route 2, Goldthwaite, this week opened a veterinary hospital on the highway to San Saba, opposite the livestock barn.

Miss Monette Simpson, daughter of Mr. and Mrs. Mohler Simpson, and Herbert H. Hannon, Jr., son of Mr. and Mrs. Herbert H. Hannon of Liberty, Maine were married last Sunday at the First Baptist Church in Goldthwaite in a double ring ceremony that was solemnized by the Rev. J. T. Ayers, pastor.

Before a candle-light altar that was decorated with an arrangement of white daisies and marigolds, Miss Jane Black, daughter of Mr. and Mrs. C. H. Black of Scallorn, became the bride of Mr. James Aubrey Turman, son of Mr. and Mrs. C. E. Turman of Webster, at the First Baptist Church of Goldthwaite at 6:30 p. m. on September 6.

Mr. and Mrs. V. E. Segelquist this week announced the engagement and approaching marriage of their daughter, Wanda, to Mr. Lowell D. Stewart, son of Mr. and Mrs. Melvin Stewart. The marriage will be solemnized the latter part of October.

25 YEARS AGO—

(Taken from The Eagle Files of September 10, 1937)

Mills County reported 17 births to six deaths in August according to county Clerk L. B. Porter. If this rate continues, it would appear that a big increase in population is on the

way. Goldthwaite's new athletic field is being rapidly put into shape. The drone of an air drill and the clatter of a caterpillar tractor drawing a grader are noisy proofs of the work going on.

Rev. A. T. Kluge, pastor of the Lutheran Church of Priddy, has accepted a place as instructor of German in Howard Payne College for the coming year. Rev. Kluge, who is a native of Germany and a graduate of the University of Berlin, is well qualified for the position.

Enrollment of the public schools yesterday was 615, making an increase of 40 over last year's 575.

Singers from eight counties converged on Goldthwaite last Sunday for one of the best attended and most successful conventions ever held in this section.

Mr. and Mrs. W. E. Stovall and children returned Saturday from Tennessee, where they have been for several months visiting and holding revivals. They are moving to Hamilton where Mr. Stovall has accepted the pastorate of the Church of Christ.

Mr. and Mrs. Chas. Frizzelle are moving the last of the week to their home on the hill which has been occupied by Mr. and Mrs. Malcolm Jernigan. The Jernigans are moving to the Lararski house.

Miss Jewell Fox is spending this week in Dallas visiting friends and attending the Pan-American Exposition.

A number of maids and matrons met with Mrs. Gillespie Tuesday afternoon to form a club for mutual entertainment. The organization will be perfected at a later meeting.

Up to yesterday afternoon 693 bales of cotton had been received at the public yard in this city and on the same date last year 502 had been received. At

the Farmers Union warehouse 414 had been received, against 333 on the same date last year.

Rev. J. B. Reese was here from Brownwood the first of the week and made the Eagle a pleasant call. He informed us his son-in-law, Joe Evans of Long Cove, had bought a residence in this city and would move here in the near future.

Rev. Joe Benningfield died at his home in South Bennett community Tuesday at noon, after a short illness.

Mr. and Mrs. J. H. Randolph returned Thursday from St.

Louis, where they spent a number of weeks buying goods for Dolph & Allen's store at Brownwood. The tabernacle at Duran, several miles above Mullin, burned Thursday night. Received in this city indicate that the fire was of innocent origin.

By MRS. DUTCH SMITH

Not one word about its raining or not raining.

Little Cliff Smith, son of Mr. and Mrs. Johnnie Smith of Burnet celebrated his 4th birthday last Thursday night. Dutch, Billie Helen, Jesse Loyd and I, also his other grandparents, Mr. and Mrs. Carl Brown, his great-aunt and uncle and two of their neighbors and their families attended. He really was excited about it.

Owen Smith and son, Danny of Arlington spent the weekend with Dutch and I. Danny and I attended church and Dutch and Owen visited in the Bud Conrad home in Long Cove.

Mrs. P. R. Jordan and daughter, Sandra, visited me one day last week.

Our grandsons, Jimmy and Jesse Loyd Ball and Gregg Jernigan, visited us Sunday afternoon.

Jesse Loyd and I visited Mrs. Loyd King Sunday evening.

I visited my Dad and Mother Thursday. They are doing very well.

Mr. and Mrs. Loyd King and Mitzi went to the lake yesterday and Jesse Loyd went with them.

Mrs. Bill Hightower spent one day last week in the Webb Laughlin home.

Mr. P. R. Jordan has just returned from California. He reported a wonderful time and lots of beautiful scenery.

I have just received a message from Mrs. Velmer Gage, who lives in Bell Garden, California, stating her husband, Velmer, had suffered a heart attack. He was in the hospital in California and was real bad. We hope he is better by now.

Mrs. Johnnie Smith and Cliff of Burnet visited us yesterday evening.

Center City News

By MRS. JOE GREEN

Well, this is Monday morning and I will try to send in some news, as I haven't had time to send in news for some time.

We went to San Antonio to see our daughter and son-in-law. We had a nice time but didn't get to stay long enough. Francis Knight passed away Saturday afternoon at his ranch here at Center City. His funeral service was conducted Monday afternoon at 4 o'clock, here at Center City, and burial was in Center City Cemetery. We send our deepest sympathy to his loved ones, his wife, children, brothers, sisters and his mother. May God be with them in their sorrow.

Mrs. C. M. Head celebrated her 85th birthday at her home last Sunday. Most of her children were present. She is still able to do her cooking and housework. We want to wish her many more "Happy Birthdays." Mrs. Bill Sparkman was not able to attend her mother's birthday celebration because of illness. We hope she is feeling better soon.

Star school began Monday. There are several children just starting. I know how they feel, it's just like a dream, about both of our girls going to school and time just flies.

Kayvon Coffman came home for the weekend. She is attending Nixon-Clay College in Aus-

Chappell Hill

By PEARL CRAWFORD

We do not have much weather news this week.

Mr. and Mrs. A. L. Crawford are picking cotton, Hugh Nowell is breaking land and W. W. Ratliff is sowing oats.

Mrs. Hilda Tischler was bitten by a large rattle snake last Monday. Mr. Tischler was at home and killed the snake. He gave first aid to Mrs. Tischler and rushed her to the Comanche Hospital. At last report she was doing nicely. We all wish for her a speedy recovery.

William Crawford built a cow lot for George Crawford last week.

The holiday was a happy occasion for Granddad G. W. Nowell as his three sons, Hugh, Earl and Roy, all visited him Sunday morning.

Mr. and Mrs. Lynn Nix of Plainview and Mrs. John Long visited Mr. and Mrs. R. F. Daniel Monday morning. They also visited the North Brown Cemetery and their old homes around Trigger Mountain.

Mr. and Mrs. Earl Nowell and Michael of Mesa, Arizona, were visitors of Mr. and Mrs. Hugh Nowell and her mother, Mrs. Mollie Koen at Brownwood during the holidays.

Mr. and Mrs. O. A. Evans attended funeral services for Mrs. White at Comanche Monday.

Mrs. O. L. Brown and Mrs. O. L. Harris received word early Monday morning their nephew, Donald Carlisle, had passed away. He and his wife and 10 month old baby of Camp Hood were en route to Eastland to spend the holidays with their parents. They were injured in a car mishap Saturday. Mr. and Mrs. O. L. Brown left for Eastland Monday afternoon.

Gracie McCasland of Big Spring and Pearl Petty of Brownwood visited Mr. and Mrs. B. B. Perry Monday. They came to attend funeral services for Francis Knight.

W. O. Oxford of Houston and Bobby Oxford of Austin spent the holidays with home folks.

Mr. and Mrs. Floyd Eldson were dinner guests of Mr. and Mrs. O. A. Evans last Wednesday.

Mr. and Mrs. R. F. Daniel attended church at Duren Sunday.

Mr. and Mrs. Ted Goodfield of Brownwood were Monday visitors of Mr. and Mrs. A. R. Whately and Mr. and Mrs. C. B. Whately.

Mrs. W. A. Stymann and Mr. and Mrs. O. A. Evans were our visitors.

Junior Taylor, son of Mr. and Mrs. Hugh Taylor fell from a horse and has been very sick. He is reported to be doing nicely.

We all miss her but are happy she is going to college.

Last Sunday, Mrs. W. T. McMurray, Jr., and family spent the afternoon with us. Mrs. Charles Eilers and Vickey spent the day with us also.

Most of the schools have started and the school children are dreading it as it is so hot in the school rooms.

The word came that Mrs. Curtis Koen's son at Eastland was killed in car wreck Saturday night. They will bury him this afternoon.

We want to send our deepest sympathy to his family in their loss. May the good Lord be with all who have lost loved ones and are in sorrow.

Openings Reported For Peace Corps

Volunteers with farm backgrounds, rural youth, as well as those with more advanced agricultural training, of vocational training in Agriculture, are being requested through the Peace Corps for service in the Dominican Republic, Senegal, Niger and Morocco, says George Reese, Agricultural Extension Agent for Mills County.

Selection for Peace Corps Volunteers to serve in these areas will begin soon. In the Dominican Republic, those selected will be assigned to community

work. We wish for him a speedy recovery.

Mr. and Mrs. W. A. Daniel enjoyed the holidays as all their children and grandchildren were present.

Guests of Mr. and Mrs. W. A. Berry were Mr. and Mrs. Burton Leverett of San Antonio and Mr. and Mrs. Dee Floyd Benningfield and sons.

development work, rural youth work, livestock improvement, conservation and as Cooperative Assistants. Those assigned to Senegal, Niger and Morocco will work in Agricultural Extension, soil conservation, pasture improvement, irrigation,

and livestock and dairy improvement. Training for these projects will begin this fall. All persons in Mills County interested in applying for Peace Corps service in the above mentioned areas should contact George Reese at his office.

Vital Decision Faces Sheepman

(Editors Note: The following address was given before the Goldthwaite Lions Club here Tuesday night by Col. V. Z. Cornelius. Cornelius is delegate to the National Wool Growers Association and serves as chairman of district 7, Texas Sheep and Goat Raisers' Association, comprised of Brown, Lampasas, San Saba, Llano, McCulloch and Mills Counties. His remarks should be of interest to all wool and lamb producers.)

By
V. Z. CORNELIUS
Delegate, National Wool Growers Association, Chairman, District 7, Texas Sheep and Goat Raisers Association.

The Secretary of Agriculture has called a national referendum of all sheep producers for September 10 through 21 — a vote to decide if they want to continue their self-help promotion program for another four years, through 1965. The program is approved if a "yes" vote is cast by more than two-thirds of the sheep represented in the referendum. In past referendums, primary emphasis has been on the number of sheep represented by those voting.

Each producer, feeder or purebred breeder who is eligible to vote, must mark his ballot and mail or deliver it to the County Agricultural Stabilization and Conservation office not later than September 21, 1962. Those ballots which are mailed must be postmarked not later than that date.

The referendum period is from September 10 through 21 inclusive with preliminary results due to be announced about the first week in October by the Secretary of Agriculture.

The referendum is called to reaffirm the sheepman's position to help himself by promoting and advertising his products. The referendum, in the past, has been called after Congress has extended the National Wool Act of which the promotion is a vital part under Section 708 of the Act. A referendum in 1955 and another in 1959 were overwhelmingly in favor of promotion.

Now, how is the council supported? By every sheep producer contributing one cent per pound of shorn wool and five cents for each 100 pounds of unshorn lamb sold. This money is automatically deducted from wool incentive payments by the

County ASC offices before the producer gets his wool incentive payment. You can see how each producer gets his wool incentive payment. You can see how each producer pays into the promotion program in proportion to the size of his sheep operation.

The American Sheep Producers Council, then, is not a government agency, it is the sheepman's own promotion organization. And remember this, all the funds for wool incentive payments which producers receive come from duties on imported wool. This is in lieu of a higher tariff on imported wool.

Promotion and advertising actually takes only a small portion of the incentive payments. For example, last year incentive payments amounted to about \$55 million dollars, yet deductions for promotion and advertising amounted to about \$3,000,000.

But more importantly, your promotion and advertising program not only finds markets for your products, helps to maintain a more stable price level and gives more prestige to the sheep industry than it has ever had, but it also shows clearly that the sheepman is not going to take incentive payments without doing something for the good of his industry. Many congressmen, for example, have remarked in the past that the promotion program conducted by your ASPC is concrete evidence that the sheepman is sincere in trying to help himself by increasing the demand for his products and building a solid base for the future increase in the sheep industry.

I mentioned that the ASPC is your organization. It is just that. There are 20 state and area sheep councils in the U.S. Each council sends delegates to the annual meeting in Denver in March. From these delegates are selected, by the various councils, sheepmen who are members of the board of directors. The board, consisting of 40 members, represents every sheep producing section of the country, large and small. Representation from the state and area councils is based on the amount of money contributed to the program.

Because wool is universally accepted as a quality product, the council promotes on a nationwide basis in national consumer magazines such as Vogue, Sports Illustrated, Harpers Bazaar and Esquire. All the ads are keyed to the biggest markets for domestic wool, men's, women's and children's apparel. In every one of our ads the word WOOL stands out clear and bold.

The important feature of the council's wool advertising is the fact that they are not just simply advertisements, they are working for wool over a long period of time. These ads are developed six to eight months before they ever appear. The council works with wool mills and manufacturers of clothing to get from them commitments on what types of wool fabric they will be using and what style of garments. In this way, everything that the council advertises is available in stores.

Our slogan has been "Natural wool loomed or knitted in America," thus giving our strongest support to the mills in this country which are, after all, the only outlets for wool produced by you.

We know that wool has been doing better than ever lately, and we do not intend to relax our advertising efforts, particularly in the face of the tidal wave of synthetics and imported wool goods. That is why the council conducts a strong educational program, first to retailers to tell them of our promotion efforts, then to the consumers through our advertising, plus a strong educational program for schools and colleges. They supply teachers, for example, with many teaching aids both for lamb and wool.

I think you will agree that just within the past two years there has been a return to wool by many consumers. You may have noticed the increased advertising of wool apparel by retailers. The way wool has been bought up this year gives hopes for even brighter prospects. In speaking of wool, I should never omit a very important part of our program and that is the "Make It Yourself With Wool" contest, sponsored in cooperation with the Women's Auxiliary to the National Wool Growers Association. Many women, often the wives of sheep producers, give a lot of time and effort to this fine contest. The council not only devotes considerable time, but also contributes a total of more than \$150,000 to the contest and its operation. This is a very basic program that goes far beyond its initial purpose of promoting sewing with wool. It gathers wool publicity, it sells a lot of wool and it makes a substantial contribution to the education and development of our younger generation. The contest is now in 46 states in its second year on a national basis.

The council also sponsors the Miss Wool of America contest, a national contest that originated in Texas, and does considerable good for wool throughout the country. Each year the Miss Wool of America is selected at the Wool Pageant at San Angelo, Texas. The winner receives a \$15,000 wardrobe donated by mills, manufacturers and designers. For her tour of duty she presents fashion shows and is featured in major department stores in the country. The itinerary for Miss Wool of America for 1962 is— Aug. 20-21-22, San Antonio, Texas; Aug. 23-24-27, New Orleans, La.; Aug. 28-29, Boston, Mass.; Aug. 30-31-Sept. 1, Washington, D.

C.; Sept. 4-5, Chicago, Ill.; Sept. 6-7, Milwaukee, Wis.; Sept. 10-11-12, Des Moines, Iowa; Sept. 13-14-17-Seattle, Wash.; Sept. 18-19-20, Portland, Oregon; Sept. 24, Salt Lake City, Utah; Oct. 15-16-17, Denver, Colorado; Oct. 18-19-20, Kansas City, Mo.

As you can easily see, the council's overall program for lamb and wool is very comprehensive. We leave no stone unturned to obtain new markets for both lamb and wool. We constantly introduce the new aspects of wool to the public, such things as permanent pleating and creasing, stain resistance of wool, mothproofed wool and now fast coming to the front some washable wools.

There is always one important fact that should be added when talking to stockholders and that is the budget. The board of directors, for the fiscal year beginning July 1, set a budget of \$3,231,500, which is only \$31,500 over this past year. The budget includes \$1,858,173 for lamb promotion (57.5% of the budget) and \$1,373,325 for wool promotion (42.5% of the budget.)

I would like to mention some of our own Texans who have guided so much of this program and spent their own personal income and time. Mr. Walter Pfluger of Eden, Texas, who was chairman of this council for 4 years. If it had not been for Mr. Pfluger's devotion to this program and his foresight we would not now be entitled to receive an incentive on our mohair. May I mention another man that is familiar to all of us. The Honorable Penrose Metcalfe who is now chairman of the National Wool Growers Association, who devotes much of his time to the sheep and goat industry. I do not think we could find one more able than Mr. Metcalfe. He is well known in Washington and respected by our Congressman and Representatives. All of our past presidents of the Sheep and Goat Raisers' have done outstanding work in this field. This includes one of our local past presidents, Mickey Stephens of Lometa, Texas, and other men such as T. A. Kincaid, Jr., Don Clyde who has led the American Sheep Producers Council since its origin. All of the above mentioned are men

of great substance, character, rehabilitation.

In closing, let me mention one important point. This fall there will be a national referendum among sheep producers called by the Secretary of Agriculture. In other words, sheep producers will be deciding whether or not they want to continue their promotion program. Thus, you must decide if you want to keep on broadening the demand for your production, whether you want to keep wool and lamb before the public, whether you want to drop such programs as the Make It Yourself With Wool contest and the Miss Wool of America contest . . . the producer ties with the wool trade . . . the good public relations that has been established . . . the good will of Congress to-

ward this type of self-help the prestige that the sheep industry now enjoys as a business-like operation. These are the things you must decide, yes, and one thing more . . . the program is rejected by producers there is every chance that it could never be revived.

Get Acquainted Program Slated For P-TA, Sept. 17

By MRS. MARION BURNHAM

The Goldthwaite P-TA will have the first meeting of the new school year Monday night, September 17th at 7:30 p. m. in the High School Auditorium.

Devotional will be given by Harold Hunt, Church of Christ minister, and Hoyt Browning, principal, will introduce the High School teachers.

Ray Standley, principal of Elementary School, will introduce the elementary teachers, and Charles Conrad, president of the school board, will introduce the members of the school board.

Supt. LeRoy Beard will be the speaker for the program.

The P-TA will pay Mrs. Tom Miller, 1609 Fisher Street, to keep the children while parents attend the P-TA meeting.

A social will follow the meeting and refreshments will be served. All parents are urged to attend and become better acquainted with all the school officials and teachers.

EXECUTIVE MEETING

Mrs. Sonny Robbins, president, Mrs. Lewis Hudson, Mrs. Philip Nickols, Mrs. Clyde Kerby, Mrs. James Leonhard, Mrs. Lee Roy Stacy, Supt. LeRoy Beard and Principal Hoyt Browning met with 17 other chairmen in the Conference Room at the High School last Thursday, September 6.

A brief resume of the year's program was read by Mrs. Lewis Hudson. The treasurer reported a balance of \$295.08.

\$167,270 Loaned To Family Farms Last Year By FHA In Brown-Mills

The Farmers Home Administration of the U. S. Department of Agriculture loaned farm families and other rural people of Brown and Mills Counties a total of \$167,270 in fiscal 1962, which ended on June 30, Marlis C. Barker announced recently.

The volume of loans in this area, largest during any 12-month period in the local office's history, was 34 1/2 per cent larger than the 1961 total of \$124,310 and 93 per cent above the \$86,650 loaned in 1960.

Of the total loaned during fiscal 1962, approximately one-third went for the purchase, development or enlargement of family farms, a little more than one-third went for farm operating expenses and a little less than one-third for the construction and improvement of houses and service buildings on farms and in rural communities.

Approximately 65 local families were using Farmers Home Administration credit for these and other purposes at the end of the fiscal year.

Collections of principal and interest average approximately \$125,000 annually for the three-year period. About 30 per cent of the borrowers are paid ahead of schedule on loans which still have several years to run.

Loans outstanding on June 30 in the two-county area amount to \$428,423.96 compared with \$342,123.54 a year earlier.

Three recent improvements more adequately equipped the Farmers Home Administration to meet farm credit needs in 1962 according to Mr. Barker: A positive, vigorous policy toward the promotion of preservation of the family farm; broad expansion of the agency's programs by the Agricultural and Housing Acts of 1961; and an increase in the supply of appropriated and insured funds.

"Farmers are requiring larger amounts of credit each year,"

Mr. Barker said. "The upward trend in farmers' credit needs stems from the continuing rise in farm costs and the pressing need to make adjustments and improvements in farming methods to stay in business."

"I believe it is especially worthwhile to also note that our borrowers spend most of their money locally to acquire the resources they need. This spending in turn stimulates business activity in neighboring towns; helps the farmer and other rural families and the communities of which they are a part make an important contribution to the strength of the national economy."

Farmers Home Administration loans are accompanied by technical farm and financial management advice to the extent necessary and are made only to applicants unable to obtain the credit they need from private and cooperative lenders. County Supervisor Barker estimated that he made 200 farm visits during the year, held 33 committee meetings during which time 98 applications for loans were reviewed and that farmers made 400 calls to his office to apply for loans or to discuss their farming and credit situations.

Mr. Barker's office which services the local two-county area is located at 201 N. Fisk, second floor of the Chamber of Commerce Building in Brownwood. His office in Goldthwaite is in the Courthouse.

would be declared off-limits, such as those within city limits, impassable obstacles—deep lakes or rugged mountain ranges."

Spokesmen for landowners said they sympathized with the Army and its problem, but they also had their own problems.

Points brought out were: 1) The value of land decreasing in the event the army declares this as a maneuver area; 2) Concern over the division of feelings among friends and neighbors; 3) The probability of the Army coming back again next year over the same area.

The General answered that the Army regrets if there has developed a division of feeling in the community and that it certainly was the last thing the Army wants to generate. If an individual doesn't want the Army to have his land, that is certainly his choice.

On the matter of declaring this a maneuver area, he told them again that he was asking for the land for one year only and that the Army would in the meantime be studying and looking for other maneuver areas. "It is important to keep troops close to their base for maneuvers because of the expense involved and also for the economies of the communities involved," he told them.

"If we absolutely can't find areas for maneuvers near Army installations such as Fort Hood, then it will be a matter for the

Department of the Army to consider," he commented.

The matter of damage from planes breaking the sound barrier came into the discussions, with reports of cracks in brick houses and water tanks or broken plate glass windows. Ranchers were informed that such damage claims are being paid.

On the question of condemnation proceedings to get land for maneuvers Gen. Adams said: "I can't see any reason for that except in case of national emergency."

To the question, will the Army maneuver on property that is not signed up, the General's answer was that it would

be marked off-limits if the Army would stay off.

The General closed his remarks by stating: "I don't know how you feel, but we will take stock by a week from day, (September 14). We 75 per cent of the land, can't get that land we have a maneuver. The welcomes your support, can't give your support will be no hard feelings part of the Army. We have your support."

W. P. Duren expressed his appreciation to Gen. Adams in a manner in which he praised the Army's problem and mended landowners for cordial and attentive re-
