## Park Boosters Contribute \$645. Maintenance Fund Drive Continues

Ninety-nine boosters of Mills County Park have contributed \$645 during the past weeks after announcement was made by the committee that funds were needed for upkeep for this year.

The park committee has had voluntary contributions and funds for caretaker to park maintenance for several years.

Originally the committee had the drive with the idea of a minimum of 100 individuals to donate on basis of \$1.00 per month, or \$12.00 per year, to do the job.

In recent years a good number of park boosters have contributed more than the \$12.00. The committee raised approximately \$1,800.00. This took care of the park maintenance for the season and also a deficit of approximately \$600.00 over from previous years. The fund fell short. Last week the committee

opened the fund drive for this year with an appeal for, "At least 100 persons, to contribute a minimum of \$12 to insure park maintenance through this year."

The response has been very gratifying, according to park committee chairman, W. P. Duren and the committee is hopeful that the \$1,200.00 will be forthcoming in short order.

With 29 interested parties giving \$645.00 which is more than one-half the goal, since the appeal was announced, the committee feels that the goal will be reached at an early date.

Checks should be made out to Park Fund, and may be turned in to members of the park committee or mailed to Mills County State Bank.

Following is list of honor roll of park maintenance fund contributors, as of Monday morning:

### "Turkey In The Straw" Played By String Band From Goldthwaite?

How long has it been since you heard a string band from Goldthwaite play "Turkey In The Straw," or "The Old Gray Mare," or "Let Me Call You Sweetheart"? is the question asked this week by members of the finance committee for the Little League.

The committee is asking some additional questions, such as:

"How long has it been since you have seen golfers like Hollis Blackwell, Joe S. Langford, Y. B. Johnson, Dwaine Greene, Charlie McLean, E. B. Gilliam, Harmon Frazier, G. C. Head, V. C. Bradford, Vic E. Koleber, Lee Doggett, Dr. M. A. Childress, LeRoy Miller, Jackie Williams, Lee Roy Stacy, Lewis T. Hudson, W. G. Saylor, Arnold Roberts, Charles Conradt, Loy Long, Warren P. Duren, Floyd Spradley and some others not mentioned here, pitch a golf ball from Center Field to home base, with a gold club, that is?"

Then someone will be called out of the stands, that has never hit a golf ball, to really show these "Pros" how it is done. This someone might be you, the committee said.

"How long has it been since you have seen a base running contest between the mothers of our Little Leaguers?"

All of this and more will take place at the Baseball field in the near future, the Little League committee announced Tuesday.

You are to watch for the date. You will be able to eat supper at the ball park. There will be no admission charge, but, there just may be a little feeding of the "Kitty" to help finance the Little League program for 1964.

All Little Leaguers, Pony Leaguers and Teen Agers are to watch for the date to report for workouts. There will be a three inning ball game and you might be the one asked to play in this all important game.

The rain was general throughout the city, and a total of 1.15 inches of rain was measured in the Upper Valley. This is the first good rain since November 25. It fell steadily and soaked into the ground.

In January Mrs. Clara Bean of Van Horn received a letter from her sister and her husband, Mr. and Mrs. Angus Burn, from their home at Morpeth, Northumberland County, England. It said they would arrive at the El Paso Airport Sunday afternoon, January 12. They said England was just too damp and cold and they were hunting a warmer place to spend the winter.

So that Sunday afternoon Grace and Johnny and I went by the McCoy Hotel in downtown El Paso and picked up Mrs. Clara Bean to go with us. The

3:46 plane was on time, and there were Florence and Angus. We took them to our house and visited with them that afternoon. On their way over they had spent three days in New York visiting Angus' niece. They stopped in Fort Worth to visit the Batemans and in Lake Worth to visit Col. James Wilmeth and his mother, Mrs. Joe Wilmeth. That evening we took them to the McCoy Hotel where they always make their home when they are in El Paso. After three days in El Paso, they went with Mrs. Clara Bean to her home at Van Horn. The next we heard from them they had found just what they wanted and were basking in the sunshine resting and reading at Sandy Retreat Resort South Padre Island. Not far from Brownsville.

In the meantime Carol Jean had called. She said they were at Lamesa and would come to see us the next Monday. They did not get here until after night Monday. Don, Carol, Larry 6, Danny 3, and Baby Gene 8 mos. They all looked fine. Don and Carol have mastered the Portuguese language. Don can now preach in Portuguese. Give Larry and Danny any word in English and they can give it to you in Portuguese. They also sang for us in Portuguese. Billy got so he liked to take care of Baby Gene. They came Monday and stayed till Saturday.

Saturday, March 21, the telephone rang. It was Florence. She said they were at the Hotel and were leaving for England next morning. But she was

wanting to bring hot fried chicken and hot rolls and other good things to eat out to our house and have us eat supper with them. They said they had everything ready and were just sitting there waiting for some one to come pick them up. Grace hastened to go after them. It was a jolly good supper. They had brought their slides showing many pictures in England. So after supper Bill got out his projector. And we really did enjoy seeing so much of England. Especially did we enjoy seeing Florence and Angus' beautiful two story brick home. Florence said as they returned from South Texas they stopped at Brownwood and phoned Ezelle Thompson to come get them and take them out to the Malone place. Ezelle took them back to Brownwood and they went on to Van Horn. While they were at Ebony they saw our house. They said it looked so white, they thought it must have been painted last summer.

After supper and the picture show Grace and Bill took them back to their hotel and next morning they went on their way to England.

A letter from Mrs. Effie Egger really made me happy. She said they had had a good rain the Wednesday night before and everything was looking good. Effie said the grain fields were promising. But they are having to take the stock off to let the fields get ready for harvesting.

Today we received a letter from Ruth (Carol Jean's mother). She said, "We took our Brazilian Children to Houston yesterday (Friday, March 27) morning and got them off on a jet at 10:30 a. m. They were to arrive this morning at 3:00 a. m."

Mail Frauds Filch Millions From Public Annually, And Increasing

Noting that mail frauds filch millions from the public annually and are increasing, Postmaster Lucile Fairman urged today that local residents take care in responding to solicitations from unknown companies or to "offers too good to be true."

Mrs. Fairman said that she had received information material from Postmaster General John A. Gronouski about the problem and that the Postal Service is pressing a strong drive against quackery by mail, and fraud promotions, gyp work-at-home schemes and the like.

Mrs. Fairman noted that one of the stiffest prison terms ever

administered to a medical "con man" was given to Roy Wright DeWelles, of Pass Christian, Miss., who made an estimated \$1.5 million peddling a worthless "oxygen therapy" device known as Detoxacolon.

DeWelles was arrested after sending out 10,000 postal cards promoting the quack scheme.

In another recent case at San Francisco, Edward H. Johnson, doing business as Comstock Land Company and E. H. Johnston Company, was sentenced to six months in prison, followed by four and one-half years probation, for mail fraud. Johnson was also ordered to make restitution of \$60,000 to purchasers of worthless desert land near Elko, Nevada. Postal inspectors accounted for nearly fifty investors who had signed contracts totaling \$250,000 in the belief that the famous Nevada Comstock Ranch was involved.

In Augusta (Georgia), Homer C. Ward pleaded guilty to mail fraud and was sentenced to two years probation for operating a faith healer scheme. Public loss is estimated in excess of \$2,300.

"It should be emphasized," Postmaster Fairman added, "that most businesses doing business by mail are reputable firms, including many that may not be familiar to the prospective purchaser. However, if there is any doubt, it is best to get information from reliable sources, such as the Better Business Bureau. In cases where there is a genuine basis for suspicion of fraud, we would like to have prompt information from the public in my office—and I will see that appropriate action is taken."

Tom Henry Day To Be In Burnet Monday, April 13

Tickets are available in Goldthwaite at Campbell Gas Company or from Delton Barnett.

**Don't Discard Ice Chest**  
Mr. Camper: When that old ice chest develops a leak, get a new one. But don't throw the old one away. It's fine for miscellaneous storage. Keeps dry foods dry and moist foods moist, too!

**Terrapins Good Housekeepers**  
If you dog is kept in a confined area such as a small pen, droppings become a major problem. One answer is to keep four or five land terrapins in-

side the pen. They will keep the pen cleaned nicely.

**Storing The 'Hoppers**  
To keep frogs, grasshoppers and the like alive for a long period, put them in a mason jar with a few handfuls of grass. Be sure to punch breathing holes in the lid. Place the jar in the refrigerator where it is cold but not freezing. When you are ready to go fishing, remove the bait. The 'hoppers and frogs soon become active again.

**Repairing Broken Rods**  
To repair a broken hollow-glass fishing rod, simply purchase a steel drill-bit the exact size to fit into the rod. Glue into place and it will hold both halves securely together.

**Keeping Sinkers Tight**  
To prevent a clinch-type sinker from slipping on monofilament line, simply put a rubber band into the groove of the sinker before putting it on the line. Clamp down tight and trim off excess rubber. Your sinker will hold its position firmly.

**Emergency Fish Scaler**  
For an emergency fish scaler, nail an ordinary bottle cap head down on a strip of board. The rough edges will take the scales right off.

**Better Tasting Carp**  
To make carp more edible, remove the backbone with a pair of pliers before cooking. This eliminates most of the muddy taste.

**Protecting The Wallet**  
Before going fishing, place your wallet in a plastic bag and seal it tight before putting it back into your hip pocket. Then, if you get wet, contents of the wallet will remain dry.

**Hardy Hacksaw Blade**  
If you're a deer hunter, try slipping a hacksaw blade into your knife sheath prior to going afield. It will come in handy for cutting the pelvic bone of your deer.

**Repairing The Eyeglasses**  
A good way to ruin a fishing or hunting trip is to lose the tiny screw that fastens the ear piece to your glasses. To fix it, temporarily remove the staple from a match book cover. It will serve as a substitute until you return to civilization. A straight pin also works quite well.

**Camouflaging Khakis**  
An old khaki shirt and trousers can be transformed into an effective camouflage suit by applying streaks of black and brown shoe dye to the material.

**Good Fire Starter**  
To make a good fire starter, pour paraffin into empty shotgun shells. Pour in enough to fill within a half inch of the top. Shred the remaining portion of the shell so it will serve as a fuse.

**Finding Lost Arrows**  
If lost arrows plague your hunting days, try marking the shafts with reflector tape. Then after dark go looking for them with a flashlight.

**Keeping Tissue Dry**  
To keep toilet tissue dry in camp, put a roll in a discarded two-pound coffee can. It fits the roll and serves the purpose. Use the cans with the transparent plastic caps for easy identification.

**Sure-Fire Fire Starter**  
A sure-fire fire starter, even in wet weather, can be improvised by mixing sawdust with a small amount of kerosene. Pack the mixture in screwtop cans or jars and take them along on your next trip afield.

## Hillside Mission

By LIDA BYRNE  
For our own welfare, as well as for the little child, it is necessary to train it up in the way it should go, and be kind to it. Our Lord Jesus Christ says in St. Matthew 18: "Verily I say unto you, Except ye be converted, and become as little children, ye shall not enter into the kingdom of heaven."

"Whosoever therefore shall humble himself as this little child, the same is the greatest in the kingdom of heaven. "And whoso shall receive one such little child in my name receiveth me. "But whoso shall offend one of these little ones which believe in me, it were better for him that a millstone were hanged about his neck, and that he were drowned in the depth of the sea."

Mr. Hugh Soules is home for a few days.

Mr. and Mrs. Haskell Alexander, Larry and Sandra visited his father, Mr. P. H. Alexander, and wife Saturday night.

Mrs. Otis Adams, Pam, Terry and Paula brought her father, Mr. Chock Duncan, home Saturday. He seems to be doing nicely but will have to go back for a check-up next Friday.

Mr. and Mrs. Haskell Alexander, Larry and Sandra drove Mr. and Mrs. Jim Kincheleo and grandson, Faron, to Inks Lake Sunday, where the Kincheleos attended a family reunion.

## STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

Austin, Texas—For the first time in history, Texas Republicans will have an opportunity to express their preferences for the GOP presidential nomination in a state-wide straw poll.

Republican Executive Committee voted to hold the presidential referendum on the May 2 primary ballot. The opinion sampling has no binding effect. Principal purpose is to boost the stock of Barry Goldwater and to lure restless conservative Democrats into the GOP primary.

Democratic Executive Committee offered no special voter bonus to keep their own partisans in the fold.

Leaders of both parties, in

simultaneous meetings in Austin, declined to submit requested referendums on sale of liquor by the drink and curtailment of Mexican nationals' commuting to jobs in Texas.

Names of Goldwater, Nelson Rockefeller, Margaret Chase Smith and Harold Stassen will appear on the GOP ballot. Originally the names of Richard Nixon, William Scranton, George Romney and Henry Cabot Lodge were included, but they were asked to be omitted. Rockefeller wanted off. He was told he had to stay since he already had announced.

Democrats responded warmly to Gov. John Connally's call for all-out support of President Johnson in party conventions. But they squabbled at length before accepting Dallas as the site of their September 15th state convention. Dallas finally won, 33-18 over Corpus Christi.

Connally made clear in a ringing speech urging Johnson support that as governor he plans to keep control of the state party.

"It is important . . . to choose people (as convention delegates) who will be as strong for Connally in September as they are for Johnson in June," the Governor stated.

Without dissent the Democrats agreed on Houston as the site of their June 16 state convention to pick national presidential nominating convention delegates. The state party plat-

form will be written and a new SDEC selected at the September meeting.

Republicans will hold their June convention in Dallas and their September convention in Austin.

SDEC Chairman Eugene M. Locke of Dallas resigned at the Democratic meeting and was replaced by Frank Erwin Jr. of Austin. He had served as secretary.

Republicans adopted a resolution calling for a special legislative session on congressional redistricting, and decided to admit registered voters who did not pay their poll taxes (under new federal constitutional authority) to party conventions.

Both committees also got around to their required business: certifying state-wide candidates for the primary ballot and selection of a place (Austin) for their May 12 meeting to canvass May 2 election returns.

### Hospitals Losing Doctors

Texas salaries aren't good enough to keep top doctors on the job at state hospitals, Dr. James M. Schless, director of tuberculosis hospitals, told the hospital board at a recent meeting here.

He cited resignations of doctors at Harlingen State Hospital, East Texas Tuberculosis Hospital, and San Antonio State Hospital and possibility of the McKnight State Hospital clinical director's taking a job in another state.

Key medical jobs in the state institutions pay \$14,000 to \$15,000 a year, plus housing, Schless said the next Legislature will be asked to raise that to \$19,500.

Executive Director Raymond W. Vowell offered the Board for Hospitals and Special Schools a more cheering note: with completion of new facilities for the mentally retarded (which now house 9,813), the present waiting list of 1,800 may be trimmed to 500 by fall.

Schless also had an encouraging report: average hospitalization period of tuberculosis patients is shorter, and fewer are leaving the hospitals against medical advice. New and improved drugs are offering better hope of quick cure.

### Study Hearing Planned

The Governor's Committee on Education Beyond the High School will take its preliminary recommendations before college officials and state legislative groups during late May and June.

Chairman H. B. Zachry, still fighting a running battle with the capitol press over secret sessions of the 25-member committee announced the hearings. He said members will reach a tentative decision on recommendations at a meeting here April 17-18.

Committee has balked at telling reporters anything it has agreed on to date except a coordinating committee for all colleges and junior colleges.

A sub-committee on junior colleges reported a list of specific proposals, however, including a recommendation that no more junior colleges be elevated to four-year status. They also recommended that the state pay all instructional costs of the 33 existing and future publicly-supported junior colleges. Zachry indicated the Com-

mittee will propose a "stair-step" or easy-stages approach to achieving a first class system of colleges and universities. He hinted the Committee will make specific recommendations for financing the proposed upgrading program.

### Appointments Made

Governor Connally announced appointments of O. E. Bevers of Lakeview and C. C. Broughton and Russell Jones, both of Childress, to the board of directors of the Upper Red River Flood Control and Irrigation District (Hall, Briscoe and Childress Counties). Bevers and Broughton are reappointments. Jones succeeds the late Dr. Roy H. Barr.

Connally reappointed Ben F. Shipley of Beaumont and Neal D. Rader of Port Arthur to the Pilot Commission for the Sabine Bar, Pass and Tributaries. He also named to the commission Lee Wheat of Beaumont, Bill Sexton of Orange and W. F. Fredeman of Port Arthur.

### Committees Meet

The new steering committee of the governor's Committee on Aging, headed by Sen. Walter Richter of Gonzales, held its initial meeting, as did the governor's 14-member committee studying electronic data processing equipment in use by the state.

### Tourist Program in High Gear

The Texas Tourist Development Agency reports that national advertising is scheduled for summer issues of the New York Times and Chicago Tribune travel sections and for issues of Sunset, Redbook and Reader's Digest magazines. Some 36 travel writers from other states and Canada are due to take a week-long tour of the state in April to gather material for their columns.

### Courts Speak

State Supreme Court has agreed with lower courts that a state tax on gas pipelines is unconstitutional. Decision upheld earlier opinions that the dedicated reserve tax cannot be applied to pipelines holding long-term contracts to take Texas gas to out-of-state consumers. About \$9,000,000 has been paid to the treasurer under the levy.

\$3,500,000 of it under protest. High court permitted filing of three mandamus petitions involving election controversies.

It also heard arguments on former Fort Worth Councilman Doyle Willis' suit to get on the May 2 Democratic primary ballot as a senate candidate.

In addition, it scheduled hearings on a suit to keep former Bexar County Commissioner Sam Jorrie off the ballot as a House candidate. Both are challenged under a ruling that holders of paid office are ineligible to run for the Legislature during the term to which they were elected or appointed. Both Willis and Jorrie now are out of their old offices.

Another argument was set on a suit to prevent Robert F. Bartlett of Van Zandt County from running for county and district attorney. J. Alton Mills, another candidate for the Van Zandt post, claims Bartlett has not met residence requirements.

For the second time, the Court of Criminal Appeals affirmed the swindling conviction and eight-year prison sentence of Billie Sol Estes.

## For the cowman... A REWARDING MOMENT

At last the rewarding moment has arrived for the cowman... the care given the mother cow has paid off!

From now until calving time is a critical period for the cow. She is not only maintaining her own body, but building the unborn calf, too.

Results on range are harder to measure than in the feedlot—but just as important. In the feedlot daily gains can be weighed—cost of gain determined.

Purina Dealers have demonstrated Purina's superiority in the feedlot with public feeding demonstrations. The same research formulates Purina Range Checkers—and for the same reason—results. From now until calving time feed Purina Range Checkers. Don't be misled by "chin music" and cheap prices.

## Martha Moody, Ronnie P. Stephens, Exchange Vows In Church Ceremony

Miss Martha Jane Moody of Goldthwaite became the bride of Ronnie P. Stephens of Star, Friday evening, March 27, at 7:30 p. m., in the Timber Crest Baptist Church at Waco, with Rev. C. Reginald King officiating, at the impressive double ring ceremony.

The bride is the daughter of Mr. and Mrs. Hazel Allen Moody of 3421 Roland, Waco, and Mr. Stephens is the son of Mr. and Mrs. George Stephens of Gustine.

Vows were exchanged before an altar decorated with arrangements of white gladioli and greenery flanked by tall white tapers.

Mrs. Reginald C. King, organist, presented musical selections and accompanied Doyle Moody, soloist, cousin of the bride, as he sang "I Love Thee Dear," "Because," and "The Lord's

Prayer."

The bride, given in marriage by her father, wore a gown of Peau de Soie featuring a scooped neckline, bell skirt with chapel length train. Her shoulder-length veil of illusion was attached to a pearl and crystal crown. She carried a white orchid surrounded by split carnations atop a white Bible, given to the bride by her father.

Mrs. Bill Auvenshine of Ranger was matron of honor. She wore a gown of pink Peau de Soie designed with scooped neckline, bell skirt, and a rose Peau de Soie headdress. She carried an arrangement of pink carnations.

Tommy Moore of Fort Worth uncle of the bridegroom, served as best man.

Bobby Thompson of Arlington and Pete Howell of Fort Worth were ushers.

Immediately following the ceremony, Mr. and Mrs. Moody were host for a reception in the Fellowship Hall of the church. Mmes. Charles Moody, Edgar Moody and Wayne Moody, sisters-in-law of the bride, served the four tiered wedding cake and punch. Misses Kathy and Sherry Moody, nieces of the bride, presided at the guest book and handed out the rice bags.

For traveling the new Mrs. Stephens chose a pink raw silk two piece dress and wore an orchid corsage.

The bride is a graduate of Baylor University and is presently employed as Home Demonstration Agent of Mills County.

Mr. Stephens, a graduate of Southwest Texas State College, is employed as High School Coach and Chemistry teacher at Star.

The couple are now at home at 1603 Fisher St., Goldthwaite.

## Park Work Reviewed By Civic Improvement Committee Thursday

Work on improvements at Mills County Park was reviewed at a special meeting of the Goldthwaite Civic Improvement Committee last Thursday night in the community room of the bank.

Dr. C. S. Cruzcosa, chairman of the group, reported on progress made to date with planned improvements.

The new slide and cat walk have been installed and are now in use and new permanent tables and benches are in process of being completed.

The State Highway department has paved the approaches to the park entrances.

Plans call for considerable work improving the roads through the park and paving.

The group approved plans for sponsoring a benefit barbecue dinner at the park on Thursday, May 7. Proceeds from the affair will be used to help pay for improvements. More details will be announced later.

Those present for the meeting and civic clubs they represented

were:

Dr. C. S. Cruzcosa, Lions Club; Mrs. Milton Schwartz, Mrs. C. S. Cruzcosa and Mrs. D. W. Arnold, Art and Civic Club; Mrs. Malcolm Jernigan, Garden Club; Mrs. Marvin Hodges and Miss Annie Laurie Petsick, Self Culture Club; Mrs. Roy Wilkins, Tuesday Study Club.

Invitation has been extended, through Mills County H. D. Agent, to the Home Demonstration Clubs of the county to name representatives to the Civic Improvement Committee.

Improvements for Mills County Park is the major project for this year adopted by the civic improvement committee. The group sponsored benefit pancake supper in the fall and bake sale in March with proceeds being used for this project.
