

IMPORTANT ANNOUNCEMENT TO ALL CABLE TV SUBSCRIBERS:

Due To Circumstances
beyond our control
many programs normally
seen tonight will
NOT be shown.

proposed
Federal
Communications
Commission's
rules . . .

**Will Put A Padlock On
Your TV Channel Selector**

This may soon become a frequent announcement . . . just before your screen goes "black" on many of your favorite programs usually seen on your favorite channels.

No, it won't really happen tonight . . . but it could happen . . . **VERY SOON . . . UNLESS** you do something about it **NOW!**

Your freedom to choose the television channel **YOU WANT** at the hour **YOU WANT** for the program **YOU WANT** may soon not be your right at all. Your choice will be controlled by the Federal Communications Commission in Washington, D. C.

Under Government regulation now being actively considered by the FCC, you may soon be denied the freedom to select your family television entertainment at the hour or on the channel you desire. A Federal agency will tell you **WHICH** station you can watch, **HOW MANY** stations you can watch, and **WHICH PROGRAMS** you can watch.

In short, the rules proposed by the FCC would give the Federal agency power to regulate your television reception . . . something previously unheard of in this country . . . an idea completely foreign to the American system of free enterprise broadcasting. In effect, the FCC would severely limit your freedom to select the channel of your choice for your family's television entertainment.

If you want to protect your rights as an American citizen . . . if you want to safeguard your freedom of choice . . . if you oppose unwarranted Government intervention in your family's TV viewing choice . . .

THERE IS SOMETHING YOU CAN DO:

Members of the Federal Communications Commission are not elected to office. **BUT** they are answerable to Congress. Write your Congressman **TODAY**. Let him know you are against FCC's proposed rule which will regulate and limit cable television reception. Let him know you are against a Federal Agency taking upon itself powers not given to it by the Congress of the United States.

Address Your Letter To:

HON. O. C. FISHER
United States House Of Representatives

Back when today's adults were growing up, one out of every ten babies died before its first birthday. Now, advances in medical science are saving millions of young lives each year. Yet the cost of the better medical care available today is actually less than the best care you could get when you were a child!

The reason: new treatments and new medicines developed by the medical profession and the pharmaceutical industry.

A dramatic case in point is mastoiditis in children. Surgery was often able to save the child's life, but sometimes left him with a deaf ear. Nowadays, the doctor is often able to cure him with perhaps \$25 worth of potent new medicines, and thus save the expense of an operation and hospital stay.

But most important, these new drugs are saving children's lives—by the millions. Once, the four most deadly child-killers were diphtheria, whooping cough, scarlet fever, and pneumonia. Nowadays, the number of deaths from all of these causes combined is actually less than the number of children killed by accidents.

And medical progress continues. Today, the dollar you spend for prompt and proper medical care buys more than ever before—and may well represent one of the really extraordinary bargains of your life. —Reprinted from a copyrighted advertisement published by Parke, Davis & Company, Detroit 32, Michigan.

CARD OF THANKS
I would like to express my sincere thanks to all the people of Mullin for all the nice cards and letters I have received since I have been ill at the home of my daughter in Austin; also I've been confined to an Austin hospital some of the time.
While I may never be able to live in Mullin again, I hope to be able to visit there later with the Mullin people. Mullin will always be home to me. Again my sincere thanks for all the kind words I have received from each of you.

CARD OF THANKS
The Lord has been so good to us again. In December Ronald was in a terrible wreck. Many of you who read this showed your love and concern for him by your prayers and many other ways. He wants to say thanks to you as humbly and gratefully as we know how. We realize that it was because of God's love and goodness and your prayers that our son is alive and doing fine today. May each of you also stop and count your blessings, and strive to live closer to God each day.

As we turned the last page of our calendar we realized the year 1965 was history. Yet time goes marching by. Hasn't the Lord given us a wonderful place to live?

We had so much company during the holidays it would require quite a lengthy space, so we will skip giving all the names. Although, here is a few.

Pat Davis, a grandson, traveled over 3,000 miles. He came from Alaska. Mr. and Mrs. Curtis Mosley arrived a week before Christmas and spent two weeks.

Christmas morning fifteen children and grandchildren arrived for breakfast and what a happy time for all. Mr. and Mrs. Lamoin Wright and sons, Robert and Phillip of Blanket came for the night. Also Dr. Turman, Mrs. Turman and sons, Tom and Dick, of Austin and all were overnight guests in the C. H. Black home.

Mr. and Mrs. Fred Wittenburg enjoyed having their children home for the holidays.

Mr. and Mrs. Leon Johnson enjoyed a Merry Christmas with their children home.

Center City News

By MRS. JOE GREEN
(Delayed)

This is Monday morning and Christmas has come and gone. We have a new year which we wish for everyone a "happy one."

Our children and grandchildren were home for Christmas and we enjoyed them very much.

Joe and I spent the first day of the new year with our daughter and family, Mattie Joe, Ace and girls at Llano. We also ate blackeyed peas. Dean and Laura Rae Kincheio and children came down while we were at Llano and we enjoyed visiting with them also.

There was church at the Baptist Church Sunday and Sunday night with a good attendance. There will be a Workers' Conference here at the Baptist Church tonight.

Mr. and Mrs. Jim Green and William Frances White visited us awhile yesterday.

Hilda Mae Frank was home for the holidays. She is attending the University of Texas.

Kayvon Coffman was at home for a few days during the holidays. She is working in Austin.

Wayne Coffman was also at home for a few days. He has been transferred to Indiana. He was supposed to have left Fort Worth by plane yesterday. He has been in Ft. Polk, Louisiana. We all miss him.

Mrs. Fred Register visited us Friday.

We are sorry to hear about so many friends who are sick and in the hospital. We hope everyone is doing better the next time we hear from them.

Mrs. Flora Owens is at home new. We are all glad she is able to be up. The old saying "There is no place like home."

We send our deepest sympathy to everyone who has loved ones through the days.

Hillside Mission

By LIDA BYRNE

According to our calculation of time, and if accurate, it has been about 3486 years since the following was recorded.

In Job, chapter 39, verse 7, does it describe to you the unconcern of this heedless generation and modern traffic jams and wrecks?

"He scorneth the multitude of the city, neither regardeth he the crying of the drivers."

TAX MAN SAM SEZ:
WITHHOLDING ON TIPS — The new medicare bill requires employers to withhold Social Security and Federal income taxes from all tips reported to them by their employees. The employer, however, does not have to match the employee's Social Security contribution. A good tip is to withhold on tips this year.

Get $\frac{1}{3}$ More!

NIPAK 45 gives you $\frac{1}{3}$ more nitrogen per pound than any other form of solid nitrogen fertilizer

Get better wheat crops and earn bigger profits. Topdress your wheat with NIPAK 45 right now — for greater yield and higher protein. NIPAK 45 gives you one third more nitrogen per pound than any other form of solid nitrogen fertilizer — which enables you to handle less fertilizer and cover more ground in less time. NIPAK 45 is uniformly prilled, too. It flows easily, won't

cake, clog — or corrode your equipment. NIPAK also dissolves in the soil moisture and moves quickly to the root zone where it stays put until your crops need it. So for more grow power ask your local NIPAK dealer about NIPAK 45. He can help you plan a complete fertilizer program because he can provide a complete fertilizer service.
